

Jap Cabinet Quits; Yoshida Mentioned For Premiership

Emperor Says Resignation "Is Good"

By RUSSELL BRINES
TOKYO, Oct. 5 (AP)—Japan's cabinet, unable to hew to General MacArthur's decrees for a new birth of freedom in the fallen empire, quit today and aides of former Foreign Minister Shigeru Yoshida said an announcement on a new cabinet would be made tomorrow.

The day ended without official indication that a new premier had been named, and reports persisted that the moderate Yoshida himself would take the helm of government despite his own denials.

Emperor Hirohito accepted the resignations of Prince Higashikuni and his entire cabinet with the comment "that is good," and made it clear that he would ask MacArthur's prior approval of the next premier.

Yoshida, a career diplomat, told Japanese interviewers that "it is not I," but they pointed out that he "is always foxy and wouldn't admit it beforehand anyway."

Headquarters explained in a press release tonight that Yoshida's first call had been to inform the allied command officially of the resignation of the cabinet and that a new cabinet was being formed.

The newspaper Asahi today cited two "direct" reasons for the cabinet's fall: It felt that it couldn't carry out MacArthur's freedom directive; and it felt that it couldn't be responsible for maintenance of peace and order after the directed removal of leading police officials.

Imperial household sources earlier had reported that Hirohito was dispensing with the traditional advice of Japan's elder statesmen in making his new choice of a premier acceptable to the allies, and was discussing the matter only with Kido and Baron Hiranuma.

A Reuter's dispatch from Tokyo speculated that another former foreign minister, the 72-year-old Baron Kijuro Shidehara, one-time ambassador to the United States, had been offered the premiership and was considering acceptance.

The cabinet to be named by the incoming premier may not have army and navy ministers. Japanese government authorities said these posts have been retained up to the present to carry out demobilization of Japan's armed forces, now expected to be completed by Oct. 15.

The new premier's first job will be to take steps toward alleviating a critical food, fuel and housing shortage throughout Japan. He also may be called on to cope with political agitation stemming from American release of Japanese political prisoners and elimination of feudalistic thought control and other repressive measures.

Well informed Japanese sources said a demand for abolition of the emperor's current advisers was spreading among the people who were "in no mood to accept their continued control over the government."

LeMay Turns Down Senatorial Offer

CLEVELAND, Oct. 5 (AP)—Maj. Gen. Curtis LeMay, former chief of staff of the Twentieth bomber command, is the second Ohioan to refuse Gov. Frank J. Lausche's appointment to fill Harold H. Burton's unexpired term in the U. S. senate.

General LeMay of Lakewood asserted he was greatly honored by the offer but was unable to accept because he could not get a year's leave of absence from the army. He returned here last night from a meeting with U. S. Secretary of War Robert Patterson who, he said, told him acceptance of the appointment would require resignation from the army in which he served 16 years.

"I was greatly honored by the offer of the governor and of the people of Ohio but I did not see my way clear, for the sake of my family, to accept," he declared. Lausche previously offered the senate seat to former governor and newspaper publisher James M. Cox of Dayton, O.

Collegiates To Surrender

BUENOS AIRES, Oct. 5 (AP)—Col. Cilomeno Velasco, chief of the federal police, announced that the siege of Argentine universities would end today, when students barricaded within the institutions are expected to surrender the buildings peacefully.

Police this morning occupied buildings of seven schools of the Buenos Aires National university and arrested a large number of students. The police chief said he had ordered withdrawal of main police forces, leaving only guards at the universities.

The week-long strike of 30,000 Argentine students reached a violent climax last night when a 20-year-old student was killed by revolver fire during a student clash with nationalist groups in front of the University of Buenos Aires engineering school.

The death was the first in the rebellion of the students against the government's reimposed state of siege. The revolt began when the students of the six Argentine universities occupied their buildings in protest against repressive governmental measures.

Reports from La Plata University said many students had been injured in the fierce brushes with police and nationalists. The police carried the La Plata buildings by storm and ousted the students completely, taking several away in ambulances.

Survivor Of Plane Crashes, War, He Finally Wounds Self

Lt. Gerald Anderson, who survived three plane crashes and went through the war without a gunshot wound, is recovering in a base hospital on Guam from a bullet hole inflicted by his own gun.

He had finished patrolling and fighting over Japan before and during negotiations without a scratch. After it was all over, his pistol went off as he was cleaning it and inflicted a flesh wound in his leg.

Lt. Anderson, son of Mr. and Mrs. Ches Anderson, escaped injury in a plane crash during his training period. Later, his ship was damaged in combat and he had to ditch it in the Pacific, sustaining injuries about the head.

Somehow, he managed to stay afloat until picked up. Not many months ago as he was ferrying planes to Okinawa, the Japs attempted parachute landings behind the lines and that experience cost him another plane.

Buyers were Grady Cross, Lomax, Foster Conger, Sterling City, and B. T. Hill, Stanton, all long-time Cauble customers.

I. B. Cauble, founder of the herd, and his son, Rexie, are making preparations for the first auction sale from his cattle. As soon as weather permits, selection will be made of 50 top or equal females and at least a dozen herd bulls.

Sale date is Dec. 5 and Earl Gartin is to be auctioneer. Cauble is engaging a tent and will have it heated to insure comfortable conditions for the sale. He is enthusiastic about the event, pointing out that it is the first such he has ever held and that "it has been 30 years in the making."

Powell Creek Lake up foot after rain

Powell Creek Lake caught one foot of water as the result of slow rains Thursday and the Moss Creek lake level was increased by several inches.

