

MISSING—Miss Virginia Carpenter, above, 21, daughter of Mrs. Hazel Carpenter of Texarkana and niece of E. C. Dodd, Big Spring, remains the object of a three-state search as the result of her mysterious disappearance June 1 from the campus of Texas State College for Women in Denton. A reward fund of \$1,867 has been raised by friends and relatives. Dodd returned this week from Mississippi, where he helped check into another lead which subsequently proved false. (AP Photo)

Auto Crash Kills Lamesan, Injures Four

One was dead and four were injured Thursday night in a head-on collision 16 miles north on U. S. 87. Robert L. Briley, 22, Lamesan, employee of the Lomax Drilling company and driver of one automobile involved in the crash, was killed instantly. Mr. and Mrs. Lee Edward Sullivan, a young Morton, Texas couple, occupants of the other car, sustained lacerations, bruises and abrasions and possible fractures, but seemingly no serious injuries. Nolan, Joe Reed, Jr., 16, son of Mr. and Mrs. N. J. Reed, Sr., Lamesan, had multiple lacerations, abrasions and bruises, and Lloyd Lee

Johnson And Stevenson Will Cross Trails

Both Schedule Stops At Abilene And Stamford

By The Associated Press
Two Texas senatorial candidates cross campaign trails twice today and may even meet face to face. They are former Gov. Coke Stevenson and Rep. Lyndon Johnson. Both are scheduled to appear at the 18th annual Texas Cowboy Reunion today at Stamford. Their paths cross again later in the day at Abilene. George Pedy, who is also seeking the job of U. S. Senator, went on the air last night at Sulphur Springs. Efforts to create interest "with a flying windmill" have been a failure for one of his opponents, he said. In Houston today attending the ninth annual convention of the State Bar of Texas is Casio March, candidate for governor. From Houston he goes to San Antonio by the way of Columbus and Schulenburg. In a radio talk last night at Houston March said lack of redistricting is particularly unfair to South Texas areas. Roger O. Evans said in a radio speech at San Antonio that 85 percent of the money needed to pay bonuses to Texas veterans could come from taxation of natural resources going outside of the state. Holmes May, running for governor, put a new tag on incumbent Beauford Jester. Holmes in a speech at Brady called the present chief executive "No Comment Jester."

Steel Bloc Refuses Lewis Coal Contract

Files An Unfair Practice Charge

WASHINGTON, July 2. (AP) — Eighteen steel and coal companies refused today to sign the new coal mining contract and filed charges of unfair labor practices against John L. Lewis and the United Mine Workers. Their stand appeared certain to bring a strike at the so-called "captive" coal mines of the steel companies. What the miners will do will become known July 6 when the present holiday ends. The contract the steel companies refused to sign is the one Lewis negotiated with major commercial coal mining companies. It became effective July 1. The steel companies contend a provision for a union shop is outlawed by the Taft-Hartley act. The charges of unfair labor practices were filed with the NLRB. Harry M. Moses, negotiator for the captive coal mine operators, said they are "hopeful that immediate action will be taken by the general counsel of the National Labor Relations Board to have this issue judicially determined as early a date as possible."

THERE'S NOTHING LIKE FINDING OIL TRANSPORT IN YOUR ROOM

Mrs. Lois Howard, waitress, may always wait just a few minutes before going to bed. She was ready to return to her room and go to bed in the Tex Hotel at 3rd and Goliad Thursday evening. Somehow, she stopped in the lobby to sit and rest a moment, police said. At that instant, a big, empty oil transport jumped the sidewalk, plowed through the wall and across her bed before sticking its nose through the lobby wall and coming to a halt. Out stepped the driver, Don Chandos Hamilton, 202 W. 22nd street, unhurt. Capt. R. Trammell of the city police department said that Hamilton must have blacked out. All the driver, who had just returned to duty, after 24 hours off, could remember was having brought the empty transport from Cosden to town. He recalled slowing for a car. The next thing he said he remembered, according to Capt. Trammell, was when he crawled out of the cab. The transport cut between a telephone and the east end of the building, paralleled it for about 20 feet and then veered into the structure. Off went one end of a room occupied by Justo Arizano and Bert Baez. Bronc baseball players who were at the park. Mrs. Howard's room was literally exploded. The truck stopped as it smashed a hole in the lobby wall.

Trustees Hear Joint Problems Aired At Meet

Trustees from the Big Spring Independent School district and those from five common school districts as well as members of the county and Howard County Junior College boards held a discussion of common problems Thursday evening. The affair, held in the basement of the First Presbyterian church where the women of the church served a bountiful meal, was sponsored by the local district to encourage understanding of common problems. E. C. Dodd, HCJC president, told trustees that difficulties were not peculiar to any district, or to a county or state, for that matter. He said that no one could attempt to say what the best solution would be until there had been a more thorough study of problems in the light of what might be done to improve educational opportunities for children. In the final analysis, he continued, whatever is done should hinge on what is best for children. He thought that one thing imperative was to insure the best possible teachers, to interest qualified men in the profession, and that to do so it might be necessary to re-examine schools on a broad base to insure sound bases of financial support and most economical and efficient administration. He recognized that in dealing with schools the matter is bound inexorably with a tax problem. In approaching school problems on a broad base, it should be made clear in the beginning that no one is creating or is after anyone's job, he said. Dodd said that it was not so important what happened to teachers as individuals, but that it was vital that teachers as such be the type who could best serve the children. Marvin Miller, president of the Big Spring board, presided. Among those attending the informal meeting were Carl Lockhart and M. L. Hamlin, Gay Hill; Ray Shaw and Horace Reagan, Midway; Harry Miller, E. N. Baker, Forsan; Alvin Walker, L. J. Davidson, Center Point; S. J. McElroy, Elbow; B. F. Logan and Bob Asbury, county board members; Dr. P. W. Malone, L. H. Thomas, Horace Garrett, HCJC trustees; Dr. J. E. Hogan, Dan Conley, John Coffee, Dewey Martin, Justin Holmes and H. W. Smith, Big Spring board members. G. D. Kennedy, Forsan Superintendent, and W. C. Blankenship, Big Spring superintendent, also attended.

LETTER TO STALIN

Yugoslavs Ask Cominform Slap

Yugoslav Communists urged Stalin today to blot out what they called the absurd "lies and slanders" of the Cominform against Premier Marshall Tito and the ruling party of his Balkan nation. But Russia was busy building back ties against Tito. The Cominform — the 8-nation Communist Information Bureau — moved from Belgrade to Bucharest. Communists in Russia, Albania, Bulgaria, Romania, Greece, Britain, Hungary, Austria and the United States all rallied around the Cominform and its Kremlin ruler. Yugoslavians stood as firm as ever behind Tito. His Balkan neighbors for the moment didn't talk too big, because Tito has the largest army afoot in that region which has spanned so many years. The Kremlin, its prestige shaken by the Tito case, moved slowly. The Central Committee of the Soviet Union's Communist Party approved, as expected, the Cominform attack on Tito and the Yugoslav party. The Cominform accused the Yugoslav government leaders of a hateful policy toward Russia, flirting with the West and leaving the Marx-Lenin line.

Anti-Russian Talk Reported In Yugoslavia

TRISTE, July 2. (AP)—Local anti-Communist and pro-Italian newspapers and agencies today quoted travelers as saying civil police in Yugoslavia and the Yugoslav zone of the Free Territory had relaxed their ban on open political talk. Travelers from the regions were reported to have said the police were letting up on their previous outright control to let people attack the Cominform publicly and demonstrate in favor of Yugoslav Premier Marshal Tito. One person coming from Plume, formerly in Italy and now part of Yugoslavia, was quoted as saying police made no move to arrest a drunk in the street shouting, "Down with Russia, long live Yugoslavia."

State Department To Take Control Of 'Voice' Series

WASHINGTON, July 2. (AP)—Come October, the State Department will take over full responsibility for "Voice of America" broadcasts, some of which were blasted in Congress last month for "amazing" sections of the United States. The department announced yesterday that the National Broadcasting Company—which shouldered part of the blame for the criticized programs—will drop its connection with the Voice on Oct. 1. So will the Columbia Broadcasting System. The State Department's international broadcasting division then will write and broadcast all news and commentaries itself. Private companies will continue to sell feature programs and short wave transmitting facilities to the department, but all privately-prepared material will be subjected to "full and complete review" before going on the air, the announcement said. For the past year, NBC and CBS have broadcast programs under contract in English, Spanish, Portuguese, German, French, Italian, Japanese, and Indonesian. It was a Spanish-language series beamed to South America which drew the wrath of Congress, particularly such phrases as "New England was founded by hypocrisy and Texas by sin."

Panama Factions Are Clashing Again

PANAMA, Panama, July 2. (AP)—United States soldiers and sailors were ordered off Panama city streets last night as warring political factions here clashed for the third straight day. The fights occurred between followers of Arnaldo Arias and Domingo Diaz Arosemena, presidential candidates, who still are contesting the outcome of the May 9 election. Arias won the unofficial vote count for the presidency, but an official recount now is underway.

Rites Are Slated For W. F. Freeman, Former Resident

Last rites will be said at the Eberley chapel Saturday at 10 a. m. for William Frances Freeman, 48, former resident and brother of a Big Spring man. Freeman, a veteran of both World War I and II, died Tuesday at the Hood-Lawson veterans hospital in Atlanta, Ga. The Rev. Albie Carleton, pastor of the First Methodist church, will be in charge of the services. Freeman had become a member of the Methodist church since entering the hospital. He was born on Jan. 28, 1890 and was to be buried beside the grave of his father, Don Calvin Freeman, in the Masonic cemetery. Two sisters, Mrs. Steve D. Ford, Sr., Fort Worth, and Mrs. Tom Corey, Dallas, will accompany the body here Saturday morning. Another sister, Mrs. J. A. White of California, will be unable to attend. One brother, J. W. Freeman, Big Spring, survives. The Veterans of Foreign Wars will be in charge of graveside rites and will furnish pallbearers. They are Otis Wise, Don Burke, Travis Reed, Bob Evans and Ray Boren.

