Hereford Scouters Win Council Attendance Award at Annual Banquet Amarillo Monday

District Court Will Open Here Monday Morning

District court will open next Monday morning at 10 a. m. for the new term.

A new District Judge and new District Attorney will be making their first official appearance in the local courtroom. Judge Earl F. Schmitt of Dalhart, who defeated John Aldridge of Pampa for reelection last summer, will be on the bench; and District Attorney Floyd H. Robinson, who overhauled the law office in last summer's Democratic primary, will be the prosecuting attorney.

Both men have recently been discharged from the U. S. armed forces.

Grand jury has been summoned for duty at 10 a. m. Monday morning. On the 16-man panel are Jimmie Alfred, Henry Kendall, M. D. Barlett, H. M. Thomas, Walter Dunlap, P. J. Walther, David L. Smith, Tom Boyd, Lee Little, Mont Baker, Leo James, Paul Soden, M. C. Kaul, James E. Mack, Robert Vidler, and Senator R. Turner.

Eight Injured in Wreck Near Friona on Sunday Afternoon

Eight persons were injured, two seriously, in a collision between two automobiles on Highway 60 a Sunday afternoon west of Friona, Sunday afternoon.

The seriously injured were Mrs. Grace Sanders of Hereford, who suffered a fractured pelvic broken nose, and seven other persons.

Marvin Balaban, 15-year-old son of Mr. and Mrs. E. Balaban of Hereford, who suffered a severe concussion and at last report was still in a critical condition in a Canyon hospital.

Also injured in the accident were Mr. and Mrs. Balaban's two small children, 7-year-old Robert and 5-year-old Norma Lee Sanders, 15-year-old daughter of Mrs. Grace Sanders, of Friona.

A 1947 Dodge, owned by Howard and Gail of Hereford, and driven by Norma Lee Sanders, was involved in the accident on Highway 60, attempted to pass another car without sufficient clearance, according to Highway Patrolman Cecil McNelly, and crashed head-on into a 1937 Chevrolet, driven by a Friona resident, which was also damaged.

Mrs. Sanders and her daughter were the only occupants of the Dodge car. The Friona car was driven by a Friona resident.

All eight of the wreck victims were treated to Hereford for emergency treatment, and the Friona boy and Mr. and Mrs. Balaban were later transferred to the Canyon hospital, where they are still in critical condition.

The Friona car was reported to be in critical condition. The Friona car was reported to be in critical condition.

Charges of "passing without proper clearance," a misdemeanor under state law, have been filed in justice court in Pampa (Continued on Page 8)

Dawn School Trustees Protest Inclusion in Hereford Rural High School District; Threaten Suit if Election Carries

Members of the Board of Trustees of the Dawn Common School District met Saturday afternoon with the County School Board and lodged a strong protest against being included in the proposed Hereford Rural High School district, which will come to a vote on Saturday, February 8.

Represented by attorney W. H. Russell, the Dawn board members threatened to file suit in District Court to declare the election illegal if the Dawn district is forced into the proposed district.

Russell argued that the County Board did not have the legal authority to include the Dawn Common School District in the proposed consolidation, which would be effected if the proposed Rural High School district is voted.

The County Board, however, maintained that it was acting within its legal powers in ordering the election, and refused to agree to the withdrawal of the Dawn district.

A similar case, which arose out of a Rural High School district election in Floyd County, was ruled in favor of the County Board by the Texas Supreme Court (Continued on Page 8)

Commissioners Ordered Boost In December

Property valuations assessed for county tax purposes for the current year, 1947, will be boosted approximately 23.1-3 percent over the entire county, Judge Leonard Foster revealed this week.

A revision of the county's tax valuations which will affect every property owner in the county was ordered by the Commissioners Court on December 23, a check of the Minutes of the Commissioners Court reveals.

The Commissioners, at their pre-Christmas session, ordered the Tax Assessor to revise the roll values of both city and acreage property to affect what Judge Foster estimates will amount to an increase of one-third in county taxes collected next spring.

The tax rate remains unchanged.

Taxes will be assessed on the basis of 40 percent of 1941 valuations, less depreciation.

The Tax Assessor was ordered to revise 1947 tax rolls of city property to assess 40 percent of the total value as shown in the Tax Survey conducted by the G. B. Wherry Company of Tax Engineers last summer.

"Tax roll values of acreage properties will be assessed at the indicated value shown in the zoning map," the Commissioners order stated.

The zoning map referred to according to the minutes, was prepared jointly by the county judge and tax assessor, and property of equitable value for assessment of value on acreage properties and ranch improvements such as irrigation, well, wind mills, farm homes, barns, granaries, and other buildings and improvements of permanent nature are to be valued and assessed for taxes at 40 percent of present actual value.

The present actual value to be determined by the estimated cost of the improvements at 1941 levels, less a reasonable allowance for depreciation," the order stated. Some acreage property within the boundaries of the Hereford (Continued on Back Page)

District Judge Harry Schmitt (left) and District Attorney Floyd H. Robinson will be making their first official appearance in District Court in Hereford when the new term of court opens Monday morning.

Reorganizing of Two Class-A Football Districts Announced

A shift in make-up of Class A football districts in the Pampa-Hereford area was announced last week by the Texas Intercollegiate League.

Under the new organization, Hereford, along with Friona, Dimmitt, Canyon and Tulia, District 2-A, with Phillips, Perryton, White Deer and Canadian being shifted from District 2-A to District 1-A.

Remaining in 1-A are Dalhart and Dumas. Olson has been shifted from District 5-A to District 2-A to complete the district.

The changes were made necessary when Pampa and Spearman withdrew from Class A competition, both dropping back to Class B districts, leaving only four teams in District 2-A.

The four teams remaining in District 2 were shifted to District 1 with Dalhart and Dumas making a more compact district in the northern Pampa-Hereford area by the old sprawling 1-A set-up.

The remaining five teams in District 1-A are in the new District 2-A, with Olson added to this district to make a six-team loop.

The new conference arrangements will become effective with the opening of schools next fall. The present league set-up will continue through this spring. District basketball and track competition will not be affected this year.

Farmer's Meeting For Sugar Beet Parley Delayed

A meeting of farmers in this area interested in growing sugar beets, scheduled to be held last night, has been postponed until tomorrow night (Friday) and will be held at the District Courtroom at 7:30 o'clock. Courtroom at 7:30 o'clock. Courtroom at 7:30 o'clock.

The scheduled meeting last night was called off when the sugar beet storm struck this area, making travel virtually impossible.

Don Heiser, field manager for the American Crystal Sugar Company, who was scheduled to present along with other representatives of the company, withdrew Thursday yesterday afternoon that the Hereford and Pampa areas were not reached between Hereford and Pampa.

West Texas Ex-Students To Meet Monday Night

A meeting of ex-students of West Texas State College will be held Monday night at 7:30 o'clock in the County Courtroom.

All ex-students of the College are invited to attend. County are asked to be present. A special invitation is extended to parents of ex-students now attending the college, or to parents of graduates of W. T. students, to attend.

Important business matters are to be discussed by the West Texas County Ex-students chapter, and a report of interest to all present to be made.

