TEXAS UTILITIES CO. SUCCEEDS LIGHT & POWER CO., CITY REFUSES FRANCHISE

Notwithstanding the fact that the City Commission of Hereford declined to grant the franchise asked for, the Texas Utilities Company last week closed their trade with the Hereford Light & Power Co. and took over the properties and business of the old concern. F. H. Oberthier, Sr., and son, it is understood will remain in charge of the plant as representatives of the new company, at least for the present.

Work is being pushed on the construction of the new brick office structure and ice plant. Foundation work is finished, steel has arrived, and brick laying begins this week. Wednesday C. S. Billings, chief engineer of the Texas Utilities, of St. Louis, inspected the plant, accompanied by J. B. Scott, Texas Manager for the company.

The City Commission, after thoroughly investigating the matter of a new franchise for the company, decided to stick to the old franchise with the Hereford Light & Power Co., which has twelve years yet to run. Mayor E. S. Ireland Thursday issued the following official statement to the people concerning the entire proposition:

"To the People of Hereford:

"I have been asked to make some statement through the Brand relative to the attitude of the City Commission towards granting a new franchise to the Texas Utilities Company, who have recently acquired the light and power plant of the Hereford Light & Power Co.

The Texas Utilities Company asked the City of Hereford for a franchise

Glee Club Will Broadcast Radio Concert Tuesday

Arrangements have been made by Miss Mattie Swisher, supervisor of music in the Hereford schools, who is now engaged in revival work at Dalhart, to take the Hereford High Glee Club to Amarillo during the Music Festival next week and present a program by radio Tuesday night, April 14, at 9:00 o'clock over station WDAF. Miss Swisher has suggested that the Hereford Orchestra also accompany the Glee Club and participate in this program, but this is doubtful owing to the short time given the orchestra for rehearsal and preparation.

The Hereford Glee Club is a splendid organization and will reflect great credit upon the city at this concert. Miss Swisher gives the following details:

"Perhaps you will be interested to know and have to publish in the Brand that the Hereford High School Girl's Glee Club—Sixteen of them that go to Amarillo to Festival Contest will broadcast from Amarillo W D A G on Tuesday night, April 14 at 9 o'clock.

"Since promising them the Glee Club they have asked me for some more music, I have offered to give a group of songs myself and promised to get some more Hereford talent for them if I can.

"For the information of those wishing to write their friends and relatives who want to hear the program. It may be said that W D A G uses a wavelength of 263 meters. They may compare their dial settings with other stations whose dial location is already known and whose wave length is between 258 and 275 meters. The time used for broadcasting is Central Standard Time."

CLAUDE RICKETTS NOW WITH AMARILLO FIRST NATIONAL BANK
Claude Ricketts, assistant cashier of the First National Bank of Hereford for several years, has accepted a position with the First National Bank of Amarillo and left with Mrs. Ricketts for his new location the first of the present week. Mr. Ricketts' home here will be occupied by his father-in-law, W. E. Neal.

Mr. and Mrs. Ricketts have lived in Hereford for many years, and they will be missed by a large circle of friends. No successor to Mr. Ricketts will be appointed at the First National Bank for the present, it is understood.

Music Festival At Amarillo is Billed Next Week

The Panhandle Music Festival will be staged in Amarillo, April 13 to 18 this year. This will be the ninth annual festival given in Amarillo under the direction of Emil F. Myers of the Amarillo College of Music.

An advertisement carried in this issue of The Brand carries the details of the festival and pictures of the world renowned artists who are to appear.

The advertisement carried in this issue does not show the Giffin orchestra, which will appear on Monday, April 13, for Children's Matinee and for the first season ticket program for that night.

The festival includes the great names of Florence Macbeth for eleven years a leading singer in the Chicago Opera Co.; Majica (J has the sound of B) a sensational young tenor of the same Co.; Oscar Seagle, famous baritone; May Peterson, lyric soprano of the Metropolitan Opera Co.; Albert Spanning, America's greatest violinist and Rudolph Reuter a brilliant pianist of Chicago. With these artists the festival holds up the high standard of previous years and the interest will no doubt be greater than that shown at any former event.

Numbers of Hereford people attend this great festival each year and many of our folks have already made their plans to be there this year for the entire week.

Many of our students of music enter the music contest staged on the forenoon of the festival days in Amarillo. The winners of these contests will present the festival program on the afternoon of Mojica day, which is Friday the 17th of April.

School Fair on Saturday to Show Pupils Progress

The annual School Fair for the various rural and city schools of Deaf Smith county will be held in the basement of the courthouse next Saturday, April 11. Exhibits of school work will be erected Friday and opened for inspection Saturday. A parade down Main street will be staged at 11:30 o'clock Saturday morning, after which dinner will be served. In the afternoon a special program of talks and other features will be given.

The merchants of the city will be requested to put out their flags all day Saturday in order to properly dress for the occasion, and every resident of this community is urged to visit the exhibits and participate in the program.

