

Typical House To Be Bombed In Atom Test

By BILL BECKER
ATOM BOMB SITE, Nev. (U.S.)
The little white house on the corner of Elm and Main Streets is due to take a fearful pounding tomorrow.

in the middle of sprawling Yucca Flat.
There — as 1,000 troops and a group of 20 picked newsmen crouch in foxholes—the two-story frame and concrete structure will be put to a fiery atomic test.

Ike Unconcerned About Squabble Over Bohlen

WASHINGTON (U.S.) — President Eisenhower indicated no concern today about Senate controversy over his nomination of Charles E. (Chip) Bohlen to be ambassador to Russia.

It may be a "bomb" to the average man, but tomorrow's test object is still a "device" to Dr. Alvin C. Graves and his fellow scientists.

The troops and front-line newsmen will be dug in two miles south of the tower. The test houses — built to specifications of the average American home for the Federal Civil Defense Administration — are east of ground zero.

The Right Reverend Austin Pardue, Episcopal Bishop of Pittsburgh, gets a helping hand with luggage by his son, Aviation Cadet Peter A. Pardue. Bishop Pardue arrived yesterday at Webb via an Air Force C-47 transport. The Bishop delivered the commencement address this afternoon to 111 members of Class 53-B. Among the cadets receiving a lieutenant's commission was his own son, Peter.

Bishop Is Webb Speaker

Separate Trials Are Slated For Sapet, Alaniz

BROWNWOOD (U.S.)—The defense won separate trials today for two men accused of furnishing "arms and aid" to an unknown killer who shot down Jacob S. (Buddy) Floyd Jr. in what was termed a bungled South Texas political assassination.

AT WEBB GRADUATION Bishop Praises Men Serving In Korea

"Korea is a place with a heart as well as discipline," said Bishop Austin Pardue in his commencement address to Class 53-B in Webb's Academic Auditorium today.

PACEMASTERS GOING

Pioneer Announces Curtailed Service

DALLAS—Pioneer Air Lines will immediately reduce its service to its 21 cities in Texas and New Mexico, for many of its personnel, curtail advertising and other expenditures and consider the sale of its Pacemaster planes and possible suspension of all other service, the board of directors of the company announced today.

to the people on its 21-city system in Texas and New Mexico.
The company purchased and placed the Pacemasters in service last June after many months of careful study of the subject, including the dynamic nature of the territory served, the growing needs of people, and improved aircraft available.

East Texas River Floods 2 Highways

By The Associated Press
An East Texas river swollen from recent rains flooded two highways Monday as warm, moist air from the Gulf of Mexico sprinkled much of the state with more light showers.

Cotton States Hope For Export Increase

WASHINGTON (U.S.)—Sen. Hill (D-Ala.) said today cotton states are hopeful recent talks between Secretary of State Dulles and British Foreign Secretary Anthony Eden may result in an increase in this country's cotton exports.

Pope Pius Pleads For Unified Europe

VATICAN CITY (U.S.)—Pope Pius XII pleaded yesterday for a unified Europe that would "consider as her mission the re-affirmation of spiritual values."

Guests Of Chiang

TAIPEH, Formosa (U.S.)—Two visiting American couples are to be entertained at dinner tonight by President Chiang Kai-shek. They are publisher Roy Howard and his wife, and Mr. and Mrs. Alfred Kohlberg.

Tito Reaches Britain On State Visit After Fog Delays Landing

LONDON (U.S.)—President Tito of Yugoslavia stepped ashore today to begin a historic visit—the first ever made to Britain by any head of a Communist state.

visit as surrounded his movements while here.
Stern security measures have been taken to protect the Red ruler from any danger at the hands of a possible assassin.

Good Chance For Showers Reported

There is a good chance for showers in the area this afternoon and early tonight, the local Weather Bureau reported this morning.
Temperatures are expected to remain mild, with a low of 52 forecast for tonight and a maximum of 75 expected Tuesday. No moisture has been recorded up to noon.

Stock Show To Start Tuesday

The Howard County fair buildings will be humming with activity Tuesday morning.
Dozens of 4-H Club and Future Farmers of America are due to be on hand preparing their entries for the 16th annual Howard County Livestock show.

UN Planes Score In Biggest Raid On Enemy Trucks

Appeal Issued To Aid Victims Of Tornadoes

AUSTIN (U.S.)—The Senate today asked Texans to be merciful and generous in helping tornado-victims in Northwest Texas, an area already stricken by drought.
It unanimously passed a resolution endorsing organized efforts to furnish "sorely needed aid" to Knox City, O'Brien and Judd, lashed by last week's storm.

Australian Pilot Bottles Up Convoy

By GEORGE McARTHUR
SEOUL (U.S.)—A quick-thinking Australian fighter-bomber pilot bottled up a long Communist supply convoy today and paved the way for one of the biggest truck-busting forays of the Korean War.

On North Korea's east coast. He reared to the head of the line and blew up the first two trucks with an attack dive. Then he circled back and got the last four.

Eisenhower Has Talk With Civil Service Chief

WASHINGTON (U.S.) — President Eisenhower called in his new civil service commissioner today for a talk with congressional leaders on putting men of his choice in government policy-making jobs.

Rodeo Dates Set For Aug. 5 To 8

Dates for the annual show of the Big Spring Cowboy Reunion and Rodeo Association have been fixed for Aug. 5-7-8.
Charlie Creighton, vice president, said that contract had been closed with Tommy Steiner, Austin, to produce the show.

Taxpayers Get Break

WASHINGTON (U.S.) — Because March 15 fell on Sunday this year, income taxpayers got an extra 24 hours in which to file their returns.
The deadline is midnight tonight.

Flexibility Sought By Secretary Benson

WASHINGTON (U.S.)—An inflexible program of high government price supports for farm products, Secretary of Agriculture Benson says, carries with it the threat of pricing those products off the market.

THE WEATHER

BIG SPRING AND VICINITY mostly cloudy and warm today. Light showers and drizzle tonight and Tuesday. Windy scattered showers and thunderstorms this afternoon and evening.

Tides Bill May Be Taken Up By Senate Group

WASHINGTON (AP)—The Senate Interior and Insular Affairs Committee is expected to decide today whether it will act first on the Hawaiian statehood bill or legislation to grant coastal states title to submerged offshore lands.

Both measures were listed on a calendar to be considered at a closed meeting of the committee.

But Chairman Butler (R-Neb.) told a reporter:

"I just can't predict which bill will be taken up at the meeting. It will be one of them, but not both."

Butler said he thought it "very likely" that the committee may report the offshore lands legislation before it acts on the Hawaiian bill.

"But this is not definite."

"I hope we can report on both bills very soon," he said.

The Hawaiian statehood measure passed the House last week.

There were indications today that the House Judiciary Committee may also report this week a bill to give coastal states title to submerged lands claimed to be within their boundaries.

Senator Holland (D-Fla.), sponsor of the offshore lands measure being considered by the Senate Interior Committee, defended states' claims to the disputed submerged lands in a television interview yesterday.

Appearing on the National Broadcasting Company's "Meet the Vee" network program, Holland asserted that such states' rights have been recognized for 150 years, and only recently questioned by the government.

Senator Johnson (D-Tex.) in a radio address over Texas stations, said "It looks as if we're going to get action on tidelands." Tidelands is a term often used in referring to the submerged coastal strips.

Johnson said he had discussed the matter with Senator Taft (R-Ohio), majority leader of the Senate, and had told him that President Eisenhower favors enactment of legislation to quitclaim the offshore areas to the coastal states.

Taft promised to try to bring about Senate action on the offshore lands bill before taking up the Hawaiian measure, Johnson stated.

"So I am proud there will be some action this week," he added.

Nationalist General's Condition Is Worse

TAIPEH, Formosa (AP)—The condition of Nationalist Lt. Gen. Li Mi, who was taken ill in Taipei last week, has taken a turn for the worse, reliable sources reported today.

Official quarters refuse to discuss him or the activities of his guerrilla forces in the Yunnan-Burma border area.

Other sources in a position to know say the general has lost the power of speech from paralysis.

Yoshida Ready To Battle For Political Life

TOKYO (AP)—Prime Minister Shigeru Yoshida and his political opponents are squared off for new national elections that will decide the fate of the little man who has led Japan for five years.

The stubborn, 74-year-old Premier, fighting for his political life, called the elections Saturday after the lower house of the Diet (parliament) passed a vote of non-confidence in him.

Instead of resigning after the vote, as his opponents wanted, Yoshida dissolved the lower house and took his case squarely to the people.

He set a tentative date of April 19 for the balloting.

The elections will give about 45 million voters—slightly more than half of them women—a chance to decide if Yoshida has tied his nation too closely to America, as some opponents charge, and is following too "reactionary" a line in internal policies.

The voters will choose all 466 members of the lower house.

Half the 250 members of the upper House of Councillors, which roughly corresponds to Britain's House of Lords, will stand for election a few days later.

Meanwhile, Yoshida heads a caretaker government.

The three major opposition parties—Progressives, Rightist Socialists and Leftist Socialists—jammed their nonconfidence motion through the lower house with the aid of 22 members of Yoshida's own Liberal party. The vote was 229-218.

Survey Shows Public OKs Draft Boards

This is the last of four articles on the draft law and its rules and regulations—2-3.

The public favors continuance of the program of deferring college students, and is willing to give the nation's draft boards a "high vote of confidence."

Those are two of the findings of surveys by the American Institute of Public Opinion, George Gallup, director, has reported.

With local boards having drafted, deferred, exempted or rejected almost every man between the ages of 20 and 26, the Institute asked:

Which group should be drafted first to fill the heavy quotas required today?

The answers pollsters received:

1. Nineteen-year-olds who have finished high school.
2. Young men in defense industries.
3. Young single men now working on farms.

