AROUND TOWN

Sights and Faces Seen

Arthur Thompson says he doesn't plan to go duck hunting this year because it cannot possibly be done within the law, but Jack Wayland believes the best one can do to stay within the long line of regulations is sufficient and that laws have been violated before.

Just because he is away on a visit doesn't keep Rev. John W. Hendrix, pastor of the First Methodist church at Littlefield, from thinking about his church. Rev. Hendrix, who is here on a visit with his brother, Dr. Joe W. Hendrix, came into the Brand office Tuesday morning to write his church announcement and send it to the Littlefield paper.

Around the courthouse: Dewey Reed making an appointment at 8:30 in the morning and telling the visitor not to call before breakfast. C. W. Hamble lamenting the disadvantage of travel—he bought a ticket to "Shipments Forever" and then learned he had seen the picture in Washington, also went to a show recently in Dalhart and discovered he had already seen the picture here.

Martin Gilliland, the groom, is often seen having breakfast at Ike's. Just an old habit he hasn't been able to break.

Mrs. C. C. Cunningham and Bill Beecher of Amarillo were Hereford visitors Wednesday. As is her usual generous nature, Mrs. Cunningham brought the Brand publisher a beautiful bouquet of white and yellow "mums".

We hate like everything to see D. Buchanan leave Hereford. He's the type of citizen any community should desire, and although we have many citizens of this type, it is tough to lose one of them. However, we hope Mr. and Mrs. Buchanan and children will enjoy living in Friona.

Robert Thompson handed us the following article he had read somewhere and thought we might be interested: "A man wakes up in the morning after sleeping under an advertised blanket on an advertised mattress; takes off advertised pajamas; takes a bath in an advertised tub, with advertised soap; shaves with advertised shaving cream and razor blades; dons advertised underwear, hose, shirt, shoes and suit; sits down to a breakfast of advertised cereal; puts on an advertised hat; lights an advertised cigar; rides to his office in an advertised car on advertised tires and using advertised gas; then he refuses to advertise on the grounds that advertising doesn't pay."

J. C. and Mary D. Parker were visitors Wednesday and were glad to see them. They came over just to eat a turkey dinner and we couldn't tell if it was anticipation of the dinner or realization of good business or just plain glad-to-be-home that was the reason for J. C.'s smile. Anyway, it was good to see the old friends.

Mrs. Crosthwait is peeved. Ike went over to Hot Springs to spend several weeks taking the baths and took her car. Now she's having to walk and she doesn't like it. She says the next time Ike leaves he will have to go by plane because she is going to have the car.

Mont Baker and Wilson Gyles heated ducks all day Wednesday and got the limit-plus. Mont says he dares anyone to look in his refrigerator. Anyway, we sure like duck.

OVER 100 ARE PRESENT AT FATHER AND SON PROGRAM

More than 100 men and boys attended the Father and Son program Tuesday night at the First Methodist church to hear Pat Henry, Jr., of Wichita Falls, area secretary of the YMCA and district director of the Hi-Y. The general theme of the program was "Deepening the Comradeship Between Father and Son."

Four local speakers appeared on the program, preceding the interesting address of Pat Henry, Jr. who gave the son and father views, respectively, on the subject, "Why We Need Each Other." Jas. Bell and W. J. Stanford discussed the two angles of "How We Can Deepen Our Comradeship."

Poultry Show Entries Will Close Dec. 11

JUDGE WALTER BURTON TO MAKE ADDRESS DURING EVENT

Entries in the Tri-County Poultry Show here December 12, 13 and 14, must be in by Wednesday night, December 11, officials of the show have announced. No birds will be taken Thursday morning unless an unavoidable delay occurred in shipping.

Walter Burton, poultry exhibit superintendent for the Texas Centennial Exposition at Dallas, who will judge the local show, plans to make a talk on "Poultry and Its Connection With the Texas Centennial" during his visit here. He probably will speak to poultrymen and business men and women one night during the show. Everybody will be invited. He is an interesting speaker and has had a world of experience in all phases of the poultry business and in judging birds.

Enthusiastic exhibitors over the entire territory covered by the show are reported getting their show birds in readiness for the event. Folders have been mailed out, but any prospective exhibitor desiring additional information or who fails to receive one of the folders may get this information from B. H. Hopkins, secretary. Plans are still being made to hold the show in the building formerly occupied by the Fox Mercantile Company, one door south of the Close Drug; however, the site is subject to change should the building be occupied before the time for the show.

School Library Project Okehed

ALLOTMENT OF \$42 PER MONTH MADE; EXPECT TO START SOON

Approval of the rural school library project in Deaf Smith county and the allotment of \$42 a month for carrying on the work has been granted, and it is believed that the project will be started within a short time. Application has been made for the transfer of Miss Gladys Stone from the soil erosion office to the library project.

Miss Stone would handle and supervise the use of all rural school books, and she would also have charge of all rural school text books supplied by the state. The library, which is one of the best for rural schools in the state, would be moved from the magazine room of the county library to the county judge's office.

PRODUCTION CREDIT ASS'N. IS EXPLAINED TO FARMERS

Sixty-three farmers and business men attended a meeting in the county court room Tuesday night, called by J. M. Stensaa, secretary-treasurer of the Amarillo Production Credit Association. A. O. Thompson had charge of the session.

The purpose of the meeting was to explain the type of credit made available by the association, a branch of the Farm Credit Administration, and eligibility to receive assistance through the organization.

PWA PROJECT CONTRACT WILL BE LET AFTER DECEMBER 9

Bids for the construction of additions and alterations to the Central school building here will be accepted until 11 a. m. December 9, according to a notice to bidders made public this week. The work will be done through the \$49,500 PWA grant and loan made to the school district in August.

The work will be done in accordance with plans, specifications and instructions to bidders prepared by Rittenberry and Carder, Amarillo architects. Bids will be received at the office of C. H. Dillehay, superintendent of Hereford schools, and will be publicly opened and read after the deadline. The successful bidder will be required to enter into a contract with the school board and conform with the requirements of the Federal Emergency Administration of Public Works. Minimum wage scales and other requirements have been set by PWA.

The project calls for an addition to Central school and the old portion of the building modernized. Eight class rooms, fire proof stairways and new toilet facilities will be included, with two wings of two stories each being added. The roof of the present structure will be flattened to eliminate the attic and auditorium. Partitions will be changed in the basement to provide an assembly room, cafeteria and indoor playroom. The heating plant will be enlarged in order to serve the entire building adequately. Minor repairs will be made on the high school building to save maintenance costs.

Buchanan and Rosson Divide Implement Co.

Dividing 11 years of partnership in the implement business, Prentiss Rosson and J. D. Buchanan this week are becoming sole owners of each of the former Buchanan & Rosson Implement companies here and at Friona. Mr. Rosson is assuming the local concern to be known as the Rosson Implement Company, and Mr. Buchanan is taking over the Buchanan Implement Company at Friona. However, the two men are retaining their farming interests together.

Lions Feature Local Quartet

Ten local people, including the famous Lydia E. Pinkham quartet and actors, attended the regular session meeting of Group 2, District 27, of Lions International at Panhandle Tuesday night and appeared on the program. The meeting featured a banquet and dance. The zone is composed of clubs in Amarillo, Borger, Claude, Dalhart, Hereford, Panhandle and Stratford.

The quartet was composed of Mrs. Ray Conaway, Mrs. C. C. Acker, Mrs. Tot Thompson and Mrs. Prentiss Rosson, accompanied by Mrs. Jess Stanford at the piano and with Ray Conaway as performer. Others who attended the meeting were Mr. Acker and Mr. Rosson, and Mr. and Mrs. Paul Foster.

