

## Job Insurance Commission Is Starting Task

### State Agency's Budget Is Sent To Washington For Approval

#### FIELD OFFICES THEN WILL LAUNCH WORK

#### Tax On Employers' 1936 Payrolls Becomes Due In January

AUSTIN, Nov. 14. (AP)—The new unemployment insurance commission hopes to get started next week on the enormous task of providing security for more than a half million Texas workers.

R. B. Anderson, chairman and executive director, today mailed his proposed budget for the remainder of the year to the social security board at Washington. He hoped for approval of the budget about the middle of next week, after which state headquarters and field offices could begin to function.

**Tax Due in January**  
A tax on employers of one per cent of their 1936 payrolls, the first levy for the jobless compensation fund, will become due in January. Nine-tenths of that will go to the state for unemployment benefits starting January 1, 1936, and the other one-tenth to the federal government.

Anderson said that since both the federal and state governments were interested in collecting the tax from each employer of eight or more persons, they could work in close co-operation in an effort to make certain that no one escaped the levy.

**100 Employees**  
The director estimated the state organization would have around 100 employees. "Four or five" field offices will be established in the principal industrial areas, he said.

"Our employees," he stated, "will have to be experienced, skilled persons and salaries necessarily will be higher than the average state department. Accountants and all other personnel will be hired strictly on an ability basis."

Anderson will receive a salary of \$7,200 a year, more than any other state official except the governor and attorney general. His two colleagues will be paid \$5,000 each. Wallace C. Reilly, executive secretary of the state federation of labor, will be labor's representative on the commission. Governor Allred was expected to name the employers' representative early next week.

## Reviewing The BIG SPRING WEEK

by Joe Pickle

Blanks will go out to employers Monday asking them to list their employees for identification with the social security board. After all is said and done, on Jan. 1, 1937, the employers who receive around \$1,000,000 monthly in wages and salaries, will start paying in one per cent of their monthly earnings to a retirement fund. Employers will match this amount. Thus, in round figures, employers and employees of Howard county will pay out about \$2,000 monthly toward the fund. By 1942 they will be paying \$6,000 monthly on a basis of three per cent.

Many are asking: "What will we get in return?" Under provisions of the social security law, an employee who receives an average of \$25 a week and who goes on working until he is retired at the age of 65 years will receive a monthly payment of \$53 the rest of his life. If his average salary is \$50 a week, his monthly payment after retirement would be \$74.50. The man who is now 55 and who averages \$25 a week until he retires at 65 will get a payment of \$23 a month. If the employee dies before he reaches 65, his estate will get 1-3 per cent of his total wages earned after 1936.

By reason of the record vote shown here Nov. 3, Howard county democrats have double reason to feel thankful. First of all, of course, they were rewarded with victory. Second, they will be entitled to one more representative in the state convention and to 14 more precinct representatives in the county convention. Republicans picked up one more precinct representative.

Howard county chapter of the Red Cross, seeking a quota of \$1,000, is about a half a pot shy after three days of solicitation. However, with a little more co-operation upon the part of contributors, it is believed that the figure can be reached and the local chapter left in a position to do much good this year. People could give to few worthwhile causes than to the Red Cross.

Judging from the records, Cam M. Murray is getting results from his campaign against illicitly operated trucks and passenger carriers. He has pinched down upon 29 persons in little more than a week.

## Widening Of Ship Strike Threatened

### Longshoremen Warn Of Complete Dock Tie-up Unless Owners Talk Peace

#### SAN FRANCISCO, Nov. 14. (AP)—Maritime strike leaders threatened today to send western longshoremen on a "swing" through Gulf and Atlantic ports and complete a dock tie-up unless ship owners talked peace soon.

At the same time a committee of the San Francisco Industrial association warned business men to organize for "our common defense" against the "inland march" of the longshoremen's union.

Two West coast strikes, not directly connected with the maritime walkout, were settled, but others appeared to complicate the general labor situation.

Striking "rank and file" seamen used an airplane and a motorboat to picket the U.S. liner Washington which became the key ship in the New York walkout.

The Industrial association committee said more than 18,000 men were striking against San Francisco industry and more than 60 plants were closed and "surrounded" by mobs of pickets whose numbers were "growing daily."

The threat of new labor action came from Harry Bridges, militant longshoremen's leader who led a walkout two years ago.

"We understand," he told San Francisco labor council delegates, "that West coast shipowners are prepared to hold out for some time, perhaps two or three months. If the ship lines dependent on subsidies don't do something pretty soon, we are going to do something. x x x We are going to protect ourselves. x x x"

"When we are convinced there is no further use of marking time, and when it becomes necessary to move, we are going to call on the East and Gulf coast workers to help."

Bridges' statement found a lone government official, Assistant Labor Secretary Edward F. McGrady, working unobtrusively to bring about resumption of negotiations.

Bridges, district president of International Longshoremen's association, declared East coast seamen were not officially giving promised support to the West coast strikers, but that unofficially rank and file workers were accomplishing considerable by sympathetic walkouts.

**G. OF C. BANQUET IS PLANNED IN JANUARY**

Chamber of commerce directors Friday evening considered plans for 1937 and tentatively decided upon the banquet of January for the annual banquet.

It was voted to prepare a list of suggested nominees for directors for the next year. Ten will be elected and as many more will be holdovers for another year.

The chamber will likely conduct its membership movement during December.

## Drive Reaches Halfway Mark

### \$505 In County Treasury Of Red Cross; Roll Call Continues

Half of the \$1,000 quota it fixed for itself had been raised Saturday evening by the Howard county chapter of the Red Cross after three days of work on its annual roll call.

Mrs. Harvey Williamson and Shine Phillips reported that \$500 had been paid into the chapter treasury. They said there was an additional \$50 out which had been collected but not officially reported. In addition, reports from Comstock and Garden City were incomplete.

The school division reported two 100 per cent schools in South Ward, North Ward, and all but one had been notified in East Ward. The division is in charge of Thomas E. Pierce. Encouraging results were shown by the Junior Red Cross group, Phillips and Mrs. Williamson, co-chairmen of the roll call.

The roll call will continue through Thanksgiving day. Howard county chapter is hopeful of exceeding its quota this year, having fallen short last year.

Mrs. L. I. Stewart and daughter, Edna Vern, will leave today for Fort Worth and Dallas where they will visit for a week.

## FIRST ASPHALT IS PUT ON ROAD FROM KNOTT TO HWY. 9

First asphalt topping on the Knott to highway No. 9 job was placed Saturday morning.

Frank Hodnett, county commissioner from precinct No. 4, and Miller Nichols, Knott, threw the first shovels of chat upon the asphalt to officially start the surfacing.

When completed, the road will connect Knott to highway No. 9 north with a two course rock aggregate asphalt topping and will bring the total number of miles surfaced lateral roads this year to 11.

The Gail road project in precinct No. 4 was the first to be completed. The Knott job barring adverse weather, should be finished by the end of the week.

## Turkeys Sold By Only A Few Texas Growers

### Major Raisers Still Refuse To Sell Crop At Present Price

#### PRICE FIXING PROBE PROMISED BY GOVT.

#### Monday Morning Is Deadline For Thanksgiving Shipment To East

GONZALES, Nov. 14. (AP)—Hard-pressed small raisers of turkeys drove flocks to market today but large producers stood firm in their refusal to sell, cheered by reported pending federal investigation of a "uniform market," and a spread of their strike.

Little time, corn destroyed by floods, cashed their turkey crop in the prevalent 12-cent a pound price. Observers estimated 15,000 of the county's 250,000 birds went to buyers.

In Washington a justice department spokesman for Attorney General Homer Cummings said a widespread investigation to find if turkey buyers were conspiring to fix prices was under consideration.

**Oklahoma Joins In Probe**  
Farmers here and in Oklahoma, joined by the Oklahoma state board of agriculture, asked the probe, alleging violation of anti-trust laws.

Texas assistant attorney general conferred with growers here in mid-week. Gov. E. W. Marland of Oklahoma ordered today a similar investigation.

Tension increased as growers noted the Monday morning deadline for Thanksgiving shipments to the east. Several said they would sell if buyers posted a few cents per pound advance. Last year the market price was hiked at the last minute.

Farmers' organization presidents from Oklahoma City and Duvall county, Florida, wired their support to growers.

T. W. Cheek, president of the Oklahoma Farmers' Union said Senator Thomas of Oklahoma was en route to Oklahoma to press the investigation.

**"Stand Pat"**  
Stant pat, telegraphed E. G. Pattishall, president of the Duvall County Producers' association in Florida.

John Huff of Fort Worth, United States department of agriculture representative, reported to have been assigned to an investigation of the Texas markets, said he had received no instructions as yet.

Texas Attorney General William McCraw said he would confer in Washington with anti-trust bureau officials November 18.

Roy M. Finley, Denison, secretary of the Texas Butter, Egg and Poultry association, defended the low price for turkeys on the grounds of the tremendous crop this year.

Texas normally ships about 1,600 carloads of birds, dressed and live.

## \$50 NETTED BY PLAY AT FORSAN SCHOOL

Travel fund of the Forsan school was swelled by its first receipt Friday night when the play presented by the school faculty netted approximately \$50.

The money, together with other raised during the year, will be used in financing the annual trip to be taken by the junior and senior classes at the end of the school year.

Norman C. Malechek directed the play.

## Hunters On Trek To Deer Country

### Local Parties Ready For Season Opening

Big Spring and Howard county deer and bear in the Guadalupe peaks.

Perhaps the largest party from here will be that which camps on the Dr. G. T. Hall lease in Mason county. About 15 from here and as many more from other places will hunt on the vast private game preserve.

Second largest local group will leave here this morning for an eight-day trip to the White ranch in Mason county. In the party will be G. C. Dunham, Ray Millon, Dr. D. K. Bivings, Pat Sullivan, J. L. LeBlou, Herschel Petty, W. D. Carnet, Tom Ashley, W. T. Strang, Jr., Tom Pierce, Virgil Smith, Andy Brown, Guy Brown, Lester Brown.

(Continued on Page 10)

## Westex Land Will Be Sold At Auction

### Will P. Edwards To Offer Ector, Crane Tracts On November 24

#### SALE WILL INVOLVE OVER 12,000 ACRES

#### 0-4 Ranch Property Lies Near Big Producing Oil Fields

Will P. Edwards, Big Spring cattle and oil man, will offer 12,000 acres of land in Ector and Crane counties on auction Nov. 24 in the Texas hotel at Fort Worth, he announced Saturday.

The lands, divided into 81 separate tracts, comprises the O-4 ranch, owned by Edwards for more than 18 years. Only one tract is in Crane county and part of another extends past the Ector county line into Crane.

The Gulf-Waddell and Edwards oil fields join the acreage on the south and southwest and the Penn field lies to the northwest. It extends as far south as section 2, block B-23, PSL in Crane where major oil companies have a lease with seven wells with a daily potential flow of 58,987 barrels of 30 gravity oil. Production in section 2 and other wells on the southern extremity comes from a lime formation at a depth ranging from 3,500 feet to 3,600 feet.

**Cash Basis**  
Four of the university leases which sold on auction during August at \$22,000 to \$48,000 per section lie within half to two miles of the Edwards property.

Edwards stipulated all bids must be strictly on a cash basis and that no other will be considered. He asks a yearly delay rental of 30 cents an acre plus bonus bids.

The auction will be conducted by Col. E. Walters, Skedee, Okla., who was auctioneer for the university land lease sale in August. Bids must be sealed and in the hands of the auctioneer an hour before time for the sale to open.

Not included in the sale are 27,800 fee lands near or adjoining oil fields in Glasscock, Howard, Winkler, Loving, and Crane counties. Production is had on 200 acres of the 2,300-acre tract in Howard county and on a portion of a similar tract in Winkler county. The 4,400-acre tract in Loving and Winkler counties is about four miles from production. The Glasscock county tract contains 7,000 acres and the Crane county tract 10,000 acres.

## COMMUNIST CHIEF'S EXECUTION RESULTS IN DEMONSTRATION

PARIS, Nov. 14. (AP)—French leftists massed tonight to demonstrate against the execution of Edgar Andre, German communist, with communist posters proclaiming Adolf Hitler an "assassin."

Andre's widow was listed on the program at a meeting arranged under communist auspices.

Andre's execution was announced by authorities in Hamburg, Germany, Nov. 6, after his conviction of charges of murder, treason, attempted murder and inciting to violence in connection with Nazi-communist clashes.

He was a district leader of communist frontiers.

## FORT WORTH SHOW CLOSES FOR SEASON

FORT WORTH, Nov. 14. (UP)—"Almost certain" of another show next summer, the Fort Worth Frontier Centennial closed tonight after a 122-day run.

William Monnig, chairman of the centennial's board of control, was authority for the statement that the show was "almost certain" for a return engagement in 1937. Dallas already has announced another season for its centennial centennial exposition in 1937.

"The show has been of a tremendous benefit to the city, especially the mercantile business," said Monnig. "It has a great future."

Monnig favored reopening the Frontier Centennial July 1, 1937, and continuing it through September.

## Fascists Reported At Edge Of Madrid

### EXTRA DIVIDENDS, PAY HIKE MEAN HUNDREDS OF MILLIONS TO SHAREHOLDERS, WORKERS

#### NEW YORK, Nov. 14. (AP)—Several hundred million dollars will be swept into the pockets of workers and shareholders in American industry before the end of the year by a golden tide of wage boosts, extra dividends and Christmas bonuses.

A survey today showed wage increases totaling upwards of \$100,000,000 annually for more than 1,000,000 workers in steel, motor, textile, meat packing and rubber industries.

Thousands of shareholders in seven big corporations will get about \$102,000,000 from the year-end shower of extra dividends and workers nearly \$25,000,000 in bonuses.

These figures will be augmented by pay and dividend increases from the treasuries of scores of smaller corporations.

The autumn pay and dividend tide, gathering headway the last two weeks, has attained the widest sweep Wall Street has seen in years.

It is expected to continue. It was pointed out in business quarters that wage increases tend to become infectious, as indicated by the spread the last few days from steel to other industries.

## US Widens Probe Of White Slavery

### Roosevelt Jr., Miss du Pont To Be Married

#### Arrests Indicate Activity Is National In Scope

WASHINGTON, Nov. 14. (AP)—J. Edgar Hoover disclosed today that federal agents tracking down white slave rings have uncovered evidence necessitating expansion of investigating activity as far west as the Pacific coast.

Recent arrests for white slavery have been in the east, south and middle west, but the chief of the bureau of investigation said information now in the hands of his men required activity from Maine to California.

"Frankly, I don't know where or when our next 'break' will come," Hoover added.

**No "Drive"**  
"Our investigations in some cities may not come to a head at all but mature suddenly somewhere else. We seldom know very far in advance."

In an interview, Hoover emphasized that federal agents are not conducting either a "drive" or a "roundup."

"Use of either of those words carries an implication that sometimes there is a slackening of activity. That is not true. We are always trying to get a lead on the heads of interstate white slave rings, but whenever there is increased activity in other fields of crime naturally we have to reassign men temporarily. That is especially true of kidnaping and bank robbery cases, which require immediate concentration of effort."

## BUSINESS OUTLOOK IN SOUTHWEST IS BEST IN SIX YEARS

WASHINGTON, Nov. 14. (AP)—The commerce department said today merchants of the southwest were entering the holiday season with better prospects than at any time in the last six years.

In a survey of business conditions for the week ended Wednesday, the department said retail stores in North Texas and Southern Oklahoma registered an average gain of 31 per cent over last year and in the Houston area from 10 to 40 per cent.

Only seven business failures were reported for the state in the last month, compared with nine the previous month and 21 a year ago. Liabilities of bankrupt firms declined 45.6 per cent from previous month and 61.2 per cent from the corresponding 1935 period.

## BANKS EXEMPT FROM STATE MORTGAGE TAX

AUSTIN, Nov. 14. (AP)—The attorney general's department ruled today that national banks receiving mortgages and similar instruments were exempt from the new state tax on such instruments.

The statute, Attorney General McCraw said, expressly exempted from the 10-cent levy on each \$100 of an instrument in excess of \$200 the instrumentalities and agencies of the United States. Even if they were not exempt by the statute, he ruled, such instruments would be free since the state legislature may only levy upon instrumentalities of the federal government in the manner expressly authorized by congress.

## TICKETS FOR CLUB MUSICAL SHOW SOON WILL GO ON SALE

Tickets for the musical extravaganza to be presented under the auspices of the Lions club Dec. 8 will probably go on sale here during this week, Pascal Buckner, president of the club, said.

The pep squad, band, and other organizations will offer tickets.

To date more than half a dozen entries have been received by the club for the amateur offering. Those interested in entering should contact Dave Tobolowsky, chairman of the committee in charge.

## Troops Cross Stream Near Capital City

### Government Guns Silenced In Region Where Advance Made

#### INSURGENT PLANES AGAIN DROP BOMBS

#### Many Killed And Wounded; Heavy Damage Throughout City

WITH FASCIST TROOPS OUTSIDE MADRID, Nov. 14. (AP)—Unconfirmed and unofficial reports late tonight said fascist troops had reached the edge of Madrid after fording the shallow Manzanares river.

The insurgents were said to have crossed the stream between the Toledo and Princess bridges south of the city.

