## Heavy Rains Fall Monday

### Downpour Fills Tierra Blanca; Crops Are Benefitted.

Just when it appeared that Tierra Blanca Creek was doomed to dry up, that row crops were ruined and grass destroyed by drought, Hereford received a rain. The precipitation came last Monday evening and it was none too soon.

It started falling shortly before 6 o'clock. And it came down, steady as it, for more than an hour, then settled down to a slow drizzle, lasting past midnight. The rain gauge at the First National Bank showed an inch and a half.

The rain came from the south and east and extended north and west, but missed the northwest portion of the county, the large wheat area which has not known a sizeable rain in a year. To the north it extended past Tascosa. To the west it went almost to the state line.

Five miles west of Ward, which is about 12 miles northwest of Hereford, there was no rain. West and north of that point there was no rain, that section being left high and dry. Due north of Hereford, however, the rain got heavier, reaching a maximum in Oldham county which exceeded two inches.

After being dry for great stretches more than two months, the Tierra Blanca Creek was overflowing its banks all day Tuesday. It is still full. Grass and feed crops visited by the downpour took a new lease on life. It was Hereford's first rain of any consequence since early in June and was the first since April that made any appreciable difference in the dried up Tierra Blanca.

The rain was preceded by weeks of near record breaking heat. The maximum here so far has been 105 degrees, a point reached several afternoons. The temperature has climbed to 100 degrees almost every day since the second week in June. A severe drought storm Sunday night, reminiscent of February and March days during the past two years, preceded the rain by 24 hours.

## Corn-Hog Papers To State Board

Deaf Smith county's corn-hog contracts will be sent to Washington next week for payment. Dewey Reed, county agent, will leave Saturday for College Station, Monday the state board will review the contracts, after which they will be forwarded to Washington.

Signing was to be completed today. Tabulation of the county's applications was finished this week and figures approved. After that contracts were drawn up and signed. Reed will send the papers to the capital by air mail. Payment is expected late in August.

Contracts for hog reduction will cut down the hog population by 14,463 head. This will bring \$54,240 in allotment to the county. Corn acreage will be reduced by 259 acres and will bring \$1,187.80 in government benefits.

This county's corn-hog applications have been completed and ready to go since April, but other counties have held up the district's work by not completing theirs. Reed said he had been assured of prompt action in the payment of the allotments.

A few of the contracts remain to be signed, Reed said. Friday will be the last day for signing. "Every applicant who does not come in and sign his contract by Friday at the outside will not only have his contract delayed but his allotment payment will be held up," Reed pointed out. "Every one has been notified and there is no excuse for further delay."

## Dogs Trounce Boys from Catholic Church

The Hereford Dogies beat the Catholic boys by a score of 13 to 10 last Sunday. The game was a tie until the seventh inning when the Dogies broke loose in a batting spree and beat the Catholic lads.

Next Sunday the Dogies will play Westway at the ball park northwest of town near the Carl Mountz farm. The Dogies beat Westway the last time they met.

## Posey Wins Tourney.

J. M. Posey won the golf championship of the Wheat Belt League Sunday at Muleshoe, defeating Ted Young in the final. John Patton won the first flight, R. M. Allred the second. Arch Foster took the top flight consolation.

## To Establish Camp At Park This Week

### CCC Company Will Set Up Tents for Temporary Camp; City Pipes Water to Site.

Temporary camp of Hereford's CCC Company will be opened here next Monday. A number of the men comprising Company 1862, which will be stationed here for development of Deaf Smith county's state park, will arrive tomorrow. They will throw up their tent city which the company will occupy while permanent barracks, a mess hall, officers' quarters, latrines, a recreation hall and other buildings are being constructed.

Capt. B. Cox of Houston will command the company. L. E. McMillan, M. D., company medical officer, arrived in Hereford Tuesday with Mrs. McMillan. They will make their home in the Gilliland apartments.

Crews were at work Wednesday running pipelines to the camp site on the Mooney estate. The city will furnish water for the camp. Captain Cox said 18 trucks departed from Palo Duro Park Tuesday for Fort Hill at Lawton, Oklahoma, to obtain tentage and equipment for the temporary camp. They will arrive here tomorrow. Meanwhile the company is being assembled at Palo Duro.

Contract for construction of the buildings at the camp will be awarded after the camp is established. Work on the park, however, will be started immediately.

Howard Trigg of Amarillo, official at Palo Duro, has been appointed superintendent of Hereford State Park, the name tentatively given the project. Mr. Trigg was formerly county surveyor in Potter county and is a native of the Panhandle. According to D. E. Colp, state park board chairman, he is one of the most capable park men in Texas. He surveyed the park site here and deeds were drawn up from his field notes.

Deeds were completed this week with the W. H. Fuqua estate for more than 200 acres of the park land. This tract, along with the Mooney land, which was bought last week, and the lands donated by the city and county, bring the total upon which title has been obtained to about 300 acres. This leaves around 200 acres yet to be obtained. Negotiations are under way with the other land owners.

The county commissioners met Monday with the park committee, headed by Harry Fritz, and named a condemnation board to expedite the clearing of titles. On the board are C. R. Smith, Edgar Ireland and Frank Givan.

## District Court to Open Monday

Petit jurors for the first week have been summoned for the District Court term which will open here next Monday morning, July 30. On the first week's list are T. E. Majors, P. M. Houser, Paul Foster, H. M. Smith, Louis Woodford, C. A. Place, John Harvey, Lon Keeler, A. Foster.

W. A. McNeill, Carl Gilliam, H. E. Marshall, E. B. Hicks, J. R. Kendall, Reed Williams, W. L. Pickett, J. T. Gilbreath, Jr., A. R. Perry, R. A. Fullwood, N. E. Miller, Floyd Hacker, H. R. Seed, Marlin Gilliland, Arthur Harris, H. L. Martin, T. C. Ivey, J. D. Rose, Joe Greer, J. L. Pevey, J. A. Pittman, Earl Lance, R. J. Sharp, Paul Mathers, Edgar Ireland, Jr., E. E. Fridley and Joe Green.

