BIG SPRING DAILY HERALD

Denies Political Ambitions

M'Arthur's Statement Is Linked With Issue Of Unified Command

WASHINGTON, Oct. 28. (AP)—Mounting protests against a divided command in the South Pacific appeared headed today for climatic action by what was regarded in some quarters as an appeal from Gen. Douglas MacArthur for unified direction over the entire embattled area.

Answering a newspaper report attributing the two separate commands in the Pacific chiefly to "political Washington" and a "MacArthur-for-president campaign," the 62-year-old leader of United Nations forces in Australia disavowed any "political ambitions whatsoever."

From his headquarters last night (Washington time), MacArthur declared that any contrary suggestion "must be regarded as merely amiable gestures of goodwill dictated by friendship."

"I started as a soldier and I shall finish as one," he said. "The only ambition I have in the world is for victory for our cause in the war."

This, topping louder and louder demands

from Capitol Hill for better teamwork in the Pacific war theater, was interpreted by some sources here as at least an indirect appeal to eliminate any political considerations that might be hampering his direction on the war effort in that part of the world.

These sources pointed out that such a statement from a commanding officer in the field was highly unusual and was almost bound to provoke some decisive action.

The Congressional protests became more vocal this week after Vice Admiral Robert H. Ghormley was replaced as commander of the southern Pacific area embracing the Solomon Islands by Vice Admiral William H. Halsey.

There was no explanation for the change but it was recalled that United States naval operations in that area had cost three cruisers, the aircraft carrier Wasp, five destroyers and four other ships.

Assignments In Air Corps End Saturday

Deadline for enlistment in the air corps as specialists with recommendation for assignment to the Big Spring Army Air Forces Bombardier School will be midnight Saturday.

This was the word from recruiters Thursday and represented a slight extension from the Friday noon deadline previously announced locally. Still, at the rate the recruiting force was being bombarded with applications, those wishing to be assured of enlistment under this exceptional procedure would do well to make their applications by Friday noon.

As has been the case all this week, the civil service rooms in the postoffice basement were being used to accommodate the large number of applicants. After Saturday midnight, said recruiters, there can be no assurance to men that they will go to any given point when they enlist.

Names of new recruits as announced by Sgt. Turner are: Louis A. Berryman, Grovella E. Malone, William H. Robertson, Garland O. Woodruff, Darrah E. Huddleston, Walter L. Cundiff, William L. Gaskins, Elmer E. Kirkland, Iehmel F. King, John E. Allen, Rudolph F. Davis, Howard P. Forister, James T. Wilkinson, Michael W. Lynch, Valdomero E. Jordan, Augustin Fierro, Antonio D. Bizarro, all of Big Spring; Joe M. Savell, Jack N. Griffin, William M. Bowlin of Ackerly; James F. Harrison, Colorado City; James H. Hill, Garden City; Clifford R. Stewart, Arch, N. M.; Wallace P. Trapnell, Midland; Lonnie D. Mason, Abilene; Horace G. Shaffer, Sweetwater; Winston Best, Winifred C. Odell, Jimmy E. Leonard and Carl Leonard, all of Lenora; James M. Gist, Knott; Elmer M. Anderson, Station; Homer F. Keith, Combs; and Gene C. Baird, Lorraine.

Wage Regulation Machinery To Be Operating Soon

WASHINGTON, Oct. 29. (AP)—Decentralized administrative machinery to regulate all wages and most salaries up to \$5,000 will be operating in 10 to 15 days.

The war labor board announced it had arranged in cooperation with Secretary Perkins of the labor department to use the wage-hour division field offices to help administer the responsibilities given the board under the president's executive order of Oct. 3 and by James F. Byrnes, director of economic stabilization.

Treasury officials were expected meanwhile to announce a formula for limiting salaries to a maximum of \$25,000 a year, after deduction of federal income taxes, customary charitable contributions, life insurance premiums and fixed obligations. It will be the treasury's task also to control payments in the lower-salaried professional and executive brackets.

The primary function of the hundred-odd field offices of the wage-hour division will be to answer specific questions of employers and employees as to the application of the executive order. The wage-hour offices, when fully staffed, will be able to tell an individual employer, for instance, whether an individual or blanket wage increase in his plant must be approved by the board to make it legal. Since some exemptions have been provided, it is expected many questions for specific interpretations will be asked.

Exempted from the regulations, for example, are employers of eight or fewer workers, provided price ceilings would not be affected by any increase.

Other exemptions are "individual promotions or reclassifications, individual merit increases within established salary rate ranges, operation of an established plan of salary increase based on length of service, increased productivity under incentive plans, and operation of a trainee or such other reasons or circumstances as may be prescribed."

If the wage-hour office determines that board approval of an increase is necessary, it will help the employer prepare the application, which then will go to one of ten regional offices soon to be opened by the board.

In applying for board approval, the employer must state whether price ceilings would be affected and whether his employees are represented by a union. Where price ceilings are involved, an opinion will be sought from the office of price administration, and where there is a union, its officers will be notified and the union will have an opportunity to support or object to the application.

Chairman William H. Davis of the WLB said the wage-hour division was moving as expeditiously as possible to prepare its field offices for the tremendous burden which they will have to carry under this arrangement. "The wage-hour regional administrators were called to Washington today to study the board's plans, after which they will prepare their own organizations in the field."

The board's regional offices will be located in Boston, New York, Philadelphia, Kansas City, Cleveland, Chicago, Dallas, Denver, and San Francisco.

No Plan Fixed On Manpower

WASHINGTON, Oct. 29. (AP)—The administration was reported today to have decided to sidetrack indefinitely proposals for the compulsory mobilization of manpower.

Congressional leaders, who had expected shortly after next Tuesday's elections to receive a pattern from which legislation could be cut to fit the nation's workers into the wartime production machine, were said to have been informed that no White House recommendation will be forthcoming for some time.

In the absence of such a recommendation, sponsors contended privately it would be next to impossible to obtain action on a half dozen or more manpower bills pending before congressional committees.

However, Senator Hill (D-Ala.), author of a bill that would give President Roosevelt broad authority to say where a man or woman should work, told reporters he would press for speedy action by the senate military committee on his and several other measures.

"I think it is inevitable that we are going to have legislation which will mobilize all of our citizens for the war effort and which will direct them into the job they can do best," Hill said. "This can be done on a voluntary basis for the most part, but there must be machinery to enforce it upon those who won't make any sacrifices to win the war."

Reds Gain In Big Caucasus Offensive

Stalingrad Garrison Holds For 66th Day Of Siege

By HENRY C. CASSIDY
MOSCOW, Oct. 29. (AP)—Soviet military dispatches said today the Germans were gaining ground with a large-scale offensive in a new sector of the central Caucasus, attacking the deep Red army defenses across the Nalchik plateau with troops, tanks, artillery and planes.

This shift in invasion pressure southwestward from the Moxdok area was noted as Stalingrad's garrison held on in the 66th day of siege against German attempts to capitalize on a 300-yard gain in bloody fighting yesterday.

That advance was estimated by Red Star to have cost the enemy five battalions of troops killed or wounded (roughly 5,000 men) and 20 tanks wrecked or burned.

Ten times the Nazis with large troop and tank forces charged into a gap between two factories, edging forward yard by yard until they finally were stalled, the army newspaper said, in a crossfire of machineguns camouflaged in the factory buildings.

The Nazi command struck against Nalchik, on a round about route toward the Georgian military highway terminal at Ordzonkida, after being blocked in the Moxdok sector and thrown back in the area of Tsupse, far to the northwest.

Special ski and sled detachments were moved up by the Germans to engage the Russians in the fight for mountain slopes and passes deep in snow.

Germans who sought to follow up a slight gain in the battle of Stalingrad yesterday were declared repulsed, more than 100 falling fatally wounded by Russian fire.

Although the main Nazi line was recently reported driven from south Stalingrad to the steppes outside the city, the communists spoke of a trench raid "in the southern part of Stalingrad" in which Red army troops destroyed seven blockhouses and several dugouts.

LUBBOCK, Oct. 29. (AP)—Here is a letter to Capt. A. E. Noel at the South Plains Flying School.

"Greetings! I am just wondering if it is at all possible for you to see fit to let Bud (the cattleman's son) come home a few days so we can get the branding and the earmarking done.

"Have a lot of field work to do, but am not a bawling about that at all. Just put in more hours and plug along as best I can. Reckon when we have the rice knocked out of Hirohito, the macearoni dug out of Mussolini and the sassafras blown out of Hitler, we will again have our boys with us, so that they may take on where we elders will have to leave off.

"I would be quite willing to come down and put in a few days work at the camp in exchange some time when I sort of get caught up with the work here."

"Bud" got a ten-day furlough.

Tax Collections Climb Steadily

As the deadline on tax payments neared, collections on city and school taxes were mounting steadily with a record take expected Saturday.

Collections at the city tax office totaled \$53,414.31 through Wednesday night in addition to the \$37,173.33 reported through last Friday night.

