

The Hereford Brand

TUESDAYS—TWICE-A-WEEK—FRIDAYS

21st YEAR, NO. 39.

HEREFORD, DEAF SMITH COUNTY, TEXAS, TUESDAY, JULY 26, 1921.

RAISE HOGS IS ADVICE OF BRUMLEY

SUCCESSFUL SHIPPER IS ENTHUSIASTIC ON THE SUBJECT

17,117 PORKERS

Have Been Sent to Market From Hereford by One Man Since 1917

Just what the hog business could be developed into in this community, if handled by more people and in larger volume, is shown by figures given The Brand this week by G. W. Brumley, who, as a representative of the packing concerns has been buying and shipping hogs in car lots since 1917. Mr. Brumley has kept an accurate record of every hog he has purchased, his weight, price paid, etc. His books show that since March 15, 1917, when he entered the business here, he has purchased and shipped a grand total of seventeen thousand one hundred and seventeen hogs!

Mr. Brumley has handled ninety-nine cars since last January, or about 8,000 head, which has distributed about \$125,000 through this country. While some of these hogs have been shipped in here and fed for market, Mr. Brumley estimates that about three-fourths of the hogs he has handled have been native raised.

The largest percent of these hogs have been shipped to Los Angeles, Calif. packers. They want light hogs on the coast, limiting the weight to 225 pounds. The heavy hogs are shipped east. Mr. Brumley tries to make a shipment every Wednesday. He calls for delivery of the hogs the day before shipping. So far this year he has only missed two weeks.

Mr. Brumley is an enthusiast about hogs. He thinks this is the greatest natural hog country in the world and that every farmer should carry a number of them. Mr. Brumley is now arranging his farming business so that he may go into the raising of pigs on a larger scale in the future. "With the uniformly good feed crops raised in the Panhandle and the healthful climate, free from so many hog ailments prevalent elsewhere, there seems to be no sound reason why the Panhandle of Texas should not become the largest breeding and shipping field for hogs in the United States."

McQUEEN ACQUIRES DRUG-BUSINESS IN CITY OF CANYON

Announcement was made Tuesday that J. W. McQueen has purchased the Holland Drug Store in Canyon and will make that his home in the future.

Mr. McQueen and family recently returned to Hereford, after selling out his interests in Muskogee, Okla. His many friends here had hoped that he would again locate in Hereford, but it seems that his business interests were best served in the deal at Canyon. Tuesday he directed that his household goods in Muskogee be shipped direct to Canyon. He went to Amarillo Tuesday and will begin invoicing at Canyon Wednesday. There are three drug stores in Canyon and the one acquired by Mr. McQueen is said to be a leader.

While the people of Hereford regret very much to lose this estimable family, Canyon is to be congratulated upon their acquisition.

HEREFORD BAKERY NOW IN HANDS OF R. H. McDONALD

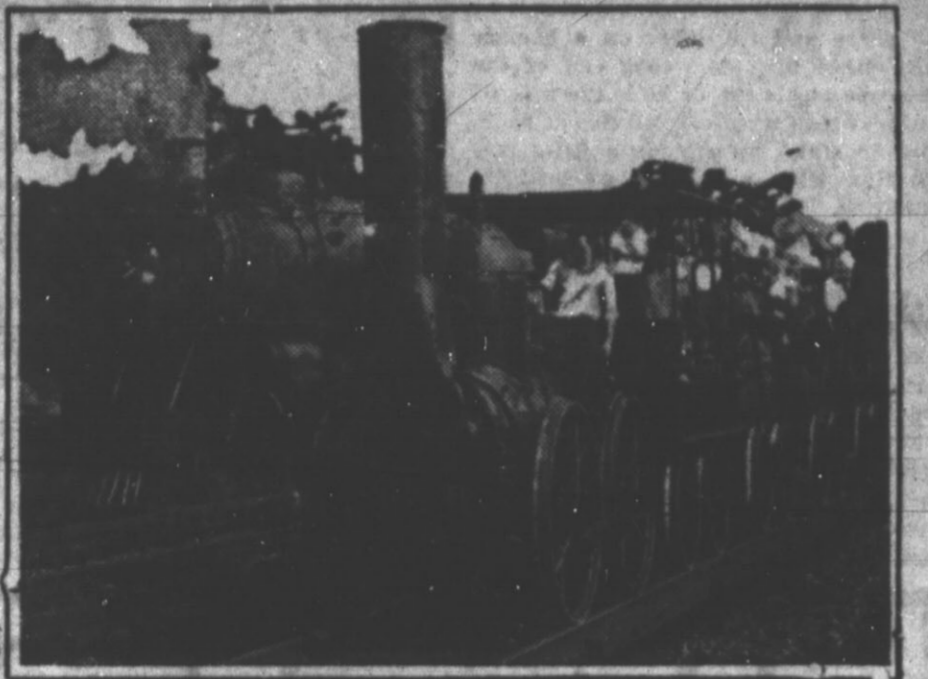

The Hereford Bakery changed hands this week, George A. Lewis retiring and R. H. McDonald assuming charge Tuesday. Mr. Lewis has not announced his future plans.

