The CYF of the First Christian Church at Dumas will host a Chili Supper prior to the Hereford-Dumas football game Friday. The supper will begin at 5:30 p.m. and conclude at 7:30 p.m. at the church across the street from the football field. All Hereford fans are invited to attend the supper.

"H.M.S. Pinafore", a Gilbert & Sullivan musical, will be presented by Stanton Junior high choir Nov. 23 and 24 in the junior high auditorium. Admission charges are 75 cents for adults and 35 cents for students and teachers. Curtain time is 8 p.m. Tickets may be bought in advance from any choir member.

St. Anthony's Antonian Circle is presenting a talent show next Sunday at 7:30 p.m. in the school auditorium, open to public. Tickets are 75 cents for adults and 50 cents for children 6 to 12 years old.

Larry Rawls, 907 Fifth, Canyon, won first place in The Brand's weekly football contest, and Jim Monroe, Route 4, Hereford, took second prize. Third prize winner was Jim Arney, 222 Ave. E., Hereford. Rawls had 16 correct guesses, and Monroe and Arney each got 15 correct answers. Monroe won, however, on the second tie-breaker. There were 97 entries this past week, the 10th in the current contest. Only two more weeks remain in which to compete for Cotton Bowl tickets and the weekly prize money.

Count Basie will give a 3-hour concert Monday night, Nov. 23, at the West Texas State Field House, beginning at 7:30. Tickets will be sold at the door. He performed at President Kennedy's inaugural ball.

Preceding the Hereford-Dumas football game Friday night in Dumas, the Deletie Study Club of Dumas is serving a spaghetti supper from 5 until 7:30 p.m. in the Lions building. The (Continued on Page 7)

## Auto Strikes Tree, Hereford Negro Killed

Frank White Jr., 37, negro, was killed when the automobile he was driving struck a tree three and one-half miles south of Hereford on Highway 385 shortly after 5 a.m. Sunday.

White was pronounced dead on arrival at Deaf Smith County Hospital, where he was brought by a Gilliland Ambulance.

According to investigating officers, White was traveling south on Highway 385 and apparently went to sleep or lost control of his vehicle and the car traveled across the highway into a tree.

Officers investigating the crash said there were no other occupants in the car, which was totally destroyed.

The accident was investigated by officers of the Texas Highway Patrol stationed in Dimmitt.

Officers were still making an effort late Wednesday to determine the cause of the accident.

According to the officers, White traveled several hundred feet in the wrong lane before leaving the pavement and striking the tree.

White listed his address at Rt. 1 Hereford.

Funeral services for White will be conducted today at 2 p.m. in the Mt. Sinai Baptist Church, conducted by the pastor, the Rev. H. B. Whitten. Burial, with Gilliland Funeral Home in charge of arrangements, will be in West Park Cemetery.

White, who lived at 814 S. Schley, was born April 10, 1927 at Dawson, and came here in 1951.

Survivors include his widow, Marie Jackson White; two brothers, S. C. White, Hereford, and A. B. White, Amarillo; five sisters, Ruby Mae White, Dawson; Esther Mae White, Amarillo; Gora Mae White, Amarillo; Georgie Mae White, Amarillo; and Emma Mae White, Dawson.

## Rains Slow Harvest, Aid Crops

### Roof Is Ripped From Building By High Winds

Area harvest operations ground to a halt here Monday as farmers viewed their muddy fields with mixed emotions. Moisture that is sorely needed on thirsty wheat fields also stopped the combines, strippers and sugar beet diggers and continuing cloudy and drizzling weather assured area farmers that it would be several days before the machinery could be started again.

The rain that fell Sunday evening left varying amounts of moisture over Deaf Smith and surrounding counties, ranging from less than 3 northwest of Ford school to 2.5 inches in the Walcott area. Light rain continued to fall Monday and Tuesday, but added little additional moisture to the total.

Although the milo crop was approximately 75 percent harvested, some farmers had been waiting on a freeze before finishing the operation. The area's first official freeze came Friday night as the temperature dipped to the 32 degree reading. Milo harvest would probably have been completed towards the end of this week had the weather remained dry. Sugar beet harvesting operations and cotton stripping came to a halt also.

Accompanying the rain were hurricane force winds that ripped the roof from one building, smashed a television antenna, broke at least one window and darkened one section of the city Sunday evening.

Damages totaled close to \$1,000 at the Fred Mercer home, 824 Ave. K, where the roof was torn from an observatory building housing a 12 1/2 inch telescope. The telescope was unharmed, but slightly exposed to the weather.

A five-foot wooden fence across the back of the Mercer yard was destroyed. The roof from the observatory was blown across the street, taking the television antenna down and apparently tearing out a vent pipe from the roof of the Mercer home as it went by. Debris was scattered throughout the neighborhood.

To the south of the Mercer residence at 822 K, Arliss Edwards reported the loss of a telephone line while Mercer's neighbor to the north, Richard Born, 828 Ave. K, reported one window blown in and a child's swing set uprooted in the backyard.

Other neighbors reported their houses "shook" during the brief windstorm.

Pea-size hail fell in many areas over the county, but damage from the hail was considered negligible.

One accident involving a lone cement truck was attributed to the heavy rainfall.

