## CASTRO CO. SHOWS NICE INCREASES

CENSUS BUREAU GIVES DATA ON ITS AGRICULTURE

## FARMS INCREASE

Big Gains in Everything. Tenantry Problems Here Also

Agricultural census reports for Castro County were issued by the Census Bureau at Washington this week as shown below. The report is excellent as a whole as it shows increases in farms operated and in acreage, although, like Deaf Smith county, it chronicles an increase in tenantry.

DEPARTMENT OF COMMERCE BUREAU OF CENSUS

Preliminary Announcement—Agriculture—Farm and Farm Acreage, 1920

The Director of the Census announces, subject to correction, the following preliminary figures from the Census of Agriculture for Castro County, Texas.

Farms and Farm Acreage	Jan. 1, 1920	Apr. 15, 1910	Increase or decrease, per cent
Farms	365	327	11.6
Operated by White farmers	365	327	11.6
Colored farmers			
Operated by Owners & managers	240	233	6.9
Tenants	116	94	23.4
Land in farms			
Total acres	412,094	280,168	42.7
Improved acres	83,029	71,225	16.6

FARM VALUES

Value of land and buildings:

January 1, 1920	\$9,556,543.09
April 15, 1910	\$5,990,192.09
Increase, 1910-20	\$3,566,351.00
Amount	\$3,738,441.00
Per cent	64.5

DOMESTIC ANIMALS

	January 1, 1920	April 15, 1910
Farms reporting domestic animals	300	315
Animals reported:		
Horses	2,622	2,062
Mules	1,231	1,218
Cattle	31,455	8,211
Sheep	5,636	3,406
Swine	4,658	2,358

PRINCIPAL CROPS

	Acres Harvested	Quantity Harvested

1900	574	5,065 bu.
Hay	1,615	1,903 tons
1900	3,572	2,181 tons

The figures for domestic animals in 1910 are not very closely comparable with those for 1920, since the present census was taken in January, before the breeding season had begun, while the 1910 census was taken in April, or about the middle of the breeding season, and included many spring calves, colts, etc.

## SUNNY BROOK NOW IN POSSESSION OF WHEELER FAMILY

E. A. Wheeler and family, of Kirkland, Texas, arrived in Hereford the first of the week. For the time being they will occupy the E. F. Hodges home in north Hereford.

Mr. Wheeler recently purchased Sunny Brook Farm from Ray Barber. His son, who came here from Honey Grove, Texas, is already occupying Sunny Brook. The father is planning to build another home on the farm for himself in the near future.

## MRS. GUY ROGERS LAID TO REST IN SAN ANTONIO, TEX.

The remains of Mrs. Guy Rogers were laid to rest in San Antonio, Texas, Wednesday. Vern Witherspoon and Mrs. L. M. Fertsch, her brother and sister, who were at her bedside at the end, were expected to reach home either Friday or Saturday.

## Yankee Admiral's Adopted Waifs

Rear Admiral Newton A. McCully, United States Navy, is a bachelor. When the people of Crimea fled en masse last winter before the Russian Red Butchers, thousands of children were left without parents. McCully's ship was at Sebastopol, and he picked up the six waifs shown above. He brought them to America on his ship, and has legally adopted them. They are shown going to school in Washington, where Bachelor McCully has set up a home at last for himself and them.

## Shutout Pitching By Yankee Slabmen Reverses Dope and Puts Giants in Very Bad Fix

CARL MAYS

WAITE HOYT

Pre-series dope on the World's Baseball Championship battle, now being waged in New York between the Yankees of the American League and the Giants of the National League, has been upset. The "wise ones" all predicted a slugfest match from start to finish, as both teams are great batting aggregations. Instead, the first two games have been bitter pitchers' battles with little hitting, the Yankees winning both by the same scores, 3 to 0. Above are shown the two victorious Yankee twirlers, Carl Mays, who won the first game, allowing five scattered hits, and Waite Hoyt, a mere boy, who took the second contest, after holding the Giants to only two safe blows.

## Giants Slaughter Yankees in Third Game of Series

Friday's game was a slugfest and a slaughter of the Yankees' pitchers. Each team scored four runs in the fourth. Quinn replaced Shawkey, who started for the Yankees, and Barnes took Tony's place for the Giants. In the seventh the Giants went on a hitting spree. Quinn was driven from the box; Rip Collins was treated in a similar manner and was succeeded by a recruit, Rogers. Eight runs was the total.

