MULESHOE'S LOG CABIN...After four years of reconstruction, John Fried, above, almost has his own "Little House on the Prairie." He hauled logs from an original log cabin, and reconstructed it on his property in Muleshoe. Fried said he plans to

have an open house when the structure is completed. Note the hand-hewn logs which were used when the original house was built around 1870.

Little House On The Prairie In Muleshoe

Gibson's Discount Center of Muleshoe will be open today (Sunday), November 6. The store will open at 1 p.m. and will close at 6 p.m. their ad printed in the Thursday edition of the Muleshoe Journal will still be valid on Sunday.

Muleshoe Elementary PTA will host the November meeting of the South Plains Area Council PTA on Tuesday, November 8, at 10:00 a.m. in the Community Room of the Muleshoe State Bank. There will be a panel discussion on TV violence. Mrs. Lindsey Chancey, president, asks all parents to attend.

★★

Bert Sinclair, safety education officer with the Department of Public Safety from Lubbock, will be guest speaker at the Tuesday meeting of the Triangle CB Club.

The organization will meet Tuesday, at 7 p.m. in the Tri-County Community room. All interested licensed CB operators are urged to attend the special meeting.

It took several years of searching, and more than four years of construction, or reconstruction, to set up a log cabin at the east edge of Muleshoe.

The log cabin is 16 x 18 feet, with enough lumber, that if split, would build a six room house of one inch lumber, according to John Fried, who moved the log cabin to Muleshoe. Originally built around 1870, Fried said he found the structure on the North Canadian river bottom near Shawnee, Okla. where it had been abandoned since 1937. Fried said the formerly two-story log cabin had been lived in until a bad hail-storm in 1937 unroofed it. The cabin was then abandoned.

When the Frieds found the cabin, said to have been built by a German 'squawman' the roof and floor were gone, rotted away with the years and with weather. They purchased the structure for \$100 from the woman who owned it, and made arrangements to have the logs transported to his homesite in Muleshoe.

Then, the real work started. Fried said he hired a crane to move the 400 pound logs into place. The corners had been hand cut to fit perfectly, and the house was originally built without nails, as wooden pegs held the logs where they fit on the corners.

Fried said he put approximately 11,000 pounds of oak logs into the one-story structure in Muleshoe and used a combination of clay, sand and cement to mortar the logs. The clay was dug from about four feet deep in the ground south of Muleshoe. This formed the base for the 3,000 pounds of mortar used to put the building together.

He said he found the house to be perfectly level on all corners except the northeast corner, which was two inches off, and the hand-hewn logs were adjusted to level the structure on all

Kiwanis Hears FFA Members During Meeting

Members and officers from the Muleshoe FFA (Future Farmers of America) from Muleshoe High School, were guest speakers at the Muleshoe Kiwanis Club Friday morning.

They presented a program on Parliamentary Procedure which will be given in contest with other FFA chapters in the near future. A member commented, "These young men and one young lady presented a real enjoyable program. This year, the FFA chapter is again selling grapefruit and oranges to raise money for their chapter. If anyone would like some good grapefruit and oranges for the holiday season, please contact the ag department at the school or any member of the Muleshoe FFA chapter. The fruit will be delivered approximately two weeks before the holiday season."

Howard Watson also reported on the nail driving booth at the Fine Arts Boosters Halloween Carnival. About 15 pounds of nails were driven by a crowd who seemed to enjoy the booth, Watson added.

R.A. Bradley presented the friendship coin to Howard Watson because of "his work on the nail driving booth at the Halloween Carnival and mainly because Howard is a good friend to everybody."

Sixteen members, 14 guests and Kiwanis Sweetheart Benetta Roming attended the Friday meeting.

sides of the six inch thick logs. After putting up the outside walls, Fried roofed the structure and put in a new floor and ceiling. He went to Lubbock and had windows specially cut to fit the original windows of the cabin.

In the attic is room for two full sized beds, much as log cabins were used in frontier days. The corner features a fireplace, and a coal range sits in the room. An old-fashioned iron bed is in one corner, as well as an old dresser, a rocker, table and chairs and a cabinet, which is from the pioneer days.

On the bed is an original feather mattress and rag rugs cover portions of the bare floor. Fried said he and his wife had spent the past four years reconstructing the log cabin and putting it on a bare spot at the back of their property for Muleshoe version of the "Little House on the Prairie."

He added that when the structure is completed, he plans to have open house for people to reminisce or to just see how pioneers lived in the early days in this part of the world.

Farm Electric Short Course Slated Here

A farm electric wiring and safety short course for adult farmers will be held November 14-17 under the sponsorship of the Muleshoe High School Vocational Agriculture Department, according to Neal B. Dillman, superintendent and Bill Bickle and Gentry Lynn, teachers of vocational agriculture.

The short course is being sponsored by the Vocational Agriculture Department of Muleshoe High School.

Cleve Walkup, Farm Electrification Specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of Agricultural Engineering at Texas A&M University, will do the instructing in the course. He is headquartered at Texas A&M University.

Walkup holds a B.S. degree in Industrial Education and an M. Ed. degree in Agricultural Education.

The short course at Muleshoe is scheduled to begin November 14 at 7:30 p.m. in the Vocational Agriculture Building. Other

Friday Games Throw Representative To Start Van-Office

If you can't bring the people to the government, take the government to the people, is the philosophy State Representative Bill Clayton is using for his District 74 constituents.

Clayton is establishing a district office for the sprawling seven county legislative area which he serves. But, in an effort to bring the helping hand of government as close to home as possible, the office will not be a fixed position.

Driving a converted van, Clayton and his district assistant, Bill Sarpaulis, will make regular stops at convenient downtown locations in each of the towns in the district.

The van, manned by Sarpaulis, is scheduled to be in Muleshoe on Tuesday, November 8 from 9-12 a.m. and again from 9-12 on December 6 and December 20. It will be on the parking lot on the southeast corner of the Bailey County courthouse.

Because his duties as Speaker of the House require a part of his time to be spent at the Capitol in Austin, Sarpaulis will do the traveling alone when Clayton is away.

