TUESDAYS—TWICE-A-WEEK—FRIDAYS

21st YEAR, NO. 42

HEREFORD, DEAF SMITH COUNTY, TEXAS, FRIDAY, AUGUST 5, 1921.

TRI-STATE IS NAME GIVEN LATEST FAIR

AMARILLO IS PLANNING TO REVIVE SECTIONAL DISPLAY OCTOBER 12-13-14-15

The Panhandle-Plains Tri-State Fair will be held in Amarillo, October 12, 13, 14 and 15, it was decided at a meeting at Amarillo Thursday, when detailed plans were launched for one of the greatest affairs ever held in the Panhandle and Plains country.

The fair will not only take in all the Panhandle and Plains section of Texas, but will extend into Oklahoma on the east and north and into New Mexico on the west, as is implied by the name adopted.

The dates for the occasion were set so as not to conflict with any other similar events to be held in West Texas or in Eastern New Mexico or Western Oklahoma. A list of county and district fairs and the date they are to be held were read prior to fixing the dates of the Tri-State Fair, in order that there would be no conflict. The fact that the Tri-State Fair will come during the Texas State Fair at Dallas will not make any material difference, it was the general consensus of opinion.

The Finance Committee, which held a brief meeting immediately before the general committee meeting, reported that the funds with which to put on the Tri-State Fair should be raised by the assignment of quotas to the different classifications of business with the request that they raise their respective quotas among themselves. It was the belief that the cost would be somewhere in the vicinity of \$25,000.

At a recent meeting of Secretaries of the various commercial organizations held at Amarillo unanimous support was pledged to the venture. In the past Deaf Smith county has not been going to the Dallas Fair, due principally to the heavy cost of the undertaking. But it is believed that the cost of sending an exhibit to Amarillo will be very light compared with the expense of one at Dallas, and that the project should be easily handled here. So far as is known now, there is no County Fair planned at Hereford this fall, and therefore the effort to send a creditable exhibit to Amarillo could be concentrated upon by all hands.

C. E. Convention Promises to Beat All Old Records

The Panhandle Christian Endeavor Convention, to be held at Hereford August 26-27-28, is attracting a great deal of attention over the entire district, judging from newspaper comments. The local committees are very grateful to the press of the Panhandle for almost unanimous support of the convention through news stories and editorials. A record attendance is indicated from the wide publicity being given and the interest being manifested.

The Hereford publicity committee is working hard and earnestly. One of their stunts has been to put out paper flags, with the monogram of the association on it and nicely decorated by hand. It is expected that several hundred delegates will attend the convention and arrangements are being made to ask people of the town to throw open their homes for the occasion and show the visitors every possible hospitality.

PIGEONS ARRIVE; GUNNERS SMASH A TOTAL 112 BIRDS

The Hereford Gun Club hung up a record of 112 out of a possible 125 Wednesday afternoon, after losing the shoot of the week before, due to shortage of clay pigeons. Reports of what the other clubs did this week have not yet been received here. The five marksmen Wednesday were:

Herbst	24
Godwin	24
Patton	22
Turnbow	21
Cunning	21
Total	112

PARKER AND STOCKING VISIT WIVES AT CAMP GROUNDS

G. A. F. Parker and Roy Stocking went to Canyon the early part of the week for a vacation with the Y. P. M. S. Campers, in the Palo Duro Canyon. Mesdames Parker and Stocking are acting as chaperones for the Hereford delegation to the encampment. The two gentlemen expect to return to Hereford Saturday.

NEWS PHOTOGRAPH FROM JAPAN

Here is a new picture that has just arrived from Japan, showing a parade during the recent great strike at Osaka. Until lately Japan has never in her history "enjoyed" a strike. Note the banners, just like in Mecca land!

Judge Randolph is Urged by Friends For State Office

Friends of Judge H. C. Randolph of Plainview are urging his qualifications and fitness for a place on the new Commission of Appeals lately authorized by the legislature. The appointment of the judges on this Commission lies with the governor, and an organized movement is starting all over this section to urge Judge Randolph for the place.

The press of his section is reciting the fact that the Panhandle-Plains country has never been given proper official recognition at Austin and that its growing power and place in the state's affairs justify the citizens up here to demand that native sons be considered in allotting public favors and proper representation. Joe L. Pope of the Amarillo News, in discussing Judge Randolph, says: "The friends of Judge H. C. Randolph of Plainview, realizing the injustice meted out to this section in the past, have, without his knowledge or consent, determined to insist upon his appointment upon the new Commission of Appeals created by the Legislature. His qualifications are beyond question. He is a member of the first class graduated from the University of Texas Law Department, and sat at the feet of the old Alcaide and Chief Justice Gould, together with such lawyers as A. S. Burlison, T. W. Gregory and R. L. Batta. He has never sought public office, but during a practice of more than a third of a century has established a reputation for honesty, integrity and legal ability, which places him in the front ranks of his chosen profession. No man in the Panhandle could represent the legal fraternity with greater honor and ability than Judge Randolph, and his host of friends over this section of the State will earnestly and aggressively insist that the position be tendered him and that he accept it, although they recognize that it will be at a financial loss to him. His father was State Treasurer for more than eight years and as such was known as the Watchdog of the Treasury. As the worthy son of such an ancestor, the best interests of the whole people will ever be safeguarded in the hands of such a judge."

