TUESDAYS—TWICE-A-WEEK—FRIDAYS

24TH YEAR, NO. 20

HEREFORD, DEAF SMITH COUNTY, TEXAS, FRIDAY, MARCH 28, 1924

WHAT'S GOING ON OUTSIDE HEREFORD

Panhandle—

Prospects are that Amarillo will soon have a pipe line for oil from the fields northwest of that city. Negotiations are in progress with men of capital toward that end.

Twenty wild turkeys are expected this week and will be distributed in the Panhandle by Game Warden Gorman. Mr. Gorman recently distributed a flock of quail and expects to distribute the turkeys in the Palo Duro and along the Canadian.

Some white tailed deer are to be sent to this section soon and they will be placed along the Canadian and in the Palo Duro. It is estimated that at the present time there are ninety deer along the Canadian.

Pheasants, wild ducks, turkeys, deer and buffalo are to be placed in the Palo Duro canyon by Amarillo sportsmen who are interested in preserving wild game and in making the Palo Duro canyon a state park and game reserve.

State—

General E. W. Kirkpatrick, Confederate commander, for years a leading business man of Texas, is dead at his home in McKinney.

Climbing to the window ledges of Dr. Pen Thornton's sanitarium on the fourth floor of an office building in the heart of the business district of Houston, Texas, until flames forced them to leap to safety, two women and a man were injured when they jumped to a life net Thursday.

They were Mrs. Lurline Bo Jeaux, a nurse, whose back was wrenched, Miss G. W. Franklin, a nurse, who suffered minor bruises, and Dr. W. R. Sneed, dentist, occupant of the building, whose back was injured.

The injured jumped from the fourth story to a life net which was spread over an awning at the third story.

National—

The Kansas City, Mexico and Orient railroad, long the dream of Arthur E. Stillwell, builder, for the shortest route from Kansas City, Mo., to the Pacific coast, but which in recent years has faced a veritable death by inches from lack of financial support, was sold to the highest bidder at public auction at Wichita, Kansas, Thursday.

Clifford Hestad, general attorney for the Orient, and said to represent a group of American and British investors in the company, acquired the entire property on his bid of \$3,000,000.

The Orient owns 737 miles of track in the United States and 300 miles in Mexico, all of which has been operated by the federal receiver for the parent company.

At Jennings, notorious ex-bandit of Oklahoma, testified before the Sinclair Oil Inquiry at Washington Thursday that the late Jake Hamon had put up \$1,000,000 to elect President Warren Harding in exchange for the secretaryship of the interior.

International—

Premier Poincare of France and his cabinet have resigned, following an adverse vote of confidence in the Chamber of Deputies. It is expected, however, that the famous war premier will re-form a new cabinet more acceptable to the country.

Landslides and floods in Italy are responsible for the death of seventy three persons within the past few days. An avalanche of mud, rocks and up-rooted trees crashed from the mountainside above Amalfi Wednesday and swept down on the Capucin Hotel, an American rendezvous.

The hotel, located on the slope above the city, acted as a bulwark, deflecting the landslide from the houses directly beneath it, but the mass of debris smashed on into the valley, wrecking houses and sweeping through vineyards.

State Sanitary Inspector is Here on His Rounds

David Powell, State Inspector and Sanitary Man, arrived here Wednesday. Mr. Powell is here from San Angelo, Texas, and is assisting Inspector J. P. McDonald, who is on the sick list.

J. D. Curtsinger's Hen Can Also Lay Big Eggs

J. D. Curtsinger is running a close second to A. S. Higgins on big egg production. Mr. Curtsinger gave The Brand a hen egg measuring eight by six and a half inches, only a fraction smaller than the Higgins egg.

Miss Lela Orr Succeeds Mrs. Renfro in Exchange

Miss Lela Orr will become Chief Operator at the local telephone office, April 1. Miss Orr began several weeks ago in the office to become familiar with the work. Mrs. John Renfro, chief operator, will retire for a much needed rest.

CASTRO WILL TRY BARGAIN DAYS-SALES

FIRST SATURDAYS IN EACH MONTH WILL BE FEATURED

AN AUCTION DAY

Dimmitt Boosters Are Going After Business With Pep and Energy

The new Castro Chamber of Commerce is beginning to show definite results of their organization. The boosters across the line are enthusiastic and well organized and determined to show something tangible this year.

