## Hereford to Observe National Music Week, May 1-8

### MISS HAYDEN ADDRESSES CHAMBER OF COMMERCE ON NEED OF DEMONSTRATOR

Home Demonstration, National Music Week, and short talks by the county commissioners, took up most of the time during the Chamber of Commerce luncheon last Monday at the Stockman's Cafe. G. A. F. Parker presided in the absence of E. B. Black, president. Mr. Parker opened the meeting with a few remarks, and then called on Rev. Jas. T. Ross, of the Presbyterian church. Rev. Ross told those present about National Music Week, its organized strength of more than 1500 communities in the United States, and a general list of the big proposed program to be carried out here beginning Sunday, May 1, and to last through the following Sunday, making eight full days of musical entertainment. Rev. Ross said in part: "The greater the number of persons taking the initiative, the more easily will the whole community take the needed steps to make Music Week a real week." Rev. Ross closed his talk with an appeal to the Chamber of Commerce for endorsement of the National Music Week movement for Hereford.

### C. H. Dillehay Superintendent for Fifth Term

Prof. C. H. Dillehay has been re-elected superintendent of the Hereford Public Schools for his fifth consecutive year, according to J. G. Newell, president of the city school board. Hereford is, indeed, fortunate in having Mr. Dillehay head our school again. Great things have been accomplished during his term of office. Among them is the building of the new high school, securing membership in the Association of Colleges and Secondary Schools of the Southern States, the raising of requirements for teachers, a net gain of six affiliated credits. The change in the curriculum made it necessary to give up some credits, but with all of that, the school gained the six new credits, making a total of twenty-six, and have added for two and one-half new ones. The requirements for the teachers include a degree for all high school teachers and two years of college and two years of experience for grade teachers. Mr. Newell said other appointments would be made in the next two weeks in the various departments in the city schools.

### New Implement Firm May Erect Big Warehouse

A new implement firm, headed by Joe Hastings, of Dimmitt, has been established in Hereford. The new business will go under the name of Hastings & Harmon Co. of Hereford, and will transact business across the street from the Kemp Lumber Company. It is understood that Mr. Hastings will erect a brick building, 50 x 140 feet on his lots opposite the Kemp yards in the near future for a permanent place of business. Hastings & Harmon will handle the Rumley line and will later stock with implements. A car load of Rumley tractors and combines is being unloaded today.

### PROGRESSIVE ENTERTAINS MISS HAYDEN

Miss Hayden was guest of honor at a dinner given at Progressive Tuesday noon. The dinner was prepared by the Progressive Community Canning Club, and only Deaf Smith county products were served. Most of the stuff had been canned by the Progressive club. "It looked like a Thanksgiving dinner to me," Miss Hayden declared, "and I was sure surprised to know of the many varieties of vegetables and fruits that can be raised in Deaf Smith county."

### County Hospital Making Many Improvements

Improvements are steadily being made at the local county hospital grounds. Some time ago five new driveways were made completely surrounding the building which are now being graded by the city street grading machine. Young trees, shrubs and flowers are being planted around the building and near the curbs of the driveways. It is the plans of the county to gravel the driveways with rock similar to that used in the Fair Barn. The six patients, R. C. Roberson, of Summerfield; C. L. Lillard of Friona, Miss Ethel Sparks, G. C. Smith, Dad Childress and J. A. Hastings are convalescent.

### LOCAL ORGANIZATIONS ARE NOW BANDED TOGETHER FOR EIGHT BIG MUSICAL DAYS

#### Wheat Growers School Popular With Farmers

Judge L. Gough, of Amarillo, president of the Texas Wheat Growers' Association, and Mrs. Phoebe K. Warner, of Claude, Texas, opened the Marketing School here Tuesday. Mr. Gough said the attendance was far below the average for Hereford, but the attendance was very satisfactory in the community districts. Tuesday night at Progressive the school was well attended, and at Summerfield Mrs. Warner said, there was an excellent gathering with attentive listeners. Wednesday night both Mrs. Warner and Mr. Gough went to Jumbo for a similar school session. Those who attended the two days and nights schools and heard how prices were fixed according to a manuscript, "Grain Futures Administration of the United States Department of Agriculture," were well repaid for their time and effort. Mrs. Warner in her usual winning way delivered several lectures to the rural communities.

#### Music for everybody and everybody foremost with those who met at the Broadwell home last Monday night for the purpose of making final plans for National Music Week to be held here beginning Sunday, May 1, and including the following Sunday, May 8.

Rev. Jas. T. Ross, chairman of the general committee, explained the meaning and purpose of National Music Week and how it is being celebrated all over the United States on the above dates; the national slogan, Rev. Ross said, is "Give More Thought to Music," and this thought will be carried out in a series of musical entertainments of every imaginable description, from the individual vocalist and instrumentalist, to the ensemble playing of band and orchestra, a sacred concert, Sunday school hymn contests, rural community singing and a motion picture musical. Rev. Ross called for a report of the advisory committee and Mrs. G. A. F. Parker read their report. The report was unanimously adopted. Following is a program outlined for the entire eight days. The program also embraces the chairmen and assistants. First day, May 1—Hymn contest during the regular Sunday school hour. J. C. Ricketts, superintendent of the local Christian church Sunday school is chairman. He will be assisted by Messrs. E. B. Black, Methodist Sunday school; C. O. Lee, Presbyterian; and A. O. Thompson, Baptist. At the church service hour, the pastor will deliver sermons pertaining to music and its influence morally and spiritually. At 8:15 a sacred concert by the Music Study Club will be given at the Christian church. Mrs. A. O. Thompson is chairman. Monday, May 2—At 6:00 p. m. vespers at the Methodist church, sponsored by the Methodist choir and the Epworth League. I. B. Spratt and Miss Vondel Brooks will have this part of the program in charge. At 8:15 the Boy Scouts, in their regular Court of Honor, will entertain on the court house lawn, assisted by the band, and followed by a band concert. Committee in charge is E. B. Black, representing the Hereford Chamber of Commerce, Ralph Barrett, Scout leader, and Ralph Smith, band director. Tuesday, May 3—At 6:00 p. m. vespers at the Presbyterian church sponsored by the Presbyterian choir and the Endeavors. The committee is composed of Mrs. H. L. Broadwell and Miss Ruth Haller. At 8:15, musical moving picture at the Star Theatre, W. L. Pickett, chairman. Wednesday, May 4—At 2:30 p. m. (Continued on Page Three)

### Phone Company Putting In New Equipment Here

An additional position is being installed here at the central office of the Southwestern Telephone Co. for the purpose of handling the rural and toll lines. The new equipment is being installed this week by Mr. Wortham, of the central office in Fort Worth. Hereford will now have five positions on the board which will be able to take care of the increased business.

