TUESDAYS—TWICE-A-WEEK—FRIDAYS

HEREFORD, DEAF SMITH COUNTY, TEXAS, FRIDAY, NOV. 23, 1923.

21st YEAR, NO. 74.

H. C. McNEIL GIVEN FOUR YEARS TERM

FOUND GUILTY OF OPERATING STILL IN THIS COUNTY

ABE McNEIL CASE

Was Scheduled to Come to Trial Friday Afternoon. Judgment Given

H. C. McNeil who, with his brother, Abe, was arrested by Sheriff Pascell last summer and charged with operating a still in the western portion of the county, was found guilty in District Court Wednesday and given four years in the penitentiary. Motion for a new trial was overruled and his attorneys have perfected an appeal to the Court of Criminal Appeals. The defendant was represented by Attorneys Miller and Stone of Amarillo and Carl Gilliland of Hereford.

It was expected Friday that the case against Abe McNeil would be reached during the afternoon.

In the case of C. C. Huffhines vs W. S. Bourland et al. judgment for plaintiff was rendered.

The suit of Thos. J. Zook vs W. B. Mersfelder et al was on trial Friday.

Hog Men Discuss Convention Which Meets in January

E. W. Harrison and Leslie Neal will attend a called meeting of the executive committee of the Panhandle Swine Breeders Association to be held at Amarillo on Friday. Mr. Neal is a director in this association for Deaf Smith county, while Mr. Harrison will represent the Chamber of Commerce in the matter of the coming convention to be held at Hereford in January.

This meeting was called owing to the sudden resignation of H. G. Ware of Tulsa, secretary, who has left the state. The meeting Friday will elect his successor and determine details for the convention. It is understood that a former secretary of the association, Earl Lewis of Childress, has been tendered the position by President Fred Boerner of Lubbock.

At last Monday's meeting of the business men at the City Cafe a local Steering Committee to handle the Swine Breeders convention here was appointed by acting chairman Homer Wilkinson as follows: E. W. Harrison, chairman, Leslie Neal and G. W. Brumley. These three, assisted by the Secretary, will have entire charge of all local entertainment and arrangements. It is planned to begin soon to get into communication with all members of the association, urging their attendance here in January, and to consider entertainment and other necessary features. The convention and sale will be held in the Sale Pavilion, which was authorized by the Breeders Association at the time Hereford asked for the 1922 convention.

This Swine convention should mean a great deal to this section in encouraging the growing of more and better hogs, and the sale, which ends the convention, will turn loose locally some of the very finest blood to be found in the southwest.

CURB COMPLETED BY CITY AROUND LATEST TRIANGLE

The curbing around the little triangular park in front of the homes of A. W. Gregg and C. O. Tatman has just been completed by the city and presents a neat and workman-like looking appearance. These gentlemen agreed with the city that if the park was curbed they would look after its upkeep. Next summer should show another beauty spot where before there was an irregular plot of native grass and weeds.

U. S. ROAD ENGINEER HAS ADVICE ON MAINTENANCE

L. Messigman, U. S. Highway engineer, attached to the state headquarters office at Fort Worth, spent Thursday in Hereford inspecting the county roads. Thursday night the visitor conferred with County Judge Megert and President McDonald of the Chamber of Commerce.

Mr. Messigman advises against new construction at this time and advocates closer study of maintenance methods and upkeep for roads now in use.

SPECIAL WASHINGTON SNAPSHOTS OF ARMAMENT CONFEREES

Here are shown photographs of conferees to the armament conference as they arrived at Memorial Continental Hall in Washington. They are, left to right: Hon. Arthur J. Balfour, head of British delegation; Secretary of State Hughes, U. S.; Premier Briand of France, and the Chinese Minister, Alford See and Mrs. See.

Small Son of G. F. Morgan Was Drowned In Tub

A shadow was suddenly thrown across the local Thanksgiving festivities Thursday afternoon when news reached the city of the tragic drowning of little Gerald Francis Morgan, Jr., son of Mr. and Mrs. Gerald F. Morgan, who reside on the John L. Wilson ranch about sixteen miles southeast of Hereford.

The accident occurred about 1:00 o'clock. The small boy, just past two years of age, had wandered out into the yard and fell into the drinking tub. He was dead before aid reached him.