"Since I became speaker in 1975 and had to stretch my time, I have felt that something was needed so that people in the district could have contact with my office other than by telephone or when I had a chance to visit."

"The mobile office will solve that problem by giving people in the district towns the chance to stop by and visit on a regular basis. We will be coming to answer questions and want to be helpful in solving problems involving state government," Clayton said.

The van, a 1971 Dodge, has been modified as a traveling office. Painted signs on the sides and front make it instantly recognizable.

Citizens can also contact Clayton's office by telephone. The Austin number is 512-475-3311 and the number in Hereford is 806-364-7041.

Before taking the positio with Rep. Clayton, Sarpaulis taught vocational agriculture and oper-

ated the dairy at Boys Ranch. He and his wife, Donna, and four-year-old son, David, reside in Hereford.

The mobile office is a rarity among Texas legislators. The circulating office will be the first and only such office to service a state representative's entire legislative district.

Breakfast Will Honor Coaches Next Thursday

Muleshoe's coaching staff from junior high and high school will be honored at a breakfast next Thursday, November 10.

The dutch treat breakfast is scheduled for 6:30 a.m. at the Corral Restaurant and is being sponsored by the Muleshoe Chamber of Commerce and Agriculture.

Tommy Black, executive director of the C of C, urges everyone to attend the breakfast and show your appreciation to the coaches.

Band Boosters At Lazbuddie Plan Dinner

Lazbuddie Band Boosters plan to sponsor their annual turkey dinner on Sunday, November 13, in the Lazbuddie School cafeteria.

Dinner will be served from 12 noon until everyone is served. The menu includes turkey, cornbread dressing, giblet gravy, green beans, tossed green salad, orange cranberry sauce, hot rolls, assorted homemade pies, tea and coffee.

Tickets will be available at \$2.50 for adults, and \$1.50 for children 12 years of age and younger. A door prize will also be presented.

The Band Boosters at Lazbuddie said anyone and everyone will be welcome to come enjoy the good home-cooked food with the Lazbuddie community.

Commissioners Hear Minister

Bailey County Commissioners Court met Wednesday, and approved three resolutions, along with paying routine county bills.

The trio of resolutions concerned unemployment compensation for non-elected county employees; a resolution for supervisors of constructions and supervisors of construction of the new civic center by Engineering Associates of Lubbock and a change in the retirement system for county employees.

Appearing briefly before the commissioners was J.E. Meeks of the Ministerial Alliance to discuss ceasing Sunday funerals in Muleshoe.

PEACE Justice Report

Eleven speeding tickets lead the list of cases heard before Justice of the Peace K.B. Martin during the past week of the 28 cases heard.

Four persons were charged with no motor vehicle inspection sticker and three with racing with another vehicle. Two persons were charged with overweight vehicles and two for no driver's license.

One case each were filed for the following: defective brakes on trailer; overlength vehicle; assault; no tags on trailer; passing with insufficient clearance and expired motor vehicle inspection sticker.

Friday Games Throw In Three Way Tie

It was a 'must' win for the Muleshoe Mules and they came through with flying colors. The Mules retained a share of district honors through their 17-0 coup over the Olton Mustangs.

Following a miscue on a punt which flew straight up in the air, the Mules drove to the one yard line in four plays. Dean Northcutt powered over the right side and into the end zone with 9:04 on clock in the first quarter.

Olton's nine fumbles in the game started, although they recovered all but three of the slippery pigskins. Forced to punt, Olton gave up the ball to the Mules, who failed to move it very far into Olton territory.

In desperation attempts, the Olton Mustangs made several first downs on fourth down

Longhorns Pull Upset Over Valley

With just 12 seconds left in the game Thursday night, the Lazbuddie Longhorns pulled an upset victory over the District 2-B Valley team.

Charleston Steinbock passed four yards to Phillip Jesko to upset the highly-touted District 2-B team 18-16.

The Longhorn's winning touchdown drive was started when Valley's Randy Woods fumbled at the Valley 10-yard line, and the Longhorns recovered.

Valley, 7-3 for the season and 4-3 in district play, scored first in the second quarter when Darrell Dowd ran 41 yards for a touchdown and then took a two point conversion pass from Rodney Carpenter.

Lazbuddie made the score 8-6 at halftime when Dennis Steinbock latched on to a 15-yard TD pass from Charleston Steinbock. Lazbuddie took a third quarter lead when Dennis Steinbock ran two yards for a touchdown and the kick failed, leaving the score 12-8.

In the final period of the back and forth ballgame, Valley again took the lead on a two yard touchdown run by Carpenter. Larry Curry then took a Carpenter pass to add two more points.

some in their own end of the field.

A couple of Mule fumbles proved to be costly in yardage as Olton's defensive team dug in and held the Mules back for the rest of the first and most of the second quarters.

Following a blocked field goal attempt late in the second, Olton saw the half time score still 6-0.

In the third, it was still a defensive battle with the Mules still holding Olton scoreless. Almost midway through the third stanza, the Mules struck again. A 22 yard field goal by George Villarreal was good. The score widened to a 9-0 lead over the Mustangs. They hit again at 2:15 of the third on a seven yard touchdown pass from quarterback Danny Wilson to Curtis Carpenter in the end zone. Carpenter also caught a pass for two extra points, and the score was 17-0.

Charles Briscoe made his normal weekly pass interception. He latched on to a Mustang pass deep in Muleshoe territory and returned it 58 yards to end an Olton scoring threat.

Fumbles late in the game ended a potential Olton scoring drive and time ran out with Olton on their two yard line. Halftime statistics were fairly even, but by the end of the game Muleshoe had 232 yards rushing to 176 for Olton. Each team had 13 first downs, and for the first time in several games, only 30 yards in penalties were assessed, and those went against Olton.

Needmore Will Host Annual Turkey Supper

Needmore Community Club will host their annual Thanksgiving Supper on Saturday, November 19 at the community club building in Needmore, beginning at 6 p.m.

Tickets for adults will be \$3, and for children under the age of 12, tickets are \$2 each. Turkey and all the trimmings will be served during the evening.

