

Jap Labor Asks Leftist Regime; Threatens Strike

Revived May Day Peacefully Held; Plotters Hunted

TOKYO, May 1 (AP)—Organized labor used its occupation won freedom to voice a May Day threat of a general strike to support its demand for a leftist government.

Meantime, Japanese police and American forces searched for the fanatic accused of having plotted to assassinate General MacArthur at the height of today's celebration by an estimated 400,000 Japanese in front of the Imperial palace.

It was Japan's first May Day celebration in 11 years and it passed quietly without a single reported act of violence.

Socialist Kanju Kato, in a labor committee conference with Premier Shidehara, said a nationwide walkout might be called if a single party cabinet was formed by the rightist Liberals.

The conference followed the assembly which the American pro-marshal estimated attracted 400,000 Japanese. The crowd, gathered just a block from MacArthur's headquarters, waved red banners, sang, and heard speeches demanding rights for workers.

Tom Morgan, charged with breaking into an T&P railway boxcar the night of April 4, drew a two-year suspended sentence in district court proceedings this morning after electing not to fight the charge.

Morgan, Mendez And Dominguez Tried In Court

He had originally entered a "not guilty" plea and hired counsel to contest the case.

Mendez was told his fate by District Judge Cecil Collins, after he had pleaded guilty to accusations of pilfering several cartons of cigars from E. Burk last August, and lifting a quantity of jewelry and other merchandise from the home of W. H. Hart Jan. 30 of this year.

Press Messages Still Censored In Poland

WARSAW, May 1 (AP)—Outgoing and incoming foreign press messages still are being censored in Poland today despite the foreign ministry's announcement a fortnight ago that censorship would be removed.

FIGHTING FIRE ON BLASTED SHIP—A navy tug pours streams of water onto twisted wreckage of U.S.S. Solar, destroyer escort which was blasted by two explosions in lower New York Bay off Kearsy, N. J., April 28. (AP Wirephoto)

Molotov, Byrnes Clashing On Future Control Of Italy

Correspondents Protest Arrest By Communists

CHANGCHUN, May 1 (AP)—Five American correspondents have been detained here by the communists under so-called "protective" house arrest since their capture with the fall of this Manchurian capital April 16.

The correspondents have protested repeatedly that they are being held under armed guard, but without effect.

Morgan, Mendez And Dominguez Tried In Court

Schacht Claims Hitler Deceived Him And Germany

NUERNBERG, May 1 (AP)—Hjalmar Schacht, Nazi financial genius, told the international military tribunal today that all foreign ambassadors, except those from Russia and the US attended Nazi party rallies, but the court blocked his efforts to testify that the attitude of foreign nations was a factor in Germany's acceptance of the Hitler regime.

Postal Workers May Receive Wage Boost

If legislation authorizing a flat \$400 annual salary increase for regular postal employees and 20 percent for substitute workers is passed by Congress, it would represent approximately \$18,000 in added income a year locally, according to an estimate made by Postmaster Nat Shick.

Ministers Reject Austria's Plea To Return Tyrol

PARIS, May 1 (AP)—Soviet Foreign Minister Vyacheslav M. Molotov and US Secretary of State James F. Byrnes clashed on the question of the future Allied control of Italy today as the foreign minister's council turned thumbs down on Austria's plea for return of the southern Tyrol by Italy.

Work On Hospital To Start At Once

Veterans Administration engineers are making preparations for immediate work toward starting construction of a general hospital here, according to an Associated Press item out of Washington Tuesday evening.

Lamour's Jewelry Recovered In Theft

BALTIMORE, May 1 (AP)—Baltimore police, acting on a telephone tip from an anonymous informant, said today they had recovered all of the jewelry stolen from actress Dorothy Lamour in a \$28,000 theft, and held three negro men for questioning.

French Told Loan On Way

PARIS, May 1 (AP)—French official quarters said today that President Truman in a telephone conference with Foreign Minister Georges Bidault, had promised that the requested loan to France was on its way.

Stalin Advises May Day Parades Not To Forget Intrigues Of War

MOSCOW, May 1 (AP)—A colorful demonstration by hundreds of thousands of Moscow's workers and a long parade by soldiers, sailors and airmen, advised by Generalissimo Stalin not to forget for a minute "the intrigues of international reaction which is hatching plans of a new war," marked the Soviet Union's observance of May Day today.

Reaction Mixed Here, Abroad To Admit Jews To Palestine

Attlee Claims Illegal Armies Must Surrender

LONDON, May 1 (AP)—Prime Minister Attlee told the house of commons today that large numbers of migrant Jews cannot be admitted to Palestine "until illegal armies have been disbanded and surrendered their arms."

The British press gave unqualified approval and faint praise today to the British-American inquiry committee's report on Palestine, while Jewish leaders in Britain criticized it as "limited" and Arab spokesmen condemned it as "an outrage."

April Light Month For Construction

A total of 88 building permits for construction aggregating \$78,711 were issued by the city during the month of April, as Big Spring marked up its lightest building month of 1946 to date.

C of C To Organize 'Round-Up' Club

A "Round-Up" club will be organized by personnel of the chamber of commerce's membership department Thursday at a special breakfast scheduled for 7:30 a. m. in the Settles hotel.

Streets Patrolled

JERUSALEM, May 1 (AP)—The streets of Palestine's major cities teemed with extra troop and police details today in the wake of declarations by Arab leaders that adoption of a British-American inquiry committee report on Palestine would plunge the Holy Land into bitter strife.

STOWAWAY SWEETHEART EVICTED; PLANS TO STAND BY HER SAILOR

HONOLULU, May 1 (AP)—Marguerite Faye Human, stowaway sweetheart of millionaire Sailor John Ochsenr, was evicted last night from her lodgings of the past month and, like any other poor girl, tramped the streets in search of a room.

