

Odds and Ends

R. S. Stubbfield, the alleged slayer of H. S. Duthit, both men of Clovis, gave himself up Sunday morning to Pat Wood, sheriff of Curry county.

Lamb county took a decided step forward last Monday when her commissioners voted unanimously to employ a Home Demonstrator for the county.

John Scott broke his left leg just above the ankle Wednesday afternoon when his horse fell with him. Local physicians were called and set the bones.—Vega Sentinel.

Experiments are being made on an electric plow which started in the evening, will work in the fields all night while the farmer sleeps, delegates to the convention of the National Electric Light Association at Atlantic City, N. J., were told. Experts declare that the plow will be a success.

Harry Koch, of the Quannah Tribune Chief, says: "People find it too easy to say, 'Charge it,' and then too hard to pay it." "Those two little words, 'charge it,' have wrecked the hopes of many a man and woman from ever amounting to anything in the world and has broke more business firms than anything else. It is more important sounding to 'charge it' than to pay the hard cash.

Wayne Tate, fourteen year old son of Mr. and Mrs. V. Tate of the Ranchvale community about twelve miles northwest of Clovis, was very dangerously and perhaps fatally injured when he was kicked in the head by a mule Wednesday evening about sundown as he was unhitching his team from a lister. The blow struck the boy unconscious. All haste was made to bring him to Clovis where he was taken to the Baptist Hospital. An examination revealed a crushed skull, but just how serious the wound will be is not known.—Clovis News.

One of the first "tramp printers" we have seen in many moons was in town Monday. This animal, which once was abundant in the United States, has now become almost extinct. In "ye good old days" the tramp printers went south in winter and north in summer, and the paper that was short of help was almost sure to be able to secure a printer to help out in time of rush. But the linotype has now come into general use, and the printer who does not understand the machine finds that he cannot find enough work on his trips from north to south to buy his meals—so he has settled down to regular work.—Miami Chief.

The wheat harvest in the Plainview country has begun, several farmers having already started to cutting their grain, and by the middle of next week the harvest will be in full swing.

The yield for Hale county will be around 1,250,000 bushels declared J. B. Wallace, federal grain inspector, and A. G. Hinn, local miller and elevator man. The average yield will run from twelve to sixteen bushels to the acre, though some farmers will make more than thirty bushels to the acre. The oats crop is much larger than usual. The price went up 4c a bushel yesterday, and local buyers were said to be willing to contract wheat at 96c a bushel. Millers are offering a bonus for Plains wheat. The wheat will bring much money into this territory, and prosperous time should soon obtain.—Plainview News.

It is not likely Plainview will have a chautauqua next year. There was a deficit of \$800 in the expense of the one which closed Sunday night, which was covered by \$20 in cash from each of the forty guarantors. Last year five guarantors had to foot up a loss of \$600. The year before there was a shortage of \$600, and only six men behind it.—Plainview News.

Snyder, too, faced a deficit in its chautauqua funds yet the people of Snyder signed up with 161 good men and women on the contract for another season. A small committee this year bore the brunt of the expense of the chautauqua. Next year more are sharing the burden. The suggestion was made last Sunday night that we buy the chautauqua outright next year and give it to the people free, which should be done. In this day and age of light entertainment and literature the chautauqua furnishes the only avenue for real worth-while entertainment for the young people. If we are to deny them the benefits of the splendid lectures that come with our entertainments we will license them to feed to their fill upon cheap light entertainment that come their way. People fill tent shows night after night and listen to cheap vaudeville and plays of little merit yet they are not willing to pay 20 cents to hear some of the nation's big men in lectures of real importance. Never before in the history of America does the situation demand that we bring to the people good and wholesome instruction and entertainment. It can be found only in lyceum, and chautauqua. Scurry Co. Times.

Mr. and Mrs. J. G. Shelton of Hugo, Oklahoma, are visiting in the home of their son, Q. R. Shelton, of this place. Also a niece of Mrs. Shelton is visiting her, Miss Helen Bledsoe of Hugo.

24TH YEAR, NO. 43

HEREFORD, DEAF SMITH COUNTY, TEXAS, TUESDAY, JUNE 17, 1924

Phoned Picture From Convention

Above are shown C. Bascom Slomp, Secretary to the President, and Congressman Nicholas Longworth, the late President Roosevelt's son-in-law, at the Cleveland Convention. This picture was sent by telephone and was on New York streets in less than one hour after being taken in Cleveland.

