## The Crisis Is Past---Crops Are Assured---Let's Proceed!

### COMPLETE LIST OF TEACHERS HEREFORD PUBLIC SCHOOLS RELEASED FOR FIRST TIME

(By C. H. Dillehay, Supt.)

The selection of the faculty of the Hereford schools has recently been completed. This was done only after getting in communication with a number of colleges and universities, which were asked to have desirable teachers make application. In this way an unusually large number of applications were examined in an effort to get the best teachers possible. Every teacher elected was required to have the recommendation of two or more competent people who were in a position to know about the work of that teacher.

The High School faculty will be as follows: Travis M. Dameron, principal; C. W. Humble, agriculture; J. F. Riggs, mathematics, science and coach; Miss Velma Read, science; Miss Clara Mae Glenn, English; Miss Sallie Bell Brown, home economics; Miss Fae Braselton, Spanish and English; Miss Fern Axtell, history; Miss Beulah Williams, mathematics.

All except two of the high school faculty have college degrees. Mr. Riggs is a graduate of the University of Ottawa, Kansas. He has participated in football, basketball, track, and possibly other sports and is highly recommended by those who know him as a close student of athletics, and one who enjoys it. His specialties in athletics are the three sports mentioned above. As evidence of the fact that he did not neglect his school work for athletics, it might be said that he was assistant in science in the university. Mention was also made of the fact that he was held in high esteem by both faculty and students.

Miss Fern Axtell of Castro county is a graduate of the University of Kansas and taught last year in that state. She was recommended without reservation by the school authorities where she taught. Miss Beulah Williams graduated from the West Texas State Teachers College and has taught two or three years. Those who know of her work speak highly of her. Miss Braselton is a graduate of Southern Methodist University and has specialized in the work she is expected to teach. Miss Brown taught home economics successfully four or five years in the Ft. Worth High School. She was offered a very attractive contract to return there another year.

#### Central School

The Central School faculty is as follows: Mrs. Chris Garrison, principal; departmental teachers, Miss Jeanette

### IN OUR TOWN

by  
---OB ZERVER.

I saw:

W. C. Fallwell in the north business section of the city;  
Carl Gilliland with his shoes laced;  
Dr. LeGrand loafing;  
Happy Hawkins with a grouch;  
Homer Fox looking serious;  
J. B. Jones in a hurry;  
Dow Mercer handling oil barrels;  
Steekman play a whole game of dominoes without explaining the unnecessary mistakes made by his partner;  
Polly Steele turn a corner without a wheel off the ground;  
Johnathan Pitman taking short steps;  
D. L. McDonald, needing a bath;  
A new girl in town who hadn't met Gano;  
Seth Holman fishing;  
Albert Herbst chewing gum;  
Geo. L. Muse smoking Camels;  
Henry Wilkinson needing a hair cut;  
Baskin pushing a baby cart;

I heard:  
Byrl Elliston in conversation without ever mentioning alfalfa;  
Dr. Overton refuse to make a speech;  
Mr. Parker deny the "tight-idity" of money;  
Dr. Gabbert say "I don't know";  
Col. Woodburn and T. M. Palmer in a friendly discussion;

### Beat This For Quick Hatching And Get Prize

Lem Carlyle and Mout Baker claim to have beaten the Golden Rule Hatchery to the formal opening and to have established the first hatchery in this county.

Saturday Mr. Carlyle purchased a crate of eggs. Monday morning when Mr. Baker opened up the grocery store he heard a cheep and, upon investigation, found a fine, husky White Orpington chick just hatched out. The egg from which it came was down in the middle of the crate.

Mr. Baker had the new arrival on display Monday and was figuring on having a "hatchery" sign painted and hung out in front.

LATER—(Bulletin)—Two more chickens have fought their way out of that crate. The process is apparently automatic, and Mr. Carlyle is seriously thinking of taking out a hatchery patent.

#### E. E. FRIDLEY MOVES FAMILY TO HEREFORD FROM MIAMI

E. E. Fridley, formerly of Miami, Texas, is a new citizen of Hereford and has moved his family here. He is the new manager of the Great West Mill & Elevator Co., and has opened the plant for the fall business. He will also have charge of the Dawn office for that company.

Mr. Fridley has been with the Great West office a long time and is an experienced grain man.

### Canning Club is Turning Out Its Products Nicely

The Progressive Canning Club opened up for real business in earnest this week and the ladies of that enterprising community have been busy getting the real canning started. Monday fifty nine quarts of peaches were put up. Friday of this week an entire beef will be canned. Visitors will be welcomed.

The following scale of sale prices have been established by the club, subject to change with conditions: all fresh vegetables, except corn and peas, ten cents; No. 3 cans; No. 2 cans eight cents per can; corn and meats twelve and one-half cents for No. 3 and ten cents for No. 2. The club furnishes the cans in each case.

Regular canning days have been set for Tuesdays and Fridays and canning will be done on shares for one half of the product, cans to be furnished by the club at prices of six cents for No. 3 and four cents for No. 2 cans. Detailed information will be furnished on application to Mrs. Ray Hedges, Mrs. Cockrell or Mrs. G. F. Lewis.

#### COTTON BREEDER SCHEH IN HEREFORD FOR A VISIT

L. P. Scheh, cotton breeder, who gets his mail at Pep, a new postoffice near Littlefield, Texas, arrived Tuesday night for a visit here and remained over Wednesday. Mr. Scheh is the man who furnished pure bred seed for the McDonald Farms last year. He reports much building activity at Pep, with 6,000 acres in cultivation with his pure cotton seed.

#### MRS. J. B. ELLISTON HOLDING OWN AFTER MAJOR OPERATION

The many local friends of Mrs. J. B. Elliston were concerned this week about her condition, following a major operation at the Deaf Smith County Hospital Tuesday. She is said to have stood the ordeal well and latest reports from the bedside were that she was holding up nicely.

### Ex-Mayor W. M. Knight Provided in His Will That Fine List of Books Should Go to the Hereford Library

Mrs. F. T. Rolison, Librarian of the Hereford Library, is in receipt of the following letter from G. A. F. Parker, accompanying a fine collection of books left the Library by the late Mayor of Hereford, William M. Knight. The members of the Library board greatly appreciate the gift and desire The Brand to publish the letter, which follows:

"The late Judge William M. Knight specified in his Will that such of his books as might be desired by his relatives, should be sent to them. All other books, except law books, should go to the Hereford Library.

"At the request of Judge John P. Slaton the executor of the Will, I have pleasure in delivering to you the following list of books:

"Macaulay's—History of England, four volumes.

"Encyclopedia of English Literature two volumes.

"Candoff's—History of the United States, seven volumes.

"Memories of Sir Isaac Newton (Sir David Brewster), two volumes.

"Mimms Gibbon's Rome, six volumes.

"Complete Works of Joseph Addison by George Washington Greene, seven volumes.

"History of the Literature of Ancient Greece, by Muller and Donelson, three volumes.

"Shakespeare's complete works, ten volumes. (one missing.)

"Delta Phi Directory—1913-1916, two volumes.

"Health and wealth, by Elbert Hubbard, one volume.

"Works of Lord Bacon, three volumes.

"Sylvia Sylvarum, three volumes.

"Prescott's Conquest of Mexico, three volumes.

"Prescott's Ferdinand & Isabella three volumes.

"Prescott's Conquest of Peru, two volumes.

"Prescott's Philip the Second, two volumes.

"Smith's History of Greece, one volume.

"Modern British Essayists (Caryle,) one volume.

"Modern British Essayists, Macaulay, one volume.

"Modern British Essayists, Mackintosh, one volume.

"Modern British Essayists, Wilson, one volume.

"Modern British Essayists, Jeffrey, one volume.

"Modern British Essayists, Alison, one volume.

"Modern British Essayists, Sidney Smith, one volume.

"Modern British Essayists, Talfourd & Stephen, one volume.

"Personal History of Lord Bacon, by Dixon, one volume.

"Literary and Historical Miscellanies, by George Bancroft, one volume.

"Tales English Literature, one volume.

"The Song of Hiawatha, Longfellow, one volume.

"It will be noticed that one volume of Shakespeare and one volume of Hume's History of England are short.

"Doubtless these volumes and perhaps other books have been loaned out.

It is the wish of Judge Knight's friends that all of his books that can be found should be turned over to the Hereford Library in accordance with his Will.

"The books requested by relatives have been sent to them. The rest now belong to the Library. Judge Knight was always deeply interested in the Library, and saw in it an evergrowing influence for the public good.

"Very sincerely yours,

"G. A. F. PARKER"

### Boosters Invade Plainview Monday Forty Strong

Some thirty five or forty boosters, headed by Vice President Parker, Secretary Moss and Railroad Chairman D. L. McDonald, went to Plainview last Monday and represented this city at the hearing of the Interstate Commerce Commission and Texas Railroad Commission wherein the claims of three proposed Plains rail routes were presented. The Hereford delegation wore badges and in addition each one sported a small fishing pole, line, sinker and hook, about three inches long. When asked what this emblem meant secretary Moss stated that "Oh, we are just advertising Hereford as the fishing center of the Panhandle, and, incidentally, we are down here just fishing for a railroad."

The hearing, at which the Denver, Santa Fe and Powell roads are presenting their claims to this territory, may last for weeks and the demonstration of various towns Monday, was merely in the nature of advertising. The crowd all had a good time and feel that some good was accomplished for Hereford.

#### MISS DONELDA SITES MARRIED AT ALBUQUERQUE JULY 29

Mr. and Mrs. M. G. Prewitt brought back with them from their vacation the news of the marriage of Mrs. Prewitt's sister, Miss Donelda Sites, who left Hereford some two years ago to accept a position in Kingman, Ariz. Miss Sites was married Monday, July 20, to Mr. Criss Mappes at Albuquerque, N. Mex. Miss Marie Burns, who is located at Albuquerque, was the only friend to attend. Mr. Mappes has recently been transferred from Grante, N. M., to Lubbock, Texas, and the young couple will make their home there.

