

Local Educators To Try Out Pay Hike Proposal

The operating effectiveness of the Kilgore bill, a pending legislative measure designed to increase teachers' salaries, will soon be known by local educators.

Delegates to an area school administrator's meeting held Wednesday evening in Lamesa decided to give the provisions of the bill a try in local school systems.

It was announced by the Associated Press Wednesday that school administrators in general did not favor the bill. However, local educators do not wish to go on record until a test is made.

The bill is in general a financing plan, and it completely changes the school financing program set up by the Gilmer-Alkin bill of 1949.

Purpose of the bill is to increase teachers salaries. It is also designed to provide a method to pay for the increase. It is believed by educators that in 90 per cent of school districts the burden of the increase—under the bill—will be heavier on a local level.

However, they are not sure. The area tests will give the educators concrete evidence on which to base decisions.

Those from Howard County attending the Wednesday night session were Walker Bailey, W. C. Blankenship, J. W. King Jr., all of Big Spring; Joe Holliday of Forsan, James Lowe of Knott, H. L. Miller and W. A. Wilson of Coahoma.

The area meeting was held following an earlier meeting in Austin in which the bill was discussed. Educators say the test must be run quickly, as the bill might come before the legislature any time. The bill was introduced by Representative Kilgore of Fort Worth.

Unhappy Threesome

Kink, the kinkajou or honey bear, broke up this happy threesome when he became too enthusiastic while eating candy off the finger of 10-month-old Tony Claiborne. Marsha, the English bull terrier, gives Kink a reproving look as Kink scampers away. Tony is the son of Mr. and Mrs. William Claiborne of Dallas, Tex. Kink, a South American animal, was given to the Claiborne family by a pilot friend. (AP Wirephoto).

Red Ship Is Hit By Jets

By STAN CARTER

SEOUL (U. S. AP)—Allied warplanes attacked a 5,000-ton Communist ship at Chinnampo on the Korean West Coast today and blasted Red supply routes and front-line positions, the Fifth Air Force reported.

An F80 Shooting Star jet reported he scored two direct bomb hits on the Red vessel, ice bound in the harbor, Chinnampo is the port for the North Korean capital, Pyongyang.

Allied pilots scored regularly against small Communist boats and junks off both Korean coasts. The 5,000-ton, single-stack vessel was described by the Air Force as the biggest target.

U.S. Warned To OK Red Peace Proposals

By OLEN CLEMENTS

TOKYO (U. S. AP)—Red China Wednesday warned the U. S. to accept Communist terms for peace in Korea or face a fight to the finish along the bleak battlefield.

In a direct challenge to U. S. President Eisenhower's new administration, Red Premier Chou En-lai demanded unconditional resumption of truce talks at Panmunjom, an immediate cease-fire and an 11-power political conference to settle the thorny question of war prisoners.

American officials immediately rejected the broadcast threat as "old stuff." They said it was the same proposal advanced by Russia in the U. N. last December and voted down 40-5.

These are the conditions laid down by Red China's No. 2 leader in a broadcast over Peiping radio: 1. "If the U. S. has the will and desire for peace in Korea she should unconditionally resume talks at Panmunjom." 2. Red China and North Korea "are ready for an immediate cease-fire on the basis of agreement already reached at Panmunjom." 3. "Thereafter we are prepared to discuss the question of prisoners of war at an 11-power political conference."

Then Chou hurled this belligerent challenge: "If the new American administration has no intention to do so and continues to adopt policies of the Truman administration in Korea and extends the Korean War, we are thoroughly prepared to fight it out with the aggressors to the last."

Allied negotiators, fed up with 15 months of fruitless wrangling, walked out of the Panmunjom talks Oct. 8. They said they would return only if the Communists agreed to one of several U. N. proposals or came up with something new.

The Communists want back all of the 122,558 POWs held by the U. N. The Allies have agreed to send back only the 83,000 willing to return.

Chou's tirade was a quick Red reply to President Eisenhower's State of the Union speech Monday. Eisenhower said he was ordering the U. S. Seventh Fleet to stop "shielding" the China mainland from possible invasion by Chiang Kai-shek's Nationalist Chinese.

VIOLENT DISPUTE RAGES Cross-File Repeal Bill Charges Aired

By BO BYERS

AUSTIN (U. S. AP)—Charges of intimidation were injected today into the dispute over whether Texas cross-filing election law should be repealed.

The accusation was hurled by Rep. A. D. Downer, Center, as debate began prior to a vote on his bill.

Several members of the House had told the Associated Press that trouble shooting aides of the governor were putting pressure on freshman members of the House to vote to kill or delay the bill. Representatives who refused to be quoted said they were told the bill was "an affront to the governor."

"One of the biggest demonstrations of intimidation in the history of the Legislature took place yesterday," Downer declared. "Duress, coercion and intimidation were exerted against fresh-

man members of the Legislature." Shivers himself was not available for comment.

One of his aides said the administration's effort was not to defeat the bill but to delay action on it pending a study of the Election Code by a State Bar committee.

The Associated Press had asked for comment from the governor. In Shivers' opening message to the Legislature, he had suggested the Election Code needs revising. Shivers promised to make recommendations based on the State Bar study, which is not yet complete.

Many House members known to be sharp critics of the Shivers administration are among backers of the bill to repeal cross-filing.

The new law under which Shivers became the first Texas governor to be elected as the dual nominee of the Democrats and Republicans would be erased by the bill that went before the House with 12-8 committee approval.

Speed traps, the "human wreckage" of alcoholism, dwindling city water sources and the need for a special state police force to cope with illicit drug traffic were other topics studied in the Legislature yesterday.

Also spotlighted was a bill to clean up sexy book and magazine displays, introduced in the Senate by Andy Rogers, Childress.

The House Committee on Motor Traffic last night dealt a chilling blow to a bill designed to abolish speed traps in small towns along state highways. The committee refused to recommend the bill, then sent it to subcommittee with no instructions on when to report.

In that effect left it with only the slimmest chance of floor consideration.

Three newly-elected House members who would not allow their names to be used told the Associated Press they had been approached by members of Gov. Shivers' staff and by administration floor leaders who urged them to vote against the cross-filing repeal.

They said members of the governor's staff had been active throughout the day opposing the bill by Rep. A. D. Downer, Center.

Backers of Downer's bill argued

Traffic Due To Run On 3rd St. After Leveling

Most local traffic will be allowed to travel on Third Street after the leveling course is run on pavement between Gregg and Austin today, City Engineer Clifton N. Bellamy announced.

Earlier the engineering department had reported traffic would be kept off various sections of Third for the next two weeks while pavement leveling and resurfacing work is in progress.

Bellamy said today it will be necessary to eliminate only parking from the street during the improvement work. Local traffic will be permitted to flow over most sections after today.

Highway 80 traffic will by-pass the improvements temporarily, however. Westbound through traffic will be sent along Second Street while eastbound travelers will take the Fourth Street route.

Some Third Street intersections will be blocked for periods of three or four hours while new pavement is being run.

Bellamy warned motorists against driving on fresh asphalt. The material will spatter cars with washable stains.

Collins Construction Company is performing the Third Street work on a contract from the Highway Department. The initial, or leveling, course will add about 50 pounds of new paving per square yard of street. The final, wearing surface will amount to about 100 pounds of material per yard. Both courses will add about two inches to thickness of paving, eliminating all cracks, ridges and furrows.

Contractor Friday will run the leveling course on the street from Gregg to west city limit. Next week, the segment east of Austin will be leveled and then the final surface will be laid down.

Europe Urged To Forget Rivalries, Join In EDC

New Officer Is Killed In Jet Trainer Crash

A young officer, who had received his commission only on Monday, died in the crash of a T-33 jet trainer here Wednesday night.

The crash occurred a mile northeast of Webb Air Force Base and claimed the life of 2nd Lt. Donald O. Hughes, 23, Dickinson, Texas.

His plane crashed from approximately 500 feet altitude into open ranchland with explosive force enough to be heard over all of Big Spring. The mishap occurred at about 10:30 o'clock. Webb officials who were investigating, said reason for the accident had not been determined.

Mrs. Dorothy Brown, who was standing on the front porch of her home near the airport area, witnessed part of the crash.

She said that the plane apparently hit the ground before exploding with a brilliant flash. She called police and Air Police immediately.

Lt. Hughes was on a routine night flight and was making his final approach to land.

He was a member of Flight School Call 53-A-2 and was commissioned a second lieutenant on Monday. Lt. Hughes was to have received his pilot's wings on Feb. 18.

He was the son of Mr. and Mrs. Robert J. Hughes Jr., Route No. 1, Box 63, Dickinson, Texas. In 1948 he graduated from the Dickinson High School and attended Texas A. & M. College during 1948-50 before entering the Air Force in December 1950.

While in high school, Lt. Hughes won letters in football, baseball, golf and basketball. At Texas A. & M. he majored in physical education and lettered in track.

His first phase of basic pilot training at Goodfield AFB preceded his assignment here as an aviation cadet. He served as a student officer here for three months. Since Sunday, he had been making his home at the Ranch Inn Courts on West Highway 80.

LT. DONALD HUGHES

Dulles And Stassen Open Bonn Talks

BONN (U. S. AP)—U. S. Secretary of State John Foster Dulles today called upon Continental Europe to put away its "old dangerous rivalries" and join quickly in armed union to "provide the indispensable cornerstone of a strong Atlantic Community."

The secretary and Mutual Security Director Harold E. Stassen flew here from London, where they reportedly left behind a warning to British leaders that concrete progress must be made within 75 days toward creating a European Defense Army including German troops or America may reduce its aid program.

After a brief preliminary meeting with Chancellor Konrad Adenauer, they swung into a series of conferences with German and Allied leaders which will virtually fill their 21-hour stay here.

Dulles read a brief formal statement to the press after his first chat with Adenauer. He praised the 77-year-old chancellor as "one of the great postwar statesmen who has the vision to move forward and realize the possibilities of the future."

Dulles said he and Stassen were making this fact-finding tour of the six nations which have signed the treaty to create an European Defense Army because "we believe these countries stand on the threshold of a great evolutionary change which will supplant national rivalries with unity."

"In that way, and only in that way," Dulles added, "can the nations of Europe put aside their rivalries which have been so dangerous in the past.

"In that way, Europe can provide the indispensable cornerstone of a strong Atlantic Community and set up attractions which can peacefully unite Germany."

The 75-day period of which Dulles reportedly warned British Prime Minister Churchill and Foreign Secretary Eden—as well as Italian and French government chiefs—would put the deadline on April 20. That is three days before the North Atlantic Council of Foreign Ministers is to meet in Paris.

Dulles in a farewell statement before leaving London said his visit there had revealed British-American accord on basic aims and only "very minor" differences over how to reach the goals.

In a written statement given to reporters at the airport, Dulles said the Americans and the British "are in accord as to our basic aims of peace, security and economic well being and stability."

"As regards the means of attaining the goal," he continued, "our differences of opinion are very minor as compared with the large area of agreement. We leave confident that our two governments will, as in the past, work together in cordial cooperation."

As in his Paris and Rome talks, Dulles reportedly made it clear to the British that unless progress is made on the station-union army project within 75 days, the U. S. Congress may refuse to pour any more aid billions into this part of the world.

None of the participating countries have yet ratified the European army treaty, although Adenauer said Sunday the issue would be placed before his Parliament the week of March 9. The proposal faces the implacable opposition of the West German Socialists—second most powerful political party in the country.

DIKE BREAKS REPORTED Deaths Hit 1,880 In Europe Floods

AMSTERDAM, The Netherlands (U. S. AP)—The death toll in Holland's disastrous floods reached 1,820 today. This brought the total in the Low Countries and Britain to 1,880.

The Dutch figure fell short, however, of the approximately 2,000 deaths which reliable, but unconfirmed, reports say the surging flood waters have caused since the week end.

And the end was not in sight. Four new breaks in the dike system of Schouwen - Duiveland, in southwest Holland, posed a new peril for thousands of homeless flood victims stranded there.

Boats fought through heavy seas and planes bucked snow and winds in a race against time to get nearly 3,000 stranded persons off Schouwen-Duiveland before the next high tide late this afternoon.

Dutch parachute troops were ordered dropped into the surrounded dry parts of the flood area to help in rescue efforts and to direct parachute drops of relief supplies. Rescue officials set up a "flying windmill" helicopter airlift from Woensdrecht Airport here to pick up people most in danger in stricken areas.

The Dutch Ministry of War or-

dered an extra guilder a day (about 30 cents) and a pack of cigarettes to each of the 4,000 to 5,000 American soldiers who have been sent in to help in the rescue work. But Gen. Manton S. Eddy, commander of U. S. Army forces in Europe, asked that the money and cigarettes be turned over to the national relief fund.

Although Britain herself is suffering under heavy flood damage, British troops and helicopters have been sent to help stricken Holland. Queen Juliana of the Netherlands set her thanks to Britain's Queen Elizabeth II.

As fleets of boats and small planes rushed to the rescue through rough waters and sleet and snow, a new storm bore down on the flood-battered Dutch coast.

Another major rescue effort also was under way on stricken Goeree-Overflakkee Island, where some 1,500 persons were marooned on a crumbling dike.