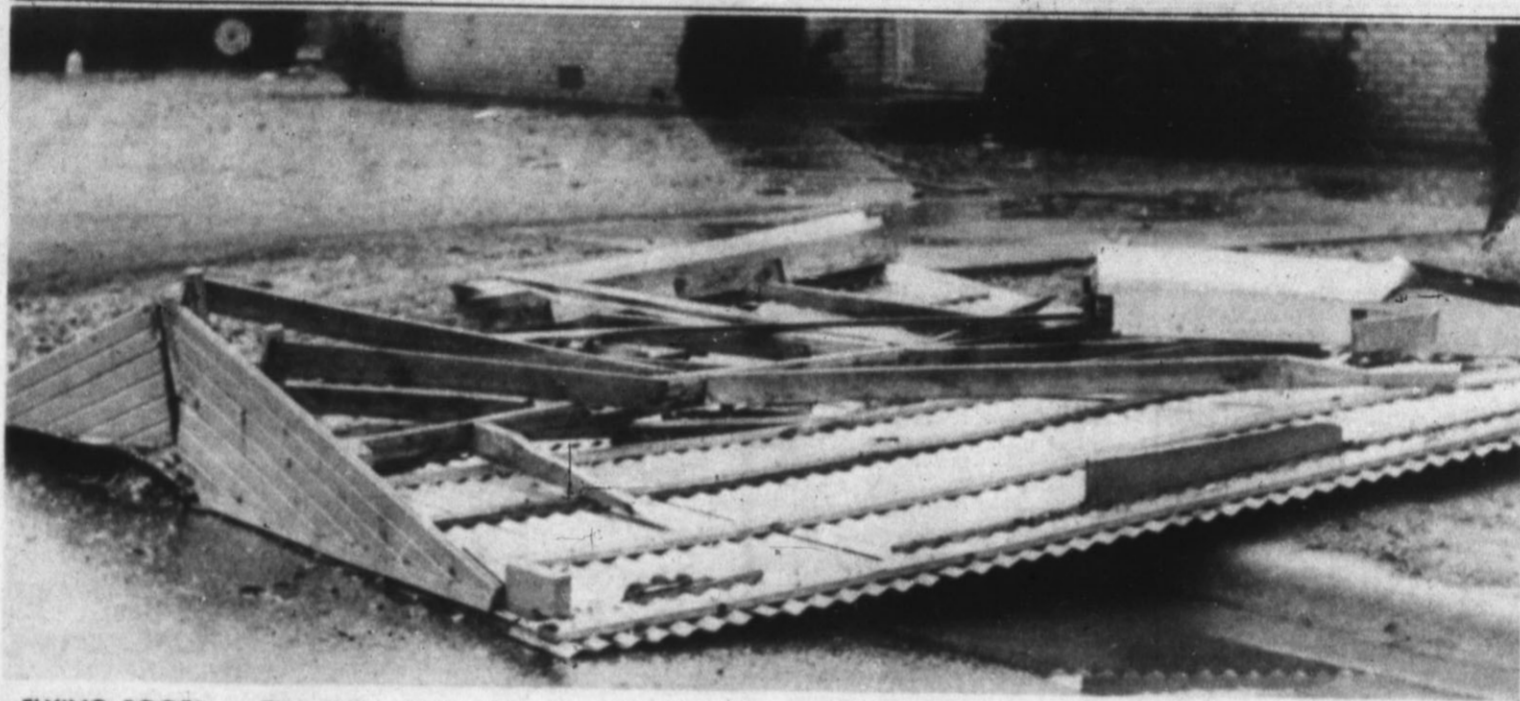

A loaded cement truck belonging to Hereford Redi-Mix and driven by J. D. Stump, slid off a culvert and over- (Continued on Page 6)

## Italian Farm Official Visits Hereford Area

As part of a tour of American livestock and feeding operations, Dr. Livio Scarbadi, chief of the Zoo Tech Service of the Italian Ministry of Agriculture, visited Hereford Monday and was honored guest at a luncheon at Western Wheel Inn.

Afterward he visited a number of Hereford area livestock operations, including the Hereford Feed Lot.

Present were Sam Thomas, agricultural representative for Southwestern Public Service Co., Amarillo; Jim Bob Allison, Paul Engler, Wheeler Sears, Dean House, chairman of the Deaf Smith County Chamber of Commerce's agricultural committee; Joe Easley, president of the T-Bone club, and Bill Thompson, manager of the chamber.

FLYING ROOF? — The roof, which originally belonged on a building in the rear of Fred Mercer's house at 824 Ave. K, wound up across the street in his neighbor's front yard Sunday evening during the height of a wind, rain and hail storm in Hereford. Other damage was reported in the neighborhood. (Brand Staff Photo)

## Herd To Take On Title-Holding Dumas In Season's Final Game

Hereford Whitefaces will travel to Dumas Friday evening, where they will meet the highly favored Demons of Dumas on Demon Field at 8 p.m.

The Demons, who are currently undefeated, will be a several touchdown favorite over the Hereford Whitefaces, who will attempt to upset the Demons and gain a second place position in district 1-AAA standings. Dumas has rolled over every

opponent with virtual ease this season, until they were nearly defeated by the Tulla Hornets, but managed to eke out a 11-10 win over the Hornets.

Dumas opened the season upsetting Palo Duro, a 3-AAAA school in Amarillo, 7-0. The following week, Dumas stormed past powerful 3-AAAA Borger, 34-15 in another upset of the season.

The Demons traveled to Artesia N. M. the next Friday evening and routed the New Mexico state champions 32-21 as they continued their victory streak.

Dumas invaded Oklahoma the following week and took on the defending state champions, Lawton and put them down 28-7.

The Demons entered district play the following week racking Muleshoe 63-0 the first week and returning the following week to Canyon Eagles, 66-0, who were fresh from a 25-20 upset over Hereford.

Tulla put the only real scare of the season into the Demons as they scored 10 points in the first few minutes of the game at Tulla. The Demons illustrated the true mark of a champion as they methodically ground out two touchdowns before the first half and beat Tulla 14-10.

Last week, while Tulla was defeating the Herd 21-14, Perryton was given the drubbing of their season by the Demons, as they were shut out 34-0.

The Demons have scored 177 points in conference play compared with only 10 scored by their opponents thus far in the season.

The have scored 326 points offensively this year and have held their opponents to 59 points in nine games. Last year in 12 games, the Demons had 290 points and gave up 73 points defensively.

They were stopped in the state quarterfinal playoffs by Graham as they were put

down 13-0.

The Demons are picked to win the state AAA crown this year by sports-writers.

Ricky Burgess, 174 pound senior fullback, is leading the Demons in nearly all departments this year as he has over 100 points thus far and has 51 in district play alone.

Burgess is averaging over eight yards per carry in conference play, as he has racked up 805 yards rushing.

Norman Bonner, 176 pound senior halfback, is another bright spot in the Demon backfield as he poses a constant threat to the opponents as a break-away runner.

Bonner has scored 57 points thus far in the season and is averaging over six yards per carry in conference play.

Halfback David Hamrick has racked up 60 points offensively this season and is also a threat to any opponent.

The Demons returned 13 letterman from their district championship squad last season, six of which started regularly for the Demons.

Dumas leads District 1-AAA in almost every field other than passing.

They have handily put down every opponent this season, statistically as well as scorewise, other than the Tulla Hornets. "Our boys know the type of team Dumas has and know we will have to take advantage of every break and 'mistake we possibly can to beat this team,'" Coach Jack Meredith said.