Although Ochsenr, 19, soon is to inherit \$2,000,000, he could give no immediate aid to his dime-store clerking friend. The seaman, first class was confined to his base at Barber's Point, a few miles from Honolulu, as a prisoner at large while he awaits disposition of a charge of sexual intercourse with a girl under 18 years of age.

Marguerite scoffed at a suggestion that she had a rival in the 15-year old Spanish-French-Indian girl with whom Ochsenr allegedly consorted twice.

"You know how it is with young girls," said the Human girl, "Just puppy love. And you know how sailors are: they just naturally give out a line and girls are taken in. You'd be surprised how many girls 'love' Johnnie; they like his money."

"I really feel partly responsible. It was my spat with Johnnie that drove him to go out with her. He's really not the grown-up man he thinks he is. Johnnie's so immature and irresponsible, but I know he loves me and I will love him forever."

Marguerite said she planned to sail for the mainland May 9 if the Hawaii probation office consents and Ochsenr's "troubles are settled." She was placed on probation after her stowaway arrival here a few weeks ago to rejoin Ochsenr.

Declaring himself dissatisfied with the government's handling of the walkout, Fuller nevertheless agreed to reconsider his surprise resignation, which was to have been effective last night.

Labor Picture Darkened Again By New Strikes

New and threatening strikes and a possible slow-down in government efforts to settle the critical soft coal dispute darkened the nation's labor picture today, at the start of the merry month of May.

Couple Flying Low To Hunt Man Killed

GAINESVILLE, May 1 (AP)—A man and a woman, flying low to locate a man to notify him his sister had been badly burned, were killed when their plane struck a telephone cable and hurtled into the Red River late yesterday.

Stephenson Chosen Rotarian Governor

W. A. Stephenson, professor of government at Hardin-Simmons university, Abilene, was elected district governor and Fort Worth tentatively selected for the next session at the district Rotary convention which closed in Amarillo Tuesday.

Bricklayers Given Hourly Wage Boost

Bricklayers in this area have been granted a 2 1/4 cent increase in their hourly wage scale by the federal wage stabilization board. R. E. Porter, head of the Big Spring local, has announced. The scale was boosted from \$1.72 1/2 per hour to \$1.93 3/4. An application was submitted through union channels several weeks ago for a \$2 an hour level. After substantial increases had been granted in neighboring areas.

Arabs Oppose Proposal, Call It High Treason

WASHINGTON, May 1 (AP)—An Anglo-American commission's recommendation for the immediate admission of 100,000 Jews to the British mandate of Palestine brought mixed reaction here and abroad today.

The White House reported comment received there is "in the main highly favorable." Press Secretary Charles G. Ross told reporters, however, the reaction came primarily from Jewish organizations and individual Jews.

Warnings that the committee's report would encourage fresh acts of violence in Palestine came from Arab leaders. In Cairo, Secretary General Abdul Rahman Assam Pasha of the Arab league, said his organization would take "all measures" against it.

The commission's report said that Palestine should be "neither a Jewish nor an Arab state."

In Jerusalem, where there long have been repeated outbreaks of bloody violence, the Arab office said the report would intensify this strife and drive "the entire Middle East into the bosom of Soviet Russia."

The Arab statement termed the recommendations "high treason to democracy and a grave betrayal of justice."

In London, the Jewish agency for Palestine pledged cooperation with the plan to admit 100,000 Jews now but protested that the document left untouched the central problem of stateless Jews in Europe.

The problem presented by the report—which climaxed a four-month investigation—is primarily one for Britain to handle because that country since 1923 has held a league of nations mandate over Palestine.

Thunderstorms Reported Over; Leave Damage

Only scattered showers in central and East Texas were expected today following a two-day series of thunderstorms which left damage-spotted areas throughout the state.

In West Texas the forecast was cloudy and cooler with no prospects of rain.

Last night the turbulent storms and torrential downpours continued in three sections.

The US weather bureau reported a "serious" thunderstorm moving east from Big Spring to Abilene, but there have been no reports of damage.

In San Antonio late last night a thunderstorm, accompanied by lightning and wind gusts up to 45 miles per hour, brought the two-day rainfall near the three-inch mark. A bolt of lightning struck the post office building there with no apparent damage.

Local Pastol Receipts Decrease For April

Following a trend evidenced here during the first three months of the year, local postal receipts for the month of April were off almost 40 per cent in comparison to the same period last year.

According to figures released this morning, April receipts totaled \$9,626.92 as against \$14,165.73 for April, 1945.

Income for the first four months of the year totaled \$28,783.59, compared to \$55,322.79 for the first four months in 1945.

Buistiest month of the new year was January, when receipts totaled \$11,680.66.

Stephenson succeeds Charles Payton of Cleburne.

A trip to Boys' Ranch by special train Monday afternoon highlighted the program, which was composed of business sessions and social events.

H. D. Norris, secretary of the local club, represented the Big Spring unit at the convention.

TO PARTICIPATE IN PARADE ROME, May 1 (AP)—The Italian news agency ANSA reported today that Allied troops were streaming into Trieste to participate in a parade tomorrow commemorating the first anniversary of the Allies' entry into the disputed city.

City Auditorium Filled For Senior Class Play

There was hardly an empty seat in the Municipal auditorium Tuesday evening when the 1946 seniors gave their class play, "Heart Trouble."

Forecasting The Weather Is Trick Of Scientific Plotting, Not Magic

By WACIL McNAIR

That weather forecast the Herald publishes everyday is neither guesswork nor almanac dope, and no part of it is derived from star gazing. Figures, and plenty of them, do the trick on a multitude of charts and graphs. However, a basis for the mathematical work must be

established for each phase of the weatherman's task, and that is where the complicated instruments come in for their share. The instruments are capable of near miracles, but instead of lessening the mental requirements of the weatherman, most of them increase it. For example, there is an apparatus located in the open

on the east side of the local weather bureau's office at the municipal airport, called the ray-wind. Working hand-in-glove with a small transmitter-sent aloft regularly by balloon, it tells the weather man plenty.