At the school tax collection office, \$53,076.23 had been received during the month on current taxes and \$1,123.16 on delinquents.

Only Six Absentee Ballots Cast In General Election

Although only one more day remains to cast absentee ballots for the general election, November 3rd, just six ballots have been filled out at the county clerk's office. Those who will be out of town on election day have until Friday to cast their ballots.

Navy Re-Opens Some Ratings To Recruits

Clerical and professional ratings, closed for a long time, are now open again in the construction battalion, S. L. Cooke, recruiter in charge of the Big Spring U. S. Navy station, said Wednesday.

In addition, virtually every other type of rating is being reopened for the time being. Much in demand are all types of skilled laborers, particularly those which have any relation to construction and maintenance. There are openings for many headquarters assignments such as cook, baker, etc. New interview dates are for Oct. 23-4.

The navy also needs men with heavy construction experience to serve as officers for construction battalions, for this sort of personnel must be more than doubled immediately in order to stay abreast of the program. Men with considerable construction experience in the field, who have served as supervisors or assistants or foremen for large, heavy construction projects, are desired. Those with practical field experience in operating and maintaining heavy construction equipment are sought; electrical engineers with experience in maintaining motors for construction power; men with experience in the field of public health, mosquito control; civil engineers with heavy construction experience as supervisor or foreman and those with actual field experience in bridge and road construction are needed urgently.

To those qualified to command a battalion a lieutenant's rating will go. Pay (with dependents' allowance) is \$5,016 per annum. Lieutenant's commission will go to some qualified to serve as general foremen and pay is \$3,984 per annum. Similarly, commissions of lieutenant (jg) will draw \$3,411 and ensign and warrant officers \$3,024 per annum. Full information on requirements and probable assignment may be had at the recruiting office.

Four men were reported shipped Wednesday from the station. They were Delma Oda Christopher, LaRue, Tex., V-4, construction; Joe Webster Bradley, Allen Aubrey Williams and Bernice Corbin Williams, all of Colorado City and all apprentice seamen V-4.

Yank Air Fighters Down More Nazis

CAIRO, Oct. 29. (AP)—United States fighter pilots have added four more Messerschmitts to their steeply rising toll of downed enemy planes in continuation of the punishing air offensive which supports the British Eighth Army's thrust against Marshal Rommel's desert lines, official reports said today.

American and British airmen apparently were sharing three missions—to wear down the axis strength already in North Africa, to keep the enemy from getting reinforcements across the Mediterranean and to back the British land forces grinding into the axis' Alamain line fortifications.

While air attacks smashed at enemy supply lines and bases even across the Mediterranean to Crete, British headquarters announced that the land forces had beaten off a counter-attack in the desert and inflicted further losses on the axis in a series of minor tank engagements yesterday.

United States medium bombers struck again behind Rommel's line, scoring direct hits on camps and land convoys and starting many fires. Although many German fighters were seen in the battle area, the communiqué said, the bombers were not attacked.

The German fighters also sought to avoid engaging the United States fighters throughout the day, it added, but were brought to combat on at least two occasions. The four ME-109's shot down were the Americans' contribution to an allied total of nine enemy planes destroyed yesterday.

The first Messerschmitt was shot out of a formation of eight. The other three, downed inside three minutes, were caught by fighter planes conveying an RAF fighter-bomber flight.

In an effort to thwart what appears to be Rommel's desperate attempts to get fuel and supplies, the RAF was reported to have sunk another enemy tanker in the torpedo-planes attack this afternoon. One tally listed the enemy's sea losses from air attack at five merchantmen, including three big tankers, in five days.

The British communiqué on the land offensive gave no further details beyond the statement that "fighting continued."

Fortresses Again Blast Rabaul Base

SOMEWHERE IN NEW GUINEA, Oct. 28 (Delayed).—After a three-night lay off General MacArthur's hard working flying fortresses returned to attack Rabaul in the brilliantly moonlit hours early this morning.

By the time the big bombers had shot their bolts and were ready to turn back across the Coral sea, a concentration of Japanese vessels lying in the harbor, which is one of the enemy's main bases for operations against the Solomons, had become fully illuminated by fires blazing in one ship, and at least one warship was rocked by a direct bomb hit.

Several of the fortresses dropped flares, but returning said the moonlight was so bright they really didn't need artificial lighting. The light was so strong, one pilot said, that the reflection from the water made it difficult for bombardiers to get their targets sharply silhouetted and for crewmen to make accurate observations of bomb damage.

Leading the flights were Captain John Carpenter, of Oklahoma City, Captain Clyde Kelsey, of Marlow, Okla., and Major Allen Lindberg, of Westfield, N. J.

Major Lindberg reported the fortresses encountered considerable ground fire and that Japanese searchlights were operating in greater volume than ever before. Lindberg's bombardier, Lieut. J. D. Howard, of Bishop, Texas, said they made runs over a number of unidentified vessels, dropping bombs on each run.

On their final run, Howard said, one of their bombs exploded squarely on the stern of a ship which was erupting in great columns of fire and smoke when the raiders left the target area. This hit was confirmed by Captain Kelsey, who piloted the next fortress over the target.

She Quits Skelton As Wife, But Will Stay As Helper

HOLLYWOOD, Oct. 29. (AP)—Edna Skelton, the one-time Kansas City theater usherette who told comic Red Skelton she didn't like his jokes, later became his gag writer and finally married him, announced today that her two jobs are too much.

She said she would file suit for divorce, but would continue as his personal manager and script writer.

"I feel," she said, "that it is more important to carry on for Red as a manager than to try to make a success at both jobs and probably mess them both up."

Foe Pours In Strong Force To Crowd U. S.

Nip Ships And Planes Threatening Other American Bases

WASHINGTON, Oct. 29. (AP)—American and Japanese forces squared off today for another furious round in the spreading fight for the Solomons after a series of terrific land battles bled the enemy heavily of men and equipment.

While United States air and ground forces fought savagely to hold the Guadalcanal airbase, the battle of the southwest Pacific appeared to be surging toward 400 miles northeast of the turbulent islands.

Japanese forces in overwhelming numbers were reported crowding American defenders of the air base on three sides, using heavy artillery and tanks.

Nevertheless, the navy in Washington gave this heartening account of the struggle since the Japanese invaders began their all-out land offensive seven days ago: "Enemy losses in man and equipment in troop actions on the island since Oct. 23 have been very heavy as compared to our own."

Lately, the navy said, the Japanese assault has tapered down to "small scale thrusts," indicating that the enemy was either waiting for reinforcements or had been stung to discouragement by the fierce American defense fire.

Superior numbers of enemy ships, planes and men were reported mobilizing at the approaches to American bases in the New Hebrides and Fiji Islands, whence they could strike at allied communication lines to Australia.

Japanese sea and air attacks have already been made on American positions in the New Hebrides, which lie immediately southeast of the Solomons.

Dispatches from Port Moresby said it was the first time since the Philippines campaign that the Japanese had massed such superiority in power and declared there was no doubt it was an all-out attempt to destroy American footholds in the south Pacific.

The navy reported no new details of warship activities in the Pacific last night, but General Douglas MacArthur's allied bombers from Australia raided the enemy again, damaging two Japanese ships in the Rabaul harbor of New Britain and splashing the Japanese base at Buika in the northern Solomons with explosives.

One of the bomb hits at Rabaul, more than 600 miles northwest of Guadalcanal, caused an explosion on a warship, MacArthur's communiqué asserted today (Australian time), and another set an unidentified vessel afire. The assault on Buika's airbase and buildings destroyed an enemy bomber on the ground and started fires visible 80 miles away.

Australian ground troops in New Guinea continued to press the Japanese back toward their north coast invasion base.

The navy gave no indication that a decision was near in the Solomons struggle.

Order Pending On Ete Wells

AUSTIN, Oct. 29. (AP)—The state railroad commission will issue an order about Nov. 1 concerning abandonment of salt water wells in the giant East Texas field, Commissioner Olin Culbertson today informed operators attending a special hearing.

Culbertson read a proposal permitting any marginal well producing 100 or more barrels of water daily to transfer its oil allowance to other wells on the lease for a period not exceeding 18 months.

He added that 43 per cent of the wells in the field produce 50 per cent of the water and 84 per cent of the daily oil allowance is lifted by these wells.

Rat Poison Distribution Set Friday

Orders were being taken today at the various city schools for poison to be distributed Friday for use in the residential campaign to rid the city of mice and rats.

Anxious to obtain the maximum response, health officials reminded the public that the only means of securing poison for homes is through the schools. Those who have been misled were urged to make their requirements known to their nearest school quickly.

Cost of the poison is 25 cents a pound for rat bait or 10 cents a package for mice—either one being excellent for the average place.

Directions for poisoning are printed on the wrappers of the packages and should be carefully observed to secure the best results.

Henry Plueneke, with the extension service rodent control section, was still snowed under with requests from industrial establishments wishing to cooperate in the campaign, but reports indicated that his efforts, and those of city health officials assisting, were meeting with gratifying success. Plueneke will remain throughout the rest of the week to bring the drive to a close.