## Hereford Leads In Two Areas

As District 1-AAA goes into the final week of action with the title already cinched by the powerful Demons of Dumas, the Hereford Whitefaces, who are 2-2 in conference play, were found leading the district in several areas, and trailing only powerful Dumas in most of the others.

Hereford Whitefaces are leading District 1-AAA in yardage gained passing with 331 yards. The Tulla Hornets are trailing at second place in that department, with 233. Last week the Hornets were within 10 yards of the Herd, but Frank Cain delivered them out of danger, racking up 89 yards, while the Hornets failed to gain a single yard passing.

The Herd has attempted more passes than any team in the district, which stands at 54 and has completed more than any other team in the district which at this time stands at 28 completions.

Percentage of completions record also belongs to the Whitefaces as they have completed approximately 51 percent of their passes attempted this season, which is several percentage points higher than any other district team.

The Herd remains second in conference in the first down department only behind the Dumas Demons.

In rushing, Dumas also leads 1-AAA, but the Herd is also in second place in this department.

Hereford also is second in the district behind Dumas in pass defense.

Frank Cain currently is top passer in the district and fourth in the district in scoring with a 25-point total in conference play.

In conference scoring the Herd is in second place, while scoring 87 point to their opponents 58. The Demons lead in this department with 177 points to their opponents 10.

If the Herd upsets the highly favored Demons, at Dumas Friday evening, the District standings would very possibly end up in a three-way tie for second place with Muleshoe coming in

fifth and Canyon finishing last. Perryton will play Muleshoe Friday evening in what should be an easy victory for the Rangers and cinch them at least a tie for second place.

The Tulla Hornets will play the hapless Canyon Eagles, who managed their only district victory over Hereford. The Hornets should ease past the Eagles who dropped another conference game last week when they were shut-out by the Muleshoe Mules (Continued on Page 2)

## Heavy Cement Truck Flips In Rainstorm

A loaded cement truck, belonging to Hereford Redi-Mix slid off a culvert in front of the company's office on N. 385 during the rain storm Sunday evening.

The accident occurred shortly after 9 p.m. as the truck was attempted to turn onto 385 and turned too sharp to the right, only to start sliding into the bar ditch and ending up on its side.

J. D. Stump, driver of the truck, was not injured and escaped shortly after the accident.

The truck was loaded, according to Johnny Patterson, owner of the cement company.

"There were approximately five and one-half yards of mixed concrete in the truck when it went over, which made it quite a bit harder in getting the truck upright."

Damage to the truck was not known immediately, but the motor which drives the mechanism of the mixing unit on the truck was submerged in the water nearly three feet deep in the bar ditch.

The truck was finally pulled from the ditch and turned upright Monday evening, some 18 hours after it turned over.

## \$10,000 Back Taxes Sought

Hereford City Commission Monday evening authorized City Manager Dudley Bayne to turn delinquent tax rolls over to a local attorney for collection.

Bayne told the commission that the delinquent amount totaled more than \$10,000 and some had been delinquent for more than 12 years.

"These people have received numerous warnings concerning their failure to pay taxes and have had every chance to clear this up," Bayne said.

The commission gave approval to turn the entire delinquent roll over to a local attorney and authorize him to file suit for collection of the taxes.

Bayne explained to the commission that the tax offenders would have to pay court cost in addition to the delinquent taxes, once they were convicted of the charge.

The law firm handling the

collection of the taxes will receive 15 percent of the amount collected.

"This is something that has been plaguing the city for years and it is not fair for part of the citizens to pay the taxes and these few not pay them," Bayne told the commission.

The delinquent taxes include both real and personal property. The commission continued in more discussion, concerning the hiring of a golf pro, after the one hired by the commission at a previous meeting, decided not to take the job here.

Commissioners decided to interview the rest of the applicants or have them appear before the golf committee before hiring a pro.

According to Bayne, several applicants will appear in the next few days, and the commission will decide at the next regular meeting.

Commission also gave approval to pay Jap Dickerson \$150 per month for his duties as acting fire marshal, until a full-time fire marshal can be found.

The salary was made retroactive, as Dickerson has been working with the trucks and keeping the equipment in shape since Oct. 1.

The commission approved two recommendations of the zoning commission, one which turned down a re-zoning request by Joe Soliz in the Buena Vista sub-division, and one which was approved concerning re-zoning of property in the Park Ave. Shopping Center.

An annexation was approved by the commissioners concerning the annexation of a lot at Moreman and Gum. The request was made by Fellowship Baptist Church, which is under construction on the property which was annexed.

Commissioners went into lengthy discussion concerning the annexation of property in South Hereford. The commission felt that a meeting should be held to explain exactly what annexation into the city would entail and the meeting date was set for Dec. 8, at the Community Center.

In the final discussion, the commissioners decided to meet with an official of the Texas Highway Department, concerning the placing of medians on the widening project at U. S. 60 from 385 to Holly road. The meeting will be held Thursday at 5 p.m.

Several visitors were in attendance at the meeting. The next regular meeting will be held Dec. 7, and the public is invited.

## Hereford Band Receives Top Rating Again

Hereford High School's Whiteface Band took top honors in the New Mexico Marching Contest Saturday in Clovis. This is the first year such a meet has been staged.

Director Ben Gollehon reported that the Hereford band competed with bands from Artesia, Lovington, Portales, Tucumcari, Hobbs and Carlsbad. Several other bands from Texas also participated, but they were not ranked in the same class.

"Some of the judges for the New Mexico contest had been spectators at the Canyon contest earlier this year," Gollehon said, "and they reported that the show looked much better. The sound and playing was much more mature."

Hereford was the only band in its class to take the top rating. Those receiving II's were Artesia, Portales, and Tucumcari, Lovington and Carlsbad made III's.

Biggest event coming up on the calendar for the band is the Buccaneer Music Festival held every May in Corpus Christi. "This will be our biggest challenge — it will be much harder than the Tri-State Music Festival held at Enid," Gollehon explained.

The band entered this event five years ago, which was Gollehon's first year with the band here. At that contest, they brought home a II rating in concert and a III rating in sight-reading.

Whiteface band will present a special assembly for the high school student body Dec. 10, and they will give their annual Christmas concert Dec. 17. Their next University Interscholastic League contest is scheduled for April, when they will vie for the coveted Sweepstakes trophy at Canyon.