Home Demonstration Agent Mrs. Tom Draper New County

Mrs. Tom Draper, former County Home Demonstration Agent at Canadian, has been named to succeed Miss Sadie Lee Oliver as Deal Smith County Home Demonstration Agent.

Mrs. Draper will begin her duties here officially on February 1. She is taking the position on a temporary basis, planning to take over the office until an agent can be assigned there permanently.

Before her marriage last year, Mrs. Draper was Miss Arden Hix of Wellington. She is a graduate of Texas Technological College, class of 1940, and served four years as CEBA at Canadian in Hemphill County, resigning her position there to marry Tom Draper several months ago.

Mrs. Draper is well known here in this county, and owns a large tract of farm and in the Biggame community area in the northwest section of Deal Smith County.

Mr. and Mrs. Draper have been living at Tarkton, but have moved this week to Hereford, where they purchased the John Wood duplex near Central school, and plan to make their home here permanently.

Three Local Business Firms Are Robbed on Friday Night

Three Hereford business houses were robbed last Friday night. Stakes at Kemp Jewelry Company and Kester Jewelry Store were broken, and Benfield Motor Company building on Highway 60 was entered and robbed.

The total loot was one \$35 from Benfield's and about \$35 in cash from the sale at Kemp jewelry company. The attempted robbery at Kester's, apparently the last in the series, was foiled when a tear gas bomb on the safe exploded as the robbers knocked the knob on the strong box. No cash or jewelry was missed.

The alarm was sounded by Jay Johnson, owner of the Ellis Gate which is in the adjoining building to Kester's. Johnson had returned to his cafe at a late hour, and noticed two men running from the rear door of the Kester store. He immediately notified police and the sheriff's office.

Time of the Kester robbery was placed at about 2 o'clock Saturday morning. The other two robberies were believed to be

Funds Raised for Purchase of POW Compound by City

A group of Hereford farmers, business and professional men are raising \$23,500 to be turned over to the City of Hereford to purchase Compound 4 at the Hereford Prisoner of War Camp, Trowle Womble announced this week.

More than half the total amount was raised last night at a meeting at the County Court House, where about 60 farmers and business men were present. The remainder will be raised to-day and will be turned over to Mayor W. E. Dammeyer by tonight, Womble said.

The compound will become the property of the City of Hereford if the deal goes through, and will be utilized as a labor housing camp for transient farm laborers working in this area.

Clinic for Polio Victims Will Be Held at Plainview

Important news for polio victims was announced this week by E. C. Robards, county chairman of the Deal Smith Chapter of the National Foundation for Infantile Paralysis.

A special clinic for polio patients will be held Saturday, February 8, at the Plainview Sanitarium and Clinic.

Dr. Sam Driver and Dr. Eugene P. Loggess, specialists in orthopedics, will be at the clinic on that date and will examine all former polio patients who are in need of attention, according to Mike Kirk, manager of the Clinic.

"It is suggested," Kirk wrote Robards, "that all those with orthopedic problems resulting from infantile paralysis be at the clinic promptly at nine o'clock on Saturday morning, February 8, for examination."

Dr. Driver, formerly of the Carroll-Drayer Clinic, is a professor at the Southwestern Medical Foundation in Dallas, and chief of the orthopedic division of Baylor Hospital.

Dr. Loggess is also a staff member at Southwestern Medical Foundation.

The two men have been designated by the Polio Foundation to carry on follow-up work as it relates to orthopedic care for polio patients at the Plainview clinic.

Pyraacantha Chosen by County Federation for Planting Here

The Deaf Smith County Federation of Women's Clubs in cooperation with the state-wide beautification program of the State Highway Department, has launched a campaign to have Pyraacantha planted throughout Hereford, and particularly along Highway 60, this spring.

Pyraacantha has been chosen by the Federation committee as the official plant for Deaf Smith county.

Under the State Highway Department program, each county is asked to select a plant or flower, and to set out that plant prolifically along its highways and in its towns.

Pyraacantha was chosen by the Hereford Civic Improvement committee as the prize to be offered local home-owners in the City's Clean-up Campaign last fall. Those prizes are being awarded now, and at the same time, the Federation is pushing its program of Pyraacantha planting throughout the city.

A Kress nursery has contracted to supply Pyraacantha plants at a special price of two dollars each for sale in Hereford. Plants are two years old, and will be guaranteed through one growing season.

Orders are now being received. The plants are available at the new W. S. Fluit home at 1036 25-Mile Avenue, and Mrs. Fluit will receive orders.

A nursery man is available and will plant the Pyraacantha anywhere in the city at no extra charge. Five hundred plants are available now, and they should be planted within the next few weeks, the nursery advises.

Plants which do not live through this summer will be replaced free of charge next spring, Mrs. Fluit advises.

Prizes Awarded Winners in City Clean-Up Drive

Pyraacantha plants have been awarded this week to sixty-three prize winners in the winning Section of the City-wide Clean-up Campaign conducted here last fall under auspices of the Civic Improvement Committee. Mrs. W. S. Fluit, chairman of the awards committee, announced yesterday.

The prize-winning section was captained by Mrs. C. D. Kelton. Prize winners are Noah Ewton, T. W. Alderson (lot), Howard Gault, Troy Moore, H. P. Man, Adventist Church, Frances Maxfield, Walter Seed, J. C. Ricketts, H. D. Wilkins, Sanford Smith, J. B. McMinn, Louis Rice, Willis Clinic, Dr. R. R. Willis, Miss Mattie Woodburn, George Robertson, Mrs. Mary E. Seliger, Ralph Hastings, George Muse, John Renfro, Chris Renfro, N. M. Megett, A. B. London, Tom Carroll, J. N. Thomas; C. E. Sheppard, N. M. Ohlig, G. F. F. Parker, John McDonald, A. C. Barnhart, Jim Carroll, Burl France, J. M. Boone, J. T. Gilbreath Jr., E. A. (Jack) Wright, Otto Lynch, Sid Barcy, E. W. Young, Louie Olson, Ellis Coombes, Lynn Kester, R. A. Daniel, W. L. Suttle, Ludwig Huckert, Anton Huckert, W. L. Davis, Dean Roberson, Arthur Thompson, Homer Fox, Luther Fevely, C. F. Cockrell; Nazarene Church, Broadwell Apartments, Eda Cox, James Vines, N. B. Hood, Green Apartments (Mrs. Bailey), Jeff Roberson, Deward Roberson, Wallace Cox, Virgil Morris, and E. B. Harris.

Thanks . . . To My Friends and Customers . . .

My lease with Magnolia Petroleum Company, on the station on Hiway 60, having been terminated effective January 31, 1947, I will, Friday, end over 22 years with the Magnolia Company and 28 years as a service station operator in Hereford.

During this time I feel that I have made many friends among those of you who I have been privileged to serve, and I treasure these friendships above all else. It has been a pleasure to know each of you and to work with you and I want you to know that I sincerely appreciate the things you have done for me.

Also that I am looking forward to making other connections whereby I can again serve you.

Army Recruiter Is In Hereford Each Tuesday at P. O.