And here are the two groups the public would least favor taking:

1. Young fathers.
2. College students now getting good marks.

To the question of how well the public thinks draft boards are doing their jobs, poll takers found that six out of 10 persons think the draft is being handled fairly in their own communities. Only one in 10 expressed dissatisfaction with draft board operations. The remainder expressed no opinion.

The ones who expressed dissatisfaction were asked a second question:

"In what way is the draft not being handled fairly?"

Dissatisfaction arises mostly from particular cases with which the respondent was familiar rather than any general policy laid down by the local draft board.

The major criticism of those not satisfied with selective service is that the boards are granting too many deferments or exemptions.

Their second main criticism is that the boards are not thorough enough in considering the problems of industries and often make their decisions too hastily and too arbitrarily.

Other criticisms, voiced by a comparatively small number, are that the boards are drafting men who are too young or that the local boards show favoritism of one kind or another.

Still others cited inequalities in

Malenkov Says Unsolved Issues With U.S., Others Can Be Solved

By EDDY GILMORE

MOSCOW (AP)—The more than 1,000 members of the Supreme Soviet unanimously confirmed Georgi M. Malenkov as the Soviet Union's prime minister yesterday and loudly cheered his inaugural assertion that all "troublesome and unsolved" issues with the United States and other countries can be solved peacefully.

One foreign diplomat termed the speech to the nation's parliament by Joseph Stalin's successor "almost an offer to sit down with the United States and anyone else and try to ease the world's tension."

"It could be one of the most important statements to be made in a very long while," another diplomat commented.

In Washington, officials of President Eisenhower's administration said they were studying Malenkov's words carefully but commented that the sincerity of any peace overtures would be shown better by action rather than words. Such specific action, they pointed out, could range from an easing of tensions in Germany to an armistice

in the Korean War.)

As in his funeral oration over Stalin's bier a week ago, Malenkov in his address to the Soviet delegates in the Kremlin's ancient Hall of St. Andrew again stressed a policy of peace.

"At the present and in the future," he asserted, "there is no such troublesome or unsolved question which cannot be solved by peaceful means."

This, he continued in a specific reference, applies to the Soviet Union's relations with all countries including the United States.

Not once did Malenkov refer to "warmongers" or to American "imperialists." Both these terms, formerly so widely applied to activities of U. S. leaders, have been absent from pronouncements of Soviet leaders and the Soviet press since Stalin's death.

Malenkov said his new government's foreign policies are based on respect for the rights of other countries, "strict adherence to all treaties" signed by the Soviet Union, and co-operation and development of business relations with all nations, whether Communist or capitalist.

The Soviet Union, he went on,

Yoshida Ready To Battle For Political Life

TOKYO (AP)—Prime Minister Shigeru Yoshida and his political opponents are squared off for new national elections that will decide the fate of the little man who has led Japan for five years.

would draw even tighter its links with its allies, and especially with Communist China and the "people's democracies" of Eastern Europe.

On the home front, Malenkov said, his government would work for five things: to make the state even more powerful, tighten the bonds among the Soviet Union's various nationalities, strengthen the armed forces, better standards of living and guarantee the "unity" of party and government.

The two legislative houses—the Soviet of the Union and Soviet of Nationalities—met for only one hour and seven minutes, then adjourned and headed for home. During the session they also confirmed the other members of Malenkov's regime named after Stalin's death and approved a sweeping government reorganization streamlining the previous 54 ministries down to only 28.

Three Are Dead In Head-On Car Crash

By The Associated Press

Three were killed Sunday in a head-on automobile crash about 70 miles east of Amarillo as the Texas week-end violent deaths since Friday night rose to 13.

The count, lower than usual, did not include the toll of 15 killed in Central West Texas by a tornado early in the afternoon of Friday the 13th.

Five were killed at the I. E. Ashley farm home where 13 had gathered for a Bible reading hour. Ruth Ashley, 15, died Sunday morning, the fifth member of her family to perish. Six were killed at O'Brien and four at Knox City. At least 21 others had serious injuries.

Libel Suit Is Settled

WASHINGTON (AP)—A half-million dollar libel suit filed by Sen. McCarthy (R-Wis.) against the Syracuse, N. Y., Post-Standard has been settled out of court for an undisclosed amount.

The Post-Standard said in an editorial yesterday it wished "to correct statements that were written in good faith and a sincere belief in their truthfulness, but which have nevertheless proved to be untrue and unfair to Sen. McCarthy."

AF Adds Plane To A-Bomb Air Fleet

INDIAN SPRINGS, Nev. (AP)—The Air Force has added the F84G Thunderjet fighter-bomber and the B45 Tornado jet bomber to its roster of A-bomb carrying planes. The announcement was made yesterday at Indian Springs Air Force Base as the five planes capable of carrying nuclear devices were shown to newsmen and civilian defense officials. Besides the Republic F84G and

North American's B45, the Air Force listed the following planes as atomic age mainstays: The Boeing B47 Stratojet, a six-engine medium bomber; the Convair B36 heavy bomber, with six piston engines and four jet engines; and the Boeing B50 Superfortress, four-engine medium bomber.

GIs Aid Dimes Drive

SEOUL (AP)—Servicemen in Korea gave \$450,330.28 to the 1953 March of Dimes, the U. S. Eighth Army said today.

Texans Score Wins In Livestock Judging

OKLAHOMA CITY (AP)—Texas made a near sweep of the Oklahoma City Intercollegiate Livestock Judging Contest here yesterday. Texas Tech defeated Oklahoma A&M to win the senior division; R. O. Rutledge of Texas A&M was top individual scorer in the senior division, followed by Dale Hoover and Fred Wallis of Texas Tech.

Swiss Bell Ringers

The Mason Swiss Bell Ringers will be heard again here Wednesday when The Rev. and Mrs. Bernard Mason, Los Angeles, present a concert in the First Baptist auditorium at 7:30 p.m. There will be no admission charge but a freewill offering will be received. Featured will be hymns and gospel songs. Some of the instruments to be heard are the Swiss hand bells, musical glasses, singing saw, Jenco vibraslap, Solovox, Piccolo sheep bells, the world's largest set of triple octave chimes and a mystery instrument, the "Victor Theremin." The Masons were well received here in a previous concert.

New Theory Of Einstein's Explains As Physical Laws

PRINCETON, N. J. (AP)—Prof. Albert Einstein, taking a rare break from his customary seclusion, discussed yesterday his new theory which aims at explaining all physical laws. The new unified field theory is mathematically correct, the white-haired scientist told a news conference, but he has "not been able to find out if there are any physical truths in it." "What's more," Einstein said he has not been able to determine whether the theory "is true in the ordinary sense of the word." The news conference was held in connection with an announcement naming a new college under

Jewish auspices as the Albert Einstein College of Medicine.

Einstein, who was 74 years old Saturday, was honored at a luncheon yesterday where he was notified formally about the college being named for him.

Einstein's new theory seeks to explain, in mathematical equations, everything from single atoms to the universe—to tie together in one equation all the truths and forces of gravitation, magnetism and electricity.

"There is a mathematical way of showing which laws are mathematically correct," he said. "The meaning is to define the general field theory. The mathematical difficulty is to find out if the whole theory has to do with nature—if it is true in the ordinary sense of the word."

Groundhog May Find Himself Behind Times

Even the groundhog is ready to admit that spring is just around the corner.

Six weeks ago today, if you put much stock in the old legend, the groundhog came out, got a glimpse of his shadow and retreated to his burrow, or whatever it is groundhogs call home.

That was supposed to indicate six more weeks of "winter weather."

And perhaps it worked out that way. Up to groundhog day, West Texas had experienced little weather of the type usually associated with winter.

There followed a bunch of frosty mornings in February, and just about the only snowfall of the season worthy of note came on Feb. 23, three weeks following groundhog day.

Despite this turn of events, however, vegetable life in the area paid little attention to the legend. Fruit trees, in open defiance of superstition, started blooming before the end of February.

The groundhog, if he comes out for keeps today, may find that he is behind the times.

Navy Won't Object Any More To Moore AFB Reactivation

WASHINGTON (AP)—Rep. Lloyd Bentsen (D-Tex.) said today he has been assured by Secretary of the Navy Robert Anderson that the Navy will no longer object to the opening of Moore Air Force Base at Mission, Tex.

The Navy and Air Force are working out an arrangement regarding air space in South Texas so there will be no interference between jet planes operating from Moore and the Corpus Christi Naval Air Base, Bentsen told a reporter.

A Navy spokesman early last week said the Navy had protested the proposed reopening of Moore on the ground it would cause a hazardous overlapping of air space required for the fast jet aircraft. The two bases are only about 120 miles apart.

Bentsen said he discussed the problem Friday with Anderson and was told the Navy would not object to reopening of the World War Two Air Force field at Mission.

Funeral Is Set For Billy Richard Newton

Funeral rites were set for 2:30 p.m. today for Billy Richard Newton, six-months-old son of Mr. and Mrs. W. R. Newton of Fairview. The child died in a local hospital Sunday, following an illness of four weeks.

Funeral service was to be held in Eberley-River Chapel, with the Rev. Leslie Kelly and the Rev. M. E. Fisher officiating. Burial was to be in Trinity Memorial Park.

Survivors include the parents, a sister, Mary Frances Newton; the grandparents, Mr. and Mrs. B. M. Newton of Fairview and Mr. and Mrs. E. R. Cawthron of Stanton. Two of the great-grandparents, E. M. Newton of Big Spring, and Mrs. R. B. Anderson of California, also survive.

City Honors Veteran

ROCHESTER, N. Y. (AP)—This city planned to close all municipal offices this afternoon for the funeral of James A. Hard, who was the oldest Civil War veteran. Hard died Thursday night at the age of 111.

St. Patrick's Day Brings Touch Of Nostalgia To Daughter Of Erin

After 54 years here she's still as Irish as the Blarney Stone and as fiercely proud of her Irish heritage as the day she first set foot on American soil.

