21st YEAR, NO. 38.

HEREFORD, DEAF SMITH COUNTY, TEXAS, FRIDAY, JULY 22, 1921.

CITY'S LARGE WATER WELL IS IN TROUBLE

SAND FILLED SCREENED CASING, REDUCING VOLUME

Troubles do not appear to be confined to individuals. Even Mayors, and City Commissioners, and municipalities have 'em.

And the City of Hereford, officially speaking, was glad to see the heavy rain Wednesday morning. For it meant a temporary easing up of the demand for water for lawns and gardens and enabled the City to "get-by" with the small pump at the water station.

Several days ago it was noticed that the big pump was not delivering the usual amount of water. Not being able to see 150 feet into the earth, it was decided to pull the casing and investigate. This was done. Then it was discovered that 27 feet of the screen casing on the bottom of the line was still at the bottom of the well.

A "fishing" party was organized and finally the missing screen brought to the surface—full of sand. The well is 150 feet deep, with 50 feet of screen and 100 feet of solid casing. The screen section was nearly filled with sand, which accounted for the small water output.

The sand is being removed and the well will soon be back on the job for emergencies, although several repair jobs on the equipment is ahead of the city. Meanwhile the 400-gallon well is doing nobly, working overtime, of course, but delivering enough water to take care of ordinary demands.

EIGHT B. Y. P. U. CAMPERS DROWNED AT PALACIOS, TEX.

Friday morning telegraphic reports to the daily papers carried the sad news of the death by drowning of eight young delegates to the Baptist Young People's Union encampment, now in session at Palacios, Texas. A bathing party was caught in the underflow of the Gulf of Mexico at the mouth of Green's Bayou, 22 miles from Palacios, at five o'clock Thursday afternoon.

There were 31 in the party that left for a sail on Matagorda Bay. The party was composed mostly of delegates from Breckinridge, Texas. Three bodies had been recovered at latest reports with searching parties looking for the other five. Those recovered were John Price, Miss Iona Hodges and James E. Dykes.

Mr. Price lost his life in a vain effort to rescue Miss Iona Hodges.

The three that were rescued were taken from the water by John Caldwell and Adam Garney, of Breckinridge. Caldwell rescued his sister, Miss Mildred Caldwell and Garney rescued Miss Mary Morgan of Breckinridge, and a young lady whose name has not been learned. They effected rescue by diving into the water and swimming back to the boat with the young women.

Of the sixteen who were in bathing five stayed near the boat and were not caught in the undercurrent. These five were young people as were also the eleven who did not go in bathing, remaining in the boat.

As soon as news reached the encampment every doctor in town hurried to the scene of the accident, but could render no assistance, as all that were caught in the undercurrent had been dead several hours. The accident brought gloom to the encampment which has been in session since July 12, with 3,000 delegates in attendance.

JUDGE RANDOLPH IS MUCH INTERESTED IN SULPHUR PARK

Judge Randolph, of Plainview, accompanied by his wife and son, arrived in Hereford overland Monday for a visit of inspection of the Sulphur Park Club Grounds. Judge Randolph is enthusiastic over the club grounds and states that it is the best and nearest location to Plainview for club purposes. He has offered his good offices in pushing the project at Plainview.

It had been intended to give the visitors a fish fry Tuesday afternoon, but on account of the heavy rain Tuesday morning, Judge Randolph and family left their car here and returned home via train.

LEE BIGGS TAKES VACATION TRIP TO POINTS IN TEXAS

County Clerk A. L. Biggs, accompanied by Mrs. Biggs and John Biggs, started Monday on a combined business and pleasure trip to include Ft. Worth and other central Texas points. They will visit relatives in Fort Worth and Salina, Texas, and in Oklahoma. They are making the trip by auto and expect to reach home about Aug. 1.

Old New York Paper Of 1800 Has Accounts of Washington's Funeral and Old European Wars

The story in The Brand relative to the copy of the old Hereford Enterprise of twenty-one years ago has brought to light other papers of ancient origin, beside which the Enterprise was a modern publication. Mrs. W. A. McAteer has furnished The Brand with two old papers, one known as the "Ulster County (New York) Gazette," dated Saturday, January 4, 1800, and the other "The New York Herald," dated Saturday, April 10, 1805. The former is ruled in black and contains accounts of the funeral of President Washington, and the Herald tells of the assassination of President Lincoln.

