**Lease Glasscock Oil Land for \$3.**  
Judge J. W. Powell reports that he closed out oil leases on 640 acres of land in Glasscock County at \$3 per acre, and deposited a check for \$1,820 received for the leases in the First National Bank Tuesday. The check was given by Ricker & Doan, of Colorado, Texas. Development of the Big Lake oil field and renewed activity in wild cat territory throughout West Texas is stimulating dealing in acreage.—Ballinger Ledger.

**Local Pastor Author Church History.**  
Rev. Phelan, pastor of Methodist Church here, compiles important Church History.

From the Dallas News, Sunday, Nov. 2, 1924:  
The text of "A History of Early Methodism in Texas," by Malcolm Phelan, shows how thoroughly the author has endeavored to give a true account of the beginnings, development and progress of the first forty-nine years of Texas Methodism—1817-1866. In the interesting pages he recounts many of the difficulties, hardships, trials and dangers the first preachers had to contend with in planting Methodism in Mr. Austin's colony, and afterward in the new Republic. The author has been very careful in selecting and grouping the facts, as well as conservative in his interpretation of them. Those familiar with early Methodist history will find a special interest in the many new and heretofore unknown facts brought out in this volume. It was a godsend in the preservation of the church's early history that the Addison papers from which Mr. Phelan has freely drawn, fell into his hands a few years ago. Enough contemporary incidents and facts are related to give a substantial background for his story. The conditions—political, natural and moral—under which the church was planted in Texas, the problems and struggles, stories of the failures and triumphs of the pioneers, all these have a large place in this record.

Printed in large type on a good interwoven paper and substantially bound in cloth makes a very attractive volume.  
All preachers shown in the minutes of the conference as having labored in Texas during the period covered by this history are listed in the complete index, with indications of how they entered the work, viz., by admission on trial, abbreviated administration, by transfer, or abbreviated transfer—as well as with biographical and obituary notices. A valuable contribution to church history and to the early history of the state.  
Bro. Phelan is also the author of another book of value to all churches, as it is somewhat an encyclopedia of general information of all churches, which shows the same care and ability as is attributed to the book mentioned above, which ability is exemplified in all of his sermons.

**Beautiful Hallowe'en Party**  
Last Thursday afternoon at the home of her daughter, Mrs. Crenshaw, Mrs. Walter Pike entertained a number of friends at Bridge and Rook.

This was one of the most beautiful parties of this season. The guests were met at the door by little W. H. Crenshaw resplendent in black and yellow and looking like the very spirit of Hallowe'en. The beautiful score cards guided the guests to their tables in the darkened rooms. Witches and black cats were everywhere in evidence and draperies and festoons carried out the motif.

After a number of jolly games, a most delicious luncheon was served. The table cloths were yellow with fleeciness of black as a border. The hostess was assisted in serving by Meedames Crenshaw, Sam Hall and Dee Pursler, who wore dainty little aprons matching the table covers. The first course was a beautiful plate of fried oysters, potato balls, hot rolls, olives and a cup of hot tea; the second, even more artistic, was ice cream in the form of a sunflower and small cakes iced with chocolate and decorated with a yellow daisy and a bonbon embossed with a black cat.

Favors of charming little black and yellow baskets filled with candies in the shape of corn and beans were bestowed upon each guest. Those present were most sincere in their expressions of pleasure and thanks to the hostess for a delightful afternoon.

H. L. Rix returned Wednesday morning from a business trip to Lamesa.

### Lions Club Meeting

The regular weekly meeting of the Lions Club was held at the T. & P. Dining Hall Wednesday and an interesting and enjoyed session resulted. Dr. E. O. Ellington presided and gave notice there would be no foolishness at this session as he had barely escaped serious trouble as the result of last week's joke.

After the fine eats, interesting talks were made. C. C. Spencer, principal of the Big Spring High School, discussed the fine work the Lions had done in taking over the task of beautifying the school grounds. Fred Keating also discussed this proposition and advised the planting of trees and shrubs that would thrive on a minimum of moisture. He advised against the planting of flowers.

W. W. Rix told of progress made toward securing additional land to provide a thirty-foot street along the west side of the High School grounds. He also discussed the advisability of aiding in pushing the attractions of Big Spring Mountain Park. He urged the members of the Lions Club to be at the Homan & Lees Filling Station at 8 o'clock Friday morning to greet the party making the Essex Non-stop Auto run from San Antonio to El Paso. If a record is set it will prove a wonderful advertisement for the Glacier to Gulf Motorway and the Bankhead National Highway, the two highways which cross at Big Spring—especially so in attracting tourist travel over these two highways.

A near tragedy occurred just as the meeting adjourned. The proprietor of the lunch room stated that he hated to make a roar while in the midst of a bunch of Lions but he just had to roar or quit. His silverware, so he said, had been vanishing ever since he began preparing "feeds" for the Lions, and he stated that he could no longer afford to feed silver to the bunch at prevailing prices. There was some indignation in regard to his complaint but the justness of his complaint was recognized and all present insisted that he search each member to make sure none of them was carrying off his old silverware.

This he proceeded to do and when he found a dozen or so silver spoons in the pocket of Rev. F. B. Eteson you could have heard a pin drop. Rev. Eteson is still explaining.

### Improvements at Hotel Cole

J. C. Douglas, proprietor of the Hotel Cole, has been having considerable improvement made on the hotel recently. The interior has been thoroughly overhauled and repainted and now presents a much more attractive appearance. A new heating plant has been installed to make this popular hotel, cozy and comfortable throughout the winter time. A new roof is being put on the building this week.

### Robinson-Murphee

On Saturday, November 1st, Rev. W. E. Smith performed the ceremony which united in marriage Wade Robinson and Miss Zena Murphee. The contracting parties reside north of Big Spring and are held in highest esteem by all who know them. We join friends throughout the county in extending best wishes for a full measure of happiness and prosperity.

### Buying Cotton for Export

W. P. Edwards and A. R. Fryar have been buying cotton for the Japan Trading Co recently, and have secured three thousand bales for them up to the present.

Mr. Edwards has also purchased for the N-Estrado, Inc., Trading Company, one thousand bales of cotton for export to Spain and Italy.

J. T. Frazier arrived Thursday morning from Hillsboro to look after property interests in this section.

### Death Claims Spencer W. Laws

Spencer W. Laws, aged sixty-eight years, a well known and esteemed citizen of the Auto community, was claimed by death Tuesday, November 4th at 3 p. m.

His death which was due to an acute attack of peritonitis following an operation, occurred in a sanitarium at Dallas, where he had been under treatment the past two weeks. Deceased was born in Tennessee, but had been a citizen of Texas for many years and for the past two years had resided in the Auto community.