UPSET TRUCK — This cement mixing truck was turned over on its side for nearly 18 hours Monday as it slipped into this bar ditch Sunday shortly after 9 a.m. during the height of the storm. The truck belonged to Hereford Redi-Mix Company. Damage to the truck was not known immediately, and the driver escaped uninjured. (Brand Staff Photo)

# Hereford...

(Continued from Page 1)

Were Hereford, Perryton and Tulla all to lose their final games Friday evening, the district would go into a five way tie, for second place, with Dumas on top.

If the Herd fails to beat the Demons at Dumas, and Tulla and Perryton win their games, Hereford with finish in fourth place, with Muleshoe in fifth and Canyon on the bottom.

The Demons will meet Andrews in the bi-district play-offs at Lubbock.

Dumas will be highly favored in the Hereford-Dumas battle, but the game is always a rivalry between the neighboring schools and should prove to be a real battle as Hereford leads the district in several departments and trails Dumas by small margins in most of the other.

It's always nice to get a rain. Well, that is, unless you're in the middle of harvesting grain, sugar beets, cotton, lettuce or some other crop. But even then, it really isn't bad, cause who knows when we'll have another opportunity to get wet.

Winter blew in with gusto this week as we witnessed the first official freeze of the season with a rain, wind and hail storm shortly behind. This, we're told, is the results of a Pacific cold front that moved into the area Sunday.

The high winds played havoc with the observatory roof at the Fred Mercer residence, as well as the backyard fence, the TV antenna and a vent pipe in the roof. Damages from the wind seemed to have been isolated to that particular area of town, which lends credence to the theory that it might have been a small tornado which dipped to the ground momentarily. Mercer, a Stanton Junior High science teacher, reported that barometer pressure was extremely low at that time and believes that conditions were right for a tornado.

Over on Avenue I, . . . one side at least. . . we were in the dark for approximately 45 minutes during the storm. Across the street at the O. Z. Golden residence, however, the lights blazed away, which makes us wonder if we're living right!

However, we understand that some other areas of the city were blacked out as well.

Millard Gregory, farming 5 miles north and 2 west of Hereford reported about 7 inches of rain on his farm. And apparently the rain reminded Millard of a political joke that he had forgotten to tell me. Don't really get the connection between rain and politics, but thought this one was pretty good so we'll pass it on.

It seems there was a man who wondered what profession his son would follow when he received his degree from the University. He was told by a friend that he should place a \$1 bill, a drink of bourbon and a bible on a table, leave the room and watch to see which

the son chose. If he takes the money; he'll be a banker the friend assured him. If he drinks the liquor, he'll be a drunkard and if he chooses the bible, he'll undoubtedly turn to the ministry.

The father watched until the son returned home. He entered the room, looked the situation over, picked up the money and stuck it in his pocket. The father was elated at the prospect of a "banker-son", until the young man turned up the bourbon and drank it down, put the bible under his arm and left the room.

"My-Gosh," exclaimed the father, "he's going to be a politician."

Jim Arney, local pharmacist, won \$1.50 in the Brand's football contest this past week. His only remark: "I don't do this for the fun, I do it for the money."

Well, don't spend it all in one place!

Elsewhere in this issue of the Brand is a report from Miss Nona Marie Strange, daughter of Mr. and Mrs. Clarence Strange, 203 N. Bennett, who is currently studying in Quito, Ecuador on a Fulbright-Hays Fellowship. Miss Strange will be sending other newsletters from Ecuador during her stay in the South American country.

The Lubbock Christian College Associates will hold a bake sale at Cooper's Market on Wednesday, Nov. 25. All proceeds will go toward the rebuilding of the cafeteria that burned on Sept. 24. The baked "goodies" will go on sale at 8:00 a.m.

Bruce Miller has been taking quite a bit of ribbing lately concerning the loss of a client. Bruce had been appointed by the court as defense attorney for a man charged with swindling. Bruce prepared his brief and conferred with the accused the night before the trial, and was ready to "go to bat" for the man in question.

The following morning however, the accused failed to show up, and they haven't found him yet.

"Just no confidence in the attorney", is the story Bruce is getting from his friends.

However, Bruce doesn't take a thing like this lying down. He changes the subject.

And you know what his favorite subject is. Sure, you guessed it. The mighty Arkansas Razorbacks and the shelacking they have been giving to other Southwest Conference teams. In particular, the upset over Texas University.

And the folks down at Kinsey-Osborn Buick are trying to get

the jump on the museum. An ad in the Sunday Brand listed a 1933 Ford Falcon for sale. Carlos Anderson called Debert Kinsey early Sunday morning concerning the 17th century vehicle. "I want to go down right now and see that car," he told Kinsey, "and if it's what you say it is, just name your price."

Probably had a Pilgrim chauffeur to boot.

And here's a puzzler for you:

A farmer has some turkeys and brings them to town to sell them for Thanksgiving. At the first store he sells half his turkeys and also gives them the remaining turkeys and also gives them half a turkey. He had no turkeys left. How many turkeys did he have when he came to town and how many did each store get?

Hint: Work from the bottom up.

The above was contributed by Calvin Bagell.

The first thing we thought of when we saw the above puzzler was to call J. T. Guinn. The Guinns have raised more Thanksgiving turkeys than anyone we know of. But on the other hand, we've never heard of J. T. giving away a half turkey so we figured he wouldn't be the one to call.

Give up? Well, here's the answer. The farmer had 7 turkeys when he came to town. The first store bought 3 1/2 turkeys and was given 1/2 turkey free. The second store bought 1 1/2 turkeys plus the 1/2 free, while the third store bought only 1/2 turkey and received the other 1/2 free.

A friend of ours who used to get out the old 10 ft. cotton sack and "pull bolls" down in the cotton country, says he's given up the habit. "I refuse to pull cotton unless the rows are a mile long," he says. "Anything less than that you spend all your time turning".

That joke used to be funny before the cotton strippers replaced the "boll pullers".

Wick Fowler in the Dallas News says: "South Viet Nam changes premiers so often that revolving doors are being installed at the palace. U. S. aid checks are made out to one premier and endorsed by his successor's successor."

## Names change

## for lots of good reasons

For years now our many friends have known our Company as Easter & Paetzold Fertilizer Service. We're grateful that growing numbers of fertilizer users in this area have come to rely on this name for top-quality products and reliable supply.

