

The Hereford Brand

TUESDAYS—TWICE-A-WEEK—FRIDAYS

HEREFORD, DEAF SMITH COUNTY, TEXAS, TUESDAY, JUNE 14, 1921.

21st YEAR NO. 27.

BIG CROWDS HEAR MOBLEY ON DAIRYING

ABOUT FOUR OR FIVE HUNDRED CROWD STOCK BARN

PRACTICAL STUFF

Lecturer has had 27 Years Experience and His Points Stick

A crowd estimated at between 400 and 500 heard H. S. Mobley, Dairy Specialist, talk on dairy production at the Sales Pavilion Tuesday afternoon. Mr. Mobley, a practical dairyman of 27 years experience, convinced his hearers from the start that he knew his business and, incidentally, how to impart it to others.

His talk bristled with practical, every-day hints of value to any man with a cow or several cows. He used charts to illustrate his points and when, after talking over an hour, he started to stop, his audience demanded more. A more extended account of the address itself will appear in the next issue.

Mr. Mobley stated to The Brand that his audience here was probably the largest and certainly one of the most appreciative he has faced on this tour, and he expressed himself as deeply interested in the country. He was billed to speak in Clovis Wednesday afternoon. He was accompanied by A. M. Howe of the Santa Fe publicity department, and other officials.

Wheat Harvest is Of Much Interest To Business Men

"If the grain men of Hereford pay the price they will get the wheat," said Edwin Ramey of Castro county, in the shortest and best speech heard in Hereford in many moons, delivered at the business men's luncheon Monday at the City Cafe. The quotation above was Mr. Ramey's speech, and was delivered after he had been called upon by the chairman, following a discussion of ways and means of getting competitive wheat this fall.

After a general discussion of the best way to secure the wheat, it was decided to call a meeting for merchants at the Chamber of Commerce Tuesday night to further consider the question. A committee consisting of Ralph Barnett and C. A. Skelton was appointed to work up the meeting.

The question of improving the appearance of the grounds and of saving the trees about the Central school was also taken up. Mayor Knight promised that the Park Board would have the necessary plowing done, Chief Rockwell of the Fire Department, said his men would irrigate the trees from the city plugs, and it is believed the Boy Scouts will keep the grounds free from weeds and grassburrs this summer.

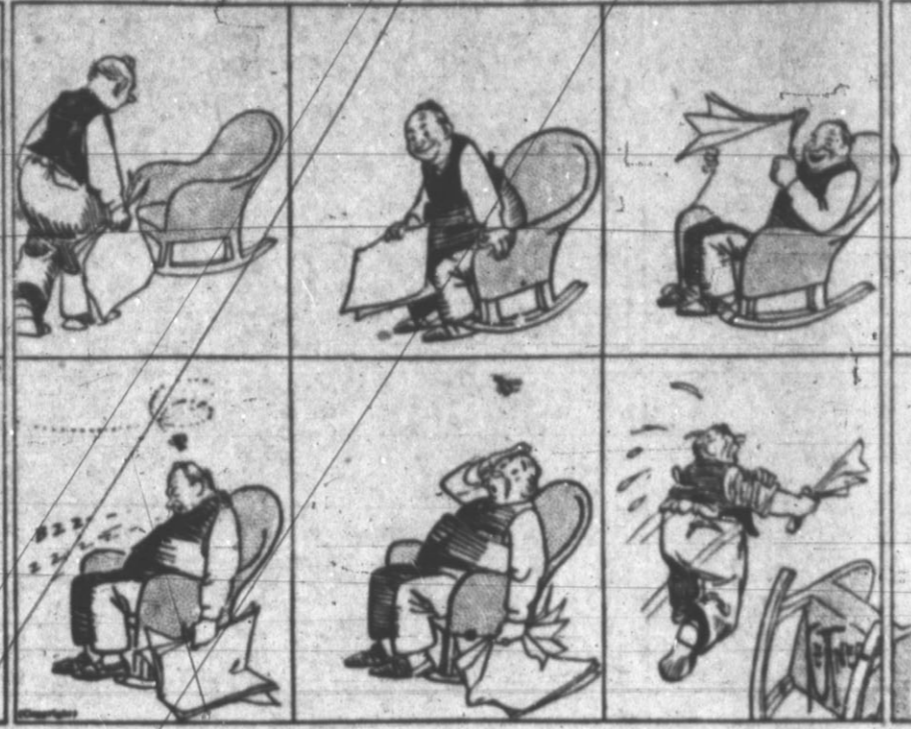

The Secretary was instructed to go to Amarillo June 22 and join the movement to organize the secretaries of the Panhandle into a mutual association. Several other matters were talked over. The meeting next Monday will be held at the Stockman's Cafe. Those present Monday were: D. L. McDonald, W. H. Steckman, D. F. Ashbrook, Henry Hastings, Ralph Johnson, Frank Marrs, Mayor Knight, C. A. Skelton, A. A. Foster, Geo. L. Muse, J. L. Foster, W. E. Dameron, C. H. Dyar, J. E. Hill, C. C. Rockwell, Henry Wilkinson, Edwin Ramey of Dimmitt, Percy Estes, J. A. Womack, Homer Wilkinson, N. C. Vogele, H. L. Broadwell, Ralph Barnett, Captain John Estes, Carl Mounts, E. W. Harrison, George Bankaser and Blane Coyle, of Cambridge, Nebraska.

DAIRY COWS SALE ATTENDED BY BIG CROWD OF BUYERS

Forty-two cows and heifers averaged \$65 and one bull brought \$110 at the sale of registered Jersey cows held at the Stock Pavilion Tuesday afternoon by S. F. Williams. Sherm Williams acted as auctioneer. Assistant auctioneers in the ring were O. F. Gallatin of Friona and E. E. Ford of Clovis, N. M. Mrs. O. F. Gallatin of Friona got the lucky number in the drawing and was awarded the young heifer prize.

The talk on dairying by H. S. Mobley preceded the sale, and both events were generously patronized. The sale was called a success for all who participated. The crowd attracted was of especial interest as evidencing the growing enthusiasm in dairying in this community.

The End of a Perfect Day

"Watson, Quick—the Needle!"— Price Goes Free, Although Found On Top 59 Cases Scotch Whiskey

The jury in the case of the State of Texas vs. E. A. Price, charged with unlawfully having liquor in his possession, late Tuesday night returned a verdict of not guilty, and Price is a free man.

There were two indictments against Price, the other being for unlawfully transporting liquor. The first case was picked for trial and the second dismissed.

