Ballots To Be Mailed Nov. 1

Chamber Nominates Slate, Four To Be Elected

Members of the Deaf Smith County Chamber of Commerce Board of Directors Wednesday morning approved a slate of eight candidates for election to four positions on the board.

Ballots will be mailed out Nov. 1 to chamber members, and will be due back Nov. 15. The four elected members will take office Jan. 1 for a three year term, according to Chamber President Earnest Langley.

Nominated for election to the board are Jeff Carlile, Jim Hale, Jim McDowell, J. W. Robinson Jr., John McNey, Bob Spangler, Paul Abalos and Rex Lee.

Going off the board Jan. 1 will be Melvin Young, Clete Corliss, Morris Easley, Ed Wilson and Neil Cooper, immediate past president.

CANDIDATES DESCRIBED

Jim McDowell was born in Wellington and his family moved to Hereford when he was in the seventh grade. He graduated from Hereford High School in 1958, and received his bachelor's degree in pharmacy in 1962 from the University of Oklahoma.

McDowell returned to Hereford following college to become associated with his father, Ansel McDowell, in McDowell Drug. He lived in Lubbock during 1963, but returned to Hereford in 1964.

McDowell is a member and director of the Rotary Club and is a member of the United Methodist Church. He has worked with United Fruit drives and the March of Dimes in Hereford.

McDowell and his wife, Nancy, have three children — James, 8; Elaine, 5; and Charles, 4. The family lives at 208 Northwest Drive.

Jim Hale was born in Pratt, Kan., but has lived in the Panhandle most of his life. His family moved to Perryton when he was one year old, and he graduated from Perryton High School. He attended Abilene Christian College in Abilene and Eastern New Mexico University in Portales, N. M.

Prior to purchase of the automobile agency here with O. D. Dishman in October, 1964, Hale was distributor in the West Texas area for Cushman and Schwinn products for four years, living in Amarillo at that time.

Hale is a member and treasurer for the Hereford Lions Club, and a member of the Central Church of Christ. He is on the advisory board of Lubbock Christian College and the High Plains Children's Home in Amarillo.

Hale is president of the New Car Dealers of Hereford, Area

PTO To Sponsor Halloween Box Supper Oct. 26

Walcott PTO will sponsor a Halloween box supper on Saturday, Oct. 26, at 7:30 p. m. in Walcott School, according to county commissioner Bruce Coleman.

Coleman said that the program would be entirely a family type affair and that the boxes would be drawn by number instead of auction. Walcott PTO will furnish the soft drinks.

It is also requested that participants attend in some kind of costume. Judging is planned for the best costume.

Director for the Texas Automobile Dealers Association and District Representative for Plymouth dealers in the Panhandle. He also is a member of the National Automobile Dealers Association.

Hale and his wife, Billie, have three children — Patricia, 17; Debbie, 12, and Mike, 6. The family lives at 505 S. 25 Mile Avenue.

Jeff Carlile, vice president of Hereford State Bank, was born at Sweetwater in 1938 but moved to Tulsa the following year with his family. His father had purchased an interest in the First National Bank of that city.

He graduated from Tulsa High School in 1956, Abilene Christian College in 1960 and then had a year-and-a-half in the Southern Methodist Law School. In 1963, he married the former Carol Barnes of Denver. They now have a two-and-a-half year old daughter, Marta.

Prior to moving to Hereford, Carlile joined the National Bank Examiners orce, Office of Comptroller of Currency, headquartered in Albuquerque.

Carlile, who resides at 124 Kingwood, is a member of Central Church of Christ.

Paul Abalos, who is teacher, businessman, entertainer and civic leader in Hereford, was oldest of seven children born on a cattle ranch at Rankin. He received his Masters Degree in Special Education this summer, and is a teacher at Stanton Junior School in this subject.

He is owner of Abalos Little Charrito Cafe and partner in a Spanish-language magazine and record store in Hereford. Each afternoon he serves as master of ceremonies on a Spanish-language radio show on Station

Packers, Feeders Attend Western States Meeting

Slightly over 100 cattle feeders and cattlemen were in attendance at the regional meeting and dinner of the Western States Meat Packers Association held at the Hereford Country Club Saturday night.

During the afternoon the men attended a tour of the local feed lots and the Holly Sugar plant, while the ladies were escorted to various points of interest in the city.

Earnest Langley, president of the Deaf Smith County Chamber of Commerce, acted as master of ceremonies for the meet-

However, he explained that Pete Caviness, head of the Caviness Packing Company here, was the man responsible for Hereford being selected as the site of the Western States Meat Packers Association gathering and had been in charge of many of the other arrangements.

Caviness was unable to attend, Langley said, due to illness.

Speakers representing both the WSMFA and the Texas Cattle Feeders Association spoke of optimism and problems for each related industry but appeared to

be well pleased that both organizations could share the same interests. Langley indicated that this meet was the first time the two organizations had met jointly.

Harold Kummer of Hillsboro, Oregon, chairman of the board of WSMFA, told the group that '125,000 lbs. of lean beef has had to be imported at this time from other countries and we are in hopes this can be corrected.' Kummer also explained a plan for financing national advertising for beef products through three per cent of sales by cattle-

men being accepted for this promotion.

Jack Carrothers, president of TCFA, and Lloyd Bergsma, secretary, spoke of the large percentage of cattle feeding in the Hereford area (75 per cent of the nation's cattle are in a 150-mile area. Bergsma related) and the advantages of both organizations working together for the advancement of the industry.

Blaine Liljenquist of San Francisco, president of WSMFA, told both groups that he was elated that they work together for common interests. He said that he

had lived in Amarillo during 1940 and through this prior knowledge of the Texas Panhandle he felt a personal satisfaction in the progress of the cattle industry.

Liljenquist also talked of his business relationships in Washington D. C. and the work being done there by WSMFA for the benefit of the industries.

Along with representatives throughout the Texas Plains and other states, many Hereford officials and businessmen were present. Among them were Mayor J. B. Pool who officially welcomed them all to the meeting.

Groundbreaking For Wilson Plant Set For Wednesday

Congressman Wright Will Speak At Democratic Rally Tonight

Congressman James C. Wright Jr. of Fort Worth will be featured speaker for a Democratic Rally to be held at 7:30 p. m. today in the Deaf Smith County Bull Barn.

Tickets for the banquet are \$8 and can be obtained at the Democratic headquarters in the old J. C. Penney building on Main Street, or from Mrs. Pat Hill, ticket chairman, and her co-workers. Money for tickets mailed out to area residents were to have been returned by Tuesday.

Leo Witkowski, chairman of the Deaf Smith County Democrats, said "You will not be disappointed in meeting and visiting with Congressman Wright, who can and will explain in language that we can all understand the political problems of the day, and their bearing upon the future of our State, our country and our area."

"We owe it to ourselves to hear these problems discussed by a speaker who is knowledgeable, capable, and informed, and one who is faced with them every day on the national scene."

Other speakers tonight will be Bill Clayton, who is seeking reelection to the 72nd legislative district of Texas; Dick Brown, candidate to the 18th Congressional District; and Andrew Shulz, candidate for District Attorney of the 69th Judicial District.

Allis Chalmers Executive Points To Hereford, Example Of Success

FORT WORTH — Hereford was described as a success story Wednesday by a marketing executive in a speech before the annual Industrial Development Conference of the West Texas Chamber of Commerce.

Robert W. Engle of Milwaukee Wis., manager of Marketing Services for Allis Chalmers, stated that the key to the economic future of West Texas is tied to water, agriculture and the determination of people to succeed.

Engle pointed to Hereford in Deaf Smith County as a "success story." He said the area had attracted 11 new industries since 1962, including a \$23 million sugar beet refinery.

Continuing, Engle said the feed lot capacity in Deaf Smith County is "tops in the state. Its manufacturing base is building nicely, and the county is attracting new industries, and new jobs are being provided."

James C. Wright Jr.

Tickets will go on sale to the public Friday for the luncheon which will follow groundbreaking ceremonies at the Wilson & Co. meat packing plant next Wednesday.

Members of the Deaf Smith County Chamber of Commerce and civic clubs are receiving priority on the tickets, which are selling for \$2.25 each.

Chamber President Earnest Langley, who will be master of ceremonies for the groundbreaking ceremonies and the noon luncheon, emphasized that only 900 tickets will be sold because of the lack of space. Special invitations have been sent to hundreds of persons by Wilson & Co. and the Chamber.

Rainfall Light In County

City of Hereford registered .6 of precipitation Tuesday evening which included some hail. However, damages have been reported as slight to homes and businesses, although the rains and hail were accompanied by high winds.

Many streets in the city had water above the curbs. Some cars were reported to have been "drowned out," but this condition was passed off as normal under the circumstances.

Easter Fertilizer reported .5 in rainfall with some hail on the Buster Thomason, Ivan Brock and Earl Harkins places. Extent of damages was not known at presstime.

Community Grain Inc. at Frio got a half-inch of rain and said there was "slight hail damage to the northwest of us."

In other parts of Deaf Smith County the totals varied in both rainfall and hail amounts. Mrs. Phillip Miller, 18 miles west and 6 miles north of Hereford, said that their place had received a quarter inch of rain. "But we had quite a bit of hail. My husband said that it has damaged the maize,"

First Concert Success

Surprised that guitars could produce such music, listeners accustomed to the instruments as accompaniment for folk singers or lonesome cowboys applauded heartily the concert by the Romero's, a Spanish guitar quartet which was the Hereford Community Concert Association's first presentation of this season.

The quartet played in Hereford High School auditorium Monday evening to an audience which almost filled the room. Each member also played solos in the varied program which began with compositions by classical composers, Vivaldi, Bach, Schubert and Mozart.

