**Stop Night Coughing This Simple Way**

People who have persistent annoying coughing spells at night, and who through loss of valuable sleep are weakening their systems and laying themselves open to dangerous infections, can stop their distressing trouble promptly by a very simple treatment. Hundreds who have hardly been able to rest at all for coughing, have gotten their night's sleep the very first time they tried it.

The treatment is based on a remarkable prescription known as Dr. King's New Discovery for Coughs. You simply take a teaspoonful at night before retiring and hold it in your throat for 15 or 20 seconds before swallowing it, without following with water. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly loosens and removes the phlegm and congestion which are the direct cause of the coughing. The result is that you usually sleep as soundly as a babe the very first night, and the entire cough condition goes in a very short time.

The prescription is highly recommended for coughs, chest colds, hoarseness and bronchitis, and is wonderful for children's coughs and spasmodic croup—no harmful drugs. Economical, too, as the dose is only one teaspoonful. It is on sale at all good druggists. Ask for

White-face cows, calves, steers and

grass land which was the most common theme of conversation here a few years ago seems to be changing now to Holstines, Jerseys, permanent pasture and butter fat. It is our conjecture that this new line of thinking and talking will be the means of leading to a greater prosperity of the farmers of this locality within the next few years.

By a special act of Legislature the Friona common school district has been converted into an independent district.

**BETHEL**

Tuesday while a real Texas sand storm raged another prairie fire broke loose about noon. It started from an engine used in drilling a well. There was lots of help as usual but it did a lot of damage. Not even the Ozark Trail or Twenty Five mile Ave., was wide enough to stop the fire.

Mr. and Mrs. Collie Bepton and family spent Monday evening in the home of Mrs. Ed Smith listening to a Radio program.

Mrs. Ed Smith and Miss Evelyn were visitors in Dimmitt Tuesday afternoon.

Mr. Gifford Branson was a guest in the home of Mr. and Mrs. Loyal Lust Tuesday night.

On Saturday evening the new barn and sheds belonging to Mr. Frank Crawford burned. The origin of the fire seemed unknown, unless a short in their car could have caught it. The first the family knew of the fire was

the explosion of the car. Beside the sheds, the Ford car, feed and tractor of Mr. Crawford was a total loss. The neighbors came and gave all the help they could, which was little only keeping a prairie fire from starting and saving what they could.

Sunday was regular preaching day for Rev. Fronberger. Some attended Sunday School and church here while others went to the singing convention at Friona. Next preaching day will be the first Sunday in April.

Mr. and Mrs. Herman Haberer called in the Loyal Lust home Sunday.

Most of the people of Bethel went to the drawing at Dimmitt Saturday afternoon.

Mr. and Mrs. Ralph Smith and small son were guests of Mr. and Mrs. Ed Smith Saturday and Sunday.

Order Any Amendment You Want

THEY are trying to pass an amendment to keep children from working. Now children didn't want to work, but they got tired waiting for somebody else to do it. If they would just put through an amendment to MAKE grown people all work, there would be no need to have this children one. Grown people stopped working without an Amendment or even a reason, so it will take more than an Amendment to start them. It will take a Miracle.

They are going to pass another Prohibition Amendment, somebody mislaid the rules of the other one. The 19th amendment made Women vote, some amendments make us do something and some keep us from it. No. 21 will give men with Knee Breaches the vote. About the 25th Amendment will prohibit smoking and when they do, 'Bull' Durham will boot-leg for a dollar a sack. # Sallie's Temptations

(Copyright 1924—By Gladys Baker)

## SALLIE SEES SALLIE FROM A NEW VIEWPOINT

"Yes, in spite of your sarcasm, that's it!" His emotions sobered me again.

"I love you," he continued fiercely, "and I don't want to touch you again. I said you were everything I had dreamed of, but you're nothing of that. You're stuff—there's nothing real about you. Nothing but surface in your makeup."

