

FACULTY FOR THE SCHOOLS ANNOUNCED

BOARD IS CAREFUL IN SELECTING THE TEACHERS

The task of selecting a faculty for the Hereford schools for the ensuing year has been completed. There were only a few vacancies to be filled but the Board wanted to be very careful in selecting teachers for those places. Much time, careful consideration and painstaking investigation have been given to this work in order to get the best faculty possible with the salaries paid. The Board feels that its labor and its patience in employing a faculty will be repaid in the service rendered. The faculty should be superior to that of last year as such a large per cent of the teachers will return and those who return should do better work and get better results than they got their first or second year in the local schools. The average of experience has been raised a year or more and there will not be an inexperienced teacher in either school. One degree teacher has been added to the high school faculty, making a total of five teachers in the high school who hold college degrees. This gives a per centage lower than that recommended by the State Department of Education and also lower than that of some other Panhandle towns but improvement along this line is being gradually made.

There will be only six changes from last year in the teaching personnel in both schools. As was announced in these columns a short while ago Mr. C. W. Humble will have charge of the vocational agriculture department in the high school. Miss Arla McClure will have charge of the home economics department and will teach some science classes. The other changes are in the Central school. Mr. W. C. Nunnally will be the principal of that school. He is well prepared for that work both by training and experience, having been superintendent at Gorman for several years. Miss Mattie Mounts will teach departmental history in the upper grades, and needs no introduction to Hereford people. Miss Madeline Bell will have one of the fourth grades. She is a sister of Miss Tallie Bell who has rendered good service in the Hereford schools for a number of years. Mrs. Chris Garrison will return to the position of primary teacher which she filled so well and will add to that work the duties of supervisor of the primary department. She has been away a year studying and observing work in other schools in order to better fit herself for her work in Hereford.

The complete faculty for next year will be as follows: High School—Travis M. Dameron, principal; D. C. Arthur, C. W. Humble, principal; Velma Read, Pauline Halslip, Lella Burrell, Clara Mae Glenn, Inez Jones, Arla McClure; Central School—W. C. Nunnally, Benjah Davis, Frances Fullingim, Mattie Mounts, Mary Lou Roberson, Ella Alkman, Irene Tidenberg, Madeline Bell, Mary Bradley, Mrs. Jas. E. Black, Tallie Bell, Catherine Wilkins, Mrs. Chris Garrison, Mattie Swisher, music; C. H. Dillehay, superintendent.

Mrs. M. E. Turrentine Passes Away July 23

Mrs. M. E. Turrentine, aged 51 years, mother of Mrs. E. W. Harrison and of Dr. Turrentine of this city, died at her residence Wednesday afternoon about six o'clock, after a lingering illness. Funeral services were conducted from the Methodist church Thursday afternoon, July 24, at 4:00 o'clock by the Rev. W. P. Garvin, assisted by the Rev. L. N. Lipscomb of Plainview, interment in the City Cemetery.

A more extended account of the life of Mrs. Turrentine will be given next week.

Fred A. Phillips, Auct., To Reside in Hereford

Hereford has another experienced auctioneer in the person of Fred A. Phillips, who is staying at the C. W. Murray home.

Mr. Phillips was formerly of Benseler, Indiana, and is an experienced cattleman and live stock auctioneer. More recently he has been visiting on the Pacific Coast, but has decided to make Hereford his permanent home and to practice his profession here.

FAIR COMMITTEE ASKS FOR EXHIBITS

In as much as the time is drawing near for the usual fall fairs and exhibitions over the country, Deaf Smith county should be alert to attain the place she rightfully deserves in the agricultural and live stock schedule.

The Chamber of Commerce is fostering our activities along this line and it is proposed to have a one day display here of exhibits just about two or three days before the Amarillo-Tri-State Fair; then such articles as are needed, will be collected and carried on to Amarillo, and perhaps to Dallas and Lubbock.

The Chamber of Commerce will offer prizes for articles displayed here for the day preceding the out of town fairs, so we feel that it is doubly worth while for each individual to do his level best to produce something a little better than the other fellow.

Publicity is all that we need to demonstrate the fact that we have as good country as the Texas Panhandle affords and we feel that the channel as suggested by the County Fair or general exhibit is the very best way to let the outside world know the truth about us. Too, the getting together and talking things over will do us good and we will feel more in unison to have the closer touch once a year at least.

A schedule of prizes offered by our local Commercial organization will be published within the next week or so, and this will give something definite to work to.

The Committee will be glad to give any information or advice that is possible to give.

A. M. JONES, Chairman.
J. B. JONES
J. S. JONES.

Over 3000 Jack Rabbits Killed For the Bounty

A grand total of 3087 Jack Rabbits have been sent to the Rabbits Happy Grazing Grounds within the past few days by determined hunters of Deaf Smith county, following the offering of a bonus of ten cents per head for them by the commissioners court. It has looked like every gun in the county has been operating, and the slaughter of the long legged varmints has been steady and rapid.

C. C. Ferguson, Jr., holds the individual record to date for numbers brought in, with 213. George McMahon and John Cunningham have the highest record, working together, with 784.

There is no limit so far on the offer of the court as to the bounty. The court will issue a stop order on the ten cents bonus when it believes the rabbits have been thinned out enough.

Allen Trades in Two Houses For Two Tracts Land

E. V. Allen, who recently returned from California, where his wife and son remained, is making arrangements to leave again, after turning two good trades in a very short time. He traded his house situated on the corner north of the Baptist church to C. H. Dyar for a half section of land, and the adjoining house east of the first one to J. F. McMillan for another half section. He gave some cash in the trade, it is understood. The two pieces of land are situated about five miles apart in the Kelso neighborhood.

Mr. Allen will go to his farm in Oklahoma soon and from there will go to rejoin his family in California.

Tanned and burned from their two weeks camp life on the Gulf Coast, Hereford's company of National Guardsmen returned to their homes here last Monday in good spirits. No casualties were reported as a result of the outing and the boys all report a good time and a fine outing.

Amarillo Golfers Beaten in Tight Matches Sunday

The Hillcrest Golf Club of Amarillo sent down a team of fifteen players last Sunday for the fourth contest between this organization and the Hereford players. Hereford won nine out of the fifteen contests, but it was a real battle throughout and the winner was not known definitely until late in the afternoon.

Three extra hole contests were played, Jim Clark being forced to go twenty holes to eliminate his man, while Harry Rice and Edward Foster both battled through the almost math green before giving up the ghost.

Some of the best golf seen here yet was on display Sunday. Several of the Amarillo players brought their families with them. Next Sunday the Tucumcari team will be entertained here, and it is probable that the Hereford men will go to Lubbock soon. The results of the contests Sunday follow:

- W. Sikes, Amarillo, defeated A. Herbst, Hereford, 4 up.
- J. W. Satterwhite, Amarillo, defeated Dow Mercer, Hereford, 2 up.
- W. W. Woolsey, Amarillo, defeated Braek Williams, Hereford, 3 up.
- Jim Clark, Hereford, defeated Gean Howe, Amarillo, 1 up, 20 holes.
- A. A. Foster, Hereford, defeated H. G. McGhee, Amarillo, 2 up.
- B. F. Marrs, Hereford, defeated H. E. Samson, Amarillo, 6 up.
- C. C. Acker, Hereford, defeated T. Deaver, Amarillo, 6 up.
- W. R. Steckman, Hereford, defeated C. L. Baskett, Amarillo, 2 up.
- E. D. Fox, Hereford, defeated J. H. Kroff, Amarillo, 7 up.
- W. C. Russell, Hereford, defeated R. M. Rose, Amarillo, 6 up.
- P. S. Olds, Amarillo, defeated L. H. Foster, Hereford, 1 up, 19 holes.
- H. M. Reed, Amarillo, defeated Henry Wilkinson, Hereford, 7 up.
- H. K. Fox, Hereford, defeated J. E. Clements, Amarillo, 6 up.
- W. K. Chandler, Amarillo, defeated H. E. Rice, Hereford, 1 up, 19 holes.
- L. W. Hough, Hereford, defeated J. D. McClure, Amarillo, 4 up.

The local tournament is now on its second lap and going strong. The pairings for the second round show:

Steckman vs. Price, Foster vs. Foster, Herbst vs. Russell, Clark vs. Ramsey, Williams vs. Acker, Garrison vs. Hastings, Johnathan Pitman vs. Rice.

A meeting of the Golf Club was called for Thursday night, when matters of concern to the organization will be discussed.

John McLean is The Last Victim Of Appendicitis

John McLean, proprietor of the Corner Drug Store, was stricken with acute appendicitis last Thursday night and was operated on at the Hereford Sanitarium Friday morning. Dr. Lumpkin of Amarillo assisting Drs. LeGrand and Hicks in the work. Mr. McLean came through the ordeal nicely and is now reported to be practically out of danger.