DR. PIRTLE MOVES HEADQUARTERS TO COLEMAN, TEXAS

Dr. C. C. Pirtle, osteopath, wife and baby left Hereford Thursday for Coleman, Texas, where the Doctor will open an office and make that point his future home. Dr. Pirtle has made a great many friends in Hereford and vicinity who will regret to hear of his moving.

BEAVERS GOES TO DODGE MECHANICAL OKLAHOMA SCHOOL

L. M. Beavers of the Dodge Service department, went to Enid, Okla., last Sunday for a week's advanced training in a School of Expert Mechanics. Mr. Beavers will specialize in the work of handling Dodge mechanics.

Wisconsin Man is Seriously Considering Investment

William E. Holberg, of Bangor, Wisconsin, arrived in Hereford Thursday morning. Mr. Holberg holds considerable raw land in this county and has serious intentions of improving it. He left here Friday for Littlefield, where he has a son on a ranch.

TOURIST BELIEVES HEREFORD BEAUTY TOWN OF PLAINS

T. J. Caswell, a prominent citizen of Georgetown, Texas, was a very pleased visitor here while Tuesday. He expressed it as his observation that Hereford was the prettiest town he had visited during his seven or eight weeks tour in the Panhandle. He may come again soon. This city has a standing invitation for men like Mr. Caswell. The visitor is an old friend of J. H. Foster.

JOLLY PARTY GOES ON OUTING DOWN PALO DURO CANYON

A party consisting of Mr. and Mrs. Guy Ham and family, John Gaetz and family, J. W. Jacobs and family, C. E. Tice and family motored to the Palo Duro Canyon about eight miles east of Canyon, last Sunday where they spent the day enjoying the beauties of nature, coupled with a big feast at the noon hour.

DIMMITT PICNIC TO BE HELD AUGUST 13

1921 EVENT PLANNED TO ENTERTAIN BIG CROWD. FINE PROGRAM

Dimmitt's annual picnic is to be held this year on Saturday, August 13, according to circular announcement made this week. A cordial invitation is extended to everybody in this section to attend an event that has come to be famous for its bounteous spreads, unbelievable quantities of good "cats" and the hospitality offered by the good people of Castro county.

The program as announced consists of broncho riding, ball game, goat roping, cigar race, potato race, foot races, fat men's race, sweep stake pony race, speaking and band music.

The Dimmitt Picnic is always the biggest thing of the kind offered from year to year on the Plains and always draws a tremendous throng from far and near.

McKinney Men Purchase Section From Conkwright

Will W. Smith and Jess Parkins, brothers-in-law, of McKinney, Collin county, Texas, purchased Section 37, Block K-4, about fifteen miles northeast of Hereford, from H. G. Conkwright in June. They are moving here now, the household goods having been shipped and the two families arriving this week overland.

It is understood that these new citizens will immediately improve and live on their land.

More people is the slogan—The Brand extends a cordial welcome to the new settlers.

MAYOR IMPRESSED WITH CRYING NEED FOR MORE FARMERS

Mayor Knight, City Marshall Anderson Witherspoon, a traveling man from Amarillo and L. W. Hough made a trip over the west road to the county line Wednesday and from there to Clovis, where the Mayor and Mr. Witherspoon inspected a number of municipal features in the waterworks and other city departments. The trip was made in Mr. Hough's car.

Mayor Knight stated that the road west needed some grading work in spots and should be attended to at once. He was especially impressed with the fact that up to the state line there are few settlers, while the moment one crosses the line every quarter section has a farmer thereon.

The Mayor said the trip was a powerful object lesson to him in the truth of the slogan that Deaf Smith county must have more stock-farmers if progress is to be made.

HEREFORD'S BIBLE TEACHER GRADUATE MOODY INSTITUTE

Miss Marion F. Livingston, who has been engaged as Bible teacher in the grade and high schools of Hereford, is one of a class of eighty who will graduate from The Moody Bible Institute of Chicago, August 11. This class includes students from twenty-five states and four foreign countries.

GOES TO INVITE FOCH TO LEGION CONFAB

Marshal Foch will receive a personal invitation to attend the annual convention of the American Legion. Major Charles W. Bartlett, of Kansas City, calls to deliver the invitation to the great Frenchman. While in France he will select a site for the memorial to be erected by the State of Missouri in honor of its sons who fell there.