### Poultry Culling Demonstration is Magnet for Crowd

A very enthusiastic and profitable chicken culling demonstration was held at the J. P. Walker home in the Fairview community Wednesday afternoon by County Agent R. O. Dunkle and more than forty men, women and children were taught the art of culling poultry. One surprising feature was that 75% of the hens were found to be non producers and were nothing more than "free boarders" in the Walker barnyard. Practically all present participated in the culling work and Mr. Dunkle believes that any present could now cull a flock of chickens with a fair knowledge of accuracy.

T. D. Moser, Secretary of the Hereford Chamber of Commerce explained the prizes to be offered for exhibits at the Deaf Smith County Fair to be held September 18-19. Those present seemed particularly interested in the Community Booth and the free trips to the Dallas Fair for Club boys and girls, and all pledged themselves to enter exhibits from that place at the fair. A committee was appointed to be in charge of the exhibits and work will start immediately on selecting the products for the shows.

The Club decided to hold regular meetings in connection with the Boys and Girls organization and a plan was adopted for answering the roll which is expected to greatly improve farming and household methods in the community. Each woman will answer the roll with some practical idea that he or she practices on the farm so that others might get the benefit of the better methods of doing things. After the meeting had done its work delicious refreshments, consisting of lemonade and cake were served to all visitors. The next meeting place will be announced later.

### SPLENDID RAIN OVER PLAINS PRACTICALLY INSURES CROPS OF FINE FEED AND COTTON

#### Cowboys Strike In 1884 Failed In Its Purpose

Union Labor strikes have been of frequent occurrence of late years, but who ever heard of a Cowboys' strike?

The only one on record, at least in this part of the country, was pulled way back in the year 1884, forty one years ago, and the plot was laid right here in Deaf Smith county, down on the Tierra Blanca, within three miles of Hereford, in a dugout about 300 yards from the present home of Wink Valentine.

The Brand man caught Rat Jowell in a reclusive mood the other day and extracted the following data concerning this famous strike:

It seems that in those days there was nothing much on the Plains but ranch headquarters, widely scattered; that the average pay for cowboys was \$30 per month; and that finally some bold spirits among the riders got together and decided to call a strike for better pay. Accordingly delegates from the T. Anchor, L.S., I.X., XII and other outfits met one night in the T. Anchor dugout mentioned before and worked out a demand upon the ranch managers for increased salaries. Some of the delegates rode as far as sixty miles to attend this meeting.

The strike was a failure, it seems. At least no more money came out of it and soon all the strikers were hunting other jobs. The first Cowboy strike on record had fizzled out without tangible results.

### Court of Honor For Boy Scouts Now Established

A Court of Honor has been appointed for the local Boy Scouts organization composed of five members—A. M. Jones, J. E. Hill, C. C. Acker, C. W. Humble and E. S. Ireland.

The Court of Honor was formed for the purpose of appointing special examiners for giving tests on the several subjects given in the Boy Scouts Handbook, and to award merit badges and certificates of advancement in Scoutcraft.

At a recent meeting, Special Examiners were appointed as follows:

Examiner, Pear C. W. Humble, subjects—agriculture, craftsmanship, gardening, athletics, life saving and swimming.

Examiner, County Agent Dunkle, subjects—agriculture, dairying, first aid to animals.

Examiner, George Beans, subjects—automobile machinery.

Examiner, Hall Beavers, subject—automobile.

Examiner, Uncle John Estes, subject—bee keeping.

Examiner, J. E. Black, subject—bird study.

Examiners, John N. Jacobsen and J. W. Clark, subject—blacksmithing.

Examiner, Miss Velma Reed, subject—botany.

Examiners, A. G. Bell and J. B. Elliston, subject—camping.

Examiners, C. C. Acker and Abe Martin, subject—bugling.

Examiner, Cliff Hicks, subject—carpentry.

Examiners, W. E. Dameron and F. T. Rolison, subject—civics.

Examiner, Henry Cox, subject—electricity.

Examiner, C. C. Rockwell, subject—firemanship.

Examiner, J. E. Hill, subject—horsemanship.

Examiner, Allen Powell, subject—leather working.

Examiner, C. L. Savage, subject—painting.

The most timely rain that has fallen over this section in years arrived Tuesday night and in the early hours of Wednesday morning. Crops in this section have been pronounced the best to be found in any part of Texas this year, but they had reached the point where they were beginning to suffer for moisture in some spots and rain simply had to come to save them.

A steady downpour fell early Wednesday morning and since that time a general community smile has been passed around. The tension has been lifted; even without more rain the farmers are bound to make a fair crop; with occasional showers from here on the Hereford country will boast one of the finest feed and cotton crops in her history.

The local gauge showed one and four tenths of an inch in the city of Hereford. Northwest of town, where the clouds were the blackest, an average of three inches are reported. Southeast for several miles the precipitation reached two inches. The entire Hereford trade territory received some rain and most of it was heavy enough to be highly satisfactory. The crisis is past, the immediate future is assured, the dread of the unknown has been removed. The Amarillo News of Thursday has the following detailed rain report:

"The rains which fell over the Panhandle and most of the South Plains Tuesday night and Wednesday morning will be worth millions of dollars to farmers and stockmen.

"The rains varied from five inches at Wildorado to showers at Muleshoe, Littlefield and other places. Cotton and row crops as well as the ranges will be greatly benefited by this precipitation.

"The heaviest rain fell west of Amarillo where the general average was about two inches. The precipitation grew lighter to the east along the Santa Fe.

Detailed reports by the roads are as follows:

"Rock Island, west: Wildorado 5 inches; Vega 1.38; Adrian 1.00; Glenrio 1.50; Endee, 2.18; Tucumcari, 1.03; and Santa Rosa, 24. Heavy rain from Tucumcari to Dalhart and north to Hereford, Kans., Rock Island, east: Conway, 1.50; Groom, 1.00; Jerieho, 1.50; Alameda, .50; Shamrock 1.00; showers at Erick and Sayre, Okla.

"Fort Worth & Denver, north: Inch at Dalhart, Tascosa and Channing. About an inch at Claude and points south toward Clarendon where it played out.

"Santa Fe, north: Paffordville 3.00; Pampa, .50; Miami 25; Canadian and Higgins 50; Perryton had better than an inch. Spearman a like amount.

"West of Amarillo the rain extended well into New Mexico. Hereford re

### Hereford Breeders Will Enter Sale At Sweetwater

A number of registered Hereford ones will be put on full feed at once and prepared for the Deaf Smith County Fair in September and then sold at the great Hereford Sale to be staged at Sweetwater, Texas, the latter part of October. This information leaked out following the visit here this week John T. Burns, secretary of the state Hereford Breeders Association.

Mr. Burns is working up the Sweetwater Sale and his visit here has resulted in agreements with several breeders among them Henry Wilkinson, E. Black, W. T. Womble, Mrs. L. Bradley, and John Purcell to select animals each and prepare them for sale.

Hereford is headquarters for registered cattle, and it is believed local breeders will bring profit to the selves and fame to this country as breeding ground at the Sweetwater Sale.

(Copyright 1924—By Gladys Baker)

## BOB ADVISES SALLIE TO GO TO WORK

I suffered a mental cruxifixion through the next few weeks. Life ahead meant nothing but a time of dark and heavy-laden days, a time to be gotten through somehow, so that at night, I would feel that another twenty-four hours had gone. The experience cured me of being uncharitable. No girl will ever have to endure the misery and headache that I suffered by any gossiping words of mine.

I seemed to grope on and on through terrifying woods. Each way I tried to run black barriers barred my retreat. I had lost the keen joy of living and as for as any enthusiasm or ambition went was without emotion of any sort.

The only three friends who stood by me were Ellie, Marjorie and Bob. I thought I was ill and suggested rest but it was impossible for me to remain in bed.

One day when things were too puzzling and I could find no solution for the problems that crowded my brain, I went to have dinner with Marjorie and Bob.

"I'm going on up to bed after dinner," Marjorie announced, "Bob wants to talk to you, Sallie. Do whatever he suggests because he always peters me when I am out of sorts. I tell you he lived on his optimism all these many years."

Bob was just the person I needed in the world. We sat in the dim stillness on the open porch, there followed half hour that gave me a new viewpoint.

"Go to work, Sallie," he said. "It will give you back, first, your courage, your enthusiasm and a new faith in your fellowmen."

"Oh, Bob!" I sobbed.

"I know it sounds drab and uninteresting but it's exactly what you need." But if it hadn't been for that awful mistake, I could have gone on and on light-hearted and happy and would have had the love of Curtiss' heart."

Never mind, Kiddie, He'll learn that Sallie is just a line or two in the book of life. Yours had to come to you sooner or later, but remember Fate does not work with poor material.

You're out of the ordinary and have been singled out. There are lots of other girls who have done lots worse than you. But it's because you have big soul possibilities that your hard experiences have fallen to you. The mistakes that you've made are the things that go into the pot in which the dross is scummed away and the real qualities that are essential and unbreakable are crys- talized into the thing we call character or soul."

Bob why should I go to work? I don't know how to do anything. I haven't been trained."

Never mind we'll find something. It's necessary, Sallie, dear, for only by doing something for other people you chisel out the sweetness and beauty that are a part of your inner- self. Marriage to the right man would do that," he continued, "and you need responsibility to strengthen your spiritual faculties strength."

I slept peacefully. Bob let me alone, and it was an outlet for my burdened mind.

Bob, Curtiss will NEVER understand."