Schouwen-Duiveland already was four-fifths under water and some 5,000 of the island's 3,000 residents were not accounted for—many undoubtedly dead in their farmhouses.

The sea's rising challenge threatened new havoc to ravaged Holland, Britain and Belgium. The death toll from week-end storms—already had mounted to 1,823. Holland counted 1,272, England 546 and Belgium 14.

In Eastern England, gale-whipped seas again broke through hastily patched dikes along the Lincolnshire coast and spread through already battered streets of Mablethorpe and Sutton.

Dutch officials ordered the hastily assembled armada of light craft to gather with utmost speed off the threatened Goeree-Overflakkee dike, where refugees from the twin towns of Nieuws Tonge and Oude Tonge were stranded. Dutch Army searchlight units were rushed to the scene so the rescue work could begin before daylight.

Strong ocean currents hampered efforts to seal leaks in dikes. In spots, currents were sweeping sandbags aside almost as soon as they were pushed in place.

BEFORE YOU DRAW THAT PAY CHECK— Save Some!

Finding it hard to save money? Here's an idea. If you buy U. S. Defense Bonds through the Payroll Savings Plan, like so many smart people, you can save systematically, painlessly, and surely. Bonds are as safe as America, and they earn good interest. Start saving today... through the Payroll Savings Plan that lets you save before you draw your pay.

Now even better! Invest more in Defense Bonds!

Water Parley Is Set Today

City, local industry, water district and Coahoma officials this afternoon were to undertake a study of means of providing additional water for the Cabot Carbon Company plant here.

Meeting of the various interests was set for 2 p.m. at City Hall. Conference was called after Cabot asked the city and Colorado River Municipal Water District for more water for industrial purposes.

Coahoma officials were invited by city commissioners who recalled that two years ago Coahoma had inquired into the possibility of securing water from the City of Big Spring.

Others expected are Bill Dixon, district manager, and engineering personnel of the Cabot plants in Big Spring and Pampa; Col. E. V. Spence, manager of the CRMWD; E. E. McCormick, chief engineer for the Cosden Petroleum Corporation; and city officials.

The group is expected to decide whether the city or CRMWD will make water available, and means for delivering it to the Cabot plant and Coahoma, if the latter is interested.

AT STANTON Medical Plan Set Up For Braceros

STANTON, (SC) — A new and novel plan to provide medical services for Mexican nationals employed in this four-county area has been established with headquarters here.

The program has been inaugurated through the co-operation of the Martin County Chamber of Commerce; the Martin County Commissioners' Court, and an insurance company writing health and accident policies on the laborers.

Miss Margaret A. Rea, a registered nurse, has been stationed here with an ambulance. She will remain on a year-around full-time basis. She has been provided with office space at the Martin County Memorial Hospital, to which all patients will initially be brought under an agreement with the hospital board of which B. F. White is chairman.

Under this plan whenever a Bracero is injured in an accident or becomes ill while under a work contract in Martin, Howard, Dawson or Midland counties, he will be immediately transported to the hospital here by Miss Rea in her ambulance. If the Bracero requires treatment not available here he will be taken to the Midland Airport in the ambulance and from there taken by plane to St. El Paso hospital with which arrangements have been made for this additional service.

It is understood that no arrangements will be made with any other hospital in the four-county area to receive patients under this program.

A spokesman for the Chamber of Commerce said that the organization furnishing the nursing and ambulance service made a survey

of the area and decided upon Stanton as the best location for the headquarters of the four-county operation.

Bruce Frazier Sr., chairman of the Chamber's Migratory Labor Committee, says the Martin County Chamber of Commerce now has plans under way to establish a rest room or community center here for the Braceros and members of their families, especially those who will visit patients in the hospital here. Frazier says these plans include toilet facilities and lounges in connection with a cafe which will be operated in the same building.

"It was brought out in the meeting of our board of directors Tuesday evening that there isn't any suitable place at present for these people, especially members of the family, to rest comfortably indoors while they visit here, and so we have decided to provide such a facility," Mrs. Hilda Weathers, Chamber manager explains.

Chairman Frazier's committee already has a building in mind, it has been indicated, and plans are under way to establish the rest center as soon as possible.

50 Girls Burned In School Fire

LOWELL, Mass. (U. S. AP)—A flash fire today burned at least 50 girl students at Lowell Teachers College and spread hysteria among some 500 girls in the building.

The flames spread quickly from a third floor stairway up through the roof and for a time it appeared the three-story brick structure might be doomed.

The injured girls were rushed to several hospitals and first reports said some were in critical condition.

The fire followed explosion of a workman's acetylene torch which was believed to have set off a tank containing more of the volatile gas.

Senate Group Okays Reorganization Bill

WASHINGTON (U. S. AP)—With a strong assist from Sen. Taft (R-Ohio), President Eisenhower seemed assured today of getting the same government reorganization powers that ex-President Truman used frequently.

In an about-face, the Senate Government Operations Committee voted yesterday to accept a House-passed bill giving Eisenhower authority to reshuffle executive agencies and functions.

The measure, to be taken up in the Senate tomorrow, would extend for two years beyond April 1 a law providing that reorganization plans submitted to Congress by the President become effective in 60 days unless vetoed by a constitutional majority in either the Senate or the House.

A constitutional majority is a majority of all the members—49 in the Senate, 215 in the House.

Taft, who was Eisenhower's chief rival for the GOP presidential nomination last year, went to bat for the House bill at a session of the government operations committee called to reconsider its earlier stand in favor of making it easier for Congress to block reorganization proposals.

Taft said that not only had Eisenhower made it clear he wanted as much authority as Truman had been given to revamp government agencies but that the new Republican President felt that to deny him this power would indicate "a kind of lack of confidence in him" by Congress.

Previously the Senate committee, like the House Government Operations Committee, had recommended a bill under which presidential reorganization plans could be killed by a simple majority of either the Senate or the House—or 35 in the Senate or 116 in the House.

Glasscock Show And Barbecue Is Set For Friday

GARDEN CITY—Everything is in readiness here for the annual Glasscock County 4-H and FFA Livestock Show and barbecue Friday.

The event will be held on the High School grounds. It will open tomorrow morning with the judging of sheep and steers.

Oliver Werst, Glasscock County agricultural agent, said 4-H club members who will exhibit animals include Marion O'Bannon, Butch Cook, Jimmy Davee, Ralph Schaefer, Audrey Theibert, Mary Ruth Ashbill, Jack Ashbill, Buddy Newell, Lyndia Smith, Don Charles Phillips, Douglas Allen, Gene Boswell and Sue Ann Bednar.

Those in the FFA group showing lambs are Wilburn Bednar, Bryant Harris, R. J. McCarney, Don Pryor, Marion Carter, Jimmy McCorquadaie, Truitt Newell, John J. Phillips, Tommy Rich, Darrell White, Sonny Allen, Eugene Davee, Chris Hines, Gary Mitchell, Darrell Northcutt, Jimmy Smith and Troy Cline.

Blacks Pryor, chairman of the barbecue committee, said that while fried fish is not on the regular menu it will be available for those who prefer it to the barbecue.

Throughout the day the girls of the senior class will be selling cake, pie, coffee and pop in the school lunchroom, and the proceeds from this sale will be used to help pay the expenses of the trip the senior class makes toward the end of each school year.

Eisenhower Assets In A Trust Fund

SAN FRANCISCO (AP)—President Eisenhower voluntarily placed his financial assets in an irrevocable trust fund to prevent any charge that they might influence his presidential decisions, reports his wartime aide.

Capt. Harry Butcher, USNR, told the San Francisco Advertising Club yesterday that Eisenhower told him last December: "On the advice of my legal staff I have had to create an irrevocable trust so the charge cannot be made that my holdings influenced any White House decisions."

TEXAS APPRECIATES OFFER, BUT FIGURES U. S. NEEDS ITS HELP

AUSTIN (AP)—Texas appreciates the honorable offer of the great state of Missouri to permit Texas to apply for annexation to Missouri; however—

"Now, let's make this real formal," Rep. Thomas R. Joseph Jr., Waco, said Wednesday. "We appreciate it, but:

"Due to Texas' extensive efforts at the present time, our vast natural resources and mineral deposits, the number of Texas servicemen serving abroad, the native-born son serving as President at the present time, we do not feel that we can withdraw our men and our sustenance from the United States at the present time in fears that the U. S. might curl up its toes and fold."

Joseph was the author of a resolution in the Texas House last week to give Missouri to the Army and Air Force because Mr. Truman gave Texas tidelands to the Navy.

Missouri retaliated with a kidding resolution in its Legislature to permit Texas to apply for annexation.

Controls Fast Being Ousted

WASHINGTON (AP)—President Eisenhower's quick-moving campaign to put the country back on a free-market economy was shifted today into a third phase—lifting of price controls on the things people buy.

His latest step, taken yesterday, was to knock out the Defense Production Administration, mainstay of the Truman administration's industrial controls program.

Fog Continues Along Portions Of Texas Coast

Fog cleared out along the lower Texas Gulf Coast Thursday but continued to hamper highway, air and sea traffic in Southeast Texas and along the Upper Coast far into Louisiana.

The Weather Bureau reported dense fog in the early morning hours at New Orleans, Beaumont and Houston vicinities.

Meanwhile, a weak cool front which promised rain for much of Texas was to enter the Panhandle Thursday afternoon. Rain was indicated when the warm, moist Gulf air collided with the cold northern air in Central and East Texas.

No precipitation was expected for dry, drought-ridden West Texas. A few showers were expected in east and central regions of the state Thursday night and more scattered showers or thundershowers were predicted for the same areas Friday.

The fog closed in Houston's municipal airport Wednesday and halted two ships in the Houston ship channel before it began breaking up about noon.

Temperatures ahead of the cool front were expected to remain at or near Wednesday's spring-like levels.

White Elephant Is Offered For Proof Of Liquor's Good

WASHINGTON (AP)—Rep. Burdick (R-ND) said today he will produce a pink elephant for anyone who can convince him liquor is beneficial.

The ex-football player, in a newsletter to constituents, said there is entirely too much drinking in Washington, and he continued:

"The people may think they need some stimulant to quiet their nerves in this cold war, but if there was ever a time when the people should have clear minds, it is now. If anyone can show me one beneficial contribution intoxicating liquor makes to the people of the United States, I will show you a pink elephant."

Actress June Haver Will Enter Convent

HOLLYWOOD (AP)—Actress June Haver turned her back on movieland's tinsel brilliance today to become a nun.

The 26-year-old blond dancing star, whose salary rose to \$3,500 a week but whose career also brought her personal tragedy, ended months of rumors about her intentions by issuing a poignant statement last night.

Without disclosing her whereabouts, nor where and when she will enter a convent, Miss Haver telephoned the statement to her studio and asked that it be distributed publicly. It said:

"To all my friends: "Now that I am about to do something that some of you perhaps will find it difficult to understand, I have thought it well to make a public statement.

"I am going away to prepare myself, by several years of prayer and study, for something I have been contemplating for the past two years. I am determined to be a Sister of Charity, with the grace of God and the approval of His church, and to consecrate my life to the service of God in His sick and in His children.

"To do this will take more ability than I have. That is why I am going to prepare myself in a novitiate of work and prayer. If at the end of my two years of preparation, my religious superiors judge that I am able to do this,

Crowds Pour In To F-W Show

FORT WORTH (AP)—Comfortable weather kept the crowds pouring in to the Southwestern Exposition and Fat Stock Show roared toward a climax.

Already behind was such event selection of the top sheep and selection of the top sheep and Hereford queens.

The grand champion Angus bull selected yesterday was Prince 105 of SAF, shown by Simon Angus Farm, Madison, Kan.

Grand champion female was Elaine 6th of Sunbeam, shown by Sunbeam Farm, Miami, Okla.

The junior heifer calf PHR Dandy Miss 24th was named Hereford female champion. She was bought recently by A. T. McDonald, Houston, from Painter Hereford Ranch, Denver.

Reserve champion female Hereford was MW Zatos Larryanna 4th, shown by Milky Way Hereford Ranch, Phoenix.

BIG SPRING HARDWARE CO. 111 S. H. ST. BIG SPRING, TEXAS

LOST 75 POUNDS WITH THIS HOME RECIPE

Overweight can be a menace to health, but common sense should be the watchword to get rid of the extra pounds. A rigid diet over a protracted period of time can also do harm. Why not try the Barcontrate way as countless others have done with remarkable results? Barcontrate contains no harmful drugs. In fact, it contains ingredients to make you feel better. Just go to your drugstore and ask for four ounces of Barcontrate. Pour into a pint bottle or jar and add 12 ounces of grapefruit juice. Then take 2 table-spoonful twice a day. That's all there is to it. If the very first bottle doesn't show you the way to take off bulky fat, return the empty bottle for your money back.

THIS LADY LOST 75 POUNDS "I have taken about 10 bottles of Barcontrate and lost 75 pounds," writes Alice E. Owen, 1818 Mission Ave., San Angelo, Texas. "I now continue to take Barcontrate occasionally to keep my weight down and prevent bloating and gas on my stomach. I wouldn't be without Barcontrate in my medicine cabinet for anything."