New Truck Driver Fire Department Now on The Job

Leonard Davis, mechanic at the Hereford Garage, has just been named driver of the Hereford Fire Department truck. Mr. Davis is arranging to move into the fire hall as his home this week and thereafter will be on the job constantly, day and night. During the day he is just across the street from the hall and at night he will sleep in the hall.

The chemical truck has been installed at Chief Rockwell's home, where it is believed it will be more easily accessible and where Mr. Rockwell can personally handle it in emergencies.

Blue prints of the streets, fire hydrants and home of all property owners now being drilled in memory tests so that in any emergency they can reach the scene of a fire in the shortest possible space of time and know exactly which plug will put the water on the fire the quickest.

LEE BIGGS FINDS THEY ALL WANT TO KNOW OF PLAINS

Lee Biggs, county and district clerk, accompanied by Mrs. Biggs and his brother, John Biggs, returned to Hereford last Friday from a ten days automobile trip to Deatur, Collins, Fort Worth and Dallas, Texas, and Weatherford and Hydro, Oklahoma.

Mr. Biggs states that he was forced to make the trip for business reasons and decided to combine the vacation idea and kill two birds with one rock. Friends and relatives were visited enroute. Good roads were encountered, as a whole, and the entire party enjoyed themselves very much.

Mr. Biggs says that the thing which impressed him most was the eagerness of everybody he talked to for information about the Plains country and his deductions are that many people would flock to this section immediately if financial conditions were easier. The county clerk says that a man has to leave home before he fully realizes just how good the Plains look in comparison with other sections and just what fine folks there are that live in Deaf Smith county, Texas.

REPAIR WORK CITY PAVING LOOMS NEAR

INSPECTOR HERE PROMISES WORK TO START WHEN MATERIALS SECURED

All indications now point to the hope that the long-deferred repair work on Hereford's paving will become a reality before cold weather—possibly within the next few days. It will be remembered that the City Commission has been working for the past two years to get the contractor, F. P. McCormick, of Oklahoma City, to fulfill that clause of his contract guaranteeing such repairs.

A representative of Mr. McCormick arrived here Thursday and spent the entire day carefully studying the pavement, measuring and estimating the amount of repair material to be used, and discussing the work with the Commission. He stated that the actual work would begin as soon as he could collect the material, tools and working force. He hoped to be able to get most of this in Amarillo, which would save time and expense. If not, then it will have to be assembled from various points and that will take more time. At any rate the company has started the wheels moving and the work will be done as soon as possible.

In connection with this inspection Thursday the Henry Exall Road Company of Dallas, who represent the City in all such municipal matters, sent their Mr. Dunn here to check up the McCormick people and to look after the City's interests in seeing that the right kind of material was selected and the proper thing done. Mr. Dunn "sat in" Thursday in the conference and handled the technical side of the matter for the City of Hereford.

Girl Scouts Get First Lesson in Art of Swimming

The Hereford Girl Scouts enjoyed a cooling swim in the waters of the Terra Blanco Tuesday afternoon, and incidentally complied with one of the regulations of the Scouts that each member must learn how to swim.

Miss Jessie Sisk, Scout Master, was in charge and gave the Scouts their first swimming lesson. Mr. and Mrs. Cliff Estes, Miss Juanita Smith and Carl Gilliland went along as chaperones of the scouts and assistant instructors. It is understood that a section of the Scouts will be given the lesson one afternoon this week.

Miss Sisk says that kind friends keep bringing in furniture and other things to the Scout headquarters. Last week someone put a table in the room, and the Scouts hope some other wind donors will follow suit with other gifts that help in making the room presentable and attractive.

FREE MATINEE IS REESTABLISHED BY THE STAR THEATRE

A dozen or more of Hereford's merchants have arranged with the Star Theatre management to reestablish the free farmers' Matinee feature which was tried out last year and later discontinued.

The first of the new series will begin on Saturday, August 28, and the feature will be continued into October. Tickets will be issued by the participating merchants to their farmer patrons and their families. Manager Johnson is now engaged in arranging a weekly bill of special interest and appeal.

LOCAL PEOPLE ON JOURNEY TO GRAND CANYON COLORADO

Mr. and Mrs. J. S. Marshall, Mrs. Leona Blessing, Mrs. Eva Cranfield of Farwell and Jack Lester of Amarillo left Hereford for California Friday morning. They will make their first stop at the Grand Canyon and from there they will go to San Francisco and various points in Southern California, returning about the first of September.