### Santa Fe Making Improvements In Trackage System

The Santa Fe Railroad is making a number of improvements, especially in the way of trackage. New grades are being made this week near Wilcox, Black and Summerfield for extra long passing tracks. A new switch is planned for the Marland Oil Company here, due east of the Great West Elevator. The tracks at the stock yards will be worked over in the spring.

### Aggie Boys Now Building Walks at High School

The members of the Aggie boys' organization in the Hereford high school are getting some practical demonstrations in cement mixing and landscape gardening. The first year class is busy this week doing some work in cement mixing and the youngsters are actually putting down some side walks on the campus.

### Several Cars of Cattle Shipped from Hereford

A number of cattle have been shipped out of Hereford in the past few days. C. O. Ferguson shipped six car loads of two-year-old Hereford heifers to G. E. Harris, at Tipton, California. Mr. Harris expects to use the heifers for breeding stock, they being of a very high quality. Harry Jackson accompanied the shipment to the west. H. D. Cyppepper shipped two cars of fat calves to the Fort Worth market. The calves were shipped on the same train. T. E. Seliger shipped two cars of calves to the Fort Worth market, getting the near-top market price. Charles Lupton shipped a car of bulls to El Paso. The bulls will be sold this week.

### County Commissioner V. T. ...

### Rev. Cloyd, New Baptist Pastor, Is Entertained

On last Tuesday evening at the Baptist Church, beginning at 6:00 o'clock, the congregation of that church held a reception for their new pastor, Rev. V. M. Cloyd, who on last Sunday began his pastorate here. Long before the exercises were to begin the house had been packed with people eager to express their welcome to Hereford's newest pastor. At the door in the receiving line stood A. O. Thompson, Rev. and Mrs. Cloyd, Rev. and Mrs. Truman Morgan, Rev. and Mrs. A. B. Davidson, and Mrs. J. T. Ross. The program was opened with music and Mr. Harrison, who presided in a most happy manner, called upon Rev. Cloyd to speak a few words of welcome in behalf of the congregation and friends. Rev. Mr. Cloyd responding to these words of welcome, said that it seemed to him that all his life he had been getting ready for this hour; said he had truly come to cast his lot with Hereford people and to co-operate with them in the great enterprise of the community.

### ALONG ABOUT THIS TIME O' YEAR

DARN — SEEMS LIKE I NEVER CAN DOPPE TH' BLAME TANG, AN' EVERY TIME I HIT IT, W'OL' BUS TAKES AN AWFUL SWACK!

### Amarillo Golf Team Coming For Game Here

The Hereford Golf Club, of Amarillo, will meet the local golfers in a team match on Sunday afternoon, according to word received from Doug Herring, of the Amarillo team. Probably eight or ten men will be down and much interest is being manifested as to the line-up. The last matched game played was the early part of last summer, when the local players won. The greens are in excellent shape and everything is in readiness for a hard fight by both teams.

### STOCK SPECIALS

Born to Mr. and Mrs. Earl Lance, March 4, a boy. E. E. Doak, March 8, a girl. J. E. McKinney, Dimmitt, March 11, a boy. J. E. Beyer, H. W. Sherrish and Carl Mounts went to Amarillo on Thursday to attend a railroad meeting.

### Farm Sale Dates

A public farm auction sale will be held at the Wittie White farm, fifteen miles south of Dimmitt on the Spring Lake highway, about three miles northeast of Spring Lake, on March 25th. Messrs. O. C. White and Everett Emberton, owners, will offer twenty head of horses and mules, six head of milk cows, farm machinery, harness, collars, etc. Lunch will be served by the Ladies' Aid of Spring Lake. Col. Ray Barber will be the auctioneer. L. A. Smith and Guy Smith announce an auction farm dispersion sale, at the Guy Smith farm, located seven miles east and one mile north of Hereford. This sale is scheduled for Friday, March 25, in which is offered about twenty head of horses and mules, eleven milk cows, nine dozen hens, thirteen head of hogs, a splendid assortment of good farming machinery and harness, 400 bushels good feed, one Buick six-cylinder automobile, and numerous other useful articles. This promises to be one of the best of sales according to Col. Ray Barber, who will be the auctioneer in charge.

### The Branding Iron

- 1. "More people—More Farms"—the largest influx of real dirt farmers in our history.
2. A few dairy cows, brood sows and turkeys on EVERY farm, with a big bunch of pure bred chickens added.
3. Better prices and a revival of interest in the breeding of pure-bred registered Hereford cattle.
4. A Home Demonstration Agent for Deaf Smith County.
5. A large increase in the Boys' and Girls' Agricultural Clubs.
6. Surfaced roads east and west and north and south through the county.
7. A modern hotel for Hereford.
8. Continuation of the 1926 building activity in Hereford.
9. Replacement of the old frame sidewalks on Main Street with modern brick buildings.
10. Continuation of the paving program.

### Home From Pacific Coast Visiting Parents

Daniel G. Bell is here for a visit with his parents, Mr. and Mrs. Allen G. Bell. Mr. Bell has been located on the Pacific Coast, with the General Electric Company, but after April 15 is to be with the Texas Power and Light Company general manager's office, Dallas. He will return to California the latter part of this week to finish his work there before going to Dallas. Mrs. Jim Black visited with home folks in Canyon this past week-end.

## Texas & Texans

By WILL H. MAYES

### Eastern Expert Tells of Texans.

John Bantry, who is far-famed as an authority on business matters, in a recent article on future industrial conditions, says: "There is no doubt that the next great migration in the United States will be to Texas. Indeed it has already begun. Florida is only an incident. The next 10 or 15 years will surely see a great trek there. Today thousands of settlers are pouring into Texas, taking up lands and founding towns. They are not immigrants; nearly all are American citizens seeking a more promising location. It is the flight to the west repeated in this generation. Texas is the greatest state in the Union today. One of the greatest advantages in Texas at present is the low taxation. Texas has very little public debt."

### Low Taxes Attract Industries.

Mr. Balty sees in the low tax rate in Texas the reason why many industries will soon be coming Texasward. He says of us: "They are spending but little money on welfare work. They have no great number of state employees. Roads and education account for most of the tax rate. Of course, low taxes mean rather primitive conditions in many cases." In contrast with the conditions in Texas he calls attention to the fact that the little state of Massachusetts is supporting about 20,000 high salaried employees with slightly more than \$1,000 in the various state institutions, with the tax rate ever ascending. He compares the taxes of two electric companies operating in Massachusetts, while the Texas companies set with two in Texas, the Massachusetts companies paying out over 15 per cent of its gross earnings for pay 6.7 and 7.4 per cent, respectively, of their gross earnings, or much less than half that paid in Massachusetts.

