

AROUND TOWN

SIGHTS, FACES SEEN

Here's a chance for somebody to be a Good Samaritan. Mrs. W. Hall has lost a purse containing money and papers which she needs badly. It's a black leather purse containing about \$20 in cash, two pairs of gloves, ration cards and other papers. Mrs. Hall was on her way around town to pay some bills, and is much disturbed over the loss. The finder can identify the owner easily from the ration cards. Won't somebody please bring it in... The Brand will pay a reward for its return.

Presbyterians Note: There'll be no church services at the First Presbyterian Church Sunday. Rev. Russell Wingert is laid up with flu and bronchitis, and his doctor orders no preaching this week. Sunday school will be held as usual.

Judge Ivey calls from Dimmitt to report that the Castro County Singing Convention will be held in Dimmitt Sunday, the 26th, at two o'clock at the First Baptist Church. All singers are invited to attend.

VFW Commander Earl Wood is urging all local VFW members who can to take off this week-end and attend the 9th District VFW Encampment at Childress Saturday and Sunday. And Frances Young of the VFW Auxiliary wants us to warn all the girls that the dance at Childress Saturday night will be formal. There'll also be a breakfast and luncheon Sunday, and an Auxiliary meeting Sunday afternoon at one o'clock.

Local Scouters are getting the call to arms too. Scoutmaster D. G. Kinsey, who's handling the local ticket sales, wants the attendance prize for the annual Llano Estacado Council dinner, which will be held at the Herring Hotel in Amarillo Monday night, to come to this district for a change. Tickets are on sale at Close Drug at a buck and a half a throw, and all local men who are interested in Scouting and like a good dinner are invited to attend and take their wives.

New Grand Jury Is Summoned for Opening of Term

A new district Grand Jury has been summoned to appear for the opening of the February term of District court here on February 3, County Clerk Robert Thompson announced this week.

On the Grand Jury panel are Jimmie Allred, Henry Kendall, N. D. Bartlett, H. M. Thomas, Walter Dunlap, F. J. Walterscheid, Archie Scott, Tom J. Boyd, Lee Little, Mont Baker, Lee Hopson, Ralph Roden, M. C. Kaul, James E. Black, Robert Veigel, and Maurice S. Tannahill.

A twelve-man Grand Jury will be chosen from the 16-man panel, when court convenes on February 3. The Grand Jury has been summoned to appear at 10 o'clock on that morning.

The old Grand Jury, which will be released from duty at that time, included J. W. Adair, Oscar Easley, L. W. Carley, C. W. Cogdell, J. L. Woodford, R. L. Dowell Sr., H. W. Melton, C. F. Burk, Tom J. Fields, C. H. Hammock, and Homer Brumley, with Travis Dameron as foreman.

Present indications are that there will be a light docket facing the court when it convenes for the new session. A few criminal cases still remain to be disposed of from the last term of court.

Seed Growers Asked To Meet Monday

A meeting of all farmers in Deaf Smith County interested in growing certified seed, either wheat, small grains or potatoes, has been called by County Agent Hugh Clearman for Monday, Jan. 28.

The meeting will begin at 2 o'clock Monday afternoon at the county courthouse.

Homer Brumley Is Elected President of Hereford Chamber of Commerce Thursday

Marvin Jones Is Named Chief Justice of Court of Claims

New Chief Justice
Hon. Marvin Jones, who is new Chief Justice of the United States Court of Claims.

Marvin Jones, member of Congress from the Panhandle's 18th District for 24 years, has been nominated by President Truman to be Chief Justice of the United States Court of Claims. Judge Jones has been a member of the court since 1940, when he was nominated to the court by President Roosevelt. He had served as congressman from this district from 1931 until 1940. Jones was named to succeed Richard S. Whaley of South Carolina as Chief Justice. Whaley had announced his retirement because of age last week. Judge Jones took leave from the court during the war to serve as War Food Administrator for two years; and also served as farm advisor to the economic stabilizer during the war. He was one of the nation's leaders in agricultural affairs for many years as a member of the House Agriculture committee, of which he served as chairman from 1931 until his retirement in 1940.

Resignation Of Secretary Posey Is Announced

Homer Brumley, who succeeds Wayne Evans as President of the Hereford Chamber of Commerce, Inc.

Homer Brumley was elected last Tuesday night to succeed Wayne Evans as President of the Hereford Chamber of Commerce, Inc. for the coming year. Frances Hardwick was elected vice president, and Bob Wilson was named treasurer of the organization. Newly-elected members of the Board of Directors were seated officially at the meeting, and the election of officers was conducted as the first item of business for the new board. At the Board meeting, the resignation of E. B. Posey as secretary-manager of the Chamber of Commerce was received and accepted. No successor has been named to date. Four new directors took their place on the governing board. They were Frances Hardwick, Oscar Easley, Bob Wilson and Dr. L. B. Barnett. Hold-over board members are Glenn Snyder, Lyle Blanton, Homer Brumley and George G. Heard. Retiring members of the board of directors were Wayne Evans, president; Howard Gault and Bill Davis. The new members of the board of directors were elected in halcyon by the entire membership of the Chamber of Commerce. (Continued on page 8)

GOVERNOR BOOSTS MARCH OF DIMES

Governor Beauford Jester pledged his support of the March of Dimes at his inaugural Tuesday. He is pictured above with George D. Wilson, fund-raising chairman for Texas.

Jester Urges Support Annual March of Dimes in Inaugural

Governor Beauford Jester key-noted the Texas March of Dimes drive at his inaugural in Austin Tuesday, pledging his personal cooperation in the annual March of Dimes campaign and urging the support of every citizen of the state.

W. B. (Woody) Wilson, chairman of the Deaf Smith County March of Dimes campaign, said this week that everything is going smoothly in the campaign in this county, and contributions are being offered freely.

Beginning tomorrow night (Friday) a March of Dimes booth will be opened in the lobby of the Star Theatre, attended by members of the Hereford Chapter of the Order of Rainbow.

The Rainbow girls, under the leadership of Mrs. A. L. Manjeot, will donate their services to the appeal during "Theatre Week" which begins Friday and extends through January 30. Girls will be on duty at the booth each evening, and ask all patrons of the theatre to save their dimes to drop in the boxes for the March of Dimes.

Mrs. Dyalitha Bradley, ladies' chairman of the annual campaign in this county, has appealed to every woman in the county to aid the drive. Funds of the local chapter, as well as those of the National Foundation were completely wiped out last summer by the polio epidemic, Mrs. Bradley pointed out.

The drive in this county will be climaxed next Thursday night, January 30, by the annual President Roosevelt Memorial Ball. Tickets are now on sale. No goal for Texas or for this county has been set in the 1947 campaign. People are being asked (Continued on Page 8)

New Offer Is Made to City This Week

War Assets Administration has set a new "rock-bottom" price of \$22,050 to the City of Hereford on the buildings and utilities in Compound 4 at the Hereford Prisoner of War Camp, Gordon Jackson, WAA administrator at the Dallas office, notified Mayor W. E. Dameron this week. Dropping from an original demand of \$100,000, the WAA had reduced its asking price for the POW compound to \$50,000 last summer; but local interests had rejected the figure as being still too high.

The latest offer from WAA came early this week by telephone, setting the price for the approximately 84 buildings, utilities, and certain fixtures in the compound at a total of \$22,050.

This price does not include the land on which the compound is located. All land at the campsite, Jackson advised, will be the property of the Soil Conservation Service, but orders have been issued from the Washington to the SCS to permit the City of Hereford to retain use of the land in Compound 4 if the city takes over the property.

No decision had been reached this morning on the War Assets offer. However, a definite decision on the question is expected by the end of this week.

The local potato growers associations and other agricultural interests, as well as the City, are vitally interested in solving the problem of transient labor housing in this area, and have continued negotiations for the POW camp property in hopes of finding a solution.