Out-of-town relatives called here by Mr. Phillips think because of the high grade of live stock found around Hereford that a course in agriculture is peculiarly fitted to this community. He expects the students to manifest a great interest in live stock judging. The twenty odd schools where this subject is taught in this section of West Texas hold a stock judging contest at Canyon every year under Mr. Phillips' direction and in speaking of this contest, he expressed a belief that boys from a community which offers the class of live stock as Hereford would rank high in the next contest. Prof. Phillips spoke in the highest praise of the work which Prof. Humble did while a teacher in the Texline schools.

Edward P. Price, Wife And Baby Arrive Here

Mr. and Mrs. Edward P. Price, and baby daughter, Nina Jane, drove in Saturday for a visit with Mr. Price's father, P. W. Price, after a six weeks' automobile trip from Seattle, Washington, via the Grand Canyon and Colorado points. Mr. Price is a teacher in the University of Washington, at Seattle.

Hereford's Quietest Year For Election

This has been probably the quietest election season in years in Hereford. The only contested places on the local ballot are the races for county judge and commissioners for precinct number two. Old man General Apaty seems to be in command of the situation and unless some interest is awakened at the last moment the voting will be light for a primary election.

Spring is Late In Alaska, Says Brand's Reader

The Brand's Alaska subscriber, Joseph T. Bauer, who lives on an island in the far north and gets his mail at Chichagof, Alaska, has again been heard from. Mr. Bauer writes an interesting letter every year to Mr. Parker, who looks after Mr. Bauer's land in Deaf Smith county. His letter, dated May 3, follows:

"Your letter with the tax receipt at hand; many thanks for your kindness in setting the matter. I am enclosing a P. M. O. from which please deduct the amount you advanced in paying up the taxes and also pay the prairie dog tax that the sheriff has assessed against my land. I enclose his statement.

"Are the skins of the dogs of no value? I should think they would bring as much as muskrats, at least.

"Oh, yes, for the balance of money left please subscribe for the Hereford paper for me and if any balance leave it on deposit.

"Spring is very backward here. Our severest winter weather came in March and April. It consisted of a heavy fall of snow. It is still a great many feet above the timber line, so prospecting and development work on the mines is retarded, but we expect to start operation next month on our claims again.

"The work is very slow as we are hampered for sufficient capital to put in machinery and so have to do all work by hand until we can uncover enough ore to interest capital in it.

"But we expect to do so some time; meanwhile we enjoy the work for I guess prospecting after all is the most interesting work that one can work at. At least there are dreams or hopes of success, while in ordinary work the chances of ever getting a fortune are not so alluring, at least.

"My garden is all planted and things are coming up and look nice and green. Two of my wild domesticated geese are setting, so with luck I will have quite a bunch of them this fall.

"Trusting you will have good crops this year, and that I will be able to sell half of my half section for enough to buy some machinery for our mine, with best regards to Mr. Miller and your family."

Prof. Phillips is Glad to See New Work in School

Prof. Frank R. Phillips of Canyon was in town Thursday. Speaking of the new Vocational Agricultural Course which has recently been added to the high school he said:

"I am glad that the boys of the Hereford community are going to have an opportunity to study vocational agriculture here. This means that they will still get their training in wood work, but in addition they will get information about live stock that will help them in after life. Our fathers gained their live stock knowledge from working twelve to eighteen hours per day on the open range. Unless we do teach this subject in our public schools, I fail to see where West Texas men of the future will get such training."

Mr. Phillips thinks because of the high grade of live stock found around Hereford that a course in agriculture is peculiarly fitted to this community. He expects the students to manifest a great interest in live stock judging. The twenty odd schools where this subject is taught in this section of West Texas hold a stock judging contest at Canyon every year under Mr. Phillips' direction and in speaking of this contest, he expressed a belief that boys from a community which offers the class of live stock as Hereford would rank high in the next contest. Prof. Phillips spoke in the highest praise of the work which Prof. Humble did while a teacher in the Texline schools.

J. Z. Isler, Cameron, N. M. Raises 4,000 Bu. Wheat

J. Z. Isler, of Cameron, N. M., was in Hereford this week several times with wheat from his 800 acres farm across the line. Mr. Isler, who is just sixty years of age, made 4,000 bushels of wheat on 300 acres, with no help other than his wife and the wheat maturing without any rain on it whatever since last fall. He made as high as thirty bushels per acre on portions of the crop.

Mr. Isler says give him another crop like this and he will pay all his debts and retire.

Section of Land Here Actually Sold for Cash!

The first real cash land sale that has been reported in ages was recorded last week, when Roy Wagner, who is now on the Conkright ranch, purchased a section of land twelve miles north of Hereford from Alvin C. Thompson and Fred Millard, paying \$21.00 per acre for the place.

The fact has some improvements on it now and it is understood that Mr. Wagner intends to add a lot more and farm on an extensive scale the coming year.

Good Crowd Hears New Agricultural Teacher Monday

C. W. Humble, new vocational agriculture teacher in the public schools, told the diners at the Chamber of Commerce luncheon at the Stockman's Hotel Monday of the details of his work. Mr. Humble outlined the financing project, involving funds from Uncle Sam, the State, and the school district. He told something of the kind of work taught and said that in addition to the schoolroom instruction each pupil was required to have some home project, such as a bunch of chickens, a few hogs, a dairy cow or two, with which to carry out practical work during the year. Mr. Humble was given close attention by the business men present, who were much interested. He offered his services to the farmers, as far as he may be able to do, in such time as he has to spare from his school duties, and announced he would boost for Hereford and would join the Chamber of Commerce to that end.

Mr. Rafferty, Amarillo News representative, made a very brief address, expressing his appreciation of Hereford and this neighborhood and asking cooperation on the part of the people with Amarillo's efforts to make a real fair this year.

A. M. Jones, chairman of the Fair committee, reported some progress made in preparing exhibits for the fall fairs, and said extra efforts would be made at once to get up more steam along this line.

It was a good meeting, with over twenty business men present. Next Monday the lunch will be held at the Cordova Hotel.

Clifford Braly Is Confident of His Relection

Clifford Braly and Lon C. McCrooy of Dalhart, were visitors Thursday. The genial District Attorney, who is a candidate for reelection, was calling on his friends for support and aid in the balloting next Saturday. His friend, McCrooy, was lending splendid assistance in the battle for ballots.

Mr. Braly has a host of friends in this community who believe he is in little real danger and will come through for reelection in easy fashion.

Williams Bros. Ride in Rodeo at Las Vegas, N. M.

"Skeeter Bill" and Jack Williams, sons of Mrs. E. J. Williams of Hereford, made quite an impression as riders and all-around cowboys during the Twelfth Annual Reunion at Las Vegas, N. Mex., July 4, according to the Las Vegas papers. The Optic says: "Skeeter Bill Williams, one of the finest all-around contestants at the Reunion this year, did some pretty work at trick riding. Skeeter stood on his head in the saddle, stood up on both feet in the saddle without holding onto his bridle, and went over the horse and back again in flying leaps." Jake Williams distinguished himself in the steer riding contests.

Both these boys were raised here and are well known to the people of this section.

Cotton Has Blooms on July 14, Gatlin Farm

Cotton planted on the Gatlin place, two miles south of town, during the first week in May was blooming on July 14. The Brand is informed.

Mr. Gatlin has thirty five acres, good stand, free of weeds, and it was planted on the level. Nothing but home seed was used in planting.

LOCAL P. O. GIVES BETTER SERVICE

WINDOW OPEN AT 8 AND CLOSSES AT 6:00 P. M.

A more modern type of service be with Thursday morning at the Hereford postoffice. Beginning Thursday the window will be open hereafter between the hours of eight a. m. and p. m., except on holidays and Sundays. This is real service that will greatly appreciated by every one gets mail through this postoffice. Postmaster Wear began negotiating for this feature as soon as he saw office, and has just been authorized but the new service into effect.

Mr. Wear suggests to the postoffice patrons that packages be brought for sending in the afternoon, and registered mail can now be handled the forenoon, something impossible before this.

Best Picture at Star Ever Seen Here, is Believed

"The best picture we have ever seen in Hereford" is the way the management of the Star Theatre describes cosmopolitan picture "Little Old New York" starring Marion Davies, who comes to the Star Friday and Saturday nights, July 25 and 26. This picture is a very costly one and is a "top notch" production.

Marion Davies has a unique part in this play. The young girl Patricia O'Day, the little Irish girl, comes to America and marries a boy. The role of a boy is difficult best for any girl to assume. Mrs. Dora and Maude Adams are among very few actresses who have attempted such a part and carried it out successfully. Let a woman of too robust proportions don the masculine garb and she simply becomes ludicrous, matter how fine her acting ability. Let a woman of slender grace assume such a part and it is usually made by over-acting, too much of a bit and a swagger.