The audience already impressed by the artists' technique and the fact that famous composers had written music especially for the guitar, warmed to the Romero's as they moved into the works by Spanish composers which filled the second half of the concert.

Ringed applause greeted the final numbers, flamencos or Spanish folk tunes in which the guitarists improvised a dizzying array of variations. As one listener remarked, "They all seem to have eight fingers on each hand."

They played rhythmic Spanish dances, an intermezzo from an opera and a rhapsody composed for them and dedicated to them by Francisco de Medina. Responding to persistent applause, they played an encore a Malaguena composed by Celedonio Romero, father of the three sons who with himself composes the quartet.

In a brief appearance before the program, Mrs. Wayne Thomas, president of Hereford Community Concerts, welcomed the audience to the new season and reminded them that the next program will be by the famed Norman Luboff Choir on Feb. 23, and a spring appearance is scheduled for the Clebanoff Orchestra.

LUNCHEON SPEAKER

Speaker for the luncheon will be Rep. Poage of Waco, chairman of the House Agricultural Committee. Catering will be the Caison House, with special cuts of Wilson meat being sent here from Chicago for the affair.

Attending the ceremonies will be E. A. Trowbridge Jr., D. A. Lyon and Harry D. Barger, all vice presidents of Wilson & Co.; John W. Johnson, vice president of Ling-Temco-Vought, Inc. D. J. Lawson, vice president executive committee of LTV Dallas; E. S. Marsh, chairman and chief executive officer of Santa Fe Railroad; John S. Reed, president of Santa Fe; T. M. Calazza and L. Cena, vice presidents of Santa Fe; Stuppi of Amarillo, general manager Western Lines, Santa Fe; Troy Post and J. W. Peavy, Dallas financiers.

"It is clearly in the cards that Texas underground water supplies are not adequate to do the job," he said. "You've made a tremendous start here with the formation of Water, Inc. The goals, the aspiration as stated by that group are tremendous."

Engle outlined California's plan, now on its way to completion, for bringing water into the southern part of this state through a 444 mile system of aqueducts. He reminded them that technology exists now to do a similar job for Texas.

Headquarters Offices in Chicago to serve as economist in the Provision Division.

He was manager of the division in 1959 when he was named vice president in charge of the Processed Meats Group. On Oct. 8, 1965, he was elected executive vice president of Wilson & Co. in charge of the Wilson Meat & Food Products Division.

With the merger of Wilson & Co., Inc. into Ling-Temco-Vought, Inc. on June 19, 1967, he was named president and a director of the new Wilson & Co. Inc. In April, 1968, he was elected chief executive officer of the company in addition to his positions as president and director.

Barger, vice president, Merchandising Group, started with the company as manager of the advertising and sales promotion department in 1959. He was named manager of the Food Merchandising Division in 1963, and was elected vice president of the company in 1964. He was named a director of the company in 1968.

Trowbridge, vice president, Fresh Meats Group, began his Wilson career following graduation from the University of Missouri in 1933. Starting as an assistant in the Chicago plant provisions department, he advanced to increasingly responsible positions.

In 1942, Trowbridge was called into active service with the U. S. Army, and returned to the Chicago provisions department in 1945. He was appointed provisions manager of the Omaha plant in 1946, and in 1951, he was named plant manager. He was elected a vice president of Wilson & Co. in 1960.

Trowbridge was one of the Wilson officials who laid the groundwork for the company to locate here. During the annual Deaf Smith County Chamber of Commerce banquet Jan. 18, he was presented a "Hereford Bull" by Chamber officials.

Lyon, vice president, Operations Group, started with the company in the Chicago plant supervisions department in 1950. After returning from military service in 1952, he was named provisions assistant in the Chicago plant.

In 1954, Lyons was named provisions assistant at the Omaha plant of the company, and in 1956 was appointed provisions

Individuals Urged To Aid U F Drive

Officials of the Deaf Smith County United Fund campaign have doubled their energies in an effort to reach their goal of \$37,100 and have called on each resident to help make sure that goal is reached.

In a meeting of drive officers and majors Wednesday, it was learned that the total raised thus far in the campaign is \$25,891.23 — or about 70 per cent of the goal. The campaign began Oct. 7.

During the meeting, Drive President Debbs Knox and the majors of the various divisions stressed the need for employees of all Hereford businesses to contribute to the campaign. "Many times the company will donate and the employee thinks this takes care of him," said Knox, "but each individual should give to the United Fund."

Many companies and individuals, drive majors said, have given the same amounts this year as they have in the years past. "The budget is up 22 per cent to take care of the larger organizations which United Fund finances, and this should be taken into consideration," pointed out Knox.

Organizations which are in the 1968-69 United Fund budget and their amounts are Camp Fire

Girls, \$6,369.25; Boy Scouts, \$7,200; Pony League, \$2,025; Little League, \$2,581.14; Colt League, \$1,250; Salvation Army, \$4,200; Red Cross, \$11,000; Cerebral Palsy Center, \$100; Council on Alcoholism, \$750; U. S. O., \$475, and other expenses.

Persons wishing to give to United Fund may do so by sending their donations to Debbs Knox, 519 Park Avenue.

At Commissioners Court Meeting

Plans Made For Widening US 60

Deaf Smith County Commissioners Court spent much of their time in the Monday morning session working out details of present and future improvements for highways and roads, and much of the afternoon with state welfare agencies.

Jim Goodloe, with the State Highway Department in Amarillo, was present to help the commissioners toward deciding what steps to take for gaining 50 per cent of state funds on various improvements to U. S. 60 and other projects in the vicinity of the new Wilson and Co. plant site.

These plans were put under way at the last commissioners court session. Since that time, the spur road crossing the Santa Fe railroad tracks from U. S. 60 to the plant entrance has been completed, and was officially recognized in a resolution.

A resolution was also entered whereby the court "has entered into a contract with the State of Texas for the acquisition of right-of-way on U. S. 60 from four miles southwest of U. S. 385." To be entered into later

will be U. S. 60 southwest to the Castro County line under this same agreement, both officials noted, and the farm road improvements connecting the highway with the Holly Sugar plant will be officially set.

The right of way under discussion during this session involved only the tract in front of the new Wilson plant, which is to be widened into four lanes.

Commissioners also agreed that Pioneer Natural Gas Co. should have permission to place a 2-inch plastic and seven 1-inch steel pipeline and services within the county road right of way on the J. M. Ligon survey, section 3, T2N, R4E to section 11, T2N, R4E.

They approved a motion to close out the Hospital Interest and Sinking Fund (1962 issue) and transfer the balance of approximately \$2,167.33 into the general fund.

An operating statement for September was received from Deaf Smith County Hospital administrator T. E. Seigler, which showed a loss of \$2,783.

Seigler noted, "This statement

reflects the fact that months such as this can and does happen but which we dread. In other words, we took a country licker in September. This is due to three factors: one a lower gross income, higher than usual expenses and a rather large percent of uncollected accounts."

He reported the hospital income for the previous month as \$59,270 with expenses of \$62,053. This compared with income of \$67,660 for August against an expense of \$66,820, his report indicated, and July income of \$79,785 against expenses of \$80,111.

"The unusually high expense I will explain as follows," Seigler said. "First, it is normal that after a large month the purchase of supplies to restock will be higher the next month."

bank balance went down as a result of paying for some \$5,718.85 in new equipment. We paid \$3,850 for the new inter-communication system and \$1,868.85 for several miscellaneous smaller items. The lower collection percentage affected this also."

Seigler pointed out that "since the new pay schedule did not go into effect until Sept. 15, the payroll expense was not as high as it will be next month."

September fire report from City Manager Dudley Bayne showed that there was one out-of-county fire, 7 county fires, and 8 city fires.

Commissioners reported that Justice of the Peace court had a September case load of "a-

round 300 cases."

Junetta Smith, aid to children who are deprived of parental support agent for State Welfare, asked the commissioners for regular office space. She explained that her original office space was taken by IRS some time ago and that she has had to "be shuttled all over the court house every Thursday since then. With the explanation that her case load in Deaf Smith County is increasing, she pointed out that state law makes the cases she must handle to be strictly on a confidential basis, therefore it is impossible for her to conduct an interview in person and discuss another case over the telephone at the same time.

Miss Smith requested space on the ground floor of the court house, near the office provided for Mrs. Leona Glenn, who handles State Welfare aid here for older people, so that they might share the same secretary. County Judge H. C. Williams and two of the commissioners checked immediately for such space and reported to her that it could be arranged for in part of the ground floor space in the jurisdiction of the Department of Public Safety.

Representatives of Vocational Rehabilitation, including Tom Morrison who represents it in Deaf Smith County one day each week, again spoke to the commissioners about transporting a number of local people to a school in Amarillo which will train these people for jobs. They pointed out that it was mainly a class to redirect motivation for those who had never before held a job and would continue for three months five days each week. "All these people need is transportation to Amarillo and back. Arrangements have been made to care for their children."

They explained that this matter had already been discussed with Mrs. Jewel Smith of County Welfare. The commissioners discussed the matter with Mrs. Smith and agreed to try this training method on a trial basis but would like for her to make an investigation further into the means of transportation.

Mrs. Smith reported that \$1,221.32 had been spent by her office in September for County Welfare.

Forty of Salem, N.C.'s, original buildings still stand. Their steeply pitched tile roofs, hooded doorways and walls of hand-made brick suggest an 18th century European town.

Officers Take YHT Positions

Thirty members and guests were present or the installation of officers in the Hereford Chapter, Young Homemakers of Texas, at First National Community Room Tuesday evening. Mrs. Larry Dobbs became president succeeding Mrs. Layton Sawyer, who will serve as parliamentarian.