MAY FIRST DESIGNATED AMERICAN RED CROSS HEALTH DAY

May the first has been designated by the American Red Cross as health day. The local chapter of Deaf Smith county under the direction of Miss Erickson the nutrition worker, is preparing to appropriately observe the day. In cooperation with the public schools a program is being arranged. The public schools will be dismissed in the afternoon so that the pupils can take part in a program and parade to be arranged.

The purpose of this day is to emphasize anew the importance of better health as an asset of life, and to stimulate the interest of all citizens in better health habits.

Miss Erickson is very desirous that all citizens of the town and county cooperate in making the day an event of more than ordinary significance.

Clean Up and Paint Up

Local residents are responding in gratifying fashion this week to the Mayor's proclamation for the annual Clean Up Week and the folks are busy all over town raking and burning and sacking up non-combustible materials to be hauled away by the city's wagons. The Week will end Saturday, but the work will continue on until September under the impetus given by the offer made by the

Hereford Boys in Good Showing in Canyon Contest

Last week the boys of the vocational agricultural classes of the Hereford High school engaged in a try-out contest to determine which of them were the best judges of livestock. The winners in this contest were Edgard, Ireland, Gordon Moore, John Wherry, Albus Higgins and A. J. Roberson.

These boys and their coach, C. W. Humble, motored to Canyon Sunday morning where they entered a judging contest against eleven other teams on Monday. The classes of livestock judged were: Hereford cows, young Hereford bulls, Jersey cows, Holstein cows, Duroc hogs, Poland China hogs (fat), draft horses, mules and breeding sheep. The Hereford team won fourth place, which Mr. Humble says, was a better showing than he expected them to make, considering that this was their first year to have studied agriculture and that their opponents were from schools which have had the agricultural work for several years.

Contest Results
First place, Lubbock, 1864 points; Second, Canyon, 1846; Third, Dalhart, 1785; Fourth, Hereford, 1771; Fifth, Olton, 1743; Other teams below 1700 points.

Hereford Boys Individual Scores
Team members—Edgard Ireland, 594 points; Gordon Moore, 588; John Wherry, 587.
Alternates—Albus Higgins, 594; A. L. Roberson, 512.

Note: The judges failed to put Reason Grade on one of A. L. Roberson's cards, which accounts for a rather low score. George Murphy was Hereford's sixth highest man in the local try-out last week, so he was privileged to accompany the team to Canyon as an extra.

The team made such a creditable showing at the Canyon contest that Mr. Humble is seriously considering taking them to the State Stock Judging contest which will be held at the A & M college on the twentieth of this month. If these boys ask you for a small donation to defray their expenses to the A & M don't refuse them as this trip would be of great value to them in an educational way. Let this team boost Hereford by their presence at a state wide contest.

Base Ball
The high school base ball team went to Dimmitt last Friday, where they were to have played the Nazareth team, but said Nazareth team failed to keep their appointment, due possibly to the coolness of the weather. A scrub team, consisting of Dimmitt HI and town teams, was organized to warm up the local boys. The Whitefaces were victorious to the tune of 15 to 5.

Line up: Ray Cowert c, Ira Foster p, J. M. Posey lb, Artis Russell 2b, Jess Russell 3b, Bernard Roberson ss, Price Barrett lf, Robert Anthony cf, J. V. Gilbreath rf; Subs: Elmer Sharp p, Homer Thompson c.

MISS MARY BROADWELL GAVE RECITAL TO FRIENDS SAT.

A most enjoyable recital was given by little Miss Mary Broadwell, twelve year old daughter of Mr. and Mrs. H. L. Broadwell, on last Saturday afternoon at 4:00 o'clock, at the Broadwell home.

Many friends and admirers greeted the young musician, and were fond in their praises of the beautifully rendered program. Other pupils of Mrs. G. A. E. Parker who assisted were: Nannie Joe Haynes, Sylvia Rockwell, Estelle Gilliland, Virginia Barnett, Ardelle Foster, Lueta Borden, Mary Luellen Parker, Ruth Houston, Maurine Sprindley and Erle Marie Foster.

Three Trustees Are Relected in School Election

Messrs. E. S. Ireland, H. G. Conkright and Jeff Gilbreath were relected members of the board of trustees for the Hereford Independent School District at an election held last Saturday. The vote was light but practically unanimous for these three gentlemen, only one other candidate received a ballot.

This action of the voters insures a harmonious board for the ensuing term, as the present members of the school board have worked together nicely for a long time and have a working understanding of each other's views and separate duties on the board.

CHAUTAQUA PROMISES SOMETHING NEW FOR HEREFORD

Something new is promised in the way of summer entertainment for this city in the news that Charles F. Hornor, the manager of the Premier Chautauqua Circuit, will present George M. Cohan's greatest musical comedy success, "Forty-Five Minutes From Broadway."

This is the comedy with music that insured George Cohan's fame. When it was presented in New York and Chicago, it was a huge success. The principals are players of high standing. The chorus of young men and women is said to be very superior to the usual singing chorus of musical comedy.

This Circuit includes the only Chautauqua at which this play will be presented this year.

A large Company is included in the cast.