It has remained for Marion Davies to add another distinctive "boy" to screen annals. She makes of "a" a manly, plucky little chap who still lovable and appealing. She not overdo the part, but invests it with a touch of delight and subtle comedy which marks her characterization a great achievement. "Pat" fights the rowdies of the neighborhood, keeps a loyal, tender heart—a woman's heart—for Larry, "Pat" keeps a beating, which is one of the dramatic climaxes of the picture, all for sake of the man she loves.

Beaver Bros. Install Ladies' Rest Room

Beaver Brothers are busy this installing a Ladies' Rest Room in Dodge Service Station and Garage West Third street. Automobiles to over the South West Trail is in demand for this service grown to such proportions that enterprising young business men preparing to meet it at once.

Wilson Bros., Pilot Point Arrive Here Thursday

Don and Frank Wilson, brother Pilot Point, Texas, dropped into Hereford Thursday and spent twenty hours here visiting Charles Dora relative, and George Cloyd, a friend. Their father, F. S. Wilson was Mr. Cloyd's partner in the market business before his removal to the plains. The two men, who were on a vacation in their car, left Friday home via Plainview.

Hereford Men Attend Summer Session at U

Richard L. Ward and George Baugh of Hereford are in Los Angeles attending the six weeks' summer session of the University of Southern California. Mr. Stambaugh is three courses in Economics, a natural economics, corporation and foreign trade.

From Neighboring Towns

JOEL

Mr. and Mrs. J. C. Deckleman and little daughter, Mary Anna, of Eldorado, Kansas, have been visiting in the Edd Botts home the past week. They made the trip in their car.

Once again the stork has visited this neighborhood, leaving a fine baby boy at the Alfred May home June 15. Mother and child doing well.

Lewis Smith has been suffering from a dislocated knee joint and running a combine at the same time the past week.

Miss Addine Hastings of Hereford spent the past week with her friend, Edora Smith.

The W. T. Smith family spent the day Sunday in town with their daughter, Mrs. John Renfro.

Frank Dougal, a student of Clarendon College, visited Orlan Sharp over the week end.

Mrs. Walter London has been having a visit from her mother of Dimmitt, also her sister of Electra.

Mr. and Mrs. Lee Conklin visited with Mrs. Conklin's sister, Mrs. Otto Swensen, Sunday.

Mr. Odum and O. L. Sharp have been baling alfalfa hay the past week.

Madams Walker and Slagle visited Mrs. W. T. Smith one day last week.

Lee Conklin loaded out a car of oats Friday at Joel.

Mr. and Mrs. Lester Galley attended Sunday school at Progressive Sunday.

(Too Late For Last Week)

Judge Gough and wife were in the neighborhood on business Wednesday.

Mrs. Lester Galley was agreeably surprised one day last week when her uncle, Grant Belus, and wife and daughter and daughter-in-law and three children came to visit her. They lost their crop and garden in the recent hail storm, also turkeys and chickens.

Lee Conklin has sold his row crop and alfalfa to a Mr. Odum of Johnston county. Mr. Odum is living in the small house on the farm and cultivating his crop. He is also cutting the alfalfa.

Troy Womble had his two combines cutting W. T. Smith's crop Monday, and moved to Lee Conklin's Tuesday. That makes three combines in the Conklin field, as the Kurtsinger Bros. have been cutting since Saturday. An unusual sight for this county to see three combines all at work at once in one field.

John Purcell was very sick Monday and the Doctor was there twice. It was bronchial trouble. Monday night the report was that he was better.

George Conklin is going to farm in earnest now as he has purchased an International tractor.

Cyrus and Walter Galley are away from home this week working for O. L. Sharp and Lee Conklin.

Edd Botts purchased a Case tractor to run his combine. The engine they had been trying to pull the combine with lacked power—hence the purchase of a new tractor.

A little dog came to Lester Galley and seems to be well satisfied and in-

tends to make that his home. He seems very much attached to the young son, Charles. The right kind of a dog is a boy's best playmate.

BIG SQUARE

(Too Late For Last Week)

Sunday, July 13, was the regular preaching service. There was a large crowd at all the services of the day, especially the preaching. It has been definitely decided to hold a union meeting in August, the two communities, Big Square and Bethel, uniting and building an arbor in the center of Mr. Lambert's ranch. This will be convenient for both places.

Mrs. Will Wyer attended the singing convention at Muleshoe Sunday.

Messrs. and Mesdames Loyal and Vern Lust and Vern Houston last drove to Hart Sunday to spend the day with Mr. and Mrs. Earl Lust.

Mr. and Mrs. Earl Lust are the proud parents of an eight pound baby girl, born July 11. They have named the young lady Mary Erline. Mrs. Vern Lust is spending a few days with her sister.

Mr. and Mrs. Roy Haberer and small son were dinner guests of Mr. and Mrs. Herman Haberer Sunday.

Mrs. Hail Woods was taken to the Sanitarium last week, where she was operated on for appendicitis.

Messrs. Herman Haberer and Ham Lambert made a business trip to Hereford Saturday morning.

SIMS COMMUNITY

(Too Late For Last Week)

Mrs. B. F. Oats made a trip to Adrian Tuesday morning, and spent the afternoon with her niece, Mrs. R. L. Ferguson.

Judge W. E. Dameron and Joe Singleton of Hereford were in our community last Tuesday. Judge Dameron was electioneering. They took dinner in the Reed home.

Al Phillips of Rail H ranch, returned from Benjamin, Texas, last Monday, where he visited relatives and spent the Fourth. A brother of Mr. Phillips returned with him and will visit awhile.

Temple Lynch made a business trip to New Mexico last Wednesday.

Mrs. E. T. Whitten transacted business in Adrian Tuesday morning.

Mr. and Mrs. John Rector of the John Scott ranch are enjoying a visit from their mothers just now.

John Scott and son of Decatur, Tex., were in our community this week looking after business interests here. Mr. Scott bought several sections of land in our locality a few months ago.

We are still needing rain for row crops.

Troy Helfner, living near Adrian, is on the sick list; we hope for him a speedy recovery.

After visiting three weeks with her daughter, Mrs. T. W. Lynch, Mrs. Oats left Saturday morning for her home near Decatur, Texas.

Farmers are very busy just now harvesting their small grain crop. Some claim they are making from twenty to thirty bushels of wheat per acre.

Good Printing at the Brand

ARNEY-BLUE RIDGE

Mrs. Moore, of Oton, who is representing the Rawleigh business, was in our community Thursday.

Walter Morris was a pleasant caller at his brother's home, J. E. Morris, last Wednesday.

Mrs. Charles Cox and two daughters, Laura and Beulah, were shopping in Nazareth Saturday.

Mr. and Mrs. Homer E. Ferguson, Mrs. Maud Crowlee, all of Dallas, and Mable and Jeanette Taylor were in Nazareth Saturday.

Mrs. L. G. Hutson and her mother in law, Mrs. J. P. Hutson were in Nazareth one day last week on very important business.

Mr. and Mrs. Floyd W. Fortner visited in the home of Mrs. Fortner's parents, Mr. and Mrs. S. J. Taylor, on last Tuesday evening.

Jennette Taylor was in Nazareth on business last Wednesday.

Mr. and Mrs. Homer E. Ferguson and Mrs. Maud Crowlee of Dallas visited at the S. J. Taylor ranch from Thursday night until Monday morning. While there they set up a nice little camp and enjoyed being out in the open air. They say that the weather is so much cooler here than down at Dallas. They left Monday morning for their homes.

Mrs. S. J. Taylor and daughter, Lillian, were business callers in Nazareth Thursday morning.

Hayne Slaton and Miss Leota Hutson visited at the home of S. J. Taylor last Sunday.

John Terrell was a business caller at the S. J. Taylor home last week.

Walter Morris had a run away Wednesday with a wagon and team. Nothing was damaged except his wagon.

FRIONA

Miss Lucy Goodwine returned home from Denton, Texas, the latter part of last week. She has been teaching history during the past year in the North Texas Teachers College at Denton. Miss Goodwine has not yet fully decided where she will teach during the coming year.

The machinery for the new gin arrived on the track here last week and we understand the work of installing will begin soon. The building has been in readiness for several weeks.

Next Saturday (Primary Day) promises to be quite interesting here and at the other towns in the county. There are two or more candidates for each of the county offices except sheriff.

FOR OVER 200 YEARS

haarlem oil has been a world-wide remedy for kidney, liver and bladder disorders, rheumatism, lumbago and uric acid conditions.

correct internal troubles, stimulate vital organs. Three sizes. All druggists. Insist on the original genuine GOLD MEDAL.

and each candidate has a goodly following of voters who will be anxious to see their favorites elected.