The Gazette gives the proceedings of Congress on December 10, 1800, tells of a fight between the English and Dutch forces, carries the English account of the Battle of Zurich and many other European conflicts. A batch of foreign news is summed up as follows:

"The limits of our paper are too narrow this week, for the great variety of foreign news received by the last mails:—We shall, however, lay before our readers a short, but comprehensive Summary.

"French official accounts under the Bern head of October 8, state that on the 4th, the Austro-Russians were defeated with the loss of several thousand killed, wounded and taken.

"On the 5th the Austro-Russians were defeated at Glarus, with the loss of 1200 prisoners, besides a great number of killed—at this place there were 1400 Russians wounded, and 600 at Mullen.

"The French Army of the Rhine, about the 8th of October, defeated the Austrians with the loss of 3000 killed and wounded.—Their loss, 1000.

"Two Spanish frigates, bound from the Havana, having on board upwards of three million and a half dollars, besides Merchandise, were taken on the 10th of October, by four British Frigates, and safely carried into Plymouth.

"The British frigate Lutina, of 30 guns, was lost on the 9th of October, on the banks of the outer Fly Island Passage; she had on board near half a million, 200,000, was insured, and was bound for the Texel.—She was to have proceeded to Hamburg, to clear the commercial failures in that city.—The crew perished except two."

Continued Rains Are Holding up Harvest Cleanup

Heavy rains over different sections of the Plains country the past week have somewhat retarded the harvest. Wednesday morning the city of Hereford was visited with a downpour amounting to an inch and seven-tenths. It has been threatening and spitting moisture every day since. Thursday morning telephone advices from Castro county stated that heavy rains had fallen in spots between Hereford and Dimmitt.

One and a fourth inches of rain fell in Amarillo Tuesday night and Wednesday morning, according to the report of T. J. Considine, weather observer. The rains were reported heavy and general over the Panhandle.

The Santa Fe Railway Company reported 3/4 of an inch from Higgins to Shattuck; 1/2 inch from Panhandle to Amarillo; 1 inch from Panhandle to Mendota; 1-10 inch at Ferguson; 1/4 in. Slaton and Post; 3/4 inch at Southland.

Heavy rains from Amarillo to Tucuman were reported by the Rock Island. Two and a half inch rain fell at Vega and 2 3/4 inches fell at Adrian, according to the government rain gauge. A heavy downpour was reported at Alameda and local showers east to Sayre, Okla.

Heavy rains were reported by the Denver, extending from Childress to Texline, and late Wednesday afternoon it was reported still raining at many points along the line.

STICK IN THE MUD AND ARRIVE HOME AMONG WEE HOURS

Tom Blaine returned to his home Tuesday night after an absence of about ten days in Fort Worth where he attended to business matters. On the return trip he was picked up at Amarillo by Ray Barber and brought home overland. Mr. Barber was accompanied by Albert Herbst and J. W. McQueen. The four ran into a heavy rain and a sea of mud between Hereford and Dawn Tuesday night, the car slipped off into the ditch and stuck fast and the quartette arrived in the small hours Wednesday morning, five hours behind schedule and weary and mud-covered.

AMARILLO EDITOR TO MAKE ADDRESS HERE ON MONDAY

Don't forget next Monday's lunch of the business men, to be held at the Stockman's Cafe. R. H. Nichols, editor of the Amarillo Tribune, will be the speaker for the day. The Brand had been promised the subject for the address, but so far has not received it. Whatever it may be the business men may depend upon a good, clear, interesting talk from an able and successful young newspaper man, who has established an enviable record in his home town for business sagacity and sound common sense.

THREE CHILDREN'S TONSILS REMOVED WITHIN PAST WEEK

Three children were operated on the past week at the Sanitarium for removal of their tonsils. The three were Ardelle Foster, daughter of Mr. and Mrs. A. A. Foster, Jerome Stocking, son of Mr. and Mrs. Roy Stocking, and Woodrow Ireland, son of Mr. and Mrs. Edgar Ireland. All three children are reported to be doing nicely.