Gray-haired, but still bright-eyed and keen of mind at 75, Mrs. William Reidy, 703 E. 13th, speaks wistfully of her native land.

True, she came to the U. S. to get away from the poverty and persecution imposed by the English government at that time, but she is not too sure she would do it again.

Born Sarah Cusack in 1877 in Galway in the western part of Ireland, Mrs. Reidy came here in 1899 as a young girl at the urging of her brother, then living in Chicago, who paid her fare.

"To give you an idea how times have changed," she says, "my train and ocean passage from Queenstown, Ireland, to Chicago was only \$47." Her ship was one of the Hamburg American Line, she recalls.

She married in 1903 and lived in Pittsburgh, Pa., where her husband was a railroad worker, for a time before moving to Clyde, Tex. Three bachelor uncles of her husband who lived on a farm there had urged her husband to come to Texas.

It was here that she first became aware of the shortage of water in West Texas, a condition that has haunted her all through the years and one to which she is unable to accustom herself.

"I'd never be able to get used to a shortage of water," she says. "Why, I even had to save my soapy dishwater to give to the hogs. I thought it would make the meat taste, but people said it didn't." She still insists that Irish bacon has a sweeter flavor than the American variety.

After a while on the farm, during which time another real drought caught up with them, Mr. Reidy went back to railroading for three years. Then it was back to the farm for another 15 years and another drought. After that he remained with the railroad until he retired.

St. Patrick's Day in Ireland is mainly a religious holiday, she states. The people go to church in the morning, but on their way home they usually stop in a saloon and spend the rest of the afternoon singing, dancing and celebrating in general. The day is the only one during Lent on which the people may hold a celebration.

Shamrocks? Oh, yes. The plant looks very much like clover—might even fool you if you weren't careful. But whereas clover leaves have a whitish center, shamrocks are an all-over deep green.

The legend, according to Mrs. Reidy, is that when St. Patrick brought Christianity to Ireland in the fifth century he used the three leaves of the clover, all springing from the same stem, to illustrate the doctrine of the Holy Trinity—that God is three persons.

"That was the miracle of the Shamrocks," Mrs. Reidy says. "For Shamrocks, which had never grown in Ireland before, sprang up on the very spot where he stood. They will grow in no other spot on Earth except Ireland, and

MRS. WILLIAM REIDY

they will not grow from seed if it is transplanted."

For many years after she came here, Mrs. Reidy would every year receive sprigs of the green from relatives in Erin. It grows mostly in hedgerows and around the trunks of trees and has no value except as sentimental decoration.

"It took me a while to get used to the differences in vegetables. I never saw a tomato in Ireland, and we used beets only to feed to hogs. We ate mostly cabbage and turnips. We fed the cull potatoes from our crops to the hogs, but we boiled them first.

Mrs. Reidy is the mother of

nine children, six of whom are living. They are Jim and Charlie of Big Spring; Mrs. Sarah Johnson, whose husband was killed during the last war when he was shot down over France, and Mary Theresa Reidy, both of Midland; William Joseph Reidy, who is manager of the Caprock Hotel in Lubbock; and John Martin Reidy, manager of the Hilton Hotel in El Paso.

St. Patrick's Day, for Mrs. Reidy, will be just like any other day except perhaps for a few nostalgic recollections, but she will be a great day for the Irish.

THIS IS GOOD EATING

LIME WHIP

Ingredients: 1 package lime-flavor gelatin, 1 cup very hot water, 3/4 cup cold water, 2 tablespoons strained lemon juice, 1 egg white, 2 tablespoons sugar, green maraschino cherries (if desired).

Method: Sprinkle gelatin over hot water in mixing bowl and stir until dissolved. Stir in cold water and lemon juice. Chill until gelatin just begins to thicken. With rotary beater, beat egg white until foamy; gradually beat in sugar until peaks form. Without washing

beater, beat gelatin mixture until frothy; fold in beaten egg whites. Spoon into individual dessert dishes. Chill until serving time. Garnish with green maraschino cherries cut to resemble petals if desired. Makes 4 to 6 servings with the following:

- Sliced Corned Beef
- Mustard Sauce
- Green Cabbage Slaw
- Rye Bread and Butter
- Lime Whip
- Beverage

(Cut this for future use. It may conveniently be pasted on a recipe file card.)

XYZ Club Plans Party

Plans for a joint party with their husbands were discussed by members of the XYZ Club at their monthly business meeting and dinner party at the Wagon Wheel. Date for the party has been set for April 10.

The table was decorated in the St. Patrick's Day theme with a centerpiece of white stock scattered with shamrocks. Green shamrocks and green candles were lined up and down the long table.

Mrs. L. D. Chrane won high in hearts and Mrs. L. C. Shipman was low. Bingo prizes went to Mrs. Ray Shaw and Mrs. Arnold Marshall.

Hostesses were Mrs. Hugh Duncan and Mrs. Woodrow Bowling. Fifteen members attended.

Party Entertains Mary Martha Class

Members of the Mary Martha Class of Wesley Memorial Methodist Church were entertained at a party recently in the home of Mrs. B. A. Graham, 1005 Wood.

Refreshments were served to nine members and a guest, Mrs. Oswood of Brownwood.

The next social meeting will be in the home of Mrs. Bernie E. Allen, 1804 Stadium.

Mrs. Iona Thurman Married Saturday To John E. Fern

Mrs. Iona Thurman, 108 E. 16th, and John E. Fern, 1301 Scurry, were married in a double ring ceremony Saturday afternoon by the Rev. J. P. Koon, pastor of the First Baptist Church in Stanton.

The couple was accompanied by Staff Sgt. and Mrs. Thomas Taylor. They left immediately after the ceremony for Carlsbad, N. M., on a short wedding trip.

The bride is employed in the parts department at Big Spring Motor and the bridegroom is a salesman for Ponca Wholesale. They are making their home at 108 E. 16th.

Mr. and Mrs. A. C. Larson of West Bend, Wis. arrived today for a week's visit with her brother and sister-in-law, Mr. and Mrs. Earl J. Cooper.

Missionary To Talk Here Wednesday

The Rev. Earl G. Lee, missionary to India, will speak at the Church of the Nazarene, Fourth and Austin Streets, Wednesday at 7:30 p. m.

The pastor, the Rev. H. Womack Stroman, announced today that the public is invited to attend the service.

Missionaries for the Church of the Nazarene in India, the Rev. and Mrs. Lee recently returned to the States for their first furlough and are now engaged in deputization work throughout the country.

Both graduates of Eastern Nazarene College in Wollaston, Mass., the Lees left for the missionary field in 1946 and were stationed the full time at Basim, Bejar.

After intensive language study, the Rev. Lee directed the district work for a year and served three years as principal and teacher in the Nazarene Bible training school. He also was active as secretary of the mission council, member of the executive committee and director of adult literacy promotion.

Mrs. Lee supervised the women's department of the Bible school.

The Lees' three children accompanied them to the States.

Freddie Whittaker Honored At Party

Freddie Whittaker was honored on his fourth birthday with a party given Sunday afternoon at the home of his parents, Mr. and Mrs. Ray Whittaker, 1404 Grafa.

Easter decorations were used and favors were pastel colored chickens and Easter baskets. Guests were Carolyn Burnell, Linda Petree, Ronnie and Connie Lowery, Donnie Johnston, Raymond Dyar and Frankie Whittaker.

Garden City Senior Play Slated March 24

GARDEN CITY, (Sp1) — The senior play, "Hillbilly Wedding," will be presented Tuesday, March 24, at 8 p. m. in the school auditorium.

Rehearsals for the play and for the musical numbers to be given between acts are now in progress. Proceeds from the performance will go toward financing the annual senior trip.

Sewing Club Meeting

The Needle and Thread Club will meet Tuesday at 2:30 p. m. in the home of Mrs. Harvey Wooten, 2001 Runnels, it was announced Monday.

Leaders Club Meeting

Mrs. Cecil Earp, publicity chairman, has announced that the Girl Scout Leaders Club will meet Tuesday at 2 p. m. at the Little House for the regular monthly meeting.

HOLLYWOOD BEAUTY

By Lydia Lane

Your Lips Tell

HOLLYWOOD — Ann Miller believes it's the little things which make the difference between the appearance of an average girl and a glamorous one. And she advises women to check carefully every detail no matter how small.

"The place most nonprofessionals fall down is in the application of lipstick," she told me. "You notice a model or an actress always has a neater and more perfect mouth than the average woman."

"Do you think a lipstick brush is essential?" I asked.

"Definitely yes," Ann replied. "It is the most satisfactory way to achieve a clean, smooth outline and to make any corrections your mouth requires."

"Do you think everyone can learn to use a brush skillfully?" I asked.

"Surely," she said. "A beginner may find it awkward at first, but practice will overcome that. It is easier to make an outline if you keep your lips closed and in repose. I always do my upper lip first, drawing a line from the outer corner to the center. I start the lower outline in the middle and in order to extend it all the way to the corner, I drop my jaw and run it off to nothing."

Once you discover the shape which is most becoming, keep practicing until you can duplicate it every time. Having a neatly painted mouth, well-outlined, contributes so much to good grooming.

"But always check your teeth for lipstick stains," Ann warns, "because it is neglecting little things like this which can spoil your appearance."

Ann talked to me about the importance of careful planning.

"It is possible for a perfectly groomed woman to dress quickly provided everything she puts on has been carefully chosen and inspected beforehand," Ann explained. "It is safe to say that beauty is never an accident, but always the result of detailed planning."

"When you don't have much time to spend on yourself, it helps to have a regular period each week for your manicure, shampoo and home facial," she added.

Ann is right. Grooming requires discipline and planning, but once

Stevie Seeker of Snyder is here to spend the week in the home of Mr. and Mrs. Henry Sehler, 404 Benton.

