Adrian News

By MRS. GEORGE A. SYMS

The attendance at Sunday School was 48. There were no preaching services at the Adrian Church Sunday. Rev. L. E. Godwin, formerly of Vega, has accepted a call to the Groom Baptist Church, leaving the Vega and Adrian Baptist congregation without a pastor. Rev. Godwin and his family moved to Groom on Thursday of this week and will also resume his duties in connection with the Southwestern Public Service Company. The Oldham county communities regret losing Rev. Godwin and his fine family, but wish them the best in their new location.

Rev. D. W. Binkley filled his regular appointment at the Methodist church in Wildorado on the third Sunday. Due to the illness of Presiding Elder House, the second quarterly conference will be held at Wildorado for the Wildorado and Adrian churches next Sunday night instead of the third Sunday night.

The attendance Sunday night at Young People's meeting was 12.

The Adrian Parent-Teacher Association met March 11 in the school auditorium for their regular monthly meeting. The invocation was given by N. L. Jacobson. The minutes of the last meeting were read by the secretary, Mrs. C. L. Bogle. Various reports were given by the chairmen of different committees. The eighth and ninth grade home room receives the attendance picture for March. The speaker of the evening was B. L. St. Clair, State Highway patrolman, residing in Amarillo, who spoke on "Safety." In his talk he stressed educating the public (through the schools) for safety. He cited the five points to which the committee on highway regulations recommends pertaining to drivers' license, increase in highway patrol, increase in speed limit, change in drunken driving law, and a compulsory accident reporting law. The P. T. A. is very grateful to the Texas State Highway Department for sending such an able informative and interesting speaker on the subject.

"Know your School," the fourth talk in a series given by the Adrian school teachers, on the subjects they teach, was given by W. W. Lindsey of the science department concerning general agriculture, biology and general science. The Adrian male quartet composed of Messers E. L. Brown, V. E. Lemke, J. C. Baker, Jr., and Rev. D. W. Binkley, accompanied by Mrs. O. G. Calhoun at the piano, sang three numbers. Refreshments of jello, whipped cream, cookies and coffee were served to 35 in the Home Economics room by the Adrian School Board, represented

by Messers O. G. Calhoun, N. L. Jacobson and J. B. Monahan.

The Adrian Parent-Teacher Study Club met at the home of Mr. and Mrs. V. E. Lemke on Wednesday night. Mrs. E. C. Chapman presented the topic "Ships That Sail the Sea." W. W. Lindsey presented "War, What and Who Make It?", and Mrs. H. B. Maynard presented "Foreign Ports." Round table discussions followed the presentation of the topics. Those attending the meeting were Messers and Mesdames Frank Watson, V. E. Lemke, E. N. Jacobson, Byron Laminac, G. A. Syms, Mesdames J. B. Monahan, Alice Plumb, H. B. Maynard, E. C. Chapman, Misses Armenia Elliott and Lora Fay Clemons and Messers J. C. Baker Jr., W. W. Lindsey, Lorin Creitz and Rev. D. W. Binkley.

Eleven members completed the Study course and the average attendance at each meeting was eighteen for the course.

The Adrian school children enjoyed a vacation Friday while the teachers went to school at Canyon to the Northwest Texas Conference for Education, some of them remaining for the Saturday morning session. A number of the Parent-Teacher members attended the Friday meeting also. Those making the trip were Messers and Mesdames J. C. Baker Jr., G. A. Syms, Misses Armenia Elliott and Lora Fay Clemons, Mesdames Frank Watson, E. C. Chapman, J. B. Monahan, O. G. Calhoun and W. W. Lindsey.

The one-act play "Papa Said No," dress rehearsal last Thursday. The plot of the play is very unique, with laughs from start to finish. The play, along with two other plays, one each from Wildorado and Vega will be presented in Vega next Friday night to defray expenses of the all-county play day in April. "Papa" is played by Robert Chapman, the secretary by Vera Carlson, the young man by Guyeth Bogle, the daughter of papa's competitor, Josephine Barnett, and papa's daughter, played by Opal Miller.

A number of the children of the Adrian school are absent because of whooping cough. Grady Skaggs is ill with a bad cold.

Jackie and Edward Monahan, student sat Price Memorial College in Amarillo, had a part in the singing at the dedicatory services of the Chapel at the college in Amarillo on Sunday.