Price is the last of the six persons—four men and two women—captured by Sheriff Purcell on the night of May 17 with 59 cases of Scotch whisky in a Reo truck. Price was the driver of the truck.

It is understood that under the Dean liquor law of Texas the State was forced to prove that Price did not have the liquor in his possession for sacramental, medicinal, mechanical or scientific purposes. The real witnesses against Price, his associates, having flown the coop the only witnesses the state had were the local officers who handled the case.

Of course the Court was forced to instruct the jury as to its findings according to the law; and although the fifty nine cases are still on hand, and Price's attorneys admitted he had had the liquor in his possession, the jury was forced to find that the state had made no case.

Just as simple!—and clear as mud!

J. W. McQueen is Back Home After Wandering About

Mr. and Mrs. J. W. McQueen and daughters, Misses Mabel and Hazel, reached Hereford the latter part of the week from Muskogee, Oklahoma, where they have been making their home for over a year. They came overland in their new car.

Mr. McQueen is looking for a location and is in a receptive mood for a Hereford business venture, if something that looks good to him turns up. Mr. McQueen was formerly in the grain business here. He sold out to Jones & McLean and moved to Muskogee, where he first entered the jewelry business. He changed to a cut flower shop and purchased a beautiful home. Recently he sold both business and home and is back on his old stamping grounds.

Mr. and Mrs. McQueen's many friends here sincerely hope they succeed in getting suitably located and re-join the community circle.

STAMBAUGH TAKES OVER INDUSTRIAL CO.'S EQUIPMENT

The grocery stock and fixtures of the Industrial Transportation Company of Hereford was sold at public auction Monday. George A. Stambaugh, owner of the building occupied by the company, afterwards acquired possession of the stock and fixtures and announces that he will run a store based on the same cash and carry plan, to be opened for business in two or three weeks.

MCCORMICK MOTION FOR NEW TRIAL IS LOST; TO APPEAL

Attorneys for J. S. McCormick et al, who recently lost his suit against John Helmann et al, for damages connected with the loss of McCormick's home near Nazareth by fire in 1919, filed a motion for a new trial with Judge Tatum, this week. The motion was overruled. It is understood that the case will now be appealed.

Band Concert is Plan Again for Thursday Night

Beginning with next Thursday night, June 16, the weekly concerts of the Hereford Band will be held at the Courthouse. The band will occupy the regular band stand between the entrances on the south side, where lighting facilities are good, and the people will be allowed to come in on the grass during the concert only.

This concession was made by the Commissioners Court Monday. They warned, however, that outside the concert hour each week the \$5.00 fine for walking on the grass will be in force.

Heretofore the band has been handicapped somewhat by absence of an experienced clarinet player, a difficult instrument to learn and to handle. Members of the band were delighted this week to learn that L. F. Borden, a finished clarinet musician, will help out in this department hereafter. D. L. McDonald, who is an old baritone performer, will also help the boys.

Professor Brothers announces the program for next Thursday night as follows:

- March—Coeur d'Alene—Al C. Sweet.
- Intermezzo Mexicana—Sasarida—Albert Schub.
- Song—Whispering—John Schonberger.
- Overture—American Triumph—H. C. Miller.
- Blues Song—Kentucky Blues—Clarence Gaskill.
- Waltz—Romany—E. A. Kelsner.
- Trombone Absurdity—Ridin de Goat—Jim Fisk.
- Fox Trot—Avalon—Al Joison and Vincent Rose.
- Castilian Novelty—La Veida—John Alden.
- March—Salute to Montreal—Norbert Bolsvert.

U. D. C.'S DECORATION DAY JUNE 19

WILL HONOR GRAVES WAR HEROES OF 1865-1918

CHURCH SERVICE

Appropriate Program, Singing and Speeches at Methodist Church

The United Daughters of the Confederacy will hold Decoration Day services on next Sunday, June 19. Only the graves of the veterans of the Civil War and heroes of the World War will be decorated by the Daughters, families being expected to decorate their individual graves. The program will be held at the Methodist Church at 2:30 p. m. Sunday afternoon, as follows:

Decorations Day Program Methodist Church, 2:30 p. m. Sunday, June 19

Song—Star Spangled Banner.
Prayer—Rev. M. M. Beavers.
Reading—Marlin Gilliland.
Violin Solo—Jack Mounts.
Reading—Miss Edith Rayzor.
Special Quartet—Ladies.
Address—Rev. J. R. Sharp.

Two More Indicted by Grand Jury For Rich's Death

Arthur Reidy and Arc Burns were indicted by the grand jury last Friday in connection with the death of W. J. Rich. Both are relatives of Henry Burns, principal in the defense and whose case has been transferred to Randall county.

Judge Tatum placed the bond of each in the sum of \$5,000, which they made and were released.

WITHERSPOON WINS AGAINST TERRYS IN LEGAL BATTLE

A verdict in favor of the plaintiffs was returned in district court last week in the case of Vern Witherspoon et al vs W. H. Terry et al. Plaintiffs received judgment for something like \$7,400, and the jury found that plaintiffs also were entitled to a lien on the shop tools and machinery and the stock of merchandise, of the Hereford Garage, and on a piece of land in Gaines county, Texas.

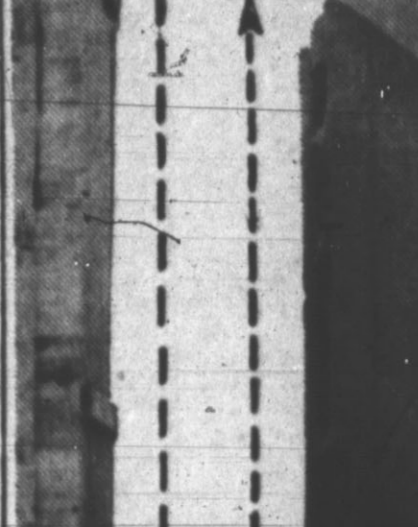

The suit grew out of a contest over the ownership of the Garage, purchased from Witherspoon and associates about a year ago by Terry Bros., sons of the Rev. W. H. Terry. The case was an exceedingly complicated one and The Brand has passed up the job of trying to write a plain story about it that everyday folks could understand.

The title to the property remains with Terry Bros., but the court ordered the garage equipment and stock sold within twenty days and the proceeds applied on the judgment. If these proceeds do not bring enough to discharge the debt then the land will also be sold to satisfy the judgment.

Attorneys for plaintiffs were W. M. Knight, W. H. Russell and F. T. Robinson, and for the defendants, Carl Gilliland and John P. Slaton.