C. S. PURCELL BUYS AND MOVES INTO W. S. HIGGINS RESIDENCE

The home place of W. S. Higgins, who died recently, has been purchased by ex-sheriff C. S. Purcell, who moved his family and effects into the new home this week. This is one of the best built and best improved properties in town and is very desirably located. Mr. Purcell is tearing down the old Purcell livery barn near the freight depot and is sorting up the immense amount of lumber in this old landmark. Mr. Purcell states that he has some improvement plans in his mind for which he will use this lumber.

PRUNE AND CULL YOUR TREES. NOW, PLANT NEW ONES ALSO

"Now is the time to prune your trees," says L. P. Landrum. "And to dig out all dead trees and burn them, dig the roots out well and sprinkle the holes with lime and sulphur, which is good to destroy the insects, and is also a good fertilizer for the young trees, which should be planted at once."

SHERIFF PAYS FINE FOR DRIVING CAR ACROSS HOSE LINE

Even a sheriff must watch his step around that Hereford Fire Department hose during a fire. Sheriff Claude Benton found that out to his sorrow Wednesday morning when he paid a fine at the city office for driving his car across a hose line during a blaze at the Will Carroll home. The sheriff is a good sport, though, and paid cheerfully and smilingly. "I did not know about that ordinance," he said, "and I am certainly guilty. The law must be enforced at all times, and I am glad to pay that fine."

The fire originated from a defective fuse, and beyond a hole in the roof small damage resulted.

THOMAS ELMORE LUCEY TO APPEAR AT METHODIST CHURCH

Thomas Elmore Lucey, poet, humorist, actor, entertainer and world traveler will appear at the Methodist church at 8:00 o'clock next Tuesday night, April 14, in an engagement handled by the Epworth League. Mr. Lucey has the record of having appeared some 5,000 times before audiences in half the nations of the earth, and is said to be a rare humorist and impersonator. He was here once before several years ago, and his program at that time is vividly and gratefully remembered.

Hereford's new \$125,000 High school building will be built on the site of the present R. N. Mounts home, it was decided by the school board Monday night, after a series of conferences with a special committee of seven appointed by the Chamber of Commerce. The decision was in the nature of a compromise but is proving to be a decidedly popular one. The deal includes all improvements on the place. The property is situated four and one half blocks east of Main street, is a fourth of a mile nearer the business district than the present site, has a 240 foot frontage and is 1043 feet deep. It is shaded in places by fine trees and lies in the path of the town's growth. The Mounts home will be vacated and moved as soon as possible and work on the new building will be begun as soon as the attorney general approves the bond issue, which it is presumed he will do without question. The bonds have been sold in advance and Architect Rittenberry of Amarillo has the plans all ready.

It is understood that Mrs. Mounts desires a smaller home that will not be so burdensome to keep up and will eventually build here. The outcome of the negotiations seems to be very pleasing to practically all the people of the district, and the happy outcome is a source of congratulation all around.

Burglars Enter Layne Home and Steal Valuables

A burglary is a rare thing in Hereford, but one occurred last Saturday night that is puzzling local officers. The home of Mr. and Mrs. Hugh Layne, on 25-Mile Avenue, was entered while the family was at church and several pieces of jewelry stolen. So far no clue has been found.

The doors to the home were not locked, but it was a bright moonlight night and the thief or thieves entered through a window on the shady side. Every trunk and drawer in the house was thoroughly ransacked and their contents piled out on the floor. A jewel box was found and among other things the marauder took Mrs. Layne's wedding ring, her watch which she received at her graduation, and another ring and a second watch. A little money and some notes in a desk were overlooked.

WICHITA BOOSTERS TO BE HERE FRIDAY, APRIL 24TH

The annual trade excursion of the Wichita, Kansas, Chamber of Commerce will include Hereford in its itinerary this year, the boosters spending an hour here Tuesday, April 28. This information is contained in an official letter received by the Hereford Chamber of Commerce. The Wichita delegation, including jobbers, manufacturers, bankers, live stock commission men, newspaper representatives and others to the number of eighty or more will be headed by Wichita's famous American Legion Band. They want to meet the Hereford Business men in their stores and many souvenirs of the visit will be distributed. The schedule shows that the special train will arrive here at 3:22 p. m. and remain one hour. The Hereford Chamber of Commerce will arrange next Monday for a proper reception to the visitors.

A. Foster defeated John Cummins; Doug Fox defeated Seed; Sank Ramey beat Canning and Leonard Foster won out over Driggs Pitman. JOEL

Prof. Humble had his class in Agriculture out in the country Saturday judging stock. In the forenoon they were at the C. P. Galley farm judging draft horses, brood sows and holstein cows. In the afternoon they judged mules, fat hogs and jersey cows at David Thompson's farm.

Mr. O. G. Turner and Mr. Joe Everling of Friona were business callers at C. P. Galley's Monday morning on their way to Amarillo.

Mrs. W. T. Smith had a birthday dinner Sunday and all the children and grand children from Hereford were present. Also her father Mr. Womble.

