

UNCLE RAY'S CORNER

Today we have several questions about armadillos.

Q. Are armadillos fierce and dangerous?

A. Hardly that! They are, in general, timid animals which run away from people.

The usual hiding place is a hole. If an armadillo sees a human being in the distance, he is likely to start to dig. If the ground is fairly soft, the animal may make a hole big enough to hold him in half a minute.

Q. What do armadillos eat?

A. Insects are their favorite food. They invade ant nests and the homes of termites. They also eat field mice, the eggs of birds, even snakes.

During a visit to South America, a British scientist saw a six-banded armadillo attack a snake, and described the affair in this manner:

"The armadillo rushed on the snake and soon began to saw it into pieces. It pressed on the reptile with the jagged edges of its armor. At the same time its body moved backward and forward. The snake struggled in vain. Its fangs failed to injure its attacker. Before long the snake was swallowed, tail first."

Q. Which is the largest kind of armadillo?

A. The great armadillo, found chiefly in Brazil, it has a body three feet long and a tail with a length of 20 inches.

Q. Which armadillo is the smallest?

A. The fairy armadillo of Argentina. Some full-grown members of this group have a length of only five inches.

This little animal has thin, pink-colored plates with bits of white hair between the plates. The rear of the fairy armadillo is covered with a round shield, and this provides special protection when a hole is dug. The round shield plugs the hole and a pursuing enemy is blocked.

Tomorrow: Climbing Animals.

Baltimore Picks Mayor

BALTIMORE (AP)—After a colorful campaign featuring a parody of the Davy Crockett ballad, references to baseball and charges of bossism, Baltimoreans choose their mayor today.

About half of the 400,000 eligible were expected to vote on whether Democrat Thomas D'Alesandro should get a third straight four-year term or be replaced by Republican Samuel Hopkins.

In the last 28 years, D'Alesandro has been elected to the State Legislature, City Council and Congress. He has never lost an election.

Hopkins, a 41-year-old widower and bank official, had the backing of the Baltimore Sunpapers. Four years ago he was the only Republican among 42 state legislators from Baltimore, where Democrats hold a 4-1 edge in registration. He lost a later run for Congress.

Hopkins' campaign was much of a campaign to improve the city in the street and school systems, construction of Friendship International Airport and rebuilding of Memorial Stadium.

In connection with the stadium project he emphasized his efforts to get the Baltimore Orioles into the American League and to regain the city's franchise in the National Football League.

Hopkins charged that the mayor had let political bosses mismanage the city's \$10-million-dollars program for off-street parking.

The Davy Crockett touch was added by a female octette wearing bisonskin caps and singing "S-a-a-mmy, S-a-a-mmy Hopkins" to the tune of the ballad from the Walt Disney television program.

Resident mayor, the voters also elected 20 City Councilmen, a Council president and committee heads to be elected by Democrats during the last term.

Albert Lee Green Rites Set Today

Albert Lee Green, 40, who was laid to rest in the City Cemetery here Tuesday afternoon following the rites at the Valley Chapel with Dr. F. D. O'Brien, pastor of the First Baptist Church, officiating.

Mr. Green died Sunday morning in a hospital here where he had been under treatment for approximately a year. He came here from El Paso, where he had lived about six years.

Survivors include his brother, Raymond Green, El Paso; his father, John D. Green, Kaufman. Services were set for 1 p.m.

Clothing Pick Up Postponed By SA

Pick up of clothing by the Salvation Army, normally done on Monday, has been delayed due to utilization of the corps equipment elsewhere.

For the present time the station wagon and other equipment is at Lake A. B. Thomas where coffee and sandwiches are being served to volunteer rescue workers dragging the lake for a body. As soon as the equipment can be released there the pick ups of clothing here will be made.

Meanwhile, El Robert Hall urged that those who have used clothing to donate bring it by the Dora Roberts Citadel if possible. Clothing is needed badly in many instances and donations of it will be utilized promptly.

Paducah Man Dies In Hospital Here

Body of Lewis Renfro was to be taken to Paducah on Tuesday afternoon for final arrangements.

Mr. Renfro died at 5:20 p.m. Tuesday in a hospital. He had come here Oct. 12, 1954 for treatment. He was a native of Paducah, having been born there Oct. 31, 1911, and he was a veteran of World War II. Survivors include his widow. The remains were at Valley Funeral Home and will be taken to the Norris Funeral Home in Paducah.

Chamber Directors Hear Of Road Plans And Soil Awards

Chamber of Commerce directors got word Monday that Howard County had started acquiring right-of-way for the Elbow-Lexing road.

They also got appeals for support of the trip to Gail Tuesday evening for another of the neighborhood appeals, and to support the Region II soil conservation awards here Friday evening.

This being Chamber of Commerce Week in Texas, they also got a reminder of what a chamber can or might do. Speaking on this point was Joe Pickle, a past president of the organization.

Jake Roberts, Abilene, district engineer for the state highway department, said that initial roadways on the southwest Howard lateral was now being secured. As soon as deeds were available, the project will be contracted, he said.

Meanwhile, the state highway department and the county are locked in a dead race on U. S. 80 freeway east of Big Spring to the Mitchell County line, he told directors. The department is trying to complete plans and the county to secure right-of-way in time for a July letting.

"We hope it's a tie," he told directors.

W. S. Goodlett, district conservationist for the Soil Conservation Service, urged attendance at the "Save the Soil and Save Texas"

HOSPITAL NOTES

BIG SPRING HOSPITAL
Admission: Massey Pounds, Odessa; Brenda Kay Wood, Hill NW 2nd; Yvonne Miller, Hill NW 2nd; Bill Younger, City; Carmel Corrales, City; J. A. Moss, Fort Worth.

Discharge: Mary Martin, Fort; Dorothea Turner, 131 E. 17th; Ella Salyers, 404 Washington; Letta Pirkles, Rt. 1.

Teen-Agers Held As Burglary Suspects
Two 17-year-old Big Spring boys, arrested in a service station at 100 W. 2nd Saturday night, are being held in county jail for investigation of burglary.

Juvenile Officer A. E. Long said the pair may get hearings in the county juvenile court. If not, he said, their cases will be investigated by the grand jury after they become 17 years of age—in about three months.

Police arrested the boys Saturday night after a neighbor reported seeing someone enter the service station, which was closed.

Recruiter To Visit
T-Sgt. Jack Deaton of the U.S. Marine Corps will be here on May 10 to interview young men concerning enlistment in the corps. Sgt. Deaton is to be at the postoffice building from 9 a.m. to 1 p.m.

Confederate Pension Bill Would Aid 380

AUSTIN—A special group of 380 pensioners—the sole remaining Confederate veterans in Texas and the widows of Confederate veterans—would get their monthly checks from the state doubled under a bill by Rep. Horace Jackson of Atlanta.

The bill has cleared the House committee and now is ready for floor action.

The one surviving Confederate veteran, Walter Williams of Franklin, now gets \$100 and his wife gets \$50 pension. Widows of the Civil War fighters get \$100 if they do not live in the Confederate Home, \$25 if they live in the home. Jackson's bill would increase this to \$200 and \$50 per month.

The bulk of the Confederate fund, which now has a \$5 million surplus, will be put to use in building a state court and office building, under a constitutional amendment approved by voters last year. Enough will be left, however, to assure the pensioners of their checks.

These checks now run \$36,000 monthly, Jackson said. So the increase of that much would not hamper the building program.

The Confederate list is dwindling fast—24 have died since the first of the year.

In support of the bill, Jackson has a list of House members by legislative districts.

Among the Confederate widows in West Texas are:

Midland, Mrs. Dora F. Dozier, 1602 S. Blvd., 86; Mrs. Lucy P. Lyles, 79 W. Louisiana; Mrs. W. Dunn, 84, 701 W. Michigan. Ft. Stockton, Mrs. Rebecca Hull, 91.

Rotari, Mrs. Blanche Adair, 94 Sweetwater, Mrs. Lucy M. Moore, 89, 210 E. Ave. B. San Angelo, Mrs. Corene Ford, 26, of S. Washington.

Four County Court Fines Total \$425

Fines in County Court Monday and Tuesday morning totaled \$425 as four persons entered pleas of guilty to various charges.

Walter Frankie Griggs today was fined \$75 when he pleaded guilty to charges of driving while intoxicated. He also was assessed a 12-day jail term which he already had served. The charges were filed April 22 and Griggs has been in jail since that date.

Vernon Lanter was fined \$150 this morning when he pleaded guilty to charges of carrying a pistol. He was arrested in south-west Big Spring early Sunday morning after Deputy Sheriff Miller Harris chased a man who had been firing a gun southwest of the city.

Fined \$100 each Monday were Sammy Hendrix and Edward E. Banks. Each pleaded guilty to charges of carrying a knife.

Policeman Named In Damage Suit

A suit for damages has been filed in District Court against City Policeman Perry Chandler.

Houston, H. Love alleges in the suit that he neglected on the part of the officer contributed to the loss of Love's automobile last Nov. 8. Love said in his petition that he was arrested by the officer on the northwest Big Spring on Nov. 8. He said he had gone to that section of town in search of cotton pickers that he drank some beer and played shuffleboard in the Top Hat Cafe, and that he later was arrested in the night.

Love claims he was released early the next morning without charges being filed and that he discovered his automobile had been stolen during the night. Chandler was negligent, he alleges, in permitting the car to remain parked during the night in the 300 block of Northwest Third Street. The vehicle was worth \$700. Love claims judgment for that amount is asked.

United Industries Salesmen To Meet

Salesmen for the United Industries Underwriters will meet at 8 p.m. today in the Garden Room of the Twin-Cafe for an important sales meeting.

Tom Stilton, president, said that this was in response to a decision by the board of directors to concentrate on an intensive sales effort in setting the stage for further developments. One of the most important is the activation of the United Industries Life Insurance Company, for which a charter has been granted.

More than a score of representatives from Big Spring, Stanton, Lamesa, Snyder, Colorado City and Sweetwater are expected here for the party, said Stilton. The sales campaign will be pressed especially between now and June 15 when quoted prices of shares will be raised.

HCJC Election Results Canvassed

Results of Saturday's \$600,000 bond issue for expansion of Howard County Junior College were canvassed officially at a brief meeting of the board Monday.

Trustees found the results were the same as tabulated in the unofficial count, 615 favoring and 195 against. The result of the approval of the increase in the tax rate limit from 50 to the new top of 60 cents was the same, 523-215.

Meanwhile work is going forward on the final plans and should be completed within two months. By that time trustees hope to have marketed bonds and to call for bids.

Big Spring-Coahoma Water Talks Slated

Discussion will be held at 5:15 p.m. today at the City Hall concerning the cost of installing a 20-inch water pipe in East Big Spring.

City commissioners will meet with directors of the Howard County Water Control and Improvement District to determine how much money the agencies they represent should pay for installation of the pipe.

The huge pipe will serve various additions in the eastern sector of the city as well as Coahoma.

New Fishing Method

DAYTON, Ohio (AP)—Fifteen-year old Alan Herms had a new method of fishing. He scooped a four-pound, 13-inch largemouth bass yesterday from a water-filled gravel pit with a bucket.

Walks Again

Mrs. Anna Williams of Wichita Falls, who has been confined to a wheel chair since 1951 as a result of an auto-train accident at Moore's walks again. Mrs. Williams said she contracted polio twenty months after the accident, paralyzing her from the waist down. She stands with her husband, Air Force Sgt. W. R. Williams after showing aside her wheel chair.

Spotlight—And Pressure—On State Senate

AUSTIN—The spotlight and the pressure is on the Texas Senate this week, the last full week of the regular session.

The big thing is the tax program. The House has passed it, and now the Senate must make up its mind. The Senate State Affairs committee, headed by Sen. Dorsey Hardeman of San Angelo, began its work on the money bill Monday.

West Texans serving on that committee with Hardeman are Carlos Ashley of Llano, George Moffett of Chillicothe, David Ratliff of Stamford and Wayne Wagoner of Bowie.

Telegrams, letters, postcards and telephone calls poured into the Senate over the weekend on tax matters.

The House pegged the gasoline tax increase at one cent. There are those who still hold out for two cents since the one-cent hike won't cover the program the Highway Department wants.

The House tacked on a tax on snuff, chewing tobacco and smoking tobacco. Swarms of postcards and letters came to the Senate, "poor folks' tax."

The House hiked beer license fees, but eight times turned down increases in tax per bottle. There's pressure on the Senate to up the beer tax—and there's pressure to hold the line.

The House added a tax on trading stamps which has brought down loud protests, largely from housewives.