On the grand jury which will report Monday morning are C. M. Hicks, Wirt Phillips, Miles Robertson, Glenn Snyder, Hugh Fortenberry, H. G. Conkwright, Artie Dean, R. A. Gilliam, D. H. Alexander, Lee Lambert, R. R. Jackson, Vera Witherspoon, H. E. Benson, L. L. Benson, L. L. Wombie, J. M. White and C. T. Guseman. Judge Reese Tatum of Dalhart, judge of the 69th Judicial District, will preside. With District Attorney James Witherspoon of Hereford prosecuting the criminal cases.

## 351 Make Applications for Wheat Loans Here

Applications for 351 government wheat loans had been made in the county Wednesday, according to figures released by Miss Peggy Mitchell at the chamber of commerce, where the applications are being received.

Deadline on these applications is August 15, having been extended from July 15. The loans are for the purpose of putting in 1935 wheat or summer following wheat land.

## Lions Guests Of City Today

### Golf, Barbecue, Dance On Card of Zone Gathering.

Lions are in Hereford today. From Panhandle, Claude, Borger, Amarillo, Dalhart and Stratford they have come for a one-day meeting. This meeting, a quarterly affair, is being held for business and social purposes. Clubs represented comprise the second zone, District 27.

Featured on the entertainment program is a chicken barbecue with all the fixin's, including music, at the City Park at 6:30 this afternoon. B. H. Hopkins has arranged the feed. All day, under Harry Rice's guardianship, the visitors will have free run of the golf course. Fred Oberthier and J. C. Parker have provided cars for those visitors who need them.

The business meeting was scheduled for 4 o'clock this afternoon with all the fixin's, including music, at the City Park at 6:30 this afternoon. B. H. Hopkins has arranged the feed. All day, under Harry Rice's guardianship, the visitors will have free run of the golf course. Fred Oberthier and J. C. Parker have provided cars for those visitors who need them.

Following the picnic and barbecue the visitors will be guests of J. C. Parker at the theatre.

At 10 o'clock this evening there will be a dance at the city hall, arranged by Mr. and Mrs. Glenn Weir. Mont Baker and Louie LeGrand have arranged lodging in the homes for visitors who live too far to return after the dance. Members of the Hereford club have visited others in the district during the past week, outlining the plans for the day and urging a good attendance.

## 25-Mile Avenue Is Designated

Twenty-Five Mile Avenue has been designated as state Highway 51. The highway commission made the designation of 51 last Thursday and revised the route from the Oklahoma line to McCamey, Texas. The old number of the highway, 143, was cancelled.

Highway 51 was defined as follows: "From the Texas-Oklahoma line to Dalhart, then via Highway 52 to Channing, thence south to Vega, Hereford, Dimmitt, Levelland, Meadows, Brownfield, Spearvane, Seminole, Andrews, Odessa, Crane and McCamey."

This means the state department will take over the road for maintenance purposes but does not necessarily mean it will be improved immediately since the building of a bridge across the Canadian River at Tascosa would be necessary.

## Says Small Is Making Gains All Over Texas

"A strong wave of sentiment for Clint Small is sweeping the state." This is the substance of reports reaching the Panhandle as the closing days of the present primary are drawing to an end. From every section of Texas comes information to the Panhandle campaign office, that Senator Small is up in the running and due for a place in the run-off primary, in the present governor's race.

This week has brought a rush of activities for Senator Small in his home district, as Panhandle friends and supporters exerted every effort in his behalf to roll up for him the greatest vote he has ever received in the 26 counties of the 31st Senatorial District.

## Lions Grab Top Rung by Taking Two Games

Winning two games with late rallies behind the fine pitching of Bob Allison, the Lions this week took the city league lead. They conquered the Odd Fellows, 5 to 2, last Thursday, and whipped the Firemen, 2 to 1, Tuesday in gaining the pinnacle.

Going into the last inning of the Odd Fellow fracas on the short end of a 2 to 1 count, the Lions spurred themselves to four runs and the ball game off Ted Young, who had gone in to pitch. J. M. Posey got a hit and scored on subsequent knocks to tie the count.

Ralph Smith then hit a homer to right with two on to provide the winning margin. The Odds came through with a swell triple play to nip a prospective Lion rally earlier in the game. With Posey on third and Tuffy Acker on first, B. J. Davis hit a hopper to Foster at short, who faked at Posey on third, and then threw to second. Hussey relayed the ball to first to get Davis, and Posey was caught at the plate attempting to score. It was a lightning play.

Onias Carroll pitched a two-hitter against the Lions Tuesday in losing a heartbreaker. The Lions scored in the fifth when Tubby Robinson, running for Allison, was safe at the plate on a close play after McWilliams had singled. They got their other tally in the seventh after the Firemen had tied it in the sixth. Bob Allison pitched seven-hit ball and was stung in the pinches.

The Odd Fellows and Midgets will tangle this afternoon for possession of the basement.

## Almost 1,800 To Vote Here Saturday In First Primary

### Magazines, Books Needed For CCC Men

Do not destroy or burn any books, magazines or other worthwhile reading material. This is the call sent out by Miss Lillie Hostetter, county librarian.

The coming of the CCC Camp, she explained, is going to create a heavy demand for reading material of this kind. For this reason Miss Hostetter has started collecting magazines. She asks that the material be brought to the library or that she be notified so she can call for it.

The CCC men will be here within the next few days, and will need the reading matter right away, she pointed out in asking for immediate cooperation.

## W. R. Lindsey Is Killed In Mishap

Death rode with William R. Lindsey last Friday afternoon as he drove his car in front of a speeding west bound Santa Fe passenger train. The fatal accident took place at the crossing on Lawton Street leading to the baseball grounds and race track. The victim was returning from the horse races.

Death was instantaneous. The auto, a small vehicle which was "strapped down," was thrown more than 20 feet, striking a crossing sign. It was demolished.

Lindsey, 34 years old, lived with his parents, Mr. and Mrs. W. B. Lindsey, 12 miles west of Hereford. He leaves, besides his parents, his widow and two daughters, and two brothers, Jess of Hereford, and Chester of Lubbock.

Funeral services were held Saturday afternoon at the Black Chapel, Rev. T. C. Willett of the First Methodist church officiating. Burial was in West Park Cemetery.

## County to Decide On Beer Saturday

While voters of Deaf Smith county are picking their office holders next Saturday they will also be deciding whether or not the county will amend its laws to allow the sale of 3.2 per cent beer. The county wide poll on the proposed amendment to its local option law was called by the county commissioners as a result of a petition being presented with sufficient signatures of voters to require the calling of the election.