Not long ago, we took a major step that enables us to provide additional services and a wider range of modern crop production materials. We joined forces with Mid-America's most respected producer of fertilizer and agricultural chemicals — the Spencer Chemical Division of Gulf Oil Corporation.

Now that we're part of the Spencer family we've taken the name, too. We want to be sure our customers know we have the support of Spencer's resources. This means an assured supply of nitrogen fertilizers even in the peak rush season . . . a wider selection of new high-analysis, water soluble mixed fertilizer . . . expanded facilities for blending fertilizer grades tailored to the soils in our area . . . a broad new line of Spencer brand weed and insect killers and the very latest know-how to help get the maximum profit from the use of our products.

From now on when you think of Easter & Paetzold Fertilizer Service we hope you'll come to recognize our new Spencer name as a symbol of the most complete fertilizer and pesticide service in this area.

So—Don't just fertilize . . . Spencerize!

## THANKS FOR YOUR TREMENDOUS RECEPTION

*It is our desire to satisfy as many of the wishes of the people of Hereford as possible. We will continue to offer complete service and top quality merchandise by remaining open 6 days a week, as it is our wish to close our store on Sunday and let our employees have that day as a day of worship and relaxation. We will open the last two Sundays before Christmas and after that we will remain closed unless: other non-essential businesses continue to open on Sunday in defiance of the wish of the people, and the Sunday closing law. It is our hope that all non-essential businesses will close in the future there by answering the question of unfair competition.*

BOYS' FINISHED PRODUCTS — These aprons won't show. The boys are under the instruction of Miss Sheets. (Whiteface Photo)

## Distributive Education Club Conducts Radio Day At KPAN

### Boys Learning To Sew, Cook In High School Homemaking Class

If women can successfully enter a man's field of work, a man can do women's work just as well. At least that is what the second and fourth period homemaking boys appear to think. They have just completed the aprons they have been working on for about three weeks. These will be used in the cooking lessons which follow the sewing course.

The boys had to go through all the steps of sewing garments — preparing the fabric, fitting the pattern, cutting the pieces out and marking them, pressing, and stitching. Some of the main problems they encountered were threading the machines, pressing the fabric without burning their fingers, straightening the fabric, marking the pattern pieces, and stitching straight lines.

The boys recognize the parts comparing them to the parts of a car. There are the wheel, brake, motor, gas pedal, and any other comparisons they can think of.

One of the teachers, Miss Kay Sheets, a student teacher from Texas Tech, stated that she was amazed at the materials they chose. One boy chose a black denim so "the grease from a car would not show up." "Of course," commented Miss Sheets, "he did not consider how flour would show up in the cooking course." The other materials included wild stripes and some sensible ones. All were of a denim fabric.

According to the teachers, Miss Sheets, Mrs. Frank Prowell, and Mrs. J. J. Durham, the boys worked diligently and were not pleased with sloppy work. They are proud of their work. "It is gratifying to know the boys can do this," states Miss Sheets. "It is a valuable experience for any boy."

From this sewing course, the boys are expected to gain knowledge on clothing fabrics. They learned how to operate machines and to be self-sufficient as far as clothing repair goes. If they mar-

ry, the boys learned what their wives will go through, and what sort of sewing machine to look for if they wish to surprise her. They also know how to fix the parts.

The boys' opinions of the aprons were generally alike—they thought the garments were hard to make but still enjoyed making them. One boy complained that his apron was too short — he was well over six feet tall. The only set-back, according to them, was a shortage of irons. They all agreed that sewing was "different."

The boys took homemaking for various reasons: "We wanted to learn to be good husbands. I'll let my wife plow while I sew." "We want to be good homemakers."

### Joyce Bezner, Tommy Betzen Attend Banquet

Joyce Bezner and Tommy Betzen were picked to represent Deaf Smith County at the District 1 4-H Gold Star Banquet. From 350 boys and girls enrolled in 4-H club work, these two HHS students were chosen to go to the banquet in Amarillo Nov. 14.

The Gold Star Boy and Girl are judged on the basis of an achievement record book. The record books entered were judged in this county, the book with the highest score winning.

Joyce Bezner's record book contained all 12 of her 4-H projects that she had kept since her first year in 4-H club work in 1959. "I have profited highly from my projects and activities that I have carried in my seven years in 4-H work. I believe that 4-H is the most profitable youth organization in the world today," commented Joyce Bezner.

Listeners of KPAN radio heard the voices of some Herford High School students instead of the regular announcers last Wednesday, Nov. 11. That day was the annual Radio Day for the Distributive Education Club. The radio day is held through the co-operation of the KPAN radio station.

Many years ago the station offered the senior class the chance for an annual radio day. When the seniors declined the offer, the station made an offer

### Junior-Senior Class Supper Held Friday

School students, along with their parents and invited guests, attended the junior-senior class supper held in the high school cafeteria at 7 p.m. before Herford met Tulia in their fourth conference game last Friday night.

Annually, the class suppers are held as a fund-raising project for each class candidate for year book queen. The costs of the Round-Up are reduced greatly by the money raised by these class suppers.

Dues were collected from the juniors and seniors to help pay the cafeteria cooks since the sale of tickets alone could not provide the costs. "We must pay the cafeteria cooks before any of the ticket money may be counted as votes for the class candidate," states Billy Buck at the senior class meeting held in the auditorium last Thursday afternoon.

A ticket sale was held in the Community Center last Thursday. However, junior and senior boxes were available at the door for anyone who did not purchase his ticket prior to the supper. Each person bought his ticket from the desired class.

"I thought it went along very fine, and we had a fine crowd," commented Mrs. Kendall Williams, Junior class co-ordinator,

to the D. E. club. According to Clint Formby of KPAN, "The D. E. club jumped at the chance."

The only requirement for the privilege of using the radio station is that the D. E. club schedule all the programs and provide all the announcers and entertainers. The club is also responsible for the commercials and other advertising.

Formby "felt that the annual Radio Day is good public relations for the radio station and good publicity for the school. Also, it is a fine opportunity for the D. E. club to earn some money." On the annual Radio Day, the proceeds from advertising and commercials are split between the radio station and the Distributive Education club. KPAN retains one-third of the money and the other two-thirds go to the D. E. club.

Radio Day this year was Nov. 11 and lasted for six hours. The programs lasted from five minutes to half an hour. Some of the programs were taped (30 minutes of choir and 30 min-

utes of band music) and replayed at the appointed time.