This left the level at 22 feet and 10 inches in the Powell lake and 34 feet in Moss.

Girl Scout Leaders To Attend Training

Leaders and assistant leaders of Girl Scouts who are interested in attending the weekend camping training which will be held at Camp Louis Farr near San Angelo the weekend of Oct. 12 are urged to contact Mrs. A. A. Porter, camping chairman, not later than tonight.

Expenses will be paid for those who attend.

PEARL HARBOR WAR CRIMINALS MOVE INTO PRISON BUILT FOR AMERICANS

OMORI PRISON CAMP, Oct. 5 (AP)—Carrying their own luggage, 21 Japanese suspected as war criminals trudged through a driving rain today, climbed into army trucks and were transferred from the Yokohama jail to this desolate, bleak island stockade where captured Yanks once were humiliated.

The 21 included Adm. Shigetaro Shimada, former navy minister and six other members of the "Pearl Harbor cabinet," Lt. Gen. Masaharu Homma, soon to be tried at Manila on charges growing out of the Bataan death march, and others accused of atrocities.

Stettinius Says Enough Nations Ratify Charter

Only 29 Of 30 Approving Countries Necessary For Organization

LONDON, Oct. 5 (AP)—Edward R. Stettinius, American delegate to the United Nations World Security League, announced today that 30 countries had ratified the organization's charter—one more than necessary to bring it into existence.

Stettinius, who made the announcement at an open meeting of the league's executive committee, said 11 countries already had deposited their ratifications in Washington and that the other countries had sent word that ratifications were on the way.

Meanwhile, an argument developed within the league's executive committee over the question of postponing the first formal assembly of the league until after Christmas. With it came a hint that the executive committee was running into the same sort of difficulty that caused the collapse of the meeting of foreign ministers' questions of procedure.

Stettinius stood firm for convening the league assembly early in December. "I do not believe the quality of the work will suffer," he said. "The important thing is to bring into being the organs of the league."

PASSEAU BLANKS TIGERS, 3 TO 0

BRIGGS STADIUM, Detroit, Oct. 5 (AP)—In the greatest pitching masterpiece in world series history, fidgety Claude Passeau hurled the Chicago Cubs to a 4 to 0 victory over the Detroit Tigers today, to give the National leaguers a lead of two games to one in the fall classic.

Putting on an amazing show of control and curves before the largest crowd ever to see a series game in Detroit—55,500—the 36-year-old right-hander allowed just two men to get on base—one on a hit, one on a walk—as he set the Tigers down in order in seven of the nine rounds and never was in trouble.

Rudy York singled with two away in the second and was stranded. Catcher Bob Swift walked to lead off the sixth and was wiped out on a double play immediately afterward, and that was the entire extent of the Tiger power as the 36-year-old ten-year veteran in the majors handcuffed their heavy hitters.

This was the second one-hit game in series history, but for pure pitching records far outclassed the job Ed Reulbach of the same Chicago Cubs did in defeating the White Sox 7-1 in the second game of the 1906 series.

Where Passeau pitched a shut-out, Reulbach gave up a run. Where Passeau allowed but one base on balls, Reulbach was touched for six. Reulbach also was guilty of a wild pitch and hit one batsman. Passeau's performance under the dreary grey skies today as the Detroit half of the 1945 classic came to an end, was as clean as a cake of soap.

His mates put the game on ice for him in the fourth inning when they tagged Lefty Stubby Overmire, the second Tiger southpaw to lose in this series, with two runs. They added another unnecessary marker off Al Benton in the seventh and Passeau coasted home, retiring the last 11 men in order after Swift walked in the sixth.

Navy Boss Of Oil Refineries

By NORMAN WALKER
WASHINGTON, Oct. 5 (AP)—The navy was boss today over a third of the nation's oil refinery capacity.

President Truman seized the strike-bound plants in 15 states last night and put the job of getting them back into production into the navy's hands. Twenty-six companies were taken over.

Mr. Truman said the strike of 43,000 workers, which began Sept. 16, had caused "serious shortages" in fuel supplies of the armed forces, besides endangering essential production and "all forms of transportation."

There was no immediate indication whether the CIO workers would return at once to their jobs in the seized plants. Union President O. A. Knight reserved comment.

Elsewhere on the troubled labor scene:
1. A four-hour interruption in the nation's telephone service—except for dial phones—was scheduled today from 1 to 5 p. m., Central Standard Time, as a protest demonstration by the National Federation of Telephone Workers.

2. With 122,500 soft coal miners idle, the government intervened in another dispute: Secretary of Labor Schwellenbach invited John L. Lewis and bituminous operators, to meet with him tomorrow. The operators twice had refused to meet with Lewis, mine union boss, but Schwellenbach said today that the "mine workers will have adequate representation at your office at 10 a. m. tomorrow." He did not say whether he personally would attend the meeting.

3. Schwellenbach promised a statement during the day reviewing the whole reconversion labor picture.
4. A meeting was scheduled during the day to arrange final plans for the labor-management conference called by Mr. Truman to fix a formula for settling labor troubles.

Vice Admiral Ben Moreell, chief of the navy's bureau of yards and docks, drew the assignment of running the seized oil facilities. His first act was to send messages to plant managers to act for the government.

It appeared that for the present at least there would be no increase in oil workers' wages.
Acting Secretary of the Navy H. Struve Hensel told a news conference the navy would not try to deal with the union demand for a 30 per cent increase without an order from the War Labor Board.

Chairman George W. Taylor said WLB had not been asked to weigh the wage question.
Hensel said the navy intends to maintain navy personnel at plants only for minor supervision. He wants, he added, to avoid stationing military patrols.