ARITHMETIC, WITH COOKING, SECURES SCHOOL CREDITS

The school board has been advised that Hereford schools have been granted 1 1/2 additional credit units. One credit was secured in cooking, the half unit being given for the half year's work in advanced arithmetic. Hereford schools now have 21 units of affiliation, a very exceptional standing for schools of this size.

PHOTO DIRECT FROM RUSSIA—THESE MEN ARE RULERS

Here is a most interesting photo graph which was recently smuggled out of Russia and purchased on its arrival in this country by the Autocaster service, of which this paper is a member. The men shown are Lenin's assistants and the picture shows the kind of men who rule Russia. The man with his hand on the table is Kamenev, governor of Moscow.

THE BUSY LINE

Of all sad words of tongue or pen, that aggravate the ears of men, until the weak ones want to cuss, while repetition makes things wuss,—the bitterest words that come my way, is, when I hear the central say,—"Line's bizzy!"

It allers makes me fairly groan, to grab that handy office phone, and growl a number in the thing, expectin' that the gal will ring, when "clicketty-click" there comes a buzz that would upset the Man of Uz.—"Line's bizzy!"

It lacerates a feller's wits, an' makes him paw, an' champ the bits, when he puts in a hurry call, that won't admit delay at all.—Of course it flops him mighty near, to have it gritted in his ear.—"Line's bizzy!"

You know I hardly ever grouch, or duck my game, or holler "ouch," but when I hear that doggone click, it mighty nearly makes me sick, and throws my patience out of whack, to ketch that everlastin' quack.—"Line's bizzy!"

RANGE EXPLODES FAMILY UNHARMED

Lee Hamilton is short a kitchen range and carried a black eye for a day or two as the result of an explosion that converted the big stove into scrap iron. Hamilton had built a fire in preparation for his evening meal and as the big range began to warm up he noticed the reservoir bubbling and the steam popping with even more noise than before. Then came an explosion that scattered the thing over and

through the building, pieces going out through the roof and into the walls. A fragment of hot iron hit him over the eye, but fortunately the wound was only skin deep. In his happiness that none of the family were hit by the flying iron, Hamilton says he is willing to present his wife with a new kitchen range, and that he intends to try to find one explosion proof, if such a stove is to be had.

This catastrophe should be a warning to users of hot water reservoirs with kitchen ranges that the circulation should be kept open or the range is likely to quit the service of the family with a possible loss of both life and property.—Tucumcari American.

K. scattered over the Southland, there is never any dependence to be put in the leadership of the Klan in many districts there is the ever present danger that acts of personal vengeance will be wrecked under its banner. Such a state of affairs leads quickly to the point where no citizen is safe and no property above the torch. This being the case no good American can afford to don the mask and march under the banner of the K. K. K. Let us stand for law and order, unmasked and undaunted.—Clarendon News.

WHAT THE OLD HANDS SAY

The way to get into the cattle business in this country, so it will pay, is to plant a couple hundred acres of wheat, and in the fall take on twenty or forty head of good stuff and sell your wheat pasturage to the stock, and then sell your stock on the market. There is money in operating it that way, both in the wheat which grazing will keep down so the usual freezes will not hurt it.—Quannah Tribune-Chief.

TRADE AT HOME

The home merchants are the ones who put sugar in the coffee for the widows and orphans, help to bury the poor dead; pay taxes, build churches and school houses and foster, aid and assist all worthy public enterprises. The mail order houses do nothing but take money out of our community, not even paying one penny for the support of any public enterprise. Every citizen who loves, admires and desires to see the home merchants succeed, should patronize the local merchant and discourage the patronizing of foreign houses. Buying away from home just takes a shingle off the roof and helps to

LIGHTNING KILLS CHILlicothe BOY

Bryan Briggs, of Chillicothe, was killed by lightning about 7:30 o'clock this morning. He was plowing on the Bert Forbes place, about two miles south of Chillicothe.

Deceased was a son of J. D. Briggs. He was 18 years old. Funeral services will be conducted tomorrow, and the remains will be buried in the Chillicothe cemetery.—Vernon Record.

Why Advertising Pays

If people did not move and some die—
If new generations did not grow up—
If competitors did not compete—
If people were not receptive to new ideas—
Then—
And only then—
Would there be no need for advertising.
Because of changing business conditions—
Fluctuations in wages—
And the natural aggressiveness and progressiveness of the normal man—
He is your prospective buyer today who could not use or afford your product yesterday.
These were the reasons pointed out recently by a well known sales manager of a large corporation on why it is imperative that advertising be CONSISTENT AND REGULAR.—Exchange.