(The latest dispatch from Madrid said fascists, trying to enter the capital over the Los Franceses bridge, had been repelled. No word had been received of any fascist entry into the city.)

Government guns were almost completely silenced in the region south of Madrid today.

## BOMBS KILL MANY

MADRID, Nov. 14. (AP)—Fascist aviators killed 53 persons and wounded at least 150 today in sudden bombardment of a crowded capital plaza where workers had gathered to discuss the defense of Madrid.

Today's raid was one of the most disastrous to the capital and damage was heavy. Dead and wounded lay about the streets. Panic swept the crowd. One bomb crashed through a supposedly bomb proof subway.

In an angry demand for reprisal, Military Governor Jose Miaja exhorted his troops to "wipe out 30,000 of the enemy. Smash through them. Wipe them out."

The mass meeting of the workers had been called for 8 a. m. at the Clorieto Atoche plaza. Organizers cancelled the meeting at the last minute but hundreds gathered in the huge plaza on the south side of the capital, unaware of the change in plans.

**Bodies Hauled In Streets**  
Suddenly a roar of motors sounded above. Three tri-motored bombers flying low swept over the square.

Before the crowds could scatter, five bombs exploded in rapid succession. They were believed to be 225-pound projectiles filled with high explosives used for blasting.

(Continued on Page 10)

## Gin Total Is Near 15,000

### Plants Not So Busy, Harvesting Of Crop Is On Decline

On the basis of reports from five Big Spring planters, county Saturday evening had harvested 14,700 bales of its current cotton crop.

The five local gins reported a total of 7,773 bales handled through Saturday.

Report by J. L. Hudson, special agent of the department of commerce bureau of census, showed that the county had gained 11,369 bales to Nov. 1. At that time Big Spring gins had turned out 6,036 bales, or 53 per cent of the county total.

If that ratio holds good now, the total for the county is crowding the 15,000 mark.

Most significant development of the week was the decline in gin totals locally. Only 465 bales were ginned here during the week as compared to 1,252 for the previous week. Part of the drop could be laid to foggy weather for two days, but most of it was due to the unmistakable tapering of production.

**Three More Weeks**  
Most planters agreed that three more weeks would see all but spotted patches harvested. Even so, the total for the county will run approximately 16,000 bales, far above early pre-season estimates.

Repeated, heavy frosts have definitely put an end to the growing season and many farmers are cutting into feed.

Eight spots in the increasing number of small grain fields over the county. Almost without exception they are showing the best prospects in years. Farmers are reporting excellent winter pasturage from these patches.

Prices declined about 50 points during the week for snags and closed out Saturday at 10.75 a bushel. The government report, which showed a sharp gain in production in prospect, was largely responsible. Seed stayed at \$3 a ton.

**BIRTH ANNOUNCEMENT**  
Mr. and Mrs. J. E. Reagan have announced the arrival of a daughter on Wednesday. The child has been christened Dorothy Marie. She weighed eight pounds at birth.

# Clark Gable, Marion Davies Teamed In Musical Romance

Co-Starred In "Cain And Mabel" At The Ritz Today

Two of filmdom's greatest publicized players, Clark Gable and Marion Davies, are brought together in "Cain and Mabel," a romance replete with popular music, comedy, and spectacular production numbers which play at the Ritz theater Sunday and Monday.

The picture combines the glittering background of the theatre, with accompanying stage numbers, and the action of the prize fighting ring. The film also is featured by two outstanding specialty numbers, of a magnitude in keeping with the Warner Bros. musical presentations.

These two are the "Thousand Love Songs" number in which Miss Davies leads 160 beautiful Hollywood chorus girls through intricate dance routines; and the "Coney Island" number, a fantasy with scenery from the famed amusement resort as the background. The production numbers were staged by Bobby Connelly, with music and lyrics by Harry Warren and Al Dubin.

Miss Davies has the role of a waitress who springs to stardom on the musical comedy stage almost overnight. In her rise to fame she inadvertently interferes with the career of a young prize fighter who aspires to become the world's champion.

The two come to hate each other cordially, but a truce is established by the actress' press agent who conceives the idea of announcing a romance between the two in order

## CANINE ACT IN SADLER SHOW

Eddie Kuton's extraordinary dog act, coming to Texas for the first time with Harley Sadler's Society Circus, has one dog which turns a double somersault and lights on one foot on the thumb of the trainer. That is a

highlight of the act—one of 27 specialties offered in Sadler's new type show which plays at the municipal auditorium for three nights, beginning Monday, with matinee performances also on Tuesday and Wednesday.

## HARLEY SADLER TO BRING NEW CIRCUS HERE FOR THREE DAYS

Hippodrome Acts To Be Presented At Auditorium Beginning Monday Night

Harley Sadler, bearer of a great reputation in West Texas for the merit of his dramatic shows, brings a new type of entertainment, his indoor Society circus, to Big Spring this week, for a three-day five-performance engagement. The show opens Monday night at the municipal auditorium, and there will be matinee and night shows on Tuesday and Wednesday.

The appearance here is under auspices of the local VFW auxiliary. Advance ticket sale will be at Cunningham & Phillips No. 1 store. Sadler has announced that in order to introduce his new production to the public, ladies will be admitted free to the Monday night performance if accompanied by one paid

admission. Sadler has effected an arrangement with R. M. Horvey of the London Hippodrome Circus, and most of the acts come from that famed organization. The show has been accorded a great turnout in other cities where it has played, and the San Angelo Standard called the circus "the greatest show that ever carried the Sadler name."

There are fourteen nationalities represented in the variety program, not counting the Asiatic Angora goat or Burmah, the Asiatic elephant. However, the management is never sure it can present the elephant act in any building until Burmah has had a chance to test the stage floor. Burmah does the deciding.

There are 27 acts with the circus, all declared to be headliners of their kind. The Sadler circus comes here from San Angelo, where a three-day engagement was concluded Saturday night. Performances were presented in Abilene the first three days of the week.

St. Cecilia Club to Sponsor Silver Tea At Bristow Home

In commemoration of the day of Cecilia, patron saint of music, the St. Cecilia Club of the Episcopal Church will sponsor a silver tea at the home of Mrs. J. Gordon Bristow on the 22nd, between the hours of 3 and 5 o'clock.

This club was organized last year for the purpose of sponsoring the purchase of a pipe organ for the church, therefore, the name of the musical saint was chosen for the club name.

The silver offering that is received at the tea will go in the fund for the organ.

Sponsors are Mrs. Ralph Rix, Mrs. William Tate, Mrs. J. Gor-

## Warner Baxter Is Starred In Film At Queen

Early Days Of California Dramatized In "Robin Hood Of Eldorado"

Warner Baxter contributes what is termed by many his finest performance in "Robin Hood of Eldorado" an outdoor drama of early California which headlines the Queen theater's program for Sunday, Monday and Tuesday.

Produced on a spectacular scale, the picture is a romantic record of one of the nation's most glamorous periods of frontier history—that which began in 1848 with the discovery of gold in California.

Pressing much of the epic sweep of the famed "Covered Wagon," "Robin Hood of Eldorado" has dramatic scope as well as romance and thrill sequences.

Baxter appears as Joaquin Murietta, dashing good-bad man of the Far West who left a trail of plundered gold and broken hearts as he rode through the American mining settlements at the head of his outlaw army.

With him is a cast which includes Ann Loring, a newcomer to the screen; Bruce Cabot in a sympathetic role; Margo, the little Spanish dancing beauty; J. Carroll Naish, Eric Linden, Edgar Kennedy, Charles Townbridge, Hurvy Stephens and hundreds of others.

The story of Joaquin Murietta, as depicted in the film, is the story of one of the California Spaniards who was broken under the iron heel of the American invasion that followed the discovery of gold.

## Recent Bride Is Honored For Shower At Home Of Mrs. Lamar Smith

As a courtesy to Mrs. B. Loftin, Mrs. Lamar Smith entertained for a bridal shower at her home recently using the Thanksgiving season as the party theme.

The honoree, the former Mrs. Mable Watkins, was married on October in Seminole to B. Loftin and the couple have only recently announced the marriage.

As the guests arrived each was asked to write a recipe in a cook book which was presented to Mrs. Loftin. Games were directed by Mrs. Pauline Schubert who later read an article concerning the season of autumn and the horn of plenty. The latter reading was followed by the presentation of gifts, done in a unique manner. The gifts were arranged in the crepe paper cornucopia which was given to Mrs. Loftin.

A desert plate was passed to Mrs. Loftin, Mrs. Frank Wilson, Mrs. Marie Woods, Mrs. C. E. Shivers, Mrs. E. L. Standell, Mrs. G. L. Bell, Mrs. Florence Bell, Mrs. J. M. Gilmour, Mrs. Charles Vines, Mrs. D. E. Bishop, Mrs. Beery Williams, Mrs. J. C. Stephens, Mrs. Cornell Smith, Mrs. Ezelle B. Kimberlin, Mrs. Macie McTier, Miss Marian McDonald, and Miss Hattie Gilmour. Gifts were sent by Miss Arthur Hawk, Mrs. R. D. Hatch, Mrs. Tom Adams, Mr. and Mrs. W. E. Davis, Mrs. J. F. Skalkicky, Mrs. C. J. Redwine, Mrs. R. L. Rogers and Miss Stella Schubert.

## Shine Philips To Direct Elbow Amateur Program At School Wednesday

Shine Philips will be master of ceremonies at the amateur program Wednesday evening when the Elbow Home Demonstration Club will sponsor the show in which talent from the rural communities will compete.

The affair will begin at 7:30 at the Elbow school house and an admission price of 10 and 15 cents will be charged. There will be more than 10 numbers given and the club women are anxious that Big Spring people attend.

don Bristow, Mrs. Wilburn Barcus, Mrs. Turner Wynn, Mrs. Ray Simmons and Mrs. Reuben Farker.

An invitation to this affair has been extended to the public by the club.

## PRIZE FIGHTER AND ACTRESS

Clark Gable as a prize fighter and Jeanette MacDonald as a waitress "Cain and Mabel," at the Ritz theatre Sunday and Monday. The picture presents several song and dance specialty numbers.

## Frisco Quake Is Spectacle In Film Drama

Clark Gable, Jeanette MacDonald In "San Francisco" At Lyric

One of the more sensational sequences of the early cinema season—a romance combined with spectacular drama—is "San Francisco," which has a return showing locally in a three-day engagement at the Lyric beginning Sunday.

The film brings together Clark Gable, Jeanette MacDonald and Spencer Tracy. Direction was by W. S. Van Dyke.

The production's bid to fame rests upon the stirring and realistic dramatization of the great San Francisco earthquake and fire, this catastrophe being depicted in a fashion seldom achieved by the camera.

"San Francisco" is the story of Blackie Norton, lord of the old Barbary coast before the San Francisco disaster of 1906. Into his resort wanders a small-town girl with great ambitions to become a singer. Gable, as Blackie, engages the girl to entertain his customers and from the dance hall she rises to heights as an opera star to thrill the hearts of San Francisco's music lovers. Later she turns to Blackie, who does not realize the depth of his love for the girl until he finds it in the destruction and suffering of the San Francisco disaster. The earthquake dramatically means the regeneration of the Barbary coast overlord.

Outstanding in the cast is Spencer Tracy, in the role of a priest who is Blackie's friend. The picture puts Gable in the rugged type of role in which he has been most popular. And it brings again to the screen Miss MacDonald's lovely voice in a variety of songs, ranging from classical airs to ragtime tunes and religious hymns.

The supporting cast includes Jack Holt, Ted Healy, Shirley Ross, Jessie Ralph, Harold Huber, Margaret Irving, Al Shean and Roger Imhoff.

## Mrs. Carlton Removes Studio To Crawford

Mrs. Lucia Mae Carlton, instructor in voice and piano has announced the removal of her studio to the Crawford hotel, room 226. She will direct the Philharmonic chorus each Monday evening at 7:30 in the ballroom of the hotel.

Mrs. J. T. Allen has as her guest her sisters, Mrs. Nannie Hennecock and Miss Lillie Lowry of Arp. The sisters will direct here a week and will then be accompanied by Mrs. Allen for a trip to Dallas where they will attend the Centennial shows.

Mrs. R. Million left Saturday for a trip to Dallas and Waco. She expects to be away ten days.

### SECOND PRODUCING AREA IS OPENED IN GAINES COUNTY

#### Amerada Averitt Makes 2 1-2 Bbls. Hourly; Harper Pool In Ector Extended

SAN ANGELO, Nov. 14.—Opening of a second oil producing area in Gaines county through the flowing of 2 1-2 barrels of 34 gravity oil hourly by Amerada No. 1-A Averitt from a total depth of 5,015 feet was West Texas' outstanding oil development this week. Shell No. 1 E. F. Cowden, flowing 198 barrels of oil in 13 hours at 4,355

feet following a shot, extended the Harper pool in Ector county one-half mile west. Atlantic No. 5-A Lock became the largest natural producer initially in the Henderson pool in northern Winkler county by flowing 218 barrels of oil hourly through 2-inch tubing for five hours, bottomed at 3,080 feet. It is 960 feet from the south line and 330 feet from the west line of section 34-74-pal.

Sweding out of the bottom joint of 7-inch casing that was collapsed by a 160-quart shot from 5,015 to 5,060 feet delayed cleaning out and testing of Honolulu, Cascade and Devonian No. 1 Duggan, discovery well in southeastern Cochran county and the farthest north producer in the West Texas Permian Basin. The well headed around 120 to 150 barrels daily while being conditioned for a potential gauge. It is in the center of labor 13, league 55, Oklahoma county school land.

Drilled with rotary, Amerada No. 1 Averitt, three miles northwest of Seminole, Gaines county seat, obtained pay between 4,973 and 5,015 feet and showed 500 feet of oil and 1,050,000 cubic feet of gas on a drill stem test between those points. All-night swabbing did not cause the well to flow, but it "kicked off" after being shut in to build up pressure and opened for four hours, flowed 2 1-2 barrels

hourly. At the end of the gauge gas tested 1,300,000 cubic feet. The well was shut in over the Armistice holiday and registered 1,990 pounds bottom hole pressure. Soft lime was encountered in deepening to 5,022 feet and a drill stem test was scheduled, with packer set at 4,980 feet. No. 1-A Averitt is 960 feet out of the northeast corner of section 228-G-WTRR, a southwest offset to Amerada (formerly Walsh & Adams) No. 1 Averitt, which gauged 12,368,000 cubic feet of wet gas daily in March at 4,910 feet. Loss of cable tools there prevented deepening. Both wells are on a geophysical "high."

A large portion of the leases in the area is held by Amerada, Atlantic, Magnolia, Humble and Ohio. Major royalty owners are Northrup & Carr of San Angelo, with a total of 2,500 royalty acres under 16 sections; Humble and Amerada. Mrs. Sarah J. Averitt, owner of the land on which the two wells are located, operates a hotel in Seminole.

**Fewer Locations**  
Both locations and completions showed a decline from the preceding week. Thirty-five locations were scattered from Jones to Presidio counties, each of which gained one. Other locations were: Winkler 11, Upton seven, Ward three, Crane, Ector, Glasscock and Nolan, two each and Jeff Davis, Nolan, Pecos and Reagan counties one each. Thirty-six producers and dry holes were completed in nine counties, as follows: Ward 10, Winkler nine, Upton five, Ector and Pecos four each and Gaines, Loving, Howard and Glasscock counties one each.

Shell Pipe Line Co. began preparations to lay a 10-inch pipe line from Wink to McCamey, a distance of 75 miles, replacing two 6-inch carriers. Completion is scheduled within 60 days. Four pump stations now in use will be retained. The change will increase Shell's capacity from 35,000 to 50,000 barrels daily. Shell No. 1 E. F. Cowden, half mile west extension to the Harper pool in Ector county, flowed 198 barrels of oil in 13 hours after being shot with 420 quarts from 4,160 to 4,260 feet, total depth being 4,355. It is 960 feet out of the southwest corner of section 25-44-28-T&P. Production had to be developed by Nov. 15 to hold the lease.

Atlantic and Tide Water No. 1-C Holt, on the northeast edge of the North Cowden field and in the southwest corner of section 30-45-2-T&P, flowed 691 barrels of oil in 24 hours through casing and tubing. It was shot recently with 480 quarts from 4,136 to 4,286 feet. Stanolind No. 2-B Cowden, one mile northwest of the Foster pool and in the northeast corner of section 10-32-28-T&P, was cleaning out following a 375-quart shot from 3,960 to 4,550 feet. Earlier it plugged back from 4,451 to 4,305 feet to shut off water.

**Record Depth**  
Sinclair-Prairie No. 1-A Johnson, five miles northeast of the Foster pool and in the northwest quarter of section 42-42-15-T&P, had established a new depth record for Ector county in drilling to 6,930 feet in sandy lime, 2,895 feet below sea level. After striking sulphur water from 4,235-50, at 4,290 and from 4,410-20 feet, it changed to rotary at 4,563.

York & Harper No. 1 Slater, wildcat northwest of the Penn pool and in the northeast corner of section 25-15-18-T&P, struck a small amount of sulphur water from 4,450-51 feet and had an increase from 4,303-05 feet. It drilled ahead at 4,380 feet, 60 feet past contract depth.