Whitefaces Trek to Canyon Friday For Annual Classic

HERD TRAMPLES GENTLY OVER HAPPY TO KEEP RECORD CLEAR

Holding the visitors in check throughout the contest while passing and running to three touchdowns, the Hereford Whitefaces defeated Happy, 21 to 6, here Friday afternoon for their third straight conference victory and sixth win of the season.

The victory left only the Canyon Eagles between the Whitefaces and a district championship battle with the powerful Dalhart Wolves. They invade Canyon Friday afternoon at 3:30 o'clock to decide the issue, the game having been postponed from Armistice morning because of bad weather. Although the Eagles have been clipped on more than one occasion, this season, they are saving their best game for the Herd and may cause Clayton and Company some trouble before the field is cleared.

The town is pepped up for the fray, and the Eagles are hoping to catch the Whitefaces overconfident and relaxed.

The McCollum are not anticipating the end of their drive tomorrow and will attempt to show

Pioneer Woman Passes Friday At Age Of 61

FUNERAL SERVICE HELD SATURDAY FOR MRS. W. T. SMITH

Funeral services were held last Saturday afternoon for Mrs. W. T. Smith, pioneer Hereford woman, who passed away Friday at the Deaf Smith county hospital, following an illness of two weeks. The services were conducted at 3 o'clock at the First Baptist church by Rev. B. N. Shepherd, pastor. Burial was in West Park Cemetery.

Mrs. Smith was 61 years of age. She had resided here since 1900, coming with Mr. Smith from Tennessee. Mr. Smith died in 1928. Born April 5, 1874, in Chatham county, North Carolina, Mrs. Smith removed to Western Tennessee at the age of eight years with her parents, the late J. C. and Janette Wombie. She was married in 1890. She became a member of the Baptist church at the age of 14 years and was a charter member of the W. M. S. of the local church.

Songs sung during the service were of Mrs. Smith's own selection. Johnny Biggs and Mrs. C. H. Dyar sang her favorite, "Saved by Grace." Flower girls were her nieces, Mrs. Lan Shore, Mrs. Jack Rose, Mrs. Doyle Rose, Mrs. Robert Thompson, Mrs. Carl Williams,

Buchanan and Rosson Divide Implement Co.

Dividing 11 years of partnership in the implement business, Prentiss Rosson and J. D. Buchanan this week are becoming sole owners of each of the former Buchanan & Rosson Implement companies here and at Friona. Mr. Rosson is assuming the local concern to be known as the Rosson Implement Company, and Mr. Buchanan is taking over the Buchanan Implement Company at Friona. However, the two men are retaining their farming interests together.

Mr. Rosson came here in 1925 and Mr. Buchanan in 1926, both from Plainview, to start the Buchanan & Rosson concern here and at Friona. In 1926 a third store was acquired at Dimmitt with Edgar Ramey as the third partner in the R. B. R. Implement Company. The Dimmitt store was purchased by Mr. Ramey in 1930.

Mr. Rosson as well as other friends of the Buchanans expressed his regrets over the loss of Mr. Buchanan to the business as well as to the civic activities and life of Hereford. Mr. Buchanan was a member of the city commission until moving to Friona.

Farmers Seek Work Through Soil Erosion

PETITION BEARING 388 NAMES PRESENTED TO MARVIN JONES

Deaf Smith county farmers are seeking the right to work on the WPA soil erosion project within the county in petitions signed by 388 rural citizens and presented to Marvin Jones Monday by commissioners. The petition was in the form of support for Congressman Jones' efforts to throw the erosion work open to farmers, since Jones has been advocating this move for some time.

The congressman said he had been assured by the President, Harry Hopkins and minor officials that the plan will be given careful consideration and perhaps enacted. He also thanked local farmers for this support. The petitions were returned Saturday and Monday. It is believed they will carry much weight in the final action of the WPA.

According to County Judge C. W. Humble, farmers believe they have not been given proper consideration in this program and they should be allowed to work on the project in order to tide them over until crop conditions improve. Congressman Jones, who understands the condition of farmers, advocates throwing the erosion work open to all rural people without the necessity of classification and approval by the National Reemployment Service. He also advocates raising the wage scale to meet that of surrounding areas. The wages are so low farmers will not seek employment longer than necessary, he said.

At the same time, opening the erosion service would provide relief clients for work on county and city WPA projects that have been approved but for which allotments are being withheld because employment from relief rolls is not available.

Hog Compliances Will Be Checked

Following the expiration of present corn-hog contracts on November 30, it will be necessary to check compliance of each contract signer, County Agent Dewey Reed announced. By having all required information complete by the end of the month, he stated, the check may be completed quickly and final checks received much earlier.

The following information will be required: Number of pigs farrowed from December 1, 1934, to November 30, 1935; number that died, number sold, date of sale, weight, to whom sold and number left on hand. The same information will be needed for all stockers and feeder pigs bought, including the persons from whom they were purchased and to whom they were sold.

Special District to Vote On Herd Law December 30

Nimrods Take to Lakes As Season On Ducks Arrives

ARMED WITH STRING OF REGULATIONS LONGER THAN GUNS

Deaf Smith and Panhandle nimrods who annually lead the trek to favorite duck haunts started their quest yesterday as the open season got under way. Apparently the consensus of opinion was that the best method is to get the duck within only as many of the laws as can be remembered.

The season opened at 7 o'clock yesterday morning and will close at 4 p. m. December 19. The daily hunting time is from 7 a. m. to 4 p. m. The season is open on wild ducks, coot, geese, brant, Wilson's snipe or jacksnipe, but there is no open season on wood duck, ruddy duck or buffhead.

The huntsman doesn't really get into trouble, however, until he starts figuring the method of hunting and the bag limits. This information can be obtained from the county clerk, where hunting licenses may be obtained. There is no need repeating it here for those who start early commenced memorizing the laws a month ago so they would be sure to have them all down. A hunting stamp is also required. The fall season (except coot) which opened September 1, will close November 30.

Willett Remains As Local Pastor

THIRD YEAR AS LEADER OF METHODISTS; COLLINS REMAINS

Rev. T. C. Willett was reappointed last week end as pastor of the First Methodist church here, and Paul Collins was reappointed as junior pastor, the work he began on March 1. Rev. Willett will serve his third year as pastor of the local church. Few changes were made in the Northwest Texas Conference which met at Plainview last Wednesday until Sunday.

Rev. Willett has been in the Northwest Texas Conference since 1909, when he joined it as a boy, and he expects to remain until his ministry ends. He has held pastorates in all but one district. He expressed delight at the reappointment, and members of his congregation and other friends were glad he and his family are to remain in Hereford for at least another year.

GROUP KEPT BUSY BY WHEAT APPLICATIONS

Activities concerning wheat applications have kept local administrators busy during the past week and brought several visitors here. Last Saturday Jim Lipscomb and Mal Stewart, representing the county allotment committee, met with the state grain board in Amarillo to get information on the handling of the applications.

The wheat office here was visited by Hugo Boehle a short time previously. He represented the state grain board and gave instructions on the making out of applications. O. G. Tumlison, district agent, made his regular visit to the office last Friday night.

HEREFORD DELEGATION TO ATTEND HIGHWAY MEETING

Deaf Smith county will be represented at a huge inter-states highway rally, composed of boosters of U. S. Highways 60 and 66 from Missouri to the Pacific Coast, to be held in Amarillo Monday, December 9, but the local delegation has not been selected.

"Complete U. S. 66 and 60 by 1937" will be the slogan of the mass meeting, which is being sponsored by the highway committee of the Amarillo chamber of commerce. Such a program would include the unpaved stretch of Highway 60 through Deaf Smith and Parmer counties.