The House held the gas production tax at 8 per cent, rather than allowing it drop to 7 per cent as the present law provides. Gas producers and royalty owners don't like this.

Such are the matters the Senate must decide. What they decide will probably determine the length of the session, since the House must act on the whole thing before it goes to a conference committee.

Several other "smaller" bills will keep Senators busy this week. The Trinity River bill still reposes in a Senate subcommittee, but it might make its appearance any time. The Senate water committee, which has the bill, is scheduled to meet Tuesday night.

Polio Vaccinations Given To 80 Today At Make-Up Clinic

Approximately 80 first and second graders received polio vaccine shots this morning at the Big Spring-Howard County Health Clinic.

Most of the shots were "make-up" doses given to pupils who missed the vaccinations given in April. Sixteen of the boys and girls who are moving from the city received their second shots, however.

Second shots for all the first and second grade pupils will be given on Tuesday, May 17, at the First Presbyterian Church.

Common Man's Role In Politics Talked

The American Heritage discussion group held its bi-weekly meeting last night in Howard County library. Topic was the role of the "common man" in politics.

Special attention was given to his stronger voice in the political arena.

Topic for the next discussion set for May 16, will be America as an imperialist power. Interested persons are invited to attend.

Woman Is Charged With Felony Theft

Felony theft charges were filed in Justice Court Monday against Geraldine Devoe. She posted \$2,000 bond and was released after waiving examining trial.

She was charged with theft of \$120 from L. C. Gentry last Saturday. She was arrested by city officers Saturday and was transferred to county authorities during the weekend, after being fined \$100 in Corporation Court on vagrancy charges.

County Attorney Is Seeking Secretary

The Howard County attorney, Harvey Hooser, is looking for a secretary for his office.

Mrs. Doris Saylor of Brady accepted the position two weeks ago following the resignation of Mrs. Marylene Weir who held the post for 2 1/2 years. She resigned Saturday, however, to return to Brady.

Abilene Assignments

Ex-servicemen who enlist in the Air Force may elect to be stationed at Abilene AFB, according to recruiter Sgt. Cecil Deakins. In order to be stationed in the area, the prospective recruit must request the station and in all probability will be assigned to Abilene, Deakins said. Interested persons may discuss the prospects with Sgt. Deakins in the basement of the post office. He is in Big Spring each Tuesday.

Fines Assessed

A man was charged with drunkenness and abusive language in Justice Court Place 1 this morning. He pleaded guilty to both charges and Justice Walter Grice set his fines at \$15.50 on each. Two men charged Monday with drunkenness paid fines of \$15.50 each this morning after entering guilty pleas.

Suspect Is Held

A man is being held by police on suspicion of burglary. He was arrested about 12:30 a.m. today at the Casa Grande Cafe. The establishment is a half block from where it is alleged a burglary occurred in Big Spring. Charges are expected to be filed in Justice Court.

Howard, Neighboring Counties Get Oil Well Locations Today

Area locations were spotted today in Borden, Sterling, Scurry, and Howard counties. A discovery was logged in Coke County, and a stepout to Dawson County's Spraberry field was finished.

Forest No. 1 Love is the stepout which extended the Spraberry production. Potential was 147 barrels of 35.5 gravity oil, and recovery was 42 per cent water.

Blanco Oil No. 1-47 Canon is to be a new Jo-Mill project in Borden County, and the new Sterling County, try will be Harris and Walters No. 2 McIntire, in the Durham field.

The Howard County venture will be in the Moore field. It is Daniel and Clark No. 4 Tubb-Wilcox.

In Scurry County, McLaughlin No. 1 McLaughlin Fee and Belmont No. 2 McLaughlin will be drilled in the Diamond M field. Robertson No. 7 Shell-Wellborn is to be in the Sharon Ridge 1700 area.

Humble No. 2 Weaver is the coke discovery, having made 185.5 barrels of pipe line oil on 20-hour potential flow.

Mitchell

Gulf No. 1 Chappell, C. NW SE, 20-18-SPRR survey, reached 6,963 feet in shale. This wildcat is 10 miles southeast of the Albaugh field and 24 miles south of Colorado City. It is slated for depth of 8,500 feet.

Union No. 1 Wallace, C. NW NW, 34-12-H&TC survey, hit 4,225 feet. Location of this prospector is 3 1/2 miles southeast of Colorado City.

Nolan

Union No. 1 Daniels, wildcat, made 28.5 barrels of oil and 18 barrels of acid water in seven hours after treatment with 1,500 gallons of mud acid. It also made 49 barrels of oil in 14 hours through a quarter-inch choke. Tubing pressure was 80 pounds, and gravity was 43.6 degrees. Gas-oil ratio measures 395-1.

Brennan No. 1 Cook is drilling at 6,382 feet in shale, sand and lime.

Pecos

Blanco and Jones No. J-B, Williams is to be a Pecos County wildcat about five miles southwest of Grandfalls. It is slated for 2,500 foot depth by rotary. Drillite is 990 from south and 2,310 from west lines, 84-A-H&TC survey.

Scurry

Felmont Oil Company No. 2 C. T. McLaughlin will be a venture in the Diamond M (Clear Fork) field about nine miles southwest of Snyder. Drilling will be to 3,400 feet and estimated elevation is 2,335 feet. Location is 1,849 from south and 330 from east lines, 179-7-H&TC survey. It is on a 412.85 acres lease.

French M. Robertson No. 7 Shell Wellborn, about four miles southeast of Ira, will be drilled by cable tools 6,199 feet. Elevation is estimated at 2,233 feet. The 120 acre lease is located 990 from south and east lines; 102-97-H&TC survey.

C. Y. McLaughlin's No. 1 McLaughlin Fee will be a project in the Sharon Ridge 1700 field about 10 miles west southwest of Snyder on a 160-acre lease. Drilling will be by rotary to 3,400 feet from elevation of 2,850 feet. Drillite is 990 from north and 330 from east lines, 479-7-H&TC survey.

Dawson

Ray-Harris No. C. J. J. Jester, wildcat about five miles southeast of Lamesa, is drilling below 7,400 feet, in lime today. A well was made in the Spraberry from zone between 6,660 and 6,959 feet with the tool open four hours. Recovery was 566 feet of slightly gas-cut mud. Flowing pressure was 320 pounds, and the 30-minute shut-in pressure was 1,400 pounds. Drillite is 660 from south and 830 from west lines, northeast quarter, 34-34-5-H&TC survey.

Forest No. 1 Love, east stepout to the Spraberry field, has been completed for a 24-hour potential of 147 barrels of oil. Recovery was 42 per cent water. The gravity measured 35.5 degrees, and the flow rate was 530-F. Total depth is 7,827 feet in Spraberry lime, and completion was from perforation between 7,339 and 7,269 feet and between 7,382 and 7,332 feet. This venture is 2,300 from south and 2,000 from west lines, 43-33-5-H&TC survey. It was listed as a wildcat of Railroad Commission filings and is about a mile east of the Spraberry field.

Howard

Chaya No. 1 Buchanan, wildcat

Competition Gets Noisy

MEMPHIS, Tenn. (AP)—Reports of murder and violence sent shrieking sirens last night to compete with editor Hodding Carter's criticism of white supremacy citizens councils in Mississippi.

The noisy arrival of a fire engine squad cars, a Navy shore patrol wagon and two ambulances—summoned by false alarms—interrupted Carter's talk before the Memphis Public Affairs Forum.

The forum was held at the YWCA. "It's clear that some people had it in for Mr. Carter and just wanted to make trouble," a YWCA official said.

The series of telephone calls, falsely reported a fire, an accident, a shooting, a murder and a riot.

Carter, editor of the Greenville (Miss.) Delta Democrat-Times, said the recent growth of citizens councils in his state is "dangerous and unwholesome" and threatens to create a "shadow legislature."

The councils were formed to fight, with economic pressure, any move to back up the Supreme Court's ruling that racial segregation in public schools is unconstitutional.

Carter said he opposes any sharp change in Mississippi's school system, but feels the councils' use of "economic terrorism" to maintain segregation "is not worthy to be called American."

east lines, northwest quarter, 3-T, T&P survey.

Sunray No. 1-B Copeland is drilling at 4,220 feet in lime and shale. Location is 660 from north and east lines, 199-2-H&TC survey, about seven miles northeast of Sterling City.

Alvon Oil and Gas Company and Midwest Oil Corporation No. 1 Collins is drilling at 7,313 in sand. Drillite is six miles east of Sterling City and eight miles south of the Fuller No. 1 Davis, a Strawn discovery. It is 660 from south and west lines, 31-W-T&P survey.

Robert Wood No. 1 Probbie Morgan is drilling in shale at 6,292 feet. Location is 2,139.8 from south and 467 from east lines, 172-2-H&TC survey. This wildcat is nine miles northeast of Sterling City and two and a half miles west and north of the opener in the Jameson Southwest (Strawn) field of Northeast Sterling.

Union No. 1 Daniels, wildcat, made 28.5 barrels of oil and 18 barrels of acid water in seven hours after treatment with 1,500 gallons of mud acid. It also made 49 barrels of oil in 14 hours through a quarter-inch choke. Tubing pressure was 80 pounds, and gravity was 43.6 degrees. Gas-oil ratio measures 395-1.

Pack this Vacation with Extra Pleasure

BY USING GREYHOUND'S FREE VACATION PLANNING SERVICE

MAKE SURE you see all the most interesting sights, go all the most interesting things, at the places you visit during this vacation—by having Greyhound plan your trip! You'll have lots more fun—you'll eliminate the bother of handling details—and you receive this extra service at no extra cost!

Just tell Greyhound... and Greyhound will do the rest!

1. Where you want to go.
2. How long you plan to be away.
3. How long you plan to be away.
4. How much you want to spend.

If you haven't decided yet, Greyhound will be glad to supply travel literature and suggestions on vacation areas in all 48 States, Alaska, Canada, Mexico, and Cuba.

1. Prepare a complete day-by-day travel plan, tailor-made to fit your time, your budget, and the places you want to visit.
2. Make hotel reservations for you.
3. Arrange sightseeing trips that enable you to see the largest possible number of points of interest during your visit on any given day.
4. Prepare tickets covering transportation for the entire trip.
5. Provide complete Vacation Tours.

FREE FOLDERS

For information and free folder please check here you are interested in and mail coupon to: Dept. 4444, Greyhound Lines, Inc., 1000 North Dearborn Street, Chicago, Ill. 60610. Many different lengths and costs from listed here will be arranged. Money returned to checkers from:

—CALIFORNIA	8 Days \$9.50	—COLORADO	6 Days \$7.50
—FLORIDA	15 Days \$17.50	—PACIFIC N.W.	11 Days \$10.50
—MEXICO (EAST)	14 Days \$16.15	—NEW ENGLAND	11 Days \$10.50
—GULF DEEP SE.	8 Days \$6.15	—ALASKA	6 Days \$10.00
—N.Y. WASH. D.C.	11 Days \$17.00	—EAST CANADA	11 Days \$10.00
—SMOKE MOUNT.	8 Days \$10.45	—CAN. ROCKIES	11 Days \$10.50
—CHICAGO	7 Days \$5.15	—YELLOWSTONE	8 Days \$9.15

Jess Talkin

by Jess Blair

Hila Weathers is leaving Stanton. Someone who never heard of her is likely to read this and say, "So what? People leave town every week and no one misses them."

This is different, Mrs. Weathers will be missed very much, both as a fine chamber of commerce manager and as a sincere, likable person whom the people of Stanton have adopted as one of their own.

Since coming to Stanton four years ago, she has been instrumental in bringing about many civic improvements and in attracting new businesses. The chamber of commerce has sponsored livestock shows, promoted agriculture, brought a bottling plant to Stanton and helped make the place an up-to-date, progressive town.

Mrs. Weathers left her job Saturday at noon, but intends to do some visiting at San Marcos, Leonard, Greenville and other Texas towns where she has worked or has relatives. Then she is going to join her husband at Van Nuys, California.

He had a heart attack in Stanton and was forced to move to the West Coast because of his health. Since then he has obtained a good position with Lockheed Aircraft Company, and is in much better health.

Mrs. Weathers says she isn't leaving Stanton because she wants to. "I like to live here and I love the people of Stanton, but my husband is so much better in health and spirits than he was here that we think it best to make our home in California."

Her position is being taken by Ed L. Davis from Lamesa. Davis was an executive officer of the National Guard and has had experience in personnel work.

