MAY DAY CELEBRATION HAS LARGE ATTENDANCE AT PARK TO WITNESS GROWN-UP TOWN

May first, known nationally as May Day, was celebrated in Hereford, on Friday afternoon. At about 2:00 p. m. the city and rural school children, the school trustees, city dads, with a number of decorated floats and automobiles and the High School Jazz Band, paraded Main street, disbanding at Mothers' Park.

At the Park a program, which was prepared by the school children, principally by the pupils of Mrs. Garrison and Miss Catherine Wilson, staged a play entitled "The Road to Grown-Up Town." The program was as follows: Invocation, Rev. J. O. Haymes; Reading of Proclamation, Miss Aline Hodges; Oration, Significance of Child's Health Day, G. A. F. Parker; song, "Welcome Sweet-Spring Time," by school children.

The play was directed by Miss Swisher. Billie Hill, representing Joy lastly leading all into Grown-Up Town. Announcements were made by Supt. Dillehay and the benediction was said by Rev. W. R. Hill.

At the conclusion of the first part, athletic events by both school boys and girls took place just opposite the park in the lake. The results were as follows:

Pole vault—1st Edgar Johnson, 7½ feet.

Girls high jump—1st Laverne Posey, 4 feet and 3 inches.

Sack race—1st Moade Smith; 2nd Malcolm Taylor.

Boxing—Clay Hughes won on points over Thos. Robinson; R. K. Bruner won on points over J. W. Witherspoon.

Relay race—Sixth Grade Girls defeated Seventh Grade Girls.

High jump—1st Russell Whitehead, 4 feet and 6 inches; 2nd Charles Newell, 4 feet and 4 inches, 7th grade.

High jump, 5th grade—1st Sherm Morgan; 2nd Victor Elliston.

Fifty yard dash—1st Willie Mae Vinson; 2nd Elsie Ashlock.

Broad jump, 5th grade—1st Victor Elliston; 2nd Thomas Robinson.

WYCHE BOYS AND GIRLS ORGANIZE CLUBS WEDNESDAY

The meeting of boys and girls clubs; farmers in the Wyche district, and County Agent Dunkle heading a goodly number of Hereford business men, met at the Wyche schoolhouse, Wednesday afternoon. The boys and girls formed a pig, calf and poultry club and believe me, Mr. Elliston said, they are an enthusiastic bunch, right now getting ready for the fairs this fall.

The women folks will organize a community canning club and have called Mrs. J. E. Cockerell of the Progressive district to give them a start. Mrs. Dunkle made a very instructive talk on the canning of all kinds of vegetables from the garden and the surplus meat that is always available on the farm. Mesdames Applegate and Cook are on a committee to boost the canning club.

The next meeting will be at the Leo Wolf farm and prizes will be given to the boy or girl who can best repeat Mr. Dunkle's talk given at this meeting. First prize will be \$1.00; second 50c, third 50c.

The Hereford business men who attended this meeting were J. M. Gilliland, Homer Womack, A. C. Thompson, Geo. Cloyd, E. C. Eubanks, Geo. LeGrand, J. B. Elliston and Mr. and Mrs. R. O. Dunkle.

DROUGHT IS BROKEN BY A SLOW AND GENERAL RAIN

The long drought has been broken with a slow rain beginning here at eight p. m. Tuesday night. The Santa Fe reported a general rain from Roswell and Clovis to Hereford of one half inch. Dimmitt reported a slow rain Tuesday night, and Wednesday morning from one-half to three quarters of an inch. A good rain was reported by Otho Beene, four miles northwest of Hereford, wetting sod down four inches. General indications showed a heavy pour north and northwest of Hereford.

Hi-Way Talks and Rural Cooperation Monday Luncheon

In the absence of Mr. Black, president, Mr. Parker, vice-president, presided at the Chamber of Commerce meeting Monday at the Stockman's Cafe.

Mr. Parker appointed a railroad committee, D. L. McDonald as chairman, with power of the chairman to select his own committee. Mr. Parker said that Messrs. McDonald and S. E. Holman were in Mineral Wells and Fort Worth this week and no doubt will give us a report at the next noon-day meeting. Mr. Parker also made a brief report on the Chautauqua Committee.

County Agent R. O. Dunkle again mentioned the three meetings in the rural district for this week, that of Progressive at the J. L. Park farm residence Tuesday; the Wyche meeting Wednesday afternoon at the Applegate farm and the Tierra Blanca meeting on Thursday afternoon. Mr. Dunkle also spoke of the hearty co-operation by the business men of Hereford at the West-Way meeting.

Mr. Dameron was called on for a report of the recent meeting he attended in Austin pertaining to state hi-ways. Mr. Dameron said, in part: "The meeting resembled a democratic convention with an attendance of about five hundred Hi-Way boosters, all wide awake to the possibilities and value of state roads, the saving in this county of from three to four thousand dollars on the road from Vega, thru Hereford, to Dimmitt and thence to Plainview, thereby saving our money to spend on other roads, the advantage of this state road intersecting other state roads, the necessity of organization and going after everything that belongs to us." Mr. Dameron said that he hoped to hear a definite report from Austin in the next week or ten days.

Several visitors were present, Messrs. I. S. Hamilton, C. C. Bowman, P. H. Dyer and Frank Givan, all responding with short speeches as their names were called. Mr. Bowman said "taint going rain no more" until the Hereford people eat more Sunshine bread. Mr. Hamilton said he enjoyed the Chamber of Commerce work and realized the good work that was going on in the organization. Mr. Dyer said he enjoyed the dinner and told all about the new railroads were headed for his (Castro) county. Frank Givan said he enjoyed the good dinner, especially the beans, and more especially the man Beene, who promised to pay for his dinner. The meeting adjourned to meet at the City Cafe next Monday.

MUSIC STUDY CLUB HOLD LAST LUNCHEON OF THE YEAR

The Music Study Club held their last luncheon of the year at the home of Mrs. W. E. Dameron at one o'clock on Monday, May 4, with Mrs. Earl Wilson assistant hostess.

Rosebuds and spring flowers adorned the home, while a silver basket containing pink buds reigned from the center of the dining table. The luncheon was declared by all to be the most successful and enjoyable one of all the year.

Immediately after luncheon a business meeting was held and the election of officers took place. Mrs. W. E. Dameron was re-elected president, with Mrs. Jessie Stanford first vice-president and Mrs. A. O. Thompson second vice-president. Mrs. W. R. Stockman was elected recording secretary and Mrs. Snyder correspondent secretary; Mrs. Homer Fox treasurer and Mrs. Broadwell of the year book committee.

