Flagg News

BY MRS. F. L. SUMMER

Mr. and Mrs. W. T. Summer were dinner guests Sunday of Mr. and Mrs. Clayton Williams, of Bethel community, that being the eleventh wedding anniversary of Mr. and Mrs. Summer and the fifteenth of Mr. and Mrs. Williams. The N. A. Armes family have all been on the sick list the past week but are recovering.

Among those who attended singing at Big Square Sunday night were Mr. and Mrs. Floyd, Mr. and Mrs. Sumner, Ruth Renfro and Ray Schlore.

Mrs. Lucy Smith of Earth visited her mother, Mrs. J. B. Sumner, Thursday.

Mrs. Fred P. Hines who has been seriously ill for some time, was taken to Clovis last week to a sanitarium.

Mr. and Mrs. Tarpley made a business trip to Hereford Thursday.

Mmes. Ballaw, Sheffey and Sumner attended a club meeting at Dimmitt Tuesday, when an interesting program was heard.

Mrs. Fred Walton left Friday night for Portales, New Mexico. She was joined here by her sister, Miss Nannie Fields, a student of W. T. S. T. C. Canyon, who accompanied her to Portales where they visited in the home of their parents, Mr. and Mrs. W. W. Fields. Mrs. Walton will remain with her parents about ten days, while Miss Fields returned to Canyon the first of the week.

NOTICE OF SHERIFF'S SALE

THE STATE OF TEXAS,
 COUNTY OF DEAF SMITH.
 By virtue of an order of sale issued out of the Honorable District Court of Deaf Smith County, Texas, on the 3rd day of March, 1930, by the clerk thereof in the case of Temple Lumber Company vs. H. H. Brunson, et al, Number 1702, and to me, as sheriff, directed and delivered, I will proceed to sell within the hours prescribed by law at sheriff's sale on the first Tuesday in April, 1930, it being the 1st day of said month, before the court house door of Deaf Smith County, Texas, in the town of Hereford, Texas, the following described property situated in Deaf Smith County, Texas, to-wit:

Section Number Forty-seven (47) in Block K-11, Original Grantee, G. C. & S. F. R. R. Company.

To satisfy a judgment amounting to \$1109.41 in favor of the plaintiff, Temple Lumber Company, against A. E. Hofues, Daisy Adams, H. H. Brunson and W. G. Brunson, and to satisfy a judgment in favor of the plaintiff, Temple Lumber Company, against H. H. Brunson and W. G. Brunson for the sum of \$5472.50, with interest thereon at ten per cent from February 4th, 1930, and costs of suit.

Section Number Fifty-seven (57) in Block K-11, Original Grantee, G. C. & S. F. R. R. Company.

to satisfy a judgment in favor of the plaintiff, Temple Lumber Company, against A. E. Hofues, Daisy Adams, H. H. Brunson and W. G. Brunson for the sum of \$1144.74, and to satisfy a judgment in favor of the plaintiff against H. H. Brunson and W. G. Brunson for the sum of \$4366.27, together with interest thereon from February 4th, 1930, at ten per cent.

Section Number Fifty-six (56) in Block K-11, Original Grantee, G. C. & S. F. R. R. Company.

to satisfy a judgment in favor of the plaintiff, the Temple Lumber Company, against A. E. Hofues, Daisy Adams, H. H. Brunson and W. G. Brunson, for the sum of \$1144.79, and a judgment in favor of the plaintiff against H. H. Brunson and W. G. Brunson for the sum of \$5472.50, together with interest thereon at the rate of ten per cent from February 4th, 1930. The South One-half (8 1/2)

of Section Number Fifty-eight (58) in Block K-11, Original Grantee G. C. & S. F. R. R. Company.

to satisfy a judgment in favor of the plaintiff, Temple Lumber Company, against A. E. Hofues, Daisy Adams, H. H. Brunson and W. G. Brunson for the sum of \$572.37, and a judgment in favor of the plaintiff against the defendants, H. H. Brunson and W. G. Brunson, for the sum of \$2192.75, together with interest thereon from February 4th, 1930, at the rate of ten per cent per annum and costs of suit.

That under the judgment and order of sale each of the above mentioned tracts of land will be sold separately to satisfy the respective amounts due thereon. Given under my hand at Hereford, Texas, this the 3rd day of March, 1930.

J. B. MILLER,
 Sheriff of Deaf Smith County,
 Texas.

Natural gas is a community builder; it draws industries, increases property values, and it's one of the cheapest necessities you buy.

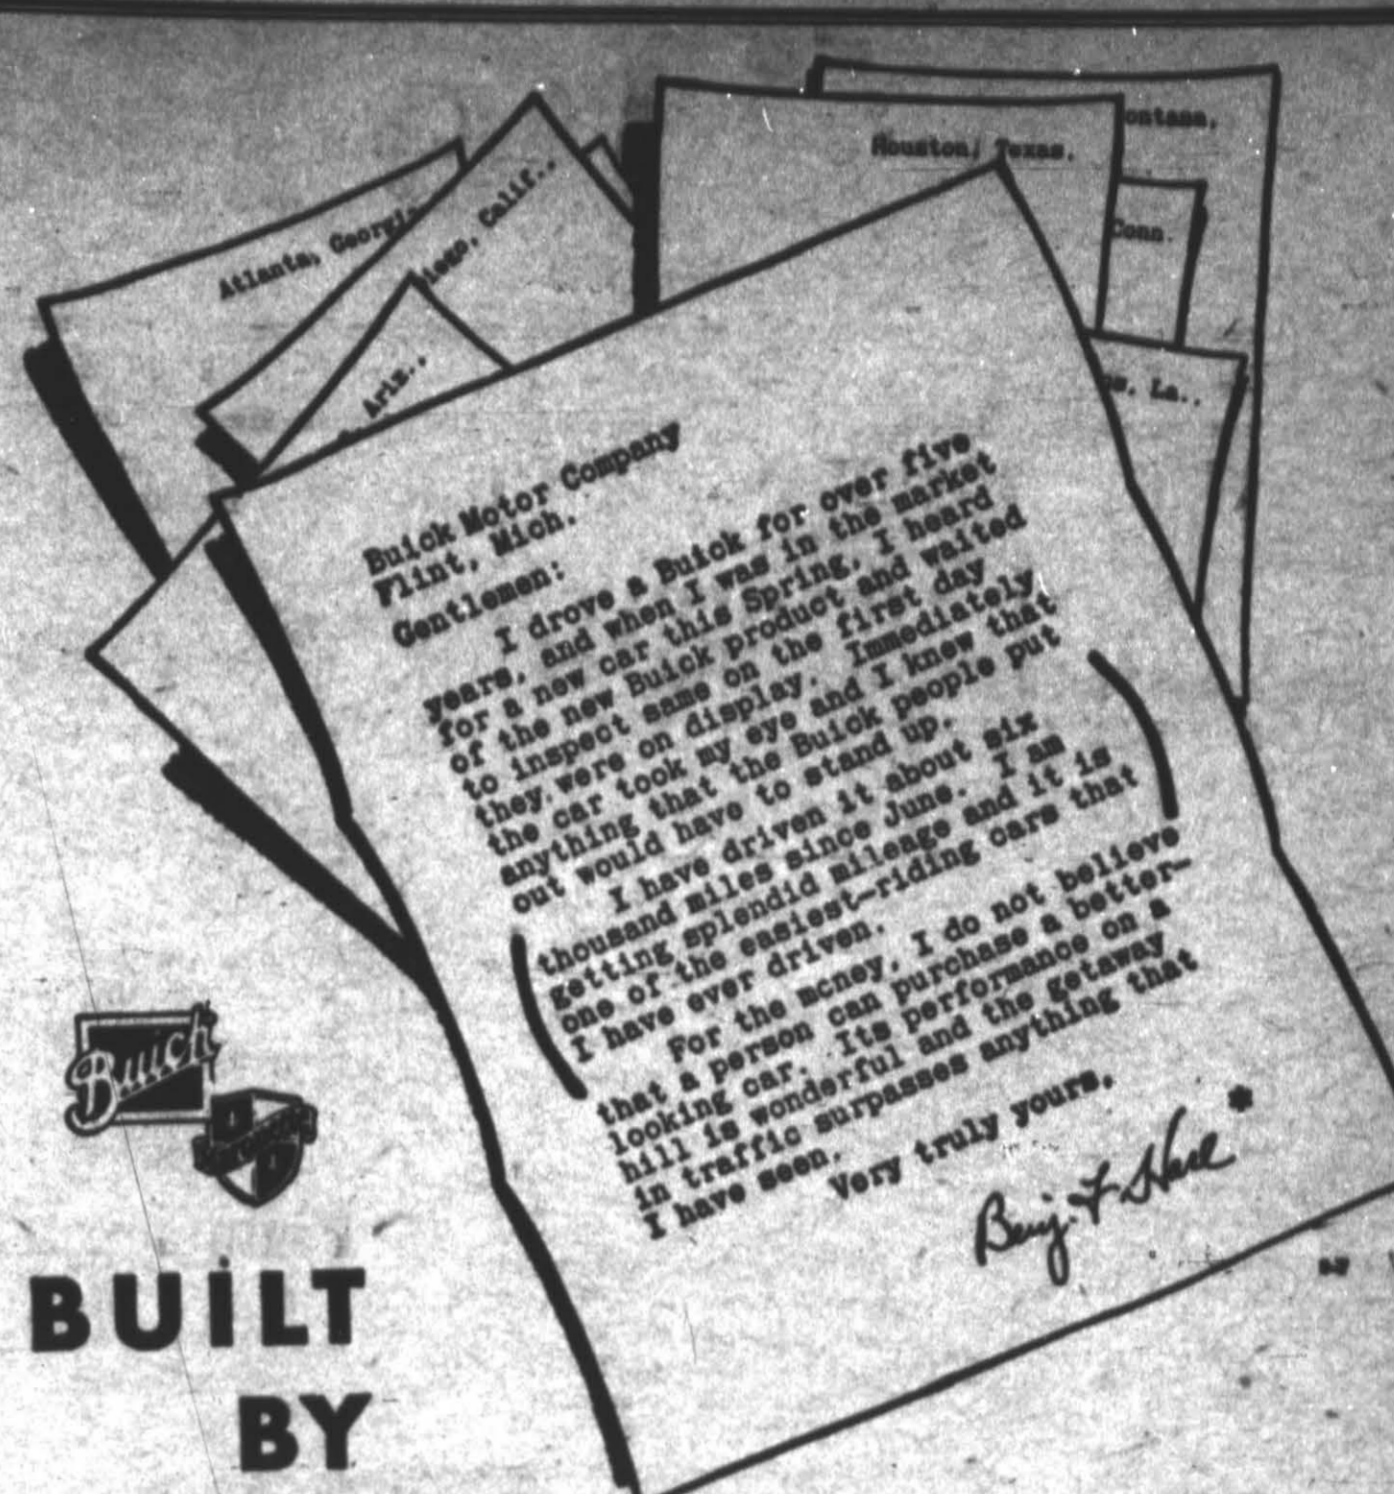

Natural Gas! A plentiful, dependable supply of Natural Gas—the cheapest industrial fuel available anywhere. Taking the country over, there are comparatively few places that can offer natural gas—so it is a real advantage.