The remains were brought to this city from Dallas Wednesday night, accompanied by his brother in law, Dr. Westerman.

Funeral services were conducted at the graveside in Mt Olive cemetery at 10:30 o'clock Thursday morning by Rev. M. Phelan, pastor of the Methodist Church.

He is survived by a wife and four children and to those who mourn for one dearly beloved is extended the deep sympathy of many friends throughout our county.

### Death Claims Mother of L. E. Lomax

Mr. and Mrs. L. E. Lomax returned last Sunday morning from Victoria, Texas, where they had been summoned by the illness and death of the mother of Mr. Lomax. She had been visiting at the home of her daughter and seemed to be enjoying better health than for a long time until a week or so before she was claimed by death.

Mrs. Lomax had visited at the home of her son, L. E., in this county and many friends sincerely mourn the death of this good Christian woman.

To the relatives who mourn their loved one is extended the deepest sympathy by the citizenship of our county.

### Death Claims Aged Citizen

Mrs. Mary Elizabeth Meadows, aged eighty-seven years, seven months and twenty-one days, died at the home of her daughter, Mrs. Arizona Loflin, in the north part of this city at 2:10 p. m., Tuesday, November 4th.

Deceased was born in Mississippi but had resided in Texas the past thirty-five years.

Funeral services were conducted at the family home Wednesday afternoon by Rev. D. H. Heard, and the remains were laid to rest in Mt. Olive cemetery.

To the sorrowing relatives who mourn the parting with their loved one is extended heartfelt sympathy of many friends.

### Bro. Phelan Returned

It is gratifying to the many friends of Rev. M. Phelan that he was returned to the Big Spring charge by the Bishop who made the appointment at Abilene last week. Bro. Phelan is an earnest, zealous, capable pastor and an effective preacher of the gospel.

Bro. Phelan's sermons are always logical, simple, but forceful, scholarly and effective, and back of his work is his life, which is an everyday exemplification of the true Christian character.

### Building and Loan Association

Plans for organizing a unit of the Abilene Building and Loan Association in Big Spring are now underway. This association has an authorized capital of \$2,000,000. In addition to conducting a Savings department to encourage thrift and saving, the association will also finance the building of new homes.

### Football Games Scheduled

The Big Spring Steers have lined up the following football games to be played at Big Spring:  
Steers vs. Lubbock, November 11.  
Steers vs. Eastland, November 14.  
Steers vs. Sweetwater, November 17.  
Steers vs. Coahoma, November 20.

## Girls Entertain With Leap Year Dance

One of the most delightful social affairs ever given in our city was enjoyed Friday night of last week at the Elks Hall. This was a Leap Year Ball in honor of the boys, given by the young ladies under the auspices of the ladies of the B. P. O. E. As this was Hallowe'en the hall was beautifully decorated in honor of the occasion with yellow and black streamers and mistletoe. Shaded yellow lights added to the pleasing decorations while pumpkins, black cats, owls, bats, and wishes, emblematic of the season were very much in evidence. Programs of yellow and black carried out the Hallowe'en effect and reminded one of Leap Year with the following verse:

"Only once in four long years  
Comes a time like this  
And he whispers in our ear  
Better seize on bliss  
He has set a year apart  
Wherein any maid  
Is allowed to speak her heart  
Wholly unafraid."

The girls made the dates with the young men and saw to it that they reached the hall safely. The young ladies also made all the engagements for dancing and they saw to it that their beaux did not do the wall flower stunts. At an intermission the young ladies escorted the boys to the confectioneries where they stood treat for cold drinks, ice cream, chewing gum, and candy. It was certainly a new experience for the young men but they seemed able to bear it without a struggle.

From the Grand March at 8:45 to the dancing of Home Sweet Home one royal good time was in order. The young ladies certainly carried out this Leap Year Dance in a delightful manner and the young men would certainly like to be treated to an encore.

### Water Supply Northwest of City

From tests now being made on the A. K. Merrick farm, four miles northwest of Big Spring it may be demonstrated that a big supply of water may be available for our city.

Mr. Merrick has drilled four wells on his place and has struck the Trinity sand at a depth of approximately fifty feet. This is the same formation in which water is secured in the wells at the big spring south of town. These wells are furnishing ten gallons per minute under a continued test. While this may seem a small amount; yet five wells to the acre would produce more than two million gallons of water per month. It is said that this is sheet water, and if it is found that it can be secured over a large expanse of territory it will be worth developing. With a lift of only fifty feet, the cost of pumping will not be excessive, and a gravity flow to the city will make this a good proposition.

Our one big need is an abundant supply of water and the City should cooperate with Mr. Merrick in continuing tests to determine in how great a territory this shallow water can be secured.

### Shady Rest Filling Station & Grocery

One of the neatest and most attractive drive-in filling stations to be found most anywhere was recently completed at the corner of West Third and Bell streets by L. L. Guley. He will also conduct a suburban grocery in connection with the filling station and will maintain a filling station and store that will be a credit to our city. L. L. is a live wire and will enjoy a liberal patronage as he has a wide circle of friends throughout this section.

He has named the new enterprise the "Shady Rest Filling Station and Grocery" and he is going to do his very best to make it one of the most popular filling stations and groceries in the city.

He is now open and ready for business and he invites all his old friends to drive around and inspect his new filling station. Visitors are always welcome.

### B. S. High Graduate at Canyon

Alice Dawes, of Big Spring, is one of eighteen young students of the West Texas State Teachers College who hold scholarships which they earned through the excellence of their high school work. She is a member of the freshman class which has 355 students in it. There are 985 students in the Teachers College and a number more are expected after the Christmas holidays.

Business houses of Big Spring will be closed all day Tuesday, November 11, in observance of Armistice Day.

## ARMISTICE DAY OBSERVANCE

**A Program Will Be Held in Big Spring Next Tuesday Morning. Everyone Invited to Attend**

Everyone in Big Spring and Howard County is cordially invited to join in the observance of Armistice Day, Tuesday, November 11th.

An appropriate program in commemoration of those who made the supreme sacrifice in the World War has been prepared. The exercises will be held at the band stand on the courthouse square, if the weather permits, beginning at 10:30 a. m. If inclement weather is in force the exercises will be held at the R. and R. Lyric theatre. You can make your plans to attend these exercises because they are going to be held, rain or shine.

The program will be as follows:  
10:30 a. m. to 11 a. m.—Band Concert.

11 o'clock—"Taps" for the Heroes who have gone "West."  
11:01 to 11:30—Address.

11:30 to 12 m.—Band Concert.