One of its most important functions is determining wind directions and speed at various altitudes, a factor regarded as highly important by aviators. But that is not all. The ray-wind is connected by wire to another instrument (radio-sonde) inside the office which records temperature, humidity and pressure at regular intervals, from transmissions sent up by the balloon's equipment. Since the ray-wind gives its operator the angle of ascent and altitude of the balloon, the weatherman is provided a means of calculation.

With these factors made available by mechanical means, a liberal application of trigonometry and chart work produces the likely weather trends. The forecasts, especially for this section, usually are generalized, because the swift-changing elements of West Texas make it virtually impossible to determine accurate indications more than a few hours in advance. The balloons are released twice each day, at 8 a. m. and 5 p. m., and although a general picture for the area can be obtained, localized conditions often vary slightly from the general forecast.

Therefore, it might shower at Kautz on a day when the weatherman said "partly cloudy to cloudy" for Big Spring and vicinity. Rain is seldom forecast unless a low pressure area is apparent south of the 35th parallel, which crosses the Panhandle just north of Canyon, because the weatherman has learned that general rains do not occur here unless such a condition exists.

Keeping the balloons and their equipment in readiness is no small task. Most now in use are made of synthetic rubber. They are heated to make them more pliable, and the filled with helium, which is used exclusively as a lifting agent. The transmitter, a compact unit powered by a small battery, which is sized and charged at the station, is equipped with three separate mechanisms for sending out its message.

The tiny transmitter functions well at high altitude, and the readings are recorded until the temperature drops to about 40 degrees below zero, where centrifugal and fahrenheit cross. Higher up only temperature, pressure and winds aloft are tabulated. Transmissions have been received as high as 60,000 feet, and occasionally the balloons traverse a wide territory. One sent up by the local bureau was recovered at Arkadelphia, Ark.

USDA District Two Holding Meet Here

Supervisors and other officials of USDA District Two are meeting at the Settles hotel for a liberal discussion of field and office performance relative to agricultural problems. The session, which got underway Monday and will close tonight, was called by B. F. Vance, of the Production and Marketing Administration in College Station. Vance was taking part in the discussions. Representing Howard county is M. Weaver, local supervisor.

Reed Attends Meet Of School Leaders

Walter Reed is in Austin attending the annual meeting of school principals, which began Monday and was to be concluded this afternoon.

Reed planned to remain over to see the interscholastic league's track and field meet, which will be conducted Thursday and Friday.

Johnston Plans Trip

ATLANTIC CITY, N. J., May 1 (AP) — Eric Johnston, president of the Motion Picture Association of America, said today he expected to go to Italy and most other European countries possibly this summer in connection with exportation of American films.

Disturbance Fine

William Mullins paid a fine of \$1 and costs Monday afternoon in justice court after entering a plea of guilty to the charge of creating a disturbance. Mullins allegedly started a fracas over the weekend in the northwestern section of the city.

Contract Let

Contract for furnishing 7,200 yards of gravel for use in topping a stretch of state highway from Lenora, in central Martin county, west to the Andrews county line, has been let to West Texas Sand & Gravel company of Big Spring on a bid of \$7,000.

Bobby Feller Stills Critics By Turning In No-Hit Bout

Bobby Feller's brilliant no-hit, no-run job against the New York Yankees should still once and for all the springtime rumors that Rapid Robert had lost his fast one.

"My fast ball was my best pitch all the way," Feller said in the clubhouse after the ball game, "but I also used a lot of curves and sliders. I believe I had better stuff than when I pitched my other no-hitter against the White Sox in the 1940 opener."

Feller was amused and slightly peeved about reports he was "slipping." Before the game, manager Lou Boudreau shrugged off questions about Feller with a quiet, "wait until after the game and then talk to me." After the game, nobody had any questions.

Feller now has 39 strike-out victims in four games, counting the 11 he whiffed in yesterday's 1-0 Cleveland victory over New York. He walked five Yanks in chucking his second no-hitter, becoming one of a select group of 11 who have done the trick in the history of the majors.

blow in a game since 1919 when Ray Caldwell, another Cleveland pitcher, did the trick.

Floyd Bevens matched Feller goose egg for goose egg up to the ninth when Frankie Hayes, Bobby's batterymate, planted a home run in the left field stands. The tribe ace had a close call in the ninth when an error, sacrifice and an infield out moved George Siskruek around to third with two out but Charlie Keller rolled out to second baseman Ray Mack.

Only two others reached second base and both died there as Feller was superb under pressure.

Feller's sterling job overshadowed a fine effort by Joe Dobson of the Boston Red Sox who handed Detroit's Hal Newhouser his first setback, 4-0, lengthening his club's American league lead to two full games.

Ray Scarborough turned in a winning performance for Washington, outpointing Ed Lopat of Chicago, 3-2.

The Philadelphia Athletics outscrambled the St. Louis Browns, 12-3.

The Chicago Cubs knocked the Brooklyn Dodgers out of the National league lead with an 11th inning 2-1 verdict.

Although rain and wet grounds

BOBBY FELLER

Probable Derby List Is Pared To 16 Hopfuls

LOUISVILLE, Ky., May 1 (AP)—The possibility that the field for Saturday's Kentucky Derby might lose its second "name" horse in 24 hours arose today when Trainer Ben Jones announced that he "did not think" he would start Warren Wright's In Earnest.

Yesterday, Mrs. Vera Bragg's Mist O'Gold officially was declared out after coming down with fever.

Jones said owner Wright had not finally made up his mind concerning In Earnest, which finished seventh in yesterday's derby trial. But, Jones added, "the chances are," he would not send the horse to the post.

