

EVICTED FAMILY MOVES TO CITY HALL.—Mrs. Philip Wilcox and her six children, evicted from their home, camp in a city hall corridor in Winona, Minn. The family moved in after asking the city council to help in finding quarters. Stuart, 14 (left) and Woodrow, 15, play cards while John, 8, watches his mother feed Susan, 11 months. Constance, 4 (left) and LaVonne, 12, have made their bed on the floor. (AP Wirephoto).

### IN FALL ATMOSPHERE

## Rodeo First Nighters See Fast, Smoothly-Run Show

Probably 5,500 persons looked on Wednesday evening when the setting of a couple of good times ushered in Big Spring's 15th Annual Cowboy Reunion and Rodeo.

First nighters got to see a fast, smoothly-run string of performances in a near-norther coolness. The conclusion of the first go-round comes up at 8 o'clock this evening with other cowboys trying for some of the \$5,000 prize and prizes.

Best time of the evening was turned in by Royce Sewalt of Brownwood in the professional calf roping event. Sewalt, 1946 calf roping champion of the world, shackled his animal in 17.2. A close second timing event went to Paul Young of Lovington, N. M., who laced up his calf in 17.6, and coming in third was Mack Yates, Jr., San Saba, with 17.7. Big Spring's Sonny Edwards trailed fourth with 18.

Downing his over-sized steer in 18.1, Bo Chesson of Beaumont took first spot in the night's steer wrestling contest. Jett Everett of Snyder, riding Trusky, turned in the best performance in the cutting horse contest. In bareback bronc riding, Bill Barton of Abilene topped the night's entries, while Bob Whiteside of Imperial, Calif., turned the most creditable ride in the saddle bronc event. Bud Humphrey of Belton was foremost in bull riding.

In the girl's clover leaf race, Iris Dorsett of Sweetwater made the circuit in 19.8 to cop the night's first place. A close runner-up was the 20.3 clocked by Rosemary Beck of Talpa. Other good times were turned in by Amy McGilvary of Ozona, 20.5, and Thena May Pharr, Seymour, with 20.6.

Rip Bailey's 36.7 was the only time in the Howard County calf roping event. Four other contestants failed to catch their animals.

For the first time, floats were included in the traditional parade preceding opening night performances. Said by authorities in charge to be the longest yet assembled, a more varied assortment of conveyances, riders and other attractions paraded down the streets. The \$20 first prize among float entries went to the American Legion Auxiliary; second place, \$15, was taken by the Rebekah lodge. The Sub Deb club copped third place for \$10 and the 4-H club drew the \$5 fourth spot. Leading the promenade was a colorful American Legion attachment of color guards, color bearers and firing squads.

Most hearty applause for between-event acts went to Calgary Red, tight wire roping artist from Calgary, Canada. His top feat was the balancing of a ladder atop the fourth rung. An acrobatic trick roping act featured Jack and Bobbie. See RODEO, Pg. 15, Col. 2.

### Truman May Start His Campaigning In Detroit Speech

WASHINGTON, Aug. 5. (AP)—President Truman said today that Detroit is among the cities he has under consideration for opening his presidential campaign.

Mr. Truman told a news conference he has not mapped out his campaign plans—the program is just not ready yet.

A group of labor leaders have invited the President to open his campaign with a labor day speech in Detroit, and he said he is considering it.

He couldn't say whether he contemplates a speech in Wisconsin.

Truman wouldn't comment when a reporter asked whether he thought his Republican opponent for the presidency, Gov. Thomas E. Dewey, had been "negligent" in not using his influence with Congress for the passage of legislation recommended by the administration.

## Solon Declares Uranium Supply Sent To Reds

### Story Details Are Withheld By McDowell

WASHINGTON, Aug. 5.

(AP)—A story of uranium—raw material for atomic bombs—being shipped to Russia during the war was told today to congressmen investigating Communist activities in the government.

Rep. McDowell (R-Pa) told it, but withheld details.

It came as the whole issue of congressional hearings on the Communists flared into a first class row between the White House and Capitol Hill.

These were developments:

1. Rep. Rankin (D-Miss) proposed that the House Un-American Activities Committee call in Henry A. Wallace for questioning. He said it appeared communists got into "key positions" in the Commerce Department while Wallace headed it. Acting Chairman Mundt (R-SD) said the matter would be considered.

2. Alger Hiss, former State Department official, went before the House committee at his own request and swore: "I am not and never have been a member of the Communist Party." Whittaker Chambers, who says he is a former Communist, testified five days ago that he knew Hiss to be a member of the "Red underground" in Washington.

3. Samuel Klaus, a lawyer with the State Department, told a Senate Investigating Committee that Commerce Department officials knew William W. Remington was the subject of "an active investigation for espionage" when they hired him. Remington has been in a job where he helped pass on what goods should be shipped to Russia. He is now under suspension while being investigated.

### COLEMAN ELECTED HEAD OF COACHES

ABILENE, Aug. 5. (AP)—Joe Coleman of Odessa today was elected president of the Texas High School Coaches Association.

He was named at the annual business meeting of the association held during the Texas coaching school.

Waco Stewart of Longview was elected vice president.

## Truman Calls Spy Probing 'Red Herring'

WASHINGTON, Aug. 5. (AP)—President Truman today called the congressional "spy" investigations a "red herring" to divert attention from lack of action on inflation.

In a written statement, the President asked the Republican congressional leadership to reconsider present plans for "quick adjournment" of the special session. He again asked action on price controls and other phases of his anti-inflation program which the Republicans are planning to ignore.

"There is still time for the Congress to fulfill its responsibility to the American people," Mr. Truman said. "Our people will not be satisfied with the feeble compromises that apparently are being concocted."

His remarks on the Communist investigations were delivered off-hand at a news conference. He said neither Senate nor House inquiries have developed anything not already known to the FBI.

What has been brought out in testimony to the committees proved insufficient to indict those accused, he remarked.

This was in reference to the fact that a New York Grand jury has heard most, if not all, of the stories now being unfolded before the congressional committees.

Mr. Truman said the committee hearings have slandered a lot of people and done irreparable harm. He said that no information has been revealed that has not been known for a long time.

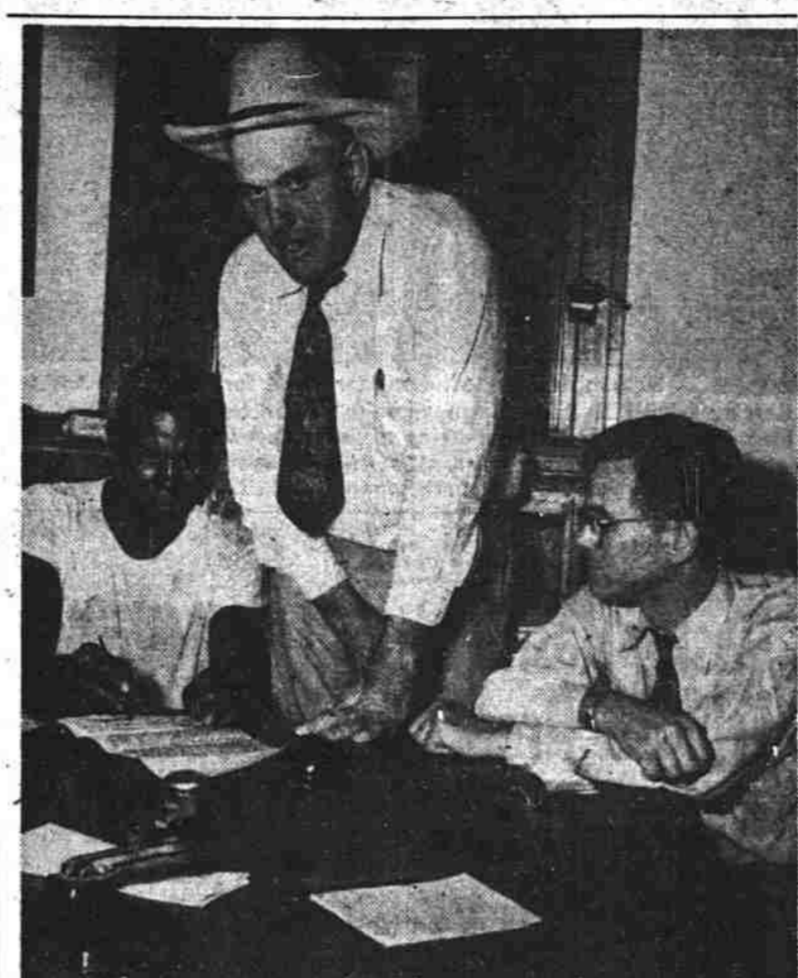

### Tribesmen Said Revolving In China

NANKING, Aug. 5. (AP)—An official source said today several thousand tribesmen on the Szechwan-Sikang border had revolted.

The spokesman said the Yi tribe, centered about 100 miles southwest of Chengtu, attacked national garrisons staffed by some 2,000 troops.

Government reinforcements were rushed to the scene. One report said a peacekeeper for the government forces was held hostage by the rebels.

# House Passes GOP Anti-Inflation Bill

### SIGNS STATEMENT — Broshay Franklin, 35-year-old Negro from Austin, signs a statement late Monday night, admitting he fought with Arden Johnston, 42, Fort Worth, who died earlier in the evening. Sheriff R. L. Wolf and County Attorney George T. Thomas, who secured the statement from Franklin, look on. Johnston, a machinist, had been working on the S. R. Vinsan farm near Elbow for 10 days prior to the time he was discovered unconscious in a clump of weeds below the Gregg street viaduct. He died, presumably of internal injuries, three days later in a hospital here. (Jack M. Haynes photo).

### DISGUSTED WITH UNIONS

## Met Opera Quits After Squabble

NEW YORK, Aug. 5. (AP)—The internationally famous Metropolitan Opera has cancelled plans for its 1948-49 season after failing to reach agreement with unions representing opera lovers and artists alike.

Officials of the Met, one of America's most distinguished musical institutions, said union demands for wage increases could not be met.

Declaring it was faced with a "large deficit" for the coming season, Opera Associated said:

"To increase this deficit by meeting further demands involving still higher costs of production would, we believe, be imprudent to the point of irresponsibility."

Last year's deficit was \$220,000. Previous economic crises have been met by personal contributions by directors of the Metropolitan Opera Assn. and by public contributions.

Closing of the Met, on whose stage the world's most celebrated singers have performed, stunned opera lovers and artists alike.