Deaf Smith county's local option law was enacted more than 30 years ago. Last August 29, when all of Texas voted upon national repeal, state beer and local repeal, voters of this county turned down all three, this being one of the few counties to vote dry.

The law requires a six months period between elections of this kind. Both sides are claiming victory, although the wets have made no fight. Dries, led by T. C. Willett, Methodist pastor, have pushed their fight through the Brand and through the churches.

## Fundamentalist Church Organized Last Week

A Fundamentalist Church was organized in Hereford last Friday evening, following a good sermon by Rev. T. D. Sumner of Amarillo. The Church Covenant and a statement of faith was made by the 18 charter members. Five presented themselves for baptism.

Last Sunday Rev. Willard Duncan, Oklahoma, was a visiting preacher at both the services. Bible lesson next Sunday at 10 a. m. Genesis 28th chapter and the following chapter. Preaching at 11 a. m. Subject for the evening sermon, "Sowing and Reaping," by Rev. Coleman Campbell, pastor.

## Absentee Voting Near Record In Deaf Smith

A record for absentee voting in Deaf Smith county is believed to have been set with 104 ballots cast through absentee voting. Today is the last for absentee voting by mail. Ballots postmarked July 26 will be accepted. The total is expected to go several above 104.

The ballots are in possession of the county clerk. They will be placed with the election judges at the various boxes on Saturday to be opened and counted along with the others.

## 4,000 CATTLE BOUGHT HERE

Cattle had been sold the government in the relief program by 424 Deaf Smith county farmers yesterday. These men had sold 4,505 head, representing \$47,700 which will be paid at once. As a matter of fact, checks aggregating \$32,936 have already been delivered.

Of the 4,505 head of cattle bought, 1,971 were condemned and slaughtered on the farms. The remaining 2,574 head were adjudged edible and shipped to Amarillo where they will be processed at the cannery plant. On the 424 farms from which these cattle have been bought there are 18,712 head of cattle left, the check sheets show.

County Agent Dewey Reed said the cow buying will continue on a reduced time basis. There is no limit on the selling, however. Northern Castro county has been added to the Hereford office for administration.

Owners of cattle are still urged to get in touch with Reed's office to file applications to sell their cattle, if they desire to do so. Reed believes the program will be stopped shortly.

## Small and Allred Men Hold Rallies

Rallies for Clint Small and Jas. V. Allred, gubernatorial candidates, were held downtown last Saturday afternoon. Charles Keffer, attorney of Amarillo; and L. McNeill, Amarillo school teacher, delivered addresses, the former for Small and McNeill for Allred.

Keffer spoke first, from a truck backed to the curb. He was introduced by DeWitt Landis. McNeill asked permission to address the same crowd. He was presented by G. A. F. Parker.

The two engaged in a number of discussions on matters of controversy between their candidates, much to the amusement of the crowd. Keffer presented Small's case on a basis of what he has done for West Texas and what he will be in position to do as governor.

Allred was defended as a "young and fearless public servant who will see that the people instead of the big corporations" will rule Texas. Both speakers were applauded frequently by the large crowd which assembled after the speaking got under way.

## Road Work Hurt By Relief Cuts

Although the project has been badly crippled by the reducing of relief workers to an average wage of \$20 per month, construction on Highway 33 is continuing, according to Cooper Dewey, engineer in charge. He is using two crews of 30 men each per week.

The highway in the city was reopened Tuesday of this week when the barricades were removed. It will not be given an asphalt topping as a relief project, but will be built by the highway department under contract.

Traffic is not being detoured around 33 east of Hereford. Vehicles are being allowed to pass the job on the shoulders of the wide road bed. Crews are barricading a short stretch at a time, excavating the sub-grade, then placing the caliche in the excavated section. As they finish a section they will remove the barricades and move on to the next.

## Chilton Fights New Wage Limit

Protest against the ruling of the state relief department cutting average monthly wages of relief workers to \$20 per month has been made by W. W. Chilton, county administrator. Chilton contends that such a ruling will not only cripple highway projects now under way, but will not furnish sufficient relief for the county's needy.

The ruling will go into effect this week unless other orders are received, Chilton said. The monthly allowance of \$20 will not meet the budgetary needs of most of the workers, he pointed out. Projects are going on as usual with a few being added. A child welfare survey was started this week and an adult school with commercial classes will be inaugurated next week. Gardens, city streets, roads and miscellaneous jobs are using the more than 200 now on work relief.

A record for absentee voting in Deaf Smith county is believed to have been set with 104 ballots cast through absentee voting. Today is the last for absentee voting by mail. Ballots postmarked July 26 will be accepted. The total is expected to go several above 104.

The ballots are in possession of the county clerk. They will be placed with the election judges at the various boxes on Saturday to be opened and counted along with the others.

**ORDER FOR AN ELECTION TO DETERMINE WHETHER THE SALE OF BEER CONTAINING NOT MORE THAN THREE AND TWO-TENTHS (3.2%) PER-CENTUM OF ALCOHOL BY WEIGHT SHALL BE PERMITTED OR PROHIBITED IN DEAF SMITH COUNTY, TEXAS. TO BE HELD ON THE 28th DAY OF JULY, 1934, IN SAID COUNTY**

Be it remembered that on this the 9th day of July A. D. 1934, there came on and was held a regular session of the Honorable Commissioners' Court of Deaf Smith County, Texas, begun and holden at the Courthouse in the city of Hereford, Texas, there being present and presiding:

C. W. Humble, County Judge.

P. J. Rose, Commissioner Precinct No. 1.

W. B. Phillips, Commissioner Precinct No. 2.

J. T. Guina, Commissioner Precinct No. 3.

L. H. Foster, County Clerk.

Court was opened when the following proceedings were had, to-wit:

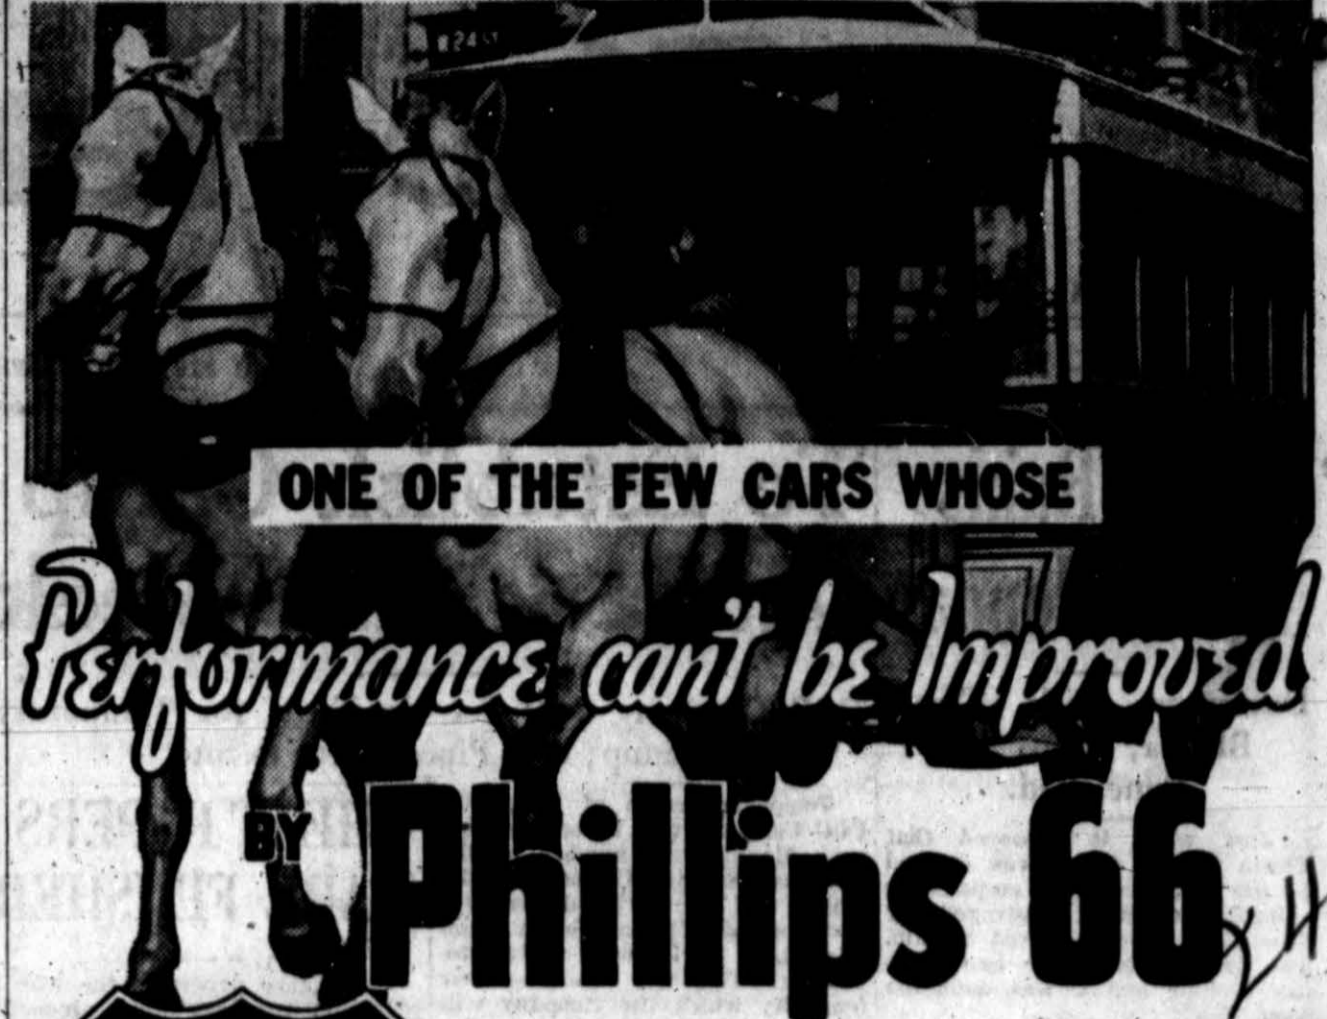

On this, the 9th day of July, 1934, the Commissioners Court of Deaf Smith County, Texas, being in regular session and there being present C. W. Humble, County Judge, and all Commissioners and the Clerk of the Court, there was presented for the consideration of the Court a petition signed by more than one hundred sixty qualified voters residing within said County of Deaf Smith and State of Texas, and all of whom are qualified voters within said Deaf Smith County, Texas, praying that the court order an election to be held in Deaf Smith County, Texas, to determine whether or not the sale of beer containing not more than three and two-tenths (3.2%) percentum of alcohol by weight shall be permitted or prohibited in said Deaf Smith county. It appearing to the court that the petition as presented, was in all things, regular and that qualified voters of said county and state, numbering more than one hundred sixty, (or at least 10% of the qualified voters of said County voting for Governor at last General Election) had signed said petition, the court, therefore, grants said petition and orders the same filed and hereby orders that an election be held in all the regular voting places within the said Deaf Smith County, Texas, on Saturday, July 28, A. D. 1934, to determine whether or not the sale of beer containing not more than three and two-tenths (3.2%) percentum of alcohol by weight shall be permitted or prohibited within the limits of said County and State.

It is further ordered by the said court that the Clerk of this Court post or cause to be posted at least one (1) copy of this order in each election Precinct within said County for at least six (6) days prior to said July 28, A. D. 1934, and it is further ordered that this election shall be held by the Election officers selected and to be selected by the proper authorities as provided by law to hold the primary election in the State of Texas and the respective counties and voting precincts therein on said July 28, 1934.

At said election those favoring the sale of beer within the limits of Deaf Smith County, Texas, shall have written or printed on their ballots the words, "For the sale of beer containing not more than three and two tenths (3.2%) percentum of alcohol by weight," and those who oppose it shall have written or printed on their ballots the words "Against the sale of beer containing not more than three and two tenths (3.2%) percentum of alcohol by weight."

The officers holding said election shall conform to existing laws regulating general elections as near as possible and after the polls are closed they shall proceed to count the votes and within three (3) days thereafter make due report of said election to this court.

