HEREFORD, DEAF SMITH COUNTY, TEXAS, FRIDAY, APRIL 14, 1922.

CLUB NAMED AT MEETING OF MEMBERS

SULPHUR PARK COUNTRY CLUB NAME GIVEN

100 SHARES SOLD

Fifteen Directors Chosen And Club to Incorporate Soon

"Sulphur Park Country Club," is the name adopted by share holders for a new club venture on the Tierra Blanco at a special meeting held in the home of Byrd & Hill Monday afternoon. Temporary organization was effected with J. E. Hill as chairman and A. A. Foster as secretary.

Fifteen directors to serve for the first year were named as follows: J. Knorp and P. E. Johnson, Groom, Merrill, Pampa, Sam Braswell, Brendon, Ben Short, Amarillo, E. H. Humphreys, Plainview, Senator Bledsoe, Lublock, Judge J. D. Hamlin, Farwell, Miss Daisy Rainbolt and L. C. Lawick, Clovis, Mrs. S. T. Shore, Sap, and D. L. McDonald, J. E. Hill, Olga Barnett and L. Gough, Hereford.

A committee on constitution and by-laws was appointed consisting of W. Russell, D. L. McDonald and Ralph Bennett. A resolution was adopted directing Judge Gough to forbid any mining or fishing from henceforth by anyone not stockholders in the club. Announcement was made that 200 shares of the stock have been placed and that incorporation will be effected shortly, after the report of the committee on constitution and by-laws. The success of the venture is assured and the prediction is freely made that the stock will double before the year is out. The famous Sulphur Park is the best advertised and only open water in this entire section of the country. As is the usual case in the world over, local people failed to appreciate just what the Sulphur Park is to them and have weeded out-of-town sportsmen to take lead in the purchase of stock. But conviction is rapidly spreading that something good has been overlooked and there is an unexpected demand for the stock now before incorporation and the inevitable rise in price.

The deal is not to take effect until January 1.

Let Easter Be A Day of Inspiration—

ISN'T it true that in the seeming hustle, bustle and striving of business life we all sometimes lose sight of the true meanings of events, occasions, days or seasons?

Isn't this true, more or less, in regard to Easter? Are we permitting self glory, desires, ambitions, commercialisms to overshadow the day and rob us of inspirations which should mean for us happiness, peace, plenty?

These few words are not aimed to preach creed nor form. Instead they are grouped in a new form of a sincere invitation to every person in Hereford to visit his or her church on Easter. To let it be a day of inspirations.—Inspirations to all that is best in them.

Easter commemorates the resurrection of the Christ. An occasion which was the living proof of the victory of Life over Death. And if that be so, then frail human fears, sorries, jealousies, despairs are all useless. It is to us to look to the source of our being—and we are at least striving to do this when we attempt to live the Christianity that we know.—Each in his own way.

So visit YOUR church Easter Sunday. It will give you the inspirations to strive anew in meeting your work-a-day problems.—Dealing with fellowman—as you would be dealt with.

It's well worth the effort.

R. N. Mounts, Pioneer Citizen, Has Gone to Reward

Mr. Hereford was saddened Thursday when news was received of the death in Dallas Thursday morning, of R. N. Mounts, one of Hereford's pioneer and best-loved citizens.

Mr. Mounts had been seriously ill for several months and his death was not entirely unexpected. Telegraphic advices from his son, Jack, who has been attending school in Dallas, stated that he would arrive in Amarillo with the body Friday night and the E. B. Black ambulance was arranging Friday to go to Amarillo and bring back the remains early Saturday morning.

Funeral services will be conducted from the Baptist church Sunday afternoon at 2:00 p. m., the Rev. J. E. McClurkin, former pastor here, officiating. Interment will be in the City Cemetery.

Mr. Mounts was 58 years old. He was born and reared at Deaton, Texas. He was united in marriage with Miss Nannie Lee Christal, at Stony, Texas, in September, 1891. To this union five children were born. Robert Christal died in infancy, while a son, Jack, and three daughters, Mrs. John Williams and Misses Sena-Mae and Mattie, with the widow, survive him. In addition he leaves four sisters, Mrs. Emma Lippcomb, Austin, Texas, Mrs. Ena Pomphins, Corpus Christi, Texas, Mrs. Sena Wright, Decatur, Texas, and Mrs. Alice Cockrell, Dallas, Texas, and two brothers, Providence Mounts and John Mounts, both of Frederick, Okla.