Several visitors were present including Mrs. Clyde Wright of Silvertown, Mrs. Dameron's sister, Mrs. Roberts of Denver, who is a sister to Mrs. Glenn Snyder, and Miss Annie Miller.

To The Voters Of The Hereford Independent School District No. 1

It has come to us that certain reports are being circulated concerning the purchase of the Mounts property as a location for the new High School Building, and we desire to make the following statement to the people of the District concerning same:

We understand that it is reported that this property was purchased with the understanding that Mrs. Mounts is to reserve all the improvements, and move them off the ground. There is no foundation whatever for such a report, and we wonder how such a report could be started when the truth of the matter could have been so easily obtained from either Mrs. Mounts or any one of the seven members of the School Board.

This property, consisting of about 5½ acres, is being purchased for the sum of \$5,000.00, all improvements to be included except the windmill and tower reserved by Mrs. Mounts, which is of little value. Such improvements as will be needed, including the residence, are not to be sold to the highest bidder, and should bring enough to reduce the cost of the grounds materially. We will reserve the right, of course, to reject all bids if we do not think it is bringing a fair price.

As well known, there was a wide difference of opinion as to where this new school building should be located. Some insisted that it should be near the center of town, while others contended that it should be built on the grounds where the old building is now located.

While we knew it would be impossible to please everyone, it was our desire to please the greatest number possible, and we believed at the time, and still believe, that the location selected pleases a greater number of the people of the community than any other location that was suggested, would have, especially when what it will cost is compared to what a suitable location closer in would have cost.

Feeling that the citizens of the town should have some part in selecting the site, we appointed a committee composed of seven representative men of the community, to work with us. These men were Mr. G. A. F. Parker, Geo. Muse and Henry Wilkinson, Presidents of the three banks of the town, and E. W. Harrison, C. F. Gallagher, W. E. Hicks and E. B. Black.

At a meeting of this committee and the School Board, the merits of the different sites suggested were thor-

oughly discussed and considered from every angle, and the Mounts property was considered to be the best location and it was selected.

We understand that this selection has been criticized by some because they say it is "just across the street" from the present building. It is true that the Mounts property extends to the street just south of the present high school building, but the distance from the old building to the south end of the Mounts property, where the new building will be located, is about 1500 feet, or nearly a third of a mile. This distance is equal to the width of five city blocks, and will locate the building where it will be near the center of population when our town grows, as it will.

Another report that is being circulated is that the District will lose the present site of the old building when we cease to use same. The Hereford Independent School District is a corporation, and this property was deeded to it absolutely, and it will remain the property of the District, and will be an ideal location for a ward school building when our schools grow so that another building is necessary.

On next Tuesday, May 12th, we will vote on the question of issuing bonds for a new High School Building. That it is needed badly, we all know. If the bond issue is voted and the building built, it will not be built for the Board of Trustees or for any particular set of people, but for the entire population of the district, and all will get the benefit of it regardless of the amount of taxes they pay.

We have been selected as Trustees of the District, and we understand that it is our duty to use our best judgment in all matters concerning the school, and that is what we have done in this matter.

We want to urge everyone in the District who is interested in the Schools to go to the polls on next Tuesday, May 12th, and vote for this bond issue. We wish to ask also that you investigate any report that might be circulated before you allow it to influence you to vote against these bonds.

Respectfully submitted,

HUGH H. GULL, FORMER RESIDENT, PASSER AWAY SAT.

Hugh H. Gull of El Paso, Texas, formerly of Hereford, passed away last Saturday night at 9:30. The funeral services and interment were last Monday in the border city. A. M. Jones of this city left last Thursday and was with the Gulls at the time of his passing. Mr. and Mrs. Gull and son came from Tennessee to Hereford some five or six years ago and for several months made their home here. Mrs. Gull is a sister of Mr. Jones. Mr. Jones arrived home Monday evening.

NEW FEED AND SEED STORE IS NOW OPEN FOR BUSINESS

A new feed and seed store, managed and owned by Messrs. J. M. Hastings, Homer Wilson and B. H. Dixon opened for business the first of the week in the Garrison warehouse. The name of the new firm will be the West Texas Feed and Seed Company, and will operate on strictly a cash basis. The boys will specialize on the Superior poultry and dairy feed and also sell coal, salt, seed and hay.

BOX SUPPER TO MARK CLOSING OF PROGRESSIVE SINGING SCHOOL

A box supper to mark the closing of the singing school will take place at Progressive Friday, May 8, beginning at seven o'clock p. m. sharp. The evening's entertainment will consist of a class program, quartette music and a general program of song and instrumental music. There will be no admission and no collection. Come one, come all, the Progressivettes say.

SUNSHINE BAKERY INSTALLS A NEW BREAD MIXER

The Sunshine Bakery is installing a new bread mixer this week, and Messrs. Howard and Davidson, proprietors of the bakery, hope to have the bakery going by Saturday.

REV. ROY NUNN IS ORDAINED A PRESBYTERIAN MINISTER

The ordination of Rev. Roy Nunn took place last Tuesday night at the Presbyterian church. Rev. J. R. Sharp of Dalhart was here and preached the usual sermon. Rev. Thompson of Amarillo performed the ordination ceremony. It has not been learned what place Rev. Nunn will take. The regular meeting of the Presbytery adjourned here at the close of the ordination.

CHAUTAUQUA GUARANTORS ORGANIZED LAST SATURDAY FOR WAR TAX EXEMPTION

High and Central Schools Close Next Week for the Year

This is a busy week for the local Central and High schools. Next Saturday night the Alumni Banquet will be held at the Methodist church at 8:00 o'clock. Rev. Haymes will act as toastmaster. Each alumnus will have the privilege of inviting their family and one guest. Tickets are now on sale by Mrs. A. O. Thompson at Ray's Jewelry Store.

The Baccalaureate sermon will be preached next Sunday by Rev. J. O. Haymes, at the Christian church, at 11:00 o'clock. There will be special music and pews reserved for the parents of the graduates.

The Seventh grade exercises will take place at the Central school auditorium Friday morning, the 15th, at 10:00 o'clock.

The Seventh grade play "The Light" is next Monday night at the Star Theatre. The program and synopsis will be found in another column of this paper.

The High school graduation exercises will be held in the Christian church Friday evening, at 8:30 o'clock, May 15. Congressman Marvin Jones of Amarillo will deliver the class address. George Beanis is class salutatorian and Miss Mozelle Hill is valedictorian. The exercises will close with the presentation of diplomas by Superintendent C. H. Dillehay.

MOTHER OF MRS. T. M. PALMER DIED AT WICHITA FALLS

Mr. and Mrs. T. M. Palmer left on Tuesday afternoon for Wichita Falls, Texas, at which place they were called by the illness and death of Mrs. Palmer's mother, Mrs. M. C. White. Mrs. White passed away Tuesday night at 10:30 o'clock.