### Food Price Resistance Up

WASHINGTON, Aug. 5. (AP)—Increasing resistance to rising food prices was reported today by the Agriculture Department.

Demand for milk and most dairy products was said to have weakened in many parts of the country during July. Likewise, there was a shift from red meats, now at record price, to such substitutes as eggs and poultry.

Department reports also showed that speculators shared consumers' lack of interest in butter at current prices.

### Polio Spreading Rapidly Over U. S.

WASHINGTON, Aug. 5. (AP)—Infantile paralysis is spreading in more than half the states of the nation, with North Carolina, Texas and California suffering epidemics.

### WHO'S WHO AT THE ZOO

## Scientists Match Wits With Beasts

NEW YORK, Aug. 5. (AP)—Four university psychologists are busy on a new research project—in the Bronx Zoo.

They're trying to find out about animal brainpower and behavior. Obtained for the job by the New York Zoological Society, the psychologists expect to find out such things as:

- 1. Whether humming birds prefer red flowers.
- 2. Why the gorilla beats his chest.
- 3. Why sea lions hate to have their offspring learn to swim.
- 4. The research team believes their study will help uncover some of the secrets of the evolution of intelligence.

Each day, they go through a complicated process of matching wits with the beasts.

The experiments include such procedures as testing whether chimpanzee can choose a string with

## Truman Program Is Completely Blocked

WASHINGTON, Aug. 5. (AP)—The House today passed a Republican anti-inflation bill after blocking any consideration of President Truman's limited price, rationing and wage control program.

The vote was 264 to 97, or 23 more than the two-thirds necessary for passage under a suspension of the rules that limited debate to 40 minutes, and barred all amendments to the GOP measure.

Just before its passage, President Truman assailed the bill as "feeble compromises" in the fight against inflation, and some Democrats predicted a prompt veto.

The bill was sent to the Senate.

WASHINGTON, Aug. 5. (AP)—The Senate Banking Committee today threw out a housing bill prepared by a Senate-House subcommittee and voted to send an amended version of the Taft-Ellender-Wagner bill to the Senate floor.

### Senate Group Throws Out Housing Bill

Chairman Tobey (R-NH) said the surprise action was taken by a 7 to 5 vote.

Sen. Flanders (R-Vt) offered the motion to substitute an amended version of the T-E-W Bill for the subcommittee bill drafted principally by Sen. McCarthy (R-Wis).

The T-E-W bill contains provisions for slum clearance and public housing. The subcommittee bill did not.

It was understood before the committee meeting that McCarthy's measure had been given tentative approval by key Republicans in both houses. It was designed principally to spur production of low cost homes and large-scale real properties. It did not provide for government-financed housing.

McCarthy told reporters he will fight on the Senate floor to substitute the subcommittee measure for the approved bill.

He predicted that if the Senate passes the modified T-E-W Bill there will be no housing passed at the extra session.

## Meat Boycott Launched Here Anonymously

A movement aimed at boycotting meat counters until prices are forced down apparently had been launched by Big Spring housewives this morning, but opposition had reared its head from the ranks at the outset of the campaign.

Reports of telephone calls requesting cooperation were heard during the forenoon, and the Herald received notice that the movement was underway from an unidentified caller. As far as could be learned at noon no leaders of the campaign had publicly identified themselves.

One person who received a call readily stated her opposition to the campaign, however.

Mrs. Norman Spencer, wife of a rancher, said she could not go along with the movement unless other "high priced" items were to be included in the boycott. Meat production constitutes a major source of income for too many Howard countians for that item to be singled out in such action, Mrs. Spencer declared.

She said she hoped that some group or organization would conduct the subject with persons conducting the campaign and call their attention to other high priced commodities.

"We are paying as much in proportion for clothes, radios and other things as we are for meat, and if meat is to be boycotted, those things should be included too," Mrs. Spencer asserted.

The so-called "battle of the beef-steak" began several days ago in Dallas when housewives organized forces there to protest meat prices. By Wednesday the campaign had spread to a dozen other cities in the state.

### King Inspects Troops

OSLO, Norway, Aug. 5. (AP)—King Haakon inspected military camps around Oslo today in connection with mobilization maneuvers.

a grape on the other end of its whether an elephant can remember that an apple is tied to a string that terminates under a piece of black paper instead of white paper.

Two of the psychologists—Dr. Bernard Riess, assistant professor at Hunter College, and Samuel E. Lyster, instructor at the University of North Carolina—sleep in the zoo at night.

The other two are Dr. Herbert G. Birch, assistant professor at the City College of New York, and Dr. Sherman Ross, associate professor at Bucknell University.

The psychologists already have learned a little about how to get along in the animal kingdom.

For instance, said Dr. Riess, if an ape takes a mouthful of water with the intention of spitting it at you, the only thing to do is spit at him first.

**YOUTH GETS WISH JUST IN TIME**

DETROIT, Aug. 5 (AP)—Robert Dwyer, 21, had just one request to make before he was sentenced Tuesday to serve five to 15 years in prison for robbery armed.

The youth, accused of stealing his father's car and taking money from the family home, wants to see his mother, critically ill in a Detroit hospital.

Recorder's Judge George B. Murphy granted the request, and Mrs. Louise Dwyer and her son had a brief visit.

It was their last, for Mrs. Dwyer died yesterday.

Now the youth has another petition that court authorities plan to grant. They will let him visit the funeral home where his mother's body lies before he is taken to Southern Michigan Prison.

**SILVERMASTER IDENTIFIES ACCUSER** — Nathan Gregory Silvermaster (left) turns in the witness chair to identify Miss Elizabeth T. Bentley (right) as the woman who in earlier testimony before a House investigating committee in Washington accused him of being a Soviet spy while employed by the U. S. government. Miss Bentley, present in the hearing room, stood to acknowledge the identification. Later, after a denial by Silvermaster, she repeated her charges under oath. (AP Wirephoto).

**Pastor Hasn't Missed 40-Mile Trip To Preach In 23 Years**

PARIS, Aug. 5 (AP)—"The Lord is My Light and my Salvation; whom shall I fear?"

This scriptural passage has continually been on the mind of the Rev. H. N. Logan, 74-year-old Negro Baptist Minister of Manchester, Lamar County, Texas, as he makes his weekly 40-mile journey to Paris to preach in the Mount Pisgah Baptist Church.

And for the past 23 years Rev. Logan hasn't missed a week meeting his congregation in Paris.

In telling the story of the minister, Ed Bryson of the Paris (Tex) News, says the white-haired minister usually makes his trip in a small wagon with a canvas cover to keep out the rain and soften the sunshine.

In the winter a small charcoal stove in the wagon keeps Rev. Logan from freezing.

"My hands have been frosted and my ears frozen," the minister relates, "and I have waded the creek bottom when it was half a mile wide to get to my appointment."

Rev. Logan adds that during his 41 years as a minister he has helped build nine churches, seven in Lamar and two in Red River County. He has added 3,000 members to the churches he has pastored during his ministry and has baptized 700.

The negro minister was born Dec. 29, 1873 at Arthur City, on the Red River, and has spent most of his life within a good day's walking distance of that place. His career as a preacher began in 1907.

He explains that he has made up for his late start by faithful work as a minister and a builder of churches.

Believing that "a naked back and hungry stomach" are the only two things a man can get without working, the traveling minister owns a 60-acre farm north of Manchester. There he grows much of the food for his family in addition to a cotton crop for cash.

However, most of his time and energy are given to his church work.

**Station KPRC Will Resume Its Speech Censoring**

HOUSTON, Aug. 5 (AP)—Radio Station KPRC has resumed censorship of radio speeches.

Jack Binion, station attorney, said yesterday the effect of a three-

judge federal court ruling here Tuesday was that radio stations would not be affected by the opinion of the Federal Communications Commission that political speeches should not be censored for libel in any respect.

The three judges dismissed an injunction suit filed by KPRC against the commission after saying the court was without jurisdiction.

**Use Negro Convicts To Plow Farmland**

MONTGOMERY, Ala., Aug. 5 (AP)—Negro convicts have been used in the place of mules to plow prison farmland in Alabama, prison investigator have learned.

But the convicts hitched themselves to the plows voluntarily, said State Prison Director Frank Boswell in testimony before a committee yesterday.

He told legislative-public committee members charged to work out a reform program that teams of four, six or eight Negroes were used to pull the plows across small plots of farmland at Kilby Prison.

## Kidneys Must Remove Excess Acids

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste

If you have an excess of acids in your blood, your 15 miles of kidney tubes may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness

under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Kidneys may need help the same as bowels, so ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

last night shoved the Oilers past Houston.

While Tulsa was knocking off San Antonio, 4-1, 3-1, Houston split two with Oklahoma City. The Buffs won the opener, 3-2, and Oklahoma City took the second, 10-4.

Dallas had a three-game winning streak shattered by Shevreport, 7-6 and 11-6, while league-leading Fort Worth took it on the chin from Beaumont, 9-7.

Jim Avrea held San Antonio to four hits in the first game for his fourteenth victory and Bud Byerly limited the Missions to two blows in the nightcap.

Pete Bryant bested Vic Johnson in a pitching duel in the first Houston-Oklahoma City game, but a five-run fourth inning rally sent the Indians away to a big lead in the second.

Shevreport treated six Dallas pitchers like Cousins in the two games at Dallas, banging out a total of 28 hits.

Tonight the same teams wind up their series.

**STRIKERS PROTEST TROOPS** — Seventeen participants in the Unis Lens Co. strike at Dayton, Ohio, marched before the state capitol. They were protesting troops called out by Gov. Thomas J. Herbert to maintain order at the strike scene. The governor wasn't in his office at the time. (AP Wirephoto).

## DEATH AT WHEEL

### Tragedy Stalks Drunken Driver

By BEN FUNK

The driver of the sedan was obviously drunk, witnesses said. He had been weaving uncertainly in and out of traffic on the busy western Colorado highway for several miles.

Finally, his car left the road on a bridge, hurtled into the Colorado river and sank beneath the surface.

The driver managed to get out of the vehicle and swim to the bank, while witnesses sighed with relief. For a moment it seemed that the damage to the car would be the only price for his foolishness.

But his drink-muddled mind had failed in the excitement of the moment to register one important fact.

His three-year-old son had been riding in that car with him and was drowned.

The drunken driver is the most tragic figure in the continuing story of death on America's streets and highways. He was involved in one out of five of the accidents that killed 32,000 people last year and injured 1,100,000.