Mrs. James Passed to Reward June 14 Burial at Dimmitt

Dimmitt.—On June 14, 1924, after only a few days illness, Mrs. G. A. James passed on to her heavenly home. Mrs. James was seventy-three years years old, had been a member of the Baptist church over forty years.

She leaves one brother, the last of eleven children; one daughter, six great grand children and a host of friends to mourn her going.

Funeral services were held at the church, conducted by her pastor, then she was laid to rest in the Dimmitt cemetery by the side of her husband, who had gone on several years before.

Yes, we will miss her, she was a loving mother, a loyal church member and a good neighbor, but God has called her home, where there will be no more suffering and sorrow. We commend her sorrowing loved ones to Him who careth for all.

A. Rogers and Family Here From Ft. Sumner

Mr. and Mrs. A. Rogers and two children and Miss Ruth Smith, all of Fort Sumner, N. Mex., arrived here Sunday morning, returning home Monday night. Mr. and Mrs. Rogers and Miss Smith visited relatives, Mr. and Mrs. Charley Whitehead.

F. B. Tillotson Has Big Demand for Cotton Seed

F. B. Tillotson manager of the Hereford Gin Company said that he was selling considerable cotton seed at this time of the year indicating that considerable cotton will be planted late. Mr. Tillotson said he sold 100 bushels to a planter at Spearman, Texas.

G. B. Corley and Wife of N. Mex., Arrive Tuesday

Mr. and Mrs. G. B. Corley of Mountain Air, N. Mex., arrived here Tuesday morning. Mrs. Corley was formerly Miss Ethel Rudd of this city. The Corleys are visiting in the home of Mrs. Corley's parents, Mr. and Mrs. J. V. Rudd.

Mr. and Mrs. Gooch and Son Visit Here Sunday

Mr. and Mrs. Henry Gooch and son, Horace, of Amarillo drove down Sunday and spent the day with Mr. and Mrs. P. W. Pritch. A number of local friends called on them during the day.

Mistletoe Supt. Here Interest of Tri-State Fair

B. B. Holland superintendent of the Mistletoe Creameries at Amarillo was here Friday distributing advance literature on the Tri State Exposition to be held in Amarillo September 22-23 inclusive. The advance dope Mr. Holland was circulating was on the department of three groups of dairy cattle. Mr. Holland said that a total of \$2500.00 would be paid out in cash prizes during the exposition.

I.O.O.F. Memorial Services Sunday at Hall and Cemetery

The I. O. O. F. Lodge will hold memorial services at the lodge room Sunday afternoon at 3:30 o'clock. After the exercises at the lodge room the body will go to the city cemetery where Rev. Paul J. Merrill will deliver an address fitting the occasion. The graves of all the members who have passed on will be decorated. It has not been learned whether the Rebeccas will take part in the services.

Miscellaneous Shower in Honor of Mrs. J. Pitman

A miscellaneous shower in honor of Mrs. Jonathan Pitman was held at the home of Mr. and Mrs. Henry Wilkinson Tuesday afternoon at 4 o'clock. About eighty guests were present.

Mrs. London, Beeville, Visits Her Son, Boyd

Mrs. A. E. London arrived here last Friday evening from her home in Beeville, Texas. Mrs. London is visiting in the home of her son, Boyd London. She was formerly a citizen of Hereford, about ten years ago.

Uncle John Estes Arrives Home From Lubbock

Uncle John Estes arrived home Monday morning from Lubbock, at which place he visited in the home of his daughter, Mrs. Klett, and other relatives. Mr. Estes was accompanied back to Hereford by several Lubbock men, who straightway made for the Tierra Blanca creek, where they are fishing.

G. F. Ness and Family Leave For Boulder, Colo.

Mr. and Mrs. G. F. Ness of Summerfield left for their new home in Boulder, Colorado, Tuesday morning. Mr. and Mrs. Ness have just recently disposed of his mercantile business at Summerfield and are going to Colorado to take advantage of the State University at Boulder for the higher education of the Ness children.

ELECTRICAL POWER FOR MACHINERY

MINNESOTA FARMERS USE CURRENT FOR ALL MACHINES.