Yes, he will, Sallie, in time, with a little psychology. As I told you once before, every man feels the same way about the woman he loves and the intensely he's going to feel that he can't accept the equal standard, no matter how hard he tries. In his overwhelming love for Curtiss has forgotten that you are just one of God's human beings, as he, himself, whose impulses and notions are fundamentally the same as yours."

I see what you mean, Bob. I feel so different about him that I don't understand. If he were to come with blood on his hands or had taken some woman into his arms a week or even a month, that would make no difference in my behavior. I'd still know he was wrong. I'd consider his mistakes were just a fall in the road over which life is led and behind it all, I'd be Curtiss whom I loved was all that mattered. He was eternally mine, and I might suffer with him, not apart. I'd receive of any body putting the blame on them they love out of their lives."

"You've grown!" Bob exclaimed, "you talk like a woman instead of a girl."

"No, it's just that you're helping me to see myself. Brushing away the clouds." Silence.

The tip of Bob's cigarette pierced the still summer's gloom. (To Be Continued.)

## CIRCULAR ON QUEEN REARING

Hosekeepers wishing to produce queens in quantity, or for their own use can get useful information on the subject by reading circular 35 of the Texas Agricultural Experiment Station, entitled "Suggestions on Queen Rearing," which may be had free on request to Dr. B. Youngblood, Director, College Station, Texas. This Circular describes a comparatively simple system of queen rearing developed on the Station during the process of producing queens for experimental work, and points out that any bookkeeper owning 100 or more stands of bees can well afford to maintain a queen yard to supply needed well bred young queens. It is also stated that with 50 colonies with which to run a yard, one should produce 100 queens every 21 days and suggestions are given for selection of breeding stock.

## PROMINENT CATTLE MEN ARE VISITING BREEDERS HERE

John Burns of Fort Worth, secretary of the Hereford Cattle Breeders Ass'n of Texas, and W. T. Lewis of Gainesville, member of the firm of Whaley & Lewis, prominent Hereford cattle men, were visiting local Hereford breeders here Monday. Mr. Burns was formerly head of the beef cattle division at the A. & M. College of Texas, and Messrs. Whaley & Lewis own valuable ranches and herds at Gainesville, near Lubbock and elsewhere.

## NORTH EAST CORNER (Fairview-Union Schools)

The Fairview farm club and girls meet in the home of J. P. Walker on next Wednesday and it is hoped there will be a good attendance of both club members and their parents as Mr. Dunkle is to have a poultry culling demonstration and anyone desiring to get a lot of good information will not make a mistake by attending this meeting.

Misses Bessie McDade, Leauada Bowen and Opal Stovall visited a few days in the home of J. C. Allred last week.

About a dozen of the young folks spent Sunday at the C. O. Phillips home.

Quite a few of the little folks visited in the home of L. C. Moore last Sunday evening and they report a good time.

Mrs. G. F. McClain from Hereford has been visiting relatives here the past week.

Among the visitors at the C. M. Grisham home Sunday were the A. R. Norman and H. J. Oglesby families.

Rev. A. M. Dowell is conducting a revival at the Ford School house this week and it is hoped that there will be a good attendance.

Some of our citizens attended the encampment below Canyon last Sunday and they report the programs were interesting and instructive, also the grounds were very beautiful, and well worth the trip to see them.

The Palo Duro B. Y. P. U. enjoyed a social at the home of W. K. McClain on last Tuesday night there was a good crowd present and a most enjoyable time was spent at games, etc., after which ice cream and cake was served at which everybody made a very good hand.

Mr. J. C. Allred and wife took Mr. J. L. Allred and wife to Chillicothe, Texas last Friday and returned on Saturday. Mr. J. L. Allred who has been sick for some time is going to spend the summer off the plains as the altitude here seems to be too high and he is leaving at the Doctor's request. Mr. Allred has been on the plains twenty-five years and he certainly does hate to leave, but thinks it best to do so.

We are glad to report another good rain which amounted to an average of three quarters of an inch which is very helpful to our crops, also the weeds, but the farmers seem equal to the occasion and are working early and late killing them.

Rev. J. M. Jones of the Glenwood church at Amarillo with the Palo Duro church last Sunday and delivered two real good sermons, there was a good crowd present both morning and night.

Miss Doris Stratton of Canyon is visiting in the R. L. Campbell home this week.

A large crowd of relatives gathered at the home of Mr. and Mrs. A. R. Norman on Sunday the 17th. It was the birthday of Mrs. Norman's mother, Mrs. J. L. Allred. Basket lunch was served picnic style and all had a happy afternoon together.

Mr. and Mrs. E. W. Curtsinger and daughter, Mildred, made a trip to Wildorado last Saturday.

C. O. Phillips and wife, together with Elmer Womble and wife visited in Hereford on last Sunday.

Mrs. Bob Campbell of Amarillo is spending the week with her son and family, R. L. Campbell.

J. E. Thomas and son Homer went to Wildorado last Monday.

Mrs. J. T. McClain entertained her Sunday school class at her home Sunday with a nice dinner and in the afternoon there was plenty of ice cream and cake to amuse themselves with. There were a number of pictures taken of the bunch and all went away feeling that it was good to have been there.

Among the business visitors to Hereford on last Monday from this community were L. D. Lee, J. P. Walker, O. G. Smith and J. C. Allred.

J. P. Woods had the misfortune of having his Fordson tractor damaged this week. It backfired and caught at the carburetor which spread to the

J. P. Woods had the misfortune of having his Fordson tractor damaged this week. It backfired and caught at the carburetor which spread to the

gasoline. Fortunately there is not much about one of these tractors to burn except the gas and wiring.

C. M. Grisham and R. C. Tidwell went to Groom, Texas, last week to purchase a car load of seed wheat for this community.

Ernest Allred and H. J. Oglesby returned from Goodnight last Saturday where they have been operating a combine. On the way back they had lots of trouble with their car and finally had to be pulled in. They both bitterly deny the old saying that a Ford is always "rearing to go."

Clem Dugan and wife motored to Amarillo, a few days ago.

## A TRIBUTE TO THE MEMORY OF THOMAS J. GRAVES

Thomas Jefferson Graves was born in Shelby county, Texas, May the 15th, 1855. While yet a little child, his parents moved to near Montgomery, Alabama. Later they came back to Texas where they resided until several years after the war of '61-'65.

When a young man he went again to Montgomery, where he lived until the year 1870, when he returned to Texas and located in Ellis county.

In Dec. 1870 he confessed his faith in the Lord Jesus as his personal Savior, was baptised by Randolph Clarke at Thrope, Texas, and united with the Christian church, of which he was a faithful and consistent member until his departure to be with his Lord.

On October 2, 1883, he was married to Eliza Wilson, to whom were given four children—Rollie, who died when about three years of age, Ethel who died just as she was blooming into young womanhood, and Charlie and Lee who survive their father and live in Uvalde.

He is also survived by two brothers, W. J. Graves, Lockesburg, Ark., and C. R. Graves, Waxahachie, Texas.

His wife preceded him to the heavenly home on Jan. 19, 1925.

After their marriage, Mr. and Mrs. Graves resided in Ellis county until 1900, when they moved to Hereford, Texas. From there they went to Rockport, Texas, for a short time, and then came to Uvalde county in 1908, where they remained until they departed this life.

In contemplating some of the salient marks of character that obtained in his life, we find that the fundamental one was, he was a Christian. For forty-six years he confessed Christ before men. And out of this relation

to his Savior grew another strong mark of character—he was an honorable man.

He lived the honorable life. He did that which he believed was right. His walk was upright.

He was therefore a good citizen. He contributed to the welfare of every community in which he lived.

He was also an active and energetic man. Sometime ago he said to the writer of this obituary, "Some of my friends have suggested to me that I retire from business now and take life easy. But I like to have my time employed, now, as well as I ever did before."

And so he was a successful business man.

He was also a true friend—faithful and generous and tried. And that he had a host of friends in this community as well as in others where he was known, was attested by the large concourse that assembled at the funeral services which were held in his memory at the Christian church of this city, and conducted by his pastor, Rev. David O. Griffith, and also at the cemetery, where the floral offerings were beautiful and profuse.

There they laid away his precious

body to await the glorious appearing of the Lord from Heaven.

As we looked down upon his casket, those beautiful and familiar lines came to our minds over and over again.

"Asleep in Jesus! blessed sleep, From which none ever wakes to weep A calm and undisturbed repose, Unbroken by the last of foes."—T. A. Hardin—The Uvalde Leader.

# COMMUNITY NEWS FROM THE NEIGHBORING TOWNS

## CAMERON, N. M.

Mrs. Bunch is quite sick this week. Mr. and Mrs. C. S. Antle attended church at New Hope Sunday morning and took dinner at the Henry Stovall home.

Mrs. A. W. Cameron is having her house repapered which is adding to the coziness.

Having received a message July 11 stating that their son Oscar's wife was dead at her home in Wellington, Texas, Mr. and Mrs. R. A. Sharp immediately left for that place and are still there with the family.

This community was made very sad in sympathy with Mr. and Mrs. Jesse Locknease whose only child died July 14. It was born April 23, and of course was fondly cherished in their home. The Rev. A. L. Maddox conducted the funeral services at Wheatland and it was laid to rest in the Wheatland cemetery.

Mrs. Lena McBee of Altus, Okla., came Friday to spend a couple of weeks visiting her mother, Mrs. M. A. Johnston. Mr. and Mrs. Lewis Smith of Clovis brought her out from Clovis to her mother's.

The Rev. A. L. Maddox and the Rev. J. T. Lewis and son Stanton conducted a successful ten days' meeting at Harmony (New Hope). They held a baptismal service Sunday afternoon at Henry Stovall's tank, where Mr. and Mrs. Arthur Price were baptized.