OFTEN BRIEFS SOLONS

Democratic Doorkeeper Will Lend Talents To Convention

WASHINGTON, July 2. (AP)—After a couple of years opening doors for William M. (Fishbait) Miller now bumps up against the problem of keeping some closed. Miller, Democratic doorkeeper for the House of Representatives for the past two years, is to be chief doorkeeper at the Democratic national convention in Philadelphia. One of his main concerns there will be keeping out gatecrashers. A native of Pascagoula, Miss., the pleasant genial Miller is known to Capitol Hill almost exclusively as "fishbait." In fact, many congressmen and their employees don't know he has any other name. Miller came to Washington 16 years ago and has filled various House posts—postal clerk, messenger to the doorkeeper, assistant sergeant at arms and now Democratic doorkeeper. As doorkeeper, Miller does more than just open the doors for Democratic representatives entering the House chamber. On quorum calls and roll calls, he tells the Democrats how the party is voting on the matter at hand. He will say to each member entering: "Quorum call, voting present." Or "tax bill, voting yes."

J. J. McElrath Funeral Set On Saturday

Funeral for the Rev. Jesse J. McElrath, 39, pastor of the Airport Baptist church, will be held at 3 p. m. Saturday at the First Baptist church. The Rev. McElrath, who had undergone operation 10 months ago for removal of a brain tumor, succumbed at midnight Wednesday. He was a native of Howard county, having been born here Jan. 18, 1909. The Rev. McElrath succeeded the Rev. Roland Spears as pastor of the Airport Baptist church two years ago. Services will be in charge of Dr. P. D. O'Brien, First Baptist minister, assisted by the Rev. Noel V. Guice, Vernon. The body will be interred beside that of his father, J. J. McElrath, Sr., who was buried in the I.O.O.F. cemetery last year, and the grave of a son. The Rev. McElrath leaves his wife, Mrs. Myrtle McElrath; three sons, Weldon, Jesse Dale and Billy Ray McElrath; his mother, Mrs. J. J. McElrath, Sr.; two brothers, H. D. McElrath, Forsan, and Marvin McElrath, Big Spring; and one sister, Mrs. L. T. Nelson, Big Spring. Among other survivors are an uncle, E. W. Hawkins, Stanton, who was with him at the time of death. Six ministers will serve as pallbearers. They are Rev. G. A. Powell, Rev. J. T. Campbell, Rev. Clarence Lovell, Rev. T. R. Bedford, all of Plainview; Rev. T. M. Harrell, Hardin-Simmons University, and Rev. Virgil James, Winters. Body is to be in state at the Eberley funeral until time of funeral.

Shepperd Calls For Democracy With Quality

Maintenance of the quality of Democracy was recommended to American Business club members and their guests today as the most effective weapon against Communism. Speaking at the regular ABC luncheon in the Crawford hotel, John Ben Shepperd of Gladewater, immediate past president of the National Junior Chamber of Commerce, asserted that America can avoid a "shooting war" only if its people discharge their duties as world citizens as they should. "Every time we attend services at the church of our choice, or go to the polls to vote, or attend civic functions, we swear communism in the face," he declared. Shepperd, whose tenure as National Jaycee president expired only yesterday, explained that communism had been revolutionary since 1918, when Lenin became impatient with slowness of the Marx plan. The communists are working feverishly to discount Americanism now in Central and South America, he said. He urged a general re-dedication to Americanism. Any communist can rise upon a moment's notice and talk from 30-minutes to 10 hours on communism, he observed. "Our country has been committed to world leadership and world citizenship by the Marshall Plan, and we must make every grain of wheat and every penny of cash carry an attractive picture of Democracy to the other nations who receive them," he declared. Lloyd Wooten, regional vice-president of the Texas Junior Chamber of Commerce and past president of the local organization, introduced the speaker. Several local Jaycees and other guests attended the session.

Howard's Crop Condition Spotted

The crop situation in Howard county is very spotted, M. Weaver, county AAA supervisor, stated this morning after a two-day trip over the county. According to Weaver, cotton in some sections is doing exceptionally well while in others it has either blown out or died from lack of moisture. Of the 100,000 acres planted in cotton within the county, Weaver estimates that there are something like 45,000 acres still in fair shape. Farmers in many sections have completed replanting. The wind storm last Sunday was much more damaging than it was first believed, Weaver said. The county around Elbow and Lomax suffered much damage.

4-H Field Day, Rodeo Saturday

Howard county 4-H club members are preparing for a busy day Saturday, with a scheduled program of activity beginning at 8 a. m. with a field day event at the former Big Spring Army Air Field and closing with a night rodeo. The junior rodeo, which will be held at the Big Spring Rodeo grounds, already has attracted some two dozen entries from out of the county, and a number of local contestants will round out the list. Howard county club members will give demonstrations during the field day event, and several high officials of the extension service will be here to participate. Both the field day and the rodeo will be sponsored by the Big Spring junior chamber of commerce. All 4-H club beef steers, which members have on feed in preparation for the next showing season, will be on exhibit at the club buildings at the post. In addition to demonstrations by local club members and adults, Fred Walker, extension service range specialist, will conduct a grass study from 10 a. m. to 11 a. m. Lloyd Wooten, regional vice-president for the Texas junior chamber of commerce, will preside at a session beginning at 11:45 a. m. Visitors will be introduced by R. E. (Peppy) Blount Jr., a 4-H County Agent Durward Lewter will present awards to club members. Others who will appear on the noon hour program are George W. Barnes of the extension service; Arthur Stallings; J. W. Potts, 4-H club specialist from College Station; Sam Buchanan and Hank McDaniel. James Caudle and Rosemary Rice will be introduced at county 4-H club king and queen, respectively. The junior chamber of commerce will serve a free barbecue at the lunch hour, and 4-H club steers will be inspected beginning at 1:15 p. m. A downtown parade will begin moving over city streets at 5:30 p. m. and the rodeo will get underway at 8 p. m. Advance ticket sales are being made by members of the junior chamber of commerce. They may be purchased at the county agent's office, or at a number of local business establishments. Admission prices are \$1.20 for adults and 60 cents for children, tax included.

Highway Miracle

WINSOME, TEXAS GIRL TUMBLES FROM SPEEDING TRUCK, LIVES

PRESCOTT, Ark., July 2. (AP)—Marylin Ford is a winsome little four-year-old Texas girl who tumbled unnoticed from a moving truck, fell on a highway in the darkness of night and lived to tell about it—with a smile. She was dazed by the fall. Her teeth were knocked out and her gums bleeding. Her body was bruised. And like almost anyone else, child or adult, she was scared and trembling. She didn't know it, but she was on U. S. Highway 67, miles south of Prescott, Ark. She was at the end of the world for all she knew. One car after another whizzed by on the busy highway. Finally a truck driver saw her and stopped. The little girl could hardly talk through her swollen lips, but she made Driver M. H. Wakefield of Dallas understand that her mother was "in a truck." Wakefield got somebody to take the girl into Prescott to a hospital. The incident was reported to Arkansas state police. They made a broadcast. At Mt. Pleasant, Tex., the truck from which the little girl had fallen pulled up hours later. The child's mother, Mrs. J. W. Ford, Jr., got out of the cab, where she had been riding with her father-in-law, J. W. Ford of Fort Worth. She walked to the back of the truck where a son and two daughters, including Marylin, were supposed to be riding. Marylin was gone. Panic-stricken, the child's mother went to police at Mt. Pleasant for help. The police had heard the Arkansas state police broadcast. The truck was turned about. It headed back toward Prescott. There the little girl was reunited with her mother. The family, visiting in Little Rock, was returning to Fort Worth Wednesday. Marylin's father is a soldier stationed at Fort Sill, Okla.

BANK CALL HERE

Deposits Show Gain Of Nearly \$3 Million

Deposits gained almost three million dollars over the corresponding date a year ago, reports from the two Big Spring banks showed today in response to a call for condition at the close of business on June 30, 1948. In amounting to \$18,580,127, deposits did not set a record, but did establish one for this season of the year. They were up by \$2,964,748 over the same date of 1947. Total resources, too, were up by \$2,996,412.52 in amounting to \$19,582,433.65, a new record middle of the year figure. Cash jumped by a million and three-quarters, or \$1,733,789 to be exact in reaching \$9,084,975.83. Only loans and discounts were off, dropping by \$604,645 in amounting to \$3,327,065.20. Besides these figures, the combined statements of the State National and First National banks showed \$4,789,562.10 in U. S. government bonds and \$2,025,582.21. Not included in the loan and discount totals was an aggregate of \$276,383.33. Deposits were up slightly, or about \$72,000, over the April 12 call this year. Total resources gained about half a million over that call. By banks, the totals stacked up like this: FIRST NATIONAL—Loans and discounts \$2,643,409.96; cash \$4,956,240.77; deposits \$11,016,667.75; total resources \$11,561,069.57; U. S. bonds \$3,218,443.04; other bonds \$581,007.91; cotton producer notes \$111,579.02. STATE NATIONAL—Loans and discounts \$1,683,655.24; cash \$3,128,735.06; deposits \$7,563,460.47; total resources \$8,001,363.78; U. S. bonds \$1,571,119.06; other bonds \$1,444,574.30; cotton producer notes \$164,784.31.

Tulsa Woman Is Found Cruelly Beaten To Death

TULSA Okla., July 2. (AP)—A 45-year-old woman was found cruelly beaten to death in her apartment today only a few hours after another woman and two teen-age girls living in the same neighborhood were discovered savagely bludgeoned in a similar attack. Police identified the dead woman as Mrs. Ruth Norton, 42, an elevator operator in the National Bank of Tulsa building. Her body was found lying on the bed of her bedroom, nude from the waist down. The head had been beaten with a heavy, sharp instrument that inflicted deep gashes. Police Commissioner J. Fred Lawrence, Jr., and Police Chief J. W. (Bud) Hollinsworth termed the murder one of the most brutal the city has ever had.