Mrs. Ferman McBeth of Kress, Area I president, was a guest who conducted the installation. Mr. and Mrs. A. E. McClellan of Amarillo gave the

program.

Mrs. Leland Shelton is the new vice president and Mrs. Charles Weatherford secretary treasurer.

The McClellans, from the House of Plaster, demonstrated work in ceramics and displayed a number of finished pieces suitable for home decor.

In addition to Mrs. McBeth, Mmes. Ellison Williams, Emmett Pitman and John Rogers came from Kress. Beryl Burelsmith of Hereford High School home-

making faculty and Lanny Buck the YHT "little sister" chosen from HHS homemaking students by the chapter, were among guests.

Others present were Mmes. Jerri Powell, David Bumley, Conny Rountree, Glenn Watts, Dorman Duggan, John Drake, Kenneth Rogers, Sammy Morgan, Martin Wagner, Guy Newson, J. J. Durham, Paul Jones, Bob Spaulding, John C. Robinson, Jim Culpepper, Robert Dugan, Charles Minchew and Miss Mildred Elliott.

Christmas Project Is Under Way

Christmas is just around the corner for women of Hereford Medical Auxiliary, who began planning in earnest for their annual fund-raising project at a meeting Monday in Mrs. Millard Nobles' home.

Project Christmas Card has been conducted about 12 years in Deaf Smith County, as the Auxiliary raises money to supply needed special equipment for the county hospital and provide a nursing scholarship for a girl graduating from Hereford High School.

Canisters will be decorated in holiday colors by Auxiliary members and on Thanksgiving weekend they will be set in a number of stores, the banks and hospital lobby to receive contributions.

The Auxiliary asks each resident of the county to contribute the amount he would spend for cards, stamps and stationery if he sent holiday greetings to each of his friends who live in this community.

Then, in lieu of these greeting cards, a page or more in The Hereford Brand's Christmas edition will convey the holiday wishes with the names of all who contribute.

About \$20,000 has been raised since the Auxiliary began the project here; the hospital has received numerous pieces of equipment which it could not purchase in its regular budget, equipment which has contributed to the recovery or comfort of hundreds of patients through the years.

Last year the money went toward purchase of a monitor unit to enable hospital personnel to keep a constant check on the condition of patients in intensive care.

Another year a cardiac monitor for heart patients was given and other gifts have included an in-hospital call system for physicians, dental surgery equipment, a fracture table, a dishwasher for the kitchen, furniture for the children's wing and many more.

Politics Is Club Subject

Round table discussion, with personal opinions as well as general observations on the subject, Politics, featured the program of La Affiliatus Estudio Club Tuesday afternoon in Mrs. A. N. Hopson's home.

Mrs. Earl Clark, program leader, spoke in general terms on the topic, touching on the history of American politics and speaking of the current presidential race as well as state and local political issues. Other members joined in the round table talk, question-and-answer session and airing of personal views to make up an interesting hour.

Refreshments were served in the social period to Mmes. Sam Morgan, B. A. Reddell, George Suggs, T. W. Roberson, A. L. Hewitt, A. B. Higgins, Walter Johnson, B. F. Markham, C. E. Beauford, A. H. Cook, Emmett Hale, Bud Burkee and the program leader.

Textiles Set Pace In Decoration For Renovation Of Older Houses

NEW YORK — There is a trend to fixing up old houses — city brownstones, farmhouses, or Victorian homes.

If you are decorating one, the project may be simplified by taking a tour of old houses or visiting actual restorations in many areas of the United States.

Zelina Brunschwig, well-known authority on historic textiles, says they inspire many different style ideas.

She has just reproduced the fabrics and wallcoverings used throughout the Liberty Hall restoration in Kenansville, North Carolina, ancestral plantation built in 1800, and in 1964 donated to the county.

She says wallpaper and

fabrics set the pace of the house. They also disguise such problems as too-high or too-low ceilings. Wall borders may be used as cornice moldings to create architectural interest inexpensively when original moldings to create architectural interest inexpensively when original moldings have been removed. Wallpaper panels can define areas in a room and substitute the effect of original paneling.

Italian Design Bares Function Of Furniture

NEW YORK — You know how Italian film makers like to bare the functional yet aesthetic framework of their actresses?

Well, a lot of Italian design is in the same philosophical mold. "Real design is concerned with everything, from the beginning," explained Ludovico Magistretti.

"For example, at home when we make a stereophonic unit we never try to hide it — in bookcases, in cabinets. We want to have it always open. The professional engineering is a part of the design."

Magistretti is a 48-year-old architect-designer from Milan.

Politely, he gives the United States its due.

"American design has great merit," he said. "Real industrialized design began here. But now the big difference is in what is rightly called industrial design and what is stylism. The majority of American work is stylism and not design. You Americans always take care to cover something with something to put skin to hide something."

Design motif from the 18th and 19th centuries include stripes, geometrics, birds, butterflies, pastoral scenes, Paisleys, toiles, damasks, checks and even Chinese figures.

Bright colors make small dark rooms seem larger. Some marvelous combinations available are brown and beige, yellow and orange on pale green, orange and pine on cream, lacquer and black, blue and yellow on white, pink and orange on orange.

Motion In Style Is This Year's Note For Milady

NEW YORK — Motion made the difference in his styles this year.

The motion-in-style idea was accented by fashion designer, Gayle Kirkpatrick when he exhibited his new fall-winter creations.

He referred to this latest collection as the "clothes that move" because of their body-free quality as they swish, swirl or twirl.

The new trend in fashion was displayed in soft smooth fabrics and sleek furs.

Colors were toned down, less shocking — these earthy hues of brown, green, grey, plum and peach.

Russian-type coats, in fur or fabric, were long, roomy and deeply-pleated. Russian hat, hand-muff, and boots completed the outfit.

Schoolboy Claims City Life Easier

NEW YORK — Are suburban and country parents harder on their children than city parents?

One 14-year-old boy insists it's true.

Life in the hinterlands is just work, work, work and school, he says. For one thing, you ride farther to and from school and for another, chores are endless.

"City kids play after school, do their home work and relax in the evening. Maybe they go to a store to shop once in a while. But suburban kids are nagged constantly to work."

Boss Of Year Is Chosen By NSA

Dr. Weslie B. Owen was crowned as 1968 Boss of the Year at the annual bosses' night dinner of the Hereford Chapter, National Secretaries Association, in the Cason House Saturday.

His secretary, Faye Dirks, whose guest he was at the dinner, presented him a plaque and certificate after the choice was announced by Janice Victor, vice president. The Chapter each year chooses a Boss of the Year to honor at the dinner.

Patriotic songs by the Spir-

tual Swingers, a high school girls' group, set the note for the speaker, Connie Goeringer, whose topic was Patriotism. Florence Robinson was master of ceremonies and welcomed guests at the dinner.

The invocation was by Bill Lamm, one of the guests. A gift was presented to Alice Rudd club president, by members in appreciation for her services.

Red, white and blue decorated the tables and balloons floated about the room. Paper donkeys and elephants brought the symbols of major political parties into the decor and U. S. flags waved on place cards all related to the program theme, This Is My Country.

Members and guests present were Messrs. and Mmes. Owen, Goeringer, Harold Rudd, L. B. Worthan, Jim Blakey, Charles Cabiness, Jerry Davidson, Lloyd Sharp, Ken Rogers, Charles Leffel, Ray Frye, Bill Thompson, Earl Gunther, Leo Forrest, Bill Price.

Girl Will Study Primitive Folk

PORT MORESBY — For the next five years a young Japanese woman will be the constant daily companion of one of the world's most primitive people — the Sissimins of the West Sepik District of New Guinea — separated from any form of civilization by sheer limestone ridges which rise in some places to 6,000 feet.

She is Miss Sachiko Hatanaka, a Japanese anthropologist doing research for a Ph. D. thesis through the University of Tokyo.

New Member Is On Program

Two new members, Mrs. Smetana, chief composer of the Bohemian nation who showed musical talent as a child, began serious study of the piano at 19 and became official pianist of the Emperor of Austria. Dvorak, Brahms and Friml were mentioned as other composers of the same period. Music on the program was by Czech composers. Mrs. Bill Devers and Mrs. Wilton Green played Dvorak's Slavic Dance No. 1 as a piano duet.

Mmes. Dick Godwin, C. J. Mountz, T. W. Roberson, J. C. McCracken and Paul Lyons sang Allah's Holiday, with Mrs. Peeler as pianist.

Mrs. Godwin presided for business. The next meeting was announced for Oct. 28 in Mrs. D. W. Palmer's home with Mrs. B. Y. Crosthwait as co-hostess. Mrs. A. J. Schroeter will be leader on the subject, Music of Scandinavia.

Several members of the club were guests Monday morning at

a coffee and program in Mrs. Palmer's home, when she was hostess to the Harmony Club of Amarillo and invited the Hereford Music Study Club to join them.

Present for the study session, in addition to those mentioned, were Mmes. Dale Young, A. O. Thompson, Tom Bordett, Glenn Snyder, A. Lowell Sharp, Dale Young, Bill Dameron, W. T. Carmichael, S. F. Clements, Bill Brady, J. R. Allison and Miss Frances Dameron.

"Brick-Only Paving To Outlast Bond Issue" Says Contractor

A portion of Hereford streets were laid down by one Latin American man who was so fast he required at least 16 men carrying brick to keep up with him.

This bit of history was related to the Brand by H. B. Jordan of Amarillo, whose father and brother-in-law contracted with the City of Hereford on March 30, 1926, for paving, water works and sewage extension construction here.

J. N. Jordan and W. N. Hale, both deceased, were in charge of the work being done by Jordan Construction Co., then of Plainview. Jordan is considered a pioneer in Panhandle construction.