Jones said he believed In Earnest is over his peak.

In Earnest was an eight to one shot in the winter books and one of the leading horses challenging the favored Maine Chance Farm's entry of Lord Boswell and Knockdown.

If he is withdrawn, as Jones indicated appears likely after he and Wright make their final decision, it would leave 16 more or less definite starters still in the field for Saturday's \$100,000 derby.

William Hells must be convinced that horse-buying is a funny business, because he can now boast of paying \$60,000 for one gee-gee which turned out to be the most expensive "pet" in history—and only \$12,000 to get the latest glamoer boy of Saturday's Kentucky Derby.

This is not saying that Rippey is wearing that necklace of roses already, because the derby dandies still have to run a mile and a quarter around the race track, and Lord Boswell and Knockdown still are the young men most likely to succeed in a field that appears virtually certain to number 16 horses for this 72nd get-together.

But off his smashing score in the derby trial mile yesterday, the Virginia-born Swiftie might very well be the one they'll be hanging that lavender of buds on late Saturday afternoon.

The mud-running Rippey gave definite proof that he's just about as sharp as you'll find around Churchill Downs right now, especially if it comes up slop, as it did yesterday.

Stokton, Six Steer Track Hopfuls Leave For State

Squad Largest To Go From Here In Many Years

Six boys—who between them will compete in five different events in the interscholastic league meet this week—departed Big Spring with Coach Herschel Stockton this morning.

They are Donald Webb, ace miler; Tim Gentry, half-miler; Ernie Ache, 100-yard dash man and a member of the sprint relay team; Gerald Harris, 220-yard sprinter and relay man; Bobo Hardy and Robert Miller, other members of the relay quartet.

The squad represents the largest contingent of boys the local high school has sent to Austin in a dozen years.

Webb won the regional mile two weeks ago. The others finished either second or third in their specialties to gain the chance to go to Austin.

Of the group, only Hardy and Miller are seniors. Webb returns for another year of competition. Gentry is only a sophomore. Ache is a second-year student and Harris has another year of eligibility left.

AUSTIN, May 1 (AP)—Climax of the spring season for Texas high school track, field and tennis contestants, the annual state meet will start at 9 a. m. tomorrow with Woodrow Wilson of Dallas and Lamar of Houston the one-two favorites for the cinder path championship and El Paso schools likely to dominate the tennis once more.

Rated on past performances, two individual competitors give strong promise of being double-event winners in the interscholastic league-sponsored track meet.

One of the lads is Vern McGrew of Lamar high school. Sports writers throughout the state have been predicting a new state record in the high jump since McGrew rolled over the bar at 6 feet 5 inches in the Texas Relays in early April. The present record is 6 feet, 3 3/4 inches.

McGrew also looms as a place winner in the 120-yard high hurdles.

The other versatile trackster who may knock down places in two events is Silene high school's Ted Hardin, a favorite in the 100-yard dash and a contender in the 220.

Randall Clay, one of the state's most brilliant all-around athletes, returns to defend his 1945 championship in the discus throw and may establish a new record. The present mark is 155 feet, 7 inches, and Clay has a throw of 159 feet 1 1/4 inches to his credit this season.

Loboes Triumph Over Seitzmen

LAMESA, May 1—Lamesa's Loboes climbed into the first division in the WT-NM baseball league by slugging out a 14-9 victory over the Pampa Oilers before 400 customers here Tuesday afternoon.

Callen McPike, rookie right-hander, went the distance for Lamesa, although he was pummeled for a dozen hits and issued 11 bases on balls. He whiffed nine, however, and had a fairly comfortable lead all the way.

His mates blasted 18 singles off the armings of five Oiler hurlers, including Manager Grover Seitz, who took over the mound twice during the slugfest.

LOOKING 'EM OVER

With TOMMY HART
The Municipal natatorium opens sometime shortly after Sunday, May 5, under the immediate supervision of Robert Flowers.

The gigantic Robin, who earns his keeps in the fall months as center for the Green Bay football Packers, has already gone to work getting the pool in shape. Officials are expecting more swimming business than at any time in the 10-year history of the facility and the pool has always been popular.

Flowers will go back to Wisconsin this fall but not until after the swimming season is over. He might have to miss an exhibition game or two but will be in moleskins by the time the Packers open their National Professional league campaign.

The Texas high school track and field meet finals Friday are to be broadcast for the first time this year and KBST, Big Spring, will be one of the outlets handling the running account that will be given by Charles B. Jordan, Vet Box and Fred Kincaid.

In addition, the winners of the academic and literary contests which will be held in Austin on Thursday and Friday, will be announced during the broadcast.

Big Spring has entries in both the track and literary shows.

Russ Crider, the former Amarillo hot-shot who once led the WT-NM baseball league in strikeouts, will be pitching for Hartford of the Eastern league this year. He's been in the military.

Texasans of the East Texas circuit fell heir to Jinx Poindexter when he was waived out of the Southern Association. Jinx won 20 games for Nashville last year.

Brother Earl doesn't see how he does it, but Howard Reid is playing a banjo game for the Coahoma Stanolind softball team this year.

Earl and Howard played superlative baseball together for almost 20 years but Earl finally hung up his cleats. This year, when Morey Morrison organized the Stanolind club, he tried to coax both of them out of retirement.

Howard accepted the invite but Earl declined. Besides, baseball was his game, not softball, Earl let it be known.

...I'VE discovered PAL HOLLOW GROUND

If you've been trying one blade after another, searching for the better shave, get a pack of Pals today. See if you don't agree that "This is it!"

Ordinary safety razor blades are ground like a pocket knife. Pal Blades are different—they're *Leather Stripped and Hollow Ground* just like a barber's razor.