Purpose of the inter-states gathering is to perfect plans in accordance with the Federal Bureau of Public Roads' policy to close

ELECTION CALLED AFTER PETITION PRESENTED; TO BE AT WESTWAY

Landowners in the special conservation demonstration tract and those living within a distance of three miles, each way from the tract in Deaf Smith county will decide on December 30 if they are to have a stock law in the subdivision and thereby pave the way for roadside tree planting.

Two petitions requesting the formation of the district and the calling of an election were presented to the commissioners court last week and the election date set. The petitions were signed by more than 50 freeholders in the subdivision. One requested an order for election on hogs, sheep or goats, and the other on horses, mules, cattle, etc.

Judge C. W. Humble ordered the election for the last Monday in December, following approval by the commissioners. The election is to be held at the Westway school house, which is located within the district. G. C. Hartman, R. M. Gunn and P. H. Gilliland were appointed as election judges. In order to take part in the election, one must be a freeholder within the subdivision and a qualified voter.

The erosion service already is preparing tree sites on private property where trees will be protected by owners, and will start work on roadside tree sites immediately after the election, if the vote is favorable. The herd law is required before the planting can be done since it is the only method by which protection of trees may be turned over to the commissioners court. The program calls for the planting of approximately 100,000 trees in five years, with 25,000 to be planted next year. The roadside tract also extends into Parmer and Castro counties to give a distance of three miles each direction from the demonstration tract.

Wheat Checks Received

Thirty-one wheat checks totaling \$5,772.68 have been received at the local wheat office during the past few days. The checks had been delayed while the offices in Washington were moved from one building to another.

HIGH SCHOOL LIBRARY WPA PROJECT GIVEN APPROVAL

The Hereford high school library project under WPA has been approved and \$225 allotted. Actual work was started last week. Miss Mary Williams has charge of the work, which consists of mending books, ordering and filing free material available and general library work.

JUNIOR BAND MOTHERS HAVE AMATEUR NIGHT

The Junior Band Mothers will sponsor amateur night at the high school auditorium tonight at 7:45 o'clock. The money received will be used to defray expenses in taking the junior band to the centennial next summer. Admission is children 10 cents and adults 20 cents. The public is invited.

Post Office to Be Closed

The post office here will be closed throughout the day next Thursday, Thanksgiving Day. Walter Pickett, postmaster, announced yesterday.

Rural Teachers to Meet

Rural school teachers will hold their regular monthly meeting Saturday afternoon at 2 o'clock in the county court room here.

SCIENCE DEPARTMENT

In HHS the department of experimental science is doing as much important work as are the various other departments, according to Miss Wrenn, supervisor. Since most of the classes are in the chemistry laboratory, it is interesting to note its appearance: Upon entering the room, one notices a large aquarium, made of glass and soapstone. As it is 22 inches wide and 48 inches long, and is therefore sufficiently large for its purpose, it is inhabited by fish of many kinds, as well as turtles, clams and many forms of plant life. It is attractively furnished with rocks and shells; it also contains an outlet and inlet for proper drainage.

As containers for supplies, at one end of the room are five glass-doored cases, the contents of which are supplies for the entire year. Such chemicals as are used daily are placed on the supply shelf and a table. The six large desks in the room are each equipped with a lead-lined sink, equipment for the individual experiments, and seats for four people. Although no expensive equipment is brought for the laboratory each year, it is supplied with the fundamental requirements of the work. As a lessening of the expense, the three departments of science, physics, general science, biology and chemistry use the same equipment whenever possible. When glass equipment is broken, the person causing the accident pays for breakage. Students of chemistry perform individual experiments; students of science and biology are given demonstration experiments by the instructor, Mr. Wilson and Miss Wrenn. Mr. Hudson is the instructor of physics classes.

As a proof of the actual importance of experimental science, it should be said that the three general science classes comprise a total of 91 students, the two chemistry classes contain 24 students each, and the biology and physics classes have two classes each. Almost every student in HHS is

taking a course in experimental science. Miss Wrenn states that experimental science is taught for two purposes: to broaden the students' viewpoint of life and to develop what reasoning ability he might possess.

NEW LIBRARIAN

Who is she? What's she doing in the library? It's somebody called Mary! Such remarks are prevalent in the study hall this week. The foundation of these remarks is the fact that a new librarian has started to work. Here's hoping that, due to her presence, there will be more efficient library work henceforth. Miss Mary Williams, the object of interest this week, was graduated from Dallas HS for years ago. She has attended school at Canyon, WTSTC, and has since been a resident of Herford. She will be in the library the entire day, helping the school librarian, Billy Jo Roberts, Irma Fae Robinson, Jayne McKee, Melva Rae, James Bell and Noel Higgins.

DOWNSTAIRS NEWS

In gathering the news of Junior HS, it seems as if the students are busily occupied studying for six weeks' examinations which are presenting themselves next week. Miss McMinn reports that the Junior glee club is working diligently and accomplishing great things in learning and singing new songs. Jean Millard.

REPORT.

Report from the superintendent's office says the total enrollment of Herford schools is 875, of which 311 are in high school and 564 in grammar school. In the high school the second month there was 96.8 per cent attendance, and 67 students tardy; in the grammar school, 94.5 per cent attendance, and 99 students tardy. This makes a total of 875 enrolled, 95.3 per cent attendance, and 166 tardies in the Herford schools, contrasted with 880 enrollment, 95.7 per cent attendance and 151 tardies of the second month last year. Thanksgiving holidays will be the usual two days. This year the holidays come on November 28-29. School will be dismissed December 20 for Christmas holidays and will open again on January 6.

ASSEMBLY PROGRAM

The national program of amateur hour was heard in the high school auditorium Thursday morning through station SOPH by the courtesy of the sophomore class and sponsored by the student council.

The program consisted of a song by a group of girls, the Squealettes, Winter Wonderland; Nedra Clayton, as Miss Try-to-reach-a-High C, attempted to sing Trees, but the song interrupted. A trio called the Hot Cha Boys gave that very familiar song, How Are We Doing? with D. M. Little, Troy Wombie at the piano, Priscilla and Hortense, Viola Phillips and Mary Jane Morgan, played a duet, Variations on Chopsticks, Miss O. G. Watta Snozzie, Helen Ann Snyder, played Pop Goes the Weasel on the clarinet, and songs were enjoyed from the Whoop and Holler Twins, Mary Tiefert and Wilbur Willett, and the Nutt Brothers, Coco and Wal, sang that ever remembered song, Old McDonald. A violin duet was given by Miss Squeaky Fiddle and her companion, Miss Second Fiddle, Home on the Range. The master of ceremonies was no one else than that little sophomore, Charles Spradley.

Miss Crawford: Now what kind of line of poetry is this?
 Anna Mae S.—Carry along.
 Mr. Dillehay: What special privilege does a Congressman have?
 Melva R.—He cannot be arrested except on charges of felony, murder or breach of promise.
 We wonder which of a certain senator's relatives fought in that great battle of Thanatopsis.
 Miss Crawford: Joe Edgar, give me a sentence using the word avant.
 Joe Edgar: Avant what avant when avant it.
 Miss Wrenn was trying out a new experiment the other day and she said, If this should fail, we would be blown sky-high. Now come closer, everyone, and watch me so that I won't fail.
 Mr. Wilson: Watch the problem on the board while I go through it again.
 Poetry comes from simple thoughts. Jack D and Mary V E are gone on the idea of writing it. Did someone say it came from simple people?
 Some poor bird could fly higher if he only had an "air" for thinking.
 Roger: I have something in the package for the one I love best.
 Gaytha: Yeah, you're always buying something for yourself!
 Does anyone remember what Mr. Hudson used for examples before the Italian war broke out?
 Billie P got tired being a professional cornet player so he bought some white trousers.
 Have you ever seen Roger B play football and try to make a

center plunge through the side of a car? You don't know what you've missed.
 Mr. Dillehay was seen in deep thought the other day and when asked what was the matter, he said: I cannot remember whether or not I forgot.

