Clark Refuses To Turn Over Secret Files

WASHINGTON, June 1 (AP)—Attorney General Tom Clark today refused to give a Senate committee the secret government files on 164 officials of foreign governments.

The Governor's signature is assured, enacting this legislation into law," said Blount. He introduced the measure into the House, where it was passed.

Clark told a Senate Judiciary subcommittee the information is "extremely delicate" and even involves ambassadors and foreign ministers of European governments.

New Veterans Pension Bill Passes House

Measure's Chances Of Passage Are Reported Bright

WASHINGTON, June 1 (AP)—The House passed and sent to the Senate today a World War I and II veterans' pension bill after knocking out an "unable to work" provision.

By WILLIAM F. ARBOGAST (AP Press Staff)

WASHINGTON, June 1 (AP)—A new veterans' pension bill came before the House today, with its chances of passage looking bright.

It's an entirely different measure from one the House tossed aside by a one-vote margin on March 24.

Only two fights were in prospect on the new bill—one to eliminate World War II veterans from the benefits and the other to knock out an employability requirement.

Chairman Rankin (D-Miss) of the Veterans' Affairs Committee said he would try by amendment to knock from the bill a committee-approved provision denying pensions to veterans who don't meet an employability standard.

Without that provision, the bill's cost has been estimated at almost \$3 billion during the next 50 years.

It was the high estimated cost of pensions that resulted in defeat of the original veterans' pension measure. That measure's cost had been estimated at upwards of \$100 billion during the next 50 years.

The unemployability provision says only veterans who, because of disability, can't do more than half a day's normal work or earn more than half the normal pay for work they are doing, shall receive the pensions.

The pensions in most cases would be \$72 a month at age 65. The bill incorporates into proposed law existing benefits now being paid under Veterans' Administration regulations.

These regulations pay \$72 a month to veterans who, at age 65, have a 10 per cent disability rating. They pay \$80 a month to veterans under 60 who are considered totally disabled.

The original Rankin bill would have paid \$90 a month to all veterans at age 65, regardless of need.

Under the new bill single veterans whose income is more than \$1,200 a year, and married vets with income over \$2,500, would not be eligible.

An amendment to remove World War II veterans from the list of pension eligibles was expected to have the House backing of some of these veterans themselves. They say it is too soon after the war to vote pensions for such men.

Big Four Clash On Veto Issue As Berlin Control Talks Begin

Wilson Says He Kept Bad Risks On AEC Payroll

Testimony Given By Atomic Officer In Joint Hearing

WASHINGTON, June 1 (AP)—Carroll L. Wilson, the Atomic Energy Commission's general manager, said today he kept two scientists on AEC payrolls despite his security officer's finding that they were bad risks.

Wilson told a congressional committee he made his own decision in these cases and had not taken the matter up with the commission.

Wilson testified at the Senate-House Atomic Committee's hearings on charges by Senator Hickenlooper (R-Ia) that there has been "incredible mismanagement" of the commission's affairs under the chairmanship of David E. Lillenthal.

The names of the two scientists were not brought out.

Wilson's statement capped these earlier developments:

1. Hickenlooper demanded that the AEC turn over to him a vast volume of records and reports, including memoranda of Roosevelt-Churchill talks about atomic matters at the 1943 Quebec conference.

2. Hickenlooper, in long questioning of Lillenthal, developed that there had been many shifts in important offices in the commission's organization.

Hickenlooper contended this personnel turnover was a sign of poor management. Hickenlooper asked for the AEC records by 4 p. m. (EST).

Notaries Warned To Renew Commissions

Persons now holding public notary commissions must apply for their renewal between now and June 10, County Clerk Lee Porter has announced.

Most Nations Favor Recognition Of Chinese Communist Regime

NANKING, June 1 (AP)—Diplomatic sources said today most countries—excluding Britain, France, Russia and India—favor recognition of the Chinese Communists when their new national government is set up.

American officials here, these sources said, are urging that recognition be used for bargaining with the Communists for better treatment of non-Soviet interests. The United States has less immediate need for formal relations than Britain, France and India.

This is the picture outlined by Nanking diplomatic quarters:

The Western Powers are in contact on recognition of the Red Chinese regime and probably will work together. But France and Britain are likely to act sooner if the U. S. delays too long after the Reds establish an eligible government.

France's prime concern is Indochina. Chinese Red armies soon will reach the Indochina border. The French need a Chinese government to protest to if either troops or war material begin crossing this border to aid Communist-led Viet-Nam nationalists. The Viet-Namese have been fighting the French since World War II ended.

Britain is eager to do business with the Chinese Communists. The British crown colony of Hong Kong depends upon trade with the Chinese. Hong Kong shipping already is calling on North China ports. British businessmen are well ahead in the scramble for trade.

Commercial interests could be served through de facto recognition. But the Communists have carefully avoided the customary de facto recognition of consulates—something the Western Powers obviously desire.

Police Investigate Burglary And Two Thefts Wednesday

City police were investigating a burglary and two thefts this morning, with missing items ranging from firearms to an air conditioner.

At least four pistols, some ammunition and possibly some rifles were taken from the Big Spring Hardware Co. during a burglary, officers said. The pistols included a .45 caliber Colt automatic, a Smith and Wesson 38-44, a 22 caliber automatic and a 22 caliber military target pistol. The burglary may have been committed during the weekend, police said, and entry apparently was gained through a window. Inventory was being checked at the store this morning to determine if any rifles were taken.

Police said Leon Keeley, 861 West 18th, reported that a lawnmower had been stolen from his garage, and D. G. Harris, 1810 Nolan reported the theft of an air conditioner and some tools.

Centennial Seal Contest Winner To Be Announced

Winner of the Big Spring Centennial Association's official seal contest probably will be announced within the next day or two, the seal committee announced this morning.

The contest closed at midnight last night. However, if additional entries postmarked before the deadline should arrive by mail, they will be considered in the judging.

The person submitting the winning sketch will be awarded a prize of \$25.

Thirty-six entries had been tabulated this morning, and the seal committee planned to meet at 3:30 p. m. to make arrangements for the judging, said Lee Milling, committee chairman.

U. S., States In Tidelands Huddle

WASHINGTON, June 1 (AP)—Ownership of the wealthy tidelands was the issue today in a full-dress conference between the federal government and coastal states including Texas.