Result: Pal Blades are flexible in your razor—follow facial contours effortlessly. Your shave is cool, quick, no "bearing down". And delicate edges last longer, too. That's why millions call it the Pal.

With One-Over Par 37's Bristow, Moon Go Out In Front In Country Club's Ringer Meet

Oble Bristow and Jimmy Moon have gone out in front in the men's ringer golf tournament, which got underway at the country club Sunday last.

Of the 13 linkmen who have entered into competition thus far, Bristow and Moon are the only two who have approached par. Both have posted one-over-par 37's.

Charley Watson isn't far off the pace, having responded to his initial test with a 38.

Others who have entered play and their scores are: Bob Hodges, 41; Roxie Dobbins, 51; Burt Mc-

Oilers Decision Spartans, 12-5

Propelled onward by a five-run outbreak in Round One, the Golden Oilers turned back Big Spring Hardware, 12-5, in a practice softball game played at Mury park Tuesday night.

Norm Newton's third inning home run highlighted the futile attack of the Spartans, who fell short mainly because most of the Codens were in a hitting mood.

Three hardware pitchers, Marshall Cates, J. B. Murphy and Toby Cunningham, failed to stem the tide.

Red Harrison and L. D. Cunningham teamed up to do the mound chores for the winners.

Pipeliners, ABC Win In Forsan

FORSAN, May 1.—Forsan's Coeden softball Pipeliners rolled over the Big Spring Motor company nine of Big Spring in the feature bout of a double header played here Tuesday night.

Hitting hard and often, Blacky Mines' gang won, 16-6.

The Pipeliners shelled Glen Bremier to cover in the third round.

J. R. Smith's four blows in five attempts set a torrid batting pace for the victors. Lefty McCabe had a home run with the bases loaded to help pitcher Otis Griffith to an easy win. The circuit play came in the fourth frame.

ABC Club of Big Spring rallied for eight runs in the last frame to smother Phillips Oil, 18-12, in an added feature. Welsh and Williams led the club for Big Spring while Patrick and Green tolled in the box for the losers.

The Pipeliners are booked to play Goodfellow Field of San Angelo at Forsan Friday night.

Panthers, Rebs Slam Sooners

By The Associated Press.

The Fort Worth Cats took their eighth straight Texas league game yesterday at Fort Worth, defeating the Tulsa Oilers, 10-1, and Oklahoma City's Indians ran their losing streak to 11 when they fell before the Dallas Rebels, 5-4, at Dallas.

The Beaumont Exporters pounded out a 9-6 verdict over Houston and the Shreveport at San Antonio game was postponed because of wet grounds.

The Indians apparently had their losing streak broken going into the last of the ninth, but the Rebels produced one genuine run and got another free to win. With Borom on first, J. P. Wood tripled and went home when the relay ended up in the Dallas batrack. Bob Gillespie hurled a four-hitter for Dallas.

A ninth inning rally by Houston against the Exporters faded. The Buffs scored three runs in the last frame, but Beaumont had exploded for six markers in the second and had added three more in the fourth.

John Van Cuyk of Fort Worth limited the Tulsa Oilers to seven blows and the Oilers' one run was unearned. Two Tulsa pitchers also held the Cats to 7 hits, but walked 7 men, while five errors were marked up by the Oilers.

Today's games:
Dallas at San Antonio (night).
Fort Worth at Houston (night).
Oklahoma City at Shreveport (night).
Tulsa at Beaumont.

Open Forum Meet Scheduled Monday

A second Open Forum meeting will be held at 8 p. m. Monday in the district court room, Ted Phillips, chairman, announced today. Organized at the VFW hall last Friday night, the Forum is open to all residents of Big Spring and Howard county for the purpose of discussing matters of public interest. School matters, which provided the chief topic for the initial meeting, probably will be discussed further at Monday night's meeting, Phillips said. Representatives from the school board, and city and county commissioners are especially urged to attend, he said. In order that authoritative information can be provided on any questions concerning public officials which might come up for discussion.

Weatherman Caught Between Rain, Sunshine And Hopeful Picnickers

Pity the poor weatherman! He's caught between gagsters, comic artists and amateur forecasters who trust a bunion more than a meteorologist. The forecast said "partly cloudy" and it turned out that a brisk shower fell; or the outlook was for cloudy and it turned off fair. It's the weatherman and not the elements that absorbs an assortment of derision. Ironically, a good part of the difficulty lies in the fact that the weatherman has found it best not to tell all he knows. When he made that partly cloudy forecast, he probably would have laid private odds on a shower. Experience, however, has taught him that there is no accurate means for forecasting the course of thunderstorms—at least not in this country. So why stick his neck out? That shower might cover a strip a mile wide. Those in the path would figure "ho hum" and those outside it would probably say: "Ha, missed again." But given a general condition, the weatherman can predict with a good degree of accuracy. Even then, low pressure areas and high pressure areas can shift suddenly and leave him on a limb. Weather observers accept it philosophically. They never rise to battle and point out that their record of hits is overwhelmingly greater than misses. With new instruments and

more adequate staff (14 work at the US weather bureau at the airport now), the erratic weather here is gradually being explored scientifically. It's very seldom that readings from the radiosonde equipment enable meteorologists to hit maximums and minimums on the nose. Pilgrims lean heavily on the weather bureau. Anyone who has climbed into a first class tailwind on bureau charting doesn't quibble over the path of an erratic thunderstorm. People like the weatherman despite their fun. When it gets too hot, or begins to get cold, or starts raining, they flood the bureau phone with calls. "Should I dig my dahlia tubs this evening?" asks one flower minded soul. "What about my sheep?" asks a rancher. "Can we have our picnic tomorrow?" asks the youthful club member. The bureau personnel answers when it can and patiently takes down phone numbers to call back the latest forecasts at the latest satisfactory moment. It's all in a day's work—and that's a 24-hour day for weather doesn't stop at five o'clock.