I closed my eyes. For the first time in my life, I was having my soul stripped bare and, strange though the experience was, I was thrilled to my innermost being.

"Go on, I want to hear everything you have to say." My voice was calm. I held my chin high. There was no desire to escape, rather an eagerness to see from a new perspective the real Sallie, a girl whom it had taken Curtis Wright to reveal.

"You're a toy baloon. Yes, by God, that's it, and why?" he hurried on, "because you've let the Great God Pleasure kiss your lips and you've breathed into him all the fineness, all the realness that is YOU. A beautiful jewel box," he hesitated as if he would halt the words that fell, "with the most precious jewel gone."

"Stop!" I cried, "you can't say that, you don't know what you've insinuated. I've sat quietly, heard you through and about a great many things you've been right—but not that—not that!" An acorn fell.

The stillness of a tomb enveloped the late afternoon.

Still he spoke no word.

"Do you really think," my voice sank to a whisper, "that I'm—I'm bad?"

"Don't ask me that, don't Sallie. I have no right to judge."

"But you know, you know that no matter how frivolous I am—that—"

"But what am I to think when you hold your kisses and caresses so lightly. When you admit that you allowed Ted Billings to kiss you. But, let's not quibble. It's the principle, Sallie. Don't you see that you can't hold out this way long. Even if you haven't crossed the narrow line?"

I remained still, too still. It was a relief when he spoke again.

"And I loved you like I love tomorrow's sunrise. I can't help that. I can only love you and be chained away from you, chained by the knowledge of what you've thrown away," he continued, "and the saddest part of it is that you can get it all back."

My heart beat high. "But you never will," he straightened his shoulders with the sentence he

had pronounced. "So we're through with each other, Sallie. We'll have to be after this. I'll take your beauty for my comfort. Your loveliness that's flown will be my dream. That's all I'll have to cherish of the girl I've adored. Forgive me, if you can for saying the things I have had to say. There's only one word for what I've been. A cad."

He clamored from the car, heedless of the pain he had caused. His words had left me emotionless, without smiles, without tears.

He took a step in the direction of the woods ahead. Then turned, only to stop, hesitate, then murmured piteously, "And I love you more than life itself and oh, I want you so."

He walked like a man to his death and I followed silently behind.

When the path widened for a few rods, I came to his side without words, and when I put my hand in his, he let it stay. Suddenly, I saw him start and draw back. He looked quickly down. He had felt the burning moisture of a single tear on the back of his hand—the only one I had shed.

**HOW TO SOLVE A CROSS-WORD PUZZLE**

The first letter of each word is indicated by a number in the blank white spaces, and by referring to the list of words given below, you will find the definition. For instance, number one horizontal gives the definition of a word which will fill in all the white spaces to the first black space to the right. Number one vertical gives the definition for a word which will fill all the white spaces to the first black space below. The black spaces indicate the end of a word, and no letter is placed in them. When completed, the puzzle must read both horizontally and vertically or across and down.

**BIG SQUARE**

Mr. and Mrs. Ray Haberer and children were visitors in Plainview Tuesday of last week.

There was a meeting held at the Big Square school house Wednesday night in the interest of the rabbit drive of Castro county, which will take place on April Fools' Day. Rev. Coughran of Dinnitt came out and explained the plan in detail. Most everyone in the community was present.

Roy Haberer made two business trips to Hereford this week.

Edna Smith and Miss Evelyn were visitors in the Lambert home Tuesday evening.

Gifford Branson was a dinner guest of Mr. and Mrs. Vern Lust Wednesday.

Fred Wollihen is again in our neighborhood to make his home.

John Haberer spent a part of last week with his son, Herman Haberer.

Mr. and Mrs. Vern Lust and son went

to the drawing at Dinnitt Saturday.

Mr. and Mrs. Herman Haberer and baby spent Saturday night and Sunday visiting relatives in Hereford.

Mr. and Mrs. Roy Haberer and children were shopping in Muleshoe Saturday afternoon.