Program-Tea Is Highlight For Music Study Club Group

Members of the Music Study Club were entertained with a program-tea at the home of Mrs. H. L. Broadwell, president, Monday afternoon.

In keeping with the spirit of the day an Irish theme predominated the program and appointments for the tea. St. Patrick's Day reminders were everywhere. Mrs. Troys Carmichael, leader of the program, gave an interesting bit of information regarding the Irish background of the musical numbers presented. Included were a piano solo, "Malaguera-Lecuna" (Debussy) Mrs. Chas. Reeves; a piano number by Mrs. A. J. Schroeter, "Irish Air from County Derry" (Manney); a violin solo, "The Last Rose of Summer" (L'Auer) played by Mrs. A. C. Thompson; "An Irish Song" (Quinland) Mrs. R. P. Conaway; "Kathleen Mavourneen" (Folk Song), sung by Mrs. T. W. Roberson, Mrs. A. J. Schroeter and Mrs. Troys Carmichael; a vocal solo, "In the Green Hills of Ireland" (Teresa Del Riego), presented by Mrs. Carl Moutz and a chorus; "An Irish Mother's Lullaby" (Lang), sung by Mesdames S. P. Rosson, H. K. Fox, T. W. Roberson, C. C. Acker, A. C. Thompson, and Miss Eloyse Pitman.

At the conclusion of the program Mrs. Broadwell introduced the social hour by giving a fairy-tale version of the life of St. Patrick. Though the story was a nonsensical fabrication it brought out some of the truths of why the Irish people loved him, made him a saint and to this day celebrate his birthday. Then the hostess gave each member half of a shamrock on which was written a verse of an Irish song. By finding the missing half of the shamrock members found partners with whom to sing the entire song for the group.

The tea table was lovely in green and white with all ap-

pointments reflecting the Irish motif. A lace cloth over green, white and green candles arranged with white sweet peas, and shamrock candies and cakes frosted in green formed a festive scene to climax the afternoon's entertainment. Mrs. Jeff Gilbreath presided at the silver tea service and favors were tiny cardboard harps adorned the colorful cakes.

Attending were Mesdames C. C. Acker, J. E. Beyer, Troys Carmichael, Ellis Coombes, R. P. Conaway, C. H. Dyer, H. K. Fox, Jeff Gilbreath, Chas. Reeves, J. B. Jones, J. C. McCracken, C. J. Moutz, G. A. Let's Cook Something

Because of its excellent nutritive value sweetbreads should appear on the table frequently served both to grown-ups and to children. But because its name gives no indication of its nature, this meat delicacy is pushed aside for more commonly known varieties. Sweetbreads are found in the throat glands of calves and in recent years have become an important item of diet.

HOW TO PREPARE SWEETBREADS

Wash and soak in cold water for an hour. Drain and place in boiling water to which 1 tablespoon of lemon juice has been added. Allow to stand 3 or 4 minutes. Drain again and put in cold water again. Remove all fibers and the sweetbreads are ready to be cooked in any manner you like.

The simplest way to cook them, and wholesome enough for anyone, is to fry them in butter. Here is a recipe for Virginia Fried Sweetbreads that was the late A. W. Gregg's favorite. It has been in the family for years and during Mr. Gregg's later years his daughter, Mrs. W. E. Dameron, took great pride in preparing the delicacy for him.

VIRGINIA FRIED SWEETBREADS

Cut the sweetbreads in half lengthwise. Sprinkle with salt and pepper and roll in flour. Have melted butter hot, being careful not to burn it, and proceed to fry the sweetbreads over a moderate flame, turning every few minutes. Add butter if necessary. Place on a hot platter and serve immediately with tomato catsup, a relish or a sauce made of equal parts of lemon juice and melted butter.

Contract Games Are Enjoyed

Mrs. G. R. Lunsford was hostess to members of the Joustard Club at her home on McKinley Avenue Wednesday afternoon, March 12.

Green and white colors mark the refreshment course, with the floral accent further emphasizing the St. Patrick's Day theme.

Mrs. Wayne Evans was a special guest and score awards went to Mrs. Grant Fuller, high, and Mrs. Henry Sears, second high.

Enjoying the games were Mesdames George V. Stambaugh, Henry Sears, Grant Fuller, Meade Halle, J. W. Witherspoon, Sydney Maxfield, N. E. Milburn and Mrs. Evans.