"We won't start that way," he asserted, "but we will do anything necessary to see that the law is not violated."
The president directed a number of government agencies, including the department of justice, to cooperate with the navy "to the fullest extent."

Hensel estimated it would require two weeks to restore full production in the strike-bound plants even if workers get back on the job immediately.

Nazi Slow Death For Allies Plan Revealed

LONDON, Oct. 5 (AP)—The Nazis planned a slow death by poisoning for the invading allies, and suicide for themselves if all else failed, the United States war crimes commission has disclosed.

Secret Nazi papers made public by the commission revealed a plan for introducing a delayed-action poison into alcoholic beverages which "friendly folk" would offer invading troops. Poison pills and capsules also were to be prepared for Allied soldiers coming to first aid stations for treatment.

The papers revealed that the problem of concealing suicide doses for themselves had been studied by the Nazis.

Speed of the Allied advance was credited with foiling the scheme.

DeAlva McAlister Honored At Bridal Party Thursday In McCrary Home

DeAlva McAlister, bride-elect of Paul Graham, was honored by Nell Rhea McCrary at a bridal tea Thursday evening in the McCrary home.

The receiving line included the hostess, who wore a blue dress with a white gladiol corsage, Miss McAlister, gowned in black with a corsage of peach colored gladioli, Mrs. O. H. McAlister, in black and gold with peach gladioli, and Mrs. Paul Graham wearing green with white gladioli.

Registering guests was Morine Trigg, who wore blue with white gladioli. The guests were registered in a white book at a table decorated with a small colonial nosegay formed of white baby chrysanthemums showered with white ribbons.

A white damask cloth covered the tea table, which was centered with an arrangement of white gladioli, chrysanthemums and fern placed on a broad band of blue metalline ribbon on which were "DeAlva" and "Paul" in gold letters.

On either side of the flowers were four tall, white tapers placed in crystal star-shaped candelabra. Mrs. Dale Puckett presided at the silver tea service, and others in the house party were Mrs. Carlsson Hamilton, Mrs. Lorenz Gast, Mrs. Grady McCrary and Mrs. Elviss McCrary.

Arrangements of white gladioli were placed about the entertaining rooms, which were lighted with white candles. The buffet held a brandy sipper with ivy and white candles.

About 150 guests called and viewed gifts which were on display.

Forestry Week Slated To Begin October 21

AUSTIN, Oct. 5 (AP)—Forestry week will be observed in Texas beginning Oct. 21.

Observance of the week, suggested Gov. Coke R. Stevenson in a proclamation, should emphasize the need for conservation and protection of forests, especially in view of a national need for more than 500,000 new homes.

The 35,000,000 acres of Texas forests constitute one of the state's most valuable natural resources and with adequate care and protection will be perpetually renewable, the governor suggested.

Cleaners Keep Kegling Lead

Hartley's Cleaners maintained their advantage at the top of the Women's Bowling league by decisioning the Bottlers by a 2-1 win in the feature match of the Wednesday night competition at the West Texas alleys.

Despite the fact that they boasted a single high game score of 614 and the best in a three-game series with a mark of 1,749, the Soft Drink quintet dropped two games off the pace and found themselves in a deadlock for third place with Hester's Sports Shop.

Led by Edna Drennon, who used a 210 in one game to roll up a score of 524 for her evening's work, the Hester clan edged Schlitz Beer in two of three tests.

Hiway Park received a forfeit from Cosden Refinery due to the fact that the Oilers could not field enough players.

Jack Smith Tells South Ward P-TA Of Community Memorial Center

Members of the South Ward Parent Teachers association met Thursday afternoon to hear Jack Smith, representing the Big Spring Athletic association, discuss plans for the building of a memorial community center.

Smith explained that the center will be one available for the various activities of the school children, and will be erected as a memorial to Big Spring veterans. At the executive meeting preceding the regular meeting, the yearly budget was approved, and passed on to the entire unit, where it was accepted.

The meeting was opened with a song, "Beautiful Dreamer," by Mrs. A. B. Brown, soloist.

A circus entertainment will be held on October 26 in the high school gymnasium, at which time there will also be a food sale. Mrs. C. S. Edmonds, who presented the year's budget and financial report, and explained that the proceeds from the entertainment will be used toward the purchase of a motion picture projector for the school.

It was urged that fathers of children of South Ward join the mothers in taking part in the project. In giving a report on the P-TA council meeting, Mrs. H. W. Smith

told members that it had been decided that the setting up of school lunchrooms would be the project for each unit.

Mrs. W. E. Wright was named as delegate to the P-TA convention to be held in San Antonio on Nov. 14. Mrs. Lee Rogers, vice-president, was made alternate delegate. Also at the business meeting it was announced that Mrs. Brandon Curry will fill the position of membership chairman, vacated by Mrs. Vernon Logan. The new chairman urged 100 per cent attendance for the unit.

Mrs. Joe Blum reported that the South Ward study group will meet each third Thursday at 1:30 p. m. for an hour and a half session.

Mrs. S. M. Smith's class was winner of the room count. Attending were Mrs. S. M. Smith, Mrs. George French, Mrs. E. Rowe, Mrs. C. H. Tigers Flex Muscles After Kayoing Cubs

By SID FEDER
DETROIT, Oct. 5 (AP)—The big "clutch" game—the crucial third fumble—comes up in the world series today, and the National leaguers are wondering if there isn't some way they can get Hank Greenberg out of town.