C. W. HUMBLE, County Judge, Deaf Smith County, Texas.

**To the Voters of Deaf Smith County:**  
 I am herewith submitting a letter from the county attorney of Hockley county for your consideration. I served these people the best I could and I deeply appreciate this letter. If I am elected sheriff of this county it will be by the vote of our best people and I now renew the pledge I made when announcing, that is that if I am elected I will make it my business to protect your property from thieves and at all times listen to advice and counsel of our good law-abiding citizens.  
 Levelland, Texas, March 8th, 1934.  
**TO WHOM IT MAY CONCERN:** In December, 1932, Mr. Omer R. Baker, then a Texas Ranger, was sent to this county on official business by the Adjutant General's Department. During the time he was here he worked hard and without fear or favor. He was called upon to investigate a high-jacking case and in his investigation he succeeded in obtaining the arrest of one of the participants and a confession involving the remaining two and from which confession and the other information obtained by Mr. Baker the sheriff of the county was able to locate and arrest the two remaining participants. Due to his long tenure as a peace officer he knew by sight many criminals who had drifted into this county during the busy fall season but who were unknown to the peace officers of this county. Immediately after his arrival there was a sudden departure of several of our undesirable visitors. Mr. Baker was also a great assistance to the sheriff's department in assisting to clean up a few of the cheap hotels and dives we had in the city.  
 I worked with Mr. Baker during all of the time he was located in this county and I found him to be strictly honest, reliable, competent and eager to do his sworn duty and an exceptionally fine peace officer.  
**WELDON F. JOHNSON,**  
 County Attorney of Hockley County, Texas.  
**OMER R. BAKER**

**TO THE VOTERS OF DEAF SMITH COUNTY:**  
 As the time for voting approaches, I take this method of expressing my sincere thanks for the many courtesies extended me throughout the campaign now about to close. It has been pleasant from every angle. Both of my opponents are clean, straight-forward gentlemen and in the event I am not privileged to serve any longer in the capacity of County and District Clerk, I feel sure our county will, in the election of either of them, be served as faithfully and conscientiously as I have tried to during my tenure of office.  
 As the present incumbent my gratitude extends, not only through the present campaign, but through the years you have allowed me to keep the office for you. My attitude has always been that it is not my office, but yours, and it will still be so in the event I am again elected.  
 In conclusion, I ask your diligent consideration at the polls next Saturday, and any help rendered me will be greatly appreciated.  
 Yours very truly,  
**L. H. FOSTER**  
 Candidate for Re-Election to the Office of County and District Clerk.

**GIRL SCOUT NOTES**  
 Lorene Smith, Aline Waldron, Edna Keimpe, Lois Cockrell, Betty Cockrell, Beatrice Weathered, Joy Wagley, Eleanor Altman and Mary Reese have passed the requirements for the second class Star Study. Eleanor Altman and Mary Reese have also passed their Nature Requirement for the second class, having studied birds, stars and animals. Majorie Thurmond is another nature enthusiast who has passed her work on animals for the second class test. Mary Reese and Eleanor Altman passed the cooking, bedmaking and table-setting requirements for the second class test. Sybil Reese passed the bedmaking and cooking requirements and Ruth McDonald was invested with her Tenderfoot pin last week, and we expect to have another Tenderfoot this week. This is a fine record of work.  
 Scouts, we plan to do insect work on the second class test this week. Everybody knows something about insects. They are all about us, butterflies, moths, spiders, grasshoppers, house flies and dragon flies are a few of the insects that we see every day. Your lieutenant is preparing a collection for study.  
 A hike is being planned for all Scouts studying on the Tenderfoot test. See the lieutenant for details. Don't forget about the camping trip in August for all second class scouts. You must know thoroughly the requirements for the Tenderfoot and second class tests, and your captain must be convinced that you are trying to live up to your Scout laws and promise before you will be eligible for the trip. Scouts, try to collect all the wire coat hangers you can find. We can sell them and make some money to buy equipment for the camping trip. The Scouts have been swimming in the Scout tank every day at 5:30 for the past 12 days. All that have gone in regularly can now swim a few yards. To date the main stress has been put on correct breathing. Now the stress will be shifted to learning the American crawl. Again the Scouts wish to thank the Lions Club for having the tank repaired. Remember the time, 4:30 on Wednesdays at the court house in the Girl Scout room. New members and visitors are always welcome.

**FARM PURCHASING POWER INCREASES 25 PER CENT**  
 Farm purchasing power on the average throughout the United States has been 25 per cent higher during the first nine months in which benefit payments have been distributed through the provisions of the Agricultural Adjustment Act

than in the corresponding period of the previous year.  
 This is the conclusion reached by L. H. Bean, economic advisor to the Agricultural Adjustment Administration, following a study of the prices farmers receive for their products, compared with the cost of commodities they buy. Cash incomes, including benefit payments, during this nine month period increased 38 per cent but this increase was partially offset by an increase in the cost of the commodities farmers buy.  
 Benefit payments on production adjustment contracts contributed nearly one-fifth of the net increase of 25 per cent in purchasing power. For the first four months of 1934 the net increase in farm purchasing power was 28 per cent over the first four months of 1933.  
 Mr. Bean's study also shows that the purchasing power of the farmer increased somewhat more than the purchasing power of the country as a whole during the first four months of 1934. During this period, the total national money income, including the distribution of emergency funds, was about 20 per cent higher than in the corresponding period of 1933, but the cost of living for the country as a whole increased eight per cent, leaving a net increase of 12 per cent in the national purchasing power. This net increase in farm purchasing power was 28 per cent for the same period.

## TO THE VOTERS OF DEAF SMITH COUNTY:

I want to ask you for your vote in the coming primary election to be held on July 28th, and for your support in my race for re-election to the office I now hold, of Sheriff and Tax Collector, to which office will be added the office of Tax Assessor on January 1, 1935. In the time that I have served you as your Sheriff and Tax Collector, I have tried very hard to be just and fair, and to show no prejudice or favoritism in the execution of my duties, and I hope that my work has been satisfactory to you. Some of those years were lean ones, and since the passage of fee legislation I will be unable to make enough fees to enable me to gain what I would have earned had the times been normal. Please let me have your earnest consideration when voting time comes, and should I be elected I hope to serve you better than ever.