Irrigation farmers who plant alfalfa in this area are taking a chance on losing a crop because of the yellow clover aphid. This is a new insect that came into the Pecos and Rio Grande valleys last year and has brought alfalfa production to a standstill. Last fall it made its way to Lovington and Hobbs, then into the alfalfa fields north of Lubbock.

Farmers around Lovington are plowing up their alfalfa and putting the land to row crops. The insects build up so fast that the field must be plowed every week. One farmer near Carlsbad partly controlled the aphids last year but said he spent more for poison than he got for the alfalfa crop.

The insects ride the breeze much like an army worm moth, and seem to have an unerring instinct for alfalfa. Some experts say they might be in this area before fall. Luckily the aphids have not yet developed a taste for any crop but alfalfa.

J. T. Scott, Lamesa feed dealer, says Dawson County has more hogs now than during the last two years. The increase has been brought about mostly because of the fine records made by club boys with pigs. He says there are practically no turkeys on the farms and very few chickens. The long drought during which there were no pastures or feed caused farmers to sell off their livestock and poultry.

Scientists meeting at the Afla Land Symposium in El Paso do not think the drought is broken at all. Some of them think the dry cycle will continue for a number of years, meaning that while some years may be wet, the average rainfall will be less than

Woman, 72, Seeks Release Of Priest Son

CHICAGO (AP) — A 72-year-old woman is taking her first airplane trip today—in the hope it will bring about the release of her son from a Chinese Communist prison.

Mrs. Addie Rigney has appointments in Washington with Illinois congressmen and a deputy undersecretary of state to discuss the government's efforts to obtain freedom for her son, the Rev. Harold Rigney, from a prison in Peking?

Father Rigney, a 53-year-old Roman Catholic priest, is one of 27 American civilians reported still held in Chinese Communist jails. The sector of the Catholic Fu Jen University in Peking since 1946, he was jailed by the Communists four years ago.

Mrs. Rigney's daughter Mrs. Mary Anne Hanley said her mother is hoping to accomplish his release. She hopes her trip will cause the State Department to increase its efforts to get him released. She always was afraid to fly. But when it came to this trip she did not say she was afraid.

Late today, Robert Murphy, deputy undersecretary of state, will tell her what has been done and what is being done by the government to effect the release of her son.

174 Workers Put On Jobs In April

The local Texas Employment Commission office placed 174 local workers during April, according to Leon Kinney, manager.

The office received 163 new applications and notification of 185 openings in local businesses. Kinney said 241 persons were referred to the employers listing openings. There are 572 applications now on file in the office, he said.

There was seven placements made in agricultural work for the month. Of the 174 non-agricultural placements, 53 were in private household positions, 50 in wholesale and retail trade, and 26 in construction work.

The manager said there were 473 claims filed for unemployment compensation payments in April.

Sells Life Cheap

PAINTSVILLE, Ky. (AP) — Robert Baldrige, 24, was sentenced to life for taking 45 cents from a man in an armed robbery. He had previously served a term for stealing and cashing postal money orders.

Not For Her

GASTONIA, N.C. (AP) — Six-year-old Linda Hoffman ran out of her house to see the shiny fire trucks passing by in Gastonia's Safety Week parade. She fell and broke her arm. Her father Kermit Hoffman was chairman of the committee which arranged Safety Week.

LETTER TO EDITOR:

Says Tougher Punishment Needed For Hot Checkers

To the Editor: The question . . . too tough! . . . too easy?

We read daily in the papers of Juvenile delinquency, how parents and the law are too "tough" on juveniles and parents who have been so lax they have been given blame for the "misdeeds" of their children. None of us are gifted with the ability and foresight to know how to cope with all problems of delinquency. Most of us are too busy making a living to do more than read about "John Doe's" son being arrested as part of a gang that beat up a 60-year-old man for a few dollars or the fun of it.

But here is my gripe: Why is it that right here in Big Spring I read one day "Boy arrested for speeding, fined \$25 in court," or "boy picked up for loud exhaust (excessive noise), fined \$25 and costs"; then another case "young man arrested for passing fraudulent checks, \$25 fine." Now in the fraudulent check case this young man has a record of having passed numerous bad checks as a juvenile and is continuing to do so as an adult. The only reason I have ever gotten forcuch action as above from the law is "got to give him a break," and it's fine to give a youth a chance to correct his errant ways but when does "giving a break" cease to be a virtue? Other youth may get the idea that it's allright to give worthless checks so long as the amount is under \$50.

As a merchant here in Big Spring who has been "bit," I'm bewildered. I would like to be enlightened. I think the law, or the county officers should be obligated to issue a list to merchants of all persons who have passed two or

April Construction Totals \$256,000

Building permits were filed in April for construction valued in excess of a quarter million dollars.

The 74 permits which estimate building costs at \$256,480 also boost the value of construction for the

first four months of the year over the half million dollar mark, said J. W. Estlin, building inspector.

So far this year there have been 287 building permits filed for structures which are pegged at \$567,445 value.

A breakdown of permits filed and value of construction follows: January, 54 permits for \$67,325; February, 71 for \$144,150; March, 83 for \$119,490; and April, 74 for \$256,480.

A Bible Thought For Today

There hath no temptation taken you but such as is common to man; but God is faithful, who will not suffer you to be tempted above that ye are able; but with the temptation also make a way to escape, that ye may be able to bear it. (1 Cor. 10:13)

Editorial

Safety Needs Stress Here, Too

Accidental deaths from all causes in the United States ranged from 30,106 in 1949 to 36,000 in 1952, the last year for which any record is available. Of these, motor traffic accounted for 31,701 in 1949 and 38,000 in 1952.

In traffic than by drowning. Relatively few persons ever go swimming or boating, while almost everyone is exposed to traffic hazards either as passengers or pedestrians.

Forces Square Off For New Farm Battle

WASHINGTON (AP) — Opposing House forces squared off today in a new battle over the old issue of farm price supports.

The decision, however it goes, is certain to echo loudly in next year's political campaigning.

Scheduled for two days of debate was a bill to junk the administration's fledgling support program and restore high rigid price props on basic commodities to the levels first fixed in World War II to spur production.

Both sides conceded the vote could go either way when the showdown comes tomorrow.

Democratic leaders, however predicted that if they capture 20 or more Republican votes they can pass the high support bill. Republicans were equally hopeful of holding city Democrats.

Last year, in a Republican-controlled House, Democrats teamed up with the GOP majority to pass the present flexible law supporting basic farm crops at levels between 82½ and 90 per cent of parity. Voting with the Democrats were 23 Republicans.

Four of the Big Spring Rotary Club's new officers were in Canyon today for a 183rd District conference on duties and responsibilities of club leaders.

Attending the meeting were Dan Krause, who will become president of the local club July 1; George Oldham, secretary-elect; and E. P. Driver and Malcolm Patterson, to be directors.

The "workshop" was to open at 8:30 a.m. with Delbert Downing of Midland to be the principal speaker. Jerry Debenport, district governor from Odessa, was to be in charge of the session.

The Big Spring group flew to Amarillo in a plane owned by Godden Petroleum Corp. and was to be provided transportation from Amarillo to Canyon by automobile. The Big Springers are to return tonight.

Four Big Springers At Rotary Meeting

WASHINGTON (AP) — Secretary of Defense Wilson says military men just naturally ask for more forces than they need. In testimony before a House Appropriations subcommittee, released yesterday, he said: "The history of the world is that if you listen to military people they will bankrupt the nation or else create a military dictatorship."

Twist Your Tongue On This

HOEYHEAD, Wales, (AP) — The voters of the Anglesey district have a problem: Whose Hughes is whose?

In the national election May 26, Anglesey's House of Commons seat will be won by Mr. Hughes. That's certain. But which Hughes?

The Labor party candidate is lawyer Gledwyn Hughes, 38, who holds the seat now. The Conservative party is running schoolmaster Owen H. Hughes, 43. The Liberal party, not to be outdone, has entered a newswoman John William Hughes, 45.

Although which Hughes to choose may yet confuse the voters, without clues.

Gledwyn is running as "Hughes the law," Owen as "Hughes the school" and John William as "Hughes the news."

Just 'Natural'

WASHINGTON (AP) — Secretary of Defense Wilson says military men just naturally ask for more forces than they need. In testimony before a House Appropriations subcommittee, released yesterday, he said: "The history of the world is that if you listen to military people they will bankrupt the nation or else create a military dictatorship."

William Faulkner Novel Leads List Of 1955 Pulitzer Prizes

NEW YORK (AP) — Novelist William Faulkner has been awarded the 1955 Pulitzer Prize for fiction for "A Fable," an allegorical novel of a World War I munition.

The year's drama award went to Tennessee Williams' "Cat on a Hot Tin Roof," a play dealing with the dissolution of a Mississippi Delta family. Williams' "A Streetcar Named Desire" won him his first Pulitzer Prize in 1948.

Both, Faulkner, 67, a first-time winner, and Williams, 41, are Mississippi-born. Faulkner won the 1949 Nobel Prize for literature.

Gian-Carlo Menotti, Italian-born composer and lyricist, received the music award for "The Saint of Bleeker Street," an opera based on religion and Greenwich Village life. Menotti was the winner of the 1950 music prize for another opera, "The Consul."

The awards, set up in the will of the late publisher Joseph Pulitzer, were announced yesterday by the Columbia University Board of Trustees. They were recommended by an advisory board of prominent members in the newspaper and publishing fields.

The Columbus (Ga.) Ledger and Sunday Ledger-Enquirer won the 1955 award for "disinterested and meritorious public service."

The newspaper was cited for its complete news coverage and "fearless editorial attack" on the widespread corruption in nearby Phenix City, Ala.

Local reporting awards went, for the first time, to two small-town newspaper reporters, both of them from Texas.

They are Mrs. Caro Brown, of the Alice, (Tex.) Daily Echo, and Roland K. Towery, 31, managing editor of the Cuero (Tex.) Daily Record.

Mrs. Brown's expose of 40 years of corruption and terrorism in DeVal County, Texas, was adjudged the best example of local reporting under the pressure of edition time. She also covered for The Associated Press.

Towery was cited for local reporting where edition time was not a factor. He is credited with exposing a Texas land scandal involving a 100-million-dollar fund set up by the state to help veterans buy land.

Except in music and drama, the awards cover work done in 1954. The prizes for literature and music are \$500 each, prizes in the field of individual newspaper work carry awards of \$1,000 each. The Columbus Ledger, where staff teamwork was involved, receives a \$2,000 medal.

Other 1955 awards: History — Paul Horgan of Roswell, N.M., for "Great River, the Rio Grande in North American History," a book that took him 14 years to write.

Biography — William S. White,

Man-Made Bird Nests In Tree

An off-course approach to an airport at Clementon, N. J., saw Alfred Bach, 41-year-old sportsman pilot, wind up in a tree but Bach escaped with bruises although the plane was wrecked. Bach, who had borrowed the plane—told police he was approaching for a landing when he noticed he was going to undershoot. Although he gunned the engine, Bach said, the plane failed to gain sufficient altitude to clear the tree. He climbed through the branches to the ground. A crane later removed the plane.

Personalities Vary In Viet Nam Battle

By The Associated Press

Protagonists in the military and political battle to control South Viet Nam range from a playboy-ex-empire to an American general turned diplomat. Here are thumbnail sketches of the principals:

Ho Chi Minh — The 39-year-old ex-emperor of Annam is South Viet Nam's chief of state. His future is dim in view of demands in Saigon that he be ousted. At his French Riviera villa he has been trying to ride out the storm. He took off for France April 10, 1954, when the Dien Bien Phu crisis started, and hasn't been back since. A Buddhist married to a Catholic and father of six children. Loves yachting, fishing, gambling and French life on a sumptuous scale.

Ngô Đình Diem — The embattled Premier of free South Viet Nam is 54. Industrious, stubborn and determined to pull his country from the chaos in which the Indochina war left it. A Roman Catholic who refused to become premier under the Japanese or serve with Moscow-trained Vietnamese leader, Ho Chi Minh; he has traveled much abroad. Deferred politics to Diem until chief of state, tied to pull rug from under him in present fight to a finish with Binh Xuyen society's private racketeer army. A bachelor, Diem leans heavily on four brothers for assistance.

Gen. J. Lawton Collins — Former U.S. Army chief of staff, he has to make as fast decisions in the quagmire of Saigon politics as ever he did in fighting on Guadalcanal where he won the nickname of "Lightning Joe." Sent by President Truman as special envoy to Viet Nam last summer, after Indochina war ended. The general, just turned 59, is apparently sold on Diem as a leader and has been a big factor in keeping U.S. support squarely behind him.

