HEREFORD, DEAF SMITH COUNTY, TEXAS, THURSDAY, APRIL 22, 1926

HOMES AND GARDEN CAMPAIGN PLAN

A "Better Homes and Garden Movement" is being planned for Hereford, and judging from the interest it has already created, the idea will help to build a better Hereford.

The "Better Homes and Garden Movement" will take the place of the "Home Beautiful Contest" which was successfully put over last summer. Prizes will be awarded for the winners in the new project, and competition is expected to be keen.

A central committee has already been appointed, consisting of the following: Mrs. John P. Slaton, Chairman; Mrs. Bobo McLean, Mrs. J. H. Pitman and Ralph Barnett. Competition chairmen will be appointed for the various districts of the town, and every nook and corner of Hereford will be given a chance to compete for prizes.

One new phase of the project which is different from the contests of last year, is the fact that public buildings will be allowed to compete for prizes.

A separate class has been arranged for these buildings, however, so that homes will not be compelled to compete with school buildings, churches or the courthouse for honors. Central school has already made application to enter the contest, and others will be getting busy.

Definite plans for the home and garden movement for Hereford will be announced at the Chamber of Commerce luncheon next Monday, and everyone is urged to be on hand at Stockman's Cafe at that time.

An Inch of Rain Falls; Crop Prospects Very Fine

One inch of rain fell over the Panhandle section, Monday night, and left the outlook for 1926 extremely bright. This is the third rain that has visited Hereford and Deaf Smith county during the past three weeks.

Wheat is looking fine, and a heavy yield is being predicted. Farmers are sowing many acres in oats, sudan, and other small grains. Hundreds of acres of virgin soil will be in row crops for the first time this spring. With adequate moisture right now in the ground, a large acreage of cotton and grain sorghums is predicted for the coming year.

Donald and Lambert in a Huge Deal for Cattle

Recent rains have placed the ranges in this section in such a promising condition, that local stockmen have already started shipping in cattle to be conditioned for the fall markets.

Frank Lambert has just brought in 603 head, which he purchased from the Prude Brothers Cattle Co., Guadalupe, Mexico. Donald & Lambert purchased 880 head of cattle from the same company.

Two trains were employed in bringing the cattle here from Mexico. Donald & Lambert will receive shipment of some 1800 head of cattle from the Prude Bros. Cattle Company the last of April. All these will be pastured here until fall, and will then probably be sent to the feed lots.

Mr. Lambert is very optimistic over the outlook for 1926. He has been here seventeen years, and says that he has never seen better prospects, both for the farmer and for the cattlemen.

Community Meetings Are Proving to be Popular

The community meeting which was planned for the Progressive community for Tuesday evening, April 20, was well attended on account of rain. This meeting will probably be held Monday evening, May 3. Hereford folks, with some local musical organization, are planning to visit every community in Deaf Smith county during the next two weeks. The object is to aid in the building of a better community spirit.

"Peelings," Fine Collie Dog, Donated to Scouts

Boy Scouts from over the Panhandle area, will receive a hearty greeting from a full blooded Collie dog "Peelings" when they attend the Boy Scout Camp during the summer at Warner Camp in the Palo Duro, according to Mrs. H. Nelson, Area Executive.

Paul Wright Barnett, one of Hereford's Eagle Scouts, recently donated a fine Collie dog, "Peelings" to the Panhandle organization. Peelings is making his headquarters at the Warner Camp site, and will be used as a guard dog to scare the coyotes, dogs, etc., from the camp. He will also greet the boys when they arrive for camp, and will probably want to take most of the hikes with the scouts. Young Barnett is offering a bet that Peelings will know the Hereford delegation when they arrive for the encampment.

Parker Installed As President of Panhandle Scouts

G. A. F. Parker was formally installed as President of the Panhandle Area Boy Scouts of America, at a banquet which was held last Thursday evening at Stockman's Cafe. Representatives from a number of Panhandle cities were in attendance.

J. N. Riggs of Amarillo, retiring president made an interesting talk in which he told of the accomplishments of the past year in Boy Scout work. He pledged his support to the organization for 1926.