To attract industries—it means a steady growth for the community, more people, more business, more prosperity, increased property values.

And, not to be overlooked is the convenience, cleanliness and cheapness of Natural Gas used in your home for heating and cooking.

As your Natural Gas distributing Company, we are happy to be able to contribute to the growth of your community, and to your personal comfort, by rendering as near as perfect gas service as is humanly possible to give.

the place to go for
IMPLEMENTS
Angell "One-Way" Disc Plow

Ohio
 Fits Wheat Land for 1/3 Less

Flow swaths, 6 to 10 feet wide, 2 to 6 inches deep. Moves all soil "one way," leaving ground level for harrower. Light draft, 15-30 tractor easily pulls 10-foot plow. Weeds and volunteer wheat all killed.

Prevents blowing by leaving stubble and trash in surface. Saves one or two operations because close set discs pulverize all lumps in soil.

For summer fallowing, kills all weeds without going too deep. The Original Angell "One-Way" Disc Plow revolutionized wheat farming—cut the cost of preparation by one-third—grew bigger crops. That's why we offer it to you.

WANT Ads

All classified advertisements must be paid in advance unless arrangements are made in person to care for the payment of them. Classified ads received through the mail will not be published unless accompanied by the cost of insertion. Classified advertising includes Cards of Thanks, Resolutions of Respect, Verbatim copies of Obituaries, Legal Publications of all kinds, Announcements, Etc., as well as Reading Locals scattered about thru

personal mention columns. All of the above styled advertising, with the exception of Cards of Thanks, short Announcements and Reading Locals cost 1-4 cents per word for the first insertion, and 1-4 cent per word for each continuous insertion thereafter without change. Reading Locals and Short Announcements cost 10 cents per line for each insertion, counting six words for each line or part of line.

Cards of Thanks cost 50 cents each in the usual form, when of more than ordinary length the cost is the same as for reading locals. No ad in any issue may cost less than 25 cents. If desired set in black face type add 10 cents to cost of the advertising. Word ads intelligently—do not try to save a few cents by leaving out necessary words; tell who, what, where, and if essential, when and why.

BABY CHICKS

Every Tuesday and Friday of each week our mammoth Smith hatches off the best baby chicks you can buy any place. Smith incubation is perfect and you are assured of good healthy, thrifty chicks when you buy from us.

CUSTOM HATCHING

Eggs are received every Saturday and Wednesday for all kinds of hatching. Make your reservation for a tray or more for your custom hatching for this season. Place your order for baby chicks before it is too late. Booking now for all breeds for future delivery.

It Won't be Long Now!

That rain and snow during the past week lets you know there is going to be lots of farm work to take up your time later on.

Why not get the patching up around the place done now while there is a little time before the big rush of spring work starts? We'll bet there are fence posts, corral fencing, yard gates, back porches and leaky roofs that are needing fixing. Why not get it done now!

We Have the Things You'll Need to Fix Them.

Food for the Child

IN TOLEDO, Ohio, Doctor Orr, commissioner of health, and Doctor Brockway, medical director of the board of education, distribute to parents of school children a little book, "For Your Child's Good Health."

What a child eats is a vital factor in his health and they suggest three sample menus that are suitable for school children.

For a good breakfast:
Fruit, fresh or canned, or stewed. Hot cooked cereal with milk. Bread or toast with butter. Milk or weak cocoa.

For a good dinner:
Cream vegetable soup. Whole wheat bread and butter. Baked potato, stewed tomatoes. Ginger bread.

For a good supper:
Spinach with hard cooked egg. Whole wheat bread and butter. Milk and a piece of chocolate. Any good candy.

Sugar, syrup, jelly, molasses and candy are listed among the food groups which are suitable for children.

Milk, fruit, vegetables other than potatoes, whole grain bread and breakfast food, meat or meat substitute, a little fat and sweet make a well-balanced diet.

Candy should be of the best to give little children. Another important item to bear in mind is not to give them candy before a meal, as it is a food that dulls the appetite for the things most necessary to the child's growth. A piece of candy as a dessert is good and will satisfy the natural craving that every normal child has for sweets. Two hours before another meal a small amount of candy may be given. Our military schools are beginning to realize the value of a little candy. The result is that the boys gain in weight, eat their regular meals with more zest and improve in physical health and scholarship. Candy is now on the daily bill of fare.

Erbert Bowen, son of Rev. and Mrs. E. B. Bowen, former Methodist minister here and now living in Wellington, was a Hereford visitor Monday.

Mr. and Mrs. N. R. Headrick and daughter, Dorothy, were down from Amarillo as guests in the home of Mrs. Headrick's sister, Mrs. R. E. Kessie and family.

TWO NEW RESIDENCES UNDER CONSTRUCTION

Two more new dwellings are under construction this week in North Hereford, work having been started the latter part of last week on one for R. T. Shreve, who is building a five room stucco, modern home near the C. C. Ferguson residence; and Martin Friske has his five room stucco house under construction. Mr. Friske's residence will be some what similar to the Shreve place, but will have a concreted basement.

PRESBYTERIAN GUILD MEETS WITH MRS. MILLER

The Presbyterian Guild met on Tuesday afternoon in the home of Mrs. Miller. Miss Carrie Estes gave the last chapter in the Guild book. This was followed by a discussion and review of the chapter. Refreshments were served at the close of the meeting by the hostess. The Guild will meet next Wednesday at the church.

Mr. and Mrs. J. W. Scovell were visitors Sunday in the home of Mr. and Mrs. H. P. Divens in LaFlore.

KITCHEN CUPBOARD

By MELLIE MAXWELL

The moving finger writes, and having writ moves on, Not all your piety nor wit, can lure it back to cancel half a line; Nor all your tears wash out one word of it.

Tasty Foods

AS SALADS are always a part of every day's menu, variety is always something to be looked for. Here are some suggestions worth using:

Brown-Eyed Susan Salad.—Cut up two-thirds of a cupful of dates into small pieces and marinate with french dressing. Peel four seedless oranges, remove the pulp, leaving it in sections and the membrane in the center in one piece. Place a mound of dates in the center of a lettuce leaf, surround with sections of orange, radiating from the dates, adding more dressing if needed.

Date and Cheese Salad.—Stuff dates with cream cheese which has been moistened to mix well with fruit juice or french dressing. Press a pecan meat into each date. Arrange the dates in the form of a star, using five. In the center place a ball of cheese.

Date, Cabbage and Pineapple Salad.—Soak three cupfuls of shredded cabbage in cold water until crisp. Drain thoroughly, add one cupful of diced pineapple, twelve sliced dates, and lettuce to line each plate. Serve with french dressing.

Tropical Snowballs.—Scoop out of firm ice cream two balls of ice cream, roll in coconut and place on chilled plates for each serving. Add any desired sauce and serve at once. Any leftover fruit sirup may be used for this sauce, or caramel, maple or chocolate sauce may be made.

Angels.—Take one-third of a cupful of flour, one teaspoonful of baking powder, one-fourth teaspoonful of salt; sift well. Mix one-half of a package of dates, one cupful of chopped nuts; add to the flour, mixing and stirring until well mixed. Beat two egg yolks, add three-fourths of a cupful of sugar, one teaspoonful of vanilla and the dry ingredients. When well blended add the stiffly-beaten whites of the eggs. Drop by rounded teaspoonfuls two inches apart on well-oiled baking sheets. Bake 25 to 30 minutes. Remove from the pan with a spatula, cool, and place in tightly covered tin box. This recipe makes 40 cookies, which keep well.

(By 1929, Western Newspaper Union.)
One of the hardest lessons we have to learn in this life, and one that many persons never learn, is to see the divine, the celestial, the pure, in the common, the near at hand—to see that heaven lies about us here in this world.—John Burroughs.

About Coffee

WHEN preparing coffee, first buy a good brand, have it ground not too fine to make it muddy when served; use one tablespoonful to each cupful of water and one extra cupful of water for evaporation. The usual amount of coffee to serve is counted as a tablespoonful for each cup and an extra one for the pot.

Coffee is made in various ways—boiled, percolated and dripped. No matter what method is used in its making it should not be allowed to stand, be warmed over and served again, as such treatment ruins the flavor.

Good coffee is the only excuse for using cold coffee, and that should be poured off from the grounds and carefully strained while hot, then allowed to cool.

The custom of serving a "demi tasse" or coffee cocktail before breakfast, which originated in the South, is becoming very popular all over the country. Many railroads and hotels make a practice of serving their patrons the demi tasse, as they find it has a good effect on the morning disposition and enhances the enjoyment of the meal that follows.

Here is what the experts say about making coffee:

"Boiling coffee cooks it. It has received all the cooking it needed in the roasting process. Boiling serves to dissipate the delightful aromatic qualities of the coffee in the air and to extract the bitter properties which should be left in the grounds. All the fragrance should be retained. In percolating the coffee, water comes in contact with the coffee at too low a temperature to extract full the aromatic substances. The repeated contact of the liquid and grounds dissipates fragrance and extracts undesirable elements. The strainer will not hold the pulverized coffee so a conical grade must be used."

(By 1929, Western Newspaper Union.)

TEXAS TECH RANKS HIGH IN JUDGING CONTESTS

Technological College at Lubbock was second in livestock judging contests at the Southwestern Exposition and Livestock Show in Fort Worth last week.

In the State Teachers College division, West Texas State Teachers College at Canyon was first.

In this contest there were five colleges entered. Texas Tech also won first place in the sheep judging contest.

SHERMAN-DENISON CITIZENS... TO BEAUTIFY HIGHWAY

One of the outstanding projects inaugurated by citizens of Texas in highway beautification is that now carried on through cooperation of Sherman and Denison citizens. A new ribbon of concrete seven miles in length has lately been opened to traffic on Federal Highway No. 75 between the two cities and a double row of sycamore and red oak trees will be planted to make this highway an avenue of trees. The planting of these trees is considered a permanent project and the pleasures derived from them will be enjoyed by the present and future generations.

J. C. H. McClure and family and J. F. Farris and family of Texico, arrived here Tuesday. Mr. McClure is looking for a business location. Mr. and Mrs. Farris are the parents of Mrs. McClure.

Miss Frances Ray of Canyon, student in W. T. S. T. C., was here the past week-end visiting relatives and friends.

E. F. Connell returned home last Sunday from a trip to Galveston, where he visited a short time with relatives.

Progressive News

BY MISS OLIVE PERKINS

Maurice Wherry, who is attending school in Canyon, visited Katherine Hershey Sunday, and Monday she visited Mrs. Howard Hershey in Hereford.
Mr. and Mrs. Jim Ricketts are spending a few days with Mrs. Arch Daugherty while Mr. Daugherty is in Kansas City.
Mr. and Mrs. Charles Green have moved to the four-mile house while Mr. Jackson builds a new home on their farm.
Mr. and Mrs. Jasper Cockrell and children visited last Sunday with Mr. and Mrs. Ratcliff.