Nearly all of the last and first period study hall students are taking correspondence lessons, but most of which are with fellow students.

Donald McCollum: Mother, who is that poor boy out there that everyone is yelling at?
 Brother McCollum: Hush, son, that's the cheer leader.

Pat Wilson was elected mascot of the pep squad. She went home and was telling her mother about it. She said: Mother, they elected me esimo of the pep squad.

Now from our old friend, the Scotsman: First he was invited to a golden wedding, was told that each guest would be expected to take a golden present. He took a gold fish.

No domestic science course is necessary to enable a girl to make a traffic jam.
 Wallace Cox, to Mr. Wilson: So you saw the car which ran over that child. What was the license number?

Mr. Wilson: I'm afraid I've forgotten; but I remember that if it were multiplied by 50, the cube root of the product would be equal to the sum of the digits reversed.
 Virginia H: I wish I had lived 300 years ago.
 Beverly: Why?
 Virginia: I shouldn't have had so much history to learn.

HOME ECONOMICS CLUB

Members of the Home Economics club are selling tickets to the show, Shipmates Forever, for the purpose of appropriating enough money to send a girl from the

club to the home economics rally next spring.

The girl who sells the most tickets will get a week's pass to the show, and the class group that sells the greater number will be given a pass to Freckles for the entire class.

It will be a help to this organization if people will buy their tickets from the members.

DEBATE

A regular meeting of the debate club was held November 18. The secretary took charge since the president and vice president were absent. After the secretary had read the minutes and called the roll, Miss Crawford made an assignment for the next meeting. The remainder of the period was used in giving informal speeches by each student, proving one point of the state question for debate, Resolved, That the Federal Government Should Control the Production of Cotton.

BAND

The HHS band has a new school Master Baton, and Eugene Harman surely is twirling it. The band is very proud of the baton and wants everyone to notice it the next time he gets a chance. Friday was the first time the baton had been used to direct the band, but the band and baton worked well together.

She drew her hands away from him and Roddy sat back in his chair. For a moment he regarded

her thoughtfully. During the past few days a hope had formed in his mind that he must express to her—a profound and solemn hope on which he believed, depended the serenity of their lives together.

"All right, Corrie," he said at last. "We'll drop it—and start in again. But let us face the problems together and work them out together. I want a home—a home with you, Corrie, where we can bring up children and be happy together. I've been thinking about that very thing while you've been away. If we had a baby, you'd find something to live for here. We'd be closer to each other, Corrie."

She sprang up suddenly. "Have you gone crazy?" she cried huskily. "Do you want me to bring a child into a place like this—where we may be starving next year? Or wasn't it enough for you to

throw Anthony's offer into my face? You had to think up something more brutal—"

"Corinne—for God's sake!" Roddy stammered in despair. "We are not going to starve," he went on lamely, obstinately. "Lots of people are bringing up children on less than we have."

It dawned on him painfully that Corinne was not listening. He felt completely lost, floundering about in a gray and chilling chaos. "All right, Corinne," he concluded dully, "I did not know that I was insulting you. I'll not do it again."

He got to his feet and turned to find her eyes upon him, widening for a moment with reflective indolence, then closing as though she were shutting him out of her consciousness, shutting herself in with her own resignation and defeat.

On an evening in February, Paula had come down from the big house and sat beside the table munching an apple.

Sophonra pushed her glasses back into place on the bridge of her nose and shook her head.

"There's no use in gettin' yourself worked up into a state over Corinne," she said to Paula. "If you ask me, all that women needs is exercise. If she'd do a bit of her own housework, it'd be better for her."

"I don't know," Paula ventured. "She doesn't seem right. She took one of them headaches again today. Sometimes she scares me. She stares at the walls and says the wind is drivin' her crazy."

"I think I'll go up and stay with Corinne for a while," Silver said. "That's better," Old Roderick said. "It's the first time anybody here has been in Roddy's house in almost a week."

"I think I'll go along with you," Paula said hesitatingly. "Let's go then," Silver said. Corinne was huddled up in bed weeping stormily.

"Corinne," Silver said sharply. "You ought to be ashamed of yourself!"

Corinne stared at her with wild eyes. "Who sent you here?" she demanded petulantly. "I suppose the whole Willard family has been having a conclave."

"Stop it!" Silver broke in. "No one sent me—and you're acting like a child!"

Corinne began to weep in earnest. "I—I might have known—you would say that. This place is driving me mad! The wind—and the cold—and being alone—"

"You don't have to be alone," Silver protested. "Why don't you

come down with Paula tonight and—"

"Because they all hate me! I know it. They hate me because I'm not a farm lout—like the rest of them. Roddy hates me—and loves to see me suffer! He's tickled to death because Jason has humiliated me. Paula for a sister-in-law—oh!"

Silver took her by the shoulder. "I'm not going to sit here and listen to that nonsense," she said severely. "You've got to get yourself out of this mood. Turn over here! Is your head aching?"

"It has been bursting—all day!" Silver ran her fingers gently over Corinne's shoulders. "I used to do this for my father when he had a headache," she said quietly, and began pressing her finger tips into the tendons and muscles that were knotted at the back of Corinne's neck.

Corinne turned over on her face and moaned. But Silver continued to ply her fingers until Corinne began to relax at last and her muffled wailing ceased.

"That's better," Silver said. "O-oh—that hurts!"

Silver worked more gently. "You ought to get out and see what the world is like around you. I'll tell you—take a walk with me early tomorrow morning over to the Flathe place and back. You have no idea how good it makes you feel."

A sort of docility had crept over Corinne. "I'll do anything," she mumbled, "just to get away from the grayness of this hill."

For some time there was silence between them, until Silver began to wonder if Corinne had fallen asleep. Presently, however, Corinne spoke up unexpectedly.

"Why didn't you marry Gerald Lucas, Silver, when you had the chance?"

"I should have been the most unhappy creature in the world," Silver replied.

"Why?"

"Because—I've seen enough of that life to know!" Silver replied.

V-8 LEADERSHIP

ON OCTOBER 31 of last year, Henry Ford announced his intention to build a million Ford V-8s in 1935. We are pleased to report that this goal was reached in exactly ten months instead of a full year.

One million cars and trucks is an impressive total. But figures by themselves mean nothing. It is what they represent that counts. Selling a V-8 at a low price has brought a new kind of automobile within reach of the people. Producing it has provided steady work for hundreds of thousands of men in the Ford plants, in associated industries and on the farm.

These million Ford V-8 cars and trucks have helped to make things better all around. In the first ten months of 1935 the Ford Motor Company paid out in the United States alone, \$140,159,388.00 in wages and \$523,111,389.00 for materials.

FRANZ LEE HICKS HAS BIRTHDAY PARTY

Franz Lee Hicks was a gracious youthful host Friday when he entertained six of his friends at the home of his parents, Mr. and Mrs. E. B. Hicks, in celebration of his fourth birthday.

An afternoon of jolly games was concluded with the cutting of a huge Jack Horner pie, each child cutting a piece and securing a gay rubber ball. While they were still seated, a beautiful pink birthday cake bearing four pink candles was placed and served with delicious ice cream topped with chocolate sauce. Seated were Donald McCollum, John Richard Coffee, Jack Ramey, Louis LeGrand, Wiley Ewton, Mary Estelle LeGrand and Franz Lee Hicks.