H. B. Jordan explained that a portion of Third Street, Main Street and a part of Miles were put down on a concrete base, with about an inch of sand cushion under the brick to give it a leveling condition. Then the brick was covered with a coat of asphalt to seal the cracks in paving.

The bricks used in the paving project were 2 1/2 inches thick, 4 inches wide, 9 inches long and weighed 8 pounds each, explained Jordan.

The company's top bricklayer could lay 50,000 bricks in a nine-hour work day, and received top pay of \$6 a day. It took 16 men to carry brick to the man, and each was paid 30 cents an hour.

Jordan stressed that nothing was taken out of a paycheck then, and "\$6 would just about buy a week's supply of groceries. And if a guy ever looked up during those days, there were a bunch of men standing in line to take his job," recalled Jordan.

The streets to be paved, said Jordan, were plowed up with a team of horses and the dirt shoveled onto a dump bed wagon. The city engineer — Joe Ward,

now of Wichita Falls — had set the "grave stakes" to follow the curb and gutter and then gave workmen the "crown" or high point of the street.

BRICK RAILED IN

Brick used in the paving was sent by rail from a brick plant that has since gone out of business in Thurber. The brick, which was vettrified (hardened) for iron wheel traffic, was carried from the railroad cars on wagons and stacked along the curb on each side of the streets. The work done here by Jordan Construction Co. at that time took from five to six months. Hereford residents had approved passage of a bond issue to pay for the work on a square yard basis, with the curb and gutter being extra cost.

Contracts on the work were drawn up so that the city paid one-third of the cost, a total of \$2.00 per square yard, and the cost to the property owner was approximately \$4.78 per front foot, including paving, curb and gutter.

Jordan pointed out that the brick streets will last indefinitely and, as far as he knows, "have never cost a nickel's worth or maintenance. You can not even knock asphalt off the bricks now if you can get to it."

"It's the only paving ever put down that outlasted the bond issue which was passed to put it down, as far as I know," said Jordan.

E. S. Ireland of 213 Avenue D was Hereford mayor at the time of the project.

In the West Indies, the mongoose quickly wore out its welcome. Imported from India in the 1890s to rid cane fields of rats, the weasel-like animals quickly dispatched them. Then they developed a taste for birds, lizards, chickens, lambs, pigs, dogs and cats.

H. B. Jordan recalling laying of streets.

Services Set For Scroggins

Funeral services for Marine PFC Carrey E. Scroggins, 20, of Hereford, will be conducted at 10 a. m. Friday at the Blackburn-Shaw Memorial Chapel in Amarillo. Burial will follow at Llano Cemetery.

Marine Corps Reserve in Amarillo reported that PFC Scroggins' body arrived there Tuesday night. They will furnish an honor guard for his final rites.

Scroggins, who had lived in Hereford at 448 Mabie, listed his current home address as 1118 Trigg, Amarillo. Prior to entering the service, he had graduated from Hereford High School. His parents had lived here a number of years prior to moving to Red Bluff, California.

PFC Scroggins, the sixth casualty of the Vietnam conflict in the Deaf Smith County area, died of wounds received Oct. 7 "from hostile rifle fire while on patrol in Quang Nam Province." He was pronounced dead at the station hospital in DaNang. The military listed it as a "gunshot wound to the head."

He had married the former Juanita Pierce on Oct. 9, 1967 at Amarillo. Their son, Kenneth Carrey Don, is six weeks old.

Scroggins is also survived by his parents, Mr. and Mrs. C. Winston Scroggins of Red Bluff; three brothers, Carl W., Daniel B. and Kevin Dean of California; two sisters, Mrs. Gladie Seitch, Deming, N. M., and Beatrice of California; step-grandfather, W. H. Tippins; grandmother, Mrs. Minnie Thompson of Clovis, N. M.

Look Who's New

Mr. and Mrs. Clark Vencill announce the arrival of a baby daughter, Dorothy Michelle, born Oct. 3 at the Baylor Hospital in Dallas. She weighed 5 lbs. 11 ozs.

The mother is the former Anna Mae Schroeder of Hereford. Mrs. Carl Schroeder returned home Saturday after a week in Dallas. This is the Schroeder's first granddaughter.

Memberships Available In Concert Ass'n.

Memberships in the Canyon Community Concert Association are available for any local residents who wish them, during the annual membership drive there this week. Applications may be obtained at the Deaf Smith County Chamber of Commerce office.

Last year the Hereford and Canyon associations granted reciprocity for concerts in the two cities, but this year, because the Hereford campaign last month resulted in a complete sellout of seats in the high school auditorium, no reciprocity could be arranged.

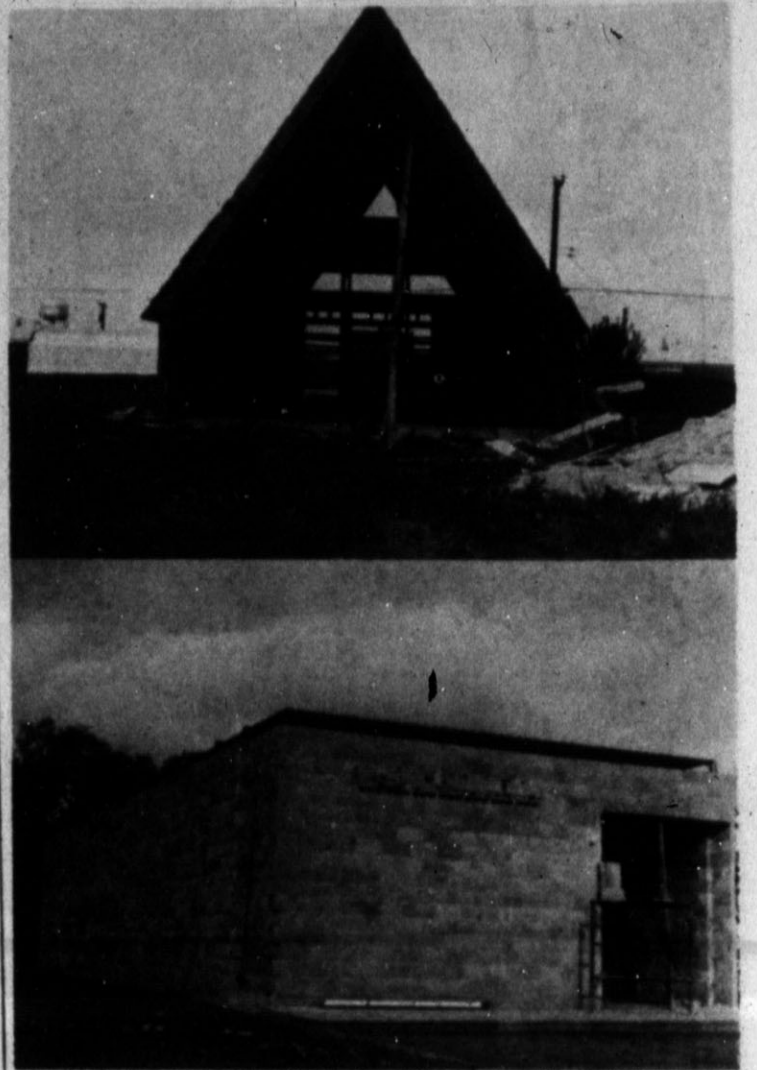

The Canyon Association announces two "hold" attractions for the coming season, the Par-Rue Gauche to appear Oct. 26 and Jaime Laredo scheduled for Jan. 9. At least one and perhaps two other concerts will be booked at the close of the drive.

Boy Injured In Monday Collision

Vernie Taggart, 14, was reported in fair condition at the Deaf Smith County Hospital Wednesday after having been involved in a scooter-car accident Monday evening at the intersection of Harrison Highway and Texas Ave.

Taggart was injured when the Cushman scooter he was driving was struck by a 1960 Oldsmobile driven by Joseph Roddy. Roddy was attempting a left turn off of the Harrison Highway onto Texas Ave. and apparently did not see the boy approaching on the scooter and pulled into his path, according to police reports. Estimated damage to the car was \$150 and \$100 to the scooter.

Investigating officers issued citations for no drivers license and failure to yield right of way.

SIGNS OF PROGRESS — Hereford soon will have two new business establishments. The building in bottom photo will be a loan office on the corner of 25 Mile Avenue and Fuller Street. The top photo shows a front view of a quick service drive-in which will specialize in chicken and all the trimmings. Gerald Turnbow, who also operates the Arrowhead Drive In immediately south of the new building, explained that persons would be able in about 30 days to either drive up and get their order or eat inside. —Staff Photos

You say you'd like a few suggestions on how to get more out of your telephone service?

Here are five tips to help make your every "hello" a real good buy:

1. Whenever you're moving to another town within the Bell System, let us arrange for your phone service before you move. If you know the address of your new home, we can make arrangements in advance so you'll have the exact service you want in your new home. We'll also refer calls from your old phone to your new number. If you like. Just call the business office and ask about our Easy Move Plan. There's no extra charge.

2. Speaking of moving, we hope you realize that wherever you move in the Bell System, there is no color charge for the phones at your new address. If you have color phones at your old address.

3. Ever wonder what to do when you get a wrong number on a Long Distance call? Just hang up, dial "0" for "Operator," and tell her what happened. She'll see that you're not charged for the call.

4. And if you ever lose your dime in an out-of-order pay telephone, just go to a working phone and report it to the Operator. She'll arrange to have your dime mailed to you. Also, if you give her the number of the out-of-order phone, we'll get it fixed right away.

5. Long Distance interstate rates are lower all day Saturday and Sunday, and after 7 p.m. each weekday. You can also save money if you call by number. A station-to-station Long Distance call costs about one-third less than a person-to-person call.

At Southwestern Bell, our goal is to help you get the very best telephone service. We want your every "hello" to be a real good buy.