Six years have rolled by since the close of the World War, a long time it may seem to some of you but it is not such a long time that we should forget to honor those who gave up their lives that America should enjoy life, liberty and happiness. You remember with what joy you received the glad tidings on November 11th, 1918 that the war was over? A realization of our obligation toward those who offered up their lives in defense of our country should prompt us to join wholeheartedly in the exercises on Armistice Day.

We can afford to stop business on one day, lay aside our duties and obligations for an hour or so to show that we have not forgotten those who sacrificed their lives for us.

On Tuesday afternoon a football game between Big Spring and Lubbock will be played in Big Spring.

### Home and Contents Destroyed

The home of Mr. and Mrs. Frank H. Tiner at 405 Austin street was totally destroyed by fire, together with all the household furnishings, about 9 o'clock Friday night of last week. There was no one at home so the origin of the fire is unknown. Mr. Tiner was at the postoffice mailing a letter to his wife who is visiting in California when the fire alarm was sounded. The flames were under big headway when discovered and only a few articles of furniture could be removed by the first ones to arrive on the scene. Ulnor Powell and others did good work in preventing the flames from spreading to an adjoining residence before the fire department got in action. Mr. Powell suffered some burns and blisters while so doing.

### "Ma" Ferguson the Winner

Mrs. Miriam A. Ferguson had a lead of 33,414 over George C. Butte for Governor of Texas in returns from 333 towns and cities in Texas, tabulated by the Texas Election Bureau up to midnight Tuesday.

The run of the returns indicate that her final majority will reach around 100,000 should the total vote reach 600,000. The total vote accounted for in these returns is 194,828.

Mrs. Ferguson received 114,121 and Mr. Butte 80,707. The Election Bureau, since the race was considered definitely settled, discontinued tabulation Tuesday at midnight and is now securing a count of the entire vote which should be available today.

### More Than 12,500 Bales of Cotton

Cotton receipts at Big Spring continue to climb at the rate of nearly 250 bales per day. The receipts at the local yard are given at 9,400 bales Thursday evening of this week. This is about 1400 bales over last week's receipts. Public Weigher T. W. Angel states that approximately 4,500 bales have not been sold but are being held at the local yard.

The receipts at Coahoma are in the neighborhood of 2750 bales.

Cotton has been ranging in price around the 22 cent mark the past week.

### Texas & Pacific Improvements

The first coating of ballast on the Texas & Pacific has been completed to Coahoma and the new rails have been laid and ballasting completed to Iatan.

New steel rails are now being laid from the Spring westward. This work is now completed as far as West...

**Coahoma News Items**

Mrs. Jim Davis returned home from Dallas via Gorman and Eastland, reaching here Oct. 26th. Her mother who is at Strawn was to have returned with her, but not feeling well thought it advisable to stay with her daughter, Mrs. Stewart. Mrs. Davis spent the week end in Big Spring, a guest of Chas. Davis and family.

Misses Olga Wolfe and Laura Birkhead spent last week end visiting friends and relatives in Colorado.

Miss Lula Jenkins of Big Spring made a flying visit to Coahoma Friday evening—coming out with Mrs. W. P. Williams. She saw many friends ere she left for home on the stage Saturday.

Mr. and Mrs. Williams and Mr. and Mrs. Otis Saulters spent Sunday with Ollie Williams and wife near Stanton.

Mrs. W. W. Lay entertained the Junior Epworth League Saturday from 3 to 6 p. m. She extended the invitation to the Jr. C. E. which they appreciated very much.

Sunday was a gala day for Houston Crocker and wife—the stork kindly deposited a fine baby boy in their home. Little Lela Belle Crocker is as delighted as the parents.

Some of Coahoma Masons visited the Big Spring lodge Friday night, to enjoy the initiation of some men into the Master degree.

Thad Hale is reshingling his home in town.

Mr. and Mrs. N. E. Nix of Denton were guests of Mr. and Mrs. F. H. Mullikin Sunday.

On Monday Clifford Reeves and wife and Reuben Reeves moved to the place bought by them, seven miles north of Coahoma. We will miss them very much. We are glad, however, that they are not moving so far as Messrs Austin Coffman, Wheeler Graham, Johnnie Graham, and Mrs. Bertha Claunch. Mrs. Claunch shipped her household goods Tuesday to Littlefield, where the other families too will go.

Mr. and Mrs. Raymond Pippin of Mayfield with little daughter surprised Mr. Pippin's sisters Mesdames Graham and Claunch by walking in Mrs. Graham's home unannounced. He joined Mr. Graham and left for Littlefield where he too may buy. Mrs. Claunch has sold her home to Mr. Massey.

Friday Mrs. Thad Hale accompanied her husband to Colorado where she was joined in the evening by Bama. They remained with Mrs. Moffit, Mrs. Hale's sister, until Sunday afternoon.

R. B. Hood was unable to be in the school room the first of the week. Mrs. Sam Via of Ranger joined her husband in Coahoma, from hence, together, they go farther west prospecting.

The Intermediate C. E. met at 2 P. M. The house was called to order by the president. Only 80 per cent of the members were present. All who were there however responded to call of duty and rendered the program. The report of the visiting committee showed only three visits made and as many lunches sent; while the lookout committee had been busy and had seen seven persons about attendance. The publicity was not read since it was a joint one with the Juniors. The Halloween lunch for the I. C. E. was reported something like the following: Two Juniors, Jerry Hart and Bama Hale, met the Intermediates, invited them in the home of the superintendent which was decorated with cats, witches, skeletons, etc. On entering the boys were asked to draw from a shell, that was brought from the bottom of the Pacific, a cat's tail; and the girls were asked to draw from the same shell, a cat's head. The parts drawn formed a full black cat; thus were partners found. The partners were then bound together—the boys right arm to the girl's left arm and sent to search "goobers" in the grass. Norma Hart and George Graham found the greatest number, so to each was presented a small lantern of pumpkin shape with usual eyes and nose. The guests were then piloted to the table where each found his or her plate by pumpkin place cards. The refreshments consisted of sandwiches, furnished by Burton Fletcher, potato salad, furnished by Troy and Clause Keller, who could not attend but sent their part. Then cakes made bat shape by Norma Hart with punch by Virginia Hall and Pearl Thompson. We must not forget the faces made on each cup of salad, made of red pimento, furnished by C. H. DeVaney. The little favors were filled with lemon sour drops. The young folks were then directed to the living room, where each drew a roll on which was a fortune. These having been read, wild pictures with poetry between were cut, then parts matched. This was for partners for a candy eating race. George Graham furnished this candy. Norma Hart and Durrell Mullikin succeeded in first eating the assigned amount. They were then given other little lanterns. The young folks enjoyed the hour very much but

thought the punch would have tasted better had they thought to have borrowed the silver ladle that was used at Irene Mullikin's birthday party for serving the punch there. Why! that ladle is more than 100 years old and has been in Mrs. Mullikin's family all that time.