Fliers' Air Appointment Resulted In Fatal Crash

LOS ANGELES, Oct. 29. (AP)—The whim that led two fliers to arrange a meeting high over a rugged mountain pass is blamed by a congressional investigation committee for the mid-air collision of an army bomber and an airliner near Palm Springs last Friday, resulting in death for all 13 aboard the latter plane.

The aerial rendezvous, said Rep. Jack Nichols, Oklahoma, committee chairman, was disclosed yesterday by 2nd Lieut. W. N. Wilson, 25, pilot of the bomber, who is held for court-martial on manslaughter charges.

Nichols said Lieutenant Wilson testified that he had encountered the co-pilot, L. E. Heppert, at a party in Los Angeles the night before the crash, and that Wilson

USO Center Is Fast Becoming Second Home For Some Of Soldiers

Boys From 47 States Visit Downtown Hall

By JEN WIESER

An amusement spot unique in the fact that the nickelodeon plays without nickels, refreshments—when served—are free, and guests are registered on large placards around the wall, is the temporary USO center, now in its fourth week of operation at First and Rannels streets.

Already, a uniformed representative of every state in the Union, Delaware excepted, and of Canada has been a guest at the center. Many states, as far away as New York, Wisconsin and Washington have supplied scores. Among boys at the Big Spring bombardier and glider schools, the center has been an instant success.

They come to write letters, play bridge, checkers or ping pong, dance, read papers and magazines, talk to the hostesses or just sit and watch the crowd.

Official hostesses greet the boys cordially at the door, ask to check their packages and offer suggestions for their entertainment. And a difficult one it is to please who can't find something to amuse himself.

Miss Laneous Notes

Remember back in the good old days, H H & H, (before Hitler and Hirohito) when Halloween was quite a day for the small fry.

Youngsters plagued their parents for fancy costumes for parties at school, church and home. The biggest, reddest apples hung from strings on the ceiling or bobbed waltz in tubs of water, for the prize game of the evening.

In total darkness you played a game called "Ghost" which consisted of a story teller with an eerie voice who told hair-raising stories while an accomplice passed peeled grapes for the victims eyes and cornsilk for his hair.

Elaborated you were led into a chamber of horrors where the hosts mind had run riot to scare the daylight out of his eight-year-old guests.

To top off the evening you ate mounds of doughnuts and drank tangy cider and on the way home stopped to let air out of tires, soap a few windows and move a few signs.

Now the youngsters think all that sort of thing is childish. They've helped collect scrap, they spend their pennies for war stamps, and they've heard Pop moan about the tires.

They hear and read of the war until make-believe is pretty small stuff. What false faces could be as ugly as Messrs. H & H or what stories as scaring as any day's headlines?

Youngsters have a lot more on their minds these days than you did. Holidays that don't spell patriotism don't have long to survive in war times.

New Officers Are Named By Knott HD Club

KNOTT, Oct. 29.—The Knott home demonstration club met Tuesday afternoon in the regular fourth Tuesday meeting with the agent, Fontilla Johnson, in charge of a program on living room pictures. She showed samples of suitable pictures and suggested prints of famous paintings to be used when possible with frames in subdued finishes so as not to detract from the pictures themselves.

In the business session a committee was appointed to plan the luncheon for the achievement day and members were appointed to be hostesses at the USO center Saturday at Big Spring. A donation of one dollar was made by the club to the center's expenses.

New officers elected were Mrs. Paul Adams, president, replacing Mrs. S. T. Johnson; Mrs. O. B. Gaskins, vice president, replacing Mrs. J. W. Phillips; Mrs. W. A. Burchell, secretary-treasurer, replacing Mrs. O. B. Gaskins; Mrs. Robert Brown, council delegate, replacing Mrs. W. A. Burchell; Mrs. Cecil Shockley, reporter, replacing Mrs. O. B. Gaskins; Mrs. Herschel Smith, representative leader, Mrs. S. T. Johnson, parliamentarian. The club voted to invite the Overton club of Howard county and the Brown club of Martin county to be guests on achievement day when the demonstrations of Mrs. Fred Roman and Mrs. S. T. Johnson will be visited.

Refreshments were served to Mrs. L. M. Roberts, Mrs. O. B. Gaskins, Mrs. Herschel Smith, Mrs. Robert Brown, Mrs. W. A. Burchell, Mrs. Paul Adams, Mrs. J. W. Phillips, Jr., Mrs. S. T. Johnson, Mrs. Oscar Smith, Fontilla Johnson, and the hostess, Mrs. Cecil Shockley.

Philathea Class To Have Rummage Sale

Members of the Philathea Class of First Methodist Church will have a rummage sale Saturday morning at the church. All who have clothes to contribute are asked to see that they are at the church by that time.

Wednesday is the date for monthly class day and group 8 will be in charge of the luncheon.

Three-fourths of all U. S. farm labor is made up of the farmers and their families.

Airport Widows Have Covered-Dish Lunch And Business Meet

Airport Widows meeting Wednesday afternoon at the home of Mrs. Paul Atkinson for a covered-dish luncheon and brief business session voted to contribute \$1 weekly to the USO center for refreshments served on Saturday and Sunday afternoons and nights.

Present were Mrs. Woodrow Campbell, Mrs. W. E. Gras, Mrs. F. V. Kinney, Mrs. W. H. Scott and Mrs. E. L. Smith, a new member. Mrs. Vernon Wintheliser will be the next hostess.

During the first seven months of 1942, 45 per cent more hours were flown by U. S. pilots than during the entire decade from 1930 to 1940.

Pull the Trigger on Constipation, with Ease for Stomach, too

When constipation brings on discomfort after meals, stomach upset, bloating, dizziness, gas, coated tongue, and bad breath, your stomach is probably "crying the blues" because your bowels don't move. It calls for Laxative-Senna to pull the trigger on those lazy bowels, combined with Syrup Pepsin for perfect ease to your stomach in taking. For years, many Doctors have given pepsin preparations in their prescriptions to make medicine more agreeable to a touchy stomach. So be sure your laxative contains Syrup Pepsin. Insist on Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin. See how wonderfully the Laxative-Senna wakes up lazy nerves and muscles in your intestines to bring welcome relief from constipation. And the good old Syrup Pepsin makes this laxative so comfortable and easy on your stomach. Even finicky children love the taste of this pleasant family laxative. Take Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin, as directed on label or as your doctor advises, and feel world's better. Get genuine Dr. Caldwell's.

Hanes Underwear Advertising For The 31st Year

This fall, the P. H. Hanes Knitting company of Winston-Salem, North Carolina, began their 31st consecutive year of underwear advertising.

Appearing in the Herald and in 88 other newspapers throughout the nation, this Hanes newspaper advertising is easily the largest in the underwear field. In addition, Hanes advertisements will appear in the Farm Journal, Progressive Farmer, Southern Agriculturist, Grit and Household magazines. The total circulation of the advertising is 30 million.

Over the years, Hanes has found that newspaper advertising is the retailer's best medium. It reaches customers directly and quickly. Sales results are gained on the day the advertisement appears.

The middleweight Hanes winter sets which have proved so popular with men and boys everywhere are being particularly featured in this Hanes advertising. These middleweight garments provide outdoor warmth with indoor comfort.

... just the weight for modern winter heating, both at work and at home. Hanes winter sets have the Hanesknit crotch-guard which gives gentle athletic support with the convenience of a buttonless vent. Hanes union suits are also included in the advertising.

To protect good-will for Hanes dealers, every advertisement also mentions that while Hanes is making every effort to keep civilian customers supplied, much of Hanes production is going to the armed forces. This will help customers to understand when they cannot always obtain their favorite style of Hanes underwear.

Inventor Has Plan To Salvage Ships Intact

LOS ANGELES (AP)—Ships that go to the bottom through enemy torpedo action would be salvaged intact if the invention of Lieut. Harry E. Riesberg works. A former bureau of navigation officer, he has applied for a patent on an immense pair of tongs which would be lowered from a floating dry dock and engage sunken vessels.

Riesberg, who has had experience in salvage work, believes the hulks could be hoisted to the surface at the rate of 2,500 feet in twelve hours.

You'll Be Sorry, If You Hoard Coffee

DALLAS, Oct. 28 (AP)—Hoarders who already are rushing the grocers' coffee shelves to stock up before rationing begins at midnight Nov. 28 will be sorry. That is the warning W. M. Clark,

president of the Texas Retail Grocers Association, issued today. Ground coffee, he explained, doesn't keep well and the home coffee grinder practically has disappeared from the market. "When our stores went to market, sometimes twice a year, they bought their coffee in the green

berry," Clark said. "It was roasted in small quantities in the kitchen oven, then ground as needed. But we no longer stock the green berry. Our customers have been educated to buy their coffee ground pound by pound and that's the only way we plan to sell it under rationing."

