KONJOLA ONLY MEDICINE THAT DID ANY GOOD

NEW MEDICINE - BANISHED KIDNEY AND STOMACH AILMENTS AFTER OTHERS FAILED.

MR. M. D. ABBOTT

"I suffered for two years with kidney trouble," said Mr. M. D. Abbott, 600 East Hattie street, Fort Worth. "I have scarcely been able to do any work. Lifting, or turning my body was the signal for severe back pains. Night risings were frequent. My stomach, too, added to my misery. Anything I ate caused gas and a severe pain in the pit of my stomach."

"Konjola is the only medicine that did me any good. I now feel better than I have for many a day. I can eat what I wish without suffering and the pains in my back are gone. My kidneys now are functioning normally. Konjola has gone right to the spot in my case and I praise this wonderful medicine for all that it has done for me. A medicine that did all Konjola did for me can help others and I am recommending it to a lot of my friends who are suffering as I did. Konjola is not a 'cure-all.' There is no such thing. But when taken for from six to eight weeks, Konjola will produce amazing results. The countless thousands of endorsements of Konjola have proven that it makes good, even in the most stubborn cases. Konjola is sold in Big Spring at Collins Bros. drug stores, and by all the best druggists in all towns throughout this entire section."

two men, one who said he "was George Miller and a man called Johnnie."

"Grassen said Albert, Pete and Joe had drowned when the water hose connection in the boat came loose and the boat sank."

"We all went back immediately and started looking for the bodies. I know that Albert and Joe were both good swimmers."

"After we had looked for the bodies Nick said the best thing to do was not talk to any laws or make any statements about it to anybody."

"I had heard that Cunningham was operating a still across an island on the other side of the river from where I stayed with the Millers."

The statement from Miss Larry was substantially as follows: She said she had known Mr. Mahley about three years.

"Robert Mahley came to my house Tuesday and left a girl named Almee Proctor with me, saying the girl's sweetheart had been drowned and he didn't want her staying out on the river where he had found her. He said to not let Almee talk to anyone about the drowning."

"Mr. Mahley came back again Wednesday and said he was going back to the river. Almee wanted to go, too, and he gave her bus fare to the river. We both went back, Almee and I, and found a large crowd at the bridge."

"Don't Talk"
 "Mahley again said to keep Almee from talking to anyone. A man named Jack Miller said there had been some whisky making in the vicinity and if the girl talked it would cause trouble."

"Wednesday night Almee and I went to a carnival and met a policeman friend. He took us home, and when we drove up Mahley came out and wanted to know why we were with the law."

"I told him the policeman was an old friend."

"Almee told me while we were at the carnival that she thought the men were killed because she heard Cunningham say that if any bruises were found on the bodies it would mean serious trouble for them."

"Almee said that Cunningham told her that Pete, the negro, stood up in the rear of the boat and turned it over."

Brief mention of the drownings, of a nature not disclosed, excited the policeman's curiosity, and he asked them to go with him to headquarters and make statements. On this chance happening, the arrests were based.

Study Club To Have Important Meeting

All members are especially urged to be present at this meeting as election of officers will be held. Members of the program committee will also be appointed.

INDIAN GIRL PLEADS GUILTY
 BUFFALO, N. Y., April 3. (AP)—Lila Jimerson, the "Red Lila" of the Cayuga Indians, this afternoon pleaded guilty in a hospital room, which temporarily became a county court, to a reduced charge of murder, second degree, in connection with the slaying of Mrs. Clothilde Marchand, wife of Henri Marchand, widely known artist.

Sentence was not pronounced, the woman being remanded to the custody of the Erie county sheriff, who will be responsible for her guard while she is undergoing treatment at the hospital.

NEW YORK—In 15 enumerations Uncle Sam has counted John V. Voorhis, president of the city board of elections and Grand Sachem of Tammany, 11 times. He was some of 32,000,000 100 years ago and has just answered the questions submitted to some 122,000,000 others.

COSSGRAVE RESTORED TO PRESIDENCY OF IRISH

DUBLIN, Irish Free State, April 3 (AP)—William T. Cosgrave was restored today to the presidency of the Irish Free State, an office he held from 1922 until last week, when he resigned after defeat in the dial on an opposition measure. He was re-elected by the dial Eireann last night by a vote of 80 to 65.

It Is Folly To Stay Fat

The proof is everywhere. In every circle you can see that excess fat is disappearing fast. Modern science has found a major cause of excess fat in a weakened gland. In late years, physicians the world over have been fighting that cause. They do not rely on starvation. This modern method is embodied in Marmola's prescriptive tablets. Each box contains the formula, as prepared by famous experts. People have used these tablets for 22 years—millions of boxes of them. Now nearly all have friends who show the results in new beauty, health and vigor. Go try Marmola's. You'll get the right way to reduce. The results will amaze and delight you. All druggists supply Marmola at \$1 a box. (Advertisement)

Relief from Gas Stomach Pains Dizziness

The doctors tell us that 90 per cent of all sickness is due to stomach and bowel troubles. You can't be well if your digestion is bad; you are likely to get sick unless you relish food and digest it properly.

Tanlac has a wonderful record as a relief from digestive troubles, even those of years standing.