Mrs. Jim Parks spent last week-end with her daughter, Mrs. J. E. Henry and her grandson, J. E. Junior.
Mrs. Arch Daugherty and daughter spent Sunday with her parents.
Mrs. Ray Hershey, Mr. and Mrs. Howard Hershey, Catherine Ricketts, Katherine Hershey and Arnold Hershey attended the International Missionary Convention in Amarillo Sunday.
Miss Lucile Park, who is attending college in Canyon, is spending a few days vacation with her parents.
Mr. and Mrs. Luke McBrayer visited Sunday afternoon in the Ricketts home.
Literary will meet Friday night,

March 21, at Progressive school house.
Miss Gusta Samuelson has been ill for the past week and unable to attend to her school duties.
Mrs. Jim Park and Lucile Park called in the Hershey home Monday afternoon.
Last Wednesday evening members of the Progressive Community Club and their families were entertained in the home of Mrs. Botts. A very pleasant evening was spent playing various games. A committee consisting of Mrs. Botts, Galley, Roberson, Weathered and Green served refreshments of cocoa, cake and sandwiches to about fifty guests. The next afternoon meeting will be on Wednesday, March 26, at the home of Mrs. Caldwell. At this meeting Miss Hall, county health nurse, will speak to the ladies. All the ladies of the community, whether a member of the club or not, are invited to this meeting.
Mmes. Walter Russell and Owen Neel entertained the young boys of the neighborhood at a birthday party Saturday afternoon at the home of Mrs. Neel for Edgar Russell and Ray Neel.

night on account of the illness of so many singers.
Farmers of this locality were greatly pleased by the rain which fell Friday night, and hope for a greater yield of grain than otherwise expected.
Twins, a girl and boy, were born to Mr. and Mrs. Bob Orr Saturday, March 15, but both passed away the same day, the girl living only two hours, the boy four hours. They were named Bernes and Bernice. The little bodies were taken to Claude, Texas, by D. B. Meun and F. W. Brunson Sunday and laid away in the cemetery there.
The Community Welfare Club met Thursday of last week with Mrs. Dewey Larson as hostess. The afternoon was spent in piecing quilts. After an interesting business session delicious refreshments were served. The next meeting will be with Mrs. O. D. Frazier April 10. The social meeting will be at the school house February 28. Everybody is invited to be there.
The young people met at the Reases home Sunday night and had a wonderful time.
Floyd Simpson spent Saturday night with Clyde Mann.
Mmes. E. V. Simpson and J. Y. Norton spent Sunday in the Bob Orr home.
Maurice Norton spent Thursday night with LaVerne Mann.
Mmes. O. D. Frazier, Height, Mann, and Messrs. O. D. Frazier, Brunson and Mann spent Saturday night in the Bob Orr home.

The American Obelisk
ABOUT forty years ago the then khedive of Egypt, Ismail Pasha, presented one of the forty-two known obelisks in the world to the city of New York. The city of New York caused it to be erected upon a prominent spot in its great Central park and, just as the pasha probably surmised, it since has proved to be an object of marked curiosity to the millions of Americans who have seen it.
This is the only Egyptian obelisk in America. Only five of the other forty-one are larger. It is composed of syenite—a stone which greatly resembles granite, 69 feet high, 7 feet 9 inches square at the base, tapering to 5 feet 3 inches at the top, is mounted on a 3-foot base and weighs 214 tons.
Its surface is covered with historic inscriptions cut in Egyptian hieroglyphics, which are somewhat obliterated on one side, due to its said, to exposure to sand storms of the desert. Experts declare that it has aged and been injured more since it has been in America than in all the centuries of its previous existence, owing to the changeableness of our climate compared to that of Egypt. Accordingly, it has been coated with a preservative material to stop further damage by the weather.

BY MISS EDITH MANN

There was a good attendance at Sunday school Sunday. Rev. V. M. Cloyd delivered a fine sermon. Ford had no singing Sunday

WHAT A DIFFERENCE 90 DAYS MAKE!

TODAY A TODDLING CHICK... in 90 days a proud pullet about to lay. There's something to think about! Tiny bones and little muscles have grown several times in size... a delicate fuzz has sprouted into hundreds of feathers... a chick weighing grams has grown into a pullet weighing pounds... all in 90 short days!

A wonderful change... and only one thing can do it... good feed! This year consider Purina Startena Chow (mash) and Purina Chick Chow (scratch) or All-Mash Startena Chow for the first six weeks... and then Purina Growena and Purina Intermediate Hen Chow until your pullets are laying at 16 weeks.

Put these Chows before your chicks. You will see pullets that are built right... pullets that will lay eggs aplenty in fall and winter when eggs are always worth good money.

Miss Alma Walker spent a few days recently with her parents at Pampa.

Statements, Letter Heads, Envelopes, all Job Work, at The Brand.

Enjoys Best Health In 25 Years

AVID S. BEEKMAN

"At the age of 79 I am still active in business and I attribute my entire present good health, energy and vitality to the benefits I derived from Sargon. I actually believe this wonderful medicine has added years to my life.

"For five years my health had been falling steadily. My nerves were all to pieces and I hardly knew what a sound night's sleep meant.

"Since taking the Sargon treatment I feel as well and strong as I was 25 years ago. I have a fine appetite, sleep good, and constipation, biliousness and dizzy spells are all things of the past."

—David S. Beekman, 528 Kearney St., San Francisco, California. Sargon's aim is not mere temporary relief, but new and abundant health. Don't experiment—profit by the experience of others. —Rice Drug Store, Agents.

NEARBY and YONDER... by T. T. Maxey

A Gorgeous Lake
ONE of the most beautiful lakes which the world holds is Lake George in eastern New York state. The Indians called it Andastarocci—"Where the lake shuts itself in." Father Jogues, a Jesuit missionary, who probably was the first white man to see it—1642, named it "The Lake of the Blessed Sacrament" but in 1755 this was changed to Lake George, in honor of King George II.
More properly it might be christened Surprise lake. It is so shut away from the world that one comes upon it with unexpected suddenness. The scene astonishes! One had not before realized that nature could take a body of water, sprinkle hundreds of little floating garden-like islands about in it, forest its irregular shore line, and a background of protecting mountains and produce such an entrancing picture.
Located on the line of early-day exploration activities between Canada and New York this region naturally became a battle ground. The whoop of the savage and the boom of cannon have rolled across it. The ruins of ancient forts are mute reminders of the tragic struggles which occurred. An imposing shaft commemorates the Battle of Lake George—1755.

COMING TO AMARILLO DR. MELLENTHIN Special Attention to Internal Medicine Does Not Operate

Will be at Amarillo Hotel on Saturday, April 5, from 10:00 a. m. to 4:00 p. m. One Day Only

No Charge for Consultation Many in this community will avail themselves of the opportunity to visit Dr. Mellenthin on this special visit to Amarillo. The doctor pays special attention to the Science of Internal Medicine and Dietetics. He is trying conscientiously to eliminate surgery in his treatment of disease as far as possible.

Some of the ailments treated as diseases of stomach (especially ulcers), glands (especially goitre), ailments of women, disease of liver and bowels, as infected gall bladder, gall stones, appendicitis, chronic constipation, colitis, auto-intoxication and rectal ailments, circulation disturbances as high or low blood pressure, heart and blood disorders, skin, nerves, bladder, kidneys, bed-wetting, weak lungs, tonsils, adenoids, metabolic disturbances such as Rheumatism, sciatica, leg ulcers and chronic catarrh.

Medicines are prescribed and prepared for each individual, also special attention given to diet as to proper balance and selection of foods.

For this service a nominal charge is made.

Dr. Mellenthin is a regular graduate in medicine and surgery and is licensed by the State of Texas. Married women must be accompanied by their husbands.

Address: 4221 West Third Street, Los Angeles, California.

RUPTURE EXPERT HERE

E. J. Meinhardt, of Chicago, the well-known Rupture Shield Expert, will personally be at the Marlboro Hotel, Amarillo, Texas, Tuesday and Wednesday, March 19 and 20th, from 10:00 a. m. to 4:00 p. m. daily.

Mr. Meinhardt is highly recommended by thousands of satisfied customers. Take advantage of this opportunity to see him as he will not visit any other city in this section at this time. There is no charge for consultation and demonstration. This appliance is given only.

Mr. Meinhardt says: The "Meinhardt Rupture Shield" not only retains the Rupture perfectly, but it also contracts the swelling in ten days in the average case, regardless of the size or location of the rupture.

The "Meinhardt Rupture Shield" is no understraps. It is perfectly sanitary, practically indestructible, and may be worn while working.

Rupture often causes Stomach ache, Backache, Constipation, Nervousness, and other ailments which promptly disappear after Rupture is properly retained. Thousands of deaths occurring annually from strangulated rupture can be avoided.

SPECIAL NOTICE—All customers that I have fitted here during the last ten years are invited to call for inspection for which there will be no charge. (Come in and talk with these customers regarding their experience with my appliance.)

Please note the above dates and time hours carefully. (This visit for white people only.)—E. J. Meinhardt, Home Office, 1551 N. Dearborn Ave., Chicago. —Adv

CANYON COLLEGE OFFERS HERD IMPROVEMENT COURSE

A two-day herd improvement school will be given in connection with the Agricultural Department of the Teachers College at Canyon on the last Friday and Saturday of this month. The aim of the school is to better acquaint the breeders of West Texas with the scientific principles underlying bull clubs, pure seed farms and improved poultry strains.

The classes will start at ten o'clock Friday morning, March 23. The first day will be devoted to the physical basis of inheritance; particularly the principles underlying the scientific mating of farm animals; also reasons why farm animals will not breed will be discussed. The second day will be devoted to diseases of reproductive organs, line breeding, bull clubs, poultry improvement and problems concerning seed farms.

Outstanding speakers from the Livestock Sanitary Board at Fort Worth, from the Pure Seed Commission at Austin and from Agricultural Colleges will participate in the program. F. C. Bennett, agricultural manager of the City Board of Development of Amarillo and founder of the first bull club in Texas; and Prof. George P. Groat of Panhandle, who approved blood lines for the first bull club in Texas, will have prominent parts on the program. Prof. Wm. Gourley, Silverton, president of the Vocational Agricultural Teachers of the Panhandle, and who is one of the promoters of the schools, believes this one of the greatest opportunities West Texas dairymen and other livestock breeders have had to learn the most important facts concerning their work.

The school will be handled from the practical side rather than from the technical. Those in charge expect to have every talk at the school given in every-day language which will make it possible for those without technical training to have an opportunity to learn scientific breeding principles.

NEARBY and YONDER... by T. T. Massey

The Shrine of St. Roch

PICTURE a tiny shrine, laboriously built, stone by stone, by the hands of a priest, in fulfillment of a vow, now lighted by stained-glass windows and overhung with ivy; within, seats for but two dozen worshippers at a time, its walls cluttered with testimonial offerings—crutches, braces, casts and what not, left by faithful visitors who have been relieved of their sufferings, high above all else a statue of the good St. Roch, his dog by his side, located in one of the oldest sections of that historic and romantic southern city of New Orleans—and you have a vision of the shrine of St. Roch, the Guardian, Saint of Health, to which, in perpetuation of the custom in creole days, pilgrimage after pilgrimage is made by persons from many climes.

The good father, it seems, made a vow that if his parishioners were fortunate and spared from attack by the fearful epidemic of yellow fever which raged there in 1893, he would build a chapel and dedicate it to a saint. His prayers were answered and he made good his vow, dedicating his shrine to St. Roch, who, it is said, was at one time stricken with the plague and left to succumb in a lonely woodland, but his dog obtained and carried food to him, saved his life and thereafter they became inseparable companions.

