### HOME TOWN TALK

By Beddy  
There has not been, within our acquaintance of Big Spring, a more striking example of unselfishness and real desire to work for the good of the entire community than the attitude being taken by employees of the Texas & Pacific Railway company with reference to the county road bond issue of \$900,000 to be voted on December 23.

There are, of course, a few who oppose the issue. But casual conversation with T&P men in all departments leads us to the conclusion a heavy majority of them favor the bond issue.

This in spite of the fact that right now considerable agitation is being generated among them in opposition to what has been declared unfair competition from motor bus and truck operations.

These men think for themselves. And most of them can see for themselves that what they need is PROPER REGULATION OF BUSES. Then, no matter how many good roads are built, they will not manage the railroad's business.

The fact is that, with construction of good roads and proper taxation of buses and trucks benefitting the railroad from construction of good roads would grow many times over.

Along with the evil they see in operation of trucks and buses, they know full well that their road still derives benefits from good roads.

Growth in property valuations was brought on primarily by construction of the railroad. The road opened the way for development of this country. The very development it helped to originate created need for good roads.

The reciprocal benefits of good roads to the public and the railroad will continue in greater and greater measure as more good roads are built.

We are for fair competition between buses and railroads. We are for the road bond issue. So are a majority of the railroad men.

I consider myself fortunate to have been in business in this particular town during the past year. I have seen a busy merchant Wednesday.

He declared that he believed he had done more business here during a quiet year than he could have done elsewhere.

He also declared sales of Christmas merchandise from his store were very satisfactory.

## Inch Rain Falls Here

### Lightning Is Cause Of Fire In Ford Home

#### Many Parts of West Texas Report Beneficial Precipitation

A terrific rain and electrical storm struck Big Spring and vicinity at 5:30 a. m. today, causing fire damage to one home.  
A power line outside the home of Steve D. Ford, 910 Dallas Avenue, was struck by lightning, igniting wires leading to an electrical stove in the Ford home.  
The fire department, driving through a heavy rain, extinguished the fire with a small damage. Most of the damage to the home was caused by water.  
Total rainfall in Big Spring in two hours was 1.01 inches, according to the rain gauge at the government experiment farm.  
The rain was accompanied by lightning and thunder. No other damage was reported to local fire department officials.  
Cloudy skies today indicated further precipitation would fall before night.

ABILENE, Tex., Dec. 4 (AP)—Rainfall here this morning measured 1.59 inches, bringing the year's total to 26.02. The 40-year normal is 25.17 inches. Rain fell in hard bursts during the early forenoon, but skies were clearing toward noon. Farmers of the area say their underground season is deepest in many years.  
Reports gathered here told of rains ranging from one inch to one and three fourths inches in a territory from Stamford to San Angelo and from Breckenridge and Cisco to Big Spring.

OLNEY, Texas, Dec. 4 (AP)—Three inches of rain here last night and today increased the total for 90 days to 12 1/2 inches.

WICHITA FALLS, Texas, Dec. 4 (AP)—Rain that had fallen throughout the night in Wichita Falls and the surrounding territory was still drenching the city in a persistent downpour Thursday morning. The total precipitation in Wichita Falls was .79 of an inch. Although the rain extended as far north as Childress and north to points in Oklahoma, it was not so heavy to the north. It was in Wichita Falls and points south as far as Dublin.

SWEETWATER, Texas, Dec. 4 (AP)—More than an inch of rain fell over this section today, filling lakes to overflowing. The weather was warm. The precipitation will be of great value to small grain crops and pastures.

PLAINVIEW, Texas, Dec. 4 (AP)—A general rain measuring from one-half to one and one-half inches fell last night and continued today over a wide area of the plains country. Plainview received .8 of an inch. Floydada 1.2 inches, Petersburg and Hale Center, .82. Oton 1.2 inch, Turkey, Quitaque and Lockney, one inch each.