The Compound was the Potato Growers, through the City of Hereford, last summer and fall for use as a Transient Labor Camp, and housed hundreds of farm labor families during the harvest season. The lease expired on October 1.

Since that time negotiations have been continued with the War Assets Administration in an effort to arrive at some basis for holding the facilities of the compound for use as a permanent transient labor camp for this area.

Hereford Cagers Still Leading In AAU League

Hereford Implement Company basketball team is still leading the field in the Amarillo City AAU league with five victories and no defeats in league play. The local cagers defeated Amarillo Flying Service 49-37 on Wednesday night of last week, and returned to Amarillo last night to drop the Amarillo College JayVeas 50-43.

Douglas Groom, high school coach and star player for the Implements, is leading the loop in scoring. The Hereford cagers had a narrow escape in their game last week when the car carrying three members of the team, Manager Earl Stagner, Velton Sarge, and Douglas Groom, was stalled enroute and almost missed the game. The locals mustered five players to take the floor on time, but were trailing at the half when the delayed trio arrived.

Pudgy Has Pups; Tom Carter Is Delayed

Tom Carter, Hereford real estate dealer, set Main Street on its collective ear Tuesday morning when he wired his office from Dallas that he was being delayed on his scheduled return home because his dog, Pudgy, had just had pups!

Pudgy is the mother of three. The pups were born in Dallas Monday, and according to Carter, one was under an oxygen tent and the vet would not allow him to move it. So business would have to wait.

Carter... and Pudgy... were enroute home from a month's vacation trip to South Texas when the start beat them to the draw.

Norton Supplies Answer to Questions About Proposed Rural High School District Here

The proposed formation of a Hereford Rural High School District, to include the Hereford Independent school district and five county rural school districts, has brought a flood of questions, from patrons of both the Hereford school district and the rural districts affected.

An election has been ordered on February 8 by the County School Board of Trustees to vote on the proposal. E. H. Norton, president of the County Board, has made answers to a list of questions which have been brought up concerning the proposed consolidation. Mr. Norton will attempt to answer through The Brand any other questions which are put up in regard to this question prior to the election. Questions may be mailed to Mr. Norton personally, or to The Brand office.

The following questions were asked and answered:

Q. Who is eligible to vote in the election?

A. Any qualified voter who renders property, real or personal, for taxation, in any of the districts affected.

Q. What will the proposed school district be called?

A. The Hereford Rural High School.

Q. Will this differ from an independent school district?

PRESIDENTS OF FEDERATED CLUBS TO MEET SATURDAY
A meeting of the Presidents of all Federated Clubs of the county has been called by Mrs. Herman Ford, president of the county council, for Saturday afternoon at four o'clock at the county courtroom. Important details of the proposed formation of a Rural High School District are to be discussed. Representatives of any other interested organizations are invited to be present, Mrs. Ford said.
A. For school purposes, there is no difference. The affiliation, athletic relations, or other phases of school activities as now exist in the Hereford schools will not be changed. It will be called a Rural High School because that is the law under which the proposed consolidation is being voted.
Q. How are the votes counted?

A. A majority vote in the entire proposed district will determine the result. Districts will not vote separately for or against the proposal as in a consolidation election.
Q. Who would serve as trustees

WOULD YOU SELL YOUR PROPERTY at 1936 PRICES.?

NOT LIKELY... for instance: In 1936 bricks were \$11.50 per thousand as compared to \$20 and higher today. Roofing in 1936 brought \$3.97 per square and now it is \$10 and higher. Too, carpenters were working for 65c an hour. BUT in spite of the rising cost of commodities, insurance rates are even lower. You can't afford to be under-insured. Memphis Federated Clubs Nominate Mrs. Kinard as District President

This is to announce that the Federated Clubs of Memphis, The Atalantean, The Delphian, The 1913 Study, The Culture, and The Pathfinder Clubs have unanimously endorsed Mrs. D. L. C. Kinard as a candidate for the presidency of Seventh District of the Texas Federation of Women's Clubs for the term of 1947-1949.

The 1913 Study Club, her own Club, according to District By-Laws sent in their endorsement of her candidacy on January 2nd to the District nominating committee, the other Federated Clubs of Memphis since that date have added their approval of this action. They feel in presenting her name that with her record as a Club woman and as a leader in various civic and philanthropic organizations as well as religious activities, she is fully qualified as a leader to fill this honored and important position in Seventh District.

Mrs. Kinard, the former Lottie Reed, is a native Texan and is the daughter of the late A. W. Reed, former civic and business leader of Memphis and Hall County. She has lived in Memphis most of her life having graduated from Memphis High School and Mary-Hardin Baylor College at Belton. She is married to D. L. C. Kinard, who has been in banking and insurance business in Memphis for a number of years. They are the parents of three children, Cearley Read Kinard, Abbie; Geraldine Kinard Galley, Memphis; Dwight Lewis Kinard, Baylor University, Waco.

As a civic, social and religious leader Mrs. Kinard has taken an active part in the development of her town and community. She is a member of a local church and has served as choir director for the past 15 years. She is now teacher for a large organized class of women.

She is a member of the Harmony Club, 1913 Study Club and Little Theatre Club, being a charter member of all three of these organizations. She is a former member of the State

Board of the Texas Federation of Women's Clubs, serving as chairman of Youth Cooperation. In District Club work, Mrs. Kinard served four years as chairman of music in Seventh District.

At present she is the First Vice President of this District, being elected for the term 1945-1947. Mrs. Kinard has been very active in Parent-Teacher Activities being a member of the local units. She is a past District President of Eighth District of the Texas Congress of Parents & Teachers having served four years in that capacity. She is at present District Parliamentarian and also serves on the Memphis Council of Girl Scouts.

"Dancers-Dancing" Is Program Topic For LaPlata Club

A program on "Contemporary Dancers and Dancing" was presented at a meeting of LaPlata Club held Tuesday evening in the home of Mrs. Gaylord Newell.

Mrs. Troy Moore discussed the program topic and listed Arthur Murray and Fred Astaire as the outstanding dancers of today. She said of the ballet; "Until recently ballet dancing has not been successful because so much expense was necessary for costumes and accompaniments for the dance. The dance itself is popular, however, as is verified by the large crowds who attend the performances." She told of "Swan-Leg" one of the famous shows and mentioned Agnes DeMille, famous ballet dancer, who directed all dance numbers for the show "Oklahoma."

Members present were Mesdames Bill Blood, Homer Brumley, Clyde Cave, Dalton Criswell, Wayne Evans, Jack Gilliland, Debbs Knox, N. E. Milburn, Troy Moore, Palmer Norton, A. J. Schroeter, Urlin Strew, Bill Wolfe, Pete Cowart, J. E. Johnson, Misses Genevieve Eberle and Marjorie Alderson and the hostess.

Jr., Sylvester Slagle and A. L. Manjeot. Mesdames Orla Brown, Alice Thompson, Hester McLallen, Bessie Jones and Kathleen Criswell.

Machine Harvesting of Sugar Beets Is Proved Successful

In line with the current interest in sugar beet planting in this area, the following article has been prepared by H. M. Peavyhouse of the Soil Conservation Service.

A recent article in the "Irrigation Farmer," published at Holdrege in south central Nebraska, reports good progress in machine harvesting of sugar beets. The biggest job in harvesting is that of "topping" the beets.

One type of harvester is a single unit, combine style machine which tops, digs, and loads. This one uses a rotating disc cutter which scatters the tops making it too expensive to gather them for feed. A bar rides along a few inches in front of the cutter and regulates the depth of cut. It also lifts the beets and carries them to a bin or hopper and then into trucks driving alongside.