The inebriated pedestrian was equally guilty. One out of four walkers killed had been drinking. But, unlike the drunken driver, the tipsy pedestrian usually brought death only to himself. The drunken driver killed, hurt or broke the hearts of thousands of people he never knew.

President Truman's highway safety conference found that control of the drinking driver is complicated by many factors. First is

the public apathy toward the problem, which has its effect on legislators, police officers, judges and juries.

Drunken driving has been made a felony in many states. But sometimes, the conference found, this has proved a handicap rather than a help. Because of the heavy penalties involved, officers hesitate to charge drunken driving and juries are slow to convict.

Second is the extreme difficulty in proving in court that a driver had been drinking. The American Medical Association has recommended chemical tests to prove the point, but laws permitting these tests have been passed in only a few scattered states.

Elsewhere the prosecution must depend on the testimony of witnesses—testimony that often is tally unreliable.

For there are many pathological conditions that will make the suspect appear drunk. Cerebral concussion, skull fracture or extremely high blood pressure may do it. Some sedatives and certain types of food poisoning may leave a person dizzy, suggesting drunkenness. The same effect is caused by an overdose of insulin in diabetics, while lack of insulin may cause a breath odor similar to that of alcohol.

Once these facts are pointed out by a defense attorney, he has instilled doubt in the minds of the jurors and paved the way to acquittal.

In an automobile, a light pressure of the foot will summon tremendous power. If you push it up to 75 miles an hour and hit a pedestrian his body will look worse than if he had fallen off an 18-story building and smacked a concrete pavement.

Birds are more closely related to crocodiles than the latter are to turtles.

## LAMPS TRAP FISH

MOSCOW, (U)—"Evening Moscow" reports fishermen are using submerged electric lights in catching sprat. The system, perfected by a Prof. Borisovas, allows the Cas-

Big Spring (Texas) Herald, Thurs., August 5, 1948 3

pien fishermen to lower a series of 800 to 1,000-watt lamps into the sea which attracts whole schools of the fish.

Once the sprat are near the lamps are hauled quickly aboard nearby ships with nets. One expedition caught more than 3,000 poods in an evening by the electric lamp method.

The Following is A Reprint From The Dallas Morning News Of Thursday, July 29:

## "MUCH MILK SOLD IN DALLAS UNFIT, SAYS HEALTH REPORT"

A health board including four doctors bluntly declared Wednesday that much of Dallas milk supply is coming from diseased cattle.

It also called on the city to bar all but federally inspected poultry from the city meat counters until a city abattoir can be built. Although three viruses and fifty-four kinds of bacteria in poultry can infect human beings, the board added. The City Public Health Advisory Board made the charges in a report to City Manager Rodero Thomas.

**HEALTH SETUP SCORED**

The report struck out at a number of things in the current Dallas health setup. It criticized the lack of co-operation between the City-County Hospital organization and the health department. It also hit at the lack of health department facilities and the way the city handles health department personnel.

The board is headed by Dr. J. L. Goforth, former president of the Dallas County Medical Society. It includes Dr. John G. Young, Dr. C. B. Carter, Dr. R. A. Self, Mrs. Kirk Hall and C. M. Biles.

The report is a result of a

4-month study of Dallas public health facilities.

The board gave ratings to all health activities except milk inspection.

That was not graded, the report stated, because the board could not get sufficient information to rate accurately the milk that is consumed in Dallas.

The report said a high percentage of dairy cattle are infected with Mastitis and Bangs disease. Mastitis is a disease of the cow's udder caused by pus-forming bacteria. Bangs disease causes undulant fever in human beings.

**LITTLE RAW MILK SOLD**

"Although there is a shortage of milk in this locality, encouraging an increase in high bacteria milk, watered milk, etc. Dallas has no regulation against distribution of raw milk," the report said. "We have been fortunate, however, in that the percentage of raw milk sold in Dallas is small."

The report said it is not generally known by the public that there is a difference between pure and pasteurized milk.

"Pasteurization does not eliminate the desire of everyone for clean food" the report said. "The average individual would not be satisfied if someone blew his

nose in a glass of water and then assured the person that he would pasteurize the water and then it would be suitable for drinking. This situation is being presented in many cities today where dairies are milking pus-laden, stringy milk into milk pails, and families are placing this milk on their tables as harmless only because it has been pasteurized."

The report said the United States Health service standard of grading milk used in Dallas was adopted in 1921 and has been revised only slightly since.

"These standards comply with the requirements of State Law, but do not insure clean milk, clean ice cream or other milk products on the tables of Dallas homes," the report said.

"It is the opinion of the board that Dallas should at once, begin a definite program to improve the quality of milk and milk products sold in this city."

The board pointed out that the city's system of laboratory inspection of milk requires forty-eight hours to obtain a bacterial count.

"In other words, under present methods it is not possible to detect bad milk until two days after it has been consumed," the report said.

TEXANS IN WASHINGTON

Stevenson And Johnson Keep Names In Headlines While Visiting Capitol

By TEX EASLEY WASHINGTON, Aug. 5 (AP)—Both of Texas' candidates in the runoff race for U. S. Senator were in Washington last weekend and gave Texas newsmen here a taste of the political campaign reporting they used to do in the Lone Star State.

meeting at almost the same moment with State department officials, and the next day held his own confab with Forrestal. Interspersed with news, Johnson would take a few pot shots at his pipe-smoking opponent. They were subtle, but with a little barb. Coke usually had a comeback. For example:

man, since junction is in the San Angelo's district. Fisher had Stevenson to lunch in the House restaurant seated at a table near them, incidentally, were two Longview business men.

who were guests of Rep. Lindley Beckworth of Gladewater. They were Earl J. Calk and G. P. Cragin.

**AMAZING RESULTS WITH MERTOX TONK**

Mr. Ben Gressman of Houston writes as follows: "For a long time I have had occasional bilious spells. My head would hurt and I would vomit my food. My last spell was very severe and I just thought I would die. My appetite was poor and I couldn't sleep at night. I was so troubled with my bilious spells just before I would have a spell of gas and bloating. I would be dizzy and I would have a severe headache. My food would not seem to do me any good. I just seemed as if everything was wrong with me. To anyone suffering like I was, I recommend MERTOX highly." "This splendid medicine, containing 25 ingredients, works fast to eliminate poisonous matter from your system. Helps to build rich, red blood. Relieves constipation within a few hours and helps to create a more rhythmic bowel action. Get MERTOX Compound today from any Texas drugstore at the new REDUCED price."

**SOIL CONSERVATION**

**Survey Is Made On Seed Needs**

Supervisors of the Martin-Howard Soil Conservation District started a survey of district cooperators last week to determine the need for seed for winter cover crops. Frank Loveless, district supervisor, announced Tuesday. Seed for Abruzzi rye, hairy vetch, Austrian winter peas, Dixie Wonder peas, Hubam and Madrid sweet clover being used by farmers in cooperation with the district program for soil improvement will be scarce this fall. Loveless stated. Farmers are urged to get their seed for these cover crops as soon as possible. The soil improving crops are included as part of a coordinated soil conservation program to protect the land from blowing and build up the soil by adding nitrogen and organic matter. Soils analyses over the district have shown the need of from four to eight times as much organic matter in the soil. Loveless said, and much of the land is low in nitrogen.

## Western Folk Don Garb And Pack Grandstand For Opening Rodeo

Western folk all know it's rodeo time in Big Spring and they don't waste time donning the chick garb of said season! At least, a peep at

the population gave so much indication. Whether the fan be one month old or eighty years old, most turned

out to pack the grandstand, bleachers and fences at the opening night of the 15th annual Cowboy Reunion and Rodeo. The bleachers were filled before 7:30 o'clock.

Many horses cut up during the grand entry and EARLYNN WRIGHT'S is one we could name. Riding with her were MARY GER-ALD ROBBINS, SUE CAROL WASSON and BETTY HEWITT.

The American Business Club members looked bright with their club red shirts. Among those who were assisting with the mechanics of the various concessions were ROY REEDER, MERRILL CREIGHTON, HARVEY WOOTEN, TED PHILLIPS, JACK THOMPSON.

MR. AND MRS. ROXIE DOB- BINS and redheaded daughter, BEVERLY (complete with jeans and plaid shirt) arrived early enough to get good seats. Spied MR. AND MRS. PAT STASEY and their young daughter, PATRICIA. She was wearing her jeans and cowboy shirt.

Just before the show began at 8:15 p. m., MR. AND MRS. OTIS GRAFA, SR. carrying their grand- son, followed by MR. AND MRS. OTIS GRAFA, JR. and MR. AND MRS. JACK MURDOCK arrived. Shivering and wishing for coats before the show was half over were MRS. J. A. ETHERIDGE, MRS. B. N. RALPH, MRS. WEATA GREEN and NATALIE MAR- TIEZE.

Among other interested specta- tors were MR. AND MRS. ER- NEST BROOKS, MR. AND MRS. JOHN CHANEY and granddaugh- ter, JUNE ANN JOHNSTON, CHOCK SMITH, PAUL RICKER and MARIO THURMAN, MR. AND MRS. DON BURMAN, MR. AND MRS. MORRIS ROBERTSON, and young son, MR. AND MRS. J. B. WHEAT, PATSY ANN TOMPKINS, MR. AND MRS. CHARLES TOMPKINS and son, MRS. JAMES BROOKS and FAN- NIE STEVENS.

A good rider, BEVERLY VAUGHN looked experienced rid- ing beside her father, DOYLE VAUGHN in the parade and grand entry.

It always is nice to see ANNA- BELLE TAYLOR riding in a Big Spring rodeo. She was wearing a gold outfit and riding a good mount. She clocked 20.7 in the Cowgirls Clover Leaf Race.

When do peanuts, popcorn, cotton candy and soda pop taste better than at a rodeo? MR. AND MRS. BURL CRAMER and daughter, DONNA FAYE were trying them all. (Me, too!)

Saying greetings as they climbed to the top of the stand were MR. AND MRS. LOU CARROTHERS, MR. AND MRS. J. C. WAITS, JR. and MR. AND MRS. J. C. WAITS, SR., MRS. HAYES STIPLING, JANE STRIPLING and escort, WESLEY STRAHAN.

One of the best rides in the bare- back bronc riding, at least the most thrilling, was that made by JIM BRANNON of Ozona. JACK and BOBBIE KNAPP of Van Nuys, Calif. were superior in their acro- batic trick roping act.