County HD Council Elects Delegates To Convention

Delegates and alternates to the district convention of the Texas Home Demonstration Association were elected Saturday afternoon at a meeting of the Howard County HD Council in the agent's office.

The convention will be held April 30 in Lubbock. Delegates are Mrs. Sam Armstrong of the Coshoma club, Mrs. Robert Brown of Knott and Mrs. Gene McClaugherly of Vealmoor.

Alternates named include Mrs. Eldon Appleton of the City club, Mrs. Ross Hill of Elbow, and Mrs. O. D. Engle of Fairview. Mrs.

Armstrong was reelected THDA chairman.

Mrs. Ray Shortes presided and 24 members, representing 10 clubs, attended. The devotional was given by Mrs. Carroll Holdclaw of Vincent.

Mrs. Shirley Fryar gave the work schedule for this clubwomen who are to serve lunch at the Howard County 4-H and FFA Junior Livestock Show. Mrs. Shortes requested all club exhibit chairmen to meet in the office March 23 to make plans for National Home Demonstration Week.

Visitors included Mrs. Carl Griffin, THDA chairman of Borden County; Mrs. Holdclaw and Mrs. Gordon Hodnett of Vincent; and Mrs. B. R. Thomason and Mrs. Ray Swann of Coshoma.

Circle 8 Club Has Square Dance At Y

Five squares attended the Saturday night meeting of the Circle 8 Square Dance Club at the YMCA. Jim King and his Cosden Playboys furnished the music.

Masters of ceremonies were Lucian Jones and Jarrrell Jones. Four new members, Mr. and Mrs. Charles Williams and Mr. and Mrs. I. A. Williams, were welcomed into the group.

Guests included Mr. and Mrs. Dick Mitchell, Garden City; Mr. and Mrs. Roy Crim, Mr. and Mrs. Glenn Gates and Mr. and Mrs. Jack Davis, Stanton; Mary Felts, Jimmy Hill, Charles Hadderton, S. A. Gibbs, Mrs. Mozelle Mount and Mrs. Myrtle Sims, all of Big Spring. The next dances will be Oscar Nabors and Charles Reed.

Man Succumbs While Waiting To See Doctor

Hughlin S. Yeager, 51, a car salesman, died at approximately 10:30 a.m. Sunday in the waiting room of a local hospital as he waited to see a doctor. He had a heart attack.

Yeager, who had resided in Big Spring since 1940, had checked in at the hospital, complaining of indigestion. Told there were three people ahead of him awaiting consultations with the doctors, Yeager reportedly stated:

"Oh, that's alright. I'll just wait."

He went out to his car, where his wife was waiting, and had just returned to the waiting room when he succumbed to the fatal attack.

Funeral services are to be conducted at the Nalley Funeral Home but final arrangements have not been made. Rev. Cecil Rhodes will be in charge. The body will be shipped by Nalley's to Winters, a former home, for burial.

Survivors, in addition to his wife, Oleno of Big Spring, include two sons, D. W. Hobbs, N. M., and A. H., who is in the United States Navy, stationed at San Francisco, Calif.; two daughters, Mrs. Wanda LaRue Tate, Tucuman, Calif.; and Mrs. Ima Jean Wooley, Big Spring; three grandchildren; four step-daughters and a sister, Mrs. Muta Van Dyke, Galveston.

A former wife, Mrs. Arlie Yeager, also lives here.

Funeral services will be held at the home of Mrs. Ima Jean Wooley, 1001 N. Main, at 2 p.m. Monday.

Sub-Stations Opened To Sell '53 Licenses

Two Big Spring sub-stations were opened this morning for the sale of 1953 automobile license tags. One is at the Big Spring Motor Co. and the other at the Main Street Fire Station.

Mrs. Viola Robinson said that people living in the areas of the sub-stations could receive license tags without standing in lines. Customers will have to wait in lines at the main office, she said.

Only those people having Texas titles can purchase passenger, commercial, and farm plates at the sub-stations. Title transfers and out-of-state registrants must apply in the courthouse. Sub-station hours are from 8:30 a.m. to 4:30 p.m.

Hobo Wildcat Plugging Back To Wolfcamp For Completion

Charles C. Green No. 1 V. H. Wolf, wildcat outpost on the east side of the Hobo field in Borden County, has been plugged back to the Wolfcamp for completion.

A drillstem test taken on the well a couple of weeks ago in the Wolfcamp resulted in a flow of 88 barrels of fluid — 60 per cent oil — in one hour through a one inch opening.

Officers weren't sure how or when the man suffered the injury. He was taken to the hospital about 4:30 a.m. today after he complained in city jail that his leg was hurting.

The prisoner was involved in a scuffle with officers near the union bus terminal about 6 p.m. Sunday. Police said he resisted arrest and was knocked to the ground and later held pinned against fender of an automobile while a patrol car was being summoned. Officers said he struck a policeman before he was knocked down.

Shortly after the scuffle, and while the man was being held for the patrol car, he asked officers to be careful of his leg which he said he had "sprained" Saturday night. He said the leg had been broken previously, also, according to police.

The man was arrested after officers were summoned by an unidentified woman who complained that he was cursing and attempting to start a fight at the bus station.

The leg injury was diagnosed as a fracture of a bone near the left ankle joint. Doctors said the injury could have existed and been aggravated by the scuffle.

An airman was taken to Webb Air Force Base Hospital Saturday night with what were described as "facial" injuries suffered in a downtown cafe. Police said a base ambulance transferred the man to the hospital following a disturbance in which he knocked glasses off a counter and offered to fight.

Police records didn't show how the man was injured.

A Latin American also was hospitalized with injuries received in a disturbance about midnight Saturday. Police said he was beaten by another Latin American. A doctor said the man was lacerated about the face and that an eye is badly swollen. No charges were filed against his assailant.

APPEAL
(Continued From Page 1)
at 1,114—considerably more than at this point two years ago. Only 32 have been signed by the governor and one vetoed. Some died in committee, but many are hanging on both House and Senate calendars.

That means committees must continue, day and night, to read and study proposed legislation. They faced heavy agendas this week.

In the Senate State Affairs Committee, a bill attracting the attention of book publishers over the nation was set for hearing at 2 p.m. It is aimed at lewd book covers. The author, Sen. Andy Rogers of Childress, says he doubts whether the present law against lewd publications is broad enough to take in the girls covers.

The Senate Finance Committee announced it would report today on the session's big money bill, the one appropriating funds for essential state services such as departments and the courts for the next two years.

The House Appropriations Committee has already laid its big money bill on members' desks. It was a rigid hold-the-line economy measure pegging state spending to current levels. It does not follow Gov. Shivers' suggestion to raise salaries of low-paid state workers to meet cost of living increases.

It took special note of an unofficial report from the comptroller saying decreased oil production would bring a drop in state revenue during the next two years.

The Senate money bill was not expected to be so hard-bolled, but it will likely stay close to conservative estimates of tax revenue.

In both cases, the effort is to avoid any new tax bill. Half a dozen new revenue measures were among the last-minute bills being read in the House today. They go automatically to the Committee on Revenue and Taxation.

TRIAL
(Continued From Page 1)
been free on bond, arrived yesterday.

The charges against the two say they were not present when young Floyd was shot but "furnished arms and aid" to an unknown killer; that they conspired to kill Jake Floyd Sr. and that by mistake his son was killed.

At the examining trials of the two men, the elder Floyd—a prominent Alton lawyer and political foe of Parr—told of a secret rendezvous with Alanis while his son lay dying. The father testified that Alanis told him that he and then District Judge Sam G. Reams had been marked for death. He said that Alanis told him that as they talked, someone was waiting in the Floyd's garage to kill him.

Floyd said Alanis told him that he was scheduled to be killed because "they are afraid you will put Judge Reams back in office."

Reams—another political foe of Parr—was defeated for re-election by Parr—backed C. Woodrow Laughlin of Alton.

Recently Laughlin was accused by a Jim Wells County grand jury of putting "stumbling blocks" in its way in investigating young Floyd's death. The grand jury took his complaints to Gov. Allan Shivers last week.

Alanis was arrested in Alton the day after the shooting.

Sapet was arrested in San Antonio. He said he was on a bus bound from Corpus Christi to San Antonio at the time of the shooting. A car owned by Sapet was recovered a few days after the shooting in Nuevo Laredo, Mexico.

Neighbors of the Floyd said police that Sapet's car "looked like" they had been parked near the Floyd home the day of the shooting.

Three Persons Hospitalized By Disturbances

Three persons were taken to hospitals as a result of week-end disturbances, police reported today.

A Big Spring man, arrested by city police Sunday afternoon on charges of drunkenness and disturbance, was taken to a hospital about 10 hours later with a broken leg.

Officers weren't sure how or when the man suffered the injury. He was taken to the hospital about 4:30 a.m. today after he complained in city jail that his leg was hurting.

The prisoner was involved in a scuffle with officers near the union bus terminal about 6 p.m. Sunday. Police said he resisted arrest and was knocked to the ground and later held pinned against fender of an automobile while a patrol car was being summoned. Officers said he struck a policeman before he was knocked down.

Shortly after the scuffle, and while the man was being held for the patrol car, he asked officers to be careful of his leg which he said he had "sprained" Saturday night. He said the leg had been broken previously, also, according to police.

The man was arrested after officers were summoned by an unidentified woman who complained that he was cursing and attempting to start a fight at the bus station.

The leg injury was diagnosed as a fracture of a bone near the left ankle joint. Doctors said the injury could have existed and been aggravated by the scuffle.

An airman was taken to Webb Air Force Base Hospital Saturday night with what were described as "facial" injuries suffered in a downtown cafe. Police said a base ambulance transferred the man to the hospital following a disturbance in which he knocked glasses off a counter and offered to fight.