TEN FOOT COFFIN FOR TALLEST MAN

10 FT. 9 FT. 9 IN.

When Bernard Coyne, 18 years old of Anthon, Ia., died the other day it marked the passing of the tallest man in the world. He was 8 feet, 2 inches tall. For his burial at Dubuque, Ia., it was necessary for a casket company to make a special coffin, the largest ever built. Casket and box—shown here as compared to average man—measured 9 feet 9 inches; and 10 feet respectively.

DEMONSTRATION OF EQUIPMENT GIVEN AT HARMAN DAIRY

An appreciative audience last Saturday watched a Dairy Demonstration put on by S. L. Harman and assistants, Thurman Hawkins, Perry Bennett and Lloyd Harman, at the new Harman Dairy Barn in the northeast portion of the city. All of the attendants were dressed in clean white duck and made quite a hit with their appearance and deftness. The model barn was clean as a pin, each cow came in and took its place as though drilled by an army sergeant, while Mr. Harman gave a clear and understandable demonstration of how to use his new electric milking device and clarifier.

A good crowd was in attendance and enjoyed the workmanlike way in which the new enterprise started off and the thoroughness of every detail for making a successful business of the venture.

MACK BEACH WAS OPERATED ON FOR CASE APPENDICITIS

Mack Beach, of Wildorado, Texas, was operated upon at the Hereford hospital Tuesday morning for appendicitis, the work being performed by Drs. Price and Gabbert. At last accounts he was reported to be doing well.

UNION LADIES L

New Advisory Has Support of Comra

The formal opening of the hospital Saturday afternoon, widespread local interest held open house, ar receiving hours, hundreds visited the institution at its actual working.

The occasion was given tractiveness of a social function, used in profusion re- plainness of the immaculate walls and furnishings and rooms most inviting.

Guests were received at the Mesdames A. O. Thompson and Johnson, Mrs. Henry Wilkinson, Mrs. G. A. F. Parker also assisted in the reception hall. In the front which was unoccupied, punch served by Mesdames A. G. Mon Homer Fox and W. E. Dameron. Here the guests were shown over building by attendants who furnished full information concerning the equipment and general plan of work. ing in this capacity were, Mesdames W. Hicks, W. A. Price, G. F. LeG and W. F. Gabbert, wives of the physicians, Miss Ethlyn Cockrell, Red Cross nurse from Princeton, Mesdames Roy Stocking, D. L. Donald, L. B. Brady and Messrs. I er Wilkinson and D. F. Ashbrook.

The capacity of the hospital is ten beds. The interior bears little semblance to its former appearance, the work of remodeling has been enough. The reception hall has been enlarged and a conveniently wide corridor runs the entire length of the building. The wards are of adequate size, lighted and ventilated. A bath on floor, drinking fountain in the hall, a modern kitchen, pantry and open dining room add to the general convenience. The woodwork is in white enamel throughout. In the operating room, maternity ward, bath rooms kitchen the walls are hung with v sanitas, a heavy single-tone paper.

'From the Manger to the Cross'

Most Wonderful Picture Ever Made.

The Star Theatre has arranged to show the famous picture, 'From the Manger to the Cross,' presented by Albert E. Smith.

This is strictly a biblical play and is the only one of its kind, due to the fact that this production was actually photographed in Egypt and Palestine.

This picture carries many wonderful teachings. It shows the annunciation and the infancy of Christ, the period of his youth, the calling of the disciples, the miracles, scenes in the ministry, the last days in the life of Jesus and the betrayal, crucifixion and death.

Everyone should see this wonderful picture. We have all heard the teachings of Christ and now have the chance to see them.

MOD DOPE... currency are you carrying? And how much at home hid in the bed sock under the door if you have none, you exception, because there is money in Floyd county being circulation, somewhere near \$150,000.

Miss Gilbreath Entertains

Miss Lucille Gilbreath delightfully entertained a number of young people at her home on Friday evening.

Three tables of players enjoyed the ever popular game of forty-two, and later, banana ice cream and angel food cake were served.

Manjeot-Howton

Another charming June bride is Miss Gladys Howton, who on Sunday was married to Arthur Manjeot, of this city.

The wedding was celebrated at the bride's home with a beautifully simple service pronounced by Dr. Atwood of Plainview. Besides the immediate family there were present, Mr. and Mrs. Pink Gilliland, Mrs. A. O. Thompson, A. H. Owen, Misses Dot and Ruth Owen and Helen Jenkins.

The bride wore a dainty costume of white and carried a shower bouquet of roses and fern. Her going away gown was a tailored suit of navy blue with harmonizing accessories.

The young couple left on the ten-fifty train for Ransome, Kansas, where they will make their home.

The bride is a daughter of Mr. and Mrs. B. F. Howton, of this city. She has spent most of her life here and is an honor graduate of the Hereford high school. For the past year, she has been deputy county clerk. Personally attractive and genial in her manner, she is a favorite among a large circle of friends.

The groom has been employed with the elevator construction company. He is an exemplary young man, capable and industrious. He will be with the White Star Elevator Construction Company of Ransome. Friends of both congratulate.

Dinner Party

A delightful courtesy extended on Thursday evening to Rev. and Mrs. J. R. Sharp, was the dinner party given by Mr. and Mrs. H. L. Broadwell, at their beautiful home on West Third Street.

Pantries furnished the motif of a lovely decorative scheme which included living room, music room and dining, making all very attractive.

All the appointments of the delicious three-course dinner were charming. The table was loveliness itself. Pantries artistically arranged in cut glass, their beauty mirrored in a crystal reflector, made an exquisite centerpiece, while dainty place cards showed the same lovely flower.

Between the courses, appropriate toasts were given, Mrs. C. C. Ferguson toasting the bride and David Broadwell the groom.

Following the program an informal musical program was enjoyed.

Sharing the hospitality of Mr. and Mrs. Broadwell were: Rev. and Mrs. Sharp, Mr. and Mrs. Homer Fox, Mr. and Mrs. C. C. Ferguson, Misses Elizabeth Tatman and Elva Shackelford, Phillip and David Broadwell.

Robinson-Sawyer

A wedding of wide local interest is that of James Robinson and Miss Eunice Sawyer which occurred Friday, June tenth at Crawford, Texas. The newly wedded pair reached Hereford Sunday morning and went immediately to the home of J. W. Robinson, the groom's father, where they were entertained at an elaborate wedding breakfast.