An important forward movement has been inaugurated at Dimmitt in the shape of a monthly First Saturday and Public Auction Sale Day, the first effort falling on April 5. Circulars have been issued for this occasion announcing that on April 5, and on each First Saturday thereafter the merchants of Dimmitt will offer special bargains, with discounted prices, and that all surplus farm and household stuff will be auctioned off.

The movement is along the same as that formerly offered at Hereford on dollar Wednesdays, and now being started at Amarillo. It is a most excellent idea for community cooperation and stimulus for general business conditions, and means better business for the merchants as well as better prices for the farmers. The Castro Chamber of Commerce realizes its value to their community and is taking vigorous steps to make it a success.

Many favorable comments on the enterprise and progressiveness of the Castro people have been heard in Hereford recently, and the local business men are aiding in every way possible.

Spring is Here, But Ushered in With Windstorm

Summer weather has prevailed here for the past three days, and the cold of winter is apparently a thing of the past. But Friday saw one of those old-fashioned dusty, windy days, rarely known of late, when life is a misery while it lasts. The air was thick with flying dust and business activities were also stopped.

Fruit and shade trees are budding out now, and lawns are beginning to assume the hue of spring. Farmers are busy turning the ground over and active, out-door work is here for every man who owns a farm or a home.

RESOLUTION

Whereas, the resolution of creation has ordained that the consequence of living is death, and this immutable law has called from among us, our friend and professional brother, Judge Walter M. Megert.

And Whereas, in his death, the legal Bar has lost a worthy and respected member, and our community and county an honorable citizen, a capable, honest, just, and conscientious officer, and his family a kind, loving and devoted husband and father, whose life in the community where he has long lived among us, is worthy of emulation.

And Whereas, his living with us has left in our memory pleasant recollections, and his departure has left in our hearts a void.

Now Therefore Be It Resolved that we, the members of the Hereford Bar, in memory of the pleasant association with our departed friend and brother, yet with feelings of sorrow, extend to his family, our deep and sincere sympathy for the loss of a kind, loving, and affectionate husband and father.

Be It Further Resolved that a copy of this resolution be entered on the minutes of the County and District Courts, of Deaf Smith County, Texas, a copy be published in the Hereford Brand and a copy be delivered to the members of his family.

The above resolution was adopted by the Hereford Bar, on the 24th day of March, 1924, and signed by all members being present, except the Hon. Wm. M. Knight, who on account of illness, was neither able to attend or sign his name to the resolution.

Political Meeting Probably on Monday, April 7

The postponed political meeting, scheduled for last Monday night and not held on account of the death of Judge Megert, will probably be announced for Monday night, April 7, according to the following letter from Representative Lee Satterwhite to The Brand. If local conditions permit definite announcement of this date will be made next week.

"In talking with J. W. Reid today we concluded that if it would meet with the approval of your people we will have our political meeting at Hereford on Monday night, April 7. However, we want to leave the date to your judgement. I was disappointed somewhat that conditions were such as to make it not advisable for the meeting last Monday night. I felt certain that we would not have any crowd at all and thought a postponement was the wise thing to do.

"People are not inclined to attend political meetings in this country when conditions are the best, but I am hopeful that we will have a fair turn out of the people when we hold the meeting. It is my purpose to discuss the tax equalization bill, the State's deficit, the penitentiary problem and the automobile tax. I want about thirty minutes for this talk and then other candidates will take up the balance of the time, giving the local candidates a part in the program."

Panhandle Bankers Select Amarillo as Meeting Place

Amarillo was selected as the meeting place for the 1924 convention of the bankers of the Panhandle at the meeting of the executive committee of the Panhandle Bankers Association held at Amarillo yesterday.

The dates for the convention have not yet been set however. Those who attended the committee meeting were Frank Butler Plainview; D. L. C. Kinard, Memphis; H. Earl Fuqua, Amarillo; Henry Wilkinson, Hereford; Frank Sewell, banker of Texhoma, and R. A. Underwood, of Plainview.

Last Call For Competition In Cotton Prizes

The Cotton Committee of the Hereford Chamber of Commerce is issuing its last call for acreage reports from those farmers who want to compete for the cash prizes offered the past year for the best yields. The Committee has not heretofore awarded the prizes because the gin only closed up its year's work last week.

But all gin reports are now closed and awards will be announced next week. Farmer who have not yet filed reports will have until next Monday to do so. After that date it will be too late.