Must not fail to mention how nice the COAHOMA BAND looked in their new uniforms of gray and red. They furnished music in the grandstand during the show.

four covering 14 states in the North and Midwest. Mr. and Mrs. C. L. Wasson left Tuesday to spend a 10-day vacation in various parts of New Mexi- co. Mr. and Mrs. Jack Wilcox of Belin, N. M., will arrive this weekend for a visit with Mr. and Mrs. T. E. Jordan.

Visitors in the M. Weaver home this week are members of R. H. Weaver's wedding party: Grover Cunningham, Jr., of Austin, Fred Jones of Bonham, Richard Fowler of Memphis, Allen Barnard of La- messa, and Creed Coffee of Alice.

QUILTING BEE . . . This circular quilted skirt in rayon tricort knit sharkskin is one of the season's hits because it combines crispness and drapability, and resists wrinkling. Worn over a play suit, it's perfect picnic garb.

## Housewarming And Gift Showers In News At Stanton As Well As Visitors

STANTON, Aug. 5. (Sp.)—Mr. and Mrs. Jack Bently and small daughter of Texon have moved here and recently purchased a residence in the north part of town. He is employed as bookkeeper at Alsip Chevrolet Company.

Mr. and Mrs. B. F. Sanders of Pecos visited with their daughter and family, Mr. and Mrs. Dale Kelly a short time Saturday as they passed through on their way to Big Spring.

A surprise housewarming was given by hostesses, Mrs. Dale Kel- ly, Mrs. W. E. Kelly, Mrs. Ohmor

Kelly and Mrs. Wallace Kelly for Mrs. C. C. Kelly Friday night. A large crowd attended and a selection of gifts were given to the honoree. Mr. and Mrs. Kelly moved into their new farm home recently. Out of town guests were Mr. and Mrs. John Telly Atchison and fam- ily, Mr. and Mrs. J. W. Smith, all of Midland, Mr. and Mrs. Dave Carter of Big Spring.

Mr. and Mrs. Dick Hitson and son Dicky of Breckenridge were here over the week-end attending business.

Betty Spinks of Abilene has gone to Kermit this week to visit other relatives and will return by here on her way home.

Mr. and Mrs. Dudley Anderson left Sunday for Ranger to be at the bedside of his mother. Friends here were notified Tuesday that she had died and will be buried today.

Mrs. George Billy Wilkerson and son, Sammy Don is visiting this week with her sister, Mrs. Lloyd Hastings and family in the Courtney community.

Gene Davis attending Nursing school in Dallas arrived Tuesday to spend her week vacation with her mother, Mrs. Ann Davis.

Mrs. Ada Balze of Midland is visiting friends here this week and is attending the Church of Christ meeting.

On a chartered bus arriving from Colorado City with N. H. Norris as sponsor, a few of our Boy Scouts left to spend the week-end in the Davis Mountains. Those going were Bobby Shankle, Wayne But- cher, James McCoy and Billy Rowden.

A baby shower was given at Mrs. Paul Jones home Tuesday honoring the new adopted son of Mr. and Mrs. Emmitt Pittman. Hostesses were Mrs. Jim Sales, Mrs. T. Y. Allen, Mrs. Edmond Tom, Mrs. Lewis Ruten, Mrs. Elmer Long, Mrs. Allen Kaderli, Mrs. W. E. Fugauy, Mrs. Pat Orren, Mrs. Alton Ledbetter, Mrs. B. F. White, Mrs. C. B. Jones, Mrs. Ed William- son, Mrs. Guy Eiland, Marjorie Louder and Mrs. Paul Jones.

The hostesses presented little Vir- gil Dwin with a baby bed. Music was played through out the evening by Mrs. Edmond Tom.

Marjorie Louder poured punch and Mrs. Williamson presided at the register.

The program included a song, "Little Curly Head" by Mrs. O. B. Bryan and a poem, "When the Baby Smiled" by Mrs. Grace Jones.

Forty guests attended and out of town visitors were Mrs. Margaret Moffett of New York, Mrs. Chad, Mrs. L. M. Maddox of Celso.

## Several Sports Entertain Class

Horseback riding, swimming, rabbit hunting and eating were among the activities the Anti-Can't Sunday school class of the First Baptist church participated in at a party Tuesday evening at the coun- try home of Dr. and Mrs. Otto Wolfe.

Girls of college age attending were Marjorie Moore, Evelyn Hud- dleston, Charlene Tucker, Ruth and Martha Hobbs, Babs Snyder, Melba Preston, Mamie Jean Meador, Lina Jane Wolfe, Frances Weir and Ar- lys Atkins. Mrs. J. F. Jones, teach- er, and Jackie Bramwell, youth director, were the chaperones.

On the program was a demon- stration of life-saving techniques by Babs Snyder and Martha Hobbs. Later in the evening, Mrs. Otto Wolfe led in a discussion of how to send clothes and food to the needy peoples of Europe.

## Philathea Class Has Luncheon

Mrs. Harold Parks' group was hostess for the Philathea class luncheon at the First Methodist church Wednesday noon. Assisting in the group were Mrs. Tom Slaughter, Mrs. Charles Watson, Mrs. W. N. Norred and Mrs. Albert Smith.

Mrs. Merle Stewart gave the devo- tion on "God's Light". During the business session, Mrs. Jake Bishop, Mrs. Garner McAdams and Mrs. Albert Smith were ap- pointed to serve on the nominating committee for new officers.

Pink and red roses were deco- rations for the white linen laid table. Those attending were Jane Wat- son, Mrs. Paul Darrow, Mrs. Iva Huneycutt, Helen Huneycutt, Mrs. A. J. Butler, Mrs. R. B. Reeder, Mrs. Gus Brandon, Mrs. Lina Flew- ellan, Mrs. W. C. Carr, Mrs. Bill O'Neil, Mrs. Roy Carter, Mrs. Jake Bishop, Mrs. Fred McGowan, Mrs. M. E. Ooley, Mrs. Alsie Carleton, Mrs. S. H. Newberg, Mrs. Ben Smith, Mrs. J. D. O'Barr, Mrs. J. B. Apple, Mrs. T. G. Adams, Lucille Hester, Mrs. Maxine Low- rey and Mrs. H. B. Crocker.

Medical Test Proved This Great to Relieve MONTHLY FEMALE PAINS

Are you troubled by distress of fe- male functional monthly distur- bances? Does this make you suffer from pain, feel so nervous, weak, high-strung—at such times? Then try Lydia E. Pinkham's Vegetable Compound to relieve such sym- ptoms! In a recent medical test this proved remarkably helpful to wom- en troubled this way. Any druggist has this.

## Visits-Visitors

Rev. and Mrs. Charles Thrawl of Hammond, Ind. will arrive today from San Antonio to visit with Rev. and Mrs. John E. Kolar. The Thrawls are enroute to their home in Indiana. Lewis Earl France of Benton Harbor, Mich. is here vis- iting in the Kolar home.

Mrs. Andy Price of Odessa has returned home after visiting her twin sister, Mrs. A. C. Kloven. Mr. and Mrs. Kloven and son, Alford, recently returned from a vacation

Great Salt Lake is the largest body of concentrated brine in the world.

## Suzanne Wesley Class To Have Luncheon

Suzanne Wesley class of the First Methodist church will have a cov- ered dish luncheon at 12 noon Friday at the church, Mrs. L. E. Eddy, president, announced. All members of the class are invited to attend.

Rev. P. Walter Hinckel of Bay- town, former minister of the Epis- copal church here, stopped over in Big Spring for a short visit Wednesday with friends, enroute to his home from Midland.

## Beulah Ferull Joins Local Society. BLFE

Beulah Ferull of Tucumcari, N. M., was introduced as a new member of the local Ladies So- ciety of the Brotherhood of Loco- motive Firemen and Engineers at its regular session Wednesday af- ternoon at the WOW hall.

Members present were Lois Hall, Billie Anderson, Alice Mims, Sarah Griffin, Jewel Williams, Minnie Barbee, Lois Garland, Florence Rose, Stella Johnson, Irene Parks, Theresa Anderson, Bessie Power, Gladys Slusser, and Minnie Skalicky.

## Picnic And Swimming Party Held For Knott Residents Over Week-End

KNOTT, Aug. 5. (Sp.)—On a pic- nic and swimming party to Chris- toval this week were Mrs. W. A. Jackson and daughters, Earline, Doris, Neva Jean and Karen, Mrs. Cecil Shafer and daughter, Billie Louise, all of Knott, Mrs. J. S. Jackson and daughters, Thelma and June, and Denny Jackson of Vealmoor, Edna Merle Gaskin and Nelda Shaw of Big Spring.

Mrs. Alton Wright and children of Gorman are visiting her parents, Mr. and Mrs. C. G. Brown. A son, Eugene Brown, was a week- end guest in the C. G. Brown home. Mr. and Mrs. Kenneth Davis and son have returned from visiting his parents in Bridgeton, N. J.

Mrs. Curtis Hill and son, Mrs. R. H. Unger, Mrs. Fred Roman, all of Knott, and Mrs. Frances Glenn of Big Spring, visited Sun- day with a sister, Mrs. O. A. War- ren in Levelland.

Mrs. Robert Fields and children of Big Spring spent the weekend here with her parents, Mr. and Mrs. L. C. Gibbs.

Mrs. Ernest Wagner and chil- dren of El Paso are visiting here with her mother, Mrs. T. H. Luckie, and her sister, Mrs. L. M. Maddux of San Antonio.

Guests this week with the Rev. and Mrs. E. G. Newcomer are their daughters, Mrs. T. A. Christman of Pecos, Mrs. Rosie Mineck of David City, Neb., Thelma New- comer of Lubbock, and a son, Earl Newcomer of Welsh.

The Rev. C. Q. Herndon of Steph- enville, pastor of the Mt. Joy Bap- tist church there, is conducting a revival at the Knott Baptist church. Mrs. Kenneth Davis and son of Knott, and Mr. and Mrs. J. J. McGregor and daughter, Lillie, of Big Spring have spent a few days in Carlsbad, N. M.

Eulene and Thelma Jackson vis- ited this weekend in Colorado City. Mr. and Mrs. E. L. Roman and family are visiting their daughter, Mrs. Bob Cheatum, in San Antonio. Leonard Wilson, Jr. of Spur flew to Knott Sunday for a visit with his aunt, Mrs. Lee Vaughn. He was accompanied by Billy Addie of Big Spring.