A representative of the U. S. Army Recruiting Service is in Hereford every Tuesday, making headquarters at the Hereford Post Office building.

The Recruiting Sergeant stated that he has information available about all phases of army enlistments. Aviation Cadet training has been re-opened.

To qualify for pilot training, an applicant must be 16-28 years of age, a high school graduate, single, and able to meet the physical and mental qualifications.

Direct enlistments are now being accepted for the 1st Cavalry Division in Tokyo, 11th Airborne Division in Tokyo, 24th and 25th Divisions in Japan, 6th and 7th Divisions in Korea, and the 82nd Airborne which is now stationed in the United States.

Thanks . . . To My Friends and Customers . . .

Farmers Will Discuss Organization Of Farm Bureau at Luncheon Here

Four hundred invitations were mailed this week to Deaf Smith county farmers for a luncheon to be held Saturday noon at the City Hall, at which time organization of a county unit of the National Farm Bureau will be discussed.

Plans for a Farm Bureau chapter were launched here two weeks ago when a small group of county wheat growers met at the courthouse to hear Walter Upchurch, secretary of the Randall County Production Marketing Administration, and two representatives from the Randall county chapter, discuss the work of the National Farm Bureau. The meeting here next Saturday has been organized under the direction of H. M. Thomas.

Luncheon will be served beginning promptly at noon, and a brief program to explain the organization and purpose of the Farm Bureau has been arranged. "There will be no speeches," Mr. Thomas said.

An attendance of well over 100 is anticipated, and if attendance exceeds the seating capacity of the hall, the luncheon may be served buffet style.

The Farm Bureau is organized on a national basis, with county, district, and state organizations making up the membership.

J. Walter Hammond of Tye, Texas, is president of the State Farm Bureau, with Frank Taylor of Waco as vice president and J. H. West of Bishop as secretary-treasurer. Joe M. Hatton of Spearman is director of the state organization from this district.

Randall, Castro, and Swisher counties all have active chapters in this immediate area.

The Farm Bureau keeps representatives both in Austin and in Washington to lobby for legislation wanted by their sponsors, the farmers of the country, and to keep members informed of legislative developments.

Membership of the Texas Farm Bureau last year was 10,772. Of the National Farm Bureau, 1945 membership had reached a total of 984,136.

Farm Bureau lobbyists are governed in their actions by resolutions passed through county, state, and national conventions. The Farm Bureau is currently working on a council for Wheat, to determine what sort of program the wheat growers of the county want, and to attempt to get the legislation passed.

"With the President's announcement of the official 'end of the war' farmers have been served notice that the present support program will end in 1948, unless steps are taken to continue it," Walter Upchurch told the Deaf Smith group here at the first Farm Bureau meeting.

Baptists of Tierra Blanca Association to Conduct Simultaneous Revival Meetings

Services Planned in Many Churches During February

Many Baptist churches of the Plains will have simultaneous revivals Feb. 9-23, under general supervision of Dr. C. E. Matthews of Dallas, Superintendent of Evangelism for the Baptist General Convention of Texas. He will preach in the First Baptist Church at Plainview at the same time and pastors and evangelists of the Plains area will meet him once each week for a general conference on plans and methods.

The revivals in Tierra Blanca

Association, consisting of churches in six counties on the North Plains, will be under general direction of Dr. Frank Weedon of Dallas, a member of the Evangelistic Staff of the Convention. He will preach in the revival at First Baptist Church, Hereford.

Other churches engaging in the campaign in February include Avenue Baptist Church of Hereford where R. S. Sparkman is pastor, and he will be assisted by Virgil Hunton of Texico; First Baptist of Canyon where Pastor Roy L. Johnson will do the preaching; First Baptist of Dimmitt where Pastor M. J. Lee reports the preaching will be done by L. R. Joyner of Saline, Louisiana; First Baptist of Happy where Pastor W. F. Brian will be assisted by Bruce Giles of

Dr. Frank Weedon to Conduct Revival in Hereford Church

Dr. Frank Weedon of Dallas, a member of the Evangelistic Staff of the Texas Baptist Convention, will open a revival meeting at the First Baptist Church in Hereford Sunday, February 9. Rev. R. H. Cagle, local pastor, announced this week.

The revival will continue through February 23, with services daily at 10 o'clock in the morning and at 8 o'clock each evening.

Dr. Weedon will be assisted in the revival by Sam Allen, music director of the local church, who will be in charge of singing at all services.

Simultaneously a revival meeting will be held at the Avenue Baptist Church, of which Rev. R. S. Sparkman is pastor, with Virgil Hunton of Texico assisting in the services.

The revivals are a part of a program of simultaneous revival meetings throughout the Tierra Blanca Baptist Association. Dr. Weedon will be in general charge of the entire campaign in the association.

Rev. J. E. Beyers will conduct revival services at the Dawn

Bovina; First Baptist of Tulla where Pastor H. E. East will be assisted by W. E. Barnes of Portales, New Mexico; and Dawn Baptist where J. E. Byers is pastor.

A week end revival will be held at Vigo Park February 13-16, according to announcement of Gerald L. Johnson of Plainview who is pastor there. A similar revival will also be held at Fairview church, near Wayside, Feb. 20-23, and L. B. Edwards is to be the preacher, according to announcement of Gerald L. Johnson.

These nine revivals are planned to give strength to the whole program for 1947 in these churches, according to announcement of Dr. Roy L. Johnson of Canyon, the clerk of Tierra Blanca Association.

Dr. Frank Weedon, Dallas pastor, will conduct revival services at the First Baptist Church in Hereford February 9 through February 23.

Baptist Church. The nursery at the First Baptist Church will be open during all services, Rev. Cagle has announced. The public is invited to attend.

Miller-Whitaker Wedding Announced

Miss Malie Oleta Miller, daughter of Mr. and Mrs. Ira Miller, and George Hamilton Whitaker, Jr., son of Mr. and Mrs. O. H. Whitaker, were married Sunday.

The wedding took place in Clovis, N. M. at the parsonage of the Baptist Church with the Reverend Dyer reading the marriage service.

The bride wore a white street-length crepe dress with beaded trim and featuring a short peplum at the low waist line. Her flowers were gardenias and a borrowed ring carried out the tradition for luck.

Her attendant was Mrs. Norma McBride who wore a soldier blue suit with pink blouse and a pink carnation corsage.

The couple is now on a wedding trip to Old Mexico and parts in New Mexico. They will make their home in Hereford.

Mrs. Whitaker attended Frisco schools and has been employed here at the Beauty Mart.

Mr. Whitaker received his discharge from the Army in August 1946 after almost five years of service. He served 33 months overseas in the 62nd division of the Artillery. He is engaged in farming near Hereford.

Red Cross Buys Movie Projector For Public Use

The Deaf Smith County Chapter of the American Red Cross has purchased a motion picture projector and sound equipment for use in the county, Mrs. Dyall's Brady announced this week.

The projector is primarily for use of the Red Cross, but will also be available for loan to any clubs or civic organizations in the community who need it, Mrs. Brady said.