BUILDING SMASHED...Muleshoe Police Chief Buddy Black looks over the smashed marble and tile on the north side of Tri-County Savings and Loan. A runaway station wagon jumped the curb and smashed into the building Thursday morning.

HOLDING UP PROGRESS...Terry Shafer, 34, and Ernie Vela, 68, put the big stop on Olton Mustang Charles Brown during Friday night's game in Muleshoe. Olton failed to get on the scoreboard as they were blanked out, 17-0. Muleshoe's defensive players held back the hapless Mustangs throughout the game.

Heart Attack Claims Life Of E. Julian

Elwin B. Julian, 67, was found dead in a field near his home at Maple around 6 p.m. Thursday, by his wife, Naomi. Justice of the Peace K.B. Martin pronounced him dead at the scene of an apparent heart attack.

Funeral services were conducted at 2:00 p.m. Saturday at the First Baptist Church in Muleshoe with Rev. Vernon Stephens, pastor of the Three Way Baptist Church and Rev. Hugh Montgomery, pastor of Hicks Chapel Baptist Church, officiating. Burial was in Littlefield Cemetery under direction of Singleton-Ellis Funeral Home of Muleshoe.

Elwin Julian was born July 16, 1910 at Marlow, Okla. and had lived in Bailey County for the past 27 years moving to the Maple community from the Lazbuddie area where he had spent most of his life. He was a farmer and a member of the Three Way Baptist Church. Elwin B. Julian was married to Naomi Fine November 10, 1950 in Clovis, N.M.

Survivors include his wife; two daughters, Mrs. Jamie Cunningham, Lovington, N.M. and Mrs. Bette Freeman, Lubbock;

Coffman Rites Held Saturday In Morton

Services for Clyde G. Coffman were held at 3 p.m. Saturday in First Baptist Church. The Rev. C.T. Cunningham, the Rev. Ray Cunningham and the Rev. Paul McClung, pastor, officiated.

Burial was in Morton Cemetery under direction of Singleton Funeral Home.

Coffman, 78, died Friday about noon in Lubbock's University Hospital after a lengthy illness.

The retired minister, who was born in Texas, served last at Hicks Chapel Baptist Church in Goodland, and was a member of the First Baptist Church here.

He married Prude Beanblossom September 18, 1927 in Bailey County and had lived here since January, 1963.

Survivors include his wife; two sons, David of Seagraves and Tom of Aiken; two daughters, Mrs. Sylvia Cunningham of Pratt, Kans., and Mrs. Norma Montgomery of Lubbock; four brothers, Clarence of Brownwood, Carl of Lamesa, Chester of Big Spring and Claude of Muleshoe; four sisters, Mrs. Gracie Swanner and Mrs. Olene Cunningham, both of Lubbock, Mrs. Ellen Bayless of Enochs and Mrs. Ida Henderson of Fort Worth; 10 grandchildren and two great-grandchildren.

TWB Chooses Harvey Davis For Director

AUSTIN--The Texas Water Development Board Friday named Harvey D. Davis of Temple, executive director of the Texas Department of Water Resources, effective November 1, announced Chairman A.L. Black of Friona.

The six-member Board met here in a special session and unanimously selected Davis to head the agency. On September 1, legislation consolidated the staffs of the Texas Water Development Board, the Texas Water Quality Board and the Texas Rights Commission into the single agency.

Charles E. Nemir, former assistant executive director of the Water Development Board, has served as active executive director of the new agency since September 1.

Davis, 50, has been executive director of the Texas Soil and Water Conservation Board for the past 16 years and has been with the agency for 23 years.

He is a native of Thrall, attended public school in Taylor and holds bachelor's and master's degrees in business administration from the University of Houston. Prior to his state service, Davis taught business administration for five years at Blinn Junior College.

LUBBOCK--Texas sportsmen are gearing-up for the fall hunting season and new hunting licenses have been purchased, bird dogs have received their shots and permission to hunt has been obtained from landowners.

There are not many incidents that can mar a hunt quicker than an uncontrolled fire and the Texas Parks and Wildlife Department is reminding hunters to use common sense and proper techniques in preventing or controlling a range or brush fire.

Be sure the exhaust system of your hunting vehicle is in good condition and drive only on defined roads. Catalytic converters can be dangerous if grass, weeds or other combustible materials become lodged under the vehicle.

Even using the road systems on ranch or farmlands could be dangerous this year due to dry conditions if cigarettes in proper receptacles.

When building camp fires, use designated areas free of heavy cover and protected from winds after getting permission from the landowner.

Most hunters have citizens band radios and if there is doubt as to whether you or your hunting group can handle the fire, relay the message as to location and size of the fire to the landowner and other authorities.

uncontrolled fire is dangerous to wildlife, their habitat and also to human life. A careless mistake may lead to tragedy for both you and wildlife.

Proper Deer Dressing Explained

Deer season is just around the corner and hunters are getting prepared. Part of the preparation involves learning how to care for the venison.

Successful deer hunters have learned that for the best quality of venison, the time that is shortened between the kill and the freezer becomes the critical factor, emphasizes Spencer Tanksley, Bailey County agent with the Texas Agricultural Extension Service.

There are two basic ways of field dressing deer, and both require a sharp knife with a large handle so that it can be held firmly. The first method usually recommended for game that is to be mounted later. The second way is slightly quicker and is used for game that is not too old or big and will probably

not be mounted, says Tanksley. The first method begins by placing the animal on its back and securing it by placing stones on either side. Remove the external sex organs first. Then make a vertical cut from the pelvic bone to the middle of the breastbone. Turn the knife blade up to prevent cutting into any of the internal organs.

Hold the entrails outside the rib cage and cut the outside

layer of the diaphragm, to expose the inner organs. Sever the esophagus and windpipe and pull them down. Pull the entrails free to the pelvic region. Finally, cut the skin and muscles around the anus but use care not to cut the bladder. Then remove the intestines.

The second method requires two basic cuts. Begin the first cut at the belly and slightly to one side of the breastbone to make cutting easier. After completing the cut up to the neck, sever the esophagus and windpipe. Pull the lungs and heart free of the diaphragm and then cut the diaphragm. While still holding the esophagus and windpipe, lift out the remainder of the viscera.