PROGRESSIVE

Our Literary Society met Friday night and rendered a short but rather interesting program. The house voted to a large majority for Miss Sena Mae Mounts to bring her play to Progressive next Friday night. We understand they have been to Summerfield and other places and they say we must see it, as it is worth while.

Some folks from this community are going to the intertainment at Dawn Thursday night. Mr. Lloyd Roberson we understand is teaching a singing school in that community and that is their closing night. Let's hear them!

The Thompson family motored to Friona Sunday and spent the day.

Mr. LeRoy Hodges and one of his college friends from Clarendon spent this week end with home folks. We were glad to see Le Roy at Progressive again.

There were some from this community who attended the play "Radio" at West Waw Saturday night, and enjoyed it.

The singers were on hand at singing Sunday night, where most of the time was spent, learning new songs. Visitors were there. Come again!

BIG SQUARE

Tom Phillips, an uncle of Messrs. Wirt and Charlie Phillips, arrived last Wednesday for a visit in the Phillips home.

Mrs. George Neilson of Idaho Falls, Idaho, is visiting her brothers, Roy and Art Haberer. Mrs. Neilson came out Wednesday and returned to Hereford Monday.

Mr. and Mrs. Emerson Wyr and small son visited Mr. Wyr's parents in Big Square and other relatives in Lubbock this past week. Mr. and Mrs. Wyr have been living near Fort Sumner but are moving to a ranch near Colorado Springs. They expect to make the trip overland and will start about Thursday of this week. We regret very much to lose them. While they have not lived in Big Square lately they came often to visit.

Wednesday evening Mrs. Ray Haberer entertained with a little informal

affair for her husband. The occasion being Mr. Haberer's birthday. Refreshments consisting of sandwiches, cocoa and cake were served. Those present were Mr. and Mrs. Herman Haberer and baby, Mr. and Mrs. Art Haberer and children and Mrs. George Neilson of Idaho Falls, Idaho.

Billie Ross Phillips spent the week end with his parents, returning to Hereford Sunday afternoon.

Mr. and Mrs. J. B. Phillips of Hereford spent Saturday and Sunday in the home of their daughter, Mrs. Ham Lambert. Mr. Phillips celebrated his birthday while visiting at the ranch. The reporter refrains from mentioning just which birthday was celebrated for various reasons.

The Epworth League met Sunday night and the report is there was a full house, more than could be seated. This is the first League meeting for some time and announcement has been made that next Sunday night the League will be reorganized.

Mr. and Mrs. Roy Haberer and children went to Hereford Monday and returned by way of Dimmitt, where Mr. Haberer attended the rabbit drive committee meeting.

Big Square has been visited twice this week by men from Frio getting

a petition signed so we can have a rural mail route from Frio. This seems to be a sure thing. The route will cover fifty miles, running from Frio through Big Square and back.

PROTECTION OF APPLE TREES AGAINST CODLING MOTH

According to reports severe damage has been caused here each year by the infestation of codling moth which effects apple trees and causes the fruit to drop from the trees about the time of maturity. The worm which is in the apple and which causes it to drop is a caterpillar of the codling moth.

Control measures which effect and destroy the codling moth consists in spraying with arsenate of lead. This arsenate of lead is thoroughly mixed at the rate of two pounds to fifty gallons of water, dissolved arsenate of lead in a small quantity of water and then strain into the remainder of water. It is also necessary to keep it well agitated during the spraying operation in order to keep the poison in solution. The most important time in which to apply this poison spray is just after the blossoms fall while the calyx cup is still open. The spray should be so directed that the poison will lodge in the blossom end of the unopened apples. A second spraying is necessary, about three weeks later, when the worms are hatching. This will control the second brood, or augment the value of the first application.

A spraying demonstration will be given within the community in about two weeks. Further information in regard to the spraying demonstration will be given through the paper.

MISSIONARY TELLS DINERS ABOUT SNAKES IN BRAZIL

Rev. E. A. Ingram, Baptist missionary from Brazil, who is here conducting a revival, held the spotlight at the weekly luncheon Monday with some fearful and wonderful snake stories of South America. The Rev. Ingram is full of fun and good stories and greatly amused his audience. He expressed his pleasure at his associations here and complimented the city on its progressiveness. He suggested that the city council adopt the method of stopping cars as they prepare to enter main street. This will prevent accidents, the speaker believed. He also suggested that in the location of the new high school building if every person interested will lay aside all personal considerations and look at it solely from the standpoint of the good of the town as a whole then the entire community will be served, and not some group of individuals.

Judge C. F. Kerr of Dimmitt smilingly explained the inner secrets of the

REV. INGRAM'S WAY IS DIFFERENT—MEETING IN PROGRESS

The Revival Meeting, being conducted at the Baptist Church, is gathering attendance and interest each service. The services of last Sunday were interesting throughout, and great attendance was characteristic of all services of the day. In the afternoon Missionary Ingram and Rev. Hill conducted an interesting service at Ward's Schoolhouse, which is twelve miles northwest of town.