Gen. Paul H. H. Ely — French commissionaire and commander in chief in Indochina. Born in Salonika, Greece, fought in French infantry in World War I and seriously wounded in World War II. Head of the French mission to NATO standing group in Washington 1949-51; succeeded U.S. Gen. Omar Bradley as group's chairman 1951-53. Ely, 58, was French chief of staff when Dien Bien Phu fell and was sent to Indochina to replace Gen. Henri E. Navarre there.

Gen. Bruyen Van Vy — The 39-year-old paratrooper was named inspector general of Vietnamese army by Diem last December in compromise decision on high command. He had been acting chief of staff and was the original U.S. and French choice for chief. But Diem argued that Vy, a French citizen, was vulnerable to extreme Nationalist and Communist propaganda. Split between him and Diem has widened as crisis grew. Bao Dai relieved Diem of military powers last Thursday in midst of current shooting war with Binh Xuyen, conferring them on Vy. Vy proclaimed himself "supreme power" Sunday, but the army put up with him for only a few hours, then "switched" back to Diem. Vy fled to Dalat, the summer capital.

Gen. Le Van Ty — Older than Vy,

Jaycees Hear C-C Week Talk

The two major projects of the Chamber of Commerce this year are acquisition of an adequate civil airport and "permanent" designation for Webb Air Force Base. Dan Krause, C-C membership chairman, told Jaycees Monday.

Krause said the Chamber will have had a successful year if those objectives are achieved. Actually, the two goals represent one undertaking, since provision of a civil airport is necessary before the government can consider making Webb a permanent Air Force Base.

The talk was a feature of Chamber of Commerce Week which is being observed in Big Spring and throughout Texas.

Jaycees also heard a report on last week's state Jaycee convention during which Big Spring won a blue ribbon as sponsor of the outstanding agricultural program in Texas communities of less than 25,000 population.

Committees were set up for the sale of tickets to the Jaycee-sponsored Bailey Brothers and Christiani Circus to be staged at the rodeo bowl Saturday. The tickets are available at Prager's and the Record Shop at \$1.20 and 50 cents. Afternoon performance will start at 2:30 and the evening show at 8 o'clock.

Buick alone brings you the year's two big sensations —

It didn't take the car buyers of the nation very long to discover that this year Buick's car with more headline news than a newspaper.

And the news is so good — in styling, in power, in performance, and in price — that Buick sales are soaring to an all-time best-seller high.

But even in a long list of standout developments engineered by Buick for 1955, two are so "hot," they stand out as the sensations of the year, by far.

One is the new kind of automobile you see pictured here... The 4-Door Riviera — a new-kind of body design...

A true hardtop with no center doorposts to obstruct your view to the sides — yet with separate doors for rear-seat passengers, plus full Buick-size Sedan room for all.

The other sensation — and we mean that literally — is a new kind of automatic transmission... Variable Pitch Dynaflo — a new kind of magic, principled after the modern plane's switch-pitch propeller...

A silk-smooth wonder drive with twenty propeller-like blades that angle one way for extra gas mileage in cruising — then switch their pitch when you press the pedal way down to give you an instantaneous burst of getaway or accelerating power when you need a safety surge split-second quick.

COOL COMFORT FOR HOT WEATHER DRIVING WITH

Buick's Airconditioner (A genuine Frigidair)

Automatically cools down the hot interior quickly — and keeps it cool, even in slow-moving traffic. Continuously replenishes inside air with fresh supply of filtered outside air. Lets you ride in clean, quiet comfort with windows closed on dusty, windy, and rainy days, even when cooling is not required. Available in all 4-door Sedans and Riviera models at extra cost — and well worth it in cool, cool comfort.

HOLLYWOOD BEAUTY

Betty's Brush-Happy; Hence, Well-Groomed

By LYDIA LANE
HOLLYWOOD — Betty Garrett and her husband Larry Parks were appearing in a theater in Glasgow when I was there last June. At that time when I dropped in to see her, Betty had no idea that she was being considered for the co-starring role with Janet Leigh in "My Sister Eileen."
 "It seems three different people recommended me for the part," Betty told me happily as we talked recently in her dressing room at the Columbia Pictures. "See how important it is to cultivate friends!"
 "No matter what your job is," Betty went on, "you can do it better if you enjoy a warm relationship with those around you. I don't mean that you should have to consciously work at making friends but the saying goes that 'to have a friend, you must be one.'"
 "I've never kidded myself about

there's nothing like brushing with a clean brush.
 "Another of my pet subjects is posture," Betty volunteered. "Having a good posture is a state of mind. If you have a genuine desire to stand and sit up straight your subconscious will help you remember every time you slump.
 "No matter what you are doing, you have to concentrate on it if you are going to get anything out of it. Just plain walking can constitute real exercise if you go about it the right way. You can give your muscles a real workout if, when you walk, you swing your legs from the hip in a brisk, purposeful stride. You can even get something out of sitting if you remember to hold your stomach in and check your balance," Betty concluded.

Three Members Are Added to E. Fourth Baptist Circle

Three new members were present for the meeting of The Willing Workers Circle of the East Fourth Street Baptist Church Monday at the home of Mrs. Leon Cain.
 The new members are Mrs. Maxine Brooks, Mrs. Lula Perry, and Mrs. Egelee Patterson.
 Mrs. Elgin Jones led the opening prayer, and Billy Rudd gave the Bible study on "Security of the Believer."
 Eleven attended the meeting which was closed by a prayer led by Mrs. B. D. Rice.

BRUSHING FOR BEAUTY
 In leaflet M-37, "Brushing Your Way to Beauty," you'll learn how to have beautiful, well-groomed hair. A few simple tricks, used systematically, will give you new worlds of beauty. Added, important do's and don'ts you'll want to study when you select your new spring and summer hairdos. Get your copy by sending 5 cents and a self-addressed, stamped envelope to Lydia Lane, Hollywood Beauty in care of The Big Spring Herald. Remember to ask for leaflet M-37.

being beautiful," Betty said rapidly, "but I do work at being attractive. For example, the girl who looks neat and well-scrubbed has a charm all her own and this is possible for anyone.
 "My family and friends kid me about being brush-happy because I always carry a tooth brush, hair brush and nail brush with me. Right after lunch I take out my little plastic case with folding tooth brush and tube of tooth paste and make for the nearest wash basin. So often I've eaten something which might leave a tell-tale odor on the breath, I feel much more secure after I've brushed my teeth.
 "I keep six hair brushes in use all the time. I bought a batch of them in England because I like their natural bristles. If you want to give your hair a glossy look,

Founders' Day Tea Given By Sorority

About 30 attended the Founders' Day tea given Sunday afternoon by the Epsilon Sigma Alpha Sorority. Held in the Nurses' Home of the VA Hospital, the affair honored nurses, their mothers and mothers of the members.
 Mrs. A. K. Turner Jr. greeted guests. A history of the local club was given by Mrs. Dean Forrest, and Mrs. Bill Estes gave a history of the international organization.
 The tea table was laid with a green linen cloth and decorated with a May basket filled with spring flowers. Ho Bowen, Frances Bartlett and Mrs. Joe Williamson served. Mrs. Tolford Durham furnished piano music during the calling hours.

GIA's Called To Special Meeting

All members of the GIA No. 82 to the Brotherhood of Locomotive Engineers are requested to attend a called meeting set for 9 a.m. Wednesday. The meeting will be held in the Woodman's Hall.
 Purpose of the session is to better acquaint members with the rules of the order and to prepare for the visit of the state organizer and inspector, Mrs. Abbie Haskley, of Amarillo.

WSCS Holds Their Pledge Service

Mrs. Merle Stewart was in charge of the pledge service held Monday afternoon by the First Methodist WSCS at the church. She explained the work of the WSCS in the world.
 Mrs. Hugh Duncan told of the activities of resident homes, which are locations where working girls may live. Medical Centers were discussed by Mrs. Tommy Hutto and Mrs. J. C. Bryans. Mrs. Knox Chadd told of the Community Centers run by the group.
 Mrs. S. R. Nobles brought the devotion. Mrs. H. M. Rowe announced the May Fellowship Tea to be held Friday at St. Paul Presbyterian Church. The women voted to send articles of clothing, linen or money to the shower to be given for the Texas Christian Home for Girls in San Antonio. These gifts are to be brought to the circle meetings which will be held on May 16.
 Election of officers will be held at the general meeting at the Church Monday.

COMING EVENTS

WEDNESDAY
 ONS CHAPTER, BIG SPRING AND LAUREL B. BARKY will have a called meeting at 7:30 p.m. in the Masonic Hall for a memorial service for local and state members.
 FIRST METHODIST CHURCH AND BIBLE STUDY will meet at 7 p.m. at the church.
 BIBLE STUDY will meet at 7:30 p.m. at the church.

 THE HOME OF GREATER VALUES

Couple To Make Home In West Virginia

In a garden setting Thursday evening, Norma Jean Burns became the bride of Sgt. Ralph E. Tanner Jr. at the home of the bride's parents. She is the daughter of Mr. and Mrs. W. L. Burns, 1600 E. 17th, and the bridegroom is the son of Mr. and Mrs. R. E. Tanner of Burning Springs, W. Va.

SGT. AND MRS. RALPH TANNER

Mrs. Pearce Is Leader For Circle

Mrs. Harold Pearce was in charge of the pledge program Monday when members of the Park Methodist Church met in the home of Mrs. J. B. Hollis.

Mrs. Jack Griffith read the Scripture from Deuteronomy and Mrs. Pearce led the discussion on "The Ye Doers of the Word."

During the business session Mrs. Griffith was elected president; Mrs. Hollis, vice president; and Mrs. J. L. Webb, secretary.

At the social hour, Mrs. Pearce was complimented by the group with a baby shower.

One visitor, Mrs. Herbert Martin of Lamesa, attended with the 12 members.

Secretaries' Group To Meet Thursday

Mrs. Harold Kline has announced that a meeting will be held Thursday evening at 7:30 for the purpose of organizing a chapter of the National Secretaries' Association. The group will meet in the conference room of the Chamber of Commerce.

The only requirement for membership is two years experience in secretarial work. For more information, Mrs. Kline may be called at 4-6332.

Purpose of the organization is to have workshops to increase efficiency of secretaries. Guest speakers who will speak on grooming, meeting the public and other associated phases of the work will be presented.

Company Dish

Oven or spit-roast a couple of fryer chickens. Make a sauce using the drippings, chicken broth, curry powder and egg yolk for thickening. Serve the sauce over the carved chicken and accompany with shredded coconut, finely chopped salted peanuts and chutney. This dish needs steamed rice as a go-along, of course.

Striking Sheath

Cool and slim as a whistle is this scoop-necked, narrow-yoked sheath dress, with its sleek, sophisticated lines.

No. 3021 is cut in sizes 12, 14, 16, 18, 20. Size 16; 2 1/2 yds. 39-in. Send 35 cents in coin (no stamps, please) for pattern, with Name, Address, Style Number and Size, Address: PATTERN BUREAU, Big Spring Herald, Box 42, Old Chelsea Station, New York 11, N.Y.

For first class mail include an extra 5 cents per pattern. NOW! Just out, the SPRING-SUMMER FASHION WORLD illustrating IN COLOR scores of the season's new styles. See them every size and occasion. Sew them practical, pattern designs for the season ahead. Order your copy now. Price just 25 cents.

Miss Burns Announces Wedding Day

Date of the wedding of Lorette Burns and Jarrell Barbee of Sand Springs was announced Saturday at a tea in the home of the parents of the bride-elect, Mr. and Mrs. Jesse Burns of Stanton. Vows will be taken on May 24.

Alternating in greeting guests were Barbara Jane Smith, Nelda Baum and Anna Belle Heckler. Ima Joy Williamson furnished music during the afternoon. Shirley Connell and Larie Fisher presided at the bride's book.

The tea table was laid with a handmade lace cloth over blue and centered with a miniature Maypole. Atop this was a heart bearing the names of the couple, the date and wedding.

"All Come Napkins bore the same inscription.

Serving was done by Sherley Nowlin, Edwenna Shain, Sara Mott, Elaine Hazlewood, Linda Cathey, Janelle Jones and Suzanne Reynolds. About 60 guests called.

Presbyterian Women Plan May Affair

When the Women of the First Presbyterian Church met Monday afternoon at the church, they made plans for an entertainment to be held on May 13. This will honor Mr. and Mrs. David Hopkins, missionaries to Brazil who are here on leave from their duties.

Mrs. Darel Highley was in charge of Monday's meeting and she gave the devotion. Her theme was "Open Your Home to God." She especially stressed the importance of the good morals being taught in the home.