Area Executive Thos. H. Nelson told of the need of another field executive, and was instructed to secure another trained expert just as soon as possible. Mr. Parker made a short talk in which he expressed his faith in the youth of the Panhandle, and enthusiasm for the Boy Scout movement. He presided at the banquet after entering his new duties as president of the organization.

Other speakers were: Rev. Jas. T. Ross and Rev. W. R. Hill of Hereford, Mr. White of Amarillo, Dean Condren of Clarendon College at Clarendon, and Dr. Warner of Claude.

The Primary children are making lists of what they see that is beautiful. The best themes and lists will be published in the "Brand".

Not only are the children busy with their spring themes and lists, but they are busy with their grubbing hoes and rakes getting beds ready to plant flowers, in expectation of making the school campus an attractive spot during the summer and an inviting place next September.

Dr. P. W. Horn, president of the Texas Technological College at Lubbock, will deliver the Commencement Address for the graduating class of the Hereford High School on Wednesday evening, May 26. The local school will not close until Friday, May 28, but the commencement exercises were set for Wednesday in order to secure Dr. Horn for the occasion. Thirty one diplomas were ordered recently by Supt. C. H. Dillehay for the Seniors who are expected to graduate from the local High School.

Scottish Rite Convention to be Held May 17

Announcement of the Forty First Semi-Annual Reunion of the Scottish Rite Bodies of El Paso, May 17-21, was made by Berry B. Cobb, secretary, visitor in Hereford Saturday. "In order to join the applicant must be a member of the Blue Lodge, and our degrees are conferred twice a year," said Mr. Cobb. "Our Fall reunion is usually in November. We feel kindly toward Hereford Masons and want to have them come to El Paso for the Scottish Rite. We are doing our part in supporting the Scottish Rite Dormitory at Austin, and have men from all over West Texas to take the degrees which are 4, through the 32, and are put on under the finest scenic effects. Scottish Masonry supports the schools, believes in free speech and free consequence, said Mr. Cobb, who was a member of the party of Masons who toured Texas in 1923 for the Masonic service committee, and also last summer visited in company with the Grand Master many lodges of Texas. M. L. Whitsett 32, is local representative of the Scottish Rite. Mr. Cobb will visit Amarillo and other towns on this trip."

DID YOU KNOW THAT—

Homer Coberly, "Cowboy Preacher" of Roswell started a two weeks "Gospel Roundup" at the Courthouse April 29. Services daily at 7:30 p. m.

Jones & McLean now have their new grain cleaner in full operation, and are highly pleased with its performance. They invite the citizens of the community to come to their place of business and watch the new outfit do its stuff.

G. W. Brumley shipped nine car loads of hogs from Hereford last week. Most of the hogs went to California, and Fort Worth, Texas, markets. In the lot was one hog that weighed 1000 pounds. Mr. Brumley says this is the largest hog he has purchased since he has been in the business.

Thor Jensen and Toney Bull Montana wrestled two hours to a draw without a fall at the Sales Pavilion last Thursday night. Montana out-weighted Jensen about thirty five pounds, and the handicap was too much for the Professor. There was a big crowd and lots of enthusiasm.

Three houses are going up in one block in Hereford? Chris and John Benfro are building modern five room and bath homes, with basements, just south of Geo. L. Muse while Boyd London is building a four room and bath home around on the other side of the block, next to F. H. Oberthier. Jr. Buckner & Lambert have all three contracts.

Lee Lambert began construction work on his new two-story brick building on Main street this week. The location is between the Star Theatre and the Ford Motor Company's building. The new edifice will be about 30x50. The top floor will be divided into offices while the lower floor will be leased to some mercantile concern. The building will fill a gap on the street that will be very acceptable indeed.

The annual Declamation Contest for Deaf Smith county was held Saturday, April 17, at the New High School auditorium with just the rural schools competing. The winners were: Junior Girl, Edora Smith of Askren, Junior Boy, Loy Smith of Askren, Senior Girl, Vera Fry of Dawn. These children will represent Deaf Smith county in the Interscholastic League meet at Canyon next Friday and Saturday.

The Parent-Teacher Association staged a three act comedy Negro Minstrel at the High School auditorium last Friday night, the entertainment being one number of the local Lyceum course. Music was furnished by the Hereford Orchestra. A big crowd got a lot of wholesome laughs out of the comedy staged and thoroughly enjoyed the minstrel.