LUBBOCK, Dec. 4 (AP)—Jupiter threw a curve ball at the weather man last night and this morning in the form of gentle rains totaling an inch over the 18 counties of the south plains. Temperatures Wednesday night and this morning were springlike, the thermometer standing at and near 55 degrees.

SAN ANGELO, Tex., Dec. 4 (AP)—Rain was falling this morning over a large portion of West Texas, ranging from showers to three inches at Fortan in Howard county. The gauge here up to 9:30 yesterday was .68 inch.  
Sterling City and Sweetwater reported heavy rains; Robert Lee, Bronte, Eola, Menard, Junction, Brady and Barnhart each got one inch and Rowena and Wall got one-half inch. Range for livestock and winter grains will be benefitted but the last of the cotton crop will be damaged. Motor travel on dirt roads was impeded.

### Wife Broke His Eye Glasses; Wants Divorce

It was "embarrassing, humiliating and tantalizing" to a Big Spring man for his wife to maliciously break his glasses. That is conveyed in a petition for divorce which has been filed in district court.  
The man alleges he is unable to see well without his glasses, and his wife, becoming angry with him, would break them.  
Sincerely,  
G. R. PORTER.

## Tom Green To Pave Gap of Highway No. 9

### Callahan County Issue To Be Voted Upon January 3

Another unpaved gap in Highway No. 9, one of the most important state-federal routes in Texas, will be surfaced as a result of the letting of a contract in Austin by the state highway commission for paving 3.7 miles from Sanatorium north to the Coke county line in Tom Green county.  
This will leave but a short strip across the corner of Coke county unpaved from the vicinity of Eden to Howard county.  
Reports reaching here from Foran, Ross City and other communities in the oil fields south of Big Spring indicate sentiment is practically unanimous for the passage of Howard county's \$300,000 road bond issue, to be voted upon December 23.  
Communities north of the city where sentiment has been about evenly divided or slightly against hard-surfacing county highways, are reporting growing sentiment for passage of the bond issue.

### Crash Victim Not Identified

While Arlington police worked on the theory that the body of a man who was killed when struck by an automobile near the Martin-Howard county line Monday night was that of J. A. Smith, radio station WBAF, Fort Worth, was broadcasting a description of the crash victim, and the body rested in a Stanton morgue today—still unidentified.  
Officials of the Stanton Hardware Co., where the body was held, declared no definite identification had been made. They said the Arlington chief of police was working on the case in an effort to prove the dead man was Smith, who held an appointment as a deputy on bridge work at Arlington, but that nothing had been heard from him today.  
It is said a slip of paper found in an article of clothing found in the trailer of the car, had the appointment written on it. Clothing also bore the laundry mark, "J. A. S." The address, "Mrs. W. C. Hays, Arlington," also was found.  
Officials of the hardware store, however, declared they knew nothing of the appointment slip.  
It was at first thought the man was W. J. Lee of Blackwell, but Lee was found working on a ranch near Midland. The body was taken to Sweetwater for burial, and brought back here after sons of Lee failed to identify the man as their father. The body was later taken to Stanton.  
Stanton officials hoped definite identification of the body would be received today. The official who gave Smith the deputy appointment was killed by a negro at Arlington a week ago.

### Roads And Hens; 6 Cacklers Would Pay Tax On Bonds

Figure this out.  
A person owning 100 acres of land, figuring a valuation of \$4 per hundred, would have a 560-taxable valuation. The fifty cents to be levied if the proposed \$900,000 road bond issue is passed, would amount to an annual tax of \$2.80.  
Consider six hens. Allow one egg each five days for each hen the six would produce 36 eggs, or 432 eggs a year. This is 36 dozen.  
If the eggs are marketed for fifteen cents a dozen, the producer would obtain \$5.40.  
In this manner the hens would not only produce the taxes for the bond issue, but would lay a nest egg of \$2.60 clear.  
C. T. Watson, secretary of the Howard County Good Roads Committee, is the mathematician.