Funeral services were held from the Hereford residence of John L. Wilson Friday afternoon at 3:00 p. m. Rev. J. R. Sharp officiating.

The stricken parents have the sympathy of the entire community in their terrible loss.

CHURCHES TO HOLD SEPARATE SERVICE ON NEXT SUNDAY

In Tuesday's Brand the account of the Thanksgiving services at the Methodist church Thursday and the Song Recital at the Christian church Sunday night were put together and the impression left that both were union services. This was due to a misunderstanding. The only union service held was on Thursday. Next Sunday the Christians will hold their own recital and various other church organizations will have their individual gatherings.

The Presbyterian will observe Church Rally Day next Sunday at the 11:00 o'clock service. Every department in the church will have part in the program. At 7:30 p. m. the service will be under the direction of the Ladies' Missionary Society. A unique program is being prepared. Miss Swisher and Mrs. Ezra Norton will render solos fitting in with the dramatized story which is to be given.

The Christian Song Recital program was published in detail in Tuesday's Brand. Notices of each denomination's services are carried in this issue on the church page.

SAWYER TURNIP PATCH PRODUCED GREAT SPECIMENS

L. Sawyer, who lives two miles north of the Nursery, was in town this week with a double wagon load of the largest and finest turnips that have been shown here this year. The large turnips were unusually sweet and succulent, contrary to the usual impression that large turnips are woody. Mr. Sawyer has less than a quarter acre and gathered the big wagon load from it and could have secured more. Part of the turnips were irrigated from a windmill once only. They are of the Purple Topped Globe variety.

BRAND FORCE ENJOYS REPAST OF FINE PERSIMMONS

A. H. Elliston presented The Brand this week with several fine specimens of Texas persimmons, sent him by friends in south Texas. Cautious sampling demonstrated the fact that the fruit was ripe and past the "puckering" stage, and also delicious and well-flavored.

The gift brought up old memories of boyhood days when nearly every fall brought trouble and frolics from eating green persimmons, after which conversation was limited and painful.

About Seventy Sections Grass In Castro County Burned Off By Big Prairie Fire Wednesday

Prairie fires and rumors of more prairie fires created quite a commotion in Hereford Wednesday and kept carloads of volunteer fire fighters scurrying about the country the live-long day.

Early in the day a rumor spread that a fire had started in the neighborhood of the Stubbs ranch and several cars of men rushed out in that direction. After going as far northwest as the Goodnight ranch without result it was discovered that the real fire was burning between Bovina and Friona. It is understood that the blaze started just east of Bovina and ran down toward Friona and was finally stopped near the latter community.

In the afternoon telephonic advice from Dimmitt called for help to stop a big fire west of that point. Some fifteen or twenty cars from Hereford responded and when all had gathered about fifty carloads of volunteers assisted the local ranchers and farmers and others from Dimmitt, Friona, Bovina and other points in fighting the flames.

The first is said to have originated on the Dimmitt-Texico Ozark Trail road through the campfire of a tourist. It spread rapidly southwards and burned out a strip estimated to be five miles wide and twenty miles long. In all, about seventy sections of grass were destroyed. It was also rumored that the home of Tom Buster in Castro county had been burned but this could not be substantiated before going to press. The fire was stopped near the big ranch of John Gordon, who had plowed fire guards about his place. Back fires were built against these fire guards and the flames finally extinguished.

MR. AND MRS. HOMER FOX ARE OFF FOR WAXAHACHIE

Mr. and Mrs. Homer Fox left Hereford Wednesday evening for Waxahachie, Texas, where Homer will assist his brother, J. A. Fox, during the holidays in the mercantile establishment at that point.