Mr. and Mrs. Mounts moved to Hereford in October, 1890, and have resided here continuously since that time. Mr. Mounts was one of the largest and most prominent dealers in land and cattle in this community for many years, as well as having banking and other interests. He was a leader in the business, social and civic life of the community. His loss will be severely felt. The Brand joins his hundreds of sorrowing friends in sympathy for the family.

A Convincing Warning for Auto Speeders

At a railroad crossing in Texas has been erected a unique "Stop—Look—Listen" warning, as shown above. Perched high on its specially constructed pedestal, the wreck of an auto, with which some foolish driver once tried to beat a train to a crossing, presents a convincing argument for care and caution.

Society

It was known by the Senior class that Miss Griffith's birthday was last week, but as both teachers and pupils were so busy in getting ready for the School Fair, the Seniors decided to wait until a more opportune time.

On Wednesday, after the young people had obtained permission from Miss Williamson, the Home Economics teacher, to have the spread in the school dining room, they proceeded to carry out their plans. On Wednesday morning, Miss Griffith visited the Central School and remained most of the forenoon, going to the High School just in time to hear her class before noon. This made it very easy for the girls and boys to get everything in readiness and they need not have taken the precaution of locking the dining-room door.

When school was dismissed for the noon hour, and Miss Griffith was returning to her office from the class room, one of the senior girls followed her up the stairway and told her that Miss Williamson wanted her a moment. When Miss Griffith turned and entered the kitchen of the Home Economics department and caught a glimpse of the long table, with the Seniors and High School Faculty lined up on each side, and then heard the Senior "Yell" of Welcome, she was so confused and bewildered that she had to be told where to go and what to do.

The meal was served cafeteria style, and perhaps no half hour during the whole year that is past was more enjoyed by both pupils and teachers than was this one Wednesday noon.

At the close of the repast the Seniors gave Miss Griffith a beautiful potted plant together with their love and kindest wishes.

The Seniors, thirty-seven in number, and their teachers are beginning to realize that their associations of pupils and teachers will soon end; and it was a happy thought that prompted these young people to bring the faculty and class so closely together for one happy little hour.

The favors were white and yellow crepe roses made by some of the members of the class. Just before separation, Miss Griffith called the Seniors around her and thanked them from her heart for their kindness and thoughtfulness for her. She told them that their cake was sweeter and the lemonade had a better flavor because love was in it.

The taxable values of the Southern States in 1910 was \$13,040,054 and in 1920 it had increased to \$29,072,775,000.

FRIONA

(Continued from page 3).

Richards; 2nd, Friona, Tommie Gal-
loway; 3rd, Bovina, J. B. Vasile.

The points are as follows:

Friona	150
Bovina	133
Farwell	83

The above is a detailed report of the results of the interscholastic track meet of Farmer county. This is the first time since the track meets have been observed in this county that Friona has ranked first in the number of points to be given and we feel that it is in large measure due to the unbounded interest and work of our superintendent, Prof. D. Golden, and his assistant, Prof. J. Mack Noble. They have exerted untiring efforts to bring their pupils to the front in all branches of the school work and it is the general opinion that they have succeeded and they are truly entitled to the hearty support and esteem of the patrons of the school. Our entire faculty has done thorough and conscientious work throughout the school term and are entitled to our sincere thanks.

JOEL

The attendance at our Sunday School is very encouraging to the teachers and officers of the school. It shows that there is a real desire in the hearts of those who live in this community to get a better vision of God's will and purpose toward the children of men, and to get a better idea of our duty toward our fellow-men.

The Scriptural contest, viz. that of having the subjects of the lessons for the quarter and giving the golden texts for each lesson orally, is creating quite an interest in the school. The students who took part in the contest were all so good and thoroughly in earnest that it was hard for the judges to decide which should have the prize, but it was awarded to Miss Katherine Hershey for having the most nearly correct wording of the texts. The time occupied in giving them was two minutes.

All the boys and girls on the farms of this country should be enrolled in some kind of an agricultural club—calf, pig, poultry, vegetable or what-not. It helps in good citizenship and community welfare. It is an inspiration to them. If we only had a good live county agent, he would delight in promoting this work.