WORK ON U.S. 60 — Employees of the Texas Highway Department are busily making adjustments to U.S. 60 in the Hereford city limits. The highway will receive stabilization for spots which may be cracking, and then a hot mix overlay will be put on it from the intersection of U.S. 385 to 60 to the end of the curb and gutter at the east part of town. —Staff Photo

Parents' Day Set Oct. 19 At ENMU

PORTALES — Parents who journey to Eastern New Mexico University Oct. 19 for the 7th annual Parents' Day will be treated to campus tours, an informal meeting with faculty, a ceremony officially activating the new Army Reserve Officers Training Corps, a national intercollegiate rodeo, a football game, and, to top it all off, a rodeo dance.

Dr. Charles W. Meister, president of Eastern, has personally invited all students' parents to attend the celebration. Lloyd Call, co-chairman of the Parents' Day committee, said more than 600 parents from all parts of the country are expected to be on campus.

The day begins with registration of all parents from 9 to 11:30 a. m. in the main lounge of the Campus Union Building. At 10:30 a. m. ceremonies will begin to formally activate the new Army ROTC unit at Eastern.

honore women's honorary, will conduct the tours. All campus buildings and dormitories, as well as the seven fraternity houses, will be open for parents' visits.

Highlighting the afternoon activities will be the national intercollegiate rodeo at the Mounted Patrol Arena in Portales from 2 to 4:30 p. m.

Teams from several colleges and universities in the Southwest region, one of the most competitive on the intercollegiate rodeo circuit have entered. National Rodeo Association-approved stock will be used in the competition.

Following the rodeo at 4 p. m. will be an informal gathering for parents and Eastern faculty at the Campus Union ballroom. Parents will have an opportunity to meet and talk with their children's instructors at this time.

The football game at 7:30 p. m. in the new Greyhound Stadium against the Bears of Colorado State College, Greeley, will kick off the evening activities. A new wrinkle in Eastern football activities has been added this year — "green day." Everyone, students, parents, and public,

are asked to wear green clothing to help cheer the Greyhounds on to victory.

CSC will bring to town a 3-0 team which squeaked past Western State College, Gunnison, Colo., last weekend by a score of 14-10. The Bears were forced to cancel their game with Colorado School of Mines on Oct. 5 after 27 members of the football team came down with the flu.

Topping off the Parents' Day festivities will be a rodeo dance beginning at 9 p. m. in the ballroom. Music will be provided by the Aggie Ramblers of Las Cruces.

MEETING CONTINUES

Jerry Harvill will continue his gospel meeting at the Central Church of Christ here through Sunday night. The 24-year-old minister from Berkeley, Calif. begins services at 7:30 p. m. each evening.

Morning services are scheduled for Sunday at the usual worship hour.

Continuing also are the morning devotionals conducted by the new associate minister, Jim Hamilton. Minister of the church is Gene Fooks.

In Norway and Sweden, skis 4,000 to 5,000 years old have been found.

Defective Brakes Cause Accident

Defective brakes were cited as the cause of an accident which occurred Sunday afternoon on Main St. and caused an estimated \$400 damages to the two cars involved.

The 1959 Vauxall, driven by Doyn Merriman received about \$200 damages as did the 1963 Pontiac driven by Teresa Garcia.

The collision occurred when one of the cars was waiting in the traffic lane for other cars ahead to move forward and the other car rammed into its rear after its brakes had apparently failed.

A citation was issued for defective brakes.

3-Car Collision Occurs Saturday

A three-car collision that occurred Saturday night at the intersection of U.S. 385 and Moreman St., resulted in an estimated \$750 damages to the vehicles involved.

The 1962 Ford driven by Steven Cavness, sustained about \$200 damages and a 1967 Lincoln, driven by Ginger Goodin received an estimated \$400 damages. The third car involved in the accident, a 1961 Chev-

let, driven by Domingo Pena, was damaged to the extent of \$175.

The accident occurred when the driver of one of the vehicles attempted a left turn off North 25 Mile Ave. onto Moreman, into the path of an oncoming vehicle. The impact knocked the turning car into another car which was stopped at the stop sign on Moreman St.

Investigating officers issued a citation for failure to yield right of way when making a left turn.

SHORTHORNS '68 — This group of sophomore boys sport a perfect record going into their sixth game of the season. Their list of wins include victories over Dimmitt, Farwell,

Clovis, Friona and Farwell again. The next game for the Shortthorns will be Oct. 24 when they host the Plainview team. Gametime is 7:30 p.m. at Whiteface Stadium.

125 Boys Compete In Punt, Pass, Kick

From the 125 boys entered in this year's local Ford Motor Company's sponsored, Punt Pass and Kick contest, six Hereford boys and one boy from Dimmitt will go to Zone competition which is to be held in Buffalo Bowl in Canyon Saturday.

In the eight year olds division, Greg Dement won the first place trophy by collecting 140 points total. He punted for a score of 58, passed for 44.5 and kicked for 37.5 to get his total. Ending up second and third, respectively, were Warren Cornelius and Reid Herring.

Cornelius' scoring netted him 116.5 points while Herring garnered 100.5 for the third place spot.

Nine year olds that won included Mark Dameron, first; Allen Lane, second; and Kent Herring, third. Dameron's winning total was 163.5 as he punted for 63, passed for 46.5 and kicked for 54. Lane had a total of 136 and Herring had a final of 132.

Keith Crum, of Dimmitt, was the only out-of-town winner as he walked away with the 1-year old trophy after getting 232 for a total. Crum passed for 73.5, kicked for 73 and punted for 86.5 in his winning effort. Finishing second was Burl Miller with a 172 total while third place went to Mitch Guinn who had a 164.5.

Winding up with the first place position in the 11-year old division was Mike Munnerlyn with a total score of 201, which was 14 points higher than second placer Tommy Loerwald who had 187. Munnerlyn punted for 42 yards, passed for 87 and kicked for 72 in arriving at his score. Monty Waits finished third with a final tally of 186.5.

Chip Guseman outdistanced his nearest competitor by 19 points in the 12-year old events by nabbing 214.5 points. He kicked for 65.6, passed for an even 78 and punted for 71. David Clark finished second with a total of 195.5 and Gregg Dameron was third with 193.5.

Terry Scott won the 13-year old group's first place trophy as he punted 89, passed 101 and

kicked for 70 and a total of 260. Larry Hubbard won second with a 194 and James Massie was third with 184.5.

The first place winners will now go to Canyon Saturday for the Zone competition where they will compete against boys from throughout the Panhandle. Winners at the Zone level will then go on to District then possibly Area, Division and National contests. Trophies and certificates will be given to the winners and

runner-up at each of the levels of competition with the winner and his dad going to Division competitions held in NFL team stadiums. Division winners will go to Miami, Florida with their mother and dad for the National finals during the NFL Play-Off Game in the Orange Bowl on Jan. 5th. All national finalists and their parents will also go on a "Tour of Champions" in Washington, D. C. on Jan. 6th and 7th.

GRID GAME TIMES CHANGED

Head football coach and athletic director Larry Wartes has reminded persons that the district football games will all begin at 7:30 instead of the usual 8 p. m.

"This is being done because of the difficulty caused by day-

light savings time and the problem it created last year in filming the game," he said.

In Action Last Week

Whitefaces, Rangers Are Only Winners In 1-AAA

By MARSHALL DAY
Sports Editor

It was the fifth prosperous week for the Perryton Rangers as they continued on the unbeaten path with last weeks win over Liberal, Kan. while the other district 1-AAA teams, with the exception of Hereford, continued to fall.

Perryton's win came over the Kansans Friday night to the tune of 39-0 as the number one ranked Rangers will now face an open week in preparation for their first district game against hapless Tulia, Oct. 25, in Perryton.

The Rangers picked up 242 yards

on the ground against the Liberal team while allowing them only four yards, and hit on passes for 78 compared to 48 for Liberal's 11. All of Perryton's scores came on short yardage plunges with the exception of a run that covered 32 yards. Perryton also led in first downs with 15 while Liberal had only five.

For Dumas, it just wasn't a night to play football last Friday when they played host to the undefeated Phillips Blackhawks and fell 40-21. Sparked by the running attack of senior Kelly Cooke, the Blackhawks fought back from a 13-6 halftime deficit and surged ahead in the first three-and-one-half minutes of the

third quarter to take a commanding 27-13 lead which they never gave up.

The Blackhawks capitalized on numerous Demon miscues including a blocked kick and a Dumas fumble, both near the Demon goal line, and turned them both into TD's which gave them the winning margin.

Cooke scored three times during the game including a 42-yard pass interception which he ran back for the TD.

The winless Tulia Hornets had another week just like the previous four when they fell to the 2-AAA Andrews Mustangs by a resounding score of 54-0.

Andrews held Tulia to 88 yards rushing and nine passing while they themselves netted 408 on the ground and 91 in the air for the win. All of the Mustangs' scores were garnered on the ground with two boys accounting for six of the host team's touchdowns.

Tulia now stands 0-4 and will host the Seminole Indians this week before opening district play against the Rangers from Perryton on the 25th of Oct.

Muleshoe came within one point of registering a win in their game last week, but just couldn't quite make the mark as they fell to the Portales, N. M. team, 14-13.

The Mules led 13-0 in the early part of the ball game, but Portales came roaring back on TD passes that covered 68 and 20 yards then made the PAT's stand good while one of Muleshoe's point after attempts failed, giving the New Mexicans the win.

The class AA Panhandle Panthers remained undefeated in dealing the Canyon Eagles their fourth loss of the season to one win, in a hard-fought 6-0 game.

The lone score of the contest came in the final stanza of play when the Panthers' quarterback plunged over from two yards out following an interception of an Eagle pass and a drive to the two.