## EAT PLENTY AND TAKE OFF UGLY FAT

Many people have reported amazing results with this home recipe. It's easy—no trouble at all and costs little. Just go to your drug- gist and ask for 4 ounces of liquid Barco- nate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonfuls twice a day. That's all there is to it. If the very first bottle doesn't show the results, easy way to lose bulky fat and help regain slimmer, more graceful curves; if reducible pounds and inches of excess fat don't just seem to dis- appear almost like magic, from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

Lost 47 Pounds "When I commenced to take Barconate, I weighed 212 pounds. I now weigh 165. I lost 25 pounds on the first two bottles. I feel so much better after losing that weight. I think it is a wonderful medicine and thanks to Barconate."—Mrs. George Green, Chalmers Courts 4, Apt. 1, Austin, Texas.

Lost 20 Pounds "I lost 20 pounds taking four bottles of Barconate and I feel fine!"—Mrs. E. G. Gales, 212 25th Street, Corpus Christi, Texas.

# New! Breeze!

HARD WATER SUDS DISCOVERY!

## Makes your pretty washables...and you Look Younger!

What Suds— IN OUR HARD WATER!

NEW, YOUNGER, GAYER FRESHNESS FOR YOU...

Here's Why

1. No soap scum to gray or yellow your nice things . . . new Breeze freshness for all your pretty washables . . . Dresses, underthings, stockings and woollens—all stay fresher and gayer. And Breeze is milder than the mildest soapsuds.
2. New Breeze is the only fine-fabric product containing a Special Brightening Ingredient . . . lovelier, brighter colors . . . lovelier you! Breeze gives colors an amazing new brightness—more brightness than other suds—makes your pretty washables and you look younger.

For that Breeze-Fresh Look from top to toe . . .

say "Breeze, please!"

New suds for that Younger Look —from Lever Brothers Company

**GIANT TROUT**—William H. Kaufmann (right) of La Junta, Colo., and E. R. Santee of Wichita, Kas., balance 16½-pound Loch Leven trout that Kaufmann caught in Rio Grande, 40 miles west of Creede, Colo. By way of contrast, Kaufmann holds a 2½-pounder.

**Sterling Test**

Emerald No. 1 Carolyn McDonald is to be 8,500-foot wildcat in south-central Sterling county. It is to explore in the Ellenburger, and is 900 feet from west and 600 feet from the south line, section 3, blk. 2-TP survey, 5 miles southwest of Sterling City. Drilling with rotary rig is to start at once.

**TRY THIS OLD FAMILY RECIPE FOR GRAPE JELLY**

Wash and stem grapes. Crush grapes, add small amount of water and boil 25 minutes. Press through a jelly bag and strain. Measure juice and heat to boiling point. For each cup of juice add ¼ cup of Imperial Pure Cane Sugar. Boil rapidly to jelly stage. To prevent the formation of crystals allow the extracted juice to stand overnight in a cool place. Next morning carefully pour the juice into sterilized glass jars and seal.

To be sure of getting the finest of Pure Cane, demand IMPERIAL PURE CANE SUGAR. It's Pure Cane, Real Cane, and quick-dissolving.

**Parks Visitors Are On Increase**

WASHINGTON, Aug. 5. (AP)—The National Park Service, noting a 227 per cent increase for visitors to recreational areas in June, attributed it to the Lake Texoma area in Oklahoma and Texas.

That section had 1,382,128 visitors in the opening nine months of the travel year which started last Oct. 1.

Travel to most of the scenic sites in national parks during June slumped below last year's comparative totals, the service said.

However, visitors in all units of the park system for the first nine months of the travel year totalled 14,808,827, compared to 12,166,941 for the same time the previous travel year.

The park service counted 482,978 visitors in June, 6,136 less than for June, 1947.

Travel totals for the Oct. 1-June 30 period at national parks included Big Bend, Tex., 22,101, increase 9,764 over the previous year; Carlsbad Caverns, New Mexico, 24,854, increase 16,491.

**Jap Commie Chief Urges Labor Fight**

TOKYO, Aug. 5. (AP)—Communist Party Secretary Kyuichi Tokuda Wednesday called for a counter-offensive against foes of labor and the Ashida cabinet.

Tokuda addressed a cheering throng in his first public appearance since an attempt was made on his life in Kyushu, Southern Japanese island. He was given a rousing cheer by his youthful followers when he shouted: "The Ashida cabinet has become the puppet government of foreign capital."

Tokuda boosted the Henry Wallace third party platform as a peace movement for the world.

**3 Persons Killed Near Childress**

CHILDRESS, Aug. 5. (AP)—An auto-truck crash two miles west of Goodlett, Tex., Tuesday killed three persons and injured one.

Dead were Mr. and Mrs. Buel Cunningham and their 35-year-old invalid son of Waurika, Okla. They were occupants of the automobile.

M. E. Shelby of Wichita Falls, produce truck driver, was treated at a Quannah, Tex., hospital for a cut heel tendon.

**Filmster's Former Wife Found Dead**

LOS ANGELES, Aug. 5. (AP)—The nude body of Mrs. Lavonne Silvers, 31, estranged wife of Film and Radio Musical Director Lou Silvers, was not found until almost a week after she died, detectives said.

Officers forced their way into Mrs. Silvers' home Tuesday and found the body in a bathtub after a neighbor reported she had not seen the 31-year-old woman for several days.

**Korean Cabinet Set**

SEOUL, Aug. 5. (AP)—The first democratic government of Korea completed its cabinet today. It includes a woman, Louise Yim, unofficial Korean representative to the United Nations.

**BATH LUXURY for all the family**

JOY SUDS in the tub means joy in the bath. A million bubbles make water soft as rain, your bath delightfully refreshing and bubble ring a thing of the past. AND—JOY SUDS is so economical everyone in the family can use it generously for every bath.

**ASK YOUR GROCER**

**MONIAN GUINEA PIGS UNDERPAID**

**Heroes Of Science Often Risk Lives For No Reward**

NEW YORK, Aug. 5. (AP)—Therewidly found poisons, looking for most underpaid job in the world, in terms of cash, is that of a human guinea pig in medicine.

It always has been so. The first recorded human guinea pig was a man who did it for the privilege of looking upon a king. He appeared before Charles I. of England, about the year 1628.

This man's heart had been bared by an accident and Dr. Harvey, as part of his discovery of the circulation of blood, showed the King that there was no pain when this bare heart was touched. Harvey used animals too in his discovery.

Lack of such tests had delayed this discovery for about 1300 years during the Dark and most of the Middle Ages. One of the barriers was a ban even on dissecting a human cadaver.

Human guinea pigs began to be numerous about 1850, but they worked without pay, for in most cases they were scientists who were willing to risk their own lives. Many of these swallowed

retary of War has ruled that certificates of merit will be accompanied by some reduction in time of sentence. The Seagoville prisoners also receive \$100.

The historical facts are from a study by Dr. A. C. Ivy, University of Illinois college of medicine, who explains that Hippocrates, father of medicine, four centuries before Christ, set the moral principle for physicians in his oath for physicians, to which every young doctor swears to this day. The oath, to give others freely of medical discoveries, recognized the fact that every patient is to some extent a guinea pig.

From that day to now, medical authorities have insisted that human guinea pigs should be volunteers.

American universities do extensive human guinea pig work with student volunteers. But the experiments are safe. Most frequent are studies in eating, in which the student's reward is usually free board.

At Tulane, student volunteers had radioactive phosphorus injected in-

to their blood to count the number of red corpuscles in the human body. This was an exciting adventure, because radio-activity inside you is something new and dangerous. At Tulane the risks were avoided.

There is systematic recruiting of guinea pigs at the University of Pennsylvania medical school. When student volunteers are wanted, a note is posted on the Dean's bulletin board. There were two notes this spring.

One asked for three for metabolism tests. They were to spend all their time in a hospital, but would be free to read, study and play shut-in games, all for \$100 and keep. The other wanted an unnamed number for respiration studies for a stipend not specified.

# Golden Brown Chicken Solves Summer Dinner

By CECILY BROWNSTONE  
By The Associated Press

Broilers and fryers cooked to a crisp, golden succulence, are a perfect dish for warm days—both from the point of view of the eater and the cook. They're simple to prepare without heating up the kitchen.

A young plump chicken, that weighs no more than 3½ pounds is usually classed as a "broiler," for broiling demands a very young bird. In purchasing broilers have your butcher remove the backbone—with the neck attached—then split or quarter the chicken, remove wing tips and break major joints by snapping the cartilage in each. This will make the broilers easier to cook and to eat. The backbone, neck, wing tips and giblets make wonderful stock when cooked in water to cover with the addition of a small carrot, onion, celery leaves, salt, a few peppercorns and a clove or two.

Wash and dry the chicken pieces before broiling. A pastry brush is handy for brushing them with melted butter or margarine before putting them, skin-side down, on the broiler pan (without the rack); or use a shallow pan if

desired. You can, of course, use the broiling rack on which to place the chicken, but I find it easier to broil the pieces without it. Place the broiler so that the top of the chicken will be about four inches from the source of the heat. Then regulate the heat, or change the position of the rack, so that the chicken just begins to color lightly in spots at the end of 10 to 12 minutes. Turn the pieces and baste with a little additional melted fat about every 10 minutes, as they brown. Cook until tender and evenly browned, about 30 to 45 minutes, according to size. Season both sides with salt and pepper and serve.

Although this standard method suggests seasoning chicken after broiling, I sometimes like to mix salt, pepper, paprika, dry mustard, garlic or onion salt, and freshly ground pepper with the melted fat and brush the chicken well with this mixture before broiling.

Make life easier for yourself and serve the broilers picnic fashion with paper napkins—and no plates, forks or knives.

Fryers are usually considered to be chickens weighing from 2½ to 3½ pounds, although young birds of any size may be fried, of course. The chicken should be disjointed and cut up to give about 11 pieces. 2 drumsticks, 2 second joints, 2 pieces of breast, 2 wings, 2 pieces of back and the neck. Leave the skin intact since this makes a difference in frying.

Yams are a natural with broiled or fried chicken. They're one of the best of the canned products. I think, and packed this way they're especially appealing in summer

when you don't feel like cooking. You can fry the yams in the same skillet in which the chicken was cooked to a delectable brown.

**FRIED CHICKEN AND YAMS**  
Ingredients: Two 2½ to 3 pound fryers, 1 cup all-purpose flour, 2 teaspoons salt, ½ teaspoon pepper, fat and two No. 2½ cans yams.