LOST 20 POUNDS "I think Barcontrate is all it is said to be," writes Jane Lester, 184 Ashbury St., Houston, Texas. "I have taken several bottles and lost 20 pounds and I feel so much better in every way."

THE GRUB LINE

With Franklin Reynolds

The Grub Line Rider wants to take full responsibility for, and to make apologies to Sue White for the inadequate story printed in this paper Tuesday about her steer having won the grand championship over all breeds at the Southwestern Exposition and Fat Stock Show at Fort Worth.

It was a wire story that was placed on this desk. We were busy, looked at it too hurriedly, saw it said something about Sue White, the grand champion steer, concluded that because it was a new story it was the whole story and didn't read it carefully enough and give it the editing it required.

Throughout the past year we have tried with stories and pictures to keep current our news presentations of the splendid accomplishments of these two fine girls, Sue and Ann, and so now it isn't a pleasant feeling we have about ourself when what is probably the biggest story yet in their livestock feeding careers gets mixed up this way. Right now there isn't even much consolation in the certainty that as sure as you work for a newspaper such things will happen to you.

At least we have the feeling that Sue and Ann know it wasn't a mistake of the heart.

Tomorrow (Friday) is the day of the big annual 4-H and FFA livestock show and barbecue at Garden City. Included in the sale will be 14

Lions Hear Barbershop Group Sing

Lions members got an infectious dose of barber shop quartet singing Wednesday.

A foursome from the local chapter of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc. treated the club to a round of close harmony.

In the quartet were Dr. Dwight Jones, Gilbert Gook, Harry Lee Plumley and Tolford H. Durham. Dr. Jones urged Lions and others interested in singing to join in the SPESQSA sessions each Saturday at 8 p.m. in the First Presbyterian basement.

R. R. McEwen Jr., president, requested Lions to gather the Iron Lungs from establishments to which they distributed them. These should be turned into him at the McEwen Motor Co. so that they may be tabulated in the March of Dimes drive.

Schley Riley and Jack Cook highlighted campaign plans for the club to elect Jack Y. Smith as governor of district 2-T-2.

The club gave a standing ovation to George Melear, who recently was announced as winner of the Silver Beaver award from the Buffalo Trail Council, and to McEwen, who this week was recipient of the Jaycee Distinguished Service Award.

Inducted as a member was Clifford W. Fisher and introduced as a transfer was John H. King.

Daughter Is Born

Mr. and Mrs. John Currie II are the parents of a daughter, Carol Ann, born at 1:10 a.m. on Tuesday at the Big Spring Hospital. The baby, who arrived one day in advance of her father's birthday, weighed in at 8 pounds and 6 ounces. Mother and daughter are doing well. Maternal grandmother is Mrs. Jay Dillake of Natchez, Miss., and the paternal grandparents are Mr. and Mrs. Robert W. Currie.

Permit Is Sought

WASHINGTON (AP)—The Communications Commission today received an application for new radio station from KFHT Broadcasting Co., Killean, Tex., 1050 bicycles, 250 watts, daytime only.

Laelia O'Brien, construct residence at 908 Christy, \$800.

lambs and two 4-H steers, and 17 lambs and one FFA steer, a total of 31 lambs and three steers. The sale will be held in the High School Gym with Dub Clark of Angelo serving as auctioneer.

The show will be judged by L. M. Hargrave, associate professor of agricultural education at Texas Tech, who will be assisted by E. L. Tiner of Big Spring, area supervisor of vocational agriculture.

The barbecue will be served at high noon, outdoors if the weather permits and in the Gym if the weather gets contrary. The barbecue is free but the girls of the Senior Class will be selling homemade pies and cakes, with coffee and pop in the school lunchroom throughout the day. The proceeds from the sale will help pay the expenses of the annual senior class trip in May.

M. T. Jenkins, vocational agriculture instructor in the Coahoma High School and a bunch of his boys are scheduled to ship out tomorrow morning for the Southwestern Livestock Show at El Paso, which starts Sunday and runs through the week.

Nat McMinn is taking one drylot steer and some lambs. Other boys going and taking lambs are Jackie Sheedy, Bob Garrett, Jack Morrison, Norman Spears, Grady Barr, Jimmy Burkholder, David Hodnett, Dudley Arnett, Johnny Wilson, Tommy Birkhead and Guy Hodnett.

Bobby Sale, son of Mr. and Mrs. J. C. Sale of Stanton, is his taking his top steer to the Houston Show. Bobby had both the grand and reserve champion steers at the recent Martin County Livestock Show, and last year in two of the larger area shows had two grand champion steers the same day, both from the herd on the Sale ranch.

The dates of Wednesday, Thursday, Friday and Saturday, July 15-18, have been set for the annual show of the Scurry County Rodeo Association which bills its production as the "Fastest Rodeo in the West."

The announcement has been made by Billy Evers, president of the association. Other officers are Garrett Harrell, vice president, and O. D. McGlaun, secretary-treasurer.

Among the directors are Bill Riley, George Parks, Jess Everett and Loyce Adama.

Murrell Blasingame, who lives in the northeast Buford area of Mitchell County, has recently built about two miles of new terraces on the family farm. This farm was terraced about 20 years ago with graded terraces, and this past fall Blasingame decided to retrace the place. The old lines were plowed down and new level lines were laid out. About half the system has now been completed.

Blasingame has done the work with his regular farm equipment using a farm tractor with a one-way plow.

Dan Hall, who lives in the Valley View Community has also completed about three miles of new terraces recently. He did this work with his farm tractor and a special single disc terracing plow. This is the second year that he has built several miles of terraces on his farm. He plans to finish up this terracing system within another year.

The three top selling bulls in the Hereford sale during the Fort Worth sale averaged \$14,050 and all were from the Turner Hereford Ranch at Sulphur, Oklahoma. One went to an Oklahoma breeder at \$15,000; another to a Missouri herd at \$14,200, and the third to a Maryland breeder at \$12,850.

O. H. McAllister of Big Spring sold two bulls. The Muer Ranch at Aledo paid \$3,000 for one of these, and the Clear Creek Ranch at Oxford, Mississippi took the other on a bid of \$1,350.

The top selling female was LS Blue Bonnet 308th, consigned by Roy Largent of Merkel. She was bid in by an Arizona buyer for \$8,500.

Texas Soldier Killed In Reich By Another GI

BERLIN (U.S.A.)—A U. S. Army sergeant shot to death by another GI in Western Berlin Saturday night was identified by the Army today as Gerald Dalton Smith, 27, Woodville, Tyler County, Tex. An Army announcement said Cpl. Lamar Simpson Jr., Ardmore, Pa., had confessed in writing to the slaying and had given this account of what took place: Simpson caught a ride with Smith, who was driving a car in the city. As they were going along a street, he shot the sergeant with a .45 caliber pistol and stole \$1,500 in military payment certificates from him. Then he went on to pick up a girl friend. A German police patrol investigated the car after it had stood at a curb for two hours with its motor running. They found Smith's body slumped in the front seat. First Lt. William T. E. Storey, Columbus, Ga., said Simpson and the girl came to his quarters with the gun and the blood-soaked military scrip. The lieutenant finally persuaded Simpson to surrender the gun and give himself up.

WEBB AIR FORCE BASE'S "CIRCUS BAND" ... A Hustle and a Bustle

AT WEBB AIR BASE

Quickly Organized Band Is A Success

If you've ever had dinner guests with only an hour's notice, you'll appreciate the position of Warrant Officer Doug Williamson, band leader at Webb AFB.

He and his nine-piece band played for the "Stars on Parade" variety show at Webb after a three-day notice and only one rehearsal. Three of the men played with no rehearsal whatsoever, and another trio arrived at Webb only three days before the show opened.

But with all these hindrances, the musicians, using the traveling troupe's prepared band music, turned in a really professional job. "We never thought we'd do it," said Williamson.

"A circus is the hardest thing to play in the world because it necessitates constant bowing without setup. But the fellows really came through," he added. Williamson pointed out that a circus band has to be on its toes con-

tinually, which means never watching the show. This brought up the question about band members who have gotten so engrossed they forgot to play.

T-Sgt. Donald Lomphrey, first sergeant of the group, cited an incident of this sort which happened at Eglin AFB in Florida. "The Allen Mowbray Show was playing, and a really striking chorus line came prancing on stage. Half the fellows just gaped, forgot to play a note. It was a riot," said Sgt. Lomphrey.

The first show, a matinee performance Tuesday, was a "trial and error" method, according to Williamson. "We just followed the performers. Instead of them timing their act to our music, we kept our rhythm timed to their act. That was something," he said.

But by the evening show Tuesday, the nine-piece aggregation sounded like a bunch of professionals touring with the troupe. Another eight men are expected to join the band by the middle of February which will give the group a well-rounded orchestra to play for dances and later for official Air Force ceremonies and retreats.

Members of the small group that really upheld show business traditions were: Williamson, T-Sgt. Don Lomphrey, T-Sgt. Morley Wallis, A-3C Richard Campbell, A-3C Ralph Guilo, A-3C Fred Tillis, A-3C Dave Cunningham, A-3C Latham McPhee, and A-3C Oliver Pickens. Also cited was Second Lt. R. N. Gourley, who helped the gang in their emergency by playing trumpet.

Solons Deplore Huge Number Of Military Brass

WASHINGTON (U.S.A.)—Rep. Short (R-Mo) said today Congress may have to write more restrictive new laws to stop what he termed a deplorable growth of military brass.

Short, chairman of the House Armed Services Committee, said present laws governing promotions in the armed services and setting limits on the number of officers in each rank may have to be thoroughly reviewed and revised. Rep. Glenn R. Davis (R-Wis) told the committee yesterday that the number of officers above the rank of lieutenant colonel has increased since the war, although the armed forces now are only one-half or one-quarter as large.

This means, he said, the ratio of senior officers to enlisted men is about four times greater today. The Army, he said, will have 451 major generals next June for a 1,600,000-man Army, compared to 459 for the seven million men of the war.

Rep. Norblad (R-Ore), a committee member, said the Navy has 285 admirals for a million-man fleet, compared to 287 for a four-million-man wartime force. The committee heard these statistics at the start of hearings to consider ways of altering regulations to prevent freezing the careers of 10,000 junior naval officers. The hearings will resume tomorrow.

Davis sponsored a controversial amendment to a money bill, adopted during last year, which limits the number of officers in each rank. The amendment becomes effective April 1.

Vice Adm. Laurence DuRose, chief of naval personnel, said the immediate effect of the Davis amendment would be to force the demotion of 5,400 senior naval lieutenants and the freezing of 4,691 more junior officers. Davis and committee members agreed prompt action should be taken.

Smith, Conant Approval Due

WASHINGTON (U.S.A.)—Unanimous committee endorsements of Gen. Walter Bede Smith and James Bryant Conant for top diplomatic posts foreshadowed their confirmation by big votes when the full Senate considers them, possibly tomorrow.

All 15 members of the Foreign Relations Committee voted late yesterday in favor of Smith as under secretary of state, the No. 2 man in the department, and Conant as high commissioner for Germany. Smith was chief of staff to President Eisenhower in World War II and is the retiring head of the Central Intelligence Agency. Conant is winding up a 20-year career as president of Harvard University.

Mandatory Jail Term In DWI Sought

AUSTIN.—Sen. Carlos Ashley of Llano has introduced in the Senate a bill he hopes would keep that "respected person" from getting behind an auto wheel when he has been drinking.

The bill would provide a mandatory five-day jail sentence or more and a fine of from \$50 to \$500 for DWI conviction. Ashley said his experience as a district attorney indicates to him that it is difficult to enforce a DWI law if the penalty is too severe—a mandatory, lengthy jail sentence.

So, he wrote his bill with a five-day jail sentence which he believes juries would enforce.

"This bill will do away with those 'agreed judgments' where a man arrested for DWI just pays his fine and goes his way," Ashley said.

"Many wrecks are caused by reasonably respected people who drink, then drive.

"These people don't want to go to jail . . . don't want to face a trial for drunk driving. "This bill would help those folk respect the law, would keep them drinking," he said.

There is no mandatory jail sentence for DWI, the senator said. Former severe penalties were repealed because of the difficulty of enforcement, he said.

Truman Proposed For Peace Prize By Turks, Greeks

ANKARA, Turkey (U.S.A.)—Turkish President Celal Bayar has joined Greek Premier Alexander Papagos in proposing former U. S. President Truman for the Nobel Peace Prize. Bayar cabled his proposal yesterday to the Norwegian Parliament, which elects a five-man committee to make the awards. Papagos made a similar proposal last week.

Bayar said Truman should receive the award for his "invaluable services to the cause of peace and fraternity among nations." The former President is highly regarded in Greece and Turkey as author of the "Truman Doctrine" of postwar military aid to the two countries and for his efforts to have them included in the North Atlantic Alliance.

Plenty Of Jap Fires

TOKYO (U.S.A.)—Japanese who dearly love to chase fire engines, had a picnic in the 24 hours ended at dawn today. In all, 258 engines raced to 28 fires—a 1953 record.

Togliatti Protests

ROME (U.S.A.)—Italian Communist boss Palmiro Togliatti demanded last night that the government protest to the United States against President Eisenhower's decision to demilitarize the island of Formosa.

