TUESDAYS—TWICE-A-WEEK—FRIDAYS

24TH YEAR, NO. 37.

HEREFORD, DEAF SMITH COUNTY, TEXAS, TUESDAY, MAY 27, 1934.

## NEW HOSPITAL CONTRACT IS LET MONDAY

CHRISTY - DOLPH CONSTRUCTION CO., GET THE CONTRACT HOME LABOR IS

Wanted Now! 100 Days Set for Completion of the Hospital

Twenty-three contractors appeared before the County Commissioners Monday morning with bids on the new hospital ranging from \$48,650.00 by the Van Horn-Martel Co. of Ft Worth to the lowest bid of \$34,624.00 made by the Christy Dolph Construction Co. of Dallas.

The commissioners awarded the following contracts:

Christy Dolph Construction Co., construction of building.....	\$34,624.00
Roswell Plumbing and Heating Co., plumbing and heating.....	9,900.00
Barry Hardware Co., of Clovis, wiring.....	1,760.00
W. H. Tilley Co., Ft. Worth, for Monarch copper weather strips.....	415.00

Total cost, building complete \$46,708.00

Each contractor awarded his part in the construction, was required to make a deposit of five per cent of the amount bid, that said company will complete their work according to the contract.

The commissioners were highly pleased over the outcome and are satisfied that each company, whose bids were accepted, are reliable and trustworthy people.

The bonds are expected back in a few days and construction work such as laying out the grounds and the assembling of materials will begin next week. Each contractor promised the commissioners that they would hire all the help possible right here in Hereford. Judge Dameron requested the Board to announce to the public that those who desire to work on the hospital, make known to him their line of work. The time for completion of the entire job is set at 100 days from the date of awarding of contracts, which means about October 1.

## Music Study Club Entertains in the L. M. Steele Home

The most attractive social affair of the season was the "open house" held by the members of the Music Study Club at the Steele home last Tuesday.

This beautiful brick residence just recently completed lends itself perfectly to the artist's touch. Shades were drawn and the rooms were lighted by soft shaded lamps. The elegantly furnished music room and living room were decorated with hugh vases of pink roses. The handsome dining room was a bower of beautiful pot plants and cut flowers. In the center of the table was a large bouquet of pink and rose carnations.

The guests were greeted at the door by Miss Densie Mae Steele and ex-president Mrs. C. H. Dyer and introduced to the receiving line by Mesdames Pitman and C. C. Ferguson. With Mrs. Steele in the line were the officers of the club: Mesdames W. E. Dameron, Merrill, A. O. Thompson, Steckman, Homer Fox and Snyder, and guests, Mesdames Garvin, Shelton, Thompson, Laird.

Delightful musical numbers were given by Mesdames Mounitz, A. C. Thompson, Monday, Fox, Conway, Snyder, Homer Wilkinson, G. A. F. Parker, Broadwell, Stanford, and Misses Steele, Swisher and Oberthier.

Delicious refreshments of brick cream and angel food cake with pansies as favors were served in the dining room by Mesdames H. H. Hawkins, C. R. Smith, A. C. Thompson, W. E. Hicks, Earl W. Wilson, Beyer, Monday, and Miss Pauline Steele.

The guests were shown up stairs by Mrs. Homer Wilkinson, where in a most artistic and dainty room they registered in the Guest Book, presided over by Mesdames Guthrie, Henry Wilkinson and Miss Ina Gregg.

About 250 callers were entertained during the hours from three o'clock until six o'clock.

Miss Cathrine Wilson left on Sunday morning for Sebree, Kentucky at which place she will visit with relatives and friends for a few days before going to Buffalo and New York City to spend the summer. Miss Wilson will be absent a month.

## Al Smith's Manager

Franklin D. Roosevelt, Democratic vice-presidential candidate in 1919, has taken active management of Gov. Al Smith's pre-campaign campaign for the Demo-

## "More People—More Farms"

## Pitman-Wilson Nuptials Sunday at Baptist Church

At 8:30 o'clock on Sunday morning, at the First Baptist church, was solemnized the wedding which united the lives of two of Hereford's most popular young people, Miss Helen Douglas Wilson and Mr. Jonathan A. Pitman.

The church was beautifully decorated with cut flowers and plants. A number of friends gathered at the time appointed to witness the ceremony.