The same day a family dinner at which all the near relatives were guests, was given. Later, the bride and groom went to their own home in west Hereford, where they are receiving the warmest congratulations of many friends.

Mr. Robinson is one of the most prominent farmers and stockmen of this community and has been prominently connected with the local organization of irrigation farmers. Since disposing of his irrigated farm, he has confined his attention largely to stock farming. His bride will be welcomed to the community life of Hereford.

Swain-Ramsey

The approaching marriage of Miss Dorothy Ramsey was announced at a party given by her mother, Mrs. E. E. Ramsey on Thursday.

Assisting the hostess were Mrs. Claude Ricketts and Mrs. Robert Elliott.

A lavish use of June roses lent special attractiveness to the receiving rooms. Charming arranged in baskets and vases, they filled the rooms with fragrance and beauty and were sweetly suggestive of the dainty bride herself. An especially effective decoration was a basket of crimson roses arranged with sprays of fern, that occupied the dining table.

A delightful reading by Earl Marie Foster added pleasure to a social hour in which the guests busied themselves with needlework. Then, a knock at the door announced the presence of little Miss Ardel Foster who, wearing a big red arrow-pierced heart on the front of a dainty white costume and carrying a bow and arrows, made an ideal cupid. She carried a telegram to Mrs. Ricketts who, on opening it, read as follows: "Please announce the approaching marriage of Miss Dorothy Macklin Ramsey to Mr. William James Swain at the First Christian Church, Kansas City, Mo., Friday, June eighteenth." Following the announcement, the bride was the center of a merry

group who showered her with good wishes. Later, an ice course was served.

Those who enjoyed the pleasant afternoon were: Misses Ipez Ricketts, Marjorie Dameron, Pearl Golden, Helen and Lottie Shore, Elizabeth Oberthier, Lora Kibbe, Zena Owen, Jewell Gilbreath, Maurine Steckman, Dorothy Ramsey, Mrs. Claude Ricketts and Mrs. Robert Elliott.

Miss Ramsey will leave Thursday for Kansas City and will be married immediately following her arrival there. She is a daughter of Mr. and Mrs. E. E. Ramsey and is a most worthy young woman. She is a graduate of Hereford high school and has spent the last two years in Kansas City, studying a part of the time in the Kansas City Conservatory of Music.

The young couple will go at once to apartments already furnished for their occupation. Many Hereford friends extend congratulations.

Sprawls-Lambert

Hereford society will welcome Mr. and Mrs. Aubrey Sprawls, who were married at Farwell, Thursday, June seventh, and who are now occupying rooms at the J. H. Wilson home in Hereford.

Mr. Sprawls is employed with the Western Union and has been here for two months. Before coming here, he was stationed at Bovina, the home of his bride, who was formerly Miss Gertrude Lambert, a teacher in the Bovina schools.

The young couple were married at the home of and by Rev. Thurston, pastor of the Methodist Church of Farwell and came to Hereford immediately following the ceremony.

Many Hereford Baptists are planning to attend the annual encampment of the Panhandle Baptist Assembly which convenes at the Canyon Club grounds on Wednesday. They will take tents and cooking utensils and enjoy a week of real camp life in addition to the assembly program.

Elaborate arrangements for the accommodation and entertainment of the

hundreds of visitors that are expected, have been made. A supply store will be on the grounds, and all of the club ground equipment will be placed at the disposal of the guests.

Leading Baptists of the southwest will have a part on the week's program. Dr. E. B. Atwood, Dr. W. S. Wiley, Sec. W. P. Phillips and Mrs. A. B. Beddoes, president of women's work in Texas, are among the speakers.

Mrs. A. O. Thompson is one of the two Panhandle Assembly secretaries. Among those who will go Wednesday and remain for the week are Misses Jessie Sisk, Ruth Owen, Georgia Curt-singer and Gladys Hicks; Mesdames A. O. Thompson and Carl Gilliland, and Johnnie Biggs.

MRS. P. W. PRICE IS IN AUSTIN, TEX. AT COMMENCEMENT

Mrs. P. W. Price left Hereford for Austin, Texas, the past week to witness the graduating exercises of the University of Texas, beginning June 13. Edward P. Price, son of P. W. Price, is a member of the graduating class. Edward has been an exceptional student since entering the university, and has also won a track team letter. Mr. Price is looking for the return of his wife and son the latter part of this week.

MRS. JNO. McFARLIN HAS AN OPERATION FOR APPENDICITIS

Mrs. John McFarlin, whose husband is in the hospital with a fractured spine as the result of an auto accident, was operated upon about noon last Saturday for appendicitis. It was an emergency case, but the sufferer was reported to be doing nicely Tuesday.

The Beaumont Chamber of Commerce is conducting a campaign against ants in that city, and has appropriated \$500 for the work.

Hospital is Opened

(Continued from page 1.)

ing used on the remaining walls.

The basement has been enlarged and a steam heating plant installed.

The equipment is all practically new and up-to-date. The beds are, for the most part, of the modern, adjustable type, specially adapted to the sick room. Sanitary waste cans and commodes are provided. An adjunct of the operating room is a sterilizer of the best and most modern make. Its compartments for utensils and instruments are of extra size, while the autoclave is large enough to be used for sheets and blankets. A surgeon's automatic lavatory, the last word in up-to-date hospital equipment, is supplied, while the operating room itself is completely furnished. A filing cabinet for nurses' charts is a modern feature.

The well-equipped maternity ward was made realistic on Saturday by the presence of Mrs. Troy Womble's baby boy, who lay asleep on one of the tiny beds.

The institution is now under the management of a hospital board composed of D. F. Ashbrook, Homer Wilkinson and F. H. Oberhiller. Working with them is an executive committee consisting of Mesdames Henry Wilkinson, L. R. Bradley and A. O. Thompson. Mrs. A. A. Godwin is matron and Miss Kinkaid, head nurse. Miss Anna Novak, who was for years with the old hospital, assists with the nursing and general work.

At present the hospital is caring for four patients: John McFarlin, who was so severely injured in an automobile wreck a few weeks ago; Mrs. McFarlin, who underwent an operation for appendicitis Saturday; Horace Self, of Tuscola, a nephew of Dr. Price; and Lloyd Alexander, the young man who suffered a badly cut arm from an accident on a Santa Fe train near Hereford a few days ago.

Mrs. E. B. Galloway.

Mrs. E. B. Galloway, aged about 80 years, died at Fort Worth last week and was buried at Hereford Saturday, June 11. Funeral services were held at the Baptist church, conducted by the

Rev. Atwood. Interment in the Hereford cemetery.