KITCHEN SHOWER FOR MISS DONALD

In the church whose services are among her earliest recollections, Miss Emma Jeané Donald was honored Monday with a kitchen shower, quite informal but very lovely. The hostesses were members of the Presbyterian Auxiliary.

The gift table was attractively arranged, white chrysanthemums and white candles being used. There was an hour happily spent in looking at the gifts and in the enjoyment of the spirit that prompted them, then a delicious plate lunch of salad, hot rolls, jam and coffee was served. About 30 guests were present.

DISCUSSION GROUP LED BY MRS. SKELTON

Nineteen interested listeners heard the opening number presented for the Discussion Group Friday evening, by Mrs. C. A. Skelton. As leader, Mrs. Skelton gave an individual view of the subconscious mind, laying a foundation for the discussion which was to follow. As the group becomes more at home with the work, the discussions are gaining in general response, Friday's discussion being noteworthy animated.

Mrs. O. G. Hill will present the Objective Mind on next Friday evening.

MISS DONALD HONOREE OF DELIGHTFUL PARTY

Another of the lovely events that have centered around the approaching marriage of Miss Emma Jeané Donald during the past week, was the shower given Thursday afternoon at the home of Mrs. C. C. Ferguson, with Meses. Ferguson, Ethie P'Pool, Paul Mathers, Travis Dameron, J. P. Slaton, J. C. McCracken, Homer Fox and B. F. Guthrie hostesses.

The bridal blue and white was again shown in a decorative motif carried out in a charming use of blue tapers in silver holders, and white chrysanthemums arranged with fern; Kaiserin roses being exclusively featured in the room where the long table of gifts was displayed. Here, after the cheery greetings, warm felicitations for the bride, and a brief informal intermingling of friends, the guests gathered to enjoy with the honoree the many expressions of love and esteem which took the happy form of beautiful gifts. Later they were ushered to the dining room which was especially lovely with snowy chrysanthemums and blue candelabra candles in silver holders. About 60 guests shared the delightful afternoon.

MRS. RAY JOHNSON ENTERTAINS STUDY CLUB

The Summersfield Study Club met Thursday with Mrs. Ray Johnson, assisting hostess being Miss Viva Mae Thomas, a new club member.

John Brown's Body, Stephen Vincent Benet's Pulitzer prize book, was the basis for the interesting afternoon study. The Plan was a carefully-studied and well-presented number given by Mrs. Leatrus Clark. She followed the three stories that run through the book, revealing the plan in its importance to the book as a whole. The Poetic Method given by Mrs. L. L. Cannon noted the author's ability in adapting his method to his characters and the theme they present. The Interpretation by Miss Thomas showed a thoughtful study of the book as a basis for the conclusions drawn as to its meaning. The entire program was an interesting sidelight on the club's general theme of Southern Literature. A refreshment course included chicken salad with waters, coffee and appearance cake with whipped cream.

MESSENGER LADIES HAVE CLUB LUNCHEON

An enjoyable meeting of the Messenger Community Club was held Thursday, November 14, at the home of Mrs. H. L. Sharp, the meeting lasting all day and including a covered dish luncheon served at noon.

The afternoon program featured an interesting talk on Texas Laws Concerning Health, given by Mrs. H. L. Agee. This was followed by the election of the following officers: Miss Jewel Bussey, president; Mrs. Howard, vice president; Mrs. Geo. C. Messenger, secretary-treasurer, and Mrs. R. J. Coleman, reporter.

Six members beside the hostess were present. The next meeting will be at the home of Mrs. Agee, December 12. A full attendance is especially urged for this meeting, since Mrs. Agee is leaving in January and this will be her last meeting with the club.

MRS. MCCOLLUM HOSTESS TO FRIDAY BRIDGE CLUB

Mrs. Tom McCollum was hostess to the Friday Bridge Club at last week's meeting. The club's favorite diversion occupied two tables of players pleasantly, an added pleasure being an hour following the games spent quite informally. A delicious salad plate was served. Members present were Meses. McCracken, Hopkins, Stanford, Baer, Dyar, Davis and McCollum; visitors, Miss Emma Jeané Donald and Mrs. Travis Dameron.

Dr. and Mrs. O. B. Dodson and daughter, Ruth, of Mangum, Oklahoma, spent several days last week with Mr. and Mrs. Ray Johnson of Summersfield and attended the Esther Johnson concert.

FEE ABOLITION AMENDMENT

Recently we clipped the following from the Floyd County Hesperian: "When the people of Texas voted this year to take the fees out of office and put the officials on a salary, they adopted a policy that has a good chance to bankrupt county government; according to County Auditor Crosthwaite, of Dallas, who speaks of the abolition amendment as the 'so-called' abolition of fees.

"Officers will receive their salaries just the same and there will be no incentive to collect the fees, he argues. In fact, as he puts it, 'There will be an incentive not to collect, because in doing so, they will have nothing to gain and votes to lose.'

"Mr. Crosthwaite seems to know his human nature well, and the people, as we have said before, are very likely to wish they 'hadn't done it,' within a year or so. The trouble with most of the high-sounding theories we are putting into government is that they are not compatible with human nature."

We cannot agree at all with the Hesperian or with Mr. Crosthwaite. At the risk of insinuating that there might just possibly be two sides to human nature, we would like to point out that a great majority of us are more inclined to do a job well when we are receiving what we consider a fair reward. Those office holders who they claim will lay down on the job under the salary system are the same ones most likely to take advantage of their positions over weak or innocent people under the old fee system in order to drain them for additional fees, which is as bad or worse than failure to collect. We simply must be careful to select public officials whom we know to be conscientious citizens who desire to do their best. An officer laying down on the job to gain one vote will find he has lost 10 because of his incompetence.

By Their Words

AND OURS

It doesn't take brains to push the throttle of your car to the floorboard. It doesn't take cleverness to weave in and out of traffic at 60 miles an hour to the consternation of the slower moving highway users. It doesn't take any intellectual capacity to hang onto the steering wheel, give her the gun and see if you can make the speedometer touch 90-odd. In other words, you don't have to know anything to drive fast. . . . The roads of America are strewn with corpses because a relatively small number of drivers are doing their best to emulate Malcolm Campbell.—Plainview Community Weekly.

It is dawning on us that among the commodities most generally used, gasoline is not high but the tax is. The cheaper grades of gasoline would be selling as low as six or seven cents were it not for the tax. There is nothing to do about it particularly. But it is a fact to keep in mind. Not only is gasoline a third to a half higher on account of taxes, but also practically every other thing you buy—and for the same reason.—Floyd County Hesperian.

Senator G. C. Nelson of Tahoka introduced a resolution in the legislature last week approving a unicameral legislature. The resolution was promptly killed. Legislators could hardly be expected to legislate themselves out of office. Senator Nelson is thinking ahead of his time. Nebraska is the first state to adopt the unicameral legislature. The experiment will be watched with interest. If it is a success, the people of other states will demand the change.—Canyon News.

Right now the AAA seems to be the most popular of the alphabetical "deals" handed us by the present administration, but the time is pretty sure to come when it will not be so popular, for it is fundamentally wrong.—McLean News.

The pension bill which the Texas legislature has placed on the governor's desk is a compromise between the desire to pension everybody who has reached the age of 65 and the feeling on the part of some members that the benefits should be administered on a "paper basis. It lacks very much of being an ideal pension measure, but it is a far more satisfactory one than seemed likely, earlier in the session, to be brought to passage. The most satisfactory feature of it is that it adopts what is called the "needs standard" as a basis for payments. In a state with so many negroes and Mexicans, the failure to provide a means for taking the standards of living of these pensioners into account would have been a serious blunder.—Clarendon News.

weeks, with the return of Barber, defensive power at guard, to the line-up. He received a broken finger in the Friona melee and has not played since. Patton, given a leg injury in the Clovis game, also may see considerable action, having played a short time in the Happy game last week. School will be dismissed at 2 o'clock Friday to give students sufficient time to get to Canyon before the kickoff at 3:30.