Make the second cut along the thin seam that holds the two pelvic bones together. The seam is pronounced on younger animals and can be cut easily with a sheath knife. Next set the animal in a spread-eagle position with one foot on each of the hind legs. A pull on the tail should then break open the pelvis so that the intestinal and reproductive tracts can be pulled from the body. Finally, cut the viscera from around the anus.

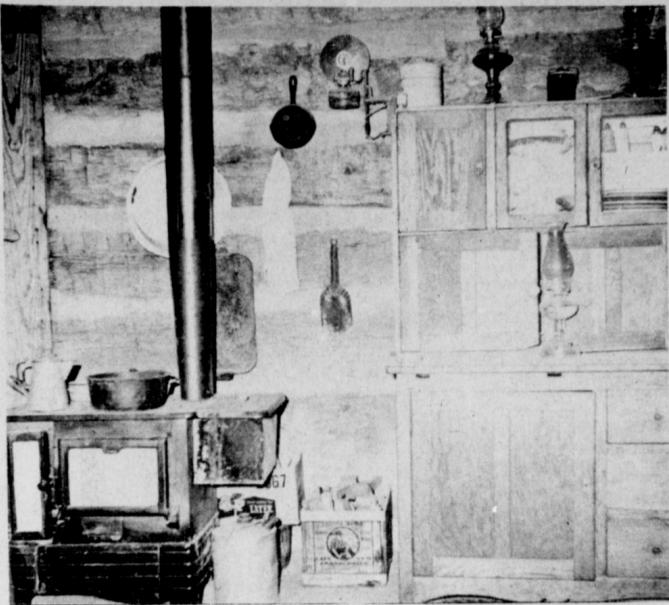

If the head is to be mounted, hang the animal by its hind legs to allow the remaining blood to drain free of the body. Otherwise, hang the animal by the head or antlers. Place a stick between the halves of the rib cage to speed the cooling of the carcass, suggests Tanksley.

Skinnering the animal is easiest as soon as possible after the kill. After skinning, wrap the carcass with a solid cloth material rather than cheesecloth because flies can deposit eggs through the cheesecloth.

Keep the carcass clean and put it in cold storage as soon as possible to insure high meat quality, added the county agent.

meetings in the series of four will be held November 15, 16 and 17, also at 7:30 p.m. During the dates, the shortcourse is in progress. Walkup will be available to assist farmers with individual problems and to provide on-the-farm instruction.

Farmers interested in attending the short course should call vocational agriculture teachers Bickel or Lynn at 272-3457. An entry fee of \$8 will be charged. Farm Electric Wiring Short Course certificates are to be presented to each farmer who attends all the training sessions.

Walkup states that the short course can be adjusted to wishes and interests of the farmers enrolled, but that he expects to cover such subjects as how to ground electrical equipment for safety, double insulated tools, ground-fault interrupter protective devices, fuses, and cir-

cuit breakers, switches, wire sizes and voltage drop, splices and connections on both copper and aluminum wire, and hot to

calculate the cost of operating electrical equipment. Demonstrations will be given and class enrollees will have the opportunity to perform the skills demonstrated.

Short courses in Farm Electric Wiring, as well as in other areas, are now available to farmers throughout the state under the new cooperative program between the Texas Education Agency and Texas A&M University.

This cooperative program is designed to make the services of specialists available to conduct short courses under the supervision of public schools. Such a program will enable teachers of vocational agriculture to provide improved educational services to farm people, said Walkup.

The A&M specialist said programs are available in fields of beef cattle, farm electric wiring, farm electric motors, farm arc welding, swine production, tractor maintenance, oxy-acetylene welding and pasture.

Door Prizes Given During Open House

Several door prizes were given during open house at the all-new Wilson Drilling Co. west of Muleshoe last Tuesday morning, according to Stanley Wilson, owner of the business.

Van McVey won the Lindsey Water Softener; Raymond Scott, carving knives; Clayton Meyers, steak knives; Ida Mae Shofner, electric carving knife; C.A. Watson, Presto hot dogger and Corky Biggerstaff, Gould's sump pump.

A large number of local and area residents attended the ribbon cutting and open house.

Children's Home Associates Sale Held

The Muleshoe Portales Children's Home Associates met Tuesday afternoon, November 1, at the Tri-County reception room. The members worked on making felt Christmas snowman decorations for the sale to be held at the First Federal Building on Pile Street in Clovis, N.M.

The sale will be held Saturday, November 5. The proceeds of this sale will be going to the Portales Children's Home.

The Associates held several all day meetings at the home of Mrs. Ethel Julian to finish a "Round the World" quilt and several other Christmas items to be sold at the sale.

Members present were Mrs. Rheil Williams, Mrs. Elmer Cornelsen, Mrs. Modene Elmore, Mrs. Ethel Julian and Mrs. Mabel Caldwell.

Consumer Food News

COLLEGE STATION... Fresh vegetables and poultry offer some of this week's economy buys at Texas grocery markets, according to Mrs. Gwendolyn Clyatt, consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

FRESH VEGETABLES... Bargains in nutritive value and price include carrots, cooking greens, squash, sweet potatoes, broccoli and cauliflower. Dry yellow onions and potatoes are low-priced choices. Eggplant and bell peppers are good choices. Persimmons have moderate prices.

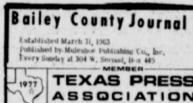

FRESH FRUITS... Grapefruit and orange supplies are increasing. Currently, better prices appear on the 18-pound bags of both fruits, but they are economical only if the shopper can use that quantity, Mrs. Clyatt cautions.

POULTRY... Fryer chicken prices continue attractive, and turkey parts are low-priced in some markets.

BEEF... Fewer specials are offered this week, although prices are stable. Most economically priced cuts usually are chuck roasts and steaks, round steaks, ground beef and beef liver.

PORK... Prices are the same to slightly lower. Better values include fresh picnic roasts, Boston butt roasts, shoulder steaks and quarter-loin cut into chops. Also, pork liver, some brands of bacon and roll sausage.