### Texas May Exempt Textile Industries.

There is a movement pending to secure exemption of textile mills from taxation in Texas for a period of 10 to 15 years and the proposal meets with much favor. The great need of the state now is manufacturing industries. Taxed to death as the textile mills are in a number of the Eastern States, they would be glad to escape to a state where they would secure a period of release from the burden. Other Southern states have profited by such tax exemption, so why should not Texas, the great cotton field of the world, offer every possible

inducement to have its cotton made in to goods at home?

### Penitentiary Expenses.

Texas must get rid of some of its unnecessary burdens. The penitentiary system last year showed loss of nearly \$600,000, the per capita cost of the upkeep of the prisoners being about \$20 a month. Texas has 80,000 acres of the richest land in the world on which it keeps its prisoners, but this land is so poorly managed every year that it fails to support those who cultivate it. Texas farmers pay taxes, insurance and all the overhead expense of farming and support themselves and their families on their little farms, many of them not comparing in fertility with the state penitentiary lands. There is no reason other than poor management and waste, why the Texas penitentiary should not pay its own way and even return a profit to Texas. To see that this is done is one of the principal duties of the Texas legislature.

### Texas Legislature Vindicated.

Dale and Moore, the two members of the Texas legislature who were expelled by that body on

charges of accepting bribes, returned to their home counties and sought "vindication" by asking the voters to send them back to the legislature. They presented their exparte pleas on their own statements, but the voters evidently did not agree with them, and in refusing to return them, vindicated the legislative action that resulted in their dismissal. Texas citizens are coming to demand strict honesty on the part of officials and official action that must stand above suspicion.

### Economical Administration.

The Carlsbad state sanitarium for the treatment of tubercular patients is operating at a cost of \$48.65 per month per patient, the lowest cost account in the country for an institution of this kind, and reports brought from there through all its patients is that the attention, the comforts, the food and the service are all that could be desired. Dr. McKnight and his staff are doing a great work into which they are putting their consciences, along with their labors.

### Farmer Legislator.

Representative R. A. Fuchs, of

Washington county, won the first prize of \$1,000 for the best yield on three acres of corn in the Brenham Chamber of Commerce contest for "More Cotton and Corn on Fewer Acres." His corn yield on the three acres was 170 1/4 bushels. He also received a sixth prize of \$25.00 in the contest for the best cotton yield on five acres, his yield being 2,100 pounds of lint. We are guessing that a farmer of that type is also a safe legislator, for evidently he puts his mind into what he does, something that may not always be said of those who hold public offices.

### Pioneer Agriculturist.

Representative A. J. Durham, of Sabinal, who was found dead in his room in Austin not long ago, was another farmer who made a reputation for himself and his part of the state. Through his persistence and faith he demonstrated that wheat could be successfully and profitably grown in Uvalde county on land that before had been thought fit only for grass, or at most for an occasional cotton crop. Such pioneering as that done by Representative Durham has demonstrated the real worth of Texas lands.

Sunday, May 8—The last day will be devoted to "Mothers' Day" the usual celebration for which will be observed. Mrs. R. A. Tyson is chairman.

From week to week the general committee will furnish additional items to The Brand pertaining to National Music Week, the possible change in the program and new committees appointed. Rev. Jas. T. Ross, chairman of the general committee, is urging all who find themselves and have been called for committee work to report to the secretary, Mrs. A. O. Thompson, or the chairman of the committee on which they are expected to serve.

Rev. Ross declared further that the concentration of many musical events into a single week has for its purpose the awakening of the whole community to the importance of music as a factor in its life. The chairman said that no further meetings of the general committee will be necessary as the time is only a little over a month off and that fast, hard work must be done in order to make this event the biggest that Herford has ever had.

A surprise was given Mrs. Ray Hershey Thursday when a number of ladies and girls came to remind her it was her birthday. The table was spread with lots of good things to eat, a feature being the birthday cake made by Miss Olive Perkins, a white one with white frosting and decorated with white and yellow candles.

A number of Hereford young folks entertained with a musical program at the school house last Thursday evening and the program was greatly enjoyed by all present. Misses Brumley and Hastings were guests in the home of Mrs. Ray Hershey Wednesday night.

There was a large crowd at our singing Sunday, but for some reason there was little interest taken in singing. Don't forget to come and sing.

Lubbock, Texas, March 15.—Continuing their policy of offering the youth of the Southwest all possible instruction in textile work, the officials of Texas Technological College will offer a six weeks cotton classing course during the summer session from June 7 to July 16.

The cotton classing school will be under the supervision of the textile department, the engineering school, and Professor E. W. Camp, head of the department, will be in charge of the classes. Besides the regular cotton classing and study work, students will be given special emphasis on the testing of textiles which are made in the school.

Regular courses in textile work will be offered if there are enough advanced students to take this work. Prof. Camp has a very thorough knowledge of textiles. He came to Tech from the Georgia School of Technology where he was an instructor for a number of years. He has conducted a number of cotton classing courses there during the summer sessions.

During the latter part of the summer Prof. Camp will visit the leading textile mills of the United States to make further study of textile machinery and mill management.

LUBBOCK, Texas, March 15.—That two students of Texas Technological College should win both first and second individual honors in stock judging at the Southwestern Exposition and Fat Stock Show at Fort Worth and the Tech stock judging team should win second place is considered as evidence of the thorough and high-class work being done in the new institution. Al Jennings led the field with 758 points, while Roy Alden also of Tech, came second with 741 points. Oklahoma A. & M., last year winning the international stock judging contest at Chicago, was first at Fort Worth

with 3541 points, while Texas Tech was second with 3446 points; Texas A. & M. was third with 3301 points.

The Texas Tech team was first in sheep, second in hogs, third in horses and third in beef cattle. Tech won a total of \$155 in prizes, the Oklahoma team won \$120 and Texas A. & M., won \$25. Prof. W. L. Strange is head of the animal husbandry department in Tech and Prof. Ray Mowery was coach of the team.

The only entries from Tech was a pen of Tamworth barrows and a pen of Duroc barrows. The Tamworth pen took first place and the three individual members of the pen took first, second and third places in the Tamworth division. The pen was champion over seven other pens. The Durocs also met with success. One member of the pen took the championship over all the light and heavy individuals and the pen took second place in heavy pens.

Cash prizes of the stock judging team and the two pens of hogs amounted to \$312.50.

### THREE BOY SCOUTS SAVE COMRADE FROM DEATH

Another chapter of Boy Scout heroism has been written in Denver, it was revealed Thursday in the story of Bert Goringe, 13 years old, who was saved from a watery grave in Sloan's Lake December

27 through the prompt action of three comrades.