Fall Scramble
5 tablespoons bacon fat
1 tablespoon minced onions
3 tablespoons chopped green peppers
2 cups corn
1-2 teaspoon paprika
2 tablespoons cream
Heat fat in frying pan. Add

onions, peppers and corn. Simmer 10 minutes, or until light brown. Add rest of ingredients. Boil a minute and serve.

Beet Salad, Jellied
1 package lemon gelatin
1-2 cups boiling water
2 tablespoons lemon juice
1 cup sliced cooked beets
1-2 cup diced celery
1 tablespoon prepared horseradish
1-3 teaspoon salt
1-4 teaspoon paprika
3 tablespoons salad dressing or mayonnaise
Dissolve gelatin, add juice and cool. Stir in rest of ingredients. Pour into mold, rinsed out of cold water. Chill until firm.

Leftover meats, vegetables and fish can often be stretched into main dishes when combined with canned soups. Try potatoes, beef and green beans with cream of

mushroom soup, and chicken or duck goes very well into cream of asparagus soup. Scotch broth gives extra nutrition to cooked mutton and lima beans.

When salted peanuts are used in baked foods, reduce the salt called for in the recipe to one half.

During damp weather it is best to freshen salted peanuts by heating 5 minutes in a moderate oven before adding them to the rest of the ingredients.

McMurry Sets Homecoming November 6

Machinery has been set in motion for the 1942 homecoming celebration at McMurry college with the selection of Anthony Hunt as the main speaker. Festivities are slated to begin Nov. 6.

The annual Alpha Chi initiation and meeting of the ex-Alpha Chis will be the first get-together on the calendar. This affair will begin at 4:30 p. m. Nov. 6 and will be held at the Wigwam on the campus.

Kendall Young, head yell leader at McMurry, is in charge of arrangements for the ceremonies to begin at 6:30 p. m. Nov. 6. The pinning of the colors will be done in the Wah Wahayayay garden and following this, the bonfire will be lit and the Indians will begin the tom-tom beating.

Last event on the Friday slate is the homecoming play, Jane Eyre. This is the first major presentation of the speech department this year and is being directed by Chloee Armstrong, new head of the department. The play will be repeated at 8 p. m. Saturday.

At 8 a. m. Saturday, the Wah Wahayayay drum and bugle corps will hold its annual coffee in the speech studio. Registration has been set for 9:30 a. m. in the hall of the administration building with the morning assembly scheduled for 10 a. m.

Highlight of the celebration will be the football game beginning at 2 p. m. in Medley stadium. The Indians will be playing Southwestern, a team that is coached by R. M. Medley, former McMurry coach and the man for whom the stadium is named.

Cotton Turnout Running Behind That Last Year

This year's cotton harvest is trailing last year's bumper yield, reports from the AAA office show. Lack of pickers as well as a smaller crop are contributing factors in the decline.

Figures show that up to October 15 this year 12,015 bales have been ginned in Howard county as compared with 13,390 for the same date in 1941. Net pounds ginned were 6,341,877 this year as compared to 7,090,898 last year.

The number of bales produced in Howard county this fall as of October 15 was 10,418 or 5,491,818 net pounds. Last year the county crop then stood at 11,892 bales or 6,187,288 pounds.

Nothing Uncle Sam Can Do About This

FORT WORTH, Oct. 22 (AP)—The music went 'round and 'round, but there was nothing the federal government could do to remedy the trouble, it seemed.

A sleepy-eyed war worker complained to Richard C. Helms, federal rent attorney here, that after his landlord tried to find legal means to evict him and failed, he purchased a phonograph record, played it nightly from 11 p. m. to 1 1/2 a. m.—"the same record over and over."

The thin walls of the duplex left the tenant nothing to do but listen to the endless repetition.

Helms advised his caller the government's anti-evilution regulation contained no remedy for his complaint.

Food For School Lunchrooms Processed In Mitchell Co.

COLORADO CITY, Oct. 20 — More than 1,000 cans of food for school lunch rooms in Mitchell county have been processed and canned in the community bannering center in Colorado City, according to announcement made by Mrs. J. D. Williams, nutrition chairman of the civilian defense organization here.

The most recent accomplishment of the center was the canning this week of 408 cans of green beans for Colorado City school lunches. The vegetables were donated by Luke Long, Mitchell county farmer, were gathered by the FFA and Home Economics clubs, transported by school bus and directed by F. C. Shillingburg, vocational agriculture teacher of the high school.

Mrs. Bruce Hart, chairman of the sub-committee on canning, made arrangement for the supervisors in charge of the project. Mrs. Lois Prude Bennett, chairman of organization, directed the securing of volunteer workers to snap and prepare the beans. The workers were representatives of various women's organizations.

The Westbrook nutrition workers recently canned more than 300 containers of food for the lunch rooms there. When canning is done by other schools in the other schools in the county 10 per cent of the total is charged for use of equipment and utilities. In individuals using the canning center donate 20 per cent of their net.

Under the plan successfully carried out through the fall the city and the county furnished cans, the school board, utility bills. The equipment is now being moved to a permanent place in the city-owned Herrington building. Attractive separate quarters are being newly painted and sanitary drains installed.

Discharged As Privates, They Become Officers

DALLAS, Oct. 20 (AP)—For a few minutes here yesterday two members of Uncle Sam's armed forces weren't sure whether they were privates or officers, or just not in the army at all.

Two privates with the 5th ferrying command at Love Field were honorary discharged from the army and five minutes later were sworn back in as army officers.

Allen H. Flaherty of Midland was commissioned a second lieutenant and sent to the engineering corps at Camp Claiborne, La., and Max L. Feldman, Chicago, was commissioned a first lieutenant and sent to Keesler Field, Miss.

Gasoline, Fuel Oil Stocks Are Higher

NEW YORK, Oct. 20 (AP)—Total gasoline stocks and all fuel oil supplies increased in the week ended Oct. 24, the American Petroleum Institute reported today.

Gas oil and distillates, or light fuel oils, increased 641,000 barrels during the week to a total of 47,567,444, while residual, or heavy, fuel oil supplies were up 536,000 barrels to 79,073,000.

Total finished and unfinished stocks of gasoline increased 588,000 barrels to 70,545,000, compared with 78,956,000 at the end of the previous week and 82,800,000 a year ago.

Refineries operating at 78.7 per cent of potential capacity ran a daily average of 3,776,000 barrels of crude oil to stills, an increase of 67,000 barrels daily over last week. The percentage was 77.3 and capacity 3,709,000 barrels last week. A year ago the total was 4,071,000.

Daily average crude oil production in the United States increased 15,100 barrels during the week.

Ones A Sea Haven Now A 'Ghost Town'

PAPEETE, Tahiti, (AP)—Funua, the colony of American villa where many wealthy or adventurous visitors sought a touch of South Sea life, has become a virtual ghost town. A gradual rift back to the continent became a rush in the threatening days just before Pearl Harbor. Neglected, the frame houses are rapidly deteriorating in the moist tropical climate.

Many sufferers relieve nagging backache quickly, even they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 1500 acids a day. When disorder of kidney function permits poisons to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

It Ain't True, That Santa Is Shy On Toys

CHICAGO, Oct. 29. (AP)—The rumors that Santa Claus wasn't going to climb down any chimneys this Christmas with a bagful of toys on his back, were spiked today.

True, Santa has been working against war-induced handicaps, and many of his little elves have gone to military service or war industries, but he's not going to let the kids down.

Manufacturers and distributors in Chicago's merchandise mart, the source of information on Santa's activity, reported he was progressing handsomely in his toy-making business.

They said that despite shortage of materials, severe loss of helpers and death of shops to work in, top manufacturers were meeting the heaviest ahead-of-season demand in history.

The Way To A Soldier's Heart— And It Works With Sailors Too

WAFFLES... A direct hit with the Army, the Navy or the Marines.

By MRS. ALEXANDER GEORGE, Wide World Food Editor

When the family gets word that Johnny is marching home on leave, it's time to go into a quick huddle and plan foods he will like to eat.

While soldier and sailor boys get good substantial chow, they have a hankering for dishes with those distinctive home touches and for such specialties as spiced peaches, strawberry preserves and pie like only mother can make.

MOTHER'S PEACH ROLL will receive a hearty welcome. It is truly scrumptious when topped by vanilla ice cream or whipped cream. Mix together 3 cups flour, 1-2 teaspoon salt, 1 teaspoon baking powder, 1 tablespoon sugar and 1-2 teaspoon cinnamon. Cut in 1-3 cup fat, add a beaten egg and enough milk to make a soft dough. Pat out the dough on a floured board until dough is about 2-3 inch thick. Spread with soft butter and 3 tablespoons sugar

blended with 1-2 teaspoon cinnamon. Cover with sliced fresh peaches (canned or frozen ones will do) and sprinkle with 3 tablespoons honey and 4 tablespoons sugar (brown if you have it). Roll up quickly and fit into buttered loaf or round pan. Brush top with 3 tablespoons honey mixed with 2 tablespoons butter and bake 35 minutes in moderate oven.