The favorite pre-nuptial hymn "Mavis" by Horace Craxton, was sung by Mrs. Fred Oberthier, Jr. The wedding party entered to the joyful strains of Mendelssohn's "Wedding March" played by Miss Eloyse Pitman, only sister of the groom; the minister, Rev. J. E. McClurkin, former pastor of this city leading, followed by the bridal couple. The ring ceremony was used. The soft tones of the Recessional continued until every guest had left the church.

Immediately after the ceremony a short, informal reception was held at the future home of the bride and groom.

Angel food cake and brick cream was served, after which the bride cut the wedding cake and to her astonishment drew the thimble.

Soon after, Mr. and Mrs. Pitman departed in their car for a wedding trip, during which they expect to visit Mr. and Mrs. A. Lawrence, in Lawrence, Kansas, and to attend the National Shrine's Convention in Kansas City. Upon their return they will be at home to their friends in the John Williams home in east Hereford.

For the occasion, the bride wore a beautiful crepe gown, in fashion's favorite "Dawn" hue, hose to harmonize and black satin slippers. She carried a bouquet of American Beauty roses. The groom wore the conventional blue.

Mrs. Pitman is a daughter of T. K. Wilson of this city, having moved to Hereford a few years ago from Kentucky. She has endeared herself to the hearts of the people and is beloved and admired by countless numbers of friends for her beauty, accomplishments and personality. In business circles she has gained prominence by her unusual capabilities and intelligence and in social life she is continually sought after because of her great personal charm and attractiveness. She has been acclaimed as one of Hereford's fairest daughters and most representative of ideal young womanhood.

Mr. Pitman, the son of Mr. and Mrs. J. H. Pitman, is a member of one of Hereford's most prominent families. He has grown to manhood in our midst, having finished the Hereford High school with the class of 1915, and afterwards serving with honor in the world war. For several years he has been connected with the First State Bank & Trust Co., where not long ago, because of service faithfully rendered and rare ability, he was promoted to position of cashier. He typifies ideal American manhood, in that, he serves his country, his state and community well.

For this splendid young couple the entire citizenship joins in wishing the best and greatest life has to offer—and that in bountiful measure may come to them untold happiness, affluence and success.

## "More People—More Farms"

## Birthday Party Sunday Honors Mrs. Brownlee

A number of neighbors and friends gathered at the Mrs. S. J. Brownlee home, Sunday all bringing in a dish for the noon day luncheon, enough being left over the guests decided to stay for supper. The occasion was the seventy-eight birthday of Mrs. Brownlee. Those present were Mr. and Mrs. Homer Wilkinson, Mr. and Mrs. Fred Brownlee, Mr. and Mrs. Floyd Gabbert Mrs. J. W. Malone and two daughters Misses Jessie and Maude, Mrs. Onnie and Truman Hines and Mr. and Mrs. Will O'Brien and Family of Amarillo.

## CHAMBER OF COMMERCE AT CITY CAFE

CHAUTAQUA, S. W. T. GRADING, HI-WAYS DISCUSSED

## CHRISTIAN AID TO SERVE LUNCHEON ON MONDAY, JUNE 9, IN BASEMENT OF CHURCH

The Chamber of Commerce met at the City Cafe for the usual Monday noon day luncheon and the regular business that always comes before it. In the absence of president D. L. McDonald, Vice-president E. W. Harrison presided. D. F. Ashbrook, general chautauqua committeeman reported on the ticket sales and advised a final drive sale of the ticket sales. G. A. Fa Parker prepared and read a petition to close all business houses during the afternoon chautauqua program. The petition was supported by nearly all the business men.

The chautauqua question was discussed pro and con but no real opposition was presented against the chautauqua for another year. Several who are tiring of doing practically all the work and making up the deficit, stated their views most emphatically. The matter was deferred to a later date.

County commissioner J. E. Hill reported the completion of the grading of the Southwest Trail and that they had two machines working in a northward direction from Dawn. H. E. Hertler of Amarillo made a few remarks. The meeting was dismissed to meet at the Stockman's Cafe next Monday and in the basement of the Christian church on a week from next Monday.