R. H. Henderson and others No. 1 Parker, three quarters of a mile southwest of the Fuhrman pool in southern Andrews county, headed around 250 barrels of oil daily while cleaning out following a 650-quart shot from 4,190 to 4,550 feet to the total depth. It is in section 11, block P, scrap file 10,445, James Harbellis survey, 212 feet north and 650 feet east of the southwest corner of section 25-A43-psl.

**Water Increases**  
Stanolind No. 1 Davis, south of Seminole and 1 1-2 miles northwest of Landroth No. 1 W. H. Kirk, Gaines county's first oil producer, had a slight increase in salty sulphur water from 5,005-08 feet and shut down for orders at 5,012. It showed the first water at 4,991. Uscan and Illinois No. 1 A. R.

### Continental, Gulf Complete A Well Each

#### Howard-Glasscock Potential Boosted 1,909 Barrels By Producers

Two completions in the Howard-Glasscock field, one of them an important outcrop test, boosted the field potential by 1,909 barrels during the past week. Continental No. 2-A Eason, 320 feet from the east and 440 feet from the north lines of section 7, 23-28, T&P survey, was completed at a total depth of 2,455 feet in lime for a total potential of 1,335 barrels. The test, half a mile south of nearest production on Continental's Eason lease, topped the pay at 2,420 feet. Showings of the well will cause the heretofore undeveloped section to be drilled out. Gulf Oil Co. No. 2 Chalk, 150 feet from the south and east lines of section 125-29, W&NW, showed 575.52 barrels daily on proration test. It is bottomed at 3,206 feet and topped the lime at 2,908. It was shot with 570 quarts on Nov. 5.

**New Garza Test**  
On a retest Garza No. 1 Post estate, west of Post City in Garza county, was given a potential of 20.51 barrels. Total depth is 2,920 feet and the lime was topped at 2,797 feet. The well was given a 2,000-gallon acid treatment in the spring. Garza is preparing to spud its No. 3 Post estate next week, having dug slush pits and cellar just west of its No. 2 Post estate in section 6-5, K. Aycock survey. Grisham and Hunter No. 1 Post estate, in the same section and block, is drilling past 1,250 feet.

Contract was awarded to Willbanks brothers for two wells in Glasscock county on the McDowell ranch. The first, an offset and second test on the deep test unit block organized by John I. Moore to the World Oil Co. McDowell production, will be located 330 feet out of the northwest corner of section 21-34-28, T&P. The other, Moore Bros. No. 1 McDowell, will be located 330 feet from the south and 1,320 feet from the east lines of section 31-34-28, T&P.

**Acid Boosts Yield**  
Treatment with 1,000 gallons of acid boosted the production of Continental No. 2 Clay, section 130-29, W&NW, Howard county, by 60 per cent to 480 barrels. Cecil E. Rains No. 1 Chalk, in the NW 1-4 of the NW 1-4 of section 140-28, W&NW, is at 90 feet with a spudder. It will go to 200 feet where 12 1-2-inch casing will be set and then shift to rotary.

Ward Oil Corp. No. 6 Roberts, section 137-29, W&NW survey, is drilling at 540 feet in redrock after setting 12 1-2-inch casing at 337 feet. Superior Oil Co. No. 33 Roberts is fishing for a joint of 10-inch casing at 1,610 feet. Location is section 137-29, W&NW survey. Superior No. 31-B Roberts, section 137-29, W&NW survey, is cleaning out at 2,450 feet.

**Other Tests**  
Stanolind No. 1-B Clay, section 130-29, W&NW survey, is drilling at 2,250 feet in gray lime. Imperial No. 35 Clay, section 140-29, W&NW, is drilling at 2,965 feet in green lime. It is a deepening job. Merrick and Lamb No. 7 Clay, section 139-29, W&NW survey, is drilling at 2,500 feet and Merrick and Bristow No. 2 Hooks, section

Brownfield, southwestern Terry county wildcat, in the northwest corner of section 1-C77-psl, was running 7-inch casing to shut off salt water from 4,620-25 feet in red sand.

Gulf added another big well in the northwest extension to the Grandfalls district in Ward county in No. 6 Estes, in the south quarter of section 33-34-H&TC, flowing 2-33 barrels of oil with 2 1-2 million cubic feet of gas through tubing and casing in 24 hours at 2,609 feet after being shot with 270 quarts. Gulf No. 5 Estes, in the east quarter of section 33-34-H&TC, was completed at 2,940 feet, after a shot, flowing 1,334 barrels of oil in 24 hours.

### New Wildcat Locations In Jones County

#### Tests In Widely Separated Areas; Other Operations Delayed

ABILENE, Nov. 14.—Three new wildcat tests were spudded in widely separated parts of Jones county this week, as three others were held up in drilling by fishing jobs. Merry Brothers & Perini and Forest Development corporation spudded their second try for King sand production west of the Sandy Ridge field in the eastern portion of the county, following less than two weeks after abandonment of their No. 1 White with a hole full of water at 2,376 feet.

Location for the No. 2 J. H. White is 600 feet east and 1,075 feet south of the northwest corner of section 6, block 13, T&P survey. It is little more than a half mile west of the Sandy Ridge production, and is about 800 feet northeast of the first well.

**Northwest of Hawley**  
Fain-McGaha Oil corporation No. 1 R. R. Shapard was spudded two miles east of the Guitlar pool discovery well, northeast of the town of Hawley, for a test of Hawley field pay sands. Location is 220 feet from the north and east lines of the Shapard 240-acre tract in section 192, Robert Smith survey.

Four miles southeast of Nugent, the L. H. Pearson No. 1 Guitlar tract estate was spudded for a King sand test in the area directly south of the Lueders King sand field. It is 412 feet from the north and 400 feet from the west lines of the southwest quarter of section 23, block 14, T&P survey.

Ungren & Frazier also made location for another test in the Hawley field, slated to go to 2,500 feet, on the southwest side of production. It is the No. 9-C Dorsey, and is 200 feet from the north and 44 feet from the east line of section 5, S. W. King subdivision of Manuel Bueno survey No. 197.

Northwest of the Hawley field, the Texas Oklahoma Oil Development Company No. 1 Mrs. Ella Duke, was delayed fishing after eight-inch casing parted. It had drilled to 1,960 feet. Location is in section 20-13-T&P.

**Other Activities**  
In eastern Jones, the Ungren & Frazier No. 1 Davis & Stemmons, in lot 7, F. M. Smyth survey No. 3, was fishing for collapsed pipe at 1,505 feet. Humble No. 1 J. M. Alexander, in the same area, was fishing at 1,570 feet. It is in subdivision 4, W. C. Walker survey No. 6. Charles J. Kleiner No. 1 Birt Fields, three miles east of the Guitlar pool opener, was drilling ahead

440-29, W&NW survey, is drilling at 2,693 feet in gray lime. Donnelly and Norman No. 1 Bell, section 12-30, Hs, T&P survey, is being deepened from its former depth of 2,802 feet. Drilled to 2-833 feet where it was shot with 500 barrels, it flowed and swabbed 59 barrels daily. Pure Oil Co. No. 6 Chalk in the NE 1-4 of section 125-29, W&NW, is to deepen.

at 1,005 feet. It is in Samuel Andrews survey No. 191. In the Guitlar area, a mile north-east of Hawley, the Farris, Fikes and Ungren & Frazier No. 2 Guitlar estate was drilling at 1,590 feet; the Thomas D. Humphrey No. 1 Guitlar, south of the discovery well, was drilling at 1,490 feet. Both are in section 44-15-T&P.

Oyster & Griffith No. 1 Tinah Bumpass, in Allen Jones survey, was drilling at 1,200 feet. Fisher County Locations were made for two wildcat tests in Fisher county. The General Crude Oil Corporation No. 1 Mrs. B. L. Stockton, to seek Royston pay lime, is located 330 feet from the south and east lines of

the Stephen Jarboe survey. Southern Oil Corporation No. 1 Robinson was staked about two and a half miles northeast of Fortan. It is 1,320 feet from the north and 1,980 feet from the west lines of section 172, block 2, H&TC survey.

L. A. Warren and others made location for a 1,200-foot wildcat test about a mile and a half south of the town of Baird in Callahan county. It is the No. 1 R. L. Griggs, and is 150 feet from the north and west lines of section 121, EBE&C survey.

Bob Stamps and his sister, Miss Myrtle Stamps, are in Dallas to attend the Centennial exposition.

**Y. W. A. TO MEET**  
The Y. W. A. of the First Baptist Church will meet at the home of Mrs. J. J. Strickland at 7:30 o'clock Monday evening. Mrs. Strickland, counselor of the association, invites all young women who are interested to attend the meeting.

Around And About

The Sports Circuit

By Tom Beasley

HUNTERS WILL have their guns oiled today, ready to take to the deer country tomorrow for the annual season.

A SUMMARY of the rules hunters must observe includes: Two white tailed or Virginia deer may be killed between Nov. 16 and closing Dec. 31, but they must be bucks with at least three prongs.

One black tailed buck deer may be killed during a short season starting Nov. 16 and closing Nov. 30. One black tailed deer and one white tailed buck may be killed but not three bucks.

Turkeys may be killed from Nov. 16 through Dec. 31. Three to five in one season is the limit.

It will be lawful to shoot doves in the South Texas zone from Dec. 1 to Jan. 16. It will also be legal to kill quail on the same date, both inclusive.

Under the zoning system there is no November open season on doves in Texas. The north zone was allowed to hunt doves during September.

Open season on quail is from Dec. 1 thru Jan. 16. Many local hunters are planning to go after the quail this season.

HERE'S THE Southwest conference chart brought up to date: SATURDAY SCORES Texas 19, Minnesota 47. Texas Christian 25, Centenary 0. Rice 27, Sam Houston Teachers 7. Southern Methodist 0, Arkansas 17.

RAZORBACKS TAKE CONFERENCE LEAD

HOGS WIN WILD GAME FROM SMU

DALLAS, Nov. 14.—The Arkansas Razorbacks took possession of first place in Southwest conference standings here Saturday before 20,000 fans by defeating the Southern Methodist Mustangs, 17-0, in a wild passing game.

The Hogs held the upperhand throughout the game and kept the Ponies from scoring when the Dallasites failed to take full opportunity of their drives into Forker territory.

The Methodists completed a total of 10 passes good for 101 yards but their running attack was nullified for the second successive week by a hard changing line.

They piked up 11 first downs to tie the visitors in that department and had the edge in punting but could get no where near scoring territory.

The Hogs counted in the first period on a field goal when D. A. Owens booted one from the 12-yard line.

Eoboy Martin intercepted a pass from Stidger meant for Harlow two plays before the half ended to make the count 9-0, and Owens booted the extra point to make it 10-0.

The Ponies came back with a determined drive with the opening of the second half as they pushed their way into enemy territory only to lose the ball when their running game clogged up.

The best drive of the afternoon came in the fourth period when a pass from Stidger to Ransport worked the ball all the way down to the 30-yard line, but the Hog forward wall stiffened again there and the ball changed hands.

The Ponies counted their last touchdown late in the final quarter when Ralph Rawlings completed a pass to Jack Robbins on the five-yard line from the 20, and the feet-footed end went over. Owens kicked was good.

The Hogs had a wide edge in scrimmage play, making 183 yards through the line to 113 for the Mustangs, but SMU outgained them through the air, 101 yards to 96 yards.

Ranchers Swamp Yellow Jackets ABILENE, Nov. 14.—The immense reserve strength of Frank Kimbrough's Hardin-Simmons Cowboys equalled its worth today, as the ranchers staged one overpowering drive after another in the fourth quarter to crush the Howard Payne Yellow Jacket crew. The score was 31 to 0.

A Hardin-Simmons homecoming crowd that packed the stadium to capacity saw the two teams battle on almost even terms during the early frames. The Cowboys apparently had the edge in power, but numerous fumbles cost them plenty of yardage, and the Jackets' superior kicking kept the ranchers out of scoring territory. Late in the second quarter, the Cowboys worked down within the 20-yard zone to kick a field goal.

That was all the scoring until the fourth quarter. Kimbrough used practically every man on the squad to keep his team at peak power and in the final minutes the touchdowns drives started, the Cowboys checking up four markers. The point after touchdown was made on each occasion.

Prescription The Heart of Our Store CUNNINGHAM AND PHILIPS

PRICE DETERMINES QUALITY

WHEN DEALING WITH REPUTABLE BUSINESS INSTITUTIONS Every commodity is made in numerous degrees of quality. Some merchandise is produced at less cost than other merchandise... but the best merchandise always costs more than inferior goods because of the greater cost in producing it... and so it is with dry cleaning.

A Texas Aggie Snags A Pass

Here is Sego (39) of Texas A. & M. catching a pass that netted 11 yards in a gridiron tussle at San Francisco with the University of San Francisco. Minkovich (46) and Anzor (12) of S.F.U. weren't able to do much about it. A second-half rush gave the Aggies 38 to 14 victory. (Associated Press Photo.)

Wildcats Hang Up Another Victory

Northwestern Beats Out Michigan Wolverines, 9-0

ANN ARBOR, Nov. 14.—The Wildcats of Northwestern took the Michigan Wolverines in stride, 9-0, here today in quest of Big Ten and national honors, but were forced to pull several tricks from the bag in order to accomplish the feat.

Steve Toth accounted for all the points when he booted a field goal in the first period and went over into the Michigan end zones on a fourth try in the fourth period.

Zitko's recovery of a Michigan fumble in the last period inside the enemy 20-yard line enabled Toth to blast over for the only touchdown of the day. The big Northwestern simply powerhoused his way for the score.

Michigan tried for a field goal in the fourth quarter but the try was inches short.

Aggies Drub Utah Indians

Famed Aerial Attack Of The Southwesterners Is Grounded

SALT LAKE CITY, Nov. 14 (AP)—The touring gridmen of Texas A&M administered a 20-7 beating to the Indians of Utah University today in a football game that saw the famed aerial attack of the Southwesterners grounded.

Doc Pitner scored on the third play from scrimmage after Shockey had passed to Vittek for a first down on Utah's seven. Boyd kicked from placement to give the Aggies a 7-0 lead at the end of the period.

Pitner tallied again before the half ended after he and Shockey had combined to work the ball down to the Ute's two yard line. He went over on a straight plunge.

The Indians counted their touchdown when Jensen ran 25 yards for the score and McGarry kicked the extra points to make the score 13-7 at half time.

DeWare intercepted a Utah forward on the enemy 38 midway in the final period and Pitner was the spearhead of the attack as the visitors reeled off the two first downs to the Ute's 10. Pitner next lateraled to Shockey who scored standing up. Boyd converted.

Wilke's Nifty Broken Field Running Gives Irish Of Notre Dame Victory

Tulsa Beats Bulldogs Of Drake, 21 To 6

Morris White, Former Lubbock Star, Turns In 73-Yard Run

DES MOINES, Nov. 14.—Troy Scholl and Morris White led the touchdown parade as the Tulsa university Hurricanes held on to their leadership of the Missouri Valley conference by defeating the Bulldogs of Drake, 21-6, here Saturday.

The Bulldogs counted their only touchdown late in the fourth quarter when Buter crashed over from the two-foot line.

Little Morris White, former Lubbock, Texas, high school star, turned in the most dazzling run of the day in the second quarter when he took a punt on the 27-yard line and raced 73 yards behind good interference for the first score.

School recorded the other two scores on short plunges after the high-gear running machine of the Oklahomans had put the ball in scoring position.

Pug Manders was the big noise in the Drake secondary.

Bulldog Game Is Called Off

COAHOMA, Nov. 14. (Sp)—The Coahoma Bulldogs were idle this week. A scheduled game with Snyder was called off Friday because of injuries received by Snyder players in a game with Roscoe.

The Bulldogs play at Lamesa Thursday afternoon and meet Ackerly here Nov. 25.

Oilers Run Over Lueders

Hutto Leads Cosden In Wild Scoring Spree Against Casers

By HANK HART With three members of the high flying Oilers scoring more than 19 points each, the Cosden cagers won from Lueders Saturday night in the high school gym by mauling E. A. McMann, paid \$3.10 to show.

Kamar recently was suspended for 20 days at Suffolk Downs (Boston) as result of a foul ride on Madwind.

Owls Chalk Up Easy Victory

HOUSTON, Nov. 14 (AP)—The Rice Owls, playing without most of their regulars, downed the Sam Houston Teachers 27 to 7 in a ragged football game here today. Around 4,000 persons saw the game.

HUSKIES TAKE OUT UCLA, 32-7

LOS ANGELES, Nov. 14 (AP)—Washington State dropped the Bruins of the University of California at Los Angeles completely out of the West Rose Bowl picture today with an overwhelming 32 to 7 triumph.

The Bruins were ripped to ribbons in the worst defeat Coach Hollingberry's squad has inflicted since the two teams first met twelve years ago.

GOVERNOR TO HUNT AUSTIN, Nov. 14 (AP)—Gov. Allred plans to meet Gov.-Elect Walter A. Huxman of Kansas at Kerrville Monday night for a deer hunt. Huxman and his family have been resting at Mineral Wells.

HUNTERS GATHER IN CHOICE DEER AND TURKEY LOCALITIES

AUSTIN, Nov. 14. (AP)—Will J. Tucker, secretary of the state game, fish and oyster commission, said today an unprecedented concentration of hunters would gather in choice deer and turkey localities of the state tomorrow for the opening of the seasons Monday.