An "area of agreement" was the goal as representatives of Texas, Louisiana, and California sat down (12 noon CST) with Attorney General Tom Clark, Secretary of the Interior Krug and Senator O'Mahoney (D-Wyo).

Both the states and the federal government claim title to the lands—rich in oil and other minerals. And neither has yet publicly agreed to any plan for a compromise.

Late yesterday, Attorneys General Price Daniel of Texas, Fred Bowers of California, and Bolivar Kemp of Louisiana met in the capitol.

Abolishing Of Unanimity Rule Asked By West

Strong Objection Is Registered By Soviet Minister

PARIS, June 1 (AP)—The Foreign Ministers Council today took up the question of restoring four-power control of Berlin and clashed at once on the veto issue.

American sources said the three Western ministers urged that the rule of unanimity be abolished in a revised Kommandatura.

Soviet Foreign Minister Andrei Y. Vishinsky strongly objected, saying that unanimous decisions were "the only way to govern."

The Kommandatura, a four-power body, governed Berlin in the immediate post-war period before the cold war division of the city. It broke up last year following continued East-West deadlocks.

The issue of Berlin and the currency situation there made up the second item on the agenda of the Foreign Ministers Council.

Before the afternoon's session of the four-power representatives the three Western ministers conferred among themselves for about 75 minutes. It was understood that one of the questions discussed was whether the council should go into "restricted" session.

This would mean that the deliberations would be secret and that newsmen would not be briefed at the conclusion of the meetings. There was no indication as to what decision was reached.

At present, newsmen are barred from the Pink Marble Palace where the meetings are held. After the conclusion of the sessions, however, press officers from each of the four delegations give resumes.

The issue of Berlin centers around the question of transportation between the city and western Germany. Since Berlin is some 100 miles deep in the Soviet zone, any agreement might eventually also govern traffic between the entire east and west Germany.

Truman Backs Pact Timetable

WASHINGTON, June 1 (AP)—President Truman said today the Senate timetable behind the North Atlantic Pact pending labor legislation is satisfactory to the State Department.

Presidential Press Secretary Charles G. Ross told reporters there is "no over-priority" between the State Department and Democratic leaders in the Senate.

Earlier in the day Sen. Vandenberg (R-Mich) called for prompt approval of the treaty by the foreign relations committee to strengthen Secretary of State Acheson's hand at Paris.

Vandenberg said the administration's decision to put Taft-Hartley Act repeal ahead of the alliance makes committee action almost imperative.

The Senate is due to start debating a new labor bill this week.

### Caesarean Put On Television Screen Tuesday

PHILADELPHIA, June 1. (AP)—A group of newspaper men and women yesterday watched by color television receivers the Caesarean delivery of a girl at the University of Pennsylvania hospital. The demonstration, sponsored by Smith, Kline & French Laboratories, Inc., was described as the first public viewing of surgery by color television. The university's director of surgical research, Dr. J. S. Rowlin, said the television audience "saw more of the operation than the surgeon's assistants and nurses in the operating room" three floors away. Officials of the Columbia Broadcasting System, which designed the television equipment used, and Zenith Radio Corp., manufacturers of the receiver, said the demonstration was not color television comparable with the present reception of a black and white picture. The equipment was specially designed for closed circuit operation and is intended primarily for surgical instruction in medical schools. Smith, Kline & French Laboratories said they plan similar demonstrations at the American Medical Assn. convention at Atlantic City, N. J., next week. President Eugene F. MacDonald, Jr., of Zenith, emphasized the demonstration "does not mean the coming of color television for the public." He pointed out the picture of the operation was not broadcast but was carried by telephone wires from the operating room to the viewers in the same building.

### Apollo Citizens Raise \$125,000 To Save Jobs Of Steel Workers

APOLLO, Pa., June 1. (AP)—The people of Apollo will learn today whether the \$125,000 they raised in a frantic drive was enough to buy this steel mill town's only industry and thereby save the jobs of 750 workers. Apollo residents, after a fund raising campaign last week, yesterday turned over a certified check for \$125,000 to President Howard C. Keiser of the Phoenix-Apollo Steel Co. Keiser is expected to present the bid to today's meeting of the firm's board of directors at Chicago. Lynn Hemphill, Apollo lumberman and banker who engineered the fund drive, said he "understood our bid will be considered." The steel mill announced it would close in July because it could not locate a source of raw steel at a price low enough to allow the firm to make a profit in producing steel sheets for use in such products as automobiles and refrigerators. Hemphill drew up a plan under

### Waco Pilot's Body Found In Wreckage

PANAMA, Panama, June 1. (AP)—The body of R. Wayne Ingram, 29, U. S. pilot from Waco, today was found in the wreckage of his plane in the sea off Puerto Armuelles in Chiriqui province. Searchers reported that the body was trapped in the plane's cabin. Divers are expected to raise the craft today. The plane, en route to Armuelles to pick up passengers, fell into the sea after losing its tail and part of its fuselage in a mid-air collision with another aircraft yesterday. Ingram was the son of Mr. and Mrs. Earl Ingram of Sedgwick, Kas.

### GOP SUPPORT SOUGHT

## Demos Plug For Compromise Version Of Truman Labor Bill

WASHINGTON, June 1. (AP)—Senate Democrats plugging for a compromise version on the administration's labor bill bid hopefully today for Republican support. The fresh drive came as the Senate neared the start of debate on the Taft-Hartley repeal measure. It is scheduled to begin as soon as the docket is cleared of two other pieces of legislation, possibly tomorrow. The Senate Democratic Policy Committee agreed on that procedure yesterday after party leaders conferred with President Truman.

The administration labor measure is designed to carry out Mr. Truman's campaign pledge to get rid of the Taft-Hartley Act. Besides repealing that law, the bill would re-enact the old Wagner Act with a few amendments. Many of those who want to keep the basic provisions of the T-H Law are lining up in support of a substitute bill written by Republican Sens. Taft (Ohio), Donnell (Mo) and Smith (N.J.). It would make more than a score of changes in the present law, but the sponsors say the "best features" would be retained.

Some Democratic senators who once opposed any alteration of the administration bill now are acknowledging privately that they don't stand a chance unless it is amended to include some provisions of the T-H law. Three Democrats on the labor committee—Sens. Douglas (Ill.)