The wheat that has been threshed in this locality is ranging from 15 to 30 bushels per acre, with perhaps an average of twenty or better. Row crops are looking well and farmers are busy exterminating the heavy crop of noxious weeds that has sprung up since the rains.

The new Methodist church building is rapidly nearing completion and the congregation hopes soon to occupy it for regular services. Layman G. A. F. Parker of Hereford occupied the M. E. pulpit at the school house Sunday and preached to a good sized audience.

Rev. Maris, pastor of the Crawford Congregational Church of Chicago, preached the morning sermon at the Congregational church here Sunday. The pastor, Rev. Douglas, preached at the evening service.

The growing of sweet clover is becoming a "fad" with some of the farmers here, and it is a fad which all our farmers will do well to take up. As a rich permanent pasture it is perhaps unexcelled. In this soil seed inoculation is unnecessary and the plant grows luxuriantly.

Only one more teacher remains to be hired for our school. Miss Mary Hicks of Hereford has been secured as History-Spanish teacher, and Mr. Bryon Durham of Canyon has been engaged as Manual training teacher. Both these young people come to us well recommended and the Board feels it is quite fortunate in securing their services.

SUMMERFIELD

The farmers are still very busy trying to save their crops.

W. P. McMinn, who makes his home with his mother, Mrs. J. F. Ward, was out looking over his farm interests and visiting with his children.

The W. M. U. met with Mrs. Wilson, of Black, last Thursday, July 17. There was a good number out, and nice refreshments were enjoyed by all.

Mr. and Mrs. Elmer Suttles, who have been visiting in the home of relatives, have contracted furnished rooms in Hereford and are now occupying them.

W. P. McMinn spent the week end with the daughter, Mrs. J. E. Robinson, of Canyon.

Miss Verba Suttles of Elmas, Okla., arrived here Sunday morning and expects to spend several weeks visiting in the home of her brothers, Messrs. Suster and Elmer Suttles.

Mr. and Mrs. A. F. McMinn and baby motored to Bovina, where Mr. McMinn preached.

Mrs. Annie Ramsey has been teaching a training course in Bovina and she accompanied Mr. and Mrs. McMinn to Hereford, where she is teaching a training course this week.

(Continued on Page Three.)

HAVE YOU A RACK BACK?

Then the Advice of This Hereford Resident Will Interest You.

Does your back ache night and day? Hinder work; destroy your rest? Are you tortured with stabs? When you stoop, lift or bend? Then likely your kidneys are weak. More troubles may soon appear. Headaches, dizziness, nervousness. Or uric acid and its ills.

Help your weakened kidneys with stimulant diuretic.

Use Doan's Pills.

Read this Hereford testimony: Mrs. G. M. Suggs, Hereford, says: "My kidneys acted irregularly. I had sharp, cutting pains in the small of my back, which bothered me a good deal when doing my housework. When I stopped, my back was so sore and stiff I could hardly straighten. I had headaches and dizzy spells and I felt weak and tired easily. Doan's Pills were suggested to me. I am glad to say that they soon cured me of the attack."

**Letter From Castro
Agriculture Teacher**

To the People of Castro County
Columbia, Mo., July 15, 1924.

Dear Friends:
I am sure quite a number of you know that I am here in the University of Missouri and what I am here for. But for the benefit of those that do not, let me say that I am here in the summer school doing my very best to cull out and select some of the very best methods of doing things found in this great institution of learning. It is my desire to bring the best I can find to the people of Castro county. I am convinced that Castro county and surrounding territory is one of the greatest agricultural sections in the United States. Without hesitating I most say that in my opinion her future is bright and only a course of time can prove to us what great things are held in store for those who are faithful and willing to labor and wait.

I will return about August 1st, and take up my work in the community. The time will soon be here for culling poultry and I think every flock in the county should be culled and get rid of the non-producers.

Every person who wants your flock of poultry culled, please leave your name and size of flock on a slip of paper with Judge Woodlee at the court house.

Feed your poultry well and the culling can be done effectively.

With best regards to all and hoping to see you soon.

Respectfully yours,

M. R. AVERY.

SUMMERFIELD
(Continued from Page 2).

Van Lance and son of Chillicothe and daughter, Mrs. Myers, of Waxahatchie, and Mrs. Woolser are visiting in the Lance and Woolser homes.

E. V. Allen of Los Angeles, Calif., spent July 15 in the home of W. J. McMinn.

A beautiful wedding was solemnized in the home of the brides parents, Mr. and Mrs. J. E. Roberson at Canyon, Texas, Sunday, July 20 at 3 o'clock, when Miss Lela Roberson and Mr. Britt Clark were united in the happy bonds of matrimony. The ceremony was pronounced by Rev. McDonald, an ex-student of Canyon Normal and class mate of Miss Lela. The bride was gowned in a beautiful Harding blue canton crepe. The many relatives and friends of this promising couple extends to them "happy congratulations." The groom, Mr. Clark, came from Pittsburg, Texas, near a year ago and is farming west of Summerfield. He is a promising young man and was fortunate enough to come along in due season to win for his future companion one of our choicest young ladies. Miss Lela has lived near Summerfield since a small child and attended school here. She graduated from Hereford High school in 1921, and has been attending Canyon Normal the years since until last year, when she taught the primary grades at Summerfield. The children and their parents have learned to love and appreciate her more since being in the school room and more closely associated with her. Mr. and Mrs. Clark are visiting relatives now, and shall leave in a few weeks for East Texas to visit and probably live for awhile.

There were a number of relatives who motored overland to Canyon Sunday to attend the wedding.

Those present were: Mr. and Mrs. George Story and son, Mrs. Leland McMinn, son and daughter, Mr. and Mrs. J. B. McMinn, son and daughter, Mr. and Mrs. J. F. Ward and son, Mr. and Mrs. W. J. McMinn a daughter, Mr. and Mrs. A. F. McMinn and baby, Mr. W. P. McMinn, Messrs. S. P. and Berry McMinn of Childress, Texas, and a number of friends of Canyon were also present.

After the ceremony was performed nice refreshments were served, and a shower of presents and congratulations to the newly weds.

BETHEL

(Too Late For Last Week)

We had a good crowd at Sunday School—most all the members were present and there were two visitors besides Rev. and Mrs. Monroe. We were very glad to have our superintendent, Mr. Kimbal, and his family with us again. The Kambals have been waiting to have their quarantine raised.

Sunday, Rev. Monroe's preaching day, there was a good attendance at both services. It has been decided to join Big Square in a union revival meeting in August.

Mrs. K. Roberts and Jim Bagwell were shopping in Hereford Saturday. The ladies at dinner with Mr. and Mrs. Henry Allman.

Mr. and Mrs. Loyal Lust spent Sunday visiting in Hart with Mr. and Mrs. Earl Lust.

Rev. and Mrs. Monroe were dinner guests of Mr. and Mrs. Clayton Williams Sunday.

The small son of Mr. and Mrs. John Smith suffered a painful accident Saturday by running a silver under his toe nail. He was taken to Dr. Miller but it was thought best not to remove the splinter until it festered.

Mr. and Mrs. Boyd Kimbal and family spent Sunday in the E. R. Rothwell home.

Miss Phylla Williams and Mr. Leo Williams, sister and brother of Mrs. Jim Bagwell, spent Saturday night in the Bagwell home. They returned to their home in Floyd county Sunday, taking Misses Christene and Grace Bagwell with them for a weeks visit.

Mrs. Ed Smith had as dinner guests Sunday Mr. and Mrs. Ham Lambert and family.

Boyd Kimbal is driving a nice Overland Sedan he has recently traded for.

Ray Cowser spent Saturday night and Sunday visiting in the home of his parents in Dimmitt.

Mr. and Mrs. Wirt Phillips and family spent Sunday and Sunday night in Hereford.

Miss Helen Sisk returned Sunday to her home in Hereford after a weeks visit in the home of her sister.

The following families enjoyed an afternoon and evening at Sola Lake Sunday: Mrs. Ed Smith, Leland and Miss Evelyn, Messrs. and Mesdames Irvin Hamilton an Ham Lambert and family, Messrs and Mesdames Roy and Herman Haberer, John, Art and Johnnie Haberer and Miss Ruth Haberer. The afternoon was spent in wading and swimming, after which supper consisting of fried chicken and all that goes to make a picnic lunch all that it should be enjoyed. The party returned in time to attend church services at Big Square.

Mrs. Taylor of Amarillo spent Monday in the home of Mrs. Ed Smith. Ray Showalter made a business trip to Dimmitt Tuesday.

WYCHE ITEMS

There were sixty-one present Sunday at Sunday school. Come again next Sunday.

We will have Singing Sunday night, July 27.

J. W. Dugan and family motored over to Wildorado Sunday and visited with Mr. and Mrs. Clem Dugan.

Mrs. Jack Lawson has been very ill the past week.