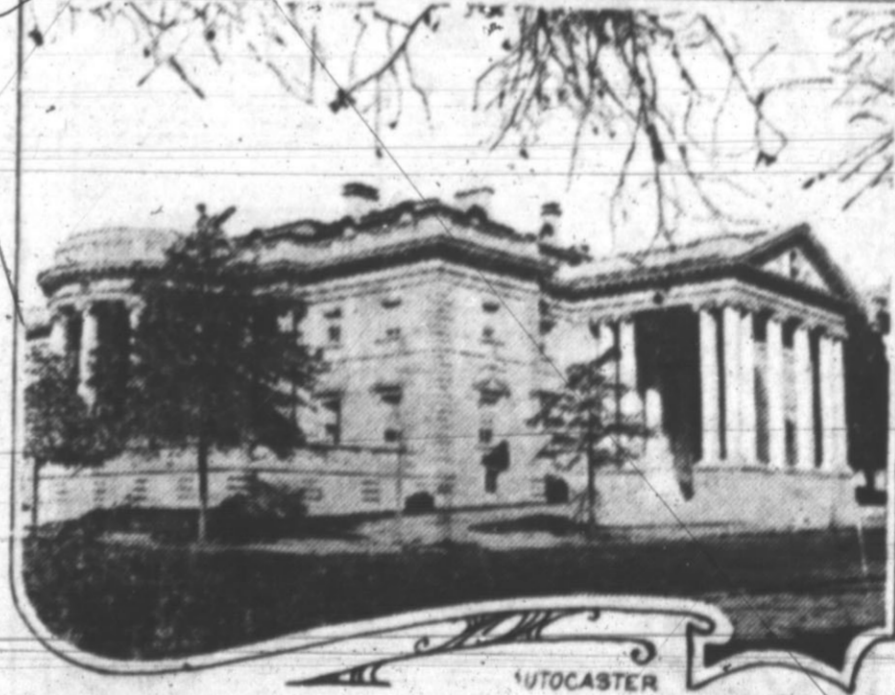

PERCHERON HORSES ATTRACT BUYERS AT NEAL'S SALE

The Leslie Neal sale at Dawn Tuesday is reported to have attracted a large crowd and to have panned out very well financially. The percheron horses brought satisfactory prices although the bids on the hogs were somewhat disappointing to Mr. Neal.

"Possum and Taters" Dinner In Future? - Mabe!

Four solemn opossums, securely crated, reached Hereford this week from Cleburne, Texas, consigned to D. Bailey. The tricky fellows, members of the famous family of deceivers, were sent to Mr. Bailey by his son, Bob, now temporarily at Cleburne but who, it is understood, will return to Hereford in the near future.

The thought of a possible "possum and tater" dinner made local mouths water, but Mr. Bailey foiled this hope with the statement that the opossums would be kept for breeding purposes. Which leads to the thought that if a "possum farm" is started here, mabe the "possum and tater" dinner may yet come for many Hereford families.

MISS EDDIE CONNELL IN RECITAL BAYLOR COLLEGE

Miss Eddie Connell, who is a talented pupil of Mrs. Allie Coleman Pierce of the Voice department at Baylor College appeared in recital at Baylor Thursday evening, Nov. 18. Mrs. Pierce is well known in Hereford, having visited here last year upon the occasion of the concert of the Baylor College Choral Club which she is director.

Miss Connell sang two favorites: 1. "The Rosary," by Nevin; 2. "The Call of a Friend," by Spross.

While all Hereford knows of the efficiency and splendid organization of the local Fire Department, and perhaps a smaller number are familiar with the details of the well-equipped gymnasium and club rooms, the view point of an outside expert on such matters is interesting.

Last week J. E. Lewis, State Boys' Secretary of the Y. M. C. A., visited Hereford and called on Rev. J. N. Wooten, an old friend. Rev. Wooten told him of the splendid fire organization here and their unique club rooms and the Secretary was immediately interested. Mr. Lewis's business is the organization of boys' clubs for the Y. M. C. A. and his views on the local organization carry much weight. Chief C. C. Rockwell took him over the entire plant in detail, after which he supplied The Brand with the following statement regarding it:

"The Firemen's Club is a splendid example of what a small community can do for its young men if it gets the right idea. Your County Commissioners have set a new record in practical community service by putting to such a same, practical use the upper rooms of the Court House.

"The men who conceived the plan and carried it out should be highly praised. I was glad to find the rooms so well taken care of, so well furnished and absolutely free of anything objectionable.

"It was fine to hear so much praise from the citizens regarding the club, its benefit to the community and county as well as to the members. I have not found a better piece of real community service in Texas.

"Several asked if I could suggest how the work might be extended so as to be more permanent and to reach more people.