Each team made one in the eighth, the game ending 13 to 5 for the Giants. Ruth went through the game without doing anything out of the ordinary.

Score by innings:

Yankees	0 0 0 4 0 0 1 0—13 29 0
Giants	0 0 0 4 0 0 0 1 0—5 20 0

Batteries: Giants, Toney, Barnes and Snyder; Yankees, Shawkey, Quinn, Collins, Rogers and Schang.

## District Court's Docket to Begin On October 31st

County Court opened on Monday of this week and will continue through October 22. Tuesday was default day and several judgments were entered on the docket. One case was tried, being that of Barnett & Skelton vs J. L. Fuqua, suit on commission. F. T. Holson sat as Judge, the County Judge being disqualified. Judgment for plaintiffs as prayed for was entered.

District Court will open October 31. District Clerk Biggs has delivered the lists of grand jurors and petit jurors to Sheriff Purcell and that officer is now busy notifying all parties concerned.

## FIREMEN TO ASSIST THE INSPECTION

TO HELP DISCOVER AND REDUCE ALL FIRE HAZARDS

## ALL NEXT WEEK

Citizens Expected to Look Premises Over, Hoping To Reduce Rate

Hereford's energetic Fire Department has agreed with Mayor Knight to take the job of inspecting the entire city of Hereford next week in an effort to discover and point out the fire hazards and to make the national Fire Prevention Week a success, so far as Hereford is concerned.

Chief Rockwell will plan the campaign, which will probably include both trucks with a squad of men to each machine, who will divide the town between them and spend a few hours each afternoon during the week carefully inspecting the premises of every property owner in town.

It is believed that the people will appreciate this help and will lend every co-operation to the volunteers.

It is the ambition of the Fire department to make Hereford the safest town in the Panhandle against fire hazards and to put things in shape so that fire risks will be reduced to the minimum.

## Football Saturday—Boost For Hereford Eleven

Don't forget the football game Saturday afternoon, 3:30 p. m., High School grounds, between the Hereford and Clovis High School elevens.

The dope all points to a rattling good game, the admission charges are small, and you will surely get your money's worth.

The Hereford boys need the moral support of the people if they are to put out a winning team. Nothing discourages them so much as to have a handful of indifferent spectators.

They are YOUR boys, and successful athletics means successful scholarship. Let's back them!

## 'Nother Norther Swoops Down on Plains Country

The cool wave of last week gradually gave way to warmer weather until Thursday, on which day the temperature was rather high. At bedtime Thursday night little cover was needed, but in the small hours of Friday morning another norther hit this section with a snap and Friday is cool and blustery. Most folks are shedding the B. V. D.'s and unearthing the moth-balled winter duds.

Incidentally, a little moisture right now would not make anybody mad.

## WROTE A STORY AND IS NOW RICH

This is Mrs. Olive Phillips of Los Angeles. Five years ago she was poor. Then she wrote a story that brought her a prize. With the money she bought a rural rooming house. She has prospered until now she has a grand apartment hotel, and is well on the way to a fortune of a million.

## Cattle Shipments Fast Increasing As Winter Comes

Movements of live stock to market, feeding pens and auction sales show a big increase lately over past weeks. A check of the railroad shipments since September 26, shows the following:

Sept. 26.—Byron Williams, ten cars to Grand Island, Neb., for auction. Chas. Rader & Wilkinson, sixteen cars to Conway, Mo., for feeding.

Sept. 27.—Fuqua & Harper, three cars to Wichita, Kans.

Sept. 29.—J. W. Duncan, two cars (from Joel) to St. Louis. R. W. Hough, two cars to St. Louis. E. H. Norton, four cars to St. Louis. Claude Higgins, two cars to St. Louis. Wilkinson & Valentine, eight cars to St. Louis. Patton Bros., Dimmitt, two cars to St. Louis. Geo. F. Lewis, two cars to St. Louis.

Sept. 30.—G. W. Brumley, one car hogs to Los Angeles. G. W. Brumley (from Amarillo) one car hogs, to Los Angeles.

Oct. 1.—W. M. Stovall, five cars, to St. Louis. D. C. Laird, three cars, to Kansas City. C. E. Smith, two cars, to Kansas City. A. W. Chandler, two cars to Wichita, Kans. Shore & Hill, three cars, to Kansas City. C. E. Walker, two cars to Wichita, Kans.