The remains were accompanied here by J. B. Hester and Mr. and Mrs. B. M. Hester and son, B. M. Jr., and J. B. and B. M. Hester are grandsons of Mrs. Galloway.

Mrs. Galloway, as did her grandsons, formerly lived at Hereford, leaving here about 1919. She had resided in Wichita Falls since that time.

G. E. Megert

The body of George E. Megert, who died at Terrell, Texas, June 8, reached Hereford Friday and was buried from the Christian Church Saturday afternoon.

Following a short funeral service, conducted by Rev. Wooten, the local Masonic Lodge took charge and burial was made according to the rites of their order.

The deceased was born in Grayson county, Oct. 19, 1868. He was educated at Add-Ran College and spent most of his life in central Texas, having lived in Waxahachie and Dallas. He leaves, besides his wife, his mother and two brothers, all of whom live in Hereford.

Funeral services were: C. H. Dyar, J. H. Wear, A. O. Thompson, Edgar Johnson, George Abbott and G. M. Suggs.

RAINS CONTINUING OVER PLAINS BUT COMES IN SQUALLS

It's still raining in the Panhandle of Texas. The rain comes in intermittent squalls and is not of a general nature, although reports have it that practically the entire country is thoroughly wet. Up to noon Tuesday at Hereford another half of an inch had fallen since Friday, and Tuesday afternoon another sudden cloud emptied itself on our heads in passing.

Old timers say that "once upon a time" moons and moons ago, it rained too much here and ruined the crops. It's not likely to happen again, though. The country is clean, cool, mellow and green with growing things, the people are satisfied and optimistic. The silver lining has broken through.

REVIVAL SERVICES BY PRESBYTERIANS STARTS OFF WELL

The Presbyterian revival services opened Sunday with the pastor, Rev. J. R. Sharp, occupying the pulpit and the singer, Lauris Mallard, conducting the song services. Mr. Mallard made an instant hit and promises to be a big factor in the success of the meeting this week.

Rev. Sharp drove to Canyon Monday afternoon and brought Rev. R. Thomsen of Amarillo back with him in the rain. The congregation Monday night was limited on account of the weather, but is expected to swell nightly as the meetings go on. Rev. Thomsen's reputation all over this section as a pulpit master is strong, and the people are expected to take advantage of the opportunity to hear him.

Good Job Printing at The Brand!

Wrinkled?

We mean your clothes, of course—nothing else. That blessed rain took the creases out of nearly everybody's wearing apparel.

Fictitious Name Law Touches Many Hereford Folks

A new law which went into effect this week, concerning every business in the State, private or partnership, carried on under any name other than that of the actual owner, is known as the "Fictitious Name Law." It does not apply to corporations, but there are numbers of people in this community effected by it. As there is a penalty attached for non-compliance, the provisions of the act are given herewith:

Section 1. No person or persons shall hereafter carry on or conduct or transact business in this State under any assumed name or under any designation, name, style, corporate or otherwise, other than the real name or names of the individual or individuals conducting or transacting such business unless such person or persons shall file in the office of the county clerk of the county or counties in which such person or persons conduct, or transact or intend to conduct or transact such business, a certificate setting forth the name under which such business is to be conducted or transacted, and the true or real full name or names of the person or persons conducting or transacting the same, with the post office address or addresses of said person or persons. Said certificate shall be executed and duly acknowledged by the person or persons so conducting or intending to conduct said business in the manner now provided for acknowledgment of conveyance of real estate.

Section 2. Persons now owning or conducting such business under an assumed name or under any such designation referred to in Section 1 shall file such certificate as hereinbefore prescribed within thirty days after this act shall take effect, and persons hereinafter owning, conducting or transacting business aforesaid shall before commencing said business file such certificate in the manner hereinbefore prescribed.

Section 3. Whenever there is a change in ownership of any business operated under any such assumed name as set out in Section 1 hereof, the person or persons withdrawing from said business or disposing of their interest therein shall file in the office of the clerk of the county or counties in which such business is being conducted

ed and has a place or places of business a certificate setting forth the fact of such withdrawal from or disposition of interest in such business and until he has filed such certificate he shall remain liable for all debts incurred in the operation of said business, which certificate shall be executed and duly acknowledged by the person or persons so withdrawing from or selling their interest in said business in the manner now provided for acknowledgment of conveyance of real estate.

Section 4. The several county clerks of this State shall keep an alphabetical index of all persons filing certificates provided for herein, and for the indexing and filing of such certificate they shall receive a fee of one dollar. A copy of such certificates duly certified to by the county clerk in whose office the same shall be filed shall be presumptive evidence in all courts of law in this State of the facts therein contained.

Section 5. This section shall in no way effect or apply to any corporation duly organized under the laws of this State, or to any corporation organized under the laws of any other State, and lawfully doing business in this State.

Section 6. Any person or persons owning, carrying on or conducting or transacting business aforesaid who shall fail to comply with the provisions of this act shall be guilty of a misdemeanor and upon conviction thereof

shall be punished by a fine of not less than twenty-five dollars nor more than one hundred dollars, and each day any person or persons shall violate any provision of this act shall be deemed a separate offense.

Section 7. The fact that there is now no law providing for the registration of the names of persons doing business under assumed or fictitious names, and that the absence of such law impairs the stability of credits in the State, creates an emergency and imperative public necessity requiring that the constitutional rule that bills shall be read upon three several days shall be suspended, and it is hereby suspended, and this act shall take effect from and after its passage, and it is so enacted.

MISS FUQUA GOES ON LONG VACATION TO CUBAN ISLAND

Miss Ethel Fuqua and her cousin, Harvey Clark, of Amarillo, left Amarillo Saturday for a tour of the southern states, visiting the most important cities and also will cross the waters to Havana, Cuba, where they will tour the island on a general outing excursion.

Miss Fuqua is a teacher in the Amarillo public schools and Mr. Clark is an employe in the Santa Fe offices.

ARE YOU DOING YOUR PART TO MAKE THIS A DESERTED TOWN?

DESERTED VILLAGE.

WHAT if this pleasant home town of ours became a "Deserted Village?" The folks who send their dollars to other towns and cities to buy their needs and their luxuries can tell you just how to make this a "Deserted Village." The trick can be done by everybody following the example of the few and buying elsewhere.

Then there would be no money to pay people who work. There would be no money at all to buy farm produce; no money for fire and police protection; no money to keep up homes; no money to hold people in this town at all. And so your property and home and job would have little value.