The chief reason for this is that likeable, lanky Hank is "money" in the bank up there any time, as one veteran National leaguer put it yesterday when Greenberg's three-run homer in the fifth inning gave the Tigers a 4-1 win over the Cubs in the second series scuffle and tied it all up like a Christmas package at one game apiece.

To many of the older hands in the industry, this third game is a "must" win in the series whenever the two teams split the first two games. The loser then has the load of taking three of the next four, while the winner can roll along on 500 ball the rest of the way. It is extra special stuff for the Tigers today, because it will not only put the Bengals one down if they blow it, but would leave them in a spot where they'd have to win three out of four games in the enemy's backyard.

Manager Steve O'Neill, still believing southpaw hurling can stop the Chicago shotmakers in spite of what happened to Hal Newhouse in the opener, is relying on the squat southpaw Stubby Overmire, an erratic little twirler who wound up the season with a nine-and-a-half win-loss record. Against him there'll be the Cubs' lie-sure-performing Claude Passeau, who won 17 and lost 9 this year.

Hank's been the big number ever since he came back from the army last July. He put the Bengals into the world series with a homer last Sunday. He kept them in it with another yesterday, just when Wednesday's 9-0 defeat and a 1-0 lead the Cubs grabbed in the

HANK GREENBERG

fourth inning of the second game made it begin to look as if Detroit was just in the fall frolic on a rain check.

Furthermore, yesterday's game probably was saved when Hank heaved a "strike" from left field to the plate in the first inning to cut off a run that looked like it was about to touch off a Cub scoring explosion such as the Chicago clouters unloaded in the opener.

Looking Em Over

A man who likes his football well enough to take on the job of coaching at Lakeview (negro) school is Frank Miller. The amicable Miller isn't paid a farthing for his efforts but he's out every afternoon with his charges and tonight sends his team into action before the home folks for the first time. His Lions are booked for a 7:30 go with the Sweetwater Bobcats.

Miller absorbed his football at Texas College, Tyler, from 1937 through 1941 where he played end under E. V. Rettig, a Wilburforce alumnus. During Frank's four years at the Tyler school, the club won three conference and a national championship. Miller's greatest year and his stellar thrill materialized in 1938 when the Steers—as the Tyler eleven was known—defeated Kentucky State for the Negro National Intercollegiate championship. The title bout was played in the Cotton Bowl as a feature of the state fair.

At the time Frank was in school, Tyler competed in a loop that had Bishop (Marshall), Wiley (Marshall), Prairie View (Hempstead), Southern (Baton Rouge), Arkansas State (Pine Bluff), and Linkston of Oklahoma as other members at the time.

The Lakeview club is playing with inferior equipment—some outmoded togger discarded by the high school team—but the fact that they are not the fashion plates does not quench their enthusiasm.

Miller, and the entire staff of the Lakeview school for that matter, are to be commended for the superlative job they are doing in helping discipline the minds and the bodies of the students of their institution.

In establishing and maintaining a school for their race in that section of town—and they've kept classes going in the face of almost insurmountable obstacles—the negro faculty has accomplished a most unselfish and admirable mission. Given the proper co-operation, they are certain to make further progress.

Sports addicts who cannot negotiate the trip to Odessa can treat

themselves to an arresting evening by attending the Lakeview-Sweetwater bout.

Our picks in the week's grid battles:

Odessa over Big Spring—Certainly there is room for argument here, and we hope the tea leaves we consulted were wrong. It looks like a couple of touches difference between the two teams with both outfits crossing the double stripes.

Lakeview over Sweetwater—We always ride with a winner and the Lions are batting a thousand thus far.

In other high school encounters, Highland Park should edge Waco, Amarillo stands fair to nudge San Angelo and Sweetwater will probably get around Ballinger.

On the college scene, it should be easier to increase the average since most of the crews are still playing warmup games.

It looks like Army over Wake Forest, Boston College over Brown, Pitt over Bucknell, Colgate over Penn State, Penn over Dartmouth, Holy Cross over Yale (a tough one), Princeton over Lafayette, Navy over Duke, Temple over NYU, Marquette over Villanova, Indiana over Illinois, Ohio State over Iowa, Iowa State over Kansas, Minnesota over Nebraska, Michigan State over Kentucky, Michigan over Northwestern, Oklahoma A&M over Denver.

Also Purdue over Wisconsin, Tulsa over Drake, LSU over Alabama, Auburn over Mississippi State, Clemson over North Carolina State, Tulane over Florida, Notre Dame over Georgia Tech, Mississippi over Vanderbilt, Virginia over VMI, North Carolina over VPI, TCU over Arkansas, Rice over Southwestern, SMU over Missouri, Texas over Texas Tech, Washington over California, UCLA over Pacific, St. Mary's Pre-Flight over USC, and Washington State over Oregon State.

Skymasters At Full Strength For Game

FORT WORTH, Oct. 5 (AP)—Forty-four strong, the undefeated, unscored on Skymasters of the AAF Training Command left by plane today for Miami's Orange Bowl and their first road game, a Sunday tilt with the twice-beaten but still dangerous Fort Pierce Naval Amphibians.

Strengthened by the return of left halfback Johnny Clement of Southern Methodist and the Chicago Cardinals, the star-spangled skymen will be at full strength.

In their victories over Keebler Field and Fort Benning, the Skymasters ran up 56 points and piled up a total of 596 yards rushing and passing against a 248-yard total for their opponents.

Try Hot Water Plus After Meals For Acid Indigestion

If the thousands of unfortunate people who suffer from so-called dyspepsia, acid indigestion, food fermentation, sour stomach, flatulence, gas or other stomach distress brought on by excess acid would just try drinking slowly after each upsetting meal half a glass of real hot water containing one spoonful of Neutracid they can usually get amazingly quick relief in a very few minutes.