Yours sincerely,

**JOHN B. MILLER, Sheriff and Tax Collector.**

# COME TO OUR ELECTION PARTY SATURDAY NIGHT

## First Results To Be Posted at 8 o'Clock

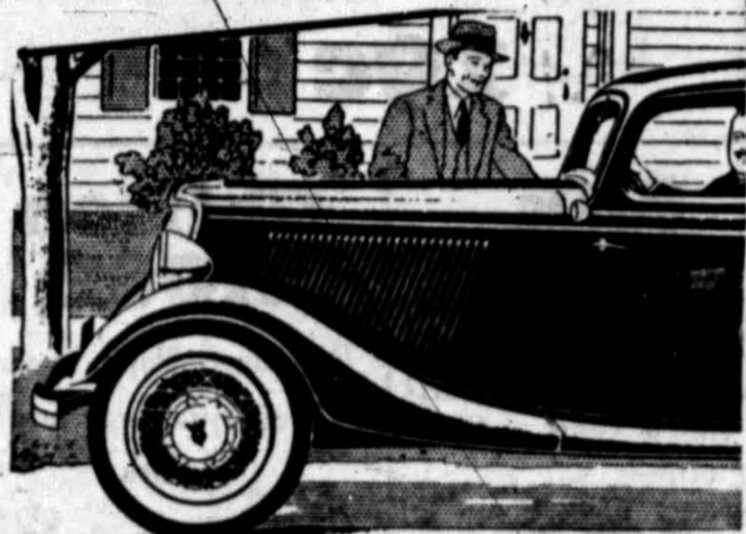

**This Is Your Party---  
Be There**

We have arranged a big blackboard which will be erected in front of our store and which will be lighted. We have also made arrangements with judges at all election boxes to telephone results to us every hour until the count is complete.

In keeping with our policy of complete service, we are offering this to our patrons. You will be able to keep up with all county races and know the results first. Polls close at 7 o'clock and we will begin getting results by 8.

### My Last Appeal To the Voters

—In Deaf Smith county there are about 300 voters whose names are not on the poll lists because they are exempt from paying poll taxes. Naturally, I have no way to reach all of them personally. Therefore, I take this means of asking them for their support. To those who are past the age of paying poll tax and those voting for the first time, I want to say that I will never give them reason to regret having supported me in this race for Sheriff, Tax Assessor and Collector.

—Should I be the winner in this race, I pledge myself to perform the duties of the above mentioned offices to the best of my knowledge and ability.

—Thanking you for your consideration and support, I beg to remain, very truly yours,

**J. L. (Jim) MAUK**

do you really know just how much a good bank can do for you?

Too many of us are inclined to take banking as a matter of course, considering a bank as a cold, mathematical institution. A good bank is not at all like that. It's an organization of service, as human and understanding as any business firm you ever deal with.

It has to be, for besides dealing with money and figures, we have to deal with people. If you are one of them, you will know how a good bank operates. You know it serves many purposes in aiding your daily financial life.

To know the many important things a bank can do for you, you must work with a bank, familiarize yourself with its functions. Investigate this good bank and find out for yourself.

Things you may not know about your telephone

The little group of men who aided Alexander Graham Bell in the invention of the telephone is perpetuated today in many of the policies, and even in the form of organization of the telephone service. Bell himself, the research worker, has for example been succeeded by Bell Telephone Laboratories, whose scientists have contributed innumerable inventions and improvements to the telephone art.

Thomas A. Watson, who made the first telephone, was the forerunner of Western Electric Co., supply unit of the Bell System. From its shops the equipment and supplies needed by the 24 associated Bell companies are furnished at a cost which, as a proven fact, is lower than would be charged on the open market. As a telephone user, you profit indirectly, but definitely, by these savings.

Gardiner G. Hubbard, first business adviser of the infant telephone industry, has been replaced by the American Telephone and Telegraph Co., parent organization of the Bell System. A. T. & T. staff experts develop more economical operating methods for the associated companies of the System. Its financing facilities make available, at a saving, funds for necessary additions to telephone lines and equipment.

FOR YOU . . . Good Service at Fair Cost

Not only were the beginnings of the present form of organization of the telephone service, with units for research, for manufacture, for business and financial guidance, to be found in this handful of pioneers . . . the source of many of the policies of the Bell System lies there as well.

Thus, for more than 50 years the savings from a specialized telephone organization have gone, not to swell profits, but to give good telephone service at a fair cost to the user.

This policy has been adopted because we feel that, from your standpoint as much as from our own, it is sound and workable. In an undertaking planned like the telephone service for the long pull, we believe that what is best for the telephone subscriber becomes in the end the course that will bring us the surer, more enduring success.

### A COMMUNITY UNITED

In most communities there are factions and cliques which have difficulty getting together on matters of public interest. Hereford is no exception. But there is no limit to what a community can accomplish if all its parts are united on an issue or project. This has been demonstrated here in the state park project—the biggest thing to happen to Deaf Smith county in years. To Frank Gyles goes the greatest credit. He started the thing. Then, out of a clear sky, state and national officials came to town. Gyles called on Nestor Gass and George Muse to go over the proposition with the officials. This they did and then called a series of meetings open to all citizens. There was not a dissenting voice in the community's decision to furnish what the park men asked. They united behind the park movement. And they got the job done. Concrete evidence will be forthcoming with the arrival in a few days of the CCC company which will build Deaf Smith county's state park.

### BE FAIR TO THE CANDIDATES

When you go to the polls next Saturday be sure to stop and think a little before voting blindly on races in which you are not particularly interested. Every candidate seeking an office has spent much time and money in a sincere effort to win the office he is seeking. Therefore, each candidate deserves consideration before the vote is cast. If there are state or local races in which you have little interest and do not know the candidates, ask a friend about them. Inquire around and find out. Make a sincere effort to vote honestly. The candidates deserve it.

Mr. and Mrs. A. L. Manjeot and little son of Elida, New Mexico, were here last week end visiting with relatives and friends.

## A LONG TIME AGO IN HEREFORD

(From The Hereford Brand, July 24, 1903.)

A telephone line had been completed from Amarillo to Juana, giving the latter town its first connection with the Platoro region.

"Amarillo has a race riot on that would do justice to any part of East Texas. They have the coon and want him not. Yea, verily, the heads of the sons of Ham do rest uneasily upon the pillow at Amarillo."—Childress Post.

W. E. Reid was preparing to start a new meat market.

Pope Leo XIII, head of the Catholic Church, died Monday.