Different departments about school, such as shop, band, choir, and athletics, presented programs. The clubs and organizations (Whiteface Staff, Tri-4-H-Y, cheerleaders, NHS, FFA, Hi-Y, Red Cross, Key Club, The Spans, and FTA) of Herford High School aided in Radio Day.

Special programs were provided by Hedy Bailey, Joellen Hamilton, Kay McKee, Suzanne Seigler, Sylvia Phipps, Mary Lynn Gibson, Penny Johnson, and the two exchange students, Rene Batard and Michyo Wakai.

Weather Report: "Excitement's in the air, or students have just finished another round with six-weeks tests. Stormy weather, or report cards next week."

Tornado season is not around the corner anymore, it is right on the block. If there are some skeptics, ask Mrs. Fred Mercer, English II teacher about that tornado in her back yard last Sunday night.

The Whiteface band is just not content. They had already clinched a one rating in Canyon for marching, but still they went to Clovis for the marching contest there. They made another I there, too. In fact, they were the only school in their class to do it.

Chemistry classes began laboratory work last week after a slight briefing on fire extinguishers, the proper way to use a bunsen burner, and various hazards that might arise during the year. Virgil Young, chemistry teacher, warned everyone about carelessness in handling acids. It seems that last year Ted McWhorter tripped and sent a test tube of acid flying in the air. Jerry McCarthen managed to absorb just enough to grant a day off with the family doctor.

George Washington and the Declaration of Independence usually are upside down right after dinner in Mrs. Billy Buck's government class. Some friendly young interior decorator think they look better that way.

Stanton's Junior High choir will present the musical, "HMS Pinafore", on Nov. 23 and 24 in the Stanton Auditorium. The admission for anyone connected with the school is 35 cents; adult admission is 75 cents. This is the first year Stanton has given a musical. The story is about events on the H. M. S. Pinafore and the problems encountered when a lowly sailor falls in love with the captain's daughter.

The last football game of the season is tomorrow night. The long school year seems like it hardly begun, but the fact that football season is nearly over quietly disputes that feeling.

Good luck, football boys with Dumas!!

## Players Optimistic About Win Over Powerful Demons

By Vickie Inman

"Dumas isn't as tough as everyone thinks," said Gary Stagner, voicing the feelings of the Whiteface team. "They put their pants on the same way we do, one leg at a time. I think if we let ourselves go and play like wild Indians, we can and will win."

Stagner, Jerry Tucker, Robert Higgins and Johnny Pool believe that the Herd can win if "we play like we are capable of playing."

Stagner, split end, described by Coach Jack Meredith as having "lots of courage and desire," was put out of action in the Levelland game when he suffered a shoulder injury.

"I have enjoyed playing with a bunch of boys like this group, and I especially liked beating Littlefield," added Stagner.

"We have worked hard for

this chance," said Higgins, split end and defensive halfback, referring to the Dumas game.

"Higgins is a good pass receiver and a good punter," says Coach Meredith. "I hate to lose seniors like him."

Higgins will always remember when Littlefield was beat 21-0 for "the first time in 20 games."

"Pool has tried real hard, has been a good competitor and a good hitter," observed Coach Meredith. "Lack of experience has hurt Johnny, but he is a good boy to have."

Pool, offensive and defensive guard, "knows that the Herd can beat Dumas." "I know that Dumas has a great ball club, but we are capable of winning."

"Missing spring program has hurt Jerry," commented Coach Meredith, referring to Jerry Tucker, split end and linebacker, "but he tries real hard."

Tucker is glad to be able to

play with all the other players this year. "The coaches have helped all of us a great deal," he remarked.

### New Books For Library Arrive From Dallas

New books for the library arrived from Dallas on Nov. 3. The 88 book shipment contained fiction books, biographies, and non-fiction books on math and history.

For those interested in history, the shipment included *The Statesman's Year-Book, 1964-1965* and *Who's Who in America*.

Math enthusiasts will find *Mathematical Puzzles and Pastimes* by Aaron Bakst, *The Theory of Sets* by Joseph, *Math is Fun* by Degrazia, *Fun with Math* by Jerome Meyers, and *Principals of Mathematics* by Okaley and Allenderfer.

Biographies in the shipment include *Born to Play Ball* by Willie Mays and *Daniel Boone and Abraham Lincoln* by James Daugherty.

Fictional books, such as *The Singing Cave* by Ellie Dillon, *Tree in the Trail* by Clancy Holling, *The Red Badge of Courage* by Stephen Crane, and *A Love or A Season* by Mary Stolz, were in the shipment. Also included were *The 480* by Eugene Burdick, *Hot Rod* by Gregor Felton, *Lord of the Flies* by William Golding, *The Good Master* by Kate Seredy, *The Sea Wolf* and *The Call of the Wild* by Jack London, and *Trouble on The Run and Gift Horse* by J. L. Summers.

### Herford FFA Skill Teams Win Three Contests

Herford placed first in three fields and second and third in three others at the District I FFA contest held in Dumas Nov. 11.

Members of the senior chapter conducting team, Billy Johnson, Terry Till, Roddy Alred, Jimmy Campbell, Gary Clements, Lee Robinson, Mike Solomon, Dennis Latham, Johnson Benefield, and Monty Gripp, placed first over second-place senior farm skill demonstration team consisting of Jerry Anderson, Roy Carlson, Pery Shirley placed first over Boy's Ranch and Palo Duro, Amarillo.

First place farm radio broadcasting team included Gary Richardson, John Perrin, and Vir Summers. (Continued on Page 12)

## Tulia Hornets Pour Second Half Steam On, Win Game

By Jimmy Allison

The Tulia Hornets poured on the steam in the second half last Friday night to barely squeak past the Herford Whitefaces in a thriller on the Whiteface gridiron.

Herford started out with a bang, but ran out of wind just before the end of the first half. The Whitefaces jumped out to an early lead, and early in the second quarter the scoreboard read 14-0 in favor of Herford. Tulia returned late in the second quarter to score a touchdown and two extra points. When the gun sounded at the end of the first half Herford led 14-8.

Tulia's Jeff Tucker scored every point. He ran for three touchdowns, ran for one two-point conversion, and booted an extra point.

As the second half began a punting duel started. Tulia finally won this punting duel as they had the wind to their backs and the Whitefaces didn't. Jeff Tucker ran the ball over from the two yard line, and he also kicked the extra point. This made the score 15-14 in favor of Tulia. Tulia managed to score again early in the fourth quarter as Tucker ran 15 yards. The conversion attempt failed.