### Fred Koberg Soph Leader

Frederick Koberg was named president of the sophomore class of Big Spring high school Wednesday in the first class meeting of the session.  
R. V. Jones was made vice president, Margaret McDonald, secretary and Ruth Mellinger, reporter.  
President Koberg, addressing his classmates, reviewed plans for class activities during the session. Programs and entertainments are to be held.

### Shorter, Safer Jobs and Bus Competition Studied By Executives of Five Rail Brotherhoods at Cleveland

CLEVELAND, Dec. 4 (AP)—Executives of five big railroad brotherhoods met today with the object of making railroad jobs shorter and safer.  
The conference is concerned primarily with doing something for the 50,000 unemployed estimated to be on the brotherhood rolls.  
The other purpose is to prepare for a common fight with railroad operators against the competition of motor trucks, pipe lines, waterways and buses, according to David B. Robertson, president of the Brotherhood of Locomotive

### For Road Bonds

The road bond issue upon which we have seen a vote will give the citizenship of Howard County an opportunity to get out of the dust and mud and the unpleasant jobs that we now get in riding over our Howard County roads, especially our highways.  
I am for the road bond issue.  
First, because I believe in progress.  
Second, because the amount of additional tax necessary to carry this issue is small compared to the advantages.  
Third, highways and railroads are necessary to develop a country.  
Fourth, the farmers who live any great distance from market save time and money by having a highway upon which they can haul heavy loads to market any day in the year.  
Fifth, the state and federal governments are offering us \$2 for each \$1 voted by the county to be spent on state and nationally designated highways.  
Sixth, the state highway commission has agreed to pave No. 9, first, and I believe after this road has been hard surfaced which will require about three years that highway No. 1, will be almost impossible as the paving on it is almost worn out now.  
Seventh, I believe that good roads bring other forms of development that will benefit every citizen of Howard County and that the benefit derived will be far greater than the cost.

### Youth Given 2-Year Term

C. A. Clark, 17-year-old McCampy youth, was given a two-year sentence in the penitentiary for forging and passing an instrument, in district court today. The sentence was suspended by District Judge Fritz R. Smith, on recommendation of the jury.  
It was alleged that the youth passed a check for \$13.50, drawn on the Higginbotham-Bartlett Co., Stanton, made payable to B. H. Moore, and signed by G. H. Bullock. The check was given to the Albert M. Fisher Co., where it is alleged he obtained \$30 in cash and \$13.50 in merchandise.  
A youth, said to have stolen the checks from the company, was recently given a suspended sentence in Mitchell county.

### Suspended Sentences Meted In District Court

Clark pleaded guilty when his trial was called this morning.  
Booker T. Bridges, negro, charged with attempting to cash a forged check at the State National Bank, drawn on J. King, Elbow community, in the amount of \$8.50, also was given a 3-year suspended sentence. He pleaded guilty.  
Hubert Engle, 2-year-old german man of California, entered a plea of guilty to burglarizing the N. W. McCleskey home when brought to trial today. He was given a two-year suspended sentence.  
Engle admitted on the stand he is wanted in Los Angeles and San Francisco, and Sterling City.  
He is charged in Los Angeles with stealing an automobile and forger. He also is charged with forgery in San Francisco. An appeal was taken.

### School In Dawson County Swaps Radio For Water Well

LAMESA, Dec. 4 (AP)—Liberty school in Dawson county swapped a radio for a well of water. The radio was won in a contest with other rural schools, and, being an electric machine, could not be used at the school. In previous years water had been piped to the school from a farm house. A trade was made with a contractor to swap him the radio for the drilling of a well in the school property and installing water pipes.