"First, I think your organization should be made more definite. There should be committees as Executive, membership, social, athletic, rooms, and boys.

"Second, the membership should be increased so that someone in the community could be paid to give supervision to the rooms during open hours.

"Third, as any group of men need some outside task to hold their interest, some of the members should take interest in the older boys, and direct them in athletics, games, hikes, camps, etc.

"If I can ever serve the club, do not hesitate to call on me.

J. E. Lewis, State Boys' Secretary, Y. M. C. A.

Wayland Defeats Town Team Thru Better Training

"Well, we fit 'em to a fare-you-well anyhow, if we did lose," said one Hereford player after the game. That is to say the Hereford Town Team lost a 21 to 0 argument with a mixed Plainview team, composed of both Wayland College athletes and ex-college and high school stars Thanksgiving afternoon.

The largest crowd of this season witnessed a rough, hard struggle in which several men on both sides were bruised up. It wasn't a pink tea affair by any means, but was a thrilling contest for the spectators.

Better team work and interference spelled the difference between the two squads. Otherwise they were about equal. Plainview's hardy back field had good interference, and the entire bunch ran together like a piece of well oiled machinery. Hereford's lack of team work has been conspicuous all season and undoubtedly cost them three games this fall.

Captain Jim Robinson's individual work stood out like a sore thumb, even with all his teammates playing stellar football. For Plainview Daniels, who went into the backfield as a relief man, scored two of their three touchdowns and played an all around splendid game.

Plainview scored in the first quarter, after a desperate struggle, hammering away at the Hereford line at both ends for small but steady gains, and with the aid of a pass or two. The second quarter was scoreless, but in the third

THEY ARE JUST PLAIN THIEVES AND COWARDS

If anybody should ask what we think is the most crying social need of the times in America we'd give him this answer:

TAKE THE ROMANCE OUT OF STEALING

Most of us forget one thing. Every real male youngster growing into man's inches carries in his bones more or less of the spirit of recklessness, or of adventure and daring. It is the heritage of masculinity, and when directed aright by education or by natural good brains in the boy himself, it is a fine thing. But when misdirected, the lad goes bad in one way or another.

America doesn't handle thieving as it should be handled. We make too much of a romance out of it—anyway, something that looks like romance to the immature or degenerate brain of the thief. The trial in a crowded court room, the stories in the papers of desperate deeds, the printing of his picture, are glorification to the young fool who has been caught.

We would prohibit by law the printing of a thief's name. Give him a number as soon as he is arrested.

We would make it impossible for his picture to appear outside of a "rogues' gallery."

We would have the trial occur in a barred court room.

And we would quit the use of "romantic" words, such as bandit, gunman and the like.

Let's call stealing, STEALING, and a thief, a THIEF.

And as for gunmen, they are merely common murderers. Also cowardly curs, because, in a holdup, they shoot unarmed, defenceless people.

TEDDY'S "BEST CHIEF" GOES HIGHER

Since Election Day there has been a disposition in other big cities to sneer at Cleveland—the fifth city in size—for electing a former chief of police to the exalted place of mayor.

But it is not freakish—THERE'S A REASON.

Back some fifteen or sixteen years ago, Theodore Roosevelt, then President, rather shocked the conceited metropolitan cities with this declaration: "The city of Cleveland has the best chief of police in the United States." And Theodore knew. Besides having been police commissioner of New York, he was himself—in effect—one of the best policemen the country ever had.

All right. A few years ago, this best chief of police was "framed" off the force by unscrupulous politicians. As an answer the people of Cleveland elected him county commissioner twice by enormous majorities. Whereupon, he became THE BEST COUNTY COMMISSIONER Cuyahoga County ever had.

That's the record of Ex-chief of Police Fred Kohler, the newly elected mayor of Cleveland.

It is not freakishness for the people of a big city to elect a man to manage their affairs who has twice made good for them. They just simply voted for

MIRACLE PICTURE OF 1921—HARDING SENT BY WIRELESS!

Twenty minutes after this moment during President Harding's speech at Annapolis, the accompanying picture was ready for publication in Paris, over 3,000 miles away!

It is not a perfect picture, but IT IS THE FIRST SENT BY WIRELESS and after the first has been sent, as an experiment, there is nothing left to do but to perfect the process.