Vern Lust has been trucking from Hereford and Elkins this week.

Mrs. Will Wyer returned Wednesday evening from Fort Sumner, N. Mex. where she has been attending Mrs. Emerson Wyer, who has had a serious attack of tonsillitis. It was thought Mrs. Emerson Wyer had blood poisoning but she is much better at present.

Roy Haberer has made two business trips to Hereford this week.

Herman Haberer has installed a radio in his new home.

An immense prairie fire started Friday and burned a lot of grass. The fire started at the Dempster farm and burned to Big Square. It was checked at the West fence of the Henry Bloodsue ranch. The big bunch of men and their work is all that saved the Bloodsue home.

Will Wyer made a business trip to Hereford Thursday.

**FRIO-EASTER ITEMS**

Mr. and Mrs. T. L. Sparkman and family left Friday to visit relatives in Plainview and Kress. They returned Saturday evening and reported an enjoyable time.

One of the most enjoyable parties of the season was held at the home of W. J. Sullivan Friday evening. The party began at seven o'clock and the

laughter of the happy boys and girls lasted until almost twelve.

Oll Jennings and family of Muleshoe were visitors in the home of E. R. Hunter Saturday evening. They attended the Singing convention at Easter Sunday.

Mrs. Percy Estes has been very sick the past few days but is improving.

The prairie fires are becoming all most every day occurrences in the Frio-Easter community. The last one, which was Sunday, burned off about eight hundred acres for E. M. Allen.

Ellick Lowery of Kansas, who used to live in the Easter community, has been back in this community buying cattle. Owen Stagner visited his uncle, Walter Easter Saturday night.

M. L. Simpson and family and F. Nunn were supper guests in the home of K. R. Hunter Sunday evening.

Mrs. E. M. Allen and children of Canyon returned home Saturday to visit her daughter, Mrs. Sam Hunter, and to attend the Singing convention.

Mrs. Bailey of Washburn, Texas, is visiting her parents, Mr. and Mrs. Sulinger.

Greer Estes has made the highest honors in spelling of any one in the Frio school the past month.

The Frio-Easter people are looking forward to the First of April, the day of the big rabbit drive, with greatest interest. They think it will be the beginning of the rabbits finish, as well as great sport.

"Before I'd paint up and smirk at the good looking men in our office, I'd rather stay home forever," says the old fashioned flapper. Now read the heading again.

**The butter-fat you leave in the skim-milk won't buy the baby any shoes**

The loss of only 25 cents' worth of butter-fat a day costs you \$91.25 a year—enough to keep the whole family well shod, and then some. Thousands of farmers have stopped the waste of much more butter-fat than that by replacing their cream-wasting separators with new, clean-skimming De Laval.

Never in the history of centrifugal cream separators has there been a machine to equal the new De Laval—for clean skimming, easy turning or durability. It has the wonderful new self-centering bowl which runs smoother and easier, and eliminates vibration. It will give you a richer and in every way better cream than you have ever gotten before.

Trade in your old separator. No matter what its make or condition we will accept it as part payment for a new De Laval. Bring it in and we will arrange a "swap" so that your new separator will actually pay for itself while you are using it.

**Lost Money!**

People who are careless of their health, of their property, of details of their business, are often extremely careful of their cash and their only understanding of the necessity of insurance is through its protection of the actual dollars and cents they may possess. Therefore, regard it in this light—

Lost property, lost health, lost opportunity is after all—lost money.

Property, the state of one's health and the hazards of business may all be protected by appropriate forms of insurance. We are prepared to offer you any class of protection you may need. Consult with us.

## Cheer Up! The Rain is Coming

I tell you, that you and I and the commonest person are all journeying the same way, hemmed in by the same narrow path leading to the Eternal years.

We pride ourselves over our particular superiority; but really there is little difference between us, and in the journey over the thousand hills and valleys called life, he is the wisest who is patient when the way is hard, has faith when he does not understand and carries into the dark places the light of a Cheerful Heart.