Trade at home. Every dollar spent here helps to make living in your town better and pleasanter; every dollar spent at home helps to make the thing you own more valuable.

Attention!

For seven years we have been in the Drug business in Hereford. We have had a nice trade. Our customers have treated us with every courtesy, and we have tried to give them service of the best, goods of a high quality, and have carried their accounts for many months in numbers of instances.

Conditions have changed within the last year. We could, until lately, buy our goods on 30 to 60 days time, and in some instances, 90 days time. That day has passed. We cannot, neither can any other, buy goods from the Factories and Wholesalers on more than 30 days time, the majority of them only grant us 10 days, and quite a few require cash with order, or have goods come B-L attached.

Now we are very thankful for the treatment our customers have given us in the past, and we want to keep your patronage, but:

BEGINNING ON JULY FIRST, 1921, WE SHALL ONLY SELL FOR CASH. AFTER THAT DATE CASH ONLY WILL GET GOODS FROM US. THIS MEANS EVERYBODY.

The ONLY exception to this rule will be in cases of life-and-death emergency, or charitable prescription work.

It has come to the point that for us to keep up our stock of goods, we must get cash for our sales. We cannot buy goods with your CREDIT ACCOUNT, but we can buy goods with your CASH BUSINESS. And in order to continue to serve you, we are compelled to take this step, much as we hate to do so, but we think that by doing so we can still serve you, and save you money.

Respectfully,

Geo. E. Burns

WHY DON'T YOU USE THE WANT ADS?

**WINDUP AT CLOVIS
ON FOURTH OF JULY**

Members of Dean Lucas Post Number 25, American Legion, are planning a rodeo, automobile racing, various other sports on the days of the 4th and 5th of July. They expect to have a big free barbecue on the immediately following the big Calliphan Parade which has been arranged by the Chamber of Commerce, in which the Post expects to participate.

The complete program for the two celebration is not yet ready for press, but the members believe that will be able to put on a program which will fill every minute of both days and which will be worthy of so progressive a city as Clovis now is, and help her to maintain her enviable reputation of doing more things better on a larger scale than any city throughout the Southwest. The plans are to put on complete auto races, which will be of such magnitude stand by itself as a great feature; the Wild West show, broncho busting, roping, goat roping, relay riding the usual stunts which go with traction of this kind, but the best re of the rodeo program will be the Wild Mule Race. Members of the Legion believe that this combination of complete attractions should more guarantee great entertainment to towns. However, the spirit of the American Legion is that a thing that is doing is worth doing well.—Clovis Journal.

Texas Crop Conditions

Following figures are representative of conditions as of June 1, 1921. E. M. Johnston, Agricultural Statistician.

WINTER WHEAT

Average condition of winter standing for harvest is estimated 63 percent of normal for the state. This condition when translated into bushels means that an average of 10.8 bushels per acre is in prospect applied to an acreage of 1,000,000 acres, or the acreage for harvest forecasts a production of 19,019,000 bushels for Texas.

There is a decrease of approximately 100 bushels from the prospects of a year ago and has been caused, in part, by dry conditions which have prevailed for the past two weeks about portions of west central and the plains. Up until the first of the month a very "spotted" condition prevailed over the state so far as wheat was concerned, with some sections suffering. This condition made the prospects for the year a whole very hard to assess.

Most of the early planting is already advanced, the intermediate plantings far advanced for rain to help maturing part of the crop in the upper Panhandle which will be two weeks later than the rest of the crop will have prospects in time to cause it to fill properly. This should obtain for perhaps 70 percent of the total acreage.

OATS

Spring and fall oats have been damaged in many localities standing until harvest by excesses, then greenbugs and then dry conditions with the result that yield at this date is but 50 per cent of a normal and is indicative of an yield of 21 bushels per acre for the year. On the other hand there has wonderful increase in acreage which is estimated to be 20 per cent more than the planted acreage.

of last year but there has also been a pronounced abandonment due to the causes stated above and since no account of this is allowed for in acreage, it is considered if the condition figure making that figure correspondingly lower and somewhat less than the condition of the harvested acreage on this account.

CLEO

O. M. Burch, of Cleo, delivered a truck load of hogs to G. W. Brumley, of Hereford, last week.

Mr. Mundel and son, Harvey Dixon and Morley Greathouse, all of Cleo community, were hauling grain to Hereford last week.

Hill Webb and Frank Cone were also up to the railroad with freight teams. Mr. and Mrs. J. H. Wagley and Mrs. Nettie Greathouse and children went fishing last week. Have not learned where they went nor what luck they had.

Mack Johnson of Cleo has traded his old threshing machine and engine in on a new one and he and Dick Galle have gone to Amarillo to make the exchange.

R. C. Shuford, of Dimmitt, made a business trip to Hereford last week in his Ford.

The drought is broken, for the present at least. We have had two and one-half inches of rain since six o'clock

Saturday evening and it is still raining at 3:30 Sunday evening. The lakes are getting pretty full of water and all the cow trails and hillsides are still dreaning into them. The heavy rains may cause a great deal of the late planting to be done over, as the ground may bake on the seeds so the young plants can't come through. However, we are thankful for the rain as it was badly needed.

No Literary last night nor singing today at Cleo on account of the rain. We were expecting a great time at each meeting.

Mrs. Lella Cartwright and children Mrs. Henry Cone and children and Miss Dera Cone visited Mr. Walter Noble and family at Muleshoe last week.

NEW METHOD OF MAKING A LAWN IN A FEW WEEKS

A new, quick method of establishing stands of sod on lawns, and more especially on golf greens where the grass gets severe usage, has been worked out by botanists of the United States Department of Agriculture. Bent grasses, which grow from runners, are principally used in the method.

A quantity of health sod is stripped at a depth of approximately 1 1/2 inches, which gathers in most of the grass roots with as little dirt as possible. The sods are run through a feed cutter which is so arranged as to slit them into ribbons about 2 inches wide and the ribbons are shredded by hand, leaving a mass of grass roots. These are sowed broadcast on the ground, which has been carefully prepared by plowing and harrowing; and if a golf green is de-

sired it is usually covered about an inch deep and rolled.

For ordinary lawns it has been found sufficient to broadcast the sod shreds and harrow or disk them.

By this method a good stand of sod has been obtained in as short a time as three weeks. The method has been used on golf courses throughout the country. A green of the public golf

course in Potomac Park, Washington, D. C., prepared in this manner, is regarded as one of the finest in the country.