Relatives are visiting in the C. C. Cook home this week.

Mr. and Mrs. J. A. Wear of Hereford were dinner guests of Mr. and Mrs. Leo Wolfe Sunday.

The "42" was well attended Saturday night. There was not standing room in the school house for the crowd. A play was rendered by the "Old Maids." The quartette from Frio was certainly appreciated, they sang two very pretty songs. Last, but not least, was the special music given by Messrs. Lindsey and Hough. Mr. Lindsey played his violin and Mr. Hough took his place at the piano. Those who failed to attend missed a real treat, for the reading given by Miss Bruce Brady could not have been given any better and was greatly enjoyed by all. After the program seven tables were arranged for playing progressive "42." Mesdames Blythe, Doyle Rose and Henry Allman received eight scores a piece, but in the draw Mrs. Doyle Rose received the prize for her high score for the ladies, and Jim Sanders led for the men. He also received a prize—a set of dominoes. The evening was well spent and all had a nice time.

The visitors from Frio who attended the "42" were Messrs. and Mesdames Bob Knox, E. V. Sullivan, Keith Hunter, Henry Allman, J. J. Lindsey and Claude Blanchard. Come back August 2 and bring some one with you.

Mr. and Mrs. Lee Satterwhite of Amarillo spent Sunday with Mr. and Mrs. J. C. Sanders.

Mrs. M. C. Morrow and daughter, Miss Rowena, and two sons, Herman and Elton, of Hughes Spring arrived here Friday morning and are visiting in the R. L. Elliston home.

Mr. and Mrs. Decker, Mr. and Mrs. L. M. Applegate and their families and all the young folks of this neighborhood spent Sunday with Mr. and Mrs. J. C. Williams and family.

Miss Ester Schultz visited the "42" Saturday night.

Mrs. L. R. Brady and Miss Bruce spent Sunday with Mr. and Mrs. Doyle Rose.

Mr. and Mrs. R. W. Hough, Mr. and Mrs. J. J. Clayton and their families were dinner guests in the E. M. Cox home last Sunday.

R. L. Elliston and sons, Noth and Victor, went plumping Thursday and returned Friday with ten bushels of plums.

FRIO - EASTER ITEMS

This community has again been visited by a good rain which means a good row crop for this fall. Most every one is through harvesting.

Mrs. Henry Allman and Mrs. Bob Knox visited Friday afternoon with Mrs. Jim Bagwell of Bethel community.

The Methodist revival will begin next Sunday morning. Sunday school will be held at 10:00 a. m., instead of 2:30 p. m. Bro. Walker will conduct the services. Everybody come.

Joe, Enos and Claude Sullivan of Sanger, Texas, are visiting in the home of W. J. Sullivan.

Mr. and Mrs. Bob Knox and Mr. and Mrs. E. V. Sullivan attended the

social at Wyche school house Saturday night.

Mrs. Estes' Sunday school class enjoyed a chicken fry at the home of Mr. and Mrs. Carl Frye last Saturday night. The evening was spent in frying chickens and playing out door games. At a late hour supper was served to the following guests: Misses S. T. and Nannie Fields, Lily Mae and Eddie Lee Allen, Zelma, Eva, and Maurine Sullenger, Helen Storey, Ernestine Huckert, Laika and Loma Woodburn of Dimmitt, Leo Elder of Dimmitt, Miss Viola Nunn of Hereford, Ina Sullivan; Messrs. Finis and Sam Hunter, Bill Smith, Owen Stagner, Joe Storey, Charlie Huckert, Aaron Judd, Jesse Laughlin, Tom Sanders, Verna, Shelby Webber, Bob and Lynn Aze, Mr. Elders of Dimmitt, Clem Gilliam.

Mr. and Mrs. W. J. Sullivan and guests visited in the home of Mrs. Emma Sorrels, at Grady, N. Mex., last Monday.

Mr. and Mrs. W. E. Williams and family of Floydado visited Sunday and Sunday night in the home of their daughter, Mrs. Henry Allman. Mr. and Mrs. Williams have gone for a visit to their old home in Illinois. They are making an overland trip.

Henry Taylor is champion fiddler of Missouri.

Your Smallest Expense

Look over that sheaf of bills for last month—or any month.

What did you buy that was worth as much to you or had as many uses—as telephone service?

That necessary service cost you relatively little, but the bills will show that you paid out dollars for things that were not essential to your welfare.

If telephone service should cost you many more dollars each month that service could be of no more value to you than it is. For it is indispensable.

LISTEN!

As you think, you travel; and as you love, you attract. You are to-day where your thoughts have brought you. You cannot escape the result of your thoughts, but you can endure and learn, can accept and be glad. You will realize the vision (not the idle wish) of your heart, be it base or beautiful, or a mixture of both, for you will always gravitate toward that which you, secretly, must love. Into your hands will be placed the exact results of your thoughts; you will receive that which you earn; no more, no less. Whatever your present environment may be, you will fall, remain, or rise with your thoughts, your vision, your IDEAL. You will become as small as your controlling desire; as great as your dominant aspiration.

Clifford Braly

For District ATTORNEY

TO THE VOTERS OF DEAF SMITH COUNTY :

We, his neighbors and intimate acquaintances for years, unqualifiedly endorse, for re-election, our present District Attorney, Clifford Braly, of Dallam County.

We know and believe in him as—

1. A man of recognized standing and integrity;
2. A citizen who stands for and supports every progressive move for the betterment of mankind and the up-building of our Panhandle Country.
3. A District Attorney who is fair, honest and capable, and believes in a vigorous enforcement of all our laws.

(This space reserved and paid for by Dallam County Friends.)

That terripan dope on the weather is right after all—the rain was just layed a little, that's all.

There appears to be less interest in the election next Saturday than has been the rule here before. However, the day will probably warm up the last day or so.

The present crop outlook is the best this section has had at this time of the year in a long time. There's every reason for a general community smile and general community rejoicing.

This country is beginning to look really pretty and will be that way for several weeks now. Prospectors are beginning to look this way and the effect the Chamber of Commerce's steady advertising the past year is bound to be felt with every growing intensity as the crops are harvested and the farmers have time to think of the Plains and that long-deferred trip to inspect the new lands they have been reading out.

FIGURES AND FIGURING

Looking to the government for relief from the cost of government seems so foolish one cannot understand how such reasoning can be seriously entertained. It is simply another evidence of the shiftless apathy of the people. Running the United States now spells an expense of more than \$1,000,000,000 a year. In 1923 the total federal expenditures of the Federal Government were \$724,511,963. In 1922 they were \$3,244,694,158. And this expenditure does not include \$402,957,000 paid to reduce the public debt. Moreover, despite this "reduction," we find that the public debt is still increasing. For example, in 1912 the public debt was \$4,850,461,000. In 1922 it was \$30,852,825,000. Figures always prove threesome readers, but these figures spell actual cash outlay from the pocketbook of the wage earner. Taxes for the national government have leaped 380% in ten years. State government 183%, county government 142%, and incorporated places 72.2%. Roundly speaking, the increase in taxation has been 200%, while the path of the nation has increased by 72.2%. There must be a halt, and it is foolish to look to the government for relief. Relief must come from insistence on the part of the people.

Vote for ART SCHLOFMAN for District Attorney, Saturday, July 26. adv.

Unless local government officials hold the pursestrings a little tighter an dpeople become satisfied with a slower development of their improvements, the weight of government cost is going to cause serious trouble.

OFFICIAL BALLOT

I am a Democrat and pledge myself to support the nominees of this primary.

RUNNING FOR DISTRICT ATTY

Art Schlofman of Dalhart, was in Texhoma Tuesday of this week shaking hands with friends and acquaintances. Art informs us that he is a candidate for the office of District Attorney of the 69th Judicial District of Texas. He is well known in this part of the country. He and his brother, Wm. Schlofman, will be remembered here as having played a number of engagements with the Texhoma band, and also played many games of baseball with the Texhoma Reds during the seasons of 1913 and 1914. Art held the office of County Attorney of Dallam county for six consecutive years and made that county the best Attorney they ever had. He is a brilliant lawyer and a real fellow. His qualifications merit the support of the district and the voters of the 69th Judicial District, comprising Sherman, Dallam and five other counties, will not go wrong in electing him to the office of District Attorney.—Texhoma Times. Pol. adv.

"Somebody's Hurt"

Mid-afternoon—A busy street—A sudden cry—The rush of nearby figures—"Somebody's hurt!"
 Tragedy—Broken health—A broken home—for someone—may lurk in that familiar phrase.
 Yet how casually we say it. How soon the fleeting lesson is forgotten!

"SOMEBODY'S HURT!" Have you ever paused to consider that some day this cry may be raised above you? Recent statistics show that in a year one person in every fourteen is killed or injured in an accident.