There is another cherished and deeply-rooted tradition that is interwoven with this shrine. It is the belief that if a girl will go to nine churches, say a prayer and make an offering in each and then go to St. Roch and make the stations of the cross, she will have a husband before the year is out. Needless to say, many maidens make their way to the shrine of St. Roch. (© 1928, Western Newspaper Union.)

This is the first time that such an attempt has been made in West Texas.

KITCHEN CUPBOARD

By NELLIE MAXWELL

Prosperous people are apt to lose their sympathy for the forlorn and unsuccessful, but those who have not succeeded are in touch with all sorrow and failure and misery; and the unsuccessful class is such a large one, that to belong to it, implies a freemasonry with nine-tenths of the world.—Eliza Orne White.

Seasonable Dishes

NOW that the fresh carrots are so plentiful, try cooking them in different ways. Cut them up into finger-sized pieces after they are scraped and washed and put on to cook with only the water which clings to them from the washing. Add a tablespoonful of butter to a pint of carrots and put on the back of the range in a heavy aluminum dish tightly covered to cook until tender. Add salt, a bit of cayenne and a half teaspoonful of sugar when they are put on to cook.

Candied Carrots.—Cook carrots until partly tender in a tight dish with only enough moisture to steam. When nearly tender, remove to a baking dish and sprinkle with salt, pepper and plenty of sugar. Dot with bits of butter and brown in the oven.

Ice cream is such a wholesome dessert and so well liked that the expense only keeps the housewife from having it often. When prepared at home the expense is much lighter. The following is a recipe that anyone may feel is economical:

Junket Ice Cream.—Take one quart of milk, warm to lukewarm, and mix well with two junket tablets dissolved in a tablespoonful of cold water, add one cupful of sugar, one-half tablespoonful of vanilla and a cupful of cream. Let stand in a warm room until firm in the freezer can. Then place the can in the ice and freeze slowly to a thick mush, then turn rapidly until hard. This kind of ice cream is easy to make, easy to digest, and is healthful and nourishing.

"The World's Greatest Organ"

BUILT in Los Angeles and exhibited at the St. Louis World's fair in 1904, where it was played by the great organists of the world, this mammoth instrument was subsequently dismantled and remained idle in a St. Louis warehouse for several years.

And then one day its myriad parts were loaded into 13 box cars and it was treated to a ride to Philadelphia, where it was enlarged by 80 per cent, and installed in a great court "in the center of the largest building in the world devoted to retail merchandising." Now every week day the passing throngs are privileged to enjoy the melody which peals forth from that which is said to be both the largest and finest, if it is not the very latest improved, musical instrument on earth.

This king of instruments has five manuals, 232 stops and a forest of pipes—17,854, to be exact—ranging in length from three-fourths of an inch to upwards of 37 feet, weighs 875,000 pounds, and including its several blowers of more than 100 horse power—capable of supplying approximately 21,000 cubic feet of air per minute, occupies a space of 118,602 cubic feet. The largest pipe is of wood, 32 feet long, weighs 1,785 pounds and, 'tis said, two men can crawl through it side by side on their hands and knees.

The instrument is played from two consoles—one for ordinary playing and the other for mechanical playing. Needless to say, the organ is majestic—its music superb. (© 1928, Western Newspaper Union.)

Men's Earrings
Earrings are still worn by some fishermen on the Belgian coast. They are very rarely worn by men elsewhere, but are sometimes seen in the ears of gypsies and a few Indians and Spaniards.

L. W. CARLYLE

SIDE LIGHTS

By Marvin Jones, Member of Congress from Texas.

Southward, as well as Westward, the star of Empire takes its way.

We have reached the end of an epoch in the history of our country.

New England industry is on the wane. The South and Southwest have been growing and building.

The coming decade will witness the greatest development in the Southern and Southwestern States that has ever taken place within the borders of America.

In making this statement I am not merely expressing my own views. It represents the viewpoint of practically every one who has studied these conditions.

What are the influences that are bringing about this new development? Why are men of experience

advising young men to seek their fortunes in this fast-growing section?

Here is the reason:

The South and Southwest today possess much of the reserve supply of natural resources of America, the raw material out of which so many thousands of articles are being made.

The South has a large reserve supply of timber, coal and iron.

The Southwest has a large reserve supply of the world's oil, natural gas and hydro-electric power.

Our portion of the Union has, in large measure, a natural monopoly on cotton, cotton seed and cotton seed oil.

We have the finest wheat lands in America.

In addition to all these advantages, the Southwest has a climate and a fertile soil which no other section of the world can compare.

If properly utilized, her coal, oil, natural gas and water power will give her a tremendous advantage over New England—that of cheap power with which to transform her raw materials into the finished article. By saving the freight charges from New England to the Southern States, our factory owners would prosper, our laborers could be well paid, and our section would grow wealthy.

The difference in climate between our section and the Northern States gives the average family in the South and Southwest a decided advantage in the cost of fuel and clothes, to say nothing of the saving in building construction.

According to the Department of Commerce our industries have tripled in the last decade.

As a dairying section we are destined to lead the Nation. Our soil, climate and abundance of feed materials give us advantages with which other sections cannot compete.

When the fact becomes generally known that Texas and surrounding States are practically free of tuberculosis among the cattle, while the cattle of the Northern States, and especially the Northeastern States, are infested to a dangerous degree, the demand for our dairy products will be greater than can be supplied.

The South has passed through the stress period that followed the Civil War, and a new day is dawning. She is destined to lead the world in the triumphant march of future progress.

Messrs. Jones and O'Bryant of Happy were here Tuesday.

Mrs. Tucker Smith left last week for Plainview where she is working.

Mr. and Mrs. Harvey Swartz of Tulsa have moved to this community, having bought the John Cole place.

Joel and Arney played baseball Sunday, Arney winning.

Mr. and Mrs. Goodson of Muleshoe spent the week end in the J. E. Boyd home.

Joe McKinney of Tulsa spent Sunday with Arney friends.

Mr. and Mrs. J. E. Boyd returned Sunday from a two weeks visit with relatives and friends at Shawnee, Oklahoma.

Mr. and Mrs. Claude Fox have moved to the McKinney place.

A number gathered at the J. E. Boyd home Sunday night for singing.

The air is literally alive with cranes every where around here.

Mr. King spent the week-end at his home in Canyon.

A number of young people gathered at the Burks home Saturday night and played 42.

Miss Vivian Norman spent last Thursday afternoon with Miss Charline Sprawls.

LIVE STOCK FACTS

Corn, soy beans and a well-balanced mineral make a good ration for hogs.

Of the non-legumes, rape is the best forage crop for hogs where it can be grown successfully.

An acre of good forage usually can be depended upon to carry from 1,000 to 2,000 pounds of hogs.

A farm on which hogs are raised, as a major or minor enterprise, should have suitable pastures for hogs.

"Dependable Lumber"

East Third and McKinley

Here and There.

BY MRS. C. E. TICE

Rev. Mr. Peters preached at Frio Sunday morning when there were about fifty present to hear him and attend Sunday school.

Everyone is deriving smiles since the rain of last Friday. Nearly everyone reports one inch or more of rain and a good deal of hail fell in some places.

Harold Seely and W. S. Pease of Los Angeles were here the first of the week visiting the J. W. Berry home, where Mr. Seely formerly made his home.

Messrs. and Mrs. C. M. and Clyde Ball, of Earth, visited in the Henderson home at Anton last Thursday.

Mrs. C. H. Mangum and children of Plainview spent the weekend with her parents, Mr. and Mrs. K. F. Campbell.

Henry Benson of Shamrock spent Saturday night and Sunday at the J. E. Andrews home.

Mr. and Mrs. W. A. Springer spent Sunday at the Andrew Gilliam home.

Mr. and Mrs. Ray Barnard left Sunday on a business trip to Denver.

J. H. Barton and son went to Wellington Thursday after some bags, returning home Sunday evening.

Again Konjola Gives Proof of Amazing Power

Ten Years of Rheumatism Are Ended When New Medicine Is Given a Chance.

What cheer and encouragement are to be found in the many victories of Konjola, the new and different medicine of 32 ingredi-

MRS. G. H. COLEMAN

Take, as a typical of Konjola at work, the case of Mrs. G. H. Coleman, E. F. D. No. 3, Ft. Smith, Ark. Imagine her happiness when she is able to say:

"When I look back and think how I suffered from rheumatism and kidney trouble for ten years I can hardly believe that I am well and happy as I am today. And all this glorious change is due to Konjola. For ten years I endured awful agonies. At times the pain in my limbs was so severe that I could not get around. Every night I was up many times, and the loss of sleep and rest told on my general health. A friend urged me to try Konjola, and what good advice that proved to be. In four weeks I was without a sign of rheumatism, my kidneys were as good as ever. No wonder Konjola is the most talked of medicine in America. It should be in every home throughout the land."

Konjola is sold in Hereford at the Corner Drug Store, and by all the best druggists in all towns throughout this entire section.

MONEY TALKS BY YOUR CASH

Accommodation and What It Means

"ACCOMMODATION" is an empty phrase until put into actual practice. A bank's many facilities are as naught until actually made use of.

THAT IS WHY we offer to the growing business man a banking service that will help him grow bigger. It may be in our checking department or in all departments. But, no matter where, the hearty, complete accommodation of this bank is yours always.

WE BELIEVE in a bank OFFERING accommodation, rather than waiting to be asked for it. That is why so many young business men and older concerns, too, rightly regard this as THEIR bank:

ASK US TO EXPLAIN WHY THIS IS YOUR LOGICAL BANK

THE FIRST STATE BANK

for Economical Transportation

CHEVROLET

Chevrolet announces A NEW SERVICE POLICY

The Chevrolet Motor Company and its dealers are pleased to announce a new service policy—one of the most liberal ever offered on a low-priced automobile.

Put into force as a written agreement given to the purchaser by the Chevrolet dealer when the car is delivered—it offers the following provisions:

- 1 Every Chevrolet owner receives his car from the dealer in perfect condition—thoroughly lubricated, properly adjusted, and ready to operate efficiently from the first mile of ownership.
- 2 Every Chevrolet owner is entitled to free inspection and adjustment of his car at the end of the first 500 miles of usage.
- 3 Every Chevrolet owner is entitled to free inspection of his car every 1000 miles thereafter, so long as the car is in operation.
- 4 Every Chevrolet owner is entitled to free replacement of any part which may prove defective in workmanship or material, within the terms of Chevrolet's standard warranty. This includes both parts and labor.
- 5 Provision number 4 will be carried out by any Chevrolet dealer in the United States. As a result, the Chevrolet owner may travel to any part of the country, with assurance that the guarantee on materials and workmanship will remain in force.

This new policy constitutes proof of Chevrolet's high quality—for such liberal provisions could only be made in connection with a car built of fine materials to exacting standards of workmanship.

Back of this policy, and assuring its successful operation, is one of the most complete and efficient service organizations in the world.

There are more than 10,000 Authorized Chevrolet Dealer Service Stations in the United States alone. Each employs skilled mechanics thoroughly trained at Chevrolet Service Schools. Each has specially designed tools and machinery developed exclusively for Chevrolet service work. And each has on hand, at all times, an adequate stock of genuine Chevrolet replacement parts.