Mrs. T. M. Key of Dawson, Texas, and Mrs. J. A. Bowman of Amarillo arrived Tuesday night to be with their mother, Mrs. M. A. Fox, who is ill. Mr. and Mrs. G. S. Webber of Brownfield, Texas, were here Sunday. Mrs. Webber is also a daughter of Mrs. Fox. Mrs. Webber returned Wednesday night, as the condition of her mother has taken a turn for the worse. The family is very anxious about her condition.

Gus M. Bryan of Clovis, N. M., has just sold 960 acres of Deaf Smith county land northwest of Hereford to W. F. Hammons of Hobart, Oklahoma. The land will be converted into a wheat farm at an early date.

Much land northwest of Hereford is changing hands, and seventy-five percent of that which is being sold will be improved almost immediately, and will mean more farmers for Deaf Smith county. Good crop prospects in this section, together with the movement to break up the big ranches into small farms, are given as the chief reasons for the development in this section.

Harrison Defies Superstition in Rebuilding Work

All superstition is being defied by E. W. Harrison in his rush to complete his 50,000 bushel capacity elevator in time to take care of the bumper wheat crop which is now in sight. Starting a job on Friday, or starting with the figure thirteen entering into the time, does not bother him at all.

Mr. Harrison's big elevator collapsed at exactly thirteen minutes past eight o'clock Christmas night of last year, and it was Friday at that. The faithful old clock which had registered the time in his office since 1917 stopped when the crash came. The minute hand pointed to thirteen. Last Friday morning Mr. Harrison started his men to work on the erection of his elevator, and strange it was, the minute hands of clocks over Hereford pointed to the figure thirteen. It was exactly thirteen minutes past eight on last Friday when work on the new elevator started.

R. E. Platt and B. N. Findley, both of Wichita, Kansas, are the foremen in charge of the work. Mr. Platt was foreman of the gang that erected the original elevator.

Dunlap Hardware Company tried out something brand new last Saturday when they put on a Hardware Auction Sale, Ray Barber auctioneer. A tremendous crowd packed the store and the unique sale was a decided success. Dunlap Hardware carried announcement in this paper that they will repeat the experiment on April 15.

H. P. Hadfield of El Paso, State President of the Real Estate Boards, and J. R. Gaut, real estate operator of Amarillo, came down Monday and held a conference with local real estate men. The visitors urged the organization of a real estate board here, affiliated with the state and national organizations. No definite action was taken it is understood.

The second round matches in the local golf tournament are announced by the committee as follows: Stockman vs. Patton; Williams vs. Doug Fox, Clark vs. Rice; Marrs vs. Hough; J. A. Pitman vs. Acker; Ab Posey vs. Ireland; Homer Fox vs. Cummins; and Seed drawing the bye. These matches must be played off by April 27, or an extension of time secured from the committee for legitimate reasons. The weather has caused trouble in concluding the matches to date, but it is hoped that more favorable playing conditions will prevail hereafter.

C. H. Dillehay, Superintendent of the Hereford Public Schools, has been signed to teach in the Summer Normal department of the West Texas Teachers College at Canyon for the coming summer. This will be Mr. Dillehay's seventh consecutive summer to instruct in teaching training schools. He is instructed in the Deaton Teachers College four summers, and this is the third summer that he has been instructor in the Canyon institution. Mr. Dillehay was recently re-elected superintendent of the Hereford Public Schools.

The Faculty Artist Group from the Lyceum Service of the W. T. S. T. C. at Canyon were scheduled to be heard at the Hereford High school auditorium Thursday night. All of the artists in the group are well known in Hereford as well as in the entire Panhandle. Wallace R. Clark, tenor, is head of the music department of the Normal. Miss Pauline Brigham, pianist, is head of the piano division of the College, and Miss Mary L. Clark, violinist, is head of the viola division. These artists are being brought to Hereford under the auspices of the Hereford schools, and arrangements were made by Superintendent C. H. Dillehay.

Deaf Smith county will have a thousand pounds of rabbit poison for distribution by the latter part of this week. Poison has been found to be the most successful method of rabbit eradication and it would be well for every farmer to put out at least a small amount. It will result in much good to the county if everyone takes an interest and help to get rid of the rabbits. The poison will be distributed to farmers at cost, which will be about ten cents per pound. This poison may be secured at the County Agent's office.