After the reports and last song sung the benediction was said and all left.

Intermediate program for Sunday, November 9th.

Who was King Ahasuerus? Tell his story—Pearl Thompson.

Song—Clause Keller and Evelyn Hodnett.

Mizpah.

The Junior C. E. met at 2:45 Sunday, with 90 per cent of its members present. The house was called to order by Grady Robinson. Mrs. Leslie Adams played for the Juniors so they sang and sang, then called for reports of committees, which showed four visits on sick made and two lunches sent. No publicity. The lookout committee had seen and spoken to ten persons about attendance. The chairman of the social committee told of the party given by Mrs. Lay Saturday afternoon. It was not needed to say what kind of party for the home indicated that and the masked emphasized the fact. The little folks played outdoor games and pinched hats on an old witch. Pauline Thomason pinned the hat nearest to the proper place for the hat. The little folks were blindfolded and were real sports in the attempt to place the hat. They were served candy, sandwiches and oranges. All enjoyed the hours. Mrs. Patty Thomas assisted Mrs. Lay in entertaining the little folks.

After reports the little folks had a good program, and well rendered. After the program was a story hour, in which each one present told a story that had been read by the superintendent. After each story verses of scripture were repeated in concert. Then the Mizpah.

Junior program.

Song.

Does love help one to be unafraid? —Pauline Thomason.

Story—Dorothy Wheat.

Story of Noah and the flood —Flora Madison.

Song.

Reading by Superintendent.

Mizpah.

The Junior League had 22 present Sunday afternoon, a well rendered program and an enthusiasm for work that did the superintendent great good.

Mrs. Della Hale spent last week in Galveston where she went as a delegate to the Eastern Star Convention.

Mary Claunch gave an unique birthday party Saturday evening. Her guests were invited to a weiny roast and marshmallow toast. There was a small crowd invited but everyone did enjoy the evening. Each guest remembered his hostess with a small token of appreciation.

H. S. Sorrels is planning on, not just leaving Coahoma, but leaving the Lone Star State, moving to New Mexico. Another case of the exodus of good citizens.

The Presbyterian Auxiliary will meet Saturday afternoon with Mrs. Frank Lovelace leader.

Mrs. Burt Runyan and Mrs. Clifford Reeves were hostesses to the young people Friday evening—occasion a Halloween party. Each guest masked, was met at the door by the Fletcher twins who were dressed as butterflies. These little butterflies flew from place to place pinning on greeting cards of bats, cats, etc., and assisting the hostess in many ways. Myrtle Myers was the gypsy, and told many interesting and attractive, as well as interesting but dire fortunes. Only a few guessed the identity of the orical. The apple and bean race was indeed comical. After the unmasking and all had registered; each person was given a tempting looking (?) piece of candy, and told to hold in hand till the count—then the ones who were able to eat their candy

first were to receive something. So on the count everybody took a bite into frosted peppered cornbread. As a result when the refreshments were passed the guests were leary of them. But once convinced that there was no trick there they enjoyed a good salad course with punch for the beverage. The house well represented the rendezvous of the hobgoblins.

Mrs. Frank Lovelace's circle gave the program Sunday evening at the C. E. The young people are faithful to their duty and respond each time when on program.

The program for Sunday is as follows:

Subject—Why Law Enforcement is Vital to our Nation—Mrs. Brad McQuary.

Prayer.

Song.

Weakness of Anarchy—Jessie Coffman.

To Prevent crime—Viola Duncan.

For social safety—Mrs. Burrell Cramer.

Song.

Social progress—Ida May Echols.

To curb Satan—J. W. Shives.

To encourage righteousness—Burrell Cramer.

Special music—Mrs. Charter Hale and Jake Wolfe.

Looney Fletcher and family spent last week end in Mr. Dillard's home, near Morgan.

Forrest Wolfe and mother left this week for Lamesa. Mr. Boswell, the new blacksmith, is moving in the house they occupied. Mr. Boswell will open his shop in the building across from Yates rooming house.

The M. E. Ladies Aid will meet Saturday at 3:00 p. m.

The Aid served one delicious dinner the 4th with the proceeds nearing the \$65.00 mark.

Mrs. Monday of Lamesa, Mrs. Bell of Big Spring and little Gene Bell were guests of Dr. and Mrs. Liles Tuesday.

Gladys Lovelace was hostess to six couple of young people Friday night. Each guest was attired in becoming costumes and enjoyed every minute of the time they were there. Messrs Wain Phillips and J. Roberts of Colorado spent Sunday in our little city.

**NOTICE OF SHERIFF'S SALE.**

By virtue of an Order of Sale issued out of the Honorable 68th District Court of Dallas County, Texas on the 6th day of October, A. D. 1924, in the case of Collett H. Munger versus H. N. Lane and A. I. Cammack No. 50768-C, and to me, as Sheriff, directed and delivered, I have levied upon this 17th day of October A. D. 1924, and will between the hours of 10 o'clock A. M. and 4 o'clock P. M., on the first Tuesday in December, A. D. 1924, it being the 2nd day of said month, at the Court House door of said Glasscock County, in the City of Garden City, proceed to sell at public auction to the highest bidder, for cash in hand, all the right title and interest which H. N. Lane and A. I. Cammack had on the 1st day of January, A. D. 1920, or at any time thereafter, of, in and to the following described property, to-wit: Situate partly in Glasscock County and partly in Reagan County, Texas, being Section 27, in Block 36, T&P Ry. Co. Survey, said tract containing 640 acres of land, more or less, same being the tract of land as patented by the State of Texas to T&P Ry. Co. by patent of date November 1st, 1906, patent No. 233, Vol. 113, a still more particular description of said property being as follows:

Known as Survey No. 27, Block 36, twp 5-S, on the waters of North Concho a tributary of Colorado River about eighteen miles N 18 deg W from Stiles, by virtue of land script No. 2819, issued to said Ry. Co. by J. J. Gooch, commissioner of General Land office, May 25, 1876, Beginning at a stake and earth mound and four pits being the N W corner of survey No. 26; Thence S 77 deg W 1900 vrs to corner stake an earth mound and four pits; thence S 13 deg E 1900 vrs to corner stake an earth mound and four pits; Thence N 77 deg E 1900 vrs to corner stake an earth mound and four pits; thence N deg W 1900 vrs to place of beginning, said property being levied on as the property of H. N. Lane and A. I. Cammack and will be sold to satisfy a judgment amounting to \$4054.43, in favor of Collett H. Munger and costs of courts and the further costs of executing this writ.