Rev. Ingram's way is different from any seen here heretofore. He tells many things about the country of Brazil, its customs, people and animals, and makes very effective religious applications to his hearers. The children of the town are greatly interested and are present in considerable number at each service. Nearly every night a group of them sings in Portuguese to the delight of all. The preacher has taught them to sing certain songs in that language.

Much good is being accomplished. People of all churches and none are attending in increasing numbers. Valuable information is being gathered up by those fortunate enough to attend. The saved are being greatly edified, and many unconverted people are interested. The evangelist is emphasizing, in a very effective way, the point of reverence for religious things. Each evening those who are gathering are requested to come in and refrain from conversation, and remain quiet and meditative until the service begins.

Missionary Ingram is a very interesting preacher. He brings into his sermons, in addition to his extensive training at Baylor, Yale University, and the greatest Theological Seminary in America, six years of experience as an observer and student of international affairs in one of the most rapidly developing countries of the world—Brazil. But his chief interest is in the religious welfare of all people. He is to sail for his field shortly after the Baptist Convention at Memphis in May. Our community is being furnished a rare privilege in having such a man among us for a meeting.

Services each day, except Sunday, at three o'clock. Sunday services will be at eleven and eight. Citizens of the surrounding country are extended a cordial invitation to these meetings.

Recent rabbit drive in Castro County and took a lot of good natured chaffing like a good sportsman. He declared that two rabbits were actually penned and that the entire cost was only \$650. He calmly maintained that the rabbit drive was planned for "April Fool's Day" and that all Hereford was on hand!

W. S. Williams made a short talk about support for First Monday Sales Day. Uncle John Estes and E. W. Harrison told some stories, and although John Mosely was introduced by Dr. Overton as "a friend of Senator Capper's of Kansas," Mr. Mosely declared

ed he had left his notes at home and could not speak.

The luncheon was held at the Hereford Hotel, with thirty eight present. Next Monday the meeting will be at the City Cafe.

Committees of Dimmitt business men have been busy all this week in an effort to raise \$25,000 still needed for a bonus which has been asked of the county to secure a railroad which will run from Plainview, by way of Hart, Castro county, to Dimmitt.

DIMMITT EXCITED OVER RAILROAD PROSPECTS; GIVE BONUS

A committee of a dozen men representing the chamber of commerce of Plainview came to Dimmitt last Monday and submitted the proposition, which they stated came from the Santa Fe railroad. They stated if Dimmitt will secure for the Santa Fe railroad a right-of-way through Castro county, and raise a bonus of \$50,000, the Santa Fe will at once begin a survey of the proposed line from Plainview to Dimmitt, and make application for a permit to build the road. Interest is at a fever pitch in Castro county, and intensive activity is noticeable in real estate circles.

Not since he began making feature length comedies, has Harold Lloyd failed to put a motivating thought behind each of his pictures. There is a good thought behind "Hot Water," his newest bid for recognition as the world's greatest entertainer, even though it is entirely a laugh picture, and was meant to be such.

"There is no home big enough for more than one family," is the thought conveyed by "Hot Water," at the Star Theatre Friday and Saturday, April 10 and 11. The new Lloyd relates the troubles of a young married couple after the wife's mother and her two brothers walk in on them and take possession.

session of their little home.

Most mothers-in-law are sweet and kind, it is true, but down through the ages, one might say, they have been the butt of more good-natured humor than any other type of individuals. And, in "Hot Water," Lloyd makes good use of the theme to wring a series of laughs from his audiences that are said to be as long and as loud as ever have been found in a Lloyd picture.

Another "Bull" Durham advertisement by Will Rogers, Zigfield Folles and screen star, and leading American humorist. More coming. Watch for them.

EVERYWHERE you go every body is figuring out a Cross Word Puzzle. Nobody is working or even exercising. America will lose the next War but win the next Puzzle Contest. It's the greatest craze that hit this country since Prohibition. People say to me, "Why Will, you don't understand, it is an Education, it learns you more ways to say one word." If you know one way to say a word, what do you need to know any more for? Nobody is going to give you anything for nothing, I don't care how many ways you ask for it. Our nation has never been short on words. We might lack ideas sometime but never words. This puzzle has done one thing, it has learned us which is Horizontal and which is Vertical. But a Cross Word Puzzle is not new. Railroad Time Tables have been out for years. Smoke "Bull" Durham while working one, that is, if you want to, if you don't, why smoke wherever you want to.

suit numbered on the docket of said Court No. 1506, wherein Lahroy C. White and G. T. Vineyard, are plaintiffs, and O. B. Jackson, H. M. Jackson, Pearl Jackson, E. F. Connell, John Brownlee, C. V. Thackara, Penn-Tex Oil & Gas Company, a corporation, Charles V. Thackara, George W. Brown, Jr., Maurice W. Masland, Howard Cooper Johnson, T. Walter Gilkyson, Arthur H. Squier, Daniel C. Donoghue, W. Said petition alleging in substance that plaintiffs are the owners of the fee simple title and are in possession of the following described land and premises, located in Deaf Smith County, Texas, to-wit:

First tract: All of Section No. 96, in Block K-6, Certificate No. 53, issued to G. B. & C. N. G. Ry. Co.; Second Tract: All of Section No. 75, in Block K-6, Certificate No. 58, issued to G. B. & C. N. G. Ry. Co.; Third Tract: All of the N $\frac{1}{2}$ of Section No. 54, Block K-6, Certificate No. 47, issued to G. B. & C. N. G. Ry. Co.; aggregating 1600 acres of land; that

Plaintiffs acquired title from the State of Texas by a regular chain of mesne conveyances duly of record in the County Clerk's office of Deaf Smith County, and further specifically designating each and every conveyance under by and through which they are vested with title, referring to the Volume and page of the Deed Records

The petition further alleges that each and all of the defendants are asserting some interest in the land inferior to that of plaintiffs, the exact nature of which is unknown; and further pleads certain instruments, oil and gas leases, deeds of conveyance, judgments and abstracts of judgments of record in Deaf Smith County, wherein different defendants appear to be interested in said land, and that each and all of said instruments cast a cloud upon plaintiffs' title, and pray that said clouds be in all respects

removed, and that plaintiffs' title be quieted, and for general relief.

Herein Fall Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

HAROLD LLOYD

in Hot Water

HOOKED — AT LAST!

Good heavens! How had it all happened? Here he was holding in his arms the most exquisite creature his eyes had ever beheld—all pink and white and alluring! Holding her for only a brief, fleeting moment! And then like a bolt of lightning came the devastating realization that he, the cynical, bragging, scoffing, unconquerable bachelor had at last been conquered!

His heart told him he was in heaven! His head told him to drop her and run, run! But did he? He did not! HE COULD NOT!

And then things began to happen!

You know Harold Lloyd. You know what he can do with comedy. Don't ask us to tell you. We haven't the heart. And we couldn't find words to do it if we wanted to! Go and see for yourself!

Sallie's Temptations

(Copyright 1924—By Gladys Baker)

SALLIE LEARNS A SUBTLE FOE IS BUSY

"Give me that rose," there was simple entreaty in his voice. I had forgotten that I had worn me until he reminded me by touching the single red petals of the half-opened and I had pinned on my coat collar as I had left the house. Again I nodded my consent, not daring to trust my voice. He unfastened the flower, stood for a moment with it in his hand, then turning walked slowly into the night.

I had reached my room unobserved and later heard Ellie's callers depart. There's something about the blue time of the night—that mystic hour in Florida when daytime is donning her mantle of purple chiffon—that induces confidences from lonely hearts. I was glad when Ellie opened the door and bounded into sight.

"Well I brought home the celluloid poker," she exclaimed, curling comfortably on the chaise lounge at the foot of the bed. "Yep just about as useful," she hurried on. "If another boss gives me a perfume bottle, I'll have to open a drugstore to accommodate them all—wait a minute—now what's in the air—Why the storm signals, my erstwhile sport?"

"Oh, Ellie, I'm so miserable, I could just die," and then I told her all.

Ellie was loyal and I knew my secrets would stay locked in her heart. When I came to the end of my story, she exclaimed,

"There's been dirty work at the crossroads. WHO Told Curtis about the untimely bath, to say nothing of the one debt you paid the Schuyler lad from New York?"

I sat bold upright. That was a base of the situation I hadn't figured out. In fact I had been so upset over the conversation with Curtiss, but the details had seemed of no value in summing up our talk.

"Ellie," I shouted out, "I have it! Wait—you came Sunday afternoon. The party was on Saturday night. You told me you had passed Curtiss with a girl. Describe that girl!"

"Churchez la femme?" she asked in one of her few French phrases, "In

this case, it is not necessary."

"Why what do you mean, Ellie, do be serious," I was almost hysterical now.

Immediately she became more serious when she saw there was no use trying to make light of the event.

"It's just this the same fly-white character played Bridge at my table the whole afternoon and disapproved thoroughly of your little guest's informal and gala air."

"Ellie," I begged, "Please—"

They called her—Annie."

"I knew it, I knew it, I knew it," I cried, "she's done it all!"

"You don't mean to say she spilled the article that gave Boston such fame?" Ellie was indignant and fell back into her usual expressive slang.

"That isn't being done in these here parts."

Marjorie had said that Annie would go to any lengths to win Curtiss Wright. She had proved it now without a doubt.

"Well what are you going to do about it?" Ellie asked. Take my advice and if your proud and haughty architect prefers that type, lay off."

"Oh, but Ellie you don't understand," I tried to explain, "she isn't bold about it. She's so darn subtle that she can put a thing like that over Curtiss Wright without him suspecting that she meant to be the least bit unkind. I know Anne."

"Well I can't say she added any sparks to my afternoon," Ellie replied. "Tell you what, Sallie, I'm shoving off soon for that gay and reckless port known as Miami. What about joining me on my lark?"

"I'm not invited, Ellie, you're going to visit the Divines. I only know Mrs. Divine slightly and Muriel would n't think of having me down."