Method: Have each fryer cut into about 11 pieces. Wash, but do not dry the chicken so that the flour coating will stick to it. Put the flour, salt, pepper into a bowl and mix it well. Add the chicken pieces a few at a time, and rub each well with the coating. If desired, the flour and seasonings may be put into a brown paper bag and the chicken pieces shaken in it until they are coated. (Reserve any flour leftover for coating potatoes.) In two large heavy skillets melt fat to depth of one-half to 1 inch. When the fat is quite hot, add the chicken pieces. Reduce heat to moderate and brown on one side, then turn to brown on other side. This will take 25 to 35 mins. If chicken is not tender then turn heat very low and cook a little longer on each side. Drain on absorbent paper. Drain the yams, roll in seasoned flour left over from coating chicken (add additional flour if necessary) and brown in the hot fat in which the chicken was cooked.

**Roquefort Cheese Dressing**  
¼ cup Roquefort cheese  
¼ cup salad oil  
6 tablespoons wine vinegar  
½ teaspoon celery salt  
Salt to taste  
Dash of freshly ground pepper  
Mash cheese, add oil slowly, blending them together well. Add vinegar, a tablespoon at a time, beating well after each addition. Add celery salt, salt to taste and pepper and mix thoroughly. Beat well before pouring over salad greens.

**Lemon Chiffon Pie**  
Have a 8 or 9-inch pastry shell baked and ready or use a graham cracker crust. Sprinkle 1 envelope of unflavored gelatin over ¼ cup cold water and allow to soften. Separate 4 eggs and beat the yolks well. Add ¼ cup sugar, ¼ cup lemon juice, ½ teaspoon salt and 1 teaspoon grated lemon rind. Mix well and cook over simmering water until custardy. Add gelatin and stir well to dissolve. Cool. When mixture begins to thicken, fold in the 4 stiffly beaten egg whites to which ¼ cup sugar has been beaten in gradually. Fill the pastry shell or graham cracker crust and chill. When filling has set - top with sweetened whipped evaporated milk or cream and serve.

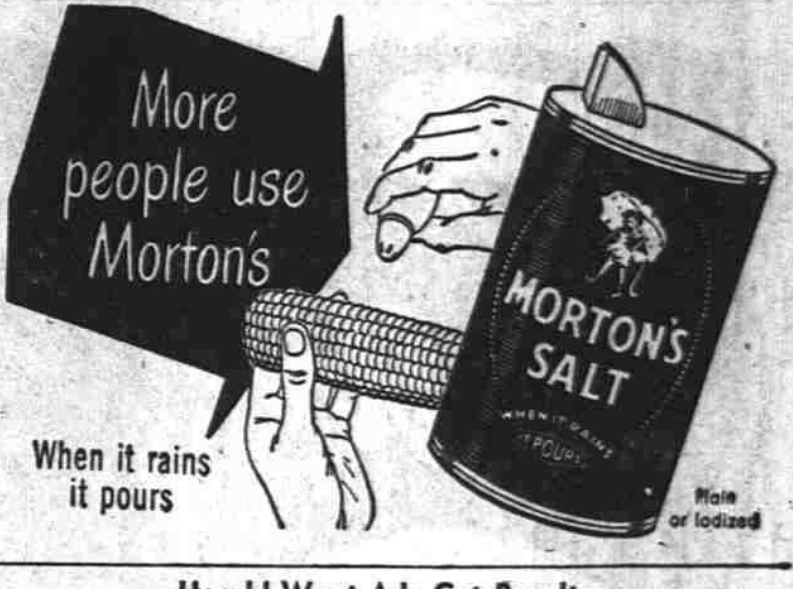

**Suggested Saturday Menu For The Family**  
**SATURDAY DINNER**

Baked Apples  
Beverage

**Broiled Haddock Fillets**  
Broil 1½ pounds of haddock fillets. Begin by preheating broiling compartment and pan at 550 F. or full flame for 10 minutes. Dust fillets with flour and baste with margarine, shortening or oil. Place on preheated broiler rack 2 inches from flame. Broil 1-3 inch thick fillets 5 minutes, and 2-3 inch thick fillets 8 minutes. Baste twice during broiling period. Do not turn. Season at end of broiling time. Garnish with lemon and parsley or water cress. Serve immediately. 5 servings.

**Baked Stuffed Potatoes**  
Bake potatoes and cut thin lengthwise slice from top of each. Scoop out pulp without breaking shell. Mash pulp, season with salt and pepper to taste. Add 2 tablespoons of milk and 1 tablespoon of fortified margarine or butter for each potato used. Beat until light. Refill shells. Return to oven or broiler to reheat and brown top.

ing broiling period. Do not turn. Season at end of broiling time. Garnish with lemon and parsley or water cress. Serve immediately. 5 servings.

Meal of the Week  
BY MARY LEE TAYLOR

Fried Chicken  
Mashed Potatoes  
Buttered Peas and Carrots  
Lettuce and Tomato Salad  
Hot Rolls  
Butter or Margarine  
Fruit Icebox Pie

NOTE: Look for the checked specials in our ad to make this meal.

**Fruit Icebox Pie**

Broadcast: September 18, 1948

9-oz. can crushed pineapple  
1 package strawberry gelatin  
1½ cups powdered sugar  
¼ teaspoon salt  
1 tablespoon lemon juice  
½ cup Pet Milk  
1 cup graham cracker crumbs  
¼ cup soft butter or margarine  
2 eggs, separated

Drain pineapple, saving juice. Add enough water to juice to make ¼ cup. Heat to boiling. Stir in gelatin until dissolved. Add pineapple, ¼ cup powdered sugar, the salt and lemon juice. Chill until thoroughly cold; then stir in milk. Chill until syrupy. Meanwhile, grease a deep 9-in. pie pan. With back of spoon, press ¼ cup crumbs on bottom and sides of pan. Put butter into bowl; work remaining 1 cup of powdered sugar into butter. Beat in egg yolks. Spread carefully over crumbs in pan. Chill. Fold stiffly beaten egg whites into syrupy gelatin mixture. Pour into prepared pan. Sprinkle remaining ¼ cup crumbs over top. Chill until firm.

WE RESERVE THE RIGHT TO LIMIT QUANTITIES.

ALL THREE STORES OPEN 7 DAYS A WEEK

**Magic in Biscuits**

• Jewel is a very special blend of fine cooking fats—providing amazing shortening power. Use this remarkable all-purpose product for all your baking and frying. Ask your dealer for JEWEL!

IT'S DIGESTIBLE—AND NUTRITIOUS TOO!

**CUNNINGHAM & PHILIPS**  
Have filled your physicians' prescriptions since 1819.

**Sausage And Liver Patties**

Choose two full flavored meats that come at moderate price and bake them to a crusty brown in the oven for a modern version of meat patties.

Try them made with liver—so chock-full of nutrition—and spicy fresh sausage. And serve the patties with tangy piccalilli.

However, grinding makes liver tender. And so we can just as well use low-cost beef liver, which is only about half the price of calf's liver.

**SAUSAGE AND LIVER PATTIES**  
1/2 lb. beef liver  
1 tablespoon fat  
1/2 onion  
1/2 lb. bulk sausage  
1 cup bread crumbs  
1 egg  
1/2 cup milk or meat stock  
Salt and pepper  
Worcestershire sauce

Fry liver in fat just long enough to brown slightly on both sides. Put liver and onion through the medium food grinder and combine with other ingredients. Place mixture in greased muffin tins and bake in a moderate oven (350-375 F.) for about 1 hour. Serves 4.

You can use homemade chilli sauce from the tomatoes in last year's garden instead of piccalilli. Remember how good those homemade relishes are when you're planning this year's garden.

**Sausage and Liver Patties**  
Piccalilli  
Tomatoes  
Creamed Potatoes  
Spring Salad  
Sherbet Fruit Float

**Food Tips:** Here's why liver is good nutrition at a bargain price. The half pound of liver in today's patties gives you almost twice as much protein as the half pound of sausage—and much more iron.

It's often smart to use liver in extended dishes, rather than alone. For many at your table may prefer liver blended with other flavors, especially if it's beef liver—which has a flavor that is somewhat pronounced.

You could use any chopped meat instead of sausage and come out with good patties. They'd be low-cost too if you used the lean meat from such economy cuts as breast of lamb, fore Shank of beef, or plate.

**Egg Bunburgers**

Watch the youngsters' eyes widen when today's egg bunburgers come to the table—bright yellow eggs piping hot in their own bun cups.

Thrift rates high in this main dish which uses abundant eggs instead of not-so-plentiful meat. The whole meal is designed for goodness as well as economy. The baked onions get a crumbly topping of peanut butter—and the creamy prune whip cuts cost with an evaporated milk base.

**EGG BUNBURGERS**  
4 large round buns  
Salad oil  
4 eggs  
Salt and pepper

Scoop out tops of buns to form cups; place on baking sheet; brush top and inside with oil; and break an egg into each "cup." Season, sprinkle with crumbs and bake in moderate oven (325 F.) 20 to 25 minutes, until eggs are firm. Serve with cheese sauce made by adding 1 cup of grated cheese to a medium white sauce and stirring till melted. Serves 4.

**PRUNE WHIP**  
1/2 cup evaporated milk, chilled  
1 1/2 tablespoons lemon juice  
1 cup sweetened prune pulp

Chill milk in refrigerator tray, or by packing in ice and salt mixture; turn into a chilled bowl and whip until stiff. Fold in lemon juice and cold prune pulp. Keep cold until ready to serve, or freeze. Serves 4.

Our novel topping for the baked onions is crumbly peanut butter combined with bread crumbs. Here's the menu:

Egg Bunburger  
Baked Onions, Peanut Crumb Top  
New Cabbage  
Orange Banana Salad  
Prune Whip

**Food Tips:** Do you serve your family plenty of milk? Or are you worried about food bills—and perhaps cutting down where you shouldn't?

Fortunately, there's a way out. You can get more for your milk dollar by making more use of evaporated milk.

Evaporated milk is cheaper than fresh in most large cities. And it's just as good for children.

At 11 cents a can for 14 1/2 ounces, evaporated milk really costs you 12 to 13 cents a quart for ready-to-use milk. Fresh milk in many cities is selling for 5 to 6 cents more than this.

If the children prefer the fresh for drinking, use the evaporated milk for cooking and in the many good dishes such as today's dessert.

**Haddock Fillets**

Buy 1 1/2 pounds haddock fillets to serve five. Preheat broiling compartment and pan to 550F. or use full flame for 10 minutes. Dust the fillets with flour mixed with salt, pepper and paprika. Place them on the preheated broiler rack 2 inches from the flame and baste with melted butter or margarine, or salad oil. Broil fillets that are about 1 1/2 inch thick 5 minutes and filets that are 2-3 inch thick about 8 minutes. Baste twice with the fat during the broiling period so as not to dry surface. Do not turn. Garnish with lemon wedges and parsley. Serve immediately.