The fireworks then began. Herford took the kickoff and with the winds at their backs marched to the Tulia 30 yard line. A Frank Cain pass was then intercepted halting the Whitefaces first drive. The White faces held and Tulia was forced to punt.

With his back to the goal line, Cain faded to the left, turned and threw back to his right to halfback Steve Hodges. This was a beautiful play as it brought Herford out to Tulia's 40 yard line. Cain then fired two incomplete passes until he connected with Roger Owen at the five yard line. The clock ran out

and Herford lost a heart-breaker.

Herford had 11 first downs compared to Tulia's 15. The Whitefaces had 170 yards rushing while the Hornets had 313 yards.

Herford completed 6 out of 13 passes for a total of 92 yards. Wynn Buck gained a total of 74 yards rushing to lead the Whitefaces rushing. Gene Drummond gained 40 yards and Frank Cain gained 23 yards.

Steve Hodges caught two passes for 51 yards, Roger Owen caught two for 32 yards, Lynn Cook and Wynn Buck each caught one pass.

Gene Drummond ran seven

yards for Herford's first touchdown, and Walter Williams scampered around right end for 10 yards and Herford's second touchdown. Greg Richards kicked both the extra points.

Terry Hill and Greg Richards each had 17 tackles. Stan Sigman had a total of 15 and Larry Minks had 13 tackles. George Muse had 12 tackles. Larry Duncan played well at offensive guard covering quickly on all of Herford's punts.

Herford meets Dumas next Friday at Dumas. This will be Herford's final game of the season. Herford now stands 5-4 in season play.

Stanton's Junior High choir will present the musical, "HMS Pinafore", on Nov. 23 and 24 in the Stanton Auditorium. The admission for anyone connected with the school is 35 cents; adult admission is 75 cents. This is the first year Stanton has given a musical. The story is about events on the H. M. S. Pinafore and the problems encountered when a lowly sailor falls in love with the captain's daughter.

The last football game of the season is tomorrow night. The long school year seems like it hardly begun, but the fact that football season is nearly over quietly disputes that feeling.

Good luck, football boys with Dumas!!

## English Teachers Honored At HHS

Tye Hillger, Frank Jones and Don Farmer are all involved in teaching English.

Hillger is a speech and English I instructor. He attended Texas Tech and majored in speech and minored in art.

"If the school were run on a college schedule basis, students would be able to acquaint themselves with the complications involved in colleges today." It is Hillger's belief that high school students should have the preparation scholastically in order that college life would not be such a problem for graduates.

At present Hillger's classes are studying English grammar, including the parts of speech and the international phonetic alphabet. He is also directing the all-school play, "The Mouse That Roared", and is advisor to The Spans, debate team and extemporaneous speaking classes.

Frank Jones teaches English I and has been with Herford Public Schools for 18 years. His

students are studying poetry and biographies.

Much of Mr. Jones extra time is spent doing carpentry work. He enjoys playing golf and coaching tennis. Freshmen English students have been known to lock Jones out of class when he happens to leave the key in the door.

Don Farmer enjoys cooking exotic dishes, listening to music, and learning languages, but his occupation is teaching English III and IV. After attending South West Texas State College and Penn State, Farmer came to Herford via United States Air Force. He states that the climate here is just what he was looking for.

Farmer is completely aware of the need to interest students in literature and to stimulate a desire for valuable reading. At present his classes are concentrating on rhetoric as a vehicle for learning grammar and spelling.

### Missionary To Give Program At Nazarene

Rev. Paul W. Beals, missionary in British Honduras, Central America will be at the Nazarene Church for services tonight beginning at 7:30 p.m.

Rev. and Mrs. Beals, missionaries in British Honduras are on furlough in the United States holding missionary services among Churches of the Nazarene. This is their first furlough since being assigned to Barbados in 1959 by the Department of Foreign Missions, Church of the Nazarene.

After serving one year in Barbados Rev. Beals was reassigned to serve in British Honduras. During these past four years he has served as pastor, evangelist, and Director of Nazarene Day Schools throughout the country. Much of his ministry has been in remote areas which are accessible only on foot or by plane and boat. In 1963 he walked 140 miles through jungles to reach the Indians of the country.

The service will involve slides depicting the work of the Church of the Nazarene in British Honduras among the various Indian groups that have been the responsibility of Rev. Beals for these years. He will close with a message of missionary character.

Rev. Beals was born in India of missionary parents. He graduated from Northwest Nazarene College, Nampa, Idaho in 1951 and the Nazarene Theological Seminary, Kansas City, Missouri in 1955. Prior to his assignment overseas Rev. Beals pastored the Church of the Nazarene in Marietta, Georgia for four years.

Rev. and Mrs. Beals have three boys. They will be making their home in Georgia during this furlough year.

The Church is located at 4th and Jackson and everyone is urged to attend this special service.

# FALLING LEAVES

... usher in the season of Thanksgiving. The time when white frosts and flaky snows cover the earth. Isaiah 35 speaks of this mirage, but we know the Lord reigneth, and the parched ground shall become a pool as He said. Then, since all must come to judgment and be rewarded according to his personal behavior; and since eternity is so very long ... it is urgent that we approach, with much concern, our rendezvous with death. There is no variableness in God's cause nor in His justice. Support His church regularly and worship God every day.

You In The Church  
 The Church In You  
 — form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader, and attend services regularly.

## Junior Red Cross Chapter At HHS Plans Projects For Year

Junior Red Cross started planning activities for the high school club at a meeting the first of the month.

Several projects were suggested, such as a local project involving the Labor Camp. Another was the suggestion to buy a school building in Mexico for less fortunate children. This particular project is estimated to take approximately two years to complete since it would involve almost \$800.

The chapter is also part of

the National Disaster plan. Committees are formed to work with the chapter, are given identification cards and are assigned posts.

President of the Junior Red Cross Council is Jane Messick; vice-president, Claudia Loerwald secretary, Pamela Williams; and treasurer, Sandra Green. Other members on the Council represent the homerooms.

Last year, the council presented an American flag to King's Manor, filled 20 Christmas socks for Amarillo Air Base, and made joke books for the hospital. Also last year, \$160 was made from the all-school enrollment in Red Cross.