Local people, many of whom you know, are highly endorsing Tanlac. For example, Mrs. Ellen White says: "For years I suffered from indigestion. I got no relief from anything until I took Tanlac. After my fourth bottle, I feel like a new person and have a fine appetite."

If you suffer from gas, pains in the stomach or bowels, dizziness, nausea, constipation, or a tired liver, if you have no appetite, can't sleep and are nervous and all run down, you need Tanlac. It is good, pure medicine, made of roots, herbs and barks. Get a bottle from your druggist today. Money back if it doesn't help you. Accept no substitute.

An Editorial

A MAY FETE

Schools and colleges all over the country celebrate May Day in a gay fashion and we suggest that Big Spring high school fall in line, and plan a big May Fete for this year. May pole dances, patriotic drills, and various other exercises constitute such a program, and hundreds of students in the school can participate. The students enjoy this gaiety, and it is a change from regular school work. Hundreds of interested citizens will attend such an affair, and a bigger interest in school is created.

There could be a director general appointed to plan the entire May Fete program, and then a committee from each of the various schools could be appointed to arrange for two numbers each. This would divide the responsibility, and at the same time have every school represented. A May Queen should be chosen and her coronation made the outstanding event of the day's program.

Cecil French was absent from school Monday as he was out of town.

HIGH SCHOOL PERSONALS

Miss Graham of the Spanish department spent the week end in Abilene.

Elda Mae Cochran spent the week end in Lubbock attending the Texas Tech Freshman prom.

Cora Ashley has been in Dallas for several days.

Miss Vandagriff returned to school Monday after recovering from a brief illness.

Norvill Puckett has been confined to his bed for about two weeks, but is reported recovering.

Maurine Garrett is absent from school on account of the death of her grandfather. Her friends and the staff of The Wheel extend sincere sympathy.

The debating teams were in Roscoe and Sweetwater Thursday of last week. Those who made the trip in Maurine Garrett's car were Louise Hayes, Elsie Duff, Robert Curtis, Steve Ford, Maurine Garrett and Miss Wingo.

Katherine Meador plans to spend the week end in Snyder.

The typewriting team was in Colorado Saturday morning in a practice contest with Sweetwater, Lorena, Colorado, Big Spring. Those that made the trip were: Margaret Bettle, Willie Mae McCormick, Hazel Brown, Ima Deason, Lorene Read, Mrs. Low.

Marcella King was absent from school Tuesday eve due to illness.

Fred Haller plans to spend the week end in Plainview.

Marvin Sewell returned to school Thursday of last week from Grapevine, where his grandmother has been seriously ill.

Ox Johnson spent Sunday in Stanton, where he visited friends.

Lennah Rose Black and Clara Brenner spent Saturday at the high school working on El Rodeo in order to send off all of the copy to the printers.

The Sophomore Nine A students of the home rooms of Pearl Butler and Vesta Masteller were entertained with an ice cream supper Friday, March 28, at the new wells.

The students assembled at the high school at six o'clock from which they went to the wells. After several games were played the group was served with delicious ice cream and cookies. The following students attended the ice cream supper:

Jake Pickle, Leonard Van Open, Walter Smith, Howard Schwarzenbach, Lillian Crawford, Fred Martin, Lorena Horn, Kathryn Anthony, Paul Warren, Mack Underwood, Louise Flowers, Robert Currie, Hudson Henley, Joe Allen Davidson, Virgil Sanders, Esther, Hazel Reagan, Oneta Prescott, and P. T. Quant. They were accompanied by the sponsors, Pearl Butler and Vesta Masteller.

Sport Review

A football game will be played Thursday between the graduating letter men and the Steers of next year. There is nothing startling predicted in the contest. The coaches will probably use all men available in an effort to stop charges of the departing stars. No admission will be charged for the contest.

