Senate Committee Charges Arms Sale Over Private Competitors

WASHINNTON, (AP)-The senate arm investigators said they had uncovered evidence that the United States government sold arms to foreign nations in competition to private manufacturers.

The evidence shows in 1929 the war department sold Mexico rifles and ammunition over protests of the Winchester Arms company, which was trying to make the sale Committee members said that was not the only case of the government's sale of arms

Investigators are due to air the situation in the January session.

October declines in production were more than balanced by gains in building and engineering con-struction. General distribution and retail trade advanced by seasona amounts over September. Commod ity prices declined during October but rallies were in evidence after election day in November.

The most noticeable change in October was the upturn in residential construction. The gain in awards was the first since June. Other construction awards, par-ticularly for public work, showed measurable improvement. Residential building awards totaled \$25, 300,000, a gain of 37.3% over Sep tember, compared with a seasons increase in recent years of 11.6% The month was 22.2% higher than the corresponding month in 1933.

The last and final bout, also a finish match, will pit Benry Wilson against Dutch Aultman of Germany. Both are clever wrestlers and wall liked here.

Aritman will be out for revenge, as he lost to Reamy in Abilene two weeks ago.

Wilson has been getting in trim with five miles of road work daily.

2 Amarillo Sandies To Meet Corons Christi Saturday

2 FT. WORTH, (22)—For the sec-ond straight year the Fair Park 11 Stad'um in Dallas will be the scene of the championship game of the Texas Interscholestic League plan-off. The time will be Saturday afternoon at 2:20 o'clock and the contenders will be the Amerillo Sandies of District One and the Corpus Christi Buccaneers of Sector Sixteen.

Time, place and other details of

the title battle were decided at a meeting of officials of both schools

here Sunday afternoon.

At the gathering were W. A. Mc-Intesh, superintendent of the Amof the Sandies; Charlie Rogers, assistant superintedent and T. 7 Hull, faculty business manager 5 Coach Bobby Cannon, Assistant Coach Ray Berry and Principal M.

Fort Worth was the only other trong bidder for the game. At the outset it was apparent that both sides preferred a neutral field. Both Fort Worth and Dallas are about equal distant from the two cities. Several factors entered into the

decision. Coach Cherry and most of the Amarillo fans were adverse to playing in Fort Worth. They pointed out that Sandle teams have twice lost the championship in the T. C. U. stadium and are firm in their belief the field is a "jinx" for the sandstorm. That reason ap peared to cause the Amarillo delegation to agree on Dallas.

Coach Robby Cannon and the other members of the Corpus Christi delegation appeared to fav or Fort Worth but agreed on Dal-las when it was learned that the field there can be covered with a canvas in case of bad weather. Coach Cannon pointed out that his team can not, or has not so far, done much on a muddy, slick grid. The field cover appeared the one big reason for the Corpus Christi agreement.