First Quarter.

Clayton kicked off to G. Guest, who took the ball on the 3 and returned to the 18. James made a yard at right end. Toles went wide to the right for 13 yards and first down on his own 32. Toles fumbled and lost a yard. Guest passed twice to Toles, incomplete, the first almost intercepted by Daniel. Guest punted out on Hereford's 30. Clayton made 4 on an off tackle play. Daniel made 2 yards on as many tries at the line. Clayton kicked from his own 40 to the Happy 30, where the ball was killed by Posey. Guest's pass to Toles was incomplete. Toles fumbled and lost 2 yards. Walker was smeared at the line of scrimmage. Guest punted from his 26 to Hastings on the Hereford 20, but the ball was brought back and Hereford penalized 25 yards for roughing the kicker. Guest tossed 2 incomplete passes intended for Toles. Guest was tackled for a 2-yard loss trying to pass. Guest punted to Hastings on Hereford's 20 and he returned to the 30. Clayton picked up 3 yards and latered to Daniel for 17 on the mid-stripe. Hastings lost 4 yards on a wide end run. Clayton picked up 9 on a reverse, being brought down by James. Clayton made 2 at center and Daniel clipped off 6 at right end as the quarter ended. Hereford's ball, first down on the Happy 33 yard line.

Second Quarter.

Clayton made 9 through the line. Daniel went over right tackle and cut back to the left behind perfect interference and ran 24 yards for a touchdown, but the ball was called back and Hereford penalized 5 yards for offside. Clayton made 7 at center. On a reverse Clayton picked up 12. Daniel made a yard and on the next play picked up 5. Clayton made a beautiful pass to Bengé in the end zone for the first tally. Clayton converted from placement. Score, Hereford 7, Happy 0. Clayton kicked off to Guest on the 5. Guest did some nice sidestepping and brought the ball up to the 38. Guest's pass to Walker was incomplete. Guest was smeared by Willett, Jowell and Boardman, trying to pass, for a 10-yard loss. Walker was brought down by Bengé after picking up 5 yards. Guest, standing on his own 20, kicked to Hastings on Hereford's 28. He returned to the 35, being brought down by Evans. Daniel lost 2 as Clayton lateraled at the line. Clayton passed to Daniel for a first down. The pass was good for 20 yards. Heller broke through and tackled Daniel for a 2 yard loss. Clayton made 5 on a spinner. On the next play Clayton dropped back and heaved a pass to Jowell on the 7, and he scampered across the goal unhindered. Clayton converted from placement. Score, Hereford 14, Happy 0.

A LONG TIME AGO IN HEREFORD

(From The Hereford Brand, November 25, 1904.)

Rev. Jesse B. Haston performed the ceremony which united L. Gough and Miss Mattie E. Fore in marriage.

Tucker and Jacobsen had received a new corn crusher and were prepared to turn out crushed feeds of all kinds.

Nellie and Jimmie Black were home from a trip to Cleburne and had resumed their school work.

Ira Aten and family had gone to California to make their home and for the benefit of Mrs. Aten's health.

Miss Mae Eagle was in Melain visiting friends.

A large number of Hereford citizens had been in Amarillo for the purpose of hearing an address by Sam Jones.

Clayton got a bad kickoff to Walker on the 21. Walker returned to the 26 where he was brought down by Willett. Guest passed to Toles but it was incomplete as Daniel almost intercepted it. Guest passed to Toles for 15 yards and Clayton had the ball on his finger tips and it bounced into Toles' hands. Daniel intercepted Guest's pass intended for Toles and carried the ball back 20 paces. Clayton picked up 4 yards on a reverse, then his pass to Jowell was short, as the half ended.

Third Quarter.

Clayton kicked to the 8 and guest brought it back to the 21. Two line plays by James and Guest netted a couple of yards. A pass by Guest was knocked down by Daniel. Guest kicked from his 22 to the Hereford 30, where Hastings fumbled and Clark recovered for Happy. Walker lost a yard on a spinner. Guest tossed a pair of grounders for 2 in complete passes on the next play. Guest's pass was nearly intercepted by Bengé. The ball went over to Hereford on downs on Hereford's 30. Clayton made 2 at center. Hastings lost a yard on an attempted end play to the right. On the third down Clayton picked up 2 on a reverse. Hereford's quarter. Guest punted to Guest on the Happy 15, from where he forced it back up the field 10 yards to the 25. Toles made 7 yard at the line. Guest was smeared by the whole Hereford line for no gain. Standing on his own 16, Guest punted to Hastings on Hereford's 33, and he was brought down on the 40 by Mitchell. Hastings picked up 2 yards on a spinner. Hastings once more gained on the same play. Daniel made 4 on an off-tackle play. Daniel lost a yard as he fell down. Clayton chunked a short pass over the line to Daniel for 6 yards. Clayton punted from the center of the field to the 18 where the ball was killed by Boardman as the quarter ended.

Fourth Quarter.

Two plays at the line by Guest and James netted a couple of yards. Guest's short pass to James was good for a yard. Guest punted to Hastings on Hereford's 35, where he was downed by the whole Happy team. Patton replaced Daniel at left half for Hereford. Using Clayton as a bodyguard, Patton went through the line for 12. Clayton made 21 yards as he went over right tackle, cut back to the left and reversed his field, but the ball was called back and Hereford penalized 15 yards for holding. Clayton went wild at this stage of the game and sidestepped or stiffarmed the whole Happy team for 47 yards before being brought down by James. Patton lost a yard. Bengé made 3 yards on a sneak play. Clayton went wide to the right, cut back to reverse the field to go 19 yards to a touchdown. Clayton's kick from placement was good. Score, Hereford 21, Happy 0.

Clayton kicked off to Walker on the 15, from where he brought the ball up to the 31. Walker made a yard. Guest tried another pass but it was incomplete. Guest was rushed as he started to pass but several Whitefaces failed to bring him down so he made 14 yards before Clayton hit him. James and Walker made 3 yards on two tries at the line. Guest could not find a receiver open and was smeared for a 4 yard loss while trying to pass. Guest punted from the Happy 45 into the end zone for a touchback. Clayton made 9 on a reverse. On a play over center Bengé romped for 6 more. Clayton made 7 on a spinner. On a double wingback formation Clayton carried it to the line of scrimmage and latered to Hastings, who went 9 yards. Clayton fumbled, losing a yard, but recovered. Clayton made 5 yards over tackle, but fumbled as he was tackled. Townsend of Happy recovering as the game ended. Score, Hereford 21, Happy 0.

E. B. Black evidently did not attend the picture show regularly. He had been present one night recently, and the occasion called for a six-inch story on the first page. Outside wanting to sit up front with the other boys, his wife had very little trouble with E. B., and promised him another trip to the show if he would be good.

SOCIETY

MRS. B. F. GUTHRIE, Society Editor Phone 374-J

MISS EMMA JEANE DONALD IS BRIDE OF MR. CARLOS FLOYD

Of wide interest was the marriage Wednesday morning of Miss Emma Jeane Donald, charming daughter of Mr. and Mrs. Charles Donald, to Mr. Carlos Blair Floyd, of Dallas. The marriage was solemnized at 10 o'clock with a beautiful home service, the rites being pronounced by the Rev. J. A. Hornbeak of the Presbyterian Church.