Hugh Clearman, Deaf Smith county Agriculture Agent, has been appointed as chairman of a committee which will be in charge of the projector. Any clubs or other organizations wanting to use the projector at any time should contact Mr. Clearman or Mrs. Brady.

Final Spud Goals For 1947 Mailed To Producers

The Deaf Smith County Agriculture Conservation Committee is mailing final acreage goals to producers for the 1947 potato crop this week, F. G. Collier, secretary, has announced.

If any producer feels that the goal which he has been assigned is unfair, he can appeal within 10 days to the county committee for an adjustment, Collier pointed out.

If the county committee's decision is still unsatisfactory to the grower, he has the right to appeal to the State Committee.

Deaf Smith county has been allotted a goal of 3,937 acres for 1947. This acreage is just under the 3-year average for this county, although it represents a big decrease from the approximately 5500 acres planted to spuds last year.

County Tax

(Continued from Page 1)

Independent School district was assessed by the Whitney Company tax surveyors last fall. This property will be assessed by the county on the basis of the Whitney survey valuation.

"In view of the fact that the tax survey (Whitney's) includes some acreage property in the county, together with the improvements thereon, it is suggested that the tax assessor make use of such survey as it applies to such improvements, using 40 percent thereof for assessment values," the order states.

"With respect to improvements on land located outside the area covered by the tax survey," the instructions continue, "the (Tax Assessor) follow as nearly as practicable the method used by the tax engineers for arriving at a fair taxable value for such improvements. This class of property is in effect real property, and should be included with and become a part of the assessed value of the real estate for tax purposes."

"This order is in no way to be interpreted as limiting or restricting the tax assessor in his assessment for tax purposes of such property as livestock, machinery, automobiles, merchandise, of any other taxable property," the Court's order specified.

Scouters

De. J. A. Hill of Canyon and Bob McCoy of Dalhart were re-elected as national committeemen from the Llano Estacado council.

A Silver Beaver Award, one of Scouting's highest honors, was presented to Ezel Fox of Dumas.

Principal address of the evening was made by Harold W. Lewman, Regional Scout Executive, of Dallas.

"One of the most important resources we have is Youth," Lewman told the group. "Scouting is available in this country of ours to every boy, rich or poor, black or white . . . and Scouting's primary purpose is character building."

Keynote of his speech was the Boy Scout slogan for the year, "Scouts of the World Building Together."

Lewman also paid tribute to the Scoutmasters and assistants who lead the Council's troops. "The unit leader," he said, "has the most important spot in this whole program."

Jim Worrell of Hereford entertained the group with solos, including "Give a Man a Horse He Can Ride," "Old Man River" and "Short'nin' Bread." He was accompanied at the piano by Miss Thelma McMinn.

Scouts of Troop 24, under the direction of Scoutmaster L. E. Smith, presented a demonstration of field work.

Attorney Jimmie Witherspoon in talks before the Hereford Lions and Rotary Clubs during the past week at the request of the County Board of Trustees, argued the merits of the proposed Rural High School District as providing the greatest good for the greatest number of students.

The present Hereford Independent District, he pointed out, is the smallest district, in actual area covered, in this section. In addition he pointed out that most rural schools in the county are sending their high school students to Hereford, and the majority are sending all grades to the Hereford schools. Many rural districts have sold or moved their school buildings and allowed the land to revert to the original owners.

High school students from the Dawn district are currently attending West Texas State College high school at Canyon.

The county board, he said, has ordered the Rural High School District election as the best solution for the educational problems of the vast majority of the school students in the county.

Baptist Young People Will Hold Rally at Tulia

A rally of Baptist young people from the churches of Tierra Blanca Baptist Association will be held at the First Baptist Church in Tulia, Friday night at 7:30, February 7th, according to announcement of Robert Killgore of Canyon, Training Union Director for the Association.

Chief speaker will be John Osteen of Hamlin, Texas, former associate pastor of the First Baptist Church in San Diego, California. He recently spoke at a large rally of young people in San Diego, having been flown there by them for the one address. He is a young man with a message that seems to catch young people.

Treasury Man

A. Lee M. Wiggins is new Undersecretary of the Treasury, succeeding O. Max Gardner, named Ambassador to Britain. Wiggins, former president of the American Bankers Association, is from Hartsville, N. C.

The attendance at the meeting will not be confined to young people, but all age groups are expected from the twenty churches of the Association which covers a territory of nearly six counties. Besides a special music program, there will be a well prepared demonstration Training Union program, by a group of young people from Canyon under direction of J. L. Harden.

This rally is a part of the Association's preparation for the simultaneous revivals to be held Feb. 9-23 in nine churches, in cooperation with scores of other revivals in churches over the Texas Plains at the same time. General direction is being given the area revival campaign by Dr. C. E. Matthews of Dallas, Superintendent of Evangelism for the Baptist General Convention of Texas, according to announce-

ment of Dr. Roy L. Johnson of Canyon, the recording secretary of the Convention.

Sincerely yours,

PEOPLES PULPIT

Being a farmer and living in a rural district, I would like to say just a word to the voters in the outlying districts, who contemplate voting on whether their district will consolidate with the Hereford Independent School District on Feb. 8, 1947.

Folks, it takes a town to build a country and in an agricultural district, it takes the country to build a town, and it takes co-operation to build either. We are fortunate to be located in one of the best spots in Texas, so why not let's all pull together and have one of the best schools in Texas. It will raise our taxes yes, but what of it, we cannot expect to have anything worth while without paying for it.

I am for this consolidation because I think it is a step in the right direction in developing a better community in which to live; and to do our part in building a better world.

We can make no better investment than the money invested in the training of our youth. If these districts all consolidate and build one central school with adequate facilities for training all grades; then the rural children have equal opportunity with the city child.

As to the amount it will raise our taxes, we will not be hurt badly. No community can advance with part of its citizens pulling one way and part the other; so let's give this some serious thought, and all pull together for the development of our community.

Sincerely yours,
E. M. THOMAS

High Plains Water Users Order All-Out Fight Against Control Bill

Poultrymen Are Eligible For National Contest

Deaf Smith County poultrymen will compete with poultry breeders in eight southwestern states in the 1947 phase of the nationwide Chicken-of-Tomorrow program with more than 750 poultry raisers from this county eligible to enter the competition, according to D. D. Slade, chairman of the national Chicken-of-Tomorrow contest committee.

"All that is required for Deaf Smith County poultrymen to become a part of this important breeding program is a flock of 50 baby chicks hatched between March 2, and 3," Slade said. "Poultrymen entering the contest are urged to contact Prof. F. Z. Beanblossom, Texas A & M College, College Station, chairman of the contest committee in this state."

Aimed at developing chickens with improved meat-type characteristics, the contest carries a \$5,000 grand prize and \$5,000 in regional prizes. The top award will go to the poultry breeder who develops the most improved meat-type chicken.