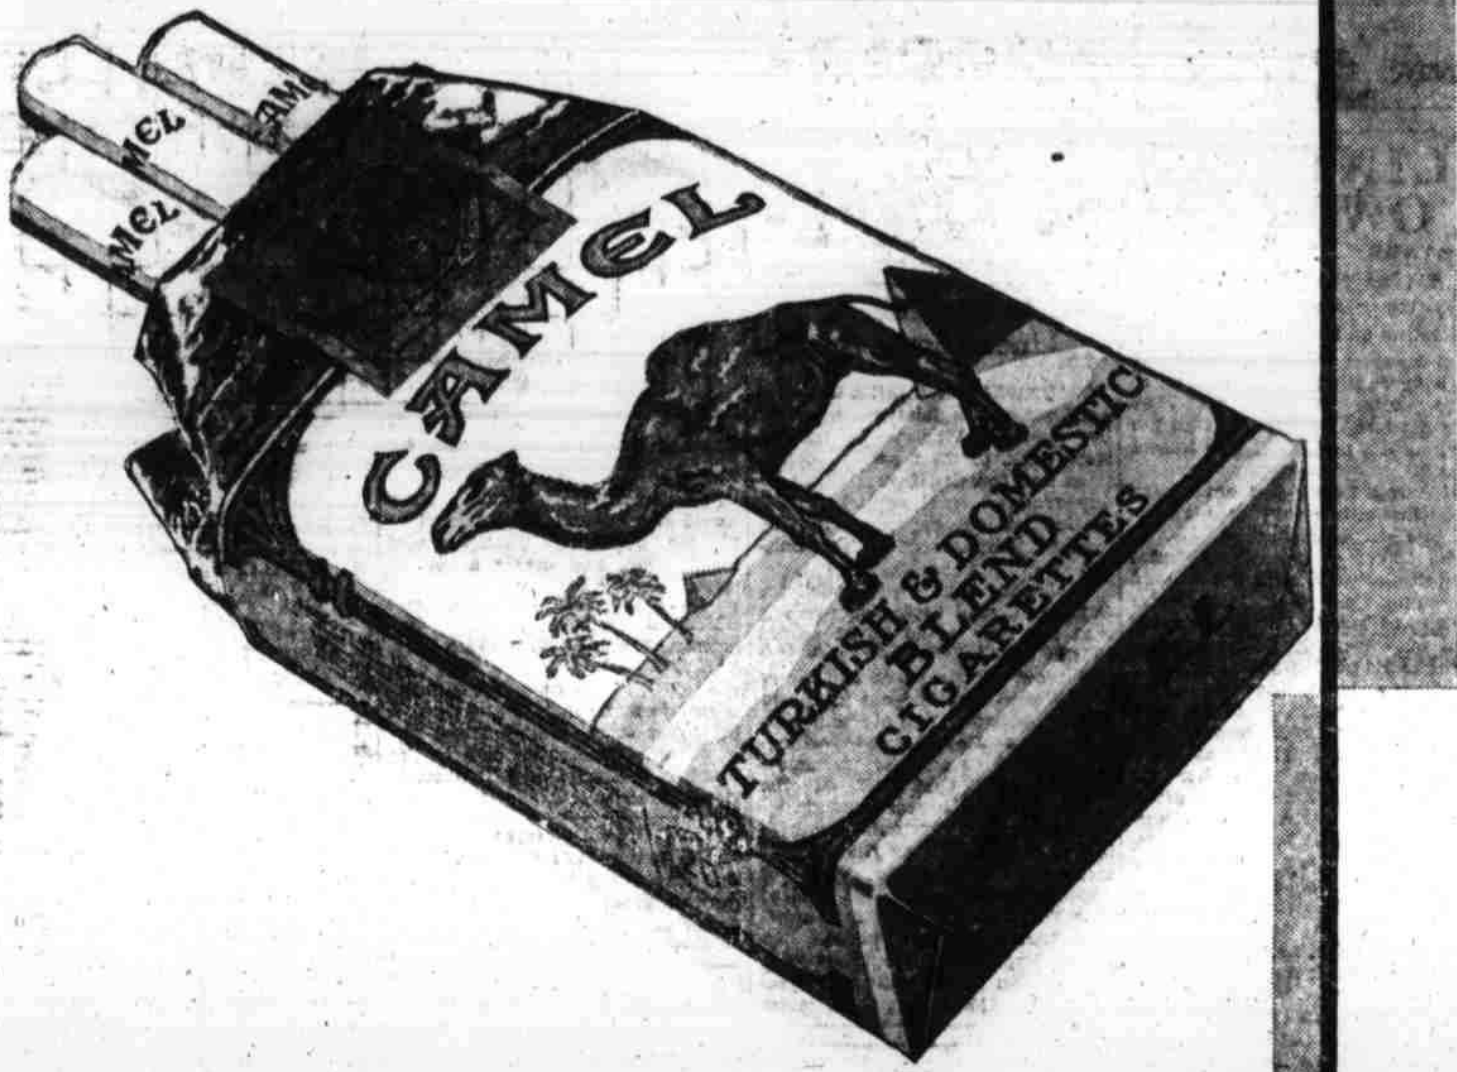

A movement is under foot to provide Big Spring with a golf course that is modernly equipped. But this will not in the least solve the worries of the high school enthusiasts who are fond of batting the white pellet over the green hills. An entrance fee beyond their means will probably be imposed, and the ambitions of another Bobby Jones might be discouraged so completely that his name will never be among those qualifying in the national amateur or selected for the Walker Cup squad.

There are several students who play a fair game. The entrance fee is unfair. A high school student should not be expected to meet the same regulations as the business men of the city. We do not go so far as to say that every student should be allowed to play free of charge, but certainly some way should be provided so that the game would be open to high school enthusiasts.

The sporting season in Big Spring is nearly over. The writer believes that it has been the greatest season the local school has ever known. Not so much for the success their teams experienced, but for the tendency to forget football when the season is over.

A one-sport school is disadvantageous to the team as a whole. The advantages of athletics can be offered to only a few, and if the real practice is confined to a single sport that number is few indeed. Basketball flourished this year. Track made the greatest headway that a squad has ever made. Tennis is demanding to be made a major sport instead of an amusement, as it has been in the past. Only baseball has been omitted from the athletic calendar.

Last year the students took matters into their own hands and formed a junior league that played consistently throughout the summer. The success of the loop was marvelous. Competition was keen, each club carried the full limit of players, the park on South Rannels was at their disposal, and when the circuit received enough publicity to warrant matches with city league clubs the two leading contenders combined forces and gave the

laundrymen, last half champions, a licking, knocking their star pitcher out of the box in the first inning. A two game series with the barbers, another city league entry, resulted in an even break for the youngsters.