CHICKEN SHORTCAKE is another family favorite. Cut out large biscuits from rich biscuit dough. Bake, split and add chicken filling, made this way: Cook a cut-up stewing chicken in salted water until very tender. Cool and chill. Remove the chicken and let the fat collect on top of stock. Mix together 1-2 cup chicken fat (eased out with butter if the fat measures a little shy) with 2-3 cup flour, 1 teaspoon salt and 1-4 teaspoon each white pepper, paprika and celery seed. Add 1-2 cups chicken stock and 1 cup milk. Cook slowly until thick and creamy. Cut the chicken, thoroughly chilled, into pieces no smaller than an inch in size and larger pieces are all right. Add chicken to sauce and cook 5 minutes over low heat. If a little too thick add 1-2 cup more stock or milk or cream. If the boy is a cornbread fan let it replace the biscuits and you have Dixie Shortcake, which is a real treat.

GREEN SALAD, icy-cold, appeals to most boys and especially when it is made by mixing 1-4 cup crumbled Roquefort cheese into each 2-3 cup tart French dressing. For dessert nothing tastes better than BLUEBERRY PIE, and BLUEBERRY MUFFINS make delicious eating for breakfast or luncheon.

OLD-FASHIONED VEGETABLE SOUP, from the victory garden, is another favorite with boys. And CINNAMON BUNS, gooey with honey or dark brown sugar, will bring pleasure. Chilled honeydew melon gives a refreshing sign off.

heating only until smooth. Add shortening. Beat egg whites until they will hold up in moist peaks. Stir quickly but thoroughly into batter. Bake in hot waffle iron. Serve with butter and maple-flavored syrup. Makes four or five 4-section waffles.

Harvest Peak Is Passed In Texas Areas

AUSTIN, Oct. 29. (AP)—Many Texas areas passed the 1942 harvest peak in the week ended Oct. 25.

Most activity was centered in the northwest although conditions were favorable in the coastal rice area and good progress was made in peanut harvesting. The U. S. Bureau of Agricultural Economics reported.

South Texas was becoming dry and some eastern and northern counties needed moisture. Elsewhere in the state it was mostly too wet for harvesting and preparing land.

Significant cotton harvest activities centered in the west plains area where operations were delayed the first part of the week by wet fields. Operations were under way again, and many sections were unable to proceed as rapidly as they wished because labor was not available in desired quantities when weather permitted harvest.

As weather and labor permitted, corn harvest and completion in the central portion of the state is and was well advanced in northern sections. Peanut harvest was getting under way in the plains countries, and was progressing in Central Texas. All available peanut threshers were operating at capacity in southern and southeastern counties.

Combine sorghum harvest but some delay in harvest of bundle feed was being experienced because of wet fields and inadequate labor supply.

New potato harvest made progress, and generally good yields were being obtained. The seeding of small grains was nearing completion, with much of the early sown grain up to a good stand and making splendid growth. Volunteer wheat was doing well, and an abundance of winter grazing was assured.

Range and pasture grass continued to make new growth over most of the state, but in some east and southeastern counties rains and pasture feed supplies were abundant.

Large numbers of cattle and lambs were moving into the plains countries from southwest Texas, New Mexico and Arizona to utilize the abundant supply of wheat pas-

Pop Corn Adds Plenty To That Hallowe'en Party; New Recipes

This Hallowe'en, Hittler and Hirohito are the spooks haunting the homes of all Americans.

Blame them for your having to stay home more. Blame them for not being able to make candy at home or buy gum and candy at stores. But blame yourself if you don't have a good time on Hallowe'en, even with axispooks on the loose, because Hallowe'en at home can be made more exciting with well-planned ideas, some apples and pumpkins; above all, plenty of pop corn.

Of course, just picking up a package or two of pop corn in paper or cellophane bags or cardboard cartons won't do the trick. You must have pop corn that really pops, and that's the kind that comes in perfect popping condition in airtight tins.

Imagine what a let-down you'd get if all the pop corn flamed and went P-fft—just when you were expecting some merry excitement!

Pop corn, you see, provides action as well as food. Salted, sugared, made into balls, as king of your Hallowe'en festivities. So have a plentiful supply on hand—in airtight tins—for this Hallowe'en. It makes for inexpensive fun and is a welcome confection to revelers of any age.

Here are a few recipes for pop corn dainties which are quite appropriate for any party. Pick the ones that appeal to you most, and pop into the Hallowe'en party headlines with pop corn!

Orange Cream Pop Corn Balls
1 cup sugar
1-4 cup cream
1-3 cup orange juice
1 tablespoon butter
1 teaspoon grated orange rind.
2 quarts popped Jolly Time pop corn

Combine the sugar, cream and orange juice and cook over low heat, stirring constantly until the sugar is dissolved. Increase the heat and cook to 200 degrees F. or until a hard ball forms when a little of the mixture is dropped in cold water. Remove from heat and add butter and orange rind. Pour slowly over Jolly Time pop corn, stirring and turning the corn so that it is evenly coated. Shape into

balls and wrap in cellophane or waxed paper.

Garlic Pop Corn
Good served with hot soups, especially cream soups. Melt butter and let a clove or two of garlic simmer in the butter while it is frothing up. Take out garlic before buttering corn.

For something different, when melting butter or margarine or heating salad oil to pour over hot popped corn, try adding a little peanut butter. Blend with melted fat then pour over popped corn. Add salt to taste.

Pop Corn Pudding
This is a very old pudding originated by our pilgrim ancestors. Dissolve one and a half ounces of gelatin in two cups of hot water; add a cup of sugar, two cups of milk, a heaping cup of chopped pop corn, and a pinch of salt. Cook for five minutes, then add the strained juice of three oranges, beaten whites of three eggs, a gill of cream, and a tablespoon of ginger syrup. Set aside to cool, in a wet mold. Serve whipped cream with the pudding.

Cherry Pop Corn Balls
3-4 cup light corn sirup
1 cup sugar
1-2 cup water
1-4 teaspoon salt
2 tablespoons butter or margarine
About 8 quarts freshly popped corn

1 cup whole candied cherries
Mix corn sirup, sugar, water and salt together. Bring to boil, wiping off the crystals from the sides of the pan as you go. Cook to about 260 degrees F. Add butter or margarine. Cook until a little of the sirup forms a hard ball, and will sound brittle when struck against sides of cup—the crack stage.

about 250 degrees F. Mix cherries through the popped corn in a big pan or bowl (a pan big enough to mix this quantity of corn). Pour the sirup in a stream over the corn and cherries. Stir all the time so sirup coats them evenly. While sirup is still hot, shape mixture into balls with the hands. If they are to be kept for a day or so, wrap each separately in waxed paper—they draw the moisture and become sticky after a day if not wrapped. If you are the right kind of family, you won't keep these long!

Taffy Pop Corn
4 cups of popped corn
2 cups of melted peanuts
2-3 cup of molasses
1-3 cup of sugar
1 tablespoon of butter
1 tablespoon of vinegar
1-3 cup of water
1-8 teaspoon of soda
Mix molasses, sugar, butter, water and vinegar. Cook slowly and without stirring, until the crack stage is reached. Add soda and stir well. Add remaining ingredients and mix well before pouring into shallow, well-greased pans. When cold, cut into bars of squares.

Chum To Lose Coffee

MARSHFIELD, Ore., Oct. 29. (AP)—Chum has to be told about coffee rationing or he's going to think Hervey C. Tripp doesn't care any more.

Tripp doesn't know how to go about it. For Chum is his three-year-old Boston terrier.

Every morning he barks for his cup of coffee—straight.

Opera Bed Will Do

CHICAGO, Oct. 29. (AP)—William Wymetal, stage director of the Chicago Opera company, was tired after hunting for a place to live and went to the opera house and asked the technical director Monte Fassnacht to set up the bed from "Rosenkavalier" on the stage.

"But we're not giving 'Rosenkavalier' this season," Fassnacht said.

"I know, I know," Wymetal explained, "but I can't find a bed in all Chicago to sleep in."

Angelo-Odessa Clash Headliner On Week's Schoolboy Schedule

District 3-AA Title Hangs In Balance

By HAROLD V. RATLIFF
Associated Press Sports Editor

Schoolboy football's spotlight rests on West Texas this week where Odessa's Bronchos meet San Angelo's Bobcats in the semifinals of the Oil Belt championship race.

It's the top battle of the week with the winner to tangle with Sweetwater's unbeaten, untied Mustangs for the title.

Odessa, which has lost one game—that to Lubbock, the team San Angelo tied—will take two of the state's finest backs to San Angelo.

Otis McKelvey and Jimmy McCracken have together gained more than 1,100 yards—McKelvey running 116 times for 661 and McCracken passing 38 times for 501.

But the Bronchos also possess one of the outstanding pass-receivers in the state in Keith Evans, brother of Raymond, 1941 Odessa star. He has caught 22 of the 33 passes completed this season.

Against this array San Angelo will throw a team noted for its consistency. San Angelo is unbeaten for the season and despite Sweetwater's record and the Odessa power is rated in most quarters as favorite.