Incidentally, this is the first time that the picture here shown has been printed in an American newspaper. Popular Science Monthly obtained it from Paris, and this newspaper prints it herewith simultaneously with that magazine, by special arrangement.

The pioneer in photography by wireless is M. Edouard Belin, a Frenchman, and it was his radio apparatus that sent the accompanying picture from Annapolis, Maryland, to Paris, France, a few weeks ago. He has been experimenting for years with machines for sending photographs by telegraph, and he has sent numbers of them over the wires and by cable. Finally, this year, he invented an apparatus to send them by wireless. He brought his machine to America, and when he learned that President Harding was to make a speech to the naval cadets at Annapolis, he connected it with the big wireless station there.

The result was that a paper in Paris had a photograph of the President speaking, BEFORE he had concluded his address 3,000 miles away.

Kohler in expectation that he would turn out the best mayor they ever had.

HONEY PHILOSOPHY FOR 1921

What a wonderful fellow that man is who "never makes a mistake." You know him. We all have at least one on our acquaintance list. He cannot conceive that it is human to err and therefore he permits no one, from the wife

down, to doubt anything he says or does. A characteristic of this mighty man is that he insists on personally doing everything that is to be done in his vicinity because there's nobody who can do it right, or anyhow as well as he. We just simply hold our breath in fear of what will happen to the community when he dies. Of course everything will go to smash. Of course!

A NEW PAPER
A new weekly paper has just reached the editorial desk of The Brand. It is known as the Abernathy Weekly Review, published at Abernathy, Texas. S. P. Redman, the editor, gets out a new, pleasing sheet.

The Panhandle Swine Breeders Association hold their annual meeting and sale at Hereford in January.

THE STATE OF TEXAS
To the Sheriff or any Constable of Deaf Smith County, Greeting:

YOU ARE HEREBY COMMANDED to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Deaf Smith County, a copy of the following notice:

THE STATE OF TEXAS,

To all persons interested in the Estate of George G. Smith, Deceased, Wm. M. Knight, has filed in the County Court of Deaf Smith County, an application for Letters of Administration upon the Estate of said George G. Smith, Deceased, which will be heard at the next term of said Court, commencing on the first Monday in December, A. D. 1921, the same being the 5th day of December, A. D. 1921 at the Court House thereof, in Hereford, Texas, at which time all persons interested in said Estate may appear and contest said application, should they desire to do so.

HEREIN FAIL NOT, but have you before said Court on the said first day of the next term thereof this Writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Hereford, Texas, this 19th day of November, A. D. 1921.

TWO PILGRIMS 1621 1921

The first fall harvest of the Pilgrim fathers, just three centuries ago, typified THRIFT.

Golden grain and fat turkeys meant more to them then, than bags of gold, as they faced the long New England winters.

Time moved on and our nation prospered. Our definition of harvest has broadened but we are none the less thankful for our stored-up thrift.

Today it is often the growing BANK ACCOUNT that we are thankful for. Many folks have had occasion to thank the intelligence which prompted a saving account.

After all, MONEY is the real harvest—the ultimate return on our labors—bringing us the comforts and joys of living.

Water—When and How Much

Hundreds of batteries die of thirst every year. Not because their owners didn't know water was necessary. Not because they didn't know the neglect was shortening battery life and costing them money. But simply because they overlooked it—hadn't the distilled water handy or didn't know just how much to put in. We can't do your remembering, but we can take all the rest of the job off your hands. A delicious dinner was served at one o'clock and the afternoon was spent in a general social way.

Six O'Clock Dinner Party
Monday, November the 14th at the residence of A. M. Jones, Mr. and Mrs. Clyde Wright and family were the honored guests at a six o'clock dinner party. The menu consisted of an old fashioned New England dinner. The guests present were: Mr. and Mrs. Clyde Wright and family, Mr. and Mrs. W. E. Dameron, A. W. Gregg and two daughters, Misses Ina and Lura, and Mr. and Mrs. A. M. Jones and family.