Given Under My Hand This 17th day of October A. D. 1924.

W. L. LEMMONS, Sheriff, Glasscock County, Texas.

**Dress Well and Succeed**

No matter what your game is, you must dress for it if you want to succeed. The football player dresses for the game. The banker, the salesman, the professional men find that if they dress well it helps them to succeed: so why not apply the same to every man?

**MOSCOW ARTISTS**

**Will Appear in Big Spring Under the Auspices of Home Economics Department of High School**

The program of the Moscow Artists to be given here on the evening of Thursday, Nov. 20th, at R. and R. Lyric theatre, given partly in original costume, is entirely one of Russian music rendered by Russian artists of attainment.

It will feature some of the numbers that have recently caught American fancy in the tours of the Russian Grand Opera Company, The Russian Ballet, and "Chauve Souris."

No less interesting is the personnel of this Russian organization. It is headed by Yasha Garcy, noted Russian tenor and composer. He first visited America several years ago with the Russian Grand Opera Company. His voice is one of wide range and magnificent quality, and his mastery and rendition of numerous operatic roles have received high praise from America's foremost critics. He is a brilliant pianist, as well as a vocalist of distinction.

Mme. Vera Fighna Sadovskaya, who was one of the leading dramatic sopranos in the Imperial Russian Opera, will vie for honors with Mr. Garcy. She was the talented wife of a surgeon general in Kerensky's third army, and sang with the Imperial Opera during the Czarist regime. She barely escaped death in the hands of the Bolsheviks, following the collapse of old Russia. She was a nurse during the war, and has three medals for her services. Mme. Sadovskaya is a gifted artist with a beautiful voice. Her training has been the best, and her numbers will be a real treat when she appears here.

Ivan Karoff, Russian baritone, typifies the robust type of Russian vocalist, rich and sympathetic in tonal quality and yet with surprising range and power. Like Yasha Garcy, Ivan Karoff, too, is a pianist of compelling merit. He has received especial comment for his interpretation of the old masters.

Vaniet Skolska will be enjoyed in a big repertoire of violin numbers, classical numbers of particular appeal, and also special arrangements of folk songs. Her obligato work, too, is worthy of especial note.

It is an interesting fact that Mr. Garcy's arrangements of the peasant songs of Russia are now being used on concert programs by many of the world's leading artists. A special group of his arrangements will feature every program, including his "Moscow Festival Song," his arrangement of the "Hymn of Russia" and "Cossack Melodies."

**WOMEN GIVE OUT**

Housework is hard enough when healthy. Every Big Spring woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles, should be glad to heed this Big Spring woman's experience:

Mrs. A. B. Winslow, says: "Quite a few years ago I began having pains in the small of my back, just over my kidneys. I couldn't rest at night, because no matter how I lay, there was a steady pain that felt like a red-hot iron across my kidneys. Sometimes I was so drawn up with pain, I could hardly get out of bed. I was subject to nervous headaches and the least noise startled me. My kidneys didn't act regularly at all. I got Doan's Pills at the Ward Drug Co., and they entirely cured me. I haven't suffered from kidney complaint for some time.

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Winslow had. Foster-Milburn Co. Mfrs., Buffalo, N. Y.—advertisement.

**In-Town Crossings**

The Sweetwater Reporter deploras the tragic accident in which a woman lost her life when a farm wagon was struck by a passenger train at one of the most important street crossings of Sweetwater, and goes on to say that these menaces to life and limb (the grade crossings) should be eliminated at least within the business district of the city.

That goes for Abilene, too. It is a wonder that people are not killed every day at some grade crossing in Abilene. There is one in particular, the Cedar Street crossing, where the view in each direction is entirely shut off by the ramshackle fire station on one side and the express office and passenger station on the other.

And apt as not, when the citizen is in a hurry to get from the north side of town to the south side, or vice versa, a train blocks his path. Sometimes these trains linger for many minutes an effective barrier against traffic between the major portions of the city. Frequently these trains block the streets near the high school and Central Ward, compelling the children either to wait and perhaps miss lunch, or take their lives in their hands and crawl through.

There is a solution to this problem—underpasses. Viaducts are not feasible, but it would be possible to put in two or more underpasses. They would cost a lot of money, but might be the means of saving human life and certainly would save a lot of time now lost waiting for trains to clear the crossings.

Abilene and Sweetwater have many problems of a pressing nature, but neither has one of more importance than this of grade crossings.—Abilene Reporter.

**Stand Together, Men! Let's Keep Our Trousers**

What Julius Caesar really meant when he uttered that immortal line, "Two can live as cheaply as one," was that in 1975 both husband and wife could wear the same clothes, and despite the laughter of his short-visionsed auditors, the red-headed emperor seems to have been right.

The sign on the door, "Gent's Furnishings," doesn't mean anything any more, for women are buying all kinds of men's clothing for themselves. They are buying knickers, they are wearing felt hats, men's shirts and soft collars and string ties. The only thing they aren't wearing is men's trousers, and it may soon come to that.

I say, men, let's stand together. The women have become so bold that they may even try to take our trousers away from us. This will not, can not, must not be. Again I say, let's stand together on this mighty issue.

### THE PASSING DAY

Will H. Mayes, Department of Journalism, University of Texas

A startling report has been made as to health conditions in the Texas prison system to the effect that about ninety per cent of the prisoners are in need of medical attention which they do not receive and that a very large per cent of them are mentally abnormal. The report indicates that abnormalities and bad health are the cause of most of the crime in the State, and that the convicts are more in need of treatment than of punishment. Such a state of affairs is a blot on our modern civilization, but what are we going to do about it? We can't turn such characters loose on society, and they must be kept in confinement. The investigation showed that more than half of those now in prison are second or third timers, and if released they would soon be back in prison again.

A reading of the report suggests to the thinking mind that government is going to reach the conclusion before long that one of its prime duties is to keep the people well both physically and mentally. The whole practice of medicine may in time be revolutionized and physicians may come to be government employees with certain clearly defined duties to the public, such as sanitary and health instruction, the practice of preventive medicine, and the treatment at government expense of all diseases of the body and the mind. Just how such a system of medical practice may be worked out is difficult to see now, but it seems to be coming even though it may smack of paternalism. Every person has a right to be born well and to remain well, and in time we may decide that we have a claim, against the government for such rights.

Some of us are wondering what this country is going to do with the Shenandoah now that it is ours, and just why it was purchased any way. Perhaps you have forgotten already that the Shenandoah is that big elongated air bag that was made in Germany for this country. If you have not forgotten it, you will before it is ever of any special use to this country. With the improvements now being made in aircraft it will be out of date almost before it can cross the country again, and something better and faster will take its place. For any practical use the Shenandoah seems to be worth about as little as our claims against the German government is worth just now.