A. S. STINNETT

Letter to C. of C. Tells of Irrigation, Cooking and Lighting Current

Readers of the Brand will recall that several weeks ago A. S. Stinnett and C. B. Pash of Amarillo visited Hereford in the interest of a movement on foot at Amarillo to utilize the natural gas at that point in electrifying the Panhandle. The following letter from Mr. Stinnett to The Brand under date of June 14 is illuminating and especially interesting to this particular neighborhood:

"In Minnesota, on fourteen farms, equipment has been placed for carrying the uses of electricity into a greater and more varied field than ever before known or attempted. Several groups are collaborating in staging this work. These groups are farmers of the district, representatives of the State and Federal Governments, electric power companies, electric equipment and farm machinery manufacturers."

"We just have a letter, under date of June 9th, from The Central Power Company, from which we quote as follows: 'There is a feature of your letter which appeals to us as very encouraging. This feature is what we say about the possibilities of irrigation. The answer to the problem of rural electrification is to build up the farmers consumption materially and to do it in such a way as to make that consumption of financial benefit to the farmer. If there are possibilities of an acceptable water pumping load for irrigation purposes, there is a very advantageous condition, and one that we are not favored with here. On our trial lines, we are now using electricity for lighting the homes, barns, yards, for electric cooking and heating, washing machines, mangles, vacuum cleaners, cream separators, feed grinders, milking machines, water pumping for household and barn uses, for incubators and brooders, and we expect to saw the wood, cut the silage, fill the silo, light the hen houses, threshing, and we will even attempt the field work.'

"You will observe this to be quite an elaborate program and revolutionary in character, and doubtless will be carried out to the very letter. We inquired as to the character of the farm work they would attempt, and ascertained that such would be the operation of small trucks for the hauling on to and from the farm and the operation of plowing and harrowing machinery through the use of batteries charged with electricity from the motors on the farm. As foretasted, the forecast from the engineers having this work in charge indicates an absolute and complete success of these last features which will give an impetus to farming, such as had never been known in the history of the world. We will shortly issue another bulletin on this subject."

"We can only repeat that with the great natural gas field we should become the electrical headquarters of a large region of the Southwest."

"Wish you would give this important information to many of our friends in your community who would be interested in knowing that eventually the greater part of the farm work will be done successfully and economically by electricity."

Jensen Wins From Woods In Match At Clovis Monday

The wrestling match Monday night between Thor Jensen and Sailor Jack Woods at Clovis in the Lyceum Theatre proved to all wrestling fans that Jensen is the best man in every department of the wrestling game.

Jensen succeeded in getting the first fall in sixteen minutes with a head lock. Woods got the next fall in eleven minutes with a head scissors and wrist lock. Jensen proved his great strength and generalship when he flopped the big sailor in eight minutes for the winning fall with a flying mare. The crowd was not as large as was expected. A preliminary match between the two sons of G. F. Morgan, J. W. and Donald, was full of life and the two boys received rounds of applause. Donald, the younger, got the first fall, and J. W. got the two next decisions.

The big match between Jensen and Farley next Friday night at Amarillo is causing considerable comment. A large delegation of Hereford fans is expected to attend the match. The bout will be held in the Coliseum.

"More People—More Farms"

Mr. and Mrs. Webster Leave For Oklahoma and Kansas

Mr. and Mrs. J. R. Webster and H. Z. Sites are leaving overland early Wednesday morning for Tonkville, Oklahoma, and Thayer, Kansas. Mr. and Mrs. Webster have relatives in Tonkville and Thayer and Mr. Sites is driving the car for them. Mr. and Mrs. Webster will be absent from Hereford the greater part of the summer.

Texas Press Association in Session at Amarillo

The Texas editors of the Texas Press Association will meet in Amarillo, beginning this morning. The advance guards are arriving and everything is in readiness for the first session. On Thursday the editors will be treated to a barbecue at the Devil's Kitchen near Canyon, W. R. Steckman and A. A. Foster will attend from here, leaving Wednesday morning and remaining until Thursday night.

ugh the use of batteries charged with electricity from the motors on the farm. As foretasted, the forecast from the engineers having this work in charge indicates an absolute and complete success of these last features which will give an impetus to farming, such as had never been known in the history of the world. We will shortly issue another bulletin on this subject."

"We can only repeat that with the great natural gas field we should become the electrical headquarters of a large region of the Southwest."

"Wish you would give this important information to many of our friends in your community who would be interested in knowing that eventually the greater part of the farm work will be done successfully and economically by electricity."