Wheat harvest is still in activity. Though the yield is not at all an average there are several farmers who have in a large acreage will have from 1500 to two and three thousand bushels. We will try to secure the names and number of bushels threshed later.

Mrs. F. B. Scotts relatives from Denon, Texas, who were visiting her returned last week.

A. C. Johnston and family, Paul Mote and family, Ella Isler, Winnie Dethrage, Ella Davis and U. J. Davis made a trip to San Jon last Sunday to meet their old neighbors, the Will Gates family, of Brinkman, Okla., who were visiting his mother and other relatives at San Jon.

Miss Cecil Powell spent a few days last week with her sister, Mrs. Maund Johnston.

Mrs. R. A. Lowe entertained four families of her relatives from Haskell county, Texas, last week, including her father and other near relatives.

Mr. and Mrs. Loss Trapp and children of Blanchard, Okla., are visiting the W. J. Fryar home and other relatives here.

Walter Dunn and family of Clovis attended the funeral of his sister's baby little J. D. Locknease at Wheatland on Tuesday.

Paul and Floyd Mote are cutting wheat with a combine for A. M. Osborn this week.

Grandpa Barnett's visited Sunday with Mr. and Mrs. J. A. Leach and attended baptizing in the afternoon at Henry Stovall's.

Lonnie Johnston and family spent Saturday night with Mrs. Johnston's parents, Mr. and Mrs. Powell.

Mrs. Ella Isler came near being hurt Friday Sunday at New Hope when a car backed against her pinning her against a car into which she was stepping. She is only sustained a badly bruised leg and arm.

A. Lowe and family and the Rev. Maddox and Lewis and son were dinner guests with Mr. and Mrs. J. O. Wood Sunday.

C. Meredith and daughter, Mrs. and Stovall, are taking a trip to Roswell this week to get fruit.

Mrs. M. A. Johnston's children that were here were all with her Sunday afternoon and enjoyed ice cream. Those present were: her sons, Dallas, Cleveland, Willie and Lonnie Johnston and their families; son-in-law Grover Cogswell and family; and daughter, Mrs. Lena McBee of Altus, Okla.; others present in the evening were J. D. Cameron and family, Mr. and Mrs. J. Z. Rice, Mr. and Mrs. E. D. Rice, Benjamin Oliver and Opal Cogdill and Benjamin Williams. Mrs. M. T. Johnston, whose home is with her sister, Mrs. M. Johnston, was present making forty in all.

## FORD

Sunday School, Sunday afternoon usual hour with a fair attendance of 56.

Dowell began a revival meeting Sunday afternoon which will continue all this week.

Lots Ellison and Willis Ellison moved to their home in Cisco, after several weeks' visit here with their mother, Mrs. H. M. Benson.

Charlotte Hershey and Arnold of the Progressive community Sunday with Miss Viola Thomas.

Miss Jessie Farris of Cleburne has been visiting her cousin, Miss Ruby Norman.

Miss Mavis Harris of Vega spent Saturday and Sunday with Misses Dorothy and Louise Smith.

Mr. and Mrs. Shorty Lockhart visited the past week with relatives near Lubbock.

A. R. Rudd and Pat Murphy of Vega attended Sunday School Sunday afternoon.

Mr. and Mrs. Jess Thomas of the Fairview community spent Sunday with Mr. and Mrs. Andy Thomas.

Mr. and Mrs. Joe Bassett ate Sunday dinner with Mr. and Mrs. Rex Christ who live near Vega.

Mr. and Mrs. Harold Smith were Amarillo shoppers Saturday.

Mrs. Parks of Cisco is making an extended visit with her daughter, Mrs. H. M. Benson.

Mr. and Mrs. J. E. Hill, Mrs. Emma Jones and Miss Ruby Norman of Hereford attended Sunday School Sunday afternoon.

Mrs. Bowers of St. Francis is visiting her daughter, Mrs. Shaw, who lives at the J. E. Hill Ranch.

We are glad Mrs. Howard Morel is improving fast, she has been sick for some time. Mrs. Morel is our choir leader and we miss her very much.

George Benson and Fielding Johnson were Hereford shoppers Saturday.

Floyd Walton and Misses Dell, Ruby and Veda Parker attended Sunday School at Ward Sunday.

Mr. and Mrs. H. M. Benson, Mrs. Parks, Mr. and Mrs. T. E. Major and George Benson ate Sunday dinner with Mr. and Mrs. F. C. Benson.

Little Nancy Ann Garrett who broke her arm a few days ago is doing very well.

Mr. and Mrs. A. K. Webster visited in Vega Sunday afternoon.

## SUMMERFIELD

The people in this community and others as well were shocked to hear of the fire that destroyed the Summerfield store and postoffice Friday morning, about seven o'clock. Mr. and Mrs. Hufstler and family, who owned the store lived in the rear of the building, the fire seemed to have started in the kitchen and was possibly started from an oil stove. The family were in the post office putting up the mail from the early morning train, when the fire was discovered. Only a few things were carried out of the warehouse. The living department of the house was never entered after the fire started, and one show case was carried out of the store. This is indeed hard on the proprietors, as only a small insurance was carried, and the store was well stocked. Much had been added in the last year. The plans are to start building the store back some time this week.

The people of the community are to go with wagons and teams Tuesday to haul lumber.

Ky Lawrence and Mrs. Henry Kendall's mother and father, sisters and brothers of Eldorado, Okla., and a sister from Plainview, and some of the others from different places, were here last week, and had their family reunion. This is the first time they have all been together in some twelve or fifteen years. They left Sunday afternoon for Plainview, where they will visit a few days before going on home.

Mr. and Mrs. Obe Roberson and son, Glenn, took dinner Sunday with Mr. and Mrs. B. C. Roberson.

Mrs. W. J. McMinn, Ollie, Edna and Miss Mabel Renfro of Hereford, went to the assembly Friday, returning home Monday. They report a great time.

The singing here Sunday afternoon was well attended by the different communities and some good singing was heard.

Mr. T. McCurry of Crosbyton, Texas, is here visiting his brother, C. S.,

and looking over his farm.

Mrs. Nance of Lockney is here visiting her daughter, Mrs. J. A. Noland.

J. E. Roberson and son William went to Canyon Sunday to visit relatives.

Mr. and Mrs. Caldwell and family, Mr. and Mrs. Jeff Roberson spent Sunday with Mr. and Mrs. Ky Lawrence.

The Baptist Revival meeting will begin next Saturday night and continue through the following week. Bro. Claybrook of Canyon will do the preaching and his singer, Bro. Powell, will also have charge of the singing.

Miss Myrtle Smith spent Sunday with Lorene Atchley.

## PROGRESSIVE

On Tuesday evening of last week a number of girls of this community, including Misses Katherine and Marry Ella Hershey, Marie Meharg, Edah, Lois and Lucille Park, Lois and Maurine Thompson, their aunt, Miss Jewel Thompson and Miss Frances and Wilda Brickal (cousins of Miss Marie Meharg, who were visitors in her home at that time) motored down to Sulphur Park and enjoyed themselves, having a delightful picnic. One important feature of the afternoon being the delicious eats that were spread at lunch time.

The attendance was small at Sunday School Sunday afternoon, and Rev. Monroe did not fill his appointment to preach that afternoon.

Several families from this community attended the singing at Summerfield Sunday afternoon.

Miss Bertha Walker left Hereford for Tahoka, Texas, Saturday, where she expects to visit friends and relatives for about two weeks.

Progressive Canning Club members will present the play "Irish Linen Pedler" at Progressive sometime in the near future. Watch for the date.

The Canning Club ladies met Monday afternoon of this week and did some canning, we understand.

Lloyd Walker of Amarillo spent last week end with home folks.

The program for our singing next Sunday evening reads as follows:

Opening song—led by Mrs. Lewis.  
Song led by Mr. Bowman.

Song led by Velma Caldwell.  
Quartet arranged by Mr. Hershey.  
Reading by Marguerite R.  
Piano duet by Flossie and Marguerite Bowman.

Song led by Horace Hershey.  
Song led by Fred Caldwell.  
Quartet arranged by Jess Caldwell.  
Song led by Mrs. Cockrell.  
Song led by Mary Ella Hershey.  
Double Quartet arranged by Mr. Lewis.

Song led by Mrs. Jeff Roberson.

Closing song led by Mrs. Bowman. Benediction by Mr. Sharp.

Mrs. Marguerite Russel of this community accompanied a number of young folks of Hereford on a picnic last Friday evening. She reports a good time.

The Progressive Canning Club had their opening last Tuesday afternoon. There were visitors from several parts of the country and from towns present. There must have been from 75 and 100 people there. Some very interesting, encouraging talks were made by the visitors, encouraging the canning club members to go on with their work.

Then those present were invited into the canning house to get an idea of what was soon to be in operation. Those who inspected the equipment and were told just how they meant to proceed are inclined believe that those ladies are attempting something that is surely worth while. The members were dressed in their costumes as though they were ready for work.

Some delicious punch was served to the crowd besides lots of frozen cycles.

Most every member of the Canning Club attended the meeting of the Chamber of Commerce at the City Cafe Saturday.

There was a rather large crowd out to hear Rev. Hill preach Sunday afternoon at Progressive. There was a good attendance at singing Sunday night. Among the visitors were: Mrs. Brickall and two daughters, Misses Frances and Wilda, of Wichita, Texas. Miss Wilda delighted the crowd with some good readings. Mrs. Brickal is a sister of Mr. Meharg of this community and is spending a few days visit in his home.

Mr. and Mrs. Ray Hershey and family were dinner guests in the home of Mr. and Mrs. Parks Sunday.

Miss Margaret Ricketts of this community spent last week end visiting in the home of Miss Loraine Atchley of Summerfield.