G. W. Brumley, local Chevrolet dealer, has just installed one of the most modern work shops in the Panhandle. It is equipped with the latest types of machinery for the repairing of all makes of cars. However, he will specialize in the repairing of Chevrolets.

The shop is equipped with an electric valve grinder, gear press, etc. Each piece of machinery has an individual motor. All the lighter ones are run with the City current, but power is generated in the plant for the heavier work.

Mr. Brumley completed his new Chevrolet brick building only a few weeks ago and the installation of machinery has just been completed. It is located on East Third Street.

El Paso Man Was Speaker at Lunch Held on Monday

The weekly luncheon of the Chamber of Commerce, held at the Hereford Hotel Monday, heard County Agent Dunkle explain his "Club Pal" project and also listened to a short address by H. P. Hadfield of El Paso, president of the State Real Estate Boards, who was accompanied by J. R. Gaut of Amarillo. Mr. Dunkle passed out cards bearing the names of club boys, each one being "adopted" by a business man, who will visit the boys and girls once each month and assist them with their moral support in the club work.

Mr. Hadfield told a good story, or two and created a favorable impression. President Black announced the personnel of the Home and Garden Campaign, detailed in another column. Rev. Hill stressed the importance of the Community Meetings now in progress over the county. A humorous tilt between E. W. Harrison and Mr. Black over the value of cotton to this section enlivened the proceedings. Next Monday the meeting will be held at the Stockman's Cafe.

P. B. Fuqua Killed When Airplane Plunges 500 Feet

P. B. Fuqua of Amarillo, former Hereford boy, was killed in an airplane crash at the Army aviation field, San Antonio, Texas, last Friday when the plane he was piloting went into a tail spin and fell 500 feet. The young aviator was thrown clear of the machine and lay an hour before help arrived. He died shortly after being rushed to a hospital. His chest was badly crushed, although he was able to walk a short distance, with assistance, when first found.

The body was shipped to Amarillo and funeral services were held there last Sunday afternoon. Rev. R. Thomson of the Presbyterian church officiated and a great outpouring of sorrowing friends from Amarillo and all over the Panhandle attended. Honorary pall bearers from Hereford were: J. L. Fuqua, Vera Witherspoon, Anderson Witherspoon, Hugh Witherspoon, Geo. V. Stambaugh and Caldwell Hicks.

Young Fuqua, who was 23 years of age, graduated from West Point last year and was assigned to the aviation section of the army at San Antonio with rank of Second Lieutenant. He was about to graduate from the aviation school of flying when the unfortunate accident occurred. He is survived by his mother, Mrs. W. A. Stewart; two brothers, Jack and Fred, and a sister, Mary Lee, all of Amarillo. P. B. Fuqua was an all around athlete, a clean cut, ambitious young man, who was liked and respected by hundreds of friends and acquaintances all over this section of the Panhandle.

Visual Instruction is Now Being Taught Here

Visual instruction, along with text book and laboratory work is being carried on in the Hereford High School and is proving a great success, according to Supt. C. H. Dillehay.

Two machines have already been installed and are now in use in class room instruction. One is a Victor Portable Stereopticon with a pictorial attachment, and is used as a combination machine for slides and rolls; the other is a Portable Acme Picture Projector, and is used for the standard films. With these two machines practically everything made for visual instruction can be used, and as both are portable they can either be used in the auditorium or in class rooms of the High School.

Each department of the local High School has a number of picture rolls bearing directly upon that subject, and each roll is accompanied by a syllabus explaining that particular picture.

These machines were purchased by the faculty with the proceeds from the Musical Comedy, which was put on by that body for the opening of the new \$125,000 High School building which was completed some weeks ago.

Much Interest Manifested in Good Cotton Seed

More interest is being manifested every day in regard to the variety of cotton to plant in this county. It has been proven by the Lubbock Experiment Station and by seed variety tests in other Panhandle counties that Burnett Cotton is the best adapted to this part of the country on account of its early maturity and drought resisting qualities. The Lubbock Experiment Station found, in a seed variety test, that Burnett Cotton produced an average of eighty-three more pounds of cotton per acre than any other variety.