Slade urged Texas poultrymen to continue their efforts to develop superior meat-type chickens which, he said, are paying increased dividends to the entire state. He pointed to the

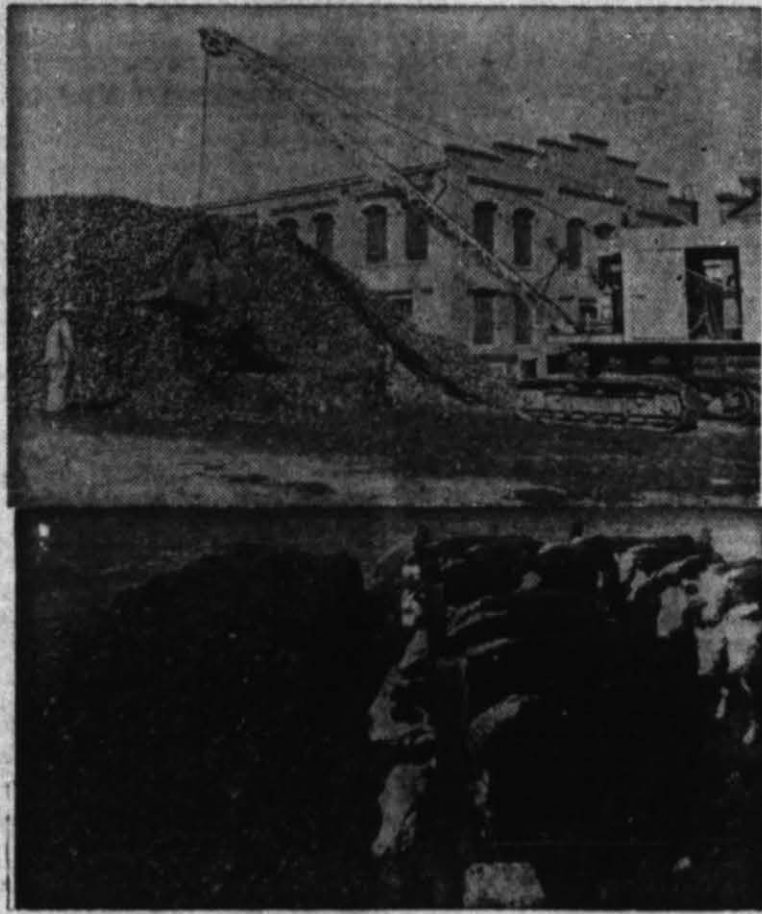

HERE'S HOW SUGAR BEETS ARE GROWN AND USED

In the picture above, farmers demonstrate the cultivation of sugar beets on the Plains of South Dakota, where beets are grown without irrigation. At the top right, machinery used in handling sugar beets at the Rocky Ford, Colorado, refinery of the American Crystal Sugar Company is demonstrated in action. A stockpile of sugar beets is being moved to a flume, not shown in the picture, to be floated into the factory for processing. At the bottom left, whiteface cows are shown feeding on beet tops, which are rated highly as good forage. (Photos courtesy Plainview Herald).

Chicken-of-Tomorrow contest as an outstanding example of the poultry industry's determination to provide consumers with better chicken dinners. The importance of poultry farming in Deaf Smith County, Slade said, is reflected in the

latest report from the Census Bureau which shows that 90 percent of the county's farmers received income from poultry. These producers, according to the report, have more than 152,000 chickens and sell nearly 810,000 dozen eggs.

Plainview Area Sugar Beets, Total Nearly 11,000 Tons

Sugar beet production, which is attracting a great deal of interest in this area now, has already become a major agricultural industry in the Plainview-Floydada area during the past few years.

According to a special release from the Plainview Evening Herald, sugar beet production in Hale, Lubbock, and Floyd Counties during 1946 totalled nearly 11,000 tons from less than 1,000 acres.

The three counties shipped a total of 256 carloads of sugar beets to Rocky Ford, Colorado, for processing last year. Total yield was 10,937 tons.

Hale county farmers harvested more than half of this tonnage, 6,112 tons, from 566 acres, for an average of 10.8 tons per acre. In Lubbock county, the acreage was smaller, the average larger, with 300 acres yielding 4,111.5 tons for an average of 13.7 tons per acre.

There were 80 acres of beets harvested in Floyd county, with an average of 8.8 tons per acre.

According to Hale County Agent Manuel W. Ayres, the cost of production per acre averaged 70.75, with planting and growing costs amounting to \$35 and harvesting costs totalling \$30.75.

Cost of seed, an average of five waterings, and cultivation was included among the growing

Certified Seed Growers Form Organization

Organization of the Deaf Smith County Certified Seed Growers Association was completed last Monday afternoon at a meeting at the county courtroom in Hereford, County Agent Hugh Clearman has announced.

Eighteen Deaf Smith growers are listed among the charter members of the new organization.

A. R. Bateman, former Deaf Smith County agriculture agent, was elected president of the association, with Ed Duick as vice president; and George Heard as secretary-treasurer.

Other members are W. H. Wilson, V. C. Hodges, C. J. Albracht, Frank Benner, W. T. Johnson, Jack Renfro, Rual Ford, Luther Lesly, W. H. Johnson, W. P. Axe, Ira Scott, W. J. Albracht, W. T. Carmichael, W. T. Gunstenson, and Ed Reinauer.

Ford and Renfro were not present at the meeting Monday afternoon, but had requested in advance to be included in the organization.

Members will make application to the Texas Board of Seed Certification for permission to grow certified seed.

Grain sorghums, wheat, and sudan were listed by the members as crops for which seed will be produced for certification. All plan to produce certified seed this year.

costs.

Total acreage in sugar beets in the three-county area was only 946 acres last year, The Herald reports.

Indications are that a large acreage will be planted in beets in the Deaf Smith-Castro-Farmer county irrigated district this year. Farmers at a meeting here a week ago to discuss sugar beet planting turned in total acreage estimates of more than 4,000 acres.

Stormy Session Held Friday: Show-Down Battle Is Ordered

Delegates from 14 Plains counties, at a meeting of the High Plains Water Users and Conservation Association in Plainview Saturday, voted unanimously for a show-down fight against any attempt by the Texas Legislature to place state controls on the use of underground water for irrigation purposes.

The resolution adopted by the group stated that "we will oppose any legislation whatever pertaining to underground waters at this time."

A vote of confidence was given the three-man steering committee of the Association, composed of W. O. Fortenberry of Monroe, Lyle Blanton of Hereford, and Capt. Winfield Holbrook of Plainview, who are charged with taking whatever action may be necessary or feasible to defeat any such legislation which may be presented in Austin.

"Vicious Legislation" The resolutions followed a stormy session in which a bill which has been prepared, presumably by representatives from the Winter Garden district in south Texas, to be submitted at this session of the Legislature, was ripped to pieces by members of the Association, including Meade Griffin, Plainview attorney; A. B. Tarwater, Plainview former state senator; L. A. Howard, Lubbock attorney; Capt. Holbrook of the Texas Land Development Company of Plainview; and Fortenberry.

Howard told the group that eleven Plains attorneys, including the City Attorney of the City of Lubbock, had examined the bill and agree that this is a state-wide bill, a piece of vicious legislation, and had better be killed.

"I've read a great many acts, both ancient and modern, and have never seen anything more harmful than this bill as it is now written," Howard declared.