Oct. 3.—Fuqua & Harper, two cars hogs, to Los Angeles. Oct. 6.—Byron Williams, ten cars, to Grand Island, Neb. Jonnie Kemp, four cars, to Kansas City. J. D. Burkett, two cars to Kansas City. C. C. Ferguson, one car, to Kansas City. C. E. Smith, three cars, to Kansas City. T. H. Hines, two cars, to Kansas City. C. B. Killgore, Dimmitt, three cars, to Kansas City. S. G. Moore, two cars, to Kansas City. L. A. Ricketts, three cars, to Kansas City. U. G. Randall, one car, to Kansas City. H. A. Gray, one car, to Kansas City. Cleve Hamilton, Dimmitt, eight cars, to Kansas City.

## CATTLE AND GRAIN BUYERS ARE HERE AFTER BARGAINS

A Mr. Howard, of Clarendon, Texas, and R. H. Long, of Canyon, arrived here Wednesday on business matters. Mr. Howard may buy some good blooded White Face bulls and Mr. Long is buying cane seed.

## LICENSE TO SHOOT GAME NECESSARY

THAT IS, IF YOU GO ACROSS THE COUNTY BOUNDARIES

## WARDEN GODWIN

Andy Appointed to Watch For Violations of the Game Laws

Do you like to hunt, and make annual excursions into Castro or Oldham counties in search of cranes, ducks, geese?

If so, according to the present outlook, you had better first go to the County Clerk and secure a State Hunters License, separating yourself from \$2.00 therefor. Because if you don't, it is all probability cost you \$25 and costs first time you cross the county line.

Benford D. Garmon of Panhandle, Deputy State Game Commissioner for the Panhandle, imparted this information to The Brand Thursday morning. Mr. Garmon is working over this territory now, engaging county game wardens to assist him. Under the law, Mr. Garmon says, you may hunt in your own county during the legal season for each class of game, without charge, but if you cross into another county you must have the state license. He left a supply of the blanks with County Clerk Lee Biggs.

Andy Godwin was appointed County Game Warden Friday by Mr. Garmon and will assume his new duties at once. Detailed information as to the game laws may be obtained hereafter from Mr. Godwin.

One clause in the law which will be of special interest to farmers is that whereby a farmer may obtain a special permit to kill game that is destroying his crops. In other words, if cranes, ducks or geese are eating up a man's food, he may make affidavit to that effect and secure a permit to protect his property.

## World War Veterans' Reunion at Amarillo, Nov. 11

Amarillo, Oct. 5.—Hanson Post American Legion, joined by the Legion posts throughout the Panhandle and Plains territory, will be hosts to the World War veterans in Amarillo, Friday, Nov. 11th.

This will be the first great all Panhandle-Plains reunion for World War veterans, who are invited without regard to their affiliation with the Legion—it is for all. Special rates will be secured on all railroads entering Amarillo, and free entertainment will be furnished the men who wore the American khaki during the most terrible struggle the world has ever known.

A regular "mess dinner" will be one of the features of the day, and the former-men-at-arms will have many things to remind them of that through which they passed while making more secure world freedom and world democracy.

Floats will be in the parade representing the Army, Navy, Marines, and Aircraft subdivisions of the glorious forces representing the United States. To these will be added a French box car, Woman's Auxiliary float, Salvation Army, Red Cross, Boy Scouts, Civil War veterans, Daughters of the American Revolution, and other patriotic and civic organizations.

The program will be the best that is possible to devise, and a general good time for all of those who offered themselves as a debarment against the over-riding righteousness by the German Empire.

An all-inclusive decorative scheme will be employed and Amarillo will outdo herself in demonstrating to the "boys" her love for them.

This is to be an event long to be remembered, and the friends of the soldiers are invited to be present and participate in the entertainment in their honor.

## HARMAN TO LOOK AFTER WEST VIRGINIA BUSINESS

S. L. Harman went to Richwood, W. Va., Wednesday morning. Mr. Harman moved to Hereford from Richwood and still has a mercantile business at that place. He will probably be away until January 1. Ross Fuller will be in charge of the Harman Dairy during the absence of the proprietor.

## Progressive Party

One of the pleasantest of the week's social affairs was that of Friday evening when Miss Ona Hammer entertained a number of her girl friends with a progressive party.