Top Demos Seek Special Session

By The Associated Press
Some highly placed Democrats began beating the drums today for a special session of Congress this summer—and a presidential challenge to the Republicans to deliver on their 1948 platform promises. GOP lawmakers generally were cool to the idea of getting back into harness any time soon. President Truman himself declined to comment. Senator McGrath of Rhode Island, chairman of the Democratic National Committee, told reporters pressure is coming from many people for Mr. Truman to call Congress back soon after the Democratic convention opening in Philadelphia July 12. "Nothing could be accomplished here," McGrath had just issued a formal blast at what he called the "dismal failure" of the GOP-controlled 80th Congress.

Managers Are Named For State Railroad

AUSTIN, July 2. (AP)—La. Gov. Allan Shivers yesterday announced appointment of three members to the board of managers of the Texas State Railroad. They are E. R. Gregg of Rush and H. V. Hamilton and Dr. R. H. McLeod, both of Palestine. The railroad line was built by the state between Palestine and Rock in the 1890's. It is now leased to the T. & N. O. Railroad.

Floods Halt Railways

TUXTLA GUTIERREZ, Mex., July 2. (AP)—Floods in Southern Mexico have partially disrupted railway communication with Central America, the local national railways office said.

Progress For Sound Idea

Several bills died with the 80th Congress, among them measures which were designed to strengthen the United Nations and some of them in the direction of world government.

This does not mean that the world government idea is dead. Indeed, it is more popular now than six months or a year ago, although isolation sentiment has come out from the underground. If anything, world government has acquired too many advocates too quickly, for among them are those who see in such a trend a primary means of separating Russia from an international organization.

The World Federalists, perhaps the most active of the world government advocates, have sensed this and flatly stated that they disassociate themselves from those who aim purposefully in expelling the Soviet from attempts at world functions fixed by law. The Federalists would proceed without Russia if Russia herself refused to join.

Ultimately, the peace of the world will have to hinge upon international law with a framework capable of supporting and enforcing law. Such an agency should be born of an earnest desire to accomplish peace through order and not merely to wall off international bad-boys.

We needn't be stampeded, but with jet planes hopping across the Atlantic this week for the first time; with planes smashing the multiplying, we needn't think that we have forever to choose between law and division.

Take It Easy On Highways

From W. J. Elliott, chief of the Texas Highway Patrol, has come a very pertinent warning to the people of Texas.

Condensed to its essentials, it is simply this:

"Be alive on the Fifth."
Mr. Elliott really means the Sixth, and that one addition to the day of the month means the difference between life and death to some.

Because July 4 falls on Sunday, the Fifth is being observed almost universally as a holiday. That gives people more time off from work—as part of a capsule vacation. Thousands will foolishly try to cram a week's junket into one week end. To go long distances, visit and vacation and still get back for work on Tuesday morning, they will have to speed like fury. Well, there may be others just as foolish who are going in an opposite direction.

Add to these the per cent of the driving public that is just downright careless and those consummate nuts who try the threadbare and murderous experiment of driving while drinking—all add these with the speed merchants and you have potentially explosive and deadly mixture for the highways.

Mr. Elliott advises strongly against these "driving faults," and sums it all up aptly:

"Drive as if your life depended upon it, because it does!"

Yes sir, it does, and you'd better pay attention to what the man says unless you are among those wise people who stay off highways on double holidays.

It Happened Back In—

FIVE YEARS AGO—American Business club has victory garden plot; 50 marriage licenses reported for month of June; Jack Riggs, stationed with Navy at Jackson, Miss., returns to base after visit with Mrs. Jack Riggs.

TEN YEARS AGO—Big Spring accepted as site for \$100,000 cotton seed oil mill; 125 horses in parade preceding city's fifth annual rodeo.

FIFTEEN YEARS AGO—A young woman's club bicycles to city park and astounds townspeople; Jean Pearce, daughter of Mr. and Mrs. Wayne Pearce, adjudged winner in baby contest here.

Today's Birthday

LEWIS W. DOUGLAS, born July 2, 1894, is U. S. ambassador to Britain. Son of a wealthy Arizona family, he was a World War I lieutenant. He quit his job in Congress to be director of the budget in 1933, but he broke with Roosevelt over spending 18 months later. He was head of McGill University, then of the Mutual Life Insurance Co. In World War II he was deputy war shipping administrator.

OLD SAILORS LIKE COWBOY STORIES BEST

By MAL BOYLE
STATEN ISLAND, N. Y., July 2. (AP)—The ships stand out to sea, and the old men sit on benches on a broad green lawn and watch them go.

Elderly men like these, done with the sea, have been doing this for 115 years on a tree-shaded 100-acre estate bordering New York Harbor.

They are old salts washed up on this grassy beach after a lifetime on the deep. Their last anchorage is called "The Sailors Snug Harbor."

"In 1815, our peak year, we had 225 men here," said the home's governor, Capt. Henry R. Patterson, a retired naval officer. "Now we have less than 400."

The harbor is a multi-million dollar investment. The home has 50 buildings, including eight main dormitories and mess halls, its own hospital and medical staff and a dairy with sixty milk cows.

The men get free food, quarters, clothing and a pound of tobacco—either chewing or smoking—a month.

It is one of the world's most unusual charities. It was created by Capt. Robert Richard Randall, a privateer, who died in 1801 and left \$7,500 and a 20-acre farm in Manhattan to found a home for "aged, decrepit and worn-out sailors."

It expanded steadily on the vast income from the property, which borders lower Fifth Avenue and has grown to great value.

Favorite recreations are shooting pool, playing checkers, swapping lies, or just sitting on the benches watching the ships plow seaward.

There is a library of 6,000 volumes, but 70-year-old Capt. Fred Healy, the librarian, said only a few old sailors asked for "good books."

"They don't read sea stories much either," he said, shaking his head. "All they want is Westerns—cowboy stories."

The Nation Today

Convention Traditions

By JAMES MARLOW
WASHINGTON, July 2. (AP)—It's about time politicians got a new technique for their political conventions.

It would be a lot easier on the human beings who go to them if the speeches were fewer and shorter.

The late Thomas "Fats" Waller, the fat and happy piano player, used to sing a piece called "The Joint Is Jumpin'."

It describes the Republican convention in Philadelphia on the night of Wednesday, June 23, the night of the nominating speeches.

What happened then may have impressed somebody listening over a radio. It didn't win any votes for anyone.

Starting at 9 p.m. and ending around 4 o'clock in the morning, the names of the would-be candidates for president were placed in nomination.

Each person who got up in the jammed convention hall was allowed 15 minutes to make the speech nominating his candidate.

Everyone who got up after him to second the nomination was allowed five minutes. And there were relays of seconding speakers although only one was needed.

To make matters worse, almost every speaker used up every minute allowed him.

There was hardly any new in the speeches.

Most of them were full of the old-time, highblown oratory, trying to make the candidate being mentioned look like the glistering savior of America.

The demonstrations in between lasted anywhere from four or five minutes to more than a half-hour of screaming, jumping, parading through the aisles, waving banners.

If you were home, listening to it over your radio, you might have thought each parade after a nomination was a spontaneous outburst of joy for the candidate just placed in nomination. It wasn't.

For example: A swarm of people waited for hours in the basement so they could go upstairs at the right time and put on, or join in, the demonstration for Harold E. Stassen when his name was placed in nomination.

They carried huge Stassen banners and thousands of balloons to give color to their performance when it started.