Wemett—McDuff
Miss Loyl McDuff, daughter of Mr. and Mrs. A. W. McDuff, of Hereford, was married Monday afternoon, November 21, to Mr. A. J. Wemett of Los Angeles. The ceremony occurred at the home of the bride's cousins, Mr. and Mrs. J. E. Stanley, 126 Crest Avenue, Hunting Beach, Calif., the Rev. Rollins performing the ceremony. The young couple will make their home in Los Angeles.

Luncheon Honors Mrs. Clyde Wright
On Thursday, Nov. 19, at the home of A. W. Gregg, Miss Ina Gregg and her sister, Mrs. W. E. Dameron, entertained in honor of Mr. and Mrs. Clyde Wright and family at a one o'clock four course luncheon. The guests present were: Mesdames A. M. Jones, D. C. Laird, Chas. Ferguson, R. N. Mounts, T. G. Nance, W. E. Dameron and Clyde Wright. A splendid four course luncheon was served and the afternoon was spent at 42 and music.

Oleson—Bodkin
Miss Lena Bodkin and Mr. Otto Oleson were married last Saturday evening, November 19, at 7:00 p. m., at the home of the bride, the Rev. J. E. Sharp officiating. The ring ceremony was used. The bride was attired in a dark brown velour coat suit. The young couple will make their home on a ranch near Hereford.
The bride is the daughter of Mr. and Mrs. Joe Bodkin and the groom is the son of O. O. Oleson, all of this community. They have a host of friends who wish them every happiness in their married life.

Surprise Party
A most delightful evening was spent on Tuesday evening, November 15, when the friends of Mrs. Jake Tiefel gave her a surprise birthday party.

The guests gathered at the Henry Tiefel home in a body and went from there to the Jake Tiefel home, surprising the entire family. The evening was spent in playing 42 and other games. Refreshments consisting of cake and hot chocolate were served. Those enjoying the evening were: Mr. and Mrs. Jake Tiefel, H. T. Wedel, Henry Tiefel, Pete Hancock, A. Yoehmen, Misses Olive Wilson, Bertha Frye, Olive Pier, Helen Tiefel, Anna and Clara Wedel; Messrs. August Richard, Reno Frye, Bryan Betty, Melvin Thurmon and Henry Ingram, besides a number of little folks.

REUBEN DAVIES PLAYS TO CAPACITY AUDIENCE

The recital at the Presbyterian church last evening by Reuben Davies under the local management of Miss Minnie Dea Coffin, Mrs. P. B. Randolph and Mrs. Guy Gibbs was a musical triumph for Plainview. The audience, which was the largest ever assembled to hear an artist in this city, greeted the pianist with tremendous enthusiasm. If, in the opening numbers of the program there was any lack of sympathy on the part of the listeners the feeling changed immediately as the artist, through his very personality, drew them into the spirit of his playing.

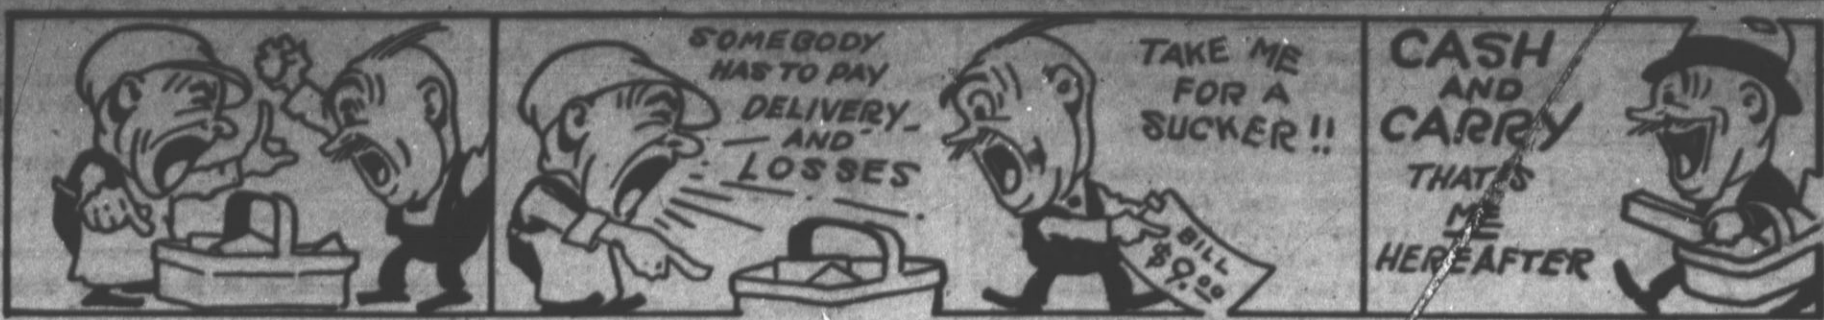

One was convinced of the magnitude of his musicianship by his reading of the Bach "Chaconne"—technically and in scholarly understanding he here entered into the true Bach spirit.