Both varieties of wild game were in excellent condition, Tucker said, due to good rainfall and fine climatic conditions throughout the year.

"There is an unusual plenty of wild turkey this year," he said, "and they are fat and healthy. While there have been more bucks in other seasons, there are an ample number and they, too, are prime for the table."

Tucker estimated that a total of 400,000 hunters and trappers would take the field through the fall and winter months, a far greater number of sportsmen than would participate in any other single sport.

Deer and turkey seasons close Dec. 31. Black tail deer, abundant in regions west of the Pecos, may be killed from Nov. 16 to Dec. 1. Waterfowl season opens Nov. 26 and closes Dec. 25. Quail may be shot Dec. 1 to Jan. 16, and the fur trapping season runs through December and January.

For deer and turkey, hunters will concentrate in Mason, Fredericksburg, Kerrville, Junction, New Braunfels, Boerne, Llano, Burnet and other favorite rendezvous of the hill country.

In East Texas, Angelina, Trinity, Polk, Tyler and Hardin counties can expect to hear the crack of rifles as the nimrods stalk the wily bucks.

The big black-tail deer will be sought in the mountains and plateaus of Western Texas with hunters congregating at Alpine, Fort Davis, Marfa, Marathon, Sierra Blanca and other cities.

Non-Title Fight Plans Completed

Braddock And Louis To Fight In Atlantic City

By HUGH S. FULLERTON JR. NEW YORK, Nov. 14.—Despite the howls of various outgrouping authorities, it appeared likely today that proposed non-decision fight between Heavyweight Champion Jimmy Braddock and Detroit's dusky Joe Louis would take place in Atlantic City February 22 as planned.

Herman (Mugsy) Taylor of Philadelphia, who first thought up the idea, said yesterday he had secured the \$100,000 demanded as "evidence of good faith" by Joe Gould, Braddock's manager, and that he hoped to clear away the remaining obstacles today in a conference between Mike Jacobs, who represents Louis, and Col. John Kilpatrick, president of Madison Square Garden. Both Jacobs and Kilpatrick said, however, they knew nothing of such a meeting.

Taylor obtained the money in Philadelphia from James Lafontaine retired Washington sportsman, who confirmed the fact. The promoter also revealed Ivey, f. ... 2 0 1 4 Gould had agreed to a cut in the original \$400,000 guarantee offered Braddock to \$300,000 and a 50-50 cut in any gate receipts above \$500,000. The next move he plans is to persuade Kilpatrick to accept an interest in promoting the bout and thus stave off any legal repercussions. The Garden has a contract for Braddock to meet Max Schmeling next June in his first title defense.

RUSHAWAY TO SANTA ANITA

LOS ANGELES, Nov. 14 (AP)—Al G. Tarn, Texas sportsman, has informed officials of the Santa Anita race track that he will bring Rushaway, winner of the Illinois and Louisiana derbies, to California for the Santa Anita meeting December 25 to March 6.

Tarn, passing up Florida in favor of the California meeting, will bring about 20 horses of the Corsican stable also. Tarn was leading trainer at Hialeah last winter, and bought Rushaway from Joseph E. Widener as a castoff.

TIGERS CRUSH AUBURN, 19 TO 6

BIRMINGHAM, Ala., Nov. 14 (AP)—Louisiana State's unbeaten Tigers crushed Auburn, 19 to 6, here today before 25,000 fans in a game featured by a 90-yard sprint for a touchdown by Jess Milner, Tiger left halfback, in the final period. Auburn drove to a touchdown in the closing seconds after most of LSU's regulars had been relieved.

CADETS OF WEST POINT LOSE, 20-6

YANKEE STADIUM, NEW YORK, N. Y., Nov. 14.—The Notre Dame reserve strength, plus some nifty broken field running by Bob Wilke, gave the Ramblers a 20-6 victory over the Cadets of West Point here Saturday before 80,000 fans.

The Army uncorked some brilliant drives that enabled them to penetrate deep into Irish territory, but failed to have the punch to put it over. Their only score came in the fourth period when Blunk Meyer, who had been out most of the game due to injuries, gathered in a punt from McCarthy on the 35 and sidestepped the whole Notre Dame team for a touchdown, his run being good for 65 yards.

Pass Intercepted The Cadets took the offensive for the first time as they varied down to the Irish 8-yard line on half a dozen plays but lost the ball when Pupils intercepted a pass from Craig, meant for Stromberg in the end zone.

The South Bend eleven took the ball on their own 20 and began a determined drive back upfield. Bob Wilke cut loose with a 17-yard run past midfield and then passed to McCormack for an 18-yard gain. McCormack got up to the 24 on a reverse, and Wilke on two plays piked up seven yards. They were held for downs at that point, however, and a field goal try by Larry Danborn was short.

With Monk Meyer in the game for the first time as the second half opened the Cadets started another drive that terminated on the five-yard line when Meyer failed to make the yardage. In that series of plays Jim Schwenk intercepted a Notre Dame forward and returned it to the enemy's 27. Meyer flipped a pass to Ryan on the 15 but on the next play lost 14 yards. He completed a pass to Prestero on the next attempt but on two tries at the line could not make the necessary yardage.

Junior Cagers Open Practice

Ben Daniels will start Devil basketball practice next week with three veterans, Womack and McGuire guards, and House, forward. They will play in the Rankin invitation tournament Dec. 10-11.

The Calves will also start cage work next week, with two veterans, Mellinger and Watson, both forwards. Up from the Bronco team will be Savage, Foster, South, Reeves, Martin, Weiler and Reed.

Devil Basketeers To Play In Rankin Invitation Meet

The Irish pushed the Cadets back into their own territory after O'Neill had kicked out of danger, and went into scoring position when they got the ball on a lucky exchange of kicks.

With Wilkie and Pupils carrying the mail they piled up three successive first downs and shoved inside the ten from where Wilkie went over on the second try from the one-yard line. Danborn's kick was no good and the half ended with Army in possession of the ball in midfield.

Get Lucky Break The green-shirted eleven from Indiana capitalized on a lucky break at the beginning of the third period when a Notre Dame lineman fell on a fumbled lateral intended for Me on the Army 15-yard line. Wilkie scored on the first play from scrimmage when he ambled up to the weak side of the line, delayed momentarily and dashed out into the unprotected zone. Pupils' kick was good and put the Irish into the lead, 13-0.

Pupils accounted for the third and final score in a short plunge after the Ramblers had powerhoused their way deep into Cadet territory and Pupils kicked the extra point for the 20th point.

Meyer's dash for a touchdown was the first of that kind made through the Notre Dame line since 1930.

63,000,000 Depositors have entrusted their money to American banks. THEIR total deposits are in excess of forty-five billion dollars. The latest nationwide official report shows that over 15,800 commercial banks, savings banks and trust companies are thus enjoying the confidence and serving the financial needs of this vast body of American citizens.

Schedule Series With Water Valley FORSAN, Nov. 14. (Sp)—Forsan high school basketeers will swing into action again this week, meeting Barstow here Friday and Saturday nights in a two game series. Forsan defeated Barstow last year in the Odessa tournament.

# ABILENE EAGLES, MUSTANGS CLASH MONDAY

## Mighty Minnesota Gophers Crush Texas, 47 To 19

### S. W. BOYS SCORE ON 3RD TEAM

MINNEAPOLIS, Nov. 14 (AP)—Minnesota's mighty Gophers crushed the University of Texas eleven today 47 to 19 before 45,000 people. Minnesota ran up a 35-point lead before Texas scored against third and fourth stringers.

Shortly after the kickoff, Texas fumbled on fourth down and Minnesota took the ball on the Texas 24-yard line. On the first Minnesota play of the game, Buhler hit left guard and then tossed a lateral to Alfonso on the 12, with the latter scoring. Wilkinson converted, and Minnesota led 7 to 0.

Texas took the kickoff back to their 25 but making no progress, punted to the Minnesota 13, where Uram and Buhler plunged through the line to past midfield and, aided by a lateral to Alfonso, made it a first down on the Texas 28.

Uram broke through left tackle and lateraled to Alfonso who raced 26 yards for a touchdown. Wilkinson converted and Minnesota led 14 to 0.

**Gain At Will**

The Gophers gained almost at will through the line and after recovering a Texas fumble threatened again but Lawson, Texas half, intercepted a pass on their 40-yard line and Texas punted out of danger. Minnesota marched right back again and had the ball on the Texans' 17-yard line as the period ended with Minnesota ahead 14 to 0.

Minnesota's passes failed and Texas took the ball on downs on their own 17-yard line, and punted past midfield. Lawson, Sheridan and Wolfe were unable to gain and Texas punted out of bounds on the Minnesota 25. Rork and Matheny ploughed through to midfield where Matheny fumbled and Texas recovered on the Minnesota 48.

Two Texas passes and a plunge failed to gain and Sheridan punted out of bounds on the Minnesota eight-yard line. On the second play Larry Buhler, running behind brilliant interference, raced 87 yards for a touchdown. Wilkinson again converted putting Minnesota ahead 21 to 0.

Minnesota kicked off to Wolfe who returned to the 19 and Texas was forced to punt. Uram returning the ball to the Texas 45. A pass from Uram to King put the ball on the Texas 25 and Uram and Buhler plunged to the 14. Buhler then drove to the one-yard line. On the next play, Buhler scored and Wilkinson converted, making it 28 to 0 for Minnesota.

Minnesota took the kickoff back to the 34 and then marched to midfield before punting out of bounds on Texas' four-yard line. Texas kicked to Thompson, Minnesota sub-half, and Moore and Rork brought it to the Texas 28. Moore then lateraled to Rork who ran to the Texas two-yard line. Thompson circled end for a touchdown. The

### GALVESTON IN DRIVE TO STAY IN TEXAS LOOP

GALVESTON, Nov. 14 (AP)—Galveston's fight to remain in the Texas baseball league was under way in a big way today.

Fifteen hundred books of tickets, each good for 60 home games, were off the press and on sale.

Roy J. Koehler, acting president of the club, headed a drive to sell 1,000 of the books. He reported that "the response has been highly enthusiastic," many fans making telephone calls to his office to buy the books.

The campaign to keep Galveston in the league will end Nov. 30. At that time the stockholders will answer a bid from Shreveport, La., for the franchise.

The Galveston club drew fewer cash customers than any other team in the league last season and ended in the cellar position.

### Thomason In Scoring Lead

### Big Brownwood Fullback Leads Oil Belt District Tally Makers

James Thomason, the big crashing fullback of the Brownwood high school Lions, leads the Oil Belt football scoring parade with a total of 92 points, 13 in front of Lester Rector of Breckenridge, who was held scoreless Wednesday when the Buckaroos played the Abilene Eagles.

Eburus of Big Spring is fifth in the tally making chase with 48 points.

The scoring leaders:

Name	Points
Thomason, Brownwood	92
Rector, Breckenridge	13
Magnus, Breckenridge	12
McElroy, Sweetwater	11
Eburus, Big Spring	8
Herman, Abilene	7
Hughes, Abilene	7
Brown, San Angelo	6
Bryson, Big Spring	6
Wood, Big Spring	6

### Frogs Smother Gents, 26-0

### Gentlemen From Louisiana Suffer Their Worst Defeat Of Season

FORT WORTH, Nov. 14 (AP)—The passing attack of Sammy Baugh and his Texas Christian Horned Frogs overwhelmed Centenary's tricky Gents, 26 to 0 in a top-sided gridiron contest here today.

It was the worst defeat poured on the Centenary team this season. The Frogs counted 13 points in the first half and then went to town in the last two quarters with another two-touchdown spree.

The Christians piled up eight first downs during the game to six by the opposition. They were out-rushed, 81 to 99 yards by the Louisiana Methodists, who made 183 yards through the air to 40 by the visitors.

Baugh and his running mate, David O'Brien, completed twelve of 17 passes attempted while the Gents made good nine of 21 tried.

Lakeland, Ga., is sole possessor of a railway line extending nine miles to Naylor, Ga.

### LONGHORNS AT ABILENE SATURDAY

Dewey Mayhew's powerful, black-shirted Abilene high school Eagles, favorites in the race for the Oil Belt football crown, will roar down on Sweetwater Monday afternoon to meet Ed Henning's Mustangs who are not figuring in first division play this season.

Featuring Odell Herman, one of the hardest driving backs in West Texas, and the sensational John Kimbrough, who was the big noise in the Eagle victory over Breckenridge, the 26 Abilene team is as flashy as the Abilene football contingents of several years back that went far in the state playoffs.

The Eagles have lost one game—to the Brownwood high school Lions—but are favored to defeat the San Angelo Bobcats and win a tie for the district championship.

The consoling aspects for the Mustangs, if any, are these: The Sweetwater Mustangs are decidedly the underdogs and this has been a great season for the so-called underdogs; secondly, every football team is given credit for possessing at least one inspired game in their repertoire during a season. The Mustangs have not this season played that inspired game. The nearest ap-

### CORDILL STARS IN FROSH WIN

COLLEGE STATION, Nov. 14 (AP)—Ollie Cardill, Big Spring, and Ernest Linn, Mesia, were outstanding here Saturday as the Rice freshman gridder defeated the Texas A. & M. first year men, 12-6.

Linn passed to Cordill for a 39-yard gain and the first Owl score and three minutes later big Cordill split left tackle for 21 yards and the other score. Both scores came in the first period.

### M-W Cagers Play Forsan On Wednesday

### Former High School Stars Compose Montgomery Ward Quint

Two former local high school stars, occupied with a flashy goal ringing trio, will take the court for the Montgomery Ward basketball representatives against the Continental Pipeliners of Forsan next Wednesday night in the high school gym.

Cy Reid, one time captain of the Steers, will be at center with Tom Reynolds and Virgil Wadley at the forward posts and Bill Marshall and Henry Richbourg in the back courts. Richbourg formerly was on the high school roster.

In reserve, Manager Holmes has Phillips, Gibson, Jones, Howell, Matheny, Gray, Nance, King, Snodgrass, Conley, Coleman and Everts.

The Ward aggregation suffered a two point defeat at the hands of the Pipeliners two weeks ago in the Forsan gym.

western conference title for the Stockton school Friday night when its team defeated Fresno State college 17-0.

### Deer Hunting To Be Slim This Season

### Many Big Spring Sportsmen To Leave Monday On Deer, Turkey Hunts

West Texas hunters this year will find the season on deer, turkey, and ducks short and the bag limits light, but many Big Spring sportsmen have laid in congress and are eagerly awaiting the opening of the season on Monday.

The season east of the Pecos on deer ends Dec. 31 and the bag limit is two bucks, but west of the Pecos the season ends Nov. 30 and the limit is one buck.

The turkey hunting season extends from Nov. 16 to Dec. 31, and the limit is three gobblers.

**License Costs \$2**

Hunters expenses can go light or heavy in their trips after deer. Hunting leases this year cost from \$3 to \$25 per day. The remainder of the necessities can be made to fit the pocketbook. The license for a resident costs \$2.

The duck season opens Nov. 26 and closes Dec. 25, hours for shooting being between 7 a. m. and 4 p. m. Not much interest has been manifest yet in the opening of this season.

**Duck Stamp Is \$1**

These stamps cost \$1 and are good for the whole season, but do not make their bearers immune to the state and national regulations. Hunting without one of these stamps is an offense punishable by a fine of \$500, up to 6 months in jail, or both. This stamp was approved by an act of congress in 1934, the funds accruing from its sale to be used in the restoring of migratory water fowl.

The limit is 10 for all varieties of ducks this season. But shooting, canvas backs, wood ducks, reheaders, and ruddy ducks is forbidden. This means that the hunter, in this area will shoot mainly pintails and mallards.

### Sixto Escobar Gains Recognition As Fighter

NEW YORK, Nov. 14 (AP)—Sixto Escobar, the little Puerto Rican who has to work hard to do more fighting in the ring than his excitable supporters try to do in the gallery, appears to be earning recognition as a champion who deserves the title.

Since he won the bantamweight championship from Lou Salica a year ago Escobar has dropped two decisions in non-title bouts but every time his crown has been at stake he has won in a way that left no room for doubt.

There certainly was no doubt last night when Sixto took less than a round to beat out Carlos (Indian) Quintana of Panama, who had beaten him decisively in an over-

try for point failed. Minnesota leading 41 to 7.

Ring, Minnesota sub-quarter, ran an interception back to the 21. Gmitro circled left send for a touchdown. The conversion try failed. Minnesota 47.

Texas scored a touchdown. Minnesota kicked. Atchison returned it to the 26. A pass put the ball on the Minnesota 17. Atchison then passed to Arnold for a touchdown. The try for point was low. Minnesota 47, Texas 13.

Texas scored again on the next kickoff. Minnesota led 47 to 19 as the game ended.

### Fordham Nears The Rose Bowl

NEW YORK, Nov. 14—Marquette gridder with Buzz Bulvid and the Guippe brothers leading the way, moved nearer the Rose Bowl Saturday by swamping Mississippi State with a second half rampage, and is almost sure of getting some kind of a New Year's invitation, but Fordham still retains the best chance of making the trip to the Pacific coast.