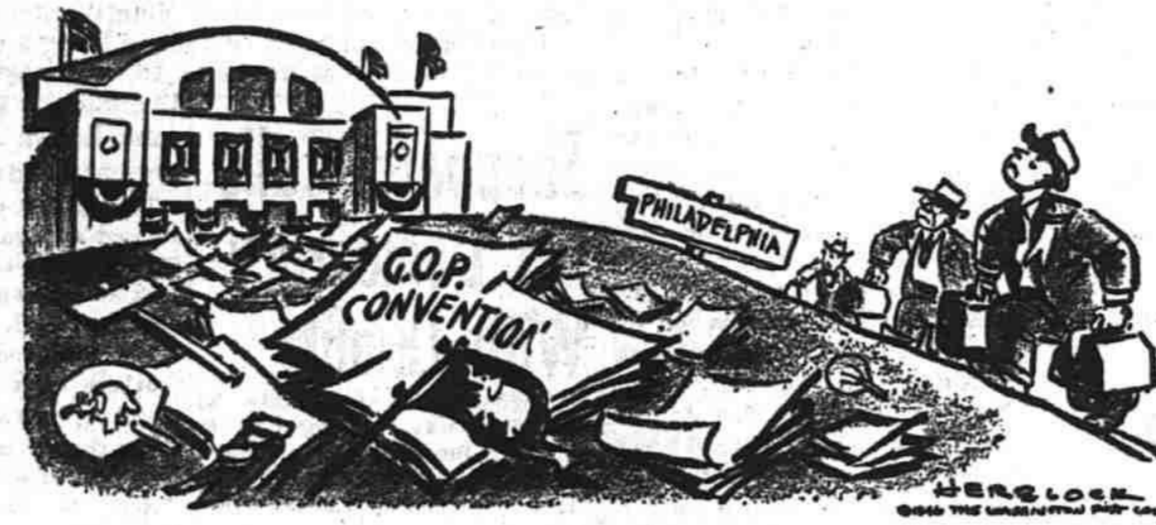

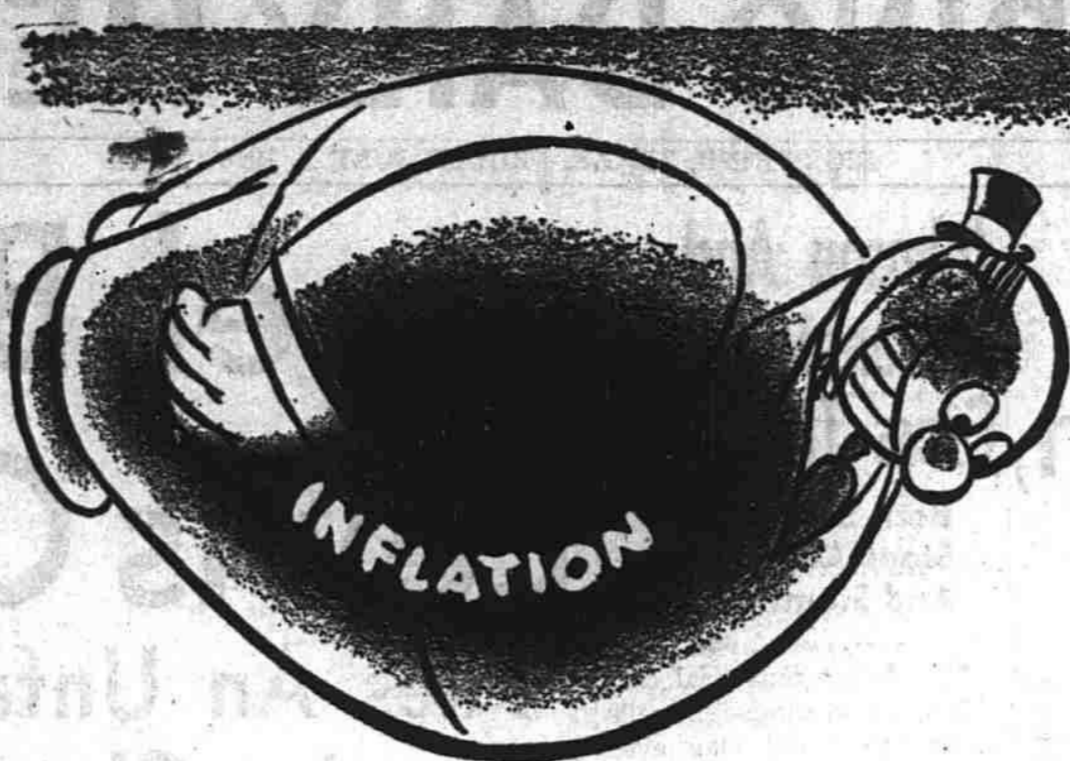

All that happened on Wednesday night and early Thursday morning. But nobody at that time could be swept up in emotion to cast a single ballot for anyone. The reason:

The voting itself did not start until Thursday afternoon. But it's been customary for years to put on demonstrations like that, so they were put on.

Democratic National Convention Is Beginning To Come Apart At Seams

By DREW PEARSON

WASHINGTON. — Despite optimistic statements by Democratic Chairman Howard McGrath, the Democratic National Committee has begun to fall apart at the seams. McGrath is trying desperately to hold it together behind President Truman—but it isn't holding.

One national committeeman, Eugene Mahoney of Sioux Falls, S. D., has written McGrath a letter urging him to conduct an honest poll of the grass roots before trying to nominate Truman.

"As I understand it, it is not the duty of the national committee to at all costs endeavor to bring about the nomination of President Truman," wrote Mahoney. "It is the duty and responsibility of the national committee to lead the Democratic Party to victory and to take the leadership in bringing about the nomination of a candidate who can win."

"I would suggest," continued the South Dakota national committeeman, "that you as chairman of the Democratic Party make a very comprehensive survey of the nation, and let the results of that survey guide you in your course of action. I would also suggest that that survey not be confined to a few political leaders, but that you actually make a grass-root survey as was only done by Jim Farley in 1932."

"No doubt," Mahoney concluded, "if President Truman knew the true situation, he would step aside and withdraw to aid and assist in the selection of a candidate who could and would win."

INSIDE YUGOSLAVIA
One clue as to what's happening inside Yugoslavia is a speech Marshal Tito made at a secret meeting of the Oblasni Egzekutivni Odbor (Red Executive Board) at Zagreb a short time ago. Speaking to his fellow communist leaders, Tito was extremely frank in admitting trouble inside Yugoslavia. Here is a translation of one part of his speech:

"Comrades, you know very well that the peasant is not with us, with the state's purchase of grain surplus. The plan was a failure, as less than 50 per cent of the fixed quantity was delivered by the peasants. The peasant is cunning and refractory and his belief of that, we have had many difficulties and trouble. I will not indulge now in matters of religion, but if some day the priests refuse the people by ringing the churches' bells, it is certain that we shall have to face a complete uprising. And the peasants are well armed."

"On account of all that, I have issued all necessary orders and instructions. We need time for a complete success. Therefore, get to work and work hard, as there is not much time left. I wish you, comrades, much luck and full success!"

NOTE—It may have been that Moscow, because of internal troubles in Yugoslavia, decided to junk Tito.

SPECIAL CONGRESS?
Some White House advisers are strongly urging the President to call Congress back for a special session immediately after the Democratic convention.

They tell Truman that he should insist on the enactment of major legislation, such as the Taft-Elliott-Wagner public housing bill, which, though blocked in Congress, was endorsed in the G.O.P. convention platform.

Friends tell Truman that if G. O. P. leaders continue to block housing during the special session,

he could then charge them with failure to carry out platform pledges.

Other advisers, however, have told Truman that it would be wiser politically not to call a special session, but to let these Republicans stew in the juice of their congressional mistakes.

Since the President plans to make Congress his No. 1 campaign issue if renominated, the latter is probably what he will do.

UNDER THE DOME
A. F. of L. President William Green was even hotter against the Republicans in his private talk to President Truman than when he issued his blast later. "The Republicans," Green told Truman, "ignore us at Philadelphia. There was nothing favorable to labor in the platform. We didn't have a look-in." . . . Negotiations between London and Washington for Britain's participation in the Marshall Plan are stymied. The British accuse us of trying to regulate the pound sterling in return for Marshall Plan aid. For two weeks diplomats haven't been able to break the deadlock.

SPAATZ SPEAKS
One reason Air Chief of Staff "Tooney" Spaatz retired from the Army was that he felt he could do the Air Force more good on the outside. For the first time, he is now preparing to speak his mind fearfully in a flood of magazine and newspaper articles.

Unhappily by military restrictions, Spaatz will tell bluntly how he thinks America should meet the threat of another war. He will also warn that the United States will have two independent Air Forces on its hands as long as the Navy is given free rein in the air.

Sabu Returns To India To Make His Own Film

By BOB THOMAS

HOLLYWOOD, (U.P.)—After a 14-year absence from his homeland, Sabu is returning to India to film his own production.

Sabu, who left India at nine, has big plans for a jungle picture on his own hook. He'll take a location troupe from here and shoot wild animal scenes north of New Delhi. "We will adapt the script to the scenes we shoot," he reports.

Mr. and Mrs. Cornel Wilde are currently emoting in "The Lovers," and we can hope that it won't do serious damage to their marriage. Cornel happily admits his wife's role is better than his, so that's a good sign. She was set for the picture first, then he was added when Columbia couldn't find another film for his final commitment there.

Douglas Fairbanks, Jr., is searching for a modern-dress vehicle to follow "The O'Flynn." He hasn't done a non-costume for 10 years.

Jimmy Stewart has two pictures of Ann Blyth in his "You Gotta Stay Happy" dressing room. He hasn't even met her—just an admirer from afar. I doubt if she'll be the one to make Jimmy settle down to a home life. He thinks she's too young for him.

JAY VESSELS HAS FANTASTIC WAR RECORD

By WILLIAM C. BARNARD

This is the fantastic record of a slim, 30-year-old veteran of two world wars, a man war correspondents proclaim as the greatest press relations officer the U. S. Army ever had.

Jay Vessels is now a Texan. He stopped in Austin for dinner one night last February and is still there. He works on the Austin-American and has a two-acre plot which sports the sign: "Dead cow ranch—breeder of pure-bred, white-faced scorpions."

Native of Kentucky and long-time newspaperman, Major Vessels headed the press camp of the 12th Tactical Fighter Command. Wick Fowler, Dallas Morning News feature writer, was with him in Africa, Italy, Southern France and Germany. And this is the story Fowler told us last night:

Vessels (Fowler began) was the most unorthodox officer in the Army, a fast-talking bird with a little black moustache, pink cheeks, and brown eyes. If there was a rule he didn't violate, we never found out what it was. He ran his press camp for newspapermen, not for the Army. He called the newspapermen his clients and for the best he never failed to supply the best of food, drink, housing, transportation and ready access to news.

A war correspondent could go see the fighting in one of Vessels' planes or cars or he could jump out at the bar Vessels provided and Jay would bring the war to him. It was a beautiful setup, and all the correspondents, men such as Ernie Pyle, Hal Boyle, Noland Norgard and Kenneth Dixon were nuts about Jay and didn't want to be in any other press camp.

Vessels was the finest scrounger the Lord ever made. . . . This means that he miraculously produced an air fleet, automobiles, wonderful show and the finest liquors without ever signing his name to anything and without saying how he did it. A month before Rome fell Vessels was wiring and telephoning for hotel reservations there. And all of us believe that as long as a year before Hitler surrendered, Jay's air fleet was flying cognac and champagne out of Berlin for his "clients."

When we took Naples, Jay quickly obtained a seven-story apartment hotel, one of the most exclusive in the city. We moved in and named it "Vessels Villa." It was high on a hill, surrounded by ack ack guns and directly in the bomb run of German planes. During the air raids, while people with judgment sought safety? Jay would stand on the roof and go into ecstasies over the beauty of the ack ack. He had an utter disregard for danger. In those days he often flew piggy back on P-38 fighter missions. His own son was a bombardier. Jay was a man who could have stayed at home.

We credited him with a radar nose. . . . He could stand on a porch of his apartment house, watch the ship's creep into Naples Bay and actually sense if one carried fresh pork chops. That evening he would disappear for a while, and for days afterward the ice box would be heavily stocked with pork chops. We called it "moonlight repositioning."

Interviews with fighter pilots were always good, and 30 minutes after the hot pilots landed, they would be sitting in Jay's big bar, with correspondents around them. Vessels was supposed to be plugging the Air Force, but he brought in ground force heroes as well. And his planes ran regular runs to Anzio beachhead for any writer who wanted to spot the ground action there.

"I'll never forget those wonderful dinners in Naples apartment. There was an absolute rule that rank was to be left outside the door. It was funny to see a private at one end of the table, shouting in argument with some general at the other. Officers who pulled rank weren't asked out. . . . They were thrown out."