By JACK BUTLEDGE Associated Press Staff There's a trend among girl reporters these days to steer clear of the society desk. As a result, Texas newspapers are having trouble keeping society editors. Women themselves are to blame, editors believe. They're chasing the girls away. An editor of a West Texas paper sums it up neatly: "The girls object to the monotony of explaining to fond parents why their daughter's cut was single column instead of two or why it didn't rate page one or why the story was cut. Moreover, there's a yen on the part of some women to get their publicity in the Sunday paper, whereas the reporter's objective is to get out a daily with fresh news instead of stale. Small errors are sometimes magnified to the point that reporters would like to take out to the country." He said apparently men are not discriminating in their publicity. The news editor of the same paper said he had found that women preferred regular reporting jobs because they found them more exciting and interesting. Another editor said the turnover in the society department is faster than elsewhere. "The girls don't understand that society is just one phase of woman's news and that more on the ball is needed to raise women's news out of the routine rut of straight reporting," he said. But he said women still ask for jobs — "anything except society" where they say they have to cover "those silly teas," or "listen to some dear old dame on the phone all day." A South Texas editor recently wired he'd take "anything in skirts" for his society desk. Some papers have solved the problem by using men. Most editors agree that the girls are passing up a good bet by bypassing the society desk. Some of the top newspaper

Women Drive Society Editors From Jobs, Editors Declare; Girls Prefer Reporting

By JACK BUTLEDGE Associated Press Staff There's a trend among girl reporters these days to steer clear of the society desk. As a result, Texas newspapers are having trouble keeping society editors. Women themselves are to blame, editors believe. They're chasing the girls away. An editor of a West Texas paper sums it up neatly: "The girls object to the monotony of explaining to fond parents why their daughter's cut was single column instead of two or why it didn't rate page one or why the story was cut. Plans Take Shape For VFW District Convention Here

With delegations expected from all of the 21 posts in the district, plans are virtually complete for the Veterans of Foreign Wars convention to be held here May 4 and 5, officials of the Christensen-Tucker post have announced. The district extends east and west from Odessa to Sweetwater, and north and south from Plainview to Big Spring. A registration booth will be maintained all day Saturday in the Settles hotel lobby, and the first business session has been carried for Saturday afternoon in Room No. 4 of the Settles. Social events will be highlighted by a dance in the hotel beginning at 9 p. m., and the regular Saturday night dance at the VFW hall will get underway at 8 p. m. No formal program has been arranged for Sunday morning. At 1 p. m., however, a barbecue will be held at the VFW hall, followed by the concluding business meeting. Auxiliary members will hold concurrent business meetings and take part in the social events.

Tojo Insists War For Jap Protection

TOKYO, May 1. (AP)—Hideki Tojo insisted today from his prison cell that Japan fought "a war of self protection" and indicated he would face the international war crimes tribunal with no remorse. In an exclusive, written interview through his principal Japanese attorney—Ichiro Kiyose—the one-time dictator made his first statements on the war since the occupation. Tojo acknowledged that he had spoken against Japan's surrender—proposing continued resistance—but denied that he had taken any direct action forcibly to prevent the emperor's surrender. He said that if, in 1941, Japan could have taken any other way than war: "as an independent country I would have taken it." The trial may be held in June.

School Surveyors Seek Constructive Criticism Of Lions

Constructive criticism and a new spirit of loyalty to "establish prestige for Big Spring schools" were asked of Lions-club members by members of a board of trustees survey commission Wednesday. R. L. Tollett, chairman of the commission, which is making the rounds of civic and service groups, declared that "we are absolutely sincere in seeking suggestions." At the same time, he felt that "our high school is as good as the average in many respects and better than others." While he appreciated constructive criticism, Tollett said little good and perhaps harm resulted from indiscriminate and unfounded blasts at the system. Justin Holmes and Dewey Martin, other members of the commission, expressed the hope that people would be cooperative in making suggestions, whatever they may be. He asked that these be written, signed or unsigned, and mailed or handed to any member of the commission. To date the response has been meagre, he said. "We want to do the thing that should be done to make our schools progressive and improve them where there is a need shown," declared Holmes. Martin affirmed this, asserting that "we have a sincere desire to get to the bottom of any situation which seems in need of correcting." Tollett reviewed progress during the past decade, showing valuation and tax gains almost doubled, teachers pay upped by \$600 per annum, a 700 gain in scholars, 400 in attendance. The system now has 46 1-2 accredited units, half in the "selective" fields, including such subjects as aeronautics, diversified occupations, commercial units, Bible, etc.

BUILDING CONTRACTORS URGED TO FILE OWN WAGE VIOLATIONS

Building contractors who have paid above scales approved by the Wage Stabilization Board for labor in the past were urged to file reports of their own concerning the previous violations at a meeting of WSB and OPA officials and representatives of the construction industry held in the Settles hotel Tuesday afternoon. A contractor who files his own

report of a previous violation will receive more favorable consideration from the WSB than if his laborers, John Thad Scott, Jr., WSB's regional attorney, told the group. Many times no penalties are assessed in such cases when overpayment is made due to error, misunderstanding or otherwise believed to be justified, he said. Scott conducted the meeting, which was attended by contractors, union officials and sub-contractors from throughout West Texas. Representatives were present from Abilene, Midland, Odessa, Wichita Falls, Lubbock, Colorado City, San Angelo, Sweetwater, Kermit and Big Spring. At the outset, Scott outlined WSB's chief problems, pointing out that only a small staff is available to serve this region, which embraces Texas, Oklahoma and Louisiana. Some areas where widespread violation of wage scales were reported have been granted increases, Scott said, and where such increases have gone into effect the WSB expects the situation to become stabilized. He indicated that further infractions after due increases were granted will be dealt with severely. Pointing out best methods for obtaining approval for wage hikes in areas where they are justified, Scott urged that applications be submitted jointly by the unions and contractors' organizations. Then, it is readily understood by WSB that both parties directly involved in the increases favor the application, he said. John Griesel, of the wage and hour division, US Dept. of Labor; and Theodore Frossard, regional OPA attorney, were present to assist Scott in answering questions from the audience. Several individual problems were dealt with in the discussion.