MRS. PERCY WELIVER, AGE 66, PASSED AWAY FRIDAY NITE

Mrs. Percy Weliver, age 66, passed away last Friday night at 10:30. The funeral services were held at the Methodist church Monday afternoon and interment at the city cemetery. Rev. Haymes officiating.

Mrs. Weliver was operated on March 31, and was apparently making satisfactory progress toward recovery up to a few days before she died.

She was a life long member and worker of the Methodist church and will be missed by her large circle of friends.

Mr. and Mrs. Weliver came to Hereford in the year 1914, from Clane, Illinois, and have made their home here since that time. Besides Mr. Weliver, a sister, Mrs. Pollock of Venice, California, and a brother, C. R. Carmack of Glen Dale, California, were here when she passed away. As one prominent writer once said "Every one born with a bird in his hand" this was a characteristic of the deceased, she was better known in her friends with a smile and song in her heart.

Mr. Weliver will remain in Hereford and a niece, Mrs. Myrtle Speedman, will keep house for him.

DR. KIBBE AND WIFE HERE FOR WEEK END FROM O'DONNELL

Dr. and Mrs. C. T. Kibbe and Harry Kibbe of O'Donnell, Texas, arrived here overland the latter part of last week to spend the week end visiting in the R. A. Kibbe home on north 25-Mile Ave. Harry has been spending the winter in the home of his brother at O'Donnell.

The pupils of Mrs. G. A. Parker will hold a recital Friday, May 8, at the Presbyterian church at 8:00 o'clock. Every one is invited and urged to attend.

Ralph Rodkey and his assistant, Floyd Shannon arrived here overland last Friday. Messrs. Rodkey and Shannon are representing the Redpath-Horner Premier Chautauqua and began immediately billing the business houses and on Saturday morning called the signers of the guarantee to a business meeting at the office of Ralph Barnett. Mr. Rodkey explained the purpose of the meeting, that of tax exemption and requested the guarantors to elect a set of officers for the coming event. The officers elected were as follows:

G. A. F. Parker, President; E. W. Harrison, Vice-President; N. C. Vegde, Secretary. The secretary appointed Miss Grace Skelton assistant secretary. Three directors were elected, L. W. Carlyle, Earl W. Wilson, and Mrs. Lily Chapman. Ralph Barnett was elected manager of the ticket sales and will direct the sale of tickets from his office. During the meeting various points of interest were discussed as to the price of tickets, reserved seats, the Sunday Program (which is an open date) and up to the local committee to make arrangements for that day. The committee thought it best to throw the doors open Sunday and take up a collection for the C. H. Charity Fund. Mr. Rodkey then gave a review of the week's program, made helpful suggestions on a ticket selling plan, and illustrated with a plot the reserved seat section. Mr. Rodkey urged the committee to put on a vigorous ticket selling campaign about ten days before the Chautauqua.

The Chautauqua begins Thursday afternoon, May 21 at the usual hour with the opening number, The Cathedral Choir. The choir will again perform in the evening by vestment clad artists and followed by Herbert Leon Cope, a humorous lecturer. The second day is no less an important day with James A. Burns, president of Ombudsman Institute in Kentucky, but better known as "Burns of the Mountains." The night program, with "Give and Take," a farce comedy is a great mirth producer. Governor Charles Bryan will lecture on the third night, and the La Joya Guatemala National Marimba band and Judge D. Alden a former Boston jurist will lecture following the Band. The fifth day the Shannon quartette and the Stafford instrumental trio for the afternoon entertainment, at night "Forty Five Minutes from Broadway" will be staged with a twenty-three piece cast. George M. Cohan's greatest success. This play has been produced for the Premier Theatre only and is the biggest attraction of the week. It will be worth the price of a season ticket. The sixth day will be Fathers' and Sons' Day with Herbert A. Taylor, Prince of Magic, Clown, Juggler, and a Ventriloquist all lending up to the lecture "Wonders of Electricity" by R. B. (Army Ambrose) with vivid demonstrations of electricity and radio will close the Chautauqua.

COUNTY SINGING CONVENTION AT WEST-WAY NEXT SUNDAY

The Deaf Smith County Singing Convention will meet next Sunday at 10:00 a. m. at West-Way school. The usual basket dinner will be served and an elaborate program of more than fifty numbers will be sung and the public cordially invited to be present. The Clovis quartette will sing several numbers and a rare treat will be in store for all who attend. Bring your dinner basket and come.

MCDONALD AND BORDEN PLAY WITH MEMPHIS BAND AT MINERAL WELLS THIS WEEK

Mr. and Mrs. D. L. McDonald and Mr. and Mrs. L. F. Borden left overland Sunday evening for Memphis, Texas. Messrs. Borden and McDonald rehearsed with the Memphis band Sunday evening and will play with the band during the West Texas Chamber of Commerce meeting held this week at Mineral Wells. The party is making the entire trip overland.

Mr. Orr moved the old house on the east end of the lot and said the new house will be ready for occupancy about July 1.

WILLIAM A. COWAN, AGE 71; PASSED AWAY FRIDAY NIGHT

William A. Cowan, aged 71 years, 11 months and 6 days, passed away last Friday at the Cowan home in west Hereford. Mr. Cowan had heart trouble—he was stricken Thursday evening while out in the garden and died just twenty-four hours later. The funeral services were held at the Methodist church the following day. Rev. J. O. Haymes and H. K. Monroe officiating. The remains were taken to Panhandle, Texas, for interment. The relatives who accompanied the remains to Panhandle were Mrs. W. A. Cowan, J. C. Burton and family, two nieces, Misses Letta and Marie Ashlock, and Miss Ella Burton of Enid, Oklahoma. Mr. Cowan was born in Panola county, Texas, married in 1908 at Panhandle

and moved to Hereford in 1918. He became a member of the Methodist church at the age of 16. Mr. and Mrs. Cowan had just disposed of all their property and were packing up to leave for their new home in Enid, Oklahoma, when the end came. A sister, Mrs. T. W. Smith of Clarendon, Texas, was here last week.