Jay has one period of worry. Washington got wind of the goings on at his violent villa and sent an inspector clear from the U. S. Vessels met him at the airport, feeling very shaky, but when the visitor asked about the crews' of barrage balloons Jay knew he had him. At once, Jay began his confusing brand of double talk. Then the correspondents gave the inspector the same treatment. He left, after a week, thoroughly confused and, as far as we ever learned, he never turned in any report.

Vessels had one rule. . . . that a war correspondent's stories should be gotten out at all cost. . . . by radio, by plane, by car. . . . but gotten out. After the invasion of Southern France, it was Jay who smuggled out stories, not only for his own clients but for the men of other press camps. And he shielded and sheltered many newspapermen of other press camps who came to him begging for aid.

When the war was over and Jay reached a separation center, he had no papers to show he ever was in the Army and the Army could find no record of his service. He blew his top. That was the only thing that ever hurt him.

Four years in the service and the Army never knew he was there.

Around The Rim—By The Herald Staff

Door-To-Door Salesmanship

Multiple changes in methods of performing many tasks have occurred during recent years, but apparently transition has been slow in one field.

In fact, door-to-door salesmen don't seem to care a good whoop and a holler about keeping abreast of the times. Either from instinct or from training, they insist upon following the same methods used by their predecessors of 20 years ago or more.

Maybe they have taken too seriously F. T. Barnum's famous statement about the birth rate of suckers, or maybe they think their ancient routine is made more forceful by repetition. Whatever their theory may be, however, it cannot excuse or conceal the monotony. To them, psychology is as unfamiliar and as mysterious as the atom is to the average citizen.

Instead of making efforts to streamline their procedure, they actually seem to be constantly alert to any chances of adding new ragged edges to a situation that already is laden with barnacles.

An eye-witness has passed on the following account of a recent call made by a transient salesman in Big Spring: A young lady came to the door in response to his knock, whereupon the salesman launched his one - two punch without giving the potential customer a chance to say how do you do. For at least five minutes he continued the discourse, when finally he closed his lips, probably due to rebellious lungs that were depleted of oxygen.

Seizing upon the first opportunity for a word of her own, the young matron said meekly, "I may want to buy something from you, but I'm not sure. Would you mind repeating what you said slowly enough that I can understand the words?"

With his face flushed in poorly concealed anger, the salesman gathered up his wares and departed in a huff.—WACIL MCNAIR

Broadway

Stage Players Really Jittery

By JACK O'BRIAN

NEW YORK—I suppose Hollywood actors worry about what they'll be like in the finished picture, but Broadway players have the record for that style of jitter.

I sat with a couple of Broadway guys the other evening who were enjoying an honest case of artistic whammies. It was directly after the fancy Broadway premiere of the new film, "The Time of Your Life." Broadway had its first gander at this Saroyan conceit with typical glitter. You couldn't much blame the fellows in the face of such first-night noise for wondering what reception they'd get.

First of all, Mrs. F. D. R. had been on hand, and James Cagney who starred in and produced the film. The rest of the stars, plus a hefty handful from other Hollywood lots, and the expected Broadway first-nighters, helped make it an evening in which entertainment values had a rather rough time being assorted.

Therefore, as I sat later in the evening with James Barton, the great old vaudeville and musical comedy song and dance man, I felt he had reason indeed for his conclusion over whether he'd turned in a workmanlike acting job. Wearing the same sort of colorful frontier beard he sported in the Saroyan film, Jim was an unusual figure in dinner jacket and starched shirt.

"How'd I do?" he asked with eager impudence as I walked in the door of a popular ale house. Fine, I said. He cocked a doubtful eyebrow and said he thought I was just making him feel good. By no means, I assured him; he had a swell role, performed it perfectly, gave it all the humor and depth a director could wish and advised him to chase the butterflies from his hindars.

"Okay," he said, "But I still want to see what the movie critics will say tomorrow." (They said very nice things about the movie, and particularly about Jim.)

Paul Draper, the dancer, who plays the role in the film which Gene Kelly originated in the 1938 stage play, called out questioningly: "See the picture?" Yes, I said, we had. "Like it?" Yes. "Like me?" Betcher life. Well! Come on over and crack open a bottle of bubbly with the Drapers.

These Broadway fellows, accustomed to traditional first night shakes, had finished the movie months and months ago. It wasn't like a Broadway show where rehearsals take a month, followed by a four week tryout tour and at last—the premiere. This was something all complete, all finished and beyond the possibility of a performer's night-to-night mood. Still, the tradition of first night jitters was upon this talented pair and they couldn't do a thing about it. Until, of course, enough people told them they're fine—and until the critics would pat them on the back for added measure.

NEW YORK—Broadway has a weird set of ethics, and none more fantastic than when a promoter "finds a pocketbook."

"Finding a pocketbook" means that a Broadwayite has turned up another sucker. Suckers are considered ethical bait for all except the colts of dignified gentlemen of the theaters and night clubs, and there aren't too many of the latter.

Honesty is a virtue, strange to say, practiced widely on Broadway. . . . a soft-hearted or soft-headed gentleman willing to part with a portion of his savings for any unusual project is something else again. The projects, however, almost always have the faith and trust of the promoters, however unlikely they might seem to the lay observer.

ON THEIR TERMS Soviets Offer To End Power Cutoff In Southern Korea

SEOUL, July 2. (AP)—Russia broadcast a conditioned offer today to turn the power back on in the U. S. zone of South Korea if the Americans will deal with the Korean Communist regime in the north.

It was the American refusal to deal with the Communist North Korea Peoples Committee that caused the power to be cut off in the first place last May 14. The U. S. doesn't recognize the Peoples Committee.

The offer was in a letter by Maj. Gen. S. P. Merkulov, Soviet commander in the north, which was read over the radio at Pyongyang, Russian headquarters.

SUNDAY SCHOOL LESSON

Micaiah Was Brave Enough To Tell Truth

By NEWMAN CAMPBELL

Many men have given flippant answers to the question—what does the world need most? We can all agree, however, that one of the most crying needs of this day is men and women who speak the truth, whether by so doing they make themselves popular or unpopular.

There is much confused thinking about every important issue before the world today. Wouldn't it be wonderful if we could depend upon one man—a prophet—to tell us the truth, so that we could take our stand for what we knew to be right, and insist upon our leaders following it?

This is the story of a man who dared to speak the truth, as the Lord gave it to him, in spite of hatred and probable persecution. Many men have suffered when they did the same—many have died martyr's deaths. Such people are not popular with those who want to hear pleasant words that praise and flatter and sanction them to take the path they want to follow and tell them all will be well if they do.

Ahab, king of Israel, was a wicked man and he married one of the cruelest and most ruthless women in all Biblical history—Jezebel. He had long abandoned the worship of Jehovah but he kept a host—400—of so-called prophets who were what in this day we would call "yes men." What the king wanted to do, that was what they said the Lord sanctioned.

For three years there had been peace between the Hebrews and Syrians.

Now, since the separation of the Hebrew nation into two kingdoms, Israel, over which Ahab ruled, and Judah, with King Jehoshaphat on the throne, there had been no friendly relations between the two monarchs.

However, Ahab, having a yearning to attack the Syrians and get back some of the land lost by the Israelites in times past, proposed to Jehoshaphat, who had come to visit him, that the two should attack the Syrians. Judah's king agreed, but thought it a good idea, before doing anything drastic, that they have the Lord's sanction. Jehoshaphat was a good man and faithful to his God.

Ahab sent for his 400 prophets and they said, "Go up; for the Lord will deliver it into the hand of the king,"—which was just what Ahab wanted to hear. Jehoshaphat was not satisfied, however, apparently feeling that these men really were not prophets of Jehovah, so he asked if there was not a prophet of the Lord whom they could ask if their course was a wise one.

Ahab said yes, there was, but he hated him because he always prophesied evil for the king. However, they sent for Micaiah, and on his way to answer the summons, the messenger, who had been sent to bring him to court, warned him that it would be a good idea for him to cater to the king's wishes this time.

Micaiah answered simply, "As the Lord liveth, what the Lord saith unto me, that will I speak."

Micaiah stood before the king and when he was asked, "Shall we go against Ramoth-Gilead to battle, or shall we forbear?" he answered, "Go, and prosper; for the Lord shall deliver it into the hand of the king,"—which was just what the others had said.

Ahab, however, evidently sus-

pected that Micaiah was speaking sarcastically, and he told him to tell him the truth; whereupon the prophet said he saw all Israel scattered upon the hills, as sheep that have not a shepherd, and they were told to return to their homes in peace.

Of course, Ahab was furious when he heard the unpalatable truth and he ordered Micaiah put in prison and given bread and water until his (Ahab's) return. Micaiah told him he wouldn't come back alive.

What happened eventually to this true prophet of God we are not told, but Ahab and Jehoshaphat attacked Syria, Ahab, being a coward, disguising himself and getting Jehoshaphat to wear his royal robes.

The Syrian king gave orders that Ahab was to be killed, and for a time his men tried to kill the man who wore Ahab's robes, but a certain Syrian archer drew his bow at a venture and the arrow struck Ahab between the joints of his armor and fatally wounded him. All day he lay in his chariot, bleeding to death, and when he was dead, the Israelites, being without a leader, retreated.

World Labor Meet Tangled

SAN FRANCISCO, July 2. (AP)—Debate before the International Labor Organization over alleged Communist obstruction moved on today into another stormy matter: the seating of workers' delegates from Argentina, Greece and India.

Delegates from Eastern European countries yesterday created a stir by denouncing the Marshall Plan and charging the ILO is intent on protecting the employer, not the worker.

This brought Frank P. Fenton, the United States worker delegate, to his feet. He declared Communists from "behind the Iron Curtain" were forming a solid obstructionist block which is impairing the ILO.

Fenton said something should be done to prevent Communists from using the conference as an outlet for their "propaganda."

Rain Pelts Funeral Pyres In Sad Fukui

FUKUI, Japan, July 2. (AP)—Rain pelted funeral pyres in quake and fire-ridden Fukui yesterday, adding to the misery of the thousands of homeless.