No Right of Appeal Under the terms of the proposed bill, Howard pointed out, the Texas Board of Water Engineers has been given absolute authority over all underground waters in the state with no provision for right of appeal.

Proponents of the bill had attempted to avert interference and opposition from the Plains irrigation interests by assuring them that the bill which would be presented would be a "local" bill, designed to apply only to the five Winter Garden counties.

Zavala, Dimmit, Atascosa, Frio, and LaSalle.

Fortenberry, reporting on the visit of his committee to Austin two weeks ago, told how Judge J. E. Sturrock, of the Texas Water Conservation Board, had accused his group of "selfishness" in trying to prevent these five counties from getting a bill passed which would concern them alone, and promised to recommend certain revisions in a new draft of the bill which would restrict it definitely to application in these counties.

State-Wide Legislation The final draft of the bill looks even more like a state-wide bill than the original," Fortenberry declared wrathfully.

Meade Griffin declared the bill "just an opening wedge to put everybody in the state under the control of the State Board of Water Engineers," and added that the Bill, as it is re-written, "definitely means State control" of underground irrigation waters.

Judge A. B. Tarwater, Plainview attorney and former State Senator, raised a question as to the constitutionality of the Bill, declaring that it abridges the rights of land owners to the land itself as well as to the irrigation waters underlying it.

"Butchered" Says Tarwater "This bill is almost an exact replica of one presented a few years ago," Tarwater said. Also attacking it as sloppily and incompetently written, he stated, "I have never seen a Bill as badly butchered up as this one is."

Meade Griffin, analyzing the bill section by section for the group, attacked it on a dozen counts being objectionable to the best interests of Plains irrigation.

Griffin pointed out, among the dangerous features of the proposed law, the following items:

Its provisions for forfeiture of water rights after three years non-use.

Its declaration that underground waters are the property of the State.

Its delegation of absolute powers to the State Board of water engineers. "I think if regulation is ever necessary, it should be controlled by local authority," Griffin said.

The restrictions placed on the drilling of new wells, which Griffin declared would make any future drilling virtually impossible.

Farm Bureau To Aid Water Users In Fighting Bill

The Texas Farm Bureau, through three of its local chapters in the high Plains area, has offered its support to the High Plains Water Users and Conservation Association in fighting the proposed irrigation control bill in the Texas Legislature.

At the meeting of the Water Users in Plainview last Friday, President W. O. Fortenberry called on every farm organization in West Texas to align their efforts with the Association in fighting the proposed control bill.

In response, representatives of the Swisher County Farm Bureau quickly offered their support, and presented a resolution already passed by the Swisher chapter "to assist the Association in every effort."

The resolution was being presented to other Farm Bureau county chapters in the West Texas area, it was understood; and had been drawn up in response to a request from the Texas Farm Bureau, which had asked its member-chapters what stand they wished the State organization to take on the question.

Dallam Farmers Planning to Grow Sugar Beet Crop

TEKLINE, Jan. 25—Plans for growing sugar beets this year in the Dallam County shallow water belt east of Texline and in the Coldwater area are now being considered.

A meeting was held Monday at Texline to discuss the possibility of large scale planting of sugar beets in the area as one of the 1947 crops.

President H. E. Knapp of the American Crystal Sugar Company from Rocky Ford, Colorado; Don Helzer, company field man from Plainview, A. K. Hepperly, Burlington railway agricultural agent from Denver; and H. M. Bainer, Santa Fe agricultural agent from Amarillo, were present for the meeting.

Mrs. Joe Greer and son of Amarillo spent several days here with her sister, Mrs. D. H. Bryant, and other relatives.

The QUALITY ANGLE

If you were to ask us to name the most important ingredient in any prescription, we would answer—"QUALITY!" Yes—quality is an active, essential, participating ingredient in the medicine your doctor prescribes for you. Although quality weighs heavily in your favor, it is not determined on the scales. It is measured by the pharmacist's reputation for ethical prescription service.

Witherspoon Buys Business Property At Littlefield

LITTLEFIELD, Jan. 24—Bill Jefferies of Littlefield and James Witherspoon of Hereford have announced the purchase of the L. E. Crockett property, bordering on Phelps Avenue and Highway 84, in Littlefield.

The property includes the buildings occupied by the Delano Cafe, Yeary Service station, cotton offices and other business houses.

L. E. Crockett, who now lives in Corpus Christi, was a resident of Littlefield for many years, and was a former Lamb County judge.

MARKETS
 Dullness and lower prices featured the farm market last week, as reported by the Production and Marketing Administration, USDA. Hogs furnished the only bright spot, registering net advances during the period.
 Butcher hogs were up 25 cents to a dollar, and sows gained 50 cents to \$1.25. Stockers and feeders were steady to \$1.00 higher. Good and choice medium weight butchers brought \$23.50 to \$23.75 at Fort Worth. Closing top at Oklahoma City was \$24.00, and Friday's packer top was \$24.35 at Denver. The week's top was \$22.50 at San Antonio.
 Cattle showed definite weakness, as most classes lost from 25 to 50 cents during the period, and some cows were down \$1.00 to \$1.50. Medium cows sold for \$11.50 to \$13.00 at San Antonio. Common and medium kinds brought \$10.25 to \$12.75 at Houston; \$10.50 to \$12.50 at Wichita, and \$11.50 to \$13 at Denver. Medium and good beef steers turned at \$15 to \$22 at Fort Worth and \$16 to \$20 at Oklahoma City.
 Slaughter Lambs were as much as \$1.00 lower than a week earlier, while ewes were steady to 25 cents off. Medium to choice fat lambs brought \$17 to \$19 at San Antonio. Good and choice kinds realized \$21.50 to \$23 at Fort Worth and \$20.75 to \$21.25 at Denver. Common goats sold for \$6.50 per hundred at San Antonio, and kids \$4.00 per head.
 Trading in the wool market was spotty and less active as compared to the previous week. Movement of Texas wools was limited, and revalued 1943-1944 territory wools were about sold. Limited stocks of mohair found fairly active demand.
 More liberal receipts of poultry found gull trading last week, and egg markets weakened. Current receipt eggs sold for around 35 to 41 cents per dozen. Broilers began to arrive in plentiful supply and demand was only fair at 30 cents per pound in Dallas. Fryers also sold at 30 cents in Dallas and 38 to 33 cents in Fort Worth. Heavy hens brought 22 to 24 cents in Fort Worth and 23 to 25 in Dallas.
 Fruits and vegetables at shipping point markets ended the week mostly in slow demand. Cabbage, carrots and spinach were lower than a week earlier, and weakness appeared in beets, broccoli and sweet potatoes. Grapefruit was a little easier, including pink varieties which had recently advanced.
 Demand was light for southwestern shelled peanuts, and the market was weaker.
 Wheat and oats declined sharply last week and other grains were weak to lower. Rice markets were steady. Good seed of high germination was reported scarce in some sections. Plentiful supplies of feed found slow demand. Wheat millfeeds registered the only advance, while cottonseed meal and gluten feed were lower. Other feeds were generally steady to weak.