"Don't get crows' feet over that," Ellie said, "The Divines haven't had yachts and Italian villas so long that they aren't glad to whoop up acquaintances with those who've been in that sort of business for some length of time. In other words, Sallie, I'm going because one has a marvelous time at the Divines and not because I think the Mrs. Divine ever held a charter membership in the Colonial Dames."

I couldn't help but laugh.

"You want to do a jany get-a-way and show the whole town you aren't pinning your head off while Sir Curtiss yams and dips the original cat."

"Yes, Ellie, you're right, I couldn't stand that. You see no one ever bothered much about Anne before and now I just couldn't bear the humiliation of her grabbing off Curtiss Wright."

"Then you will go?" she said excitedly.

"Of course I will go," and I jumped out of bed and hugged her tight.

LISTEN!

Good will is the prized asset of every successful business. It is not a tangible something that can be hurriedly obtained. So far, only one way has been discovered through which it can be gotten, and that is by hard work and conscientious efforts, not for one day, or for one week, but for many years. We feel a pardonable pride in what we think is a favorable reputation among the people of this community.

What Is Thrift?

The true definition of Thrift is to spend a little less than you earn; to live simple, work diligently, spend judiciously; save consistently.

Thrift is merely common-sense applied to spending. It deprives no one of rightful pleasure or comfort, but is rather the answer to all things worth while.

HOW TO SOLVE A CROSS-WORD PUZZLE

The first letter of each word is indicated by a number in the blank white spaces, and by referring to the list of words given below, you will find the definition. For instance, number one horizontal gives the definition of a word which will fill in all the white spaces to the first black space to the right. Number one vertical gives the definition for a word which will fill all the white spaces to the first black space below. The black spaces indicate the end of a word, and no letter is placed in them. When completed, the puzzle must read both horizontally and vertically or across and down.

This Week's Cross Word Puzzle

by Earl L. Wright

"Hello!" This cross-word puzzle hails from Newport, Oregon. It is dedicated to Miss Lola Millen, Long Beach, California. The arranger, Mr. Earl L. Wright, claims that it beats anything and everything except a carpet. We don't know whether it would beat everything but a carpet, but we do know that it is a mighty good puzzle. It's easy, interesting, and has a nice design. If you can't work it out in 45 minutes you're not so good, because the longest word in the puzzle has only six letters.

HORIZONTAL

1. Bleak.
4. A conjunction.
7. Manner of walking.
11. Nickname of Martyred Pres.
12. A noisy quarrel or brawl.
13. Destructive Tree Beetle.
14. Principal part of a tree or shrub.
15. A contraction for ever.
16. To secrete.
17. A sailor.
18. Not outside of.
19. Southern state (abbr.)
21. A white malleable metallic element.
22. Country belonging to England (abbr.)
23. One who races.
25. Northern State (abbr.)
26. Back of the neck.
29. Used for covering roofs of buildings.
32. Egyptian Sun God.
33. To procure.
34. Objective case of I.
35. River in Siberia.
37. A gem.
39. Child's title for mother.
40. The flower buds of a low shrub of Mediterranean countries used as a condiment.
43. Impersonal Pronoun.

VERTICAL

1. One of the social classes into which society is divided in Hindustan.
2. To procure.
3. To look obliquely.
4. Any place of public contest.
5. Constructor of Ark, (Greek form.)
6. A piece of mournful music.
8. An approach into a mine.
9. An irritant poison.
10. To have a particular direction.
18. Keep resentment.
20. Skill.
24. Move along as a reptile.
27. Present tense of the verb to be.
28. A wide shallow vessel.
30. A mischievous child.

6. They give us energy and strength. Leafy vegetables are best—eat of these at least three times a week: Spinach, Swiss Chard, Kale, Brussels sprouts, Dandelions, Beet greens, Turnip greens, Cauliflower leaves, Lettuce, Romaine, Endive, Watercress, Cabbage. The last five are best if eaten raw, except for very young children. To cook leafy vegetables—pick over leaves and wash thoroughly in luke warm water to remove sand. The best way to cook them is to steam them. If you have no steamer, cook in very little water in a tightly covered pan just long enough to make tender. Cook spinach about 15 minutes. Chop fine, season with salt and pepper and butter. Greens are more attractive if served with slices of lemon, or garnished with slices of hard boiled egg.

JUMBO

Weather fair and plenty of wind. The School Trustee election turned out in favor of J. J. Wilson, Horace Baird, M. H. Power, and M. L. Simpson. There will be another Trustee appointed as one is moving away. Little Earl Layman, son of Mr. and Mrs. M. G. Layman, died April 4, at 10 p. m., of infantile paralis, was buried in Canyon at 3:30, Sunday afternoon. He was born in Ardmore, Okla., April 16, 1919. The bereaved parents have many friends who are in sympathy with them. Rev. Congran of Dimmitt preached his funeral. L. E. Beck and W. E. Lindsey were in Amarillo Friday on business. The school is progressing nicely. It looks like there will be around 80 in school next term. Mr. Hunter says "We have a change in the moon once a week," but he does not know how much good it will do. The base-ball game between Frio and Jumbo was a big success in favor of Jumbo on the afternoon of April 3, but the boys got cleaned by the Dimmitt team Sunday. No Sunday School Sunday on account of the funeral services of Mrs. Layman. The Jumbo store is moving along nicely. We are in hopes that some company will drill a gas well near Jumbo. We have plenty of gas but it is not the right quality. Mr. Harman and family were visiting their daughter, Mrs. Earl Brooks last week. Mr. Harman came from Hollis, Oklahoma.