The initial event of the delightful series of entertainments was a beautifully appointed supper served at the home of the hostess. This was followed by a line party to the Star Theatre, the attraction being "A Box of Monkeys," by Wayland College talent. A bunting party at Miss Hammer's home with breakfast next morning was the closing number of a most enjoyable program.

## Bay View Club

"The Study of the Short Story," as the subject of Thursday's lesson, brought to the Bay View Club fresh inspiration for the literary work of the club year.

In a very excellent paper by Mrs. Bobo McLean, the characteristic differences among the short story, the novel, and the tale, were clearly defined. Mrs. McLean's topic being, "What Constitutes a Short Story." The paper was read by Mrs. John McLean.

The purpose of the short story was treated very interestingly by Mrs. J. Frank Potts, while "Titles" was the subject of a very comprehensive discussion of this important requisite of a good story.

Miss Pearl Hyer was a club guest for the afternoon and at the close of the program talked informally to the members upon health topics.

## Christian Missionary Society

Mrs. W. R. Steckman was hostess to the Christian Missionary Society on Wednesday, a good attendance and an excellent program combining to make the occasion especially enjoyable.

Mrs. R. J. Kibbe, as president, conducted the business meeting, Mrs. Corbett having charge of the lesson.

The program included an analytic study of the Lord's prayer by the leader, the different sentences of this model prayer being elaborated upon in their application to missionary work today. Miss Elizabeth Corbett gave a graphic picture of the benevolent institutions of the church with interesting facts relative to their work. Mrs. C. R. Smith gave a helpful paper on, "Building and Keeping the House of the Lord," and Mrs. Lowther, another entitled, "Paying the Last Mile."

The "Through the Eye-Gate" pictures were effective helps to the lesson. A delicious ice course was served at the close of the program.

## Mr. and Mrs. Gilliam Honored

The hospitality of the home of Mr. and Mrs. J. H. Miller was extended, Thursday, to a party of guests in honor of Mr. and Mrs. Roy Gilliam, the occasion celebrating both their wedding anniversary and the birthday of Mrs. Gilliam.

Mrs. Gilliam had been invited to spend the day with Mrs. Miller and was greatly surprised when shortly before noon other guests began to arrive, each bringing a dish which, later, became a part of a magnificent noonday dinner.

A wonderful variety of daintily prepared dishes graced the pretty table, the serving being in cafeteria style.

The dinner, with its accompanying social pleasures, was enjoyed by Mr. and Mrs. R. W. Gilliam, Mr. and Mrs. J. H. Miller, Mesdames Charles Allen, Charles Whitehead, R. Brand, L. S. Furrh, John B. Davis, and Miss Lena Gilliam. Children present were: Ora and Reba Allen, Joyce Davis, Keith Louise Furrh, and Katharine Miller.

## Double Birthday Celebration

The home of Mr. and Mrs. Ed Shore provided a charming setting for one of the largest and most delightful of the

week's parties when Misses Lollie Shore and Thelma Oglesby were honored with a twelve o'clock dinner party in observance of their birthdays.

A pleasing informality characterized the serving of the elaborate dinner. The long, handsomely dressed, table showed a center piece of pansies effectively arranged. Around this were grouped the dishes, each so attractively prepared as to add to the decorative effect. Following the grace spoken by Rev. Wooten, the guests filed into the dining room, serving their own plates and eating wherever their fancy dictated. Music room, living room and galleries were utilized, gay laughter and cheery conversation attesting the pleasure the occasion afforded.

The social afternoon was enlivened by piano and victrola music to which were added delightful readings by Miss Kathryn Doane.

The day's pleasures were shared by Mesdames W. M. Megert, A. A. Foster, G. F. LeGrand, C. D. Shaw, Ralph Barnett, W. R. Steckman, J. J. Clark, A. H. Elliston, Lee Biggs, C. S. Purcell, J. N. Wooten, A. G. Bell, W. H. Russell, E. V. Allen, E. M. Vanderburgh, J. S. Orr, Geo. Muse, Elmer Dameron, C. F. Cockrell, Geo. Beams, R. J. Kibbe, J. E. Golden, E. E. Ramsey, J. C. Hicketts, C. R. Smith, E. B. Ezell, S. B. Jackson, R. F. Guthrie; Misses Nora Beams, Pearl Golden, Helen Frichele, Irene Tidenburg, Bobby Aston, Elizabeth Corbett, Lora Kibbe, Kathryn Doane, Virginia Doane, Maurine Steckman, Zena Owen; Rev. Wooten, and a large party of children.