The mantel, banked with hawthorn and white pompon chrysanthemums, was a lovely improvised altar. Tall vases of the snowy blossoms arranged with hawthorn were on either side, while from the center fell the soft light of white tapers in silver candleabra. Here the officiating clergyman waited the coming of the bridal party.

As a pre-nuptial solo, Mrs. Homer Fox sang "I Love You Truly," by Carrie Jacobs Bond, with Mrs. J. C. McCracken at the piano; then to the strains of Mendelssohn's wedding march, played by Mrs. McCracken, the groom entered. A center aisle in white marked the path down which the bride came on the arm of her father, who gave her in marriage. The old single-ring ritual, always new and solemnly beautiful, was used. Victor Herbert's "Ah, Sweet Mystery of Life" was played softly during the ceremony.

The bride was a vision of loveliness in a princess wedding gown of bridal satin with high neckline, long sleeves and train. The dress was fastened in the back with tiny self-covered buttons. Her shoulder-length veil was caught on either side with lilies of the valley. She wore white sandals and carried an arm bouquet of lilies of the valley and white rosebuds.

Following the ceremony an informal reception was held when bride's cake with coffee, mints and nuts was served to a large party of guests. The couple left immediately afterward for a trip through Southern Texas. For her

going away, the bride wore a handsome tulle of blue velvet with fox collar. Accessories were in blue.

The bride is an honor graduate of Hereford high school. She attended WTSTC in Canyon and was a member of Loyd Green Allen scholarship society. She was graduated with the BA degree from Texas University where she was a member of Gamma Phi Beta sorority. Choosing library work as a profession, she took the literary course of Columbia University and was employed in the Deaf Smith county library two years. For the past three years she has been head librarian at Nicholas Memorial Library at Longview.

The groom is a son of Mrs. E. A. Floyd of Dallas, and is a graduate of Bryan high school there. He received his BS degree in electrical engineering from A. & M. College and is employed as electrical engineer with the Atlantic Pipe Line Co. with present headquarters in Longview.

They will be at home after December 1 at Longview. Out of town guests at the wedding were Mrs. E. A. Floyd and Miss Mabel Floyd of Dallas, mother and sister of the groom, respectively; Mrs. L. O. Donald of Dallas; Mrs. W. H. Jones of Garland; Mr. and Mrs. Henry Grigsby of Fort Worth; Mr. and Mrs. J. C. Parker of Spur; Mr. and Mrs. Dave McCurdy of Plainview.

Mrs. Frisch is a sister of Ray Hershey and is leaving for her home within a few days.

INDIAN PARTY HONORS BIRTHDAY

A party cleverly unique and completely adaptable to boyish ideas of a good time celebrated the ninth birthday of James Barnard Hicks Monday, November 18, at the home of his parents, Mr. and Mrs. E. B. Hicks.

It was a real Indian party, the spirit of the red man dominating all the games both indoors and outdoors. In the spearing game, each boy rode a valiant broom into a pile of potatoes scattered 20 feet away, halloping back with as many potatoes as he could secure with his spear. There was a prize for the winner. A balloon shooting game gave a prize to the one who punctured the most balloons strung on a high line above him. Another prize was given to the skillful lad who drew the best picture of a canoe and wigwam while in a darkened room.

The table was in red and white. To reach it, the young braves followed an Indian trail of strings tied to the legs of chairs and leading at last to the table. It was centered by a khaki-colored tepee ornamented with red, a bow and arrow standing at the door. There were white plates and red napkins. Plate favors were small canoes holding baskets of candy. After the tepee had been enjoyed, it was replaced by a lovely chocolate cake with red icing and white candles. This was cut and served with ice cream to George L. LeGrand, John Douglas Pittman, Tommy Wilson, Nolan Grady, Foster Hill, David Phillips, Gerald Smith, Donald Roberson, James Barnard and Bob Hicks.

Miss Vida Hicks planned the games and had charge of the program.

THE LAST FRONTIER THEME OF STUDY CLUB

The Lone Star Study Club met Monday at the home of Mrs. Jim Higgins with Mrs. E. W. Young assisting hostess. The program was thoroughly practical and especially pertinent to the Plains country.

The theme was The Conquest of the Last Frontier, both program numbers serving as illuminating guideposts to point out the meaning of the cattle industry yesterday, today and tomorrow. Mrs. Robert Thompson gave Driving Cattle to Market: Chisholm Trail, bringing out the difficulties that lay in the way of the early-day cattleman. The Economic, Political and Social Influence of the Cattle Industry was the topic of Mrs. Ernest Medkief. Her discussion showed the research that gives the stamp of authenticity.

Date pudding with whipped cream and coffee was served to 16 members.

CHURCH NIGHT OBSERVED

Last week's observance of Church Night at the Presbyterian church was held Tuesday evening. The meeting featured the regular covered dish supper with program following. The latter was a continuance of the foreign missionary study text, the chapter for the week being read by Mrs. Dave Alexander.

This week's meeting was held Wednesday evening with Rev. J. W. Thorn in charge of the study period. This lesson concluded the series of foreign missionary programs.

Mr. and Mrs. L. B. Bassett of St. Paul, Minn., former friends of Mr. and Mrs. John Olson in that city, were Sunday guests in the Olson home, remaining until Monday.

PRE-NUPITAL SUPPER HONORS BRIDE AND GROOM

Honoring Miss Emma Jeane Donald and Mr. Carlos Blair Floyd of Dallas, whose approaching marriage has been the inspiration of so many lovely social affairs recently, Mr. and Mrs. J. W. Witherspoon entertained with a charmingly appointed eight o'clock supper Tuesday evening.

The rooms were like a wooded garden in autumn. The gay reds and blues and gold of autumn leaves were blended with the rich bronze of mammoth chrysanthemums to create a harmony of lovely color throughout. Five tables were placed, each showing harmonizing linens and carrying the colors still further in the tiny varicolored crystal animals used as favors for the women guests. Favours for the men were cigars. The menu included a fruit cocktail, a main course and a dessert of cake and coffee.

Sharing the delightful courtesy were Miss Donald, Mr. Floyd and Miss Maybell Floyd, his sister, both of Dallas; Messrs. and Mmes. Travis Dameron, Paul Mathers, Dave McCurdy of Plainview; Colby Conkright, J. C. McCracken, B. H. Hopkins, Tom McCollum, J. K. Blythe of Amarillo; Misses Gladys Seigler and Katherine Kirby.

PROGRESSIVE DINNER ENJOYED BY JUNIOR CLUB

A delightful variation from the regular order of Junior Pioneer club meetings took the form Tuesday evening of a traveling dinner party with the husbands and friends of club members as guests.

Meeting first with Lueta Borden, fruit cocktail was served, then to the home of Beatie Patterson where an elaborate Thanksgiving main course was enjoyed, dessert of pumpkin pie and coffee closing the pleasant evening at the home of LaVerna Harman.

Enjoying the occasion were Messrs. and Mmes. Frank Cogdell, S. L. Harman, Jr., Lynn Kester, Ed Mauk, Owen Miller, Troy Moore, Sherman Morgan, Charles Newell, Elmer Patterson, A. J. Schroeter, Urin Streun, Orland Wilson. Mrs. Fred Brown, Misses Lueta Borden, Nora Alice Daniel, Virginia Lillard; Messrs. Clifford and Hal Kester and Lilburn Ray.

B. & P. CLUB HONORS MRS. MARLIN GILLILAND

One of the most delightful events of the autumn social calendar of the Business and Professional Women was a party given Monday evening, November 18, in the lovely home of Mrs. Paul Foster, the occasion honoring Mrs. Marlin Gilliland, a recent bride.