Police records didn't show how the man was injured.

A Latin American also was hospitalized with injuries received in a disturbance about midnight Saturday. Police said he was beaten by another Latin American. A doctor said the man was lacerated about the face and that an eye is badly swollen. No charges were filed against his assailant.

Teamsters In Dallas Go Out On Strike Today

DALLAS (AP)—AFL teamsters went out on strike shortly after midnight today against the Red Arrow Freight Lines, Inc., and Red Ball Motor Freight, Inc.

Sam P. Sayers, attorney for the two trucking companies, said the strike would affect some 925 workers in Texas and neighboring states.

The walkout was called after an all-day negotiating session failed to produce a settlement. Union leaders claimed their union represented a majority of the workers. The companies said that by the latest count the Independent Union of Transportation Employees (UTE) was the bargaining agent.

Red Ball and Red Arrow are two of the ten largest trucking firms in Texas with offices in Houston, Beaumont, Tyler, Austin, San Antonio and Shreveport, La.

Houston Clinton Jr., AFL union attorney, said the teamsters contend the UTE is a company-dominated union. Clinton said the Fifth Circuit Court of Appeals in New Orleans is considering an AFL motion to ban the independent union.

Negotiations collapsed because company and union representatives could not agree on a method of setting up an election to find out the workers' preference.

Clinton said pickets would be placed at the struck companies but no attempt would be made to stop non-AFL employees from passing through if they desired.

Ike Regime Studies Malenkov's Speech

WASHINGTON (AP)—Eisenhower administration officials carefully studied Soviet Premier Malenkov's latest words of peace today in search of the answer to this question: Is the new regime in Moscow actually interested in trying to improve relations between Russia and the United States?

Officials said that fundamentally the true test of sincerity would lie in the action rather than in words. There are many issues on which the Soviet could demonstrate good intention by specific action, ranging from an easing of tensions in Germany to an armistice in the Korean War.

Nevertheless, top administration officials evidently believe, as Secretary of State Dulles declared a week ago, that with new personalities in control in Russia and the U. S. there may be new opportunities to work for peace.

They do not intend, responsible informants said, to overlook any such opportunities. Obviously Malenkov's assurances of peaceful Soviet policy are being discussed here in the light of this approach to world affairs.

Some high officials privately suggested that Malenkov's assertions before the Supreme Soviet (parliament) in Moscow yesterday fit into a pattern of reaction to the line which Dulles took in a careful statement he made in New York last week.

Dulles said the death of Stalin marked the end of an era and that it came shortly after Eisenhower had become President in this country. The world now is entering the Eisenhower era, he said. He expressed the view that Stalin's death, ending his "malignant" influence, would enhance the chances for peace.

Malenkov said yesterday there were no controversial issues with the U. S. or any other nation that could not be settled peacefully.

Experts on Soviet relations suggested that what Malenkov said was in most respects about as vague as anything Stalin ever said about peace during those times when, in the view of the American government, he was talking out of both sides of his mouth.

Malenkov mentioned no specific issue for settlement, offered no particular formula and made no commitment on anything. He did go out of his way a little bit, however, to specify that he thought issues between Russia and other countries could be settled.

Experts on Soviet history and conduct said that, quite apart from the question of whether he sincerely is putting forth an olive branch now, Malenkov might be motivated by any of several purposes.

He might want to raise hope in the outside world that Stalin's death would increase the chances for peace. He might want to reassure people inside the Communist world if they are especially nervous due to the change of government control. He might hope to lure and even split the Western Alliance. He might be aiming primarily at creating a relaxed international atmosphere in which the Western European countries would refuse to go through with a European Defense Community and West German rearmament.

In other words, it was said that there are persuasive reasons why Malenkov should be talking peace at this time—just as there are persuasive reasons why he might have ordered a tough policy in Germany which resulted in shooting down British and American aircraft last week.

He has clear gains to make, some experts say, by appearing one day belligerent and the next day peaceful. He also makes a clear gain if he can stall off any extra heavy pressures by the West.

Power during the months when he is shaking down his government and consolidating his personal position.

15th Person Dead From Injuries In Week End Tornadoes

HASKELL (AP)—The fifteenth person is dead from injuries received in the Friday the 13th tornado that lashed Central West Texas.

Ruth Ashley, 13, of Judd, died yesterday in a hospital here. The girl had been in critical condition since the twister smashed the I. B. Ashley farm near Judd. Four others were killed on the farm; her mother, a three-year-old sister, a nine-year-old brother and a five-year-old niece.

Eleven children and two women were in the Ashley home for a family Bible reading hour when the tornado struck. Only four of the 13 escaped serious injury or death. Four are still hospitalized.

Carroll L. Tyler, AEC test manager, told newsmen that the 11-inch (diameter) shell will have an atomic component inside. Tyler also revealed that the cannon will not be fired in actual military fashion, but the shell would be touched off by remote control.

The Payoff Comes Tonight

Otto A. Koehler, president of the Pearl Brewery, left, and Harry Jersig, president of Lone Star Brewery, left Joyce Robinson, Big Spring, to congratulate her on showing the reserve grand champion steer at the San Antonio Livestock Exposition. The two breweries bought the prize animal for \$5,000, a bigger price than the grand champion brought. Joyce is due to get her check this evening at a banquet in the Settles Hotel. The banquet, sponsored by the Junior Chamber of Commerce is set for 7 p.m. was arranged in Joyce's honor by Pearl and Lone Star officials. Joyce is the daughter of Mr. and Mrs. T. M. Robinson, and is a member of the Knott 4-H Club.

Ike Regime Studies Malenkov's Speech

WASHINGTON (AP)—Eisenhower administration officials carefully studied Soviet Premier Malenkov's latest words of peace today in search of the answer to this question: Is the new regime in Moscow actually interested in trying to improve relations between Russia and the United States?

HOSPITAL NOTES

BIG SPRING HOSPITAL
Admissions: Catherine Perry, 1402 E. 14th; Della Mae Rosser, 906 E. 14th; Letha Shannon, Sterling City Rt.; Margie Engle, Vincent Rt.; Coahoma; Faye Sherman, 607 NW 8th; C. E. Cain, City; Eula Overton, City; Mrs. George Thomas, Sterling City Rt.; Eileen Farquhar, 903 Scurry; Veanna McWhirt, Vincent Route; Mrs. Margie Martindale, City; Susan Dean, 1429 Tucson; Kenneth Mitchell, Rt. 1; Mrs. Jesse Fowler, Coahoma; Mrs. Frank L. Dorsey, 504 Runnels; T. D. Smith, 110 S. Howell; Pearlie Wilburn, 505 NW 5th; Phillip Shumate, 303 Montecello, Odessa. Purser, City; Mrs. Maude King, 405 Gollad; Mrs. Myrtle Banks, City; Roy Shaffer, Rt. 1.

Narcotics Stolen

"A few ampules of morphine" were stolen from Dr. C. B. Marcum Jr. Saturday night, the physician reported.

The narcotic was taken from a bag in Dr. Marcum's car while the machine was parked at 607 Edwards. The drug was carried in a silver case, which was stolen from the doctor's medical bag.

ATOM

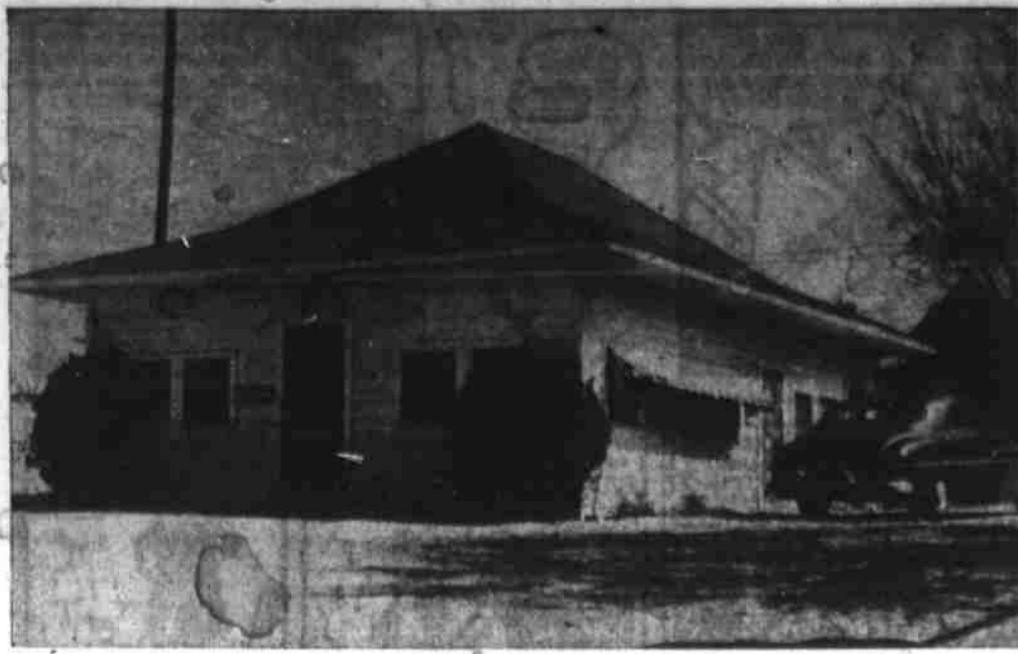

The blast will push against frontiers with an extra pressure of one pound per square inch. The heat rise will be one calorie per square centimeter, enough to give the boys "a slight reddening of the skin—like a good sunburn, nothing more," Graves said.

Seventy automobiles and trucks are scattered among the Joshua trees within an 8,000-foot radius of the shot tower. There are brand new cars and broken down old mail trucks, like you'd find on almost any Elm Street.

A few contain dummy families on perhaps their last outing. From all this, civil defense experts may learn which is safer under a bomb attack, a home or a car.