Neutracid is not a laxative—it is soothing and comfortable to the mucous membranes and very agreeable to take. Neutracid—a physician's formula can now be obtained at Collins Bros. and Cunningham & Phillips or any first class drug store. (adv.)

In Hypocanino Role—Locals Outweighed And Outgunned In Tonight's Odessa Assignment

John Dibrell and his intrepid band of Big Spring high school football Steers can proffer little but blood, sweat and the proverbial tear in this evening's 8:00 o'clock encounter with the fearsome Odessa Bronchos in the latter's own stadium.

A party who would go so far as to pick the Longhorns to trip the Hosses could be accused of looking forty ways for Sunday. Any rational gent will tell you that the locals are just going along for the ride.

However, if the decision is to be surrendered, it's going to be wrested from the Big Springers on the playing field and not decided at any betting booth. For the Steers are cocked and primed to shoot their all at the high flying Ector county gang.

The grey-hatched tutor has concentrated all week on the obligation of drilling his lads to stop an ersatz J. W. Thompson, the big wheel of the Bronc machine. Scrimmage has been rationed for some time due to the fact that the Longhorns are just emerging from a long and lethargic battle with various and sundry illnesses.

Mythically, the 181-pound siege gun of the Odessa troops has been attacking at Big Spring positions all week. He hasn't had much success. The locals figure the Hoss offensive will go on the fritz if Thompson is slowed and tonight they'll zero their sights on the master mechanic.

Then they confidentially expect to stampee in the direction of the Odessa pay-off stripes.

They figure they've got a trump in the deck who can keep pace with the Bronc secondary ace in any department of the game. That would be Hugh Cochran, versatile

half.

The 150-pound three-year veteran figures on ample help from Jackie Barron, who influences the Fairbanks to do 140 pounds, Bob Miller and Bobo Hardy. Barron will be the pilot if the Longhorn attack starts an aerial bombardment. His principal target is due to be Cochran, who employs his fleetness afoot with a deceptive tour into No Man's Land, plus the two wings, Ensor Puckett and Mary Wright.

Puckett, incidentally, has come up from nowhere to outmaneuver Letterman D. D. Douglass for the left-end spot.

Dibrell relates that his brood is feeling shipshape for the first time in two weeks, having for the most part divorced themselves of the unwelcome typhus threat.

The Big Springers will be outweighed both in the forward wall and the secondary, but the prospect of having to face a heavier eleven will be no new experience for the Black and Gold.

From stem to stern, the Steer line will average 151 pounds, considerably lighter than the 163 the ordinary Odessan will tote onto the gridiron. Behind the line, the locals fare little more impressively, as far as the tonnage goes. Thompson's 181 pounds pushes the Odessa average avoirdupois to something like 158, an eight-pound pull over the Herd.

Starting lineups (with weights):

Puckett 150	LER 157 Taylor
Harris 162	LTR 176 Evelt
Robb 150	LGR 156 Tucker
Clinkscales 132	C 160 Foster
Casey 150	RGL 169 Marcell
Hollis 165	RTL 170 Dowden
Wright 150	REL 156 Partridge
Barron 140	QB 165 Fry
Cochran 150	HB 165 Townsend
Hardy 150	HB 137 Holdm'n
Miller 138	FB 181 Thomps'n

Lions Bid For Second Win At Steer Stadium Tonight

Those of the sporting gentry who do not make the expedition to Odessa with the Big Spring high school Steers have opportunity to kibitz while two of the better colored elegants of West Texas tangle in their own backyard.

That would be Coach Frank Miller's Lakeview school Lions of Big Spring and the respected Sweetwater Bobcats, who come to grips in Steer stadium this evening along about 7:30 o'clock.

Miller's stalwarts are licking their chops after a pleasing 31-0 triumph over Midland's Bulldogs that came about last week and are looking forward with confidence not only to the Sweetwater clash but to encounters with Lubbock and San Angelo.

The Big Springers will not be at full strength for tonight's bout. Claude Tucker, 190 pound fullback powerhouse, has not worked out for several days and is not expected to suit out for tonight's setto.

He will probably be replaced by Edward J. Wright, 170-pounder who has shown promise in recent weeks.

The Lion mentor will build his hopes around the 159-pound Henderson "Junior" Crockett, who scored two touchdowns against Midland, and Harry Dooley, 152. Dooley also had a six-pointer against the Bulldogs.

Others due to line up for Big Spring on the opening kickoff are Clarence Pollard, 145; Hank Jones, 135, and Milton Brown, 140; ends; Conroe Stanford, 140, and C. T. Cooper, 135, tackles; Wesley Moore, 185, and Wallace E. Ringo, 153, guards; and Pete Jones, 160, center.

Miller, who learned his football as an end for the Tyler College Steers where he was a regular from 1937 through '41, has had a squad of 14 working out daily on

the school grounds and all are due to see action. The Lion tutor employs the double-wingback made famous by Pop Warner, a system that is still popular despite the innovation of the T.

Ducats, which can be had by adults for 55 cents each and are

going to students and soldiers for 30 cents apiece, are obtainable at Hester's Sports Shop, Westernman's Drug store, city hall water department, J&L Drug, Collins Bros. Drug, the Cotton Club cafe and, of course, at the gate.

Most Southwest Loop Teams Face Rough Sailing In Week's Tests

By HAROLD V. RATLIFF
AP Sports Editor

There is strong likelihood that the Southwest conference will have only one undefeated team after this weekend's battles.