D. W. Hawkins and family had been in town from their ranch eight miles northwest.

Canyon was to vote August 11 for issuance of \$12,000 bonds for the purpose of erecting a new school building.

After a very successful series of games, the Hereford ball team which had been touring the country along the Texas & Pacific Railway, disbanded at Thurber because of injury to three of the best players.

Robert E. Lee Ball and Miss Empriss Jowell had been united in marriage by Rev. W. M. Bandy at the Jowell ranch five miles east of town.

(From The Hereford Brand, July 25, 1913.)

Miss Ora and Messrs. Edwin and Edgar Ramey of Dimmitt had give a house party, July 10 to 16, which was attended and enjoyed

by a number of friends. W. F. Orr, proprietor of the Palace Barber Shop, was making extensive improvements.

Gano Hastings had been here from Dimmitt.

Geo. Stambaugh and family had given a house party, July 10 to Armstrong county in a fishing party and outing on the Tierra Blanca.

During the Water Carnival, the Hereford Whitefaces won five out of six ball games. Friday and Saturday the Whitefaces ran the Amarillo Invincibles out of the pastures and scored two games against them.

The W. H. Davis residence, near the Christian church, had been destroyed by fire Wednesday afternoon.

### St. Anthony's Church

Sunday, sung mass at 8; low mass at 10 o'clock. Benediction at 8 p. m.

Week days, mass at 7 o'clock; Saturdays at convent. Benediction: Wednesday and Thursday at 8 p. m., and Saturday at the convent at 6:30 p. m.

Holy hour, Thursday, 8 to 9 p. m.

### Rose Shows Plums.

Jack Rose is not only county commissioner, but a fruit raiser of great ability as well. He has on display at the county agent's office branches from four different kinds of plum trees that are literally loaded down with fruit. Besides that, Jack has a whole back yard full of grapes and peaches at his place five miles east of Hereford.

### NOTICE TO BIDDERS

Bids of truck owners who will carry students to and from Westway school will be received by the Board of School District 5, Deaf Smith county, at the county court room at 2 o'clock p. m., August 4, 1934.

Two trucks will be required. The school district will furnish the bodies. Driver will be required to carry 25 to 30 students to and from school, driving 50 miles, more or less, on the haul. Successful bidders must comply with the usual regulations of equipping trucks with bumpers, and carrying 200 pounds of coal for emergency purposes.

The board reserves the right to reject any and all bids.

# OUR LAST CHANCE

## TO PUT A PANHANDLE MAN IN THE GOVERNOR'S CHAIR

### VOTE FOR

# SMALL

### And Give West Texas "A New Deal"

CLINT SMALL has lived 43 years in West Texas. He knows West Texas problems better than any candidate for Governor. During his six years in the Texas Senate, Clint Small has never betrayed West Texas in its legislative battles. Clint Small fought for West Texas in passing the famous Small river bed bill and Small land bill; he fought to save the Colleges of West Texas from destruction.

CLINT SMALL'S candidacy is based upon accomplishment, not on promises. His record is filled with effort in behalf of West Texas. CLINT SMALL stands for the same constructive progressiveness he has exhibited during 18 years of public service as City Attorney, County Attorney, County Judge, District Judge and State Senator.

## Clint Small Deserves To Be Governor

West Texas and the Panhandle have long been ignored by the "Down-state" politicians. With Clint Small in the Governor's chair, the Panhandle will get a square deal. He will be fair to us and all of Texas. Just as long as West Texas citizens cast their ballots for the "down-state" politicians, the Panhandle will have "Taxation Without Representation."

### DO YOU KNOW THAT Clint C. Small

Represented Deaf Smith County before the Texas Wheat Review Board and was instrumental in having the allotted acreage under the reduction program raised from 186,000 to 341,000?

Represented Deaf Smith County before the State Highway Commission and brought about the designation of 25-Mile Avenue as a state highway? And is responsible for

highway improvements now being made? Went to Austin at his own expense and brought Gibb Gilchrist, state highway engineer, here to survey the roads and map out a plan of improvements?

He was in Hereford a half-dozen times during the winter and in Austin almost as many times aiding in getting this county due consideration in its relief program?

ASK YOUR COUNTY COMMISSIONERS WHO HAS BEEN DEAF SMITH COUNTY'S ONE FRIEND IN AUSTIN. CHECK UP WITH YOUR COUNTY WHEAT BOARD AND FIND WHAT SENATOR SMALL DID FOR DEAF SMITH COUNTY.

## Black

BY MISS NOBLE McLEAN

Rev. Taft Halloway preached to a good number here Sunday. He is singing in a meeting at Harold and will be busy in other meetings for some weeks.

The ladies social and study club met with Mrs. Bill Price Thursday afternoon. Roll call was answered by jokes from all members present. Refreshments of sandwiches, salad, cake and ice cream were served to Mrs. Paul Flemming of Bonham, Mrs. H. J. Denton, Oklahoma City; Mrs. J. H. Hawks, Savoy; Meses. Fern Barnett, Lee Clymore, F. E. McMurry, Hes Ray, R. E. Bennett, Annie Barnett, Jim Black and Verner Melugin, as visitors, and 13 members and the hostess.

Most of the people of this community enjoyed a party at the community club house last Friday evening. At a late hour refreshments of punch, lemonade and cake were served to about 60 guests.

Among those in Amarillo Tuesday were Meses. Tom Presley, Howard Elmore, D. R. Bennett, Verner Melugin, Mr. and Mrs. Jim Black, Meses Lucille McLean and Lois Presley, and Dennis Bennett. Miss McLean, Meses. Elmore, Presley and Bennett were on a committee to buy dishes and silver for the club house, and about \$20 worth were purchased.

Mr. and Mrs. Paul Flemming and daughter of Bonham are visiting her parents, Mr. and Mrs. Will Price.

Joy Duckworth of Ector is visiting here for about ten days.

Jim and Bud Barnett are visiting Fred Kimmins and family near Groom this week end.

Mrs. Ray Price has as a house guest this week her mother, Mrs. J. H. Hawks, of Savoy.

Mrs. H. J. Denton of Oklahoma City is here visiting her daughter, Mrs. Hes Ray.

Mesess. and Meses. Ade Frost and Jim Frost spent Friday evening with R. E. Barnett and family, enroute to their home near Vernon from New Mexico. Mrs. Ade Frost is a sister of Mrs. Barnett.