John McFarlin to Be Taken to Mayo Bros. Sanitarium

Preparations were made to take John McFarlin to Rochester, Minn., to the Mayo Brothers Sanitarium, Friday morning. Mr. McFarlin was badly injured several weeks ago in an automobile accident. His sister, Miss Louella, and nurse, Mrs. M. H. Lowderman, will accompany him on the journey. Another sister, Mrs. Charles Walker, of Dalhart, accompanied by her husband and daughter, Edith, arrived in Hereford Friday morning.

Mr. McFarlin will undergo expert examination and possible operation at the famous national sanitarium.

NEW MEXICO FOLKS HERE ON VISIT TO HEREFORD FRIENDS

Mr. and Mrs. W. P. Harris and W. E. Jeffries, of Vaught, New Mexico, arrived in Hereford Thursday afternoon and are visiting in the home of Mr. and Mrs. L. A. Anderson. Mr. and Mrs. Harris and Mr. Jeffries passed through Hereford about ten days ago on a business trip to Eldorado, Okla., and on their return trip stopped over for a day with their old friends, Mr. and Mrs. Anderson. Mr. Harris is an attorney and Mr. Jeffries is a merchant and operates a large ranch in connection with his mercantile establishment.

While here Mr. Jeffries also visited with Vern Witherspoon and spent the night with Dr. Bowe and family.

SEE AWE-INSPIRING SNOW STORM UP IN THE MOUNTAINS

D. F. Ashbrook, T. K. Wilson, W. F. West and Bob Brazil returned to Hereford Monday from a ten days automobile trip through New Mexico during the course of which they visited Santa Rosa, Las Vegas and Santa Fe.

The tourists report the New Mexico mountains a great play ground. They ran across a lot of bad roads due to heavy rains and washouts, but also enjoyed a strip of the famous Santa Fe Trail. On last Friday they had the unique pleasure of standing off at a distance and witnessing a great snow storm in the mountains above them.

FIREMEN ARE ENJOYING THEIR HALL

NICELY EQUIPPED GYM AND SHOWER BATHS APPRECIATED

The Hereford Fire Department gymnasium and headquarters in the Court-house now is equipped with athletic apparatus sufficient to keep the boys in good physical trim, and the shower baths provided have made it possible for the men to get the most pleasure out of their training and pastime. Individual lockers have been built for the different members of the department, so that they may keep their tops and personal belongings under private key.

Use of the rooms has been limited to actual members of the fire department and a few business men, athletically inclined, who pay a small fee into the treasury of the department. This money is used in maintenance of the equipment and for current expenses. The number of these outsiders must necessarily be limited.

Some little embarrassment has been caused at times by some who used the rooms without authority and who evidently did not understand the rules. However, the fact that only actual members of the department and contributing members are admissible is gradually becoming known to all and little further trouble along this line is anticipated.

RESTOCK FISH TO BE OBTAINED FOR HEREFORD'S RIVER

There has been such an epidemic of fishing this year, not only among local people but among the increasing tourists as well, that there has been some fear expressed for the fish supply in the Tierra Blanca in 1922. All Hereford has fished steadily this year, and campers from far and near have dotted the creek for miles practically every day during the fishing season.

There are two ways to avoid a shortage of fish. One is to throw back all the small ones that are too little to cook, and the other is to restock this fall. Local fishermen have asked The Brand to appeal to the people not to retain the small fellows, but to throw them back to grow and make real fish another year.

Recently the Chamber of Commerce took up with the State Fish & Game Warden the matter of restocking the Tierra Blanca this fall. In reply the State authorities promise to supply a quantity of bass, crappie, perch and other varieties this fall. The only expense will be express charges on the cans.

PECOS RIVER WAS VISITED BY PARTY FROM HEREFORD

A. R. London and wife, Mrs. W. F. Orr and three children, Lella, Lula and Milton, James Robinson and Emmett Alban returned the first of the week from an eight days automobile trip on the Pecos river in New Mexico near Lakewood and Roswell. They report a splendid vacation and all the fish they could handle.

BABY CLIMBS UP WINDMILL TOWER FALLS TO DEATH

Reba Irene Rausch, 2-year-old daughter of Mr. and Mrs. Sam Branch of Ropesville, 25 miles southwest of Lubbock, fell from the windmill tower in her father's back yard Tuesday and was killed.