Chevrolet's flat-rate charges, including both parts and labor, are the lowest in the industry on many service operations!

In considering the purchase of a low-priced automobile, think what this service means—in terms of lasting satisfaction, as well as in increased economy.

Chevrolet cars range in price from \$295 up, f. o. b. factory, Flint, Michigan

FARM STOCK

ALFALFA HAY IS GOOD FOR HORSES

Fed With Corn, It Makes a Well-Balanced Ration.

Alfalfa hay can safely be fed either as the sole roughage for horses, or to replace half or more of timothy or prairie hays, according to A. O. Rhoad of the New York State College of Agriculture. Experiments have shown that horses at hard work and fed alfalfa had as the sole roughage, maintained their weight on 20 to 22 per cent less grain than others fed timothy hay.

Alfalfa makes a well-balanced ration when fed with corn alone. Timothy hay may not be fed with corn alone, as this ration is low in protein and needs a supplement to balance it. With grains other than corn—such as oats, barley, peas and bran, which in themselves contain considerable protein—alfalfa should not be used as the sole roughage. Under such circumstances lower the amount of alfalfa fed; use, for example, half alfalfa and half timothy.

For horses, the first cutting of alfalfa is more beneficial than the second and third cuttings. Second and third cuttings are preferable for dairy cattle because the stems are not as coarse and there is a larger proportion of leaf area. For horses, however, the first cutting is better, as it is not "washy" and is coarser. It is commonly advised to cut alfalfa when one-third in bloom and this is highly desirable for the dairy cow. Alfalfa is better as a feed for horses, however, if it is cut at a later stage—when almost mature.

No better roughage exists for growing colts than alfalfa hay. The high protein and lime content of this hay is just what the growing animal needs to build firm muscle and dense bone.

Ensilage is Essential to Cattle and Sheep

Feeders of beef cattle and sheep have even more reason to build a silage and feed silage than the dairymen, according to experiment station results. Yet nearly all dairymen feed silage, while the majority of beef men and sheep men do not.

After summarizing the results of all experimental data available Prof. F. B. Morrison, director of the New York experiment station, finds that the average ton value of silage for dairy cows is approximately one-third that of good mixed hay, while the per acre yield of silage is four or five times greater than that of hay. For beef cattle, he finds silage worth half as much per ton as clover hay, and for sheep more than half as much.

In an average of 20 trials with two-year-old steers, gains on silage-fed cattle cost \$1.22 a hundred-weight less than on steers fed on silage. In these tests a ton of silage replaced 27 pounds of concentrates and 605 pounds of clover hay.

Mrs. George Guinn and daughter, Frances, were in Amarillo last Friday.

VIENNA EASILY LEADS IN THE LOW COST OF DYING

Funerals Less Expensive There Than in Any Other Large City in the World.

Vienna.—To live in Vienna is expensive, especially if one is a foreigner; but to die here is quite another thing. Funerals cost less in this former seat of the Hapsburgs than in any large city of the world.

No funeral costs very much unless something especially elaborate and extraordinary is specifically ordered. Most funerals cost only a little more than \$14, and the average for all funerals is only a few cents more than \$50.

Vienna is ruled by a Socialist government, which its opponents say knows more about ways and means to keep the population poor than any other city government anywhere. Regardless of finances, the city fathers make dying a bit easier for those thoughtful persons who in their last hours worry over the sacrifices which their loved ones will have to make in order to bury them decently. The shadow of no conscienceless undertaker hovers over the bed of a dying Viennese to make his demise yet more painful.

Of each death in Vienna the authorities must be informed immediately; and within six hours after the death the body of the deceased person must be removed from the house to a municipal mortuary. No kind of death watch or wake is allowed in any home.

On the day of the funeral a municipal motor hearse is provided to transfer the body to the cemetery for burial or to the crematorium.

Private undertaking establishments exist, but they are compelled to keep their prices down in order to get any business at all. By far the greater part of the 75 daily burials are handled by the Socialist municipality's establishment at the price of 100 Austrian schillings (less than \$15) each. During the last 12 months the municipal motor hearses covered a distance 23 times that between Vienna and New York.

Great Britain Rules Seven American Isles

Washington.—The strange status of the Turtle Islands, seven nameless dots off the north Borneo coast, has at last been confirmed under a treaty negotiated by British Ambassador Howard and the American State department.

The islands, with a population of 220, were formerly a part of the Spanish Philippine possessions, but through some trick of fate they were left out of the treaty of Paris ceding the Philippines to the United States after the Spanish war.

A supplementary agreement in 1902 between Spain and the United States ceded the islands in proper form, but because in 1885 a tripartite British-Spanish-German treaty ceding them to Spain contained a trick clause, there was some question about British administration.

So in 1903 the United States signed a temporary agreement with the British continuing the latter's administration. The treaty just negotiated permanently confirms this.

Revolver Shots Spur Hens, Farmer Discovers

Stockholm.—To make his hens lay twice as many eggs as usual, a Swedish farmer has found that nothing accelerates the process more than a couple of good revolver or rifle shots fired close to the henhouse.

He came upon his discovery by a strange incident. A road building company was blasting rocks near his farm, and while the noise was enervating to him, he found that it had another influence on the fowls; as long as the dynamiting went on, his 150 hens laid exactly double the number of eggs as before.

When the excavation was finished, the egg crop immediately decreased to its normal low level, wherefore the observant farmer let his trusty shotgun serve instead, and every morning took a couple of shots at nothing in particular. The hens responded with a record number of eggs.

Woman Loses \$250,000 and She's Glad of It

Beverly Farms, Mass.—"It is folly for a wealthy woman to have and wear a fortune in jewelry when paste serves the purpose just as well," Mrs. Sydney E. Hutchinson stated.

Mrs. Hutchinson, one of the Philadelphia Stotesburys, was robbed of a quarter million dollars' worth of jewelry here by a house prowler.

"Now that I am calmer, I feel justified in saying that I do not regret the loss of my jewels," she added. "I can afford the loss, it is true, and aside from sentimental attachments the gems were really of no worth, judged from a detached standpoint. It is really something to be philosophical about, because now that the jewels are gone I find they didn't really mean a thing to me.

"I am not sorry that the jewels are gone. I am only thankful nobody was killed or wounded by the prowler."

Lincoln Built Dams

Cohasset, Mass.—Among this town's proud possessions are three dams built by Abraham Lincoln's great-grand-grandfather. The dam-builder, Mordecai Lincoln, was the third son of Samuel Lincoln, one of historic Cohasset's pioneer settlers.

Pigs at Weaning Time

Need Plenty of Grain

Pigs at weaning time should be getting all the grain they will eat. The ration should include tankage or some form of milk. With a good pasture on which to run, pigs should be getting a good start for market weight. Pigs which are doing well should make a pound a day gain in weight. Self-feeders are a convenient means for feeding corn and tankage, and the use of self-feeders results in as good and often better gains than the hand-feeding method. A self-feeder should keep the feed dry, keep feed before the pigs at all times, and prevent waste.

LIVE STOCK HINTS

Lambs should be docked and castrated before they are three weeks old.

Records are a necessary part of an intelligent conduct of the hog business.

Alfalfa hay may be fed with safety as the sole roughage for ewes and young lambs.

Sheep are useful in destroying weeds, and they will eat more different kinds of weeds than other live stock.

The breeding ewes should have grain a few weeks before the lambing season and be well fed while suckling lambs.

Experiments indicate that 100 pounds of boiled potatoes will do about as far in feeding hogs as 120 pounds of raw potatoes.

This is a good time to buy a team of young horses. They are cheaper today than they are likely to be in the near future.

A well-built central hog house is a very desirable thing to have, but a cheaply constructed shed can be made to serve the purpose.

Pigs cannot utilize enough pasture to supplement a full ration of corn. Some tankage or skimmed milk or other protein supplement is necessary.

Pioneer Oil Digger

Col. Edwin L. Drake, who was for some time considered a crazy enthusiast, finally struck oil in the vicinity of Titusville, Pa., on August 23, 1859. The following morning he found a great flow of oil surging up through the hole in the ground, completely flooding the derrick floor. This was the beginning of petroleum production as a great world industry. Petroleum had been found in springs in several parts of Pennsylvania before 1859, but Drake was the first one to dig into the earth for oil.

AT BRAND OFFICE, CHEAP.

NOTICE OF SHERIFF'S SALE

STATE OF TEXAS, COUNTY OF DEAF SMITH.

By virtue of an order of sale issued out of the Honorable District Court of Deaf Smith County, Texas, on the 19th day of March, 1930, by the Clerk of said Court in the cause of A. J. Graf and J. F. Schulte vs. Thomas Chavaux, No. 1770, and to me, as Constable of Justice Precinct No. 1, of Deaf Smith County, Texas, directed and delivered, I will proceed to sell within the hours prescribed by law at sheriff's sale on the first Tuesday in May, 1930, to be

ing the 6th day of said month, before the court house door of Deaf Smith County, Texas, in the town of Hereford, Texas, the following described property situated in Deaf Smith County, Texas, to-wit:

The Southeast one-fourth of section No. 13, Township No. 2, North of Range 1 East, of a Capital Syndicate subdivision as shown by a plat thereof in the Deed Records of Deaf Smith County, Texas, and said land being about 100 acres all of which is situated in Deaf Smith County, Texas.

To satisfy a judgment amounting to \$1124.00 in favor of the plaintiffs, A. J. Graf and J. F. Schulte, against Thomas Chavaux, with interest thereon from the 25th day of February, 1930, at the rate of eight per cent per annum, and costs of suit.

That under said judgment and order of sale all of the above described tract of land will be sold to satisfy the amounts due thereon.

Given under my hand at Hereford, Texas, this the 19th day of March, 1930.

J. T. CUNNINGHAM, Constable of Justice Precinct No. 1, of Deaf Smith County, Texas, 10-3c

RIGHT NOW!
IF YOU ONLY HAD A
TWIN CITY TRACTOR

Nowadays when you are rushed to death trying to do everything at once—how many times have you wished you had a good strong tractor to help you?

You know tractor power would help you get more done. You know it would save wages—cut down the cost of raising your crop.

Then why don't you come out to our farm and see the Twin City? It may be possible for you to have a Twin City this season. Plowing, threshing and lots of belt work ahead of you. Instead of wishing for a Twin City tractor, see us about one now.

The Twin City tractor is DURABLE — ECONOMICAL — RELIABLE

We invite you to see the Twin City at our farm, ten miles northwest of Hereford.