F. E. McMurry and family were guests of Mrs. Lucy Crawford and family in Hereford Sunday.

Mesess. and Meses. T. L. Welch, Tom Presley, Verner Melugin, Jim Black and H. L. McLean enjoyed a theatre party in Clovis Thursday evening.

Gene Presley visited Berlin Stone in Amarillo last week.

Mr. and Mrs. Charlie Cross of Floydada were guests of his parents, Mr. and Mrs. O. Cross and family, last week end.

Miss Lois Presley is visiting relatives and friends in Elk City, Oklahoma.

J. W. Vines and family have returned from a vacation trip near Turkey where they visited relatives.

Tom Froese and family, Dean Laceyfield and family of Friona were guests in the H. L. McLean home Sunday.

Vernon Benson and Miss Haney of Amarillo spent Sunday with Mr. and Mrs. R. E. Barnett.

Clyde Hays of Friona spent the week end with home folks here.

Stella Lansdown of Friona visited Maxine and Margot McLean Sunday.

Mr. and Mrs. C. A. Ross of Littlefield were guests of Mr. and Mrs. Jim Black Sunday. Mr. and Mrs. Black also entertained several guests from Hereford Sunday evening.

Howard Elmore and family left Monday morning on a vacation trip through the eastern states.

## Public Opinion

(BY REV. W. M. GRIFFIN)

The repeal of the 18th Amendment was sold to the voters of the U. S. with the same technique which patent medicine vendors use, or their public. Repeal was described as the world's greatest panacea for all political, civic, social, religious, matrimonial, commercial, domestic, astronomical and economic disorders. It was guaranteed to cure—to cure everything, no matter how serious, but its chief recommendation was for such ills as: high taxes, farm surplus, bootlegging, crime, unemployment, speak easels, moonshine, kidnapping and smuggling.

Too many drys were convinced that the only thing the could help had matters in these times was the repeal of the 18th Amendment. Now that it has been repealed and that repeal has failed to give the good results expected and guaranteed we are being asked to vote for beer. There was a day not so far distant when we were told that the cities were going to have liquor and that repeal would put those same cities in circumstances where they could control its sale and use. We were further told that dry territory could remain dry without vendors use, or their public. Repeal was described as the world's greatest panacea for all political, civic, social, religious, matrimonial, commercial, domestic, astronomical and economic disorders. It was guaranteed to cure—to cure everything, no matter how serious, but its chief recommendation was for such ills as: high taxes, farm surplus, bootlegging, crime, unemployment, speak easels, moonshine, kidnapping and smuggling.

We were told that no one wanted the saloon back with the trouble it brought to society, but when liquor was legalized the saloon, supposedly dead, has shown that like a cat it has more than one life, and is on hand.

We were told that repeal would mean the last long breath of the bootlegger. But some way things have gotten all mixed up. It is reported that the Laird Distilleries, New Jersey's oldest and largest of applejack, has been forced by bootleggers to suspend marketing its product in New Jersey. The Laird Co. accuse the bootleggers of buying up their bottles, filling them with bootleg product and selling it under the Laird label without paying either state or federal taxes. That after repeal when the bootleggers were supposed to "fold up their tents like the Arabs, and as silently steal away."

In order to meet the bootlegging situation, in some degree, the President, under his authority to fix tariffs, has opened our ports to foreign liquors, which are now pouring in to meet the alleged need. Under this arrangement foreign workers and foreign capital are reaping the profit from repeal that before repeal we were told would surely go to our own people. So we have with us today, even after repeal, the bootlegger who spits on the law and thumbs his nose at the Constitution.

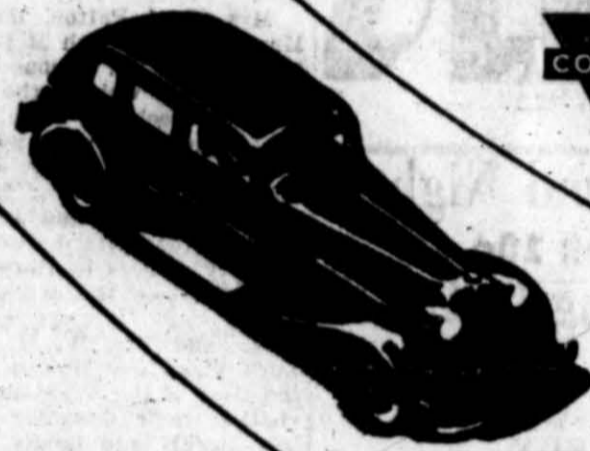

But repeal has accomplished something, make no mistake about that: something they forgot to promise. Figures released by Detroit Police Traffic Survey on June 25, 1934, reveal some startling facts relative to liquor and traffic accidents. Accidents attributable to liquor have increased 164 per cent in Detroit since prohibition's inhibitions were lifted. One of the Detroit papers which strongly supported repeal says: "Automobile mishaps in which alcoholic stimulant has been a contributing factor, although not often sufficiently well defined to permit drunk driving charges, have steadily mounted during the year and are uniformly higher than during the same months a year ago."

# Come see why Our Best Salesmen are the Users of the NEW

Yes sir—people who got the new G-3 All-Weather before it was advertised and have driven this marvelous tire many thousands of miles, are singing its praises louder than our advertising does! Particularly do they insist that the new G-3 gives better than the "43% more non-skid mileage" we advertise! All we ask is, before you buy tires give us a chance to show you why G-3 users boost it even stronger than we do!

ASTONISHING  
NEW "G-3"  
GOODYEAR  
ALL-WEATHER

Look!—at No Extra Cost... 43% More Miles of real non-skid safety... Flatter Wider Tread... More Center Traction (16% more non-skid blocks)... Heavier Tougher Tread (average of 2 lbs. more rubber)... Supertwist Cord Body (supports heavier tread safely)!

Over 22,000 miles—still plenty of traction.—Iowa

Approximately 32,000 miles—still some traction left.—W. Va.

Usually wear out tires in 15,000 miles. No appreciable wear on front G-3's, little on rear, after 12,875 miles.—Georgia

Big Value—Low Price!

**GOODYEAR SPEEDWAY**

Built with Supertwist Cord... Center traction; tough thick tread; full oversize.