Vying with the Odessa-San Angelo game for prominence is the clash of John Reagan and Austin in the Houston district. They are two of the three undefeated teams in conference play and this game is expected to virtually determine the championship.

Generally, it's a slack week with four of the state's undefeated, untied teams without games. They are Wichita Falls, Denton, Amon Carter Riverside of Fort Worth and Sunset of Dallas.

Here is the complete schedule by districts:

1—Friday: Amarillo at Borger (conference); Brownfield at Plainview (conference); Saturday: Lubbock at Pampa (conference).

2—Friday: Vernon at Childress (conference); Olney at Electra (conference); Quanah at Burkburnett (conference).

3—Friday: Odessa at San Angelo (conference); Sweetwater at Lamona (conference); Midland at Abilene (conference); Colorado City at Big Spring (conference).

4—Friday: Phoenix, Ariz., at El Paso High.

5—Friday: Texarkana at Paris, Commerce at Bonham.

6—Friday: Arlington at Greenville (conference); McKinney at Sulphur Springs (conference); Denton at Highland Park (Dallas) (conference).

7—Thursday: Masonic Home (Fort Worth) vs. Fort Worth Tech (conference); Friday: Arlington Heights (Fort Worth) vs. North Side (Fort Worth) (conference).

8—Friday: North Dallas vs. Adairson (Dallas) (conference); Saturday: Crozier Tech (Dallas) vs. Forest (Dallas) (conference).

9—Friday: Ranger at Mineral Wells (conference); Weatherford at Brackenridge (conference); Stephenville at Dublin, Brownwood at Cisco (conference).

10—Friday: Corsicana at Temple (conference); Waco at Cleburne (conference); Hillsboro at Ennis (conference); Ferris at Waxahatchis.

11—Friday: Henderson at Tyler, Lufkin at Marshall, Woodrow Wilson (Dallas) at Longview, Athens at Gladewater (conference).

12—Friday: Kilgore at Nacogdoches.

13—Thursday: Reagan (Houston) vs. Austin (Houston) (conference); Friday: Sam Houston (Houston) vs. San Jacinto (Houston) (conference); Saturday: Lamar (Houston) vs. Jeff Davis (Houston) (conference).

14—Friday: Livingston at Conroe, Orange at Beaumont (conference); Saturday: South Park (Beaumont) at Port Arthur (conference); Goose Creek at Galveston (conference).

15—Thursday: Laredo at San Antonio Tech (conference); Friday: Austin at Brackenridge (San Antonio) (conference); Kerrville at Corpus Christi (conference).

16—Friday: Pharr-San Juan-Alamo at Harlingen, Robstown at San Benito (conference); Donna at McAllen.

Branch Rickey Is Signed As Manager Of The Brooklynns

NEW YORK, Oct. 29 (AP)—Branch Rickey today was named president and general manager of the Brooklyn Dodgers.

Rickey was signed to a five-year contract, effective Nov. 1. He succeeds Larry MacPhail, who resigned the position to take a commission in the armed forces.

The board of directors declined to name the salary terms, but as vice president and general manager of the St. Louis Cardinals, Rickey's salary and commissions were believed to have run as high as \$75,000 annually.

NEW YORK, Oct. 28 (AP)—Branch Rickey was back in town today for the second time within a week and may sign as the new president of the Brooklyn Dodgers before he darts away again.

The latest visit of the vice president of the St. Louis Cardinals was surrounded in as much secrecy as was the case last week. He arrived yesterday unannounced, registered at a midtown hotel but didn't answer his telephone, and even his son's family said they were unaware of his presence here.

However, there was reason to believe that he had come to conclude negotiations which have been going on ever since the world series, when the board of directors of the Dodgers set out to find a successor to Larry MacPhail, who resigned to accept a lieutenant-colonelcy in the army.

When he was last here Rickey, although refusing to acknowledge that his presence had any connection with the Brooklyn vacancy, did say he hoped to "know something definite within the next week."

The fact that he returned seven days later, on the dot, was therefore accepted to mean that he knew something definite and there seemed to be no occasion for his making a trip here if the "definite" were negative.

When Rickey was here last week it was understood he had straightened out his Cardinal contract, which would not normally expire until December 31. This part provided for him to share in the profits of the club in addition to his salary and the sum involved may be measured by the approximately \$75,000 he received last year. In addition Rickey was believed to have owned some stock in the Cardinals, which he would have to sell before becoming associated with any other major league club.

These problems may have been solved.

In addition, when Rickey was here a week ago one of the four Dodger directors, Joseph A. Gillette, was out of the city. Today they were all accounted for—Gillette, James Mulvey, George Barneval and William L. Hughes—making it possible for the board to take action.

Missouri, Georgia Set Pace Toward Record Yardage

CHICAGO, Oct. 29 (AP)—Collegiate football is streaking to new offensive heights this year on the backs of Missouri and Georgia.

Missouri, paced by Bob Stuber, the nation's leading scorer, has averaged 484 yards a game for six contests. Georgia, led by Frankie Sinkwich, has rolled along at a 431 clip in the same number of encounters.

The American Football Statistical Bureau, in releasing today's figures, said that it believed it had some imposing figures three years ago when Cornell, in six games averaged 409 yards before bumping into Dartmouth and Pennsylvania.

But today Missouri and Georgia not only are far ahead of that pace, but are being pushed by two other eleven's. In five games, Tulsa has a 419 total offensive average and Ohio State, 414.

Missouri and Ohio State, incidentally, are the two top running teams of the nation, Missouri having gained 2,023 of its 2,905 total yardage by rushing and Ohio State, 1,846 of its 2,070.

Georgia, 13th in rushing, is making up its difference in passing where it continues to run third behind Columbia and Tulsa. Columbia has averaged 212 yards a game, Tulsa 209, and Georgia 184, with Maryland right behind at 182.

All around honors, however, go to little Tulsa, undefeated in five games. In addition to being third in total offense and second in passing, the Golden Hurricanes are first in total defense (allowing opponents an average of 84 yards a game), first in pass defense (permitting 25 yards a game), third in punting and 11th in rushing.

Tulsa's pass defense has been so good that the Hurricanes have intercepted more aerials (11) than their foes have completed (10). Harvard, in the last six years, consistently strong team against forwards, also has yielded only 25 yards, but the percentage of enemy pass completions has been greater (.314 to .167).

In total defense, Detroit trails Tulsa with a 95.5 average yield; Vanderbilt has given up 98.6 and Alabama and William & Mary, each 108.

Texas came all the way from 11th place to take over the punting leadership from Tulsa. Texas in six games has averaged 41.55 yards in 21 kicks; Tennessee 41.44 in 45; Tulsa 41.28 in 23; Rice 40.73 in 27, and North Carolina 40.68 in 50.

Boston College held its position as top defensive team against rushing with an average yield of 25.5 yards, with Hardin-Simmons second, with 32.1, followed by Vanderbilt's 36 and Detroit's 40.

Figures on the first seven total offense leaders: Missouri, 6 games, 2,023 yards by rushing, 653 by passing, 2,676 total; Georgia, 6-1,480-1,107-2,587; Tulsa, 5-1,049-1,048-2,097; Ohio State, 5-1,846-434-2,280; Texas, 6-1,739-590-2,329; Vanderbilt, 5-1,347-559-1,906; Boston College 4-1,021-379-1,400.

Referee Erred, But Minnesota Still Winner

CHICAGO, Oct. 29 (AP)—Now that most everyone, including Referee James Masker and Commissioner John L. Griffith, has had a say in the controversial drop kick episode that ultimately brought Minnesota a 16-14 win over Michigan Saturday, the case was closed today—and Michigan still was without a victory over the Gophers in 10 years.

Masker last night admitted a lapse in not calling a five yard penalty on Minnesota for too many times out in the last nine seconds of the first half when the disputed play occurred.

Griffith, Western conference commissioner, in a statement said that "college games are never played over and scores are not reversed, no matter what may have happened, once the game is ended."

In his statement, however, he concluded after hearing reports and studying movies of the game that omission of the penalty (for taking time out to substitute after Minnesota already had exhausted its legal limit of three) was the only defect in the sequence of happenings.

Colorado Game Time Set Up To 8 O'Clock

Game time for the Colorado City-Big Spring football tilt Friday has been moved up to 8 p. m. It was announced here Thursday.

In all probability this will be the final night game of the season, since the next home game falls on Armistice Day when San Angelo comes to town for an afternoon clash, and the last home game is on Nov. 20 with Abilene. By that time the weather will be cool enough to almost preclude a night game.

Big Spring is still heavily favored over the lighter and less experienced Wolves from Colorado City. The Wolves have been pushed from pillar to post this season and have taken some pretty potent walloppings from district 3-AA opposition.

They are not due to upset the Steers under any conditions, although fans remember well how Big Spring went to Colorado City last year as heavy favorites and was lucky to come back with a tie. John Dibrall was Colorado coach then but he's on our side now. Some of his former pupils, however, may be out to make an impression on their last year's tutor, so Colorado City may turn in one of its best games of the season here Friday evening.