The three heroes, Clement Prita, 17, Rex Carsrud, 17, and William Casard, 11, formed a human chain after Goringe had broken through the thin ice of the lake while they were skating, and pulled him thru to safety as he sank for the last time. They then relieved his lungs of water and thoroughly revived him by the first aid methods they had learned as scouts.

Their modesty kept the story of the rescue unrevealed until the grateful mother of young Goringe came to thank them Wednesday. And then the most they would say was: "It was our duty and just one of the things every Boy Scout is taught to do."

## When Winds of Adversity Blow!

Man never personalizes calamity or death. It is human nature not to do so. It may happen to others—but never to him—until "it does happen." Then, of course, it is too late. In love and devotion, man oftentimes shuts his eyes to facts—his wife's or dependents' ability to look after the estate he may leave to them. Many men have gone to their grave believing that through insurance, savings or investment—he has made ample provision for those dependents he has left behind.

You—who are reading this—know from observation that quite often widows and dependents are preyed upon by sharpers—and they lose all. That is why "Trust Departments" in old and well established banks are every day growing more and more in popular favor. Let us explain how we can serve you in this manner. Drop in and ask us to tell you in detail just how we can guarantee your estate will go to those whom you want to protect.

HERFORD MAN IS IN SINGING BAND AT TRINITY U.

Waxahatchie, Texas, March 15.—Charles Gabriath, of Hereford, is

University, which musical organization started its twenty-eighth annual tour, Monday, March 14th, with a performance of combined vocal and instrumental music at Italy. This group of male singers which has for many years toured with a repertoire of music including only vocal numbers, but which has lately become combined with the band of wind instruments because of the more pleasing program made possible with the greater variety, has the longest record of consecutive concert tours of any other higher educational center in the State of Texas.

The program which have been given in late years include ensemble chorale singing, solos, duets, and quartets, sections by the band, and also concert, violin and piano solos. A unique addition to the program this year is a burlesque on grand opera with a strong emphasis on the actual humorous content of modern operatic compositions. It is taken from a libretto written by one of the famous music critics of the nation, who after making the assertion that modern opera

abounds in humor, set out to illustrate his assertion by writing his libretto with opera then in production as a basis. The effect is comical and is the feature of this year's program.

CITATION.

THE STATE OF TEXAS, NO. 42,850.

To the Sheriff or any Constable of Deaf Smith County, Texas, Greeting:

Oath therefor having been made as required by law, you are hereby commanded that, by making publication of this Citation in some newspaper published in said County once a week for four consecutive weeks previous to the return day hereof, you summon Crain & Company, L. M. Forster, as Trustee; R. H. Jacobs, L. Baskin, C. M. Humphry, Empire Gas & Fuel Company, a foreign corporation; Gates Rubber Company, a foreign corporation; Good Year Tire & Rubber Company of Texas, a defunct corporation; Avery Company of Texas, a defunct corporation; Defendants, to be and appear before the District Court, 10th Judicial District, to be held in and for the County of Deaf Smith, Texas, at the Court House thereof, in the City of Hereford, at the next regular term of said Court, to-wit: on the first Monday in April, 1927, then and there to answer the petition of American National Insurance Company of Galveston, Texas, a corporation, Plaintiff, filed in said Court on the 23rd day of January, 1927, and numbered on the docket of said Court 42,850 against the said Crain & Company, L. M. Forster, Trustee; R. H. Jacobs, L. Baskin, C. M. Humphry, Empire Gas & Fuel Company, a foreign corporation; Gates Rubber Company, a foreign corporation; Good Year Tire and Rubber Company of Texas, a defunct corporation; Avery Company of Texas, a defunct corporation; J. H. Weems and Nancy R. Weems, joined pro forma by her husband J. H. Weems; L. W. Hough, George L. Muse, individually and as Trustee; F. T. Roloson as Trustee; Shearn Moody, as Trustee; The First National Bank of Hereford, Texas, a banking corporation; M. H. Reed; International Harvester Company of America, a corporation; E. C. Brodie; Defendants, and alleging in substance, as follows:

That on or about the 23rd day of January, 1922, J. H. Weems and Nancy R. Weems, defendants herein, made, executed and delivered their one certain promissory note for the sum of Two Thousand, Five Hundred, (\$2,500.00) Dollars, bearing date on the day and year aforesaid, payable to the order of plaintiff, American National Insurance Company, of Galveston, Texas, due and payable ten years after date, bearing interest at the rate of nine percent per annum from date and providing for ten percent additional on the amount of principal and interest then due, as attorney's fees, if placed in the hands of an attorney for collection, and that the following is a copy of said note, to-wit: \$2,500.00 Galveston, Texas, January 23, 1922.

Ten years after date fixed, for value received, we promise to pay to the order of the American National Insurance Company, of Galveston, Texas, Two Thousand Five Hundred and no-100—(\$2,500.00) Dollars, with interest thereon from date at the rate of nine percent per annum, payable annually on the ---- day of ----- Principal and interest are payable at the office of said Insurance Company, in Galveston, Texas. This note is given for a loan of Two Thousand Five Hundred and no-100 (\$2,500.00) Dollars and is secured by a Deed of Trust to Shearn Moody, Trustee, of even date herewith on 320 acres of land in Deaf Smith County, Texas, and is subject to all the conditions and obligations in said Deed of Trust.

Failure to pay this note at its maturity, or any installment of interest thereon when due, shall at the option of the holder, mature all notes this day given by us, secured by said Deed of Trust. Principal and interest shall bear interest at the rate of ten percent per annum from maturity until paid. And we hereby specially agree that if this note is placed in the hands of an Attorney for collection, or if collected by legal proceedings, to pay ten percent additional on the principal and interest due thereon as collection fees.

The makers hereof shall have the option of paying \$100.00 or any multiple thereof on the principal hereof at any interest paying date after the expiration of five years from date hereof.

(Sgd.) J. H. Weems.

(Sgd.) Nancy R. Weems.

That on or about the 23rd day of January, 1922, the said defendants J. H. Weems and Nancy R. Weems, his wife, made, executed and delivered a certain deed of trust for the purpose of securing the said plaintiff, American National Insurance Company, of Galveston, Texas, in the prompt payment of the above described note with the principal and interest thereon, wherein the said J. H. Weems and Nancy R. Weems his wife, after reciting the indebtedness to the said plaintiff, American National Insurance Company, of Galveston, Texas, as evidenced by the above described note, conveyed to Shearn Moody, as Trustee, the following described land and premises situated in the County of Deaf Smith, and State of Texas, to-wit:

The west one-half of Section 24,

Block 11-8, containing 820 acres of land, and being the same land patented by the State of Texas, to J. H. Weems by Patent No. 200, Volume 46, dated April 4, 1913, recorded in Volume 33, page 225, of the Deed Records of Deaf Smith County, Texas, to which deed and the record thereof reference is here had for further description upon the trust and conditions as set out in said deed of trust, a copy of which is attached to said petition, marked Exhibit "A" and here referred to.