### Ten Indicted By Grand Jury

The Howard county grand jury continued to hear evidence today after having returned a total of 10 indictments since it was impaneled Monday morning by Judge Fritz R. Smith.  
Two indictments were returned Tuesday afternoon and eight additional ones Wednesday afternoon. In the first indictment, Jim Martin, 56 year old teamster, was indicted for the death of LaVelle Gibson, and M. K. Kall, was billed for possession of intoxicating liquor for purpose of sale, Harold Henderson, charged with the burglary of the N. W. McCleskey home, Edwards Heights, and wanted in several West Texas counties for car theft and burglary, who escaped from the Howard county jail, was billed by the grand jury for the McCleskey home burglary.  
The following indictments were returned Wednesday afternoon, and bonds set:  
Booker T. Bridges, forgery and attempting to forge instrument, \$500.  
Hubert Engle, burglary, \$500.  
C. A. Clark, forgery and passing forged instrument, \$500.  
D. L. Lovvorn, making and passing a forged instrument, \$500.  
D. L. Lovvorn, forgery and passing forged instrument, \$750.  
Harold Henderson, burglary, \$500.  
Charles Bailey, theft.  
Frank Keller, theft.

### Gentry Talks To Club Men

Kiwanians must elect successor to Joe Kuykendall.  
Kiwanis club members heard a classification talk by George Gentry, junior-senior high school principal, at their weekly luncheon Thursday at the Crawford hotel.  
Members of the grand jury, with District Attorney George Mason and District Judge Fritz R. Smith were guests, as was A. C. Williamson, scout executive.  
The program was in charge of Felton (Uncle Walt) Smith.  
It was announced that Joe E. Kuykendall, recently elected president for 1931 would move from the city soon because of changes in the duties of leading employees of the J. M. Radford Grocery company. A special nominating committee to recommend candidates at next week's luncheon was named by President C. W. Deats, as follows: L. W. Croft, chairman; V. R. Smitham and Lilburn Coffey.

## Workers To Gather Today; Again Friday

### Leaders Optimistic; Goal Is \$10,000; Work Incomplete

Big Spring was in the process of doing a worthy job right today at noon when brief and incomplete reports from 150 workers indicated total subscriptions obtained during the morning for the \$10,000 Community Chest fund were approaching \$5,000—half the amount needed.  
Chairman Carl S. Blomshield announced all workers would gather at the Settles Hotel at 5 p. m. today and again at 9 a. m. Friday, when the final work of filling the chest will be started.  
Speaking briefly at the Kiwanis club meeting today, noon Blomshield told Judge Fritz R. Smith, district judge, and George Mahon, district attorney, that if "you want to be certain of election I suggest you borrow this committee that is putting over this drive. They can't be beaten."  
Mr. Blomshield was very anxious that all workers meet this evening and Friday morning promptly.  
Railroad Men  
It was announced that arrangements were being made to see railroad men at times convenient to them.  
"We don't want to bother trainmen or engineers while they're sleeping between runs and will work out some plan this evening that suits their convenience," he said.  
What was thought to be the first donation received Thursday morning was obtained by Dr. J. R. Dillard from Floyd Hardesty, Fort Worth, formerly of Big Spring. A few donations had been turned in before the drive properly opened Thursday morning.  
It was reported officials of the Cosden Oil Company were cooperating in an effort to have every employee donate something.  
Several handsome donations of cash were received during the morning.  
Result of successful completion of the drive would be efficient handling of public charity for the year 1931; placing of the Boy Scouts' work upon a firm financial basis for the first time; adequate support of the Red Cross and Salvation Army—all as the result of one drive; eliminating two or more, in addition to sundry miscellaneous soliciting during the year.

### Buying With Orders On Next Month's Salary Stopped By Smitham

City Manager Verner R. Smitham today advised Big Spring merchants that city employees would not pay orders for merchandise obtained by city employees.  
According to Smitham, several city employees are giving orders for their next month's wages in exchange for groceries and other articles. Smitham declared it required too much bookkeeping to keep the records straight, and deduct them from the wages of the individual.  
The check for wages will be given in full to the city employee, Smitham declared.