State's Top Teams Doped To Win Again

By The Associated Press

Records of leading Texas college football teams:

Team	W.	L.	T.	Pts	Opp
T. C. U.	5	0	0	89	20
Hardin-Sim.	4	0	0	72	19
Texas	5	1	0	170	18
Baylor	5	1	0	132	29
Howard Payne	5	1	0	80	12
A. C. C.	4	1	0	88	27
W. Tex. State	4	1	0	80	29

Eleven games make up the Texas college football schedule this week but there doesn't appear much chance of the leading teams being whittled down.

The two undefeated, untied outfits—Texas Christian and Hardin-Simmons—play Baylor and Arizona State respectively, T. C. U. appears to have the harder test.

There are plenty of conference games.

Three of the four battles in the Southwest conference count in the standings—Baylor at T. C. U., B. M. U. at Texas and Arkansas at A. and M.

The Lone Star conference has all four of its teams in title tilts with North Texas State playing Southwest Texas and Sam Houston tangle with East Texas.

There are two games in the Texas conference with Austin college meeting Southwestern and Abilene Christian playing McMurry.

Three of Texas' members of the Border conference play championship games. Hardin-Simmons tilt with Arizona is in that category. Texas Tech, in a triple tie for the Border loop lead with Hardin-Simmons and Arizona, engages Rice of the Southwest conference.

West Texas State goes to Las Cruces, N. M., to meet New Mexico A. and M. and Texas Mines clashes with Arizona State at Flagstaff, Ariz.

Here is the week's schedule:

Friday night—North Texas State vs. Southwest Texas State at Denton, Austin College vs. Southwestern at Sherman, Sam Houston State vs. East Texas State at Commerce.

Saturday—Baylor vs. Texas Christian at Fort Worth, Texas vs. Southern Methodist at Austin, Texas A. and M. vs. Arkansas at College Station, Texas Tech vs. Rice at Houston, Texas Mines vs. Arizona State at Flagstaff, Abilene Christian vs. McMurry at Abilene (night), West Texas State vs. New Mexico A. and M. at Las Cruces, N. M., Hardin-Simmons vs. Arizona University at Tucson.

Conn, Pastor Named Chief Contenders

WASHINGTON, Oct. 29 (AP)—Corporal Billy Conn and Bob Pastor are the "logical contenders" for Sergeant Joe Louis' heavyweight championship crown, the National Boxing Association reported today in announcing that top-ranking fighters now in the armed services shortly would be placed in a special "honorary class."

Abe J. Greene, NBA president, said that in December the association would announce plans for listing "duration champions and contenders."

These ratings, Greene declared, will be based on a policy of "freezing" for the duration the titles of men in the service. He added that such a system would prevent "injustice" to champions now in uniform and would prevent appropriation of boxing crowns by self-declared champions or by dictum of any individual athletic commission.

In again listing Conn as the No. 3 heavyweight, the NBA made no reference to the scheduled Louis-Conn scrap of three weeks ago, which Secretary of War Stimson cancelled.

The NBA ranked Pastor as the leading "out-of-the-service" heavyweight, ignoring both his recent defeat at the hands of Jimmy Bivona of Cleveland and Bob's announcement three days ago that he was retiring from the ring and planned to enter some branch of the armed forces.

The NBA explained that Bivona's win over Pastor was registered after the Oct. 19 deadline for contests to figure in the rankings. Bivona was listed as the No. 2 light heavyweight.

Mello Bettina was placed at the top of a group of five "outstanding boxers" in the heavyweight class, but the NBA noted that his army service probably would prevent any ring activity on his part "which leaves competition principally in the hands of Leo Savold and Tami Maurelio," who are booked to meet tomorrow night.

Man Faces Charge In Slaying Of Wife And Son

CAMBRIDGE, Ill., Oct. 29 (AP)—State's Attorney Martin E. O'Connell said that Lester Stefferman, 32 years old factory employe, would be arraigned in justice court today for a preliminary hearing in connection with the slaying of his wife and 10 year old son. A coroner's jury last night recommended that Stefferman be held to the grand jury which convenes Monday on charges of first degree murder.

Sheriff Fred D. Swanson testified at a coroner's inquest that Stefferman told him that he had strangled his 25-year-old wife, Irene, and their son, Eugene, on the morning of Oct. 18 and had left their bodies in the basement of their home in nearby Cleveland while he continued to live at home.

Manuel Ortiz, whose victory over Lou Salica has been recognized by the NBA, was ranked the No. 1 bantamweight for the only change in title classification in the new ratings.

Man's Body Taken From Burning Cab

HOUSTON, Oct. 29 (AP)—The badly burned body of James R. Burch, 38, installation supervisor of the Southwestern Bell Telephone company, was found in the burning cab of his telephone company truck on the Anderson-Post Oak road near Brays Bayou between 2:30 and 3 p. m. yesterday.

Justice Tom Mass held the inquest but withheld his verdict pending a complete investigation by the sheriff's department. Chief Deputy Angus Morrison said that his department will make a thorough investigation.

Missouri, Georgia Set Pace Toward Record Yardage

CHICAGO, Oct. 29 (AP)—Collegiate football is streaking to new offensive heights this year on the backs of Missouri and Georgia.

Missouri, paced by Bob Stuber, the nation's leading scorer, has averaged 484 yards a game for six contests. Georgia, led by Frankie Sinkwich, has rolled along at a 431 clip in the same number of encounters.

The American Football Statistical Bureau, in releasing today's figures, said that it believed it had some imposing figures three years ago when Cornell, in six games averaged 409 yards before bumping into Dartmouth and Pennsylvania.

But today Missouri and Georgia not only are far ahead of that pace, but are being pushed by two other eleven's. In five games, Tulsa has a 419 total offensive average and Ohio State, 414.

Missouri and Ohio State, incidentally, are the two top running teams of the nation, Missouri having gained 2,023 of its 2,905 total yardage by rushing and Ohio State, 1,846 of its 2,070.

Georgia, 13th in rushing, is making up its difference in passing where it continues to run third behind Columbia and Tulsa. Columbia has averaged 212 yards a game, Tulsa 209, and Georgia 184, with Maryland right behind at 182.

All around honors, however, go to little Tulsa, undefeated in five games. In addition to being third in total offense and second in passing, the Golden Hurricanes are first in total defense (allowing opponents an average of 84 yards a game), first in pass defense (permitting 25 yards a game), third in punting and 11th in rushing.

Tulsa's pass defense has been so good that the Hurricanes have intercepted more aerials (11) than their foes have completed (10). Harvard, in the last six years, consistently strong team against forwards, also has yielded only 25 yards, but the percentage of enemy pass completions has been greater (.314 to .167).

In total defense, Detroit trails Tulsa with a 95.5 average yield; Vanderbilt has given up 98.6 and Alabama and William & Mary, each 108.

Texas came all the way from 11th place to take over the punting leadership from Tulsa. Texas in six games has averaged 41.55 yards in 21 kicks; Tennessee 41.44 in 45; Tulsa 41.28 in 23; Rice 40.73 in 27, and North Carolina 40.68 in 50.

Boston College held its position as top defensive team against rushing with an average yield of 25.5 yards, with Hardin-Simmons second, with 32.1, followed by Vanderbilt's 36 and Detroit's 40.

Figures on the first seven total offense leaders: Missouri, 6 games, 2,023 yards by rushing, 653 by passing, 2,676 total; Georgia, 6-1,480-1,107-2,587; Tulsa, 5-1,049-1,048-2,097; Ohio State, 5-1,846-434-2,280; Texas, 6-1,739-590-2,329; Vanderbilt, 5-1,347-559-1,906; Boston College 4-1,021-379-1,400.

Texas-Okla. Men Score Heavily On Japanese

AN ADVANCED BASE IN THE SOUTH PACIFIC, Oct. 15—(Delayed AP)—A bomber piloted by Lieutenant J. H. Bunn, Corcoran, Tex., and U. S. O'Brien, Hennessey, Okla., shot down two Zeros and scored a hit on a transport in the flaming skies of the Solomons, yesterday.

A Jap battleship was damaged by three bomb hits from another plane and still another scored hits on a transport as flying fortresses attacked five transports and a dozen more warships.

Communications on Guadalcanal said today that three Japanese transports are beached and burning furiously.

Bomber pilots say their crews shot down six of a dozen Jap Zero planes attacking them yesterday.

Negro Draft Calls Are Determined By War Dept.

AUSTIN, Oct. 25 (AP)—The war department and not state headquarters specifies the number of white and negro registrants to be inducted by the state on given dates, the state selective service statement yesterday in a public statement.

"These calls are apportioned among the local boards of the total number of whites available men and the total number of colored available men each local board has in relation to the total available men in the state," the statement pointed out.

would have to tell him about her father because sooner or later he would find out himself and then it would be so much worse. It would be better if she told him herself.