What if you were to meet with prolonged or permanent disability to-morrow? How would your family be fed, clothed and sheltered of your earning ability suddenly were cut off? How long would your savings keep your family in its present comfort if your income were severed and there were additional heavy expenses for surgical attention, nurses, hospital care, specialists' fees, etc.?

Your best protection against the constant menace of accident and illness is an Accident and Health Policy with—

Mr. and Mrs. Mark Cowser have just returned from a two weeks' campaign trip in New Mexico. The Cowser report a delightful time.

Mr. and Mrs. Tye Thomas of Newcastle, Wyoming, and Mr. and Mrs. J. A. Womack and son Jack of Lamesa, Texas, are visiting in the home of Mr. and Mrs. Lester Womack. Mr. and Mrs. Thomas are enroute to Chicago and Salt Lake City.

J. P. Burch Dies

Sunday, July 20th

John Perry Burch, aged fifty two years, died at his home in Hereford Sunday, July 20, after a protracted illness of several years. Mr. Burch had been a sufferer from heart trouble and dropsy and had made three trips to the Mayo Bros. Sanitarium in Rochester seeking relief.

Funeral services were conducted from the family residence Tuesday, July 22, conducted by Rev. J. R. Jenkins of Amarillo, assisted by Rev. Stewart of Vega and Rev. W. R. Hill of the Baptist church of Hereford. The body was laid to rest in the City cemetery at 4:30 o'clock.

He is survived by his wife, formerly Miss Ella Trow, only daughter of Captain and Mrs. H. Trow of Hereford, one daughter, Eula, thirteen years of age, his father, and two brothers, who reside in Missouri. Mr. Burch was the author of the book describing the history of Quantrell's band during the Civil war, of which organization Captain Trow was a member. While not a member of any church Mr. Burch publicly professed religion during the last days of his illness.

More than sixty men of Hereford, friends and acquaintances, viewed the remains before the services, and floral offerings attested to the esteem in which he was held by the community.

Thor Jensen demonstrated his superiority over Charles Olsen in no uncertain manner last Tuesday night at the Stock Pavilion, slugging the big fellow to the mat in two straight falls. The bout was hard while it lasted, both men going in after a decision and

throwing aside all pretense of anything else. They were a little rough at first, but neither complained and the match went through to a finish without squabbling or trouble of any kind. A large crowd yelled its approval and appreciation.

A lot of amusement was derived by the fans from the two preliminaries, the boxing match between Harry Cannon and Dago, The Wop, and the wrestling bout between the little boys, Young Baker and Young Morgan.

A Moody Bible Institute quartette, consisting of three ministers, two Baptists and one Methodist, and one Gospel singer, who is a Presbyterian, delighted audiences at the Baptist church at the morning services last Sunday. The young men are traveling on their "Gospel Wagon" (Ford Truck) and left Chicago on May 5 for a tour of the rural districts of the country. The personnel of the party consisted of A. G. Donald, Lamesa, Texas, first tenor; W. M. Orok, Barrie, Ontario, Canada, second tenor; C. K. Byerley, Ballyton, Tenn., first bass; and W. R. Hamilton, Pembroke, Ontario, Canada, second base. The young men were here on a visit to Mr. Donald's sister, Mrs. Wylie Roberson. He is also a distant cousin of Charles Donald.

The quartette sang beautifully together and also used stringed instruments. They had entire charge of the night service at the church and in addition to short talks and tabloid sermons held their hearers spellbound with the witchery of the sacred hymns and songs in their repertoire.

The young men left Monday, enroute to Mr. Donald's home, Lamesa, Texas, for a visit. Their address there will be in care of D. C. Beebe.

A jolly party of members of the Young People's Missionary Society of the Methodist church left Hereford at five o'clock Friday morning for their encampment on the canyon, just below the Baptist camp. The party traveled in a truck driven by Bob Wilson and in J. B. Jones' automobile, piloted by Mr. Jones himself. Mrs. Jones was chaperone for the party, which intended to spend several days on the outing. The girls in the party were:

Gwendolyn Price, Pauline Swartz, Margaret Henton, Aline Hodge, Margaret Gilliland, Gladys Bryant, Gladys McMahon, Martha Duncan, and Dollie Ward.

Dr. Jno. W. Overton is the new City Health Officer for Hereford, assuming his duties on July 1. Dr. J. W.

Hicks, who has been health officer for a number of years, resigned the place some time ago and the City Commissioners named Dr. Overton to succeed him at their last meeting in June.

Mr. and Mrs. E. W. Morris and family, Mr. and Mrs. Alex Miller and family, and Miss Ina and Jack Morris, all of Abilene, Texas, are visiting in the Pitman home this week.

Word received here from Mrs. W. R. Williams, member of the local postoffice staff, who is in Rochester, Minn., with her husband, states that Mr. Williams had passed through the Clinic at Mayo Bros. and was scheduled for an operation Wednesday of this week. She wrote cheerfully and said the outlook was bright for a final correction of Mr. Williams' troubles.

The Federated Missionary Society will meet next Sunday afternoon at the Presbyterian church, beginning at 4:00 o'clock. The following program has been arranged:

Song.
Devotional—Mrs. J. F. Ward.
Prayer—Mrs. W. B. Hicks.
Song.
Business.
Subject—China.
China Geographically—Mrs. Charles Donald.
China Historically—Mrs. Carl Gilliland.
People of China—Mrs. Buehler.
Present Day China—Mrs. J. E. Ferguson.
Special Music—Ladies Quartette.
Prayer—Mrs. Sharp.

SHERIFF'S SALE

STATE OF TEXAS
County of Deaf Smith

By virtue of an Order of Sale issued out of the Honorable District Court of Deaf Smith county on the 10th day of June A. D. 1924, by the clerk thereof, in the case of J. H. Meeaskey versus T. Williamson, et al No. 1453 and to me, as Sheriff, directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on the FIRST TUESDAY in August, A. D. 1924, it being the 5th day of said month, before the Court House door of said Deaf Smith county in the town of Hereford—the following described property, to-wit:

that may cause blood poisoning if a slight wound be neglected.

The feet and especially the toes, are more easily infected than any other external part of the body. Cramped for generations in shoes, deprived of their natural blood supply, very often the toes lose their power of resistance to germ attack. Consequently you read of blood poisoning that starts in the foot.

Wearing shoes without stockings, neglecting a cut or blister, as children often do, any germs accumulated are persistently and continuously rubbed into the tissues and into the blood circulation, with no protecting stocking between the foot and the leather.

The pluckier the child the more probability of a neglected wound. And boyish courage, unfortunately, is no protection against germ attack.

"The Spring crop of pigs is short by 8,000,000 in the corn belt." What becomes of the "consciousness" of those 8,000,000 little pigs that never saw the light of day?

Are they suspended somewhere in eternity, waiting for a chance to kick up their little legs in the corn belt and eat good corn, previous to having their throats cut?

If they could think at all, what would they say of a system that brings them into the world to eat corn for a little while and then be eaten by their "superiors," a system that keeps eight millions of them out of the world when the price of corn happens to go up? What is the exact difference between 8,000,000 pigs and the same number of humans?

Next in importance to INTELLIGENCE comes POWER. Everything we have comes from power intelligently directed. The World Power Conference in London, discussing the possibility of harnessing wind, waves, tides, sunlight, natural steam and hot wells and unused possibilities of alcohol production, is a most important gathering.

Prince Conti says the United States of America could get more power from the hot springs in California, the Yellowstone, "Valley of Ten Thousand Smokes" in Alaska, etc., than from all our waterfalls. And think of unused heat, deep under ground.

Sir Charles Bedford says alcohol from waste vegetable matter would provide more power than gasoline, when oil is exhausted. Rice straw wasted in India could produce enough alcohol to equal in power the annual production of petroleum.

The earth is a driving wheel and it is silly to think that we could ever run short of power, living on a driving wheel.

The attempt to climb Mt. Everest is abandoned for this year. But with the patience and perseverance of other insects, men will keep on trying and they will reach the top.

They may find there the frozen bodies of Mallory and Irvine, two of the expedition last seen as they entered a heavy cloud in a drive for the top.

Rather a romantic grace, in the freezing cold of the highest spot on earth. Some day signseers in flying machines will look at a stone, "covering the dead bodies of the first two men that ever

climbed up here," and children in the sightseeing flier will ask, "Why did they climb up, instead of flying?"

Five years ago George Eastman, his Eastman Kodak Company to Rochester, allowed 6,000 employees to subscribe for stock in the company at par. Last week the employees got their stock worth \$21,000,000.

They paid just half that price for it originally, making a profit of 100 percent. That's a good way to encourage good work and interest workers in their jobs.

