WASHINGTON (AP) - Texas ranks third nationally in housing units, according to 1980 state-by-state data released by the Census Bureau. The report said California has more than any other state with 9,279,330, followed by New York with 6,866,851 and Texas with 5,549,060. The report said there were \$8.4 million housing units in the entire country.

Texas housing units have a median size of 5.0 rooms, and 2.6 percent lack complete plumbing for exclusive use, the report said. That compares with 5.1 median rooms nationwide and 2.7 percent in which occupants lack exclusive use of plumbing.

The median value of its year-round occupied units is \$39,100 in Texas, compared with \$47,200 nationally. The median rental rate nationally is \$198 nationally, whereas Texas' median rent is \$213.

#### Demo Congressmen

#### **To Conduct Hearing**

WASHINGTON (AP) - Five Democratic congressmen - two from the Dallas-Fort Worth metroplex will participate in a hearing in Dallas Priday as part of their nationwide ef-fort to assess the effects of President Reagan's economic program.

Rep. Martin Frost, D-Texas, of Dallas will chair the meeting, con-ducted by members of the Democratic Economic Task Force. He will be joined by House Majority Leader Jim Wright, D-Texas, of Fort Worth; Rep. Dick Gephardt, D-Mo.; Rep. Mike Synar, D-Okla.; and Rep. Dennis Eckhart, D-Ohio.

The Dallas meeting, similar to one held Nov. 24 in St. Louis, will be from 9:30 a.m. to 2 p.m. in the commissioners' chambers of the County Administration Building, formerly the Texas School Book Depository.

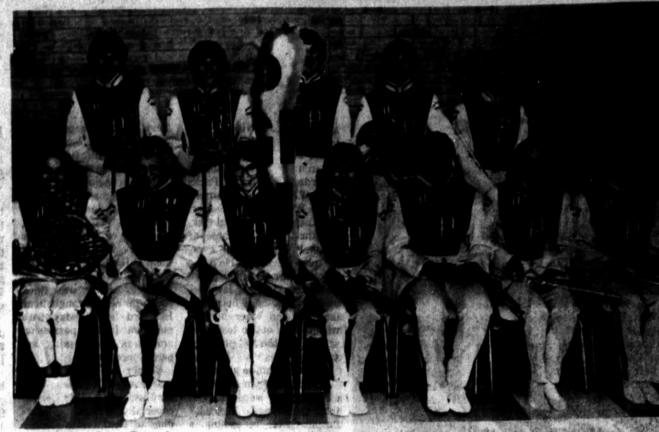

Testimony before the task force will concentrate on interest-sensitive industries such as home building, automobile dealerships, real estate and financial institutions.

"It is important that the business community in our area have the opportunity to be a part of the nationwide survey. I think (the public) will fine the testimony very interesting," said Frost.

The congressmen have scheduled a press conference at 9:15 a.m., immediately prior to the hearing.

about 5:30 p.m. described it as "a big ball of fire." Jim Powell, 43, of Tex-arkana, Ark., said he had never seen a meteor before but the flash of light "looked just like the pictures in National Geographic."

Powell, an administrative assistant for the city, said he was leaving Texarkana for Little Rock when he saw the meteor.

Vondell Plummer, a woman whose interests go in many different directions. She and her hushand, Ben, have lived in Hereford since 1952. She grew up in Seagraves, while Ben is a native of this area.

Vondell is employed part-time at the Deaf Smith General Hospital a a Medical Technologist. She earned her bachelor's degree in Chemistry at Hardin Simmons University and did a one year internship at Baylor University, earning her MT (ASCP) degree.

"I enjoy the work," she

says, "and it is nice being home part of the time too." Her husband, Ben, sells In-ternational Harvester equip-ment with Oglesby Equip-ment. The Plummers have two sons, Ronald and Paul. Ronald is 20 and is a phomore engineering stu-int at Texas A&M. Paul, 18, a freshman at South West is a free Texas State University in San Marcos. He is majoring in Instrial Arts.

Vondell is a member of the First Baptist Church choir, and enjoys playing the plano for her own enjoyment. She is active in the Aggie Mom's Club, and baked bread recently for that organizaion's bake sale.

football, and traveled to Dallas last weekend for the game there. Both of their sons came up and met them there. When Ronald and Paul are home for the Christmas holidays, the Plummers plan

to go skiing at Red River. Vondell has been a den mother for boy scouts in past years, and still enjoys having young people drop by often. "I went around recently and took pictures of Paul's friends to send to him at col-

lege," she says. Another interesting hobby of Vondell's is growing unusual herbs. She has grown such things as thyme, sweet basil, chives, and sweet fen-nel. "It is fun experimenting with these different herbs," she comments. This last year she planted some giant caster beans and the stalk grew to er 20 feet tall. in condition by jogging while refusing to play during a contract dispute, he intends now to get his hands working as well as his feet. "I was rusty," he said. "I think the key for me was that I have been running a lot.