Weather Forecast

Dept. of Commerce Weather Bureau
BIG SPRING AND VICINITY: Fair this afternoon, tonight and Thursday. Cooler late tonight and Thursday. Maximum today, 83; minimum, 60. Maximum Thursday, 80.

Safford, Kesseling At Recruiting Meet

Capt. Eugene Safford and Lt. George M. Kesseling of the local US Army recruiting office attended a meeting of recruiting station commanders held last weekend in El Paso. Methods to improve the efficiency of the enlistment program were discussed by Lt. Col. Teddy H. Sanford, officer in charge of recruiting in this area. Plans were also laid for the final consolidation of the two districts who previously comprised the West Texas and Eastern New Mexico sections.

School Surveyors Seek Constructive Criticism Of Lions

Constructive criticism and a new spirit of loyalty to "establish prestige for Big Spring schools" were asked of Lions-club members by members of a board of trustees survey commission Wednesday. R. L. Tollett, chairman of the commission, which is making the rounds of civic and service groups, declared that "we are absolutely sincere in seeking suggestions." At the same time, he felt that "our high school is as good as the average in many respects and better than others." While he appreciated constructive criticism, Tollett said little good and perhaps harm resulted from indiscriminate and unfounded blasts at the system. Justin Holmes and Dewey Martin, other members of the commission, expressed the hope that people would be cooperative in making suggestions, whatever they may be. He asked that these be written, signed or unsigned, and mailed or handed to any member of the commission. To date the response has been meagre, he said. "We want to do the thing that should be done to make our schools progressive and improve them where there is a need shown," declared Holmes. Martin affirmed this, asserting that "we have a sincere desire to get to the bottom of any situation which seems in need of correcting." Tollett reviewed progress during the past decade, showing valuation and tax gains almost doubled, teachers pay upped by \$600 per annum, a 700 gain in scholars, 400 in attendance. The system now has 46 1-2 accredited units, half in the "selective" fields, including such subjects as aeronautics, diversified occupations, commercial units, Bible, etc.

The "T&P" is my No. 1 Helper!

I am a merchant. The Texas and Pacific Railway connects my store with every market in America making it possible for my customers to buy from the select outlets of the nation. It gives me valuable aid, too, when I have special orders from customers—all I do is place my order by phone and the merchandise is delivered to my store on a fast schedule.

The railroad not only helps me but it also helps my whole community. It employs many of my friends and neighbors—it pays local taxes that help build schools for our children and support community projects. Yes, the "T&P" works for my community and it works for me—that's why I say it's my No. 1 helper.

McDaniel's "Flush Master" Cleans Crankcases Better

The "Flush Master," a machine designed to give an automobile crankcase and lower motor a more

powerful, safe, trouble-free motor.

through cleaning than anything ever developed before, has been added to equipment at the McDaniel Service Station, 311 Gregg.

Hair Styling . . .
Permanent Waving
Manicures
Keep your nails perfect with
Cher Yu or Revalon Nail
Polish.

No part of the crank case and lower motor is omitted from the cleaning process. A fine screen catches all heavy carbon particles and a self-contained filter re- all sludge.

SETTLES BEAUTY SHOP
PHONE 42
Ira McGowan, Owner

The machine has been obtained at a time when most present-day automobiles need it most, McDaniel said, and he advises motorists to include this service in their preparation for changing to summer-weight motor oil. Some cars which have already undergone the cleaning process were found to contain large quantities of sludge and even pieces of metal, which are particularly dangerous to motors.

Matched Clubs To Go In Mass Production

CINCINNATI (UP)—Golfers no longer need to fear out their hair when they wrap their pet niblick around a tree after scuffing six in a row—they can get on exactly like it.
A new machine built by the Cincinnati Milling Machine Co. for McGregor Golf, Inc., turns out 15,000 matched irons a week—each one precisely like the rest.
The machine is technically known as a "broach," and was purchased on the advice of golfing star Byron Nelson, adviser to the company.
The 50-ton machine makes mass production of golf clubs on a precision basis possible for the first time. Although McGregor officials haven't said so, it probably will mean lower-priced clubs.
It will be installed in the firm's plant in Cincinnati, recently moved from Dayton, Ohio.

Rotarians Asked To Criticize School System

Rotarians Tuesday heard an appeal for citizens to voice their opinions of local schools. The request was presented by R. L. Tollett, chairman of a special survey committee for Big Spring schools, who asked that suggestions for improvements as well as personal appraisals of the system be turned in either to himself or to Dewey Martin and Justin Holmes, other members. Tollett, who with Holmes and Martin, is a member of the board, called attention to an increase in valuations and collections during the past decade. Valuations had doubled and collections were up almost 100 per cent in that time, he said, and teachers have increased in pay from \$432 to \$1,575 annually. Scholastics have increased by 700 in that period. Holmes distributed survey blanks with the request that suggestions be listed and returned to committee members as soon as possible. Both men asked that citizens voice criticisms to the committee rather than airing them publicly in public, where, they believed, some unnecessary harm already had been wrought toward the ultimate hope of a county-wide program. Attention was called by Holmes to the open forum meetings held weekly for open discussion of all civic matters, and both speakers asked attendance of interested parties at all board of trustees meetings. Tuesday was "Ladies' Day" at the club, an event which will be duplicated every fifth Tuesday. Mrs. Ira Turman expressed appreciation by the women for the invitation. Program was in charge of W. C. Blankenship. Guests included Thad Scott, Jr., National Wage Stabilization Board attorney; William Kelly, wage analyst; Theodore Frossard, OPA price attorney, and John Grisele, wage and hour division department of labor, all of Dallas.