FLAYERPIANO TO BE SACRIFICED

THE PASSING DAY

By Will H. Mayes, Department of Journalism, University of Texas

Automobile travel is getting decidedly dangerous. The danger is due to reckless driving and as the roads improve the driving becomes more reckless. At least half the people on the roads seem to have the speed mania and a large proportion of these have little regard for the rights of others. Some method is going to have to be devised for better regulating road and street traffic and more severe punishment will have to be given those whose carelessness results in accidents. In the towns and cities much of the trouble comes from over-crowding the front seat of cars, thus interfering with the free action of the driver. When a car is crowded with young people they seem to forget that there is anyone else on the road and they act as though they were out by themselves on a picnic.

start others to thinking. That kind of an undertaking involves much responsibility and is certain to be a failure unless the writer thinks right. He tries to keep his brain in good working order, but often thinks that it misses fire. It is altogether probable that many readers think so, too. If you are one of that many and have any suggestions to offer, write them out in care of this paper and they will be forwarded to me. I can't promise to follow every suggestion offered, but I do want to be of greater service to a greater number of persons. If you have any criticisms to make of "The Passing Day," or any suggestions for improving the column, let me have them.

While politics is tabooed in this column, it is not amiss to say that a good governor is likely to be a failure unless he has the support of a good senate and legislature. A county commissioner has a limited field of operation, but in that field he may be worth more to you than the President of the United States. In voting be careful from top to bottom of the ticket.

Now! you can get a DeLaval Separator

FOR
10% DOWN
\$6.60 to \$14.30 Down
6% a month
\$3.96 to \$8.58 a month

The Best Separator on the Easiest Terms

Now you can buy the world's best cream separator on the easiest terms. 10% down puts a De Laval in your home, and 6% a month for 15 months, without interest, pays for it. On such exceptional terms a De Laval will have paid for itself long before the final payment is due.

We are making such an unusual offer because we want every farm in this community to have a De Laval. There is now no reason why every farm can't have one—the payments are so small you will never miss them. We know, and the experience of over two and a half million users proves it, that the De Laval cleans, lasts longer, and is easier to clean and operate than any other cream separator—that's why there are as many in use as all other makes put together.

The De Laval has always been known as the best and in the long run the cheapest—and on such terms you can't afford to be without one. And remember you can always get service and repairs on a De Laval, no matter how long you may use it. Call us up or stop in and let us go over this proposition with you.

VICTORIES that build

Firestone Leads on Speedway with Five Record Breakers

When the race driver selects his tires he does so realizing that his life and chances for success depend upon them. It is significant that all of the ten money winners in the Indianapolis race were Firestone shod. Firestone, using gum-tipping and other special processes, has developed tires to such a high degree of efficiency that at Indianapolis, May 30th, the following drivers broke the world's record for 500 miles over the brick track, making many rounds at over 100 miles per hour.

Never before were tires put to such grueling service, where it was necessary for every ounce of rubber and every fibre of fabric to work in perfect unison with every other part.

Driver	Time	Miles per hour
Joe Boyer—L. L. Corum	5:08:28:51	98.94
Earl Cooper	5:08:47:18	97.99
Jimmy Murphy	5:08:25:39	97.37
Harry Hartz	5:10:44:39	96.55
Bennett Hill	5:11:07:00	96.46

Leadership in Everyday Service

Millions of motorists are profiting by the lengthened service of Firestone tires. Scores of unsolicited testimonials emphasize the long mileage Firestone Gum-Dipped Cords deliver—which builds leadership in service, safety and economy.

Leadership on Cabs, Buses and Trucks

The largest taxicab companies in the five largest cities in the United States use Firestone Gum-Dipped Cords exclusively. One fleet alone, the Yellow Cab Co. of Chicago, uses over one-half million tire miles per day.

Firestone for years has been first to develop tires and rims complete which would meet the heavy trucking loads, great strains and demand for traction. By originating and carrying forward the Ship by Truck movement, and establishing Ship by Truck bureaus in all large cities, Firestone helped to speed up highway transportation and reduce costs.

Balloon Tire Leadership

Firestone's latest contribution to motoring is the low air pressure or Balloon Tire. This, the original full-size Balloon, was made practical by the special Firestone Gum-Dipping process, insulating every fibre of each cord, adding great strength and stamina. Firestone has also simplified the application of full-size Balloon tires to your present car by designing a special unit consisting of tires, tubes, rims and spokes applied by any dealer, at a very low cost.

Leadership Against British Rubber Restriction Act

Attacking the unsound and uneconomic character of the British Rubber Restriction Act limiting the exportation of rubber from the Far East, Firestone was the one large tire manufacturer to take up the cause for the car owner. Soon after the agitation was started for America to produce rubber under its own control, the cost of crude rubber was reduced and tire prices brought back to normal.

Dealer Leadership Through Tire Quality and Service

Through Firestone dealers you can obtain organized service and the soundest values on the market, whether you need a Ford 30 x 3 1/2 Fabric, a set of full-size Balloon Gum-Dipped Cords or a 10-inch truck tire.

RD IN FLORIDA. MILLION CIGARETTES. E POST OFFICE PAY. ADDOO AND SMITH?

Henry Ford has bought a great deal of land in Florida, including a city seat and a good many buildings. He gets wood for his cars from forests in the North. He now, it is said, establish rubber plantations in Florida to supply material for his tires.

"From producer to consumer" is motto.

WATCH FLORIDA. That one state among forty-eight in this nation will before many years have become a gigantic nation in itself.

One task in the United States is not neglected, and that's the job of burning up cigarettes. In April factories turned out more than ten thousand millions of cigarettes, and the output is constantly increasing. In four months this year the country smoked two thousand million more cigarettes than in the period last year.

The young gentlemen devoted to these tasks the concentration and careful attention and choosing that they devote to cigarettes, what a world this would be for accomplishment.

It is suggested that President McAdoo will veto the bill to raise the pay of post office employees, on the ground that "the nation can't afford it." The President would surely say that. The nation CAN afford it, and it can't afford to treat faithful public servants meanly.

The nation supplies the President with a fine private yacht to sail on, one that burns many millions of oil and employs many men. If the nation can afford that for the President, who gets \$75,000 a year besides, it can afford to pay wages to the letter carrier, who pays for his shoes three times as he used to pay.

Secretary Wilbur of the Navy

says that Congress "must never have power to override Supreme Court decisions."

Why not? Supreme Court decisions are no better than the men that render them. And judges are no better than the man appointing them, presumably.

Congress represents the people, and if the people cannot be trusted to manage their own affairs, including their own Supreme Court judges, they ought to go back to the kindergarten under King George of England and not pretend to rule themselves.

Apparently La Follette intends to run independently for the Presidency. He now says he will do so "unless both old parties are purged." It isn't likely that either party will consent to such a purging as Dr. La Follette would prescribe.

La Follette cannot be elected, and he has been bona fide residents of this State since January 1, 1910, and who were married to such soldiers or sailors prior to January 1, 1910, and to indigent and disabled soldiers who were in the service of the State of Texas during the war between the States and to the widows of such soldiers who are in indigent circumstances and who were married to such soldiers prior to January 1, 1910, provided that the word "widow" in the preceding lines of this Section shall not apply to women born since the year 1861, and all soldiers and sailors and widows of soldiers and sailors eligible under the above conditions shall be entitled to be placed upon the pension rolls and participate in the distribution of the pension fund of this State under any existing law or laws hereafter passed by the Legislature, and also to grant aid for the establishment and maintenance of a home for said soldiers and sailors, their wives and widows and women who aided in the Confederacy under such regulations and limitations as may be provided by law, provided the Legislature may provide for husband and wife to remain together, in the home. There is hereby levied in addition to all other taxes heretofore permitted by the Constitution of Texas a State ad valorem tax on property of seven (7%) cents on the one hundred (\$100) dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate herein levied, and provided further that the provisions of this section shall

Dr. Chiers, professor of Assyriology at the University of Pennsylvania, discovers a Babylonian writing giving the age of Noah as 64,800 years. This makes of Methuselah a poor second. Exaggeration of time and other things, on the big and the little side, was common everywhere in the old days.

Periods were twisted out of shape, made shorter or longer. Palaces were built in a second, the World was created in six days. Wise men lived thousands of years. All this does not invalidate the fundamental value of historical records.

Whatever else happens in the Democratic convention, Smith and McAdoo combined could control it if they could get together; it would be their convention. Possibly they will get together. McAdoo wants to be President; nothing else would do. Al Smith might be satisfied to be Vice-President to start with. That would make a combination hard to beat—especially if La Follette decides to run and cut a large independent piece out of the Republican vote in several States.

