REEDY TRIAL RESULTS IN ACQUITTAL

JURY DELIBERATES IN SMALL HOURS OF THE SABBATH

McNEIL IS NEXT

Man Charged With Violating Booze Law Now on Trial

The jury in the case of the State vs Arthur Reedy, charged with being a principal in the killing of W. J. Rich last spring, returned a verdict of not guilty Sunday morning after being out for about an hour and a half. The case was given to them at 1:00 a. m. Sunday.

The case of the State vs H. C. McNeil of Canyon, charged with operating a still in this county, was on trial all day Tuesday. Attorneys Stone and Miller of Amarillo and Carl Gilliland of Hereford were retained by the defendant. Sheriff Purcell set up the still he captured for the benefit of the jury and the case was exceedingly interesting throughout. It was thought the evidence would all be in by Tuesday night.

Wayland College Eleven Will Play Here on Thursday

The big football event of the year, the Thanksgiving game, will be played at Hereford next Thursday between the Wayland College eleven of Plainview and the Hereford Huskies. This game has been in prospect for several weeks but was finally clinched in a telephone agreement between Rufus Brazil for Wayland and Field Manager Rockwell of Hereford.

Wayland will arrive here early Thursday morning accompanied by a big delegation of Plainview rooters, and promise to give our Huskies a licking. On the other hand the local eleven are grimly determined that another slip like that of last Saturday shall not occur and are quietly preparing to give the invaders the battle of their lives.

No Chamness, star end, will be missing Thursday, as he has accepted a position with the Express Company at Roswell and left Tuesday morning. He will be sorely missed, but in Carter, Captain Jim Robinson has a capable substitute, especially good in handling the pass. In all probability Bob Elliott, who has been out of the game so far this year, will work at one of the back positions in Thursday's game. Elliott is a power and the fans will welcome him back.

The game will begin promptly at 3:30 o'clock Thursday and it is hoped folks will turn out in goodly numbers for this classic and assist the local Iron warriors in "putting it on" the day visitors.

Rain or Snow is Prediction Here For Present Week

The official government Weather Man stands a chance this week to make a home for himself in this community or to obstruct himself for life—one or the other.

Late Monday afternoon he wired The Brand as follows: "Cold wave tonight and Tuesday, lowest temperature twenty to thirty, except ten to twenty in the Panhandle; rain, turning to snow, with strong northerly winds."

The thing about that message that made a hit locally was the prediction about rain or snow. Folks hereabouts would be willing to stand meet any kind of weather in order to get some moisture along with it. But if the said moisture does not materialize, then that Weather Man had better move.

The predicted change failed to materialize up to Tuesday afternoon and all day Tuesday the weather was simply ideal. Lack of moisture is beginning to be keenly felt, and it is hoped that Uncle Sam's hired prophet knows what he is talking about.

JUNIOR HUSKIES IN TILT WITH TEXICO NEXT WEDNESDAY

The Junior Towns Team has a game of football billed with the Texico-Farwell eleven at Texico for Wednesday of this week. Very little is known here of the Texico strength, but the Juniors believe they can clean up anything and will leave town Wednesday with the determination to bring back the bacon.

WILL TRY TO SAVE WORKS OF FAMOUS "MOUND BUILDERS"

American scientists are moving to save the mounds built in Ohio, Illinois and elsewhere by the "mound builders" who preceded the Indians. Above is the largest of all, the "Serpent Mound," located 100 miles out of Cincinnati.

Laird and Ireland Bag Pair Splendid Deer

Edgar Ireland and D. C. Laird drove into Hereford in Mr. Ireland's car late Tuesday afternoon, tired and begrimed, but smiling happily. For they had a sure enough smile coming.

In the back of the car were the carcasses of two splendid deer, killed by the hunters in the mountains of New Mexico near Tucumcari.

Messrs. Ireland and Laird left here a few days ago to be the guests of F. H. Sisney of Tucumcari, a famous deer hunter of that community. Guided by Mr. Sisney into the browsing grounds of the deer, after arduous mountain climbing for the car, the trio ran into three deer. The larger of the animals was crippled in the leg but made his escape while the two others were downed by the rifles of the hunters. One of the deer had six prongs on his antlers.