West Texans Seem To Want No Cross Filing

AUSTIN.— West Texas House members split 10 to 5 in a test vote on abolishing cross-filing, a vote which by a narrow margin brings the measure out on the floor of the House.

The vote could be interpreted as meaning that the West Texans today to one favor doing away with cross-filing on the ballot.

But the vote wasn't directly on cross-filing. It was on a motion to table a motion.

Here's the way it came about: Monday night, by a narrow margin, the House Committee of Elections and Suffrage, voted approval of the bill by Rep. A. D. Downer of Center to provide that the name of a candidate can't appear but once on a ticket. The committee chairman, Salty Hill of Fort Worth, opposed the bill. Among those on the committee who joined him in the opposition was Rep. John Kimbrough of Haskell.

Tuesday morning, when he made his committee report, Hill moved that the measure be referred back to the committee, saying that he favored more general study of election code reforms.

Downer moved to table the motion by Hill. The vote, then, was on Downer's motion to table, which had the effect of bringing the bill out of the committee.

Voting yes were Mack Allison of Mineral Wells, A. J. Bishop of Winters, Dolph Briscoe of Uvalde, Obie Bristow of Big Spring, Omar Burkett of Eastland, Bill Chambers of May, Carroll Cobb of Seminole, Truett Latimer of Abilene, C. F. Senter of Snyder and W. A. Stronman of San Angelo.

Voting no were Joe Burkett of Kerrville, John Kimbrough of Haskell, W. G. Kirklin of Odessa, David Raliff of Stamford and Richard Slack of Pecos.

Excused absentees were L. L. Armor of Sweetwater, Hulon Brown of Midland and Mrs. Dorothy Gurley of Del Rio.

Eisenhower Honored

BONHAM, Tex. (U.S.A.)—President Dwight Eisenhower, who recently decided to attend the Presbyterian Church while in Washington, has been named an honorary member of the Presbyterian (church) Men's Club here.

Secrecy Surrounds Any Orders From Eisenhower Over Formosa

By ELTON C. FAY
AP Military Affairs Reporter

WASHINGTON (U.S.A.)—What will the United States Fleet and Air Force do if Chinese Communist planes attempt to strike at Formosa?

The question was sharpened today by the air of high secrecy about the nature of any directive President Eisenhower has or will issue to put into effect his decision on the function of the Seventh Fleet.

The President said in his State of the Union message Monday he was "issuing instructions that the Seventh Fleet no longer be employed to shield Communist China." This rescinded that part of the original 1950 order by former President Truman neutralizing the situation between the Chinese Nationalists and the Communists by preventing either side from attacks.

So far as is known, there has been no occasion up to now which invoked the Formosa defense instructions. No U. S. planes or ships have had to fire upon any Red aircraft or vessels headed for Formosa.

But the threat remains and may in fact be aggravated if the Communists choose to use the Eisenhower order as a pretext for offensive action across the Formosa Strait. It could have the effect of spreading at least the air-sea phase of the Korean War far down the coast.

The prospect seems remote that Chiang Kai-shek's forces can launch any substantial action.

Doubts Atom Energy Use In Rocket Ships

SAN ANTONIO (U.S.A.)—An Air Force space expert said today he doubts atomic energy will be used to power ships zipping between planets.

An atomic power plant would be too heavy, Dr. Fritz Haber said in a speech prepared by the Southwest Section of the Institute of Radio Engineers.

Dr. Haber, former German aircraft designer, now is doing research in space medicine at the U. S. Air Force School of Aviation Medicine.

either by air or sea, against the Red-held mainland before late next spring.

However, Sen. Wiley (R-Wis) told his colleagues yesterday he understands Chiang will use planes he is getting from the U. S. to attack a vital north-south rail line on the mainland.

"If Chiang has any strength at all, and he's getting airplanes, he will disrupt that railroad," said Wiley, foreign relations committee chairman.

If Chiang wanted to gamble, he could send part or all of his relatively small air force of piston-engined fighters, fighter-bombers and few medium bombers of World War II vintage on strikes against his enemy.

But a few hours' flight northward in Manchuria are about 1,400 Red MIG15 jet fighters. Interception of the slow, propeller-driven planes by these Soviet-made jets could cause serious damage.

A race is now being made to modernize the Nationalist Air Force. Perhaps 50 or so World War II veteran pilots are in the U. S. undergoing a complete jet training course. They will return to For-

mosa to train other pilots. They should be back and ready to fly jets for Chiang, if needed, in the next 60 to 90 days.

The Nationalist Air Force will get jet planes, but it is probable no F86 interceptors of the type used to battle the MIGs in Korea. The assumption is that F84 jet fighters will be the core of Chiang's modernized Air Force.

These planes are widely used by the U. S., but not against the MIG, a plane which outclasses the F84 in speed, rate of climb and maneuverability. Thus, even when Chiang gets these jets he still will be menaced by the threat of the Reds sending down MIGs to intercept his raiding missions.

Murph Thorp knows paint. (Adv.)

Husbands! Wives! want new pep and vim?

Thousands of couples are weak, worn-out, dissatisfied, and unhappy today. For new pep, vim, vitality, sex interest, and happiness, try the new "Energy" pills. They give you the pep and vim you need. They are the only pills of their kind. They are the only pills that give you the pep and vim you need. They are the only pills that give you the pep and vim you need.

How To Hold FALSE TEETH
More Firmly In Place
Do your false teeth annoy and embarrass you by slipping, dropping or wobbling when you eat, laugh or talk? Just sprinkle a little PARTITEEN on your false teeth. This alkaline (non-acid) powder holds false teeth more firmly and more comfortably. No gummy, gooey, pasty taste or feeling. Does not sour, change color, or cause bad breath. Get PARTITEEN today at any drug store.—Adv.

Only the **O'KEEFE & MERRITT** has these 3 Exclusive Features

SERIES 600

- 1. VANISHING SHELF-COVER**—the stepping workspace that also serves as a smooth white "table-top" over the burners when cooking's done!
- 2. KOOL-KONTROL PANEL**—Scientific design protects your fingers by routing heat away from control knobs; they stay comfortable to touch.
- 3. GRILLVATOR BROILER**—with instant, fingertip choice of broiling levels, and the new Speedray Element for "double-quick" results!

Here is the truly modern gas range—sensibly streamlined, beautifully built and bringing you every automatic feature PLUS a bonus of exclusive O'Keefe & Merritt advantages. Why take less?

Cook Appliance Co.
212 E. 3rd Phone 3360

Look what's worrying the low-priced three!

You get the steady going and the sweet handling ease that come of a still finer Million Dollar Ride. Steering ratio is increased. Front wheels have been brought to zero-caster. And here, of course, you get coil springs on each wheel, full-length torque-tube drive, rigid and massive X-braced frame—ride features you get in no other car at the price.

But—you get the idea. And when you realize that the figure on this big, brawny, beautiful Buick SPECIAL is just a few dollars more than you'll pay for one of the so-called "low-priced three"—we're sure you'll say: "This is for me!"

Come in and try it out—then tell us if we're wrong or right.
*Standard on Roadmaster, optional at extra cost on other Series.

WORLD'S ONLY CAR with all these features:
High-Compression Valve-in-Head Fireball 8 Engine
Twin-Turbine Dynaflow Drive
Power Steering
Balanced Million Dollar Ride
Panoramic One-Face Windows Front and Rear
Tilt-Away Front Seats

New System Can Be Effective But It Also Can Be Open To Abuses

The 2,500,000 civilian employees of the government will be under a new system of security checks as soon as the new administration can set up the machinery already ordered into effect by President Eisenhower, under his promise to weed out "the disloyal and dangerous."

In discharging an employe found undesirable, as well as in the hiring of new employes. There is an appeal provided, but since the agency head will also be designated to hear and rule on the appeal, it doesn't mean anything.

Catastrophe Greater Than Man Can Produce, A Test For Man To Bear

They had to go back in history 500 years to find a storm that did more damage to the British Isles and the cross-Channel ports in the Low Countries than that which swept the region last week end.

Americans are accustomed to thinking of the Invincible Spanish Armada in conjunction with storms over England, the popular belief being that an unprecedented storm which virtually destroyed the Spanish fleet was all that saved England.

"Cut Something?"

Notebook—Hal Boyle

Well, Now, How About It? Aren't Dog Owners Entitled To Some Consideration?

NEW YORK (U.S.)—Should dog owners be allowed to list poodles as dependents for income tax purposes? I hate to add this problem to the woes of Congress, Corporations plead for removal of excess profits tax. Commuters want to deduct their railroad fares.

burglar, whereas a baby would only smile at him. Dog owners have another argument. "Your dog now often determines your social standing," one man said. "And the trend now is toward more dogs. The more you take out for a walk on a leash the more important your neighbors think you are."

or course, and bluebloods. Otherwise the gossip starts that you aren't doing so well, and your wife is wearing last year's mink. "Certainly today dogs are as much a legitimate business expense to some people as the money a salesman spends to entertain buyers."

Washington Calling—Marquis Childs

A Start Is Made As Eisenhower The General Becomes President

WASHINGTON—Traditionally the State of the Union message is a grab bag with something for everybody, and President Eisenhower's first speech to Congress was no exception. There was something with a particular emphasis for Chairman Daniel A. Reed of the House Ways and Means Committee and the other Republicans who have announced that taxes will be cut no matter what else happens.

a resolution renouncing the Yalta agreement entered into by Roosevelt, Stalin and Churchill will please some members of Congress. Yalta was a campaign word used to belabor the Truman administration last fall. But the practical effect of such a resolution will be small.

This Day In Texas

By CURTIS BISHOP

Death came on this day in 1860 to Fletcher Stockdale, whose term as governor of Texas was briefier than that of any other executive. Or did he serve as governor and should his portrait be hung in the capitol gallery? The author of this note reserves an opinion.

World Today—James Marlow

Reds Turn 'Psychology' On Eisenhower In New Offer

WASHINGTON (U.S.)—The Chinese Communists' latest suggestion for ending the war not only was not new, it had been rejected last December by the United Nations, including the United States. Why, then, did they repeat it?

WASHINGTON (U.S.)—A new eight-weeks training course on all-weather fighter interception begins Monday at Perrin AFB. Members of the first class are due to arrive later this week.

Suicides Increase

SINGAPORE (U.S.)—One hundred and twenty five persons took their own lives last year compared to 105 in 1951. Their favorite method of suicide was taking poison, especially caustic soda. Seven persons threw themselves from high buildings, the others killed themselves by drowning, hanging or using firearms.

Figuring Out Locality Of Radio Call Letters Is A Good Bit Of Fun

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald—Editor's Note.

Ever pay any attention to radio station call letters, and where they come from? It can be a lot of fun, still, to fiddle with a radio dial, even though it's been years since wireless owners kept fancy charts of the stations and frequencies they picked up, or bragged about the immense distances they covered.

the first of their call series. So now when you hear WMAQ, WFAP, or WRR broadcasting from the western half of the nation, you can be assured it was established more than two decades ago.

These Days—George Sokolsky

Chiang Is Freed From Bondage Of Enforced Inactivity By Ike

I have sometimes felt like a wheezing voice shrieking from a manacled, repeating over and over that if we forget China, we forget our own country. When Harry Truman and Dean Acheson gave to the Korean War the shameful twist of imprisoning Formosa and making Chiang Kai-Shek helpless, I wrote articles after articles denouncing the betrayal not of China but of America.

proviso that Chiang Kai-Shek would cease his raids on the mainland. In effect, it was the Chinese Communists and not the Chinese Nationalists who were being protected. Eisenhower has now said so.

Uncle Ray's Corner

Sun Largest In Solar System

Soon we shall meet with the most daring part of our rocket trip! We are going to skirt the sun! The pilot says that we shall get to a point only five million miles from the light of day.

During the passage Professor Skilling tells us about the mighty group of sunspots observed seven years ago, the largest on record.

Oil Operator Is Dead

DALLAS (U.S.)—Leight I. Dodwell, 72, independent oil operator, died here last night. Most of his oil operations were in the Ranger, Corsicana and East Texas fields.

Because it is large and heavy, the sun has a mighty gravity. Unless we are careful, our rocket will be pulled down to the surface, and we shall lose our lives.

Geologists To Meet

TULSA (U.S.)—New officers of the American Assn. of Petroleum Geologists will be installed at the annual meeting in Houston March 22-26. The officers include John Emery Adams, Midland, president.

Interesting life stories of Mozart, Beethoven, Chopin, Brahms, Strauss and Liszt are told in the illustrated leaflet called MASTERS OF MUSIC. This will be sent without charge to any reader who asks for it and encloses a stamped, self-addressed envelope. Address your letter to Uncle Ray in care of this newspaper, and allow about 10 days for reply.

Guild Has Buffet Dinner At Tea Room

A buffet dinner at Smith's Tea Room Wednesday night entertained members of the Permian Basin Watchmakers' and Jewelers' Guild. Composed of members from Odessa, Midland, Monahan and Big Spring, the group meets monthly at one of those points. A film on electronics and television was shown by Paul Belev through the courtesy of Southwestern Bell Telephone Co. Attending were 22 members and guests, including the following from out-of-town: Mr. and Mrs. Lee Pruitt and Mr. and Mrs. J. C. Whisenant and daughter, Odessa; Mr. and Mrs. A. M. Vernon, Monahan; A. E. Houch, Vernon N. Shock, J. B. Peterson and T. L. Miller, Midland; and Mr. and Mrs. J. D. Roddy, Poyote.