That said deed of trust was duly recorded in the office of the County Clerk of Deaf Smith County, Texas, on the 9th day of February, 1922, in Deed of Trust Records of Deaf Smith County, in Volume 28, Page 244, et seq.

That said deed of trust lien was given to secure the prompt payment of the above described note and the same thereupon became and still is a valid and subsisting lien upon the hereinabove described premises.

That the plaintiff, American National Insurance Company, of Galveston, Texas, has placed said note in the hands of Frank S. Anderson, an attorney, for collection, and has contracted to pay him the ten per cent stipulated in said note, the same being reasonable and the usual and customary fee.

Plaintiff further alleges that default has been made in the payment of the installment of interest on said promissory note, which became due and payable on the 23rd day of January, 1925, and the installment of interest which became due and payable on the 23rd day of January, 1926, and said installments of interest are now past due and unpaid, and the plaintiff exercising his option as the owner and holder of said note to mature the whole amount of the principal and interest thereon, has matured and declared due and payable the amount of the principal of said note in the sum of Two Thousand Five Hundred (\$2,500.00) Dollars, and all interest due and payable thereon, according to the face and tenor of said promissory note, and there is now due and payable thereon the sum of Two Thousand Five Hundred (\$2,500.00) Dollars, and interest thereon from the 23rd day of January, 1923, and the said defendants, J. H. Weems and Nancy R. Weems, his wife, though often requested, have hitherto failed and refused, and still refuse to pay the same, or any part thereof, all of which has resulted to the plaintiff's damage in the sum of Two Thousand Five Hundred (\$2,500.00) Dollars, and interest thereon at the rate of nine percent per annum from the 23rd day of January, 1923, and interest upon

past due interest at the rate of ten percent per annum.

That the plaintiff has paid the State and County taxes levied and assessed against the premises hereinafore described for the years, 1922, 1923, 1924 and 1925, and that there is due and payable the State and County taxes assessed against said premises for the year 1926, which plaintiff alleges that it will be required to pay the same, and that under the terms and provisions of said deed of trust the plaintiff is entitled to recover the amount thereof, in addition to the amount of principal and interest due on said promissory note.

The plaintiff further alleges that the defendants Shearn Moody, as Trustee; George L. Muse, individually, and as Trustee; The First National Bank of Hereford, Texas, a banking corporation; E. C. Brodie, L. Baskin; C. M. Humphry; L. W. Hough; Gates Rubber Company, a corporation; Good Year Tire & Rubber Company, a corporation; Orah & Company; International Harvester Company of America, a corporation; M. H. Reed; Empire Gas & Fuel Company, a corporation; R. H. Jacobs; L. M. Forster, as Trustee; F. T. Roloson, as Trustee; Avery Company of Texas, a corporation; have, or claim to have some interest or a lien upon the mortgaged premises hereinbefore described, which interest or lien, if any, is inferior to the lien of the plaintiff's said deed of trust, and subject thereto.

Wherefore, plaintiff prays that the defendants be cited to appear and answer this petition, and that it have judgment against the defendants, J. H. Weems and Nancy R. Weems, his wife, for this debt, interest, attorney's fees and costs of suit, and that the plaintiff's said deed of trust lien be foreclosed according to law against the hereinbefore described lands and premises as against all defendants herein, and that the same be decreed to be sold according to law; that the Sheriff, or any other officer executing the order of sale shall place the purchaser of said property sold under said order of sale and for such other or further relief, special and general, in law and in equity, that it may be justly entitled to, as is

more fully set forth in said petition now on file in my office.

Herein fall not, but have you then and there, before said Court, this writ, with your return thereon, showing how you have executed the same.

Issued this 24th day of February A. D. 1927.

Witness: J. C. GENGLER, Clerk

of the District Court of Galveston County.

Given under my hand and the seal of said Court, at office, on the 24th day of February A. D. 1927.

ATTEST: J. C. GENGLER, Clerk of District

(SSEAL) Clerk of District 7-4e OB Court, Galveston County. By Wm. I. WORST, Deputy Clerk.

THE BACKYARD FARMER'S NIGHTMARE

By A. B. CHAPIN

Dairy Farming In Dea Smith Pays Dividends

Dairy farming has become so popular in the Hereford country, that Berry Orr quit his job as county clerk to devote his entire time to the business which he started back in 1920, merely as a side line. This ex-county official had six children and a wife to take care of, and he found that a salary was not as good as cream checks and has decided to specialize in the registered dairy business and have farming, hog raising and poultry as side lines.

Back in 1920, Mr. Orr shipped the first line bred Finance-Interest Jersey bull into Dea Smith county. He now has twenty-six head of registered Jersey cattle, and about half this number are line bred Finance-Interest Jerseys.

Last year while Mr. Orr was still in the county clerk's office, he averaged better than \$75 per month from the sale of cream and figured that the skimmed milk was worth this amount for his pigs. On the first of the year Mr. Orr quit the clerk's office, purchased 100 acres of land three miles east of Hereford on the Frío and plans to devote all of his time to the dairy business.

Mr. Orr is keeping six brood cows and will increase this number just as soon as possible. His fatted pigs will be raised principally on skimmed milk and alfalfa until four months of age and will then be finished on Poshandle grains. About fifty acres of the land is sub-irrigated, and this will be tilled to alfalfa in the spring.

A portion of the place will be put in row crops.

The fifty Rhode Island Red chickens will be increased to a flock of 500 within the next few months. Mr. Orr finds that the Reds are good winter layers for the farm.

Mr. Orr showed seventeen Finance-Interest Jerseys at the local fair last fall and won six blue ribbons and three second prizes, and his son won a trip to the Dallas Fair with a bull calf.

Undertaker Humor.

"Here's where we roll the bones," offered the undertakers, as they placed the coffin in the wagon.

Obedying Orders.

Whither with the mask, Erronius?  
To Mabel's house, Calculus.  
Then, whyfore the mask?  
Oh, her dad requested that I never show my face again in his house.

Ain't It So?

"Yep," said the campus philosopher, as he eyed a group of mongrels chasing each other down the lane. "He is just one darn thing after another."

Anxiety Fourth Bull Calf Sells At Good Profit

Much publicity is being given Hereford and the Hereford cattle industry of this section by the report in various newspapers of Raymond Purcell's record in vocational agriculture in the Hereford high school. Young Purcell recently sold an Anxiety 4th Hereford bull calf for \$401 and showed a profit of \$1.15 per hour for the time he spent in taking care of this calf. This record was published in a number of papers and the Southwestern Stockman Farmer of Las Cruces, N. M., has sent in for a detailed report on this project, and plans to use this as feature material.