WEST TEXAS C. OF C. MAN HERE MONDAY

TELLS DINERS OF THE MEMPHIS DISTRICT MEETING

ELECTRIC LINES

From Amarillo Gas Fields by General Electric Co. is Discussed

The Chamber of Commerce met at the Cordova Hotel Monday for the usual noon day luncheon, twenty-three being present. E. W. Harrison presided in the absence of D. L. McDonald. The meeting was full of speeches, all good ones, and a better understanding of the many questions brought up, was manifested at the breaking up of the meeting. A letter from A. S. Stinnett of Amarillo was read telling all about the many things cheap electrical current can do for the farmer. Mr. Oberthier said that it was not possible nor feasible to run high tension cables to the Hereford country for pumping of irrigation plants or even for domestic purposes. Mr. Parker thought it would be great to push a button then order the wife to get up and bake the biscuits. Mr. Baskin said that the General Electric Company was establishing huge plants from ocean to ocean and this one was one of the many in their future plans to electrify the whole country.

Rev. W. I. Garvin made the announcement of the coming revival services at the Methodist church. Mr. Garvin said the meeting would begin next Sunday and last about ten days or two weeks and that a speaker from Dallas has been engaged to preach a number of sermons. Mr. Garvin asked the support of Hereford's entire citizenship, and especially to hear the first sermon.

Captain B. B. Farmer of the Texas National Guards asked the support of the Chamber of Commerce, the business men, and farmers, requesting them to let the members of the local company go to encampment. Mr. Harrison made a definite reply that the Hereford Chamber of Commerce was in hearty accord with anything good the company proposed to do.

R. A. Highsmith of Moran, Texas representing the West Texas Chamber of Commerce spoke of the district convention at Memphis, Texas next Monday, June 23 and that the Hereford country should be well represented at the convention. Mr. Highsmith hurriedly went over the program that will last thru the day and urged the diners to send a big delegation for the event, those who take part in the program known to the Hereford people are Homer D. Wade Assistant Manager of the West Texas Chamber of Commerce, F. R. Phillips Agricultural Director of W. T. S. T. C. at Canyon and M. M. Whitaker Exhibit Manager of the W. T. C. C. Mr. Baskin was appointed a committee of one to get lineup on the number of boosters that will make the trip to Memphis. Mr. Harrison made mention that the S. W. Trull won the silver cup for being first in placing Shriber signs along the highway. Mr. Harrison said the cup would be here in a few days. The meeting adjourned to meet next Monday at the City Cafe.

Those who attended the dinner were: C. C. Rockwell, Capt. B. B. Farmer, W. R. Steckman, Homer Wilkinson, L. Baskin, W. E. Smilap, C. A. Skelton, N. C. Vogels, Ralph Burnett, A. H. Streu, George Muse, E. W. Harrison, W. E. Hicks, Chas. Donald, F. H. Oberthier, Henry Wilkinson, Will Ashbrook, D. F. Ashbrook, Rev. W. R. Hill, Rev. W. P. Garvin, G. W. Brunley, G. A. F. Parker, Ned Neely, and R. A. Highsmith of Moran, Texas.

Sister Mrs. Homer Fox Weds Oakland California Man

Friends will be interested in hearing of the marriage of Miss Marie Glennin to Mr. R. W. Wagoner, June 14, at the St. Cecilia Chapel of the Mission Inn, Riverside, California.

Miss Glennin is the sister of Mrs. Homer Fox of this city, and attended high school here, later finishing her school in Boulder, Colorado, where she met Mr. Wagoner.

Mr. Wagoner is a son of Mr. and Mrs. P. M. Wagoner of Boulder, Colorado, and is with the Bank of Italy, San Francisco, Calif.

After a short honeymoon in the Southland, the couple will make their home in Oakland, Calif.

Our Neighbors

SIMS COMMUNITY

J. P. Collier of Adrian, and several of his hired men, made a trip near Kelso this week and fixed up one of his windmills, which had been out of commission for awhile.

Jeff Reed made a business trip to Vega Wednesday, returning Thursday. Jack Chapman of Adrian went over near Kelso Thursday of this week trying to get a school.

Emmitt McAdoe of Adrian, will teach school near Amargillo this year. Ola Larson made a business trip to Adrian Friday.

John Youngblood made a business trip to Amarillo Friday.

Mrs. Omer Bartlett, visited with Mrs. Beth Funk one afternoon last week.

C. Glascock of Adrian took two truck loads of hogs to Vega Thursday and shipped them to market.

Mr. John L. Wilson of Hereford passed through our community Tuesday enroute to his ranch near Kelso.

John W. Puckett, of Amarillo was out at his Rall H Ranch one day this week.

J. E. Jacobson was in Adrian Friday morning.

Our cold weather has been here long enough. We have sure had some real hot June days this week. Dry weather continues on, we had some real hot winds this week.