Concern was felt for refugees roaming the area as more heavy rains were forecast. River levees were smashed by the temblor of Monday.

Danger of death dealing floods was acute.

Fresh earth shocks were felt, too, but they were of a minor nature. Two men searching the ruins for bodies were injured slightly by debris knocked from buildings in the new temblor.

The Japanese national police in Tokyo announced the "official" earthquake casualties in Fukui and Ishikawa provinces stood at 3,254 dead and 7,251 injured. These figures varied but little from tolls reported by U. S. Eighth Army from police and relief workers lists.

Bodies of 325 victims, including 22 children, were recovered this morning.

So great was the destruction that some saddened families began burning their flattened houses in Buddhist funeral rites without knowing how many corpses lay beneath.

It appeared unlikely any completely accurate total of the dead would be known. Families are scattered and fire consumed many bodies after the earthquake laid waste the town of 80,000.

PONTIAC, Mich. (U.P.)—Mrs. Ethel Stottlemeyer, 42, was injured by an automobile while she slept in her upstairs bedroom. The car, out of control, crashed into the side of her home. The impact threw her to the floor and caused a skull injury.

**HEART - BEATS
OF A NATION** ***

The architectural beauty and stateliness of the Capitol at Washington are widely acclaimed as the eyes of nations are focused upon it in this period of world tribulation.

The Capitol is far more than the materials that went into its construction. It is far more than the design of the architects or the skill of the artisans that lifted its proud dome into the heavens.

It is the heart of the nation and represents the blood and tears or wars and revolutions, the toil of its workers, the wisdom of its statesmen, the bravery of its soldiers, the patriotism of its citizens, the faith of a great people.

America was built upon a foundation of faith—faith in God, in freedom, and in right. That faith has been fostered through the years by the churches of our country. Today we might well write upon the facade of our beautiful Capitol, "Blessed is the Nation whose God is the Lord."

**THE CHURCH FOR ALL ...
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Octogenarian Believes Working People Live Longer, Have More Fun

By VIVIAN BROWN
NEW YORK—You can take this from an 80-year-old working girl, Mrs. Anna Blum, who models "on the side." Work, and you'll live longer. This, coming from the popular

"Benney" as she is called in the trade, is honest advice. She is in excellent health and believes that "people who keep an interest in life will last longer than those who just exist from day to day. Besides it is so much more fun to be independent."

Once in a while, she says, people sympathize with her—"an old lady who must work." Always, Benney says, she advises them to save their pity "for those who can't or don't want to work."

The white-haired sweet-faced Benney who looks like everybody's mother is at present averaging about five 1 1/2 hour modeling jobs a week. She could do more, but then she says "it would interfere with my main job."

Her "main job" is a full time one—six days a week in a night club as a ladies' lounge attendant. She works from 8:30 at night until 3 a. m., takes a taxi home, sleeps until 2 o'clock in the afternoon, then calls the Society of Models where she has been registered three years to see whether she has an assignment. She says: "I haven't missed a day for illness in 3 years. Only once did I

have to take a night off and that was when I had a modeling job in Chicago."

This was a memorable occasion in Benney's life. She had never flown before. She was wine and dined and "felt like a real glamor girl," she says.

The 5'2" model who tips the scales at 130 lbs. has no relatives nearby, her husband having died several years ago. She has lived at the same hotel for 16 years, though she originally registered for two weeks. She has no kitchen and eats all her meals out—usually alone—but she doesn't mind. As a matter of fact, she says, with a twinkle in her blue eyes, "it is fun to live alone because you can do as you please."

Usually she prefers to take walks or go to the movies. Though she did go through the night club stage when she was younger, they don't intrigue her now. She sees "enough of night clubs" while on her night job.

Benney uses no makeup except on an occasional job. She is not interested in romance "though the right man may come along." But she doesn't care if he doesn't show up. She says: "Live alone and like it is my motto. And I like it. I don't owe anybody anything."

Legionnaires Face Lamesa At Longhorn Park Tonight

UMPS FORM ASSOCIATION

WICHITA, Kans., July 2.—The National Baseball Congress today announced that it had issued a charter to the Southeast Texas Umpires association. Officers include A. W. Bernsen, president; Robert Roy, vice-president.

Knott Entertains Forsan In Feature TC Encounter

LOOKING 'EM OVER

With TOMMY HART

Asked, if he had it all to do over again, would he concentrate on umpiring as a career rather than try for the big leagues as a player. Arbitrator Steve Sedowski of the Longhorn baseball league team of Sedowski and Frank states emphatically:

"That I would."

"There's a great future for the ambitious umpire in the game today. Chances are, if you can produce the goods, you'll get ahead much, much faster than you would as a player."

The scouts keep their eyes upon you all the time," says Steve. The conscientious Missourian points out that the lot of the official is much easier than it used to be. The National Association of Baseball leagues has been untiring in its efforts to improve the caliber of the umpiring, has appointed a special four-man committee whose job it is to keep constant tab on the nation's arbiters and promote their welfare.

For that reason and the fact that the pay scale keeps getting better, Steve expects more and more young men to turn to umpiring as a means of making a living.

Incidentally, Steve has one burning ambition and that is to call them in the Texas league sometime in the future. He says most young arbiters would like that opportunity because (1) promotion of officials from that AA circuit to the big leagues has been little short of amazing and (2) J. Alvin Gardner, the league's president, is about the finest fellow in baseball to work for, does everything to improve the station of his umpiring staff.

SINUS TROUBLE LITTLE BOTHER IN WEST TEXAS

Steve is the fellow who got a tryout (and a bonus) with the Chicago White Sox, was groomed to replace Luke Appling, but who eventually had to quit the business because of illness. He has chronic sinus trouble, a factor which influenced him to come to West Texas seeking relief.

The climate has worked wonders with his ailment. He says he has had but three headaches since his arrival, is thinking about spending the winter in these parts.

The people themselves have impressed him about as much as the climate. He thinks they're top-drawer, "the best I've ever known," even when they jeer him, which is seldom.

MYSTERY CLEARED UP SURROUNDING MENDEZ'S HOME RUN

Thanks to Sedowski, the mystery of Ace Mendez's second home run in the Vernon-Big Spring game here the night of May 25 has been cleared up.

In the seventh inning, Mendez deposited a ball into deep flight that appeared to hit Jack Scherching on the head and bounce over the fence.

According to Steve, and he got the straight of it from Scherching himself, the ball hit in the fielder's glove and bounced over the barrier. Scherching began rubbing his head after he backed into the upright.

CINDAN BLANKS LAKELAND IN RECENT ASSIGNMENT

Orlando Moreno, the former Big Spring now playing second base for the Havana Cubans, has seen his batting average skid to .270 but he boasts a respective 35 runs batted in.

The other former Bronco on the Havana staff, Jose Cindan blanked Lakeland with three-hits (score: 1-0) the other night to gain his fourth pitching victory.

Boatman May Toe Rubber

Big Spring's American Legion Junior baseball team, fresh from a 49-3 pasting administered the Coahoma contingent, square away with the powerful Lamesa Legion gang at 8:30 o'clock in Steer park tonight.

Dr. Kenny Swain, Big Spring skipper, will probably send James Boatman to the pitching rubber. Boatman has been very effective in games to date. If his mates give him any kind of stick support, he'll be hard to beat.

Such sluggers as Armstead, Lee, Washburn, Brunson, and Jones should create plenty of respect in the Lamesa ranks for Big Spring. Lee, Jones, White, Armstead, Brunson and Boatman hit home runs against the Coahomans.

Armstead banged out six hits in seven expeditions. Brunson collected four for five. Jones five for seven, Washburn three for four and Lee three for seven.

Lamesa holds one victory over the Big Springers but that was early in the season, when the locals were not far along on their conditioning program.

Lamesa made an excellent start in Legion district play last Tuesday, throttling Midland in Lamesa, 2-2. Lattimore was the big gun in that one, collecting three safeties.

The district's other engagement tonight pits Odessa against Midland in Midland.

Probable lineups tonight: LAMESA—Carroll, H; Duncan, short stop; Lattimore, 3b; Jones, 1b; Hart, c; Chapman, p; Thomas, rf; Dickerson, cf; and Millsap, 2b.

BIG SPRING—Rosson, cf; Armstead, lf; Lee, 2b; Barrera, 1b; Washburn, ss; Brunson, c; Rodriguez, 3b; Jones, rf; Boatman, p.

Pipeline Plays Angelo Monday

Coden's Texas Softball league double header with the Ragdale team of San Angelo, originally booked for Friday, has been moved back to Monday evening. Manager Blacky Hines of the Pipeliners announced this morning.

The contests will be unreeled at Forsan. The Pipeliners will try to climb out of the circuit cellar with that one.

The Ragdale team is led by Curly Hays, who recently pitched the league's first no-hit, no-run game.

L. D. Cunningham and his brother, Winifred, are lined up to twirl for Forsan-Big Spring.

Tulsa Halts Cat Streak

By HAROLD V. RATLIFF
By The Associated Press

Fort Worth's winning streak that carried it from third place to the top in 10 days of Texas league play ended last night—but without dislodging the Cats.

Fort Worth had taken 11 straight when the Tulsa Oilers halted the surge with a 5-3 decision. The Cats lost only a half-game over second-place Houston, however, because the Buffs were idle at San Antonio on account of rain. Fort Worth still has a half-game margin over the Buffs.

Dallas and Shreveport advanced on fourth-place San Antonio as the Rebels licked Oklahoma City 5-4 and Shreveport raked up Beaumont 2-1. Dallas now is one game back of San Antonio, Shreveport two.

Left-hander Harry Perkowski was the difference in Tulsa's victory over Fort Worth. He scattered six Cat hits and drove in three runs with a homer.