Texas gets Texas Tech, a team that doesn't appear to have the guns for an upset, at Austin. Season records indicate the Red Raiders won't be able to approach marring the Longhorn's record.

The other members of the triumvirate—Texas A&M and Texas Christian—face tough opponents on foreign fields.

Texas Christian expects, and rightfully so, to run into all sorts of trouble up in the Ozarks in a joust with Arkansas. Texas A&M isn't figuring on Oklahoma University being in the category of soft touch at Norman.

Completing the Saturday schedule Southern Methodist meets Missouri at Dallas and Rice engages Southwestern in a night game at Houston.

Texas Tech had trouble beating Southwestern 7-0. Texas crushed Southwestern 46-0. The Red Raiders also lost to Texas A&M 16-6, never proving dangerous to the Aggies.

The TCU-Arkansas game looms as one of the decisive battles of the conference loop. Both are rated with the top four of the campaign and in this contest it appears the whirlwind Horned Frog serial offensive will be put to a rugged test. Arkansas has the best defensive record against passes of any team in the conference.

Texas A&M should take Oklahoma but the margin probably will be narrow. The Sooners could win the game and occasion no surprise.

Southern Methodist meets a twice-beaten Missouri team and ought to win handsily enough and Rice should finally break into the win column with Southwestern.

Hitting all except one last week kept our chest inflated. Guess we'll never learn when to quit and here is this week's "experting":

Texas Christian vs. Arkansas at Fayetteville—A game worth going miles to see; lots of scoring and lots of good football. Texas Christian by a whisker.

Texas A&M vs. Oklahoma at Norman—Oklahoma had sooner win than lose but the Aggies will be a little too soon for the Sooners, A&M, by a touchdown.

GOOD? IT OUGHT TO BE GOOD!

Sure, the New Phillips 66 is a swell gasoline

Why Not?

We'd be ashamed of ourselves if it wasn't! Since Pearl Harbor we've put every ounce of sweat and energy we possessed into perfecting the finest combat fuels the world has ever seen.

Millions of dollars worth of new equipment

...hundreds of thousands of man-hours and brain-hours... weren't spent in vain!

Good gasoline? Man, it ought to be good!

And if you're one of those who aren't surprised that Phillips research and Phillips know-how have produced a world-beater of a gasoline, here's a little thought you can tuck in your hatband:

The most important thing about a Phillips 66 Service Station is still the man who runs it. Yes, he can give you fine gasoline. But he'll also give the consistently high standard of thoughtful, courteous service that has always characterized the sign of 66.

Opportunity In Paving With The News

Big Spring residents will be interested in the resume of city paving and other plans as outlined before the Kiwanis club here Thursday by B. J. McDaniel, city manager.

He reaffirmed the commission's project of 50 blocks of paving according to program each year. But in addition to this, another 100 blocks of surfacing will be possible if property owners sign petitions agreeing to pay their share of the program.

This adds up to a whole of a lot of paving. The normal program amounts to nearly three miles per year and the optional program would add around six miles more.

This is the possibility. We do not believe we will make full use of it, although it would be wonderful if we could. The cost is the fly in the ointment. As it is now contemplated, the cost to property owners would be about \$3 per running foot or \$150 for a 50-foot lot.

Fiddlesticks!

Esme of Paris comes forward with the suspicion or suggestion that the well-groomed American woman doesn't bathe often enough. Fiddlesticks! Among our most vivid memories are those waits in the parlor while milady lounged in the tub.

Today the Japanese cabinet resigned rather than obey MacArthur's order. The Mikado is said to have remarked, upon receiving the resignations, "that is good and I accept."

And just what is the gripe of this synthetic Parisian (she is neither French nor is she from Paris)? Ah, it is because the "good perfumes of America and Paris are not making the proper dent in this country" because women do not bathe enough.

Friendly Little Fellow Living In The Scales

By JACK RUTLEDGE Associated Press Staff

A weighing machine in front of a Waco furniture store is creating a certain amount of consternation among, particularly, the women customers.

A small gray mouse has made his home in the machine. Patrons drop their coin in the slot and wait for the window to flip back and reveal their weight and fate.

Some women scream. Others are dumbfounded. Many move in a hurry. A clerk will come out and explain that a mouse lives there, and most customers are too bewildered to inquire further.

An employee said the mouse was "really a friendly little fellow." But when anyone who has recovered sufficiently from the shock to tap on the window, the little gray mouse glares with what some claim is a very annoyed expression.

And doesn't move. One can't blame women for not feeling too friendly toward rats and mice. Take the case of that Lufkin rat that struck back.

A rat was seen in the Texas Power and Light company plant at Lufkin. L. K. McKewen chased it away. The rat returned. McKewen tried to shoot it off a second time.

But the rat wouldn't shoot. It proceeded to bite McKewen on the leg. To keep this from being completely ratty, here is an item about fish. Or fishing, to be exact.

An Abilene manufacturer soon will be producing a novel boat for fishermen. It is made in three sections and fits into the turtle back of a coupe.

It takes only five minutes to assemble the boat. Ready for the water, it is about 12 feet long, 32 inches wide.

L. T. Reed, manager of the E-Z-Tote Boat Works, holds the patents. RETURNS CHURCH BELLS - ANTWERP, Oct. 5 (AP) - The British steamer Lys docked here yesterday with 765 tons of Belgian church bells stolen by the Germans.

It really looks as though we are getting ahead with the colossal task of eliminating despotism, militarism, barbarism and the other isms of evil from Japan and Germany.