ANSWER—LAST WEEK'S PUZZLE

EAT GREENS TO REACH THE PINK OF CONDITION

By Miss Esther V. Erickson, Red Cross Nutrition Worker. The first rule for a good diet is—use a quart of milk a day for every child 14 and under, a pint for adults. The second is about as important—every day eat at least one vegetable other than potatoes, and two is the best rule. Six reasons for eating vegetables— 1. They are one of Nature's best tonics. 2. They give us iron—to build good blood. 3. They give us lime—to build strong teeth and bones. 4. They give us bulk—to prevent constipation. 5. They give us vitamins—to keep us in good general health.

each for the principal sum of \$800.00, payable to Commerce Farm Credit Company, or bearer, and at the same time executed their second deed of trust on all of the lands hereinbefore described better to secure the payment of said notes; that defendant Commerce Farm Credit Company now owns two of the aforesaid \$800.00 notes maturing March 1st, 1924 and 1925, respectively, with all accrued and accruing interest thereon, which is secured by a deed of trust second only to the lien of plaintiff, and that defendant North Texas Trust Company now owns these interest coupon notes, two for the principal sum each of \$2400.00 and the principal sum of \$1950.00 owing on the third of said series, which matured March 1st, 1920, 1921 and 1922, respectively, with all accruing interest thereon, and three notes each in the principal sum of \$800.00 maturing at respective dates last above mentioned, with all accrued and accruing interest thereon, the three first notes having been transferred to it by plaintiff herein, and the last three by defendant Commerce Farm Credit Company; that defendant Continental & Commercial National Bank of Chicago owns interest coupon notes which matured March 1, 1923, in the principal balance of \$1950.00, being coupon Number 5, and one of the \$800.00 notes aforesaid which matured at the same time, with all accruing interest thereon; and that the notes endorsed to defendants North Texas Trust Company and

Continental & Commercial National Bank of Chicago were so endorsed as to render the deed of trust lien security inferior to the security of plaintiff and defendant Commerce Farm Credit Company, and that plaintiff has a first lien on all of the lands hereinbefore described to secure the payment of its debt; that defendant Commerce Farm Credit Company has a second lien, and that the lien securing the respective debts of the defendants, North Texas Trust Company and Continental & Commercial National Bank of Chicago, on said lands is co-ordinate. Plaintiff prays for judgment foreclosing its lien and that the court determine the respective amounts owing the defendants Commerce Farm Credit Company, North Texas Trust Company and Continental & Commercial National Bank of Chicago, and foreclosing also the second deed of trust lien, causing proper disbursement of the proceeds of sale, and for general relief. HEREBY FAIL NOT, but have before said Court at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Putting the Hog on a Normal Basis

Photo Copyright, Underwood & Underwood, N. Y.

Many years of study and experiment have ended uncertainty as to what is best for the hog, says a recent report. In pork raising, as in building up any other source of profit on the farm, much can be learned through the experience of others.

The U. S. Government and Agricultural Colleges spend big sums each year at their experimental stations. Both the Government and the Agricultural Colleges issue literature which tells about these experiments in detail. Anyone interested can secure the literature without cost by writing the U. S. Department of Agriculture or such Agricultural Experimental Stations. The great value in Government bulletins lies in the fact that they are based on the results of observation and study by trained, experienced men and at an expense which makes it prohibitive for the farmer to make these experiments himself.

Generally speaking, hogs have a normal period of growth and development. Many raisers ship before the hogs are finished—others hold their hogs and feed them beyond the period that the herd would be most profitable for them. It is natural, with high feed prices, that the raiser is reluctant to hold his hogs any longer than absolutely necessary, even though the hog

market is good; but it is a mistake to start raising a market herd and quit before the job is really finished.

Judging from prices of the past few months, a fat hog is the one that is commanding a premium and, experts say, will continue to do so for some time. That is because of the large numbers of unfinished hogs that have been and are still being sent to market. Using the Chicago hog market for a day in mid-December, 1924, a 170 lb. hog brought \$14.10, while a 265 lb. hog brought \$26.55, or a difference of \$12.45.

The average hog raiser knows that it takes about 400 lbs. of corn and 40 lbs. of tankage to bring in that last 100 lbs. of weight, or in dollars and cents, approximately \$10.00 for the last 100 lbs. in feed expense, leaving more than \$2.25 per pig for the additional trouble.

Shipping weights of hogs are reflected in the feed crop. Last year the corn crop in many sections was small and therefore most of the hogs sent to market ranged around the 175 lb. class. Unless relative market prices on either hogs or feed are extremely abnormal, it pays the raiser to go through with his feeding program up to that stage where he can secure the greatest benefit from his efforts and the best market price for his pork.