Mr. McDonald states that both the Bakery and Fountain departments of the store will be kept right up to date and the best possible service given. Temporarily, Carl Lewis will have charge of the bakery department.

REAL ESTATE MEN IN PLAN TO FORM AN ORGANIZATION

The real estate men of Hereford held a preliminary meeting last week looking toward the organization of a real estate exchange and closer cooperation all around. A committee on constitution and by laws was appointed and another meeting will be held at the Chamber of Commerce headquarters on Thursday night of this week, July 27, when the report of this committee will be heard and further steps taken.

DADDY OF TRAINS STEAMS FOR ANOTHER RUN

In August, 1831, the DeWitt Clinton, first train of the Mohawk & Hudson Railroad, now of the New York Central lines, made its first trip from Albany to Schenectady. Times changed as man advanced and the little DeWitt Clinton gave way to its bigger and better fellows, the Pacific type locomotive which now hurries the Twentieth Century across country at 70 miles an hour.

All this time the little train has been kept intact and used as an exhibit. This month it comes to life again and will make the trip from New York to Chicago under its own power, where it will be on exhibit in the Pageant of Progress, to be held the latter part of this month. The picture shows the DeWitt Clinton and Twentieth Century in New York Terminal.

A "Dream" for a Great Vacation Ground That Has Practical Possibilities for Our Consideration

D. L. McDonald was called upon by Mayor Knight at the luncheon last Monday to tell the audience about his "Dream" for making of Hereford a great summer resort and camping and fishing ground. In responding, Mr. McDonald stated that while the Mayor facetiously called it a "Dream" the project, in his opinion, was entirely practical and could be solved for the future, if the people would study its possibilities and simply resolve to do it.

The "Dream" contemplates the acquisition of the bed of the Tierra-Blanco, from the City Park to the swimming hole down the creek, say a distance of two and a half miles, and about 250 feet of ground on each side. Mr. McDonald's idea is then to purchase a dredging outfit, remove the sand and straighten out the channel, giving a wider, deeper, clearer channel the en-

tire distance. Then park it with the aid of trees, stock it with fish, and invite the world to come and camp and fish with us.

At first blush some people smile at such a project, but second thought reveals that it is not at all impossible. Such things are done elsewhere and it would not cost nearly so much as one would at first imagine. People are coming here now from all over the country to camp and rest and fish. This project would capitalize the vacation idea and make use of one of the finest natural assets any town could have.

Of course, so far as becoming a reality in the immediate future, it is a "Dream." But "Dreams" some time come true and The Brand falls to see why this dream should not become a cold fact at a very distant date.

Puzzle: What Has Uncle Sam Under Cover Here Now?

Wonder what's up Uncle Sam's sleeve? Something mysterious is going on in the Aviation department.

Tuesday morning C. C. Rockwell received a real honest-to-goodness Government check for \$221.62, in payment of a lumber bill contracted by a representative of the Aviation Department on June 24th. The check is signed by Dan W. Taylor, Chief of Party, U. S. Coast and Geodetic Survey, Washburn, Texas, and is endorsed as being for the purchase of lumber for signal towers.

Mr. Rockwell says all he knows is that a government man selected the lumber and that it is to be delivered upon demand.

Is Hereford on a transcontinental air route, or what?

J. B. JONES HAS GIVEN PARK SITE TO HEREFORD CITY

The triangular plot of ground on Twenty Five Mile Avenue, in front of the residences of O. S. Tatum and A. W. Gregg has been deeded to the Park Board of the City of Hereford by J. B. Jones.

Mayor Knight states that as soon as the money is available to put a curb around the plot, after which the enterprising neighbors will probably assist the Board in beautifying and maintaining the new park.

This piece of ground is at the cross roads of two prominent tourist routes and a splendid impression could be made on visitors by making it a beauty spot.

W. A. COWAN HAS FIELD OF REMARKABLE IRISH SPUDS

W. A. Cowan of west Hereford, called at The Brand office Tuesday afternoon with some of the finest Irish Potatoes that grow anywhere. Mr. Cowan sent to Tennessee for seed potatoes, known as the Tennessee Triumph. After the potatoes were planted he covered the entire patch with straw, thereby conserving the moisture. The result was that off of rows less than a hundred feet long he dug nearly a bushel and a half to the row.

Swine and Dairy Cow Investments Usually Pay Big

Little stories of farm profits are always interesting reading and The Brand this week obtained a few figures from J. E. Cockrell, who lives on the Dr. Heard farm three miles north on Twenty Five Mile Avenue, that are full of facts to ponder over.

Mr. Cockrell had a bunch of pigs that he weaned at eight weeks of age and began to feed on ground kafir soaked in milk and water. The pigs began growing at once. He sold eighteen head last week at eight and a half cents per pound. Each pig consumed on an average of twenty-one bushels of grain, in self-feeders.