KU KLUX

There is little question but what the Ku Klux Klan has meted out just punishment where the law would not reach. The order has for its aims that which is commendable and time was when it saved the Southland from worse than defeat. But the News is forced to the conclusion that there are influences and ideas abroad in the land at this period which render the whole plan of the Invisible Empire absolutely unsound and unavailable, without great danger to law and order. Before the serpent of bolshevism and communism reared its head openly in this nation and while the direction of this mighty, if invisible, force was held by law abiding men, there was a place for the organization, and right well did it fulfill its mission. But in these latter days of reconstruction this former instrument of good is now liable to become the mighty instrument of evil. The frame of mind of some stratas of society is such that with the knights of the K. K.

Home building is coming back to a price at which no family can afford to pay rent. Prices are down as low as actual cost production, based upon the readjusted wage scale, will permit.

A Real Party

The Iten and Galle ranch was the scene of a happy gathering of the younger folks on Tuesday, July 26, from the hours of seven to eleven.

The yard being decorated in red, white and blue bunting and many bright lanterns, gave a touch of picnic to the evening gaiety which consisted of miscellaneous games and contests among which were the monkeys donation party game and walking the chalk-line with the aid of opera glasses. Pretty, bright colored caps were given

Refreshments were served in the form of ice cream and cake.

Those participating in the evening frolics were: Leola and Clyde Shuford, Ruby and Carl Wimberly, Ollie Dickson, Mildred Woodlee, Virgie Johnson, Bower Knox, Murna Montgomery, Rosella Bell, Roy Bell, Joe and Lem Johnson, Naoma, Virginia, Wallace and Ben Phipps, Louise Allen, Cleo Burch, Edith Cartwright, Felix and Rose Houser, Clyde Hood, J. C. Gilberth, and Jeffie Tidwell, of Rush Springs, Oklahoma. Richard and Edna Galle, little Zonell Brooks, Eugene and Madalin Galle also enjoyed the fun. Mrs. Mayes Miller and Mrs. I. B. Brooks helped entertain and chaperoned the crowd from Dimmitt.

CLEO

August 1, 1921.

Most all the wheat threshing is done for this season around Cleo. Seems that O. M. Burch is the champion wheat raiser this year, having made the largest yield per acre of anyone in this community. He made 29 bushels per acre on all his summer fallowed land and about 18 bushels on all his crop.

W. S. Dixon, J. D. Burch and Ollie Burch hauled their wool to Hereford last week and consigned it to a commission house in Kansas City. May never get to see it, but we have it out of our way, which is some consolation at least.

Maud Rippey and Geo. Burch hauled some of their new crop of wheat to Hereford last week.

Morley Greathouse and Felix Houser left last Friday with wheat and to get coal to thresh with.

Our Community Singing Convention met with Sunnyside class on the fourth Sunday in July, with the president, Mr. Taylor of Blue Ridge, vice president and secretary, Mr. and Mrs. Gollehon of Dimmitt, in their respective places. At about 10:30 the house was called to order by the president. Song, led by president. Prayer by Bro. J. E. Turner, of Dimmitt. Address of welcome by Jno. W. Turner, of Sunnyside. Singing until about 12:30, then the good ladies present spread the dinner and invited all present to come forward and partake of the good things to eat. All seemed to enjoy the dinner and the singing. Had visitors there from Hereford, Lubbock, Olton and Clovis. Our old friend and ex-County Clerk, R. A. Holland, of Lubbock, was there, shaking hands with old friends who were glad to see him as he lived in Castro

County a number of years. The next meeting of the Convention will be at Dimmitt the fourth Sunday in September.

Edd Denton of Crosbyton, preached at Cleo last Saturday and Sunday to the old Baptists of this community. Mr. Purcell and sons and others from Hereford were present and seemed to enjoy the services on Sunday.

A good rain would be greatly appreciated now by all, as the grass and row crops are beginning to need it.

SPRING LAKE

Mr. and Mrs. Asa Wilson have returned to their home in Spring Lake, after harvesting their wheat crop near Plainview. We are glad to welcome them back.

The Singing Conventop at Sunnyside was largely attended. Fine singing and a bountiful dinner were enjoyed by all. We trust we can have it near us again. Quite a pleasant evening was spent at Spring Lake Saturday evening. The Ladies' Aid sold ice cream and served free supper.

Mrs. Reed is visiting Mrs. Jack Henson this week.

Wallace Phipps, Ray Gehres, Charley Dodson and Carlan Hearst attended the play and pie supper at Dimmitt. They report a jolly good time, which

the Dimmitt Glee Club is capable of giving.

Mr. Garland Boydston, of Edgerton, Missouri, was at Spring Lake this week looking after his interest here and visiting in the home of J. I. Phipps. Mr. Boydston owns two sections of land here and he was delighted with the country, this being his first trip. He expects to put in some improvement on both sections. This is the way we like to hear people talk.

Mr. Cleave Hamilton has traded some of his land for a fine piece of property in Plainview. He will soon move to it. We regret to lose them from this community.