WMS Of Hillcrest Has Royal Service

Hillcrest Baptist WMS met Wednesday afternoon at the church for a Royal Service program with Mrs. Terry Harrell in charge. Mrs. Ina Monteleith led the opening prayer and program parts were taken by Mrs. D. W. Overman, Mrs. Virgil James, Mrs. J. W. Arnett, Mrs. Richard Meehan and Mrs. L. J. Jeter. A half hour of mission study was taught by Mrs. Overman from the book, "The West Is Big." Attending were 10 members and the pastor, the Rev. Virgil James.

Odd Fellows Lodge To Meet Monday

Meeting of Odd Fellow lodge No. 117 has been set for Monday evening at the Carpenters' Hall. Three candidates will be given work in the first degree. It was announced. Visitors are expected from Midland and Fort Worth and lodge officials are anxious to have all members present.

Kid Party Entertains Members Of Sorority

Eris Kilpatrick entertained members of the Beta Omicron chapter of Beta Sigma Phi at a kid party Wednesday evening at her home. Mrs. Don Newsom won the prize for the best costume. Refreshments were served to 20 members and four guests, Mrs. Sue Broughton, Mrs. Betty Robb, Mrs. Jane Jones, Mrs. Betty Olmstead.

Mrs. Morris' Mother In Bertram Hospital

Mr. and Mrs. C. W. Morris were called Wednesday to Bertram to the bedside of her mother, Mrs. S. D. Sullivan. A former resident of the Vincent community, Mrs. Sullivan, who is 80, was to undergo surgery in Burnet Hospital there for a broken hip. The Morrises were accompanied by their daughter, Mrs. Jess Talton, and their daughter-in-law, Mrs. H. H. Morris, and the latter's daughter, Deanna Kay.

Mrs. McEwen Hostess To Episcopal Women

Members of St. Mary's Episcopal Auxiliary were entertained in the home of Mrs. R. R. McEwen at the regular meeting. Mrs. Ray Clark gave the devotional and Mrs. John Hodges presided. Mrs. C. E. Fields was welcomed as a new member. Following a short business session, a social hour was held and refreshments were served to about 15 members.

Former Residents To Visit Dodges

Mrs. J. P. Dodge left Wednesday morning for El Paso to meet Mr. and Mrs. Charles Lozano, who have been visiting in California. The Lozanos, former residents of Big Spring who now live in Gulfport, Miss., will spend a few days here in the Dodge home enroute back to Mississippi.

South Ward P-TA

Mrs. Charlotte Sullivan will be guest speaker when the South Ward P-TA meets Thursday at 7:30 p.m. at the school. The executive meeting will be at 7.

The new SPRING - SUMMER FASHION BOOK, agog from cover to cover with scores of the latest style trends, all translated into delightfully wearable, easy-to-sew pattern designs for every age, every type, all sizes, all occasions. Send now for this sewing inspiration... just 25 cents.

East Ward Study Group Has Meeting In Parkhill Home

The East Ward study group met recently in the home of Mrs. Marvin Parkhill. The group made up several studies missed in December and January because of cancellation of meetings. The program was a discussion of various phases of child guidance. Taking part were Mrs. Parkhill, Mrs. D. R. Garman, Mrs. Frank Neill and Mrs. J. R. Bowerman.

The next meeting will be Feb. 16 in the home of Mrs. Neill, 624 State. Mrs. Eldon Appleton and Mrs. Miller Russell will be in charge of the program and additional lessons will be made up. Eight members attended the meeting.

Bethany Class Has Meeting In Home Of Mrs. Meehan

The Bethany Sunday School Class of Hillcrest Baptist Church met in the home of Mrs. Richard Meehan Tuesday evening. Mrs. Donald Duke gave the devotional and the group selected "Blest Be The Tie" as the class song. Games were played and secret pal Valentines exchanged. Mrs. Meehan gave the closing prayer and refreshments were served to 11 members. The next meeting will be March 3 with Mrs. John Waddill, 2102 Johnson.

Proper Care Makes Pretty Legs, Feet

Legs are a major winter beauty problem.

Outdoor cold-biting winds, snow and rain—and indoor heat are likely to roughen, dry and chafe the skin, particularly the legs. A good grooming routine performed regularly should help keep legs smooth in their silken or nylon hosiery.

"I faithfully observed, the suggestions offered here might also help to insure pretty legs and feet come spring:

1. After the bath massage a lotion gently over your legs and feet. Skin balms containing special emollients are available to help avert dry, itchy and scaly skin. A balm of this sort also can help smooth an irritated skin.
2. Defuzz the legs as often in winter as summer, and use gentle depilatories which will not irritate tender skin.
3. Use pumice on rough calluses and heels, and be persistent about it.
4. Keep toenails short to avoid painful ingrown nails and stocking runs.

5. Make sure stocking seams are straight, an easier job if they are fastened to garters, properly—not on the seam but on the reinforced area to the right of the seam.

6. Be sure shoes are smooth inside so that additional pressure is not put on heels, soles or toes.

7. Put skin balm on legs before putting on overshoes which sometimes rub, irritating calves and ankles.

If you want to keep hosiery in good condition so that they will complement legs at all times, wash them after each wearing and pull them on the leg gently. If finger-nails are kept smooth and filed, and hangnails avoided, there should be no result of running your hand through your stockings.

Center Point Club Is Entertained By Mrs. H. S. Hanson

Two food leaders were appointed by Mrs. Duane Griffith, new president, at the regular meeting Tuesday of the Center Point Home Demonstration Club. They were Mrs. Allen Hull and Mrs. H. S. Hanson.

The meeting was opened with the devotional by Mrs. Hanson, and the state THDA prayer was read in unison. Finance plans were made and instructions given on making individual reports. Mrs. Hanson was hostess and served refreshments to 12 members and a guest, Carol Hanson.

580

Party Cape

Simple as can be as you just fold over a net square 59 by 59 inches biz. sather and sew on crisp net ruffles, pull up the "drawstring" in the drawstring-velvet ribbon (you'll find the inexpensive ribbon in the five-and-dime stores) so that it is neatly gathered. Sew onto the triangular cape and you've achieved a mighty glamorous looking dance or party cape. You can also use checked or pastel wool or jersey to make a handsome, velvet trimmed street stole to wear over spring suits and dresses. Complete instructions are in the pattern.

Send 25 cents for the VELVET RIBBON TRIMMED CAPE (Pattern No. 580) YOUR NAME, ADDRESS, PATTERN NUMBER to CAROL CURTIS

Big Spring Herald, Box 229, Madison Square Station, New York 10, N. Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5 cents per pattern.

Junior High P-TA To Sponsor Musical

A musical skit, "Their Golden Anniversary," will be presented Monday at 8 p.m. in the High School auditorium. A benefit performance for the Junior High P-TA, the skit is the same as that presented recently at the Baptist birthday banquet. Admission will be 60 cents for adults and 35 cents for students.

P-TA Council Discusses Plans For Founders Day Tea

Mrs. Charles Herring, hospitality chairman of the City Council of P-TA, was made general chairman of arrangements for the Founders Day tea to be held Feb. 17 at the Council meeting Wednesday afternoon.

Roy D. Worley, High School principal, explained the demerit system used in the school, after which he and J. T. Johnson, Junior High principal, answered questions for the group.

Mrs. Tom Buckner led the devotional. A nominating committee was appointed, composed of Mrs. Buckner, chairman, Mrs. A. C. Kloven, Mrs. E. G. Fausel, Mrs.

Roy Tidwell and Mrs. A. C. LaCroix. Announcement was made that invitations were being sent to Council presidents and other officers in Snyder, Lamesa and Midland units to attend the Founders Day tea. All local unit presidents were requested to wire State Rep. J. Gordon Bristow requesting his support of proposed legislation to increase teachers' salaries. It also was announced that the spring conference would be held April 20-21 in Lamesa. Approximately 30 members attended.

John Freeman Is Father's Night Speaker At P-TA

John Freeman, guidance counselor at the Junior High School, spoke on "Preparing for Guidance" at the meeting of the High School P-TA Tuesday evening in the cafeteria.

Stressing the usefulness of the guidance program, Mr. Freeman pointed out its importance not only to those who enter college but also to those who go into business, vocational or farm work.

Entertainment was furnished by the Sand Dunes, a barber shop quartet composed of Harry Lee Plumley, Tolford Durham, Gilbert Cook and Dwight Jones.

Mrs. J. A. Coffey, Arac Phillips

and Mrs. Roy Tidwell were appointed to a nominating committee. Announcement was made that the unit would sponsor a pancake supper Feb. 27 in the High School cafeteria. Tickets will be 75 cents. All P-TA members and their friends are invited to attend a Founders Day tea sponsored by the City Council of P-TA, in the cafeteria the afternoon of Feb. 17.

Mrs. L. D. Jenkins read the Parent-Teacher prayer, and The Lord's Prayer was repeated in unison. Approximately 20 attended the meeting, designated as the annual Father's Night.

Pineapple Ambrosia

If you're looking for a dessert that's ready in a jiffy, serve hot pineapple ambrosia. In a 1-quart baking dish, combine a No. 2 can (2 1/2 cups) of fragrant pineapple chunks, juice and all, with 1 cup shredded coconut. Then add 12 marshmallows cut in quarters. Bake in a moderate oven (350°F.) until coconut toasts, about 20 minutes.

Left-Over Doughnuts

Here's a quick trick that will transform left-over doughnuts into a fragrant dessert. Split the doughnuts in half crosswise, then spread lightly with butter or margarine and toast under the broiler until lightly browned. Sandwich a golden pineapple slice between two halves and top with canned chocolate syrup.

Do CRAMPS give you that monthly look? Why let your mirror show an older-looking, worn-out, nervous face during your "bad days"? Why let men see that you are suffering from monthly cramps? Try a little CARDUI each day as thousands of women do! Let it help build strength and resistance so you have less and less misery each month! Some go through periods without feeling any discomfort at all. Also helps when jittery nerves—sleep better. Look, feel, act younger, more normal all month. Ask for CARDUI. (Say "card-ee-oo")

Recipe For Relaxation

Take a book worm fatigued from an exhausting round of club and church activities, a good book and a comfortable sofa and you have Mrs. Willard Hendrick's favorite hobby. Cooking also is one of her favorite pastimes.

Texas Hash Suggested By Official Greeter

One of the first persons new residents meet when they move into Big Spring is Mrs. Willard Hendrick, one of the city's two official greeters.

Naturally gregarious and friendly, Mrs. Hendrick likes the opportunity she has of calling on newcomers with her basket of gifts from local merchants and extending them a welcome.

There are other things she likes to do too—read and eat. She and her husband, who live at 404 Aylford, like to eat so well that they can't decide on any one dish as a particular favorite, but the two dishes for which she supplies recipes this week are guaranteed to whet even the dullest appetites.

For a main dish she patriotically suggests Texas Hash and here is the way she prepares it:

- Ingredients:**
2 large onions—sliced
3 T. shortening
2 cups canned tomatoes
1 t. chili powder
1 t. salt
1/4 t. pepper

- 2 green peppers, cut fine
1 lb. hamburger meat
1/2 cup uncooked Vintafied rice

Method: Cook the onions and green peppers slowly in shortening until onions are yellow. Add the ground meat and saute until the mixture falls apart. Add tomatoes, rice and seasonings. Arrange in a large casserole, cover and bake in a moderately hot oven (375 degrees) for 45 minutes. Serves 8.

For good measure here's a cheese salad, good with Texas Hash, or for a snack in its own right. Mrs. Hendrick's own recipe follows:

- Ingredients:**
1/2 lb. cheese, diced
1 medium onion, diced
1 large or 2 small pickles, diced
1 small can pimento, diced
- DRESSING**
1 cup vinegar
2 T. sugar
1 egg beaten
Mix sugar and egg, then vinegar. Cook, stirring constantly, and pour over salad mixture.

1946 Hyperion Club Hears Talk On Culture In Europe

Mrs. Nell Frazier was guest speaker at the Wednesday afternoon meeting of the 1946 Hyperion Club in the home of Mrs. E. V. Swift, 603 Edward Circle.

Culture in Europe, with particular reference to music, art and floral gardens, was discussed. Mrs. Frazier toured Western Europe in 1951, a . . . a . . . year of music. She told of a symphony she attended in Holland, concerts in Switzerland and Rome, the casinos in Germany, Italy and France.

Mrs. Frazier discussed Oxford and Heidelberg Universities and stated that the gardens in southern

Italy were the most beautiful she had seen.

A nominating committee was appointed composed of Mrs. M. R. Covington, Mrs. G. E. Peacock, Mrs. J. Y. Robb, Mrs. T. J. Williamson and Mrs. Don Newsom.

A contribution was taken for the Penny Art Fund and Mrs. Robb was appointed chairman of the pen pals project. Mrs. Floyd Mays reported on the City Federation building fund meeting.

Refreshments were served to 17 members. The next meeting will be with Mrs. W. W. Posey.