BETHEL

Miss Margaret Simmons spent this week visiting with friends in Friona.

Mr. K. Roberts was a business visitor in Hereford Thursday.

Mr. and Mrs. Hereuan Haberer spent Wednesday evening in the home of Mr. and Mrs. Ham Lambert.

Mr. Irvin Hamilton has been trucking to Tulla this week for Mr. Simmons. The Showalter family are visiting in Lubbock.

Mr. K. Roberts was hauling lumber from Dimmitt Saturday. Mr. Roberts contemplates building a granery.

Mr. and Mrs. C. J. Williams of Floyd county, drove over Wednesday evening and ate supper with their daughter Mrs. Bagwell. They spent Tuesday night with Mr. and Mrs. Henry Alman.

Mrs. J. Z. Smith has been quite sick but seems to be getting along nicely. Mrs. Whitcomb's daughter of Mrs. Smith is with her.

Mr. Bagwell of Floyd county brought lumber up last week for a new granery on the Bagwell place.

The program given Bethel might deserve the highest praise. The char-

ers all did their part well and considering that five substitutions were made the day the program was given, it was excellent. The committee certainly had their share of trouble getting this program up because of unexpected sickness in the community and then some of the characters were away at the time. However "all's well that ends well." The committee for next month's entertainment are: Mesdames, Irvin Hamilton, Boyd Kimbal, Clayton Williams and Ray Showalter.

Mr. Kilgore of Dimmitt moved his cattle this week. Mr. Rothwell has been pasturing them for Mr. Kilgore. Mr. and Mrs. Jim Bagwell and children spent Saturday afternoon with Mr. and Mrs. Henry Alman.

"More People—More Farms"

BIG SQUARE

Rev. Monroe preached a fine sermon to a good sized crowd at his regular service Sunday.

The Burton family are getting over the measles nicely and no other cases have been reported.

Miss Lola Branson arrived Sunday afternoon from Hart and will visit with her sister Mrs. Vern Lust.

Mr. Sowell, after visiting in Big Square returned to Lubbock Sunday.

Mrs. Art Haberer was taken to the sanitarium in Lubbock Sunday, June 8th at which she withstood an operation Monday. Mrs. Haberer has been in poor health for some time but we hope she will be better now and soon be with us again. The last report was very favorable.

Miss Ruth Jay Haberer is keeping house for her brother during Mrs.

Haberer's absence. The little Kimbal children have scarlet fever but are reported to be getting better. (Continued on Last Page.)

Denver Healer

Rev. Robert B. H. Bell, of Denver Episcopal Church, who has been performing seemingly wonderful faith cures of the ill, blind and crippled in New York and New Jersey. The healings were performed by "laying on of hands and prayer" in the presence of 300 persons including many newspaper reporters.

Misses and Mesdames Will Weyer, Herman Haberer, Vern Lust, and Wiri Phillips attended the program given at Bethel Friday evening.

Messrs. Herman, Art and Johnnie Haberer made a business trip to Hereford Thursday.

Rose Fever

Complete Relief Guaranteed in 24 Hours Through New Discovery

A wonderful new scientific treatment has been discovered which banishes every single symptom of rose fever or hay fever—not in weeks or days—but actually in 24 hours!

This new treatment, known as Rinex, is the result of 8 years' intensive study of rose fever and hay fever, and completely relieved 1900 of 2000 severe cases at the Clinical Laboratories.

Cleveland, Ohio, in one day's time. The new discovery is no mere surface spray, ointment or inhalation. No mere headache or fever remedy. Positive no narcotics or habit-forming drugs—no bad after-effects. It goes direct to the underlying cause of rose fever and hay fever—the overloading of the system by absorption of raw protein from pollen floating in the air. Rinex, taken into the blood through the digestive tract, immediately neutralized this protein. The result is heavenly relief in 24 hours.

Why suffer a day longer when Rinex is guaranteed to relieve you completely? Simply go to the drug store and ask for Rinex. It costs only \$1.00. Take the prescription for 24 hours—just TRY it. If your tortures do not entirely disappear in 24 hours, the druggist will gladly return your money.

You can have a 24-hour trial package free by making a written request to The Clinical Laboratories, Cleveland, Ohio. But you take no risk in buying the \$1.00 package direct from your drug store because, if the treatment does not help you in 24 hours, the druggist will promptly refund your dollar.