MOST PERFECT WOMAN ATHLETE

"Most perfect" said the judges when they picked Miss Gertrude Artlet from among the 2,000 contestants at the Gymnastic Union tournament in Chicago. Miss Artlet is five feet ten and one-half inches tall and weighs 160 pounds. She has the strength and endurance of a man, while her figure retains the feminine beauty and grace. Miss Artlet is the daughter of Mr. and Mrs. Artlet of Philadelphia and was a member of the Olympic swimming team.

GUN CLUB FIGURE FOR WEEK IS 110 OUT OF 125 TOTAL

No reports on the Panhandle Trap Association shoots of Wednesday were received here this week with the exception of Panhandle, where a total of 102 points were made. The local club amassed 110 points, the five high men being as follows:

McDonald	24
Godwin	23
Rockwell	22
Gabbert	21
Tharmond	20
Total	110

CHRISTIAN CHURCH LADIES SELL ICE CREAM AT CONCERT

The regular Thursday night band concert was rendered this week on the Courthouse lawn to a good crowd. The boys are improving very perceptibly under steady practice and coaching, and the concerts are attracting larger crowds from week to week.

Thursday night the ladies of the Christian church took advantage of the opportunity to serve ice cream to the gathering, the proceeds being applied on the church work.

ENGINE FIRE-MAN HURT BY WATER SPOUT

FALLS FROM ENGINE TENDER; BRUISED SHOULDER

W. L. Russell, fireman on the Santa Fe passenger train No. 21, westbound, sustained injuries at Hereford Friday morning that may keep him in the hospital for several days.

The engine was taking water after arrival here and the lever that turns the water on under heavy pressure got away from Russell and threw him off his balance. He fell from the tender of the engine to the platform of the post stack, hitting his shoulder on the corner, severely bruising and shaking him up. Dr. Gabbert was called and made an examination. He was then placed in the express car and sent on to the railroad hospital at Clovis.

John Cloyd, of Hereford, an ex fireman for the Santa Fe, was routed out of bed and took Russell's place on the engine. The passenger train was delayed here about twenty minutes.

F. Benke Raises Splendid Yield Irish Potatoes

Frank Benke, tenant on the A. W. Gregg place, one and a half miles east of Hereford, brought in a load of Irish potatoes Thursday that were simply the last word in commercial "spuds." They were uniform, smooth and sound to the core.

Mr. Gregg says it sounds like a fairy tale but the fact is that so far as they have gone in harvesting this crop an acre would produce over 500 bushels. Mr. Benke has a large garden and he will make over \$100 on this patch of Irish potatoes alone.

CONSTITUTIONAL AMENDMENTS TO BE DECIDED NOW

Remember the election to be held Saturday on the five proposed constitutional amendments. The Brand intends of vote for all five of them because we believe they will improve present conditions. The only one that will cost the voters any additional money are the ones raising the pay of a few state officers and the pensions of the Ex-Confederate soldiers. It seems to us that the dignity of the state requires that its elected officers should receive enough salary to live on decently. And surely no one will begrudge the veterans a few more dollars to make comfortable their declining years. It has been estimated that the total additional money these amendments would cost the state will amount to not more than \$18,000 or \$20,000 a year. And not a single tax payer of the over four million in Texas would ever know the difference.

Economy and retrenchment is necessary in these times, but at the same time there are some just and necessary expense bills that must be met, good times or bad.

MASONIC CONFERENCE WITH GRAND MASTER ON FRIDAY

Quite a number of Hereford and Dimmitt Masons went to Anghrillo Friday to attend a Grand Master's Conference there during the afternoon. Among those who went from Hereford Friday morning were Judge B. D. Woodlee and K. E. Turner of Dimmitt, and P. W. Price, A. M. Jones, Chris Renfro, C. M. McGhee, Wirt and C. R. Phillips, of Hereford.

HORSE DRAGS BOY TO HIS DEATH ON RANCH AT McLEAN

Hershel Young, of Ramsdell, was dragged to death by a horse at McLean, Texas, Tuesday night. The young man was looking after a herd of cattle. His horse returned with a boot hanging in a stable stirrup. The body had been dragged about a hundred yards. The boy's faithful dog was keeping watch over the corpse when the searching party discovered it.

HOME-BREW PROVED "KICK"; POULTRY AND HOGS SOUSED

The Hale county sheriff uncovered a still right in the town of Plainview last Saturday night, confiscated the outfit, including several gallons of "moonshine" still warm, and spilled the mash out in the lot. Chickens and hogs tried out the mash with the result that the porkers and poultry in that neighborhood all became "soused" and put on a show that is rarely seen.