Each of the parties is claiming that the others have spent entirely too much in the presidential campaign, and each is right about it. It is a travesty on our form of government that we waste so much money in determining who is the choice of the people for president. The votes of that population that has to be awakened to the fact that an election is on and persuaded to go to the polls to vote for the side that makes the biggest demonstration are not worth much to a government. The only purpose for which money can be legitimately used in a campaign is to inform the public as to the issues, and campaign money is seldom used to any great extent for that purpose. Most of it goes into noisy demonstrations or empty speeches that are anything else but informational to the average voter.

Texas people are not giving enough attention to the establishment and maintenance of country libraries. The lack of interest in the county library movement indicates that the people do not read books to any great extent, for it is known to every one that in most country and town homes book are regarded somewhat as a luxury. Texas needs to keep pace with the rest of the country in the cultural growth of the people, and this cannot be done unless the masses become readers of books. Since they do not and will not purchase them to any great extent, the needful thing is to get books to them through public libraries. Those who interest and entertain themselves by reading books are not only gaining useful information and culture, but they busy themselves less with trivial and harmful entertainment.

Most of those who have been free-

ly predicting election results are now busily studying explanations as to why their predictions were not sustained. Even if people all voted as they talk and were as enthusiastic at the polls as at public speakings, it would still be a difficult thing to figure out election returns in advance, but to predict results on the basis of the noise made or the newspaper reports of the crowds at public speakings tends to put one in the class of "dumb-bells."

### HOW DOCTORS TREAT COLDS AND THE FLU

To break up a cold over night or to cut short an attack of gripe, influenza or sore throat, physicians and druggists are now recommending Calotabs, the nausealess Calomel tablet, that is purified from dangerous and sickening effects. Those who have tried it say that it acts like magic, by far more effective and certain than the old style calomel, heretofore recommended by physicians.

One or two Calotabs at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with eating, work or pleasures. Next morning your cold has vanished and your system feels refreshed and purified. Calotabs are sold only in original sealed packages, price ten cents for the vest-pocket size; thirty-five cents for the large family package. Recommended and guaranteed by druggists. Your money back if you are not delighted.—adv.

### 16 State Parks on G. to G. Motorway

Sixteen or seventeen State Parks are assured along the Glacier to Gulf Motorway between Brownsville and Amarillo. This highway which passes thru Big Spring is going to be one of the best known Highways in Texas. The Glacier to Gulf Motorway is the pioneer in the work of securing State Parks along its line of travel and the vast amount of publicity incident thereto, not only in Texas, but from outside the state, will pay big returns in bringing an increased travel over this popular route. These State Parks will prove big drawing cards for tourists.

### Protecting Grain From Weevils

Let's not allow several dollars' worth of grain and other seeds to be destroyed by weevils when a few cents' worth of disulphide of carbon will kill the weevils. Here are the rules—

1. Place the seed in airtight bins, boxes or barrels.
  2. Use 8 pounds of disulphide to 1,000 cubic feet, 4 pounds to 500 cubic feet, 1 pound to 120 cubic feet, and one-half pound to 60 cubic feet of space occupied by the grain or other seeds.
  3. Give two treatments 10 or 15 days apart.
  4. If insects are in evidence later, repeat treatment.
- An important item of equipment and one that should be on all farms is a grain or seed house where grain and seeds may be stored, cured, and protected from insects, rodents, and weather.—The Progressive Farmer.

### American Education Week Nov. 17-23

By designation of the President of the United States the week beginning November 17 will be celebrated as Education Week, for the purpose of bringing educational problems to the attention of the people. Churches, lodges and civic associations are asked to cooperate with the National Education Association, the American Legion and the United States Bureau of Education in making this observance a nation-wide success.

The following program is suggested:

Constitution Day—Monday, November 17, is designated as Constitution Day, the central idea being: "The Constitution—The Bulwark of Democracy and Happiness."

Patriotism Day—Tuesday, November 17, "The United States Flag is the living symbol of the ideas and institutions of our Republic."

School and Teacher Day—Wednesday, November 19, "The Teacher—the guiding influence of future America."

Illiteracy Day—Thursday, November 20, "Informed intelligence is the foundation of representative government."

Physical Education Day—Friday, November 21, "Playgrounds and athletic fields mean a strong, healthy nation."

Community Day—Saturday, November 22, "Service to the Community, State and Nation is the duty of every citizen."

For God and Country Day—Sunday, November 23, "Religion, morality, and education are necessary for good government."

The tentative program and other material prepared for convenient use during Education Week will be mailed free on request to Bureau of Education, Department of Interior, Washington, D. C.

Saturday, November 22, has been designated as Community Day in the American Education Week program for 1924. It is hoped that there will be a community meeting that day or evening in every school house in America. The subjects suggested for discussion are of particular value to rural communities, the central idea being "Service to Community, State, and Nation is the duty of every citizen." Here is a suggested program:

1. Equality of opportunity in education for every American boy and girl.
2. Better rural schools.
3. Adequate public library service for every community.
4. A community's concern for education measures its interest in its own future.
5. Good roads build a community.

Slogans—Get acquainted with your neighbor; A square deal for the country boy and girl; Children today—citizens tomorrow.

Teachers, ministers and community leaders will add to or subtract from the above program or modify in such a way as to meet local conditions.

Trees Delivered November 12

### Cultivation of Health

There is something besides the crops of the field that can be cultivated—namely, health. Just as the plant needs air, sunshine and the proper food, in like manner health can be cultivated.

In the cultivation of health, we must not forget—

1. To eat slowly and to chew our food thoroughly.

2. Keeping the skin in good clean condition is of greatest importance. In the summer, every one, no matter what his occupation is, should take a daily bath. Use little soap in bathing the body, change underclothes daily, if possible, and sleep in nightshirt or pajamas. If you do this you will not be bothered with the irritation of the skin, called "heat." Heat is caused by the acid sweat and by the pores of the skin becoming filled up with dirt.

Shower Baths—Any farmer who does not have waterworks in his home can by the outlay of a few dollars, fix up a little house in the yard with a barrel on top that can be pumped full of water and used as a shower bath for the whole family. Bathing is not only good for one's health, but makes one acceptable to those with whom he might come in close contact.

3. We can cultivate health by getting conveniences and labor-saving devices for wife and family. If the family has poor health, it reacts on the head of the household, and he, who should be vigorous and strong in order to bear "the heat and burden of the day," finds that from loss of sleep and worry, his pep has gone. The farmer with city conveniences, which he can have, has the city man beat forty ways.