Orlen Russell, who is now working in Amarillo, spent Saturday night and Sunday with home folks.

## FRIONA

The ice cream festival given by the Methodist people at the church house Friday night was well attended and all had a good time. The proceeds will go for the benefit of the church.

The Chamber of Commerce meeting last Thursday night was well attended and much enthusiasm was manifested. In fact it was one of the best meetings we have ever had.

A telegram was received last week from Prof. Buckner stating that our

school had been given state affiliation in five subjects.

Our district assessor, Clyde Goodwine, is getting his books in readiness to begin the work of assessing the district for school purposes.

Mr. and Mrs. B. Lange, who were here visiting their son, O. F. Lange, and family, departed Friday for Wichita Falls, where they will visit a daughter before returning to their home in Llano, Texas.

A deal was completed last week by which R. M. Kinsley transferred his hardware business, stock and buildings to Jerry Blackwell, of Curry county, New Mexico. Mr. Blackwell took charge of the business Monday morning. Mr. Kinsley was the pioneer hardware and implement dealer of Friona, having begun the business about twelve years ago in a small way. But so successfully has he managed the business that it is unparalleled by any town of our size in the Panhandle. About a year ago he disposed of his implement business to the Wilkison Implement Company. Mr. Kinsley has also been engaged in the well drilling business in connection with his other affairs, which business he still retains. It is safe to say that he has drilled ninety percent of the wells now in use within a radius of ten miles of Friona. Mr. Kinsley is so well and favorably known in this region that his name "Rube" has become a household word. We wish his successor the same degree of success.

## FLAGG RANCH SELLING FAST ACCORDING TO SALESMAN

The famous Flagg ranch and cotton farms in the south part of Castro county are selling like "hot cakes" since the opening of the new town of Flagg, a few weeks ago, according to Arch Johnson, field salesman who came through Hereford Friday with a load of prospectors from western Oklahoma. Contracts have been signed for fourteen farms this week. Most of the land is being sold in 160 and 320 acre tracts

and is to be improved immediately.

The larger number of buyers are from Lamesa, Young county and Western Oklahoma, according to Johnson. The ranch is in the south part of Castro county and it contains 35,000 acres of rich pasture land before C. T. Her-ring placed it on the market for colonization. Johnson states that the farmers who have already moved there have very bright prospects for a big cotton crop.

**THE PASSING DAY**

By Will H. Mayo, Department of Journalism, University of Texas

**Farmer's Short Course**

The Farmers' Short Course at the Texas A. & M. College will be held in the week beginning July 27. This has been a feature of A. & M. Work for a great many years, and it is doubtful if there is anything done at the College of more far-reaching effects. Usually there are about 3,000 men, women and children assembled at the College, practically all of whom are from the farms, to study the problems of the farms. There is something going on all the while of intense interest to the particular class for whom the work is intended. Men and women who have made a life study of the various farm problems give the results of their studies in brief lectures and opinions and experiences are freely exchanged. The men are interested in the matters of the farm itself; the women spend most of their time studying home affairs, and the children—both boys and girls—give time to consideration of their own problems of the farm and home. It is impossible for anyone to spend the week there without getting something that is worth more than the cost of the week's stay.

**Meeting Others in Same Work**

It always pays those engaged in any pursuit to know others who are doing the same thing and to exchange opinions with them. We can never know so much about anything but that someone is able to tell us something about it, we do not know. At the Farmers' Course one will see groups of people standing around exchanging views about matters in which they are most interested. The women tell each other how they save steps in their kitchen work, how they furnish their rooms at least cost, and how they do the thousand and other things that women have to do about the place. These informal conferences bring out many new ideas that may be taken home and used to advantage. There is something of the freedom of the picnic about the gatherings at College Station, and in that way they are becoming a profitable annual outing for many both for study and recreation. Get out your flivver and spend the week of July 27 at A. & M. College, and you will not regret it.

**Farm Writers' Conference**

For several years writers on agricultural papers and editors of country weeklies have been meeting at College Station during the Farmers' Short Course week to talk over the matters of interest to those who conduct papers for farmers to read. These meetings are growing in size and interest every year. The expense of attending them is very small and the profits in the way of ideas gathered are large. Those who meet there have about the same interests, and the meetings become very practical in character. The writer was there last year and hopes to go back this summer, for he found that there was a genuine interest from which he gathered many ideas that were really worth while. The time corresponds with the meetings of the many farmers and the mornings are left open so that the newspaper folks may go to the farmers' meetings and learn at first hand how they handle their problems. If yours is a paper for farmers you should attend these conferences that begin July 27 at College Station.

**Getting Acquainted by States**

The Austing Rotary club has started a movement that it might be well for other places, even the smaller towns to try. Members of the club from each state sponsor a picnic to which all the people of the county from that state are invited. The Alabamians held the first picnic to which about 200 from Alabama went. Every one from Alabama was enabled to get acquainted with others who were natives of his state, tell Alabama stories, sing Alabama songs, and have a general Alabama good time. The next week was set aside for the Arkansas people, and so on down the list of states. As each family takes its lunch and all the lunches are spread together, there is little trouble other than arranging for a family picnic. All that is needed is for some club to take the lead and see that a committee from each state is found to arrange the program. It is a good thing to know the people from your native state who live around you, and these state picnics bring about a friendly spirit. Try it.

**Some East Texas Peaches**

The Center Champion has sent this writer two peaches and they are some peaches, one weighing ten ounces and the other eight. They are pinkcheeked and luscious looking, and demonstrate that East Texas grows good looking fruit of some proportions. There was two of those peaches, as has previously been stated, and not two bushels or two baskets, and as there are five in

the writer's family, it is hard to decide how to divide them—even though they are large enough to be divided into five parts each.

**Short Cotton Crop in Texas**

Rains in Texas have been spotted and in some places but little cotton has come up. This is particularly true of central Texas always regarded as a favored cotton section. Farmers generally agree that where the crop is up and growing at all the only hope for it is in the dry sections is in frequent shallow plowing and keeping the soil pulverized. Even where it is most thrifty it will keep in better condition by frequent plowing.

(Too Late for Last Week)

**Texas Population Increasing**

According to Census Bureau reports the population of Texas has now safely passed the 5,000,000 number and is increasing at the rate of about 100,000 a year. The cities are growing much more rapidly than the country in many cases this city growth represents a mere shifting of population from the rural districts to the cities. Texas can easily care for four or five times its present population without overcrowding either the cities or the country, and as the present increase is only about two per cent a year, there need be no worry about crowding Texas, into the sea or over into Mexico for the next few hundred years, and by that time the people will have learned to live in congested areas. Come to Texas.

**Wealth Outgrowing Population**

If a correct opinion may be formed from the income tax reports, the wealth of Texas is increasing much faster than the population. According to Internal Revenue Bureau, Texas now ranks tenth among the amount of net income reported and twelfth in the amount of income tax paid. While wealth may not be the sole thing by which people are judged, the wealth of a county indicates better than anything else how the people are living, for without reasonable per capita wealth fairly distributed the people can not have the comforts or even the necessities of life. If there is real suffering anywhere in Texas, it is due to the exceptional conditions of a few unfortunates and not to any prevalent lack of necessities.

**Deplorable Conditions in Russia**

Count Hya Tolstoy, in a lecture in Austin recently, tried to picture the pitiful conditions of the Russian people. He told of pianos being burned for wood; of the bodies of scholars being wrapped in old sacks, which were also used for shoes, of those once wealthy now forced to live on the carcasses of starved horses. He stated that the average peasant farmer of Russia makes an equivalent of \$40.00 a year, out of which he must pay \$32.50 for taxes, leaving \$7.50 for his family support for an entire year. And that too, with clothing and food at such high prices that we in America would think them prohibitable. Try to draw a mental picture of conditions in distressed Russia and then be forever thankful that Bolshevism has been unable to grip our country.

**Texas Granite Finding Favor**

In addition to the recently reported contract to furnish Texas Granite for the Roosevelt Memorial, the Texas Pink Granite Company, in Burnett county, announces that it is to furnish the granite for the \$15,000,000 Edison building in New York. This great building will cover four blocks and will use Texas granite exclusively in all parts of the building where the specifications require granite. When that is

done the great granite mines of Texas will hardly have been touched. Texas is just coming into an appreciation of its own immense resources. Its duty now is to make those resources known to the world.

**Certain Money in Peaches**

The peach growers of Athens, Texas, have been offered 90 cents a bushel for their entire crop of Elberta peaches with the assurance that if the crop goes higher they will be paid more. An Elberta peach crop at 90 cents a bushel means a good profit for the growers and should stimulate the planting of more peach trees and the better care of those already planted. Now that the marketing problem seems to be fairly well solved, Texas should turn its attention more to the growing of the fruits and vegetables to which its varied sections are best adapted.

**How About the Town Streets**

The papers almost every day give reports about the conditions of Texas roads. These reports though are as to the country roads and do not tell about the streets of the towns into which the roads lead. The tourist in Texas can nearly always tell, even with his eyes closed, when his flivver hits a town, for the car at once begins to shimmy over the bumpy streets. Some few towns are keeping up the streets that connect the highways, but not all of them are doing this. A few places like Austin for instance, keep some "show" streets in fairly good condition, but oh! the jar you get when you get off these. Not many of the people are tourists or sight-seers and the others are more interested in the conditions of the streets over which

they have to pass every day than in the highways.

**Checker Players to Meet**

The Texas State Checker Players' Association announces that it will hold its thirteenth annual state meeting at the Dallas Y. M. C. A. July 14-15. Lucky fellows! The State Tobacco Chewers' Association has not yet announced where it will hold its next spitting contest.