Those who attended the luncheon were: Homer Wilkinson, E. W. Harrison, N. C. Vogele, G. A. F. Parker, J. E. Hill, D. F. Ashbrook, Judge W. E. Dameron, J. C. Allred, C. A. Skelton, Ralph Barnett, W. B. Steckman, Dr. J. W. Overton, Geo. Overton, Edgar S. Ireland, O. J. Beebe, A. Herbst, E. C. Eubanks, A. H. Streu, F. H. Oberthier, C. C. Rockwell, Chas. Paddock, H. A. Gray. The visitors were architects A. Helfenseller of Ft. Worth, H. A. Hertner of Amarillo, Geo. Parr and J. Cunningham of Dallas, J. D. Young of Lubbock, J. C. Honea and V. J. Hivley of Clovis and D. W. Dunn of Roswell.

## Can He Stick?

Branded a "political blatherkite" by Senator Reed; charged with the responsibility of hiring and sending stool-pigeons to Montana to get evidence against Senators Wheeler and Walsh without the knowledge and consent of President Coolidge; further charged with trying to read Senators Borah, Norris and other Republicans out of the party, Washington is now speculating whether Geo. B. Lockwood, Secretary of the Republican National Committee, will survive when Wm. M. Butler succeeds John T. Adams as chairman in June.

## "More People—More Farms"

## Tucumcari-Hereford Clash in Big Golf Match Sun.

Hereford won seven out of nine matches with the Tucumcari Golf Club here Sunday. The outstanding match of the days play was that of Jim Conwell of Tucumcari who defeated our local man, Dow Mercer, one up. These two men played neck and neck and at the end of the eighteenth hole were tied on strokes, each having hit the ball seventy one times. Conwell made a thirty eight the first time around and thirty four the second; Mercer a thirty seven and a thirty five.

The visitors were enthusiastic in their praise of the local course—the water hazards were especially appealing to them.

The results of the matches were: W. B. Humphreys, Tucumcari, defeated W. B. Steckman, Hereford, 2 up. A. Herbst, Hereford, defeated L. W. Loggains, Tucumcari, 4 up. Jim Conwell, Tucumcari, defeated Dow Mercer, Hereford, 1 up. J. J. Clark, Hereford, defeated E. E. Rivers, Tucumcari, 4 up. E. B. Williams, Hereford, defeated P. A. Potter, Tucumcari, 4 up. Frank Marrs, Hereford, defeated F. C. Hannahs, Tucumcari, 7 up. H. K. Fox, Hereford, defeated G. C. Tipton, Tucumcari, 5 up. H. L. Rice, Hereford, defeated J. W. Hull, Tucumcari, 4 up. E. D. Fox, Hereford, defeated C. C. Head, Tucumcari, 6 up.

## CHAUTAQUA CONTINUES LARGE AUDIENCE HEARS MENDELSSOHN QUARTET

CHAUTAQUA PATRONS ANTICIPATE A GREAT MUSICAL TREAT IN GILBERT'S BIG CONCERT BAND PROGRAM

## ALL-AMERICAN BAND ON THURSDAY

Lecturers Make Big Hit With the Young as Well as With Older Folks. Six Cylinder Love Comedy Draws Big Crowd—Junior Chautauqua Enjoyed

The Chautauqua program opened Saturday afternoon with the Kansas City Night Hawks, the Radio Entertainers. The Night Hawks are great jazz artists and play the better grade of jazz music. The concert consisted of violin, banjo, cornet, trombone and vocal solos, and ensemble singing. The evening performance was similar to the afternoon, playing to the audience just as they do in the radio studio. Leo Fitzpatrick, "The Merry Old Chief" gave interesting incidents that happen in the radio studio. Elwood T. Bailey lectured at the night program: Mr. Bailey in his subject, "All Aboard" appealed particularly to the younger generation. There was plenty of humor and real good common sense in his masterly address.

The Marguerite Riner Company appeared with pleasing program Sunday afternoon and evening. Miss Riner's program was original and she has the ability to put over her entertainment of songs and readings in a successful way. Miss Riner was accompanied by Mr. Wilson a pianist and singer. The evening program was assisted by home talent. George H. Bradford lectured, delivering two interesting lectures, Sunday afternoon and evening. Chancellor Bradford held the

attention of the boys as well as his older listeners.

The Mendelssohn quartet on Monday afternoon and evening is a strong feature of the Premier Circuit supplying a distinctly classical program of four artists with violin, cello and piano.