Consumer Watchwords: In buying cauliflower, choose those with clean, compact, white or creamy-white flowerets. Leaves should be bright green and crisp.

Imagine your reaction if the ads in this newspaper read like this: Peanut butter, 1 lb. jar - \$11.23; milk, gallon carton - \$12.49; work pants - \$80.69 pair. Impossible? Not An accurate projection for the year 2021 - 45 years from now if prices continue to rise five per cent a year. Of course, with "even inflation," wages rise at the same rate that prices rise. If you earn, say \$6,240 a year now, you would be earning \$56,077 in 45 years with even inflation. But at \$6,240 a year, you would receive \$155 as earned income credit. At \$56,077 you would pay \$17,019. After-tax purchasing power would amount to only \$4,345 in 1976 dollars - a decline of almost one-third. The only way a person paying an average income tax of 10 per cent can keep his real income constant is if his before-tax income rises 11 per cent more than the inflation rate. "Even inflation" does not balance itself... you can BANK on It!

Tower Proposes New Social Security Laws

WASHINGTON—A comprehensive legislative package aimed at restoring short-term and long-term actuarial soundness to the ailing Social Security system today was introduced by Sen. John Tower (R-Tex.), who calls the five-point proposal a more responsible alternative to the many other bills now under consideration and a firm indication government intends to honor its commitment to working Americans.

Tower's legislation, based on the responses of over 150,000 Texans he polled on the issue in July, and on an assessment of alternative solutions, avoids the drastic retirement benefit reductions and the unnecessary tax increases called for in other bills passed by the House or pending in the Senate. Tower said his measure ensures financial soundness for both the near

term and the long term and provides for a top to bottom reform of the system based on the recommendations of a Blue Ribbon panel which will look at the system's overall operation.

"There is no longer any question that financing of the Social Security system desperately needs overhaul," Tower said. "It's only a matter of how and when. Its financial structure has been unstable for too long. In my judgment, it is absolutely essential that Congress make it clear for all Americans that the commitment of this government to its Social Security system and to millions of working citizens will be honored in a responsible fashion. I believe if my proposals and recommendations are acted upon quickly by the Congress, we can restore financial integrity to the system."

Tower's Social Security legislation focuses on areas which are generally considered in most need of change. His proposals would:

- 1.) reallocate currently scheduled tax resources among certain of the trust funds to realize the most efficient use of limited dollars;
- 2.) repeal the outside earnings limitation currently placed on the Nation's elderly which restricts their ability to keep pace with rising inflation while assessing ways the benefits structure can be further liberalized;
- 3.) correct the costly and inequitable problems created by the Supreme Court in recent decisions affecting dependency provisions of Social Security law;
- 4.) correct indexing deficiencies inadvertently written into 1972 amendments to law which have proven costly and which have contributed to the rapid depletion of certain trust funds; yet corrections to ensure benefits keep pace with the cost of living, currently maintained on the basis of wages.
- 5.) appoint a Blue Ribbon panel to review total reform without shifting general revenues to Social Security and without breaking the historic partnership of the employer and the employee in financing the system on an equal basis. The panel also would be instructed to review welfare components of the trust funds to ensure necessary changes are made equalizing benefits with contributions actually paid into the system.

"Various proposals," the senior Texas Senator said, "have been presented to Congress as suggested remedies for the system's present funding dilemmas. It is my view these remedies are severely deficient in terms of cost and purpose. Their result would be to lower expected benefits, to raise taxes unnecessarily and to deny Social Security participants sound far-reaching and lasting solutions."

Raising the taxable wage base, the payroll tax both for employer and employee, and financing funding shortfalls through general revenues, Tower suggested, are not the best or the only answers, and provide "inadequate and unacceptable op-

Farm Bureau Resolutions Considered

WACO...The 41 member Texas Farm Bureau Resolutions Committee for 1977 will meet November 7-9 at the Waco Convention Center to formulate tentative resolutions to be presented to voting delegates at the TFB convention November 27-30 in Houston.

The first general session of the committee will be at 1 p.m. Monday, November 7.

Comprised of three Farm Bureau leaders from each district, the chairman of the TFB Young Farmer and Rancher Advisory Committee, and the Committee chairman the group will be charged with sifting through hundreds of recommendations from county Farm Bureaus on state and national issues and developing tentative resolutions reflecting the consensus of thinking of the county recommendations.

TFB Vice President Henry Burton of Lufkin is chairman of the committee. TFB Director for District I Jack Osborne of Pampa is vice chairman, and T.L. Roberts of Wills Point, is secretary. TFB directors for odd-numbered districts serve on the committee this year.

Members, in addition to the three officers, are: V.O. Lasley, Stratford; Robert O'Donald, Canyon; Albert Scheele, Lockney; Wendel Barrick, Shallowater; Ray Bearden, Tokio; Leonard Schaffner, Henrietta; Arnold Koester, Olney; Marvin

The heat pump

"THE ELECTRIC SAVINGS MACHINE"

BUYING, BUILDING, REMODELING?

It's time to consider the heat pump. Southwestern Public Service Company can suggest the system that will give you the most for your energy dollar, and come up with some accurate information on installation and operating costs.

The heat pump is the electric savings machine. And usually a machine of such sensitive operation calls for a lot of space and some pretty technical installation procedures. NOT SO WITH THE HEAT PUMP! "Split systems" — most adaptable to homes — consist of an outdoor and indoor section, easily tucked away in a closet, garage, basement or attic. The single package unit looks very similar to a central air-conditioning unit that's placed outdoors. Both systems can be installed in most every home or office that has central air ducts. If you're buying, building or remodeling, it's time you said...

"Yes, the heat pump!"

Lavayne Lloyd Named '77 Halloween Queen

The Fine Arts Halloween Carnival was a big success last Saturday night. The highlight of the evening was the coronation of the Queen and Princess. Lavayne Lloyd, the speech candidate was crowned queen. Her escort was Mark Harmon. Princess was Starla Black, the Junior High art candidate. Her escort was Tyree Vandiver. The

setting of the coronation was a field of pumpkins complete with ghosts and goblins. Mrs. Gil Lamb was the emcee. She portrayed a good witch giving one of the contestants her dream come true; being Halloween Queen. Congratulations to Lavayne and Starla from the Mule's Tale Staff.