Marquette and Northwestern, two of the nation's three major undefeated and untied teams, got by their week-end games without a mar. Marquette winning, 33-0, and the Wildcats triumphing over Michigan, 9-0, but Santa Clara still has to get over St. Mary's, which is the hardest jump thus far. The game will be played in Kezar Stadium, San Francisco.

LSU, hoping for a bid from the coast, practically clinched southern honors by trouncing Auburn under a three touchdown score.

Marquette and LSU could get together for a great game in the Sugar Bowl, New Orleans, if neither gets the call from California.

The Pacific coast situation remained more muddled than ever and may not be decided until the final weeks of the season.

### DEVILS PLAY COLORADO JRS.

The Devils will close out their football season this week at Colorado against the Jackrabbits. Miller and Chaney, who have been on the "cripple" list for two weeks, will be ready for the Colorado game.

weight encounter last summer. Quintana, a pretty good hitter, never got a chance to land a blow

The Economy Car in the Low-Price Field

## THE NEW 60-HORSEPOWER FORD V-8

It is natural to ask why a 60-horsepower engine is added to the Ford line for 1937. The answer is simply that the smaller engine makes possible a saving in weight—a car that costs less to run—and a lower price.

The 1937 Ford with the new 60-horsepower engine is for those who want maximum economy with good performance. It offers the smoothness and quietness you expect of a V-8—even at speeds up to 70 miles an hour—with gasoline mileage so high that it creates an entirely new standard of economy.

**New "60" Meets Many Needs**

This Economy Car in the Low-price Field makes the Ford more than ever The Universal Car. It will appeal to families with small budgets. To salesmen who drive their own cars and want to pare expenses to the last penny. To farmers who need a rugged, inexpensive car for bad roads in all weathers. To fleet owners who must hold mileage costs down. To women whose cars are a part of the daily round of family or business duties. To two-car families as a general utility car... and to many others.

**Improved 85-horsepower V-8**

For those who want maximum performance with good economy, there is the improved 85-horsepower V-8

engine. It delivers the flashing speed and acceleration that more than three million Ford V-8 owners are already enjoying on the road. Yet improved carburetion enables it to give its thrilling performance with unusually good gasoline mileage.

You are invited to see the New Ford V-8 Cars for 1937—in two engine sizes but only one body size—at the showroom of the Ford dealer nearest you.

**BASE \$ 480 AND UP**

**AUTHORIZED FORD FINANCE PLANS**  
**\$25** a month, after usual down-payment, buys any model 1937 Ford V-8 Car—free on any Ford dealer—anywhere in the United States. Ask your Ford dealer about the easy payment plans of the Universal Credit Company.

### FEATURES OF THE 1937 FORD V-8 CARS

**APPEARANCE**—Distinctive modern design. Headlamps streamlined into fender aprons. Modern lid-type hood. Larger luggage space and spare tire concealed within body. Interiors entirely new. Slanting V-type windshield opens in all closed cars.

**BRAKES**—You want two things in a modern braking system. Dependability—and soft pedal action. The Easy-Action Safety Brakes in the new Ford give you both, with "the safety of steel from pedal to wheel." Cable and conduit control type. Self-energizing—car momentum is used to help apply the brakes. About one-third less pedal pressure is required to stop the car.

**SAFETY**—All-steel construction. Top, sides, floor and frame welded into a single steel unit of great protective strength. Safety Glass throughout at no extra charge.

**COMFORT AND QUIET**—By every modern standard of design, the 1937 Ford is a big, roomy car. Extra space in the body where you want it—not taken up by the engine under the hood. Comfort of the Ford Center-Poise Ride is further increased by smoother action of the long-tapering springs with new pressure lubrication. New methods of mounting body and engine, and other refinements, make this a quieter car.

# TWO ENGINE SIZES OFFERED IN FORD V-8'S FOR 1937, NOW ON DISPLAY IN LOCAL SHOWROOM

### New Body Lines Shown; Easier Brake Action And Steering Among Features

The new Ford V-8 for 1937 went on display Saturday at the Big Spring Motor company, simultaneously with showing by Ford dealers throughout the United States. The new cars present a number of outstanding features, principal among which are:

Two engine sizes, a brand new 60-horsepower V-8 which makes its first bow in the American motor car market, and the famous 85-horsepower V-8, with a number of important refinements. Either is available in the single chassis.

New cable-and-rod control "easy action" brakes, with the "steering drop" form has been used wherever practicable.

A deluxe five-passenger club coupe is the newest of the 11 body types available, five either with or without de luxe equipment and with either engine size, six with de luxe equipment and the 85-horsepower V-8 engine only. All closed body types have clear-visibility ventilation system.

are wide, deep and soft-cushioned. The instrument panel is grained, with the dials and engine controls in front of the driver. Glove compartment is at the right side, with an ash tray in the middle and the windshield control at the top. Starter button is on the dash, the hand brake at the left under the panel, out of the way of front seat passenger.

**Fuel Economy**

From the mechanical standpoint the most important development in the new Ford is the 60-horsepower V-8 engine. Although new to America, it has been built in England and France for more than a year for Ford cars designed for the European market. There it has been an outstanding success.

The engine was developed primarily to give the American motorist the maximum fuel economy. It has greater stopping efficiency, with easier pedal action.

Operated through cables in conjunction, the brakes have controlled self-energizing action. Rotation of wheels assists in increasing the braking force, once the brakes are applied. This action is controlled effectively, giving the driver at all times complete control.

## 1937 EDITION OF THE FORD V-8 TUDOR SEDAN

Most popular car in the entire Ford V-8 line for years has been the Tudor sedan. The 1937 edition is shown above. The smart new front end, new headlamps, V-type windshield and use of the "tear drop" form combine to give what those who have seen it declare to be the most attractive Ford yet produced.

## Unique Style Is Attraction Of Oldsmobile

### Mechanical Advancements In Sixes And Eights For New Year

Two entirely new Oldsmobiles for 1937, such as: distinctive design and original in body styling, and offering many important advancements in mechanical design, are being given their first public showing at the Shroyer Motor company along with other Oldsmobile dealers throughout the country.

The cars are longer, lower, roomier and more comfortable than those which made Oldsmobile sales history in 1936. The motors provide greater reserves of power with lower engine speeds, with corresponding improvements in both performance and operating economy.

The Six now develops 80 horsepower, against 60 horsepower in the 1936 model; while the Eight develops 110 horsepower, an increase of 10 horsepower over the previous Eight. Wheelbases are increased respectively to 117 inches and 124 inches.

**Individual Design**

The two cars are entirely different in appearance, each having a character and individuality of its own.

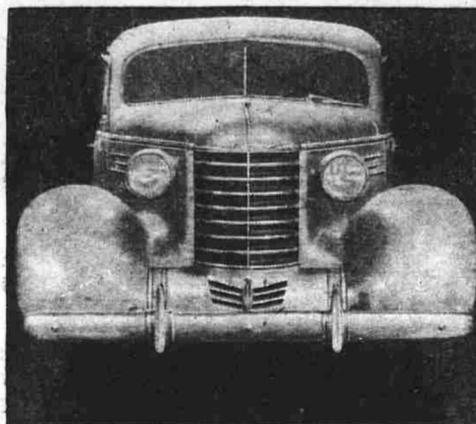

In the Six is found an entirely new interpretation of radiator grille design. The new treatment employs eight die-cast horizontal grille louvers, deeply recessed and slanted in chrome. Hood louvers are of a triple horizontal bar design which harmonizes with the radiator grille. Headlamps are gracefully streamlined.

Equally definite individuality has been designed into the front end of the Oldsmobile Eight. On this series, the engineers have employed a die-cast grille of square mesh design, plated in chrome and outlined by a chrome trim moulding.

Deeply valanced front and rear fenders, massive chrome-plated bumpers and bumper guards, running boards covered with heavily ribbed moulded rubber, and steel wheels with massive hubs of polished chrome, add further distinction to the smoothly contoured all-steel bodies of both Six and Eight.

Complete individuality has been preserved also in the rear body treatment of the two cars. Both offer an innovation in the placing of combination tail and stop lights on the rear side of the bodies at the termination of the chrome body moulding. However, the lights are totally different in style; those of the Six are sharply streamlined, almost reverse miniatures of the front headlamps; those of the Eight have been given a more square, modernistic design with both rear and side panels of red glass, the latter serving as a warning

## FRONT VIEW OF NEW OLD SIX

Distinctive lines of the Oldsmobile Six for 1937 are shown in this front view of the model. The treatment involves horizontal lines and streamlined headlamps. The Oldsmobile Eight has a different styling of its own.

light against cross traffic.

**Seven Body Styles**

In addition, both cars provide a license plate bracket at the center of the rear compartment, equipped with a license light. These units are of totally different design on the two series. Thus both of the new Oldsmobiles carry three rear lamps and so provide an added factor of safety in night driving.

Seven body choices are offered in each series. They include: the two door sedan; two door touring sedan with trunk; four door sedan; four door touring sedan with trunk; business coupe; convertible coupe; and a newcomer designated as the club coupe which replaces the sport coupe of former years. The club coupe, a five-window model, provides within the body compartment a pair of interior auxiliary seats behind the driver's seat for the convenience of occasional passengers. When not in use, the auxiliary seats may be folded into rear body recesses to afford an additional 22 cubic feet of luggage space.

## Plans Completed For Annual Sale Of Christmas Seals

"Tuberculosis robs you; public health protects you."

That is the message to be carried throughout Howard county this year by the Howard County Tuberculosis association, in its annual Christmas seal sale, which opens Thanksgiving Day and continues through Christmas.

At a meeting of officers and directors of the local organization at the Douglas hotel, plans for this year's drive were completed. The seal will be used, as in the past, letters containing seals and a return envelope going in the mails on Thanksgiving morning. Local women out of employment and high school students who need financial aid to continue their education are preparing the letters for mailing under the direction of the Christmas seal committee, composed of Mrs. J. C. Douglass, Mrs. Horace Reagan, Mrs. C. W. Dickerson and Mrs. B. T. Cardwell.

**Payments To Cover Terracing Favored By Howard Group**

Howard county agricultural committee contributed its suggestions for changes in the 1937 soil building and conservation program.

The committee went on record as including soil building payments to cover terracing since it is not certain whether this provision will be included in the new program. Only two farms in the county qualified for similar payments of \$1 an acre this year.

A slight change in the program in regard to grain sorghums was suggested. The committee thought that farmers should qualify for all of the soil conservation payment and half of the soil building payment by harvesting the heads and leaving the stalks standing where fields were planted in alternate rows with peas.

Finally, the committee favored soil building and conservation payments on lands planted to sudan where tops were cut with a combine and the stalks left standing.

Monday the committee will tackle the job of making adjustments on the basis of county allotments fixed by the state board. They intended to finish their job some time Tuesday.

## Bears Win From Oklahoma A. & M.

STILLWATER, Okla., Nov. 14.—Baylor university unleashed a passing attack in the final period to gain a 13 to 6 victory over Oklahoma A. & M. college at Lewis field here this afternoon before a Parents' Day crowd of 5,000.

## David Merkin To Open Store

### New Dry Goods Establishment To Be Located On Main Street

DAVID MERKIN

Opening, at an early date, of a new dry goods establishment in Big Spring, was announced Saturday by David Merkin, who is resigning his position as manager of the United Dry Goods company store here to set up business for himself.

The new firm will be known as the David Merkin Dry Goods store, and location will be at 205 Main street, in the location formerly occupied by the A&G Food store, opposite the Queen theatre.

Merkin said Saturday that remodeling of the building would be started at once, and that date of opening the store would be announced soon.

The establishment will carry complete lines of shoes for men, women and children, all types of men's furnishings, and ladies' ready-to-wear.

Merkin has resided in Big Spring for four years, having served during that period as manager of the United store. He has had long experience in merchandising, having operated a store of his own in San Antonio, and having been connected with chain organizations for 15 years.

## HOOSIERS BEAT MAROONS, 20-7

CHICAGO, Nov. 14. (AP)—The Hoosiers of Indiana University, with Quarterback Vern Huffman giving one of the greatest individual performances seen at Stagg Field this season, defeated a stubborn band of Chicago Maroons 20 to 7 before 20,000 spectators today.

## 300 EXPECTED AT BAPTIST DISTRICT CONCLAVE TODAY

Three hundred representatives are expected to meet at the East Fourth Baptist church Tuesday for the district No. 8 rally for denominational promotion.

The meeting, opening at 10 a. m., will feature addresses by Dr. Thomas H. Taylor, president of Howard Payne college in Brownwood, and George J. Mason, treasurer of the state Baptist convention.

Included in the district are 77 churches with an aggregate membership of more than 12,000.

## New Chevrolet Is Given Enthusiastic Response Over U.S.

NEW YORK, Nov. 14.—All records for the reception accorded the announcement of new car models have been eclipsed by the popular response to the new Chevrolet for 1937, according to reports received here today by W. E. Holler, vice president and general sales manager of the Chevrolet Motor company.

Twelve million persons have visited Chevrolet dealers' showrooms where the new cars were announced last Saturday and Sunday, reports from Chevrolet's nine regions and 47 zones revealed. 125,000 new car buyers have placed orders with dealers for immediate deliveries. According to Holler, both of these figures are nearly double those recorded during the same period last year.

The regional and zone reports have necessitated increased produc-

BYU MEETING
East zone of the associational B. T. U. will meet Sunday afternoon with the East Fourth Baptist church at 3 p. m.

Herbert Fox, Texas & Pacific trainman, who has been stationed in New Orleans for the past six weeks, has returned to Big Spring. A survey showed there were no horses on 34,571 of 174,589 Kansas farms.

Special Services Today Will Mark Observance Of Golden Anniversary Of The First Baptist Church; Charter Member, Early-Day Pastor To Be Honored

Completion of 50 years of service as a church will be observed by the First Baptist congregation here today in special services which will do honor to the only living charter member and an early pastor.

Mrs. C. W. Willis, one of the eight persons who participated in the organization of the church on Nov. 13, 1886, will be brought from her home, where she has been confined for some time due to ill health, to the church this morning to recount some early experiences of the church.

Rev. L. R. Millican, El Paso, who succeeded the first missionary pastor, Rev. S. P. Galloway, in 1887 and served for three years, will be here for the services although his general physical condition will not permit his speaking.

Her first experiences in the Baptist church here will be recalled by Mrs. B. Reagan, for more than 28 years a member of the organization.

Pastor's Seventh Year
Concluding the special service, Rev. R. E. Day, who also will be starting his seventh year as pastor of the church, will speak on "Building Monuments."

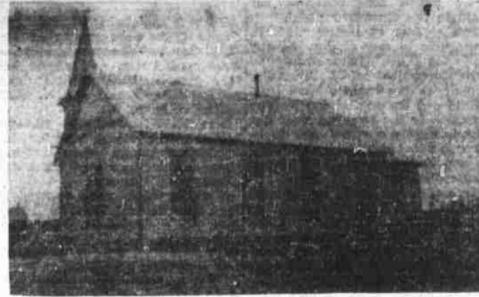

During the 50 years which have intervened since the Saturday evening when the eight prayerfully went about the task of organization, the church has steadily grown until today it is housed in a building costing more than \$100,000, has a total membership of 905 with 703 of the number resident members. The Sunday school unit, a later innovation of the church, has an enrollment of 747. The B. T. U., also a newer branch of the organization, 125, and the Women's Missionary Union, 110.

After Rev. Millican, frontier missionary who covered the territory between Sweetwater and El Paso, assumed the role of itinerant pastor for the church in 1887, the first building was constructed. This small frame structure was all but demolished by a cyclone on July 27, 1897, but was rebuilt and served until destroyed by fire Sept. 16, 1908.

Second Building
The church moved into a second building, this time a yellow brick structure, in 1910 and worshiped there until Oct. 24, 1928, when fire again heaped the plant in ruins. On the Sunday following the fire, Rev. Dow H. Heard, then pastor, inspired the congregation into action with a message from the text, "Moses, My Servant, is dead; now therefore arise and go over this Jordan." As a result one of the most modern church plants in the city was raised at a cost in excess of \$100,000 and embodying a total of 68 rooms including classrooms, assembly places, studies, offices, and an auditorium with a seating capacity of 1,500.

All has not been easy for the church. Many times during the 50 years it has had to meet in school buildings, courtrooms, theatres and other places. Through the coopera-

BUILDINGS CHANGE IN 50 YEARS

Fifty years have made as much difference in the buildings of the First Baptist church as in the size of the membership. Above is the original church building which was erected during the pastorate of Rev. L. R. Millican in 1887 and served for 20 years until destroyed by fire. Below is

tion of the First Methodist and First Christian church it was at one time able to entertain the Sweetwater association two weeks after its building had been destroyed by fire.

Payment Of Debt
Even after the last building was raised, the congregation was called upon to refinance a church debt which was threatening the effectiveness of its program.

So today the First Baptist church joins with the First Christian, the First Methodist, St. Thomas Catholic, and St. Mary's Episcopal churches, in the ranks of those who have seen 50 years of unceasing service in the city of Big Spring.

So today the First Baptist church joins with the First Christian, the First Methodist, St. Thomas Catholic, and St. Mary's Episcopal churches, in the ranks of those who have seen 50 years of unceasing service in the city of Big Spring.