A second type is in two sections. One section tops and digs the beets, while the other picks up and loads them. This topper mechanism may be mounted underneath ordinary farm tractors. It consists of a "floating" blade mounted at the ends of a pair of steel arms. Just ahead of this blade is a set of "finder" wheels which glide over the beets feeling their height and lifting the knife up and down as they go over—the beets thus cutting off just the right amount of the top. The tops are lifted to a conveyor belt which piles them in windrows away from the machine where they can be easily recovered for feed.

Following the topper is the digging mechanism, or "lifters" bringing the beets out of the ground and onto a swinging conveyor. This is made so that the beets from several rows may be piled in one windrow. The second unit then comes along picking up the beets and elevating them into a truck as it is driven alongside the picker.

Stuvia's Diary

Just been reading in my Harvard Business magazine about a new hardware store in a town in California. The description and pictures sure were swell—100 ft. front—all glass, three foot high letters in the sign—all new fixtures—fresh paint—and what have you. Even hardware men do things in a large way in California. But then—the town in which this store is located, has paved all the streets, street lighting system, big school, nice hospital, tennis courts, and a bunch of wide awake citizens who can see where a dollar spent on city improvement today will repay the community thousands of dollars in years to come through increased population and business.

Coming: Garden hose—a new line of wrenches and other mechanical tools, a beautiful line of odds and ends that go toward making Stuvia's one of the most completely stocked hardware stores to be found anywhere.

Wash tubs—round and square, No. 1's, 2's and 3's—galvanized pails—half bushel measures—milk pails—garbage pails and cans—tin trawls and door mats, cones, steel and rubber—new shipment of asbestos backed gas and brass heaters in all sizes. Also—all kinds of glasses—glasses for water, milk, buttermilk, feed tea, beer, or anything you might wish—tall glasses, short glasses, clear and colored glasses—glasses in sets or open stock—see them in our window.

Black-Eye Peas Date Back 3,000 Years in History

The common black-eyed pea originated in India some 3000 years ago. It came to America from England in 1734, when it was first planted in Georgia in the Oglethorpe Colony.

Blackedyed, cream and purple creasingly popular as a food during the past five years. Texas as canners have contracts with Eastern jobbers for as many cases of canned peas as can be produced, and it appears to be an outstanding cash crop in the sandy areas of East and South Texas.

The production of peas for canning purposes has centered around Tyler and Abilene but the acreage is increasing rapidly in the Rio Grande Valley.

Card of Thanks We wish to thank our friends for the beautiful flowers, cards and expressions of sympathy in the loss of our father: Mr. and Mrs. E. T. Brooks, Mr. and Mrs. C. F. Perkins.

Summerfield Study Club Elects New Officers Thursday

SUMMERFIELD, Jan. 31—Officers for the next two years were elected at a meeting of the Summerfield Study Club Thursday afternoon in the home of Mrs. C. R. Walser.

Mrs. J. B. Noland was elected president; Mrs. Charlie Noland vice president; Mrs. O. B. Sumner, recording secretary; Mrs. B. E. Roberson, corresponding secretary; Mrs. Britt Clark,

treasurer; Mrs. L. H. Lookingbill, parliamentarian; Mrs. O. R. Walser, historian; and Mrs. Guy Walser, reporter.

Mrs. Jim Clark reviewed the drama, "State of the Union." In commenting on the play, Mrs. Clark said, "the play makes a great appeal to us as responsible citizens, not only of the United States, but of the world. To get together as a people and as a nation so that we may solve our problems and those of the world in a spirit of fair play and with tolerance of each other. It disturbs us to learn the many cunning ways in which we as citizens allow ourselves to be capitalized on, duped, and hand-

B&PW Club Honors Prospective New Members at Dinner

Prospective members of the Hereford B & PW Club were honor guests at a dinner at the City Hall club room Monday night.

Guests included Margaret Johnson, Jane Harris, Mary Dyer, Florence Lloyd, Florence Wilhelm, Ann Knox, Gwyn Springer, and Mary Kate Brotherton.

Corinne Jennings, president, presided. The program was opened with the group singing two stanzas of "America the Beautiful," after which the Club Collect was repeated in unison as the opening prayer.

After dinner, Mary Kate Brotherton of Amarillo, formerly a member and a past president of the Hereford club, gave a review of "The Lost Men of American History," by Stewart H. Holbrook, a very enlightening and interesting discussion.

Members in attendance included Velma Hodges, Marcy Koelzer, Dyalitha Brady, Nita Kelley, Lilye London, Mary Jane Morgan, Frances Young, Adeline Koelzer, Ursulae Jacobsen, Cecil Williams, Ethel Robinson, and Corinne Jennings.

Ballinger Girl, Edgar Sowell Wed

Miss Nelma Williams, daughter of Mr. and Mrs. Key Williams of Ballinger was married January 12 to Edgar L. Sowell, son of Mrs. Julia Sowell of this city, at the home of the bride's parents.

Rev. J. R. Lawson, pastor of the Grace Baptist Church, read the double-ring ceremony. Attending the couple were Mr. and Mrs. C. E. Beauford of Hereford. Mrs. Sowell, wore a powder blue woolen dress with small veiled hat and corsage of tall-man roses. She was born and reared in Ballinger and at the

time of her marriage she was employed as an accountant in Amarillo, where the couple will make their home. Refreshments of bride's cake and coffee was served to the close friends and relatives who attended the wedding, after which the couple left for a trip to points in Texas, New Mexico and Old Mexico. They were accompanied on the trip by Mr. and Mrs. C. E. Beauford.

Music Club Has Lesson On "March"

Following the course of study "Story of Music" by Gilbert Chase, members of the Music Study Club featured a lesson on "The March" with Mrs. W. E. Dameron as leader, Monday afternoon.

The meeting was held at the home of Mrs. H. K. Fox and the leader dealt for the most part with Philip Sousa and his famous marches.

In keeping with the lesson theme, musical selections included: A trio—"Hungarian March" (Berlioz-Adler) played by Mesdames; A. J. Schroeter, Ellis Coombes and Cliff Estes, a recording of "War of the Priests," Mendelssohn with Mrs. Sam Allen in charge. A piano solo, "Triumphal March from Aida" (Verdi) presented by Mrs. Cliff Estes and the "Coronation March—Le Prophete" (G. Meyerbeer) played by Mrs. J. R. Allison.

Members attending the meeting were Mesdames C. C. Acker, Sam Allen, J. R. Allison, H. A. Close, R. P. Conaway, Ellis Coombes, Buford Crosthwait, W. E. ameron, Cliff Estes, C. C. Ferguson, H. K. Fox, Jeff Glibreath, J. B. Jones, G. A. F. Parker, Earl Phillips, T. W. Roberson, A. J. Schroeter, Glenn Snyder, W. J. Stanford, A. C. Thompson and A. O. Thompson.

Unknown Heirs and Legal Representatives of James E. Smith, Deceased, Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Deaf Smith County at the Court House thereof, in Hereford, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 10 day of March A. D. 1947, then and there to answer Plaintiff's Petition filed in said Court, on the 22 day of January A. D. 1947, in this cause, numbered 2943 on the docket of said court and styled Lorene Newman, joined by her husband H. L. Newman, Lotis Smith, joined by her husband Billy Joe Smith, Wanda Perkins, joined by her husband Sam O. Perkins, Christine Smith, a minor, and Earl Smith a minor, both by and through their sister, Lorene Newman as the next friend of them and each of them, Plaintiffs.

vs. Fred C. Smith and the unknown heirs and legal representatives of Fred C. Smith, deceased; James E. Smith and the unknown heirs and legal representatives of James E. Smith, deceased, Defendants.