School Flag To Be Given By '77 Seniors

Student Council met Tuesday, November 1. Unfinished business was discussed and committees reported on how the Student Council projects were coming along.

The Senior class of '77 left money to buy a flag to be put in the hall of the High School. Mr. Ethridge has asked the Student Council to decide on the emblem to go on the flag. Connie Harmon and her committee will be in charge of this.

Student Council officers pictures were made Tuesday night at Shafer's Photo.

Freshmen Hit Friona 14-8 Win

The Muleshoe Mules Freshmen won their sixth game of the season by defeating Friona 14-8. The Freshman have won six games while losing only 2. In the first quarter, Felix Norman scored on an end run for the first score. The extra point try was short. In the second quarter Charles Walker scored on a flea flicker pass for the Mules second touchdown. Felix Norman took the extra point in to make the score 14-0. In the second half, Friona stopped the Mules for a safety and one touchdown to make the final score 14-8.

For the second week in a row the defense played a super game. In the last two games the defense has allowed only one touchdown.

The Mules next game will be against the Olton J.V. at Olton.

DECA Group At Seminar In Amarillo

Eight DECA members and two sponsors attended the "White Collar Fraud" Seminar featuring Frank W. Abagnale, Jr. in Amarillo, November 1. Mr. Abagnale, 29, is the world's greatest retired con man. He has passed \$2.5 million in bad checks in 26 countries all 50 states of the U.S.

Mr. Abagnale's program was an educational service in preventing crime. Some of the topics he spoke on were detecting bad checks, credit cards, counterfeit money, a con-artist. And how to detect the use of a color copier for checks and money.

Mr. Gist and the members who went to the seminar are passing on the information they learned so the other members also can detect counterfeit money on the job.

Anyone who is interested in learning how to stop "white collar fraud" may contact the DECA Department at MHS and they will be happy to give a program.

HALLOWEEN ROYALTY...Mark Harmon and Lavayne Lloyd were crowned King and Queen for Halloween during a coronation ceremony in the High School auditorium last Saturday night. Both the King and Queen are juniors at Muleshoe High School.

We were very disappointed about the loss to Friona. We now have to come back and win our last two games, and by doing this we feel our chances of being the District Champions are just as good as they were before. Our players have a great deal of character, and they will be back.

NASA Speaker Visits Students On Wednesday

Mr. Fred Kubesch, representing the Johnson Space Center, Houston, Texas, presented the assembly program Wednesday morning for high school and eighth grade students.

Mr. Kubesch, an Aerospace Education Specialist, discussed the activities of the National Aeronautics and Space Administration which included discussion and demonstration of aerodynamics, rocketry, propulsion systems, satellites, probes, orbits, human factors, communications, and manned space flight.

Following the assembly presentation, Mr. Kubesch visited high school science classes where he showed films, presented demonstrations, and discussed the space program in more depth.

Jo Blackwell Wins Painting From Art Club

Last Saturday October 29, the Mulestrators Art Club gave away a beautiful painting by Elizabeth Black (Valentine). The drawing for the painting was held during the Halloween Carnival. The winner was Mrs. Jo Blackwell. This is the second year in a row that Mrs. Blackwell has won the Art Club raffle.

FFA Plans '77 Banquet For Awards

The Muleshoe Chapter of Future Farmers of America met Monday, October 31 at 7:00 p.m. in the Ag Building. The banquet committee discussed food and decorations. This is the third time in four years Muleshoe has been chosen as host for the awards banquet. The dinner will be held November 28. The chapter decided to have a Greenhand and Chapter Conducting team. Muleshoe will also have a farm skill team in the competition. Several Greenhands have been chosen for the FFA Quiz team.

It was passed by general consent that all members should donate twenty-five cents to the Cal Farley's Boys Ranch FFA fund. This money is used to buy projects and supplies needed by their chapter.

The FFA Chapter would like to thank the Ag Boosters and all other citizens who have helped in the purchase of the new chapter truck. The FFA Boosters are presently having a scrap iron drive to help with the expenses. Anyone with iron they would like to donate should call Bill Harmon or the Ag Building at Muleshoe High School.

JV Mules Fall Hard To Friona

The Junior Varsity Mules were dealt a loss by a tough Friona squad. The loss brings the JV record to 5-3. The final score was Friona 20, Muleshoe 12. This was a tough game for the Mules and they hated to lose it. Touchdowns were scored by tight end Pablo Gonzales and quarterback Al Ontiveroz.

The JV team did not have a game on Thursday, November 3, so they only have one game remaining this season.

The Speaker Reports

by Bill Clayton

AUSTIN--The 65th Session of the Texas Legislature passed legislation in many areas to curb the rising rate of crime and the resulting pressures which it has caused. One of the most important laws passed concerns formation of the Texas Adult Probation Commission.

Previously, the prerogative of establishing probation offices was given to the district courts. In some districts no probation offices were created and there were great discrepancies in the quality of probation services and the qualifications of probation officers from one district to another.

The Texas Adult Probation Commission created by SB 39 will alleviate many such discrepancies and will standardize probation procedures across the state. This law provides for the establishment of probation offices in each judicial district of the state under the supervision of the district judges as well as for community-based correctional programs.

The Commission will consist of five board members--three judges of the district courts and two private citizens--who will serve terms of two, four and six years. Thereafter, each member will serve a six-year term. The Commission is now considering applications for the position of executive director.

The Commission will establish rules and standards for the probation offices, officers and community-based correctional programs.

Additional responsibilities of the Commission will be to cooperate with other governmental agencies both at the state and federal levels and to make periodic inspections of all probation offices to see that they are complying with standards and regulations.

Q: Before my marriage, I bought a home with funds I inherited from my grandfather. My wife and I are having problems. Can the proceeds from the sale of the house be kept from becoming community property if they are used to buy a new home?