It is a matter of interest that all of those players are eligible for high school competition. Baseball as an intercollegiate sport has proved a financial failure, as an interesting occupation it is without an equal. The local athletic council cannot afford to sponsor an official school team. But at least the directors could co-operate with youngsters desirous of playing in the founding of a league such as performed last year, or even the entering of the city league. In the latter case we feel that the action would be justified by the showing the youngsters made against their more experienced opponents last year, when six high school boys were signed by city league clubs, among them two pitchers, a catcher, an infielder, and two outfielders. All were regulars on their respective clubs.

The Big Spring high school hang-out known better as "Uncle Walt's" has changed hands. Mr. Smith has sold out to Bernie Alexander, Mr. Alexander states that he wishes very much to have the students to continue making this store their home.

HOW'S your HEALTH

Edited by Dr. Inge Quidman, Academy of Medicine

One of the greatest of England's surgeons was Joseph Lister, later Lord Lister, who was born in Essex in 1827 and died in 1912.

Chancing once to read of the work of Pasteur on fermentation and pasteurization, he became impressed with the worth of the experiments and their possible bearing on surgery.

In time his discoveries were validated and applied by others. Further, the work he initiated was developed to a point where, instead of combatting the germ in the operating room or in the wound cavity, all that came in contact with the patient were rendered as bacteria-free as was humanly possible.

Statement On Income Taxes Is Released

WASHINGTON, April 3 (AP)—The treasury department's final statement for the month of March today showed increased taxes aggregating \$627,024,917 were collected during the first quarter of the present calendar year, sending the total for nine months of the fiscal year to \$1,812,137,844, an increase of \$125,374,244 over the same period of the previous fiscal year.

It was indicated at the treasury today however, that the total income tax for the year would fall between \$50,000,000 and \$100,000,000 short of the estimate made when President Hoover submitted his first budget to congress last December.

REAL-LIFE DRAMA Originally it was planned to star Miss Lewis first in a talkie based on her own life, and what a story that is!

Perhaps the studio powers thought the true story might not be accepted by the public because of its Horatio Algeresque qualities!

There would be her runaway to the nearby town to get work, her second adoption, school for two years, and a second runaway to join a musical comedy chorus—but those were just the beginnings, and it would take a master scenarist to weave a conventional screen story from the whole.

She's Getting Thinner Every Day

Her Fat is Melting Fast Away

All over the world Kruschen Salts is appealing to girls and women who strive for an attractive, free from fat figure that cannot fail to win admiration.

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.

Every morning take one half teaspoon of Kruschen Salts in a glass of hot water before breakfast.

Be sure and do this every morning for it's the little daily dose that takes off the fat. Don't miss a morning.

The Kruschen habit means that every particle of poisonous waste matter and harmful acids and gases are expelled from the system.

At the same time the stomach, liver, kidneys and bowels are toned up and the pure, fresh blood containing Nature's six life-giving salts is carried to every organ, gland, nerve and fibre of the body and this is followed by "that Kruschen feeling" of energetic health and activity that is reflected in bright eyes, clear skin, cheerful vivacity and charming figure.

Get an 8c bottle of Kruschen Salts at Collins Bros. Drugs or any drug store (lasts 4 weeks) with the distinct understanding that you must be satisfied with results or money back.

One Montana woman lost 49 pounds of fat in 4 weeks and feels better than she has for years—adv.

Mrs. J. B. Delbridge spent yesterday in Midland where she attended the open house of the Southern Ice & Utilities Co. Mrs. Delbridge is manager of the home service department of the Southern Ice & Utilities Co. of this city.

April 6 Final Date For Ex-Service Men To Apply For Compensation

In view of information which has recently been given considerable publicity with reference to filing claims for compensation, the Veterans' Bureau desires to emphasize the limitations in the World War Veterans' Act which will become effective in the very near future.

Section 206 of the World War Veterans' Act provides that no compensation shall be paid for death or disability which does not occur prior to or within one year of discharge or resignation from the service (except in cases of presumptive disabilities, such as neuropsychiatric diseases, spinal meningitis, active tuberculosis, paralysis agnina, encephalitis lethargica and amoebiasis dysenteriae occurring to a degree of 10 per cent or more prior to January 1, 1925.)

Section 206 of the World War Veterans' Act provides that no compensation shall be paid for death or disability which does not occur prior to or within one year of discharge or resignation from the service. On the other hand though proof may establish service incurrence of a disability, if such proof is submitted after April 6, 1930 it may not be accepted by the Bureau if it fails to establish the existence of a 10 per cent disability prior to or within a year from date of discharge or resignation from service.

In addition to the above section of the law there is a further limitation on the filing of claims as contrasted with the provisions of Section 206 which has to do with the submission of proof. Section 206 of the World War Veterans' Act provides that no compensation shall be payable unless claim therefor be filed in case of disability within five years after discharge, or resignation from service, or in case of death during service within five years after such death is officially recorded in the department under which he may be serving; provided, however, that where compensation is payable for death or disability occurring after discharge or resignation from service, claim must be made within five years after such death, or at beginning of such disability.