SIXTEEN BOYS AND GIRLS AT WEST-WAY IN FOUR CLUBS

Supplemental to the story in last week's Brand: "Merchants Visit Farm Club Boys" at West-Way, the following are more facts gathered. County Agent R. O. Dunkle says we have four boys and girls' clubs, namely a pig club, a poultry, calf and crop clubs, all active and making some marked progress. Sixteen of the boys and girls are in the above organizations and are a bunch of enthusiastic workers. During the meeting Mr. Dunkle made quite a lengthy talk on the club work and then called on the members to rehearse as much of his talk as they could. A prize of one dollar was offered for the best response, and Robert Moore won first, Miss Jewel Owen second, 50 cents, and Ulys Pierce third, 50 cents. The two teachers at West-Way, Misses High and Wester played an important part in their cooperation and invited all to come back and not to make this their last visit. Those who attended not mentioned last week were: A. O. Thompson, L. Letrand, J. N. Roden, Col. E. T. Woodburn, Geo. Floyd, Claude Roberts, Pink Gilliland, Gleaves Owen and R. O. Dunkle.

MISS SWISHER TO WORK WITH STUDENTS W. T. S. T. COLLEGE

Miss Mattie Mae Swisher of Hereford has been chosen by the women's missionary societies of the Northwest Texas conference of the Methodist church to work among the students of the West Texas State Teachers College at Canyon during the 1925-26 session, says the Amarillo News, the article goes on: "The duties of the Methodist-student secretary are many; she is assistant to the pastor of the Canyon Methodist church. She looks after the social life of the young people of her denomination. She supervises the work

of the Epworth league and the young women's missionary society. She helps the students who are away from home to keep in close contact with their home communities so that they will not find themselves strangers when they return.

HEAR THE "MARY SONGS" AGAIN

Cohan's Greatest Success on Chautauqua.

George Cohan has written for the Liberty Magazine the story of his life. In writing this story Mr. Cohan told some intimate truths as to the way in which he attained his success and the circumstances under which many of his greatest musical comedies were dashed off.

Mr. Cohan has probably had a greater success as a play writer, producer and composer than has been the lot of any other American. He seems to have the knack of writing songs that catch the fancy of Americans.

This is evidently because Mr. Cohan understands that the appeal to the emotions of the average person is along the line of things they understand, and is better than striving for "high-brow" effect. So Mr. Cohan wrote such songs as "So Long Mary," "Forty-Five Minutes from Broadway," and "Mary is a Grand Old Name."

Mr. Cohan, although all of his operas and plays have met with immediate success in New York, has always kept them clean. He has played more for the approbation of the average home, than he has pandered to the approval of those who like questionable situations in their amusement. This is why Cohan's plays and his musical comedies have swept America. The American people prefer this type.

In bringing "Forty-Five Minutes from Broadway" to the Chautauqua, Mr. Horner is trying an experiment which is being watched with a great deal of interest by other Chautauqua men throughout the country. It is the most pretentious thing of this kind that has been produced on this great Circuit. Its success seems to be assured. It is an offering which will be appreciated both because of the worth of the production and because such an opportunity at present prices is too good a bargain to miss.

SENIOR CLASS PLAY IS ENJOYED BY LARGE AUDIENCE

The Senior Class of the Hereford High School presented "Whose Little Bride Are You," last Thursday night, at the Star Theatre, a three act comedy, to a record breaking house. The play was full of fun and mirth all the way through and there was not a dull moment during the entire performance. Miss Brady, director, and her company are to be congratulated for their excellent entertainment.

PATRONIZE YOUR HOME TOWN MERCHANT

Miss Mattie Mae Swisher of Hereford has been chosen by the women's missionary societies of the Northwest Texas conference of the Methodist church to work among the students of the West Texas State Teachers College at Canyon during the 1925-26 session, says the Amarillo News, the article goes on: "The duties of the Methodist-student secretary are many; she is assistant to the pastor of the Canyon Methodist church. She looks after the social life of the young people of her denomination. She supervises the work

of the Epworth league and the young women's missionary society. She helps the students who are away from home to keep in close contact with their home communities so that they will not find themselves strangers when they return.

This year many groups of students have gone out to churches of neighboring towns and communities and have conducted services. These groups are teachers in training and are learning through practical experience to do the things which they will be called upon to do when they become teachers in the public schools of Texas.

Miss Swisher is well known to Methodist congregations in the Panhandle, having assisted in conducting many revival meetings. She will assume her new duties with the opening of the summer session of the college, June 8.

Miss Swisher will be sorely missed by her large circle of friends in Hereford. It is almost a calamity.

Why Not Sell It?

On every farm there is machinery, implements, stock or other things that are not being used and should be turned into money to be used for other purposes.

In every home there is furniture, trunks and other articles that might be sold. The money could be put to use, or in a bank to draw interest. Why not sell such things now?

Or perhaps you have chickens, eggs, plants or seed, or service of some kind that you want to find buyers for.

be stated as a proposition
to be refuted that any un-

dertaking that is worth doing in such
a way as will secure the greatest poss-
ible measure of success. It is equ-
ally true that unless a person is will-
ing to go about an undertaking with
a determination to put every ounce of
his energy into its success, it would be
best not to do it at all. In spite of
this truism, with which all will agree,
most of the things we do are done in
such a way as to indicate that we

will make you a failure.

A Useful Organization of Women

Texas has been fortunate in entertain-
ing the National Congress of Par-
ents and Teachers at Austin. The or-
ganization was formed some twenty
eight years ago to bring about that
co-operation between parents and teach-
ers that would secure the best poss-
ible results in the proper training of
the children. It at once proved its
usefulness in interesting parents—
mothers especially—in the work of the
schools and in giving teachers a bet-
ter understanding of the children's prob-
lems in their homes. From a small
beginning, the work has been extended
until it covers practically every vil-
lage in the country, and there is not
a school whose effectiveness is not
greatly increased by its activities. Its
work has been of a kind that has been
above any just criticism. Like every
other organization it has problems
about which there are disagreements,
but no one doubts the effectiveness of
its methods.

Are We Baseball Mad

A reading of the daily papers of the
country impresses one that the sub-
ject uppermost in the minds of the
American people is baseball. A large
part of the reading matter of the reg-
ular editions is filled with details of
the games throughout the country, and
the baseball editions contain little else.
The town that does not yell itself

ARNEY - BLUE RIDGE

Quite a number enjoyed the singing at the home of Mr. and Mrs. Charlie Cox last Sunday night; also enjoyed a good sermon over the radio from Dallas.

Messrs. Ollie and Phill Boyd and Boyd Smith spent Monday afternoon with their cousins, David and Lige Cook.

Jim Graham has been helping Mr. Durham on his windmill the last few days.

Quite a number of the Arney citizens were in Happy last Tuesday, which was trades day, taking advantage of the bargains and being entertained by many of the sports which took place—including a rodeo, baseball game, a chicken race for little folks, roping goats and other things of amusement too numerous to mention. The whole day was a success and enjoyed by all.

Mr. and Mrs. Floyd Fortner, Mrs. J. Wilford Jones and her son Carl and daughter, Joy, motored to Amarillo last Friday afternoon to do a little shopping. Mrs. Jones and daughter will spend a few days visiting her daughter, Mrs. C. E. Bonnan, and family of Amarillo before returning to her home in Quanah, Texas.