It is to every farmer's advantage to purchase some of this seed and plant a small amount. Anyone desiring this variety of seed may obtain it from E. B. Black or R. O. Dunkle.

 Fairview Union Schools**

The musical program at Fairview last Friday night was a success, so everyone states. The pupils rendered their numbers in a pleasing manner and the old maids comedy and negro stunts were a howling success if demonstrations from the crowd meant anything. The house was packed and some had to stand to see the performance.

A number of our people attended the declamation contest at Vega last Friday and Friday night. Vega carried all the honors this year but Wildorado had some very game losers.

Rev. and Mrs. J. M. McClain from Itasca are visiting Rev. McClain's relatives in the community at present, and will remain for a few days.

Rev. McClain is pastor of the Central Baptist church of Itasca and the Palo Duro folks had him preach

for us Sunday morning and evening, which we all enjoyed very much.

Mr. Donald Sayles has left our community and will make Amarillo his home for the present.

Miss Hastings, one of the teachers at Daniel school, had an accident last Thursday afternoon which is paining her very much. She was riding horseback when the clutch broke and she fell to the ground throwing her right arm out of place and knocking her unconscious for awhile. She was rushed to Canyon and was treated by a physician and was getting along fine when last we heard.

H. J. Oglesby made a business trip to Amarillo one day last week. Bill Floyd and wife arrived here last Wednesday from California where they have been living for the past three years. They will make their home here in the community.

Mrs. J. L. Allred has been visiting for the past week in the home of her son, I. A., at Wildorado.

W. A. Campbell and W. J. McClain who have been working at Amarillo returned to their homes to spend Sunday.

Miss Esther Jannagin of Progressive spent the week end with her sister, Mrs. John Bolling.

Our Sunday School attendance at Palo Duro Sunday was one hundred eighteen, which makes a record for attendance at Sunday School as far as any one knows. We had a number

of new people in attendance and we hope they will be interested enough to come regularly.

After church Sunday morning a crowd of forty six friends and relatives went to the home of W. E. McClain and spent a most enjoyable afternoon.

Mr. and Mrs. J. H. Daniel and Russell Daniel and wife from Hereford attended Church here Sunday.

Some of our people went to Hereford Sunday to a surprise birthday dinner in the home of Uncle John Thomas. There were about 35 in attendance.

Waskell—Many new buildings are under construction here including a hotel, a two-story telephone office building, a \$12,500 brick residence and many other buildings are being completed.

Childress—This city will soon have up-to-date fire-proof modern hotel the present plans do not fall through. Present crop outlook for year is reported to be the best many years.

Wellington—The recent poultry show here proves the fact that poultry business is worth while as there are hundreds of fine show birds competing for prizes as well as many entries for the prizes for eggs in competition.

San Saba—A large lobo wolf was trapped here in this county recent and ranchmen are very much relieved as many young livestock have been destroyed by this animal.

Mineral Wells—Much interest is now being shown here and the old time bustle of business is rapidly turning since the location of the Baker Hotel which will be under construction soon at a cost of \$500,000.

Dalhart—This part of the Plains now assured of one of the best small-grain crops in many years. The late rains and heavy snows have brought out the wheat and oat fields to their fullest capacity for production for the year 1926. It is said to be the banner year of the Canadian river region.

Crowell—Every one here is looking forward to one of the most interesting District Convention meetings that has been held by the West Texas Chamber of Commerce, May 1th. MUSIC STUDY CLUB ENTERTAINED WITH LUNCHEON
 A group of members from the Music Study Club entertained with a lovely luncheon Monday at one o'clock at the home of Mrs. C. C. Ferguson.

The two tables spread in the spacious dining room, were artistically arranged with fresh cut flowers in cut glass vases, and nut baskets filled with bon-bons and decorated with red and yellow tulips, making the tables look like a real spring garden.
 Mrs. A. O. Thompson, in her charming manner, presided as toast-mistress. Topics of vital interest to the club members were discussed between courses.