Mr. Arthur Barton stuck a nail in his

foot and is suffering very much with it.

Miss Ola Benson is visiting her sister, Mrs. Earnest Jones, this week.

Don Shiffett spent Saturday night and Sunday in Spring Lake.

Mr. and Mrs. Braup, of Los Angeles, California, are spending the summer with Mrs. Earl Gehres.

Mrs. Emmett Barton left Sunday for Haskell county to visit homefolks.

Wallace Phipps and Cecil Johnson delivered hogs in Hereford Saturday.

Mr. Whitford and son are here visiting Mrs. Gatlin and looking at the country in view of buying a farm.

Mrs. Savage, of Hart, is visiting her parents, Mr. and Mrs. Kimbell.

On recreation evening here Muleshoe

and Spring Lake played ball; scores 8 to 3 in favor of Spring Lake.

Endeavor Picnic

One of the jolliest picnics given by the Presbyterian Christian Endeavor was enjoyed at the dairy picnic grounds Saturday evening and was planned in honor of Mrs. Mitchell of Amarillo, district president of the Y. P. S. C. E. A waffle roast and bacon fry were the features around which centered the many delightful diversions made possible by congenial companionship and nature's lavish hospitality. A representative number of Endeavorers were in attendance.

Miss Beulah Lee Rutherford Gives Delightful Party

Nothing pleasanter among the week's social happenings has been recorded than the bunking party given by Miss Beulah Lee Rutherford at her home on Wednesday evening. As a delightful prelude to a jolly evening, a picnic supper was served on the lawn at seven-thirty and after night had fallen, games, music and informal amusements kept the merry company happily entertained until "the wee sma' hours."

A daintily appointed breakfast marked the close of a very pleasant occasion, which was enjoyed by Misses Emma Jeanne Donald, Margaret Gilliland, Nona Brasil, Eunice Parker, Mary Pauline Ray, Lucille Hughes, Frances Obegther and Beulah Lee Rutherford.

Swimming Party Honors Miss Owens

Miss Opal Owens, of Amarillo, was honored of a pleasant afternoon party, Monday, with Miss Pearl Golden as hostess.

Chaperoned by Mesdames Owens and Golden the young people motored to the river where they enjoyed a swim in its invigorating waters and, later, a picnic luncheon.

The party was made up of: Misses Opal Owens, Helen Shore, Elizabeth Corbett, Dorothy Boardman, Lena Bodkin and Pearl Golden.

Miss Lambert Finishes Conservatory Course

Miss Helen Lambert who has spent the summer in the American Conservatory of Music at Chicago, is expected home the first of the week. She has finished the teachers' course and has received her certificate. Miss Lambert writes interestingly of her summer's work and of its attendant musical opportunities. The opera, "Faust", given at Rivera Park, was a musical event which she especially enjoyed.

During the latter part of her course, Miss Lambert was a pupil of David Bispham, the celebrated musical pedagogue and artist, whose classes in interpretation and piano enrolled advanced students from all over the country.

Amarillo Visitor Honored

Monday evening a "fudge party" in honor of Miss Opal Owens, of Amarillo, provided an evening of unusual pleasure for a number of the friends of Miss Pearl Golden, who entertained very charmingly at her home.

An informal musical program, which included the playing of a variety of delicious fudge—these constituting a toothsome and pleasant course—gave pleasure to the guests. Misses Helen Shore, Elizabeth Corbett, Nunn, Monnie Ann, and Miss Opal Owens of Amarillo, were present; Messrs. Howard and Ray, Eddie Shore, Paul Corbett and Earl Nunn.

Children's Party

One of the very charming hostesses of the week was Little Miss Virginia Stovall, who, on Tuesday afternoon at four o'clock, entertained a number of her girl friends most delightfully.

The pretty lawn invited to outdoor sports which, with a refreshment course of grape juice and cookies, provided a very merry afternoon for, Ina Mae Hastings, Frances Ray, Addine Hastings, Imogene Wilson, Orlina Savage, Aleith Elliston, Pauline Wilson, Mary Christine Bruner, and Virginia Stovall.

Mr. and Mrs. Claude Higgins will entertain with a house party over the week end for their friends, Mr. and Mrs. A. J. Offner and Mr. and Mrs. J. O. Johnston of Amarillo.

Ordinance No. 149
 An Ordinance to be known as Ordinance No. 149 requiring the owners and occupants of premises to remove therefrom and from the streets, alleys and gutters adjacent thereto, all weeds, filth, and rubbish, and unwholesome vegetation.

Be it ordained by the Board of Commissioners of the City of Hereford:

Sec. I. Any person who shall fail or refuse to cut and remove all weeds, filth, tin cans, and rubbish of any kind, and all unwholesome vegetation of any kind from the premises occupied by him, or from the sidewalks, alleys, streets, and gutters in front of or adjacent to such premises, shall be deemed guilty of a misdemeanor and on conviction thereof shall be punished by a fine in any sum not to exceed \$200.00.