And the Army—with Col. William C. Bullock as exercise director—hopes its maneuver will equip another battalion of GIs to cope with the realities of atomic warfare.

The two-mile (3,500 yards) fort-holes are twice as close as last year's positions. The closer trenches are being used because sheep survived in them previously. The AEC is conducting its usual biomedical studies on various animals placed in bunkers as close as 400 yards to the detonation tower. These animals include dogs, pigs, monkeys, rabbits and mice.

Those Who Like Real Barbecue Patronize Ross

Connoisseurs of barbecue always go to Ross' Pit Barbecue Stand, 908 E. 3rd Street. So do people who like to eat in a friendly, informal atmosphere where they're apt not to meet most of their friends.

Where Friends Eat And Chat

Ross Barbecue Stand, 904 E. 3rd, above, has gained a West Texas-wide reputation for the quality of its pit barbecue and the homey, informal atmosphere in which it is served. L. M. Ross operates the establishment in the same friendly tradition of his parents, Mr. and Mrs. W. S. Ross, who started the business here in 1929.

Many Riding Safely On Seiberling Tires

More motorists are riding in greater comfort and security, and with greater confidence and braking power these days, because they're riding in automobiles shod all the way around with Seiberling tires and Seiberling puncture-proof or regular tubes.

In a great measure, especially in the Big Spring area, this is due to the fact that so many of them are taking advantage of the special price on Seiberling First Line Super-Service and Seiberling-Premium Line air-cooled safety tires currently being offered by the Creighton Tire Company at 203 West 3rd Street in Big Spring.

Smith Converts Tractors For Use Of Butane

The S. M. Smith Butane Company, which maintains offices on the Lamesa Highway at the edge of the north city limits of Big Spring, is equipped to convert any kind of farm tractor from the use of gasoline to butane.

Butane, of course, is a much cheaper type of fuel and, of course, offers many other advantages. It is considered safer and insures longer life of the engine.

The Smith concern can convert motors the "Erison" way, with a J & S carburetor or with the famous "Flashotrac" system, which is especially popular in this area. Price of installation on any of the systems is comparatively low. The Smith establishment has a shop located in the rear of its office building where the switch-over to butane plants can be accomplished with a minimum loss of time.

The butane fuel systems are easier to start in all kinds of weather, users will find.

Those using butane fuel in their homes should have them checked regularly. If the supply is low, the user should contact S. M. Smith's concern for a new supply.

Butane, of course, can be used in all parts of the house—in the kitchen for cooking, the front room for heating and the bath, for warming water.

Time was when kindling wood and coal had to be used on farm places. Such is not the case now. Those far removed from the cities can get up-to-date use of gas by using butane.

Baldwin Pianos Noted For Quality In Musical Field

Baldwin is still the hallmark for quality in the musical field.

It has been for a century, and with its makers jealously guarding the reputation acquired through expert craftsmanship and best in materials and design, Baldwin still is consistently picked by leading artists.

Baldwin also keeps a sharp eye cocked for style. Realizing that an instrument not only must be musically and mechanically perfect to please, Baldwin is well aware that a piano also must fit perfectly into other furnishings.

One of the latest models is a French Provincial. Soon this will be on display at the Adair Music Company at 1708 Gregg. Jack Adair, head of the concern, said that one of these new models was now enroute to the store. It is a simplification of the French furniture of the Court Period during the 17th and 18th centuries, and is particularly adaptable to today's living. The model fits in ideally with current fashion trends. Of course, the new Acrosonic possesses all the fine qualities of other Baldwin models.

An indication of the esteem in which Baldwin is held is shown by the choice of Baldwin recently by 20 young pianists presenting a massed ensemble at St. Louis' Scottish Rite Cathedral. Neva Jane Langley, who was crowned "Miss America of 1953" on the basis of her musical ability as well as her beauty and poise, is a Baldwin enthusiast.

AF Studies Plan For More Spending On Defense Devices

NEW YORK (AP)—The New York Times said today that additional defense expenditures running to 20 billion dollars have been proposed in the latest study to guide U. S. defense officials on how best to prepare the nation for air attack.

The Times, in a story from Washington, reported that the sum is said to be recommended in the most recent paper in a continuing study by the Massachusetts Institute of Technology, under an Air Force contract for two years standing.

High Air Force strategists, the newspaper added, are "debating whether such a sum should be spent for purely defensive devices, such as radar stations and warning systems, or for strategic bombers capable of striking at enemy bases."

Tournament Standouts

Pictured above are players who gained outstanding honors in the eighth annual Big Spring Girls' Volleyball Tournament here last week end. Front row, left to right, they are Marie Ogle, Phillips; Glenda Knowles, Phillips; Mary Parham, Lamesa; Estelle Prather, Lamesa; Ann Barr, Lamesa; and Rose Rice, Big Spring. Back row, Billie Hanson, Midland; Mary Louise Smith, Imperial; Wilfrine Williams, Imperial; Ramey Lou Ellis, Monahans; and Joan Young, Monahans. Miss Ellis was named the Tournament Queen. The others were on the All-Tournament team.

George Simpson All-Star Choice In TAAF Meet

George Simpson, a member of the Phillips Tire Company team of Big Spring, was named to the All-State TAAF basketball team last week end.

The State TAAF Tournament was held in Temple, Phillips broke even in four games, finally losing in the semi-final round of consolation play to the powerful Rotary team of Midland, 99-78.

It was the third start of the day for the Tremen and they understandably were tired. However, Simpson went a long way toward earning all-star honors in the game by sinking 41 points.

Bob Parkin scored 12 points in that contest, Glenn Whitis led Midland with 22 points.

Earlier, the Phillips team had subdued Hilliard's Cafe of Crosby, 81-62. In that one, Simpson counted 34 points. Esenwein registered 18 for the Big Springers. Parkin paced the Crosby club with 14.

In the first round of consolation play, Phillips raced past Thordale, 77-63. Parkin tallied 21 and Esenwein 15 in that one. Graham scorched the nets for Thordale with 33.

Phillips lost out in the first round of the championship flight to Chambers of Lubbock, 75-62. Parkin recorded 17 and Simpson 15 in that one.

The Phillips team returned to Big Spring on Sunday.

Sample Cleaners of Fort Worth was defeated by Woodard-Motors of Dallas, 62-52. In the championship finals.

The game is under protest, however, Sample claimed following the game that Woodard had used an ineligible player.

LITTLE SPORT

LOOKING 'EM OVER With Tommy Hart

Without taking anything away from the spirited Jayhawks of Howard County Junior College, who won the thing, it's just as well, perhaps, that Cameron's Aggies of Oklahoma elected to pass up the Region 5 Basketball Tournament in Amarillo last week.

The Cameron club decided its season had ended when, after winning the Big Six JC League title, it was ruled by the powers-that-be that Rogers Morgan, stellar Cameron center, would not be eligible for the meet.

Morgan is the niftie who led Cameron to two victories over the great Tyler, Texas, JC team this season. He was enrolled at SMU last September but was a scholastic casualty. He played only one semester at Cameron and averaged just under 20 points a game.

Without Morgan, Cameron undoubtedly wouldn't have been so tough but their talent wasn't thin, by any means. In Fred Muller and Bo Jackson, they had two boys who were all-state in Oklahoma while in high school. Muller led the team in scoring with 375 points (in 25 games).

Cameron will be tough again in 1954, since it loses only three of its first ten men.

In two games with Eastern Oklahoma A & M, with Morgan and all, the Cameron bunch could do no better than break even, however, so HCJC might have given the Aggies their lumps at that.

There's no figuring the Jayhawks. They may not have the "horses" some of the other teams have, but they've got what it takes upstairs, plus the desire. A team like that is bound to go places.

To me, the best thing about the Jayhawk team is the ability of the team to get along with one another. More than one observer voiced the opinion that Casey Jones deserved to make the all-tournament squad as much as anyone at the Region 5 Meet but Casey seemed just as happy for three of his teammates to get the nod.

Incidentally, the Conners (Okla.) team which played and lost to HCJC in Amarillo, is coached by Pressley Askew, the one-time coach at the University of Arkansas. Askew gave the Porker fans some of their better teams.

Phillips, which fielded a team in the Big Spring Girls Volley Ball Tournament last week end, is located only two miles outside of Borger.

The school annually fields one of the better AA football teams in the state. Chesty Walker is the grid mentor there.

Jim Matthews, who might have been hired as manager of the Broncs here had not Hack Miller agreed to sign on, will do his backstopping for the Amarillo Gold Sox of the WT-NM League this year.

Matthews was with Clovis in 1952, where he crashed out 39 home runs.

Metz LaFollette, who passed up a chance to play baseball with Big Spring after he had been obtained in a deal with Lubbock, may stay in pro ball.

LaFollette will work on his Master's degree at Canyon. He may pitch part-time with the Plainview club of the WT-NM League. He's still on the Lubbock roster but the Hubbers are trying to peddle him, reasoning they can get enough mound help from their parent club, the Pittsburgh Pirates.

Noah May Have His Best Team

LAREDO (AP)—Pop Noah may have his greatest track team at North Texas State College. Thus far it hasn't found much competition.

Last week end the Eagles swept the college division of the Border Olympics with 55 1/2 points. That was 27 more than second place Abilene Christian. The week previously North Texas had won the Southwestern Exposition Meet in Fort Worth with 60 1/2 points—34 1/2 more than ACC.

North Texas appears to be dominating the smaller college field as much as Texas A&M dominates the Southwest Conference. The Aggies showed their heels to a classy field in the Border Olympics with 59 points—15 more than runner-up Texas.

Noah has top men in at least eight events. His ace sprinter is Charles Teague and he has a 440-yard dash man who will go in any company. He is Walter Lindsey, who did 48.8 last week.