A brief statement of the nature of this suit is as follows, to-wit: For judgment declaring and decreeing the title and ownership of the following described land located in Deaf Smith County, Texas, to-wit: Being a part of Block No. 5 of Womble Addition to the Town of Hereford and described as follows: The North 52 feet of Lots Nos. 11, 12, 13 and 14 of Barcus & Bullocks Subdivision of Lots Nos. 1 to 10 inclusive of Block No. 5 of Wom-

ble Addition to the Town of Hereford, as shown by the plats of said Subdivision and Addition of record in the Deed Records of Deaf Smith County, Texas, save and except that part of Lot No. 11 heretofore deeded for street purposes, in the plaintiffs, Lorene Newman, Lotis Smith, Wanda Perkins, Christine Smith and Earl Smith and the defendant James E. Smith; and that the defendant Fred C. Smith be found by proper order of the court to be deceased, in that he has been absent from his home

and his whereabouts unknown continuously for over a period of 14 years, under the Statutes and laws of the State of Texas; and that the heirship of Fred C. Smith be decreed, as well as the heirship of Vera B. Smith; for the appointment of a Receiver to sell said land and to divide the proceeds thereof among the respective owner after first paying the costs of suit and all expenses, including reasonable attorney's fee for the filing and prosecution of this proceeding, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs. Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas this 22 day of January A. D. 1947. ATTEST: R. L. THOMPSON Clerk, District Court, Deaf Smith County, Texas, By Margaret Johnson, Deputy. (SEAL)

District Scouts Plan Pot Luck Supper Here

District Boy Scouts Pot Luck Supper and Court of Honor will be held on the evening of Feb. 6, at 7:30 p. m. at the First Methodist Church, District Commissioner Urlin Streu said this week.

The supper will be attended by all Scouts and Cubs, Scouters, and Cubbers and parents.

Plans for the Court of Honor will be announced in detail later.

More than 60 adult Scouters from this district, including probably 20 from Friona and 40 from Hereford, are expected to attend the annual Llano Council banquet in Amarillo next Monday night, Streu estimated. Tickets for the dinner are on sale in Hereford at Close Drug Store. The price is \$1.50 per plate, and all persons interested in Scouting are invited to attend with their wives.

A charter is to be presented tonight to Friona Scout Troop 56. Commissioner Urlin Streu will make the presentation in the absence of the Scout Field Executive, Harry DeLashmutt. The troop will be guests of the Friona Lions Club at a dinner before the presentation.

ing. Taken off her wheat diet, she recovered.

The rabbits were checked daily. On the 16th day, the rabbits were apparently normal. On the 17th, all but one of them died. Comparison of their symptoms with those of cattle dead of wheat poisoning indicates that the rabbits died of the same disease.

Rabbits are not only cheaper than cows... they're quicker. A cow sometimes takes months to develop wheat poisoning. A rabbit dies after 17 days. Time is valuable... so are good beef cattle.

Dr. Redmond has analyzed the blood of cattle before they were placed on wheat pasture, and each 30 days thereafter. He has found that their blood quickly becomes deficient in two things. Like all careful researchers, he cautiously reports no more on his findings to date, but his tone is optimistic... he hopes he's on the right track.

Cattlemen hope so, too. Newton Harrell of Claude, prominent Panhandle rancher and chairman of the producers committee on the Research Program, reported briefly on Dr. Redmond's progress in a letter to members of his committee, among them County Agent Hugh Clearman of Hereford. "If he had money for more rabbits and other incidental expenses, he might make a lot of progress in the next few weeks," Mr. Harrell reported.

Twenty-five dollars from each Panhandle County would do the trick, the chairman estimated. Mr. Harrell led off with a size-

Boy Scout Council to Hold Annual Meeting Next Monday at Herring Hotel in Amarillo

The Annual Meeting of the Llano Estacado Council, Boy Scouts of America covering ten counties of the Panhandle will be held next Monday, January 27, at the Herring hotel in Amarillo according to the announcement of Lewis P. Fields, President of the Council.

The Council covers Dallam, Hartley, Sherman, Moore, Potter, Oldham, Armstrong, Randall, Deaf Smith Counties and the townships of Happy in Swisher County and Friona in Farmer County.

The program will open at 4:30 P. M. with a business meeting to be attended by the Council members and at which time reports will be received from the operating, planning and District Committee chairmen covering activities for the year 1946. Officers will be elected to serve for 1947 and report of the nominating committee will be made by Lon D. Edwards, Chairman.

The annual Scouters and ladies night dinner will be served at 7 P. M. in the Crystal Ballroom in the Herring Hotel. The Program Committee has arranged for a number of special events which will include special music, awards for service and stunts.

The guest speaker will be Harold W. Lewman, the new Regional Scout Executive for Region 9 covering the states of Texas, Oklahoma and New Mexico.

Mr. Lewman has had a long and varied experience in Scouting. He started as a Scout, served as Assistant Scoutmaster and Scoutmaster, and became Scout Executive at Helena, Arkansas, in August, 1924; then continued as Deputy Regional Scout Executive in Region Five in 1925, became Regional Scout Executive in Region Nine in September, 1928; Regional Executive of Region VIII in April, 1939, with headquarters in Kansas City; and Regional Executive of Region III with headquarters in Philadelphia in March, 1945. He came to Region Nine as Regional Executive in April, 1946.

Contest for attendance is being carried on between the Dis-

Harold W. Lewman, new Regional Scout Executive, will be the guest speaker at the annual Llano Estacado Council meeting in Amarillo Monday.

Funeral Services For Robert F. Axe Are Held Tuesday

Robert F. (Bob) Axe, 44-year old Wildorado farmer and stockman, former resident of Jumbo community, died Sunday afternoon at Canyon.

Funeral services were held Tuesday afternoon at three o'clock at Palo Duro Church, north of Dawn, and interment was in Palo Duro cemetery.

Rev. J. R. Sharp of Canyon and Rev. A. J. Sullivan of Wildorado, Presbyterian ministers, were in charge of the funeral rites.

Mr. Axe is survived by his wife, Mrs. Zelma Axe; four sons, Zane Axe, John Axe, David Axe, and Ray Dean Axe; his parents, Mr. and Mrs. Frank Axe of Wildorado, and four brothers, Lynn Axe, Fred Axe, and Anderson Axe of Jumbo and Wilburn Axe of Wyoche.

Burialbearers were E. W. Womble and Clayton Woolery of Hereford, E. W. Shugart, M. B. McGaughey, J. F. Mathews, and Clarence McBroom.

Mr. Axe was born on April 2, 1902. He had lived most of his life in this section of the country.

Mr. Wong, the caddy chow, has kept his nose to the fairway (and the rough) for 2000 miles of golfing for his owner, Wayne Edwards, Del Monte, Calif., high school history teacher. The chow, 4 1/2 years old, has been caddying for three and a half years.

Dr. R. R. Wills Will Lecture On "Cancer" Tuesday Night

Dr. R. R. Wills will deliver a public lecture on the subject of "Cancer" at the District Courtroom Tuesday night, under auspices of the Wyche Home Demonstration Club.

The lecture is scheduled for 8 o'clock. The public is invited to attend, and a special invitation is extended to all Home Demonstration Club members in the county to be present, representatives of the sponsoring club said.

"Cancer" is a topic of study in all Home Demonstration Clubs of the county during this month.

Cancer is one of the greatest and least-publicized killers of modern times, the president of the Wyche club pointed out. Figures furnished by the Texas State Department of Health showed that in 1945, there were 5,948 deaths in the state attributable to cancer, only 135 caused by Polio.

Among children under 15 years of age, Dr. George W. Cox, State Health officer, pointed out, Polio held a slight lead, with 81 deaths as compared with 61 from Cancer.

"The higher death rate from polio is due to the fact that Polio is more prevalent among children, while Cancer is more prevalent in adults," Cox added.

"The Oklahoma Public Health service, supplying figures for 1944, reports that 8 deaths from Polio occurred in the state during that year, and 2,064 from cancer. Fourteen of the deaths from cancer were among children under 15 years of age."