Annual Affair Regales Group At Firemen's Hall

With W. C. Pitman as master of ceremonies the annual Fireman's Banquet furnished a good time and good food for a gay assemblage of guests made up of members of the fire department, wives of the fire department, their wives and members of the city commission. The annual af-

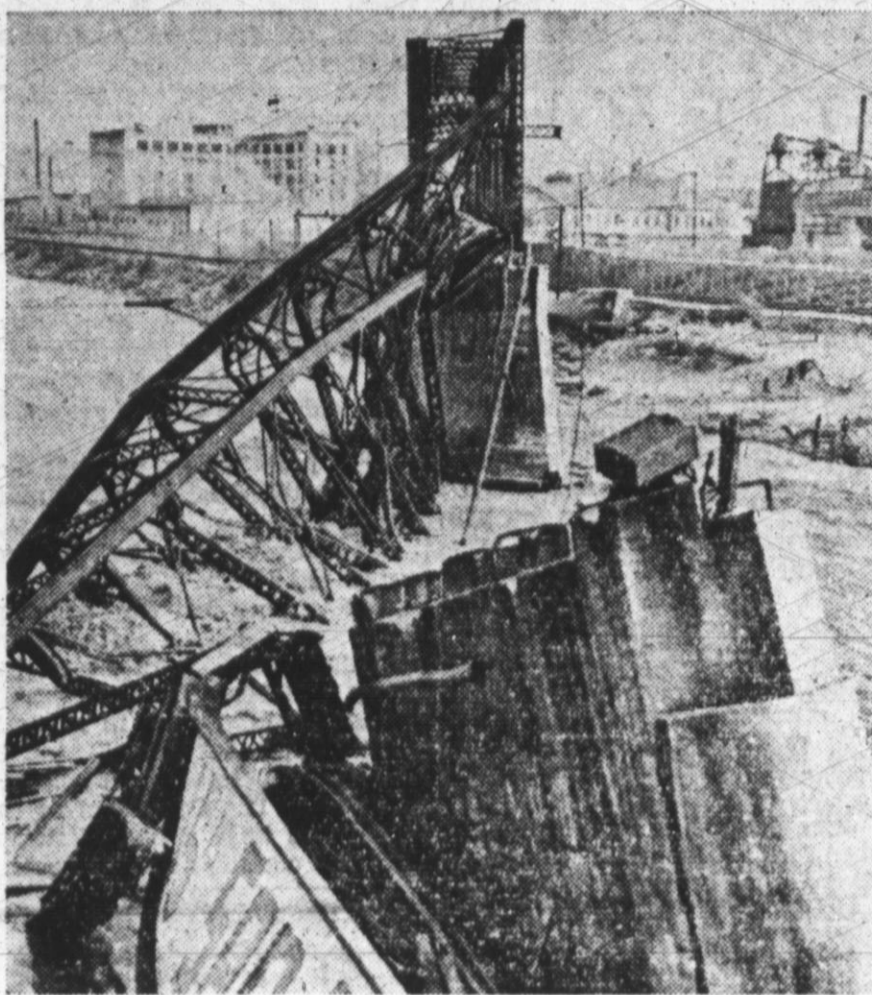

fair was held in the Fireman's Hall Wednesday night. Boyd Knox made all arrangements for food and other committees included Onias Carroll, Debbis Knox, Dick Howell, Babe Russell and W. C. Pitman. An informal program featured the entertainment with practically everybody in the house making a speech. Throughout the program, which followed the dinner, staid commissioners and heard their names treated in unkind, friendly terms, as laughter and nonsense reigned during the entire evening.

Dancing and games followed the feast and program.

Make Hotbeds Now for Summer Garden Blooms

Now is the time to plan hotbeds for your summer plants that need a long growing season. By seeding slow maturing plants now, in hotbeds while the weather is still cold, the flowers and vegetables will have a longer growing season before hot, dry weather begins. Miss Sadie Lee Oliver outlined plans and instructions for making hotbeds for home gardens at the Garden Club meeting held at the home of Mrs. Homer Brumley Friday afternoon. She described the way to build a hotbed and stressed the use of rich soil, also the use of disin-

Los Angeles Called It a 'Heavy Dew'

Lashing torrential rains have made this Los Angeles' wettest season in 48 years. The floods undermined and ripped out half of the Santa Fe railroad bridge (shown above) across the Los Angeles river, closing streets and highways with landslides. Hundreds of automobiles were stalled in floodwater.

fectants in the soil, saying, "Soil can be disinfected by making holes with a broom handle ten inches deep and 15 inches apart and pouring in 1-2 ounce of carbon disulphide. Step on each hole as soon as the material is applied. Then cover the surface with paper to hold the fumes and allow to remain unopened for three days. When the paper is removed, the soil should be well stirred. Seed should not be planted until two days later. A hotbed 6x6 will require 24 ounces of carbon sulphide."