MARKETS
 Cotton registered a net decline of \$1.50 to \$2.05 per bale for the week. Friday's closing price on middling 15-16 inch was \$30.80 at Dallas; \$30.76 at Galveston; \$30.85 at Houston; and \$30.70 at New Orleans.

Post-Nuptial Shower Honors Mrs. Ernest Kerr

A post-nuptial shower-ten honoring Mrs. Ernest Kerr, the former Miss Ruby Baker, was given Thursday afternoon in the home of Mrs. H. H. Caraway with Mrs. Paul Wilson as cohostess.

The entertaining rooms were attractively decorated in the colors used by the bride at her wedding and a buffet arrangement featured a miniature bride in formal wedding attire flanked by tall blue tapers in crystal holders. Blue and white cake squares and other tea accompaniments were used at the refreshment table and blue and white corn flowers banked the punch bowl.

Calling hours were between 3:30 and 5:30 o'clock and the guest list included members of the Wyche Home Demonstration Club and women of the

Quick Method Of Testing Cream Is Sought at Tech

LUBBOCK, Jan. 17—Research experiments on a quick method of testing cream, expected to reduce the time consumed in the process from 15 minutes to two or three, are being conducted at Texas Technological College by Prof. K. M. Renner, head of the

department of dairy manufactures, and Prof. F. G. Harbaugh of the animal husbandry department.

The prospective new method should prove a boon to farmers who sometimes spend hours on busy days waiting for cream to be tested. It does away with the use of hot water in the test and is so simple that a high school

boy could handle it, Renner said. The men expect to continue attempts to perfect the process into the summer.

Production of high quality, improved meat-type chickens is first a matter of breeding, followed by proper feeding and management.

Double Ring Ceremony Unites Texie Ruth Reynolds and Frank Gyles jr.

In a double-ring ceremony held in the home of Minister Bob Wear of the Church of Christ, Texie Ruth Reynolds became the bride of Frank A. Gyles Jr., Saturday January 25, at one o'clock. The couple was attended by Mr. and Mrs. Harry Engman Jr.

The bride, who is the daughter of Mr. and Mrs. E. J. Reynolds, was becomingly dressed in an aqua woolen suit with an off-the-face black hat matching other accessories. Her corsage was a single orchid.

Mrs. Engman wore a navy crepe dress with black accessories and a gardenia corsage.

Immediately after the wedding the couple left for a wedding trip to Ruidoso and other points in New Mexico. They will make their home in Hereford.

Mrs. Gyles is a graduate of Hereford High School and at present is employed at Packard Milling Company.

Mr. Gyles, son of F. A. Gyles, has made his home here with his father since being discharged from the Navy in July. He attended school in Slaton before joining the service. He spent 18 months overseas in the medical Corps in the Pacific Theater of War.

He is associated in business with his father in the Packard Milling Company.

Club In Fuller Home

Prize for high score went to Mrs. W. A. Teter when members of the Coterie Club met Friday afternoon in the home of Mrs. Grant Fuller. Mrs. Cecil Gunter was welcomed as a new member of the club and Mrs. Ben Childers was a guest of the club.

Refreshments were served to Mesdames W. A. Teter, Carl McCaslin, Frank Lucas, George V. Stambaugh, Jas. W. Witherpoon, Lee Benefield, Cecil Gunter, Ben Childers and the hostess.

Mrs. Maurice Tannahill and Gary spent several days last week in the home of her parents Mr. and Mrs. Frances Cartheil at Lockney while Maurice and his brother Wilburn of Lockney were gone to South Dakota. They accompanied Hartland Caraway of Wyoche. Enroute to South Dakota they stopped over in Denver to attend the Livestock Show.

Mrs. Carl Schroeder and children were visitors in the Charley Green home near Progressive last Sunday afternoon.

Jack Earp of White Deer writes friends here that his mother Mrs. J. S. Earp is very ill in a hospital at Pampa.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. Annual Pep-Club Banquet Features Hollywood Premier Motif in Revue

Top-hat society in a gay and brilliant parade of stars, was represented at the annual Pep Club banquet held at the Baptist Church Friday night.

The affair was in the form of a Hollywood Premier of "Three Cheers for 1947" with all decorations and appointments in black and white and gold. High-top hats in shiny black served as containers for gold and white flowers flanked by gold tapers and miniature gold Oscars as Academy awards. Programs were in the shape of top-hats and place cards carried the name of guests with picture of the Movie star represented.

Each of the one hundred and fifty guests came dressed to carry out the personality of a famous Movie star and as the program got under way little doubt was left of the potential abilities of the performers.

Superintendent of Schools, George Graham, gave the invocation, followed by a word of welcome from the master of ceremonies, Virginia Lyons, president of the club.

Beth Morris gave a welcome to the "dates" with Freddie Close presenting the response. Mary Jo Mathies spoke for the club as she gave a tribute of thanks to the mothers of Pep-Club members who had prepared the food for the banquet.

Patsy Slagle, Louise Young and Barbara Burney, as the Denning Sisters, sang "For Sentimental Reasons" and other popular songs. Jim Worrel then took the spotlight as "Perry Como" to sing "The Girl That I Marry" and "If You Were the Only Girl."

Before the benediction given by T. V. Brantly, the stars of the cast were introduced. They are the girls who have been chosen as cheer-leaders for next year, and include; Patsy Slagle, Betty Jo Carnahan and Mary Jo Mathies.

Sponsors of the club are Miss Mary Ellen Henslee and Miss Ruby West, members of the high school faculty.

Two Hog Sales Are Slated at Lubbock

LUBBOCK, January 25—Two hog sales will be held at the Panhandle South Plains Fair grounds in Lubbock during February, Fair officials disclosed today.

The Southwest Hereford Hog Association will hold a Hereford hog auction at the swine barn, February 15 at 2:00 p. m., according to B. E. Gregory, secretary of the association.

Ranchers Warned To Watch For Foot Mouth Disease

COLLEGE STATION, January 28—In livestock areas, especially in the Southwest, a sharp lookout should be kept for signs of foot-and-mouth disease, according to a recent report from the U. S. Department of Agriculture to the Texas A. and M. College Extension Service.

Outbreaks of the animal disease have been reported in Mexico, and U. S. and Mexican officials are conducting a survey in the area to map out control measures. At present, no known infection exists near the United States border, the USDA report stated, but there is "danger of its sudden appearance in Texas and parts of the Southwest" if it spreads to the border.

Livestock areas are cautioned to continue with extreme watchfulness and report to proper authorities anything that looks suspicious, the report continued. No fence exists on the border to stop strays and wild animals with the disease from coming into the United States.

One previous outbreak of the disease occurred in a remote mountain area of Mexico in 1928, but prompt action on slaughter and quarantines held the threat in check.

Association will hold a duroc sale of bred and open gilts and a few choice young boars. John N. Mitchell, secretary of the duroc association said a free barbecue lunch would be served at noon.

Buffalo Lake Designated As State Waterfowl Sanctuary

Buffalo Lake, along with two other Panhandle lakes, has been designated as a waterfowl sanctuary by the Texas Game Commission, according to an unofficial report.