Mrs. Barber Entertains Bridge Club
Mrs. Ray Barber was hostess to the Bridge Club Tuesday afternoon. Five tables of players included the club members and a number of guests, the party spending a most delightful afternoon. Later, cards were removed and a refreshment course of angel food cake with grape ice was served.

Plenic Party Celebrates Birthday of George E. Burns

A delightful observance of the birthday of George E. Burns provided an evening of much pleasure for a large party of relatives and friends on Tuesday evening.

The party was made up of young people and older ones, the diversion chosen being a favorite with all. They motored to the creek near the dairy where the "old swimmin' hole" invited to a plunge in its refreshing waters, fish dangled alluringly just a little way further up stream, and the grateful shade over soft grass furnished an ideal spot in which to spread the elaborate birthday supper, which was served just before returning to town. The delicious repast was a real feast both to the eye and to the palate and was wonderfully appealing to the sharpened appetites of the merry-makers.

Those enjoying the jolly event were: Mr. and Mrs. Britain, Mr. and Mrs. I. H. Spratt, Carl and Harold, Mr. and Mrs. Godwin, Mr. and Mrs. C. S. Purcell, Mrs. Geo. Carr, George Carr, W. T. Smith, Mr. and Mrs. Geo. E. Burns, Junior Burns, Edgar Johnson, Jr., Misses Donelda Sites, Hazel Green, Jewel Gilbreath, Virginia Morgan, Marie Burns; Messrs. Robert Burns, Earl Springer, Hubert Seale, Bruce Guthrie and Littrell Spratt.

Fishing Party

A picnic party reported to have been "the very best one yet," justified the Tierra Blanco's reputation as a prolific fishing ground Monday evening, and gave to the favored individuals who made up its personnel a most enjoyable outing.

Doug Fox, the hero of the occasion, has sixteen bass to his credit, weights not given, while every member of the party caught at least one bass, to say nothing of the myriad perch that were made to exchange the limpid water for a sizzling hot frying pan.

Then there was the supper—a supper to tempt the most fastidious palate—with its complement of deliciously browned fish and hot coffee; then the ride home under the brightest and softest of summer skies, fanned by the harvest time breezes and enjoying more than all that appreciation of kindred companionship than which life offers no greater pleasure.

The party was made up of Mr. and Mrs. T. M. Palmer, Mrs. A. L. Gibson, Mr. and Mrs. Ollie Fox, Mrs. W. F. West and son, Jack, Misses Ethlyn Cockrell and Grace Lucas, Doug Fox and Carl Cockrell.

Rebecca Entertained in Johnson Home At Summerfield

Members of the Rebecca lodge were pleasantly entertained Friday afternoon at the home of Mr. and Mrs. Lawrence Johnson, of Summerfield.

The Johnsons have a newly built modern home whose atmosphere of welcoming hospitality at once invokes the

good (the spirit and renders it a favored spot for pleasure-seekers.

The guests were entertained informally, victrola music contributing its part to the general pleasure. A picnic supper, bountiful and delicious, was an enjoyable feature of the evening.

About sixty persons were in attendance, among them being two brothers of Mrs. Johnson, one from Tyler, Texas, the other from the state of Washington, and a family friend, who was a house guest in the home.

Edgar Johnson Gives Birthday Plenic

The tenth birthday of Edgar Johnson, Junior, was the occasion of much pleasure to a number of his boy friends who were invited to the Johnson home Monday afternoon to celebrate with him the important event.

After enjoying various sports, the jolly youngsters were taken to the dairy where they engaged for the remainder of the afternoon in the pastime dearest to boys' hearts—swimming—until the

welcome appearance of a delicious supper called them from the water.

Following the feast of just such wonderfully good things as boys most enjoy, they returned to the water for another good swim before dusk when they were brought back to town.

Enjoying the pleasant outing were: Alton Miller, Van Bruner, Oliver Ray, Keith Guthrie, John L. Wilson, William Russel, Edgar Johnson and Roy Smith.

Mrs. E. V. Allen has as her house guest this week, Mrs. Sallie Crawford, of Amarillo.