## DIMMITT

Mrs. Ollie Feinny arrived Friday from her home in Seattle, Washington, for a few days visit with her mother, Mrs. Lovelace, and sister, Mrs. Tom Tate, of this place.

Mrs. Feinny is the oldest daughter of Mrs. Lovelace and is quite a noted singer.

Mrs. Lovelace and daughter, Mrs. Tom Tate, entertained a family reunion Sunday, having with them Mr. and Mrs. Holt Lovelace, of Plainview, and Mr. and Mrs. E. K. Baton of Texico, and Mr. D. Lovelace of South Texas, and

Mrs. Ollie Feinny, of Seattle, Washington. Mrs. Feinny will visit in Kansas City enroute to her home in Washington.

## Marketing Mohair

The mohair crop from the goats in Grant County, N. Mex., has always been sold in small lots to speculators who never paid the growers what their clip was really worth. Most of these lots, which ranged from 200 to 1,500 pounds, were too small to ship individually. The county agent of the United States Department of Agriculture and the State agricultural college, through the assistance of the field marketing agent of the Bureau of Markets and Crop Estimates, helped to organize the mohair producers in the county into a cooperative association by which the best possible price could be secured for the growers at the least expense.

The county agent, with one or two farsighted and enthusiastic growers, called on every mohair producer in the

county. The mohair from the spring clip of all the growers in the association was pooled in Silver City. The fall clip will be similarly disposed of. Buyers and spinners in different parts of the country made bids for the mohair, and finally the entire lot of between 25,000 and 30,000 pounds was shipped to a Boston purchaser at a

price of practically 40 cents a pound. Without the association the growers would have sold to the buyer who goes regularly through this territory. His offer this year was 30 cents a pound, so that the growers got between \$2,500 and \$3,000 more for their mohair by selling cooperatively than they would otherwise have received.

## HOW TO EMPLOY THE IDLE

Nobody deploras unemployment more than this newspaper; nobody would rejoice more if it could be said that there was not a single idle man in this country.

But in the midst of all this discussion of opening factories at a loss; while we hear all these schemes of idle employment to be paid out of taxes, our public men and newspapers seem to avoid the unpleasant facts, get down to fundamentals, all ye people, and the situation will slowly but surely right itself.

There are only two difficulties—two very serious handicaps to prosperity in this country now. Here they are: Immoderate costs.

Industry cannot rise with the taxes they are. And yet they talk about sitting millions to work at public cost, ignorantly increasing the inordinate taxes.

Industry cannot rise to action with filled wages anywhere from \$6.00 to \$5.00 for an eight-hour day. And yet, except in a few cases, unionists and non-unionists refuse to bring down the scale of wages.

Pare down your taxes, reduce your costs of operating, and money will come at and start wheels that will mean employment to increasing numbers. All to do these things and idle swarms will continue to swarm.

## ALTING DEATH AT THE BORDERS

The great famine of last winter and ring in China has been followed, as usual, by plague. The equally great one in Russia will, according to precedent, be followed by plague in that land. And when it is remembered that a worst of all epidemics—the Black Death—came from Russia in the fourteenth century, the prospect is not a pleasant one.

But the views—almost the promises—of expert physicians are reassuring. They say that these plagues cannot again devastate the western nations, at the deadly germs will fail to break through the armor that medicine and quarantine will build up.

Already the experts of the western nations are strengthening their lines. A Chinese plague is being held in in. Although the Russian epidemic still in its infancy, measures are being taken to halt it and kill it at the border of Poland, Bohemia and Hungary.

Intelligent people in America are well acquainted with the success of the dical and quarantine scientists, in stopping down contagion in the enormous armies of Europe and the United States during the late war, and they are quite willing to take their word for now that the future plagues will not reach our shores.

## Five Chiropractic Principles

The radiation of force through matter causes all animation.

The uninterrupted application of stimulus (force) to tissue causes normal tissue construction and maintenance, therefore, normal function or health.

Any interference in the application of stimulus to tissue causes abnormality of both tissue and function in ratio to the gravity of interference.

The transmission and application of stimulus is interfered with wherever there is a distortion of tissue to the extent that it traction or images upon relative nerves or nerve links.

The removal of this interference by means of correcting anatomic (physical) distortion permits the normal application of stimulus to tissue, thereby rebuilding and maintaining it in the condition we call health.