The Home Demonstration Clubs of the county are including a study of Cancer in their program this year, in an effort to bring to the attention of the public a widespread campaign of research against this disease.

Mrs. Urlin Streu, Camp Fire Leader, Receives High Award

Mrs. Jean Streu, leader of Hereford Camp Fire girls, was presented the Wokan Honor at a meeting Monday night of the Camp Fire Board.

Miss Claire Barricks, Field Secretary for the Camp Fire Girls, presented the honor award to Mrs. Streu for "outstanding services in assisting with the organization of the Hereford Council, and her fine group leadership in working with Camp Fire Girls."

In this field of service, the Wokan Honor is the highest that a Camp Fire Guardian may earn. The Board Members met in the Camp Fire hut with Miss Barricks Monday night.

The Field Secretary commended the board on their accomplishments during their first year of organization. She gave a short resume of the activities of the whole organization for the coming year, and the opportunities that each chairman and Board Member had for giving service to the girls in their groups.

"The growth and development of Hereford's Camp Fire will depend directly on the enthusiasm of our local board of directors," Miss Barricks said.

The Camp Fire Girls Birthday week was set for the week of March 16-22. Following this, the Finance Committee will launch a drive for funds to continue the Camp Fire program.

The Board discussed plans for the girls camping program, but have not announced where the camp will be held.

Board members present were F. M. Kester, Earl Phillips, Rev. Uel D. Crosby, Mr. and Mrs. Benny Jacobson, Mrs. Richard Barnard, Mrs. Homer Brumley, and Mrs. Urlin Streu.

125 Attend Farm Meeting Here Thursday

Following a meeting of farmers at the District Courtroom last Thursday night, County Agent Hugh Clearman estimated that well over four thousand acres of land in the Hereford area may be planted in sugar beets this year.

One hundred and 25 farmers from Deaf Smith, Castro, and Farmer counties, together with several business men and other persons interested in agricultural industries, attended the called meeting last Thursday.

Don Heizer, field representative for the Rocky Ford (Colorado) refinery of the American Crystal Sugar Company; H. M. Bainer, agriculture agent for the Santa Fe Railway, and Mr. Cantrell, general freight agent for Santa Fe, attended the meeting and, with County Agent Hugh Clearman, conducted a round table discussion with the prospective growers present of the problems and potentialities of growing sugar beets in this section.

At the conclusion of the meeting, farmers were asked to estimate the number of acres they planned to plant in sugar beets this year. The total was 4,045 acres, Clearman said.

"While all of this indicated acreage may not be planted," the county agent pointed out, "there were also several growers in this immediate section who were not present at the meeting, and who have indicated definite interest in sugar beet planting."

It appears certain, on the basis of this indicated interest, that a large acreage will be planted in beets this season.

Heizer said that his company has already made plans for constructing one loader here, and may build additional facilities (Continued on Page 3)

Canyon Will Get Federal Funds for Class I Airfield

CANYON, Jan. 18—The Civil Aeronautics Administration has approved a \$45,000 municipal airport to be built at Canyon with federal aid.

The city has been approved for a Class I airport, and federal funds have been allocated, to be matched by the city, for purchase of land, building of three class I landing strips, and construction of buildings and parking area.

Mayor W. A. Warren has announced that, as far as the City of Canyon and Randall County are concerned, work on the airport may proceed at any time CAA is ready.

tricts and the communities in Deaf Smith are working under the direction of D. C. Kinsey, District Chairman, and Vice Chairman Glenn Reeve of Friona. Tickets are on sale and should be purchased from the District or Unit Chairmen before Saturday, January 25. Scouters will be attending from Hereford and Friona.

All Scouters and their ladies, parents and friends of the Boy Scout organization are invited to attend the dinner meeting and should purchase their tickets early.

Canyon Chamber of Commerce Elects

CANYON, Jan. 20—Delbert Lowes was elected president of the Canyon Chamber of Commerce last week at a meeting of directors. He succeeds Bob Clark.

Other officers named were Chris Wooten, first vice president; Dr. Lee Johnson, second vice president; and Arthur C. Haley, secretary-treasurer.

Friona Bank Is Farmer Depository

FARWELL, Jan. 18—The Farmer County Commissioners court, in session here last Monday, designated the Friona State Bank as official depository for county funds, including the county school fund.

Commissioners also agreed that county officials would continue on the fee basis, as in previous years; and approved bonds for all county officials who assumed office on January 1.

James B. Barnett Wins High Honor As "Outstanding"

Recognition as one of the five outstanding young men in Texas has been accorded James B. Barnett, president of the Wichita Falls Chamber of Commerce, in an annual award banquet arranged by the Texas Junior Chamber of Commerce at Abilene recently.

Barnett is a grandson of Mrs. J. M. Boone of Hereford, and the son of Mr. and Mrs. Paul Barnett, now of Wichita Falls, former residents of Hereford.

Mr. and Mrs. Paul Barnett moved to Hereford in 1906, and lived here for a number of years.

James Barnett was cited for his services as general chairman of the Wichita County 1946 March of Dimes, which raised a record subscription; participation in numerous community fund raising campaigns; direction of memorial services for the Lost Battalion Reunion; and other activities.

He is leader of the Wichita Falls Jaycees, and is national advertising manager for the Wichita Falls Times Publishing Company.

Damage to Fruit In Recent Cold Spell Predicted

LUBBOCK, Jan. 20—Severe damage to the West Texas peach and apricot crop likely resulted from recent extremely cold weather, according to Dr. W. W. Yocum, horticulture professor at Texas Technological College.

If buds were killed, they will begin shattering within the next few days, he said. Fruit growers should inspect their trees carefully, and if almost all of the apricot and peach buds shatter, producers may go ahead and prune trees now as much as necessary without waiting until late spring.

Word of Thanks

I wish to take this means of expressing my deep appreciation to friends for the many beautiful cards and gifts that brought both sunshine and cheer during my illness, and especially do I appreciate the prayers offered in my behalf.

MARKETS
Hogs led the upward price trend last week at most southwest farm markets with sheep, wheat, sorghums and eggs in low, but prices of cotton, feeds, cattle and most vegetables declined, according to USDA's Production and Marketing Administration. Last week opened with good demand and strong prices for beets, cabbage, carrots and spinach in the lower Rio Grande Valley, since wet fields curtailed harvesting. As loadings became heavier, prices declined. Cabbage and carrots dropped sharply. However, beets were still scarce and high. Broccoli remained firm. Spinach from the Winter Garden-Eagle Pass area moved slowly in a dull market. Louisiana reported moderate demand and better feeling for sweetpotatoes. At Colorado shipping points, onions were slightly higher and potatoes steady. Texas citrus shipments were rather heavy with prices about unchanged. Demand for shelled peanuts was slow, although slightly better than in recent weeks. The market was weaker and no farmers' stock offered. Rough rice markets were still, since small stocks in farmers' hands were being held for seed. Prices were reported rather high with supplies already scarce in some sections. Heavy demand and firm prices continued to rule milled rice markets. Wheat and sorghums moved a little higher at southwest markets last week. Other grains were steady to weak. Feed prices followed uneven trends with bran down and shorts up. Cottonseed and soybean meals were lower. Alfalfa hay moved better under improved demand but trading was slow in other types at prevailing prices. Fryers were lower, hens about steady, and eggs somewhat stronger at most southwest markets last week. Current receipt eggs ranged from 38 to 42 cents per dozen. Hogs gained 50 cents to \$1.50 around the market circle. Top butchers sold at \$21.50 to \$22 per hundred at San Antonio; \$23.25 to \$23.50 at Ft. Worth, Oklahoma City and Wichita; \$23.25 to \$24 at Denver, the highest at this market since early December. Cattle declined at some southwest markets last week as trading grew dull. However, Denver reported firm to steady prices with medium to good steers bringing \$18 to \$24 a hundred and common to good cows \$13 to \$15.50. San Antonio prices were irregular with medium and good shortfed yearlings and steers selling at \$17 to \$22. Medium and

Hooker-Roberson Wedding Is Told

Announcement has been made of the marriage of Miss Doris Hooker, daughter of G. C. Hooker and the late Mrs. Hooker, and Donald Roberson, son of Mr. and Mrs. T. W. Roberson. The couple was married in the home of the bridegroom's parents Saturday evening at 8 o'clock with the Reverend R. H. Cagle, pastor of the First Baptist Church, officiating.