The "Sonatine," by Ravel, new to most of the hearers, won their interest. A melodic gem by the performer, himself, was offered as an encore.

The middle section of the program comprised compositions of the modern school, through effective tone coloring and the marvellous use of the pedal, gave vent to an individual artistry keenly felt by his audience. All these numbers, the Debussy "Arabesque" and "An Evening in Granada," the "White Peacock," by Griffes, "The Bear Dance," by Bartok and Mr. Davies' own "The Spirit of the Passing Clouds" were excellent examples of impressionism. To the enthusiasm of the audience he responded with the Chopin "F. Sharp Major Nocturne" and the Liszt "Liebestraum" number three, given with intense poetic feeling.

The first two offerings of the final group, the "C Sharp Minor Etude," by Chopin and the Polish Song, "My Joys" by Chopin-Liszt were interpreted in a manner which evoked the wish that one might hear the player in an entire Chopin program.

The pianist was forced to repeat each of the last two numbers of this group, "The Chase" by Paganini-Liszt and the "Staccato Etude" of Rubenstein in which it seemed he even sur-

LISTENING IN ON THE WORLD!

Next to the automobile, the most amazing thing of this century, perhaps, is the way the wireless has spread among amateurs in America. The U. S. Navy asserts that 500,000 boys, girls and young men have such radiophone plants, most of them costing from \$10 to \$25. This is an average of 10,000 to each state—but of course some states have several times 10,000.

Every night news in Morse code or lectures or addresses or concerts are sent out from central stations in cities for the benefit of these amateurs.

The United States Navy exercises a certain control over these amateurs through what is known as the "Navy Radio Amateur Bureau." This bureau sends the amateur copies of secret codes, arranges concerts and lectures for them and otherwise interests them. An amateur writing to Popular Science Monthly says the bureau even sent him a personal message soon after he joined.

The same writer says that when he first got his apparatus together, he took it out on the porch. The wire touched a standpipe on the porch, and instantly he heard music. Wireless sounds come through the air like ripples on a pond, and washed against the receiving wire. In this case they washed against the metal standpipe, and the minute the wire touched it, the concert that was in the air at the moment began to reproduce on the apparatus in his house.

If any of our community boys are interested in becoming amateur radiograph operators, they should write "United States Navy Radio Amateur Bureau, New York City."

CROUCH SAYS WE MAY COUNT MANY BLESSINGS HERE

J. E. Crouch writes The Brand that, after twelve weeks of vicissitudes of the road he and family have finally reached Saluda, S. C., their old home and are partially located. They traveled 2300 miles by auto, stuck in the quicksands of the Red River, and the family were all down four weeks with malarial fever in Louisiana. Concerning conditions in that country, Mr. Crouch says:
"You may tell the next fellow there whom you may hear complaining of hard conditions that he is a fool, whether he be merchant, farmer, banker, or anything else. If they could see and hear what I see and hear every day you would never hear another pessimistic chirp from any of them so long as they are blessed as bountifully as they are blessed there now. While there is plenty of corn and potatoes in the country to prevent anyone from suffering from hunger, if properly distributed, there is no way for thousands of negroes and poor white people obtaining it, except to steal it, for they are destitute even now, and there is noth-

ing for them to do to make a dollar to buy it with. Thousands of tenants did not make cotton enough to pay their rent and many of the landlords are taking their corn and cows to complete the rental. Cotton used to be King of this domain, but Mr. Boll Weevil is in complete authority now."