### Dentists Favor Community Chest

We believe in a Community Chest because it is the best way to handle situations arising with respect to public charity and other worthy causes not directly supported by any governmental or other permanently organized agency.  
Especially do we think it best this year, when there will be more charity work than usual. The work will be handled through the Salvation Army and we believe it is better qualified to handle it than any other organization. We know when solicitation is made for the Community Chest that, unlike many things we are asked to donate for, it is a worthy cause. In our minds it is better to make one concentrated drive for all worthy charity than to make several smaller drives, mixed with calls for unworthy movements.  
Unorganized and random methods of obtaining funds for various charitable activities place the business and professional man in a difficult position. He does not know when to give or to whom. In this way he may give his entire charity budget at one time and say "no" to everything else. We feel that the three institutions participating in the Community Chest fund all merit our liberal support and the people of Big Spring should rally at this time to this cause and provide an abundant Chest for all worthy charity.

TEXAS STARS INCLUDED IN CHARITY TILT

SAN FRANCISCO, Dec. 4 (AP)—Twenty-one players have been invited to play with the Western team in the Shriners' annual charity East-West football game here Dec. 28.

Knute Rockne Seeks Rough Rider To Fill Shoes Left By Knee Injury To Mullins

Irish Go Through Light Drill at University of Arizona Field Preparatory To Meeting Southern California

TUCSON, Ariz., Dec. 4 (AP)—The task of filling Full-back Larry Mullins' shoes added to Coach Knute Rockne's worries today as he marshalled out his Notre Dame Rough Riders for their final workouts for the invasion of the University of Southern California.

Rockne yesterday revealed that Mullins would not be able to play against the Trojans because his knee, badly wrenched in the Army game last week, had not responded to treatment.

Dan Hanley, who jumped into a certain amount of fame during the Drake game, and Al Howard, a member of the "Shock Troop" squad, were drilled to replace Mullins.

After today's workouts, one in the morning and another in the afternoon, the Notre Dame squad planned to hop aboard its special train for the final journey to Los Angeles, arriving there Friday.

Gloom and Joy Battle In Ranks of Trojans

LOS ANGELES, Dec. 4 (AP)—Gloom and joy continued their battle today as the University of Southern California Trojans went into the final stage of their preparation for Saturday's game with Notre Dame.

Joy, however, had an advantage, though possibly it will be fleeting. For the Trojans' star left end, Hugh "Dutch" Wilson, was out in football togs and will start in the all important fray.

Minor League Draft Battle Draws Tighter

Relations Between Major And Minor Leagues At Standstill

By HERBERT W. BARKER Associated Press Sports Writer MONTEAL, Dec. 4 (AP)—The five non-draft leagues sought to tighten their defenses today in preparation for a long drawn out struggle with the majors on the draft question.

All relations between the two rival groups—the American and National Leagues on one hand and the International, Pacific Coast and American Association leagues on the other—were at a standstill, at least temporarily, and there were no indications that their differences could be patched up in the immediate future.

The majors insist that they be given the right to select or draft at a fixed price players in these five leagues just as they do in other minor circuits.

They backed their demands with a drastic action—complete severance, from December 1, of

business relations with the non-draft leagues until they accept the draft.

Offer Re-Open The five leagues affected offered to re-open the question with a view to possible settlement provided the majors rescinded this action within fifteen days, but replies from President Heydler and Barnard of the National and American leagues indicated there was no chance of the majors doing this and the war was on in earnest.

Anticipating that there will be no move toward an amicable settlement at the joint major league meeting in New York next week, the non-draft minors planned to confer on ways and means of carrying on without the aid of the majors.

Another of baseball's sore sports crept out at the first session of the 29th annual convention of the National Association of Professional Baseball Leagues.

Eastland And Midland To Play Post-Season Grid Game Saturday

Midland high schools' splendid Class B football aggregation will entertain the Eastland high school Mavericks of Class A on the Midland playing field Saturday afternoon.

Announcement that the game had been matched was made to The Herald from Midland Thursday morning.

Midland authorities said they expected a large crowd and invited Big Spring fans to attend. Midland's team defeated Stanton for the sectional Class B title but was ruled out of the race because of ineligibility of one player.

Largely because of the draft dispute, trading has been very light so far. A score of deals have been completed but none of outstanding importance.