**Cherry Marmalade**

Put 2 whole oranges through the food chopper. (Cut in half and remove any seeds first.) Cover with water and cook until the skin is soft. Cool. Add 1 quart (2 or 3 pounds) pitted cherries, 1/2 cup lemon juice and 3/4 cups sugar. Stir over low heat to dissolve sugar, then bring to a boil quickly and cook until thick and clear. When it is ready the juice should "sheet" from a spoon. Pour into sterilized jelly glasses and seal.

**Creamed Vegetables**

1 1/2 cups medium white sauce  
1 tablespoon finely grated onion  
3 cups cooked vegetables such as snap beans, celery, carrots, peas, squash.

Salt and pepper, to taste  
Buttered bread crumbs, if desired.

Add the finely grated onion to the white sauce in a saucepan; mix well. Add cooked vegetables, either leftover or freshly cooked and cut in uniform sizes when possible. (If there is any cooking water from vegetables it may be used in making the white sauce, substituting it for one-half the usual amount of milk.) Add salt and pepper to taste and heat over moderate heat, stirring a few times. If desired the vegetables and cream sauce may be turned into a casserole, sprinkled with buttered crumbs and reheated under the broiler or in the oven. To make buttered crumbs melt 2 tablespoons of butter or margarine in a skillet, add 1/2 cup fine dry bread crumbs and stir together. Makes 6 servings.

**Stuffed Pork Chops**

You can save 20 cents a pound on pork chops for dinner—but they'll look costly and taste exciting topped with a spicy apple-raisin dressing.

The something-like-20 cents is your saving if you buy rib end instead of center cut loin chops. And you get along with a pound for four if you have the chops cut thin—four to a pound.

The dressing, in cinnamon-flavored and apple tart mounds, will persuade the family the chops are And plentiful canned applesauce is a money-saving alternate for apples these days.

Don't forget that pork calls for long, slow cooking—for flavor and health. So today's chops are cooked slowly in the oven after browning.

**STUFFED PORK CHOPS**  
4 pork chops  
1 cup soft bread cubes  
1-3 cup apple sauce (or more)  
1/2 cup raisins  
1/4 teaspoon cinnamon  
Salt to taste

Brown the chops on both sides. Mix the dressing ingredients lightly. Place on top of chops.

Add 1/2 cup water and cover closely. Bake in moderate oven (350 F.) about 30 minutes or until meat is thoroughly cooked.

The tree-fresh flavor of new red cherries makes cherry a s a s a worth waiting for. So where cherries are available, let's put them in a cobbler for today.

**Pork Chops**  
with Apple-Sauce Dressing  
Creamed New Potatoes  
Tossed Green Salad  
Cherry Cobbler

**ECONOMY NOTE:** The apple sauce in this dressing is a plentiful item on canned good shelves. And so it's low-cost.

In some stores you'll get a No. 2 can—2 1/2 cups—of apple sauce for as little as 10 cents. So the third of a cup you'll need in the dressing will cost you less than 2 cents.

There comes a time of course when fresh apples are cheaper than canned—as fresh apples get plentiful.

And speaking of can sizes, have you noticed that No. 303 cans are again back on grocery shelves? war. stand of the 2 1/2 in No. 2 cans. So when comparing prices.

It's **fabulous**...the way women are switching to Fab for family wash

Washes everything **FASTER, CLEANER, WHITER, BRIGHTER** than any soap... in hardest water!

**FAB gives FABULOUS SUDS**, even in hardest water. FAB with Super-Wetting Action makes more suds, faster suds than soap. One cup of FAB was put into washer on left. One cup of soap into the one on right. Both washers ran 7 minutes. Result: A washer full of rich suds from FAB. Almost no suds from soap.

**What is Super-Wetting Action?**  
See for yourself! Drop a little ball of cotton thread into a glass of water. It sinks; stays dry for a long time. Drop another ball of thread into a glass of water and FAB. It sinks; is soaked instantly. This is FAB's Super-Wetting Action. Something no soap on earth has!

**Faster And Better for all family wash and dishes**

# Fourteen Courses Are Added By HCJC

Fourteen new courses and one new course of study are listed in the Howard County Junior College bulletin, now off the press.

The vocational agriculture department has been strengthened greatly with the addition of courses on forage and pasture crops, farm dairying, farm poultry, breeds of livestock, and care and management of livestock. This more than doubles the offerings in the department and fits in with the announced policy of strengthening the vocational arm of the college in fields where the demands are strongest.

That accounts, too, for the addition of two courses in the department of business administration. One will be an introductory course to business problems and the other a course on mathematics of accounting. Also to meet an expanding need, two courses have been added to the department of education and psychology. One of these is on curriculum problems in the elementary school and the other is theory and practice in the elementary school.

Although German was added to the curriculum last year, it is listed in the catalogue for the first time. One is a basic course, another is German for science and premedical students, and the third for those who wish to do advanced reading in the language. In the language department, Spanish courses remain the same.

Two courses are added to the department of industrial education—advanced machine woodworking, cabinet millwork and finish.

The new course of study, announced previously, is listed under a department of business education. It is designed for the student who wishes to complete his formal education in 18 to 22 weeks. The courses are terminal and intensive and provide training in specific fields of the student's choice. Sometimes called "cycle" courses, they gain this name from the facility with which students may come and go. It is possible for students to enter the department at any six weeks period. They may leave at any period end, or they may continue until they have completed the cycle.

# T&P Eagle Will Change Schedule Through B'Spring

When the new Eagle schedules go into effect along the T&P on Aug. 15, Big Spring will have an afternoon instead of an evening westbound train.

This is the principal change to be brought into effect by the new timetables. Train No. 7 (westbound) will arrive at 5:55 a. m. and get out at 6:15 a. m. and No. 1 (the Texas Eagle, which replaces the Sunshine Special), arrives at 3:30 p. m. and departs for the west at 3:45 p. m. Under present schedules it (No. 11 now) arrived here at 10:30 p. m., but the Eagle is set to arrive in El Paso at 10:15 p. m.

On Eastbound schedules, the No. 2 (Eagle) will arrive at 9:30 a. m. instead of 7:15 as at present, and will depart at 9:45 a. m. No. 8 is unchanged, arriving at 10 p. m. and departing at 10:20 p. m.

## Cauble In Hospital

I. B. (Doc) Cauble, Howard county Hereford breeder, is confined to the Big Spring Hospital where his condition was said to be satisfactory.

# Big Spring Granted Utilities Equipment

Although types and quantities still were unknown, city officials received word today that Big Spring had been granted some surplus utilities equipment at the former Army Air Field.

In a wire addressed to City Manager H. W. Whitney and J. H. Greene, chamber of commerce manager, Congressman George Mahon said he had been advised by the War Assets Administration that such a grant had been made to the city.

Whitney said details of the action probably would not be known until communication is received from the WAA.

The city applied for all water distribution equipment for use in bolstering and repairing the local system. At the same time a separate application was submitted in bid form for electrical equipment at the field.

Officials here were particularly anxious to obtain the water distribution equipment, and the chamber of commerce and several other organizations, including all civic

## Legion Meeting Is Stressed Tonight

Neel Barnaby, American Legion post commander, announces that some outstanding items of business will come up at the Legion meeting at 8 p. m. today at the club house.

In addition Jack Cook requests that members of the firing squad appear for drill and rehearsal after the meeting.

Legion members are urged not to miss this important session.

## Swimming Pool Is Closed For Cleaning

The Municipal swimming pool probably will be closed tomorrow for draining and cleaning, officials reported this morning.

The pool is expected to be re-filled and open for business again by Saturday afternoon.

# School Boards Slate Pre-School Sessions

Both the Big Spring Independent School district and the Howard County Junior College boards of trustees will meet this evening.

The city school board was slated to convene at 7:30 o'clock to consider matters pertaining to opening of the schools, election of some teachers to replace those who have resigned.

Half an hour later at the college, the junior college board is to convene for similar purposes and to hold a joint confab with the county board of trustees concerning operation of the Howard County Vocational School.

## Wadsworth Rites

Final rites will be said at 3 p. m. Friday at the First Baptist church for S-Sgt. Paul A. Wadsworth, whose body has been returned from Norwich, England where he was killed in a bomber crash on Nov. 24, 1944. He is the son of Mr. and Mrs. W. E. Wadsworth, Foran.

The American Legion will conduct military rites at the cemetery. Nalley Funeral home is in charge of arrangements.

# Entries Increase For Cycle Race

A record pace for entries was reported by the Big Spring Motorcycle club Thursday for its two-star motorcycle races here Sunday afternoon.

Elliott Yell, president of the club, said that eight additional entries from the amateur division came from out-of-town riders Thursday, bringing to 15 the total to date.

This does not include five local riders, who have heretofore held back on entering the event because of lack of experience. But now, said Yell, they have had sufficient seasoning to mix it with the best the area has to offer.

Among them are Jim Bucklew, who will ride for the Indian Sales Service, Jack Ewing, who will ride for the Harley-Davidson shop, Eddie Harris, Bob Eisbach and Raymond Dennis.

B. K. Pounds, state referee for the American Motorcycle association, under whose sanction the nine-race event here Sunday is being run, is to be here.

Races are set to start at 2 p. m.

# Bogus Check Warrants Are Issued By County

Legal machinery for the arrest of seven persons charged with passing bogus checks was set in motion by the county Wednesday.

That many warrants were issued by County Attorney George Thomas.

# Internal Revenue Office To Be Closed

Office of the Bureau of Internal Revenue, basement of the post office building, will remain closed until Monday.

Ben Hawkins, Deputy Collector, is working in Dimmitt and Hereford this week.

You'll say "The Gamble Isn't Worth It" when you witness "MOM and DAD"

## Rodeo

Continued From Page One

Knapp of Van Nuys, Calif. Some 185 steeds trod the arena in the grand parade.

Jess Slaughter, who headed up the parade committee, expressed thanks to all who made the event a success, both the participants and the law enforcement officers who helped to keep it moving in an orderly fashion. He added that plans were already in the making to make next year's still bigger.

Following are the best four performances in each event:

Call roping—Boysa Sewell, Brownwood, 22.2, first; Paul Young, Lovington, N. M., 21.8, second; Mark Yarbrough, San Saba, 21.7, third; Sonny Edwards, Big Spring, 21.6, fourth.