Vows were read as the couple and their attendants stood with matching off the face hat and a corsage of white carnations. Billy Hutson served as best man.

The bride was becomingly dressed in a gold-colored woolen suit with brown accessories and brown felt derby. She carried a white Bible topped with a single orchid, showered with white satin streamers, and wore a white gardenia in her coat lapel. She completed the traditional custom of wearing something old, something blue, something borrowed and something new by wearing a six-pence in her shoe for luck.

Only a few close friends and relatives were present for the informal ceremony and wedding cake and coffee were served before the couple left for a short trip. They will make their home in Hereford. He is engaged in ranching and farming, associated with his father and brother.

Both Mr. and Mrs. Roberson attended Hereford High School and Mrs. Roberson attended a nursing school in Houston. Mr. Roberson graduated with the class in 1943 and served in the Navy three years, spending two years overseas. He was stationed on Guam, Saipan and Tinian.

Nuptial Vows Are Read At Rectory

Nuptial vows were read at the Rectory of St. Anthony's Catholic Church Thursday evening at 7:30 o'clock for Miss Earline Kemp, daughter of Mr. and Mrs. A. G. Kemp, and John Schneider, son of Mr. and Mrs. A. J. Schneider. Reverend Father Albert read the ceremony.

Mrs. Martha Lueb attended the bride. She wore a soft gray crepe dress with fuchsia trim and black accessories. Her small hat was of black straw and she wore a corsage of white carnations. Leo Hellman served as best man.

The bride, who wore an aqua crepe dress with small black veiled hat, chose black accessories and carried a white prayer book beneath a wedding bouquet of pink rosebuds. Her something old was a gold bracelet worn by her mother at her wedding and the "borrowed" and "New" traditional customs were featured. She wore a penny in her shoe for luck.

Mrs. Schneider is a graduate of Plainview High School and she attended a business school. She is now employed in Hereford at the First National Bank.

Mr. Schneider is a graduate of Hereford High School and served four years in the armed forces, spending 18 months overseas in the European Theater of War. He is employed with the Southwestern Public Service Company.

After a short wedding trip to points in Colorado the couple will live here.

Final Potato Acreage Goals For County Are Increased

Final potato acreage goals for Deaf Smith County's spud crop for 1947 have been increased slightly over the preliminary goals set for the year, F. G. Collier, secretary of the Deaf Smith County A. C. A. committee, announced this week.

The final 1947 goal figure is 3,937 acres, Collier said. This represents an increase of 269 acres over the preliminary goal of 3668 acres announced last month. The increase is a result of addition of some late-reported

1946 acreage. Several growers reported on 1946 acreage, Collier explained, after the deadline set by the county committee. A revised tabulation of potato acreage, including this additional land, was sent in to the State Committee by the county committee, and the small increase in the 1947 crop goal was allowed.

Final notice of individual farm goals for the 1947 spud crop will be mailed to growers this week from the county office, Collier stated. The committee is reviewing figures this week and making final adjustments.

The 1947 goal set by Production Marketing Administration represents a considerable drop from the acreage planted in potatoes, in 1946, when no marketing goals were set. Last year approximately 5,500 acres were planted in spuds in this county.

Goals set this year are not mandatory, but only those growers who plant within their acreage goals will be eligible for loans under the government's price support program.

Much of the acreage planted in potatoes last year will be devoted to sugar beets and other crops this season, according to early indications.

Only three farmers have applied for new-grower goals for potato acreage so far this year, Collier said.

Costliest Picture Ever Made

More than \$7,000,000 was spent making and advertising David O. Selznick's super western movie "Duel in the Sun," which was selected by Luella O. Parsons as one of the three best pictures of the month in the January issue of Cosmopolitan magazine. A record total of \$5,285,000 was spent in making the picture and to date more than \$2,000,000 has been spent advertising it. Shown above are Jennifer Jones and Gregory Peck, love partners of the picture.

Hereford Federal Credit Union Ends Tenth Year Without One Penny Loss

The Hereford, Texas, Federal Credit Union has closed its tenth year of chartered service in this community with a record of not one penny lost on over \$100,000 in loans, Mrs. Dyalthisa Brady, treasurer of the Union, announced this week.

The board of directors met Thursday and elected Robert L. Thompson, county clerk, as president to succeed Fred W. Baird, who has served in that capacity for the past two years.

J. W. Robinson is vice-president, Mrs. Brady treasurer, and A. J. Schroeder and H. K. Fox members of the board of direc-

tors. Organized in 1936 with only five charter members, the organization has grown to a total membership of 213 at the close of 1946, Mrs. Brady said.

During its ten years of operation, it has loaned to members a total of \$106,359.29 (a total of 741 loans) without one penny lost.

The first loan made by the Union, Mrs. Brady recalls, was \$5 to a boy scout for the purchase of a uniform. The loan was promptly re-paid.

That sort of financing has been the record of the organiza-

tion since its inception. Chartered under the Federal Security Administration, the local Credit Union was one of the first such organizations chartered in a rural community. It is limited in operation to a radius of 20 miles. It was one of an original small group of such unions formed in rural areas as an experiment, and has proved highly successful.

Members of the Union now own more than \$25,000 in shares. Of 50 loans made in 1946, 15 were to veterans and three to veterans widows. Ten of these loans were made to help purchase homes.

The Union has paid dividends to its stockholder-members since its second year.

Eyes on the Ball

Two West Virginia Mountaineers and a St. Francis Terrier jam up in a tangle of flailing arms and legs in a recent basketball game at Madison Square Garden, New York. pounds of a suitable mixture. This feed will meet her production and maintenance requirements. If the hay allowance is cut in half, fifty percent of the nutrients required to produce the three gallons of milk is lost. In a short time, her production will come down to a gallon and a half, as she cannot draw on her body reserves indefinitely to make up for the loss.

Plenty of good roughage is the basis of the ration. Feeding hay twice or even three times a day is preferable to putting out the entire amount at one time, the dairymen say. This will prevent waste and enable the cows to handle more efficiently the hay that they eat.

The Extension dairymen emphasize that the cost of producing a pound of butterfat or a gallon of milk from a low producing cow is always greater than the cost of producing the same amount from a good cow.

One Person Hurt In Accident On Hiway Saturday

One person was injured when a 1942 Buick sedan was wrecked on Highway 60 at Summerfield last Saturday morning.

David McIntyre, driver of the car, escaped without injury, and his sister, Mrs. Mary Kerr, suffered from bruises and shock, but escaped serious injury, when she was thrown from the vehicle. Both are from Detroit, Michigan.

The accident occurred, according to highway patrolman, when the Detroit car attempted to pass another car and trailer on the icy highway.

The Buick went out of control as it skidded off the highway. Mrs. Kerr was thrown from the car as it swerved into a skid. She was brought to the Deaf Smith County hospital, where her injuries were reported to be slight.

Underfeeding Of Good Cow Is Most Expensive Error

COLLEGE STATION, Jan. 20—Underfeeding a good cow is one of the most expensive mistakes that can be made in dairy management, say dairy husbandmen of the Texas A and M College Extension Service.