In view of the importance of the restrictions above enumerated and the fact that a large number of disabled veterans may fail to obtain benefits by virtue of their not having filed claims within the time limit provided for in Section 206 and 209 of the World War Veterans' Act, this public announcement is made so that the various Service Men's Organizations and other organizations interested in the welfare of the disabled veteran may bring to their attention such restrictions and urge upon them the importance of filing claims and submitting all proof bearing upon the establishing of service connection.

SHOP TALK OF COUNTY AGENT

In reviewing the year's work in agriculture in the county, J. V. Bush, county agent, has arrived at a group of conclusions which he has classified under the title "Shop Talk." Below are given the items to which Mr. Bush would like to call the attention of Howard county farmers and farm boys.

Just five acres more milo for that boy to feed out a baby beef or two with this fall will reduce cotton acreage five acres to the farm in Howard county.

Speaking of cotton acreage reduction and farm relief, Howard county farmers might at least help themselves by planting a staple cotton this spring, and it might be a good idea to plant the variety or strain adopted by 200 farmers who are making an effort to standardize cotton in Howard county. Let the foreign countries produce and sell the short staple cotton.

The county agent put on nine poultry culling demonstrations this month. Seven out of the nine flocks culled were infested with lice or mites or both.

Many good hens are sent to the market as non-producers, due to lice and mites.

Why let these insects prey upon your poultry flock and destroy baby chicks when a little nicotine sulphate (black leaf 40) along the roost poles just before the fowls go on the roosts at night will eradicate them?

It might not be a bad idea for most of our farmers to find out the methods P. E. Little employed in producing 277 dozens of eggs from 172 pullets during one of the coldest months of the year for a net profit of \$83. And W. L. Williams might well be consulted on how he boosted a flock of non-profitable hens to 60 percent production in three months, during winter months.

Moisture will be conserved and soil protected from erosion on 6800 acres of rich Howard county land which was terraced and contoured during the terracing campaign which began November, 1929, and closed March this year.

Seventy-seven boys between the ages of 10 and 20 years have filed application with the county agent for membership in the Howard county 4-H club organization and are asking to be permitted to conduct 82 demonstrations with farm crops, livestock, and poultry as follows: Five acres milo, 26; five acres cotton, 17; poultry, 17; baby beef, 12.

Every boy in the county who is club age will have been given a chance to become a member of the Howard county 4-H club organization when the organization will have been completed the middle of April.

The Agricultural college of Tennessee was probably right when it suggested that some ways to fail in farming, would be: To grow only one crop; to keep no livestock; to regard chickens as a nuisance; to take everything from the soil and to return nothing; to not stop gullies or grow cover crops; to let the

top soil wash away) to not plan farm operations but merely trust to luck—thinking it out is hard work; to hold fast to the idea that the methods of farming employed by your grandfather are good enough for you; to be indifferent, to not join with the neighbors in any form of cooperation, to mortgage your farm for every dollar it will stand and to buy things you would have cash to pay for if you followed a good system of farming.

ITALY HIKES AIR BUDGET
ROME, April 2 (AP)—Italy's aviation budget for 1930-31 calls for an outlay of \$37,790,000, an increase of almost a million dollars over the past year. Of this some \$5,538,500 goes toward civil aviation, the rest being for national defense, pay of army fliers and pensions.

MINNESOTA TO MARK ROADS
ST. PAUL, Minn., April 2 (AP)—Minnesota highways will soon bristle with sign posts marking historic spots for the benefit of the thousands of tourists who visit the state every summer.

RASSETT, Ia.—Almost a little slam for women! Mrs. Irene Tucker has been re-elected mayor for six years without opposition. Five councilwomen also were re-elected. A man was chosen treasurer and another man assessor.

BI GGAME
The gun club boys are going in for their shooting with serious intent. Wednesday Dr. C. W. Deats, president of the local firing squad, received a message from Odessa stating that the western city club will have a corps of nimrods in Big Spring Sunday afternoon to match trigger pulling with squads from Big Spring and Lubbock.

PREPAREDNESS
In anticipation of a record crowd at the trap grounds west of Edwards Heights residential addition, the club is installing a gun rack and some benches for spectators and shooters during slack moments. No doubt the match firing that is slated Sunday will do more to develop interest in trap shooting than anything else that the shot gun artists could do. The element of competition is sufficient to attract most men and women the least bit familiar with shot guns and after they have once watched the clay targets go sailing out in the most unexpected direction, the boom of a 12 gauge cannon and then see the discs shatter into powder, the interest in trap shooting will pick up. Gun clubs throughout the country are working under the motto of "Shoot More Clays Out of Season and Less Birds In Season."

STATE SHOOT
While enjoying the sport of trap shooting, some of the more accurate blasters on the Big Spring squad are attempting to improve their technique with the idea of entering the state trap shoot carnival to be held in Houston during the summer. Dr. Deats is one attempting to arrange his affairs in such a way that a trip to the coast city will be possible. From the way Dr. Deats has been crashing the clays during the past few weeks, Big Spring will be capably represented among state competition.