Mrs. Gage Lloyd gave the opening prayer, and the group repeated the Lord's Prayer in unison at the conclusion of the meeting. Twenty attended. Previous to the regular meeting an executive board meeting was held at the church.

pill-box hat was trimmed with a tiny veil, and she used white accessories. Something old and borrowed was a necklace belonging to her grandmother, Mrs. J. C. Jordan of San Angelo.

Mrs. Waymon Burns Jr. of San Angelo attended her sister-in-law, and she wore a dress similar to that of the bride. It was of a pale pink and her accessories were white. Her Richard C. Burns, brother of the bride, was best man.

Following the wedding rites, a reception was held in the garden. Serving was done by Mrs. Jordan and Mrs. Waymon Burns Jr. Others in the houseparty were Jung Corcoran, Mattie Norwood, Mrs. Myrtle Montgomery and Mr. and Mrs. Frank Gibson.

For the wedding trip to West Virginia, the bride wore a deep pink suit with white accessories. They will make their home in Burning Springs, where the bridegroom will be employed.

He is a graduate of that high school and attended college in Oklahoma. He has recently been discharged from the service after serving at Webb Air Force Base and overseas in Korea and Japan. The bride is a graduate of the local high school and has been employed as elevator girl in the Petroleum Building.

Meat Stretcher

A pound can of corned beef hash can be turned into a small meat loaf if it is mixed with a lightly beaten egg, a quarter cup of milk, a cup of firmly packed soft bread crumbs and a little grated onion. Bake in a moderate oven until firm through.

For Apple Betty

Serve it with a honey hard sauce made by creaming butter of margarine with strained honey and a little lemon or lime juice.

Airport Baptist Women Make Plans

Plans to entertain for the GA's during Focus Week and for buying new study material were discussed at the Airport Baptist W.M.U. meeting Monday.

Final plans for the party will be made at the meeting next week which will be held at the church at 2 o'clock. Missionary books will be purchased for the GA's and the new study book, "Baptist Fundamentals" will also be secured.

Announcement was made that the study on "Alcohol and a Christian's Responsibility" will be completed at the meeting next week.

Rev. W. A. James led the mission study on "A Missionary Tour of the Bible" and also made a report on the young people's activities.

Mrs. Mary Nelson became a member of the circle. Mrs. Neal Bryant offered her resignation as president as she will leave soon to make her home in Lubbock.

The Community Mission has gathered used clothing and presented four boxes to the Colored Baptist Church and sent one box to an orphan's home.

Mu Zetas See Color Slides

George McNelly provided the program for the Mu Zeta Chapter of Beta Sigma Phi Monday evening when the sorority met in the McNelly home.

Color slides of scenes in Paris, Brussels, Holland and other beauty spots in Europe were projected by Mr. McNelly to further the group's study on Europe.

During the business meeting reports were made on the progress of the Woman of the Year contest and it was stated that all profiles have been submitted to the judges at Odessa. It was emphasized that in addition to all club women in the city who will receive special invitations to the May 15th tea, the public is invited. This affair is to be held at the Howard County Junior College Union Building. The calling hours are from 3 until 5 o'clock.

The sorority was in favor of taking \$5,000 from the national fund to donate to the Cancer Research Fund. This will help to sponsor a research doctor.

THIS IS GOOD EATING

COCONUT BUTTER COOKIES

Ingredients:

2 cups sifted flour, 1/4 teaspoon salt, 1 cup butter, 1/2 cup sugar, 2 teaspoons grated orange rind, 1 egg, 1 cup lightly packed shredded coconut (finely chopped).

Methods:

Sift together flour and salt. Cream butter and sugar with orange rind; beat in egg thoroughly. Stir in flour until blended. Stir in coconut. Drop small amounts of the dough—about 2 level teaspoons—for each cookie—about 1 inch apart on ungreased baking sheet.

Bake in slow (325 degrees) oven until lightly browned around edges—15 to 20 minutes. Makes about 2 dozen cookies. Store cookies in tightly covered container to keep them crisp. Serve with the foods listed below.

- Broiled Chicken Salad Hot Biscuits Fruit Sherbet Coconut Butter Cookies Beverage

(Clip this for future use. It may be conveniently pasted on a recipe file card.)

Officers' Wives Fete Newcomers At Coffee

Twenty new members were added to the roster of the Officers' Wives Club when they were entertained with a coffee Monday morning at Ellis Hall.

Mrs. Charles Younce was in charge of arrangements, and she was assisted by Mrs. W. W. Dunning, Mrs. Carlton Virden, Mrs. Liborn Jackson and Mrs. Charles Cliff. Mrs. Robert Woods read a poem on "The Air Force Wife."

Cigarette lighters were favors for guests. The table was decorated with an arrangement of salmon gladioli and purple snapdragons.

Harris Cafe Specializes In Delicious Foods

The Harris Cafe specializes in delicious delicacies prepared to suit your taste. Owned and operated by Mr. and Mrs. T. L. Harris, the cafe is ideally located at 208 Gregg, just off Third Street, for your meal-time convenience.

Breakfast, lunch and dinner are prepared daily of the most wholesome foods for your eating pleasure. Coupled with an home-like atmosphere and friendly, courteous waitresses, the Harris Cafe adds enjoyment to every meal.

And the food is strictly of the very best. For breakfast, you have a choice of hot or cold cereals, eggs prepared any style, all sorts of meat including a succulent steak, crisp toast, fruit juices and plenty of hot delicious coffee.

And that coffee has flavor. The employees at the Harris Cafe know how to make coffee taste like real coffee and preserve that delicious flavor that only real good coffee has. And it is served piping hot to add to your pleasure.

For lunch, a specially prepared plate for you is fixed by the chef that is sure to tempt your appetite. Any conceivable kind of fresh meat specially cooked for you, with garden fresh vegetables, makes your lunch an ideal appetite quencher.

And there are a la carte orders if you prefer. These too are well planned plates designed with your taste buds in mind. Mexican foods, sea foods, steaks, chops, just anything your heart desires is ready and waiting at the Harris Cafe.

And for that after-dinner thrill, try some of those delicious pastries with the piquant fillings and crisp choice crusts. They are the best in town and just naturally set the meal off as excellent.

All brands of soft drinks are available as well as chips of all kinds. If you like just a sizzle, a huge menu of instantly ready sandwiches is yours to choose from.

Hamburgers that will lead you to ask for more are prepared in a jiffy. And with summer coming on, sparkling iced tea will be among the many extras at the Harris Cafe.

The Harris Cafe also operates the Stag Hotel across the street from their Cafe. Nice clean rooms are available with daily maid service at very economical cost. For just the night, for a week or permanently, these facilities are available for your comfort.

Stop by and see the Harris and all the fine things they have to offer.

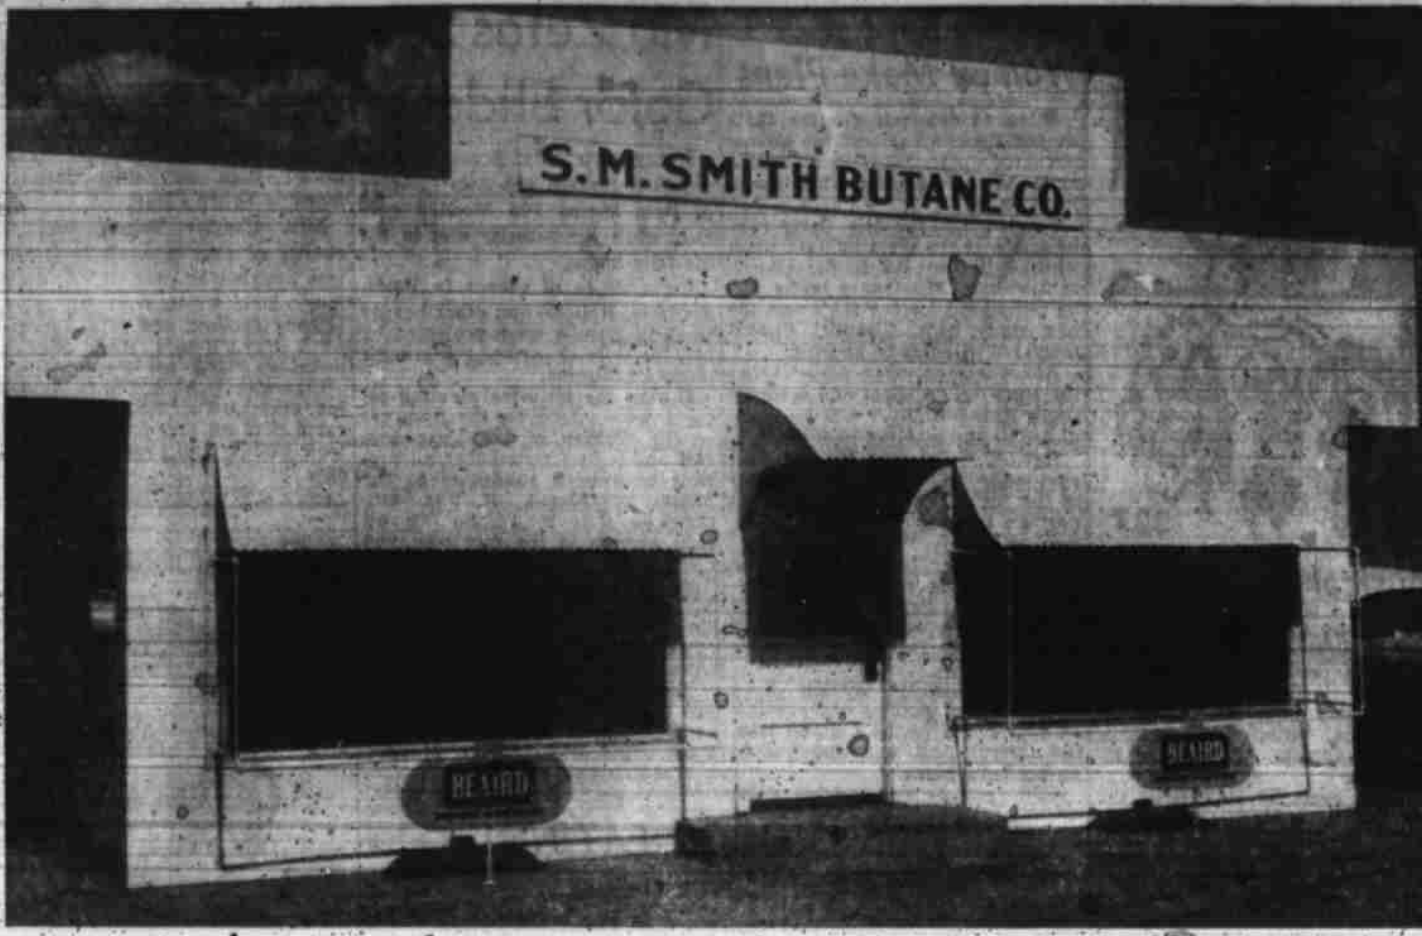

Adair's Stocks
Band Instruments

Summer band school for beginners is coming up June 6, and this may mark the beginning of a pleasant experience in music for many youngsters.

Adair Music Company at 1708 Gregg may be of help in getting boys and girls off to a good start by offering a selection of instruments. The store is agent for the Adams and the Selmer instruments, which are modestly priced yet are of sound quality that will offer the young musician best results.

Phillips 66 Stations Have Full Stock Of Accessories

Automobile accessories of the finest type — including the famous Phillips 66 distributor and their stock practically anything motorists could use or want for their automobiles.

Local Agent For Beaird Systems

A local business concern which is commissioned to install the famous Beaird fuel system in rural homes is the S. M. Smith Butane Company. The establishment's offices are located on the Lamesa Highway, at the edge of the northern city limits.

Option Offered In Adair Piano Deal

You can't lose on this piano deal. If you are not yet certain about purchasing a piano, Adair Music Company, 1708 Gregg, dealer for famous Baldwin, Hamilton and Wurlitzer pianos, will rent you a brand new one.

You can have it for a modest monthly rental for 90 days. If at that time, you do not decide to buy, the piano may be returned. But, and this is a thing which appeals to many, if you do decide to go ahead with the piano, the monthly rentals are credited to your account so that they apply to the purchase price.

Monthly rental is \$15 and there is a \$10 delivery charge with the first month.

In addition to offering this handy plan, Adair Music also offers liberal trade-ins on used pianos.

Many people like to start their youngsters on their piano lesson career during summer months because youngsters have more leisure time. In addition, most teachers also have more elastic schedules during summer months which could make for most effective instruction.