THIS IS GOOD EATING

TUNA BROCCOLI CASSEROLE

Ingredients: One 10-ounce package frozen broccoli, one 6 1/2-ounce can chunk-style tuna, 2 tablespoons tuna oil (drained from can), 2 tablespoons flour, 1 cup milk, 1/2 teaspoon salt, dash of pepper, 3 tablespoons freshly grated Parmesan cheese.

Method: Cook broccoli according to directions on package until almost tender. Break tuna into small pieces with fork. Heat tuna oil in a saucepan; blend in flour. Add milk all at once to oil-flour and stir and cook over low heat until thickened.

- Mix in salt and pepper. Arrange cooked drained broccoli in bottom of greased 1-quart casserole. Place tuna over broccoli; pour sauce over all. Sprinkle with grated cheese. Bake in moderate (350°F) oven 15 minutes or until cheese is golden brown. Makes 4 servings. Serve at once with the following menu:
Tuna Broccoli Casserole
Crisp Rolls
Baked Apples
Beverage

(Clip this for future use. It may conveniently be pasted on a recipe file card.)

SS Class Meeting

The Emily Andrew Sunday School Class of First Baptist Church will meet Friday at 7:30 p. m. in the home of Mrs. Norman Read, 503 Washington Blvd. All members are urged to attend.

Chocolate Cake

- 2 squares bitter chocolate
1/2 cup boiling water
1/4 cup butter or oleo
1 cup cake flour
1/2 teaspoon soda
1 cup sugar
1/2 cup sour milk
1 egg
- Four boiling water over chocolate and butter. Add flour, soda and sugar. Then sour milk and egg. Beat well and bake in 3 layers, at 375 degrees, for 20 minutes.

Fillet Casserole

- (Serves 4)
1 pound fish fillets
Salt and pepper
4 tablespoons grated onion
2 cups cooked peas
1 8-ounce can tomato sauce
1/2 teaspoon Worcestershire sauce
1/2 cup cracker crumbs
2 tablespoons melted butter
- Cut fish fillets into 4 individual pieces. Sprinkle with salt and pepper. Place in a greased shallow baking dish; top with the grated onion. Add peas. Combine tomato sauce and Worcestershire sauce; pour over ingredients in casserole. Combine cracker crumbs and melted butter; sprinkle over the top of the casserole. Bake in a moderate oven (350) for 20-25 minutes.

HAWAIIAN ROLLS ARE RICH IN FOOD VALUE
... Serve fragrantly warm for any occasion

Hot Breads Add Variety To Menus

If winter meals have settled down to a dull sameness, a pleasant surprise to brighten the menus would be the addition of a hot or quick bread. Any menu, whether for breakfast, lunch or dinner, takes on special aspects if homemade quick bread, muffins or rolls are served. The inclusion of hot bread on the menu need not overburden the cook. Simplify the preparation as much as possible, first of all by assembling all utensils and ingredients before beginning and at the same time preheating the oven so it will be the desired temperature when the bread is ready to be baked.

For hot breads for breakfast, prepare the pans and the mixing of the dry ingredients the previous evening. Or if you bake rolls or the muffins for dinner in advance of the time of serving, tip them in the pan to prevent steaming and place the pans in the warming oven or other warm place.

One of the nicest parts of baking hot breads at home is having some left for another meal. Left-over rolls, muffins or biscuits are much tastier served warm. For reheating, the simplest way is to place them in a tightly covered pan and put in moderate oven for about 10 minutes. Wrapping in a paper bag has been found successful, too. A sparing sprinkling of water may be used if the rolls are dry.

Here are a variety of breads to

fit different tastes and menu needs. Hot and golden-crust **Salty Cornmeal Buns** have a delightful flavor. Served with meat loaf, salmon loaf, hash or ham, they make a meal seem special. Since these must be given time to raise, plan ahead to allow enough time.

To make the rolls light and golden, the cornmeal is scalded by pouring the hot milk over it. If preferred, use a cupful of boiling water instead of scalded milk, and then add three tablespoons dry milk solids to the dough with the flour. The rolls can be made with water only, but the milk adds important food values and helps give the crust a pleasing delicate texture.

ROYAL HAWAIIAN ROLLS
2 cups sifted flour
2 1/2 teaspoons baking powder
1/2 teaspoon salt
2 tablespoons sugar
1-3 cup margarine
1 egg, beaten
1/2 cup milk

Prepare two 8 by 8-inch pans as follows: put 1 tablespoon margarine in the bottom of each pan and set in oven to melt as oven heats. As soon as margarine is melted, spread over entire bottom of pan and sprinkle with 1 tablespoon sugar. This puts an attractive glaze on bottom of rolls.

Sift together into bowl flour, baking powder, salt and sugar. Cut or rub in margarine until mixture is as fine as cornmeal. Combine beat-

ed egg and milk and add to flour mixture. Stir only until well-moistened. Turn out on lightly floured board or pastry cloth. Knead lightly 30 seconds. Roll out into long narrow sheet about 8 inches wide and 18 inches long. Spread cooled pineapple filling evenly over dough. Roll up like cinnamon rolls. Cut into 1-inch slices. Put each slice cut side down and a half inch apart into prepared pans. Bake in mod-

MACARONI SPAGHETTI NOODLES
Buy Skinner's Macaroni... It's enriched with health-giving vitamins that help build strong bodies and prevent fatigue.

erately hot oven (425 degrees F.) 18 to 20 minutes. Turn out of pan at once. If desired, drizzle thin confectioners' sugar icing over to separate rolls with fork and serve hot with margarine.

SALTY CORNMEAL BUNS
1 cup milk
1 cup yellow corn meal
1 1/2 teaspoons salt
4 tablespoons margarine
3 package or 1 tablespoon dry yeast
1/2 cup warm water
1 egg
3 1/2 cups sifted flour (about)
Scald milk. Into large mixing bowl measure cornmeal, salt, margarine and sugar. Four hot milk over cornmeal mixture, stirring until smooth and margarine is melted. Let cool to lukewarm. Soften yeast in lukewarm water. Stir into cornmeal mixture. Add 1 cup flour and beat well. Add egg, beating thoroughly. Add enough more flour to make a medium stiff dough.

Turn out on lightly floured board or pastry cloth and knead until smooth and satiny (about 3 to 8 minutes.) Round up dough into ball and place into lightly greased bowl. Cover with waxed paper and clean towel and set in warm place to rise until doubled (about 1 1/2 hours). Punch down and let rest 10 minutes. Shape into small round rolls, about 1 1/2 inches in diameter. Let rise in greased pans or on greased baking sheets until double. Brush tops lightly with melted margarine, sprinkle with cornmeal topping. Bake in moderately hot oven (400 degrees F.) 15 to 20 minutes. Serve hot or cold.

For cornmeal topping, mix 1/2 cup cornmeal with 1 teaspoon salt. Honey, pecans and orange rind add extra goodness to the rich flavor of bran muffins, making Honey Bran Muffins tasty enough for a party. They can be served with fruit salad as a dessert or with coffee or hot cocoa.

Bill On Speed Traps Due For Slow Death

By DAVE CHEAVENS
AUSTIN (AP)—A bill aimed at outlawing small town speed traps was just barely alive today after getting the deep-freeze treatment in the House Committee on Motor Traffic.

The committee last night refused to recommend passage of the bill offered as a plan to eliminate racketeering methods of treating speedsters and fattening the treasuries of some small cities.

Then it sent the measure by Rep. Vernon (Gene) Smith, Fort Worth, to subcommittee without instructions on when to report. That usually means slow death for a bill.

Smith told the committee there were from 50 to 100 small towns along state highways in Texas where unwary motorists are victimized by officers. He said the Highway Patrol gave him the figures.

Smith said such towns spread their city limits miles into the open country, put up 30-mile-an-hour speed signs where they weren't needed and nabbed motorists coming up suddenly on the signs.

"This isn't any attempt to get around legitimate slow down signs and safety measures for schools

and congested zones," he told the committee.

J. O. Musick, former Highway Patrol captain and now manager of the Texas Safety Assn., said the trouble was not with city officers, but constables.

"We would like to outlaw constables who operate speed traps," he said. "What we need more than that is a nation-wide, uniform pattern of traffic laws to help the motorist operate safely."

Musick didn't think Smith's bill would do the job.

Nether did George Gleason, attorney for five small municipalities around Fort Worth and president of the Texas City Attorney's Assn.

He said the issue was not the convenience of the traveling public but the safety of school children and citizens of towns traversed by highways.

"The only people complaining are those who're just mad because they got a ticket," he said. "Careful, sane and courteous driving is the answer."

Brownell Defines Income Reds Are Required To Report

WASHINGTON (AP)—Atty. Gen. Brownell has defined what income American Communist groups would have to report if the Justice Department is able to force their registration as foreign-dominated.

In effect, the definition includes help from fellow travelers.

A hearing panel of the Subversive Activities Control Board has ruled that Russia dominates the American Reds. However, a final decision has not yet been reached in the lengthy proceeding.

Brownell yesterday said the Communist party and its front organizations would have to report "all moneys and other things of value received by the registrant from rents, sales, bazaars, benefits, socials, parties, entertainments, gifts, donations, contributions, subscriptions, subsidies, legacies, grants or funds held in trust for the benefit of the registrant."

Weatherman Could Be Wrong, You Know

TOKYO (AP)—The weatherman predicted the heaviest snowstorm of the year would hit Tokyo today. Thus warned, the city government armed by:

Mobilizing 5,000 laborers to shovel snow.

Fixing up 33 snowplows.

Alerting railroad men to keep tracks clear.

Outcome: No snow.

Cowboy's Horse Joins In Fight Against Disease

AMARILLO, Tex., (AP)—A small shaggy 14-year-old horse brought \$2,500 at an auction yesterday in a display of admiration for a cowboy's efforts to help a cause.

The money will go to the Muscular Dystrophy Association of America, Inc., the national organization leading the fight to find a cure for the crippling disease.

Sherman Cox of Happy, Tex., is the cowboy. His 8-year-old son Glen is a muscular dystrophy victim. Last month, Cox decided to pay a debt of gratitude to the association for its advice and encouragement during his son's illness.

Cox felt the best way he could do that was by selling Shorty, his roping horse known as one of the best by Panhandle cowboys.

Yesterday at an auction company's monthly sale, Shorty was quickly bought for \$850 by the Lions Club of Happy, which had collected donations from merchants and residents of the small town.

Then, for more than half an hour Shorty was sold and resold as one bidder after another bought him and turned him back to the auctioneer. Finally, Sherman Cox was

asked if he'd like to keep his horse. "No," he said, "I brought him here to sell."

The last buyer, John McCarthy of Amarillo, plans to keep the horse at work for the muscular dystrophy fund, using the animal at a park he operates. Money paid by those who ride Shorty will be turned over to the fund.

The Lad Takes His Job Quite Seriously

ALBUQUERQUE, N. M. (AP)—To oblige a fellow officer, Sheriff Harold Hubbell made 5-year-old Frank Du Bois a deputy.

Frankie got a real deputy's badge. Hubbell signed but (don't tell the boy) didn't notarize the commission.

The child's harassed mother complained: "He's taking it too seriously. Last night after school we found him directing traffic."

Yacht Williamsburg May Be Used By Ike

WASHINGTON (AP)—The yacht Williamsburg may yet ride out the change in administration.

President Truman often took to the Williamsburg for vacations and week ends. However, President Eisenhower leans more to fishing and golf for relaxation.

The first word was that the Williamsburg's days as a presidential yacht were ended. Now, however, successful were his top-level conferences aboard the cruiser Helena ever, people around Eisenhower say he is being reminded of how coming back from Korea last December.

Talks aboard the Williamsburg, they say, might work just as well. The Williamsburg is now in the Norfolk Navy Yard pending a decision.

Men In Service

Pfc. Stanley E. Sledge, son of Mrs. Lexa Wood, 602 Lancaster, is stationed with an anti-aircraft gun battalion at the Masuwa Air Base in Japan. He is a gunner and is instructing new arrivals in anti-aircraft drilling. Pfc. Sledge sailed overseas Dec. 23 from Seattle. He has been in service since May 1952, having taken his basic at Fort Bliss. He had special training for his instructional work before being shipped.

No Horse Meat Found In Big Spring Area

You can rest easy if you fear you may have consumed some of the horsemeat allegedly sold over meat counters in this area.

Big Spring officials are pretty sure no horsemeat has been marketed here, for human consumption at least.

It's a different story for Odessa, Midland, Andrews, Crane, Kermit, Lubbock, Big Lake, Pecos, Monahans and Seminole. The State Food and Drug Bureau says horsemeat may have been distributed to retail dealers in those cities, as well as in smaller towns in the area.

Tom Gordy, Kermit, owner of the Kermit Provision Company, has been charged with selling horsemeat for human consumption. Charges resulted from a Food and Drug Bureau investigation.

The same inquiry is the reason

local health officials are confident none of the meat has been distributed here.

While the investigation was underway, a Food and Drug agent spent about two weeks in Big Spring. He was looking for evidence to crack horsemeat traffic which had been rumored in West Texas.

The investigator didn't find anything here, and moved on, apparently to more fruitful fields.

J. F. Lakey of the State Food and Drug Bureau first disclosed horsemeat was being sold in West Texas Monday, same day Gordy was charged. He said it was the first horsemeat case in Texas since 1948 when traffic in the commodity was exposed in Houston.