The quartet rendered a classical program from the most tuneful selections from such composers as Beethoven, Brahms, Chopin and Schubert. The program most delightful and filled the wants of a goodly portion of the patrons of the Redpath-Horner Chautauqua. A more distinguished company of artists have never been presented to Premier patrons. Dr. Wierahiko Rawel a native South Sea Islander lectured at the close of the evening. Dr. Rawel illustrated by song and story the habits, beliefs, joys and sorrows of his own people, his lecture was unique and so different than any that has ever appeared on the Chautauqua platform.

The Junior Chautauqua got down to work Monday morning and judging from the laughter, the young folks are having a good time. Miss Wolfe, supervisor is giving special instruction for the Music Memory Contest on the sixth day.

Tuesday's program consisted of the lecturer, Dr. James G. McMurtry in the afternoon. The title of Dr. McMurtry's lecture was "The Twenty Third Psalm." The lecture was valuable for its information about the Holy Land and the deeper meaning, the spiritual import that this psalm conveys to those who listened to Dr. McMurtry. Dr. McMurtry's translation of the Twenty Third Psalm was a powerful sermon.

The players who will stage "Six Cylinder Love" arrived Tuesday morning and a large audience is anticipated. The fifth day, Wednesday include the concert entertainers the Terwilliger-Harper Company and the lecture entitled "Laughter and Life" delivered by Wallace Bruce Ambrosy. Charles Ross Taggart "The Man From Vermont" or better known as the "Old Country Fiddler," will close the evening program.

The sixth day, Thursday, the big musical sensation, Gilbert's All-American Band will play two concerts, the afternoon and evening programs. "Give Us A Band," has been the universal call by the patrons of the Chautauqua, and it is here, a real band of thirty pieces. The band alone will be worth the price of the season ticket.

The seventh day, and last, on Friday, will include a children's entertainment, the Clemens Marionettes both afternoon and evening and lecture by Dr. William T. Ellis in the evening.

"More People—More Farms"

## Jensen Defeats Dutch Mantell In Rough Bout

Thor Jensen of Hereford, the Dutch Mantell of Winfield, Kansas, here Friday night in two straight falls. The first fall coming in twenty five minutes with a figure four body catch and an arm lock; the second in twenty minutes with a body scissors.

This proved to be the roughest wrestling match ever pulled in Hereford. The "Rough House Dutchman" lived up to his name—he made it rough; and Jensen convinced the fans he could be rough when it was necessary. In the preliminary Russell Whitehead threw George Murphy in four and one half minutes with a "flying mare." The boys were wrestling with a five minute limit and at the close of the second round they were both on their feet.

"More People—More Farms"

Clay Angelo and Miss Aline Cash of Frion, Texas drove to Rev. Paul J. Merrill's home and were united in marriage Saturday night May 24. Mr. Angelo is one of Hereford's young and active young men. His friends wish for him and his bride a long and happy future.

## HELP! HELP!!

# RADIO HINTS

Your storage battery can be used for lighting the filaments of 193 tubes by connecting the battery clips to only two of the cells which will give 4 volts, the CORRECT operating voltage. For 1 1/2 volt tubes the clips must only connect 1 cell of the battery. It is advisable, however, to change the clips from one cell to the other every few days, in order to drain the battery evenly. This is recommended when you wish to use dry cell tubes in some experiment.

Don't worry so much about "summer static." Think about your B battery. The trouble may be

there. A voltmeter, reading from 0 to 50 volts should be in your home to test your batteries. Summer heat lowers the life of B battery. When it runs down from heat it gives forth noises which are mistaken for static. Renew the battery and presto! no "static."

A ground clamp or wire cannot be soldered to a water pipe until the water has been drained out of it. Use a prick-point clamp on the water pipe and solder the ground wire to the clamp.

According to the Radio Laboratory of the Washington Bureau of

Standards, No. 14 solid, bare, copper wire, or larger sizes, is best for outdoor antennas. Stranded wire, though stronger, has greater resistance and hence lower signals. Fifty to 150 feet, direct from the set to the highest point available at the distant end is recommended.

As the static season approaches a loop aerial will be found the best. It eliminates static and interference.