Mr. Harman of Dimmitt was a pleasant caller at the home of Mr. and Mrs. Charlie Cox last Friday.

The Ackerman Brothers of Canyon were putting down a well on M. T. Bailey's farm when Ralph met with a very serious accident. He was caught in the wheel and got his arm broken in two places. His hand was almost torn from his wrist. He was taken to the hospital in Amarillo at once for treatment and is doing very nicely at this time. The many friends of Mr. Ackerman wish for him a speedy recovery.

Mr. and Mrs. C. L. Beck and baby

The members of the boys and girls clubs are quite enthusiastic and are hoping for rain so they can plant the pure maize seed furnished them by the county agent, Mr. Dunkle.

Mr. and Mrs. John Renfro spent the day Sunday at the W. T. Smith home.

Bring your chickens, eggs and cream to Hereford Produce if you want the best price.—I. H. Spratt.

left Saturday night for Oklahoma, Arkansas and other points east.

Mr. and Mrs. Lee Hutson and Mr. Hutson's mother, Mrs. J. P. Hutson, and Mr. and Mrs. M. T. Bailey spent Sunday evening with Mr. and Mrs. Brachear and family.

Misses Laura and Beulah Cox and Elizabeth Bruner visited in the home of Mr. and Mrs. J. E. Boyd last Sunday afternoon.

Mrs. C. L. Goad spent Monday afternoon in the home of Mrs. A. A. Holden.

Mr. and Mrs. C. E. Burks visited in Tulla last Monday, while there Mrs. Burks had a splinter removed from one of her eyes that had been painful for several days.

J. H. Cook and son Eyle motored to Happy last Monday to transact business.

Lacy Boyd spent Saturday night with his aunt and uncle, Mr. and Mrs. J. H. Cook.

Miss Cubbie Hendrix spent the day last Sunday with her sister and family, Mr. and Mrs. Claud Tax.

J. A. Morris and family are enjoying a visit from his mother and sister this week.

Mr. and Mrs. Homer E. Ferguson visited at the home of Mr. and Mrs. Floyd W. Fortner last Sunday afternoon.

Quite a number from the Arney community attended church at Nazareth Sunday.

Mrs. Blackburn is visiting her daughter and family, Mr. and Mrs. Lee Hutson, this week.

Howard Morris spent the week end with his parents, Mr. and Mrs. A. E. Morris.

Mr. and Mrs. Floyd W. Fortner returned home last Sunday from Raton, New Mexico, where they visited Mr. Fortner's brother and family, Mr. and Mrs. J. E. Fortner, for a few days, while away Mr. and Mrs. Fortner visited different points in Colorado.

These days we are blessed with nice warm weather. Every thing will grow fast when the long looked for rain comes.

Rev. Lindley preached an excellent sermon last Sunday.

The farmers are getting ready to plant, quite a number have been ready for some time.

As the weather is so still many cattle men are having to pump water for their cattle.

Poultry raising is getting in a big headway now—many of the farmers have from two hundred to six hundred little chickens and great numbers of turkey eggs and goose eggs setting.

The nights lately are so cool and the days so warm, surely we will be blessed with a good rain in the very near future.

John Hendrix visited his daughter and family, Mr. and Mrs. Claud Fox, last Monday.

Homer E. Ferguson motored to Tulla last Saturday to transact business.

WARREN FISHER FLIRTS, AIDED BY POTERY

The Florida East Coast! As we sped southward, the whole country side, brimming with a tropical beauty, held out fresh, inviting hands. Gay hibiscus flaunted their crimson faces against an ever changing background of palms.

"They're like lovely women," Warren Fisher said as he nodded toward a dense growth of the vivid blooms, for a brief span, they gave freely of their matchless beauty and then—you will see as the day grows older, they fold their petals to make room for the new and fresher buds."

"A gruesome thought," I shuddered, "is one's hey-day of brightness so fleeting?"

"Ah! but in this instance, there's a lesson to be learned."

"Tell me?" I encouraged.

It seems to me that the hibiscus makes the most of its fullness of youth. It has evidently adopted a "carpe diem" philosophy of life.

"And the lesson?" I asked.

I was just wondering if we mortals would not be happier perhaps if we, too, followed some such creed instead of making a sort of endurance test of this existence."

"Here, here, what are you doing, advocating the primrose pathway?" I exclaimed lightly.

"And you? What do you think about it?" he laughingly answered.

"Well, I don't think any of us have been particularly annoyed with what the psycho-analysts call inhibitions."

"You're dealing in generalities, may I ask your personal opinion?" he pressed the point.

"Some other time, certainly, but right at this moment, the scenery is too perfect to discuss problems of any kind."

I preferred not to answer his question. I knew I was flirting with Warren Fisher but at least it added a bit of zest after the way I had been ignored by Curtiss Wright before leaving.

Silence for a while and I became absorbed in the roadside vistas. I

wonder why someone has not called Florida's east coast—the Glad Land. For it's most tangible quality is its exuberant spirit. Fields of yellow daisies clasp their hands and whistle in glee and great golden air plants swing happily from moss-garlanded trees.

Along the sun-kissed Indian River, picture houses nestle far back from the sparkling water. There is an undefinable appeal about these Spanish houses with their drifting rainbow colors. Others, too, built by a colony of artists are modelled coquina; their doorways framed in trailing morning glories—so blue that they must have borrowed their tint from the first clouds of an April morning.

Later in the afternoon, a storm began to break. Through the river's hedge of wild grapes and rattling palm fronds, the lightning streamed the shore line and the rain drops fell softly. But only for a fleeting moment. Soon the sun, blinking mischievously,

came from behind the clouds and shone more brightly.

"I picked this up at a collector's the other day," said Warren Fisher, referring to a book of verses he had taken from his suit case, while I was day dreaming. It was exquisitely bound in Florentine leather.

"Don't get alarmed," he laughed, "it isn't 'India Love Lyrics' or 'The Spell of the Yukon.' I wouldn't inflict them on you."

He was openly amusing. It was startling how much he knew of the little devices of wooing.

"And YOUR selection?" I inquired. "You may judge for yourself, Adoree," he said tenderly, "here's one I marked for you."

He turned the thin pages.

His voice, held lights and shadows and the lines gave out a chewing newness of feeling:

"We, the lovers of life, in unknown places

Shall taste of ancient wine

And put flowers in the golden vases,

And open precious books of song

And look upon the dreaming Buddhas,

And marble masks of genius.