School Faculty's Play Announced Thursday, April 3

"Valley Farm," a domestic drama in four acts, will be given by the faculty of the Hereford schools on Thursday, April 3, at the Star Theatre. This promises to be a scream from beginning to end and is guaranteed to cure a case of the blues or grinch, even if they are in the last stages. The play is being put on by an all star cast of actors who have played leading parts in similar attractions on Main Street, Broadway or other leading streets of Fullbright, Pankinville and Frog Hollow, where they have won fame for their versatility, originality and remarkable impersonation.

The main purpose of the company in offering this superior attraction is that the actors may keep in practice and let the people of Hereford have an opportunity to see this truly wonderful exhibition of the art of acting. Another object in view is that of raising money for school purposes and to supply a few of the needs of the school. A nominal admission fee of twenty-five and fifty cents will be charged on this account. Readers of this notice are urged not to think this will be a cheap attraction because of the low price of admission. The play is unusually high class.

Followers of the stage, lovers of good acting and friends of the school are especially invited to be present. Remember the date, the place and the occasion. A telegram has just been received advising the management that Harold Rutledge, Perry Deane, David Hildebrand, Olivia Holcomb, Lisa Ann Tucker, Verbena and Jennings expect to be present. Bring the family and join them for a pleasant evening.

Ben Hur Court Members Will Meet on Wednesday

All members of the Ben Hur Court No. 71, are requested to meet at the I. O. O. F. Hall next Wednesday night, April 2, at 8:30 p. m.

The object of the meeting is to elect a scribe to take the place of the late Walter M. Megert.

George Bailey of Amarillo arrived here Thursday morning. Mr. Bailey is visiting relatives in the home of W. O. Robinson.

NO NAMES ON BALLOTS IN CITY ELECTION WHICH IS TO BE HELD ON APRIL 1

TWO PETITIONS CIRCULATED FOR TWO SETS OF CANDIDATES, BUT NEITHER OF THEM FILED IN TIME TO BE LEGAL

WILLIAMS AND HEAD NOT WILLING

To Allow Their Names on Ballots.—Blank Tickets Will be Furnished the Voters, Bearing Spaces for Insertion of Three Names for Mayor and Two Commissioners

There will be no names on the official ballots used by the voters of the City of Hereford next Tuesday, April 1, when they vote on the selection of three men, one for Mayor of Hereford, and the other two for City Commissioners. The Brand is informed that the law requires that in order to have the names of candidates printed on the official ballot, an application, signed by five per cent of the qualified voters, shall be filed with the City Clerk for a period of not less than thirty days before the day of the election.

Two applications were filed with the City Clerk on the twentieth day of March, 1924, but have not been filed for the period required by law. Hence no names can be printed on the official ballot. The voters will have to write in the names of the men they desire for the three positions.

Dr. S. P. Brooks of Baylor Billed Here on April 4

Dr. S. P. Brooks, president of Baylor University at Waco, Texas, will speak here in the Baptist church, Friday, April 4, at 7:30 p. m., in the interests of the Seventy Five Million Campaign, according to announcement received by The Brand from E. John Meyers, Pastor's Assistant of the First Baptist church at Amarillo.

Dr. Brooks will make a tour of this section, starting at Panhandle on April 1, and winding up at Amarillo on April 6.

E. T. Gallagher, Son and Daughter are Here

E. T. Gallagher and son, L. E. Gallagher, and wife, arrived here overland Thursday from Phoenix, Arizona. Mr. and Mrs. L. E. Gallagher formerly lived in San Diego, California, and left there several months ago for Phoenix. E. T. Gallagher will probably live here, and Mr. and Mrs. L. E. Gallagher will leave overland for Dallas in a few days.

C. E. Lester of Amarillo arrived here Wednesday. Mr. Lester is here on business.

Of the two petitions filed with the City Clerk, one bore the names of Mayor William M. Knight for reelection, D. F. Ashbrook (reelection) and Homer K. Fox as Commissioners. The other carried the names of W. W. Bennett for Mayor, and S. J. Williams and J. H. Head for Commissioners. Friday Messrs. Williams and Head authorized The Brand to state that they had withdrawn their names from any consideration in connection with the ticket and would not serve if they were elected. Mr. Williams said his name was used without his consent and that he had signed the petition circulated in favor of Mayor Knight and Messrs. Ashbrook and Fox. Mr. Head said that he appreciated the solicitation of his friends for the place but that since the petition was drawn circumstances had arisen which would prevent him from accepting the place if elected. Mr. Bennett said that inasmuch as the petition was not filed in time the matter had been dropped, so far as he is concerned.