TUT-TUT
We have at hand a story ostensibly produced by the publicity department of Texas Christian University. The story carries Cy Le-Janda's by line described in the article as T. C. U.'s "Blond Blizard." Personally we prefer the more homely title of "Flying Frog." Tullane University and Billy Banker have the "Blond Blizard" title rather well copyrighted. Contents of the story is all about Cy's temptation to quit the gridiron sport and devote his entire attention to track. Cy may be fooling himself, but not this writer or numerous others throughout the state. Cy will be toggled in mole-skins next fall just as he was during the past football season.

AN OMISSION
The name of Captain Delbert Rogers was negligently excluded from the story appearing on this page Wednesday concerning the spring football game scheduled this afternoon at 4:30 o'clock. So confident were we that Rogers' name would not be forgotten that it was not tabulated in notes taken and consequently the unexpected happened. Captain Rogers has been working consistently for weeks and this writing appears to be one of the most brilliant prospects Coach George Brown can claim on the squad.

WORTH WATCHING
The spring practice game to be displayed Thursday afternoon will not represent 100 per cent strength for either the regular eligible squad or the extras for track men who are still working for the district meet to be held in Abilene are excluded from both lineups. Ted Phillips, Bill Flowers and Buren Edwards are the more notable exceptions. Regardless of this fact, the bout to be staged on the Huddels street practice lot will be worth watching and will give local fans some inside information on just what to expect next season in the way of material.

Bearded Beauties To Play Here Next Wednesday

COAST NINE HAS RECORD TO UPHOLD

Picked Team From City Amateur Players To Be Opponents
The first game of organized baseball to be played in Big Spring this season is scheduled next Wednesday when the Bearded Beauties, a team of ex-professionals, outlaws and semi-pro performers invade Big Spring for a one day stand with a picked team of amateurs.

The game will be played under auspices of the Big Spring Amateur Baseball Association, which is now in the act of forming the city league. Advance representatives of the Bearded Beauties have made arrangements to halt the freak club's eastern journey in Big Spring. The club will include some of the game's best semi-pro and old timers that of one semi-pro another are unwilling and unable to play a full season in professional baseball.

A nominal admission price will be charged to enable every baseball fan in Big Spring an opportunity to see the bearded wonders in action. Those who have the opinion that sufficient amateur talent does not exist in Big Spring to give the boys a run for their money, just haven't been recent visitors to the ball park on East Third street where daily drills are in progress each evening.

Support of local fans is necessary if the Big Spring Amateur Baseball Association is to break even on the project.

Richland News

RICHLAND, April 4.—Pupils of Richland school hailed April 1 with joy as that was the date of dismissing school. All pupils enjoyed a picnic as the last official action during the closed school year.

Most of the Richland farmers are up with their work and are now awaiting rain to complete the job of planting.

Misses Estallene and Wanda Warren, Iva Bynum and Charlotte Carriger spent Saturday night in Big Spring with Mrs. H. C. Hoosier.

Several people from the Richland community attending the singing at Center Point Sunday afternoon. Among those attending from Richland were Mr. and Mrs. Rainey, Mr. Lloyd and others.

The singing at Mr. and Mrs. E. L. Todd's residence Sunday night was well attended.

Mr. and Mrs. N. H. Montgomery spent the week-end with relatives in the Chalk oil field.

Miss Hamilton spent Saturday and Sunday in Big Spring.

Mr. and Mrs. O. J. Brown gave a fruit supper Tuesday night for the young people. They enjoyed the games until a late hour. Many jokes were played as it was April 1. Young people enjoyed the hospitality of Mr. and Mrs. Brown and departed for home at a late hour after all had expressed a desire to repeat the occasion in the near future.

J. V. Bush, county farm agent, was in the Richland community last week and while here organized a 4-H boys club.

I. S. Gifford and family are moving to Prescott, Arizona. Friends in the Richland community are sorry to lose the Giffords, but are expressing hopes for success in their new venture.

NEW YORK—Mrs. Andrew Carnegie has given Mme. Curie, discoverer of radium, bonds valued at \$24,000 for the re-establishment of two fellowships in the Curie laboratory. Mr. Carnegie founded the fellowships in 1907 but the fund was reduced to \$700 by the depreciation of French bonds he gave.

MOSCOW—Kitchen in dwellings would be taboo under a plan of a government commission for improving the conditions of labor and life. There would be community cooking so that women would be free for industrial work on a parity with men.

City Loop Selects Board Of Governors For Season

Three of the city's prominent sportsmen were selected as governors for the Big Spring Amateur Baseball Association and a playing season of 108 games was adopted by club representatives in a meeting at The Herald office Wednesday evening. J. E. Kuykendall of the J. M. Radford Grocery Company, J. A. Adams of the Cragin-Adams Hardware Company and George O'Brien, manager of the Handy-Andy store in Big Spring were named on the board of governors as provided in the constitution and by-laws adopted by the club representatives. Duties of the board of governors will not demand a large sacrifice of time, consequently, the men selected, are expected to serve, despite manifold duties of private business.

BUSH ORATES SOX PLAYERS INTO HITTING

NEW YORK, April 3 (AP)—Donie Bush, new pilot of the ambitious Chicago White Sox, has lost none of his power of persuasive oratory. After his men had been held to three hits in eight innings by Dick Whitworth of the Fort Worth Cats, Bush cut loose on them, and the result was six hits and eight runs, for a 9 to 3 victory. The upstart was led by none other than C. Arthur Shires, who had been elevated to number five in the batting order as a reward for his earnest attention to business.