She tried once but it wasn't easy. She tried again, and this time she started blurring it out, so she could get it over with. "Todd, I've learned something else about—What I want to say, Todd, is that it was my father who helped put your dad in prison. He's a police lieutenant, you know. But he couldn't help it. He had his orders. Please let me tell you about it."

He had stopped walking and was looking down at her with a queer expression. She saw the look and took him by the arm. "Don't stop walking," she said. "Keep going. I'll be able to talk, then."

To be continued.

Ordovician Test Is Staked In Sterling Co.

Anderson-Prichard Oil Corp. has staked a wildcat Ordovician in Sterling county and the test will be drilled by the Col-Tex Refining Co. of Colorado City, one of the branches of the Oklahoma firm.

The test will be known as the W. N. Read, and cellar and pits cut nine miles west of Water Valley in Sterling county. Fred Postella, Okessa, is contractor.

In Howard county Coston No. 1 Thelma Cole, section 14-26, H&TC, nine miles directly west of Westbrook pool production, had cemented seven-inch string at 3,159-3,165 and was bottomed at 3,163 feet.

The C. T. McLaughlin & Co. and Coston Petroleum Corp. No. 1 H. Griffin in southern Mitchell county was reportedly plugging to abandon.

personage and the pastor, Sam Leach, treasurer, and Ruby Biggs, secretary, are on the committee in charge of this. White friends of the church have been invited to attend the meeting.

Control Your Emotions; They're Bad For Ulcers

CHICAGO, Oct. 28. (AP)—Unusual evidence that emotions are a factor in the development of ulcers was reported today by two physicians who spied on a man's stomach during emotional disturbances.

The study was made on a 56 year old man who has to be fed through an artificial opening in his stomach—remarkably similar to the way an army doctor a century ago discovered the nature of digestion by looking into a man's stomach through a gunshot wound that failed to heal completely.

The new observation, confirming the medical belief that the state of one's mind affects the state of one's stomach, were described in the journal of the American Medical Association by Dr. Stewart Wolf, U. S. army captain, and Dr. Harold G. Wolff of New York.

"It appears likely," they concluded, "that the chain of events which begins with anxiety and conflict and their associated overactivity of the stomach and ends with hemorrhages or perforation is that which is involved in the natural history of peptic ulcer in human beings."

The physicians took a look at the man's stomach—24 times—and reported that fear, hate, anxiety and similar emotions produce a stomach condition making it possible for acid gastric juices to start an ulcer.

They noticed, for instance, that during such emotions the stomach becomes red from excess blood in the mucous membrane, acid production increases sharply and vigorous contractions begin.

They found also that the stomach's lining was protected from its own secretions by an efficient insulating layer of mucus, enabling most small erosions to heal promptly within a few hours.

The man upon whose stomach they spied had drunk scalding hot clam chowder at the age of nine, completely blocking his esophagus, and has been fed since through an opening cut by surgeons.

How To Live Happily On Two And A Half Pounds Of Meat A Week

How to live happily on 2 1/2 pounds of meat a week is a problem perplexing many a patriotic meat planner who is trying to do her part in the government's voluntary share-the-meat program.

If the week's meat usually has exceeded the 2 1/2 pounds per person limit only slightly, the problem is simple and may even be solved by an inconsequential change as omitting the breakfast bacon and eating a bit more cereal and milk.

But when it's a family which always has boasted, "We're meat eaters! We like it three times a day and plenty of it!"... then the matter of supplying sufficient amounts of protein, iron and vitamins becomes somewhat more complex. However, it should be remembered that poultry and the variety meats—liver, heart, kidneys, tongue, etc.—are not included in the 2 1/2 pound allotment, and those are just as effective in providing food value as the red muscle meats. And it's quite possible to supply sufficient nutritive elements by using more of certain other foods in the menu.

The Bureau of Home Economics, U. S. Department of Agriculture, suggests as a sample week's purchase for a family of two adults, a child of 18 and a child of 9 (three adult allotments of 2 1/2 pounds each and one child's allotment of 1 1/2 pounds a week), the following shopping list of 9 pounds of red meat plus poultry. Of course, this is only one possible combination—there are many others.

- 1 lb. ground beef for meat balls or loaf
- 1 lb. bacon or ham
- 4 lbs. shoulder of lamb
- 1 lb. chops (veal or pork)
- 2 lbs. spare ribs
- 4 lbs. stewing chicken.

Whole Alaska Highway Is Now Open

WASHINGTON, Oct. 29. (AP)—The entire Alaskan highway now is open to traffic, Secretary of War Stimson announced today, weeks ahead of schedule.

Motor trucks started this week moving supplies and equipment to the garrisons in the North Pacific outpost, using the entire 1,671 miles of the roadway, the secretary told his press conference.

"Thousands of trucks will operate over the route all winter, carrying soldiers and supplies to Alaska," Stimson said. "Plans are under way to bring loads of strategic materials on their return."

The formal opening has been advanced tentatively to November 15, instead of December 1. Ceremonies are planned for a point on the Alaskan-Canadian border.

Stimson also announced: A second and larger training school for the WAACS will be opened December 1 at Daytona Beach, Fla. Hotels and apartments to be taken over by the army will provide facilities for more than 6,000 trainees. In temporary command will be Colonel Don C. Faith, now commandant at the original center at Fort Des Moines, Ia.

Changes soon will be announced in the army specialist corps, set up shortly after the Japanese attacked Pearl Harbor. Major General Dwight F. Davis organized the corps to make use of the services of men unable to meet all army requirements for combat services of men unable to meet all army requirements for combat service.

Stimson told an inquirer that criticism and his staff was "wholly unjustified." He said the changes already had been initiated by the corps and were based on experience but did not disclose their nature.

ROUNDUP SPORTS

By HUGH FULLERTON, JR.

NEW YORK, Oct. 29. (AP)—Having tried to apply common sense to football predictions for several weeks, and having fallen somewhat short of perfection, this dept. is inaugurating a new system this week:

Duquesne vs. St. Vincent (Friday) — One of Duquesne's halfbacks is Goode. So is Duquesne—too good for St. Vincent.

Colgate vs. Holy Cross—We're always mistaking Colgate's Al Haver for a trotting horse, because of his name, but we understand he's a runner. Maybe Al will pace the Red Raiders to victory.

Oklahoma vs. Iowa State—Word from the Southwest is that the Sooners' prospects depend on whether Hamm is hot. Veterans sandwich eaters all use cold Hamm is just as good. Anyway, we'll string a long with Oklahoma whether Hamm is hot or roasted.

Pennsylvania vs. Army — The Penn is mightier than the sword.

Texas Christian vs. Baylor—No selection. We can't tell which way the Frogs will jump.

One-minute sports page—Local fight enthusiasts are talking about a return meeting here between Fritzie Zivic and Henry Armstrong. Maybe they didn't see those pictures from San Francisco showing Henry's funk looking like a Halloween's pounce after he won from Fritzie... Red Hornet, who won the National Hockey league's bad man title so often he was given permanent possession, will be a big league referee this season... Thought for Brooklyn: Branch Rickey always used to say that if he ever had direct control of a ball club, Burt Shotton would be his manager... The football Yale used to beat Dartmouth last Saturday won't go into the trophy case with the rest... The Ell players autographed it and gave it to Gary O'Dell, Coach Howie's five-year-old son, who is laid up with a plaster cast on an ailing leg.

Today's guest star—William McG. Keefe, New Orleans Times-Picayune; "Chancellor O. C. Carmichael of Vanderbilt said that the students attending the university without a serious purpose should enlist in the armed forces before sundown. He probably was referring to those students who make up the football squad, because we notice his suggestions came right on the heels of that 23 to 0 pasting Mississippi State dished out."

He means well—Don Means, former U. of Washington quarterback, finds that building airplanes for Uncle Sam and playing football for the Seattle shipbuilders make a few demands upon his time... A few Sundays ago he worked from 6:30 a. m. to 1 p. m., made a quick shift to the gridiron for a 2 p. m. kickoff and then, after helping Seattle beat Spokane 23-0, he went home and put in the rest of the day clearing brush off his place in the country.

Child Study Club Votes To Give Funds To Temporary USO

Mrs. J. E. Brigham gave the program on "War and Discipline" and Mrs. J. B. Mull discussed nutrition at the meeting Wednesday afternoon of the Child Study Club in the home of Mrs. Harold Bottomley.

The group voted to contribute \$1 weekly to the USO center refreshment fund until December.

The next regular meeting was announced for November 11 and members are urged to meet at the Red Cross to sew.

Attending were Mrs. Bill Wright, a new member, Mrs. H. W. Wright, Mrs. R. W. Currie, Mrs. Mull and Mrs. Brigham.

Women Go To Work For Border Patrol

MALLEN, Oct. 29. (AP)—The U. S. border patrol's traditional "no women" barriers were twice-shattered today.

Miss Florence Berry, employed as a stenographer at the patrol's substation here, will be joined by Mrs. Ann Cain of Malallen, also a clerical worker.

Men, who for years have done all the office work, are out on the patrol line.

We're cutting it short!