Oil Field Communities

Those from Forsan attending the Big Spring-Angelo football game Wednesday in Angelo were: Mr. and Mrs. J. L. Johnson, Hebe Johnson, Jimmie Johnson, Mrs. Vera Harris, Myra Nella Harris, James Madding, Robert Asbury, Paul Johnson, Mr. and Mrs. E. T. Sewell, Odene Sewell, Mrs. P. F. Sheedy, Elizabeth Madding, Mr. Mrs. Bill Conger, Jr., Mr. and Mrs. M. M. Hines, Miss Aquilla Cunningham, Mr. and Mrs. E. H. Loper, Mr. and Mrs. J. E. Gardner, James Gardner, Mr. and Mrs. George Johnson, Rayford Liles, Moran Opegard, Myrtle Dittler, Faye Cunningham, E. W. Mowherter, E. L. Streety, Burl Craner, Mr. and Mrs. W. B. Dunne, Mr. and Mrs. Robert Kneer, Mr. and Mrs. Joe Blake, and Mr. and Mrs. E. D. Tucker.

Rev. L. R. Millican, El Paso, frontier missionary of the Sweetwater district and second pastor of the First Baptist church, will be here today for the Golden Anniversary services of the church.

The freshman class of the Forsan high school met Thursday afternoon and elected officers. Jimmie Johnson was elected president, Winona Edwards vice-president, Beatie Ruth Hale, secretary-treasurer, and N. C. Moeckel, principal of the high school, was elected the sponsor for the class.

Next Friday and Saturday the basketball team of Barstow will be in Forsan to play the local team. Games will be played each evening.

Mrs. W. B. Dunne visited relatives in Sonora last week.

The faculty of the Forsan high school presented a play, "The Man in the Green Shirt," Friday evening in the gym.

Mr. and Mrs. S. B. Loper are visiting relatives in Waco.

Mr. and Mrs. Brady Nix attended the Lubbock-Amarillo football

minor official circles in Washington, is that authority has been found in the existing law for presidential appointment of additional members of the highest court, and that Mr. Roosevelt intends to take advantage of it, naming justices of his own way of thinking.

A search of the statutes fails to disclose any such authority. The constitution left the number of justices to congress. The first congressional act, passed in 1789, provided for six. Six times since, the law has been amended. The latest act, passed in 1869, and still in effect, reads: "That the supreme court of the United States shall hereafter consist of the chief justice of the United States and eight associate justices."

This is plain language, which only congress can change; and under existing circumstances there is not the slightest assurance that even the overwhelming democratic majority in the new congress would constitute a recommitment of the court to fit the Roosevelt policies. Still, it might, if the White House insisted.

Perhaps Biding Time
Is it possible that the court itself will be influenced in its future decisions by the happenings of November 3?

Repeatedly the court has emphasized that this is a democracy, subject to the will of the people. Repeatedly it has referred to the constitution as a flexible instrument, always to be construed in the light of conditions at the moment. Can a popular landslide enter into such considerations? Of course only the justices themselves can answer that.

Finally, what about a constitutional amendment to reverse the court? Could such an amendment possibly be phrased in terms which would satisfy the requisite two-thirds of senate and house, not to mention the 36 states needed for ratification? It would seem an ambitious undertaking.

These questions ask themselves in profusion. The court goes its way. The president keeps silent. Perhaps, after all, he means only to mark time, waiting for the laws of mortality to supersede all other laws. Six of the nine justices are past 70. It would be remarkable, indeed, if appointments to fill several vacancies did not automatically come the way of the second Roosevelt administration.

The Heart of Our Store CUNNINGHAM AND PHILIPS

ONE OF EIGHT

Mrs. C. W. Willis, above, only living charter member of the First Baptist church—one of eight at the first organization meeting—will recount some of the early experiences of the organization in special services today marking the 50th anniversary of the church. The picture was taken many years ago and since Mrs. Willis is incapacitated, she was unable to have her picture made for this occasion.

Court Change A Matter Of Speculation

Probability Is That FD Will Let Time Take Its Own Course

By BYRON PRICE
Chief of AP Bureau, Washington

Quite naturally, much of the aftermath of the November election has to do with the supreme court. Technically far removed from politics, it nevertheless stood figuratively in the very midst of the fray.

It was the court which put up the barrier against many of those key policies which President Roosevelt defended during the campaign, and a return to which he advocated, at least inferentially.

It was the court to whose support Governor Landon exhorted his followers, and for whose intervention he thanked providence and the founding fathers over and over.

And when the arguments were ended, two states gave their votes to Landon, 46 to Roosevelt.

Congress Sets Number
Among the whole range of questions raised by the election, there is none more complex than this: Will an attempt now be made to interpret this action of the electorate, translating it into action by the government? And if so, how?

Speculation on this subject has been traveling a devious way. No one pretends to know the answer definitely.

One story, whispered about in

### Store Shows Heavy Gain

#### Barrow Furniture Co. Expects Record Volume This Year

Is business better? Ask D. D. Douglas, manager of the Barrow Furniture store here. "Our sales this fall have increased 31 per cent over those of the corresponding months last year," he said Saturday, "and we are expecting even a bigger volume for the remainder of the fall and winter. Every indication points to the best business we have had in years."

The Big Spring Barrow store, one of the major units in a seven-store system which has operated in West Texas for 31 years, is looking ahead to holiday business, Douglas said. Considerable time and great care was exercised in selecting furniture for the Christmas season with the result the Barrow stock at the largest and most complete it has been in many years. Shipments of new furniture have been arriving almost daily.

The store has just added another truck to its delivery fleet to improve service to customers. Barrow merchandise is shipped free of charge to any West Texas point. The store here is attracting patrons from towns throughout this area, the territorial trade representing a good part of its volume.

### Hunters

(CONTINUED FROM PAGE 1)

L. E. Wilson and Ray Simmons, Bob Wolf, Neil Barnaby, Carl Bates and two other out-of-town men left Saturday for a hunt southwest of Toyah in the Davis mountains.

To Van Horn where they will embark on a hunting excursion in Emberson county have gone N. R. Smith, G. H. "Bubba" Hatch, J. H. Johnson, and Dell Jones.

A. D. Neal, Garden City, will join Carl Pfeuffer of Eden and a group of men from that place for a deer hunt near Junction Monday morning on the Pfeuffer ranch.

Tom J. Coffee and A. L. Rogers left Saturday to establish their camp in the Davis mountains in anticipation of the opening of the season Monday.

With their eyes on some of the roughest country in the state, Ludwig Grau, Tracy T. Smith, J. P. Ferguson and A. E. Siason are en route to an isolated ranch 70 miles south of Marathon where they will look for blacktail.

L. I. Stewart, Frank Covert, and Merle Kancel will hunt on the McElroy ranch northwest of Balmorhea as will a party consisting of Mr. and Mrs. Houston Cowden, Mr. and Mrs. D. B. Cox, H. M. Rainbolt and George Hall.

J. G. Garner is to join a party from Abilene for a hunt in the Davis mountains.

Bear as well as deer will be the aim of Elton Taylor and Richard Vick as they pitch camp today in the Davis mountains northwest of Fort Davis.

Earl Brownwig, one of the vet-

### KBST Studio Installation Expert Job, Acoustical Engineer Asserts

"KBST is to be congratulated in sparing no expense toward the correct installation of its studios," was the comment of D. D. Warren, acoustical engineer of Ft. Worth, applying sound treatment in the studio in the Crawford Hotel.

"The studios of KBST will be comparable to any station of any size in the United States simply because the problems of acoustics peculiar to the studios have been worked out by one of the leading engineers in the business and the recommendations made are being followed out explicitly by the owners and operators of the station," Warren declared.

The reference made by Warren concerned Hugh Bergen, engineer of the Charles F. Williams Company of Ft. Worth who analyzed and designed the acoustical treatment of KBST's studios. This same company engineered and treated "Jumbo" at Ft. Worth and Warren was actively employed in the installation of the acoustical treatment at Jumbo.

When employed with the United States Gypsum company Warren assisted in the engineering and treatment of the studios at Radio City Music Hall in New York.

These National Broadcasting Company studios set the pace for other radio studios throughout America, Warren said, continuing, "KBST studios even though insignificant small in comparison, are in full stride with Radio City."

### KBST Studio Installation Expert Job, Acoustical Engineer Asserts

(CONTINUED FROM PAGE 1)

fortifications.

Bodies of men, women and children were hurled to the streets beside the carcasses of mules and horses killed by the explosion. Many bodies were maimed beyond recognition.

Dogs suffered shrapnel wounds. They lay moaning for help, unable to move.

Those uninjured scrambled pell-mell through side streets opening on the plaza.

One of the bombs ripped a hole in a subway and broke electric transmission lines and water mains.

Every window in the vicinity was shattered and several apartments were wrecked.

Water from broken mains mingled with blood of injured and flowed through a wreckage of carts and automobiles parked in the plaza.

### Troops

Janet Petty leads in baby contest.

Janet Petty was leading in the Chalk school baby contest Saturday evening, according to T. J. Turner, director of the show, which will be terminated Nov. 20 with a school carnival.

Running in second place was Tony Cramer. Entries listed during the week included Helen Louise Fry, Battle Louise Gandy and Eldon Wesley Ruffin of Ross City, Joan Cramer, Thomas Galvin and Barbara Ann Jackson of Chalk, Swan Darlene of Coahoma, and Jo Ann McGinnis of Knott.

### PLEADS GUILTY IN EMBEZZLING CASE

DALLAS, Nov. 14. (AP)—Roy J. Leeds, employee of the First National bank of Corsicana, pleaded guilty today before U. S. Commissioner Lee Smith to embezzling \$3,773.70 from the bank.

Commissioner Smith set bond at \$5,000. Leeds did not immediately post the surety, but said he had friends en route here from Corsicana who would make the bond.

The alleged offense occurred about Sept. 15 of this year, according to charges filed in the case.

### The Week

(CONTINUED FROM PAGE 1)

and, whether his efforts are entirely responsible or not, the accident toll has been slowly declining here for several days. A few speeding fines have had a healthy effect in slowing traffic down to a more sensible pace. Incidentally, driving drunk charges have been slapped on a few, thus making that offense less popular.

Forty calves were placed on feed at the U. S. experiment farm during the week and will be kept on prescribed ration for 180 days. These tests, if properly interpreted by farmers and stockmen, are very beneficial, but they are beneficial only in the proportion they are used by stockmen and farmers. Another kind of feeding test, attended by less publicity but probably equally important, was culminated last week when two club boys sold baby beefs to the public for eight months. The calves averaged more than two pounds gain per day. Since youth is more impressionable than age, with its fixed ideas and notions, inclusion of boys in feeding programs would not be a bad idea.

The amateur contest staged here Tuesday night was an unqualified success. The large crowd which turned out was gratifying to the chamber of commerce committee, headed by Shine Phillips. Even more gratifying was the loud cheer which went up when Phillips asked if the public was interested in continuing the series of auditorium night programs. He stated the matter aptly when he said: "These programs help us to get together, and God knows that if there's any place that needs to get together, it's Big Spring."

While the overdraft of the general fund in the amount of \$2,210.04, as shown by the monthly county treasurer's report, was not particularly pleasing, the charity expenditure of \$475.59 was. The disbursements for charity, it must be admitted, were probably too small to amply care for needs, but for the past two months it has been demonstrated that a sensible charity fund can be carried without a back-breaking total for hospitalization. Revamped charity set-ups for the new year will do well to take cognizance of this fact.

Every day the new postoffice structure begins to look more and more like a building, thus driving home the point that before most people can realize it, the edifice will be complete. With traffic al-

### Mrs. R. C. Badgett Complimented With Farewell Party

Former members of the Jolly Pines Club were guests of Mrs. H. V. Crocker when she entertained Friday afternoon naming as honoree Mrs. R. C. Badgett who is leaving today for Hobbs, N. M., to make her home.

Mrs. E. W. Lowmire was presented with a pair of hose for making high at bridge and in turn gave them to the honoree with the compliments of the club.

Refreshments were served to Mrs. Guy Tansitt, Mrs. Cecil West, Mrs. R. L. Pritchett, Mrs. G. L. James, Mrs. C. B. Sullivan, Mrs. E. W. Lowmire, Mrs. C. K. Thompson and Mrs. Badgett.

### SCOUT EXECUTIVE HERE TO CONTACT B'SPRING LEADERS

Darold Wilson, field executive of the Buffalo Trail council, arrived here Saturday to spend the weekend contacting scouters.

With A. J. Stiles, area executive, he attended the final session of Snyder and Colorado district scouting schools Friday evening at Dunn with 18 scouters in attendance. A total of 50 men participated in the school under the leadership of Frank Farmer of Snyder and W. W. Forter of Colorado.

Dr. W. B. May, Colorado, was in charge of the concluding joint session.

Wilson reported scouting activities on the upgrade, particularly in the Snyder area where new troops were in prospect for Irving (Scurry county), and Pivanna.

He will go to Midland Monday. Monday week he will open a training school in Odessa.

City police were holding a woman, clad in man's clothing, Saturday night on a charge of drunkenness. When picked up Saturday afternoon, she was unable to give her name.

### MAIL CHRISTMAS PARCELS EARLY TO FOREIGN NATIONS

If you want to get your Christmas packages delivered by mail to foreign countries, you had better start your shopping and mailing soon.

As an aid to patrons who contemplate mailing packages to foreign countries, Postmaster Nat Shick Saturday listed these deadlines for mailing if parcels are to arrive by Christmas Day:

- November 20—India.
- December 1—Argentina and Brazil.
- December 5—Egypt, Finland, Greece, Palestine and Turkey.
- December 10—Austria, England, Germany, Scotland, and Italy.
- December 15—Belgium, France, and Bermuda.

### CHARGED IN THEFT OF MEDICAL KITS

A man giving the name of Walter Loftus was charged with felony theft Saturday after he had been arrested in connection with disappearance of three kits from the cars of local physicians.

The kits, stolen from Drs. M. H. Bennett, R. E. G. Cowper, and G. S. True, were recovered by C. A. Atkins, city patrolman, who arrested Loftus an hour after the theft was reported.

A quantity of morphine was taken from two of the bags. The man said he lived in New York. He was being held in the county jail.

### MAN UNDER BOND IN SUDAN BANK ROBBERY

WICHITA FALLS, Nov. 14. (AP)—John O. Shackelford, charged with robbing the First National bank at Sudan last Aug. 27, was held in the Wichita county jail today in lieu of \$25,000 bond.

Shackelford pleaded guilty yesterday before United States Commissioner Melville Peters. He was arrested at Childress Monday in a stolen car and taken first to Seymour and then to Big Spring, where the car had been stolen.

About \$3,000 was taken in the robbery. Shackelford told officers he lost his lost gambling during a trip to Mexico.

### Personally Speaking

Mr. and Mrs. W. W. Rix and Mrs. Carl L. Svensen of Lubbock have returned home after a short visit with Mr. and Mrs. H. L. Rix and other relatives and friends here.

Mrs. J. Gordon Bristow is in Dallas where she joined Mr. Bristow and his mother, Mrs. J. E. Bristow, who have been in Rochester, Minn., where Mrs. Bristow has been undergoing medical treatment.

Mrs. Theo Casey and son, Charles, have returned to their home in Monahans after spending two weeks with her parents, Mr. and Mrs. Theo Andrews.

Mr. and Mrs. Jack King have returned from Knox City where they were called to the bedside of Mr. King's sister, Mrs. Jim Bevels, whose condition remained critical after an operation.

G. E. Bloomberg, vice-president of United Dry Goods company, El Paso, accompanied by Mrs. Fay Hunsacker, New York buyer for the same concern, arrived in Big Spring Friday afternoon, to remain here several days on business.

### LOS ANGELES YOUTHS ARE DETAINED HERE

Two Los Angeles, Calif. youths were being held for authorities of that state by city police today.

They were arrested here Saturday as runaways from a state school of detention for boys. One had served 10 months and the other two. They gave their names as Leon Melle and Grant Clark.

### R. L. FERGUSON NEW MANAGER OF UNITED

R. L. Ferguson, who formerly was associated with the United Dry Goods company at Eastland and more recently connected with the Big Spring store, has been named manager of the United firm here, succeeding David Merkin, resigned.

Ferguson assumed his managerial duties Saturday night. Merkin left his post with United to open a store of his own here.

## For The Holiday Socials

With the Thanksgiving and Christmas season drawing near every woman will want a new frock for the holiday dinners and dances. A double duty dress is the one shown upper left. It is of black silk lace made over a black silk slip. The jacket worn with it makes it a charming dinner dress; jacket removed and one has a dress for dancing. The lower creation is striking because of the new metallized silk Persian brocade jacket which put chic into winter evening attire.

## Sigma Alphas Will Sponsor Nursery Tree

Committee Appointed By President For Christmas Celebration

Plans for sponsoring a Christmas tree for the Welfare Nursery and acceptance of a new member, Mrs. W. T. Strange, were highpoints in the Epsilon Sigma Alpha meeting Friday evening at the home of Mrs. Ira J. Driver.

The president appointed Mrs. W. J. McAdams, Mrs. F. V. Gates and Mrs. Thomas J. Coffee on a committee to make arrangements for a Christmas tree which this sorority will sponsor for the Welfare Nursery children.