# RADIO HINTS

A crystal is a better detector than a tube. That is why crystal detectors are used in most reflex sets and in many other radio frequency sets. A tube is valuable because you get regeneration and amplification at the same time you get detection, which means a louder signal, but the tube is beaten by the crystal when it comes to quality.

Keep the solution of your storage battery at a level of 1/4 inch above the plates, otherwise the plates will corrode and buckle, ruining the cell.

An aerial for a crystal set should be made long, as the crystal has no amplifying power and only picks up

energy imposed on it, not having a local battery to assist it. About 150 feet is best.

A one-tube regenerating set will bring in all the stations that a three-tube set will, the only advantage of a three-tube set being that it will operate a loud speaker. An audio frequency amplifier merely amplifies the signal after the detector has made it audible.

Three dry cells will have to be wired in series for use with the UV-199 and C-299 tubes, and if more cells are added they will have to be wired in parallel to the first three. In the first case, the series

connection will give a voltage of 4 1/2 volts and the amperage of one cell, while the parallel connection added to this will still retain the 4 1/2 volts, but will raise the amperage of each cell added to it.

Don't let your set squeal. Use a copper shield back of the condenser to the ground post. The shield should not touch the condenser shaft, should be square in shape, with an arm running to the ground and shellaced to the panel.

## Amarillo News Letter Misleads as to Fans

The Tuesday morning Amarillo Daily News contained an article under the caption "Hereford Fans Believe Farley Has Cold Feet." On behalf of the Hereford Wrestling Fans we wish to frankly state that this article does not express the sentiment of the fans, and the reference to the Hereford Golf Club is uncalled for and without the sanction of the Club. The article, or letter, which was signed "Hereford Wrestling Fans" follows:

(Wrestling fans of Hereford are of the opinion that Cal Farley is dodging a match with Thor Jensen of that city, according to a letter which has been received by the Daily News from fans at Hereford.)

"We are writing to show you and the Amarillo wrestling fans that the fans of Hereford are very much disappointed in Cal Farley as we have been trying to match Thor Jensen with Farley for the past five months and as yet have had no success" says the letter.

"Farley has agreed several times to meet Jensen, and then go on but it has been impossible to get his signature to a contract. He is meeting men much heavier than Jensen and perhaps as good as Jensen so why will he not give our man a chance?"

"I see now that he is to wrestle Bert Willoughby. Now, just why will he come here and challenge Jensen at the roadside and then go back to Amarillo and make a match with another man. That is something we can't understand unless it is a case of cold feet."

"No doubt I would be rather hard on Amarillo to have our wrestler clean your champion; the Hereford golf club beat your team twice, being that we are such a small town but we wish to say that we have been waiting on Farley for the past five months and anytime he means business he will find Thor Jensen at his service and we will meet him anywhere he cares to wrestle for we crave action."

"Yours for clean sport."

## T. M. Hunter, Old Subscriber Drops Card to Holman

The following is a card from one of our old subscribers, T. M. Hunter. "Mr. Seth B. Holman, Dear Sir: Sorry to hear that you are in the hospital. You should not take everything just because you can get it, you have surely boosted enough for it with our making a practical test by submitting to an operation to prove its value. Josh Billings said: 'Sympathy don't cost nuthin' and ain't worth nuthin.'" but he was off there, I know, ain't I out a cent in cash, beside the bird to send you good luck and good cheer. Even Uncle Sam has the job to carry this message 500 miles or less. "Don't give up the ship" Mr. Holman we can't lose you, stay with the Brand and make it better than ever, we can't get along without it.

R. A. Brand and Family Moved to this City Last Week  
Mr. and Mrs. R. A. Brand and family of South Bend, Texas, arrived here overland the latter part of last week. The Brands are visiting in the home of Mr. Brand's parents, Mr. and Mrs. R. Brand.

## District Court Wind Up Business Until June 11

District court closed with the decision on the case of The Western National Bank vs. Tom Maxwell; judgment for the plaintiff. Judge Lumpkins adjourned court until June 11, when the Grand Jury and the court will convene.

## F. C. Whittaker, Lawrenceville, Ill., Here on Business

F. C. Whittaker of Lawrenceville, Illinois, arrived here Monday morning and was the guest of Messrs. D. L. McDonald and W. B. Neal. Mr. Whittaker owns about a section of land northeast, near the Channah Irrigated farms and was here inspecting his land holdings. Mr. Whittaker left on Tuesday morning for his home.

