Rain Tuesday, Names of Candidates In Campaign Will Be Given Next Week

Life-Saver

Next Thursday the name of the persons nominated thus far in The Hereford Brand New Deal "Everybody Wins" \$3200.00 Gift Election will be published—the first time anyone will have an opportunity to see just who are seeking the great capital prizes.

Will YOUR name be on the list? Unless some real activity takes place between now and then, the Brand predicts that the list will surprise a good many people who may exclaim wonderingly, "Is that all that have entered so far? Why I thought there'd be lots more than that."

Next Thursday the name of the persons nominated thus far in The However, the fact that the campaign is progressing toward an end does not mean that your chance is gone; ft simply means that the time is at hand when you must seize the golden opportunity if you are going to do so. Subscriptions still count most heavily in votes during This period, and because there are so few candidates who have an excellent opening to roll up your sleeves and place yourself among the leaders in a jiffy.

Nominations will be received up to 9:00 p. m. Wednesday, August

I thought there'd be lots more than that."

The list certainly would surprise you if it were published today. With only a few more weeks remaining until the mammoth New Deal campaign comes to a close, there are still many sections of the city and country without representatives. Quite likely you nominations will be received up to 9:00 p. m. Wednesday, August 29, for Thursday's list. Fill out your nomination blank and have a talk with the campaign manager here before that time, and you will find your name in the list and yourself on the way to the biggest dividends you have ever drawn in your spare hours.

Copies of the report were sen to Adam R. Johnson, state relief administrator; Senator Clint Small, Representative H. K. Stanfield and the legislators at the special 'bread bond' session beginning August 27.

Adult School To Start Next Month

An adult school similar to the one held last year in this county will be opened around the first of September, according to plans bewas originally scheduled to run ing formuated by the project officials this week.

Courses offered in the school will depend upon the demands of the pupils enrolled. If sufficient interest is shown, classes following the outline of the correspondence courses by the University of Texas will be used. In this way adequate work will be taught in a most inexpensive manner.

Two or three teachers will needed to carry on the school work. Any unemployed teacher holding a valid certificate and having been in the state a year and in the county six months is eligible to Teachers and pupils are urged to enroll as soon as possible in order that the school may be started September 1.

"We are especially auxious to get classes for the high school graduates who hope to continue their work in college in the near future and those who wish to get a foundation in some subject that may be economically helpful," said Miss Lillie Hostetler, librarian, who is in charge of the project.

CLERK'S OFFICE GOOD PRISON, SAYS VICTIM

"Stone walls do not a prison make,"—or something like that the poet wrote.

"Phooey!" replies E. C. Eubanks. Maybe he says "Nuts." Or something equally derisive and at the same time restrained. Mr. Eubanks has first hand

information that stone walls do a prison make, especially the stone walls surrounding the office of the county clerk in the Deaf Smith county court house.

_It all happened Tuesday noon when Eubanks was in the basement below the office which can be entered only via a spiral stirway in the office. He was down there when Mrs. Effa Rutherford, deputy clerk and keeper of the only key, decided it was time to go to lunch. So she went to lunch, locking the door behind her, unmindful of her visitor in the basement. It took a let of yelling and

a trip to Mrs. Rutherford's house before he was released. So completely was he locked up that he had a pronounced 'prison pallor' upon emerging.

CHEVROLET'S Spare Power

A lot of people say that they do not care o use fast speeds in driving, but it is mighty nice to know that an engine that will develop nigh speeds with ease will also operate much moother at lower speeds than an ordinary engine.

Chevrolet's big 80 horsepower blue flame engine is built to operate smoothly at all speeds and its economical gasoline and oil consumption, with its lightning pick-up and smooth performance at every speed will delight any motorist.

Chevrolet's celebrated knee-action gliding ride will convince anyone. "Drive it only 5 miles and you will never be satisfied with any other low-priced car."