Another reason you can be assured meat marketed here is okay is the city meat inspector. In addition to state and federal checks, Big Spring and area has protection of a local inspector.

He is Dr. Otto Wolfe, veteran who makes daily inspections at all slaughter houses. His approval is required before meat processed locally can go on the market.

Secret Report Criticizes AF

WASHINGTON (AP)—A secret report sharply criticizing the Air Force for waste and poor planning on multimillion-dollar overseas projects came up for action today by the Senate Armed Services Committee.

Invited to present it were two former members of the committee, Senators Morse (Ind-Ore) and Long (D-La.).

Both also said that much of the report could be made public although parts of it now are classified as secret or top secret.

Morse and Long drafted the document after a six-week inspection of overseas Army, Navy and Air Force installations.

Chairman Saltonstall (R-Mass.) of the Armed Services Committee previously had announced that more than 100 million dollars worth of overseas Air Force projects were being held up, at the Senate committee's request, because of criticism in the Morse-Long report.

Long has told the Senate he is convinced "that perhaps a billion dollars can be saved without in any way reducing the ability of the nation to fight."

Permanent Waves Force Girls Out Of Japan School

TOKYO (AP)—The Tokyo Jogakkan, exclusive girls' high school, today suspended 44 Japanese students for getting permanent waves.

Fifty-nine others were ordered to get letters of apology from their parents for the same offense.

Principal Genichi Sawada said the penalties were proposed by the Student Council.

He said permanent waves were banned "to nurture wholesomeness among the students and to avoid showiness which would make the girls susceptible to advances by delinquents."

Other school regulations:

1. Fix the number of creases, color and style of overcoats.
2. Prescribe the type of socks and shoes.
3. Ban hair clips and compel girls to braid long hair.
4. Ban conspicuous hair decorations, limit the width and length of hair ribbons and the color to that of the girl's hair.

One 17-year-old girl complained the regulations made school life drab.

She was told not to return while her permanent still waved.

Ag. Dept. Employees Invited To Meet Boss

WASHINGTON—Agriculture Department employees are being invited to meet their new boss, Secretary Benson, on their own time.

The department has worked out a schedule for employees to arrive at the department at 8:30 a.m., half an hour before their work day begins, to be introduced to Benson.

HC Hawks Seek 18th Win This Evening

McMurry Hosts Big Springers

With two immediate objectives for which to work, the Howard County Junior College Jayhawks move in on Abilene this evening to do battle with the McMurry College Papooses.

Objective No. 1 is conquest of the dangerous Amarillo JC Badgers. Objective No. 2 is to score 20 wins for the third straight season. The Amarillo game comes up next Tuesday night in Amarillo.

A win over McMurry this evening would move the Hawks that much nearer the second objective. They now have won 17 and lost three games.

The figure to manhandle the Papooses, having vanquished the Abilene Methodists by a record score of 112-64, last time out.

However, they might as well get set for a much harder game to-night.

Coch Mel Jowell can be counted on to use help he did not use against the Hawks here. A number of A stringers will probably be used against the Big Springers.

This will be the last game of the week for the locals. They had a booking with A.C. Saturday night but that has been moved back to Friday, Feb. 7.

Probable starters for the locals tonight are Bobby Maines, Casey Jones, Charles Warren, Ricketts Gilmore and Bobby Williams.

Don Taylor is the top McMurry threat. He scored 24 points against HC here.

Future Longhorns

Boys who may one day be playing regularly for the Big Spring High School basketball team are pictured above. They're now performing for the Seventh Grade Yearlings and are coached by Dan Lewis. Left to right, top row, they are Dell Shaw, Billy Bob Satterwhite, Wesley Grigsby and John Phillips. Lower row, Bobby Overman, Adrian DeGraffenreid and Whitney Reynolds.

Garner Goes 19 Holes To Win

PALM BEACH, Fla. (AP)—Favorites went into second round matches today in the annual Palm Beach Women's Golf Tournament but most of them called themselves lucky to be there.

Medallist Pat Garner of Midland, Tex., had to go 19 holes to oust Mary Agnes Wall of Mid Pines, N. C. She will meet Carol Diringer of Thfin, O., in the second round. Miss Diringer won from Mrs. Peg Cirino of Orangeburg, S. C., 5 and 4.

Polly Riley of Fort Worth, Tex., plays Edean Anderson of Helena, Mont. Miss Riley, the 1951 winner, went 20 holes before defeating Mrs. Jo Ann Tracy of Bloomfield, N. J.

Miss Anderson eliminated Jean Carson of Bloomington, Ill., 2 and 1.

Wildlife Movie Is Available To Clubs

A 30-minute non-commercial colored movie featuring Ed Dodd, creator of "Mark Trail," has been named one of the outstanding outdoor films of the year by the National Wildlife Federation.

The movie, first of its type to be so honored, is called "Water Wilderness." It has to do with recreation in the Florida Everglades area.

Western Auto Supply Company of Kansas City, sponsor of the movie, announced that prints of "Water Wilderness" are available to clubs and organizations over the nation at no charge.

The film is considered ideal for club and other group showings. It shows a variety of fishing and wildlife incidents deep in the Everglades.

Information concerning prints of the movie for club showings may be obtained locally from the Western Auto Associates Store.

US Attorneys Take Over In TV Suit

PHILADELPHIA (AP)—Government attorneys argued the windup portion of their anti-trust case against the National Football League today.

Ferry Epes, chief counsel for the prosecution, informed U. S. Dist. Judge Allan K. Grim yesterday their end of the case may come to a close today.

Presentation of defense testimony and summations by both sides still remain.

The government charges the NFL violated the Sherman Anti-Trust Law by establishing 75-mile radio-television rights areas for each of its 12 teams, thereby serving to restrain trade.

Fish Conservation Program Planned

CORPUS CHRISTI (AP)—A salt water fish conservation program is the aim of the Corpus Christi Junior Chamber of Commerce.

The group voted last night to sponsor the program to be financed by a salt water fishing license in the state legislature.

LITTLE SPORT

Bucs Seek 22nd Straight Win In New York

NEW YORK (AP)—Seton Hall, top-ranking college basketball team in the country and only major unbeaten power, goes after its 22nd straight victory against St. Bonaventure tonight in Madison Square Garden.

Coch Honey Russell of Seton Hall describes the Bonnies as one of the "toughest" foes left on the Pirates' 30-game schedule, pointing out that the upstate New York team has won three of its last four including a 70-58 victory over Duquesne.

St. Bonaventure, which reached the National Invitation Tournament semi-finals with virtually the same team last year, has an 8-6 record after getting away to a slow start.

To Bill Edwards will fall the task of stopping Walt Dukes, Seton Hall's 6-11 center who currently leads the nation's leading scorer and rebounder. The lanky, 7-foot center has 566 points and 497 rebounds in 27 games, respective averages of 21.0 and 23.3. Edwards, who is 6-5, is a good defensive player who held Duquesne's Dick Ricketts to only two field goals.

Penn's Ernie Beck and Villanova's Larry Hennessey put on one-man shows in a Philadelphia Palestra twin bill that featured last night's play. Beck got 24 points as he led Penn to a 63-56 victory over Columbia in an Ivy League struggle. Hennessey tossed in 44 as Villanova beat Canisius, 93-80, with 53 points in the second half.

LaSalle, ranked 4th nationally, took Baltimore Loyola, 73-61, and Western Kentucky, ranked 8th whipped Dayton, 88-77. The other teams in the top 10 rankings were idle.

North Carolina State stayed in the thick of the Southern Conference battle by drubbing South Carolina, 91-51. In a doubleheader at Lexington, Va. Washington and Lee edged Virginia Tech, 76-74, and William and Mary walloped Virginia Military, 85-54.

Eric Grake, with 27 points, led the Broncs to a 78-73 victory over Georgia and Florida beat Auburn, 66-62, in two SEC games. Tulsa nipped Detroit, 75-74, in a Missouri Valley Conference game; Oregon State took Idaho, 78-52, in the Northern division of the Pacific Coast Conference and Arizona beat Hardin-Simmons, 72-67, in the Border Conference.

In other games, Notre Dame walloped Butler, 90-58; New Orleans Loyola edged Pitt 73-70; Princeton socked Colgate, 72-61; Cornell edged Syracuse, 69-65; Wichita took Drake, 77-71 and Navy whipped Penn State, 77-53.

Fain May Draw Record Salary

CHICAGO (AP)—Ferris Fain, two-year American League batting champion, today became perhaps the highest player ever signed by the Chicago White Sox, reportedly coming to "happy" terms for more than \$30,000.

Recently-acquired first sacker Fain, who earned a reported \$28,500 last season with the Philadelphia Athletics, needed just a two-minute phone conversation with Sox General Manager Frank Lane to agree on a 1953 contract.

Guesses were the Sox awarded Fain a \$2,000 or \$3,000 boost over his Philadelphia salary. The Sox once paid outfielder Al Simmons \$33,000 for a season, but it was the final year of a three-year \$100,000 contract Simmons had with the A's.

Fain inherits the top-salary role enjoyed last season by Eddie Robinson who was swapped for Fain in a five-player deal Jan. 27.

Robinson currently is engaged in a hassle with the Athletics for a "substantial increase" over the approximate \$25,000 paid him last season by the White Sox.

Wranglers Mix With Phillips

ODESSA (AP)—The Odessa JC Wranglers, winners of one of two West Zone basketball games, headed for Borger this morning where at 8 p.m. they take on Frank Phillips JC.

Larry McCulloch's team has lost to HCC of Big Spring, 77-55, and won from Clarendon, 80-77.

Yearling Teams Take On Midland

Two Junior High School basketball quintets visit Midland this evening for action against the Cowden Juniors.

Eighth and Ninth Grade teams will make the trip. Harold Bentley and Earl Peeler will accompany the youngsters.

The two teams, along with the Seventh Grade team, visit Sweetwater for games Friday.

Eagles Turn Back Trinity, 75-68

SAN ANTONIO (AP)—North Texas State's Eagles and the Trinity Tigers play the second game of a two-game basketball series here tonight.

The Eagles racked up their third straight Gulf Coast cage victory last night with a 75-68 win over the Trinity U. cagers.

It was the Tigers' seventh defeat in Gulf Coast play against no wins.

Miners Clip Buffs

EL PASO (AP)—The Texas Western Miners edged the West Texas State Buffaloes, 59-57, in a Border Conference basketball game here last night.

BELL STRONG BOOSTER

Mike Brumbelow May Get Job As SMU Ringmaster

DALLAS (AP)—Mike Brumbelow, an affable fellow known better to fellow football coaches than most fans in his home state of Texas, may wind up as new ringmaster of Southern Methodist's serial circus.

Three other coaches are due for interviews in the quest to fill the vacancy created when H. N. (Rusty) Russell unexpectedly resigned Sunday night because of what he termed "pressure" from the fans.

These three—J. O. (Buddy) Brothers, former Tulsa University coach; Andy Pilney, backfield coach at Tulane, and Milburn (Catfish) Smith, East Texas State College coach probably will be interviewed early next week.

But SMU Athletic Director Madison Bell said after Brumbelow spent nearly five hours with the school's faculty committee Tuesday night that Brumbelow appeared to have made a "fine" impression.

Bell is a strong booster of the current coach at little Texas Western College in El Paso. He coached Brumbelow for two years in Texas Christian University and Brumbelow was publicly credited by Bell with a brilliant scouting job for SMU when the Mustangs came within a touchdown of upsetting what Notre Dame Coach Frank Leahy called his "finest team."

A graduate of Texas Christian in 1929 and former assistant coach at that school, Brumbelow is known among his fellow coaches as a brilliant tactician. A former high school coach and good mixer, Brumbelow is not widely known to the average fan in Texas.

He said after visiting the SMU campus that if he got the job, he'd probably install the T formation. This is a formation that would be brand new at the school famed

for its single and double wing and spread formation razzle dazzle.

Brumbelow, 46, did not apply for the post, but was invited for a conference.

Head coach and athletic director at Texas Western he works on a year-to-year contract and probably would have no difficulty getting released.

He visited SMU with the full knowledge of Texas Western president, Dr. Wilson H. Elkins.

Russell was paid an estimated \$36,000 by SMU for the remaining three years of his contract. He had been criticized by fans for failure to produce better than 20-20 records during the three seasons he coached after succeeding Bell, who retired to become athletic director only.

BIG JOB FOR WEISS

Only Two Regulars Of Yankees Signed

By WILL GRIMSLEY

NEW YORK (AP)—The New York Yankees have close to a million dollars they're ready to ladle out in salaries—the largest payroll pot in baseball history—but no club is having more trouble getting diamond employees under contract.

The players' theme song seems to be: "No, gimme more."

"You don't realize what a problem it is to sign up a ball club that has won four straight world championships," said George Weiss, general manager of the Yankee empire and the man with

the chronic winter headache.

"I don't think there's an organized holdout campaign or anything like that. Each of these fellows figures he was greatly instrumental in our success and he wants his reward on the pay check."

The Yankees have signed only two of their regulars for the 1953 season while most other clubs are announcing signings in clusters.