From now until grass comes on again, most dairymen are faced with a real need for getting the greatest good out of each pound of feed, the dairymen say. This means that cows that do an unsatisfactory job of milk production when given an opportunity must be moved out, so that feed supplies can be best utilized to prevent the underfeeding of good cows. Then the remainder of the herd should be fed a balanced ration according to production.

An average sized milk cow, capable of producing three gallons of milk per day, needs about 18 pounds of good hay and nine

Mrs. Jack Gilliland Reviews O'Neills Latest Play For Calliopian Club

Eugene O'Neill's "The Iceman Cometh" was given in an excellent review of the play when Mrs. Jack Gilliland presented the program Thursday evening for the Calliopian Club.

The meeting was held at the home of Mrs. Pete Cowart with the review and discussion of the four act play making up the entire program for the evening.

In discussing the theme of the lengthy play Mrs. Gilliland said the playwright's intention was to establish in the minds of the public that in order to gain happiness and freedom from strife one must throw away illusions and so do away with the struggle toward better things, only to prove himself wrong in the end when the realization comes that only through hope and faith in the future can any happiness be attained.

Members of the club attending the meeting were Mesdames Richard Barnard, Clyde Cave, Paul Coneway, Wayne Evans, Paul Foster, J. T. Glibreath Jr., Jack Gilliland, Norman Harris,

Mrs. Carl Perrin Presents Program On "The Negro" For Bay View Club

Mrs. Carl Perrin was guest speaker at the Bay View Club meeting held Thursday afternoon at the home of Mrs. Roy Ford.

Mrs. Perrin's subject was "The Negro's Contribution to American Poetry" and as an introduction she stated that the greatness of a people lies in the amount and standards of the literature and art they produce, and that her discussion of the subject would follow the development of the literature of the Negro through his contributions to poetry. She gave excerpts from each poet to distinguish style and character of his works. Her comprehensive survey included Paul Lawrence Dunbar, the first to be recognized and accepted by the white people. Then came James Weldon Johnson, a great personality, who made the first anthology of the Negro poetry; Georgia Douglas Johnson, one of the first Negro Women writers; Finton Johnson, Claude McKay, whose dialect is typical of the West Indian Negro; Countee Cullen, who advocated doing away with the dialect and who also made an anthology of Negro Poetry; and Langston Hughes.

She told of Sterling Brown who has recently compiled a new book of Negro Literature, and described him as the most outstanding Negro poet of today. She told of Richard Wright who is known as the chief Negro novelist of today and recommended his writings for a background for racial study. Also mentioned were Margaret Walker, an Alabama Negro, Zora Thurston, a

teacher and writer of Folk Tales, and in conclusion the speaker read a collection of Folk Tales.

A short business session was held and Mrs. Perrin was presented with a gift in appreciation of her program.

Those attending the meeting were Mesdames D. H. Alexander, J. R. Allison, Phillip Barkley, H. L. Benefield, H. G. Conkright, Essie Cardwell, Colby Conkright, T. M. Dameron, Herman Ford, Howard Gault, E. W. Harrison, G. G. Heard, A. M. Jones, J. W. Kirby, Paul Mathers, John McLean, G. A. F. Parker, Bob Wilson, the hostess and the guest speaker.

Veterans Office To Speed Mailing Of G. I. Checks

The all important VA subsistence check will reach a greater majority of veterans, taking on-the-job training or going to school under the GI Bill, right on the first day of each month, than heretofore possible, according to C. E. Pickens, Veterans administration regional finance officer at Lubbock.

A new system has been installed whereby more veterans will receive their subsistence checks the first of the month; however, receipt of a few checks, approximately 5 percent will necessarily be delayed until the 4th or 5th of the month.

"As a result of the Treasury Department's installation of rapid mechanical equipment, it is now possible to move the 'cut-off' date for submission of VA payrolls up to the 27th of the month, which enabled more veterans to be placed on the roll. This means that more veterans will receive their checks from 10 to 20 days earlier than previously possible.

Dalhart Teachers Get Pay Raises

Remedy for Wind Erosion Found In Terry County

COLLEGE STATION, Jan. 20—Demonstrations in Terry County indicate that breaking land deeply is a worthwhile practice in preventing wind erosion and getting larger crop yields in West Texas.

Terry County Agricultural Agent R. N. McClain reports that the demonstrations carried out show that land broken deep enough to bring clay to the top of the ground suffers "scarcely any" from wind erosion, and "in practically every instance" deep broken plots showed crop yield increases over unbroken land.

On the J. J. Jones farm in the Johnson Community, a plot was broken 12 inches deep and planted in milo, County Agent McClain says. This plot yielded 400 pounds more grain than a plot of equal size that was not broken deeply. And on the Beavers farm near Wellman, 160 acres were broken to a depth of 28 inches and yielded double the amount of grain raised on shallow-broken land.

The clay brought to the top by the deep breaking offered definite resistance to erosion by wind, McClain says.

The widespread belief that putting salt in wash water prevents bright colored cloth from fading is untrue, since the use of salt actually tends to harden the water. The best precaution against running colors is to reduce the water temperature and dry the articles quickly.

Constitution Amendment Proposed For Building Program in Colleges

Austin, Jan. 20—Twenty-three members of the state senate are co-authors of a joint resolution submitting a constitutional amendment authorizing a building program at the 16 state-supported colleges and universities. The resolution was introduced on the third day of the general session of the Legislature by Sen. Keith Kelly of Fort Worth. A similar resolution will be introduced in the house of representatives.

The proposed amendment which would be submitted to the people next summer, if senate and house approve it, is the re-

sult of unanimous agreement among the 16 state-supported schools on what they conceived to be the best plan for meeting building needs which have been brought into sharp relief by the great influx of veterans enrolling under benefits of the G. I. bill. Governor Beauford Jester has endorsed the program.

The fact that 23 members are co-authors of the resolution is an indication the resolution will receive prompt approval of the senate where 21 votes are needed for final passage.

Joining Kelly as co-authors of the amendment which permits the University of Texas and Texas A & M College to issue \$15,000,000 in bonds payable out of income from the university permanent fund and permits the other 14 schools to issue bonds payable out of the revenue from five cents of the presently authorized 25-cent state property tax for general fund purposes were:

Fairview HD Club Reviews Year of Accomplishments

Fairview Home Demonstration club met on January 14 with Mrs. R. L. Campbell. A review of the history of the club featured the meeting.

The Fairview Club was organized in 1931, when Miss Tila Martin was county home demonstration agent. Four charter members are still active in the club. They are Mesdames R. L.

Campbell, W. R. Moore, E. W. Womble, and O. J. Grabbe.

The club now has 14 active members: Mesdames E. W. Womble, F. E. Finney, C. L. McBroom, Bob Axe, E. W. Shugart, O. G. Hunt, W. R. Moore, R. L. Campbell, Byron Campbell, Wayne Higgins, C. R. Hughes, O. J. Grabbe, Dan Higgins and Gilbert Wynn.

Tribute was paid, in the report, to Miss Sadie Lee Oliver, who retired shortly before Christmas after many years as county home demonstration agent. Miss Oliver was largely responsible for the growth and success of the Fairview club, the members said.

Mrs. R. L. Campbell, member of the Fairview club, is now vice-president at large of the Texas Home Demonstration Association.

During the past year, the Fairview club listed the following accomplishments:

One quilt was quilted and sold for \$2.25.

A watermelon supper was held for families of club members at the Wayne Higgins home.

A stork shower was given for Mrs. Byron Campbell on October 26.

The annual Christmas dinner was held on December 20 in the home of Mrs. E. W. Womble, with 27 present.

Ten dollars was donated to the Red Cross; one case of food and two packages of clothing sent to the Philippines; and one feather quilt was made for Mrs. C. L. McBroom.

MADE IN THE SOUTHWEST - FOR THE SOUTHWEST!