Other outstanding Eagle tracksters are Ray Lucas, who vaults 12 feet 6 inches; Eugene Brann, who throws the discus 148 feet 5 inches; Paul Patterson, who runs the 880 in 1:58.2, Dal Imel who runs the mile in 4:25.2, John Cavaglieri, who puts the shot over 45 feet, a mile relay team that did the distance in 3:23.4 last week, and a capable high hurdler in Ted Smith.

BEATS TYLER, 77-59

Lon Morris Makes Hawks Look Good In Regional

Are the Howard County Junior College Jayhawks, who meet the Webb Air Base contingent in an exhibition game at the High School Gymnasium here Tuesday evening, the second best junior college club in the Southwest?

All indications point to it. Lon Morris, which subdued HC by ten points in the recent state tournament, won its way to the National JC Tournament by cloaking the rugged Tyler JC Apaches in the finals of the Region 14 Tournament at Tyler last Saturday night, 77-59.

Tyler competes in the Big Six Conference during the regular season. The Apaches wound up second to Cameron's Aggies of Oklahoma in the standings. Cameron, who had a center declared ineligible for Region 5 play, did not compete in that tournament. HCJC won its way to the National JC Meet by winning the Region 5 show by defeating Eastern Oklahoma A & M in the finals.

The Webb Air Base team, which meets HCJC in the game here Tuesday, will be able to field a rugged team against the Hawks. The Dusters took part in the Southwest Air Force Conference

race. Champion of that conference recently went to the finals of the World-Wide Air Force Tournament. Admission price for the exhibition game Tuesday has been pegged at \$1. All proceeds will be used to defray expenses of the Hawks to Hutchinson, Kansas, site of the National JC Meet.

HCJC will be seeking its 32nd win of the season against Webb. It is the first time they have ever been booked in the new High School Gym.

Bovines Play Westerners Again At 4 On Wednesday

The Big Spring High School Steers will play a return baseball game with the Lubbock Westerners in Lubbock, starting at 4 p.m. Wednesday.

Lubbock bested the Longhorns in a twin bill here Saturday, 11-6 and 12-6, but the locals looked good in losing. Big Spring had not benefitted from infield workouts and had been unable to take much hitting practice.

In Tommy McAdams, the school may have come up with its best shortstop in history. Tommy is only a sophomore. However, he hits like a veteran (he came up with six blows against Lubbock) and fields very creditably.

Raymond Gilstrap, catcher; and Outfielder Ronnie Wooten are others who showed to fine advantage against the Westerners.

Charley Rose, who was a bit wild against Lubbock last week end will probably hurl for the Steers Wednesday. Rose is capable of throwing a nifty curve but used it little against the Westerners. Bending the ball this early in the season can prove harmful to the throwing arms of hurlers and Rose was advised against it by his coach, Roy Baird.

Several other practice games are in the offing for the Steers, who do not open their conference race until April 7.

BROWNS TO BALTIMORE

Switches Due To Get Okehs

By JACK HAND TAMPA, Fla. (AP)—The American League is expected to give Bill Veck the green light today in his efforts to shift the St. Louis Browns franchise to Baltimore.

Lou Perini's plans to move the Boston Braves to Milwaukee will come up for vote Wednesday when the National League meets at St. Petersburg following an American Association meeting earlier the same day.

No solid resistance to either move appeared at yesterday's Executive Council meeting at Bellear, Fla., where Commissioner Ford Frick held a preliminary hearing with officials of the four clubs and leagues involved.

Approval by the American League at today's special meeting scheduled for 11:00 a.m. at Tampa would not bring major league ball to Baltimore officially. It would still require the sanction of the International League, which will meet within the next 48 hours, as soon as the scattered officials can get together.

Frick told both Veck of the Browns and Lou Perini, president

of the Braves, they must follow the established rules of procedure in their franchise shifts. He pointed out each move must have the approval of the major and minor leagues concerned.

While raising no objections to the proposed moves before the imminent 1953 session, he indicated he was not too happy about such major transactions at this late date.

Frick outlined a "get tough" program that would ban future major league franchise moves into minor league cities except between Oct. 1 and Dec. 1. The Executive Council will recommend such a policy at the joint meetings in July. In the meantime, the Executive Council's decree will be in force. However, it will not affect the Browns and Braves dealings.

With the major league season open four weeks from today, there is little time to rush through the big changes—first in 50 years.

Both the American Association, which will lose Milwaukee, and the International League, which must give up Baltimore, will have to find new cities to round out their circuits.

DETROIT LOOKS UP IN AL RACE

By ED CORRIGAN AP Sports Writer They can't go any lower this year, so the Detroit Tigers, an inept crew last year, are looking in the only possible direction—upward.

With all their "big" bats, the biggest of whom is Hal Newhouser, Manager Freddie Hutchinson has had to hunt for talent all over the lot, and he has come up with a pitcher who has looked good in two appearances.

Milt Jordan is the hurler. On his first outing less than a week ago, he went three innings against the Cincinnati Reds and received credit for a 7-3 decision. Then Saturday, he tossed five scoreless innings against the St. Louis Cardinals, a tough bunch of customers.

So young Milt, who labored in Buffalo last year, has been involved in two of the Tiger's six Grapefruit League triumphs, and, incidentally, two of the three well-pitched games the Bengals have had.

They've been hitting, but their pitchers haven't been showing well. Their record to date is 6-2, highly respectable, but the Detroit hurlers have given up 37 runs in the eight games, or about 4.50 per game.

They licked the Boston Braves yesterday, 9-6, on a couple of home runs in the ninth inning by Rufus Crawford and Johnny Bucha, each with one man on base. Newhouser and Ned Garver, who took over in the sixth, were tapped for 12 hits. Bill Bruton hit Newhouser's first pitch in the first inning for a home run.

The two World Series rivals, the New York Yankees and the Brooklyn Dodgers, went at it again in Miami, and Casey Stengel's men came out on top, 4-1, to take the odd game of a three-game set. Vic Raschi, Allie Reynolds and Ewell Blackwell, all making their first appearances, handeduffed the Brooks.

Duane Pillette and Harry Breechen combined for one of the best pitching jobs so far in San Fran-

cisco when the St. Louis Browns shut out the local club, 2-0. Pillette gave up only two hits in the first five innings while Breechen tossed hitless ball for the last four.

The Cleveland Indians needed a home run from Larry Doby to score a 3-2 victory over the New York Giants. The big blow came off ace Giant righthander Sal Maglie. He also yielded both other Cleveland tallies.

The Philadelphia A's, with rookie Ed Monahan, Bill Harrington and Ed Hrabecak billing on the mound, whipped the Washington Senators, 7-1, in Orlando. The A's broke a 1-1 deadlock with five runs in the seventh.

Bob Rush, top operative on the Chicago Cubs' pitching staff, gave up only one hit in five innings and got credit for an 8-3 decision over the Chicago White Sox; Joe Dobbson was no great shakes for the Sox and was reached for seven hits in four innings.

With Stu Miller hurling six innings, the St. Louis Cardinals defeated the Philadelphia Phillies, 3-1, at St. Petersburg, while at Tampa, Ernie Nevel and Eddie Blake pitched the Cincinnati Reds to a 4-3 victory over the Boston Red Sox.

Meanwhile, the feud between Branch Rickey, the mahatmas of the Pittsburgh Pirates, and his walking slugger, Ralph Kiner, continued.

Uniform Rules Are Adopted By Net Teams

Discrepancies between the rules published by the United States Volleyball Association and those being observed by various districts in the West Texas area were discussed at a meeting of coaches attending last week end's tournament here.

The coaches voted to organize, along with other coaches from the districts represented here, into a body for the promotion and control of volleyball for girls.

It also recommended that several rules adjustments be made for the sake of uniformity and to bring the girls' game into closer harmony with the standards for competition outlined by the National section on Women's Athletics, affiliated with the American Association for Health, Physical Education and Recreation.

The following rules clarifications were adopted:

1. PLAYER REMOVED FROM GAME. A player taken out of a game may substitute again. She must return to the same position.

2. PLAYING TIME. The game shall consist of two halves, each eight minutes in length. The rest period between halves shall consist of five minutes. The clock is to be stopped when the ball is dead.

3. CHANGE OF COURTS. Teams shall change courts at the end of the half and shall resume the positions they occupied at the beginning of the first half.

4. TIME-OUT. When the ball is "dead," the playing captain, coach or manager can request and receive "time-out." A team is permitted two "time-outs" a half. The penalty of "point" or "side-out" shall be imposed for each additional time-out.

Arah Phillips, Director of Physical Education for Girls, Big Spring, was elected to serve as chairman of the newly formed group. Anna Smith, Big Spring, will serve as secretary.

The two will cooperate in writing in detail all rule changes and present them to other West Texas coaches for study and approval. Betty Jane Trotter, staff member of the Women's Division of the Department of Health, Physical Education and Recreation, Denton, served as consultant of the group.

Miss Trotter is a graduate of the University of Tennessee and Columbia University and currently is editor of the News Bulletin, quarterly publication for the Texas Association for Health, Physical Education and Recreation.

Houston Team Wins

NATCHITOCHEES, La. (AP)—Crystal Pool Swimming Club of Houston, Tex., won the team championship in the Southern AAU Women's Indoor Swimming Meet at Northwestern State College.

Seven players were chosen on the first team, since there was a tie for the fifth position. Others named were L. C. Wesley, Lon Morris, ten votes; Tommy Rasberry, Lon Morris, 7; Tommy Smith, San Antonio JC, 7; and Bill Brophy, Allan Academy, 7.

Two HCJC players were included on the second team. They were Casey Jones and Bobby Maines, each of whom had five votes. Bill Hamm, Lon Morris; George Thompson, South Texas JC of Houston; and Earnest Ball, Panola, were other members of the second team.