Amarillo Layman to Talk Here Sunday

Hon. W. A. Palmer, of Amarillo, assistant lay leader of the Amarillo District, will deliver an address at the Methodist church at 3 o'clock Sunday afternoon.

Several other gentlemen from the Pook Street Church, Amarillo, will be with Mr. Palmer and will take part in the services. The public is cordially invited.

PUNKIN HOLLOW HAPPENINGS

Little Sadie Hostetters who has been going to town to school has caught on to a lot of new things, one of them being that snuff contains nicotine and her mother accordingly became alarmed, quit dipping snuff and went to chewing tobacco.

Parson Joshua Tuffshell preached an eloquent sermon Sunday and stomped his feet so much that an extra collection was taken up buy him a new pair of shoes.

Gus Hoolan is always talking about moving to some other place and to illustrate how much ahead of Punkin Hollow the city is he says that there they have a board of education while the best the school here has is a plain pine shingle.

Flunkus Tuggle says that they sure would save a lot of paper and ink if they would have the hero and heroine marry and raise a family in the first chapter of all the novels.

Clabe Clapper says he would rather split rails all day than listen to any kind of sermon right after he has been on a horse trade.

Mrs. Bart Horseapple came to church Sunday, but everything went off so nice and peaceable that she was not at all satisfied with her trip.

Miss Clarissa Hoogie who has been staying at home on Sunday entertaining a widower from Rabbit Hill, will start back to church again soon as the widower married another lady the other day.

Mrs. Callope Tuggle says their children are getting so numerous and are growing so fast that they are going to have to build a larger porch as there is hardly room on it now for all of them to stand on and watch folks as they pass by.

Buck Hinshaw's family had to stop eating rabbits on account of them getting nervous every time a dog barked.

Demonstration Proves Attractive to Many Ladies

Fifty-four ladies, a large percent of them from rural communities of Deaf Smith county, attended the demonstration given in the county court room by Miss Mamie Lee Hayden, district home demonstration agent, Tuesday evening, when household linens was the principal subject discussed.

Miss Hayden was here from College Station in the interest of a home demonstration agent for Deaf Smith county. The ladies who attended the meeting showed much interest in the work, and many of them expressed their willingness to join hands in an effort to secure an agent to work with the girls and women of the county. This would give Deaf Smith county a balanced program, as a county agent was secured here about two years ago.

7,500 Gold Bond Stamps Given Out

Gold Bond Stamps to the amount of 7,500 were given away last Thursday at the Stambaugh Dry Goods Store. Following is a list of those who received the extra stamps beside the regular premiums: Mrs. Gerald Morgan, Sumnerfield, 2500; Mrs. Jacob Wagner, 2000; Mrs. P. H. Barnes, Dawn, 1500; Mrs. Louie Huckert, Sumnerfield, and Mrs. Hall Beavers, 500.

The contest, Mr. Stambaugh stated, has stimulated the business of those giving Gold Bond Stamps.

W. T. S. T. C. Pulls Down Championship

The final championship basketball game between Denton, N. T. S. T. C., and W. T. S. T. C., at Canyon, resulted in a score of 20 to 22 in favor of Canyon. The game was played last Monday night at Denton.

Sixteen registered Jersey bulls were recently purchased for herds in Hale County, Texas.

Messrs. Harry Seed and Tom Allen reached here last Monday afternoon from Stockton, California, where they have been attending the Western Harvester School for the past three or four months. Messrs. Seed and Allen will be employed by the Kerr Implement Company here for this season and will devote most of their time to the Holt combines.

Truck Growers Rent Place South of Creek

H. G. Gaede, wife four sons and daughter, from Salina, Kansas, have rented the Baskin irrigated forty-acre place in South Hereford and are moving here this week.

It is their intention to plant

thirty acres in vegetables and market same in Amarillo and in the oil fields.

They are experienced vegetable growers and have ample force to handle the situation.

A free orchestra and instrumental concert will be played tomorrow night at the high school auditorium at 8:00 o'clock. Contest numbers will be rendered, according to Ralph Smith, director, that will be used in the Amarillo Music Festival.

## CHURCH ANNOUNCEMENTS

### First Presbyterian Church

JAS. T. ROSS, Pastor.

Sunday school, 9:45, C. O. Lee, superintendent.

Morning preaching service at 11. At the evening hour, 7:30, our congregation will join others in a welcome service for Rev. V. M. Oloyd, the new pastor of the Baptist church. The Christian Endeavor should meet promptly at 6:15 in order to adjourn early for this special service at our neighboring church.

Sunday at 3 p. m., Rev. Arch Donkin will preach at Wyche and the pastor at Jumbo. Women's Missionary Society will meet on Wednesday at 2:30. Church-Nite service Wednesday at 7:20. We welcome you to all the services of this church.

### Baptist Church

V. M. OLOYD, Pastor.

After a most gracious Lord's Day with his church, the pastor is deeply grateful to the Father that he has led him to cast his lot among such a people. Ten people joined the church last Sunday at the evening service. The ordinance of Baptism will be observed Sunday evening, March 27th.

The pastor and several of the church folks went to Summerfield Sunday afternoon, where the pastor spoke on the "Conquest Campaign."

The Sunday school was well attended Sunday, but we are anxious to have more study the Word of God with us. You come and bring your neighbor.

The B. Y. P. U. rendered a splendid program Sunday evening. The pastor is happy to find such a fine, loyal, talented group of young people as we observed Sunday. Let us go forward, young people.

The pastor will preach at 10:45 next Sunday morning. At the Baptist church, beginning at 7:30 p. m., there is to be a welcome service held. All are invited. Rev. James T. Ross will preside at this service.

### First Christian Church

THURMAN MORGAN, Pastor.

Sunday school at 9:45 a. m., Communion and preaching service

at 11. The subject for the morning hour is, "Jesus, the Ideal." Christian Endeavor at 6:45. There will be no evening services here, but we will all go to the Welcome Service at the Baptist church. Much interest is being manifested in our evening services. Each one is different. Come worship with us, you will find a big welcome.

The subject for Monday will be "Americans Always;" Tuesday, "Americans by Immigration;" Wednesday, "Evangelism and Enlistment;" Thursday, "Near Neighbors;" Friday, "America, America! God Shed His Grace on Thee."

These meetings will be held at the Baptist church at 4 o'clock in the afternoon, and all members are urged to be present.

The Women's Missionary Society of the Presbyterian church met in an all-day session for their social on Wednesday, March 2, at the home of Mrs. W. M. Cogdell.