We certainly were proud of the exhibit prepared by our little school for the County School Fair. We were sorry not to have had more time to examine the exhibits more thoroughly, but one feature we must mention, a dough map of the United States, with all the states represented, but no cities or towns shown except Hereford. Sure looked like a booster for Hereford.

The primary and junior classes of our Sunday School, with the mothers of the children, are to have an Easter egg hunt. It is to take place at the homes of Lester and Hollis Galley on Saturday evening at 8 o'clock. There are about 40 children in the bunch. Won't they have a time. Mrs. Ruth Galley and Mrs. Irad West are the teachers of these two classes.

Easter Sunday is Bro. J. R. Sharp's appointment with us. Come and hear him at 2:30 p. m. It will be worth your time and effort. Bro. Sharp has been giving our community a rare treat in showing us a series of picture slides portraying the life of Christ in Judea. The pictures are very instructive in portraying the manners and customs of the Holy Land from the time of Christ until now.

O. L. Sharp has completed a large first tank, perhaps 120 feet square, adjoining his pumping plant in the upper end of his garden, to be used in soaking his garden and orchard and for a fish pond and swimming pool for—well, almost spilled the beans.

Hollis Galley found himself running a high last Saturday. In the morning he loaded some calves into his wagon and started with them for town, driving a span of bronc colts. All went

well until he met a car and the colts shied and started to run and got over into the fence. He had no damage, except the loss of his dinner, some patience, a wagon tongue and three or four hours' time.

A jolly good "Sing" was enjoyed by a good company at Mr. Ray Hershey's home Sunday evening.

Ten Dollars for Tobacco to One Dollar For Schools in Texas

The people who live in the State of Texas are spending one hundred million dollars (or a little more) annually for cigarettes, cigars and tobacco in all forms, according to the U. S. census of 1920. And for the State governmental departments including salaries of all its officers and county officers and legislature with all of its appropriations for all purposes, including public improvements, public schools, State A. & M., State Normal Schools, public highways, every purpose for which we pay our taxes, is less than twenty millions of dollars per annum.

Are you one of the folks who are swearing about the amount of taxes you pay for schooling your children? And Texas stands away down to number 43 in relation to the rest of the States of the U. S. A. as to giving her children even a common school education. Go and stand behind the door with your face to the wall and shut your eyes while you think this over. We hope you will come to the conclusion to put no further handicap on your children, but give them an equal chance with as good school privileges as the best in the land.

The slogan of the Chamber of Commerce of Hereford is and has been 1,000 more farmers for Deaf Smith County. Well, just "tell the world" it can't be done until we can offer some inducements in the way of better school privileges and more and better highways. Taxes—well let us learn something from our neighbors on the north, Albert, Canada, and in fact, all country known as the Northwest territories, have a raw land tax of one per cent on the assessed valuation (which may run from \$15.00 to \$35.00 per acre.) It makes the non-resident speculative land owners take notice and mind you, this one per cent raw land tax is in addition to the regular assessment of ordinary taxes. And it is a mighty inducement to the non-resident land owner to get it to work. A listen—they have the best schools ever. Industrial, Normal, Public, all Public.

For the sake of our homes, our children, and our consciences let us have more schools, better equipped schools. It is just wonderful the amount of good our teachers and superintendents are doing with the cramped quarters and the little equipment they have to do with, as witness the exhibits at the school fair. But the teachers themselves will all agree that it might be better, much better, with adequate equipment and room. Consider that one-half of our public expenditures are for school purposes—in reality they are less than that—that means

that for every five dollars spent for tobacco, which benefits no one, only fifty cents is spent for educational purposes, and how do you like the looks of it. Come now, are you proud of it? Satisfied with such a condition? And tobacco is only one of our follies.

school fair both by representation and exhibit. Many expressed themselves as thinking their booth among the best.

The prayer meeting was well attended again Wednesday night, there being forty-three present and a singing class was organized. We are going to improve in singing at Summerfield. We had with us Mr. Nance, an uncle of Mr. and Mrs. J. A. Nolan, who gave us a helpful and interesting talk on prayer meetings and an everyday Christian life, he being a traveling salesman but always having time and glad to do work for his Lord. He also made a talk to the singing class after they were organized which was encouraging. We all enjoyed hearing him and hope he will visit his relatives again and talk some more.