4. Pure water and lots of it; a balanced ration for each season; eating fruits and vegetables in green and uncooked state.

5. One other way to cultivate health; thoroughly screen the home. A farm home with waterworks and well screened from flies and mosquitoes, beats any health resort you can go to.—The Progressive Farmer.

### The West Texas Way

Last Fall L. E. Lomax who was farming 320 acres northwest of Big Spring decided he needed more elbow room, so he sold his farm and purchased 2,560 acres of land in the southwestern part of Howard County.

This was the home of the grazing cattle herds and he had to start grubbing and clearing before he could start a new farm.

On the 23rd of last January the first furrow was turned and when planting time came he had 1,100 acres of land broken. The dry weather came on before he could complete his planting, so only about 900 acres were planted in time to mature.

Mr. Lomax has already secured ninety bales of cotton from this farm, has fifty more bales open, ready for picking, and expects to secure two hundred bales in all. From 230 acres of feed planted after the 23rd of July he has harvested 20,000 bundles of feed, so he will have plenty of roughage for his work stock this winter.

In spite of the fact that this was new land, and the further fact that there were forty-seven days during the summer wherein no rainfall visited his section, Mr. Lomax is going to be well repaid for his pluck and labor. He says he has long since learned that this portion of West Texas is a dependable farming section.

Five hundred acres of new land will be prepared for cultivation next year, making sixteen hundred acres he will farm in 1925.

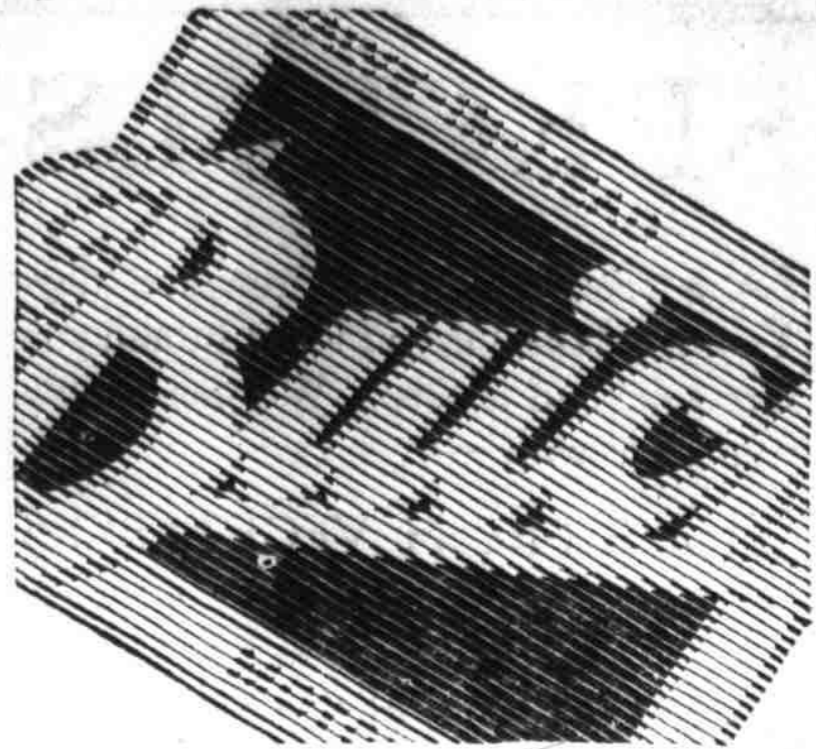

### The Prevention of Imaginary Sickness

Don't let every little ache or pain upset you and make you think you are sick.

If you get so far along that you think you are sick, see a good doctor. Don't take the patent medicine route to cure a disease, that may be imaginary or real, for if you do, you are often forging fetters that all the medical skill in the world cannot free you from.

Say you are well, even if you don't feel tiptop, because it really helps you forget your troubles and will always secure for you a warm welcome into any company, because, nobody wants to hear your troubles poured out to them. Man is a gregarious animal. He loves to flock in a crowd of good fellows, but if he always complains and airs his aches and pains, he will soon be shunned, and will have to "flock by himself."—Dr. Register, in The Progressive Farmer.

## Sargent-Stokes

At Sweetwater, Texas, on Friday night, October 31st, was solemnized the marriage of James Donald Sargent of San Angelo and Miss Frances Stokes of Big Spring. The young people who have been sweethearts for a long time keep their plans secret until after the wedding.

The bride is the daughter of Mr. and Mrs. P. G. Stokes of this city and is a most charming and accomplished young woman. She was a member of the 1924 graduation class of the Big Spring High School and had been attending Simmons College at Abilene the past two months. The groom is a former Big Spring boy, respected and esteemed by all who know him. The happy couple will make their home at San Angelo.

We join a host of friends in extending to these worthy young people best wishes for a happy journey through life.

hung here and there, skeletons peeped  
from behind corners and every room  
represented an artistic "chamber of  
horror."

Hallowe'en games were the diver-  
sion of the evening. Refreshments  
were served to fifty guests. Leaving  
at a "ghostly hour" all decided that  
it had been one of the very best times  
of the season.

The Susanna Wesley Class of the  
M. E. Church met at the home of  
Mrs. Patton, with Mrs. Smith as hos-  
tes Wednesday afternoon at 3 o'clock.  
The business was looked after in a  
very talented manner by our presi-  
dent, Mrs. Burrows. After the busi-  
ness, the class spent a most delightful  
social hour with the hostess and her  
mother. Our class is growing by  
leaps and bounds socially as well as  
spiritually. If you are not attending  
another S. S. class, come and join us.

### A Quiet Hallowe'en

There was considerable less damage  
wrought to property in Big Spring  
during Hallowe'en season this year  
than for many years past. Quite a  
few picket fences were destroyed and  
other damage was wrought on Thurs-  
day night, Oct. 30, resulting in some  
boys being arrested.

The ring leaders who usually plan  
the "rough stuff" on the night of  
Oct. 31st, must have been tipped off  
that the officers were going to be on  
the job to see that some of those  
responsible for property damage  
should be made to pay. Anyway the  
damage did not mount up as it usually  
does around Hallowe'en.

### Complimentary to Mrs. Eckhaus

Mrs. Bernard and Mrs. Joye M.  
Fisher entertained with a Bridge-  
Luncheon, last Friday in honor of  
their mother, Mrs. Julius Eckhaus,  
and the occasion was one of especial  
pleasure. The home of Mrs. Joye  
Fisher had been tastefully decorated in  
honor of the occasion, the Hallowe'en  
motif being observed. Four tables  
of Rook and twelve tables of Bridge  
were arranged and many interesting  
games were enjoyed. To Mrs. Chas.  
W. Cunningham was awarded a beau-  
tiful prize for high score and another  
beautiful prize, the consolation, was  
awarded to Mrs. Frank Pool.