**PROGRAM OF THE CASTRO COUNTY SINGING CONVENTION, WHICH MEETS AT HART, TEXAS, SUNDAY, JULY 26, 1925.**

**Sign Your Name— Let the Chemist Weigh**

The above illustration shows one of the most accurate balances in use today. Hand the chemist a small piece of paper. Let him weigh it. Then write your name and let him weigh it again. He can tell you the weight of your signature within one ten-thousandth of a gram. (28.3 grams equal an ounce.)

It is by such precise tests that the chemists of the Texas Portland Cement Company determine the exact proportions of the raw materials used in the manufacture of LONE STAR Cement.

This exacting supervision is maintained at every step in the process—in the wet-blending—in checking and rechecking—in the burning and final grinding.

Guess-work is eliminated. In fact, the chemist and superintendent know the exact condition of the material step by step during the entire nine-hour process. They can always come within one-tenth of one per cent of the quality at which they aim.

Result—a super-grade cement more than 50% above the requirements of the U. S. Standard Specifications. Yet LONE STAR Cement costs no more. It has our unqualified endorsement.

**CHURCHES MAKING ARRANGEMENTS HOLD UNION SERVICES**

Arrangements have been made by the Christian, Methodist and Presbyterian churches, with the possibility that the Baptist may also join in, to hold union services each Sunday night during the month of August, beginning with August 2. Rev. Ross, new Presbyterian minister, is expected here in time to hold the opening service in his church on that date. The second Sunday night the service will be held in the Methodist church, etc.

Special music by the combined choirs will be arranged for and it is believed this plan will result in much good for all the church congregations involved.

**CONTRACT LET FOR \$20,000 BRICK SCHOOL AT SUNNYSIDE**

F. M. Wallace, contractor for the Panhandle Lumber Company has just been awarded the contract to build the new \$20,000 brick school building in the Sunnyside district south of Dimmitt in Castro county.

The new rural school building is to be modern in every way and work will be rushed to complete it in time for the fall term of school. Two more rural communities in Castro county have voted on bonds for construction of modern school buildings and a number of other communities are contemplating the same thing and the large number of new settlers that have come into Castro county have made many of the present school buildings entirely inadequate for the children.

**YOUNG HOME SCENE OF MANY -- HAPPY REUNIONS THIS WEEK**

## "WHOSE LITTLE BRIDE ARE YOU" AT STAR TUESDAY NITE

If you want an evening of real fun don't fail to see "Whose Little Bride Are You?" at the Star Theatre Tuesday evening, July 28.

You will enjoy Dr. Bellon's lecture on the "Bellows Adjustable Portable Steam Bath." Also his romantic love scenes with his precious little "Melle" and Mrs. McEckron, both charming young (2) widows.

Dolly McEckron and George Tobin, the widows' children cause convulsions of laughter throughout the three acts. Then the terrible mix-up among the young lovers—and the attractive clubman, Simon Singleton and his winning ways—and well its a real play full of humor, romance and pathos, so don't fail to see it.

"Whose Little Bride Are You?" is the High School play which made such a hit this year that it is being reproduced by special request. It's good and, it will undoubtedly draw a good crowd.

# Court of Honor For Boy Scouts Now Established

(Continued From Page 1)

Examiner, Dr. J. W. Hicks, subject personal health.

Examiners, Drs. W. F. Gabbert and Jno. W. Overton and Miss Hubbard, subject—first aid.

Examiner, Robert Elliott, subject—signalling.

Music and interpreting will be handled by teachers in the schools, to be named later. The Scoutmaster of each Troop will handle subjects as follows: Cooking, Hiking, Cycling, Pathfinding, Pioneering, Handicraft. Examiners should be asked not to pass any Scout on any examination until he has shown a knowledge of the subject by answering the questions asked.

All those who have been interviewed on the subject have signified their willingness to conduct examinations in the subjects assigned them. They will not be expected to conduct these examinations at any time, but will set a time most convenient to them when any boy may appear before them for examination. Scoutmasters of each troop will be supplied with a list of these examiners showing just what time will be convenient for each to act. Boy Scouts may obtain this information from their Scoutmaster.

The first formal meeting of the Court of Honor will be held at the Courthouse on Thursday night, August 6, for the purpose of presenting certificates to all who have passed their tests.

All Scouts who are ready for tests in any subject should take their examination in time so that certificates may be obtained in time for presentation by the Court of Honor.

## JOHN P. SLAYTON RAISES SOME EXTRA GOOD WHEAT

Another local wheat field that made a remarkable output, considering the handicaps under which it was handled was reported this week. John P. Slayton threshed an average of ten bushels per acre from seventy-five acres on his farm west of town and E. W. Harrison says when it is properly cleaned it may crowd someone at the fall fairs to beat it for weight and uniformity.

The wheat was planted on ground planted to cotton last year and if proper time would have made forty or fifty bushels to the acre.

## POST OFFICE CLERK EXAMINATION IS ANNOUNCED

An open competitive examination under the rules of the U. S. Civil Service Commission is announced for the position of Clerk in the Post Office at Hereford.

Receipt of applications will close August 12, 1925. Applications for this examination must be made on the prescribed form, which with necessary instructions, may be obtained from the Commission's local representative, secretary, U. S. Civil Service Board, Hereford Post Office, or from the Secretary Tenth U. S. Civil Service District, New Orleans, La.

All persons wishing to take the examination should secure blanks and file their applications prior to the hour of closing business on the date specified. The date for assembling of competitors will be stated in the admission cards mailed applicants after the close of receipt of applications.

Let's build a Hotel in 1925!

## FIFTEEN MUSICIANS ATTEND BAND MEETING TUESDAY NITE

The call issued by Ralph Smith for a meeting of all local musicians Tuesday night at the Armory, with the prospect of reorganizing the local band, drew an attendance of fifteen interested musicians. All those present promised to come out for the first rehearsal on Thursday night, July 23, in the County Court room, and to help boost the organization of a good band which will practice every week from here on.

Mr. Smith will direct the new band and states that new music has been secured and he hopes to keep right up with the latest popular numbers as they come out. He also earnestly requests any musicians in this community with whom he is not now in touch to attend the rehearsal Thursday night.

## COMPLETE LIST OF TEACHERS HEREFORD PUBLIC SCHOOLS RELEASED FOR FIRST TIME

(Continued From Page 1)

Rogers, history; Miss Frances Fullingim, arithmetic; Miss Willie Dickert, English; Miss Mae Morrison, geography; Miss Audrey Rogers, fifth grade; Miss Ella Alkman, fifth grade; Miss Mary Bradley, fourth grade; Mrs. Edna Waller, fourth grade; Miss Madeline Bell, third grade; Mrs. Jim Black and Miss Tallie Bell, second grade; Miss Catherine Wilson, first grade.

All of the new teachers at Central School have had two or more years of college work and have had two or more years of experience in teaching. Miss Jeanette Rogers taught two years in the Quanah Junior high school and is now in school at the State Teachers College at Denton. She has also taught in other schools.

Mrs. Edna Waller of Hereford has taught a number of years in Fort Worth, Dallas and other cities. Miss Audrey Rogers has taught three or four years including two years in the Saint Jo schools. She has been in school at Denton during the past year. Miss Winnie Dickert of Hereford taught last year in the Nacodoches schools where she taught seventh grade work and some high school Latin.

Miss Morrison has had a varied teaching experience in a number of good schools in this section. She also taught a year or more in Cairo, Egypt. Her travels should add very much to her efficiency as a geography teacher. She taught last year in the Littlefield schools where she was recognized as a very fine geography teacher.

Miss Gladys Kilgore has been employed to teach music in one or both buildings. She received her training at Texas Woman's College and other schools and has experience teaching music and directing orchestras for a number of years. An effort is being made to get another music teacher in order that one teacher may devote part time to music work and part time to private classes in each building. The music work is very heavy for one teacher and especially since the demands on her time out of school are heavy. In the past she has had direct contact with far more children than any other teacher. For one teacher to get acquainted with that many children while meeting them only twice each week is in itself a great task.

With the present faculty and the new building that will be completed during the early part of the year, the Hereford schools should do the best work in the history of the schools. At any rate the faculties of the school will be better than at any time and these should be of very valuable assistance to the teachers and to the children in doing a high grade of work.

## E. W. HARRISON SAYS THAT RAIN PUT HIM ON THE JOB

"Did it help?" echoed E. W. Harrison Wednesday morning when asked about the rain the night before. "Boy, it helped me so much that I am busy right now on a job that I have been postponing ever since I built the new addition to my elevator. My crew and I are hard at work lowering the drive in floor to the new elevator one foot, so as to cut down the pull on the teams when they come in my yards, and I am also going to put in new timbers." "Yeh, you bet that rain helped!"

## COMPANY E TEXAS NATIONAL GUARDS RETURNED HOME

# Mrs. Eubanks is In Santa Fe to Write Big Novel

A few days ago Mrs. C. B. Eubanks, wife of E. C. Eubanks of the Western National Bank of Hereford, left for Santa Fe, New Mexico, "to spend the summer." Mrs. Eubanks did not state that she intended to spend the summer writing a novel, but the following article, taken from the Santa Fe New Mexican of July 18, lets the cat out of the bag:

"To gratify an ambition to write a novel about the Oldest City and the Oldest Capital—called Santa Fe, and to write it in the Oldest House in America, Mrs. C. B. Eubanks, of Hereford, Texas, applied to the Christian Brothers of St. Michael's College for permission to spend part of the summer in that venerable little adobe residence facing San Miguel's church, on De Vargas street. The brothers granted the permission, manifesting considerable surprise at the request, and today Mrs. Eubanks and her young daughter moved into the oldest habitation—as it is known.