The McGibbon Oil Company not only supplies necessary items to the stations, but also supplies gas, oil, fuel and propane products, and fertilizer.

Farm tractors which burn gasoline can be converted for use of Phillips — the Phillips 66 butane propane product — and any farm installation can be placed on a LIG system. Tanks up to 1,000-gallon capacity can be constructed.

The new all-nylon tubeless Lee Double-Lite tire was specifically designed for the care of tomorrow and increased a horsepower, Champaign, Ohio.

It practically eliminates blow-outs, makes punctures and flats virtually impossible, is safer for fast driving, allows greater driving control, and gives four-way non-skid production, the safe man explained.

Lee tires of all sizes and types are available in the service stations, both standard and tubeless. They are stocked for trucks, tractors, and automobiles in the regular, super deluxe and the nylon.

Western Service Co. Sells, Services Air Conditioners

If you haven't put your air conditioner in order for the summer months yet, better call Western Service Company and ask the firm's air conditioning experts to get the machine in shape.

Or, if last year's cooler was too small or didn't do a satisfactory job for some other reason, drop by Western Service at 207 Austin and inspect some of the air conditioners on display and ready for installation.

The Western Service Company is owned and operated by E. L. Gibson who is prepared to furnish and install any size of evaporative cooler. Gibson also has a large stock of General Electric and Lennox refrigerative conditioners, in a variety of sizes.

The owner of the Western Service Company is skilled through both training and experience in the air conditioning field. When his concern handles an air conditioning installation, you can be sure that the job is done properly and that it will operate efficiently.

What's because Gibson takes into consideration all of the many factors which govern the functioning of air conditioning equipment.

As examples of the numerous items that must be considered for a truly first-rate job, Gibson points out that the size of a cooling unit depends on extent of insulation, the size of the glass or window area, amount of roof overhang, type and color of walls and roof, amount of shrubbery and location of shrubbery.

Gibson takes all these factors into consideration when prescribing the properly sized air conditioner for a dwelling or even a commercial building. Consequently, the air conditioner performs like it is expected to.

The Western Service Company has a big supply of parts and accessory items for air conditioner service and repair. Included are either aspen wood or RP cool pads, available in sizes for any cooler, pulleys, pillow blocks, pumps, fittings, tubing and other parts.

One of the most popular services provided by the concern is the complete renovation of air conditioners. Workmen take the machines apart, clean all parts thoroughly, rustproof them, and reassemble the cooler in top-notch condition.

For any of Gibson's services, Big Springs can dial No. 4-8321.

Grady Harland's Auto Servicing Work Thorough

Some motorists change all filters on their cars every thousand miles. Others wait much longer.

Whether you fall in one category or the other, a competent service station should be commissioned to do the job, to insure longer life and good performance of a vehicle.

One such concern here is the Harland Magnolia Service Station, located at 1008 Lamesa Highway in Big Spring.

Owned and operated by Grady Harland, the concern specializes in servicing automobiles. When they undertake to change crankcase oil, wash or grease automobiles, customers can rest assured that the jobs are undertaken professionally and done thoroughly.

When automobiles are washed and cleaned at Harland's station, they are vacuum-cleaned inside, as well as on the exterior.

If you are in doubt as to the weight and grade of motor oil to use in your vehicle, the wise thing to do would be to consult an employee of the Harland station.

The finest Magnolia products, from premium gasolines to motor oils, are stocked by the Harland station, along with a limited amount of automobile accessories.

If your car is slow in starting in the mornings, chances are it needs a new battery. Batteries to fit any model vehicle are available at Harland's station.

The concern also specializes in retreading flat tires without undue delay.

S & H Green Stamps are available at Harland's station with each purchase made.

Wells To Wed Italian Actress

American Actor Orson Welles is shown with Paquita Mori, 24-year-old Italian actress. Welles is announced in London he and Miss Mori, who is the Countess di Girfalco, are engaged to marry. Welles, 40, was divorced from actress Rita Hayworth in 1947.

Officers Seek Missing Couple

MIAMI, Fla. (AP)—Law enforcement officers intensified their search today for Mr. and Mrs. Charles Ferri but they said there was little hope that the well-to-do couple would be found alive. The couple were classified as "missing persons." Although the condition of the seven-room home from which they disappeared Friday night pointed to murder, blood spots from the front room to a breezeway and then to a carport. Human blood was on a pair of Ferri's slippers near the driveway.

A theory that Ferri, 63-year-old retired plumber and pipe fitter, was the victim of a gangland slaying lost significance as officers delved into the couple's background. Ferri had been subpoenaed as a witness in the income tax evasion trial of Albert Anastasia in Newark, N.J., May 10. Anastasia reputedly was "onetime executioner of Murder, Inc., in Brooklyn." U.S. Dist. Atty. Raymond Del Tufo said in Newark that Ferri was one of about 100 witnesses subpoenaed for the May 10 trial but his role was comparatively minor—hardly important enough to warrant murder.

Ferri testified in Anastasia's first trial in 1948 that he did \$8,700 worth of work on Anastasia's home in Fort Lee, N.J., as a plumber. That testimony could be used again. Ferri is the second witness in the Anastasia income tax trial to disappear. A year ago the blood-spattered air of Benedicto Macri was discovered abandoned in Harrison, N.J. His body was never found.

N. Y. Wilderness Manhunt Is Ended

CANTON, N.Y. (AP)—A manhunt through northern New York wilderness has ended where it began—in St. Lawrence County Jail, from which four men fled Wednesday.

Freshly shaven and clothed, Patrick Brooks, 28, of Gabriels, walked quietly into the main jail office at 9:06 last night. A friend drove him from the swampy woodland where he had been hunted since Friday. Two children rode with them. The final score stood: one despoiled dead, one wounded and two in custody. A state trooper was recovering from his wounds. Leon Caskette, 24, was taken after a gun battle Friday, Frank Ialarico, 44, Utica, and Ralph La Shomb, 29, were shot when troopers found them yesterday morning. Ialarico was killed.

More than 200 state police, sheriff's deputies and volunteers took part in the manhunt in rough country near the Canadian border. Louis Greenwood, 38, said Brooks appeared at his house 13 miles north of Potsdam about 8 p.m. and asked for food. Greenwood's sister is married to Brooks' brother. Greenwood said his wife gave Brooks a meal. Then the couple begged him to surrender. In discussing the wounding of the trooper, Greenwood said Brooks raised his right hand and declared, "I swear to God I never used a gun." Brooks agreed to surrender, Greenwood said, on condition that Greenwood's car be used for the trip and "don't let the police get me." Patricia Greenwood, the couple's

12-year-old neighbor rode with them to Canton.

Earlier in the day, Ialarico, a three-time felony loser known as The Hook, kept his vow that he would never be taken alive. Nine troopers found him and La Shomb in a clearing on a farm near Hopkinton and shot them.

La Shomb was taken to Potsdam General Hospital, where his right leg was amputated. His condition was reported fair today.

Trooper Austin J. McDonagh, 24, of Malone, was recovering today at a Malone hospital from shoulder and leg wounds suffered in the gun battle Friday in which Caskette was captured.

Big Cooking Job

MASHLAND, Ky. (AP)—Ten pounds of sugar, a pound of coffee and five bunches of carrots were stolen from the Charles Russell Elementary School. The thief also took a skillet.

Wrong Man Goes Free

LOS ANGELES (AP)—Sheriff's deputies weren't aware there was anything wrong until Eusebio Espasna, nervously pacing his cell, suddenly called out to a jailer. "Hey! When do I go to court?" Somebody looked into the matter. And, it developed, Espasna, 29, al-

Big Spring (Texas) Herald, Tuesday, May 3, 1955

ready had been to court. Furthermore, he had been ordered released. Espasna didn't know all this. And for very good reason: Inquiry showed that Rudy Garcia Maglorino, 23, had helped himself to Espasna's property, and had appeared in court as Espasna. When the judge dismissed the charge against Espasna, Maglorino was released. Maglorino hasn't been seen since. He was supposed to go to prison on a robbery conviction. To make matters worse, it seems nobody noticed that Maglorino's clothes didn't fit when he walked out. With his pilfered property slip, the 130-pound Maglorino had been given the clothes of Espasna, who weighs 150.

Rambler Gives Big Room for 6 and 6 More Miles a Gallon, Too!

Spacious Rambler 4-Door Sedan Sweeps Low-Price Field in 1955 Mobilgas Economy Run—27.47 M. P. G.

Think of it—27.47 miles per gallon with Hydra-Matic Drive—a whopping 6.3 more miles to a gallon than the average for low-priced cars entered in the Mobilgas Economy Run. This in the amazingly roomy Rambler that carries the lowest price tag and gives you higher resale value... that parks quickest, gives you most travel comfort. See it—drive it! Compare value!

Red States Set Up Military Unity Plan

VIENNA (AP)—Warsaw radio announced today that Russia and her seven East European satellites will meet in the Polish capital May 11 to set up a unified military command. Western observers in Vienna said

the move apparently was being taken to provide the legal basis for retaining Russian troops in Hungary and Romania after the expected end of the four-power occupation of Austria. The Warsaw Radio said the Soviet Union, Poland, Czechoslovakia, Romania, Bulgaria, East Germany, Hungary and Albania would take part in the conference, with Communist China sending an observer. The eight European nations met in Moscow last November to warn that the unified command would be set up if West Europe went ahead with ratification of the Paris treaties and with West German rearmament. Western observers in Vienna said the announcement appeared a positive indication that Russia expects to carry through its promise to sign an Austrian independence treaty and end the occupation. A Big Four ambassadors' conference to settle outstanding questions on the Austrian treaty now is in progress in Vienna. A communique issued after the first session yesterday said "notable progress was made." Under the terms of the World War II peace treaties with Hungary and Romania, Russia should withdraw its troops from those nations as soon as they are no longer needed to protect the supply line to Soviet troops in Austria. Creation of a unified command would give the Russians a legal basis to continue their forces in the satellites—an estimated 300,000 men in Hungary, 200,000 in Romania and 400,000 in Poland. The Soviets reportedly have only military observers in Czechoslovakia, Bulgaria and Albania.

U.S. Weather Gets Mixed Up

The nation's weather today was a little mixed up for early May. The Weather Bureau reported a heat wave over the Central Plains from North Dakota to Texas. It was 78 above early today at Fargo, N.D., and Abilene, Tex., compared to 65 at Miami. Yesterday it was 94 at Bismarck, N.D. At Burwell, Neb., it was 97, the same as at Prue, Mo., and the day's top reading across the nation. Temperatures in the spring heat belt were 15 to 30 degrees above normal with a general warming over the eastern two-thirds of the country. Early today readings were in the 70s in a belt from central Texas northward through eastern Kansas into Minnesota and eastern North Dakota.

It was below freezing in some areas of Colorado, Utah and Wyoming. Three inches of snow fell at Laramie, Wyo., as cooler air moved over the Rockies. Thundersqualls, with winds reaching 75 m.p.h., and hail, blowing dust and a small tornado struck sections of the Central Plains during the night. The twister hit northeast of Lexington, Neb., destroying one small building. No one was injured.

Star's Hope For Reconciliation Dim

HOLLYWOOD (AP)—Reconciliation hopes appear to have faded for British actor Edmund Purdom and his wife Tita. She filed a court petition yesterday asking the setting aside of an order which directed the couple to refrain from any legal action in their domestic dispute for 90 days. She has filed a suit asking for separate maintenance. Purdom has sued for divorce on grounds of mental cruelty.

Sputtering Red Sox Need Ted Williams

By ED WILKS
The Associated Press

If Ted Williams was casting base hits around the American League instead of reeling in the big ones off the Florida Keys these days, Boston's Red Sox might be a lot better off. He's having a good time, but they're in sixth place in the American League.

AT LOCAL ARENA

Detton Brothers Pair Up Tonight

Popular Dory Detton, who has made all too few appearances in the local wrestling ring in recent years, accompanies his "little" brother, Gene, here this evening for a tag team match.

The two speedsters from Amarillo take on the Mighty Zuma, the bare-footed puma from Argentine, and Mexico's Toro Perez.

Dory, reigning as lightweight champion of the world at one time, since losing his crown, he's settled in Amarillo, where he keeps busy as director of the Southwest States Enterprises. That organization supplies wrestling talent for shows staged in a three-state area — Oklahoma and New Mexico, as well as Texas.

Gene Detton fell out of the good graces of the fans here recently when he tried to put Zuma to rout in a bloody match, which declared no contest after the fight continued out of the ring.