Both teams threatened on different occasions, but brilliant defensive efforts halted each drive.

Perryton, Dumas, Canyon, Muleshoe and Hereford will all have an open week this week while Tulia will be the only 1-AAA team seeing action. They will host the Seminole team Friday.

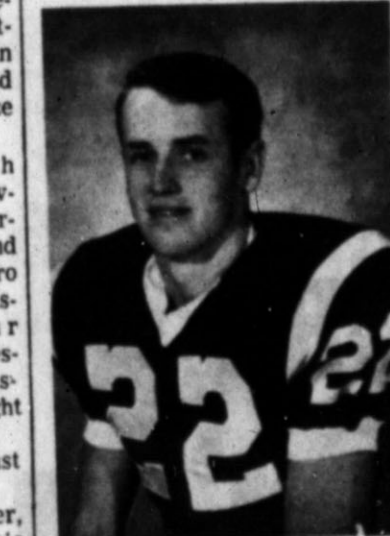

Donnie Fangman . . . defensive player of week.

Fangman, Cole Are Chosen As Players Of Week

Selected as the "Players of the Week" for the game against the Dalhart Wolves last Friday were Donnie Fangman for defense and Bill Cole for offense.

Cole, who sees playing duties on both defense, carried the ball 10 times against the sturdy Dalhart defense and netted 18 yards for his efforts. While also playing defense, he was credited with five tackles and intercepted two Dalhart passes. One of his interceptions he ran back 11 yards and the other was for 39 yards and a touchdown.

Fangman, who also sees action both ways, received credit for four tackles in addition to numerous gang tackles. While he saw little playing on offense in Fridays contest, he did carry the ball once for 17 yards along with a good job blocking.

Bill Cole . . . offensive player of week.

Dirks Is Winner In Grid Contest

Darrel Dirks, 211 Aspen, predicted 14 of the 16 listed football games to win first place in last weeks football contest and collect the \$8 first place prize money.

Running close races with Dirks were Bob Renfro, 807 Irving, and Mal Manchee, 125 Northwest, who ended up second and third, respectively. Renfro guessed 13 of 16 right and missed the tiebreaker by four points while Manchee also guessed the same number, but missed the tie-breaker by eight points.

There were 150 entries in last weeks' contest.

With half of the contest over, leaders thus far include Ronnie Roberts with 57 predictions correct and tied for second with 56 guesses correct are Bill Dirks, Mal Manchee and Bob Renfro. Dovie Cherry, George Loerwald, Jeff Loerwald, Bill Phillips, Mrs. E. K. Pinnell and Ed Schroeter, have all picked 55 games correct thru five weeks of predicting.

Others' totals are listed in the office at the Brand if anyone wishes to see them.

Texas Vote To Hold Key To Presidency

By VERN SANFORD
Texas Press Association
AUSTIN — Tex. — Presidential candidates, wooing Texas voters and the state's 25 electoral votes, are becoming familiar visitors in the Lone Star State.

Republican Richard Nixon swooped into Dallas for a rally Friday. He's likely to return, as is his running mate, Spiro T. Agnew, who also was here earlier.

Vice President Hubert H. Humphrey will try to breathe new life into the late-starting Democratic drive with a barnstorming tour starting October 22. Ed Muskie, Humphrey's No. 2 man, is supposed to drop in around the 30th.

Third party candidate George Wallace made plans to return to Texas this week. He scheduled a high-noon rally for Fort Worth for Thursday (Oct. 17). Both Wallace and Vice-presidential candidate Gen. Curtis E. LeMay are being encouraged by backers to make repeat performances before November 5.

While waiting for the candidates to make their personal appeals, their supporters fought the battle of the polls.

Humphrey's national headquarters claimed a Belden sampling showed 35 per cent of the Texans interviewed favored Humphrey; 33 per cent were for Nixon; and 26 per cent for Wallace, with just six per cent undecided.

"Strange," retorted Nixon's state camp, since its Merrill Win-

thin poll showed: Nixon 34 per cent; Humphrey 27 per cent; Wallace 22 per cent; and undecided 17 per cent.

Houston Chronicle interviewers concluded Nixon is leading with 40 per cent of the vote. Humphrey ran second in the Chronicle's poll with 33 per cent, and Wallace third with 28 per cent.

Activity in the Humphrey camps definitely is on the upswing. Texas Citizens for Humphrey-Muskie — headed by Sen. Ralph Yarborough — and Texas Democrats for Humphrey-Muskie — headed by Sen. Ralph Yarborough — and Texas Democrats for Humphrey-Muskie — led by Congressman Jim Wright of Fort Worth and Will D. Davis of Austin — are battling against time to rally the traditional Democratic strength.

Former Gov. Allan Shivers, who emerged as national chairman of Democrats for Nixon, is actively encouraging "splitting the ticket" — for the GOP national nominee and the Democratic state and local candidates.

APPOINTMENTS — Austin District Judge Tom Reavley replaced retiring Judge James R. Norvell of San Antonio as an associate justice of the State Supreme Court.

Gov. John Connally promptly tapped Norvell as a special judge to review the complex, 12-year-old lower Rio Grande Valley water rights controversy now on appeal before the 1st Court of Civil Appeals in Corpus Christi.

Connally named former Corporation Court Judge Jerome Chamberlain as judge of Criminal District Court No. 1 in Dallas County to succeed Judge J. Frank Wilson, resigned.

W. Astor Kirk of Austin, who has been deputy director of the Southwest Regional Office of Economic Opportunity, now is regional director of the Mid-Atlantic OEO in Washington, D. C.

P. C. Naylor Jr. of San Antonio will serve as chairman of the Texas Real Estate Commission next year.

State Board of Education requests information before November 11 on Texans eligible for appointment to a board vacancy in the district covered by Bastrop, Blanco, Burleson, Burnet, Caldwell, Hays, Lee, Travis, Washington and Williamson Counties.

COURTS SPEAK — Awards totaling \$477,900 to seven persons injured in a truck and Greyhound wreck three years ago was upheld by the State Supreme Court.

High Court, while declining to annul an order appointing Houston attorney Leon Jaworski to the board of trustees of the Robert A. Welch charitable foundation, agreed that the appointment should be given full court hearing.

Right of Temple to retain 549.9 acres of land annexed five years ago was upheld by the Supreme Court, even though the city had not provided water or sewer service to the territory. Same court backed a trial court decision in holding that no vacancy existed with regard to 155.1 acres of land in Upton County and that the property belongs to Atlantic Refining Company.

Court of Criminal Appeals stuck by its earlier reversal of a seven-year sentence given Houston tobaccoist Mair J. Schepps charged as an accomplice in printing counterfeit cigarette tax stamps. State motion for rehearing was overruled.

ELECTION SUIT FALLS — Laurel N. Dunn, an independent candidate for the 11th District congressional seat held by U. S. Rep. W. R. Poage, lost in his lawsuit before the Texas Supreme Court to challenge state election regulations.

Dunn wanted to force Secretary of State Roy Barrera to change his election handbook because it requires the "check" method of marking ballots, and Dunn insisted that the "scratch" method should have equal sanction.

Under state law, ballots may be marked either way, so long as the voter is consistent all through his ballot.

SALES-TAX CHALLENGE — Texas Supreme Court will hear an appeal from a lower court's ruling that transportation of material between the seller and the buyer is subject to the state sales tax if the transporting is part of the sale.

High court will review a holding by the Third Court of Civil Appeals at Austin, which overturned a ruling by a district court and ordered Gifford-Hill & Co. to pay the state \$1,232 in taxes, penalties and interest.

Gifford-Hill sells sand, gravel and crushed stone, hires trucking companies to transport it to the buyer, pays the carrier itself and bills the buyer for the transportation costs.

Firm maintained that this amounted to transportation after the sale, which would make the shipping non-taxable. District court agreed, but the civil appeals court did not.

TRUCKERS' SUIT — Three fresh-vegetable truckers have sued the Texas Railroad Commission for granting three other truckers permits to carry fresh vegetables for hire around the state.

Charles Long of Rusk, Alvin Land and his Land Trucking Co. of Raymondville and Rio Grande Truckers Inc., the plaintiffs, are each authorized to transport "fresh fruits and vegetables" from and to any point in the state.

L. T. Waldrop of Seminole, V. R. Nelson of Dimmitt and W. A. Jobe of Saragosa got Commission approval to begin trucking vegetables from within 200 miles of their home towns to any point in Texas.

The three contestants claim that the Commission's granting of the permits amounts to unfair competition for them. Their lawsuits are pending in Travis County districts courts.

AIRLINE HEARING PUT OFF — Texas Aeronautics Commission Director Charles Murphy ordered a 10-day postponement on the application of Air Texas to provide commuter plane service linking Austin, Houston, Fort Worth and San Antonio.

Postponement came when Air Southwest Company, which is waging a court fight to serve Dallas-Fort Worth, Houston and San Antonio, urged dismissal of the competing application.

Air Texas dropped its original application to fly between Fort Worth and Wichita Falls. Its proposed back-and-forth service between Fort Worth and Austin, Houston and San Antonio in Beechcraft Queenairliners. Air Southwest would fly 90-passenger Electra turbo-jets on its three-legged route.

GAS REGULATION HIT — Governor Connally lambasted as "unrealistic and discriminatory" a Federal Power Commission rollback on natural gas sold to interstate lines but said the policy could benefit Texas.

Regulation, said the governor, may dry up supplies, put many small producers out of the search for gas and drive new gas discoveries into intrastate market.

On the other hand, Connally contended, Texas may be benefited, since industries requiring natural gas will be "forced to locate in gas-producing areas."