"Mrs. Eubanks obtained sufficient furniture with which to keep house, and then made the round of drug stores to procure disinfectants, including large quantities of sulphur, with which to dislodge many of the oldest inhabitants from the walls of the 'Oldest House.'

"I do not exactly like the odors, but these will vanish," she said, in discussing her venture, and they were to be expected. This Oldest House is fascinating to me, but it will need some ventilation and plenty of disinfectants. I dare say it has not been occupied for a long time—that is, by human beings."

"Mrs. Eubanks ascertained the location of the 'oldest house' by calling on Secretary A. J. Fisher, of the Santa Fe Chamber of Commerce. Her request to take up her residence in this old adobe at first astonished Mr. Fisher, for he had met many tourists and had heard many curious questions. But none about renting the Oldest House.

"Years ago, a woman visited the Old Palace and called to her little boy as she stood in what was known as the Ben Hur room. 'Come in sonny,' she said, 'and put your foot into this room.'

"About fifteen years ago a young man came out here from Washington D. C., and tried to make arrangements to get permission to spend hours in writing in the Old Palace. He said he was working on an article for the Black Cat magazine, and wished to write it in the Ben Hur room, where he thought inspiration would flow from the walls. He was pronounced a 'nut' even by his friends, but he maintained that better literature would be produced if written in a room which had such memories.

"What Mrs. Eubanks will write about Santa Fe after a few days' sojourn in the 'Oldest House' is a subject of considerable interest to Secretary Fisher. He hopes that it will not be a Katherine Gerrould production."

## PREPARATIONS FOR FAIR AT AMARILLO UNDER WAY

Amarillo is already looking forward to the third showing of the Tri-State Exposition, and is asking that the entire Panhandle, Eastern New Mexico, and Southern Oklahoma join hands to make of the 1925 fair, one which will go down in history as hard to match.

This is the declaration of U. N. Oliver of Amarillo, president, who added that with the unprecedented business era and great crop prospects, now being enjoyed, the natural stage is set, if the people of these sections will but join forces to do their part.

Some three years or more ago, he reminded the people of the Panhandle the idea of a sectional fair and a place to hold it in Amarillo was decided. The city, it being understood that she was to furnish the grounds and facilities.

These have now been placed at the disposal of section and the institution, backed by 100,000 more successful showmen, is now staged on a firm financial basis to carry on. It is now up to the people to make of it what they will. For 1925, it already bids fair to be second to none in the state, with the exception of the Dallas Fair. This president declared.

Reservations are already being sought and prizes are being offered, surpassing that of any preceding year.

A fair is primarily for the farmer, the manufacturer, and the stock man. One of its chief purposes is to make it a thing of profit to these people, the backbone of any community. Only through the very best of exhibits can a profitable interchange of ideas and advertising be obtained.

## "CODE OF THE WEST" IS A ROARING WESTERN ROMANCE

Flapperism comes in for a sound spanking and jazz receives a knockout blow in Paramount's "Code of the West," from the one Grey novel of the same name, to be shown at the Star Theatre, Friday and Saturday, Matinee and night, July 31 and August 1.

The direct and drastic methods of the West were never better illustrated than in this absorbing photoplay in which a sturdy son of Arizona teaches a flapper daughter of New York the art of living and loving.

Pictured against marvelous natural backgrounds and abounding in breath-taking thrills, "Code of the West" unfolds its vivid, appealing story of romance of George May Stockwell, a frivolous little flapper, and Cal Thurman, a sturdy, virile cowboy.

The young westerner, unused to the ways of the East, falls an easy victim to the charms of George, who flirts outrageously with him but laughs at him when he proposes to her. The realization that she has only been playing with him infuriates Cal and he forces her to marry him.

This is the beginning of an unusual series of events that reach a terrific climax during the height of a roaring forest fire. The manner in which George and Cal escape paying the way to their ultimate reunion provides several mighty thrills and some great dramatic moments.

Owen Moore has the strong role of the cowboy-caveman, and Constance Bennett gives a good account of herself as the flighty, flirty flapper. Others in the cast are Mabel Ballin, Charles Ogle and David Butler.

the people should rejoice. One of the main objects of the 1925 fair will be to give them the very best by way of entertainment obtainable, and it is firmly believed that this has been arranged for.

Heads for these various departments have been named and are already at work. Progress is being reported. In this great showing it is hoped to list every town and community. Representatives of these, who have not already done so, are asked to communicate at once with O. V. Vernon, Secretary, who will at once take the necessary steps to facilitate matters for them.

What every member of the present board of directors wishes, is for the people to know that this is their fair; without their nothing can be done, but with their co-operation, there is no limit to its possibilities.

# Thieves Purloin Studebaker Car Front of Theatre

Thieves swiped the Studebaker touring car belonging to S. P. Rosson, local manager of the International Company, Wednesday night while Mr. and Mrs. Rosson were attending the picture show. The car was parked in front of The Popular Store just about the hour the Star Theatre opened, 8:15 o'clock, and observers state it was gone a few minutes after its owner entered the theatre.

Up to Thursday afternoon no trace of the missing automobile had been found. The sheriff's office was working on the case and nearby county officials have been warned to look out for the car. It is understood that Mr. Rosson carried theft insurance on the automobile.

files of the old Texas Western, and dated January 16, 1883, forty two years ago. A story in this old paper reads as follows:

"Our County Clerk has just filed in his office, an agreement of copartnership between John Estes, of Washington County, and John A. Randel now of this county, which they have just entered into, for the purpose of operating a sheep farm, and the erection of a large steam gin, corn, and flour mill, and for the purchase of grain and cotton. Their sheep farm is already in operation, and is situated about five miles from Anson. Their mill is to be in or as near Anson as practicable. And is to be completed inside of fifteen months. They are to be prepared for the grain crop of 1884, and if they are not prepared to gin cotton this year, they will be prepared to purchase all that is brought to them in the seed. We learn that these reliable business men, have ample means. Mr. Estes has been engaged in the mill and gin business for several years."

We are needing a good rain very much just now, as the hot winds this week are doing damage to gardens and some feed that is small yet.

**COL. R. Q. LEE RECOMMENDS FRUIT BEARING TREES HERE**

Hereford, known to tourists as the "shady city" may become a nut growing center within the next few years as a result of Col. R. Q. Lee's recent visit to this place. Lee urged the people here to plant nut and fruit bearing trees for shade rather than the locust, elm and other non-producing shade trees. He is carrying on an intensive farming campaign through the West Texas Chamber of Commerce and this is one way he is seeking economy for the people.

A number of local people are contemplating using pecan and walnut trees for shade as both these varieties thrive in this section under favorable conditions. Hereford boasts more shade trees than any other city of her size in the Panhandle.

**How this One-Profit Coach**  
*is built by Studebaker*  
**on the sturdy STANDARD SIX CHASSIS**

**SUPERFICIALLY** other coaches may resemble this Studebaker Standard Six, but the resemblance will not stand analysis.

Only two cars are made on a one-profit basis—Ford in the lowest price field and Studebaker in the fine car field. Only in these two cases are all bodies, engines, clutches, gear-sets, springs, differentials, steering gear and axles designed, engineered and manufactured by one company.

Contrast this with the average car, where the extra profits of many outside parts and body makers must be included in the purchase price.

These profits are part of the production cost of the car—the same as the steel and wood of the body. They do not buy materials nor workmanship—they do not make any car one whit better.

Studebaker has achieved one-profit manufacture through years of far-sighted management and through sacrifice on the part of stockholders. Earnings which might have been distributed have been retained in the business to build one of the largest gray iron foundries in the world, to erect stamping mills, forges, etc., to purchase the finest labor-saving machinery, to construct enormous body-building plants.

As a result, resources totaling one hundred million dollars are concentrated upon the production of one-profit automobiles such as this Standard Six Coach.

**What does it mean to you?**

To you, as an automobile buyer, this means:

1. A Lower Price.
2. A Better Car.

**A LOWER PRICE**, because Studebaker does not need to pile its profit upon the profits of outside parts manufacturers and body builders.

**A BETTER CAR**, because it is a thoroughly coordinated, harmonious unit. Every part designed,

And the balance in 12 monthly payments of \$91. Come in and see how easy it is to buy this Standard Six Coach on our liberal budget payment plan.

engineered and manufactured under one management, to work more efficiently with every other part.

A better car because Studebaker can afford to use finer upholstery, better steel, higher grades of lumber, more painstaking workmanship in hundreds of unseen places.

Scores of thousands of miles of excess transportation are built into every Studebaker. When the car which looked like an equal value while it was new, is breaking up, the Studebaker is breaking in.

That is why in Arizona—out where desert heat and rugged mountain trails test automobiles to the utmost—Studebaker sells double its normal proportion of cars. Every county in Arizona which has bought an automobile for its sheriff has bought a Studebaker.

**This coach is not a one year car**

As a splendid example of the facts stated above, we offer the Standard Six Coach. To appreciate this car you must see it and ride in it. We urge you to do so immediately. It is called a coach, but is in reality a roomy five-passenger coupe.

It is a car that will give you faithful economical service. It is built to yield dependable, comfortable transportation for years and years.

**Buy now—no more "yearly models"**

This is the time of the year when men have hesitated to purchase an automobile, fearing that the car they bought in July would be made obsolete artificially by the announcement of new yearly models in August or September. Studebaker has discontinued the custom of presenting yearly models. Instead, Studebakers will be kept up to the minute in body styles and chassis design regardless of the calendar.

Come in NOW—and see this sturdy, dependable, one-profit Coach.

Mrs. Velma McKinnian is spending a few days visiting her parents, Mr. and Mrs. J. H. Cook.

Quite a number from our neighborhood attended the Randall County Singing Convention last Sunday at Canyon.

We were more than delighted with the wonderful rain which fell in our part of the country late Saturday afternoon. This will greatly help the growing crops.