It may be up to Dory to get the team back in favor of the fans, but Dory is capable of doing just that. He's always been well liked.

The two Dettons, incidentally, are brothers to Dean Detton, once the King of the Heavies.

Zuma, the swiftest of the Land of the Gophers, is the party who screams like Tarzan when things are going his way. Furthermore, he leads his own cheering section. His enthusiasm for his work and his insistence that the fans like him have been given a good reception locally.

In the 45-minute semi-windup, Rey Urbano, one-time football player for the University of Southern California, steps through the ropes to face Jim LaRock, the former Olympian.

Urbano is a full-blooded Filipino. Both grapplers wrestle "clean" and rely on scientific approaches to the game, which should make a hit with the fans.

In the opener, Gene Detton goes against Zuma in a one-fall 15-minute scrap.

The show begins at 8:15 p.m. Scene of action is the Howard County Fair building.

BOB TURLEY BLOSSOMS INTO WINNER FOR NY

By GAYLE TALBOT
NEW YORK — After watching Bullet Bob Turley spin his fourth straight victory at the expense of the Detroit Tigers, the Yankees are confident now that they have the "stopper" who will keep them in the American League race all the way.

In addition to the winding speed he exhibited in Baltimore last year, the powerful young right-hander has developed a curve and change-up under the patient coaching of Jim Turner, which former veteran observers of Bobby Feller in his prime days.

Also, while his control has improved markedly since last season, Turley has retained just enough of his "wisdom" to keep the batter's base out there and prevent their taking a toehold that, incidentally, always has been one of the secrets of Feller's success. There never was a time that Bobby couldn't throw a ball through a knothole when he wanted to.

In his most recent four-hit effort against the Tigers, Turley is credited only four passes. This compared to the 10 he put on base in his earlier one-hitter against the Chicago White Sox. Turley's two other victims were Boston and Baltimore, each set down with five hits in 36 innings to this point.

LITTLE LEAGUE MEET SLATED

Plans for the approaching Little League baseball season will be discussed at an open meeting in the Junior High Gymnasium at 7:30 o'clock this evening.

Calling the session, League Commissioner Roy Bennett said anyone interested in the program could attend but the managers, officials and sponsors had a special invitation.

HC Wins State Links Crown

COLLEGE STATION, (SC) — HCJC's Jayhawks of Big Spring captured the State Junior College-teps golf championship in matches here Monday and had a chance to score a clean sweep in singles matches today.

James Lee Underwood and Luke Thompson teamed up to give the Hawks the team title with an aggregate score of 145. They beat Odessa, the second place team, by nine strokes.

Underwood was the medalist with an 18-hole score of even par 72. He went out in 35 and came in in 37.

Thompson was runner-up with 38-35-73. Third was Jim Nutt of Navarro, who had 75.

In all, 16 teams scrapped for the team title, including two each from Odessa, Temple, Amarillo, Blinn, and Navarro.

Following are team scores: HCJC 145; Odessa 154; Texarkana 159; Odessa 159; Borger 164; Paris 165; Temple 165; Cisco 168; Navarro 168; Allen Academy 171; Amarillo 171; Navarro 176; Blinn 181; Amarillo 188; Temple 191; and Blinn 203.

In the first round of singles competition, Underwood and Thompson moved into the semi-finals and faced the possibility of meeting each other in today's final.

Underwood shaded Bob White of Paris, 2-1. Thompson turned back Hubert Shied of Odessa by the same score.

Underwood's foe today was to be Jim Nutt of Navarro, who nudged Phil Cobb of Temple Monday, 2-1. Thompson was to square off with Jim Pheasant of Odessa, who bested Joe Perkins of Texarkana, 4-3.

DiCesare Wins 4th Behind Cops, 8-3

It's an ill wind that blows no one good. The Big Spring Copsen Cops got an assist from the mad elements to topple San Angelo, 8-3, here Monday night and return to the first division in the Longhorn League race.

Pepper Martin's gang got a route-going mound pitching from their ace, Artie DiCesare, who notched his fourth win of the 1955 campaign. DiCesare gave up eight hits and was wild but he rode out a storm after another to get home in front.

The elements ganged up on San Angelo in the fourth inning, at a time the Colts were leading, 3-0.

Big Spring (Texas) Herald, Tuesday, May 3, 1955 11

LOOKING 'EM OVER

With Tommy Hart

Sports dialogue:
JOHN REDELL, football coach at Palo Duro (Amarillo) High School, new 3-AAA school:

"It looks like we are at least a year away. Many of the boys have never played in any good class of competition. But I expect to give all our opponents a real tussle. Lack of experience, lack of weight and lack of speed are our weak points. The strong points are the tremendous desire of the whole group and the way some of the young boys came along (in spring practice)."

STAN HACK, manager of the Chicago Cubs:
"We now have with us the three-hour game. If they'll shorten the strike zone a little more, we can then achieve the four-hour game."

TED GROEBEL, local friend of baseball:
"Baseball could be improved and made more interesting, perhaps, if they'd change the rules to allow one team to remain afield as long as it was ahead, foregoing its bats to give the opposition its outs."

AL FWARD, Waco scribe, commenting on the NCAA's wrist slapping of Oklahoma University:

"Oklahoma has, in the past five years, entered into the race for the very best of Texas schoolboy players as solidly as any (SW) Conference school and succeeding in getting too many to please the home-state staffs. Oklahoma supplies all the boys we need," said (Coach Bud) Wilkinson three years ago. "Of course, we feel just as good in going after a few Texas boys from along the border. Bud's concept of the border differs, however, from that of the map-makers. Texas boys comprised 22 per cent of last fall's Sooners and only three of the 12 originated from the accepted border line. . . Wilkinson's border country seems a veritable that can move 400 miles into Texas when a schoolboy's qualifications are adequate."

PITTSBURGH OFFICIAL, who refused to let his name be used:
"Man for man, how many Giants would play regularly for the Dodgers? I'll tell you. Just one, Willie Mays. And as great as he is in center, Willie would have to play left field for the Dodgers. You wouldn't switch Duke Spider for him, would you? That gives you the best line of the Dodgers. When talented players like Alvin Dark and Whaley Lockman couldn't win places, you have to say that the Brooklyn club compares quite favorably with any outfit of the past. All the Dodgers have to do is stay healthy."

JOHN CARMICHAEL, Chicago scribe:
"The Kentucky Derby issue is sharply drawn between Nashua and Summer Tan. There hasn't been any Derby so pre-cut and pre-dried since 1948 when it was simply a matter of whether Citation or Coaltown would get home first."

MILL NORMON, of the Webb Air Base paper:
"Last week, there was a mention made in local newspaper concerning the quality of Texas high school football as contrasted with the rest of the nation. The statement brought out the sentiment of many Texans, who claim that the Lone Star high school grid teams are superior. This caused some comment around the Base. One individual asked the question that if Texas teams are as good as backers claim they are, then what happens when the players enter college? Texas colleges, that is, Paroli's The Southwest Conference is by no means a minor league. But it is not tops, either. Every team in the conference is a Texas school, bar none. The lone exception is Arkansas. In case you've forgotten, the Razorbacks won the Southwest Conference last fall."

DON KAISER, Chicago Cub bonus player from Oklahoma, when asked if he'd ridden in the elevated or subway trains yet:
"I wouldn't get on one of them things. I might wind up back in Brkgen Bow."

A BROOKLYN FAN, when the Dodgers had their winning streak stopped at ten games by the Giants:
"Mighta known them lousy Bums couldn't win all 154 of 'em."

Savitt Best Amateur, Is Claim Of Donald Budge

NEW YORK (AP)—Don Budge said today Vic Seixas and Tony Trabert, America's top tennis players, "basically unsound" games and he considers Dick Savitt the best of the world's amateurs.

"Of course a Savitt now is in semiretirement in Texas, playing mostly on weekends," added the red-haired court master of the '30s, "but for sheer ability and equipment I think he towers above the present crop."

Of Seixas, the current U.S. champion, Budge said:

"His game is terribly unsound. If he weren't such a good athlete, if he weren't so quick and if he didn't fight so hard he would be a very mediocre player."

Of Trabert, the thick-shouldered Cincinnati athlete who is currently on a nine-tournament winning streak, Don said:

"All the great champions you can name had at least three features of their game which stood out, features you would like to emulate. There was a single phase of Tony's game anybody would want to copy."

"I am no more impressed with Australia's Lew Hoad, who has a strong but awkward first service, and Ken Rosewall, whose backcourt play is vastly overrated," he said.

"I feel Savitt could be unquestionably the world's standout amateur if he chose. He has an excellent service. His ground strokes, both backhand and forehand, have great power and control. He has a vulnerable temperament which he could learn to control."

Savitt won the Australian and Wimbledon championships in 1951 and retired in 1952 after a break with Davis Cup Captain Frank Shields. He beat the country's top players last year in the River Oaks Tournament at Houston and this year carried both Trabert and Seixas to five hard sets in Texas events.

Bengals Launch Grid Workouts

© SNYDER, (SC) — An estimated 80 boys turned out for the initial spring football drills at the local high school Monday.

The workouts will continue until May 21 and will be climaxed, in all probability, by a variety-exer game.

Ten lettermen return to the team. Alan Sneed will be moved into the backfield again, after spending a season on the glue. Another change will send Don McNew from end to guard.

In addition to Sneed and McNew, returning lettermen include Milton Ham, end; Wylie Dufson, tackle; George Jennings, tackle; Norman Grimmitt, guard; Powell Ferry, quarterback; Joe Reaves, center; Joe Baxter, halfback; and Jack Spikes, fullback.

Grocers Win, Dusters Lose

COAHOMA, (SC)—Coahoms and Piggy-Wiggly of Big Spring chalked up wins in opening round games of the Coahoms Softball League here Monday night.

The Coahoms ousted Webb Ape Base, 5-2, behind Jim Ward. Manager was the losing tosser.

The Grocers humbled Texas and Pacific, 7-1. Piggy-Wiggly got away to a fast start, plating two runs in the first.

Jack Kelso and Pete Cook each collected two singles for Piggy-Wiggly while Oakley Hagood had a triple and a single for the Dusters.

In games tonight, Copsen goes against Motor Vehicle Squadron at 7:30 p.m. while 61st Maintenance plays Installation Group at 9:00.

Akins Knocks Out Ronnie DeLaney

NEW YORK (AP)—Virgil Akins was hoping today that his surprising eighth-round knockout of hitherto iron-chinned Ronnie DeLaney would score off any other high-ranking opponents.

The 26-year-old St. Louis veteran a 4-1 underdog, flattened the sixth-ranking middleweight contender from Akron with a picture left hook and right to the jaw in 2:41 of the eighth round of their television 10-rounder at St. Nicholas Arena last night.

Akins, a onetime lightweight contender now fighting in the welterweight class, has had plenty of trouble in the past getting leading fighters to meet him. Knocking out the formidable DeLaney isn't going to make it any easier. It was Akins' fourth straight victory and his third kayo in a row.

It was the first time Ronnie has been stopped in 54 fights and it only the second defeat of his career.

Outweighed 149% to 146%, Akins held a slight lead when he nailed the Ohio southpaw in the eighth.

In another surprise, Tony Puleo, a 22-year-old Brooklyn rookie making his debut as a main eventer, held heavily favored Carrigajo Costa to a 10-round draw in a televised scrap at Brooklyn's Eastern Parkway Arena.

Costa, the sixth-ranking featherweight contender, was a 4-1 choice. He weighed 132%, Puleo 134%.

SIMS HURLS HERE TONIGHT

Two veterans are set to face each other in tonight's Big Spring-San Angelo baseball, second of a three-game set, at Steer Park. Game time is 8 o'clock.

Gil Guerra, former Big Spring hurler and ace of the Colts will try to pitch the visitors back to an even footing in the series. He has won three games without a loss.

Big Spring will counter with Ray Sims, crafty right-hander. Sims was struck on the pitching arm the evening he was to hurl his first game (in Odessa), but he appears to be shipshape now. He has yet to win.

The Cops wind up their abbreviated home stand Wednesday night.

Curtis Wins Two Heats In Meet Preliminaries

COLLEGE STATION, (SC)—Howard County Junior College qualified all but two of its entries in the state Junior College track and field meet's preliminaries here Monday. Finals were to start this morning.

Cleone Russell experienced hard luck in the 800. He was running easily in third place in his heat when forced to quit due to a pain in his side. He was a full 30 yards ahead of the next man.

Doyle Scott of the Hawks missed qualifying in the weights.

Russell will compete again today in the 440 and the relays. He was pronounced all-right by his coaches, George McAllister and Harold Davis, who said he was eager to run.