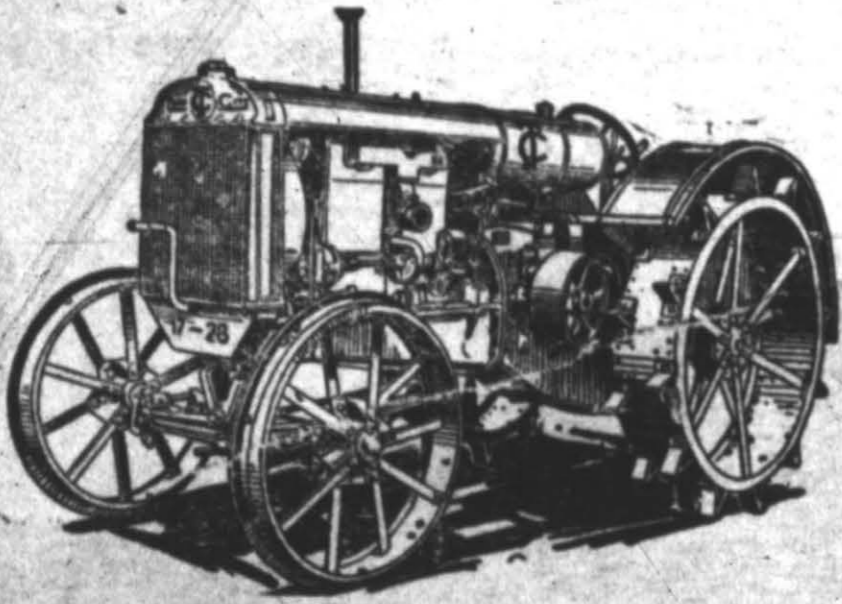

Just Arrived!

—Car of tractors and a car of Minneapolis combines. Will be on display at our farm and we invite you to come out and inspect them.

Complete line of parts carried at all times. We give free service on Twin City tractors and combines.

Auction Sale
Beginning Saturday, March 22

—and running the following week, or until we reduce our stock to where we want it, we are going to offer our entire stock at public auction.

OLD "MITCH" IS COMING!

MR. R. E. MITCHELL, known to his friends here as "OLD MITCH," will have charge of this sale. Mr. Mitchell had charge of our first auction sale, which started January 17, 1910. Since that time he has conducted more than a dozen sales for the store, and we feel sure that his dealings with our customers have been satisfactory—otherwise we would not have him back. He will be here to greet his old friends, and get acquainted with our new customers. Positively, he is recognized as the South's greatest jewelry auctioneer.

Everything in our entire stock will be offered for sale—Nothing reserved or held back.

This is a clean-up, or a stock reduction sale—not a profit-making sale. Just pick out any article in our entire stock and put it up for sale. Your selections will be offered and sold at your own price.

Our stock was never more complete for an auction sale. Get all the silverware you need while it is going cheap. Buy a fine watch—a diamond ring—or any article in our entire stock at your own prices.

Now is the time for you to buy your present for the graduation. It won't be long now!

Nice Prizes Will Be Given At Each Sale. These Presents Are Absolutely Free!

Remember, TWO Sales Daily—At 2:30 and 7:30 P. M. Remember the Date of Sales and Come.

SENIORS GIVEN ST. PATRICK'S PARTY

Foremost among the many enjoyable affairs honoring the senior class of Hereford high school was the St. Patrick's party given Monday evening at the home of Mr. and Mrs. L. H. Shore by the Senior Mothers.

The ladies and lassies, dressed in overalls and gingham dresses, began arriving about 7:30 and were met at the door by Zelma Ruth Shore, wearing a costume of white and green with green-hat, and Earle Marie Foster, whose costume and high silk hat would cause any true Irish gent's heart to beat with envy.

This adorable pair introduced the guests down the receiving line in a manner that "Maggie" herself could not excel. In the receiving line were Mr. and Mrs. Hopkins O'Reily of Dublin, Mr. and Mrs. Hudson O'Toole, and the little O'Toole of Limerick; Mr. and Mrs. McCollum Shanessney of Cork, and Mr. Dillehay O'Miely of Tipperary, all in Irish costume.

After laying aside their wraps the boys called at the post office for their mail and were given caps for themselves and dainty white aprons adorned with shamrocks for their lady friends.

Thus adorned these true natives of the "Auld Sod" all formed in line for the grand march, led by Mrs. Eberle. Many and various were the Irish gigs and dances to be seen.

For the games, the guests were divided into three groups, one group was asked to step down the Lovers' Lane where Mrs. H. L. Witherspoon conducted them thru a series of games provoking much fun and laughter. The second group was very cleverly entertained by Mrs. Henry Hastings in St. Pat's Den. All were given a chance to kiss the Barney Stone.

Some of the Irish lads proved very adept in threading needles. Last but not least judging from the grunts and squeals to be heard, was the pig pen, presided over by Mrs. Eberle who in her usual charming and helpful manner assisted the lads and laddies to crush the serpents of Ireland. The guests blew bubbles and were gaily decorated by their mates as befitted the inmates of any pig pen. At stated intervals the group progressed each, each Irish gent and lassie paying their respects to all

the famous places.

The entire entertaining suite of the Shore home was adorned with a beautiful arch, all carried out in the special colors of Ireland's Patron Saint.

Lovely prizes suited to the many games and carrying out the color scheme were awarded to the lucky players, after which delicious refreshments of chicken and emerald sandwiches, olives, chocolate, shamrock brick cream and angel food cake were served to more than sixty guests.

Mrs. H. L. Witherspoon was joint hostess with Mrs. Shore, assisted by Meses. F. J. Eberle, Henry Hastings, A. M. Jones, Matt Gilliland, Chas. Bennett, J. H. Brooks, D. B. Roberson, T. E. Segler, Elmer Ireland, C. H. Dillehay and L. R. Spradley.

JUNIOR MUSIC CLUB

The Junior Music Club will meet with Nancy Conkwright at 3:00 p. m. Saturday, March 22, using the following program:

Lesson on early forms of music: Mary Lucy Hough; illustration by Helen Crawford, Mary Broadwell and Mary E. Stanford.

Miscellaneous numbers:

Arbutus, Paul Bliss; Nancy Conkwright.

Spring Madrigal, Wheelplay; Ar-delle Foster.

Contra Dance, Beethoven. Theda Lou Wilson.

Roll call to be answered by naming an operatic composer and one of his opera.

The story of Lucia de Lammas-mora, Donizetti, illustrated by records.

MRS. GABBERT ENTERTAINS BAY VIEW CLUB

Mrs. W. F. Gabbert entertained the Bay View Club in her home on East Third Street with a delightful three-course luncheon Thursday of last week. Miss Lillie Hostetler, county librarian, was honor guest.

Special decorations honored Ireland's patron saint with appropriate colors of green and white. One of the features of the luncheon was a "Barney Stone," and each one present read an original rhyme descriptive of someone else there.

MRS. JUDD JOHNSON ENTERTAINS

Mrs. Judd Johnson proved a most hospitable hostess when she entertained a group of friends at her home northwest of Hereford last Thursday afternoon. Those present were Meses. Glenn Rutter, Seigner, Saltzman, Bill Cole, Archie Daugherty, West and Mrs. W. A. Daugherty.

A very sociable afternoon was spent, and delightful cake and cocoa were served at a late hour. Every one reported a good time.

YOUNG MATRONS MISSIONARY SOCIETY

The Young Matrons' Missionary Society met Wednesday morning of this week in the home of Mr. and Mrs. B. R. Dixon. The occasion was a surprise party in honor of Mrs. Dixon, it being her birthday. Twenty members were present, all bringing a dish of food to fill the noonday luncheon table.

The afternoon was spent in a social way, and a continuation of the lesson in the Biblical chapter of Exodus. The next meeting will be with Mrs. M. D. Fincher as hostess.

VALLEE SINGS NEW HITS

Four lovely new songs, picked from among 200 as best suited to the radio idol's method, are crooned by Rudy Vallee in his first great feature picture, "The Vagabond Lover," which comes to the Star theatre Monday and Tuesday.

The songs, already sensationally popular, are "A Little Kiss Each Morning," "I Love You, Believe Me, I Love You," "If You Were the Only Girl," and "I'll Be Reminded of You."

The selections were made by Vallee himself after long hours spent trying the scores of numbers offered by America's best lyricists and composers. For his introductory number in the picture, Rudy selected "I'm Just a Vagabond Lover," his own number which with "Deep Night" helped bring him into world favor.

ANNOUNCEMENT

We, the committee who recently circulated petitions asking for our present mayor, E. S. Ireland, and commissioners, J. O. Newell and C. H. Dyer, to again be candidates for their respective offices at the coming election April 1, after soliciting the business men and representative citizens to learn their sentiments in the matter and securing the signatures of 440 voters

to the petition, now ask Mr. Ireland, Mr. Dyer and Mr. Newell to reconsider their recently published intention to retire from office and again become candidates for the offices they now hold.

Therefore, we take this means of placing the names of these gentlemen before the voters of the City of Hereford as candidates for the following offices at the coming city election April 1:

- HON. E. S. IRELAND, For Mayor.
 - MR. C. H. DYAR, For Commissioner.
 - MR. J. O. NEWELL, For Commissioner.
- Respectfully submitted,
10-1p COMMITTEE.

Ivor McClendon of Claude, was here Tuesday of this week visiting with friends.

BY MISS KATHERINE HERSHEY

(Please send communications so as to arrive here by Tuesday noon.)

Mrs. Slaughter entertained about sixty people at a progressive forty-two party Saturday night.

Mr. Whitaker and son and Bill Kepler, Plainview, visited last week in the Will Moore home.

Miss Katherine Hershey spent Thursday evening in the Hodges home.

Gus Laquey and family spent Sunday in the Tomlinson home.

Miss Pauline Thompson spent the past week with her sister.

Messrs. Dunkle and Vogeles were visitors at school Monday, when Mr. Vogeles made a very interesting talk about the fair to be held

in Hereford this fall. Mr. Dunkle also talked about the fair and why it is a benefit to the country. He told the best way of feeding pigs to make the most gain.

Mrs. George W. Miller of Indianapolis, Indiana, is visiting here this week in the home of Mrs. R. G. Sisk, her mother. She was formerly Miss Cotta Sisk.

Spanish Blood in Ireland

About 1000 B. C. the sons of Milesius of Spain invaded and conquered Ireland. The Irish race is popularly known as the Milesius race because its members were largely descendants from Milesius. It was a Celtic tribe, as were the others that blended with it to be known as the Gaels. This accounts for the Spanish names and influences in Ireland.

Superb Tact

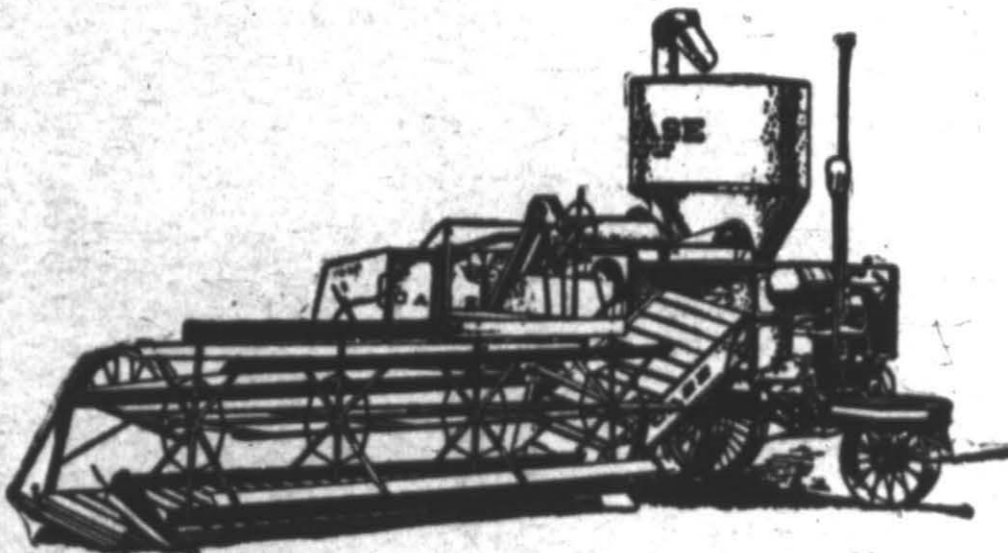

"Who is that plain little old woman over there, John? She tried to open a conversation with me, but I cut her off short. One has to be particular in a place like this." "Now that was tactful of you, Emily. She is only the wife of my boss . . . and he's just asked me to bring you in to dinner with them!"