As chairman of the legal committee of the Interstate Oil Compact Commission, Railroad Commission Chairman Jim C. Langdon spoke out against a Maine petroleum producer's application for a special oil import quota, warning it would hurt production in Texas, Louisiana and Alaska.

SDEC TO MEET — New State Democratic Executive Committee will hold its first meeting in Dallas on October 21.

Purpose of the session, said SDEC chairman Dr. Elmer C. Baum of Austin, is to "review the challenges facing the Texas Democratic Party and to analyze methods which will continue to strengthen" it.

To be more specific, SDEC projects a massive get-out-the-vote drive, aimed primarily at making the state safe for Democratic incumbents and newcomer candidates at the state and local level.

Rotarians Vote To Host Foreign Visitors Soon

Members of the Hereford Rotary Club voted during their regular meeting Monday to participate in a program in which they would host six foreign members of the organization for a six-day period.

The program, to be sponsored by Rotary International from 1969 to 1971, calls for the six foreign Rotarians and a representative of Rotary International to visit clubs in the United States.

increased to 869 (from 523 in November), according to Col. Morris S. Schwartz, state Selective Service chief. Inductions will occur between December 1-14.

Quotas for October and September were 774 and 683. Highest monthly call in 1968 was in May, when quota of 2,233 was issued. Monthly calls for 1967 ranged from 674 to 1,421.

Quotas for October and September were 774 and 683. Highest monthly call in 1968 was in May, when quota of 2,233 was issued. Monthly calls for 1967 ranged from 674 to 1,421.

Schwartz said 1,928 men will be sent to pre-induction mental-physical exams during November, compared to 6,697 in October.

SHORT SNORTS — Parks and Wildlife Department has signed a sales agreement to buy a 347-acre site on Paluxy River in Somervell County to be developed as Dinosaur Tracks State Scenic Park — first financed with park bond funds. October 13-19 has been proclaimed Texas Public Employees Week.

Agriculture Commissioner John C. White granted extension until October 25 of cotton stalk destruction deadline in 22 South Texas counties under bollworm control regulations. Atty. Gen. Crawford C. Martin has filed a price-fixing conspiracy suit against 18 children's book publishers and 20 book distributors. Completion of U. S. Highway 67 and 287 as a four-lane facility between Amarillo and Dumas is among major road projects being let for contract this week. State securities Commissioner, William M. King revoked secondary trading exemptions of the stock of Mooney Aircraft, Inc., and Mooney Corp. of Kerrville and San Angelo.

Former Resident Awarded Letter Of Commendation In Scholarship Test

A letter of commendation honoring him for his high performance on the 1968 National Merit Scholarship Qualifying Test (NMQST) has been awarded to a former resident of Hereford, now attending school at Merced.

The student commended was Trenton E. Taylor, son of Mr. and Mrs. L. E. (Bud) Taylor.

Young Taylor is among 39,000 students in the United States who scored in the upper 2 per cent of those who will graduate from high school in 1969. The Commended students rank just below the 15,000 Semifinalists announced in September by the National Merit Scholarship Corporation (NMSC).

John M. Stalnaker, president of NMSC, said: "Although Commended students advance no further in the Merit Scholarship competition, their outstanding record in a nationwide program deserves public recognition. Their significant academic attain-

ment gives promise of continued success in college.

"The Commended students should be encouraged to pursue their education since their intellectual talent represents an important and much needed natural resource. Our nation will benefit from their continuing educational development."

The Commended students' names are scholarship-granting agencies and to the colleges they named as their first and second choices when they took the NMQST in February 1968. The reports include home addresses, test scores, and anticipated college majors and career intentions of the Commended students. NMSC encourages these students to make every effort to continue their education.

The Taylor's also have a daughter, Beverly, who is a student in Merced High School.

LET'S COOK SOMETHING

Basic Chow-Chow Recipe

By SUE COLEMAN
Women's Editor

Finding a good recipe for chow-chow, which is requested every year at this time when frost may strike just any week and end the tomato harvest, is about as hard as finding a good recipe for stew, and for the same reason.

OLD-TIME COOKS would say that "stew isn't made; it accumulates!" and that's true of their chow-chow, the delectable relish which has green tomatoes as its basic ingredient. Cabbage and onions are the others, and from there personal taste takes over.

Some people think finely chopped celery adds much to the relish, or that shredded carrots make a nice touch of color and flavor, but these suggestions are heresy to others. Many cooks turn their noses up at recipes found in cookbooks, scorning them as pallid imitations.

Mrs. Bonnie Brumley has a recipe, though, which she says is a good one although she admits that she never makes chow-chow exactly the same way twice, and advocates the personal touch of the cook in suiting the relish to the tastes of her family.

CHOW-CHOW

- 1 gallon green tomatoes
- 4 large onions
- 5 red bell peppers
- 1 small head crisp cabbage

- 1 1/2 tb. salt
- 3 to 6 hot peppers
- 1 quart vinegar
- 1 1/2 cups sugar

Spice bag made by filling small cheesecloth bag with 1 lb. ground cinnamon, 1 lb. all spice, 1/4 tsp. cloves, 3 lb. dry mustard and three or four bay leaves.

Chop tomatoes, onions, peppers and cabbage. Cover with the salt, let stand overnight. Drain, add the chopped hot peppers, vinegar, sugar and bag of spices.

Allow to boil slowly until tender, about 15 to 20 minutes. Pack tightly in hot jars, sealing at once. Or pack jars, put on caps and process in hot water bath 15 minutes.

MRS. BRUMLEY is a Hereford old-timer who returned to live here after making her home in Lubbock several years. She grows some of the vegetables used in the chow-chow, as well as other vegetables for the table, in a small garden in the backyard of her home, 121 Sunset.

"It's surprising how much you can grow in such little space," she remarks as she tells of vegetables eaten at summer meals and quantities canned and frozen for the winter. She has also canned fruit and made a great deal of jelly this summer.

Like the flowers she grows for pleasure, the jelly and vegetab-

les have been given to numerous family members and friends. Mrs. Brumley says she has never made a serious study of gardening, but has gathered information from reading and by experience and cultivates her garden "just for the love of it."

FEMININE AND soft-voiced Mrs. Brumley doesn't look like you might expect a dirt gardener to look, nor like the sports fan which she is. Perhaps growing up in a family with four brothers and just one sister did something to give her an enthusiasm for sports.

She likes to see almost any kind of games, and is planning for her first sight of ice hockey show now that there is a team in nearby Amarillo. She was Alma Knox before her marriage, one of a family which moved from Floydada to Hereford when she was 15 years old, so she finished high school studies here.

Her father had been a large-scale cotton farmer in Karnes County, where she was born, and came to the Plains area when this was considered "cattle country" to become one of the early experimenters with growing crops here.

A COUSIN WHO was her tutor in mathematics, her difficult subject in school, had attended A&M College, so she naturally became an A&M fan. That partisanship grew as her brothers,

Mrs. B. E. Brumley—green thumb for flowers, vegetables

and later her sons, went to A&M.

One of the sons, Jack, is a dairyman at Lubbock and a leader in promoting Little League activity there; the other, Cal, is with the Wall Street Journal in New York. Her only daughter, Naomi, is Mrs. E. D. Hopson, faculty member in Hereford schools.

Mrs. Brumley went to West

Texas State a year after graduation from high school, then taught before her marriage. Mrs. Hopson also is a WTSU ex-student and so is her daughter, Mrs. Jerry Nichols, a tradition on the distant side of the family to match the A&M tradition of the men. Mrs. Nichols has a small daughter who may follow the same path later.

—Small Talk—

By SUE COLEMAN

Women's Editor

Loyalty to duty is a fine trait, especially when a conflict with personal interests is involved, so Cora Gentry is our candidate for a brass button because she stayed with Bud To Blossom Club flower show Friday until the judging was finished and all awards given, before hurrying off to Dallas.

SHE'S PRESIDENT of the club so it was her duty to stay, but there was that Texas-Oklahoma football game at Dallas Saturday.

Another flower show sidelight... Anna Kendall complimented the graceful bowl in which Gladys Manjeot had made a flower arrangement to enter as a guest (she's an honorary member, who helped organize the club, so she doesn't compete with members.)

She was puzzled when Gladys laughed, but she laughed too when she learned that the bowl was a gift from the club to Gladys several years ago, and that Anna had been the one who chose it!

Anyway, it was just a case of complimenting her own good taste when she praised it — or you might say that she is consistent in liking it now if she liked it then.

THERE AREN'T too many blocks in Hereford's residential sections, even in the older parts of town, which have a solid row of trees along the curb,

so I always admire especially those on the west side of the street in the 400 block of McKinley. Most especially on warm afternoons when their shade across the pavement is so well come.

It makes me unhappy to think that trees along curbsides aren't stylish any more, so they aren't being put in the newer parts of town, so there won't be any nice shady streets in another 10 or 15 years.

Some people have taken them up in the old sections, and I still think it's wicked to cut down or dig up a tree in this country unless it's dead. Without native trees of any consequence, the Panhandle needs all the trees it can get in the towns.

VIA GRANDPARENTS in Hereford, we learn of the birth of a baby daughter, Laura Renee, to Dr. and Mrs. Bill Carmichael of 625 Evandale, Bedford, on Oct. 12. This is their

first child and also the first grandchild of the Pete Carmichaels, 213 Sunset.

THE DEMURELY ruffled dress she wore in her wedding Saturday was made by Kathy Kuper herself — a lovely all-cotton white dress of an old-fashioned corded material, made in an old-fashioned style that you might see in looking at pictures of grandparents made about the turn of the century or a little before.

The wedding was in St. Anthony's Church and the bridegroom was David Davis of Amarillo, where the newlyweds will live for the present.