The Brooklyn Dodgers, the Yankees' victims in the last World Series, for instance, have signed all of their players.

The two regulars who have come to terms are catcher Yogi Berra, who autographed a contract for a reported \$40,000, a \$5,000 raise, and infielder Gil McDougald, who signed for what's believed to be around \$20,000.

Allie (Big Chief) Reynolds, who has had two tremendous years with the world champions, failed to get any satisfaction in his second conference with Roy Hamay, assistant general manager, who does the Yankee negotiating.

The Oklahoma City right-hander, who had a 20-8 record last season and 17-8 the year before, is said to be demanding at least a \$7,000 raise over the \$35,000 he collected in 1952. That would be approximately the salary paid Vic Raschi, who also is asking a hike for his 16 pitching victories last season.

The Yankees must come to terms with lefty Ed Lopat, a reliable veteran; Whitey Ford, who is returning from the service; Bob Kuza, Tom Morgan and others.

Also yet to be dealt with across the bargaining table are young Mickey Mantle, the 1952 World Series hero, and his outfield mates, Hank Bauer and Gene Woodling; big John Mize, the slugging first baseman; infielders Phil Rizzuto, Billy Martin and others.

Reports have the 40-year-old Mize balking at a 20 per cent slash in salary. He is insisting on a carbon copy of his last season's contract, which called for \$30,000.

MIKE BRUMBELLOW... Next Pony Mentor?

Reformed Bolt May Get The Acid Test In El Paso Meet

By HAROLD V. RATLIFF

EL PASO (AP)—Golf's winter visitors—the star-studded PGA tour—moved out today in the opening round of the \$10,000 El Paso Open with the bee on Tommy Bolt, the lanky Texan with the game to fit the course.

Tommy, who swears he's a new man and doesn't get mad and explains that that's why he's now winning—will probably be sorely tested. The word goes out among the players that "the guy who holds his temper will win this one."

The 6-300-year-old El Paso Country Club presents some problems, particularly on the greens, there has been less than a half-inch of rain in El Paso in five months. A sprinkler system wasn't available in time to do any good and the course is as dry as a bone.

The greens are bumpy and have little grass. If you go for a putt of any distance and miss, the ball rolls from here to yonder.

Some of the players didn't even practice yesterday.

"It won't do any good on this course," said Jack Burke. Cary Middlecoff, the defending champion from Memphis, Tenn., confined his efforts to the putting green. Jim Ferrier didn't hit a lick.

Bolt wasn't worried about the course yesterday anyway. He shot a 67 to tie for low score honors of the pro-amateur with Art Wall of Pocomo Manor, Pa. Their four-under-par gave them \$150 each.

Bolt also paired with amateur Blaine McNutt of El Paso for a best ball of 65 and a tie for second place, earning another \$25.

Fellow golfers say Bolt's chipping and putting have been sensational of late and that's what will go good on this course.

Bolt, the Houston linkster who registers out of Maplewood, N. J., said he wasn't going to lose his temper over anything anymore at least not enough for the gallery to know it. "I've found it pretty costly," said the erstwhile temperamental Tommy. "Getting mad and throwing your club can mean you'll end up with \$200 instead of

Phillips Noses Out Dibrell's In Close One

Phillips Tire Company all but clinched championship honors in the YMOA Industrial Basketball League here last night when it knocked over Dibrell's Sporting Goods, 48-45, in a thrill-packed game.

It was close all the way and the Dibrell's quintet outscored the Tiremen in the last half of play. Bob Parkin paced the pace setters to victory, collecting 21 points. The Worcester, Mass., speedster hit for 13 points in first half play, then added the other eight in the final two periods.

Phil Flalkowitz, a New Jersey product, contributed 11 points toward the Phillips total.

For Dibrell's Frank Hardesty had 18 points and Otis Prizzell ten.

Toby's Media picked up two victories in other games played. They started off by outshooting Coca-Cola, 45-30, then returned to outgunn the Independents, 42-25.

Phillips emerged from its game still unbeaten in league competition. Dibrell's has now lost two games but is still in second place.

The league race ends Feb. 13.

Capsule Shows Woman Took Deadly Poison

LINDEN, (AP) — The mysterious death of a 41-year-old woman and how many East Texas residents have been given arsenic concerned County Atty. Wesson Bartlett today.

Bartlett said yesterday an analysis of a capsule taken from a prescription bought by A. D. Surratt, 62, a farmer, showed it contained the deadly poison.

Other residents who obtained capsules from prescriptions filled at a Linden drug store, Bartlett said, have become alarmed.

Mrs. Lorene Cross, Linden, died Jan. 14 in Shreveport, La. after taking about a dozen "cold capsules."

Mrs. Cross had been believed to have died of encephalitis until her husband, J. W. Cross, mentioned she began feeling worse after taking the medicine.

Officers are still awaiting the report on the amount of arsenic found in Mrs. Cross' liver and stomach.

Weather Is Varied Over The Nation

There was a mixture of wintry and spring weather in the nation Thursday.

It was below zero in sections of New England, the country's coldest region, while fair and mild weather continued in the Southwest.

Generally fair weather prevailed over most of the eastern part of the country except for snow flurries in New England.

Skies were overcast in the Central States with showers over wide areas.

The Battle Goes On

While other troops move up, a wounded man lies on the ground (foreground) talking to a hospital corpsman, during a UN smash against two hill positions held by Chinese Communists in Korea.

WASHINGTON (AP)—A report circulating today among Texas congressmen was that President Eisenhower has said he won't name a Texan to be ambassador to Mexico.

Report Eisenhower Won't Name Texan To Mexican Post

The report was not verified, but the reason given for the President's reported decision against naming a Texan was that there still might be some resentment in Mexico because Texas fought for and won its right to be a republic instead of a part of Mexico.

Hulen appealed his conviction, saying he confessed under pressure. State witnesses said the confession was voluntary.

Farmer Is Winner
ALBANY, Ga. (AP)—Victor in a special "high-man-win" election to name a successor to the late Rep. E. E. Cox (D-Ga.) is a farmer and businessman, J. L. Pilcher, of Meigs, and a Democrat.

Solar System May Be From Cosmic Dust

LOS ANGELES (AP) — A strange triangle of light in the sky may be the key to man's oldest mystery: Where did our world come from?

Most people on this continent have never seen the heavenly triangle, known to astronomers as the Zodiacal Light. It is best seen in the tropics, in the east before dawn and in the west after sunset.

A Dutch sea captain, plying South Pacific waters to the Dutch Indies and spending the long, lonely nights studying the mysterious light, has come up with new evidence of its source.

The evidence is in an announcement by the University of California at Los Angeles, where Capt. Jan Drent of the Dutch Nederland Lines, now retired, is a graduate student.

The school calls Drent's observations of the Zodiacal Light "the first important evidence to support the theory that the strange light is caused by the reflection of sunlight by the vestigial remains of a cosmic dust cloud from which the solar system may have been formed."

This means that the light seems to be proof that such interplanetary dust exists, and on a scale extending through the solar system.

Ring Salesmen Offer Advice On Proposals

ALBUQUERQUE, N. M. (AP) — If you're proposing to propose, take some advice from those experts on romance, the engagement ring salesmen.

You and the future spouse settle in advance how big the sparkler is to be which will advertise to all that she's yours alone.

With Valentine's Day only nine days off, the seasonal dash to the marital hitching post has started.

Another primed the salesman to show her fiancé a \$1,300 ring. When he came in, he said he couldn't afford it and bought one for \$400.

The tearful girl returned it the following day with the tragic lament: "I can't wear this puny thing. It isn't half the size of my sister's."

All this hurts the salespeople, who take a real interest in the folks to whom they sell the stuff that marriages are partly made of.

One saleswoman went to New York and spent two weeks patching up a quarrel between a young couple who had bought a ring while passing through Albuquerque, then wanted to send it back after the romance faded.

One swain asked for his money back on an unused ring he had bought four years before.

I finally got up my nerve last night and asked her, but she wouldn't take it," he complained.

Single Package Appropriations Measure Sought

WASHINGTON (AP)—A bill calling for Congress to vote all regular government funds in a single measure was offered yesterday by 46 senators, almost enough to assure passage.

The one-package appropriations idea was tried in 1950 and then abandoned because, critics said, it was unwieldy.

Nationalist Raiders Hit Red China Coast

TAIPEH, Formosa (AP)—Well-equipped Nationalist raiders landed on the Red China coast Jan. 9, joined waiting guerrilla troops and struck into the interior, the Ta Tao News Agency said today.

The report gave no details, even whether the raiders withdrew.

Steve Hannagan, Press Agent, Is Dead In Kenya

NAIROBI, Kenya (AP)—Steve Hannagan, the press agent who put the bathing beauty on America's front pages, died of a heart attack in a hotel here today. He had arrived in the Kenyan capital on Tuesday.

Born in Lafayette, Ind., 53 years also a host of large industrial or became one of America's most colorful and famous publicity experts—the popularizer of Miami Beach, Sun Valley and the Indianapolis Speedway.

Among his clients, he numbered as a host of large industrial organizations, sports and entertainment figures.

Hannagan — he was christened Stephen Jerome but few people knew it — became a newspaper reporter on the Lafayette Morning Journal at 14. During his two years at Purdue University, he was the paper's city editor and wrote for metropolitan papers as well. When the Indianapolis Star offered him a job as sports writer, he quit college in 1919.

He opened his own publicity office at 25.

Employed to promote Miami Beach, he launched the flood of wintertime bathing beauty pictures which became a sure space-winner in newspapers. Grateful Miami Beach paid him \$25,000 a year for his services.

His clients in later years included a variety of actresses and well-known figures. He was credited with publicizing Gene Tunney as the prizefighter who read Shakespeare.

Hannagan's first marriage, in 1931 to Ruth Ellery, ended in divorce. In 1939 he was married to model Suzanne Brewster, but they also were divorced, in 1943.

In recent years, he had been the frequent companion of movie actress Ann Sheridan.

Winnie Due Heckling In Parliament

LONDON (AP)—Prime Minister Churchill's Conservative government faced sharp heckling from the Labor opposition in Parliament today over the new U. S. policy to denaturalize Formosa.

Deputy Laborite Leader Herbert Morrison was to lead off the attack in a full-scale House of Commons debate tonight on Formosa and Far Eastern policy in general.

In advance, the Laborite Daily Herald accused Churchill today of withholding from his own Foreign Office for three weeks the news that President Eisenhower planned to quit during the U. S. Seventh Fleet to shield the China mainland from possible attacks by Chiang Kai-shek's Nationalists on Formosa.

The paper said Churchill got word of the policy change from U. S. Secretary of State John Foster Dulles at a pre-inauguration meeting in New York Jan. 6 but went off to Jamaica for vacation and did not inform the Foreign Office until he returned to England Jan. 28.

THE SPRINGBOARD

News From Webb Air Force Base By A-2C FERD J. BORSCH

MARCH OF DIMES

March of Dimes had netted a total of \$1,487 as the annual polio campaign drew to a close at Webb Air Force Base.

Col. Ernest F. Wackwitz Jr., base commander, had the highest praise for the personnel of the base for their spirited participation in the drive.

Troy Harrell, Howard County chairman for the March of Dimes, also added words of gratitude for the co-operation displayed by base personnel.

After all contributions are in, Webb's total will probably exceed \$1,500.

One squadron alone, Motor Vehicle, contributed more than two dollars per man. The Officers Wives Club gave a check of \$104.31 to the campaign.

If the rest of the nation contributed as much as Webb personnel contributed—60 cents per assigned man—the national total for the drive would run at least thirty million dollars, leaving women and children out of the total altogether.

SHORT STORY

The AF's second annual short story contest is now in progress at Webb, offering base personnel a chance to compete for publication honors as well as for cash prizes. All AF personnel are eligible to compete.

Webb's Dusters dropped a pair of basketball games last week, bowing to Perrin Air Force Base, 73-65, and then to Phillips 66 of Midland, 87-61. The two setbacks dropped Webb's record for the season to ten wins and seven losses. Bill Heater was Duster high point man in each game with 21 and 18 counters.

SNEAK PREVIEW

TELEPHONES

An additional 200 lines were recently installed on the base telephone network, boosting the total number of lines to 600. Also 26 fire reporting phones and a 10-station crash alarm system were completed.

WAGE PLAN

The Army-Air Force board has approved a new wage schedule for wage board employees at Webb, it was announced by W. A. Farrow, Civilian Personnel Officer. The approval has been forwarded to the Wage Stabilization Board. Details of the new schedule have not yet been released.

OFFICERS WIVES

The spotters committee of the Officers Wives Club is giving a newcomers coffee Tuesday, February 10, from 10 to 11 a. m. in the lounge of the Officers Open Field Ration Mess. All old, new and prospective members are invited.

TOURS

Bus loads of school children from Midland have been touring Webb each morning the past week.

They arrive on the 7:20 Pioneer flight and return on the 9:20.

It's all a part of an air education program sponsored by Pioneer Air Lines in co-operation with the air base.

In the two hours the groups are here, they are taken out on the line to watch the jets take off. Next step is the physiological training building. Here the purpose of the oxygen mask is explained and the children see the altitude chamber in operation.

To wind up the tour, the children are taken through one of the maintenance shops for a real closeup of