Civilization has passed various milestones, one "slavery," one "religious persecution," one the "torment of witnesses." This nation may pass another labelled "child labor," and throw off one more disgrace.

lature may reduce the rate of pension for such purposes, fixing a time for the election to be held on such amendment and making an appropriation to pay the expenses thereof. Be it resolved by the Legislature of the State of Texas:

Section 1. Section 51 of Article 3 of the Constitution of the State of Texas shall be amended so as to hereafter read as follows:

Section 51. The Legislature shall have no power to make any grant or authorize the making of any grant of public money to any individual, association of individuals, municipal or other corporations whatsoever, provided, however, the Legislature may grant aid to indigent or disabled Confederate soldiers and sailors, who came to Texas prior to January 1, 1910, and to their widows, in indigent circumstances and who have been bona fide residents of this State since January 1, 1910, and who were married to such soldiers or sailors prior to January 1, 1910, and to indigent and disabled soldiers who were in the service of the State of Texas during the war between the States and to the widows of such soldiers who are in indigent circumstances and who were married to such soldiers prior to January 1, 1910, provided that the word "widow" in the preceding lines of this Section shall not apply to women born since the year 1861, and all soldiers and sailors and widows of soldiers and sailors eligible under the above conditions shall be entitled to be placed upon the pension rolls and participate in the distribution of the pension fund of this State under any existing law or laws hereafter passed by the Legislature, and also to grant aid for the establishment and maintenance of a home for said soldiers and sailors, their wives and widows and women who aided in the Confederacy under such regulations and limitations as may be provided by law, provided the Legislature may provide for husband and wife to remain together, in the home. There is hereby levied in addition to all other taxes heretofore permitted by the Constitution of Texas a State ad valorem tax on property of seven (7%) cents on the one hundred (\$100) dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate herein levied, and provided further that the provisions of this section shall

not be construed so as to prevent the grant of aid in cases of public calamity.

Sec. 2. The forgoing Constitutional Amendment shall be submitted to a vote of the qualified voters of this State at an election to be held on the first Tuesday after the first Monday in November, 1924, at which all voters shall have printed or written on their ballots: "For amendment of Section 51 of Article 3 of the Constitution authorizing the Legislature to grant aid to Confederate soldiers, sailors and their widows who have been a resident of this State since January 1, 1910," and "Against amendment to Section 51 of Article No. 3, of the Constitution, authorizing the Legislature to grant aid to Confederate soldiers and their widows."

Sec. 3. The Governor is hereby directed to issue the proclamation for said election and have the same published as required by the Constitution and laws of this State, and the sum of five thousand (\$5,000.00) dollars or so much thereof as may be necessary is hereby appropriated out of the general funds of this State not otherwise appropriated for expenses of publications and elections thereunder.

Approved, March 20, 1923.

S. L. STAPLES,
Secretary of State.

Santa Fe Summer Tourist
Excursions

Arizona
California
And the National Parks

For rates, reservations, and schedules, call on
Santa Fe Local Agent, or address T. B. Gallaher, General Passenger Agent, Amarillo, Tex.

How The Santa Fe dollar was spent in 1923

Taxes more than dividends. Rate reductions more than taxes

The measure of success in railroad business is the relation of costs to returns. If the dollar earned does not cover the cost of earning it, the business fails. If it covers the cost with a margin over, the business succeeds.

THE SANTA FE DOLLAR IN 1923 WENT AS FOLLOWS:

Maintenance of track, buildings, etc.	13.37	cents
Maintenance of locomotives, freight and passenger cars	19.34	"
Train, station and switching, and other transportation	18.88	"
Traffic agencies	1.89	"
Fuel	8.49	"
Salaries and expenses of clerks and other general office employees	2.85	"
Legal, valuation, general officers, pensions and death benefits and miscellaneous	1.08	"
Depreciation and retirements, equipment and ice plants	3.89	"
Loss, damage and casualties	1.07	"
Rent of equipment, joint facilities, etc.	1.94	"
Interest on bonds and other interest charges	4.60	"
Dividends on capital stock	8.08	"
Taxes	8.14	"
Balance available for expanding facilities	8.79	"
100.00 cents		

Of the last item 3.02 cents came from sources other than rates so that a reduction of less than 6% in rates would have wiped out the entire margin of safety from earnings through rates.

Even a decline in gross business such as has occurred this year inevitably reduces this balance of 8.79 cents, because not many of the cost items can be cut down in proportion.

The adjustment between success and failure is a delicate one in the transportation industry. For the welfare of the country, it should not be lightly tampered with, either by laws or by the various commissions that control the main elements of railroad earnings and costs.

It is particularly notable in the above statement that taxes were more than dividends and only a little less than all the fuel used for the System. Taxes were \$20,316,491.

Good service requires ample money for operation and maintenance. Even a rather substantial reduction in rates would benefit individuals so slightly as hardly to be known, while it might readily (because of poor service) cause them tremendous loss, which would be quickly and keenly felt.

A railroad gets money from its rates and has no other large source of supply, even though attempts seem to be made to have the public believe otherwise. Since 1921 freight rates have been almost continuously in process of reduction. Santa Fe freight earnings were decreased \$14,500,000 in 1922 and \$23,945,000 in 1923 from what they would have been with 1921 rates.

The Santa Fe already has reduced freight rates many millions. But adequate service is vital for shippers. It can be furnished only when fair rates provide the money needed.

W. B. STOREY, President
The Atchison, Topeka and Santa Fe Railway System

SUNDAY SERVICE

Church and Societies

First Christian Church

view of the fact that we are in midst of hot weather and harvest the attendance at both Bible school and church services are keeping exceptionally well. The reason that we are running ahead of attendance this time last year, is as it should be—let's keep it in order to do so it will be necessary for all the members to get all the job. Some are not very far and others never come at all, of course we are wondering when are going to get started, and are to welcome you when you do.

Services next Sunday as usual. Will not make a special effort to be at all services. Your presence help in many ways.

Take Calotabs for the liver

Beware of imitations. Demand the genuine in 10c and 25c packages bearing above trade mark.

"PERSONAL" To Robert Jr.

It came addressed "personal" to Robert, Jr.—a letter from the bank where he had deposited from time to time, money earned at mowing lawn—shoveling snow—and running errands. A letter—in the life of little folks is quite an event—and Robert was duly impressed.

Opening it he studied its contents quite closely—slowly reasoning his way through the message it bore. Finally, a smile of delight spread over his face. Right then was character made—the first molding of a trait which perhaps would influence his whole life. A lesson had been taught. He had learned that income could be had through the practice of thrift.

Ben. Franklin said "Instill Thrift—instill it young." Is your boy or girl being encouraged in such worthy effort?

A charming romance of the thrilling days when America was young—

MARION DAVIES
in Little Old New York

a beautiful drama of the most picturesque period of American history.

A Wonderful Photoplay
—that's what you'll say about this great screen drama. If you liked "When Knighthood Was in Flower" you'll lose your heart completely to Marion Davies in this stirring romance of the screen.

Added Attraction
Miss Ruby Fay Bennett will sing—"My Wild Irish Rose."

STAR THEATRE, Friday and Saturday, July 25 and 26

Admission: Adults 50c; Children 25c.

CARD OF THANKS.

We are very deeply grateful to the many good friends who aided us so materially and sympathized with us so genuinely during the hours of terrible bereavement and loss of our little son, Wesley. May God bless every one of you.

Mr. and Mrs. E. W. Harrison.

ENTHUSIASTIC MEETING OF WOMEN

On Wednesday afternoon at the meeting house of the Baptists the General Meeting of the Woman's Missionary Society, which is held monthly, was a most interesting gathering. Mrs. Carl Gilliland, the W. M. S. President, presided in her usual efficient manner. "Mother" LeGrand is the loved and honored secretary, and Mrs. John Swartz is the ever-ready and accurate treasurer. All were at their places. There were more than sixty women present.

A brief and interesting program (Missionary) was ably rendered by a group of young ladies of the Girls Auxillary, of which Miss Jessie Sisk is the coach. Miss Fay Rambo presided at the rendering of the program. The reports of work were most interesting. More than \$100 has been contributed to various enterprises of the denominational and local church during the month, and all by the ladies who are members of this society. Several hundred visits to sick and strangers were reported. Three "Certificates" and sixteen "Seals" were reported to members for completing study courses. Fourteen hundred chapters of the Bible had been read during the month by the group.

An extensive missionary and social service work locally and in regions beyond where missionary labor is carried on. This society is known in the denomination as one of the most efficient in the Panhandle. It has Circle meetings each week and all the Circles meet in general meeting once each month.

Mr. and Mrs. Kessinger and Mrs. G. S. Webber and son, of Corsicana, Tex., are visiting in the Homer Fox home. Mrs. Kessinger is a niece and Mrs. Webber a sister of Mr. Fox.

Singing Convention to Be Held on Court Lawn

Singers have been notified and programs will be printed next week for the big Singing Convention, which will be held on the east side of the Court-house lawn on the second Sunday in August. Lots of interest among music lovers of the county has been stirred up by this event.