He finished third in his heat in the 440, running it in 33.2.

John Curtis of HCJC won his heats in both the 100 and 220. He ran the century in ten flat and 22.8 in 21.8. He wasn't pressed in either race.

Curtis also anchored the Jayhawk Spring relay team to a second place finish in its heat. The Hawks were clocked in 44.8. Other members of the team included Russell, Ronnie Anderson and Phillip Stovall.

HCJC's mile relay team, composed of Jimmy Castleberry, Harold Baker, Curtis and Russell, finished second in the time of 3:42.3 to qualify for today's finals.

They're slow to change in Tennessee. And when you taste the richer, smoother flavor of rare Jack Daniel's, you'll be glad one Tennessee distillery still holds to an expensive, old-time way of making whiskey. Drop by drop... Jack Daniel's is "Charcoal-Mellowed" before aging—the only whiskey in the world that is heat time aged... by Jack Daniel's. Green or Black label. 90 proof by choice. Distilled and bottled by Jack Daniel Distillery, Lynchburg, Tennessee.

Roswell, Midland Gain On Colts

San Angelo ran into young Art DiCesare of Big Spring last night, and as a result, the Longhorn League standings are a little crowded at the top Tuesday.

The Colts went into last night's action in sole possession of the top spot. But DiCesare, a rookie from New York and probably the hottest thing in the league, met them back with an 8-3 defeat.

Roswell and Midland, which were tied for second place, won games and advanced into a three-way jam at the top of the loop. Midland blasted Odessa 14-0, while Roswell had to work hard for a 16-13 decision over last place Hobbs.

In the only other game, Artesa got past Carlsbad 5-1.

Pepper Martin Bowling Center

Ike Aides Report On Roads Program

WASHINGTON (AP)—Administration leaders reported to a pretty well split group of the nation's governors today on what it plans to do about salvaging its big highway program.

The meeting was held behind closed doors.

A briefing was scheduled after the close of the session.

Meanwhile, Gov. Robert F. Kennon of Louisiana, chairman of the governors' conference, said he and his supporters will campaign among members of the House of Representatives to revive the administration's controversial road financing program.

That plan has been scrapped by the Senate Public Roads subcommittee, which instead adopted a "pay-as-you-go" formula proposed by Sen. Gore (D-Tenn.).

Some of the governors, notably Averell Harriman of New York and George M. Leader of Pennsylvania, endorsed the Gore formula.

Reporting to the governors were Secretary of the Treasury Hum-

Governors Ready For Briefing

Vice President Richard Nixon and Sherman Adams, assistant to the President, greet a trio of governors after their arrival in Washington for the first session of closed door briefings by high government officials. Left to right are Adams, Gov. Frank Lausche of Ohio, Nixon, Gov. Robert F. Kennon of Louisiana, and Gov. Allan Shivers of Texas.

School Boards Change Views On Superintendents

LOUISVILLE, Ky. (AP)—What does a school board look for today in a superintendent?

Five men attending a conference of presidents of state associations of school administrators sketched in a panel interview today how requirements have changed over the past quarter century.

First of all, said Henry L. Willett, Richmond, Va., president of the American Assn. of School Administrators, the day is past when a superintendent can concern himself with just "the five B's"—buildings, bonds, buses, budgets and brains.

"Today," Willett said, "the demand is for people who can work with people, whether they are teachers, his staff or members of the community."

Will Crawford, former head of schools at San Diego, Calif., and now professor of education at the University of California at Los Angeles, said:

"The time is gone when a man sought a superintendent position because he was a specialist in public building construction, perhaps, or for some reason of personal popularity—such as being a successful basketball coach."

"Today's school boards are setting up careful specifications covering such matters as education, experience, character and culture. Business sense is still important but, in addition, most boards want someone who believes thoroughly in public education."

A Connecticut superintendent, George R. Champlin, of Williamantic, added another qualification—a sense of public relations.

"One of our biggest jobs," he said, "is to set up formal and in-

formal means to help people change their thinking about our school-rooms. Official machinery often makes this difficult, so we must work more with parent-teacher associations, citizens committees and the like."

Another type of superintendent disappearing from the American school system, said Martin Essex, of Lakewood, Ohio, is "the quiet, retiring Latin scholar, who did well enough when we were concerned with only the top 20 per cent of our people."

"Today," Essex said, "we are concerned with the top 80 per cent. Scholarship cannot be abandoned, of course. But now we are asking also how well a man can involve his schools in a community's program."

Methodist Workers Meeting In Lamesa

LAMESA—A one-day meeting for workers from half a dozen or more Methodist churches in this area, was in progress here this morning at the First Methodist Church.

Purpose of the session, which got under way at 10 a.m., is to instruct teachers in techniques to be employed in the summer vacation Bible schools. Dr. John Howard Crawford was host pastor for the sub-district meeting, and there were workers due from churches in Snyder, Colorado City, Dunn, Spangula, and the Lamesa churches.

HCJC Leaders To Attend Conference

The annual Junior College Conference will be held at the University of Texas Friday and Saturday for board members of Texas junior colleges.

Board members of the Howard County Junior College are all expected to attend the meeting. President W. A. Hunt will accompany the members of the board to Austin. The HCJC board members are Dr. P. W. Malone, Horace Garrett, K. H. McElhannon, J. A. Coffey, Edgar Phillips, Dr. C. W. Deats, and Tom Harber.

Use this blank to order your Herald
Just Make A Check Mark

Fill This Blank When You Have Completed Puzzle — And Get Entry To The Herald By 8 A.M. Thursday

Note: Postcard is necessary only when you use mail. Do NOT put card in an envelope! Your facsimile puzzle must approximate size of puzzle printed here.

HERE ARE THE RULES

(1) Anyone may enter except employees of The Big Spring Herald and members of their families.
(2) Entries must be made in crossword puzzle form. They can be on the form printed here for your convenience, or on a facsimile of the same size.
(3) Each individual is limited to TEN (10) entries. Machine duplicated puzzles will not be accepted. Facsimiles may be made in your own handwriting.
(4) A cash prize of \$325 will be paid for the correct solution. If more than one correct solution is received, the prize will be equally divided among the winners. If no correct solution is received, the week's prize of \$325 will be added to the award for next week's contest. The weekly prize of \$25 will be added each week there is no winner, so that the total award will increase until there is a correct solution.
REMEMBER—There is only ONE correct solution and only a correct solution can win. There is only one answer that in the decision of the judges is the BEST word fitting the definition in each clue. The decisions of the judges shall be final and all contestants taking part agree to accept those decisions as a condition of entry.
(5) After you have filled in the puzzle clip it evenly and mail or deliver to The Big Spring Herald—or to any participating merchant whose ad appears on this page. Mail entries MUST be postmarked by midnight, Wednesday, May 4, or delivered entries must reach The Herald by 8:00 a.m. Thursday, May 5. Any entries received after these deadlines will be declared ineligible.
(6) Any winner whose entry is submitted on a post card will receive a bonus of \$2.50 in cash.
(7) Winners and the correct solution shall be announced in The Big Spring Herald Friday, May 6.

CLUES ACROSS:

- Substance that can be used for modelling.
- A man may take this with a certain air of humility.
- To look intently.
- What many a disappointed prospector left behind him on his return from the famous gold rush of 1849.
- A little child.
- Name for a girl.
- It's of course unbelievable that your European host would serve you a of grapes only.
- Sometimes stored for future consumption.
- Agitate or mix.
- Very important to a youth embarking on a career.

Trustees To Open Bids June 3 On Junior College Bond Issue

Trustees of Howard County Junior College will open bids June 3 on the \$600,000 bond issue authorized last Saturday.

Date for the sale of the bonds was set Monday during a meeting of the HCJC board at the First National Bank. Trustees also canvassed returns from the Saturday bond election and certified results.

The official results were the same as announced Saturday night. On the proposal authorizing the bond issue, the vote was 548 for the 170 against. On the proposition permit-

ting an increase in the college district's tax rate from 50 to 60 cents, the vote was 490 in favor and 187 opposed.

Bids for purchase of the bonds will be opened at 5 p.m. Friday, June 3, trustees decided. The bonds are being offered on a 25-year retirement schedule, with the college reserving the right to pay off all outstanding bonds any time after 15 years.

The board also set the college district tax rate for 1955 at 60 cents per \$100 of property valuations. The levy will be divided with 42 cents going into the general fund and 18 cents into the interest and sinking fund. The 18 cents per \$100 will cover the new \$600,000 bond issue as well as previously outstanding indebtedness amounting to \$482,000 at the close of the last fiscal year.

Ransom Gallogay, representative of the Henry-Scott Company of Dallas, investment consultant, said that around 200 potential bidders will be notified of the HCJC bond sale. Gallogay's company is handling all technical details of the issue, including advertising for bids. Bidders will be supplied with complete financial data on the college district.

Trustees plan to meet with architects May 12 to go over final plans for construction of new facilities to be financed by the \$600,000 bond issue. Plans already have been finished for enlarging the gymnasium, science building and library. It is expected that the plans for the other structures will be completed within 80 to 90 days.

Department heads will meet with trustees and board members next week to go over plans for the music building, practical arts building, 1940 agricultural laboratory, and other buildings. Suggestions from the faculty members may be incorporated in plans for these structures.

UNION MERGER Labor Plans Huge Political Crusade

By DON WHITEHEAD
WASHINGTON (AP) — Organized labor is planning today to raise political issues in the 1956 elections on a scale never before attempted in the history of the American trade union movement.

This move will begin after the AFL and CIO merge their 16 million members into one 15-million-man organization this fall—perhaps in December.

AFL President George Meany, who will head the new federation, said in an interview: "We're going as far down that political road as it is necessary to go to achieve our objective—and that objective is the raising of the living standards of the working man."

This plunge into politics will be a historic turning point for labor as far as the 10-million-member AFL is concerned. In the past, the AFL has remained pretty much on the political sidelines except to endorse this or that candidate for public office, although the CIO has been active politically for years.

Meany believes now labor must move onto the political front in force for self-protection. This is his reasoning: "We are being compelled by the force of events to take defensive action to make sure that we are not hampered and restricted at the bargaining table. We are being compelled to enter the political field in order to change the political picture that is developing against labor. And the job must be done not only on the national level—but on the state level."

The Taft-Hartley law and restrictive state laws are putting all the weapons in the hands of employers. So there is no other way left open to us but to take political action."

Meany referred to the spread of so-called "right to work" laws and laws which curb the use of union funds for political purposes.

The Taft-Hartley law forbids the use of union funds for political purposes and it also bans the closed shop, in which only union members may be hired. The law permits, under certain conditions, the union shop, in which a worker must become a union member within a certain period after he is hired. Now 15 states have the right-to-work laws, which for the most part ban the union shop. Some states are moving, too, to curb union political activity.

In referring to these laws, Meany said: "We are seeing right now a new move under way to strike at labor from a new direction. There is a new effort to block us on the political front and to prevent our membership from taking action on a political level."

"But I say we are going to be political to the extent that we are forced to be in the protection of our own rights at the bargaining table. What the hell is the use of going to the bargaining table if you are going to have your hands tied behind your back?"

Meany has had political experience in helping push pro-labor laws through the New York Legislature. As he and his colleagues see it, the Taft-Hartley law in combination with the growing state restrictions merely are moves by labor's enemies to throttle the labor movement, which has boomed to new power and influence in the past 20 years.

The states with right-to-work laws are Alabama, Arizona, Arkansas, Florida, Georgia, California, Louisiana, Mississippi, Nebraska, Nevada, North Carolina, North Dakota, South Carolina, South Dakota, Tennessee, Texas, Utah, and Virginia.

While none of the bigger industrial states have such laws, labor is fearful of their spread.

Labor's political strategy will be to concentrate the main effort in areas where there is a good chance to elect candidates friendly to labor.

Can the labor vote be delivered as a bloc for any one party or candidate?

Labor leaders believe that with intense political education, workers will better understand how to vote in their own interests—and in the interests of the labor movement—thus becoming a far stronger political force.

Where could organized labor make its weight felt most heavily by a vigorous campaign in support of its candidates?

The answer would seem to be in those states where there is the heaviest concentration of union members. And these states are New York, Pennsylvania, California, Illinois, Ohio, New Jersey, Michigan, Texas, Missouri, and Massachusetts. But many other states have important numbers of labor votes. The question is whether labor's leaders can hold them in line at the polls.

In any event, labor is getting ready for a political push. And just how potent it will be may be reflected in the 1956 elections.

Next: A third party?

Thanks, Mom