Ballots bearing blank lines for the office of Mayor and two Commissioners will be furnished the voters Tuesday and each one will be instructed to write in the proper places their choice for the places. The voting booths will both be at the courthouse, as in former years.

Masonic Lecture Wednesday Pleas Local Masons

M. B. Terrell of Dallas, a prominent Mason of Texas, delivered a lecture in the local Masonic Hall last Wednesday night, his subject being "The Duty of a Mason." Mr. Terrell was introduced by Wilbur Keith, Executive Secretary of the Committee on Masonic Service and Education for the State of Texas. Mr. Terrell's address hinged largely on the brotherhood of man, not only in the Masonic ranks but to all mankind. He simply held his hearers spell bound throughout his talk, and it is only regretted that more Masons did not hear him. Mr. Keith closed the evening session with a short talk on the good that Masonry is accomplishing, the different institutions it supports, and the greater need of better attendance to both stated and call meetings. Mr. Keith called on Messrs. W. E. Dameron, George L. Muse and B. D. Woodlee of Dimmitt, all responded with talks for the good of the order.

During the evening a four-reel moving picture was enjoyed by those present.

On this speaking tour Mr. Terrell has been on four weeks, one of which was spent in New Mexico, speaking to thirty-two different lodges. Mr. Terrell is the founder of the Terrell School for boys at Dallas. He is Worshipful Master of the East Dallas Masonic lodge, and established the State Normal at Denton. Mr. Keith is staff correspondent for the Dallas News besides his Masonic executive secretarial work.

The visiting members were Messrs. Fred Gable, B. D. Woodlee, I. B. Brooks and J. J. Hastings of Dimmitt.

THE STATE OF TEXAS

To the Sheriff or any Constable of Castro County, Texas, Greeting:

You are hereby commanded to summon Scott & Blackmer, D. A. Scott, R. C. Blackmer, and the First National Bank of Chicago, by making publication of this citation in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county in which a newspaper is published, once each week for four consecutive weeks previous to the return day hereof, to appear at the next regular term of the District Court of Castro County, to be held at the Court House thereof in Dimmitt, Texas, on the Third Monday in April, 1924, the same being the 21st day of April, 1924, then and there to answer a petition filed in said Court on the 4th day of March, 1924, in a suit, numbered on the Docket of said Court No. 1409, wherein John S. Albracht and Rosa Albracht are plaintiffs, and Scott & Blackmer, D. A. Scott, R. C. Blackmer and First National Bank of Chicago, are defendants, said petition alleging that plaintiffs on Sept. 16, 1918, executed and delivered to said defendants Scott & Blackmer, a promissory note for \$1575.00, dated September 16, 1918, and to secure the payment thereof, executed, acknowledged, and delivered to said Scott & Blackmer, a deed of trust on all of the N. W. ¼ of Section No. 262, in Block M-6, S. K. & K. lands in Castro County, Texas, which said deed of trust is recorded in Vol. 10, at page 597 of the Deed of Trust Records of Castro County, Texas.

Plaintiffs allege that at the time said deed of trust was given to the said Scott & Blackmer, securing said note for \$1575.00 there was an indebtedness secured by valid liens on said N. W. ¼ of Section No. 262, Block M-6, Castro County, Texas, aggregating \$1575.00.

Plaintiffs allege that on said Sept. 16, 1918, they executed another promissory note to the defendants Scott & Blackmer, for \$850.00 and to secure payment thereof, executed, acknowledged and delivered to said Scott & Blackmer, a deed of trust on all of the S. W. ¼ of Section No. 262, in Block M-6, S. K. & K. lands in Castro County, Texas, which said deed of trust is recorded in Volume 10, at page 571, of the Deed of Trust Records of Castro County, Texas.

Plaintiffs allege that at the time said deed of trust was given to the said Scott & Blackmer, securing said note for \$850.00, there was an indebtedness secured by valid liens on said S. W. ¼ of Section No. 262, Block M-6, Castro County, Texas, aggregating \$850.00.

Plaintiffs allege that each of said respective notes were given and the respective deeds of trust executed in consideration of the said Scott & Blackmer paying off and satisfying said respective amounts of indebtedness secured by said respective tracts of land and that each of said respective deeds of trust recited that the said Scott & Blackmer should and would use the money for which said respective notes were given to pay said pre-existing indebtedness against said respective tracts of land.