SPLINTER PIERCES YOUNG BOY'S SIDE

Roy Willis, 10 years of age, son of Mrs. U. Everett, was seriously hurt Wednesday of last week when a splinter on which he was vaulting broke and ran a splinter into his side. The boy was rushed to a local sanitarium, after which an operation followed immediately. The splinter was about seven inches long and had pierced the intestines three times. There was little hope for his recovery for several days, but late reports are that he will be able to leave the sanitarium, within a few days.—Lubbock Avalanche.

KOLE COMEDY TRIO DROWNED IN PUEBLO FLOOD

Manager Johnson of the Star Theatre, who had the Kole Comedy Trio booked for an engagement for last Friday and Saturday nights, has been advised that the Trio was drowned in the flood at Pueblo.

CYLINDER GRINDING

We do cylinder and crankshaft grinding by the same method as used by factories. And with accuracy and finish second to none.

Don't put new pistons in your motor without having your cylinders reground. You will then have new, true cylinders.

If we grind your cylinders and fit new pistons, you will get the same life and efficiency that you would get from a new motor. Remember that grinding is the only method used successfully today to finish fine machine and tool work.

Our new prices on this work will interest you.

Cletrac
TANK-TYPE TRACTOR

Wheels on a track—the Cletrac way—take less power

Meet the Harvest Rush

Be ready for the harvest rush with a fleet of Cletracs—the power-battery that makes the wheat farmer independent of weather conditions and labor shortage.

Each Cletrac easily hauls two binders—replacing six or eight horses and does twice the work. It keeps going *more hours and longer days*—is ready when the grain is just right.

The breakdown of a large tractor means a costly harvest hold-up, but if one of a fleet of Cletracs should be stopped it only means a little added work for the others. Cletracs work fast on the straightaway—turn short and get the corners clean—are economical and easy to operate.

Come in and look this tractor over. See for yourself its sturdy construction. Let us show you what it will do for you on your own farm.

DENIES LEGITIMACY OF OWN CHILD TO KEEP IT

Can the tenderness and care of mother love offset the brand of illegitimacy in the memory of little Gene Del Secco of San Francisco when he grows to be a man? His father, Julian Del Secco, has sued for the custody of the child. His mother, shown here with him, denies that Julian is the child's father. It is a human interest question that has the whole West watching the court to see what decision will be handed down.

What White Paint Did About six years ago a good customer of mine came to me. He lived four miles from town and was in the habit of borrowing \$200 or \$300 every year, paying it back in November, buying a little stuff for Christmas, and on January 1, he was the first man to have his name on our application blank for the loan for next year. I began to talk to that fellow. He had a growing family of three or four boys and girls and I told him he must live for the future; that he owed it to his boys and girls to improve his conditions and develop his farm, because they must go to school. He said he wanted to borrow \$200 and I asked him what he was going to do with it. He told me he had fifteen acres between the field and the road which he wanted to clear off and put a fence around. I said, "That is fine. I will do it, if you will make it \$400, but I will not lend you \$200." He did not know what I had in mind. He had a fairly good four-room frame house, with one of these mud chimneys. It was not painted on the outside and did not have a speck of paint within four miles of it. I said, "If you will make it \$400 we will clear the land and build the fence, paint the house, paper every room, put up a brick chimney, put a picket fence around the house and paint that white. You need not tell me you will do it. You take the proposition home to your wife. If she tells you she does not want it, all right. If she does, we will make a trade the next time you come to town."

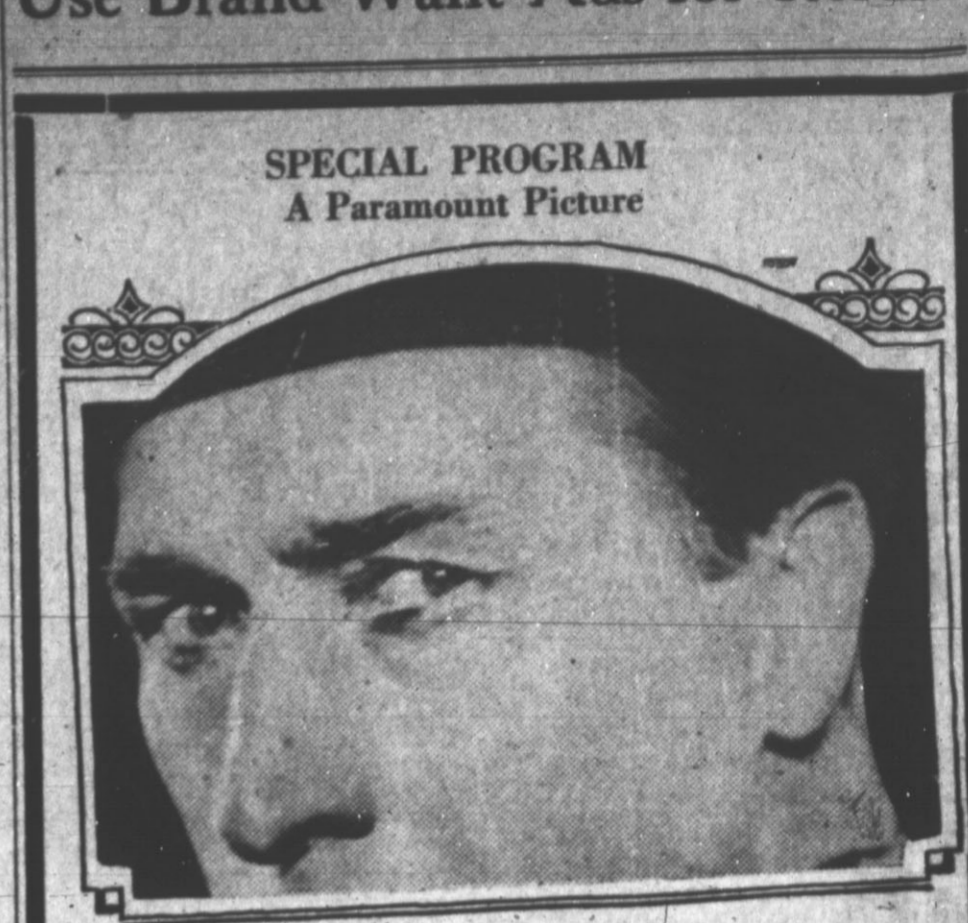

The telephone rang the next morning before I got up, and that fellow answered. He said, "Holles, you have ruined me. My wife says that is the thing she has been trying to get all these years, but she didn't have the courage to ask me, as I was in debt." We cleared the land and built the fence, painted the house white, papered every room, and fixed up the best room in the house for his wife. It wasn't three months until that man came to me and began talking about bringing his boys in to school in our town. I don't believe it had ever occurred to him before. We operate a splendid school system, but he had been sending them to the country school for three months, and letting them quit before school closed to pick cotton. The result was that they had not advanced very far. He put his two boys into our high school. I kept in touch with them. This man paid back the money he had spent on improving his home. He put his boys into the Sunday School and became superintendent. He organized a Sunday School in his community. In June when the oldest boy graduated I called him into my office and asked him what he was going to do. He said he wanted to go to the state university. I asked him, "What will you study?" He replied, "I will take an agricultural course."