Cowgirl Clover Leaf race—Tris Dorsett, Sweetwater, 18.8, first; Rosemary Beck, Taylor, 20.2, second; Myra McDivitt, Brownwood, 20.3, third; Thera May Pharr, Seymour, 20.4, fourth.

Steer wrestling—Bo Chesson, Beaumont, 18.1, first; Dub Phillips, San Angelo, 20, second; James Hyman, Wabashville, 21.6, third; Bill Barton, Abilene, 21.1, fourth.

Bull riding—Bud Humphrey Belton, first; Roy Calloway, Raymondville, second; Bill Walker, Belton, third; Lloyd Burt, fourth. Five riders thrown.

Barrel race—Bill Barton, Belton, first; W. N. Rice, Brooksmith, second; J. B. Bradshaw, Bandera, third; Roy Calloway, Raymondville, fourth. Three riders unseated.

Saddle horse riding—Bob Whitehead, Imperial, Calif., first; Paul O'Neil, Sweetwater, second; J. B. Bradshaw, Bandera, third; W. N. Rice, Brooksmith, fourth.

Four riders thrown.

Howard County calf roping—Rip Batley, 24.7, No. other time.

Junior Boys Bull Riding—No judging. Riders included Bennett Moore, Melvin Griffith, Harold Choate, Russell Long, Kenneth Williams, Bob Stewart.

Cutting horse contest—No judging. Entries were Jess Everett, Snyder; Sonny Edwards and Rexie Cauble of Big Spring, and Margaret Montgomery, Ozona.

## Vealmoor Pool Outpost Staked

Seaboard No. 1 Mamie Clanton, an 8,000-foot exploration for southwestern Borden county, has been announced.

Location will be 1,980 feet from the south and 860 feet from the west lines of section 20-32-3n, T&P, about one and one quarter miles northwest of the nearest of three completed Pennsylvania producers in the Vealmoor pool. Drilling is to start immediately and, of course, rotary will be used.

Seaboard No. 2 Caldwell, east offset to the discovery well, was at 7,730 feet in shale and chert. Some sources said that the test appeared to be running geologically high and that the pay horizon, picked as the Strawn in other wells, should be logged by the weekend. Location is in section 22-32-2n, T&P.

Seaboard No. 3 Zant, east offset to the No. 1 Dora Campbell, the heaviest producer in the pool, was below 5,005 feet in lime and shale was boring ahead.

## Markets

**COTTON**

NEW YORK, Aug. 5 (AP)—Cotton prices at noon were 16 to 20 cents a bale higher than the previous close, Oct. 31, 70, Dec. 21, 71 and March 31, 72.

**LOCAL MARKETS**

No. 2 Milo \$1.50 cwt., FOB Big Spring. No. 2 Kaffir and mixed grains, \$1.50 cwt. Eggs candled at 38 cents a dozen, cash medium; cream at 75 cents; h. fryers at 40 cents; hens 30 cents; broilers 15 cents.

**PORT WORTH, Aug. 5 (AP)—Cattle 2-** 800; calves 900; trade dull, weak to 80 or more lower; southern, medium slaughter yearlings and heifers 17.00-27.00; butcher and beef cows 17.00-21.00; canners and culls 12.00-17.00; hogs 16.00-20.00; good and choice slaughter calves 24.00-30.00; stocker steers and yearlings 24.00-30.00; Hogs 300; slow, steady to weak; spots lower; closer sorting considered; top 26.50; most good and choice 20-25 lb. 25.50-30.00; good 150-175 lb and 200-225 lb 28.00-30.00; sows 18.00-22.00; feeder pigs 20.00 down.

**WALL STREET**

NEW YORK, Aug. 5 (AP)—The stock moved forward at the start of trade today but soon lost its forward momentum. Although business slowed, gains of fractions to around a point were generally maintained.

Plus signs were well distributed, with steel, rail and oil issues holding a slight edge over the balance of the market.

Early improvement was a carryover from late yesterday, when the market staged a last-minute sprint.

Two factors continued to receive credit for the upward trend.

First, prospects that the special session of Congress will soon adjourn without approving legislation that might be considered hostile or unfavorable to business interests; and,

Second, further optimism over outcome of top-level discussions of the Berlin situation.

**Albuquerque Talks Series**

By The Associated Press

Albuquerque cut loose for four runs in the tenth inning to sweep a three-game series with Amarillo, 8-7, and shove the Gold Sox into third place in the West Texas-New Mexico League last night.

Pampa took over second behind Albuquerque on a double triumph over Abilene, 5-0, 12-3.

Lubbock blasted Lamesa, 21-6, and Borger and Clovis divided two in other games. Borger won the first game, 5-1 and lost the second, 4-0.

Amarillo scored three runs in the top of the tenth on three singles, a walk and a sacrifice.

Albuquerque picked up four on three hits, two walks and Pitcher Frank Shone's high fly. Shone won his 16th game of the year.

Grand slam home runs by Chick Fowler and Gene Hixson paced Lubbock to its one-sided victory.

Rookie Southpaw Roy Parker held Abilene to two hits in the first game and Avon Driggs won his 15th game on an eight-hit percentage in the nightcap.

Mel Kramer struckout 11 men and did not walk a man in pitching Clovis to an even split with Borger.

**Fight On Fruit Fly**

McALLEN, Aug. 5. (AP)—State Agriculture Commissioner J. E. McDonald announced experiments are being made with chemicals in an effort to eradicate the Morelos Mexican fruit fly from Mexico which annually infests citrus groves in the Rio Grande Valley.

**MILLIKIN OUTLINES GOP PROGRAM** — Chairman Eugene Millikin (R-Colo.), of the Senate Republican conference at the end of a closed door meeting in Washington announces GOP senators have decided to abandon efforts to pass an anti-poll tax bill at the special session of Congress. Sen. Milton R. Young (R-N.D.), secretary of the conference, is at left. (AP Wirephoto).

**Housewives' Meat Cut May Boomerang**

DALLAS, Aug. 5. (AP)—A threatened housewives' meat boycott may boomerang with increased poultry and produce prices, a grocery official warned.

Otis Bryant, president of the 900-member Dallas independent retail grocers association, said yesterday some grocers are "pretty disturbed" that a meat boycott

**Vet And Wife Found Dead**

MINERAL WELLS, Aug. 5. (AP)—Staff Sgt. Joseph G. Washmon Jr., 24, World War II veteran, now assigned to a maintenance group at Carswell air force base in Fort Worth, and his wife, the former Imogene Louise Platt of Las Vegas, Nev., were found slain in their apartment here early this morning.

Justice of the Peace J. R. Watkins, who returned a verdict of murder by Washmon and suicide, said the couple had been dead five or six hours. Mrs. Washmon was shot through the right eye, Washmon through the mouth, with a small caliber rifle.

**Texans Open Play In National Junior Golf In Nebraska**

LINCOLN, Neb., Aug. 5. (AP)—Five Texans meet opponents in the first round of match play today in the National Junior Golf Tournament here.

Gervis McGraw of Abilene, who qualified with 156, meets Bill Casper, San Diego, 152; Joe Conrad, San Antonio, 151, plays Billy Wolfe, Silver Springs, Md., 155; Morris Williams, Austin, 146, meets Thomas Bacon, Lexington, Ky., 153; Dow Finsterwald, Athens, O., 147, plays Don January, Dallas, 154, and Bill Maxwell, Abilene, 148, meets Bob Braff, Duluth, 1, Minn., 154.

**Big Spring Coaches Attending School**

Both Big Spring High school and Howard County Junior college are represented at the Texas High School Coaches school which closes Friday at Abilene.

Local men listed on the registry include Harold Davis, athletic director at HCJC, Head Coach Herschel Stockton, Assistant Coach Isaac and Basketball Coach John Malaise of Big Spring High school.

First of two climaxing features was scheduled for tonight, when north and south All-Stars were to meet in a basketball game. The annual All-Star football game Friday night will close out the school.

**Michigan Company To Store Up Gas**

WASHINGTON, Aug. 5. (AP)—The Interior Department has granted Michigan Gas Storage Co. permission to store up to 20 billion cubic feet of natural gas a year on federal lands in Michigan.

Most of the gas will come from Texas, through lines of the Panhandle Eastern Pipeline Co. It will be stored underground on lands in the Winterfield and Cranberry Lake Gas fields in Michigan, during the warm weather months in preparation for movement to consumers during the winter.

**Gulf Income Up B-49 Said Fastest**

HOUSTON, Aug. 5. (AP)—The Texas Gulf Producing Co. yesterday reported net income for the second quarter of \$1,171,820.68. This is equal to \$1.13 a share and compares to a net income for the same period last year of \$1,074,436.62.

**Texans Win In Meet**

COLORADO SPRINGS, Colo., Aug. 5. (AP)—Buster Reed of Denton, was forced to travel 20 holes before disposing of W. S. Bartells of Kansas City, Mo., in the Pikes Peak Amateur Golf Tournament yesterday.

Bob French of Odessa ousted Jack Williams of Dallas one-up. The tournament ends Saturday.

**THE FIRST COMPLETELY NEW CAR IN FIFTY YEARS**

**TUCKER CORPORATION ANNOUNCES Big Spring Tucker Motors**

Temporary Headquarters Room 1104 Settles Hotel as Big Spring Dealer of the

**Tucker**

**Symbol of Safety**

**Completely New? Yes!** For years you've seen cars gradually improved through annual model changes. But in this car you step into an entirely new automotive age... years and years ahead of conventional cars in performance, in economical operation, in safety, and—mark this—in value, too.

The Tucker has dozens of exciting engineering features, any one of which would be a major model change in a normal year... features completely new, yet completely proved in fifteen years of rigid tests.

The Tucker is a longer car and more luxurious than others in the medium price field. It is only five feet high from road to roof. It has, not 100, not 120, but 166 horsepower of smooth, effortless rear-engine power.

And what a joy to drive! No engine heat, fumes, or noise flowing back through the passenger compartment, because the engine is in the rear. Ordinary traction jolts and jars either eliminated or unbelievably softened by the exclusive new rubber torsional wheel-suspension. A car, at last, with solid four-wheel stability, geared to the road.

Pilot Models are already on the road. Production of cars will follow soon. Be among the first to learn about this exciting new car. You owe it to yourself to get acquainted with a car so completely new in line and design... so completely new in engineering principles... that it will still be a leader many years and thousands of miles from now.

**If you are looking forward to owning a Tucker see your Big Spring Tucker Dealer TODAY!**