Each contributed a dish of something good towards the dinner and a most bountiful feast was enjoyed by about forty people. The lesson, under direction of Misses H. L. Broadwell and Geo. Garrison, was taken up, after which a business session was held and the following officers were elected for the coming year: President, Mrs. C. C. Ferguson; vice president, Mrs. Henry Hastings; recording secretary, Mrs. Ezra Norton; assistant, Mrs. Mae Wombie; treasurer, Mrs. Geo. Garrison; secretary of literature, Mrs. H. H. Boardman; assistant, Mrs. Vern Witherspoon. Mrs. Chandler expressed for the society an appreciation of the work done by the outgoing officers, and Rev. Ross welcomed the new ones. The new officers entered upon their duties at once.

PIONEER IN 1886 — LEADER IN 1927

No. 34, built in two sizes—12 and 15 feet. Especially adapted for the small wheat farmer.

No. 36, built in three sizes, 16, 18 and 20 feet. Just what the large wheat farmer needs in a 1000-acre field.

CAREFUL INSPECTION OF THIS MACHINE WILL CONVINCING YOU IT IS THE RIGHT KIND!

These machines will handle the row crop in the same easy manner as they handle the wheat. Ask the man who owns one. One of our machines sold last year cut and threshed over 700 acres of row crop. Their ten hour oiling system is a wonderful time saver. Equipped with Hyatt roller bearings throughout. THERE IS A SIZE FOR EVERY FARMER.

THESE MACHINES ARE IN OUR YARD FOR YOUR INSPECTION.

**HORSES WILL GO. BABE RUTH AND MILTON. FAT GIRLS NOT WANTED. A KILLER AT ELEVEN.**

William Durand, president of a great riding school, retiring, says the automobile will never replace the saddle horse. Nevertheless, the saddle horse will vanish, and be only a memory to children of today's children.

When the musket came in, men thought it couldn't take the place of bow and arrow. And, of course, it couldn't replace the hawk that rode out on its owner's wrist and flew up to bring down the game bird.

The horse will linger on farms for a while and then disappear, as farming becomes really scientific. The work that requires three hundred days of the farmer's time now, will be done in about forty days or less. And the "horse" will be a machine, run by gas, electricity or wireless power.

Many good investments in this world for those that hang on. When Edward Fitzgerald published his translation of the Rubaiyat, that first edition sold for one penny in England. Last week J. F. Drake paid \$3,200 for a copy.

When John Bunyan's "Pilgrim's Progress" was first published, wise book people said, "Only servants will buy a book of that kind." One of the copies originally sold for two pence and is worth thousands of dollars now.

Of 118,000,000 Americans, only 3,000,000 own stocks or bonds. This small number of stockholders estimated by the American Bankers' Association, is encouraging to brokers and those that have good stocks and bonds for sale.

Wages are high, money is piling up in the savings banks, millions that own no stocks COULD own them if proper inducements as to return and safety were offered.

If you like miracles, consider this: Peter Kraus, sailor on a freight ship in mid-ocean, drove particles of iron into his right eye while using a drill, and entered

agonies. Far away, Dr. Francis, ship's surgeon, picked up by radio, details of the sailor's trouble. He sent wireless directions, ordering them to stop using cocaine, telling them how to make a magnet. The magnet extracted the iron particles instantly, pain stopped, the man went back to work.

Mr. Burger, bachelor member of a very "old family" in Ohio, leaves money to build a home for girls "between the ages of sixteen and twenty-eight, of small stature, bright, ambitious and good to look at." Fat girls are not to be admitted.

That will was made by a foolish bachelor. Young girls ought to be reasonably fat, with tissue and energy stored up for their duty as mothers. Girls of the skeleton type have barely energy enough for themselves, to say nothing of a family.

What counts is not how you start, but how you finish. Years ago a boy named Hamburger took a job at \$3 a week to run errands; glad to get the job, glad to run. It was a start. Now to his \$22,000, 000 dry goods plant in Newark he adds on a \$10,000,000 addition. And now, from bigger cities go to Newark to study his ways of running a business.

The thoughtless may point out that Babe Ruth gets, in one year, for hitting that ball about a thousand times as much as Milton got for writing "Paradise Lost." That is no argument. For one American that wants to read "Paradise Lost" at least a million want to see Babe Ruth play baseball.

An eleven-year-old boy, Mitchell Ponkrashow, ran away from home after a beating, killed a shopkeeper in an attempted holdup.

and is wondering what will be done with him. It is said that he cannot be treated as a youthful delinquent because he refuses to say that he is sorry he committed the murder. A childish reason, for lack of repentance is only one more proof of youthful delinquency.

In any case, the boy will not be executed, even if put on trial for murder. Capital punishment survives, but killing children is no longer part of "civilization."

**BIRTHDAY CELEBRATION.**  
(Delayed.)

Everyone usually takes notice as to whether the month of March comes in calmly or stormy. March 1, as per the weather man, was a beautiful calm day, but to Mrs. W. I. Valentine it was a stormy occasion, because she had a birthday and the ladies of the T. E. L. Sunday school class of the Baptist church and other friends, with baskets of good things to eat went to the Valentine home to celebrate her so-manyth anniversary of that event. The buffet and dining table were loaded with good things to eat. The party had been planned as a "hen" party, but at eating time a few of the opposite sex dropped in, among them being C. H. Barrett, W. I. Valentine and

Alex Thompson. There were about fifty guests, and every one was gay with fun and frolic and it was late when all departed, each wishing the hostess many more birthday parties. A GUEST.

**BIRTHDAY PARTY.**

A delightful birthday surprise party was given Wm. M. Cogdell on the occasion of his 60th birthday last Sunday by the Witherspoon-Estes Bible class of the Presbyterian church. Fifty-four were present and Mr. Cogdell was taken completely by surprise when they gathered at the Cordova Hotel immediately after church services and were treated to a bounteous cafeteria dinner. The tables were literally loaded down with good things to eat, and all enjoyed themselves to the fullest extent. Mr. Cogdell was born near Fayetteville, N. C., on March 12, 1858. He came to Hereford with his family in 1900, so is one of our oldest settlers. He served two terms as county clerk, from 1906 to 1910, during which time perhaps more

What's Doing In Western Texas

Big Lake—Royal welcome was extended C. F. Drake, newly elected full time secretary of the Big Lake Chamber of Commerce at a banquet tendered him recently. He came to Big Lake from the editorial staff of the San Angelo Standard.

Eden—An average of \$1,100 worth of poultry, eggs and cream is being shipped out of Eden each week according to statistics kept by a local authority. The town shipped out 12 cars of dressed turkeys the past season and is becoming widely known for the quality of its products.