## Poem by Uncle John

How gladly I welcome the verdant spring onion, that sheds o'er my garden its capable breath. It's good for my cold—or to poultice my bunion, and helps to postpone when I'm flirtin' with death! Its virtues so rare, that I gladly repeat 'em, although they are easy and well understood—I challenge the strongholds of science to beat 'em in uplift, exclusion, perfumery and food! What matter if friends an' companions forsake me, or face t'other way when I foot my bazoo? Of course I'll repent—if my sins overtake me, and set by myself in a far-corner pew. . . . Let neighbors insult me by holdin' their noses, and hintin' that "polecats is on the increase"—the onion don't smell like the otter of roses, but she lends her admirers contentment and peace! And, while I am keard in idyl and lyric, and deftly avoid any statements that clash—I'm quick to repel any mental hysteric that enters my kitchen an' fools with my hash!

## This Week By ARTHUR BRISBANE

### We Spend, Also Save—Full Beard at 4—Why Except Laborers?—Old Men Crave Learning—Money in the Bible

Americans are saving money as never before, and prohibitionists will find comfort and ammunition in that.

Savings bank deposits increased last year one billion one hundred and forty million, a good deal of money, and that's only a small part.

Other hundreds of millions were invested in real estate, bonds, stocks, etc. In the world's history there is nothing like the way in which the American people both SPEND money and SAVE money. Savings average thirty million dollars a day, about thirty cents a day for every man, woman and child—not bad.

Yet you have pessimists predicting hard times and sensible business men actually frightened by their own talk about "a bad Presidential year."

We are indeed "fearfully and wonderfully made," and well may we praise the Lord. What horrible things MIGHT happen if our glands ran wild, as in the case of a little Russian boy four years old. He wears a full beard and has such abnormal power that he wrestles successfully with grown men and must be watched lest he strangle his playmates, having the brain of a child and no realization of power.

Doctors say the unfortunate boy has excessive development of various glands, especially the thyroid.

Marvelously we are balanced, and we should be grateful. At the Equator, temperature 140, or the North Pole, 50 below zero, the temperature of your blood remains the same, not a change of one degree, while outside temperature changes two hundred degrees.

And the earth, that floating hot-house in which you live, sails through frightfully cold ether permanently at "absolute zero," cold inconceivable to us, and we are protected from it.

Washington predicts that postal employees will get an increase of \$300 a year, "all except laborers." WHY except the laborers? Their children eat as much, wear out as many shoes as others. The Government can afford to pay its workers well, and should remember that the child of a laborer may be the most important citizen of the future, and, anyhow, should be well kept.

million average human beings, was the son of a livery stable groom.

The Governor of Connecticut, past fifty, will enter Yale University, to specialize in history and psychology when his term ends, and that is normal. At fifty, men really want knowledge and value it. In early youth they crave exercise and excitement.

In childhood we lock them up in schools, forcing knowledge into them by a pumping process, when they ought to be out of doors. And when they are old we turn them out into the golf fields and let them make geese of themselves, when they really ought to be studying.

The Labor Government of England has abolished all duties on automobiles, motor cycles, moving picture films and watches—and that, in spite of Great Britain's terrific war debt.

This highly intellectual American Republic is planning a tax on radio sets, which is about as intelligent as it would be to tax school books or new ideas. To allow twenty billion dollars' worth of securities to go untaxed and put a tax on human ingenuity is foolish, to put it mildly.

Mason J. Aldrich bought a Bible at auction for twenty-five cents, and found in it two bills, one for \$100, the other for \$2. A wonderful bargain, newspapers call it. But there are better things than \$102 to be found in any Bible. There is salvation, most important, and if you are more interested in money than salvation, as some are, you can even make money by reading the Bible.

Isaiah, Job, the Psalms stimulate the mind, make the brain work. A stimulated mind succeeds, whether in making money, or avoiding sin.

To lend dignity to their bobbed heads," English women wear fillets of green and gold, or little spikes in Goddess of Liberty fashion. The real dignity of a bobbed head, is a well shaped skull. Nothing is more dignified than the symmetrical head of an intelligent woman, bobbed or not. Eventually all women will cut their hair in such fashion as to show the whole forehead, the ears and the shape of the back head. But it will take time to get used to it.