Christians Have Large Church Meet

B. Reagan and L. A. Eubanks Win Beauty Contest Prizes

Members and friends of the First Christian church met in the church parlors last evening for a couple hours of good fellowship, which was started off, with a buffet supper. Geo. L. Wilke was a very capable chairman for the evening. The following program was given:

Prayer. Orchestra gave two numbers. Dinner cafeteria style. Two songs were sung by the congregation.

A beauty contest was staged for the men, with Mrs. F. M. Purser, Mrs. Steve Baker, and Mrs. Don Harpole as judges. Because of L. A. Eubanks' grace, poise and avoirdupois he was awarded first prize in this contest and B. Reagan was awarded second prize.

The church quartet, composed of Messrs. Steve Baker, Virgil Smith, P. M. Shaw and Dr. C. D. Baxley, sang two songs with Mrs. H. G. Hill at the piano.

After announcements were made by different members of the church, Rev. D. R. Lindley closed the meeting with prayer.

The orchestra composed of Messrs. Walter Deats, Paul Warren, Leander McAllister, Everley Jones, Forest Underwood, Knox Chadd and Mrs. W. D. Deats at the piano.

Those present were: Rev. and Mrs. D. R. Lindley and Gene Ray, Mr. and Mrs. F. M. Purser, Mrs. John Clark, Mrs. Don Harpole, Mrs. E. D. Norman, and Martha Jean and Helen, Mr. and Mrs. G. T. "Stop and Go" Play Suits For Safety

Uncle Sam's bureau of home economics has designed a new colored one-piece play suit to serve as a child's own protection against automobiles (right). Left shows a front view of the suit.

By SUE McNAMARA

WASHINGTON (AP)—New one-piece play suits advocated by Uncle Sam enable youngsters to be their own stop-and-go lights as protection against automobiles.

The new garments of cotton, suede and wool in bright colors have been evolved by women designers in the division of textiles and clothing of the bureau of home economics.

Clad in their snug warmth of bright red, blue or green, even tiny tots will be more easily seen by drivers of cars. It is believed the new clothing may lessen greatly the number of traffic accidents among children.

"Present clothing of children particularly of boys, too nearly resembles the color of the road and surroundings," says Miss Ruth O'Brien, chief of the division.

The new play suits are so simple that children only 20 months old can get into them alone. They fasten in front with several buttons or a self-fastener.

They are loose enough to allow plenty of freedom in play, and are made of materials proved both warm and practical.

Before being approved by Miss O'Brien the suits were tested in the textile division of the laboratory. Miss Clarice Scott, in charge of children's clothing work, searched through Washington for average healthy children.

After getting their mother's consent she took a half dozen of them to the laboratory. Here they donned the stop-and-go suits and played unconcernedly for an hour.

The garments seemed to meet the requirements for freedom of movement, durability and good looks, so more suits were sent to an orphanage for further try-outs.

After close observation teachers reported favorably. Now Uncle Sam's new one-piece stop-light play suit is ready to go on the market.

of anyone except for the tragical death of the girl.

To this statement was added a formal statement by Lambda Chi Alpha fraternity, denying any legal or moral responsibility for the "unfortunate" occurrence.

Mrs. Damron To Fill High Lodge Office

Elected Noble Grand of Local Rebekahs Last Evening

Mrs. E. G. Damron was elected Noble Grand of the Rebekah Lodge at the business meeting last evening in the I. O. O. F. Hall.

Other officers elected were: Mrs. W. E. Harper, vice-grand; Mrs. Nova Ballard, secretary; Mrs. Lucille Caudle, treasurer; Mrs. Della Herring, representative; Mrs. J. A. Kinard, alternate.

Following the business meeting and the invitation a social was held with the "greens" serving refreshments and acting as hostesses. A stringed orchestra furnished music throughout the social hour.

In the contest the "greens" won over the "pinks" at this meeting by seven members present.

It was decided to hold a Christmas social on December 17. This will be the annual Christmas tree party and a banquet.