I had not mentioned agriculture to that boy or encouraged him in any way. He went to the university and graduates next June. The second boy is in his sophomore year. All the result, as I see it, of having the man paint his house white. It gave him a new vision in life. If the people in the state will begin to paint the country homes white, we will have a new agriculture in Arkansas and a new citizenship. We will find it will not be necessary for us to preach diversification; it will come of itself.—Arkansas Banker.

Mr. and Mrs. C. R. Smith left Sunday for Hot Springs, Texas, where Mr. Smith will take medical treatment. They expect to remain a month, then, if Mr. Smith's condition improves, will return and arrange for him to take a complete course of treatment there.

Captain Bennett Uses Bludgeon Against Amarillo

Amarillo's Expressmen absorbed an awful lot of punishment here last Sunday when Captain Charlie Bennett's murderous crew slammed out fourteen hits for fifteen runs and smothered the visitors to the tune of 15 to 2. Amarillo's scores came in the fifth through an error, three purloined bases and a single. Outside this inning Vaughn had their goats hog-tied. Meanwhile, Martin was assassinated in eight installments.

Captain Bennett's eyesight seems to be failing and he is in an awful hitting slump. Best he could do Sunday out of four trips to the platter was two triples and two doubles. Somebody ought to talk to Bennett. In the eighth all hands batted around and then lapped over, three singles and three doubles, bunched with errors, netting eight runs. The box score follows:

| Player | A | B | R | H | P | O | A | E |
|-----------------|-----------|-----------|-----------|-----------|-----------|----------|---|---|

Robinett, Martin, Alban, Curtisinger; struck out, by Vaughn 9, Martin 5; balk, Vaughn; umpires, Smith and Russell.

J. S. Jones says that since Admiral Sims has made such an ass of himself he is off the British for life. He has quit smoking Prince Albert and intends to stay with "George Washington!"

Charles Greer arrived home Thursday from Austin where he has been a student in the State University. Paul Guthrie, also a student there, will not return home for the summer vacation. He has accepted a position with the Ship Owners' Radio Service and left Austin Saturday for New Orleans, to take up his work.

Mr. and Mrs. H. C. Word and Miss Annie Lafferty, of Canyon, visited in the home of their aunt, Mrs. J. A. Stegall, last Sunday. Miss Elizabeth Stegall returned to Canyon with them for a week's visit.

Frank M. Tatum, of Dalhart, arrived in this city Monday morning on business. He is a member of the law firm of Tatum & Strong of Dalhart, but is not related to Judge Reese Tatum, District Judge, who also resides at Dalhart.

LITRELL SPRATT ENTERS BUSINESS WITH HIS FATHER

Littrell Spratt, who has been in the employ of the American Railway Express Company at Clovis until recently, when he left for a vacation in Missouri, arrived here Sunday.

J. H. Spratt announces that Littrell has decided to go into business with his father, has acquired a share in the business and will hereafter be identified with the Hereford Produce Company.

A \$1,000,000 bond indemnifying the state of Texas and the University of Texas purchasing board was recently approved by the State attorney general. The Austin Chamber of Commerce engineered the entire movement which makes possible the extension of the University of Texas Campus.

A Successful Man Meets Opportunity at the door.

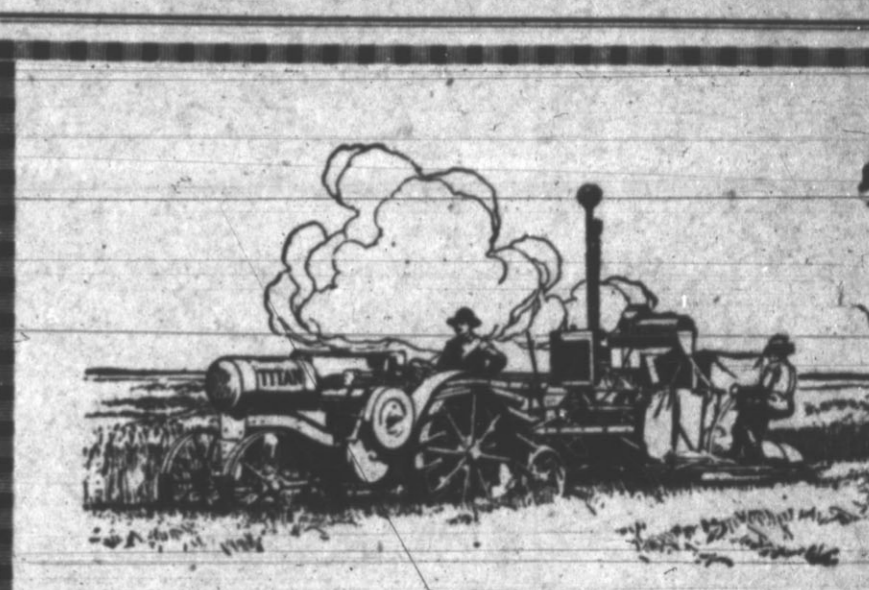

He is a BIG man because his alertness has taken advantage of every opportunity that came his way. To make money, one must have money. The successful man of today got his start by saving.

He didn't get "big" at once, but started as you may start—**SAVING REGULARLY** a part of your earnings.

When you have a savings account you can **SHAKE HANDS** with opportunity.

Let us introduce you to our Banking facilities.

The Western National Bank
Capital and Surplus \$125,000.
Largest tax payer in the City of Hereford
Only Roll of Honor Bank in Deaf Smith County.

STILL SAWING WOOD AT 101

Keep on sawing wood and forget your age is the living advice of James A. Rocheford who is shown here celebrating his 101st birthday at the old buck saw. The picture was taken at his home in Brighton, Mass., last week. His wife, 84 years old, assisted him to make merry. He says a little exercise after passing 100 years is just as enjoyable as before reaching the century mark and to this practice he attributes his joy in life.

We Want Your Business because we deserve it. Whenever it is possible to give you better grocery service, you are going to get it at this store.