See Gano Hasting for cotton seed. Am leaving my samples with him. Will be out of town about thirty days.  
37-3t B. R. DIXON.

## YOU NEED NOT FAIL

This week's story is that of a hunter who started life without a single chance and who rose to the highest paid executive in the United States in his chosen line. Back in 1881, in the little township of Hornitos, in Mariposa County, California, was born a boy whom his parents named Jay Bruce. Hornitos boasted 142 inhabitants, all farmers and all poor. Two months a year a traveling teacher visited the village and gave instruction, but Jay's family were too poor to be able to spare him even for that short period, and what education he gained was at his mother's knee and by the light of a log fire.

Most of his boyhood was spent in the vicinity of the Yosemite Valley and the Mariposa Big Trees. When he was nineteen he became a pump hand in the Yosemite mines, lived in a company shack, and saved every dollar he earned. Nine years later he started a saw-mill business, operating two mills which he designed and built himself. An accident resulted in blood poisoning, his business failed, and he was wiped out. He was married and had three small children, but no home or job.

Thereafter he tried his hand at eleven kinds of work and failed each time. Mrs. Bruce, with starvation facing the family, urged him to turn lion hunter. The California Fish and Game Commission was offering twenty dollars for each mountain lion killed. So

Bruce became a hunter by necessity. Borrowed books informed him of the habits of lions and their retreats and before that winter had passed he had shot 31 of them and been paid \$1,100. The following spring he was appointed official State mountain lion hunter at a salary of \$3,000 a year.

Since then his salary has been trebled and because his expenses are few his bank account has mounted in the past eight years to six figures and he is a recognized authority on lions.

## YOU NEED NOT FAIL

Forty-four years ago Marcus L. Bell, millionaire vice-president and general counsel of the Chicago, Rock Island and Pacific Railway, was born in the "poor section" of Pine Bluff, Arkansas.

The family was extremely poor. Young Bell started life as an errand boy there. He studied by the light of a kerosene lamp. When he was 15 years old he entered college and worked his way through.

His first "job" was as a teacher of mathematics in a boy's school, at Searcy, Ark. During his spare time he mastered shorthand.

There was an opening for a court stenographer in Pine Bluff, and he begged for the chance. He was given a trial and made good. With this entree into the Court he forged

ahead in his law. In 1902 he was admitted to the Bar and opened a law office over a grocery store.

In 1903, he closed up shop, and working his way to Chicago as a freight handler, he entered the University of Chicago Law School.

Returning to Pine Bluff, he tried real estate law, but made little money. Answering an advertisement in the Chicago Tribune for a stenographer in the Rock Island Railway, he finally secured the position at \$100 a month.

He worked 14 hours a day but received no extra compensation for his labors. In 1909, after having started at the very bottom and climbing step by step, he was chosen Assistant General Attorney of the Road. The following year

he was made General Attorney. In 1914, he was made General Solicitor and put in charge of all the company's litigation. On June 23, 1917, or thirteen years and one day from the day he started as a stenographer, Bell was made Vice-president and General Counsel of the whole Rock Island System, the highest position attainable.

Bell's magnificent home is in Pine Bluff. His advice is: "Never grumble once. Work like the very devil. Save something out of every dollar you make. Be patient."

## Our Neighbors

**WYCHE**  
Too late for last issue

The 32 party was opened last Saturday night, with about forty present. Progressive 42 was played at five tables. Some passed the time visiting, all seemed to have a good time. The hosts and hostesses for the evening were: Messrs G. F. Branson and Gordon Gold and Mesdames Leo Wolfe and R. W. Hough. The next party will be Saturday night, June 7.

Misses Vera, Ruth, Alberta and Ruby Dugan, Mrs. R. W. Hough and daughters visited Mrs. Leslie Roberson, Friday afternoon.

Mrs. B. L. Branson and Mr. Tom Branson, mother and brother of Mr. G. F. Branson, will spend the summer with Mr. and Mrs. G. F. Branson, Mrs. B. L. Branson and son have been visiting in Fort Worth and Dallas, Texas before coming here. Mr. B. L. Branson has been visiting in the Branson home also.

Mr. Sam Hembre called on Mr. J. W. Dugan Tuesday.