SHOWER HONORS MRS. TOM ROBINSON

The home of Miss Odella Flow ers, 220 East Second street, was the scene of a lovely miscellaneous shower given in honor of Mrs. Tom Robinson, the former Miss Mattie

K. Sherman. "The Waltz You Saved For Me" and "Falling Waters" were played by Miss Anna Lee Houser, followed by Miss Anna Lee Houser, followed by a reading, "Pickling Your Hus-band," by Miss Beatrice Buchanan. The bride was then given a sock to mend. After the sock was care-fully mended it was passed so that everyone might see it. Everyone agreed that the bride was ready

for a shower.

Pink and white colors prevailed.

Refreshments of ice cream and cake were served to 30, who wished the bride a happy life.

Every time you think of more miles per gallon, especially in hot Summer weather, think of Phillips 66 . . . the greater gasoline.

It always delivers maximum power and miles on a minimum amount of fuel - every month in the year-because every month it is seasonally adjusted by the VOLATILITY.

This makes it a superior Summer gasoline in Summer; a great AUGUST GRAVITY 60.5° TO 65.1°

cold-weather gas in Winter.

Phillips invented, developed, tested, and perfected this scientific seasonal change of gasoline specifications. Controlled VOLATILITY is accepted, acclaimed ... and imitated! So whenever you read or hear of climatic adjustment of gasoline at the refinery, Phillips process of CONTROLLED remember that Phillips did it FIRST . . . seven years ago!

That is why Phillips 66 today is a gasoline so outstanding that you quickly feel the difference. Even one trial tankful will prove its cooler anti-knock power; its pickup, speed, and economy.

"You're too modest!"

Motorists who got the first G-3's put outmonths before the public announcement-say, "You're too modest!" Many of them report 50% to 100% more non-skid mileage. Why, then, do we insist on only 43%? Well, 43% is a definite test-car-proved figure. Very likely it is low fornormal use-because the tests which established the 43% average were gruelling: cars speeding up to 50, jamming on brakes, mile after mile, day and night. Very likely most motorists will get more than 43% more non-skid mileage. But we'll string along with 43%—because it's plenty to deliver at no extra cost. Come see the tire that's the talk of the nation.

DISCOUNT THE RUMORS

Election time is at hand. And with it comes an evil, which i not checked, can work cruel and unjust hardships on candidates. It is the evil of rumors which overzealous friends of candidates are prone to create and spread.

It might start with a chance remark about a candidate. A listener will pick up the remark and elaborate it in repeating. And those following will do the same. It is amazing how many persons will believe the rumor and carry it on.

So let's just remember that all the candidates are folks like we are who have worked hard and spent good money in conducting the campaign and give them a square deal by ignoring all rumors, voting Saturday on a basis of a person's fitness for the office he seeks, disregarding all other considerations.

ABOUT THE CENTENNIAL

Now that activity in at least five Texas cities is being directed toward securing the major celebration of the Texas Centennial in 1936, people in increasing numbers are asking for detailed plans concerning the celebration, just what it provides, and the methods for

The five cities in which such activity now is pronounced, listed alphabetically, are Austin, Dallas, Fort Worth, Houston and San

A plan, comprehensive in every detail from which the competing will work in their applications for the major celebration, has been ontlined by a Plan Committee, headed by John D. Middleton of Greenville. Members of the committee are Mrs. W .B. Sharp, Houston; John H. Shary, Mission; H. H. Ochs, San Antonio and J. H. Hughes, Mexia.

In the first place the plan contemplates that the exhibition shall be international in scope and execution. It does not take the form usually expected of fairs, expositions and events of like nature.

It differs from them in its bigness, and it differs from them in the vastness of the matter to be portrayed, for the Committee says in its report, which was adopted by the Centennial Commission and is official, that: "We recommend that in order to portray properly to the world the incomparable history and unexampled progress of Imperial Texas, our observance thereof should be a Centennial celebration, international in scope, as big and great and beautiful and inspiring as is humanly possible within the time allotted and with the resources provided."

GRIFFIN MAKES TALK CAN Vegetables For Local Needy

Some of our poor folk will eat this winter, that is if projects like the relief cannery continue.