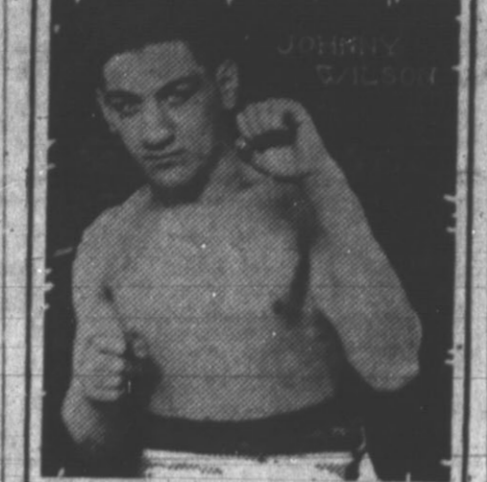

Sec. II. If any person who keeps any horse, mule, cow, donkey, Jack, or Jennet within the city, shall fail or refuse to clean and keep clean the place where such animals are kept, or who shall fail or refuse to remove all accumulations of manure or filth from such premises, and to maintain the same in a clean and sanitary condition, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine in any sum not to exceed \$200.00. Each day such premises are

allowed to remain in an unclean or unsanitary condition shall constitute a separate offense.

Sections 2 and 3 of Ordinance No. 95, adopted July 13, 1912, are hereby expressly repealed.

Approved July 28th, 1921.
WM. M. KNIGHT, Mayor.
GRACE SKELTON, City Clerk.

CHAMPION???

Johnny Wilson still claims the middleweight crown, BUT in his recent fight with Bryant Downey in Cleveland he was knocked down three times in the seventh round, and according to the official timekeeper, Wilson stayed down thirteen seconds the first time and eleven seconds the second trip. Jimmy Gardner of Boston, who Wilson insisted referee the fight, claimed that he was fouled in getting to his feet after the third knock-down and awarded him the fight. But the Cleveland Boxing Commission proclaimed Downey the new champ, which makes us wonder "When is a champ not a champ?" A few people live for self alone, and the public is quite willing to let it go at that.

MRS. ARTHUR THOMPSON GETS TRIP TO PACIFIC RESORTS

Mrs. Arthur Thompson and little son, Arthur, Jr., with Mrs. Thompson's mother, left Emporia, Kansas, on Monday for Spokane, Wash., to visit a sister of Mrs. Thompson's, a Mrs. Frank Humphrey. From Spokane they will visit the cities of Portland, San Francisco, and Los Angeles, taking the Southern route on their return trip to Hereford, arriving here about September 1.

Boys Gladly Stay on OilPull Farms

Farm boys are not leaving modernized farms. They're leaving the "drudgery" farms that are still without the many modern conveniences that are at every farmer's disposal and within the reach of his pocketbook.

Probably nothing ties a boy to the farm more firmly than an OilPull tractor. It makes fun of hard work. It gets the work done in season. It gets a greater profit from the farm. It entirely changes the average boy's attitude toward farm life. For nowhere else in the entire tractor industry is there a tractor with a record of performance as great as the OilPull's. Its record of long life, of dependability and of economy has never been equalled.

Bring your boy in and we will tell him more about farming with an OilPull.

CHIROPRACTIC IS BEST THINKS THIS PARALYSIS VICTIM

Miss Martha Townsend, Hereford, Texas.

Dear Friend,

"Oklahoma City, Okla., July 21, 1921.

"Will you please pardon a little Oklahoma girl for being so bold as to write to you, an entire stranger? We have never met, it is true, but since I heard Dr. Joe Roberts speak of you; it seems as if I surely know you. Please consider me as one of your friends.

"I am also lame and have a great interest in you and your case. It seems to me that all people are my brothers and sisters and the lame ones are of nearer spirit-kin than any others. I wish, dear, you would write to me and tell me of yourself, will you not? Then I would know you so much better.

"Shall I tell you of myself? Perhaps I should not be so bold, but, perhaps it will help you to know me to, and oh! I do want you for one of my very dearest friends. I have many of them, but I don't think I can have too many. Do you?"

"I am just a little girl, five feet high, dark complexioned, and most people call me a "little sunshine girl." That is because I always try to have a smile and a cheery word for others so they will be happy too. Have you ever tried it? I think it is the best medicine anyone can take. This is the recipe, "Always think of others and what you can do to make them smile and you will smile, forget yourself, oh! so happy! (Such rambling, never get my letter written.) I am only twenty-five years old, or rather, twenty-five years young. How's that? I have been lame all my life. I had a severe case of Infantile Paralysis when only three months old. After that I developed so slowly. I never sat alone until the age when most children are walking and it was the same way the rest of my life. I could not stand alone until I was four years old and only the cutting of the cords in my knees enabled me to do so then. The operation did not prove to be a very great success and I went on crutches until I was eighteen years old. I had been examined and treated by the very best medical men and surgeons that we know about, but to no avail. Nothing did me any good and I was gradually getting very much worse. Every doctor gave me up and said I had only a year or so to spend on this earth.