Indeed, in the case of medieval Japan, the sudden removal of government repression of thought and action from the public has created a situation that may result in rebellion to do away completely with Nippon's ancient autocratic rule.

"The Japanese government," said the Potsdam declaration, "shall remove all obstacles to the revival and strengthening of the Japanese people. Freedom of speech and religion and of thought, as well as respect for the fundamental human rights, shall be established."

This recently was emphasized in a directive from Washington, and MacArthur was told that if the people resorted to the use of force in seeking political reform, he wasn't to interfere any more than necessary to protect United Nations interests.

The supreme commander yesterday decreed a magna carta for Japan. He ordered the government to remove all bars to freedom of speech, religion and assembly. He further decreed the disbandment of the "thought police," which were the equivalent of Germany's Gestapo, and ordered the release of their 3,000 political prisoners who had been locked up--some for many years--for expressing ideas displeasing to the pre-republican government.

Today the Japanese cabinet resigned rather than obey MacArthur's order. The Mikado is said to have remarked, upon receiving the resignations, "that is good and I accept."

As the result of this explosion, neutral observers believe that rebellion against the imperial regime is a strong possibility. I don't think we should jump to conclusions at this juncture, but simply recognize that the potentialities of a popular upheaval are there.

The best place for perfume anyhow. That leaves us spellbound. About the only reaction we can muster is: "Screwball!"

Bridge

With The AEF: Jap Bows To Coolie After Four Years Of Slapping

By SPENCER DAVIS (Substituting For Hal Boyle)

TIENTSIN, China, Oct. 5 (AP) - It happened just before American marines returned to North China after an absence of nearly four years.

Japanese soldiers were riding down the Rue de France on bicycles, looking over the crowd that assembled to honor their enemies.

One Nipponese collided with a coolie on another bike. Both dismounted to disengage their wheels. As the Japanese soldier mounted again he bowed to the coolie. The crowd howled with laughter.

A young Frenchman turned to me and shrugged his shoulders. "That wouldn't have happened ten days ago," he said. "The coolie would have been slapped and beaten if he had been unfortunate enough to collide with a soldier of the emperor."

There was, nevertheless, no open hostility shown toward the Japanese forces--and for cause. Nipponese soldiers still walk the streets with guns slung over their backs.

Low-Priced Clothing, Extra Pants With Suit Depend Upon New CPA

By JAMES MARLOW WASHINGTON, Oct. 5 (AP) -

You have a stake in what President Truman has just done. Things like these are involved: Whether you get low-priced clothing, two pairs of pants with a suit, a vest with a double-breasted coat, or puffy sleeves on your dress.

Mr. Truman yesterday ordered the War Production Board (WPB) scrapped Nov. 3. For it is substituting the Civilian Production Administration (CPA). A brand new agency, it's new in name. But that's about all.

It will carry on WPB's work, keep all its powers and controls. Since this is so, why the change at all? WPB officials say this: WPB was a wartime agency and, as such, it's job is done. The war's over. So is war production. So an agency controlling civilian production should take over. It's really the same agency under another name.

At its peak WPB had about 25,000 employees. That's been cut. CPA will have about 2,500. Here's an example of WPB-CPA work: Until goods are more plentiful, WPB has forbidden two pairs of pants with one suit, or a vest sold with a double-breasted coat. It's put a limit on the amount of goods that can be used in other ways. Such as puffy sleeves in a woman's dress.

The government wants to be sure a certain amount of low-priced clothing is made. It largely disappeared during the war. For this, it has set aside 160,000,000 yards of cotton cloth, 115,000,000 yards of rayon, 30,000,000 yards of woolsens.

Manufacturers of low-priced clothing can go to the government and get a priority--first claim--on those set aside materials. Manufacturers of higher-priced stuff will have to take their chances in buying from the mills what they make above the amounts mentioned above. They can't get priority help from the government. CPA takes over Nov. 3 but its powers, under the law, expire Dec. 31. It will be up to congress then.

Postal Receipts Up For September, Year. Postal receipts during September, jumped to \$13,522,18, an increase of \$1,707,36 over the same month a year ago and well above the \$11,721.16 for August. Postmaster Nat Shick said that receipts for the third quarter amounted to \$38,447,80, a gain of \$3,852.09 over the same quarter a year ago.

MacArthur Almost Censured Once

By DREW PEARSON

WASHINGTON - Now that President Truman is having his troubles with General MacArthur, he probably looks back on an off-the-record session of his Truman committee where MacArthur was a hot topic of discussion.

The question was whether MacArthur should be publicly spanked in a Truman committee report for his negligence in losing 300 planes on the ground in Manila, after the Pearl Harbor attack had warned him to be prepared.

A brief reference to this was contained in the Truman committee report scheduled for release on March 4, 1944. Copies of the report were in type and circulated confidentially to all committee members. The criticism of MacArthur read as follows:

"Censorship is an insult to the patriotism and intelligence of the American people. In the past, it has led to many unwise acts, such as the concealing of facts known to the enemy, and even the dissemination of distorted information. For example, the Japanese knew perfectly well the destruction they had wreaked upon our air-planes in the Philippines, but for two years the war department requested that it be kept secret from the public that 300 planes were destroyed on Philippine airfields a number of hours after the attack on Pearl Harbor was known."

"The loss was only recently made public, and there is at least a suspicion that part of the reason for requesting the committee to consider the information 'secret' was the desire to avoid resentment by the public of the loss of 300 planes which would have been so valuable to the defense of the Philippines."

When this came before the full Truman committee, however, two democrats, Hatch of New Mexico and Connally of Texas, objected, together with one republican, Ball of Minnesota. They did not believe the committee should criticize MacArthur.