Humphrey (Minn) and Withers (Ky)—already have called publicly for a series of amendments. Douglas told a reporter today that he still is insisting to the party councils that the changes be designed to win the votes of what he calls the "liberal" Republicans and the "moderate" southern Democrats.

"If we can pull them along with us," Douglas said, "we will be all right and we will have a good bill." Douglas refused to say whether he personally plans to introduce any of the amendments he has in mind. These include one which would give the President limited authority to seize struck plants or industries in national emergency situations.

However, one of Douglas' colleagues said the Illinois senator is regarded as the key Democrat in the drive to make the bill more

palatable to those now against it. Humphrey said in an interview that an effort is being made by the Democrats to get "some of our friends on the other side of the aisle"—meaning Republicans—to introduce at least part of the compromise amendments.

Humphrey said he agrees with Douglas that the success of the move is dependent on winning the backing of a group of Republicans and some of the southern Democrats now on the fence. Among the Republicans Humphrey named Sens. Morse (Ore), Aiken (Vt.), Langer (ND), Smith (Me), and possibly Ives (N.Y.).

Informed of that, Aiken said the administration bill will have to be changed a good deal before he could support it. There was no indication, meanwhile, that Mr. Truman is willing to agree to a compromise version.

## Bolivian Reservists Mobilized In Crisis

LA PAZ, Bolivian, June 1. (AP)—Bolivian army reservists from 19 to 30 were ordered mobilized last night as the cabinet met in emergency session to cope with what it calls a "state of civil war."

The government said the mobilization was justified by the gravity of the present situation in which striking tin miners have seized mine officials, including Americans, as hostages and fought bloody battles against troops sent to the area. Two thousand dynamite-hurling miners yesterday battled 200 troops for control of the Patino-owned Huamani tin mines. The mining area is in the high Andes, about 200 miles southeast of La Paz.

The government previously had decreed a state of siege, suspending normal civil rights for 90 days under semi-martial law. Railroads throughout the embattled country meanwhile halted service, threatening a grave food shortage. The nation's 3 million land-

locked residents get most of their supplies by rail from Argentina, Peru and Chile.

The government charged the violence which broke out over the weekend at the Patino group's Siglo Veinte mine, was inspired by a group which wanted to turn the strike into a full-fledged revolution. The government said both the richest national revolutionary movement and Communists elements were involved in the plan.

Unofficial reports said the death list might total 50 as a result of the mine strike called to enforce a demand that the government return 26 men—union leaders and others—deported to Chile Friday.

Two American engineers have been reported killed and the superintendent of the Huamani mines, Howard Keller, a U. S. citizen, was held captive by the miners. U. S. citizens and other foreigners were being evacuated from the mining area.

### Electric Brain Will Translate

LOS ANGELES, June 1. (AP)—The U. S. Bureau of Standards is building an electric brain that will translate foreign languages—something that has stumped college freshmen for years.

The brain is being built at the University of California at Los Angeles by 20 mathematicians and technicians under the direction of Dr. Harry Huskey. It also is expected to be able to compute salary payments, predict the weather, and replace minor executives.

### Arizona Man Seeks Oldtimers' Aid In Verifying Birth Date

George Truitt, Coolidge, Ariz., is seeking help of old timers in verifying a birth date.

Mr. and Mrs. John Theodore Truitt lived here in 1882-84, he said, and Truitt operated a store, restaurant, bakery shop and candy kitchen.

Their eldest son was born here at that time, and George Truitt (P. O. box 154, Coolidge) is seeking someone who might remember the birth of the son. He said that the elder Truitts remembered some people by the name of Sutton and a colored barber named Anderson. Truitt would appreciate hearing from anyone who might give some informational help.

### Japanese Students Sing After Battle

TOKYO, June 1. (AP)—Docile college students sang today on the spot where club swinging Japanese police yesterday dispersed Communist led demonstrators.

There was no violence in the assembly of 2,000 students. If there were any Communists present in the gathering they kept quiet.

Police yesterday broke up Communist led demonstrations against proposed new regulations of public gatherings. One hundred demonstrators were injured, one died in a fall from the building and 66 were arrested.

Occupation officials said the 66 arrested would be handled through Japanese courts.

## Clay Stresses Need Of U. S. Preparedness

FORT KNOX, Ky., June 1. (AP)—Gen. Lucius D. Clay, retired U. S. military governor of Germany, stressed this nation's obligation "always to be prepared" in dedicating the Patton Museum here Monday.

Mrs. George S. Patton, Jr., who unveiled a plaque in memory of her husband, added her plea for preparedness and scoffed at the idea that heavy armaments mean warlike ambitions.

She termed preparedness "plain insurance against another war," and declared peace can be maintained only by force.

Gen. Clay called the dedication of a memorial to Patton a fitting event for Memorial Day. "In honoring him, we honor all those who fought and died for their country," he said.

The Patton Museum contains permanent displays of tanks, guns and other equipment captured from the enemy in World War II, as well as equipment used by the U. S. and her Allies. Cars, tanks, and guns used by Gen. Patton himself make up a special exhibit.

Patton, colorful Third Army commander in World War II, was killed in an automobile accident in Germany after V. E. Day.

## WEATHER BEATENEST COWPUNCHER IS HAVING TIME OF HIS LIFE IN TEXAS

MADISONVILLE, June 1. (AP)—The "world's most weather-beaten cowboy" is having a lot of fun. Big, bow-legged Jack Lael of Northport, Wash., is over most of his early embarrassment at being treated like a celebrity.

"I ain't married," he said last night, and—with some prodding—confided he's sort of cutting his eyes around. "Looking for a rich widow with two or three oil wells," said Jack Lael, husky 26-year-old cowhand, who was tabbed the world's most weather-beaten cowboy by the Madisonville Sidewalk Cattlemen's Assn. He won the title and several days of high living for nursing a herd of 270 cattle through a severe blizzard last winter.

Eleven pretty girls decked out in fancy cow toms greeted Lael with kisses at Dallas yesterday. Today, he's scheduled to meet Miss America, pert Bebe Shopp of Minneapolis.

### Clay Retires After 31 Years of Service

WASHINGTON, June 1. (AP)—Gen. Lucius D. Clay, former U. S. governor in Germany, retired from the Army Tues. in a ceremony at nearby Fort Myer, Va. He has served 31 years.

In recognition of his combat record in the last war and more recently on the cold war front in Germany, President Truman recommended, and Congress approved that he retire as a full general.