## THE STATE OF TEXAS

To the Sheriff or any Constable of Deaf Smith County, Greeting:

You are hereby commanded to summon Arthur Hammond Marshall and Francis Denham Marshall, Administrators of the estate of Arthur Marshall, deceased, and Arthur Hammond Marshall and Francis Denham Marshall, and the unknown heirs of Arthur Marshall, deceased, and the unknown heirs of the unknown heirs of Arthur Marshall, deceased, to appear at the next regular term of the District Court of Deaf Smith County, Texas, to be held at the Courthouse thereof in the town of Hereford on the sixteenth Monday after the second Monday in July, 1921, the same being the 31st day of October, 1921, then and there to answer the petition filed in said court on the 21st day of May, 1921, in a certain cause No. 1319 upon the docket of said court, wherein W. H. Bates is plaintiff and Arthur Hammond Marshall and Francis Denham Marshall, Administrators of the estate of Arthur Marshall, deceased, and Arthur Hammond Marshall and Francis Denham Marshall, and the unknown heirs of Arthur Marshall, deceased, and the unknown heirs of the unknown heirs of Arthur Marshall, deceased, are defendants. The cause of action in said suit being briefly stated as follows, to-wit:

Plaintiff brings suit to quiet title in himself and to remove clouds from said title, which he alleges to exist, by virtue of certain claims which defendants are asserting to an interest in and to certain land lying and being situate in Deaf Smith County, Texas, and being more particularly described as all of Section No. 29, Certificate No. 96, Abstract No. 316 in Block K-8, containing 640 acres of land, more or less, patented to Arthur Marshall by Patent No. 89, Volume 35. All of Section No. 31, Certificate No. 13 | 2699, Abstract No. 246 in Block K-8, containing 640 acres of land, more or less, patented to Arthur Marshall by Patent No. 18, Volume 43. All of Section No. 49, Certificate No. 13 | 2672, Abstract No. 244 in Block K-8, containing 640 acres of land, more or less, patented to Arthur Marshall by Patent No. 17, Volume 43. All of Section No. 51, Certificate No. 13 | 2674, Abstract No. 245 in Block K-8, containing 640 acres of land, more or less, patented to Arthur Marshall by Patent No. 18, Volume 43.

Plaintiff alleges that he is the owner of a fee simple title in and to all of said lands by virtue of a chain of title

pleaded from the sovereignty of the soil and by virtue also of the three, five, ten and twenty five years limitation under the Statutes of Texas. Plaintiff prays for judgment quieting title in himself and removing all clouds from the title to all of said lands created and existing by reason of said claims of defendants, and for a writ of possession and for general and special relief.

You are further commanded that you serve this citation by publishing the same once each week for four successive weeks previous to the return day hereof, in a newspaper published in your county, but if no newspaper is published in said county, then in the nearest county where a newspaper is published.

Herein fail not, but have you before said court on the first day of the next term thereof, this writ with your return thereon showing how you have executed the same.

Witness: A. L. BIGGS,  
Clerk of the District Court of Deaf Smith County, Texas.

said court and to me, as sheriff, directed and delivered, I will proceed to sell within the hours prescribed by law for sheriff's sales on the first Tuesday in November, 1921, it being the five day of said month, before the court house door of said Deaf Smith County, Texas, in the City of Hereford, the following described property situated in Deaf Smith County, Texas, and being:

Section 15, Certificate 1-431, original grantee, B. S. & F., containing 654.6 acres;

Section 16, Certificate 1-411, original grantee, B. S. & F., containing 657.3 acres;

Section 17, Certificate 1-412, original grantee, B. S. & F., containing 647.2 acres;

Section 24, Certificate 1-415, original grantee, B. S. & F., containing 647.9 acres;

Section 25, Certificate 1-416, original grantee, B. S. & F., containing 656.7 acres;

Section 35, Certificate 1-421, original grantee, B. S. & F., containing 655.1 acres; All of said lands located in Block K-7.

The above described property is located about 13 miles N. and 5 miles W. of Hereford and known as the T. F. Burks ranch.

Said property is levied on as the property of T. F. Burks to satisfy a

judgment in favor of The First State Bank & Trust Co. of Hereford, for the sum of \$9,641.50 with interest thereon from the 31st day of August, 1921, at the rate of 8 per cent per annum and also to satisfy a judgment rendered in favor of E. A. Johnson, for the sum of \$490.50 with interest thereon at the

rate of 6 per cent per annum from the 31st day of August, 1921 and date of suit.