Diversified entertainment was provided by having a table each of 42 and rummy, and three tables of bridge. At the conclusion of the games high and low scores prizes, together with many other lovely gifts, were presented to the honoree.

Delicious refreshments of whole wheat sandwiches, coconut macaroons, pickles, coffee and autumn drops were served to Eva Gilliland, Pearl Baer, Lillie Hostetter, Sayde Rigler, Irene Crawford, Belle Harris, Martha Ellen Dodson, Frances Fullington, Eunice Rutherford, Cecil Williams, Eva Thomas, Gladys Skelton, Mary Frazer, Jewell Dodson, Lavina Gilliland, Amy Walker, Ethel Robinson, Inez Clark and the hostess.

SEATED TEA HONORS MISS EMMA JEANE DONALD

The lovely country home of Mr. and Mrs. Colby Conkright was the scene of a beautiful seated tea Saturday afternoon, the occasion honoring Miss Emma Jeane Donald.

The receiving rooms were most attractive, fall flowers furnishing the decorative note. A noteworthy feature in the dining room was the antique Normandy lace table cover, a family heirloom. Centering the table, a blue vase of lovely all-white chrysanthemums placed between white tapers in blue crystal holders noted the bride's chosen colors. Here spiced tea was served with two tier sandwiches in brown and white, open-face cheese sandwiches and assorted nuts. Mrs. J. W. Witherspoon poured.

Enjoying Mrs. Conkright's hospitality were Misses Donald, Conkright, Hicks, Seigler, Kirby, Mmes. Donald, Grigsby, P. Pool, Hopkins, McCollum, McCracken, Witherspoon, Dameron and Mathers.

Mrs. Arthur Thompson returned Tuesday morning from a visit of several weeks with her mother in Hamilton, Kansas, and her sisters in Spokane, Washington.

Beware The Cough
From a common cold
That Hangs On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can be relieved now with Creomulsion. Creomulsion not only contains the soothing elements common to many remedies; such as, Syrup of White Pine Compound with Tar, fluid extract of Licorice Root, fluid extract of Wild Cherry and Menthol, but also has fluid extract of Ipecac for the powerful phlegm loosening effect, fluid extract of Cascara for its mild laxative effect and, most important of all, Beechwood Creosote is perfectly blended with all of these to reach the source of the trouble from the inside. Creomulsion can be taken frequently and continuously by adults and children with remarkable results.
Thousands of doctors use Creomulsion in their own families as well as in their practice knowing how Creomulsion aids nature to soothe the inflamed membranes and

heal the irritated tissues as the germ-laden phlegm is loosened and expelled. Druggists also know the effectiveness of Beechwood Creosote and they rank Creomulsion top for coughs because you get a real dose of Creosote in Creomulsion, emulsified so that it is palatable, digestible and potent for getting to the very seat of the trouble. Creomulsion is guaranteed satisfactory in the treatment of coughs, chest colds and bronchial irritations and especially those stubborn ones that start with a common cold and hang on for dreadful days and nights thereafter. Even if other remedies have failed, your druggist is authorized to guarantee Creomulsion and to refund every cent of your money if you are not satisfied with results from the very first bottle. Don't worry through another sleepless night—phone or go get a bottle of Creomulsion right now.

PRESBYTERIAN CHURCH
 "Give Thanks! For What?" will be the theme of the sermon Sunday morning at 11 o'clock in the First Presbyterian church by the pastor, Rev. J. C. Thorns. Let us give some thought to thanks on this Thanksgiving Sunday. "Clothed in Christ" will be the theme at the evening hour, 7:30. Sunday school, 9:45 a. m., under leadership of G. M. Hudson. Christian Endeavor, 6:30 p. m., with Mary Ann Baird as leader. Communicants class begins on Tuesday at 4:30, for boys and girls of the Sunday school. Church Nite, Tuesday, 7:00 p. m.

ST. ANTHONY'S CHURCH TO HAVE THANKSGIVING DINNER
 Thanksgiving Dinner is going to be a special event this year at St. Anthony's church. The menu committee is getting things ready and the other committees assure everyone it is going to be a real occasion. A large gathering is expected for the dinner, many to keep from preparing the meal at home. Business men and women and families are also invited. Games will be provided for the children after dinner.

Messenger School News.
 There will be an interesting Thanksgiving program given at the Messenger school Wednesday night, November 27. The program will be closed with a box supper. All are invited to attend, and all of the women are requested to bring boxes. Money raised from the sale of these boxes will go to a miscellaneous fund that will be used for various and sundry needs of the school.

Mission Film to Show at Church

"Skylines," a moving picture of the City of New York, will be shown at the First Presbyterian church Friday, November 29, at 7:30 p. m. Views of New York from the air, from the Empire State Building will be shown, historic landmarks, George Washington Bridge, a great engineering feat will be shown. A city parade, streets lined with mounds of confetti and waste paper, an army of men endeavoring to conquer a blizzard with snow shovels, the world famed Great White Way, evidences on the other of dire poverty. Where East and West meet in the second largest city in the world, a composite of cultures and customs. Missions at work in the city's Chinatown, in colorful Bohemia, in an Italian colony, second only to Italy's largest city, in Negro Harlem, in little Hungary. This picture will be shown under the auspices of the Board of National Missions of the Presbyterian church.

WORK IS STARTED ON CORN - HOG CONTRACTS

Work has been started on the contract for the new two-year adjustment program for corn and hogs, following conference in Washington of producers, state agricultural specialists and AAA officials, according to announcement received here. The main objective of the new program will be to maintain a balance between the production and consumption of corn and hogs during the next two years, it was announced. To do this, it will be necessary to prevent an excessive production of corn in 1936 and 1937, allow an increase in next year's pig crop that would be at least as great as it is estimated would take place were no adjustment program in effect and to prevent an excessive increase in the 1937 pig crop.

TEXAS COLLEGE LINKS ART WITH CENTENNIAL

Attend Maytag School Monday

M. D. Womble, dealer; Ray Singleterry, Charles Campbell and James Robinson of Hereford, and W. J. Parr, dealer, and Ernest Gatlin of Friona attended a Maytag convention and instruction course at Sweetwater Monday. F. L. Maytag was present for the session. Mr. Womble won second prize, a cutaway Maytag machine, in a contest among dealers who traveled the longest distance with the largest percentage of their sales force. Dealers and salesmen were present from Pampa to San Antonio. The local group also is working in a contest being staged for the highest percentage of sales quota. The prize is a free trip to the Maytag factory at Newton, Iowa. Mr. Singleterry has virtually clinched his trip, and Mr. Womble has an excellent chance to win the dealer's trip before the contest closes in 10 days.

EVERY POST OFFICE TO BE OUTPOST OF CONSERVATION

Every post office will become an outpost of migratory bird conservation this year, says the United States Biological Survey in announcing publication of the Bureau's annual game law poster. For the first time copies of the poster are being displayed on bulletin boards in each of the 47,000 post offices in the United States. In addition to showing the opening and closing date of open season on migratory game birds in this country and Canada, the new poster summarizes Federal restrictions on hunting methods and the provisions of the duck stamp law. It also lists local names of the more common species of ducks. Compiled by Frank G. Grimes of the Bureau's division of public relations, the poster includes information only on species protected by the United States laws.

GIZZARD SERVES CHICKEN BEST AS FOOD GRINDER

A chicken's gizzard functions primarily as a food grinder. It does little work when fine feed is fed and apparently does practically none of the work of digestion. That is left for the intestines. Several chickens whose gizzards were removed in technical studies by the United States Department of Agriculture, thrived almost as well on ground corn as a flock of normal chickens. Whole corn was digested better by chickens with gizzards. One gizzardless rooster used in experiments started 2½ years ago is alive and healthy.