The general, 52 years old, is going to New York where he is scheduled to receive an honorary degree at Columbia University. After that, he plans to go home to Marietta, Ga.

# Installation Services Are Read For New Eastern Star Officers

In a garden setting of red roses, greenery and baskets of red carnations, formal installation services were read for Veda Carter, worthy matron and Durward Lewter, worthy patron at the meeting of the Big Spring chapter of the Order of Eastern Star in the Masonic hall Tuesday evening.

Other officers installed were Vera Gross, worthy associate matron; Charles Stovall, worthy associate patron; Myrtle Lee, treasurer; Dorothy Driver, conductor; Thelma Tucker, associate conductor; Beulah James, chaplain; Pyrie Perry, marshal; Gayle Bonner, organist; Carmen Stovall, A.D.; Dorothy Parrish, Ruth; Irene Barnett, Esther; Irene Hall, Myrtle; Ina Richardson, Elsie; Ruth Roden, warder and Amanda Hull, sentinel.

Mrs. Frances Fisher acted as master of ceremonies and introduced the grand installing officers, Mrs. Euta Hall, serving as grand escort, presented Mrs. Gladys Daimont, Arnes V. Young, past grand officers who were assisted by Mae Hayden, Beulah Carmike, Peggy Davis, Brownie Dunning, Minnie Michael and J. D. Benson.

The chapter jewel pin, presented to the incoming, worthy matron, Mrs. Carter, by the retiring matron, Fannie Mae Eaker. With her acceptance of the office and its responsibilities, Mrs. Carter announced her motto for the year to be, "Work Today," based on St. John 9:4, and which reads, "I must work the works of Him that sent me, while it is day: the night cometh, when no man can work."

Mrs. Myrtle Lee gave a chalk picture of the sunrise as Mrs. Ruby Reed sang, "The World is Waiting For the Sunrise," accompanied by Gayle Bonner.

Members of the Order of the Rainbow for Girls enacted a drill and gave a gift to Mrs. Carter, who is the first member of the Rainbow Assembly to become worthy matron. Mrs. Luther Russell presented the past worthy matron and patron pins to the retiring officers in behalf of the local chapter. Mrs. Russell is the mother of Mrs. Eaker, retiring matron.

The refreshment table was laid with a white linen cloth and centered with rural home settings, one featuring a home and rose garden, surrounded by a picket fence, and bearing a miniature

# Vandenberg In Bid For Atlantic Pact Approval

WASHINGTON, June 1. (Sp)—Senator Vandenberg (R-Mich) called today for prompt approval of the Atlantic Pact by the Foreign Relations Committee, to strengthen Secretary of State Acheson's hand at Paris.

The administration's decision to put off Senate debate on the security treaty makes early committee action almost imperative, Vandenberg told newsmen, adding:

"A prompt and effective report by the committee approving the treaty should be helpful to Mr. Acheson in the foreign ministers' conference."

The committee is expected to approve the treaty unanimously, but when it will reach the Senate floor is not certain.

Senator Lucas of Illinois, the Democratic leader, yesterday put formal debate on the pact behind attempts to repeal the Taft-Hartley act. This move was attributed in some quarters to administration uneasiness over criticism of Congress by labor.

Lucas wrote CIO President Philip Murray that the Democratic Policy Committee had decided to take up the Taft-Hartley repealer before the week is out.

Lucas also promised final action in this session on a bill to lift minimum wages, and added that the administration "has lost none of its determination to try again to obtain action on the civil rights program," always a filibuster-inspiring subject.

Murray had asked Democratic leaders for action on these and housing, social security, and school aid bills.

# Correction Is Made

An error in the account of a tea given in Stanton recently was made in the Monday Herald.

The name should have been Dorothy Hamilton. Miss Hamilton is the bride-elect of DeWayne Davis. She was honored at a tea given by Mrs. Ray Simpson and Mrs. John D. Connell.

# RIBBON RAMBLINGS

By MILDRED YOUNG

Someone should do something about the flies, we're not talking about baseball, in the picnic areas of the city. Attempts may have been made to get rid of some of them, but such attempts have not been successful in some areas we know.

It's June again and that month above all others which is considered THE wedding month. We've noticed that merchants are taking advantage of the idea by specializing in gifts for that special occasion.

The traffic is mighty heavy in the direction of the local swimming hole these days. The weather is perfect for a good sun tan or cooking, whichever your skin takes when exposed to the sunshine. Funny, how summer is such a lazy season when it comes to work and how energetic it is when it comes to standing behind a tennis racket, or golf club or on a diving board.

Noticed some watermelons on sale last night, the first we have seen in any quantity. Two things we enjoy most about summer are watermelons and home-made ice cream. We've never seen a summer yet when we swallowed too many. Of course, there are other fine things such as strawberries, corn on the cob and fried chicken, to mention a few.

This is also the season for those cool, cute summer dresses. We hope that you are keeping in touch with our pattern department and that you are enjoying making as well as wearing bright, new summer dresses.

# Forsan News Notes

# Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing. How quickly one may lose pounds of bulky, unattractive fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugstore and ask for four ounces of Liquid Barcostrone. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonfuls twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slenderness, more graceful curves, if a few more bottles and inches of excess fat don't just seem to disappear, almost like magic from neck, chin, arms, just, abdomen, hips, calves and ankles, feel secure the simple bottle for your money back.

Follow the easy way endorsed by many who have tried this plan and help bring back slurring curves and graceful slenderness. Note how quickly most disappear — how much better you feel! More active, youthful appearing and active.

**10 pounds lost in 10 days**

Mrs. M. C. Britton, 206 W. Wildwood, San Antonio, Texas, writes us as follows: "I am a faithful user of Barcostrone. I had dieted for weeks without your product and needed badly to lose 10 pounds, so I started using Barcostrone and my worry was over for I lost the 10 pounds in 10 days. I now weigh 135 pounds. "I can't express anything I want and hold my gratitude."

# East Fourth Class Has Picnic Supper

# Julio Ramos Hurls 8th Win By Blanking Angelo, 5-0

## Stasey, Cookie Vasquez Shine

SAN ANGELO, June 1.—The Big Spring Broncs called on their "win insurance" — Lefty Julio Ramos — here Tuesday night and the little fellow came through in grand style, getting the San Angelo Colts down with three hits as Pat Stasey's Hosses romped to a 5-0 triumph.