"I met a new friend the year I was eighteen and she told me about the

Chiropractors and told me about the school here and what a wonderful clinic they had. I went up and met the head doctors and received my first bit of encouragement.

"I have been walking without my crutches nearly six years and my, how nice it is to be able to use my own two feet independent of all help! I have been attending the Clinic every year since I started, not all the time, but from three to six months at a time. At the time I first began to take the adjusting, I lived just one block from school. I would fall two or three times while on the way there because I was so very weak. Now, I walk from twelve to fifteen blocks at a time, go up town and cross all streets and do my shopping alone, and can walk a mile on country roads. Don't you think that is doing quite well?"

"Do you understand what the Clinic really is? It is a band of senior Chiropractic students that have to do so much Chiropractic adjusting before they can go out to practice or get their diplomas. They have a number of graduate and experienced Chiropractors instructing and helping them. They give real good adjusting and everyone seems pleased with the results. The fee is now only \$3.00 for twenty adjusting. The hours are from 6 p. m. to 8 p. m.

"I wish you were up here where you could investigate and receive some of our clinic work.

"I hope, dear, that you will get well and strong soon. Don't lose faith in your Heavenly Father, who gives the doctors the power to make the dumb speak, the deaf to hear, the blind to see, the lame to walk and almost raise the dead. They do often raise a dead spirit out of a grave of deep and dark despondency into a life of health, joy and real living.

"Please write me a nice long letter, dear, for I certainly enjoy letters and I'll tell you all about the books I read, the good times I have and my future hopes. Perhaps it will help you to be happy, as well as me.

"Remember me as your little friend, Maude McIntosh.

"P. S. Give Dr. Roberts my best regards and wishes for his future success. If you see him."

GRADY
 Our community has been visited by a great deal of rain the past weeks which has interfered with the harvesting which is in full sway.

Quite a number of our farmers are patronizing the Hereford grain markets on account of their more favorable prices. The Grady farmers believe in favoring those who favor them.

Grady has had many visitors for several days. The traveling movies which arrived some days ago have furnished much amusement for the people who have been unable to work on account of the rainy weather.

Our town has been full of threshing machines for the past two days. There is wheat on all sides, and pleas from all directions and at present they seem to be undecided as to which place to begin.

The Grady ball team will play the Thresher boys a game of ball Monday afternoon.

The teachers, together with a number of the High School students, returned from Silver City and Las Vegas

The following case is but one of many occurring daily in Hereford. It is an easy matter to verify it. You cannot ask for better proof.

James farmer, Hereford,

says: "Some time ago I was down in my kidneys for days at a time and could hardly get around. My back was so sore and lame. My back ached constantly and when I stooped over, sharp, catching pains would take me in my back and I could hardly straighten up. I also had dizzy spells and my kidneys were weak and irregular in action. At night I had to get up two or three times to pass the secretions. The trouble seemed to come on in spells. Now, whenever I feel any symptoms I get a box of Doan's Kidney Pills from the Betts-Clark Drug Co. and they always fix me up and relieve me of all the misery. I know Doan's is a good medicine."

If you use the right oil—TEXACO TRACTOIL

the tractor wins

Compare notes with your neighbor. Texaco Tractoil is the right oil.

How much more land are you cultivating with that tractor of yours, and what is it costing per acre? Texaco Tractoil has exactly the proper lubricating qualities—combined with exceptional resistance to high temperature conditions. It is made specially for tractor lubrication—nothing else.

Do you know that a great deal depends on the oil you are using? Operating conditions are exceptionally severe. Motor oils will not answer for tractor lubrication because the engine temperatures are higher; bearing pressures are higher. A special oil is necessary. Texaco Tractoil is right for the engine, Texaco Crater Compound for exposed gears and chains, and Texaco Thuban Compound for all enclosed gears.

The man who knows that tractors need a special lubricant; knows also that he has to give his tractor reasonable care and attention. He is the successful tractor owner.

TEXACO

TEXACO Motor Oil

The uniform oil that keeps your motor active. It is a fine, lasting oil that completely retains its lubricating properties despite engine heat. It so perfectly seals the clearance between piston and cylinder that no gasoline can leak into the crank-case. Thus full compression is secured, and every last ounce of power used that the gas has to give. Be certain to get the can with the red Star and green T.