U. C. V. Reunion

On account of the reunion of the Texas division of U. C. V., to be held in Temple, Texas, Sept. 15 and 16, 1921, the U. C. V., S. C. V., and D. C. V. (and dependent members of their families) a reduction of one and one-half fare for round trip tickets on the certificate plan will be given from all points in Texas.

Mrs. W. B. Park

Mrs. W. B. Park, former resident of Hereford, died at 4:15 o'clock last Tuesday morning at Phoenix, Arizona, following an operation for appendicitis. Mrs. Park was a daughter of Mr. and Mrs. Joe Meyers who at one time lived on the T. M. Palmer farm. Mr. Park is a brother of J. L. Park and Mrs. Dr. Rowe. The family left here about nine years ago. W. B. Park was formerly in the real estate business here and is now employed as a bookkeeper by the Power & Water Company of Phoenix.

In the days when creaking freighters brought supplies to the Panhandle plains the hardy pioneer could have little thought of what was to come after him

—that in the not far-distant future those far flung plains, then the home of buffalo and coyote would become the source of the world's finest hard wheat.

Nor as he munched his hoe-cake did he dream of the time when in the heart of that Plains country there would be a great milling plant making a flour so fine in quality and so consistent in purity as to gain the respect and patronage of the entire section.

Great West Mills and Great West Flour typify the spirit of progress that has marked the Plains country from pioneer days until the present hour.

A MARK TWAIN GOOD ONE

In his early days, Mark Twain, the author of "Tom Sawyer" and "Huckleberry Finn," was editor of a small town newspaper. On day he received a letter from a superstitious subscriber, saying he had found a spider in his newspaper and asking whether it meant good or bad luck. Mark Twain wrote as follows:

"Finding a spider in your paper was neither good nor bad luck for you. The spider was merely looking over the paper to see which merchant was not advertising, so that he can go to that store, spin his web across the door and live a life of undisturbed peace ever afterwards."

Are spiders commencing to weave their webs in your doorway? A sure cure for cobwebs is customers—and advertising in your local newspaper will bring them to you in increasing numbers. This isn't theory or guff; it is as capable of as precise proof as that a man named Harding is President of the United States.

The Mark Twain story may be old, but it is always new—it will be fresh as long as this continues to be a wide-awake world.

YOU RECKON?

The frog story from Panhandle is not so remarkable, after all. This frog exodus from the North Plains follows closely after the story about the sheriff of Terry County pouring out into the sand of Brownfield's streets 470 quarts of 100 proof hooch. The frogs were headed south, and their destination is a foregone conclusion. If Amarillo, Hereford and Brownfield don't quit their activities in the moonshine game, the North Plains will lose all the frogs along the Canadian river. All Canadian has ever been able to show was three or four quarts of poorly brewed home brew, and Miami and the rest of the towns have done little better. Even Waggoner of the Miami Chief can shed crocodile tears over the unfair advantage the South Plains towns are taking

NIBBLES

You can get a nibble anywhere—with any sort of bait—in any shaller water, where the little suckers wait. . . . But there ain't a speck of wisdom in a pin-hook on a string, which attracts a lot of nibbles, whilse you never catch a thing!

You can allers find the fisher that is suited to yer skill, if you exercise the judgement that it takes to fill the bill—but the man that fools with nibbles till the season peters out, will only have the fish that got away, to lie about.

While a "nibble's better'n nothin," as you've heard the feller say, you can stake yer bottom dollar that nibbles never pay. . . . If I want my patience busted, an' my resolution shook, it's when a batch of little fish is foolin' with my hook!

So—I allers aim to angle for the fish that I can fry. . . . There's a brand of pleasure in it, that gets a feller by. . . . And I'd ruther yank a whopper from the murky depths below, than to fool with little suckers in the puddles where they grow.

For your little fish.

SECRETARY WEEKS SHOWS THE WAY

Secretary of War Weeks modestly announces the discharge of 27,174 civilian employes of the war department since March 1 of this year. That means an annual saving of \$25,408,800; not to be jeered at or ignored. Other heads of departments in Washington will do well to take a hint from the secretary of war. Perhaps, if they request it, he will even give them advice as to how it is done. Such savings are essential in a government which insists that it is too poor to adjust the compensation of the retired soldiers, and sailors who gave their time and strength and sacrificed all personal gain to preserve it. There is room in other departments for

economies similar to those put into effect by the secretary of war. Such economies would not only reduce the pay roll but stimulate the individual efficiency of those remaining.—Chicago Tribune.