Some Enthusiasts

Too many vainglorious fellows who kid themselves into believing that they are making history are actually only making hysteria.—Fort Wayne News-Sentinel.

Stuck on Himself

A man has a real case of megalomania when he can find joy in hearing his love letters read in court.

Why Do Case Combines Lead?

In this and every other grain-growing territory CASE COMBINES are leaders in their field. Why? Simply because that for the last 88 years CASE has built the best threshing machine, and a combine is nothing more nor less than a threshing machine.

—Below we submit a list of what we think are the best wheat farmers in this territory, who bought one or more CASE COMBINES from us during the last wheat harvest:

- | | | |
|------------------------------|-----------------|------------------|
| Glenn Greer | Frank Annen | J. F. Gold |
| J. A. Lipscomb | Raymond Annen | Huseman Bros. |
| R. W. Ramming | W. E. Upton (2) | J. T. Gilbreath |
| P. H. Dyer | Joe Beckman | Shelby & Parker |
| Ben Koelzer | Joe Guggemos | Frank V. Zinser |
| E. L. Wilson | R. O. Wilson | Claude Benton |
| O. G. Smith | Otis Massey | Clyde Renfro |
| L. W. Carlyle | Emill Herr | W. T. Price |
| R. F. McConnell | W. E. Evans (2) | J. K. Burke |
| Jim Higgins | A. R. Norman | H. K. Shulk |
| Mrs. Sophie and Geo. Connell | A. A. Smith | Albert Yake |
| J. C. Stork | E. C. Burks | Wm. Schwartz |
| L. D. Lee | Backus Bros. | L. M. Carter (2) |
| H. J. Oglesby | F. C. Benson | C. W. Frye |
| John Bolling | J. W. Lusk | Springer Bros. |
| O. E. Sherman | J. J. Lindsey | E. E. Booth |
| Floyd Bros. | W. W. Powell | H. H. Evans |

—Our samples of the new 1930 models are now on display and we are booking conditional orders. We are very anxious to have every wheat grower in this territory come in and look over these machines and let us show the many advantages they have over the ordinary combines.

C. A. SKELTON

BETTER PLOWING AT ONLY \$1.50 PER ACRE!

"We have gone carefully over the six thousand acres of sod you have plowed for us, and we are more than pleased with the work. The ground is all turned to a uniform depth of five inches, which is better than our contract specified. We wish to compliment your superintendent for finishing this work in a little more than half the time we estimated. Your plan of operating twenty-four hours a day is very successful, even during winter weather. With your Caterpillar tractors and ball bearing plows you have done better work than we have ever been able to do for ourselves. Whenever we have more plowing, you may be sure that we will call on you."

Yours very truly,
(Signed) LESTER STONE.

"I want you to know what a satisfaction it has been to me for you to do my sod plowing in Deaf Smith County. I do not know when I have been more pleased than I have been with the efficiency and dispatch with which your men did my sod breaking for me. I do not see how it is possible for you to do as perfect a job of sod breaking as you do for the low cost of \$1.50 an acre, but I am so delighted with the way you handled my acreage that I want you to know it. With best wishes, I am,"

Sincerely,
(Signed) MRS. SUSAN E. GULLEDGE.

"Having gone carefully over all the land you plowed for me recently, am more than pleased with it. I find the corners all plowed out good, really much better than I ever had done before. The work was done so quickly, too. When I need more plowing done will be glad to have you do it."

Yours truly,
(Signed) C. M. RALBY.

At this time we are prepared to make a limited number of plowing contracts IN DEAF SMITH COUNTY.

Ward News Notes

BY MRS. WILEY ROBERSON

Archie Daugherty left Friday for Kansas City with a load of cattle for market, and Mr. and Mrs. Jim Ricketts are staying with Mrs. Daugherty until his return.

W. R. Higgins, accompanied by his eldest son, Wesley, left Saturday for Mineral Wells where he will remain for treatment for a few weeks. Mr. Higgins has been in ill health for some time and it is hoped he will be benefitted there.

Miss Beatrice Hutson spent the week-end with home folks.

Altus Higgins and George Lewis are at home from Lubbock where they have been attending Texas Tech. Altus will remain with his mother until his father's return from Mineral Wells before going back to school.

Mr. and Mrs. Jim Higgins and children, Mrs. Signer and Mrs. Sautzman were visitors in the home of Mr. and Mrs. Jim Lipscomb Thursday.

Miss Hughes spent the week-end with Miss Lylith Boyd at Easter.

Miss Carol Corbett of Dawn and Miss Brunson spent the week-end with Miss Garrett at the Wiley Roberson home.

Archie Crane of Wheeler is visiting his aunt, Mrs. W. A. Daugherty.

Mr. and Mrs. G. M. Suggs and George, and Mr. and Mrs. Jim Lipscomb were Sunday dinner

guests in the home of Mr. and Mrs. Ernest Seigner.

Dr. and Mrs. O. T. Kibbe and son, Clifton, were visitors in the home of Mr. and Mrs. W. A. Daugherty Sunday evening.

Mr. and Mrs. Dick Dickerson and Pauline of Hereford spent Sunday in the home of Mr. and Mrs. Wiley Roberson.

Mrs. Archie Daugherty and Mrs. Jim Ricketts spent Monday in the home of Mrs. Daugherty.

Howard Morel was a visitor in the home of Mr. and Mrs. Jim Lipscomb Thursday.

Miss Hughes and Miss Garrett spent Monday night in the home of Mr. and Mrs. George Lewis.

Mr. and Mrs. Bill Hutson and sons were Sunday dinner guests in the home of Mr. and Mrs. Jack Hutson.

G. T. Higgins spent the week-end with home folks.

Mr. and Mrs. Howard Morel were visitors in the home of Mr. and Mrs. W. R. Higgins one day recently.

J. L. CLICK ERECTING NEW FARM HOME TO NORTHEAST

J. L. Click is building a new farm residence northeast of Hereford about ten miles. The Click home will contain five rooms, will measure 24 by 32, and is to be modern. The Clicks formerly were citizens of White Deer, and moved to the Hereford country last winter. He owns a section and a quarter of land where he is building.

W. T. WEAVER MOVES FAMILY FROM OKLAHOMA

W. T. Weaver and family of Oklahoma, are preparing their land for a crop, this land located about eight miles northwest of town and recently purchased from J. L. Fuqua. Mr. Weaver is getting his land ready for a row crop this summer and will plant part of his half section to wheat in the fall. He expects to improve his farm during the summer months.

ANNOUNCEMENT

I wish to announce to the voters of Deaf Smith County my candidacy for the nomination to the office of Sheriff and Tax Collector of this county, subject to the Democratic State Primary election to be held July 26, 1930.

M. W. CORNETT.

CHANCE TO SEE BIG TRACTORS AT WORK

Those interested in watching the Hickman Price plowing operations with its five big tractors and full working crew will have an opportunity this week and next while the equipment is working land about five miles south of Bippus school house, some thirty or thirty-five miles west of Hereford.

NOTICE OF SHERIFF'S SALE

THE STATE OF TEXAS, COUNTY OF DEAF SMITH. By virtue of an order of sale issued out of the Honorable Dis-

trict Court of Deaf Smith County, Texas, on the 3rd day of March, 1930, by the Clerk of said Court, in the case of Temple Lumber Company vs W. N. Robbins, et al, Number 1763, and to me as sheriff directed and delivered, I will proceed to sell, within the hours prescribed by law for sheriff's sales, on the first Tuesday in April, 1930, it being the 1st day of said month, before the court house door of Deaf Smith County in the town of Hereford, Texas, the following described property situated in Deaf Smith County, Texas, to-wit:

The North one-half (N. 1/2) and the Southwest Quarter (S. W. 1/4) of Section Number Thirty-one (31) in Block K-11, Original Grantee, G. C. & S. F. R. R. Company.

The West one-half (W. 1/2) of Section Number Forty-nine (49) in Block K-11, original Grantee, G. C. & S. F. R. R. Company.

The Southeast Quarter (S. E. 1/4) of Section Number

Twenty-three (23) in Block K-11, Original Grantee, G. C. & S. F. R. R. Company. The West One-half (W. 1/2) of Section Number Thirty (30) in Block K-11, Original Grantee, G. C. & S. F. R. R. Company.

The above mentioned and described property was levied upon on the 3rd day of March, 1930, 9-8c

In keeping with the terms of an order of sale to satisfy a judgment in favor of the plaintiff, Temple Lumber Company, together with costs of suit.

Given under my hand at Hereford, Texas, this the 3rd day of March, 1930.

J. B. MILLER, Sheriff, Deaf Smith County, Texas.

TULIA HERALD BRINGS OUT BIG SPECIAL EDITION

The Tulia Herald published last week with their regular weekly edition, a two section supplement containing twenty-eight pages, displaying practically every industry in Swisher county and Tulia municipal plants, churches and schools. The Englemann brothers, owners and publishers of the Tulia Herald, are to be congratulated on their special edition.

COMPARE VALUES BEFORE YOU BUY AN AUTOMOBILE

Low charges for distribution of the new Ford save you at least \$50 to \$75 in addition to the many savings in making the car

THESE are days when every dollar counts. The period of reckless spending is over. People are going back to the good old-fashioned principles of thrift and economy. Value is again being carefully considered.

Nowhere is this more important than in the selection of an automobile. For the purchase of a car represents a considerable investment. It should not be decided on hurriedly, but only after analyzing every important factor that concerns cost, value and performance. The time to do this is before buying—not afterward when it is too late.

ON THE basis of cost, performance and the actual comparative worth of every part, the new Ford is a value far above the price you pay. It is made of better materials and with greater care and accuracy because of the recognized efficiency and economy of Ford manufacturing methods.

The value of these methods is known and understood by millions of people. It is not generally realized, however, that these same principles of efficiency and economy are applied also to every step in the distribution of the Ford car. The low cost of selling, financing time payments, etc., means a direct saving to you of at least \$50 to \$75 in addition to the money saved by Ford economics in making the car. Here are three reasons why this is so.

(1) The Ford dealer does business on a smaller margin of profit because of the greater number of

cars he sells. His discount or commission is the lowest of any automobile dealer. The difference in your favor, ranging from 25% to nearly 50%, comes right off the price you pay for the car.

(2) The Ford charges for financing are low.

(3) No expensive extra equipment is needed when you buy a Ford. The car leaves the factory ready for use. The f.o.b. price includes a Triplex shatter-proof glass windshield and an extra steel-spoke wheel, in addition to four Houdaille double-acting shock absorbers and fully enclosed four-wheel brakes. Any accessories you may wish for your individual taste are sold considerably below the usual prices. None of these charges for selling, financing or accessories is marked up or increased to cover a high trade-in allowance on a used car.