Here 'n' There

There will be at least one century plant in bloom here this year. It is located at 710 Main and has just begun to send up its stem. Although the title "century" is probably a misnomer, it is no mistake that the stem will grow several inches a day until it attains a height of 10 to 15 feet and flowers. H. J. France, who keeps a number of people posted on the signs, says the best time for planting and transplanting in May are May 4-9, 14-15, 23-24-25, and the best time to sterilize animals is May 18-30. It's getting time to wear your boots or roll up your trouser legs when walking along streets where mulberry trees offer welcome shade. Already berries are beginning to drop, and the worst is yet to come. A new enlistee in the Army, as announced by the Recruiting office at Camp Hood, is William Allen Northum, son of S. P. Northum, 901 East 13th Street, Big Spring.

Singing Gathering Will Begin Sunday

Initial session of a First Sunday Singing gathering will be held at 2:30 p. m. Sunday at the Wesley Methodist church, 16th and Owens. Jess Hendrix is president of the organization and Mrs. Carol Rogers is secretary. Several quartet numbers will be provided at the first program as well as an abundance of congregational singing.

Park Church Plans Vacation School

The first vacation Bible school for the newly organized Park Methodist church was planned when the Community Bible Study club met at the church Tuesday afternoon. The opening song was "Can the World See Jesus in You." Plans were made for the weekly meeting to be held each Wednesday at 7:30 p. m. rather than the regular Tuesday afternoon session. A social hour followed and a refreshment plate was served. Attending were Mrs. G. C. Graves, Mrs. W. D. McDonald, Mrs. Dora Moore, Mrs. Mabel Cloud, Mrs. Ellen Neal, Mrs. H. N. Robinson, Mrs. Louise Moore, Mrs. Joe Dorion, Mrs. Abbie Anderson, Mrs. Gladys Moore, Mrs. L. E. Eddy and Mrs. W. A. Laswell.

OBJECTOR ASKS FOR JAIL TERM

PHILADELPHIA, May 1. (AP)—A conscientious objector asked a federal judge to sentence him to six months in prison but the jurist asserted "I'm sorry, I can't accommodate you." Instead Benjamin L. Candee, Jr., 33 of Syracuse, N. Y., was given four months imprisonment yesterday on charges he was AWOL from a Pennsylvania state hospital work camp. Candee, who pleaded no defense, asked for the longer sentence when US District Judge William H. Kilpatrick convicted Thomas J. Leonard, 31, of Elmhurst, N. Y., on the same charges and imposed a six-months prison term. Leonard pleaded guilty. He is appealing the verdict. Candee insisted he was equally as guilty as Leonard.

New Studebakers Seen By Dealers; Showing Due Soon

Glowing reports on the new 1947 postwar Studebakers were given by Cecil D. McDonald of the McDonald Motor company, 206 Johnson, on his return from Chicago where the new models were unveiled to dealers. "We have a really outstanding car," McDonald said. "I could go into detail, but we hope to have cars soon for the public to see for itself. Public announcement is due to be made within a few weeks. I am sure that those who see the new Studebakers will agree that they set up completely new standards. McDonald, who has just opened his new salesroom and service center, said that public announcement will be made as to the showing date of the new Studebakers.

Club Girls To Have Carnival Friday

The Centropoint 4H club girls will have a miscellaneous carnival Friday evening at the school. A free movie will be shown, and other concessions will be set up. The public is invited. Proceeds will be used to send a representative from the unit to the Ruidosa, N. M., 4H camp in June.

Longhorns Appear Certain Winners

By the Associated Press
The University of Texas, today looked like a winner in the Southwest conference baseball race after Rice Institute walloped the second-place Texas Aggies, 9-2, at Houston yesterday. The defeat pushed the Aggies two games below the Longhorns with only four games to play, three with the Steers. Meanwhile, the Southern Methodist Mustangs defeated the third-place Baylor Bears, 8-5, at Dallas.

Dallas Tourney Play Underway

DALLAS, May 1 (AP)—Golfers tee off here today in the qualifying rounds of the Texas Golf association championship tournament, the first held after a four-year idleness because of the war. The golfers are pursuing the crown held by Ray Kenny of Dallas, who won it in 1942 as a 17-year-old. Kenny, a war veteran, is back to defend his title. A field of about 140 is participating. In a warm-up yesterday, Kenny reported a one-over-par 71. Duplicating Kenny's score was Joe Moore, Jr., of San Antonio. David (Spec) Goldman, Dallas, had a 73, as did Jack Seltman of Houston. Don Cherry of Wichita Falls, who won the all-Southwest amateur medal tournament in Wichita Falls last week, carded a 75. The field included such well-known golfers as Howard Creel of Houston; Bobby Riegel, Houston, former state title; Earl Stewart, Jr., Glen Lake; Don Schumacher, Dallas; Reynolds Smith, Glen Lakes' former Walker cup player and two-time Texas champion, and Iverson Martin and Derald Lehman of Fort Worth. Raymond Lanham of Glen Garden course already had his glory from the tournament no matter where he places. Yesterday in a warm-up, he scored a hole-in-one on the 135-yard-par 3 No. 10 hole.

COST OF LIVING STILL GOING UP

WASHINGTON, May 1. (AP)—Average retail prices over the nation reached a new postwar peak in mid-March. In reporting this today the bureau of labor statistics noted a fractional hike in rents for the first quarter of 1946, one-tenth of one percent, and said it represented the first rent increase since December 1944. With higher prices for most principal items in the family budget," the bureau said, its consumers' price index advanced 0.5 per cent between February 15 and March 15 to 130.2 per cent of the 1935-39 average.