Stamford—One hundred and twenty-five sack of pure bred black hull kafir are finding their way through the mails to West Texas farmers this week. The seed is being distributed by the West Texas Chamber of Commerce for cost of mailing. More than twice as many calls were received for the grain than could be accommodated.

Spearman—Initiating Texas' official "Capon Day," Spearman celebrated her lead in the state's new industry recently. In recognition of Spearman's position as leader in the capon field, the town furnished capon for the annual exhibitors and directors banquet at the Fort Worth Fat Stock Show. The banquet was put on by the West Texas Chamber of Commerce and gave much publicity to all West Texas through serving of a "West Texas Menu" in which products were listed coming from various sections.

Rotan—Considerable diversification will be carried on in this region during the coming year. One of the biggest extensions is that of truck farming. Much stress is being made on raising sweet potatoes in this section.

Iowa Park—Voting is to take place in precincts here at an early date on the issuance of bonds to the amount of \$1,700,000 to improve the highways of the irrigated district.

Lefors—A large building program is indicated for the growing town during the spring and early summer. Removal of fencing around the court house grounds was recently made here to improve other civic attractiveness of the place.

Fort Worth—The Panhandle Plains exhibit put on by the West Texas Chamber of Commerce came in for second place award at the "Fat" Stock Show being held by Southwest Texas exhibit by less than one per cent. The exhibit of all West Texas products, not sufficient to fill a competitive exhibit, and not following a score card, placed fifth for the West Texas Chamber of Commerce territory. Three agricultural judges from A. & M. College judged the displays.

New Contests To Be Staged Next Month

W. E. Lockhart, director general of the Interscholastic League, District No. 1, has sent out the following letter to all members of the League:

The annual district meet of the League will be held this year at the W. T. S. T. C., Canyon, on April 22 and 23. All county meets should be held as early in April as possible, but in no case later than April 16.

I wish to call attention to a few new contests which will be a part of the district meet this year as follows:

- (1) There will be a district contest in girls' volleyball. The championship team in each county will be permitted to enter the district meet. These games will probably be played indoors since we have two excellent indoor courts. Mrs. Travis Shaw will have charge of this contest.
(2) One and two teacher rural schools may enter contests in the rural pentathlon. The boy who wins first place in this contest in the county meet is eligible to represent his county at the district contest. The rural pentathlon consists of the following five events: 100 yard dash, running high jump, 12 pound shot put, standing hop, step and jump, running broad jump.
(3) The winner of the 3-R contest in each county may come to the district meet. This is a contest between one and two teacher rural schools.
(4) The date for the typewriting contest has not been definitely stated but I am asking the state committee to place this here at the same time as the district meet, April 22-23. In this contest only high schools that have affiliation in typewriting are eligible to compete. If interested in this contest should write to Roy Bedichek, Austin, Texas, for a special bulletin.
All other contests will be conducted practically as they were last year. In declamation, please make new selections. I have heard "I am an American" so often that I almost wish I were a Chinaman, and "The full moon has risen over Mt. Blanc" quite often enough.
These additional contests make our district meet an increasingly difficult problem. I urgently request your patient co-operation in this work. A detailed program will be mailed to you about April 10.

Seeks Informations On Poultry Industry Here

Prof. J. T. Egan, of College Station is seeking information in regard to the poultry industry in the State of Texas, and is anxious that the poultry producers of this country fill out the blanks that have been mailed to the individual and return them to the Station as soon as convenient. R. O. Dunkle, county agent, is especially anxious to get a good poultry report from this county and will assist any one needing assistance pertaining to the poultry report so much needed at College Station. Several poultrymen here have been making a report for each month in this year.

program and they must have a productive project at home either in dairying, poultry raising, or gardening and they are required to keep a record of their project. Then they also have required work in food preservation and preparation, clothing and home improvements.

These are at present the scholastic prizes offered of \$200 each—one to the girl who makes the highest record in club work in her third year work, and one to another in fourth year work. On completing the four years of required work they are given a certificate signed by the state home demonstration agent, county and district home demonstration agents and the local county judge. This entitles them to credit in any of the state schools.

The women are given help in all kinds of work pertaining to the home. She is given demonstrations and lectures on the following: Food preservation—that is, canning, drying, pickling, etc.; food preparation—that is, cookery of different kinds, menus, planning, malnutrition, etc.; home management—that is, budgeting, buying, etc.; home improvement and clothing work, production work, such as gardening and poultry, etc. Everything is given to the women on the farm that may be applied to the home. It is a vital and necessary work for her, she learns how to conserve, buy, spend, care for the family in the most efficient way. It brings about a better spirit of co-operation and understanding among the women and girls. It produces leaders in the communities.

The chairman, called on A. O. Thompson, and Mr. Thompson reported that Miss Hayden was a sample of a home demonstration agent, that he was in favor of having one. Of course Mr. Thompson meant he was in favor of having a home demonstration agent for the county.

The meeting adjourned to meet next Monday at the Hereford Hotel.

Cattlemen Receive High Prices at Ft. Worth Sale

W. T. Womble and D. L. McDonald scored well in the show ring at the Ft. Worth show last week with their Hereford cattle. Mr. Womble's fat steer, Barney Stanway, was bought out by the grand champion of the show, Barney Stanway, 229. His class and was made reserve champion of the show, and sold at auction for seven-hundred cents per pound.

D. L. McDonald won third in the junior yearling bull class, third in the junior heifer yearling class and third in the junior yearling herd class.

Local breeders received an average of \$250 per head for the cattle that sold through the auction sale. D. L. McDonald and George Burch sold the highest priced Herefords from the Hereford country. McDonald received \$1000 and \$600 respectively for two sons of Super Anxiety, and George Burch, of Dimmitt, received \$1000 for a yearling bull calf, also a son of Super Anxiety. Mr. McDonald sold five females at private sale during the Fort Worth show for an average of \$750 each.

Those represented at the sale and number of animals each disposed of were: E. B. Black, three; Ed East, two; George Burch, two; J. C. Sanders, two; D. L. McDonald, four; and W. T. Womble, one. Mrs. L. R. Brady paid \$200 for a Prince Domino bull in the sale and shipped him to be used on her Hereford farm east of town.

At the beginning of the year there were 106 wells being drilled for oil in New Mexico. The greatest activity is in the Pecos Valley and in the San Juan basin. Wells, however, are being sunk in about twenty counties in the state, geologists having found promising oil structures for testing. Texas last year produced approximately 83,000,000 bushels of oats with a market value of \$30,000,000. In comparison with 1920, a crop which was worth only \$8,000,000. Usually about 40 per cent of the crop is sold, the remainder being used for feed on the farm.