Mrs. Homer Brumley led a discussion on "Our Problems," and after each member had drawn a rough sketch of her own premises, a consideration of individual problems followed.

Six new members were welcomed into the club. They included Mesdames W. N. Lemmon, Lyle Blanton, C. R. Smith, R. L. Borge, Liston Wilson and Roy Waggoner.

Others present were Mesdames W. A. Dobbins, E. Ramey, N. E. Gass, L. H. Shore, Art Manjeot, Ralph McCullough, Jim Lipscomb, E. T. Brooks, J. P. Slaton, Dennis Barnard, C. C. Cox, F. M. Kester, C. H. Dyar, F. H. Oberthier, Miss Sadie Lee Oliver, Miss Nella Jean Williams and the hostess.

Deep purple and orchid sweet peas suggested a spring motif in decorations augmented by other spring accents in appointments.

Prizes were awarded to Mrs. Sylvester Slagle, high for the club, Mrs. Judson Scaggs, high for guests and to Mrs. Urlin Streu, low.

Colorful refreshments were served to Mesdames Willis Edelman, Sylvester Slagle, Frank Huckert, Alton Miller, Ralph Hastings, Urlin Streu, and the special guests.

Interest Grows In Trees For Plains Region

Sadie Hatfield, specialist in Landscape gardening for the A. and M. College Extension Service, points out that in every section of Texas trees are needed for shade for the home, the livestock and poultry, and for windbreaks. In some of the wooded sections of Texas this natural protection is used and appreciated, she says, but on the coastal plains and on the plains of West Texas the need is still strongly felt.

On the western plains and in the Panhandle of Texas, hardwood deciduous trees are used in combination with pines and other evergreen trees. AAA appointments for hardwood trees are made at the rate of \$6 per acre. Among the trees well adapted to the semi-arid portions of the state are desert willow, salt cedar, elms, ash, honey locust, Russian olive, jujubes, and red cedar, as well as a western yellow pine and Austrian pine.

All of the species of trees mentioned can be found in thriving condition in Deaf Smith county. At this season, frequent requests for information as to prices and sources of such plant material are received.

Luncheon Is Given

An enjoyable luncheon entertained members of the Knitting Club on Wednesday of last week at the home of Mrs. W. J. Stanford.

More than 10,000 University of Texas men—allowing for duplication in more than one event—take part each year in the State School's program of intramural sports for "average athletes."

Training School Held On Zippers, Plackets And Darning, Saturday

On Saturday, March 15, six women from four communities met in the office of the County Home Demonstration Agent for the training school on zippers, plackets, and darning.

"Spit Curls" And "Built-In Headwinds" Are Cadet Slangage

"So I slapped the coal to that lead and zinc mine and reefed back at 3 g's, but it blubbered out in a spit curl like a box car with a built-in headwind."

Those words may sound as if someone were out of his mind, but no—they are regular "cadet language," or words which Flying Cadets put together at Randolph Field, Texas.

A student pilot, one of nearly 900 receiving basic flight training at the "West Point of the Air," appeared surprised when asked to explain this statement.

The Cadet was doing acrobatics. When he "slapped the coal to that lead and zinc mine," he meant he opened the throttle.

By "3 g's" he judged the pressure to be three times the apparent weight of the plane.

Remember the feeling when a fast descending elevator halts? Well, he felt that way at "3 g's," only worse.

The plane "blubbered out in a spit curl" is another way of saying that he went into a side slip before he reached the peak of the maneuver.

"Built-in headwind" is the Flying Cadet "slanguage" meaning a slow, cumbersome plane.

By "3 g's" he judged the pressure to be three times the apparent weight of the plane.

Mrs. Smith: "Bruce, dear, I see that Christine has the smallest apple. Did you give her the smallest?"
 Bruce: "Yes, ma, I told her she should have the smaller one or the one at all, and she chose the smallest one."