In collecting his eighth win of the season against no losses, Ramos didn't allow a man as far as second base. A double play in the ninth wiped out one mild Angelo threat and an attempted "hit and run" play earlier washed out another attempt.

Ken Cluey, Hal Jackson and Don Schneegold were the Colts who solved Ramos' offerings for hits. Ramos walked only one man and was so effective when the opposition did gain a life, only one of the Colts was left on base.

"Pitch hitter" Sam Harshaney came up with Don Schneegold on the base paths in the ninth and hit hard to Carlos Pascual, who turned the drive into a twin killing.

Durward Cox, on the rubber for Angelo, pitched sterling ball until the seventh, when the Hosses got to him for three runs. Ray Vasquez's two-baser with Stasey and Pascual up front was the big blow in that round. Vasquez later came home on Al Valdes' hit.

Stasey broke a batting slump by driving out three singles. Vasquez also had three blows.

The Steeds got to Cox for 15 hits in all and every man in the lineup, with the exception of Ramos, had at least one blow.

## BRONC MANAGEMENT TO STAGE ORCHID NIGHT EVENT SATURDAY

Bill Veck and R. W. Burnett, who watch the turnstiles for the Cleveland Indians and the Dallas Eagles, respectively, are not more than one jump ahead of the Big Spring Bronc management.

Following the lead of the Cleveland and Dallas brain trusts, Business Manager Al Atton announced this morning that "Orchid Night" will be observed at Steer park Saturday night.

The observance will include the presentation of an orchid to each of the first 500 women who enter the gates of the local baseball installation that night.

The main attraction will find the Hosses entertaining the Odessa Oilers.

As for the orchids, arrangements have been made to transport 500 of the blossoms by plane from Hawaii to Big Spring.

## Furillo Stars As Bums Move Into Lead

By JACK HAND  
Associated Press Sports Writer

Carl Furillo, the fellow Leo Durocher said couldn't hit right-handers, is making his old boss eat his words.

The Brooklyn right fielder hit a 14th-inning home run off right-hander Larry Jansen in the wee small hours this morning to win the "big game" of the young season for the onrushing Dodgers.

Furillo's second homer of the year, both off Jansen, enabled the Brooks to shade Leo's New York Giants, 6-4, in a 3-hour-57 minute marathon at the Polo Grounds.

As a result of the homer and a spectacular job of no-hit, no-run relief pitching by Rookie Jack Banta, the Dodgers enter June in a two-way tie with the Boston Braves for the National League lead.

The Giants, who were partners in a triple tie yesterday morning, now are third.

It was a toughie for Jansen who opposed four different Dodger pitchers during the long evening. He blew an early 3-0 lead and another 4-3 advantage. Then in the 14th he dished up the homer to Furillo.

A triple by Roy Campanella sent the tying Giant ace to the showers. Dave Koslo seized the extra score on Banta's single, his first hit of the season.

Jackie Robinson, always an important part of every Dodger victory, didn't figure in the headlines of this one although he clicked for three hits. But he made a fine running catch of Johnny Mize's foul fly against the right field wall deep in a wide shift to right against the long ball-hitting Mize.

## 'Orchid Night' May Pack Park At Eagle Field

By WILBUR MARTIN  
Associated Press Staff

It's "Orchid Night" at the Dallas Baseball Park tonight and the first 5,000 women to show up gets a free flower.

Dick Burnett's latest sideshow attraction is almost sure to pack the park, but his fluttering Eagles' being in first place may have something to do with it.

The fickle fans of Dallas stuck by the Eagles during a sad home stand recently. Now the team comes back with its lead a little longer.

A 6-3 decision over Oklahoma City last night—and San Antonio's defeat—put Dallas two full games to the good.

Shreveport blanked San Antonio, 4-0, in other games. Houston defeated Beaumont, 5-2, and Tulsa trampled Fort Worth 10-3.

A four-run outburst in the first inning was one more than Oklahoma City could produce its half of the opening inning and was good enough to win for Dallas.

Hank Wyse won his fourth game of the season against no defeats in setting San Antonio down with seven hits—three in the final inning. Pete Lewis' homer in the eighth iced the game for the Sports.

Tulsa broke Fort Worth's back with five runs—four on home runs by Russell Burns, Dewey Williams and Joe Adcock.

Jack Croff pitched Houston an easy decision and Larry Miggins helped with a three-run homer.

## Local Legionnaires Gain 13-2 Win Over Coahoma

PGA FINALISTS JOKE—Sam Snead (right) gives his hat a tug as he jokes with Johnny Palmer after they scored victories in the National Professional Golfers Association tournament play. They meet for the championship in a 36-hole match at the Hermitage Country club in Richmond, Va. (AP Wirephoto).

## Teams Tangle Again Friday

COAHOMA, June 1.—Cess Isaacs' American Legion Junior baseball team of Big Spring surged past the Coahoma Legionnaires, 13-2, in an exhibition game played in a high wind here Tuesday afternoon.

The two clubs tangled again in Big Spring at 3 p. m. Friday. Scene of action will be the Coades diamond near College Heights school.

"Floyd (Pepper) Martin buried the first seven innings for the Big Springers and received credit for the win. Freddy Molina was the loser. Wilmon White also saw action on the hill for Big Spring.

## Sam Snead Wins PGA Laurels By Trouncing Palmer, 3 And 2

RICHMOND, Va., June 1.—Samuel Jackson Snead—at 37—is king of America's professional golfers today.

The Slammer from White Sulphur Springs, W. Va., earned that distinction yesterday when he came from behind to defeat Johnny Palmer of Bala, Pa., 3 and 2, for the 1949 championship of the Professional Golfers Association.

Snead's brilliant victory over Palmer distinguished him as—

- The only golfer in history ever to win the Masters Tournament and the PGA crown in one year.
- After his match with Palmer, Snead immediately served notice he is out to take his third major title this year in the National Open at Chicago next week.
- The nation's leading money winner for 1949. Sam has earned \$12,610.83, with \$3,500 coming from yesterday's triumph.

## Looking 'Em Over

by Tommy Hart

It's fast becoming apparent that the Big Spring baseball professionals are going to need at least one hitter capable of unloading the sacks occasionally.

The Hosses probably boast the pitching necessary for a winner. Defensively, they're about tops in the circuit and they're probably the fastest team in the league.