Get all the facts, therefore, before you buy and figure out just what you are getting for your automobile dollars. Go beyond the f.o.b. price and find out how much more you pay the dealer than the dealer pays at the factory. Analyze the used-car allowance. Compare all charges—item for item—value for value.

WHEN you do this you will have a new appreciation of what the Ford Motor Company and Ford dealers are doing to keep down the cost of Ford cars. You will also know why it is possible to put so much real value into the new Ford and still retain the low price. The money you pay goes for value in the car. It is not wasted in excessive costs in manufacturing or selling.

JESUS TEACHING AND HEALING

Matthew 15:21-31

GOLDEN TEXT: Ask, and it shall be given you; seek, and ye shall find; knock, and it shall be opened unto you.—Matthew 7:7.

Introduction.

"The tests of life are to make, not to break us."—Maltbie Babcock.

"We have a beautiful hymn, beginning, 'O, Love, thou wilt not let me go!' We want an other beginning, 'O, Faith, Faith that will not let Him go!'"—G. H. Morrison.

"O, woman! great is thy faith!" were the words that Phillips Brooks selected to be inscribed on the tombstone of his saintly mother. It was not wise for our Lord to remain in Galilee at this time unless he wanted to bring matters to a premature crisis. There would be the continued hatred of Herod (14:1, 13); the increasing hostility of the Pharisees (12:14; 15:1); and the attempts of the fanatic populace to put him at the head of a revolutionary uprising (John 6:15).

Tyre and Sidon.

"And Jesus went out thence." Because of the attack of the scribes and Pharisees from Jerusalem, Matt. 15:1-20. He knew that such attacks would lead to his death, and he had yet much to do in training his disciples and founding his church. His time had not yet come. "And withdrew into the parts of Tyre and Sidon." These were the principal cities of Phoenicia. Tyre being about 35 miles and Sidon 55 miles from the Sea of Galilee where Jesus was. "Paris" imagines that our Lord did not go even so far as Tyre, but merely journeyed northward into the hilly country south of the Phoenician plain, where today the richer people of the country have summer homes. Jesus was now in a heathen land. He was never outside of Palestine any other time.

A Canaanitish Woman.

"And behold a Canaanitish woman came out from those borders." MARK 7:26 says that she was a Greek, that is, a Gentile in religion, probably speaking Greek, and of Syrophenician descent, coming from the stock of the ancient heathen tribes whom Joshua drove out of Canaan. Syrophenician means a Phoenician of Syria, there being another branch of Phoenicians living in and around Carthage in northern Africa. "And said, saying, Have mercy on me O, Lord, thou son of David." Christ did not want it known that he was there. But, as is significantly said, "he could not be hid." By this time he had become very famous and doubtless some Jew from Palestine might sight of him and let it be known that the wonderful healer and teacher was there. The mother cried for mercy on herself, for she suffered with every pang of her daughter, as mothers do. "My daughter is grievously vexed with a demon." "This woman was a praying mother, and she teaches us the duty and privilege of praying for others. The Anglican

The Brand wants rags—good clean cotton rags, with old knit underwear, stockings, linen collars, etc., absolutely barred. Good price paid.

Book Soda 20 Years for Gas—Stops Now

"For 20 years I took soda for indigestion and stomach gas. One bottle of Adlerika brought me complete relief."—John B. Hardy. Adlerika relieves gas and sour stomach at once. Acting on BOTH upper and lower bowel, it removes old waste matter you never thought was in your system. Let Adlerika give your stomach and bowels a REAL cleaning and see how good you feel! Overcome constipation. Rice's Drug Store. (Adv)

Rats and Mice the World's Most Costly Animal Pests.

Protect your property and health by using Squill Kill to get rid of your enemy—the rat. Squill Kill will not harm your domestic animals but is a positive guarantee to kill rats and mice if used according to instructions. Rats distribute the virus of plague so why not think about when a 50c box of Squill Kill will do the work?

DRUG STORE
Rice's Drug Company
Cincinnati, Ohio

Church had appointed the story of this miracle to be read in Lent to teach us the duty of prayer and intercession on behalf of those who cannot or will not pray for themselves.

The Lost Sheep of Israel.

"But he answered and said, I was not sent but unto the lost sheep of the house of Israel." That is, our Lord's first mission was to the Jews, the Israelites. "Jesus coveted the heathen, but had method in his purpose. He would give himself to the Jews that they in turn might be the saviors of the heathen."—Rev. F. W. Norwood, D. D. "Christ anticipated a ministry that should be wider than these Jewish limits, as wide as the whole world. There is the saying, 'I will draw all men unto me.' "There is that beautiful word 'Other sheep I have which are not of this fold.' There is that utterance of Simon's cable, when the woman broke the alabaster box. 'Whosoever this gospel shall be preached in the whole world, that she hath done shall be told of her.'—Rev. George H. Morrison, D. D.

The Woman's Faith Tested.

"And he answered and said, It is not meet to take the children's bread and cast it to the dogs." "In the East, the dog is not the friend and companion of man. He is not the faithful dog, or the intelligent and affectionate dog. He is looked upon as a mean, treacherous brute, suffered to run wild in the streets of a town for the service he may do as a public scavenger."—Leonard Woolsey Bacon. Christ used a proverbial saying, but softened it by adding, "Let the children first be fed." (Mark 7:27), implying that the Gentiles' turn would come, but after the Jews'. This answer was the anxious mother's third test of her faith, and the severest of all. "But she said, Yes, Lord." She admitted the justice of what Christ had said, but eagerly caught it up and pressed it into service as an argument for her side. "For even the dogs eat of the crumbs which fall from their masters' table." "The woman argues from the very abundance of Christ's grace that there would be enough for her. Her view was much the same with that of the prodigal

when he came to himself, and in the midst of his misery began to remember his father's house and to think that there was in it bread enough and to spare."—James McCosh. The woman's attitude may well be ours as we approach our Saviour's table.

The Woman's Faith Rewarded.

"Then Jesus answered and said unto her." He answered "those wonderful words—perhaps the most pathetic words in the whole Bible—so full of humility, or reverence, and yet with a certain archness, almost playfulness, in them, as it were turning our Lord's words against him."—Charles Klingens. "O, woman, great is thy faith." "Our Lord had a very quick eye for spying faith. If the jewel was lying in the mire his eye caught its glitter. Faith has a strong attraction for the Lord Jesus."—C. H. Spurgeon. The woman had proved the greatness of her faith by her persistence in the face of great obstacles, by her humility, her alertness, her unselfishness, her overmastering love. Above all, her faith was great in its object, being fixed on the Saviour. "Be it done unto thee even as thou wilt." "She wanted only crumbs—she is invited to sit up as a banqueter."—T. DeWitt Talmage. "And her daughter was healed from that hour." She went straight to her home (Mark 7:30), acting on her faith, and found her daughter cured.

Why the Delayed Answer?

To us who know the sequel, and

who know better than the woman did, perhaps better than the Twelve the heart of Jesus and his ways, his putting off the woman's request presents no great problem; any more than does his delay in answering the call of the Bethany sisters in their desperate anxiety (John 11:6). Such a severe case of mental sickness as this could be cured only by an extraordinary healing wonder; and that would need to be supported by extraordinary faith. Strange as it may seem, we are repeatedly told that Jesus' healing power was absolutely conditioned by faith somewhere, in somebody. Maybe our Lord saw that the woman's faith needed to be cultivated, made stronger. The delay and our desperation often effect that. If I do not find my Lord's hand as I reach out in the dark, I must reach still further. Hopelessness compels a larger hope. This same lesson is taught in Jacob's wrestling in the night at the ford of the Jabbok (Gen. 32:22-32).

Peter's Faltering Faith.

One reason why Peter is so great a favorite among the New Testament characters is because he was so much like the most of us. He was a man of ups and downs and in no scene did he show this wave-like characteristic more strikingly than in that storm on the Sea of Galilee, when in the uncertain light of early dawn, after a night of great peril, Jesus was seen approaching their little boat, walking on the water from

the eastern side of the sea, where they had left him for a period of solitary prayer. As soon as Peter was sure that the approaching figure was Jesus, he was seized with a sudden ambition himself to walk on the water, and shouted to the Lord, "Bid me come unto thee upon the waters." Christ simply answered, "Come." The confident disciple started out finely, but the rising and falling of the waves soon made his heart sink, and his courage all left him. Down he went in the sea, crying, "Lord save me," so that Jesus had to take hold of him and lift him up, addressing to him the pointed ques-

tion, "O, thou of little faith, wherefore didst thou doubt?"

"The believer's hope does not rest in any degree on the greatness of his faith, but in the greatness of him who is its object."

Thomas Guthrie.

"Prayer an answer will obtain. Though the Lord a while delay; None shall seek his face in vain, None be empty sent away."—John Newton.

IS A

TREMENDOUS SUCCESS!

—We are selling Used Cars "With an OK That Counts" faster and cheaper than we have ever sold them before. Obviously, the reason is: First, the price; second, the quality and condition of the car.

Our customers are satisfied customers, and you will be, too, if you buy one of our USED CARS. Since we are selling New Chevrolet Sixes every day, we have on hands at all times a complete line of USED CARS. As quickly as a used car comes into our stock it is put through our shop and thoroughly reconditioned, and the result is a car ready to give thousands of miles of transportation and a car that you will feel a degree of pride in owning.

Come see us before you buy a USED CAR. We can show you Chevrolet Fours and Sixes in any model, and late model Fords at a price that will make you wonder how we do it.

Watch This Space for Sensational Announcement Next Week!

MEATS

DOES YOUR CHILD CRAVE MEAT?

—Of course he does. His vigorous, active play and hard study hours demand it.

Texas Meat Market

Begin at the TOP MODERNIZE

Now is the time to repaint the roof—or, if necessary, reshingle right over the old shingles. And at the same time you can paint and redecorate inside and out—add that extra room or porch—put down a cement or board walk—lay an all-weather driveway—enlarge or build a new garage—and, in fact, make your place over to where it will be an inspiration to look at and live in! Don't put off—for there's no sounder investment you can make than to modernize your home.

We'll be glad to talk over your remodeling and beautifying possibilities. If you have a well-built place, it is probable that it can be modernized wonderfully well at surprisingly small outlay. Why not stop in at the first opportunity?

Our Aim—To Help Improve the Panhandle
PANHANDLE LUMBER CO.

The Custom Sedan • Body by Fisher

because of improvements in its 60 horse-power engine

Much of Pontiac's increased smoothness is due to new type rubber mountings which now insulate its engine from the frame, and to a more rigid crankcase which assures more permanent bearing and crankshaft alignment. Then too, smoothness is intensified by the Harmonic Balancer which counteracts torsional crankshaft vibration. Finally, Pontiac's basic engine design enables it to develop 60 horsepower at moderate engine speed. No matter how fast or hard you drive, the engine runs smoothly and silently. . . . In this car you get reliability and long life seldom equalled except in cars of much higher price. Furthermore, you get remarkable economy. Your own good judgment should suggest that you investigate this finer Pontiac.

The New Series Pontiac Big Six, \$745 and up. J. O. B. Pontiac, Mich., plus delivery charges. Shock absorbers standard equipment. Bumpers and spring covers at slight extra cost. General Motors Time Payment Plan available at minimum rate.