The Tragedies of Commencement

Commencement has its defeats as well as its victories. Nor is failure on examinations the only tragedy which characterizes this occasion. The fellow who has good opportunities before entering college and who trades upon this capital for a mere passing grade, enacts the greatest tragedy of student life. Such a one belongs to Browning's group of people who can, but will not; and all his life work will likely be made up of mediocre efforts. The failure of capable students to achieve the highest possible mark in their subjects

cannot be measured alone by the grade they receive; they are establishing habits of doing things in a half-hearted way, which may characterize all their future endeavors. Unrealized possibilities is perhaps the greatest tragedy of student life.

One thing often accounted a tragedy by most students should not be so regarded. Many students enter college with inferior preparation. Throughout the year they struggle against the odds imposed by this handicap. They improve all the while, but they fail to make the grade necessary to pass. By the end of the year they are a long distance from the starting point. This gain they overlook, and measure their success only in terms of the grade they receive. Such a judgment upon the question of "failure" is ill founded. We measure our health today by comparing our physical condition with what it once was, our wealth by comparing what we have now with what we had a year ago. In this same way success in school must be measured only by the yard stick of progress.—The Prairie (Canyon).

Farmers are slowly building up their herds of cattle and hogs, after the heavy reductions of 1920. This is indicated by the special live-stock reports of the Bureau of Markets and Crop Estimates, United States Department of Agriculture.

Of course there are exceptions, but one can usually spot an honest man by the fringe on his trousers.

Some tired business men send their wives away for the summer. Others stay tired.

The Young Business Man
The young man who is engaged in business for himself, or with a partner, should by all means carry an account at the First State Bank & Trust Co. Young business men are constantly encountering problems in their business affairs. These problems have been solved by older and more experienced heads. A young man can save himself much vexation and often much actual money loss by calling upon this Bank with his financial and business problems. The Officers of this Bank are at the command of customers at any time.
We feel it an honor to be able to assist with our advice and experience the young business men.

Why Accident and Health Insurance
One person in seven is killed or injured by accident each year.
One person is killed in an automobile accident every 35 minutes.
For every accidental death there are from 120 to 140 disabling injuries.
One out of every eight deaths is accidental between the ages of 20 and 60.
Five times as many people are killed and injured as have been killed or injured in any war of the last 200 years.
There are constantly about 3,000,000 persons seriously ill. Approximately 400 out of every 1,000 persons are sick every year.
More Americans died from influenza and pneumonia during the epidemics of 1918, 1919 and 1920 than were killed in the European War. Fifty-six thousand people were killed during 1919 as a result of automobile accidents—an average of more than 4,000 a month, or more than 1,000 a week.
Always a Satisfying Service. Strongest in the Panhandle.

SPRING LAKE
 Farmers are so busy they don't have time to eat ice cream.
 Edd Bell is quite ill with heart trouble. Dr. Miller was called Sunday. The threshing machines will soon start out, as most everyone is ready. Quite a crowd attended the Saturday evening plays at Spring Lake. We give these plays every two weeks—also ice cream.

Leonard Brockman, of Clifton Hill, Mo., is visiting at the home of J. I. Phipps.

Mr. and Mrs. Chapman and daughter spent last week in Spring Lake visiting friends.

Mr. and Mrs. Gheris, of Plainview, and daughter, Mrs. Danforth, visited Mrs. Earl Gheris this week.

Dr. Miller and Mr. Womack, of Dimmitt, took dinner at the home of J. I. Phipps Sunday.

Mr. Marshall Hightower, and sister, Mrs. John Watson.
 Mrs. George Webb, and mother, Mrs. Cokrell, left Monday for a few weeks visit in Baylor county.
 Mrs. Preston Florence is able to sit up some this week.
 Mrs. Marshall Hightower spent the week end with Mrs. Mayes Miller.

Little Beau Peep!
 Little Beau-peep, she dresses for you. Her make-up is much, her clothes are few. She hides her ears, but her back is bare. Her knees are cold, but she doesn't care. Her Georgette waist is transparent, too. She dresses like Eve and calls it new. Modesty's asleep, but please don't weep. Just Little Beau peep! Little Beau peep!