Plaintiffs further allege that the said notes for \$1575.00 and \$850.00 respectively, and respective deeds of trust securing same, were thereafter sold and assigned to the defendant, The First National Bank of Chicago, which is now the holder thereof, but that it acquired the same with full knowledge of the purposes for which said notes and deeds of trust were executed.

Plaintiffs allege that no part of either of said indebtedness against either of said tracts of land has been paid and that said pre-existing indebtedness now constitute liens against plaintiffs' land.

Plaintiffs further allege that as part of the same transaction, they executed to said Scott & Blackmer, two series of notes, dated Sept. 16, 1918, to-wit: one note for \$60.00 and one note for \$50.00, and to secure the payment of said two notes they executed to said Scott & Blackmer, a second deed of trust on S. W. ¼ of Section No. 262, in Block M-6, Castro County, Texas, and to secure the payment of the second series, to-wit one note for \$110.50 and one note for \$110.00, they executed to said Scott & Blackmer a second deed of trust on said N. W. ¼ of Section No. 262, Block M-6, Castro County, Texas, which said deeds of trust are of record in Vol. 10, page 590 and 582 respectively of the Deed of Trust Records, of Castro County, Texas, and that

said notes were executed and said deeds of trust were given as part of the agreed interest on the said principal notes for \$850.00 and \$1575 respectively.

Plaintiffs allege that the consideration for each and all of the said notes and each and all of the said deeds of trust has wholly failed and that the said four deeds of trust and the records thereof casts and creates clouds on plaintiffs title to their said land.

Plaintiffs pray for the cancellation and annulment of all of said notes and deeds of trust and assignments thereof, for restitution of their said land and premises, and that the cloud cast on their title be removed.

Herein fail not, but have before said Court on the said first day of the next term thereof, this writ, with your return thereon, showing how you executed the same.

Given under my hand and seal of said Court, at my office in the town of Dimmitt, Texas, this 5th day of March 1924. (seal)

Clerk of the District Court of 14-16-18-20 Castro County, Texas.

The percentage of the people in Texas cities and towns who depend upon electricity for lights, gas for heating, the telephone for communication, and street cars for transportation is greater than in most of the other states under like conditions.

For one thing Texas is young, and the people are progressive. Being a young state the towns and cities have been built and are building in the light of these modern services. Some communities in older states were built before public utility services were perfected. That is another reason why Texas stands in front of other states in this respect.

There is a big reason for general use of public utility services everywhere. The people recognize that the most comfort, convenience and economy in essential services is to be found in modern methods. The utility companies realize that they are charged with a grave public responsibility.

PERFECT? ---Of Course Not.

No bank's service is perfect, because human beings render it. And as soon as we attain to what we presently think is "perfection," we see other "perfections" ahead, and to be worked for.

Yet, our customers do not hesitate to recommend this bank to their friends, for they know that we are constantly striving to make our service as nearly "perfect" as we possibly can.

In fact, three fourths of all our new depositors came here as results of such recommendations.

With the NEW DE LAVAL Cream Separator

A Better De Laval: For Fewer Pounds of Butter

In 1913 it took 231 lbs. of butter to pay for a popular-size De Laval Cream Separator. In 1923 a De Laval of the same size could be purchased for 188 lbs. of butter, 43 lbs., or 19%, less than in 1913. In addition, the De Laval of today is a very much better machine.

More than 100,000 users of this new, year-old De Laval Separator acclaim it as being the best De Laval ever built. It is better than the De Laval which have satisfied millions of users; which have won more than 1100 prizes; which are endorsed by cow testers, creamerymen, college and dairy authorities, and leading dairymen all over the world; and which have proved to last from 15 to 30 years. The new model De Laval Separator has all the good features of the old machine, plus:

1. Self-Centering Bowl which runs smoothly without vibration and adds to the life of the machine.
2. Light Running because its bowl is designed to afford the least possible resistance in being revolved.
3. All-Around Superiority—Superior design, workmanship and materials; cleaner skimming; smoother, richer cream.
4. Greater Convenience with the new bowl holder attached to the supply can support—and many other improvements.

Sold On Easy Terms OR INSTALLMENTS

You can get a new De Laval on such liberal and easy terms that it will actually pay for itself while you are using it, and pay for itself out of wasted butter-fat.