Rinex is sold under the same money-back guarantee to completely relieve asthma and hay fever. Be sure to get the genuine Rinex in the airtight glass flask. It may be obtained in this city at—

FAREWELL PARTY

The farewell party given last Friday evening at the home of Mr. and Mrs. Joe Huckert in honor of the Mr. and Mrs. G. J. Ness family was attended by a large number of friends, the evening was spent in playing games and visiting. Everybody reports having a good time.

Delicious refreshments were served the guests at 12:00 o'clock.

Mr. and Mrs. Ness have been close friends of the Huckert family for the past fifteen years. They and their many friends hate to see them leave this good community and wish them good luck and success in all their future undertakings.

Those present were: Mr. and Mrs. J. G. Ness, and daughters, Mrs. L. Johnson and sons, of Summerfield, Mr. and Mrs. A. G. Determan, of Muleshoe, Mr. and Mrs. Schulz and daughter, Mr. and Mrs. Langew, Mr. and Mrs. O. G. Hill and son Mr. and Mrs. Baur and daughter, Mr. and Mrs. F. A. Bone and daughter, Mr. and Mrs. C. E. Tise and family, Miss Esther Rice, Miss Agnes Hellman, Mr. Bill Stanley, Mr. Paul and Ray Smith, Mr. Ralph Sears, Adam Flowers and Earl Springer and several other friends.

—By a Friend.

APRON-OVERALL PARTY

Last Friday night an apron and overall party was given by the Girls Auxiliary at the Baptist church. There were about fifty present, and everyone was in a "big way." Games were played until 10:30 then supper was set. There was plenty to eat of everything, and lots of ice cream. At about 11:30 the party broke and everyone went home expressing themselves as having had a very enjoyable time.

We were all glad to have Miss Lula Connell back with us for the party.

Your Smallest Expense

Look over that sheaf of bills for last month—or any month.

What did you buy that was worth as much to you or had as many uses—as telephone service?

That necessary service cost you relatively little, but the bills will show that you paid out dollars for things that were not essential to your welfare.

If telephone service should cost you many more dollars each month that service could be of no more value to you than it is. For it is indispensable.

POISON MASH FOR GRASSHOPPER

By R. E. Rebert, Entomologist
While the poison mash advised for grasshoppers is obtaining generally good results, we have several complaints that it was ineffective. In every one of these instances we have found that directions in mixing and applying in some respect or other had not been carefully carried out. In one case the farmer had allowed the druggist to convince him that calcium arsenate would do as a poison instead of the white arsenic. Be sure that what you get is "white arsenic" or Paris Green. In another instance the bran mash had been put out in piles over a small part of the field. The poison mash we have advised has been used for many years in many states and under all conditions and secures the best results when sown thinly and evenly over the entire infested area. Don't think that you have unusual conditions that require a departure from our recommendations.

In still another instance water taken from a barrel formerly containing creosote stock dip was used to mix the

—"More People—More Farms"

Lillian Warren, of Canada, adopted a modern "make-up" when she reached California, and so shocked her wheat-growing sweetheart, Dana Stewart, 30, that he committed suicide by shooting.

Her Make-Up Deadly

The odor of creosote in this water was so pronounced as to repel the grasshoppers. Lemons are used to attract the insects to the bait, and the use of such water serves to neutralize this attraction.

Other mistakes are doubtless being made on various farms. The above instances will give point to our statement, expressed in our former letter, to "Mix and apply the bran mash exactly as directed, leaving out no part." We may add "and putting nothing else in."

Another thing to be said in connection with this formula is that results, as indicated by dead grasshoppers, should not be expected too soon. Very

few grasshoppers die from the effects of the poison the first twenty-four hours, and it will not be until the second day that a great many dead grasshoppers are found. They will continue to die from the effects of poisoning for a week or more.

When You Pay Your Monthly Bills

Do you have anything left for yourself—that is, to set aside in a savings fund?

If in the past you have had nothing left for yourself, try this month to proportion your expenditures, so much for clothing, fuel, etc., and set aside as a beginner a fair amount as a saving fund.

The Western National Bank

Hail Insurance

is a staple line. Not a "side line." Many kinds of crops are being insured.

Whether you want to insure your alfalfa, barley beans, broom corn, cabbage, corn, milo maize, cotton, feterita, kaffir corn, oats, onions, peas, peppers, rye, speltz, sudan, tomatoes, watermelons, or wheat, our office is prepared to take care of your hail insurance in choice of many of the oldest and largest OLD LINE COMPANIES.