With the reception of Mrs. Strange the sorority has reached its membership quota of 20. Two papers were given, "Unemployment, Its Cause, Effect and Cure" and "Unemployment and Its Relation to Crime." These were presented by Miss Mary Burns and Mrs. Garland Earley.

The meeting to be held on the 23rd will be in the home of Mrs. W. J. McAdams and at this time the annual Thanksgiving program

## 1930 Hyperion Club To Hold First Review Local Dianas Off To Hunt For Big Deer

### 'St. Joan Of Arc' To Be Reviewed By Evelyn Oppenheimer

First book review of the season under sponsorship of the 1930 Hyperion club will be on December 3, it was announced Saturday by leaders of the organization. The club will present Miss Evelyn Oppenheimer in a review of "St. Joan of Arc."

The program will be at the Settles hotel, at 4 p. m. Miss Oppenheimer, of Dallas, is recognized as one of the outstanding reviewers of the state, having appeared in many cities. She has for some time given reviews of popular writings at Dallas, having reviewed the best-selling "Gone With the Wind" on nine occasions for Titcher-Goettinger in that city. Margaret Mitchell, author of the novel, listened to a broadcast of Miss Oppenheimer's review, and declared the Texan's interpretation of the book to be the most comprehensive she had heard.

Miss Oppenheimer has devoted considerable study to "St. Joan of Arc" and considers the work of V. Sackville-West one of the outstanding literary works of its kind. The biography is perhaps the most popular one that has ever been written concerning the historically famous Maid of Orleans.

Hyperion club members express the belief that the combination of a distinguished book and an efficient reviewer will make the December program one of the major literary events of the season here.

## Reading And Writing

By John Selby

Some years ago I was ushered out of a certain college classroom, practically horizontal, because I with one or two others refused to try to analyze the humor of Rabbits. Our very minor party maintained to the last that the humor of Rabbits or anybody else remained humor only so long as it surprised or outraged or disappointed the reader, and that analysis destroyed the fun.

Incredible as it seems, we were quite wrong, although proof was lacking for years. Max Eastman has proved that the humor can be analyzed profitably in a good-sized book called "Enjoyment of Laughter." Mr. Eastman himself has proved useful as a lecturer for a good many years, and Mr. Eastman is amazing among leftist lecturers, a paragon and unique, because he can see the funny side even of communism.

His book is the most delightful essay of its type I have read recently. He writes with his tongue in his cheek—and that is no feeble joke, either. He tells you that the essence of a joke is a start toward a serious objective which is suddenly brought to nothing. Then he tells you every possible method of starting, and every possible method of derailing the train.

He begins with a brief section, labeled "Fun and Funny," in which if I remember, he proves that to perceive humor at all you must be in a state of fun. Then he goes into the baby question, with examples, into witty jokes and ludicrous perceptions, in a definition of wit into a dissertation on the fact that nonsense must be plausible, into funny pictures, poetical humor, into the means of having fun with language (puns, atrocious or otherwise), into the humor of exaggeration and understatement—there is no point in writing a Walt Whitman catalogue.

The test of the whole thing is, of course, not Mr. Eastman's analysis of the subject at all, but the choice of his examples. If he hadn't chosen good ones, his balloon would have deflated. He has chosen good ones. In fact, the James Thurber cartoon entitled "Touche" is worth the price of the book.

"Enjoyment of Laughter," by Max Eastman (Simon & Schuster).

## Mrs. W. T. Strange Is Hostess To The Lucky Thirteeners

Members of the Lucky Thirteeners Bridge club were guests of Mrs. W. T. Strange when she entertained at her home Friday afternoon.

Mrs. C. M. Watson and Mrs. Thomas J. Coffee were visitors and Mrs. L. G. Talley was a tea guest. Prizes of crystal were presented to Mrs. Watson and Mrs. Joy Stripling for their high scores.

In addition to the visitors Mrs. O. M. Watson, Mrs. Kin Barnett, Mrs. Cecil Collings, Mrs. H. G. Keaton, Mrs. E. E. Howie, Mrs. Hayes Stripling, Mrs. Shirley Robbins, Mrs. Hallie Robinson, Mrs. M. Wentz and Mrs. Talley were present.

Beulah Wilson of Pecos, deputy grand matron; Mrs. Rita Barnhart of Dallas, associate grand conductress and Mrs. and Mrs. Childress of San Antonio. Mr. Childress is grand patron.

In addition to these the committees are expecting out of the district visitors from San Angelo, Mertson and Big Lake.

### Women To Match Skill Against Spouses On Hunting Trip

"A-hunting they will go! At least two Big Spring Dianas will shoulder their rifles tomorrow when the deer season opens. They are Mrs. Houston Cowden and Mrs. Morgan Martin who hope to bear down on the not too unsuspecting deer in the Davis mountain region and the Marathon country early Monday.

Early Saturday Mrs. Cowden donned her boots for her first deer hunting. She will go with a party to the Davis mountains for an honest-to-goodness camping out trip, sleeping out in the open next to Mother Earth. She was all-for-one and one-for-all minded the evening prior to the departure and said that each member of the party would do his share of the cooking and help with the other "little" things about the camp.

In this party will be Mr. Cowden and Mr. and Mrs. D. B. Cox of Garden City. Mrs. Cox is a veteran of the hunt, having been on many deer hunting expeditions in the past.

The other Diana is Mrs. Morgan Martin who is making her third quest. This year her party will hunt around the Marathon country as they did last year. They left late last night.

Instead of the usual bright red cap Mrs. Martin chooses a scarlet kerchief which she ties about her neck. When asked about her duties in camp she left the impression that she couldn't do at home. In other words—thumbs down on cooking. Her party consists of her husband, her son, Elmo, and a friend, Thomas J. Wheeler.

Unlike the other huntress Mrs. Martin refuses to sleep on the ground—she prefers to make her bed in the small trailer. She has never brought back a deer, but that's not because she's never had a chance for a shot. Last year she could have brought down a small one but chose to wait until a larger one came up—but it never came. This year she hopes to bring down one that she will be proud to flaunt in the eyes of the mightier hunters.

Both women were full of enthusiasm prior to their departure and thrilled with the idea of being among the thousands of sportsmen who will fire away tomorrow when the season is officially opened.

### "Honesty" Is Topic Of Address At West Ward P-T.A. Meet

Walton Morrison, local attorney, was guest speaker at the West Ward Parent-Teacher meeting recently and gave an interesting talk on "Honesty," one of the topics suggested in the association's year program "Child Character Growth."

Following the address Mrs. Hubert Rutherford's first grade students entertained with several songs and a play entitled "Three Bears." Appearing on the program were Peggy Bruton, Rosa Mae Taylor, Janie Hildreth, Patsy Ann Tompkins, Joan Cornelison, Bwana Margaret Dougherty, Dean Kemp, Emma Joanne Slaughter, Essie Pearl Halbrook, Marjorie Coffee, Gordon Madison and Edwin Ferguson.

Mrs. Rutherford's room won the attendance prize with 18 mothers present, a percentage of 54.

Registered were Mrs. Herbert Smith, Mrs. Tom Donnelly, Mrs. C. M. Wilkerson, Mrs. W. D. Cornelison, Mrs. Arch Kemp, Mrs. Bob Phillips, Mrs. J. V. Morton, Mrs. Pearl Halbrook, Mrs. J. M. Taylor, Mrs. Bill Coffee, Mrs. Dorothy Driver, Mrs. Gene Gardner, Mrs. J. B. Elliott, Mrs. H. H. Long, Mrs. R. L. Baber, Mrs. S. C. Dougherty, Miss Theo Sullivan, Mrs. Robert Hill, Mrs. Charles Matson, Mrs. John Barbee, Mrs. Herbert Keaton, Mrs. Della K. Agnell, Mrs. R. H. Hallbrook, Mrs. B. E. Huett, Mrs. Claude Eppler, Mrs. R. W. Nixon, Mrs. B. C. Barron, Mrs. Liburn Coffee, Mrs. Carl Madison.

Mrs. Charles Akey, Mrs. L. A. Deason, Mrs. John Wood, Mrs. O. E. Norman, Mrs. J. V. Murphy, Mrs. Ira Thurman, Miss Mary Joy Odum, Mrs. Ned Ferguson, Mrs. Roy Stallings, Thomas E. Pierce, Mrs. E. C. Casey, Mrs. H. C. Jenkins, Mrs. M. C. Stulting, Mrs. Halie Butler, Mrs. Gould Winn, Mrs. George W. Givens, Mrs. J. H. Tompkins, Mrs. G. W. Cox, Mrs. T. A. Stephens, Mrs. Ted Hines, Mrs. Marshall, Mrs. Bart Wilkerson, and Mrs. Bob Parks.

### Billye Frances Grant Pleges Sorority At Stetson University

Miss Billye Frances Grant, student in John B. Stetson university, De Land, Florida, has pledged the Beta Psi Chapter, Zeta Tau Alpha Sorority, according to word received by The Herald.

Miss Grant is the daughter of Mr. and Mrs. W. W. Grant of this city.

ELBOW HD NOTICE  
Elbow pantry Achievement Day program will be held Tuesday afternoon in the home of the demonstrator, Mrs. Ross Hill. This is to be an open house and Big Spring residents are invited to call with the rural women after 2 o'clock.

## To Greet The Homecomers

For street wear nothing would be more attractive than a tunic style similar to the one at the left. This is of blue acetate crepe finished with black wood buttons and link belt. A cape of silver fox, a blue off-the-face hat, black shoes, bag and gloves complete this ensemble. For the more informal affairs this frock shown in the lower photo would be attractive. Its color scheme was influenced by the Spanish rebellion. The dress is of gray satin with steel colored bullet buttons down the front. A "danger red" velvet scarf is knotted at the throat and a hat of gray astrakhan with a black suede bag to complete the outfit. A truly lovely combination of colors that go toward the making of an exciting and dashing ensemble.

## C. I. A. Club Plans Benefit School Fund

### Local Unit To Present Plays To Raise Project Money

Through the efforts of the C.I.A. club of this city, a fund will be raised for the benefit of some young woman who is unable to attend school without outside aid and desires to enter the Denton college.

At the Saturday luncheon held at the Monterey cafe, the members agreed to present four home talent plays during the year, the proceeds to go in the school fund. Four chairmen will have charge of the fund. They are Mrs. Mary Dallas Handley, Mrs. W. O. Lowe, Mrs. E. O. Price, and Miss Juanita Robinson.

Three members from Westbrook, Miss Goldie Heard, Mrs. Zinobia Evcke, and Miss Rozella McKinney, were present for the first time.

Hostesses for the luncheon were Miss Eloise Haley and Miss Dorothy Driver who arranged the following program: Song, Thelma Joyce McIntosh; reading, Wynell Wilkerson; song, Jimmie Goodman; reading, Evelyn Wilson.

Miss Milton Powell, Mrs. Handley and Mrs. Sidney House will be hostesses for the next meeting.

Present for the discussion were Mrs. Zinobia Evcke, Mrs. T. A. Roberts, Mrs. Ruth Staha, Mrs. E. O. Price, Mrs. Mary Dallas Handley, Mrs. Cecil Collings, Mrs. J. P. Dodge, Mrs. Margaret House, Miss Eloise Haley, Miss Dorothy Driver, Miss Doris Thompson, Miss Goldie Heard, Miss Milton Powell, Miss Juanita Robinson, Miss Rozella McKinney, Miss Gladys Duer, Miss Aisley Forrester.

### Thimble Club Takes Two Into Membership

Mrs. W. A. Miller and Mrs. R. L. Warren were received as new members of the Thimble Club at the monthly party held Friday at the home of Mrs. J. H. Manion, when the members and four guests gathered for games of rook.

Mrs. Mary Ezzell and Mrs. H. L. Batten were high scorers.

Visiting players were Mrs. Ezzell, Mrs. F. V. Gates, Mrs. T. E. Baker and Mrs. W. W. Grant. Members playing were Mrs. Jerome Lusk, Mrs. Fox Stripling, Mrs. H. L. Batten, Mrs. G. S. True, Mrs. C. E. Talbot, Mrs. S. P. Jones and Mrs. Manion.

Mrs. Sam Eason will be hostess for the December party. All winter month entertainments will be held at 2:30 o'clock.

"WILL THE MEN ON THE RAILROAD JOIN?"  
We believe every man will join who has had steady work.

## Music Study Club Will Sponsor Elaborate Christmas Program

The Music Study Club accepted the sponsorship of the elaborate Christmas program to be staged here during Christmas week at a meeting Friday evening with the Chamber of Commerce representatives who will supervise the affair.

The plans were completed at the chamber directors meeting for one of the most beautiful Christmas season observances ever held in the city.

The proposed program will depict the story of the birth of Christ which will be done in pantomime with musical accompaniment by a chorus of selected voices.

Four parts constitute the presentation. The continuity begins with the observation of the Star of Bethlehem by the shepherds, followed in turn by the scene in the court of Herod, then the shepherds and the wise men follow the Star and, as the climax will come the manger scene.

The entire continuity was arranged by Dr. D. F. McConnell who calls this his "Christmas Story."

A reader will give the scriptural story as the scenes change. Weather permitting, the entertainment will take place on the east courthouse lawn in order to permit a greater number of people to view the spectacle. Every effort is being extended to make this performance one worthy of its subject and each one connected with the plans is striving toward perfection.

## CALENDAR OF TOMORROW'S MEETINGS

### Monday

**PRESBYTERIAN AUXILIARY.** Meeting in circles at 3 o'clock. King's Daughters, Mrs. E. O. Ellington; Ruth, Mrs. James T. Brooks; Dorcas, Mrs. A. A. Porter.

**FIRST BAPTIST WOMEN'S Missionary Union.** Christine Coffee Circle in charge of all circle missionary and social program at the church, 2:30 o'clock.

**ST. MARY'S EPISCOPAL Auxiliary.** Meeting at the Parish House, 10 o'clock to do repair work. Luncheon served at Parish House.

**FIRST METHODIST WOMEN'S Missionary Society.** Meeting in circles, 2:30 o'clock. No. 1, unreported; No. 2, Mrs. C. E. Thomas; No. 3, Mrs. S. P. Jones; No. 4, Mrs. W. K. Edwards.

**EAST FOURTH BAPTIST Women's Missionary Union.** Meeting in circles for mission study, 3:30 o'clock.

**AMERICAN LEGION Auxiliary.** Meeting with Mrs. L. L. Guley for social meeting, 8 o'clock.

# Elizabeth Arden

HER PERSONAL REPRESENTATIVE WILL BE HERE FROM TOMORROW!

Miss Arden's personal representative will be at your service here from Monday, Nov. 16th to Wednesday, Nov. 18th, inclusive, to show you her very latest in beauty fashions... how to keep the contours of the face firm... how to achieve the New Complexion... and how to make up for the new colors by actually trying on Elizabeth Arden's new color capes, a most interesting and helpful innovation to show the actual reflection on your skin of the new colors you are going to wear this fall.

## THESE NEW CARS

In 1928, according to the United States News, Americans bought 3,250,000 new passenger cars, paying an average of \$898 for them. This year it is buying about the same number, but the average cost is \$196 lower, or \$702 per car.

If this reduction in cost had been offered at the expense of smartness, or safety, or comfort, or dependability, it would not be something to which to point with pride. But the reduction was not brought about by sacrificing anything. There are some 1928 cars still on the road, and even when allowance is made for deterioration the years have wrought, no expert eye is required to see that the machines of eight years ago were, at the best, far less satisfactory than those of today. The automotive industry has lowered the price of the product by effecting economy of manufacture, and is able to give more automobile per dollar than ever before. That cannot be said of many of the things that one buys. The new 1937 models, now being displayed, are so appealing in appearance and so efficient in mechanism as to prompt the observer to wonder if further improvement is possible.

The automobiles of the lowest price classification offer today the comfort, the efficiency and the appointments that could have been obtained only in the most expensive models a few years ago.

The automobile industry a year ago took the lead in pulling major business divisions out of the depression, offering attractive cars at attractive prices to such an extent that the public bought. Now, in the 1937 models, the auto manufacturers are offering even more, and doubtless will see sales graphs hit a new high mark before the next year is gone.

The job the automobile-makers are doing is making new industrial history.

## Man About Manhattan

By George Tucker

NEW YORK—Almost every day someone writes to ask some question about New York. A high school teacher in Minneapolis wants to know where James Melton went to school. A factory hand in North Carolina has written a novel and desires the name of a reputable literary agent. The daughter of a Utah rancher is interested in collecting Irish lace and is anxious to get in touch with others who are interested in the same thing.

These queries are direct and easily answered. But sometimes a stickler comes through, such as this one from the wife of a Louisiana rice planter. "You've been writing about the metropolis for years now," she says. "Tell me, what is New York?"

Madame, I wish I knew. I might call it a modernized Babylon with a ballyhoo complex. But then so is London with its Piccadilly circus, and so is Paris with its Champs Elysees and its over-stuffed Montmartre. Frankly, I don't know what New York is. But, I can tell you this:

### Hotels Ban 13th Floor

New York is a place where Jane Pickens keeps three telephones in her boudoir, and all of them ring at the same time; where the Paradise restaurant, famous for its nudess, has never had a girl whose first name was really "Eve"; where hotels refuse to have a "13th" floor because their patrons are superstitious, and where Eugene O'Neill visits just twice a year—to see his dentist.