Those present were: Mesdames Mary Alfred, Johnnie Mae Thomas, Nova Ballard, Lillie Opal Sides, C. E. Larson, Earnest Todd, Willie Weaver, Allie Simmons, Della Herring, Alma Greenhaw, Lulla Andrews, Maggie Richardson, Jim Pardue, L. L. Gully, J. R. Hall, W. O. Thompson, W. E. Harper, J. A. Kinard, L. At nine o'clock on the evening of Friday, December 5, two young people from Big Spring will assist in the opening program to be broadcast from Station KGRS at Amarillo.

They are Miss Alice Dawes and W. R. Dawes Jr., daughter and son of Mr. and Mrs. W. R. Dawes of this city.

This broadcast will be from the Herring Hotel of Amarillo and inaugurates the widening of the range of this station. It will take its place on the radio map as one of the largest stations in Texas.

Mrs. Dawes will present two songs, "Allah" and "Song from the Persian," both by Chadwick, accompanied by Miss Dawes.

The orchestra will be conducted by Wallace R. Clark, head of the music department of the West Texas State Teachers College.

C. W. Buehler of the speech arts department will present the Skit.

The entire program is given below: Overture, The Barber of Seville—Rossini—(small orchestra). Songs, "Allah," Chadwick; "Song from the Persian"—Bill Dawes.

"A Day in Venice," orchestral suite—Ethebert Nevin; Dawn, Gondoliers, Venetian Love Song, Skit—Presented by the Speech Arts Department.

Selections from "The Prince of Pilsen"—Luders (small orchestra).

Phillips, J. H. Lewis, G. Costin, Lulu Murrab, E. M. Inman, N. M. D. Orr, J. M. Robertson, F. S. McCullough, W. D. Thompson and L. Q. Low.

## Healthiest 4-H Pair Is Selected

### Iowa Girl, Missouri Boy Win Honor At Chicago

CHICAGO, Dec. 4 (AP)—A blue-eyed 15-year-old country lass from Iowa with flaxen hair cut in a boyish bob and a modest but winning smile, and a 20-year-old college lad from Missouri are the healthiest 4-H girl and boy in the United States.

Miss Marian E. Snydergaard from Grundy county, Iowa, is the girl and William Ross Boderhamer, 20, of Johnson county, Missouri, a ruddy-faced and brown haired student at the Central Missouri State Teachers' College, the boy.

By a slight inflammation of one eyelid which someone suggested might have been a bit of Chicago dust and a small defect in the alignment of her pearly-white teeth kept Marion from scoring 100 in the National Health contest sponsored by the Boys-Girls 4-H club contest. As it was she scored 99.7.

A pair of slightly bowed legs and teeth defects were all that stood in William's way of a perfect score. His good points totalled 98.7, one per cent less than Marian's. Her mark was the highest ever recorded in the nine years the club has conducted health contests. Twenty girls and fifteen boys contested for the honors, announced "last night" after they had been subjected to careful examinations by doctors, dentists and nurses.

Each of the winners is a product of the farm. Both are "fresh air fiends," get their nine hours of sleep every night, eat lots of vegetables and drink at least a quart of milk a day. No tea or coffee are consumed by either and they don't smoke. Marian weighs 125 and stands 5 feet 4 inches. William's weight is 151 and his height 5 feet, 6 1/2 inches.

William takes no special form of exercise. But has had a lot of back on the farm before his folks moved into Warrenburg, where he goes to school. Marian often walks the two miles that separate her home from school. She is more interested in domestic science than anything else.

R. Hale, coaches of the junior and senior

## Army Officer In Statement Before Trial

KANSAS CITY, Kan., Dec. 4 (AP)—Possible lines of defense were indicated in a statement by Major Charles A. Shepard issued in advance of his trial tomorrow on a charge of murdering his second wife by administering poison.

The 33-year-old army physician's statement asserted that Mrs. Shepard died of an antiseptic containing poison. It asserted, too, that Mrs. Shepard was an alcoholic, who often suggested death as a means of escaping intense melancholia.