U. S. OLYMPIC BASKETBALL SQUAD — The full U. S. Olympic basketball squad is shown in Tulsa, Okla., while on a three-game exhibition tour before sailing for London. Back row, left to right: Adolph Pupp, Kentucky, associate coach; R. C. Pitts, Phillips Oilers. Gordon Carpenter, Phillips. Don Barksdale, Oakland Bitters; Bob Kurland, Phillips; Lou Wilke, chairman, U. S. Olympic Basketball Committee; Jess Renick, Phillips; Jackie Robinson, Baylor; Lew Beck, Phillips; and Omar Browning, head coach, Phillips. Front row: Cliff Barker, Kentucky; Wallace Jones, Kentucky; Vince Boryls, Denver Nuggets; Alex Groza, Kentucky; Ray Lumpp, New York University; Kenneth Rollins, Kentucky; and Ralph Beard, Kentucky. Helba Is Star As Locals Win Over Dusters

Pitching like a veteran, Lefty Gumbo Helba carved out his second mound success of the 1948 season as the Big Spring Broncos swept a three-game series from the Vernon Dusters with a 5-1 triumph here Thursday night.

Helba made it look easy. He set the North Texans down with five hits and would have had a shutout had it not been for a misplay, a passed ball and a hit by Lloyd Rigby in the eighth.

As it was the Steeds gave him good stick support in the early rounds and he went into the late frames with a sizeable working margin.

Sam Molina, one of the Longhorn league's better lefties, was treated roughly by the Hossees, who were in the act of winning their fifth straight decision and thereby protecting their 2 1/2 game lead over second place Midland.

Our Town lashed Molina's slants for 11 safeties, including three by Bobby Fernandez and two by Jake McClain. One of McClain's blows went for two bases, the only extra baser of the contest.

Helba lost his shutout in the eighth when Ray Vasquez threw one away at first base after fielding Florencio Quesada's ground ball. Quesada was wiped out at second when Lou Ehlinger grounded to McClain but Ehlinger subsequently anked to the midway station on a passed ball, from where he scored on Rigby's second hit of the ball game.

Molina gave up a run to Big Spring in the second after issuing walks to Justo Azpiazu and Traspuesto, a hit to Ace Mendez and a very important walk to Ortilleo Bosch.

The following frame was to prove a nightmare for the visitors. Fernandez led off with his second blow, Azpiazu stroled and Traspuesto chased a tally home with a single. Mendez skied long to Ehlinger in center and Azpiazu scored. Then Helba himself hit down third base way and Tony cruised in.

McClain's two bases and Fernandez's third hit accounted for the fifth Big Spring run in the fourth.

CHANNINGS—The Steeds blasted out three straight hits in the sixth but failed to score. Local base thieves had a hard time of it. They tried twice and failed to get away with it. Even Jake McClain, the league's leading Slippery Sam, was eliminated in a play at second by Morris Cowser's accurate throw.

Cotton McCaskey, the Vernon first sacker, was out of the lineup because of illness. Bob Huntley replaced him in the lineup. Ace Mendez made a great running catch of Gwen Simons' fly ball in the 7th. Justo Azpiazu got his first and only hit in the seventh by swinging late and hitting down the third base foul line.

Broncs On Road; Midland Indians Due Here Monday

The Big Spring Broncos left today for a short road trip that will take them to Ballinger for a three-day stand, after which they return to Steer park for a brief stop.

The locals will tangle with the Ballinger Cats four times, including a double-bill tonight.

The Midland Indians, currently resting in second place in the Longhorn Loop chase, will put in here for a doubleheader with the Broncos on Monday afternoon.

The first game will begin at 3:30 p. m. The Midland crew will remain here for a third contest Tuesday night.

Maxwell Plays Ed Grier Today

Bobby Maxwell, Big Spring's lone entry in the championship flight of the Abilene Invitational golf tournament, plays Eddie Grier, Abilene, in his first round match today.

Maxwell qualified with a two-over-par 73 while Grier had a 69. Doug Jones, former Big Spring, posted a qualifying score of 71. He plays J. V. Dickson, Abilene, today. Dickson had a 72.

J. E. Foote, Big Spring, rated the first flight with a 75 and is committed to oppose James Pritchett of Colorado City. Pritchett had a 76.

Another first flight qualifier was Bobby Wright of Big Spring, who finished with a 76. His opponent was to be Reed Sayles of Abilene, in with a 79.

George Tillinghast, Big Spring, posted an 83, good for the third flight. He plays John L. Rose, Albany, who compiled an 85.

Sam Thurman, Big Spring, rated the fourth flight with a 90 and is lined up to oppose Jarrell McLaughlin, Electra, who pieced together an 88.

Last Half Champ May Be Decided

Forsan's aroused Oilers move on Knott Sunday afternoon in quest of their third Tri-County baseball league victory in last half play and chances are the champion will come out of that contest.

The Billies, like the Oilers, are unbeaten in second half competition. They upset the Howard County Junior college Jayhawks, first half champions, two weeks ago, and then throttled Coahoma with a surprising show of power last week.

Forsan, meanwhile, was bouncing Coahoma and then cooled off the red-hot Ackerly Eagles last week.

Other games this week pits Coahoma against Colorado City in Colorado City and Howard County Junior college against Ackerly in Ackerly.

Coahoma must win to retain even the slightest chance to win the title. The Bulldogs, with Bill Brown ready to pitch, will be favored.

The collision between HCJC and Ackerly may prove to be quite a game. The Hawks won first half honors and are supposed to be at full strength for this one.

Ackerly was shut out by Forsan but is still dangerous. The Flock should be very tough to beat on their home grounds.

MOTOR CITY PACE SET BY OLDSTERS

DETROIT, July 2.—It was a fight of age against youth today as the \$15,000 Motor City Open golf championship moved into the second round.

With the four-day, 72-hole stroke chase nearing the halfway mark, galleries were carried back 25 years as 51-year-old Joe Kirkwood, Sr., the Philadelphia trick shot star, and 46-year-old Gene Sarazen, who has kept knickers in style all this time, showed their heels to the youngsters.

Kirkwood had a first round 68, Sarazen a 69.

Fukui Casualties Are Set At 12,288

TOKYO, July 2. (AP)—The U. S. Army First Corps announced officially today there were 12,288 casualties in Monday's earthquake at Fukui.

Tactical troops in the disaster area counted 1,595 dead, 2,662 injured seriously, and 8,031 treated for minor injuries, a corps spokesman said.

The count is still incomplete.

Strike Series Starts In Italy By Communists

ROME, July 2. (AP)—A series of nationwide industrial strikes began in Italy at noon today. They were called by the Communist-led General Confederation of Labor.

Leaders of the CGIL, which boasts six million members, called out "all workers of industry in general" to stage a half-day shutdown for higher pay.

A last-minute decision averted participation by stores in the walkouts. Representatives of the CGIL and of the commercial confederation, after a night-long session with government labor officials, reached a partial accord.

Public services also were operating, but buses and street cars were scheduled to halt from 5 p. m. to midnight.

Industries affected include metal working, printing and publishing (except daily newspapers), building and coal.

More strikes will be called tomorrow and on successive days for a week. They call for half-day "specialized" walkouts of chemists, electricians, steel workers and glass, ceramics and saccharine workers.

North Mitchell Test Has Show

A northwest Mitchell county wildcat had shown in the Pennsylvania Friday as explorations in Howard and Mitchell counties prepared to complete from that zone.

Fullerton Oil, et al. No. 1 Strain, section O, southeast quarter lot 10, C. A. O. Keefe survey, had porosity and oil stains in the Pennsylvania lime from 7,200 to 7,225 feet and is taking a drillstem test.

Seaboard No. 1 W. C. Campbell, northern outpost to the Vealmoor pool, set three-inch tubing and was perforating the bottom four feet preparing to test. It has been cleaning up test water at the rate of 22 to 25 barrels per hour.

60 per cent oil and 40 per cent water. Location is in section 29-32-30, T&P, Howard county. Sun No. 1 Schattell, section 186-97, H&T, southwest Scurry county deep exploration was bottomed at 6,859 feet in lime and set seven-inch string one foot hither. It is to drill plug and core ahead. It looks like a producer above 6,859 feet and that section will be tested later through perforations.

An abandonment was in prospect for southern Mitchell county. Sun No. 1 Ellwood estate, section 26-16, SPRR, took a drillstem test in the Ellenburger at 7,907-17 feet and recovered 300 feet of sulphur water with no shows of oil or gas. It is not taking an electric log and likely will be plugged.

Polio Rate In U.S. Is Above Normal

WASHINGTON, July 2. (AP)—Health authorities say infantile paralysis cases this year already exceed the total for a comparable period in 1946 but it's still too early to say whether 1948 will rank as a major epidemic year.

The year 1946 was the second worst polio year on record. This year the Public Health Service has reported "unusual incidence" in Texas, North Carolina, and California. It said those three accounted for 64 per cent of the nation's total of 2,007 cases up to June 26 this year.

There were 1,123 cases for the same period in 1947 and 1,529 in 1946. The total number of cases for the year 1946 was 25,247. That was second only to 1916 when about 30,000 were reported. Health authorities had no figures on what the situation was at this time of year in 1916.

Texas had had 579 cases to June 26; North Carolina 270, and California 281, health officials reported. Sixty-six per cent of the new cases for the June 26 week were reported from Texas, North Carolina, and California.

Vet Widows Get Pay Boost

WASHINGTON, July 2. (AP)—Widows, children and dependent parents of veterans who died in service are eligible today for pension boosts totaling more than \$30 million a year.

A bill setting up the increased benefits was signed into law by President Truman yesterday. It also raises payments received by widows and dependents of veterans of the regular military establishment who lost their lives because of disabilities resulting from the war.

Here, in order, are the old rates and the payments provided by the new measure: Widow, \$60 and \$75; widow with one child, \$78 and \$100; widow with two children, \$93.60 and \$115; widow with three children, \$109.20 and \$130; widow with four children, \$124.80 and \$145; widow with five children, \$140.40 and \$160.

One orphaned child, \$30 and \$38; two children, \$45.60 and \$52 (total); three, \$57.60 and \$66; four, \$69.60 and \$78; five, \$81.60 and \$90; one dependent parent, \$54 and \$60; two dependent parents, \$30 and \$35 (each).