The refreshments served in four  
courses were indeed enjoyed and  
added much toward making this an  
afternoon of complete pleasure for  
all attending.

### Coolidge Wins Sweeping Victory

President Coolidge and Dawes,  
Republican nominee for president and  
vice president, seem to have won a  
sweeping victory, while the Demo-  
crats held the solid south and La  
Follette managed to win in Wiscon-  
sin.

Coolidge is almost sure of 343  
electoral votes—seventy-seven over  
the 266 votes necessary for election  
in the electoral college.

The following states will be consid-  
ered in the doubtful column until a  
total count of the votes have been  
announced Idaho, Minnesota, Mon-  
tana, Nevada, New Mexico, North  
Dakota, South Dakota.

It is said that Coolidge would carry  
the state of New York by a majority  
of 1,000,000 votes while Al Smith,  
Democratic candidate for governor,  
will be reelected by a majority of  
113,000.

### Gin Receipts of Mitchell County Below Those of Last Year

Gin receipts at Colorado the last week of October last year had passed the 10,000-bale mark, almost twice the number received at the six plants at the same time this year. Comparison of totals for last year and the present season disclose the fact that Colorado had received approximately as much cotton Nov. 1, last year, as has been ginned in the entire county up to the same time during the present season.

October 24, 1923, the six gins at Colorado had handled 9,408 bales, as compared with 4,727 bales on the same date this year. Colorado Record.

### A Revelation

Once there was a man who wanted to go to Heaven. When he died an angel took him by the hand and led him to the wonderful places. He saw majestic mountains lifting their lofty peaks into the blue haze of cloud-land. He stood in mighty forests where the spiralk trees raised their heads above the green meadows far below, and through whose branches the wind-harp of God played entrancing nature-melodies. He beheld great rivers winding their placid course to the sea, fed by brook and stream from the secret places of the land. Fragrant flowers lifted their sweet faces everywhere and wafted their perfume on every breeze. Beautiful wild things played unafraid upon the mountain sides and in the valleys. Happy children laughed and shouted along the way. Everywhere was joy, peace and serenity.

The man fastened his weary soul on these scenes as the angel led him. And he said, "Ah, this is Heaven indeed! How magnificent it all is!" And the angel replied, "No, this is the world in which you lived and which you never saw."--Ex.

**WHAT A FAMOUS AUTHOR SAYS ABOUT MAKING "AMERICA"**

The Inside Story Regarding the Early Struggles in This Country That Have Never Been Revealed Before by Robert W. Chambers

In the making of any work of art one faces it squarely and tries to avoid squinting at it from eccentric angles or peeping furtively at it upside down.

To take America as a subject and do anything with it in fourteen reels or in fourteen hundred reels, is impossible, because the pre-historic and historic eras stretch across too many aeons.

Nor is it possible to say very much about a single phase of our history in the space of time allotted for an evening's entertainment.

Our picture is not a history of the English occupation of America, not even a narrative of the Revolutionary struggle for liberty.

What Mr. Griffith and I have attempted to do is to show something of the devotion and self-sacrifice of those who established our Republic.

We believe that in the present era of unrest we Americans ought to re-

member what it cost to win our freedom and establish this Government.

We believe that our liberty, won through years of untold suffering and self-sacrifice, is worth preserving, with guarding from secret and insidious attacks at home, worth defending against treachery and overt aggression from within our gates.

"Lest we forget" is the keynote of our picture. "Be it remembered" its summing up.

From the very beginning it was plain to Mr. Griffith that no one picture could begin to cover the story of the eight years' war known as the American Revolution.

It takes sheer genius to look over so vast a mass of material and select essentials which must be framed by the limits of an evening's entertainment. Mr. Griffith made his selections, and within that frame was begun the picture of the sacrifice offered by our forefathers upon the bloody altar of liberty.

Because some among us, and within the borders of the Republic as well as outside, had drifted away from belief in and devotion to those simple early principles upon which our Government was formed, our picture was contrived and designed to reawaken dormant patriotism by visible reminder of what it cost to make us the free people that we are today.

Now, when it became known what were our purposes in making this picture we began to receive cordial encouragement from Federal and State authorities and from patriotic societies everywhere throughout the Nation.

The United States Army authorities generously offered us a regular regiment—a superb one—to aid us. This splendid regiment arrived in Westchester where we were on location, and with their disciplined ranks and under their own live officers we staged and fought the battles of Bunker Hill and Johnston Hall.

They looked superb in their British and Continental uniforms and after a few rehearsals became so thoroughly imbued with the spirit of the scene that they seemed no longer modern regulars acting parts in a play but the men of the Revolution themselves.

It was a thrilling sight to see those

long lines of scarlet marching doggedly up Bunker Hill, halting now and then to deliver a volley—out of real flintlocks—then, drums beating, plod on upward toward that silent, sinister redoubt of raw earth above, only to reel down hill again enveloped in the flame and smoke of the devastating American musketry.

All this in brightest sunshine—just as it had been that terrible day a hundred and fifty odd years ago—and in the same formation, same uniforms and marching over the same sort of ground toward exact replicas of trenches and redoubts behind which our ancestors waited and held their fire until they could see "the whites of their eyes."

And at the Battle of Johnston Hall in Northern New York there was the famous hedge fence held by Butler's Rangers, Sir John's Greens, McDonold's kilted Highlanders, and the naked, painted Indians of the great Iroquois Confederacy. And there, as on that fateful day so long ago, Col. Willett led his militia, riflemen, regulars, lories, and rangers against these American Tory partisans of England. There was one single field piece; then came our men up the hill from Johnston, sweeping all before them; then ensued the hand-to-hand combat at the hedge fence.

Then, as it happened so long ago, a senseless panic seized the Americans and they ran from a victory already gained—ran, despite the curses and entreaties of their galloping officers—ran all the way to Johnstown village a mile away.

And again, as it once happened, Willett and his officers halted them, argued, pleaded, ridiculed, shamed them until, drums beating, back they marched, broke into a yelling charge, drove the enemy, hurled them back into the wilderness, and broke their power forever.

Here the scourge of the North, Walter Butler, died as he had died beside that little spring of water on the banks of the stream—which still crossed.

Well, only such a genius and master of his profession as Mr. Griffith ever could have designed and executed so perfectly this vast picture of the past. Griffith is the head, brains, incep-

tion, executive of everything. Without this really great artist there would have been only a caricature, not an authentic and magnificently dramatic picture representing the sacrifice of our ancestors offered as the price of liberty of mind and body.