However, the old baseball adage, "you gotta care to win" holds true in modern baseball. In recent games, the Cavuses have betrayed a glaring weakness in failing to deliver behind the runner.

At the present time, there doesn't seem to be a member of the club capable of hitting .300 over the full season, unless it is Carlos Pascual who steps into the ball instead of away from it.

Felix Gomez and Ave Mendez regrettably do not employ the bunt as often as they could. Each has a tendency to "put their foot in the bucket" when he hits. That, in itself, is no weakness since many great hitters (e. g. Al Simmons) were guilty of the same thing.

Gomez could be one of the great hitters in the lower minor leagues if he would correct the fault of falling away from a delivery.

Eddie Ramirez has a peculiar hitch in his swing which he should work to eliminate. A smoke ball puts him off balance. Observers say he would benefit by holding the bat steady and following the ball all the way in.

**More Smiles per Gallon with Dynaflo Drive**

There's the smile when you slip the selector lever into Driving notch—and realize that's all there is to do.

There's the smile when you swing smoothly up to cruising speed without halt or check or break of stride. There's the smile at traffic lights when you halt, wait, then move away with never a thought about shifting.

But the broadest grin of all comes at the end of a long day's drive and you find you've covered more miles more easily. Even your treadle-foot — so likely to become tired and cramped maintaining an even speed in direct-drive cars—appreciates the fluid ease of Dynaflo.

For Dynaflo Drive is not merely a new transmission. It's a new experience — a new luxury in driving. In ten minutes you are handling it

like a veteran — in two days you wouldn't be without it.

Small wonder, then, that Dynaflo is the drive with which all new developments in transmissions are compared.

Not merely "something better," it is something entirely new, the first exciting chapter in a whole new book.

Go learn for yourself how abundantly rich in pleasure every gallon becomes when you have Dynaflo.

Your Buick dealer will be glad to demonstrate—glad to quote delivered prices—glad to talk terms of as fine a deal as you could want.

And you'll find glad surprise in the delivery dates he is now mentioning.

# '49 Texas Electric Show To Open At Big Spring High School June 7

The Texas Electric Show of '49 and all different," according to C. S. Blomshield, district manager, who announced that the show will continue through Thursday, June 9, on a daily 6 p. m. to 11 p. m. schedule.

## TEC Man Warns Against Illegal Labor Recruiting

Stiff penalties are possible for illegal recruitment of workers in Mexico, Leon M. Kinney, local manager for Texas Employment Commission, said Wednesday.

Kinney called attention to labor recruitment laws of Mexico, where some farm and ranch operators have gone in past years to secure migratory labor. Now the U. S. has made it clear that such effort is contrary to policy of this government.

## YMCA Ready To Launch Program Of Summer Activities

Summer activities are about ready to be launched for the YMCA.

Lee Milling, executive secretary, said that gym classes for men would be suspended until the week of June 13, when it is planned to resume them on a semi-weekly schedule.

On June 8, a hobby class is to be organized for youngsters. Work will be offered in leathercraft and model airplane building. Dean Curlee will direct the plane work, and there is no cost except when the boys wish to invest in materials.

The same will be true of the leathercraft unit. Work in this field will be in lanyards, comb cases and billfolds. For airplane work boys are asked to bring some cutting instrument.

On the evening of June 8, representatives from various churches are asked to be present for an organizational meeting for the church softball league.

The following morning, the Red Cross-YMCA swimming classes will be started with Bobo Hardy and Olen Puckett in charge. Only cost for this service is for pool fees.

## Storage Space For Wheat Demanded

ARILENE, June 1. — Texas Senators Tom Connally and Lyndon Johnson and seven Texas congressmen have been called on for aid in obtaining desperately needed storage space for this summer's wheat crop.

The West Texas Chamber of Commerce yesterday wired Washington, asking that the senators and congressmen contact the War Assets Administration or other agencies about obtaining some 100,000 Army tents or tarpaulins. The tents would provide shelter for the wheat.

Besides Connally and Johnson, the wires went to Reps. W. R. Poage, O. C. Fisher, Ed Gossett, George Mahon, Eugene Worley, Ken Regan, and Omar Burleson.

## Red Humor Flayed

MOSCOW, June 1. — Humorists and satirists held a conference and decided the Soviet humor magazine Crocodile is not paying enough attention to things like "the struggle with religious survivals in people's consciousness with the remnants of old ways of life," the Literary Gazette reported today.

## Louisville Rail Strike Deprives 245,000 Of Daily Transportation

LOUISVILLE, Ky., June 1. — Operations of the Louisville Railway Co. were halted last midnight by a strike of the CIO-Transport Workers Union over a new contract.

Company President John H. Bickley said no effort will be made to operate buses for the duration of the walkout, which threw the burden of transportation of the 245,000 daily bus riders on private automobiles and taxicabs.

## Borden Wildcat Drillstem Test Set Wednesday

Sinclair-Prairie No. 1 Williams in northwest Borden county apparently was preparing to deepen after a drillstem test this morning which resulted in recovery of 20.75 barrels of 34 gravity oil after the tool was opened for three hours.

In the test, 9,945-10,000 feet, the operator used 1,000 feet of water blanket. Gas showed at the top in 37 minutes and drilling mud and drilling water started flowing at top in one hour and 35 minutes. Mud and water were flowed into pits, with 55 minutes required to clean. The flow was then turned to tanks for half an hour. Operator was coming out with testing tools at noon, and will likely drill deeper.

Sinclair-Prairie No. 1 Sterling Williams, northwest Borden wildcat, was preparing for a drillstem test Wednesday, probably in the Ellenburger.

The venture, which showed considerable free oil on two drillstem tests between 9,830 and 9,928 feet was believed to have topped the Ellenburger at 9,945 feet and was bottomed at 10,000 feet in lime.

The formation was soft and a sizeable amount of drilling mud was lost in drilling through. Unofficial observers now think that the section produced the free oil 7,300 feet of it from 9,878-9,928 and 6,300 feet of free oil from 9,830-78.

This is the same zone that Magnolia has been testing in its No. 1-A Gartner, northeastern Howard county, and which produces in a Shell well near Garden City.

Location is 960 feet from the north and east lines of section 45-32-6nk, T&P.