Given under my hand this the 4th day of October, 1921.

The miners and operators are signed up at present high wages until next April.

There will be no reduction of freight rates soon.

Coal will be no cheaper and probably higher.

We have not placed over one third the coal this year we ordinarily do.

## "Get the Hog By the Tail"

"Hogs are mortgage lifters. My father used to say if you are in debt, get a hog by the tail and he will pull you out. You never hear of a hog man going broke, and I can't see why more men don't go the hog route. It has been figured out by experiment stations that it takes 14 to 16 pounds of grain or its equivalent, to put a pound on a steer, and five to six pounds of grain or its equivalent to put a pound on a hog, (and you don't have to throw the hog any hay or hulla.) It takes two or three years to grow out a steer, while it takes only six or eight months to grow out a hog. The steer does not reproduce at all and a cow will only bring one calf a year, while the old sow will shuff out six to sixteen pigs at a litter, and you can get five litters in two years! And a pound of pork today will sell for three times as much as a pound of beef. Now can you beat it?"—(BOB LYLE in Southwestern Swine Breeder.)

We MUST Diversify in this country to succeed. Hogs are an integral part of successful diversification. Have YOU some good hogs on YOUR farm?

**Boys Gladly Stay on OilPull Farms**

Farm boys are not leaving modernized farms. They're leaving the "drudgery" farms that are still without the many modern conveniences that are at every farmer's disposal and within the reach of his pocketbook.

Probably nothing ties a boy to the farm more firmly than an OilPull tractor. It makes fun of hard work. It gets the work done in season. It gets a greater profit from the farm. It entirely changes the average boy's attitude toward farm life. For nowhere else in the entire tractor industry is there a tractor with a record of performance as great as the OilPull's. Its record of long life, of dependability and of economy has never been equalled.

Bring your boy in and we will tell him more about farming with an OilPull.

## No Higher Rates

On April 1st last year we raised our rates on every class of service, except to the City of Hereford for water pumping. On the first of May this year we raised our rates to the City for water pumping one cent per kilowatt.

There has been no other increase in rates. We have been asked many times if we have raised our rates. We have not, nor will we without a full and fair hearing to all. We want to reduce rates rather than raise them and will do so as soon as operating costs will admit.

**FRIONA**  
Our little village was again visited by the fire demon on the night of September 29th, and our beautiful school building is now a mass of ruins. The origin of the fire is a mystery. The board of trustees are busy erecting a temporary building to accommodate the school until a larger and better building, even than the old one, can be erected.

The people of the Methodist church have ground broken and some material on the ground for the erection of their new church which they are about to build. The structure will be of adobe, with stucco finish.

The Congregational people are preparing to rebuild their church on the same ground covered by the former building, which was struck by lightning on the morning of August 18, and consumed. The new building will be of hollow tile, with a brick veneer and will be 14 feet longer than the old one.

Ralph Sutton has moved into his new garage where he is now serving his customers. The building is of hollow tile, is 40 feet wide by 80 feet long, is of a pleasing appearance and a credit to our town. Congratulations and best wishes, Ralph.

R. G. (Dick) Glenin last week disposed of his residence property, his tract of land near Friona and his interest in the Santa Fe Grain Company, to J. E. Staley, in exchange for a garage and the agency for the Dodge Bros. Motor Co., at Tulsa. The transfer was made Oct. 1, and Mr. Glenin and family have moved with their household goods, to their new home. Mr. Staley will soon take possession of the property vacated by Mr. Glenin.

of adobe construction. The walls are up, but the roof is yet lacking.

George T. Courtright was in Friona two days last week. On departing he took with him the few personal belongings which still remained in Friona and thereby ceased to claim our town as his home. Mr. Courtright's genial disposition, moral character and gentlemanly conduct have won his way to the hearts of our people and it is with a true feeling of sadness that we realize that he is no longer one of us. He expects to make his home with his daughter in Fredonia, Kansas in the future.

## Delay Spending

Someone has defined S-a-y-i-n-g as delayed spending and that's just what it is. Saving means to pass up some immediate desire for future pleasure or profit. When you save a dollar and add other dollars to it, you soon accumulate a fund that will more than repay you for present sacrifice. Delay spending a few dollars, right now, and start a savings account in this bank, which offers safety, convenience and profit as an incentive to get ahead.