A very fitting tribute was paid to Mrs. G. A. F. Parker, who, in the past, had a vision which culminated in the organization of the present Music Study Club, which has been so successfully carried on for a number of years. Mrs. B. F. Guthrie gave a reading which was absolutely a scream, and

The Sunday School Lesson

(By Jas. T. Ross, Pastor of First Presbyterian Church)

Sunday, April 25.
Subject: "The Story of Cain and Abel."

Scripture Lesson: Genesis 4:1-26.
Golden Text, Genesis 4:9, "Am I my Brother's Keeper?"

There are no trivial sins. The seeds of seemingly small sins mature with astonishing rapidity. Unfettered seemingly small sin and you will let loose the whole infernal pack. That is the story of sin in this world of ours.

It seems a far cry from one simple act of disobedience to the horrible act of murder—of fratricide. After all it is not so far. Just within the next generation after the disobedience of Adam and Eve comes the world's first murder. Those first parents might well have shuddered at the thought of a murder within their family. They might better have shuddered at and shrank from the introduction of sin into the world.

It may be possible that those first parents sought to rear their children to worship God. Their success was limited. There is a form of worship which lacking pure-heartedness is unavailing. Such was the worship that Cain sought to offer to the great God. It was the secret of Cain's failure; it has always been, is now, and ever shall be a barrier to acceptable worship. Back of all forms of worship, ornate or inornate, ritualistic or non-ritualistic, from time immemorial, the true worship has always been the worship of a pure heart. God can smile upon none other than that.

The worship of an impure heart is doomed to disappointment. That disappointment may range from a mere sense of lack of divine approval to anger. The latter was true of Cain. Quite a bit of theological bickering might be traced to this very source. It might clear the atmosphere of much of this trouble if pure-heartedness were given the place of primary rather than contentions about theological correctness.

An improper worship is fraught with larger consequences than we often think. Fortunate is that individual who having drunk deep of the divine strength in his Sabbath and daily devotions goes forth to face the obstacles of the work-a-day world. The value of his worship might better

be measured by the strength which it gives to the individual for his daily tasks than by any of the misty canons of custom for which we contend.

What kind of strength did Cain's worship afford him? His murderous anger and act tell us that it was a failure. It was not sufficient to restrain him from lifting the murderous hand upon his brother. It was the custom of a famous American preacher when complimented after his gifted sermons to remark, "If this sermon makes better men and women it is a success; if my hearers go out from this sanctuary and live no better than before they came, it is a colossal failure."

Sin ever mars whatever it touches. Worship is not exempt from its slimy hurt. The fraternity of brothers of the blood is not. The very soil cries out against its hideousness. The countenance gets eclipsed by it. The candor and courage of an otherwise noble heart are weakened by it. The sense of social concern is destroyed by it. "Am I My Brother's Keeper?" is a question that never occurs to one of a really pure heart, except to affirm it.

Today it seeks to lay its corrupting hand upon our sacred government. When a righteous people have said that the wicked liquor traffic is outlawed and have written that decree into its fundamental law, there are, nevertheless, those who would, if possible, weaken that law by modifications. The wheels of progress are not to be turned backward. The world knows too well that the trend of sin must be held under strongest restraint. We will continue to keep our brothers from the slimy hand of sin that would work mighty havoc if released upon a world of mighty and rapid movement that requires a cool head and steady nerve.

But there is mercy for all. If Cain's punishment was greater than he could bear a merciful God will yet hear his pitiful plea and make provisions for his now broken heart. Even though murder has been committed, God will not despise a broken and a contrite heart. Cain shall live although he has marred his world by an irremediable act. The mercy of God is unfailing.

But what of Abel? Was his life a failure? His earthly life was cut short by the murderous act of Cain. Did he die too early to make a contribution of good to the world? No life of pure devotion to God ever fails. It does not lie within the power of a murderous man to erase from the pages of goodness the influence of a good man.

In the great gallery of Faith's heroes he found a place. "By faith Abel offered unto God a more excellent sacrifice than Cain, by which he obtained witness that he was righteous, God testifying of his gifts: and by it he being dead yet speaketh." His simple faith, his sense of dependence upon God, his spotless life, and his burning desire to offer the more excellent sacrifice earned for him a place among God's immortals.

A thousand generations bear his voice speaking and a thousand more if it please God shall bless the name of God's faithful worshipper and witness.