Truman, on the other hand, felt that MacArthur's being caught with his planes on the ground at Manila was even more serious than at Pearl Harbor, since he had had advance warning, and since he lost even more planes than at Pearl Harbor.

However, in deference to the three rebellious senators and following his principle of counting committee unity, he yielded. The criticism of MacArthur was taken out.

Note--The Pearl Harbor report now shows that General Marshall telephoned Manila on the morning of December 7, to beware of a Jap attack, though he only warned Pearl Harbor by slow commercial cable. In other words, all the fears of the general staff were that Manila would be bombed first. Thus, MacArthur had two warnings, General Marshall's and when the Japs hit Pearl Harbor ahead of the Philippines.

G. I. Chaff. One naval station where they really grease the discharge skids is Wildwood, N. J., carrier aircraft service unit. Twelve per cent of the navy men at that station were discharged in a single month. Men who have almost enough points for discharge are given medical examinations in advance, then sent home immediately they get sufficient points. Congratulations to Comdr. John Donovan, the skipper at Wildwood. . . . Joe O'Connell joined the 413th Infantry just outside Aachen. He fought all the way across Germany. Luck was with him. His wife and two children rejoiced that he never got hit. But the other day at Camp San Luis Obispo, Calif., his outfit was

Officers Elected At Organization Meeting Of Local Junior Patrol

An organizational meeting of eighth and ninth grade boys selected to serve on the Junior Patrol was held Thursday morning at high school and officers were elected. Members of the group were chosen from 140 volunteers and were selected on high character, good grades and energy. Chief of Police A. G. Mitchell, Traffic Officer Jack Harrison and Walter Reed, principal, made the selection. To serve as officers are Don Freeman, captain; Bill Sewell, lieutenant; Manuel Mays and Jerry Don Rogers, sergeants; DuWayne Nowell, custodian; and Roy Smith, secretary and reporter. Other boys chosen include Harold Gene Bledsoe, Albert Castillo, Joe Dickson Rhodes, Mark Harwell, Jr., Leon Heckler, Wyatt Lancaster, Frank Lane, Jr., William Rockley, Jr., Roy Mac White, Dilas Woods and Woody Wood.

Terry Rumored On Way Back To Baseball

By JERRY LISKA
DETROIT, Oct. 5 (AP)—One of the more persistent whispers you hear around the series soda shoppes is that Sweet William Terry, the Memphis gentleman who used to manage the Giants, may be coming back to baseball next year as boss of the Boston Braves.

The Chicago Cub survivors of the 1935 world series against Detroit—both batting flops of that show—are heading the hit parade in baseball's current battle royal between the same two contenders. They are First Baseman Phil Cavarretta and Third Sacker Stan Hack, each owning a .500 average as the blue ribbon competition swings into its third day.

Cavarretta, who was the real bust in 1935 with a puny .125 on three hits, all singles, in 24 trips, has started the present series with four-for-eight, including a double and a homer.

Hack went through the six games in 1935 with five hits in 22 appearances for .227. Now, he also has four-for-eight, including a two-bagger. That's really improving with age.

A statistical irony is the fact that Detroit's only extra-base blow in the first two games was Greenberg's payoff wallop which put the Bengals back in the running. The Cubs, on the other hand, boast six surplus-base hits—including Cavarretta's homer, Nicholson's triple and two-baggers by Cavarretta, Hack, Andy Pafko and Don Johnson.

Texas Cowboy Figure In Rodeo Victories

NEW YORK, Oct. 5 (AP)—Clyde Herbert, Beaumont, Tex., won first place in the bull-riding contest at the Madison Square Garden rodeo performance last night. Four other Texans placed in the events.

The Texans are: John Chapman, Fort Worth—3rd bareback bronc riding. Roy Matthews, Fort Worth—3rd calf roping. Eddie Hovenkamp, Fort Worth—3rd steer wrestling. Jim Whitman, Clarksville—2nd bull riding.

Loan Company Sets Stockholders' Meet

Annual stockholders meeting of the Big Spring National Farm Loan association is scheduled for 2 p. m. Saturday in the office of R. J. Driver, secretary-treasurer. Aside from the report on the association's operations and plans for the coming year, the program will include short talks and suggestions from members. One director will be elected to the board this year. Members of the board are Walter Robinson, M. M. Edwards, A. J. Stallings, D. F. Bigony and C. H. DeVaney.

McDaniel Outlines Ambitious Projects At Kiwanis Lunch

City projects, including an ambitious paving program, were outlined before the Kiwanis club Thursday by B. J. McDaniel, city manager.

The city commission, he said, has adopted a program of 50 blocks of paving per year for the next five years, already having earmarked the streets for the early stages of the project. In addition, said the manager, the commission was prepared to authorize up to 100 more blocks per year upon petition of property owners along other streets.

The regular program, he estimated, would involve a cost of around \$45,000 per year. If the maximum amount was undertaken over five years, the total outlay would be approximately \$685,000. Under the current set-up, the city would bear one-third of the cost and owners of property on either side of the street would care for the other two-thirds. The first work will be done within 60 days, McDaniel predicted, explaining that curbs, gutters and base would be installed during winter months and the topping next spring and summer.

Other objectives are: Water supply development; repair of lake spillways; flood control; water and sewer extensions; health unit building; recreational areas; street markers; airport administration building; sub-fire station; relocation of traffic lights beautification projects.

A quartet composed of Mabel Smith, Leatrice Frost, Janice Yates and Maxine Moore and under direction of Mrs. Anne Gibson Houser sang for the club.