J. E. Robertson and George Storey and family were dinner guests at the home of Mr. Shilbagan.

Ferry and Theima McMinn and Gertrude Atchley spent Sunday afternoon with Guy and Detrica Walser.

The Junior Sunday School class will enjoy an Easter egg hunt at the home

of their teacher, Mrs. B. C. Robertson, Saturday evening.

Lettered Men

know the power of knowledge. Knowledge is the truth about Persons, Places, Things.

For instances: If you had time to count all of the letters used by the printers of this page, you would find more "e's" used than any other letter. The letter "t" comes next, then "o," "a," "n" and so on with "q" least used.

That is all very interesting, but not very valuable knowledge. However, the words these letters spell can prove valuable to you. In the news and advertising columns of The Brand the regiments of "e's" "t's," "o's," "a's" and "n's," tell both interesting and valuable messages every week—if you will but read and profit.

CASTRO COUNTY MEET

The County Meet of Castro County was held at Dimmitt Friday, April 7. Though only a few schools participated, the meet was a success, judging from

Lawn Mowers Sharpened, Saw Filing, Furniture Repairing
F. H. Fullwood.

FRIONA

It was announced Sunday that Dr. A. E. Ricker, of Dallas, will preach at the schoolhouse next Sunday, both morning and evening. Dr. Ricker is Superintendent of the Congregational Church here and had hoped to have a regular pastor on the field before this time but it seems that the man he had expected has failed to appear so Dr. Ricker himself will come to conduct the Easter service. He is an able preacher and all who come to hear him will be well repaid for their coming.

Quite a number of young people from Friona attended the box supper at Black last Friday night. It is said that our young people contributed considerably to the attendance and the proceeds of the affair as well. The supper was given by the school for a school benefit.

A large concourse of singers and song lovers from Friona, attended the singing meet of Curry county, N. M., and Farmer county, Texas at Farwell Sunday. The meet was held in the District Court room of the Courthouse and it is said that the crowd was so great as to fill almost the entire building. The court room and the gallery were packed to their utmost capacity both for sitting rooms and standing space, while the corridors adjoining the room were also filled. The singing meets are becoming the most popular gatherings now being held in this part of the country and are attended by people for many miles around.

Glen Weir is the first of those whose business was destroyed by the fire, to begin preparations for the re-establishment of his business. He was owner and manager of the cafe which was located in the Lacy building on the corner lot. He has moved a temporary building onto the vacant lot adjoining the M. A. Crum Real Estate Office. He expects to build additions to afford sufficient room for his business until better accommodations can be secured.

Mrs. Martin has purchased the old Davies residence building on the Davies ranch about ten miles west of town and will have it moved in and located on the site of the former Friona hotel. She will use this for hotel purposes until she is prepared to build a larger and more suitable building.

Sheriff Aldrich of Farwell, was in Friona Friday attending the county track meet and handing out his special invitations to those of our citizens whom he expects to be present at the courthouse as jurors next week during the regular session of District court. The sheriff is a candidate for re-election.

The members of the local Farm Bureau are promoting the establishment of a farmers' co-operative store in Friona and a committee is busy canvassing the territory for signers for the stock at \$50 per share. The plan is to secure a capital of at least \$2500 before any investment is made. The subscribers agree to pay twenty-five dollars of each share within thirty days and the balance within ninety days after the first fifty subscribers have been secured. At the meeting on Saturday night thirty subscribers had been secured and committees will continue the canvass this week until the required number have subscribed. It is thought by some that by the time the entire territory has been canvassed that there will be not less than one hundred stockholders in the concern. So large a number with all their in-

fluence should insure a healthy growth for the enterprise from the start. It is proposed to handle only staple groceries and food-stuff and buy all kinds of country produce.

Clyde Seamond had charge of the bank Saturday while Mr. and Mrs. Henschel were visiting in Amarillo. Prof. John S. Richberg, of Winnabow, was here the greater part of last week visiting friends. Prof. Richberg was superintendent of our school last year and has many warm friends here who were pleased to meet him again.

As an evidence of increasing business, T. J. Crawford has added another man to his clerking force.