We hear the sound stringed instruments,

Voicing the dreams of great spirits

We shall know the rapture of kisses

and long embraces

And the sting of folly—

"It is not so much the sentiment

of the words as the throbbing timbre

of his voice, raising to dramatic heights

then falling to a low seductive whisper.

He stopped in the middle of the stanza.

"Do you care for this sort of a thing?" he inquired, gazing deep into my eyes.

"Yes, they're so fiery and pagan, who is the poet?"

"Masters, I think, I was sure they would strike a note of sympathy between us."

"You read beautifully," I said irrelevantly.

"Nonsense!" he replied, "if one feels a thing, it's an easy matter to convey it to others. I've always fancied reading. I took part in quite a few plays in college."

"Then your interpretation, in this instance is not due entirely to practice?" I said in a teasing manner.

He turned and faced me.

"Don't, please," he said as his gaze met mine, "these are your poems, Adoree, and no one's eyes but yours shall ever see them."

The Friona orchestra played for the literary Friday night. The music was enjoyed by all.

We had a large crowd at preaching Sunday morning.

We had a few visitors at Singing Sunday evening, including Miss Lassie Smith and Charlie Roberson.

We will reorganize our B. Y. P. U. Sunday night, May 10.

Miss Lassie Smith spent last week end with home folks. She took dinner with Eva Noland.

Miss Ellen Atchley has been on the sick list for the past two weeks. She is some better now.

Bernard Roberson took dinner with Charlie Roberson.

One thing we are proud of is everyone is about to get over the whooping cough.

Miss Myrtle Smith spent Sunday evening with Miss Lorene Atchley.

Charlie Roberson and Miss Lassie Smith spent Friday evening with her parents, then enjoyed the literary.

WILL ROGERS

Another 'Bull' Durham advertisement by Will Rogers, Ziegfeld Follies and screen star, and leading American Humorist. More coming. Watch for them.

NEW YORK is building some more of those subways under the ground. No use building any more, people can't find their way out of the ones they got now. There's people down underground in New York that haven't been up for years. New York people are just like a lot of Gophers; every time they see a hole in the ground they grab a nickel and duck for it. If they keep on living underground, in two more generations their children will have fur like a rat.

What's this Subway got to do with 'Bull' Durham?

Nothing.

What do people outside New York care about how New Yorkers live?

Nothing.

But there is an old saying that one half the world don't know how the other half live, so I am telling you how they live, not as an Ad but as a fact. Five million Ground Hogs in New York rush through life missing one Train and being shoved into the next. The real trouble is that they can't smoke 'Bull' Durham down there.

Will Rogers

P. S. I'm going to write some more pieces that will appear in this paper. Keep looking for them.

SIXTY-FIVE YEARS AGO!

In 1860 a blend of tobacco was born—"Bull" Durham. On quality alone it has won recognition wherever tobacco is known. It still offers the public this—more flavor, more enjoyment and a lot more money left at the end of a week's smoking.

The Santa Fe Creed

President Storey says that teamwork, courtesy, and co-operation form the Santa Fe creed. Regional Advisory Boards are an example of co-operation. Every one benefits when the transportation machine works smoothly.

Community of interest of the railroads, their patrons, and the public is generally recognized without argument.

A fine spirit of co-operation has resulted and has become an invaluable aid in rendering transportation service.

One outstanding example of co-operation is the Shippers' Regional Advisory Boards, eleven in number. They are voluntary organizations of shippers, representing production, distribution, consumption, and credit as related to transportation.

Each board has separate commodity committees dealing with each important commodity.

Railroads are not represented on these boards, but do have separate committees of their own which co-operate with the commodity committees.

These boards consider, analyze, and solve many transportation problems. Through them railroads learn shippers' needs in advance and are enabled to distribute cars to care best for such needs.

Shippers learn the necessity of prompt

loading, unloading, cleaning, and release of cars, and the importance of giving advance notice of their requirements.

Friendly conferences around the table have been very helpful. All parties have profited thereby.

Car loadings in 1923 and 1924 broke all records, yet the railroads moved the traffic offered without car shortage or delay.

There was no magic or mystery about this record-breaking performance. Available facilities were used to the best advantage by railroads and shippers. Plain common sense was applied in a co-operative spirit to solving a difficult problem.

Such co-operation made it possible to have the products of forests, mines, manufactures, and agriculture delivered without delay at reasonable cost.

Everyone benefits when the transportation machine functions smoothly and without friction.

W. B. STOREY, President
The Atchison, Topeka and Santa Fe Railway System

Day School Lesson

Lesson for May 10

AND THE ETHIOPIAN TREASURER

TEXT—Acts 8:26-38.

TOPIC—A Man Did What

TOPIC—Philip and the Ethiopian.

IMMEDIATE AND SENIOR TOPICS

WON THE ETHIOPIAN PEOPLE AND ADULT TOPICS

OF THE BIBLE IN EVANGELIZING THE ETHIOPIAN

Meeting the Ethiopian

Work by Divine Direction

Called Philip away from work in Samaria and specified him to this man. Abraham obeyed the divine command knowing why he should work in Samaria and go into places. As he journeyed he espied the state chariot of the Ethiopian eunuch. The Spirit directed him to go near and sit to the chariot. The tactician put to the treasurer in a seat by the side of this officer. The mission which seemed so unpromising was

Officer of State Seeking the salvation (vv. 27-28).

Ethiopian had been to Jerusalem. Despite his high position he was not ashamed of his God. The journey from off country required much and expense, but to the one year after God, this is all

Providential Meeting in the (vv. 29-30).

Coming together of these two is clearly the predetermined God.

Philip Preaching to the Ethiopian (vv. 30-35).

The Ethiopian's Employment on (v. 30).

Occupation at the time of this was reading the Word of God.

Invitation of the Ethiopian joined himself to the chariot and him reading from the 53d of Isaiah. This is a most easy way to spend one's time while

the Absolute Need of a Preacher

Ethiopian was reading one of the greatest testimonies to the Messiah Old Testament, yet he was unable to get anything out of it. The at the Ethiopian, a great statesman needed an interpreter of the times, even such a plain passage 53d chapter of Isaiah, shows the need of a preacher. The gospel must be experienced before one can witness to its saving power. Human mind is blind to spiritual making the work of an evangelist indispensable. If a statesman rank was unable to grasp the meaning of such a clear passage, it is not thought strange that for an ignorant and ignorant man a guide is needed. God has designed that through the foolishness of preaching the world will be saved. Preaching the Word of God will always be necessary.

Philip's Message (vv. 32-35).

Philip began at the Scriptures which the Ethiopian was reading and led him to Jesus. This shows that the person represented in the chapter of Isaiah as suffering in others was Jesus instead of the preacher's message should be that He did not preach Jesus as a teacher, but as a Savior who suffered and died instead of sinners. He preached Him as the one who had offered Himself as a ransom.