New Farm Loans Association May Materialize Here

At a meeting of the Directors of The Hereford Farm Loan Association Monday, the following Directors were present: C. H. Dyar, W. E. Hicks, Geo. L. Muse, Chas. Donald, J. Frank Potts, Secretary, and F. H. Oberthier, President. After discussion, it was agreed that no more applications for loans would be accepted and that the secretary, Mr. Potts, advise all applicants for loans that they form a new association for this territory, as it is thought by the Directors that this Association is large enough and might become unwieldy with additional members. Any ten persons, who are eligible for farm loans, are sufficient to start a new Association in this vicinity and the Secretary or President of the old Association will help such persons to organize. It is not the intention of the present Association to stand in the way of anyone wanting to secure cheap money.

This Association has loaned in this territory about eight hundred thousand dollars at five and one-half and six per cent.

MINSTRELS FROM DIMMITT MAKE DECIDED HIT HERE

The Alabama Minstrels (of Dimmitt) entertained at the Star Theatre last Friday night. Owing to the Frederick Warde entertainment the crowd at the minstrel was not large, but was very appreciative.

Mrs. John Flanagan, after several weeks of hard work and direction, put the minstrel on at Dimmitt and then at Hereford. The Circle consisted of Mesdames Jno. Flanagan, Will Wright, Tom Tate, Walter Pickett, B. A. Fuller, Elmer Ireland, I. B. Brooks, Misses Vadie Waldon, Tinnie Hastings, Vergie Johnson, Mildred Woodlee, Ray Young, Edna Ireland and Rosella Bell, with Mrs. B. D. Woodlee at the piano. It was hard to tell who was the star, for each one did exceedingly well.

Mrs. Flanagan, as end man, with her readings and solo, "Swing Low, Sweet Chariot," accompanied by the entire company, made a hit. Mrs. Will Wright and Miss Johnson in a duet entitled, "Buckwheat Cakes," would make any fellow's stomach feel empty. Mrs. Tom Tate, imitating the Negro Preacher, brought the house down. Mrs. Walter Pickett and Mrs. B. A. Fuller, in a duet with Mrs. Fuller playing the guitar, made a hit. Miss Vadie Waldon's solo was so pious that it caused much laughter. Misses Tinnie Hastings and Ray Young gave excellent readings, along with Misses Rosella Bell, Mildred Woodlee, Edna Ireland and Vergie Johnson, as chorus girls, who showed class hard to equal. Mrs. B. A. Fuller was some clog artist and was called back for another step.

Mrs. Elmer Ireland and Mrs. I. B. Brooks, as end men, with their jokes were clever. Mrs. B. D. Woodlee, presiding at the piano, should be remembered.

Coyote Is Run To Death After 11-Mile Sprint

The stunt of running a coyote down with an automobile and killing him with a spanner, or the crank, or some other handy extra of the car is nothing uncommon in this country, but it is seldom that one hears of simply running the animal to death from exhaustion. It looks like a hard feat in these days of cross fences.

But that's just what happened last Friday morning when Dr. Farrell, veterinarian, and Jim McCaskey were down in the Happy community. They stirred up a couple of well grown coyotes, lost one, but "took in after" the other, a husky female. They had no gun in the car. The pair chased that pest just an even eleven miles by the speedometer before she gave up the ghost. By speeding up at times they headed her away from fences, Dr. Farrell frequently running out on foot to aid in this maneuver, and only once had to cross a wire. When the coyote gave up she was helpless, but still alive. They put her in a sack and she died en route to town. Dr. Farrell intends to have a hunting cap made from her hide.

Vega Trims Town Huskies in Hard Fought Struggle

In all big league baseball games managers talk of the "break" in a tight game when some little thing, for or against a team, turns the tide of battle.

Last Saturday the Vega Outlaws and the Hereford Town eleven battled through three terrific quarters to a standstill, neither team apparently stronger than the other and neither one being able to score, when suddenly the break came, against the locals, Vega scored an unexpected touchdown, and the Hereford defense crumpled. The visitors then rained over two more touchdowns in rapid fire order and a game that looked like a scoreless tie wound up 21 to 0 against Hereford.