Former Resident's Band Receives Division I Rating In Competition

The Mountain Valley High School Indian Band of Saguache,

Airman Stephens Completes Basic

AMARILLO, Tex. — Airman Gerald E. Stephens, son of Mr. and Mrs. Billie J. Stephens of Friona, Tex., has completed basic training at Amarillo AFB, Tex. He has been assigned to the Air Force Technical Training Center at Keesler AFB, Miss. for specialized schooling as an air traffic specialist.

Airman Stephens is a 1967 graduate of Friona High School.

Colo., under the direction of Bill Nelson, son of Mr. and Mrs. Glenn Nelson of 511 Ave. J in Hereford, has received a division one rating for both parade competition and general inspection.

The band also received a division two for field maneuvering. The band played during half-time activities in Fort Collins, as Colorado State University played North Texas State University.

This is Nelson's second year as music director at Saguache. He is married to the former Judy Crume, daughter of Mr. and Mrs. Vance Crume of 218 Ave. J, Hereford.

2-Car Wreck

Damage Is High

Approximately \$2,000 in damages was caused to two vehicles late Saturday afternoon when they collided on Farm-to-Market road 2856 about 2 miles west of Hereford.
Highway patrolmen said a 1958 Chrysler driven by Charlie Huckert of Route 4 was going south on an unpaved county road and a 1968 Oldsmobile driven by Genelle Benson Sigle of 136 Ranger was going east on the highway when they collided at the intersection.
There was an estimated \$1,700 damage to the Oldsmobile, and the Chrysler was believed to have been totally demolished. Estimate of damage on it was set at \$200. A citation was issued for failure to yield right of way at a stop sign.

Inside WASHINGTON

MARCH OF EVENTS

By HENRY CATHCART
Central Press Washington Correspondent

WASHINGTON—Obscured by the press of other news, political and otherwise, is an impasse between the United States and Spain which could result in the forced closing down of U.S. military and naval bases in Spain.
The bases, worth some \$500 million, have been operative since 1963 under an agreement, renewable every five years, in which the U.S. agrees to provide arms and other things of value as a form of "rent."

The U.S. has been providing some \$50 million for the last five-year "lease," but the Spanish have sharply increased their demands to \$700 million. And they want it all in arms and sophisticated military equipment. The top U.S. offer is for about \$100 million, or double the previous arrangement.
There are people in the State Department who are chafing under the belief that we are about to become the victims of a Spanish blackmail. For time is running out, and the Spaniards have thus far rebuffed every effort of Dean Rusk and other State department officials to ease the situation.

Under the master agreement, if no extension is negotiated, the agreement runs for six months and then the U.S. must get out. The six months grace period has begun to run.
Rusk, in a final effort, tried to get six months extension of the time limit in order to give the incoming administration in January an opportunity to make the decision, but the Spaniards even rejected this proposal. As things stand, the new administration will have only a couple of months to negotiate before the expiration date.

The Spanish position is that the presence of U.S. bases in their country increases their own military risk, and therefore they require a stronger military force. We cannot say so officially, but we have always believed the argument doesn't hold water that it has simply been an inexpensive way for the Spaniards to equip their armies.

ADMINISTRATIVE PROBLEM—Some experts on government wonder about charges that the two major presidential candidates espouse similar policies of government. They point out the differences between Democrat Hubert Humphrey and Republican Richard M. Nixon are substantial enough to create large administrative problems among federal agencies until laws and policies can be changed officially to bring them into line with the desires and the orders of either after he gets into the White House.
As for third party candidate George Wallace, they believe he could not make good on many of the policies and promises he has uttered during his remarkable campaign. The laws of the land, they point out, are all operating in the opposite direction, and even if he should win, he would not have the legislative strength in Congress to revise them.

Letter To The Editor

Dear Editor:

On the evening of Monday, Oct. 14, the talented and widely acclaimed Romero brilliantly performed a range of selections for the guitar from classical Bach to rousing Flamenco improvisations. I will long remember Angel Romero, in solo, concentrating on a delicate and fluttering passage from "La Maja de Goya," stopping his rendition in mid-beat to ask for silence — my ears still burn.

I have had the privilege of hearing Andres Segovia, Carlos Montoya, the New York Philharmonic, the Metropolitan Opera, and other performances of talented individuals, while sitting in hushed audiences awed by the creativity of the master artists putting forth efforts seeming to have welled from the soul itself. I can recall, however, one other occasion when a star performer had to ask for the silence necessary to continue his performance — it was when the star quarterback of some forgotten football team stopped his play in mid-count because his own team could not hear the shouted signals over the roar of the unruly crowd in the stands.

I hope my apologies for the affront given them will be forwarded to and accepted by Celenonio Romero and his accomplished sons.

Sincerely,
Lawrence C. Warner

Representative Race Picks Up Steam As Election Draws Near

Commenting on the number of state Austin officials who attended the Clayton appreciation dinner in Littlefield Monday night, Rep. Clayton's Republican opponent, Frank Ford, stated this week that he welcomes their entry into the race.

"These are the same professional politicians," said Ford, "who voted to increase our sales tax by 50 percent this year while ignoring nearly every mayor and city councilman in the district by not returning any of the increase to the local govern-

ments."

"This dinner was initiated in Austin by the same special interest power-clique which pressured my opponent into sponsoring daylight savings time against the wishes of the people who elected him just because L. B. J. and the T. V. lobbyists wanted it. These are the ones who have overlooked this district's pressing need for more flood control and conservation dams, and who didn't even seem to notice the rising crime rates until someone told them it was

a political issue."

"These are the same politicians," Ford continued, "who seemed to ignore the fact that Texas dropped from 40th to 44th among the states in literacy over the past eight years while they voted at every regular session to double their own salaries. These are the ones who recently added \$30 million in new spending in the secrecy of the Speaker's apartment, including \$500,000 for development of L. B. J.'s state park, and are now talking about the need for \$350 million in new taxes as soon as the next session of the Legislature convenes."

"I also consider it to be a state issue," Ford concluded, "that Texas' one-party monopoly was the political breeding ground for L. B. J., whose recent prominence in national politics has resulted in a tragic no-win war, depressed farm prices, inflation, sky-rocketing crime rates, and \$20,000 salaries in the war on poverty for friends of the Administration while the poor stay poor. These politicians have had their say. On November 5th, the people will have their say, and I believe that they plan to make a few changes at that time."

Deaf Smith - Oldham Co. Farmers Obtain Operating Loans From FHA

During fiscal 1968, 48 Deaf Smith and Oldham County farm families availed themselves of Farmers Home Administration operating loan credit, James

Oldham County FU Organized

Royce Cretsingher of Wildorado was installed as the first President of the newly organized chapter of the Oldham County Farmers Union, Thursday, October 10, at the County Barn.

Assisting Mr. Cretsingher are Anthony Paschel, 1st Vice President; Lee Wagner, 2nd Vice President; both of Ford Community; and Larry Berry as Secretary-Treasurer. These officers were installed by Jay Naman, of Waco, President of the Texas State Farmers Union, who also presented the Chapter with its official charter.

A meeting of the Executive Committee was held October 14 at the home of Anthony Paschel, at which time the standing committees and chairmen would be selected.

Gouldy, County Supervisor, said today.

Gouldy said that \$613,640 was advanced during the 12 months ending June 30 for such expenses as new machinery and equipment, livestock, fertilizer, feed, seed, pasture improvement and fencing. Operating loan funds also were used to refinance debts and pay family living expenses.

"This type of credit," Gouldy said, "has enabled many small farm operators to stay on the land."

As the fiscal year ended, farm families that included nearly 440,000 people nationwide were benefiting from the program which serves family farmers who can find no other source of necessary operating loan credit.

Loans are made through county offices of the Farmers Home Administration serving all rural areas of the United States. All loans are accompanied by technical assistance in farm and financial management. The local FHA county office is located at 313 W. 3rd. Street, Hereford, Texas.

In addition to operating loans,

Farmers Home Administration makes loans to purchase and develop farms, to develop community water supply systems, to obtain housing in rural areas, including housing for farm laborers and senior citizens, and to meet the emergency credit needs of farmers suffering from a natural disaster such as hail, flood or drought.

O'Rourke Gets Important Appointment

COLORADO SPRINGS, Oct. 11 — Dennis O'Rourke, chairman of the board, Holly Sugar Corporation, has been appointed to a new special committee on Welfare Programs and Income Maintenance of the national Chamber of Commerce.

O'Rourke, a director of the national Chamber, is one of 14 prominent businessmen named to the committee by National Chamber President Winton M. Blount.

Aim of the committee is to "develop guiding principles for a single, comprehensive program to alleviate poverty that would, at the same time, preserve human dignity, individual freedom and personal initiative," Blount

DPS Patrolmen Investigate 13 Accidents

The Texas Highway Patrol investigated 13 accidents on rural highways in Deaf Smith County during the month of September, according to Sergeant W. E. Wells, Highway Patrol Supervisor of this area.

These crashes resulted in three persons injured and an estimated property damage of \$7,270.

The rural traffic accident summary for this county during the first nine months of 1968 shows a total of 78 accidents resulting in one person killed, 32 persons injured, and an estimated property damage of \$55,448. "Accidents Go Up When The Sun Goes Down," is a slogan so true. Darkness hides danger, giving the driver a false sense of security. That is the reason traffic accidents increase during October's shorter days and longer nights.

Statistics prove that traffic deaths will increase over 40 per cent during this period of shorter days and longer nights.

At sundown, long shadows and fading light make it increasingly difficult for drivers to spot traffic hazards and stop in time. The veteran patrol supervisor said, "Make it a habit to turn on your driving lights at the first sign of fading light and falling shadows."

British Gen. Edward Braddock was the first to use a conestoga wagon in a sizable wagon train in 1755 when he led his troops from Ft. Cumberland, Md., across the Alleghenies.