Philip Baptized the Ethiopian (vv. 36-38).

As a result of Philip's preaching the Ethiopian proposed baptism. When he truly preached, men naturally confess Him in baptism. The feeling is lacking, the gospel in its fullness is evidently not needed. The Ethiopian might have had many excuses for neglecting the important ordinance, but like every man who is honest before God, was willing at any cost to render obedience. The proof that men really have in Jesus is their willingness to obey His Word. It is in Christ that saves, but those who have genuine faith desire to seal their baptism. Having secured from the Ethiopian the proper confession, Philip baptized him.

The Ethiopian Rejoicing (v. 38).

Confession of Christ always brings joy. Those who obey the commandment of the Lord can go on their way rejoicing.

Truth

Truth is as impossible to be soiled as the sunbeam.

Makes Life Worth While

It is faith in something and enthusiasm for something that makes a life worth looking at.

Godliness

Godliness shall not be an addition to life, but it shall be my life itself.

H. Spurgeon.

We are still waiting patiently for rain, which seems loathe to come our way. Farming is at a standstill, there is no pasture for cattle and not enough green vegetation to feed the birds and they are satiating their voracious appetites on the gardens that have been induced to grow by the plentiful application of well water. However good row crops have been produced here after the first of June; and anyway, the average mortal among us is getting more rain now than we deserve, so why worry?

One more week will bring to a close the present term of school here, which has been without question the most successful term ever taught in our town. Each and every teacher on the present faculty has been proven a teacher of unusual merit and ability and they have all seemed to vie with each other as to who should put forth the greatest effort to enhance the merits of the school. The fact that all have been re-elected to their present positions for next term should be a matter of congratulation for the patrons of the school.

The baccalaureate services will be held in the school auditorium next Sunday at eleven o'clock, a. m. The sermon will be delivered by Rev. Walker of the Methodist church. The graduating class this year consists of two young men and three young ladies.

The adobe portions of the walls of the Warren-Walker building now in process of construction, is almost completed and the laying of the bricks for the front wall was begun Monday. The owners of the building hope to have it ready for occupancy within the next few weeks. This enterprise will add materially to the appearance as well as the business interest of the town.

R. L. Hicks has completed his new store room and has installed a complete stock of staple and fancy groceries. It is located on the State Highway near south Main street.

Mr. and Mrs. R. H. Kinsley attended the convention of the Hardware Dealers Association at Amarillo Tuesday.

Frank Reed has just completed an addition to his residence three miles north of town and is building another residence on the quarter section of grass land which he bought adjoining his farm on the south. E. B. Williams and A. O. Drake are doing the work.

New houses are still being built on the syndicate lands south of town, and the syndicate people are still selling land there. It is reported that all that vast tract of land lying between the State Highway extending from Friona to Bovina, and the county highway extending from Friona south to its intersection with the Ozark Trail has been sold except one half section.

MILK—THE PERFECT FOOD

By Miss Esther Erickson, Red Cross Nutrition Worker

A nutrition worker was talking to a group of upper grade pupils. "If you had to live on just one food you could have all of this one food you wanted, but you could have nothing else except water—what one food would you take?"

The answers were various. "Bread," "Meat," "Greens," "Milk," "Wandy," "Oatmeal."

"All right," said the nutrition worker, "let me tell you what I'd take. I'd choose milk. I'll tell you why."

"We need food to give us energy, to build our body, and to regulate our body processes and keep us healthy generally."

"Milk does every one of these things and does them better than any other one food."

"The cream and sugar in milk gives us energy. Three fourths of a cup of whole milk will give you as much energy as a medium-sized potato, or two slices of bread."

"Milk also builds muscle, so do meat, eggs, cheese, dried peas and beans, cereals and nuts. But, especially for the child, it is best to depend on milk mainly, for muscle building."

"In addition, milk builds hard, strong teeth and bones. Therefore, plenty of milk is especially necessary for the pregnant woman, the baby and child."

"Besides building muscle, teeth and bones, milk builds fat. A quart of milk a day is the first rule for every underweight child."

"Finally, milk contains those mysterious but most necessary vitamins. We need them to keep us in good general health and to make children grow normally. No diet can be called good unless it has enough vitamins."

"Milk, then, is a food we all need. Children, fourteen and under need a quart a day; adults need a pint. It is not necessary to drink this amount but it should be used in some form."

Juniors Entertain Seniors at Banquet Methodist Church

(by Dalthia Stovall)

At eight forty-five Monday evening a crowd of seventy-five Seniors and Juniors with the High School faculty gathered at the Methodist church to enjoy a nifty banquet prepared by the Juniors in honor of the Seniors.

The tables were arranged in the shape of a plus sign. In the center was an aeroplane decorated in the Seniors colors, purple and gold. A small streamer led to each plate from the aeroplane. The glasses of fruit cocktail placed in the college caps added an attractive feature to the menu.

After everyone had found their place, Miss Swisher offered an invocation. The toast to the Good Ship 1925, by the toastmaster, Miss Dalthia Stovall, followed. Miss Aline Hodge made a very appropriate toast to the Seniors, explaining the emblem used during the evening. The aeroplane was the great ship in which the Seniors were about to start their life voyage. The favors and place cards were little black books, representing logs on which each sailor writes his diary.

A very clever sketch entitled "The Old Fashioned Garden" was rendered by the girls of the Sophomore and Freshman classes.

Since the Juniors thought it best to start the Seniors right the whole party formed a sailor's drill and marched by the kitchen to dispose of their first course and receive the second. During the second course Miss Zella Waiser gave a very humorous reading entitled "Betty at the Base Ball Game," the applause was so insistent that she gave an encore. The Jazz orchestra played such good music that Mr. Dameron complained that he could hear the feet near him keeping time.

The same sailor's drill was used in serving the last course, which was brick ice cream and angel food cake in the purple and gold colors. Miss Ruby Faye Bennett sang "I'll See You In My Dreams", encore, "Insufficient Sweetie." A fitting response was made to the Juniors by the Senior president, L. H. Fuqua. Mr. Dameron made a talk about the Seniors of 1925, what they had been and what he expected of the Seniors of 1926. Mr. Dillehay's closing talk was full of encouragement to the passing seniors, and the Seniors to be.

May the fellowship shown at the banquet form a binding tie between these classes that will always ring of "Auld Lang Syne"

"Should auld acquaintances be forgot, And never brought to mind? Should auld acquaintances be forgot, And days of auld Lang Syne."