David Phillips: "That's a pair pair of socks you're wearing. One's red and the other's green. Are they all your own?"
 George Wilson: "Oh, no—I have another pair at home just like these."

Mr. Willoughby was trying to impress upon his class the advantages of "peace and disarmament."
 "How many of you boys object to war?" he asked.
 Up went several hands.
 Virgil Morton, will you tell these why you don't object to war?"
 "Cause wars make history."

Himmie Jones: "A wagon maker who had been dumb for a number of years picked up a hammer and spoke."
 Mickey Jones: "Yes, and a head carpenter on the same day reached out for a plane and saw, a deaf sheep rancher, went out with his dog and herd, a noseless herman caught a barrel oferring and smelt."

Juniors Undertake Balloon Blowing Task

"By the rude bridge that arch'd the flood, Their flag to April's breeze unfurled. Here once the embattled farmers stood, And fired the shot heard 'round the world."
 Well, it wasn't by the rude bridge—it was in the football team's meeting room. It wasn't the embattled farmer—it was some of the Juniors. It wasn't the shot heard 'round the world—it was the shots heard 'round the school.

It all began on the afternoon of March 11, when Miss Ramey and some of the Juniors betook themselves to the little room between the chemistry laboratory and the Physics Laboratory to fix placecards for the Junior-Senior Banquet. Some curious Sophomores peering in at the door thought the usually serious minded Juniors had suddenly gone crazy. They were all prancing around with a balloon in one hand and a whistle in the other. The onlookers began to wonder even more when Miss Ramey entered with some packages and a tire pump. But the Juniors would tell them nothing.

The fun really began when everybody started blowing up balloons. First one would pop in one corner, then one in another. . . . Everytime a balloon popped, Miss Ramey jumped and some of the girls squealed, but Don McCullough, the only boy present, just laughed (the brute!). When all the balloons were blown up (about 150), the Juniors started painting on them the names of the Juniors, Seniors, and teachers who were to attend the banquet. (They wanted to paint faces too, but Miss Ramey said, "No!")

After they were painted, they were hung on a string to dry; the room was locked and everybody left. At the Girls' Hi-Y, Tuesday night, there was much amazement and wonder when a series of loud pops began, but it was just some more of the balloons.
 After a check-up, Miss Ramey reported that many of the balloons had burst, and many were the size of light bulbs.
 The theme of the banquet was an air trip. We hope the airplanes were more reliable than the balloons.

Football Sweaters Given Lettermen At Banquet

Twelve members of the 1940 Whiteface football squad received football sweaters at the annual banquet Monday night. This honor climaxed an eventful season in which Hereford came out on top in the district.
 Those boys who received sweaters are J. W. Merrill, Charlie Hill, Lloyd Olson, Jack McCrary, Roy Saltzman, Roger Hartman, J. P. Jones, Cliff Vaughn, Harry Finck, O. G. Hill, Jack London, and Raylan Evans, manager.

The sweaters are changed from the usual style this year. Instead of the regular maroon knitted slip-over, the sweaters are grey jacket style. The title, "District Champs," is prominently displayed on each jacket.
 Six other boys were counted among the lettermen but because they had received sweaters before, were not given them this year. Instead, they each received a small golden football for their efforts. They are Henry Ford, Leonard Johnson, Harold Loerwald, Joy Worley, Ewell Fox, and Joe Brock.

"Don't Take My Penny"

I'm Here again,
 The Junior-Senior Banquet is over and what a banquet!!!! Of all the pretty dresses! The wonderful eats and the amusements and the short talks and the poppy balloons and everything (including the lovely dance!) Did you notice Miss Foster's bright orange and black pillow at the banquet; Miss Crawford going in circles; Miss Rigler turning all colors because she didn't want to go around the tables; Donald Ray McCullough singing "Mary had a little Lamb"; and Calvin Brumley getting all of the teasing?
 Charlie Hill and Ruth Temple Hastings, Vesta Mae Landers and J. P. Jones, Harold Loerwald and Momy Albracht, Raylan Evans and Troyce Stambaugh, O. G. Hill and Rachel Ireland, Jack London, and Lois Agnes Gilbreath, Roger Hartman and Louise Lance, and Georgianne Miller and J. W. (Red) Merrill are just a few of the numerous students that were dated up for the Football Banquet.