Meetings are held once each month on the first Wednesday. There are programs and speakers on first aid, disaster, enrollment plans and show plans.

The Red Cross program is also carried on through the summer. Eight volunteer Junior Gray Ladies are trained to work with the chapter office and are on call when needed. They attend Amarillo Air Force Base parties and serve as hostesses each month along with the senior Gray Ladies. Besides Gray Ladies, there are also 100 boys and girls who took aid to the Sick and Injured, or Mother and Baby Care during the summer. Over 200 boys and girls took Water Safety.

## Freshman Teams Wind Up Season With 10 Wins

Hereford Freshman football team rolled to their 10th straight victory of the season Thursday evening, downing the Friona Freshmen 22-6 and winding up the first 10 game undefeated Freshman football season in the history of Hereford High School.

The Freshmen, coached by Hugh Sullivan, racked up 241 points during the season, while giving up only 26 points, defensively.

They opened the season with a win over Dimmitt 20-8, which was the most points the frosh allowed to be scored on them the entire season.

The following Thursday they shut out Muleshoe 28-0 and returned the next week to shut-out Coronado, 8-0. The powerful frosh allowed Tulla to score six points on them the following week, but still trounced the Hornets 26-6.

The freshmen beat Coronado again, 16-0 to continue their streak and the following week shut-out Estacado 20-0.

The freshmen returned to Tulla and thoroughly trounced the Tulla Hornets 42-0 and the following Thursday mauled the Friona frosh 43-6.

Last week the freshmen traveled to Muleshoe to defeat the Mules for the second time of the season, 16-0, and in the final game Hereford defeated Friona once again 22-6.

In the Friona game, Gary Goodin took the opening kickoff for Hereford and returned it 85

yards only to have it called back by a clipping penalty. It took the Herd six plays to make a first down at the Chief 24, due to three offside or motion calls that went against the Herd.

Tony Malout, Jimmy Childers and Gary Goodin alternated carrying the ball to the Friona two-yard line, where Gary Goodin punched it over for the TD.

The try for extra point was no good.

Hereford kicked off to Friona, where the Herd defense held and Johnny Leigh intercepted a Friona pass on the Hereford 30, but two plays later Hereford fumbled on the Chief 38 yard line, only for the Chiefs to fumble two plays later and give the Herd possession on their own 35 yard line.

Hereford went to the air only to have Friona intercept Childers pass and returned it to the 40 yard line. A pass play, four short gainers and two penalties later Friona knotted the score 6-6, with the conversion stopped shot.

The Herd took the kickoff but couldn't move the ball due to numerous penalties and had to punt. Friona was also unable to move the ball and punted, Gary Goodin gathered in the ball on his own 20 yard line and returned it 50 yards for his third TD, but the play was rubbed out due to another clipping penalty.

It was then that the Herd fired up and moved the ball

60 yards in three minutes to go ahead with Gary Goodin going over and the Herd went in at half time with a 14-6 lead.

Friona took the second half kickoff, made one first down then fumbled and Hereford recovered on the Friona 42. Gary Goodin broke to the 23 yard line, Jimmy Childers returned the following play with 18 and Tony Malout went over on the next play from five yards out.

Gary Goodin ran the conversion attempt across for two extra points and the Herd led 22-6.

The remainder of the game was a hard hitting defensive contest led by Charley Stone, Max Bridges, Johnny Cornelius and Walter Baker. Karl French intercepted a Friona pass to kill a Friona drive on the Hereford 35. A few plays later behind the running of Mark Golding, Jim Childers, Malout, Brady, and Goodin, the Herd was found resting on Friona's goal line as the clock ran out.

"This is the best bunch of boys I have ever had the privilege to work with and know they will turn into the kind of Athletes Hereford High School can be proud of," Coach Sullivan said.

## Skirt Treatment Is Program For Messenger Club

Argen Draper, home demonstration agent, presented a program on skirt treatment to members of Messenger Home Demonstration Club at their meeting this week.

Mrs. Draper showed samples of different kinds of lining and backing for dresses and skirts. She showed how to make a dress for a little girl, and how to make a blind kick pleat.

Roll call was answered by members' telling wardrobe accomplishments they have made since September.

Members attending were Mrs. N. A. Brown, Mrs. Elton Sorrells, Mrs. G. E. Pinkerton, Mrs. McCullar, Mrs. John Jones and Mrs. Elmer Northcutt.

Next meeting of the club will be in the home of Mrs. Elton Sorrells, honoring Grandma Pinkerton on her 88th birthday. Gifts for Mrs. Ruth Coleman, Mrs. H. D. Buse and Mrs. S. N. Thweatt will be distributed at that time.

Florida has three national forests totaling more than a million acres. These are the Apalachicola, Ocala and Osceola National Forests.

## Student Council, Garden Club Have Joint Effort For HHS Landscaping

One of the Student Council projects is to help the Hereford Garden Club landscape the campus surrounding the newest portion of the high school building. This project was decided upon at a meeting on Tuesday, Nov. 10. The Garden Club will furnish the shrubs and plants, and the student Council will furnish the labor.

Eight all-school assemblies have been planned by the assembly committee, according to

John Perrin, committee chairman. These programs are to take place before the Christmas holidays. Assemblies for the new year will be planned later.

Another project of the council is to choose five students each six weeks to receive citizenship awards. Four of these awards, going to one student from each class, will be sponsored by the Lions Club. The other will be chosen from any class and is sponsored by the student council. Qualifications are based on scholastic ability and citizenship.

The Council decided to join the National Association of Student Councils since they would receive helpful folders and bulletins telling what other Student Councils are doing.

A Christmas party for the Student Council members was decided upon, and the planning was turned over to an appointed committee of Gary Story, chairman, Sandi Thomas, Gwen Cargo, and Claudia Loerwald.

gil Barber. Second and third-place winners in this category were Boy's Ranch and Dumas.

Second place position in junior farm skill demonstration was taken by the team of Larry Paetzold, Mike Higgins, and Wayne Maddox. Boy's Ranch captured first place, with Stenent coming in third.

Hereford won third place in junior class conducting. This team consisted of Lon Hale, Dwight Shirley, Johnny Rickman, Bub Hudson, Bill Fowler, Kelvin Betzen, Mike Sooter, and George Meites. Boy's Ranch placed first, and Canyon, second.

The only field that Hereford did not place was FFA quiz. Texline won first; Groom, second; and Canyon, third.