The report came from United Press sports writer Henry A. Zimmerman in his Texas Hunt-

ing and Fishing Round-Up column which was published last week.

"Strictly routing matters occupied this week's Texas Game Commission meeting in Austin," Zimmerman reported. "The major item was the designation of three lakes in the Panhandle as waterfowl sanctuaries."

The three lakes mentioned in the report were Tierra Blanca (Buffalo), Rita Blanca at Dalhart, and Tule Creek.

All three lakes are under federal jurisdiction. The state designation was designed merely to assist in the enforcement of the law.

Hunting on the three lakes has never been permitted since they were first constructed.

New Examinations Scheduled by Civil Engineering Corps

A new examination will be held in May for civil engineers seeking appointment as junior grade lieutenants in the Navy Civil Engineer Corps, the Bureau of Yards and Docks has announced.

The new examination was scheduled after the Bureau received indications that many applicants had failed to get adequate notice for the test to be given in February. A total of 70 billets are open.

Candidates must be between 22 and 30 years old, must be graduates of an accredited engineering college or university, must have had three years professional experience in engineering, or related active military service, and must be citizens of the United States. Those who will have completed the three years experience or service by July 1, 1947, may be accepted.

The examination, which will be designed to test general engineering knowledge, will require two days. Applicants can get full details from the Naval Officer Procurement office in their area.

State Industries Will Help Move Big Onion Crop

COLLEGE STATION, January 25—Texas food industries have pledged full cooperation with the U. S. Department of Agriculture's national campaign to help farmers move the largest stock of onions on record for this time of year, B. F. Vance, state director of the Production and Marketing Administration, has announced.

The "big push" will open on a country-wide scale January 27, Vance says, with jobbers, distributors, retail and wholesale grocers, restaurants, dining cars and other food handlers featuring onions.

Since prices at most markets are below those of a year ago, housewives will find onions a good buy, Director Vance points out. Late onions keep well, and offer the thrifty buyer a chance to store a supply for use until the spring crop starts to market, he says.

The only way to be sure that dairy cows are being kept full of feed is to offer them plenty of roughages all the time.

The United States produced 267 million pounds of popcorn in 1946.

At the close of December, there were 13 dairy herd improvement associations in operation in Texas, involving a total of 4879 dairy cows.

Floyd County Rural High School Is Winner in Appellate Court Decision

FLOYDADA, Jan. 25—An appeal by two Floyd County common school districts against the formation of a Rural High School district in Floyd county was denied in the Seventh District Court of Appeals in Amarillo this week.

Sterley and Irick common school districts had filed an appeal for an injunction against the recently voted Lockney Rural High School district, seeking a restraining order against consolidation of these districts with the Lockney district and four others in a Rural High school district.

The two districts had appealed a decision by district court at Floydada. The decision of the appellate court, rendered by Justice Boyce, said that lawyers for the plaintiffs had argued incorrectly as to procedure.

The complaining school districts had offered evidence indicating that the rural high school district would be imposed on the taxpayers of these two districts against the will of majorities in the two districts. The

county board had pleaded the greatest good for the greatest number as a solution of the dilemma in which the scholastics of the area were involved. The Rural High School district was voted last fall, consolidating six Floyd County Rural school districts with the Lockney Independent School district in a single rural high school. A school housing crisis had arisen last summer when one of the Lockney school buildings was destroyed by fire.

Congressman Mahon Moves To Get Survey of Plains Water

Congressman George Mahon of Texas has personally appealed to William Weather, director of the U. S. Geological Survey in Washington, for an intensive study of the underground water supply of the high plains of Texas, according to reports from the Capitol this week.

Mahon emphasized that such a study should be made and an authoritative report given the people at the earliest possible moment.

The report would be for information purposes only, Mahon stated. It would enable farmers, ranchers, and city officials to better plan their water conservation programs.

"I want to emphatically point out," Mahon said, "that the Federal Government in Washington has no authority to impose any regulation on the use of water in the high plains of Texas for irrigation purposes or otherwise. I personally feel that federal interference would be both illegal and improper. Mr. Weather said that the government had followed and would continue to follow a strictly hands-off policy as to legislation and regulation.

"Many West Texans have sought for years to get the fullest possible information in regard to our high plains water supply. In 1936 I was able to secure an appropriation of federal funds for study of these water resources and the study has been carried on more or less continuously since that date. Several preliminary reports have already been made, but the reports are not sufficiently conclusive as to the quantity of water which can safely be withdrawn for irrigation purposes. A more aggressive effort to get the facts must be made.

"Director Weather of the Geological Survey, the federal agency charged with making investigations of our national water and mineral resources, states that present studies indicate conclusively that the high plains underground water supply is replenished from rains which fall on the high plains and not from a current which flows underground from outside the area." Mahon stated that steps are now being taken in West Texas to get all the facts which are in the public interest.

Unceasing War on a World of Killers
★ Leeuwenhoek, in 1683, was the first to disturb the privacy of the teeming bustle of the unseen world. The "wretched wee beasties" cavorting innocently under his lens were later indicted and convicted by Koch and Pasteur. Unbeknown to Leeuwenhoek, he had discovered a vicious and unseen world of killers, now known as bacteria, or germs.
The span of time between Leeuwenhoek and Pasteur was almost 200 years. Only an average lifetime has passed since Pasteur's experiments, during which practically all we know about disease and its treatment has been discovered. Our knowledge is expanding at an ever-increasing rate. The pharmacist works with the physician in bringing newer and better medication into the sickroom.

sible. "The Bill requires the driller to tell the state Board what strata he intends to take water from before the well is ever drilled," Griffin said, declaring that this is manifestly impossible.

The failure of the bill to provide any appeal from decisions of the State Board of Water Engineers.

New Law Unnecessary Fortenberry, urging members of the Association to an all-out attack against the proposed legislation, warned against misplaced sympathy for people of the Winter Garden District.

"If they need control of irrigation in their own district," Fortenberry said, "there are laws on the statute books now to set up control districts."

The lawyers present agreed that laws already in existence provide for setting up local water control districts where they are wanted.

L. A. Howard charged that sponsors of the proposed bill were attempting to pass statewide control measures by camouflaging them as "local" bills.

"This must be a general bill, in every technical sense," he declared, "since it names more than one county."

Tarwater and Griffin agreed that under the law, a "local" bill could concern only one county, and that the proposed bill therefore would be technically a general bill, and statewide in application.

Delegate Struvey from Lubbock proposed from the floor that "we fight this legislation till hell freezes over" and got a big round of applause.

The motion was made immediately that this bill "and all other legislation pertaining to control of underground water" be opposed, and was carried unanimously.

The vote of confidence in the "steering committee" followed, and the committee was instructed to carry on the fight against the legislation with every means at their command.

T. E. Selgien and Hugh Clearman represented the Deaf Smith County Irrigation Users Association at the meeting, in the absence of Oault and Blanton.

Walter Lemons, Francis Dillar, H. D. Culppepper, Lemons, and Mrs. J. M. Ruthardt of near Bushland; and Misses Augustine Gregory and Norma Lea Edwards.