The freshmen finally learned how to spell Massachusetts!!! Such persons as Louise Henderson, George Wilson, Herman Buse, Bobby Jennings, Bob Morrow, Murry Hall, and Lloyd Olson spelled it after school several times one afternoon. If you ever want to know how to spell it, you know where a good source of information is.

"Maggie" Miller has been making the habit of dating two different persons in the same night. Also, did you see her two friends here from Amarillo? F. L. Lucas and Hicks Roberson can tell you all about them! Robert Teter is very amusing to the girl mentioned formerly in this paragraph!
 I've told too much now, so I had better hush.

Student Body Hears Address On "Crime"

The Rev. James J. Daly, pastor of St. Anthony's Church at Dalhart, addressed the high school student body last Wednesday on "Crime: Its Causes and Cures."
 Father Daly has taken crime prevention as his hobby, and the pursuit of his avocation has taken him to all the larger prisons in the United States for a study of criminal personality. He is especially interested in youth and the problems that lead many of them to commit crime. He has had several boys paroled to him. Some causes of crime, he said, are junk dealers and second-hand stores buying stolen goods from boys, gangster movies, poor environment, and lack of religious training.

By Jimmie Gillentine

What did you think about the idea of Hereford, Texas coming to the assistance of Hereford, England? Down here at The Brand office we think it is a swell idea. We even believe that folks here will show an enthusiastic response and create a nation-wide movement.

There are hundreds of towns in this country which have names taken from cities and towns in England. We are going to send some pictures and write-ups to Associated Press, when the Hereford drive gets underway, and the movement may spread like wild-fire. Certainly,

we owe Mr. Collins a word of thanks for his letter. Somehow, there isn't much question but that the Hereford folks will want to contribute to this drive—and if we all just do what we can, it will be a big thing. Hereford should send at least \$500 to Hereford, England. Maybe more. If every person in this territory gave a dime, it would figure around that much—and we already have a \$5.00 donation on the list.

Voluntarily, the people here donated around \$250 for Finnish Relief, and goodness knows those folks in England need our help. If we could help them to buy just one anti-aircraft gun, we might save many lives. Let's show the people of Hereford, England that we appreciate the way they have buckled down and faced hardships during the past year. Take your donations to The Brand office or to either of the two banks.

I don't know if it is the spring weather or this Vitamin B-1 bread I have been eating, but I have been feeling fine all week. I even shaved three times—and

Black Out Is Ordered For Hereford

7215 Concord Ave.
Dallas, Texas

The Editor
Hereford Brand
Hereford, Texas
Dear Sir:

I have been a resident and voter of Texas for several years, keenly interested in Hereford, Texas, your Hereford cattle, Hereford potatoes and other crops, and last but not least, your Hereford citizens, several of whom I had the pleasure of meeting at your outstanding exhibit at the State Fair in Dallas, last fall.

This interest has been prompted largely by the fact that I was a resident for many years, of Hereford, England, a beautiful city of about 25,000 people in the west of England. This city is the county seat of the County of Hereford, or Herefordshire, is the home of the world famous white faced Hereford cattle, has an ancient cathedral that antedates the Norman Conquest of 1066, and many other beautiful and historical features.

Hereford, England, at the present time is going thru all the stress and inconvenience of war-time, with its black-outs, rationing, camps and war work of all kinds.

At this time, when America, and Texas, is doing so much to help and encourage the British in their plucky fight, a message of greeting and good cheer from Hereford, Texas to Hereford, England, would be greatly appreciated, I'm sure. Your contemporary, The Hereford Times, Mayford St., Hereford, England, enjoys a large circulation over there, and is a fine paper, founded nearly 230 years ago.

Hoping this little suggestion meets with your approval, and with best wishes to The Brand, and to Hereford, Texas.
Respectfully yours,
A. COLLINS.

that's unusual. I guess it's general, too, because W. C. Pitman has been going around with a big grin and Ralph Roden was away from the store for six hours Tuesday. While the bulk of such funds will be gained through individual donations, organizations and clubs are also asked to join in the drive. Donations from all sources will be credited and will be sent for the relief and defense of Hereford, England. All persons taking part in the drive will donate their time.

Since the Hereford breed of cattle originated in Hereford England, the local Hereford Breeders Association is also expected to take part in the drive. If the people of this community respond as we believe they will we may also see a "Hereford, England, Day" in Hereford, Texas.

Don't delay. Let's show the people of Hereford, England that the people of Hereford, Texas, are worthy of the name which this community bears.