For the past three weeks a cannery employing about nine women each day has been in operation at the Central School building. Beans, tomatoes and other vegeables from the community gardens are being canned for consumption this winter. More than 2,000 cans have already been stored away.

Huge pressure cookers and sealrs are used in packing the vegetables in tin cans.

Mrs. P. H. Gililland is supervisor of the project. It is one of the branches of the relief project now

To the Voters of Deaf Smith County:

Because District Court has been in session, Mrs. Bessie L. Smith, candidate for re-election to the County Treasurer's office, may not have the opportuity to see each one of you. Her friends and supporters, because of the commendable manner in which she has discharged the duties of the Treasurer's office, request that you give her the same consideration you would like to have in asking for re-election to this office. She is entitled to your consideration for the follwing reasons:

- 1. Courteous treatment to everybody.
- 2. Co-operative with the Commissioners Court -ask them.
- 3. Prompt in discharging the duties of the office. Have you ever served on the jury? How long did it take you to get your check? Mr. Business Man, how long have you waited for your check when the county owed you?
- 4. Economical in administering the duties of the office: Where possible, she has delivered the checks in person ever since she went into office, thereby saving the taxpayers a considerable sum of money.
- 5. Records in the office: The Auditors say there are no better in the state of Texas. Ask those who are familiar with them.
- 6. She has her obligations and problems just the same as the other lady asking for the office. Do not be misled by rumors. Investigate them.

Kilowatts Are Cheap Servants

Did you ever translate the Kilowatt Hours of your electric bill into equivalent man hours? If not, try it. The result will surprise you.

For a few cents a day you are doing with electricity, work that represents several human servants.

The ratio of mechanical power cost to human muscle cost has been figured to be more than 200 to 1.

So for a minimum wage of a few cents a day you can operate these unseen but ever-ready electric servants in your home.

SUCCESS IS EASY FOR YOU

Success in the Hereford Brand spare-time opportunity entails but little effort, but little sacrifice of spare moments to win a beautiful new 1934 Plymouth De Luxe Coach, or to make up to \$300.00 in cash. And persons will make these amounts in time that might otherwise be wasted these next few weeks. To make this amount usually calls for months and months of hard work.

And the best part of it is that you—yes, YOU—can be the person who will receive this automobile, or these large sums of cash. And remember—"EVERYBODY WINS SOMETHING." It takes no more time or energy to win a big prize than a small one.

Right now all are on even terms. Right now any candidate, or an entirely new candidate, can get in, make a start, really carry on and go over the top for a beautiful Plymouth coach. There are no handicaps. Thus far very few of those nominated have made much effort in the way of securing subscriptions. Just a few of those nominated have turned in a single subscription. You have been thinking about carrying on in this great campaign. Don't let another day slip by without seeing you are an ACTIVE candidate for one of the capital prizes.

The Campaign Department of the Hereford Brand is open each evening until 9:00 o'clock to answer inquiries and issue supplies, and to receive new candidates. The telephone number is 30. Use it if you can't come to the Campaign Department.

YOU CAN GET AHEAD

The chief trouble with lots of people is that their eyes are too close to the grindstone for a mere living to see real opportunities. Or they are unwilling to devote the spare moments they have to bettering themselves. They would rather "get by than get ahead." Look around you and you will find that the men and women who are wide-awake to opportunity to better themselves and their conditions, who are willing to sacrifice some of the little pleasures their evenings might give—are the ones that achieve success in life.

It is quite puzzling to the management why so few readers have taken advantage of The Hereford Brand Prize Campaign. While this newspaper has been commended on all sides for its generosity, the lack of interest being taken, the few people who have been nominated, is almost unexplainable. This is especially puzzling, in view of the number and value of prizes that are to be distributed within the next few weeke, regardless of how few subscriptions there are turned in.

More candidates are wanted, and nominations should reach this office at once to be included among the names of candidates that will share in the distributions of really wonderful prizes.

It's time for this community to wake up to the fact that this newspaper is making the largest award of prizes ever heard of. This is not a something-for-nothing proposition, but it is a clean-cut business proposition. It costs you nothing to enter and participate in the lavish distribution of prizes.