Mrs. Shepard died at Ft. Riley in June 1929. Some months later an autopsy was conducted, and Shepard was indicted on a federal warrant charging first degree murder.

In his statement, amplified by interviews with reporters yesterday, Major Shepard told of becoming engaged five months after his wife's death to Miss Grace Brandon, pretty 22-year-old stenographer of San Antonio, Texas, who is among the government's witnesses.

He met the girl, he said, while stationed at San Antonio in 1928. The major told of giving the young woman several presents, among them a motor car.

Asked in an interview if he had seen Miss Brandon since his arrest, Major Shepard replied:

"Not until we assembled here for this trial. I passed her the other day in the lobby. She smiled and turned away. She was accompanied by investigators for the government."

"It appears," he continued, "that before taking the stand against me she would have waited until I was exonerated or convicted."

Miss Brandon, he said, might have feared she would be held an accessory.

In making Major Shepard's version of charges against him defense counsel displayed a photograph of the stenographer, declaring she had presented it to Major Shepard. It is inscribed, "With much love, to my sweetheart, from Grace."

Major Shepard pictured his wife, formerly a nurse in his private sanitarium at Sierra Madre, Calif., as a secret drinker who fished whiskey from his army physician's kit, in which were poisonous antiseptics.

His statement said Mrs. Shepard had been at that sanitarium that night when she became ill. He recalled and named physicians who treated Mrs. Shepard at different times when she was ill.

The army officer's first wife was Clara Childs, Lewiston, N. Y., who died in 1913.

## Flashes of Life

(By The Associated Press)

NEW YORK—"Nothing doing" in the way of pictures of J. P. Morgan, for a while at least, to use his own words. Asked to pose, he referred to a picture taken last week and said: "I look just the same."

NEWPORT, R. I.—Mrs. Margaret Falmestich Holcomb, who was one of the best society dancers in her debutante days, is taking up aviation. She is remaining late at Newport for daily lessons in flying.

EL PASO—A great war across the border has ended and Hol Poole are paying and how. Breweries in Juarez were competing so hard that schooners were given away with sandwiches. With peace the price of a glass has doubled. It is now ten cents.

GLASSBORO, N. J.—Thousands of crosses are to be killed by hunters under auspices of the Gloucester or county game and fish association. A big rook near Woodstown will be raided tomorrow night and Saturday night. The idea is to protect wild game, chickens and corn patches.

NEW YORK—It's so far and so near for Mary McCormick. Asked when she expected to become Princess Serge Mdivani, she said: "It won't be till next year, but then it's almost next year, isn't it?"

GLEN COVE, N. Y.—Michael Colobianco, junk man, owns the submarine S-51, which carried 23 men to death. He discovered that the craft had been abandoned in Meadows of Carnarrie and bought her for \$100. He is breaking the

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified croceote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs croceote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to croceote, other healing

elements which soothe and heal the inflamed membranes and stop the irritation, while the croceote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

## Four Major State Parks Sought By West Texas Group

ABILENE, Dec. 4 (AP)—Twenty West Texans, including several legislators and representatives of Park associations, voted here tonight to present an urgent appeal to the legislature to enact a bill providing for establishment of at least four major parks in Texas.

D. E. Cole of San Antonio was named ex-officio chairman of a committee to work for the legislative program. Park associations represented on the committee were the Palo Duro park association, the Guadalupe Mountains park association and the Davis Mountain park association.

Senator Pink L. Parrish of Lubbock and Representative-Elect Lee Satterwhite of Odessa pledged their support to the bill and W. R. Ely, chairman of the state highway commission, spoke in favor of establishing state parks.

## Amarillo Grocer Killed By Robbers

AMARILLO, Dec. 4 (AP)—H. A. McCormick, 45, grocer, was shot four times and fatally wounded by two men last night as he apparently resisted a holdup while en route from his store to his home, several blocks away. He died before reaching a hospital. A bag of money, the day's receipts, was not taken from him. The men who shot him fled on foot.