If the veteran lost his life during peacetime, the benefits will be 20 per cent less in each case.

Attendance Up In Texas League

DALLAS, July 2. (AP)—For the fourth time in history the 33-year-old Texas League has passed the 1,000,000 mark in attendance. Not only that but this season is expected to produce the first 2,000,000.

As the Class AA circuit passed the half-way point, Secretary Milton Price reported that 1,046,792 paid admissions had been recorded. This was 133,097 better than the same period last year.

The all-time record was set last season with 1,948,181. The league's first season to go over 1,000,000 was more than 20 years ago. The second time was 1946 when the turnstiles clicked 1,582,567 times.

Leading the attendance spurge is Houston with 203,834, which presages a new one-club home record. Houston set the record at 382,275 last year.

The average attendance this season has been 5,920 per game. Last year it was 3,359.

Price's figure covered all games through June 26 when the league ended the first half. Attendance is up in all Texas professional baseball. There are 38 clubs in the state, five in the Texas-New Mexico League, one in the Texas-Arizona League and eight each in the big state, Longhorn and Lone Star Leagues.

These 38 clubs have totaled 1,681,422 paid admissions this season with the first half not fully accounted for. The Texas league leads with 747,951 for its five clubs. The class B Big State league is next with 349,650 for 30 games—less than half the season. Last year this loop had 328,200 for the same period.

Spends Honeymoon Without Husband By Court Order

NEW ORLEANS, July 2. (AP)—A 12-year-old bride is spending a court-ordered, husbandless honeymoon in a convent here.

The girl, Mrs. Harriet Phyllis Howland Dettlmer, parked a big wedge of chewing gum in a wastebasket yesterday as Judge Anna V. Levy committed her to the Convent of the Good Shepherd. The convent cares for delinquent girls because the city has no home for them.

The child's 18-year-old husband, Roy Dettlmer, faces a hearing on charges of contributing to the delinquency of a minor. He is presently at liberty under bond.

The couple was married one night early in June when the young girl left home to buy an ice cream cone. Marrying Peace Justice Joseph Campagna of St. Bernard Parish said Mrs. Dettlmer gave her age in an affidavit as 18.

During her hearing yesterday the bobby sox bride eagerly exchanged stage whispers with her husband as they sat six feet apart in an ante-room.

Man Is Contesting Union Suspension

GALVESTON, July 2. (AP)—(Pete) Godwin claims he is still acting port agent of the Galveston branch of the National Maritime Union.

He told the Galveston News in a telephone conversation from Texas City that leaders of the union's rank and file caucus who said here yesterday that he had been defeated were wrong.

S. D. (Tex) George said that Godwin and Frank L. Deuchare had been suspended. Godwin said that no charges had been placed against him or Deuchare by the national union headquarters.

RAF Jets Delayed

STORNOWAY, Scotland, July 2. (AP)—Bad weather delayed the take-off today of six Royal Air Force jet planes making the first jet flights across the Atlantic.

The planes are en route to Montreal and New York.

Judges Skeptical

DENVER (U.P.)—A Denver cafe operator was fined for possession of illegal slot machines. "They're not for gambling," Harry Shibata told the judge. "I keep them to put my money in for saving."

WASHINGTON, July 2. (AP)—Widows, children and dependent parents of veterans who died in service are eligible today for pension boosts totaling more than \$30 million a year.

A bill setting up the increased benefits was signed into law by President Truman yesterday. It also raises payments received by widows and dependents of veterans of the regular military establishment who lost their lives because of disabilities resulting from the war.

Here, in order, are the old rates and the payments provided by the new measure: Widow, \$60 and \$75; widow with one child, \$78 and \$100; widow with two children, \$93.60 and \$115; widow with three children, \$109.20 and \$130; widow with four children, \$124.80 and \$145; widow with five children, \$140.40 and \$160.

One orphaned child, \$30 and \$38; two children, \$45.60 and \$52 (total); three, \$57.60 and \$66; four, \$69.60 and \$78; five, \$81.60 and \$90; one dependent parent, \$54 and \$60; two dependent parents, \$30 and \$35 (each).

If the veteran lost his life during peacetime, the benefits will be 20 per cent less in each case.

Attendance Up In Texas League

DALLAS, July 2. (AP)—For the fourth time in history the 33-year-old Texas League has passed the 1,000,000 mark in attendance. Not only that but this season is expected to produce the first 2,000,000.

As the Class AA circuit passed the half-way point, Secretary Milton Price reported that 1,046,792 paid admissions had been recorded. This was 133,097 better than the same period last year.

The all-time record was set last season with 1,948,181. The league's first season to go over 1,000,000 was more than 20 years ago. The second time was 1946 when the turnstiles clicked 1,582,567 times.

Leading the attendance spurge is Houston with 203,834, which presages a new one-club home record. Houston set the record at 382,275 last year.

The average attendance this season has been 5,920 per game. Last year it was 3,359.

Price's figure covered all games through June 26 when the league ended the first half. Attendance is up in all Texas professional baseball. There are 38 clubs in the state, five in the Texas-New Mexico League, one in the Texas-Arizona League and eight each in the big state, Longhorn and Lone Star Leagues.

These 38 clubs have totaled 1,681,422 paid admissions this season with the first half not fully accounted for. The Texas league leads with 747,951 for its five clubs. The class B Big State league is next with 349,650 for 30 games—less than half the season. Last year this loop had 328,200 for the same period.

Birds Need CAA System

Its becoming downright dangerous, in these days of the horseless carriages, for a bird to fit about the highways.

An unidentified couple drove into a local filling station Thursday afternoon and discovered a dove imprisoned between the grill and the radiator of their car.

The creature apparently had unsuspectingly hurried himself into the vehicle. He was freed by an attendant at the station.

Against Smoking

NORWOOD, Mass. (U.P.)—Trouble with the modern girl, says 100-year-old Gertrude Douglas, is that too many of them smoke too much. She attributes her age to abstinence from both tobacco and liquor.

South Koreans Confiscate Red Fighting Orders

SEOUL, July 2. (AP)—South Korea police yesterday confiscated instructions to a new Communist group in South Cholla province for fighting early this month.

The document said the civil strife would coincide with the withdrawal of Soviet troops from North Korea. It added that the North Korea People's Army would come to South Korea and unite with the South Korea Labor Party.

The Russians announced plans on May 8 to pull their troops out of North Korea. American authorities called it "just another propaganda shot." The Soviet announcement came just two days before voting for the South Korea assembly to set up self rule in the American zone.

Weapons for the fighting, the document said, would be brought down to the American zone by the Communist People's Army. The instructions said guerrilla groups would fight in South Korea until a unified government was realized.

U. S. Army officials made the document public without comment.

Several times in the past South Korean Communists have been told by North Korean Reds they would help them if they started trouble in an effort to break up the South Korean government.

Reds Threaten 27th U. N. Veto

LAKE SUCCESS, July 2. (AP)—Russia has hung up the warning signal for another Security Council veto—this one to keep Ceylon out of the United Nations.

The Soviet Union already has blocked applications from Italy, Ireland, Finland, Austria, Trans-Jordan and Portugal with vetoes.

A veto against Ceylon would be the 27th used by Russia in the 30-month history of the UN.

The veto threat developed in the council's membership committee, which is studying the Ceylon bid prior to its submission to the 111-nation council and 58-nation General Assembly. To become the 59th member of the UN, Ceylon must avoid a council veto and get a two-thirds vote in the assembly.

In the committee Russia demanded that Ceylon, which attained independence last Feb. 5, submit evidence proving it is independent, sovereign and democratic. The new nation is a British dominion.

Comic Publishers Adopt New Code

NEW YORK, July 2. (AP)—A group of comic magazine publishers has agreed not to publish any comics which feature sexiness or sadistic torture, glorify crime or foster religious and racial prejudices.

The new "comics code" was announced yesterday by the Association of Comic Magazine Publishers.

Fourteen publishers—who put out 15 million of the 50 million comic books sold monthly in the United States—already have agreed to abide by the code, the association said.

It promised a drive to secure the cooperation of all other comic magazine publishers in the country.

Signers of the code are pledged to devote their cartoon books to "good, wholesome entertainment or education."

The code requires that publishers "in no event include in any magazine comics that may in any way lower the moral standards of those who read them."

Slit In Balkans May Help Greeks

By JOHN M. HIGHTOWER

WASHINGTON, July 2. (AP)—What effect will the Communist crisis over Yugoslavia have on the cold war between Russia and the West-ern powers?

American officials trying to figure that out say the most immediate result is likely to be a break-up in the coordinated backing which Yugoslavia, Bulgaria and Albania are reported to have been giving to the Communist guerrilla forces in Greece.

Authorities find it difficult to believe that with the split between Yugoslav Communists on the one hand and the Albanian and Bulgarian Communists on the other, it will be possible or them to go on working together in helping the Greek rebels.

Beyond this specific point, however, there is considerable reluctance to make a hard and fast estimate about any advantages which the West may gain, or may already have gained, out of the Communist troubles.

It is generally believed here by both American and foreign diplomats that the Communist high command in Moscow will make strenuous efforts soon to put an end to the situation which is at the least highly embarrassing to Moscow.

Some authorities believe that the initial Russian strategy may already be in motion and that the actions of the Albanian and Bulgarian Communist Parties within the past two days are evidence of this fact. These authorities see a pattern of isolation developing—the aim being to cut Yugoslavia off from friendly relations with the

Albania Stands With Soviets

WASHINGTON, July 2. (AP)—Government radio monitors reported yesterday that a broadcast from Communist headquarters in Albania said that country stands with Russia in the Communist crisis over Yugoslavia.

The broadcast accused Yugoslav leaders of "open treason."

The monitoring service's record of the broadcast is being distributed among top officials of the State Department and elsewhere.

It said the Cominform resolutions blasting Marshal Tito of Yugoslavia had been studied at a special meeting by the "plenum of the Central Committee of the Albanian Communist Party" and that the Central Committee is "in full and unanimous solidarity" with the Cominform resolution.

(Plenum means a plenary session of an executive body.)