A game at Charlotte, N. C., today and one at Richmond tomorrow wind up the Athletics' training trip, and the champions are due in Philadelphia Saturday to begin the annual city series with the Phillies. Most of the rookies will be under fire in that series, and Manager Mack will then begin to dispose of those not yet ready for big league ball.

Other Storms
The weather is not the only thing causing trouble for the Brooklyn Robins. It helped them lose a game to Detroit at Macon yesterday when rain interrupted a pitching duel between Adolfo Luque and Vic Sorrell of Detroit, but that was just one difficulty. Two more were a cold that kept Hank Deberry out of uniform and a strained back that still is causing trouble for Bresler.

Goose Goslin with the other Senators will leave Chattanooga tonight for Birmingham, Ala., for a short series with the Barons. They will return Sunday, for a five game series with the Boston Braves. In spite of rain yesterday, things were sunny for the Senators as Goslin signed for \$10,000 and a bonus which made it possible for him to earn \$16,000, which he was paid last year.

The Detroit Tigers are at Atlanta for a three game series with the Atlanta club of the Southern Association. Manager Stanley Harris still is hoping his charges will come out of their exhibition batting slump. In their game at Macon yesterday with Brooklyn, the Detroiters collected only three safeties off the delivery of Adolfo Luque, but one of these was a homer by Charlie Gehringer with Elias Funk on base. It won the game, 2 to 0.

Pitchers Fined
One more slice with the pruning knife and the Indians' pitching staff will be down to its season's quota of nine members. With the release of Belve Egan and Leslie Barnhart to New Orleans, the staff was cut to 10, and four of them—Shaute, Glatto, Harder and Jablonowski—will struggle for three jobs. Dean of the staff, was considered a certainty a few weeks ago, but his work has been unimpressive and he'll have to compete with the youngsters.

Old man misfortune, who has tagged about everybody on the Pittsburgh Pirate training squad, seems determined to make a complete job of it. Even the umpire has fallen victim. Ted McGrew, new National league official traveling with the Buccs, has the grippe. Of the team with which Jewel Ems hopes to ride to a pennant this year, only Paul Wanser, Suh and Connor are able to be at their posts—and Connor has a bruised foot. The Pirates are at Houston for a four-game series.

Contract blanks have been printed, membership cards to the Big Spring Amateur Baseball Association are now available and other forms to be used in conducting the business of the city loop will be available prior to opening of the season.

Tommy Hitchcock, captain of America's defense team, taking the ball away from Devereux Milburn during a match game at Aiken S. C. Hitchcock's team won 7 to 5. This is one of the first match games played by Milburn since he was injured two years ago.

Texas League Clubs Start Harder Work

(By The Associated Press)
Little more than a week and a few hours remained today before leaguers would be looking across the diamond with one eye on the pennant. And managers were beginning to shuffle their squads around this way and that, pretty well lined up now by exhibition games, to know something about the points, weak and strong, of their mounders.

Waco had in prospect a tussle with the New York Yankees, and Manager Pratt announced he would use Tony Piet at second instead of Banrimer. Piet may be Waco's regular second sacker this year, although he has been playing shortstop.

Now that Babe Ruth is gone, the San Antonio Indians are back on the ground, training for their next games at Kingsville Saturday and Sunday with the Pioneers of the Missouri-Pacific Railroad baseball league.

Jackie Atz planned to take his Dallas Steers to Ennis for an engagement with the Southern Pacific team of that city. He announced he probably would use Bert Grimm and Philip Henstck, both right-handers, on the mound.

Because he wishes to give Cary Selph's lame knee ample time to heal, Manager Joe Schultz of the Houston Buffs is considering advisability of starting the season with "Watty" Holm at second. Holm, an accomplished utility man, can play any position. Should Holm be on second today for the Buffs' game with San Antonio, the Buff outfield would be composed of Williamson, Kaufman and Gus Felix.

Ted Blankenship, Chicago White Sox hurler, was a better pitcher than his brother, Homer, the American leaguer scored a 7 to 1 victory yesterday over the Dallas Steers.

The Texas Christian University Horned Frogs put up a stiff fight for seven rounds, then dropped the rubber game of their spring series to Fort Worth 12 to 2.

Spudder Yanniagians in Wichita Falls bowed to the regulars 13 to 1, and Skipper Carl Williams kept the squad on the move, preparing for the tilt tomorrow with the New York Yankees.

Eddie Lennon and Phil Waggoner, and Clyde Pratt, outfielder, were released. Catcher Ralph Butler was sent to Pine Bluff.

HUGHES, Ark.—Another grand slam! Mayor J. R. Collier, seeking re-election, defeated Mrs. C. M. Armistead 37 to 22. Five men were elected aldermen. Two women also ran.

Former Deputy Charged Of Bribe

SHERMAN, Tex., April 3 (AP)—Frank Trotter, former deputy sheriff here, made \$1,000 bond when a warrant charging him with accepting a bribe was served at Lubbock, his present home, by Sheriff Arthur Vaughan, it was learned Tuesday.