A: At the risk of oversimplification, you can keep the proceeds from the house classified as separate property, but there are many variables. For example, if you inherited \$20,000 and used it to buy a house for \$20,000, the house is your separate property. Should you sell the house for \$40,000, the original amount plus the appreciation are separate property. If you buy another house for \$40,000, it is also separate property. However, if you use the money as a down-payment only, it becomes confusing. Too, this does not take into account possible homestead rights your wife may have. You should consult a lawyer regarding your particular circumstance.

BOB Simpson makes sense...

... because he is the only candidate with any state legislative experience. Bob Simpson has a proven record of hard work, responsiveness and effectiveness.

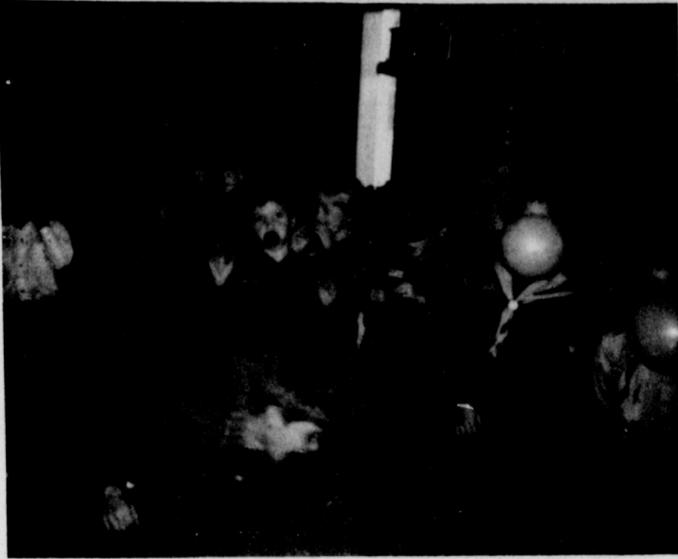

... because he believes in open and candid government. Bob Simpson is the only candidate making full public disclosure of all his personal financial records. He is known for his honesty and integrity.

... because he has farming and ranching interests in this district, and is committed to solving the problems of farmers and ranchers.

... because he opposes a state income tax. Bob Simpson has never voted for a tax increase.

Sure there are candidates in this race who make lots of noise and are full of promises. But campaign rhetoric isn't what this district needs. We need a Senator who will work for us. A Senator who can find realistic solutions to the problems facing our state. Bob Simpson will be the Senator we need... because Bob Simpson makes sense.

The quality of High Plains cotton classed through October 21 has been "fantastic," says Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc., Lubbock.

Johnson compared this year's High Plains fiber characteristics with those reported from other areas of the Cotton Belt and said "High Plains cotton looks better by comparison than ever before, a fact which will make it saleable in markets not available to us in years past."

Grades, micronaire readings and fiber strength tests all are registering substantial improvements over previous years and all compare favorably with cotton from other states.

Staple length of High Plains cotton is always shorter than the national average, but this is the only category in which Lubbock-area cotton falls behind. "Exceptionally good growing and harvesting weather has helped raise High Plains cotton quality in other respects," Johnson explains, "but staple is primarily determined by variety."

Analysis of quality data on the 415,783 bales classed on the Plains through October 21, about 13 percent of estimated area production, shows a huge 76 percent of the crop grading Strict Low Middling White and above. Latest quality figures

from across the Belt, covering the 2,366,000 bales ginned through October 1, put only 62 percent of the national crop in the Strict Low Middling and better grades.

Only three states, Arizona, New Mexico and California, have ginned a higher percentage of SLM+ cotton.

Just over 85 percent of the early Lubbock crop has "miked" in the premium range of 3.5 to 4.9, a percentage equalled only by California.

Fiber strength, or "pressley," of High Plains cotton has been excellent to date this year, with 58 percent measuring 90,000 psi or above. This compares with a beltwide average of only 33 percent and is above all states except New Mexico and Georgia.

The chart below shows comparative figures for each of the 12 states included in USDA's October 17 "Cotton Quality Report for Ginnings Prior to October 1."

GRADE	MICRONAIRE	STRENGTH	STAPLE
Percent SLM White (41) & above	Percent 3.5-4.9 & above	Percent 90,000 psi & above	1" and longer

Showers, Fog Slow Harvest On High Plains

Light showers and heavy fog slowed High Plains cotton harvesting Thursday and Friday according to Paul R. Dickson in charge of USDA's Cotton Cladding Office in Lubbock.

Harvest exceeded gin capacity in southern and central High Plains counties where seed cotton was stored in modules.

New crop trading increased the week ending October 28. Dickson said. High Plains growers accepted bids of 90 to 550 points over 1977 loan rates. Mixed lots of mostly grades 42 and better, staples 29 through 33, mikes 3.5 - 4.9 brought around 44.00 cents per pound. No premiums were paid for grades above 32 or staples longer than 32.

Dickson said 171,000 samples were graded at High Plains Cotton Cladding offices the week ended October 28. Season's total stands at 586,300. This compares with only 16,000 graded by this date one year ago, according to USDA's Agricultural Marketing Service.

Predominant grades from High Plains Cladding Offices this week were grade 31 at 33 percent, grade 41 was 30 percent and grade 32 accounted for 14 percent.

Staple lengths were mostly staple 31 at 41 percent, staple 32 was 27 percent and staple 33 accounted for 16 percent.

Parking Troubles
And there was the fellow who bought a house trailer so he'd have a place to live while he was looking for a place to park. -The Jax Air News, Fla.

Much
Things would be a lot nicer if people would be more ready to pat a fellow on the back instead of punching him on the nose. -Telegraph, Sidney, Neb.

Micronaire was mostly in the desirable 3.5 to 4.9 range and accounted for 83 percent of the total. About 14 percent was higher and 3 percent lower.

About 3 percent were reduced one grade because of grass breaking strength around 88,000 pounds per square inch.

Gins paid growers 57 to 70 dollars per ton for cottonseed, mostly 62 to 63 dollars. Some were ginning for the seed.

IN A HURRY!

It's Sunday! An exciting day! I've planned so many interesting ways to present God's love to the wee small people I'm teaching. How they love God and His church! They are always there early. Must hurry! My young ones want to be there early too. How pleased our Father in Heaven must be to see so many preparing excitedly and happily to have a worship experience with Him.