BUSINESS MEN ATTEND FARMERS MEETING AT PROGRESSIVE

Hereford business men are waking up to the fact that they must attend the community farmers meetings held by County Agent R. O. Dunkle.

Tuesday afternoon at the home of J. L. Parks in the Progressive district, Mr. Dunkle held a meeting. He was accompanied by Messrs. L. W. Carlyle, Rex Tynes, F. J. Eberle, C. A. Skelton, Geo. Cloyd, W. H. Ray, G. A. F. Parker and J. B. Elston from Hereford and Mr. and Mrs. Jim Blogg, I. S. Hamilton, Mr. and Mrs. J. E. Cockerel, Mr. and Mrs. Ray HERSHEY and Mrs. Meharg from Progressive.

A canning club was organized with Mrs. J. E. Cockerel as president, Mrs. J. L. Parks vice president and Mrs. Meharg secretary. The president appointed a working committee and the club will meet again next Tuesday at the home of Mr. and Mrs. J. Cockerel at 8:30 p. m.

The boys and girls of Progressive are grooming their calves, chickens and hogs and will be here strong for the county fair.

Mr. Parks reported that he was building a French silo and Mrs. Cockerel called attention to the need of a central community canning house and offered to give instruction to any one who wanted to know how to use the pressure cooker and canner, having canned over one thousand cans of produce from the garden in the past two years.

CHAUTAQUA OPENS WITH HEADLINERS

First Two Days Important.

Those who stay away from Chautauqua the opening day this year, believing the program to be unimportant, are in for a big disappointment. As a matter of fact, some of the biggest features are on the first two days.

On this occasion the famous Cathedral Choir, composed of an extraordinary company of singers, will give a program of rare beauty.

This great organization made a continental tour last year, visiting some of the largest cities of America. At every place its concert was an enthusiastic success.

Its second program is largely popular and operatic in character. It is given on the first night, and followed by one of the humorous offerings of the program. This is in the nature of a lecture by Herbert Leon Cope, the greatest humorist. It is said, also Bill Nye.

With "Barns of the Mountains" the second afternoon, and a great farce comedy, "GIVE AND TAKE," the second night, it must be seen very readily that the first two days are of great importance.

The only sensible way is to buy season tickets of the local committee. The cost of attending is less than half what it would amount to if you purchase single admission tickets. Admissions run all the way from fifty cents to one dollar for each entertainment. Besides, season tickets are transferable in the owner's family, and the Chautauqua Committee has a limited number for sale.

NOTICE OF TRUSTEES SALE STATE OF TEXAS, Deaf Smith County.

Whereas, by virtue of authority vested in me, as trustee named and appointed in a certain deed of trust recorded in Vol. 26, page 286, trust deed records for Deaf Smith County, Texas, dated April 11th, 1923, and to secure the payment of one note for \$5,000, dated April 11th, 1923, payable to T. M. Palmer on or before two (2) years, with 10% interest, payable annually, and providing for 10% attorney's fees, with a credit of \$375, dated April 11th, 1924.

Said property in said deed of trust is described as follows: In Deaf Smith County, Texas, and being all of

lots eight (8), nine (9), eleven (11), twelve (12), fourteen (14), fifteen (15) and seventeen (17) of the original ten (10) of the original Hereford according to a town of record in the Deaf Smith County, Texas.

Said deed of trust was executed by W. E. Dameron on the 11th day of April, 1923, and also executed by the said Dameron, and Whereas, said deed is the holder and owner and default has been made, as well as the interest same is now past due and the principal, interest and fees, except said credit and demand for the pay note has been duly made.

And Whereas, I have been appointed by the said T. M. Palmer as trustee, I will, therefore, sell and sell, between the hours of ten o'clock a. m. and four o'clock p. m. on the first Tuesday in May, 1925, the same being the same month, at the court house in the town of Hereford, Deaf Smith County, Texas, all of the above described property, with all members and appurtenances, any wise belonging, to the debt above mentioned.

Witness my hand this 5th day of May, A. D. 1925.

TO THE VOTERS OF HEREFORD INDEPENDENT SCHOOL DISTRICT

Owing to technical errors found in the original petition, the Attorney General of Texas has set aside the generous approval you gave on March 28 of a bond issue in the sum of \$125,000 for a new High school building, and it will be necessary to hold a second election, which has been called for **TUESDAY, MAY 12:**

We, a committee named to look after details of this campaign, feel that your approval by a vote of nearly nine to one on March 28 indicates your thorough appreciation of the need for this building, and little explanation on our part necessary. But for the benefit of those who may not have studied the merits of the proposition we give below several vital reasons why the district should, in our opinion, vote overwhelmingly for these bonds:

(1) The building is an absolute necessity.

The present structure was never intended for a high school, is unsanitary, not properly lighted, unsafe and without modern school conveniences. Such conditions are causing bad eyesight and other ailments among the children. In addition, the building is not large enough and additional room of some kind **MUST** be provided for by next year.

(2) On the ground of civic pride. Hereford is a modern little city in all that goes to make

such a place with this single exception of a decent High school. What do our courthouses, and sewer and water systems, and light plants, and paving, and other things, to which we point with pride, amount to if our children, the citizens of tomorrow, are denied the best that we can give them in the way of education. Our neighbors are rapidly forging ahead of us when it comes to educational facilities. Hereford has never trailed yet and we do not believe you will permit it now.

Our children are the most valuable assets we possess. In a few short years we will have passed on and these children of ours will be the tax payers and voters in our stead. We believe that we can leave them no greater heritage than good health, recollections of happy school days, and the best education we can provide for them. If you agree with us we ask you to vote for the school bonds on May 12 and take a big stride forward toward this goal.

Respectfully submitted,

"The Light"

AN EDUCATIONAL PAGEANT

Presented by the Pupils of the Seventh Grade, Hereford Central School, Star Theatre May 11th, 8:30

Synopsis:

Education, who appears to Any City in a vision, takes Any City through the ages and shows to him the value of education. Each scene visited shows a gleam of education.

Prologue: The Vision.

- First glimmer: Learning through Experience.
- Second glimmer: Rebellion against ancient customs.
- Third glimmer: Advancement made by invention of Picture Writing.
- Fourth glimmer: Value of Greek Training.
- Fifth glimmer: Discipline, as shown by the Roman Soldier, as an element of Education.
- Sixth glimmer: First Picture: When learning is denied, man is bound by chains of ignorance.
- Second Picture: Young Americans need opportunities, not all Abraham Lincolns.
- Seventh glimmer: Education cannot be obtained through Force.
- Eighth glimmer: Training for Democracy.
- Ninth glimmer: Our Future unless conditions are improved.
- Tenth glimmer: Education's Dream.

Epilogue: The Gleam.

Admission 15 and 35 cents.