In southeastern Dawson county, Seaboard No. 2-D Shaffer had signs of oil streaks from 6,539-6,628. It is now coring from 6,628 to 6,665 where it will take a drillstem test from 6,539-6,665. The venture is making its showing from sandy and shaly structure, believed to be the Sprayberry of the lower Permian. This is near the Sprayberry pool in southeast Dawson.

WASHINGTON, June 1. — The White House said today President Truman will make an important speech at Little Rock June 11 during the annual reunion of the 35th Division.

Presidential Press Secretary Charles G. Ross said Mr. Truman will speak in the stadium there at 3:30 p. m. (EST) at the dedication of a war memorial.

Ross said the subject of the President's speech has not been determined but he should be inclined to call it a "major" speech. The President will leave Little Rock for the return trip to Washington at 3:30 p. m. (CST) June 11, an hour after he starts his speech.

Ross said there was no prospect of the President flying to Des Moines, Ia., to attend a meeting of Democratic farm leaders June 12.

## Arms Action Is Termed 'Urgent'

WASHINGTON, June 1. — Undersecretary of State Webb said today that President Truman considers the proposed foreign military aid program one of his "most urgent proposals" for action at this session of Congress.

At a news conference Webb emphasized that the administration definitely wants action on the \$1,450,000,000 arms program—mainly for western Europe—before adjournment.

The military bill has not yet gone to Congress, Webb said it will be sent up as soon as the legislative situation clarifies to such an extent that the President and his leaders can decide on the best way to handle it.

## Local Bottler To Attend Open House

Kelly Mize, Big Spring, is planning to join with 300 other Grapette bottlers from over the nation at an open house being conducted by the parent company at Camden, Ark. on the occasion of its 10th anniversary. A major celebration has been planned for June 28 in the small Arkansas city where the drink was originated and introduced by B. T. Fooks.

## Truman To Make Important Speech At Little Rock

WASHINGTON, June 1. — The White House said today President Truman will make an important speech at Little Rock June 11 during the annual reunion of the 35th Division.

Presidential Press Secretary Charles G. Ross said Mr. Truman will speak in the stadium there at 3:30 p. m. (EST) at the dedication of a war memorial.

## Heflin Named To Head City Jaycees

Lewis Heflin was named Tuesday to head the Big Spring junior chamber of commerce during the Jaycee year beginning June 24.

Heflin will succeed Johnnie Stewart as president of the organization.

Other new officers named Tuesday included O. S. Womack, first vice-president; Ray Rhoads, second vice-president; Rad Ware, secretary-treasurer.

Named to serve on the board of directors along with the officers were Paul Herron, George Weeks, Reuben Creighton, K. H. McGibbon, Elton Gilliland, Floyd White, Bud Tucker, Durward Lewter and W. L. Thompson.

Plans will be made for installation ceremonies on June 24, at which time the local JayCee organization will select a director for the Texas 'junior chamber of commerce.

## 'Wetback' Is Taken Into Custody Here

A 'wetback'—a person who came to this country across the Mexican border illegally—was taken into custody here Tuesday and turned over to the US Border Patrol.

He will be taken to Marfa, where he will be processed for shipment back to his native country.

## Colgin Funeral Is Scheduled Today At Local Chapel

Funeral for Charles L. Colgin, 24, drowning victim, was to be held at 4 p. m. today at the Nalley chapel.

Colgin lost his life when a boat capsized while he and a companion were running a trot line at Gregory lake north of Westbrook Monday evening.

The Rev. Marvin Clark, minister of the Trinity Baptist church, was to officiate, and interment was to be in the city cemetery.

Colgin, mechanic for the Griffin Nash company, was born in 1924 in Pueblo, Colo. and was married here in 1945 to Mildred Powell upon his separation from the armed forces. They had made their home here since.

Surviving are his wife, one son, Clifton Edward, 2; his step-parents, Mr. and Mrs. W. C. Reynolds, Big Spring, and paternal grandparents, Mr. and Mrs. C. J. Colgin, Pine, Colo.

Palbearers were to be Ray Griffin, Carter Nelson, Howard Thompson, Louis Heflin, Joe Everley, Charles Nelson.

## GI Student, Fiancee Run Up Against Roman Catholic Ban

BOSTON June 1. — A young GI student says he and his fiancee have been denied permission to wed in the Roman Catholic Church because of their stand against Boston Archdiocese authorities in a controversy on church doctrine.

Thomas H. Sennott, 26, said he and his intended bride, Miss Doris M. Coulombe, 22, were told yesterday that they could not be married in the church unless they severed connections with an educational institution in Cambridge.

The institution St. Benedict's Center—is headed by the Rev. Leonard Feeney, S. J., who recently was "silenced" by the most Rev. Richard J. Cushing, archbishop of Boston.

The archbishop has warned Catholics that participation in activities at the center would mean forfeiture of the right to receive certain church sacraments. The sacraments include penance and Holy Eucharist which are necessary to Catholics planning to be married in the church.

Sennott said he and Miss Coulombe had "no intention" of severing their connections with St. Benedict's. He added, however, that they would not be married outside the church.

Msgr. Furlong withheld any comment. No church official has made any comment on the subject.

## GI Student, Fiancee Run Up Against Roman Catholic Ban

Fr. Feeney was "silenced" shortly after he issued a statement in support of three instructors discharged by Boston College.

The instructors, who have been active at St. Benedict's, accused the school of heresy in teaching that there can be salvation outside the Catholic Church.

Church authorities have stated that salvation is possible for non-Catholics under certain circumstances which are outlined in the Baltimore catechism.

The three teachers have appealed to Pope Plus XII for a decision. The only comment from the Vatican has been from an "unofficial spokesman" who reported such cases of dispute are within the jurisdiction of local ecclesiastical authorities.

Miss Coulombe and another girl, Evelyn J. Uberti, resigned from Emmanuel Vgpeve, a Catholic girl's school, two weeks ago. They said instructors were teaching the same heresy they contend is taught at Boston College.

The girls were both seniors. They were to have been graduated this month.

## New Mexican Fined On Driving Count

Kenneth Ray Large of Hobbs, N. M., arrested by local authorities on a charge of driving while under the influence of intoxicants yesterday morning, entered a plea of guilty to the count in county court Wednesday afternoon and was fined \$100 and costs by Judge J. E. Brown.

Garland Wood, who was with Large at the time of his arrest, entered a guilty plea in justice court to the charge of drunkenness and was fined \$10 and expenses.