See you there in a very little while!

Psalm 26:8 "Lord, I have loved the habitation of thy house, and the place where thine honor dwelleth."

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

BASEBALL
By Pete Fritchie

WASHINGTON, D. C. -- Now that baseball is finished for 1977, what are the most intriguing might-have-beens? Looking at the playoffs and World Series, it seems New York was helped to the Series by some strange pitcher selections in game five of the A. L. playoffs.
Going with his best pitcher, who had held the Yanks to one run, Whitey Herzog yanks him after one single, in the eighth, then uses four pitchers, including some odd matchups with batters, to yield four runs and lose the whole bit.
Whitey also pulled Hassler in game two in the sixth with the score 2-2 and Andy doing a good job and then lost that one big.

The Dodgers tried hard to give away game three. Manager Tom Lasorda took out a fine looking Doug Rau in the 7th at 3-3 and the Phillies went ahead 5-3, and really did win that game—an umpire goofed in the 9th and called a batter safe (TV showed afterwards he was out). That would have been a Phillie win, 5-4. With an incredible comeback after that umpire's gift, the Dodgers then won it 6-5, and that was the playoffs.

The net impression was that the Dodgers had the best overall pitching. Those big, hard-throwing Phillie hurlers served up grand slam homers at the most stupid moment in two games (Carlton and Lonborg), to help. The playoffs also saw some of the sloppiest baseball in years. Tension was part the cause. But standards are not what they used to be either—despite excuses and alibis.

The Yanks and Dodgers looked better in the Series.

TO ALL OWNERS AND TO ALL PERSONS OWNING OR CLAIMING ANY INTEREST IN OR LIEN UPON ANY PROPERTY ABUTTING THE STREETS AND AVENUES OR PORTIONS THEREOF OF THE CITY OF MULESHOE, TEXAS, HEREINAFTER NAMED, WITHIN THE LIMITS HEREINAFTER SET FORTH, AND TO ALL OTHER INTERESTED PARTIES AND TO THEIR AGENTS AND ATTORNEYS:

You are hereby notified that the City Council of the City of Muleshoe, Texas, has determined the necessity for and ordered the improvement of certain streets and avenues or portions thereof hereinafter described within the limits hereinafter defined, the nature of which improvements is hereinafter generally set forth; the nature of which improvements is hereinafter generally set forth; and the City of Muleshoe has approved and adopted the estimate, statement and report of the City Engineer and has taken other proceedings with reference to the making of such improvements are of record in the Minutes of the City Council of the City of Muleshoe and has by ordinance ordered that a hearing be held, and notice thereof given, NOW THEREFORE.

PURSUANT TO SAID PROCEEDINGS AND SUCH ORDINANCE, NOTICE IS BY GIVEN:

That a hearing shall be given to the owners and to All persons owning or claiming any interest or lien upon any property abutting the streets and avenues or portions thereof of the City of Muleshoe, Texas, hereinafter named, within the limits hereinafter set out, and to all other interested parties, including their agents and attorneys, before the City Council of the City of Muleshoe, Texas, which hearing shall begin on the 8th day of November, 1977, at 8:30 o'clock a.m. and shall be held in the City Hall of Muleshoe, Texas, at which hearing all of said owners and other interested parties, their agents or attorneys shall have the right to be heard on any matter as to which hearing is a constitutional prerequisite to the validity of any assessment sought to be imposed and to contest the amounts of the proposed assessments, the lien and the liability thereof, the special benefits to the abutting properties and the owners thereof by means of the improvements for which all of such assessments are to be levied, the accuracy, sufficiency, regularity and validity of the proceedings and contracts in connection with such improvements and proposed assessments, or concerning any matter or thing connected therewith. The said hearing may be continued from time to time and day to day until a fair opportunity for hearing has been afforded to all desiring to contest the said assessments or proceedings, and the City Council shall have the power to and shall correct any errors, inaccuracies, irregularities and invalidities, and shall determine the amount of assessments and all other incidental matters and shall have the power by ordinance to close such hearing, and by the same or by a later ordinance or ordinances to levy such assessments before, during or after the construction of such improvements, but no part of any assessment against abutting properties shall be made to mature prior to acceptance by the City of Muleshoe of the improvements abutting the property for which assessment is levied. It shall not be necessary to levy all of the assessments at one time or by a single ordinance, and said hearing may be closed as to each portion of a street and/or avenue constituting a unit of improvement (as such units are designated below), after a fair opportunity for hearing has been afforded to all desiring to contest the assessments proposed to be levied against the owners and their properties abutting on the portion of each such street and avenue constituting a unit of improvement; and the City Council shall then have the power to levy such assessments against such abutting properties and against the owners thereof, as provided herein and in the prior proceedings of the City Commission herein referred to.

No assessment will be made against any abutting property or the owner thereof in excess of the special benefits to such property and its owner in the enhanced value thereof by means of such improvements as determined at such hearing. All of such owners, claimants and other interested parties, their agents or attorneys, are hereby referred for further information to the proceedings with reference to said improvements on file and/or of record with the City Secretary of the City of Muleshoe and particularly to the estimate of the City Engineer, and to the proposed assessment roll wherein the exact amount proposed to be assessed against each abutting property and the owner thereof is set forth; said City Engineer's estimate and said proposed assessment roll being filed in the office of the City Secretary.

The nature of the improvements which assessments are proposed to be levied and to which this notice relates is the filling, grading, raising, paving or repaving said streets and avenues or portions thereof in a permanent manner, and by the construction or reconstruction and the realigning of curbs and gutters where there are no existing curbs and gutters which can be utilized in whole or in part in the opinion of the City Engineer and by reconstruction and realigning existing curbs and gutters which can be utilized in whole or in part in the opinion of the City Engineer, and by the construction of such other necessary incidentals and appurtenances as the City Engineer has found to be necessary or advisable, all as shown by the plans and specifications of the City Engineer, and by widening where necessary so as to attain the paved width from back of curb which is set out below, said paving to consist of the construction of an adequate asphaltic wearing surface on an adequate base, the exact nature of such improvements being