It came in this way: With less than ten minutes left to play, Hereford held Vega for downs on her ten yard line. With the Hereford backfield behind the last chalk line a kick formation was called for, which is the thing that "Hoyle" would say was right under the circumstances. As the kicker was about to boot the ball his eye happened to see one of his own men behind the Vega line. The thought evidently flashed through his mind that a safe forward pass to this man meant a sure

touchdown. On the spur of the moment he took the chance and threw the pass instead of punting out of danger. Had that pass connected Hereford would have undoubtedly won that game. As it was the pass was short, a Vega man intercepted it, and plunged six yards for a touchdown unopposed. The bewildered locals seemed to weaken after that and Vega worked the pass with mixed end runs to perfection for two more scores.

Up to the fatal break it was a battle of giants. Hereford gained more ground than Vega but could not break away sufficiently to put it over. The two teams swayed up and down the field locked in a death struggle. As in the game against the Normal every man played a star game. Captain Jim Robinson was a marked man and Vega watched him so closely that he could not get away as he did against the Normal. Perhaps Paul Jowell played the hardest game of his career. Facing strong opposition he hit the line hard and his tackling on the defense was terrific. Vega is the best team seen here in ages and deserves every praise. They have a clean, hard hitting, fighting aggregation that will give a good account of itself against any opposition, anywhere. The detailed game follows:

While the Community Day is primarily for women, men are not barred by any manner of means and any of the sterner sex who are interested in community development work are cordially invited to attend.

Dinner will be served promptly at 12:00 o'clock Friday, the menu consisting of chicken, meat loaf, candied sweet potatoes, pickles, celery, cranberry sauce, salads, pies and coffee. Each lady attending may bring a dish or article of food. The program for the day is announced as follows:

Astronomers are greatly puzzled at the present time to know why the moon is ahead of time. On close observation, it is found that the moon is now twelve miles in advance of schedule. But this means only one second of time. That much, however, seems a great error to astronomers as they are able to detect a difference of a few thousandths of a second with their instruments.

Magnanimity means greatness of mind. It is a spirit to do, and to bear great things.

One of the finest descriptions of a magnanimous man to be found in all literature is Emerson's characterization of Abraham Lincoln: "His heart was as great as the world, but there was no room in it to hold the memory of a wrong." Lincoln's motto was, "With malice toward none, but charity for all."

HOW THE BATTLE GOES, AGAINST CANCER

A single surgeon down east made the statement that radium was of little or no use in the treatment of cancer. Because people had gotten to believe the opposite, this statement was sensational and accordingly the daily newspaper press associations sent it scurrying to every nook and corner of the country, carrying dismay to tens of thousands of sufferers and their relatives and friends.

But that surgeon had no sooner said his mouthful before scores of just as eminent surgeons came out with strong statements combatting his ill-advised, depressing expression of opinion. Many of these men are devoting their lives to the cure and relief of cancer sufferers and their declarations can leave not the slightest doubt that radium is a relief in many cases and a positive cure frequently. But the daily press didn't rush into print what they had to say.

While we are at it let us give the very latest facts on cancer as a disease. The records of the two foremost life insurance companies in America—the two insuring the greatest number of people—show that cancer IS NOT INCREASING in this country. Due to the increasing number of cures, the fatalities are, in truth, DECREASING.

There is hope that cancer will, before long, cease to be the monster it is today. With tens of thousands of scientists giving their best thought to it and investigating and experimenting every day of their lives, it is only to be expected that the disease will be conquered in good time; or anyway the number of its victims greatly reduced.

THIS IS OUR BEST SESQUICENTENNIAL

The times certainly are looking up when we Americans already are beginning to talk of another world's fair. Few things make for peace and good will like these great international expositions where the best every nation has in art and industry is placed on exhibition and to which the whole world pilgrimages.

It seems that the esteemed Philadelphia first proposed the coming world's fair and that staid lady among our cities has made up her mind that she is to have it.

Philadelphia calls it the "sesquicentennial." Where else would you expect that mouthful to start from but Philadelphia? "Sesqui" means "one half again." You see, our greatest world's fair before the Columbian at Chicago, was held in that "quaint old Quaker town" in 1876. One-half a century again would bring us to 1926. So Philadelphia proposes the "Sesquicentennial" for 1926.

We assume that the humorists will be whole-souled for this "sesquicentennial" because it will give them a chance to have fun with Philadelphia. Momentarily, we are expecting somebody to describe that sleepy city and its world's fair name as "sesquipedalian," which according to Webster means "ponderous, as words."