The indictment, returned in fifty-ninth court, was based on a statement of a negro accused of a liquor law violation. Trotter went to Lubbock after resigning his place here on March 1.

Athens Hornet Cagers Are Favorites After Early Games
BY PAUL MICKELSON

CHICAGO, April 3 (AP)—The chase for the 1930 national high school basketball championship bounded into the third lap today with the giant Hornets from Athens, Texas, strong favorites to retain the cherished crown.

Without extending themselves, the husky Texans routed the fast Lankim North Dakotas, team, 35 to 11, in their first center thrust at the large field seeking to dethrone them. They looked every bit as good as last year when they romped through a larger and possibly a better crop of championship contenders.

ABILENE MAN TELLS THRILLS

TRIED ALL KINDS OF MEDICINES BUT DECLARES ORGATONE (ARGOTANE) IS BEST ON MARKET

Not a day passes but what statements are received from local people telling of the great benefits they have derived from the stomach remedy Orgatone (Argotane).

The following statement was recently made by B. Flannagan of 926 Merchant St., Abilene, Texas, while talking with the Orgatone (Argotane) representative:

"For about two years I have suffered from indigestion and after every meal I would have a lump form in the pit of my stomach and gas would form and bloat me up that would make me so nervous I could hardly do my work. I had dizzy spells and never got a good night's rest. I was in a general rundown condition.

"I had tried many different kinds of medicines but nothing seemed to give me any benefit until I started to take Orgatone (Argotane) and I am much pleased with the results. In fact, it has done me more good than any medicine I have ever taken and I feel much better in every way. I eat and enjoy every meal and that bloated feeling has left me and I am gaining strength every day. I'm not as nervous as I was and sleep fine every night. I have certainly improved in health and I give credit where credit is due to Orgatone (Argotane), for it has given me relief and I sincerely believe it is the best medicine on the market."

Genuine Argotane may be bought in Big Spring at the Cunningham & Phillips Drug Stores.—adv.

Last Year—

(Continued From Page 1)

"What Texas makes makes Texas." Mr. Moore injected considerable amusement into the meeting. Reviewing incidents which he said led to his attempting to make a speech in Brownwood, out of his desire to perform what he was told was the duty of each member of the party to do what he was called upon for, he declared this was his second "attempt."

he would have such competition when it came to public speaking. Dr. J. D. Sandefer, a guest who was traveling with the Dallas party, reviewed the physical resources of Texas.

He said that recently when he, as a member of a committee seeking to have President Hoover visit Texas, conversed with the chief executive, was surprised when Mr. Hoover interrupted their statements of the state's vast resources and said that "I am thoroughly familiar with Texas and especially with West Texas."

"He told us things about West Texas that we ourselves did not know," said the speaker.

"We have not touched the hem of the garment in development of our resources," he continued, "but our greatest task lies in the proper development of the young men and women of the nation."

Dr. Sandefer

Quoting Thomas A. Edison and Henry Ford, Dr. Sandefer said, "this country is doomed down the years as surely as were Greece and Rome unless its spiritual development catches up with its material development."

Frank Jensen voiced a desire to help development the local "sea food industry," termed himself no longer a general passenger agent but, what with so many busses and airplanes, "a dealer in antiques" and told his hosts that "Big Spring will be the city you want it to be."

Mr. Erickson, having conversed during the evening with City Manager Smitham, declared that this city's unusually low tax rate and bonded indebtedness afforded it excellent opportunity of executing a wise city zoning and plan program "now when it will not cost you so much."

Comparing bank deposits and population of Big Spring today with those of Dallas 25 years ago he asked, "How do you know this will not be a large city as Dallas?"

"Would it not be profitable to lay out your city now and not mess it up until it will cost you ten times as much to do what you ought to do at once?" he asked.

He advised the city to retain a city planning consultant and of-

fered to come here personally and confer with local officials relative to such a move.

Mr. Reagan, mentioning that he is a native of Dallas county, said that, in the light of his many years of study and experience in this section, he believed it possible to make two dollars in West Texas where "you'd make one in Dallas." Nathan Adams, president of the one of the largest banks in the country, interrupted to say, "so do I."

Mayo Physician Takes Airplane To Visit Rockne

ROCHESTER, Minn., April 3 (AP)—Dr. C. J. Barborika of the Mayo Clinic staff left here today by airplane for Miami, Fla., to examine Knute Rockne and to consult with physicians attending the Notre Dame football coach. The hurried trip was the result of a call from Mr. Rockne.

Plan To Operate Schools Full Year

FORT WORTH, April 3 (AP)—Educators of Texas today had before them a plan, offered by R. T. Ellis, secretary of the Texas State Teachers Association, for year-round operation of public schools as a solution of numerous problems of the school system.

Ellis, in an address yesterday before the social service club here, presented his plan in declaring that "public educational institutions still are operating on the lines of 100 years ago."

"We are modern in buildings, equipment and in everything except this matter of leaving costly plants idle three or four months each year," he said. "There are many inequalities suffered by various classes under the present system that would be relieved by a 12-month school year. Taxpayers would be saved much money in operating costs and in bond issues for new buildings if the present plants were operated throughout the year."

Motor accidents took 484 lives in Minnesota in 1929.