It is where Lillian Gish keeps a pet parrot in her drawing-room where George M. Cohan insists on having his shirts initialed, where plays that should be hits fold over night and where those without merit sometimes linger indefinitely.

New York is a metropolis where modernized surface passenger transport has supplanted street cars on all the main thoroughfares—except the two which are synonymous with New York itself, Broadway and Forty-second Street.

It is also a place where Leslie Howard spends his off days playing polo, where international horse shows and local flea circuses vie for patronage in the same neighborhood, where Jack Dempsey runs a restaurant and referees prize fights, where the communist party has its headquarters on capitalistic Fifth avenue.

### 'Not Even New York'

Too, New York is a community where Clifton Webb keeps a baboon for a pet, where a theatrical agent noted for his stinginess died (so the doctors say) of an "enlarged heart." Where the manager of a revue with an undressed chorus wears a toupee "to keep from looking so nude."

New York is where a former opera diva warbles tunes in a nightclub, where a dealer in junk made a fortune out of rusty tin cans, where people are introduced and get married within a day, where gratitude is only an ironic myth, where Harry Richman never wears a hat.

So it goes. New York is a place where these things happen every hour and every day. As for saying just what New York is, I don't know. Ford Maddox Ford once wrote, "New York isn't America." Indeed, I'm beginning to believe that New York isn't even New York.

## The Daily Washington Merry-Go-Round

By DREW PEARSON and ROBERT S. ALLEN

WASHINGTON—When the president goes aboard the cruiser Indianapolis at Charleston, bound for Buenos Aires, he will occupy the suite of the vice-admiral, a two-cabin suite on the forecastle deck. As a flagship—the No. 1 ship of the navy's scouting fleet—the Indianapolis has quarters not only for her commanding officer, but also "flag quarters" for the admiral of the fleet and his staff.

There is a bedroom forward, with windows looking out over the gun turret and a day cabin which serves as combined lounge and dining room. The president will have the vice-admiral's mess, and will drink his morning coffee from a cup marked with three stars, the insignia of the vice-admiral.

His entire "gear," from knives and spoons to sheets and pillowcases, will be the gear of the vice-admiral. The vice-admiral and his staff are on the West coast, and while the Indianapolis was in dry-dock at Norfolk, the flag of the fleet passed temporarily to another ship.

### Few Changes

The navy emphasizes the fact that no special arrangements are being made for the president. That is true in the cruiser that no alterations in the cruiser will be made, such as the installation of an elevator to give him access to more than one deck. The elevator had been previously installed.

But the president's comfort will be served by the installation of a book-shelf in his cabin large enough to contain a wide assortment of detective stories—such hair-raising thrillers as "Thirteen at Dinner," "Murder on the Ten-Yard Line."

Also a full complement of movie reels, enough to provide evening entertainment for the 24 days at sea have been put aboard, most of them not yet released to the public.

The president has decided that he will have to dispense with his "piscatory adviser" on this junket. In the past, when aboard the Indianapolis or the Houston, fishing expert William J. Snow has been an indispensable aide, advising on the best waters in which to fish and the best bait to use.

### Juvenile Interview

Eleven-year-old Billy Hoover is the first American boy to obtain a newspaper interview with the president of the United States.

He was at the Union station for the president's incoming last week, slipped through the police lines and mounted the private car. "I'm a reporter for the Parade of Youth," he said. "Could I have a little interview with you?"

"Sure," the president replied. "I always like to talk to boys because they're so interesting to talk to. What's your name?"

"Bill."

"What's your last name?"

"Hoover."

"They are you an opponent?" laughed the president. "Have you always wanted me in?"

"You bet!" replied Mr. Hoover. "My sister works for the government."

Luck and Justice  
The late Justice Oliver Wendell Holmes was discussing the part luck played in judicial decisions:

"It's just luck, sonny," he told his secretary, "don't fool yourself. People may talk about law and justice, but underneath it all it's just luck, luck, luck."

Large numbers are now wondering if history will repeat itself in the case of three major actions pending before the supreme court. For Justice Harlan Stone is ill, may not be able to return to the bench for some time.

Several times before, the illness of one justice or some personal whim has changed the history of the United States.

The illness of Justice Jackson prevented his participation in the income tax law decision in 1895. This later resulted in the invalidation of the law, necessitating a constitutional amendment.

The withdrawal of Justice Brandeis from participation in the first (Oregon) minimum-wage decision, because he had helped frame the law, led to a tie vote, necessitating a reconsideration.

When the issue came back to the supreme court of the District of Columbia, Justice Robb had been thrown from his horse, and was unable to participate. The act was declared unconstitutional. Later he recovered, ordered a rehearing, and his delayed appeal to the U. S. supreme court for more than a year.

During the interval three justices, all favorable to the act, resigned and were replaced by conservatives, who declared the act unconstitutional. Through this whim of fate the United States is without minimum wage legislation.

Before 3-man court  
The three major measures which may come before the supreme court during Stone's illness are:

(1) The Wagner labor disputes act (Associated Press vs. National labor relations board); (2) the holding company act (James M. Laidlaw vs. North American Co., American Waterworks & Electric Co.); and (3) the power of the Public Works administration to lend money to municipalities to build public power plants (Duke Power Co. vs. PWA).

These laws are key measures of the new deal. On the court's decisions in these cases rests, in part, the future policy of the administration regarding further legislation—and the court itself. It is a crucial moment for Justice Stone, vigorous spokesman of liberalism on the tribunal, to be seriously ill.

ambassador to Great Britain, Donald D. Shepard, one of his aides, thoughtfully signed a long-term lease for the use of the garage. Under this contract Mellon paid a monthly rental of \$25—thus, in effect, making the structure a Mellon garage for the duration of the lease.

With the completion of the government building program and a tremendous increase in demand for parking space to take care of the cars of federal workers, the treasury wanted to remove the small garage and make a parking lot out of the property.

But Uncle Andy's lease barred the way. The \$25 rental was paid each month on the dot and nothing could be done about it.

Recently, however, the lease expired and the treasury promptly served notice that the big shiny machine had to be removed. The parking lot can now be built.

### HOSPITAL NOTES

Big Spring Hospital  
Born to Mr. and Mrs. Loy E. Cook, 302 West Tenth street, at the hospital, Tuesday, November 10, a baby son.

Mrs. E. C. Crittenden, route 1 Big Spring, who underwent a major operation Thursday, is doing nicely.

Born to Mr. and Mrs. Lawrence Brummett, Vealmore route, Monday afternoon, a daughter.

Born to Mr. and Mrs. J. E. Hicks, of Forgan, at the hospital Armistice Day, a son.

Mrs. C. W. Meyers of Rankin, who underwent a major operation Thursday, is doing nicely.

Lloyd Farnely of Garden City underwent an emergency appendectomy Wednesday night, and is doing nicely.

Born to Mr. and Mrs. J. A. Murphy, 810 West Fifth street, Armistice Day, a baby boy. Both mother and child are doing nicely.

Mrs. W. A. Garrett of Wink was in the hospital Thursday for a minor operation.

W. S. Birdwell of North Fourth street was in for examination Thursday.

Mrs. Gordon Buchanan of route 1 Big Spring was in for examination Thursday.

Born to Mr. and Mrs. J. S. Tunnell of Star route Stanton, Friday morning, a daughter.

Justin Danuser, who recently underwent an emergency appendectomy, was doing fairly well Friday afternoon.

### The Wrong Murderer

By HUGH CLEVELY

Chapter 28  
ABOUT A HAT

"In that case, he met Miss Fraser for the first time on the night of the murder when he took her back to her guardian's house," Kennedy said crisply. "They arrived at the house at about four in the morning. If he was the man in the room at midnight when your uncle was killed, and you say you're sure he was, he'd never met Miss Fraser then. He went and fetched her and took her home from wherever she was after the murder."

"You're not suggesting that Ruth knew anything about my uncle's murder?" cried Elsa in a horrified voice. "I would not believe that for a moment."

"No, I'm hardly suggesting that," said the Inspector. "But if you're right, if he only met her once before that meeting in your house, I don't believe he obtained sufficient influence over her to make her perjure herself and endanger her reputation to shield him simply by talking to her."

"Either he was blackmailing her, forcing her to say what he told her, or else she was immensely grateful to him for something he'd done for her. Just think for yourself, Miss Little. Miss Fraser is rash and impulsive, but she's no fool. Would she go out of her way to defend an absolute stranger at the risk of her own reputation unless she had some definite reason for it?"

"No, she wouldn't," agreed Elsa. "I suppose he must be blackmailing her, then."

Inspector Kennedy smiled slightly. "Do you really think that, Miss Little?" he asked searchingly. Elsa's conscience pricked her a trifle.

"No," she admitted. "I don't really think it, though I should like to. I think Ruth really likes Mahony."

That ended the conversation, and Elsa drove away. When she had gone, the Inspector stood for a few moments considering before he returned into the house. His talk with Elsa had opened up an entirely new train of possibilities to him. The Inspector was convinced that Mahony knew a good deal about the kidnaping of Elsa, and about her uncle's murder. But during that short period of reflection he had made up his mind not to arrest him just yet.

For one thing, if he left Mahony at liberty there was the possibility that he might get on the track of other members of the kidnaping gang—more important members, perhaps.

For another thing, he had a feeling that if he arrested Mahony now he might be doing just what somebody working very cleverly behind the scenes.

He was smiling when he re-entered Mahony's room; his manner was that of one man paying an ordinary call upon another.

"Sorry to keep you waiting," he said. "I haven't got anything very important to talk about. I came to see you because I believe you've lost a hat. Is this yours?"

"Do you really think that?" Kennedy asked.

From his capacious overcoat pocket he juggled a crumpled object—the hat which Mahony has left in the room in Jamaica Road, and tossed it across to Mahony.

Mahony had been a bit worried about that hat. He glanced at it casually.

"Yes, it's mine," he answered in an unconcerned tone. "It blew off my head when I was on top of a bus, and was away before I could catch it. I didn't bother to go after it because it's only an old hat."

Now for some awkward questions about how that hat had got into the house in Jamaica Road, he thought. But he did not get the chance to deny anything. Inspector Kennedy made a point of never asking people questions they expected.

"Who is Mr. Brown?" he asked. "Is he a friend of yours?"

The question was quite unexpected; it gave Mahony a very nasty shock. For one moment he had a horrible feeling that the Inspector had discovered everything about Billy Ross.

"It's a very common name," he answered. "The telephone directory contains pages of it. I dare say you know somebody called Brown, but I haven't any particular friend of that name."

"Or enemy?" asked the Inspector. Characteristically, the Inspector did not pursue that line of enquiry. But he asked another unexpected question.

"Is Mulgrave a friend of yours?"

Mulgrave was the man whom Mahony had left bound and gagged in the ditch near Watford when he rescued Ruth.

"No," he answered. "I don't know anyone named Mulgrave."

"Now I'll tell one," said the Inspector in a disbelieving tone. He rose from his chair and stood looking down at Mahony. His manner was no longer casual, his voice was crisp and business-like.

"Listen, Mahony," he said. "I'm not sure whether it was actually you who killed Mr. Little, but I am sure you were in the house when it happened, and I'm sure you know all about the attempt to kidnap Miss Fraser. Now I'm going to give you a chance.

"If you'll make a statement telling me all you know about the murder, I'll do my best to get you out lightly. Think it over a bit. Imprisonment is better than hanging, or even being murdered by your former friends."

"What former friends?" asked

### Services Churches Topics

**CHRISTIAN SCIENCE SOCIETY**  
Services Sunday 11 a. m., Settles hotel, room one.  
"Mortals and Immortals" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist on Sunday, November 15.  
The Golden Text is: "If ye live after the flesh, ye shall die; but if ye through the Spirit do mortify the deeds of the body, ye shall live. The Spirit itself beareth witness with our spirit, that we are the children of God" (Romans 8:13,16).  
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Be ye therefore perfect, even as your Father which is in heaven is perfect" (Matthew 5:48).  
The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "It is only by acknowledging the supremacy of Spirit, which avails the claims of matter, that mortals can lay off mortality and find the indissoluble spiritual link which establishes man forever in the divine likeness, inseparable from his creator" (page 491).

**ST. PAUL'S LUTHERAN**  
301 N. Grege  
T. H. Grandmann, Pastor  
10—Sunday school.  
11—Morning service. The topic of the sermon will be: "Render unto Caesar the things which are Caesar's, and unto God the things which are God's."  
A cordial invitation is extended to all.  
Next Saturday, the children of the Sunday school will practice for the coming Christmas program. Practice will begin at 2:30 p. m.

**FIRST PRESBYTERIAN**  
D. F. McConnell, D. D., Pastor  
Sunday school, 9:45 a. m. Morning worship, 11 a. m., Subject: Sanctification.  
Evening worship, 7:30 p. m. Subject: Abundant Living.  
Y. P. Yeper, 6:30 p. m., Sarah McClenden, leader.  
The four divisions of the Jubilee Loyalty Church attendance campaign are working hard to secure attendance by every member and their friends. The public is most cordially invited and will be given a cordial welcome to all services.  
The elders and deacons will meet Monday at 5 p. m. in the directors' room of the State National bank. It is important that all shall attend. "Put Christ and His Church First."

**FIRST BAPTIST CHURCH**  
Rev. K. E. Day, Pastor  
9:30 a. m.—Sunday school, Geo. H. Gentry, superintendent.  
10:45 a. m.—Morning worship. Anthem: "Sing Unto the Lord With Thanksgiving," choir. Sermon: "Building Monuments," by the pastor.  
6:30 p. m.—Baptist Training Union, Ira M. Powell, director.  
7:30 p. m.—Evening worship.  
Special music: "Why Should He Love Me So?" choir. Sermon: "The Forward Look," by the pastor.

**FIRST METHODIST**  
Alonzo Bledley, Pastor  
Sunday school, 9:45 a. m. Pascal Buciner, superintendent.  
Preaching, 11 a. m. and 7 p. m. Morning subject: "Our Leaders." An anthem, "Some Day You'll

**SOONERS AND WILDCATS TIE**

A 17-yard pass from Webber Merrell, Oklahoma quarterback, to Pete Smith, husky end, featured Oklahoma's last-period drive which ended in a touchdown and a 6 to 6 tie with Kansas State at Norman, Okla. After leaping high in the air to snag the pass, Smith dodged Umpire Hinman and Roland Young blocked out Bob Kirk, Elder, Cleveland and Warren smothered him at the 40-yard line. (Associated Press Photo)

Need My Savior" will be given by the choir directed by George N. Crosswait.  
Evening subject: "Victories That Are Possible."  
A live song service at the beginning of the evening service directed by L. B. Clough.  
The young people will meet in their groups at 6 p. m.  
You are invited to be present at the beginning of the new conference year.

**FIRST CHRISTIAN**  
Fifth and Scurry Streets  
Rev. G. C. Schurman, Pastor  
9:45—Bible School. Geo. L. Wilke, superintendent, says there must be over 200 this Sunday.  
10:45—Morning Worship. Sermon by pastor. Topic: "The Christian's Business." The morning musical special will be a duet by Mr. and Mrs. Herschel Summerlin.  
6:30—Christian Endeavor. Lyle Post, president.  
7:30—Evening Worship. Sermon topic: "Getting Above the Clouds." Mr. Haley will sing and draw one of the beautiful pictures that have been pleasing the audiences all

this week. Sunday is the closing day of the week's meeting that began last Sunday. It is expected to be one of the most outstanding days of this church year.

**CHURCH OF CHRIST**  
Fourteenth & Main Sts.  
Forrest R. Waldrop, Minister  
Lord's Day services: Bible school 9:45 a. m. Sermon and Lord's Supper, 10:15 a. m.; subject: "Sir, We Would See Jesus."  
Young People's meeting, 6:30 p. m. Sermon and Lord's Supper, 7:45 p. m.; subject: "Prepare To Meet Thy God."  
Monday: Ladies Bible class, 4 p. m.  
Wednesday: Mid-week Bible study, 7:45 p. m.  
You are always welcome.

**ST. MARY'S EPISCOPAL**  
P. Walter Henckell, Rector  
9:45 a. m. church school.  
11 a. m. morning prayer and sermon.  
The service will be in charge of Dr. Amos R. Wood. The rector is filling his Midland appointment at the morning hour, and is supplying in Colorado at the evening hour.

**ATTENTION PARENTS!**  
USE OUR LAY-AWAY PLAN TO MAKE YOUR CHRISTMAS SHOPPING EASY

Our Lay-Away Plan is the easiest way to buy gifts. All you need to do is to come in, select a gift and make a small payment each week. Sometime during Christmas week your gift will be appropriately packaged and delivered to you. Better still, you can arrange convenient terms and pay the balance after Christmas.

**BOYS AND GIRLS!**  
OWN A BICYCLE THIS CHRISTMAS JOIN THE **Firestone BICYCLE CLUB**

AS LOW AS **\$1.98 A WEEK**  
BRINGS YOU A NEW BICYCLE

Bicycles—modern in every way. Streamline design—double bar frame—balloon tires—hornlight and tail light—chrome mud guards and many other outstanding features. Bring your father or mother in today to see them.

Listen to the Voice of Firestone, Monday evenings, over N. B. C.—WEAF Network