It will take a lot of sesquipedalians to finance a world's fair these days and its sesquigeneralmanger would have to be a corker.

HONEY PHILOSOPHY FOR 1921

Most of the quarrels between neighbors GROW out of resentment over

something or other. And how they DO grow. A queer cipher, that "resentment" thing. We don't fling resentment at the north blast when it frosts our noses. We don't hand resentment to ourselves when we stumble and break our arm. We don't turn resentment on a machine when it slices off a finger. But let a plain, errorful human being, like ourselves, say or do something that doesn't touch the right side of us and we hurl our resentment at him. If the world cut out resentment altogether—but it would take a book to tell the good things that would come to this old earth in that event.

TWO PILGRIMS 1621 1921

The first fall harvest of the Pilgrim fathers, just three centuries ago, typified THRIFT.

Golden grain and fat turkeys meant more to them then, than bags of gold, as they faced the long New England winters.

Time moved on and our nation prospered. Our definition of harvest has broadened but we are none the less thankful for our stored-up thrift.

Today it is often the growing BANK ACCOUNT that we are thankful for. Many folks have had occasion to thank the intelligence which prompted a saving account.

After all, MONEY is the real harvest—the ultimate return on our labors—bringing us the comforts and joys of living.

Many Ford owners can afford to own and operate any car they may choose, but they prefer a Ford "because it is a Ford."

For "because it is a Ford" means dependability, ease of operation, efficiency—and it means sure, quick transportation.

And "because it is a Ford" means good taste, pride of ownership and genuine Common Sense.

The Ford Sedan, a closed car of distinction, beauty and convenience, is the ideal all year 'round car, for pleasure or business—for the farm, town or city. It gives you all that any car can give at a much lower cost for operation and maintenance.

Ford Cars of all types are in great demand, so place your order at once if you wish to avoid delay in delivery.

**EXCITING TIME!
FIGHT WITH FOUR
SUPPOSED YEGGS**

Sunday night the depot safe of the Orient railroad at Benjamin was blown open and about one hundred dollars stolen. There was no clue to the robbers. The sheriff of Foard county was notified of the Benjamin incident Monday and bethought himself that it might be good business to ride the county down towards the Knox county line and see what he could see. And so he did, but not finding the men, returned to Crowell and got up a searching posse and rode the river brakes without any better success. Then he and posse, joined by the Knox county sheriff and posse went to Medicine Mound on the theory that the burglars might try to rob the Orient depot there. At Medicine Mound the sheriffs of Knox and Foard counties got up a bunch of armed men who wanted to capture the expected robbers. Along about midnight Tuesday night, nothing having occurred to indicate that the robbers were coming to Medicine Mound, the two sheriffs set out for Chillicothe, thinking that perhaps the

men had slipped by and gone on. About twenty minutes after they had left and while some of the local posse were smoking at the Orient depot, up the track came four stout looking men from the south. One of the posse called on them to halt, when the four opened fire on them with automatic pistols, which fire was promptly returned. No one was hurt, and the side of the Orient depot was shot full of holes. The four men separated and ran off in different directions. Sheriff Gober was called on the phone at 1:30 Tuesday morning and on being informed of the matter got together a

posse and beat it down to the Mounds as fast as he could drive his car. He found that in their flight the men had dropped two pairs of new shoes and some bottles of nitroglycerine. The two sheriffs who went to Chillicothe were notified by telephone on their arrival of the fight, and promptly returned as fast as they could. All day yesterday posse scoured the river brakes and pastures, but found nothing of the men other than the statement that a farmer living east of town had routed a hard looking character out from his stack of feed Tuesday. Medicine Mound was put on the map by the news of the above affray which at first had it that the men were caught blowing up the safe at the bank, that a running fight took place and two men were killed, but none of the robbers captured, nor was any money secured by them in the reported burglary—which of course never happened. Denver train No. 7 arriving yesterday morning, brought the news that the engine and train crew had been instructed to watch out for four heavily armed men who had attempted to rob the Orient depot at Medicine Mound, and who were supposed to be making their way to the Plains country. With these trains carrying guards of United States Marines in the mail car, there

probably would have been something happening right off if the men had been seen.—Quannah Tribune Chief.