By E. BAILEY CARROLL

Director of the Texas State Historical Association; Vice-President of the American Association for State and Local History

Joseph Gregg, the most celebrated of all the Santa Fe traders, opened the Fort Smith-Santa Fe Trail in the spring of 1838. The intrepid Gregg chose to abandon the regular route from Missouri in favor of one from the head of navigation on the Arkansas, for on the more southern route "the pasturage springs up nearly a month earlier." Keeping on the ridge just north of the main Colorado River, Gregg, with fourteen heavily laden wagons, established a new east-west commercial arterial, "middle-busting" both the present state of Oklahoma and the Texas Panhandle, headed straight through Comanche for the mesa of Santa Fe.

In 1845 Lieutenant James William Abert, of the United States Army Topographical Engineers, entered Mexican territory unannounced and ran the trail in reverse—from west to east. Abert surveyed the Canadian, mapped the country, and explored in the Panhandle, where he visited the Kiowa.

In 1848 Captain Randolph B. Marcy escorted a large group of California-bound Forty-niners along the trail from Fort Smith to Santa Fe. Thus did Gregg's commercial trail across an unbroken succession of fertile glades and grassy plains become Abert's and Marcy's military road and, in turn, an emigrant trail with caravans of prospectors and homeseekers.

No pioneer trail was ever so fixed and definite as a modern paved highway, but this trail was a sort of guiding star in that it pointed the way for the survey in the fifties of a possible transcontinental railroad route along the thirty-fifth parallel to the Pacific. Later the Rock Island and the Frisco lines actually utilized portions of the trail for roadbeds.

In the twentieth century the homeseekers who followed Gregg "where the grass was green" built modern highways over many of the ruts in his trail; in fact the Fort Smith-Santa Fe Trail was a worthy pioneer forerunner of present-day Highway 66.

Anna Bird Stewart, Noted Author of Children's Books, Talks Here

Miss Anna Bird Stewart, author of children's books, poetess and lecturer, visited Central School Wednesday of last week, giving a series of four talks to various student groups. One of America's outstanding writers of juvenile poetry and prose, Miss Stewart is the author of 12 published books. The latest, "The Young Miss Burney," will appear this fall. For three years she was associate professor of English at St. Mary's of Notre Dame. She graduated from the University of Cincinnati, with honors, and has taken graduate work in New York, London, Oxford, Paris, and Terigeaux in Paris. Also experienced on the stage, Miss Stewart spent two seasons with the Jessie Bonstelle Players, reading Shakespearean leads. She entertained youngsters at Central School last week with recitations of many of her verses and a variety of stories, largely based on experiences of her own childhood. Mrs. L. G. "Daddy, When Can I Start Shaving?"

"The way time flies, son, it won't be long."

"Does it hurt, Daddy?"

"Shaving used to make my face sore sometimes, but not any more."

"How come, Daddy?"

"Well, you know that big automatic gas water heater we bought?"

"Yes, Daddy"

"That's what makes the difference. Now there's ALWAYS plenty of steaming hot water to soften my beard and make it shave off slick as a whistle."

"Gee, Daddy, it looks like fun."

No Quotas Set For State In March O'Dimes

Texans have again been asked to do their share in the unending fight against infantile paralysis in the annual March of Dimes which opened in this state Jan. 15. The appeal will continue through Jan. 30, the birthday of the late President Franklin D. Roosevelt.

A proclamation setting the latter half of January aside for the annual appeal was signed by Governor Coke Stevenson in the presence of Governor-elect Beauford Jester and George D. Wilson of Houston, Texas chairman of the National Foundation for Infantile Paralysis.

Although Texans are not assigned a specific quota, they are expected to give liberally under the grim reminder of the epidemic of poliomyelitis which raged in this state last year. The national goal, set by Basil O'Connor, foundation president, at \$24,000,000, must be raised through the March of Dimes. The money will continue the care and treatment of polio victims, of whom there were 25,000 last year, and prepare against new outbreaks of the disease in 1947. Both Stevenson and Jester pledged their personal efforts to the Texas drive and asked Texans to support it wholeheartedly.

Wilson pointed out that the National Foundation for Infantile Paralysis is totally dependent on the American people; it has no endowment or other means of financing its work. During the nine years of its existence, millions have been spent to equip hospitals, care for victims and carry on research into the cause and possible cure of polio.

The foundation was inspired by the late President Roosevelt, the most famous sufferer of polio, and his birthday has become the occasion for memorial gifts to the organization he loved.

Disease Report Service Set For Poultry Growers

COLLEGE STATION, Jan. 20—A service long-needed by poultry and livestock producers has been started by the Extension Service of Texas A and M College.

The service consists of a system of monthly reports, coming from county agricultural agents and veterinarians, giving information on poultry and livestock

diseases, where and when the diseases occur, and the number of cases occurring.

Dr. E. A. Grist, veterinarian for the Texas A and M College Extension Service, who operates a central point for the information, reports that the system of gathering information has been in effect for four months, and the figures gathered to date have afforded excellent opportunity to issue timely disease warnings and suggested control programs.

With the aid of the Economics division of the Extension Service, the information is being compiled according to Texas soil

areas and types Dr. Grist points out that while it is impossible now to measure the real worth of the system, it has shown more clearly the need for better poultry and livestock disease control in Texas. For instance, mastitis of dairy cattle, an udder inflammation, is a disease that is ordinarily considered a small

item affecting dairy production. Yet during September, October and November, county agents and veterinarians reported over 4000 cases of mastitis in Texas. Cases occurred in every county in the state.

Legion Declares War on Traffic Death in State

Official declaration of war against traffic murder was made this week by the American Legion in a statewide radio address by its State Commander Bertram E. Gleescke of Austin.

"The Executive Committee of the Legion officially approved blueprints for an action program to be carried out in every Legion Post," said Gleescke. "The American Legion, for one, has declared war against this traffic murder."

"Too many of our veterans have returned from the hell of war to die on our peaceful streets and highways. The Legion believes that the enactment of the six-point legislature program of the Texas Safety Association is essential to safer communities."

"The Legion believes that the addition of 300 men for the Texas Highway Patrol is necessary. At present, high speed motorists and drunk drivers are making death corridors of rural communities and open highways. So long as Texas has only 250 patrolmen to cover 36,000 miles of state highways, these death corridors will continue to exact their ghastly toll."

"The Legion believes that the adoption of a Model Traffic Code for uniform traffic regulations is essential to safe travel."

"The Legion believes that more certainty of punishment is needed in the trial of the drunk driver, the hit-and-run driver and the juvenile traffic violator."

"It believes that driver license fees should be used for driver license administration and for the Texas Highway Patrol—not for purposes totally unrelated to traffic control."

"The Legion believes that a Controlled Access Highway Law is necessary to permit safer entry into and departure from heavily travelled highways."

"The Legion believes that driver education and driver training courses should be adopted in the curricula of our schools."

"Texas can control traffic murder if the majority of law-abiding citizens will make their voices heard, and their actions felt, in this cause of a Safer Texas."

Estimate . . .

(Continued from Page 1)

At the meeting Thursday night, problems of planting and growing sugar beets were discussed in detail, with particular attention to the costs, methods of cultivation, machinery required, and handling and shipping of the product.

Another meeting will be held late this month, Clearman said, and at that time the American Crystal Sugar Company is expected to be ready with contracts for all growers who intend to raise sugar beets.

Helzer has indicated that his company will contract for the purchase of the entire crop of sugar beets in this area.

According to Helzer, planting of beets should be started early in March. Seed for planting will be supplied by the American Crystal Sugar Company at the rate of forty-five cents per

acres.

Also attending the meeting here Thursday were County Agent Raymond King of Castro County and Assistant County Agent O. F. Limer of Hale County, who will become County Agent of Farmer County on February 1.