JUNIORS TRIMMED BY TEXICO SQUAD IN FARCIAL GAME

The Hereford Junior Huskies, or rather a portion of them, played a game of football at Texico-Farwell Wednesday and lost by the score of 36 to 0. The original team started out for

the border city just before reports of the prairie fire reached here. They ran into the fire enroute and about half of them switched off to fight the flames, the result being that volunteers had to be pressed into service at Texico, and several men who had never played a game of football in their lives went into the lineup in their everyday clothes. Hence the easy victory of the home eleven.

UPPER RIGGING OF FORD SWEEP CLEAN BY LUMBER LOAD

Saturday afternoon Miss Wetlaufer, public health nurse for Carson County, and Mrs. E. C. Nickell and little son, Robert, were returning from Amarillo in Miss Wetlaufer's Ford roadster. When within about eight miles of Panhandle, they came to a car which was having trouble and had stopped. Miss Wetlaufer stopped to see if she could be of any assistance, and upon receiving a negative reply, had just turned the key preparatory to starting her motor when "Wow!" the top of the car, windshield and all were swept clean of the lizzie, and were seen disappearing down the road on a truck load of lumber. Unbelievable as it may seem, the occupants of the car escaped without injury. Mrs. Nickell receiving but a slight bruise on the arm.
 "It was just about sunset," said Miss Wetlaufer. "Just before we came to the car that was having trouble, we passed a truck heavily laden with lumber, the load protruding for some distance on either side. When we stopped, the truck overtook us, the driver evidently misjudging the distance from our car."
 The occupants of the car say they did not realize what a close call they had until some time after the accident. The truck driver has agreed to pay the damages.—Panhandle Herald.

The nature of his injuries were such that it is improbable that he suffered any pain.—Tucumcari American.

MAIZE GROWERS TO MEET AT LUBBOCK

Lubbock, Nov. 22.—A special meeting of the producers and dealers of grain sorghums, consisting of maize, kafir

corn, feterita, etc., has been called by the commissioner of Markets and Warehouse department, Chas. E. Baughman, to meet in this city, December 3, for the purpose of establishing standards of grading for these feed crops grown in West Texas.

All of the producers and dealers of West Texas are being invited to this hearing and it is expected that great interest will be shown in the hearing. Threshed grain sorghums have a standard for grading, but sorghum grains in the head have never been officially graded and it is for the purpose of determining such a basis that this hearing has been called.

BOLD ATTEMPT TO STEAL TEN HEAD QUANAH HORSES

Saturday night just about good dusk, two men in an auto drove up to C. L. Hamrick's pasture and cut the wire fence, driving his ten head of horses into the feed patch on the Frank Alken place adjoining. The house on the latter place did not seem to be occupied, and when the horses ran in and the men prepared to follow, a woman stepped out to see what was going on. The men tore down the fence, drove the horses into the road, and started them in a lopsided circle, the car following close behind. At the farm occupied by J. L. Rogers near the Cass dairy, the horses ran into the pasture and Rogers came out to see what was happening. The men in the car drove off in a cloud of dust. Mr. Rogers, recognizing the stock as Hamrick's, drove the horses back home.

Mr. Hamrick says he is of the opinion that the men wanted to cut out two or three of his big horses and not bother with the rest, but the woman coming

home while he waited to collect some money. Having finished his business about dusk he started home afoot, and a little way out was overtaken by two men in an auto, who slowed down and asked him if he was going out into the country, how far, and if he wanted to ride. Billings answered the questions and got into the car. One of the men, after a little, cut down on him with a gun and told him to keep his head closed; and they drove to near Goodlett where they took all the money he had, some \$25 or \$30, and unloaded him on the roadside and away they went.

Mr. Billings says the car license was covered with a rag tied over it, and cannot give such description of men or car as would lead to their arrest.—Quannah Tribune Chief.

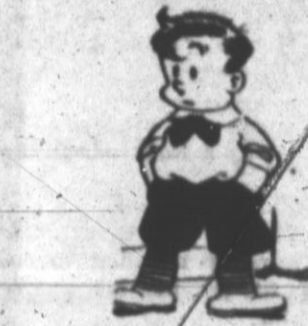

Red clay is used in the manufacture of cocoa to give it color and to preserve it. Practically all the tropical export-

ing houses have adopted this method. Spare ribs are excellent cured in brine or packed dry in salt and cured. If you have more than you can use fresh, cure them.