## Midland Man Dies In Hospital Tuesday

H. L. Wood, 22, who had lived in Midland all of his life, died Tuesday night at Wichita Falls. He had been hospitalized at Wichita Falls for approximately seven weeks.

Immediate survivors include his wife, his mother, Mrs. Myrtle Wood; three sisters, Mrs. C. W. Fountain and Mrs. J. S. Fleming, both of Midland, and Mrs. G. W. Garvin, Mineral Wells; four brothers, Roosevelt Wood, Comanche, Okla., Herbert Pasadena, Calif., L. L. Wood, Austin and Tom Wood, Salem.

Funeral services will be held Thursday in Mineral Wells.

## Summer HCJC Enrollment Up

Enrollment for the summer session of Howard County Junior College has trebled over last year.

E. C. Dodd, president said Wednesday that the evening school registration had reached 75. The day school figure is 75. Last summer there was no evening school, and the total enrollment was 81 for the short session. This year it is 250, and registration will continue through this week.

Dodd said he expected that by the end of the term, including new enrollments at the six-weeks break the total enrollment would reach 300.

# B-36-Navy Jet Fighter Duel Is Turned Down

WASHINGTON, June 1. (AP)—The mock duel in the sky between the Air Force's mighty B-36 and the Navy's best Banshee jet fighters suggested by Congress has been turned down by the joint chiefs of staff for security reasons. The recommendation to call off the public feud air battle was first made known in a copyrighted story in the Washington Times-Herald shortly after the House Armed Services Committee yesterday or-

Police Mop Up In Reuther Clue Hunt

DETROIT, June 1. (AP)—Seeking clues in the Victor Reuther shooting, authorities today engaged in a sweeping mop-up of the criminal element in Detroit. Police headquarters reported that virtually every bluecoat and detective in Detroit's 4,000-man law enforcement force was ordered into action. The sudden order was issued in mid-afternoon yesterday. Last night 130 men were in jail after quick raids on gambling and hoodlum hangouts. One theory in the investigation is that gamblers interests conspired against the lives of both Victor Reuther and his brother Walter. A gunman shot Victor through a window of his home the night of May 24. Walter was shot similarly the night of April 20 last year. Walter, president of the CIO Unit-

Rain Maker Moves To Midland County

A mechanical rain maker has moved on to Midland county after testing erosion and permeability of soils in this area. Results from the tests conducted by Ben Osborn, soil conservationist, and his aides, Glenn D. Green and John C. Meyer, will not be known for a week or so. Samples recovered in experiments on the Gordon Stone, Edmund and Jim Tom, the O. H. McAllister and Leroy Echols places must undergo analysis. Using apparatus developed in the regional Soil Conservation Service offices in Fort Worth, Osborn and aides simulated rain conditions on various test plots. Object was to determine the effect of cover in preventing erosion and increasing absorption from rain. Last year tests near Amarillo showed that land with 4,397 pounds

## New White 3000 Truck Displayed In Big Spring

The famous White 3000 truck has been placed on display throughout today at the Driver White Truck company, 1600 East Third street. Two models of the carrier with the modernistic design, one with an ordinary body and the other a tractor-van type, have been sent here by the White concern for demonstration. The most revolutionary feature of the White 3000 is its power-lift cab. A rugged adaption of the actuating device that governs the landing gear on airliners tilts the cab forward, in less than half a minutes, at the turn of a key. This feature permits ready accessibility to all mechanical parts and saves in maintenance and inspection time as well as making better workmanship possible because the units to be worked on are at convenient bench-height. Wide doors contribute to making the cab easy to get in and out of, thus saving the driver time and energy. The vehicle boasts a shorter wheelbase, shorter overall length and a wider tread front axle, which serves to improve maneuverability in traffic and reduces the turning radius. "The White 3000 is the first real post-war conception of a new motor truck design," Curtis Driver of the Driver White concern said. "There is nothing like it in service today—it is a machine tool of transportation, capable of reducing the per unit cost of getting goods delivered." The public is invited to attend the showing.

## U. S., Britain Will Break Up Farben Empire

FRANKFURT, Germany, June 1. (AP)—American and British authorities have begun steps to break up the sprawling I. G. Farben industrial empire. A major unit of the great chemical trust will be put up for sale soon. Maj. Gen. George P. Hays, deputy U. S. military governor, said last night the British, Americans, and Germans have agreed upon procedure. The first step was setting up of three units from the American-zone holdings of the vast combine which monopolized Germany's drug and dye industry. Hays said it has not yet been decided which of these units will be sold first. He declined to estimate the value on the three units. The general said Farben property in the British zone has not yet been split up for sale purposes, but added that British agreement in disposing of the U. S. zone property was needed. The British and Americans have been working together, he said, in disposing of Farben holdings in their zones. Hays said Farben stockholders will be invited to sit in on consultations before the sale which will not be arranged for five or six weeks. French military government representatives also will be asked to study procedures. Some Farben property is located in the French zone, but the French are not a party to the pending sale, Hays said, because the French zone never merged economically with the others.

## Sugar Heir Sued In Beating of Writer

LOS ANGELES, June 1. (AP)—John D. Spreckels III, the sugar heir, has been sued for \$50,000 by Mrs. Jeannette Marshall, a writer, who accuses him of beating and threatening to kill her. Mrs. Marshall, 35-year-old divorcee, said that at a party celebrating her birthday, Spreckels hit her with warning and pulled her hair. Spreckels denied it. The complaint, filed yesterday, also alleges Spreckels, 37, pulled a gun on her and threatened to shoot. Spreckels was divorced a year ago by his third wife, Lou Dell, who accused him of hitting her with a poker.

## 'Atom Cocktails' Fail To Save Girl

BIRMINGHAM, Ala., June 1. (AP)—Two "atomic cocktails" failed to save the life of a 15-year-old high school girl suffering with a rare glandular disease. The girl, Joyce Lee Hughes, died yesterday in a hospital. She was stricken with Hodgkins Disease last November and wasted away from her normal 132 pounds to 85 pounds. Her parents, Mr. and Mrs. Bryon B. Hughes, had been hopeful she might recover after drinking the "atomic cocktails" at the Isotope Clinic of the University of Tennessee hospital. The cocktails included radioactive phosphorus from the atomic ovens at Oak Ridge. Joyce made her last trip to Knoxville in mid-April. Her condition showed some improvement then, but she took a turn for the worse three weeks ago.