Miss Gladys Gold attended the Literary Society at Frio, Saturday evening. She spent the night with Mrs. Oly Blanchars.

Mr. and Mrs. J. C. Williams and family spent Sunday with Mr. and Mrs. John Gilliam.

(Continued on Last Page.)

**Jones & McLean**

**Are your lights Fused or "Pennied"?**

The fire marshal in Houston recently found 900 pennies in houses in the place of regular fuses. They amounted to that many fire hazards. Fuses are used in electric connections so that they will burn out when extra load is placed on the electric wiring either by chance or lack of knowledge of the capacity of the wires.

Examine your fuses and take out pennies and replace with fuses.

It's dangerous.

**Hereford Light & Power Co.**

**Kentucky Celebrates at First U. S. Abbey**

AVOCASTER

The first abbey on the American Continent, the Trappist Monastery, located near New Haven, Kentucky, is the scene this week of a Diamond Jubilee, participated in by many state and church dignitaries from all over the country. The Right Rev. Edmond Obrecht, Abbot of Gethsemani, has served there 25 years. The library is one of the largest and most valuable on the continent. It contains more than one thousand volumes made between the tenth and fourteenth centuries.

—“More People—More Farms”

Miss Elizabeth Corbett arrived home Saturday morning from Freeport, Ill.

Lloyd E. Roberson went to Clovis Saturday morning to rehearse with the Clovis Quartet. Mr. Roberson is a regular member of the Clovis Quartet.

All who are interested in taking summer school work please meet with me at the high school building on Saturday morning at 10:00 o'clock. This preliminary meeting is to estimate the enrollment and subjects and classes to be taught. If the enrollment is large enough, the school will begin Monday following and continue six weeks or possibly eight weeks. The charge will be \$7.50 a course. It is advisable that not more than two courses be taken unless for especially good reasons. As to the place I shall try to accommodate the largest number. I think all classes can be arranged for in the morning hours. High school credit will be given for work satisfactorily done.  
—TRAVIS M. DAMERON.

Mr. and Mrs. Elzie Keith of Amarillo arrived here Monday morning.

Mr. and Mrs. Byron Kimmons and little daughter Jimmie returned to their home in Clovis, Monday morning. Mrs. Kimmons and little daughter spent the week in the J. M. Kimmons home. Mr. Kimmons came Sunday morning.

Miss Millicent Griffith of Burlington Wyoming arrived here Sunday morning.

Misses Lollie and Helen Shore arrived home Monday morning from Clovis.

**COTTON SCHOOL AT LUBBOCK BEGINS JUNE 2nd.**  
Will be located on the second floor of the Howard building, Lubbock, Texas. We teach what the cotton buyer goes up against in every day business—classing, Stapling, how to ship, both domestic and foreign bills of lading, Invoices, Mathematics, etc. For information, write  
J. B. HEARRELL or J. D. JOHNSON

**There Are Bees**  
and there are Grasshoppers. The Bee builds up something and is a worker. He works when he should, the way he should and with good reasoning he saves and builds up a reserve.  
More Bees and fewer Grasshoppers will make our country more prosperous.  
The Western National Bank

D. L. McDonald made a business trip to Amarillo, Monday.

**HAIL INSURANCE ON GROWING CROPS**  
HAIL INSURANCE is as INDISPENSABLE as the crop itself, and we believe that any man who has the ambition and intelligence to grow a crop has the foresight to seek this protection at the proper time and with the PROPER AGENCY.  
HAIL INSURANCE PROTECTION is protection, only, when it is fortified with sufficient funds to pay all losses, and pay them promptly, adequately, and without dispute. The fulfillment of all these important requirements, can best be obtained in OUR OLD LINE FIRE INSURANCE COMPANIES. The companies that have operated in Hereford for thirty years, writing every kind of insurance. Insure your growing crops now through this AGENCY. Notes accepted, payable on or before September 1st. LOSSES PAID IN FIELD BY ADJUSTER.  
**The Hereford Insurance Agency**  
RALPH BARNETT, Mgr.

**The Man WHO GETS AHEAD**  
Is the man with a definite goal in view who has developed the habit of thrift, who is careful of his time, his health, his savings.  
The man who doesn't save is looked upon with suspicion, while the man who does commands respect and is paving the way to a prosperous future. Determine—today's the day to start.