A Record Made a Verdict Rendered

Here is a record to make you pause:

70,599 Dodge Brothers Motor Cars and Graham Brothers Trucks sold in the United States from January 2nd to April 3rd, 1926!

The greatest quarter in the company's history.

37 per cent greater than the same period last year, when 51,318 units were sold.

This record was a foregone conclusion. Since the first of the year demand increased week by week. Each period showed greater sales than the one preceding and greater than the same period of 1925.

During the last week recorded, ending April 3rd, 9104 units were sold, against 6530 for the best week last year—a gain of 39 per cent.

Sales figures are an index to the buyer's preference.

Buyer's preference, these days, springs from clean-cut convictions on quality and comparative worth, penny for penny.

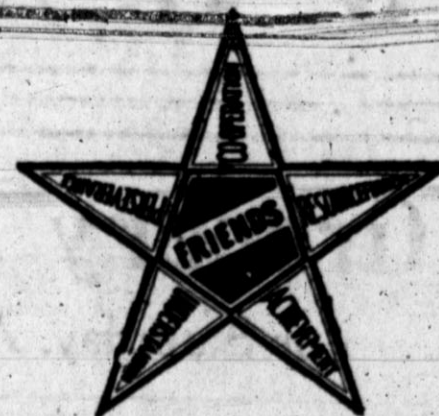

Although the peak of the selling season has not yet been reached, the verdict has already been rendered.

Dimmitt, Castro County News

April 20th.

One of the jolliest parties of the year was given by the Sophomore Class of the High School last Thursday evening, when they entertained the entire High School in the dining room of the Hyatt Hotel. The room was artistically decorated with the class colors. Various contests and merrymaking games were played until a late hour when a delicious refreshment course was served.

The chapel services from now until school is out will be conducted by the various classes. The days set aside for the different classes are as follows: April 28th, Sophomore Day; May 5th, Seventh Grade; May 12th, Junior Day; May 19th, Senior Day. On this day the Seniors plan to give their class will, class poem, prophecy, etc., in fact all that goes with the Seniors except the Valedictory and Salutatory addresses.

The base ball teams of Dimmitt played three games last week. Tuesday the team from Frio came down and played the school boys and the score was 19 to 5 in favor of Frio. Wednesday the school boys went to Nazareth and won a game with the team there, 16 to 5. The same afternoon the town team went to Flagg and played a game. The score being 6 to 0 in favor of Dimmitt.

The attendance at the regular meeting of the Parent-Teacher Association was small and only one member on the program was there with their part. Most of the time was spent attending to business matters and the election of officers for another year. The Association agreed to frame the pictures purchased with the sale of tickets to the art exhibit last fall. Plans were made for the President and all who can to attend the District Meeting of the P. T. A. that meets at Canyon, beginning the 26th. The following officers were elected: President, Mrs. W. A. Wright; Vice-President, Mrs. Ray Sheffy; Secretary and Treasurer, Mrs. M. R. Avery; Corresponding Secretary, Mrs. B. D. Woodlee. The last meeting of the year will be on May 14th.

Last Friday evening the Orchestra and members of the Dramatic Club of Wayland College presented one of the Lyceum Numbers that is being sponsored by the Parent-Teacher Association. Z. T. Huff, Mathematics instructor of the College was in charge of the program. The Orchestra, under the direction of F. Idierstein, who is also director of the Plainview band, was composed of Miss Inez Roper, accompanist, Newton Wayland, Leslie Collins, Wright Kerr, Lyle Jackson, Adelbert Williams, Weldon Garner, Herschel Alexander, L. H. Thompson and Robert Tull. All their numbers were well rendered and greatly enjoyed. Prof. B. M. Sims, Dean of Music this year, presented several vocal solos. Miss Louise Warren, graduate of piano this year, presented several beautiful piano solos, and Miss Lois Andrews of the expression department, favored the audience with some of her choicest readings. The rendering of this program has placed Wayland College foremost in the minds of the people of Dimmitt and especially the Fine Arts Department.

The next number of the Lyceum will be given on Friday night, April 30th, by the Hereford Orchestra under the direction of Ralph Smith. This orchestra is made up of High School Students and have been highly recommended to the committee. This number will conflict with the meeting but

the date was set before the date of the meeting was changed.