Mr. Sheppard, the Methodist preacher from Happy, visited in the home of Mr. and Mrs. Charlie Cox last Sunday afternoon.

## JOEL

Mr. and Mrs. John Snyder and little son Ralph of Lawrenceville, Ill., came to visit with Mrs. Snyder's parents, Mr. and Mrs. A. E. Chamness.

Mrs. Lester Galley and Mrs. Nelson were calling one day last week on Mrs. Ray Hershey and Mrs. Arch Conklin. Whooping cough has invaded the Caloway and Negeline homes. One mem-

ber has it in severe form.

Mrs. Hollis Galley and three children Townsend, Margaret and Myron, of Newton, Kan., came Sunday to make an extended visit with relatives. They drove through in their car. They report Kansas as hot and dry, and enjoying the plains breeze and cool nights.

The boy and girl club met Monday at the Wm. Negeline home.

Mrs. Ed Botts visited Mrs. Stice one day the past week.

We are sorry we cannot report Miss E'Dora Smith better as she has had quite a long seige already. The Dr. will know in a day or two whether it is typhoid fever or not. We hope she may not have to endure much more.

The Ed Botts family spent the day Sunday with Mr. Welliver in town and in the afternoon took a ride down into Castro county. The ride was much enjoyed as one always enjoys seeing new country and compare the crops, etc.

Walter Galley with the Hershey boys and others from Progressive went plum hunting Saturday morning up on the Canadian river. The outing was much enjoyed and they did not come home empty handed either as we heard others did who went in search of plums. The plums were larger and better than we expected for the dry weather.

Mr. and Mrs. C. P. Galley went to Dimmitt Monday for Mrs. Dixon Tur-

ber and made several calls on friends.

Mrs. Minnie Walker spent Friday night in town at a surprise birthday party for her brother, Henry Cox, and also celebrating the anniversary of the first picnic held on the plains, July 10.

Dawn is to have preaching and singing next Sunday, July 10, also a supper at night.

### Off The Beaten Path

The real charm of touring lies in leaving the main-travelled highways and exploring the thousands of alluring side-paths. These dirt roads and trails lead to spots of rare beauty unvisited by the throng—where better camp-sites may be found—finer fishing and lovelier scenery. In a Ford car, you can enjoy the thrill of exploration and discovery. It is the one satisfactory means of travel for these narrow roads—light—yet so powerful that it will bring you through—easy to handle—sturdy and economical. It will carry the whole family and the saving in cost often pays for the entire vacation.

**W. G. SLAGGLE TRYING OUT CHICKEN FEEDS ON FARM**

W. G. Slaggle is carrying on an experiment on his pure bred White Leghorn poultry farm east of Hereford, that is being watched with interest by all the chicken men in this section. Mr. Slaggle is carrying on a sixty day feed test to determine whether commercial or home grown feeds are the more economical.

Mr. Slaggle is feeding the commercial chicken feed to 375 hens and 375 hens are being fed a balanced ration

composed of home grown products. Both flocks are allowed plenty of green stuff. An accurate record is being kept and at the end of the sixty day period, Mr. Slaggle will be able to determine which kind of feed is the more profitable and will also be able to give the exact cost of each egg produced. Mr. Slaggle will not make any statement as to the results until the sixty days are up and he has made complete check on results.

**WHATS DOING IN WEST TEXAS**

**Furnished by West Texas Chamber of Commerce**

**Amherst**—Amherst will celebrate its second anniversary on August 1. This city has grown very rapidly during this time and is some "Husky Colt." A big barbecue and rodeo are being planned to celebrate this occasion.

**Albany**—Arrangements are under way whereby Albany will have a new modern hotel. Plans call for a two story structure and possibly a basement. The new hotel will be erected on the site where the old hotel now stands.

**Eden**—The West Texas Sheriff's Association met here this week. A large number of sheriffs from the district attended, and report a very successful meeting.

**Crosbyton**—The Texas Panhandle will produce 6,000,000 bushels of wheat this year, according to a statement given by Walter Barlow of the Great West Grain & Elevator Company. This is a considerable increase over last year's crop.

**Del Rio**—All the field work has been completed in the large Red Bluff irrigation project on the Pecos River and topographical maps are now being made. This is a Federal project and aid will be received from the Department at Washington. The cost is estimated at \$3,000,000.00.

**Stamford**—Contract has been let here by Drs. Bunkley, Southard & Hudson for a modern nurse's home. It will cost approximately \$28,000.00.

**Comanche**—A new modern cold storage plant is being located in the ice plant building here. This plant will be ready for use within six weeks. There will be ample room in this plant to take care of the large turkey crop this season.

**Brady**—A new railroad to span the gap between Kerrville and Brady is to be built in the near future, according to announcement made here by Senator Robert A. Stuart of Ft. Worth. This distance is 85 miles and will connect the Frisco system with the S. A. & A. P. now owned by the Southern Pacific.

**Plainview**—The Herald Publishing Company has let contract to Harrison & Smyth for a new building to be erected on the site of the present Herald building. The new improvements and machinery will represent an expenditure of \$30,000.00.

**Levelland**—The Mallet ranch near here has been thrown on the market. This ranch consists of 56,000 acres. This is according to sales manager Stanley Watson.

**Lamesa**—Lamesa is to have a \$45,000 theatre. The contract has been let to Harvey O. Allen and work will begin at once.

**Rising Star**—The Phillips Petroleum Company is erecting a big booster station in the Crosscut field for the purpose of pumping the gas to the plants at and adjacent to Pioneer. 75 men will begin work immediately.

**Midland**—Midland has voted to adopt the terms and conditions of the Texas

**General Paving Law.** The law was passed by a large majority. Bonds will soon be voted for Midland's new paving campaign.

**Anton**—A contract has been closed here for the erection of a \$50,000 school building. Anton is a new town on the Spade ranch twelve miles east of Littlefield and their new school building will take care of part of the students from the Littlefield district.

**DID YOU KNOW:**

That 21,000,000 letters went to the dead-letter office last year?

THAT 803,000 parcels did likewise? THAT 100,000 letters go into the mail yearly in perfectly blank envelopes?

THAT \$55,000 in cash is removed annually from misdirected envelopes?

THAT \$12,000 in checks, drafts and money orders never reach intended owners?

THAT Uncle Sam collects \$92,000 a year in postage for the return of mail sent to the dead-letter office?

THAT it costs Uncle Sam \$1,740,000 yearly to look up addresses on misdirected mail?

THAT 200,000,000 letters are given this service, and

THAT it costs one city alone \$500 daily.

**AND DO YOU KNOW**

THAT this vast sum could be saved and the dead-letter office abolished if each piece of mail carried a return address, and if each parcel were wrapped in stout paper and tied with strong cord?

**MORAL:** Every man knows his own address, if not that of his correspondent.

**VOCATIONAL AGRICULTURE HEREFORD HIGH SCHOOL**

**Timely Hints on Agriculture**

July is the month, as the people in the corn belt would say, "you can hear the corn grow." The rather intense heat brings discomfort to the people who work on the farms and farm animals, but this same heat promotes the rapid growth of vegetation and makes a good harvest possible. If you are somewhat inclined to complain about it being hot, just keep that thought in mind.

This is the month when the proper cultivation pays the largest dividends. Cultivation of row crops serves a twofold purpose—to destroy the weeds which take up the moisture and plant food which the growing crop needs, and to keep the soil stirred so that the moisture and plant food will be available to the plants that produce saleable crops. It would be better to have improper cultivation rather than none at all, but the proper kind of cultivation will pay large dividends when the crops are harvested and marketed, especially in this true when we are farming under dry-farming conditions.

Have you culled your poultry flock, as yet? This is the time when you should begin to weed out those hens which are not laying. Hens that molt in July seldom make good layers. Even good hens will not lay unless they are given proper feeds and proper care, but if they have been properly cared for and are still not laying at this season of the year, the owner had better to take them to market. Those that

make slow growth and that have poor conformation should also be fattened and marketed. Plenty of fresh water and freedom from mits keeps the chickens growing.

Separate the male birds from the poultry flock as soon as the hatching season is over. In warm weather a fertile egg will spoil in less than half the time it will take an infertile egg to spoil. Infertile eggs are pronounced when the mall birds are not allowed to run with the flock. The better keep-

ing quality of the egg makes it worth more money.

**H. B. WEBB TO ENTER SOME BIG ONIONS AT COUNTY FAIR**

Deaf Smith county will make a strong bid for first prize on vegetables this fall at five of the biggest fairs in the State. Last year this county scored high on this phrase of the exhibits at each of the places. Other counties will have to step if they expect to win the onion prizes, according

to H. B. Webb, local truck farmer, who is exhibiting four onions that weigh exactly four pounds or a pound each. Mr. Webb is leading other Deaf Smith county truck farmers for large onions so far this season and states that he expects to win first place at the Deaf Smith county Fair this fall. He finds onion raising to be very profitable here.

Dr. J. W. Hicks, Mrs. Hicks, their daughter, Miss Vida, and Miss Medora Barnes of Arlington, Texas, left last week for a vacation trip of ten days or two weeks in the mountains of Colorado.

## A Critical Time

This is a critical time with our farmers—

By thorough cultivation a good feed and cotton crop is almost assured.

We are anxious to help our farmer friends to make the most of their opportunities.

## The Texas Qualified Druggists' League says:

MEMBER TEXAS QUALIFIED DRUGGISTS' LEAGUE

Legally Registered Pharmacist

"The person who suffers from ills of the body may demand the services of a physician though he pay no fee. Humanity gives him that right. The ethics of the medical profession guarantee it. The druggist who fills the doctor's prescription is bound by professional ethics equally broad. He must do his work regardless of profit."