Even though my shots weren't falling, I was still able to hustle. The Bucks and Johnson announced during the day they had reached an eight-year agreement. Johnson had threatened to sit out the en-

The Bucks have been impressive without Johnson. They are 13-6 and leading their division. Houston's loss was their fifth successive victory and their ninth in 10 home games.

"I don't think Marques Johnson being in the lineup made that much difference since he only practiced today." Harris said, blaming his Rockets' seventh loss in eight games on a problem with free throws.

"We missed 14 free throws which you cannot do and expect to win in this league," he said. "Last year we were fifth in the league (in freethrow accuracy) but this year we are 23rd of 23 teams, which is big reason why we are struggling."

Sidney Moncrief, who led Milwaukee with 20 points and who has been a prominent figure in Johnson's absence, scored 10 points to underwrite a 35-20 first-quarter lead before Johnson left the bench. **Reserve Junior Bridgeman** scored eight in the second period to assist a 56-41

But then along came Cowboys fullback Ron Spr-

"The Eagles are (a piece of) cake now. We're gonna eat up their Christmas cake," Springs said before Wednesday's practice.

The Cowboys can win the National Conference Eastern Division title by beating the Eagles. Should they lose, they could still win by beating the New York Giants the following week to wrest the division title from the Eagles, who captured it from the Cowboys en route to tast year's Super Bowl.

"Eagles cornerback Herman Edwards said Dallas is apple pie and America's team. Then that makes the Eagles just cake," the former Ohio State star said.

"Philadelphia is a good team when they're out front, but they're not a good secondplace team. They can't play from behind and they don't know how to be humble when they're out front," he continued.

The Eagles captured last year's title at Texas Stadium ithough the Cowboys won that game, 35-27. Philadelphia and Dallas wound up with identical records, but the Eagles took the title via the NFL

tiebreaker system. In losing, the Eagles elebrated the title with mpagne in the Texas Stadium dressing room, a point not missed by Cowboys and their fans alike. When we win Sunday,

At Wits End

There is no one on the face of this earth for whom I real more compassion than the mothers of children who are on half-day sessions at school. My neighbor, Iris, went through an entire year of this schedule and we almost lost her. We all went over one day and literally dragged her from the utility room and set her down in the living room. "Where are we?" she mumbled numbly. "In your living room," we said gently. "Twe never been here before," she said. "Of course you have, it's the room right off your kitchen and utility room. Remember?"

and utility room. Remember?" She shook her head. "All I remember is in September I went into the kitchen and the utility room and I've been there ever since. Rinsing breakfast plates, putting them in the sink, clearing the table, starting the washer ....

starting the washer..." "It's all right," we said. "Don't dwell on it." "...and then picking up the pajamas and washing them, and making beds and it's lunchtime again and the kids are home and it's time to pick up the school clothes and wash them, and set the table and get lunch and rinse the plates and do the dishes and clear and it's dinnertime and I set the table and pick up the play clothes and wash them and I set the table and clear the table and rinse the dishes and start the washer...did I say that bfore?"

We nodded. My kids went thorugh it and it was a period that I paranoically refer to as the 'Clothing Connection.' It was like a game. Every time they moved ahead two spaces, they passed Go and went directly to the closet. My five-year-old once set a record for changing clothes. Within a 14-hour period, he changed clothes nine times. He had an outfit for eating breakfast, going to school, running through the house, using the phone, eating lunch, answering the door, riding his bike, weighing himself, and one that he wore because there was nothing clean left to wear. DEAR NIGHT SHIFT: For heaven's sake, woman, stay in the protession. A person with your experience and skills should not abandon a field so vital to the survival of so many. No other work will give you such antisfaction theid so vital to the survival of so many. No other work will give you such satisfaction and personal tulfillment. My advice is be persistent and relentless in your pursuit of the day shift. Don't give up. Eventually you will get it.

DEAR ANN LANDERS: I have been a long-time reader and am now asking you to do me a favor. Please tell those burns who write to you and complain about their boring marriages that if they treated their wives half as nice as they treat their girlfriends, things at home would im-

prove a lot. Thanks for letting me get this off my chest. I feel better now.--Midland, Mich., Observer