HCJC's Richard Gilmore also received honorable mention on the team. He earned three votes. The Jayhawks were the only team in the tournament which had all players mentioned for the club, a tribute to the fine team play of the locals.

Others who gained Honorable Mention on the team were Lonnie Alexander, Panola; Paul McGowan, South Texas JC; Bill Boyd, Panola; Bob Hall, Panola; Leon Barnett, Navarro; Bo Oliver, Amarillo; Roy West, Allan Academy; and Red Meyers, Amarillo.

NAAU Tourney Gets Underway

DENVER (AP)—The 46th annual National AAU basketball tournament, cut down to a mere 37 teams, started its week-long grind yesterday with 10 games true to form.

Four of the seeded teams saw action and only one of them—Los Alamitos, Calif., Naval Air Station—had to work up a sweat before disposing of their first round opponents. Six games today will bring the other four seeded teams into play and it doesn't look like the pattern will be disturbed.

Los Alamitos traded points for two and a half periods with the Dayton, Ohio, Ludlow Radiators team before the flyers broke loose for a 68-48 victory.

Peoria, Ill., Diesel Cats, the defending champions, romped by Cleveland, Ohio, Bruscino Expansion Homes, 70-49.

The Phillips 66ers of Bartlesville, Okla., tournament champions seven out of the last 10 years, waltzed over the Brooke Army Medical Center team from San Antonio, 105-67.

Houston ADA Oilers coasted over the St. Agnelo team from Amsterdham, N. Y., 77-40. The Amarillo, Tex., Graham Hoeme team started coasting behind a big lead and was forced into overtime before whipping Fort Leonard Wood, Mo., 83-79 in the closest contest.

Larry Doby Going Great For Tribe

SAN BERNARDINO, Calif. (AP)—Larry Doby, rapidly rounding into shape, nabbed both the batting and fielding honors yesterday as his Cleveland Indians trimmed the New York Giants, 3-2. He belted one of pitcher Sal Maglie's offerings 340 feet over the left field wall in the fifth inning for the deciding tally and later made a leaping catch against the center-field wall to grab Ray Katt's blow and end the game.

Tigers Do Well Against Nat'l's

LAKELAND, Fla. (AP)—Although they have six straight victories over National League clubs, the Detroit Tigers were looking for their first against American League opposition in their exhibition tilt with Washington's Senators today. They've played twice against members of their own league, and have lost to both the New York Yankees and the Boston Red Sox. Yesterday the Bengals won No. 6 against the senior circuit team, whipping the Boston-Milwaukee Braves 9-6 at Bradenton.

Berlin Mayor Says Reds Try To Show Presence in Europe NEW YORK (AP) - West Berlin Mayor Ernst Reuter says Red attacks on British and American planes in Europe are part of a plan by the Communists "to show their presence."

Reuter made the comment to newsmen as he arrived at Idlewild Airport yesterday for a two-week speaking tour. He plans to see President Eisenhower and Secretary of State Dulles Friday.

The mayor later told a news conference he plans to urge Eisenhower to continue mutual security financial aid to German industry for the next three or four years. Such help reached 69 million dollars last year.

Water And Sewer Services Of City Costs Close To \$500,000

Seeing that Big Springs get all the water they can use and providing them with adequate sewage disposal service approximates a half-million-dollar operation for the city government this year.

H. W. Whitney, city manager, in his preliminary summary of the budget for the next 12 months, anticipates expenditure of \$434,097 in operation of the water and sewer systems. The figure includes

cost of water to be secured from the Colorado River Municipal Water District.

Revenues as a result of the operations are expected to amount to \$448,550.

In the expense column, \$32,698 will go for debt service — toward retirement of revenue bonds issued in 1930 for water and sewer system improvement and enlargement.

Water from the CRMWD will cost the city \$203,940. Operation of the water office at city hall will involve expenditure of \$23,695. Water treatment (chlorination) will cost another \$4,130. Sewage collection will call for expenditure of \$18,625. Sewage treatment is to be a \$46,912 operation.

Other expense items are water distribution, \$54,190; water production (wells), \$10,795; and water production (city lakes), \$8,075.

The city will have to operate its own water production system for short periods during the year, must maintain water leases, and perform equipment maintenance to account for the production expenditures over the amount paid for CRMWD-produced water.

Approximately \$10,000 of the outlays for water distribution and sewage collection will go for reimbursement of developers who financed water and sewer line extensions on a five-year refund basis.

On the income side of the ledger, the city anticipates \$375,000 from the sale of water to its residents. Sewer service charges are

expected to amount to \$48,000, and sale of sewage plant effluent is due to bring in another \$18,000.

Other revenues anticipated include \$7,500 from new water taps, and \$80 in turn-on fees.

The water and sewer system revenue fund will have a cash balance of \$120,000 at the end of the current fiscal year (Mar. 31) to boost the total available to \$568,550. With \$434,097 scheduled for disbursement, a surplus of \$134,453 will be available for general fund purposes.

Anticipated 1953-54 revenues are \$30,000 below revenue for the first 10 months of 1952-53. However, the \$477,944 received by the fund through January included \$100,000 put up by developers for water and sewer line construction. These deposits must be refunded in the next five years, and the plan under which they were received no longer is open.

The city manager expects Big Springs to consume 1,110,000 gallons of water in the next 12 months. That amount of water, purchased from the CRMWD, will cost the city \$203,940, and will bring in \$375,000.

The water and sewer system revenue fund comprises a section of the city budget, which must be completed and in operation for start of the new fiscal year April 1. City commissioners Tuesday will devote most of their time to working out a balance in the general fund which is shackled with higher operating expenses not matched by new revenues.

Plans For Jamboree Nearing Completion

Although the Boy Scout National Jamboree is still four months off, plans for attendance of local boys has just about been completed.

Jimmie Hale, local field executive, stated today that departure date has been tentatively set for July 12 on air conditioned train. Some 34 boys from the Lone Star District have registered to attend the Jamboree.

The giant Scout meeting has been slated for July 12-22 at Irvine Ranch in Santa Ana, California. Approximately 50,000 Scouts from all over the United States will attend.

Area scouts will go by Texas and Pacific and leave at the Big Spring station, Hale said. The same train will carry scouts from the East Texas Council and Caddo

Council. With Buffalo Trail Council Scouts, there will be 570 on the train.

Arrival at the Jamboree site will be July 14. Hale said a shake-down camp will be set up three days early on the Irvine Ranch grounds. The area group will tour Santa Catalina Island on July 16, one day before the Jamboree begins.

Hale said that cost per Scout will run around \$200, which will include all food and lodging plus expenses. Trips will be made to the Redwood Forest, San Francisco, the Royal Gorge, Salt Lake City, and other points of interest.

There is still room for 21 more boys on the trip. Hale said reservations are being accepted throughout the Buffalo Trail Council until the council quota of 175 is filled. The Lone Star District is over-subscribed, with 12 over the quota.

Those from the area who have registered include: Donald Lovelady, Adria DeGraffier, George Peacock, Lanny Hamby, Bill French, Bernard McMahon, Art Dodd, Tommy Buckner, Richard Engle, Frank Powell, Kelsey Meeks, Lee Denton, Jerry McKahan, Jimmy Simmons, Bill Owen, Gordon Bristow, Teddy Groehl Jr., Vance McCright, Benny Edwards, Don Collins, Robert Phelan, John Phillips, Adison C. Rawlins, Douglas Eastham, Billy Bob Satterwhite, Jim Darrow, Bill Martin, Buddy Martin, Rufus Tom, Dee Cravens, Frank Tate, Muri Bailey, Wendell Brown and Nicki Petroff.

Legislators Set To Speed Plans To Elevate FSA

By B. L. LIVINGSTONE
WASHINGTON (AP) — Republican leaders cleared the way today to speed President Eisenhower's first government reorganization proposal through Congress.

The plan, sent to Capitol Hill last Thursday, would elevate the Federal Security Agency (FSA) to a Cabinet rank department of health, education and welfare.

Senate and House Government Operations Committees today called consolidated public hearings with the idea of speeding up congressional approval.

Scheduled as witnesses were Mrs. Oveta Culp Hobby, federal security administrator and Eisenhower's choice for secretary of the new department, and Budget Director Joseph M. Dodge.

The House has scheduled consideration of the proposed FSA reorganization Wednesday, with approval considered certain. Chairman Hoffman (R-Mich) of the House committee said he knew of no opposition, either among Republicans or Democrats.

Sen. Taft of Ohio, Republican Senate leader, said today if the House approves the plan as expected, then the Senate "will probably get it through by (next) Monday."

Adlai Welcomed To Korea; Gets Up-To Minute Briefing

SEOUL (AP) — Adlai Stevenson received an up-to-the-minute picture of the fighting in Korea from top Allied ground and air commanders today after seeing South Korean President Syngman Rhee.

Rhee told Stevenson the Chinese Communist Army in Korea is tired and that a major Allied offensive could break the prolonged stalemate.

Stevenson called on Rhee immediately after his arrival by air from Pusan. On the way from the airfield to the presidential mansion, he received a rousing welcome from thousands of cheering, flag-waving Koreans, most of them school children.

Large banners strung across Seoul's main avenues read "Drive Away Chinese Reds." "Advance North for Unification of Korea" and "Strengthen ROK Forces."

These were the same banners that flew during the three-day visit of Gen. Eisenhower last December.

Stevenson also was greeted with new banners reading: "Welcome Honorable Adlai Stevenson to Korea," and "We Regard Mr. Adlai Stevenson Forever As Our Friend."

On his third busy day in Korea, Stevenson also toured a huge Korean Army training base at Kwangju in South Korea, took a close look at the deadly American Sabre jet fighters and met the leading American jet ace, Col. Royal N. Baker of McKinney, Tex.

At an airbase near here, Stevenson received a briefing on the MIG-killing tactics of the U. S. Sabres.