His profit on each pig was \$6.45, or he received enough from the pigs to make his grain sell at \$2.00 per hundred. The best price for grain during this time was ninety cents per hundred, and lower most of the time.

Mr. Cockrell milks six head of cows and sells enough cream to pay the grocery bill for two families. He says that the skim milk fed to the pigs is worth more than cream at its present price.

HEAT QUESTION PUZZLE FOR HOSPITAL

\$2,000 IN ADDITIONAL STOCK MUST BE DISTRIBUTED

The Hereford Sanitarium is now about completed, with the exception of a heating plant for the winter, according to a report made at the luncheon Monday by Secretary Wilkinson of the board of directors. There are sixty-three share holders who agreed to take one share each at \$100. Most of this money has been paid, but there is still a portion of it due, and its collection is necessary to cover the outstanding obligations of the company, stated Mr. Wilkinson.

The problem of the heating plant has yet to be solved. It is estimated that this installation will cost a little over \$2,000, and this amount will have to be raised by selling additional stock to new members or by present members increasing their stock holdings. Messrs. Wilkinson and Ashbrook asked the Chamber of Commerce to appoint a special committee to assist them in working out a plan to complete the Sanitarium ready for winter use. Chairman McDonald said he would name the committee after consultation with the board.

The Sanitarium is full practically all of the time now and has been so since its opening over six weeks ago. It is filling a long-felt want acceptably and one community enterprise of which every man, woman and child in the country should be proud. The burden of working out the details and carrying on the work has fallen upon the shoulders of the three directors, Messrs. Ashbrook, Homer Wilkinson and F. H. Oberthier, and it is felt that the citizens will certainly rally now to their relief in putting in the heating plant and closing up a project that means so much to the good of the community.

BRAND STORY WAS MEANS OF UNITING FRIENDS OF OLD

Through the agency of The Brand the family of Fayette Hight of near Vega and Mrs. L. E. Smith, of Cleburne, old time friends in Dallas County, met here, Saturday, after a separation of thirty-five years.

A few weeks ago announcement was made in The Brand that Mrs. Smith was here visiting her daughters, Mrs. Carl Cockrell and Mrs. Beryl France, and a son in the country. Having read this, Mr. Hight, upon his first visit to Hereford went to the Cockrell home and inquired for Mrs. Smith, who at that time was in the country. Verifying through Mrs. Cockrell, however, his belief that Mrs. Smith was his former neighbor, he came to Hereford Saturday and took her for a visit to their home. All parties concerned appreciate very much the opportunity of renewing their former friendship and Mr. Hight has avowed his intention of being a permanent subscriber to The Brand.

C. E.'S PLANNING LARGE ENTERTAINMENT ON SATURDAY

Local Christian Endeavorers announce that on Saturday, July 30, the local association will be honored by a visit from their District President, Mrs. Mitchell of Amarillo. Mrs. Mitchell will stay over for Sunday.

Saturday evening all local members and friends of the society are asked to meet at the Presbyterian church at 8:30 o'clock. From there they will go to the creek in the Boardman pasture to participate in a weiner roast in honor of the distinguished guest.

OHIOAN HEIR TO 3,600,000 LEV

Patrolman Joe Bokau, who came here from Bulgaria but is now a member of the American Legion at Toledo, has been notified that he is sole heir to an estate of 3,600,000 lev. Before the war this would have amounted to \$750,000 in American money, but at the present rate of exchange it is \$40,000. Patrolman Bokau says, "I fought for this country, and I'll stay and enjoy my \$40,000 here."

Orator Fails to Make Connection At Monday Lunch

R. H. Nichols, editor of the Amarillo Tribune, who was billed to speak at the business men's luncheon last Monday, failed to reach here for the engagement, probably due to the fact that a heavy rain fell near Amarillo and he was driving through in his car.

Quite a crowd gathered at the Stockmen's Cafe, however, and transacted such business as was brought before the body. Messrs. Homer Wilkinson and Ashbrook discussed the present status of the Sanitarium, the secretary made a report of his trip to Amarillo to the meeting of the secretaries the week previous, and chairman McDonald outlined his "Dream," an account of which is given in another column. Next Monday the meeting will be held at the City Cafe, and Mr. Nichols will be obtained for that date, if possible. Those present Monday were: Mayor Knight, Homer Wilkinson, H. H. Halsey, J. E. Crouch, W. R. Steckman, A. A. Foster, Leonard Foster, J. H. Foster, D. F. Ashbrook, N. C. Vogele, E. W. Harrison, Ralph Barnett, E. S. Ireland, A. M. Jones, G. A. F. Parker, D. L. McDonald, C. C. Rockwell, H. S. Broadwell, E. B. Black, Judge L. Gough, J. H. Wagner, J. B. Jones, Henry Wilkinson, Seth B. Holman.

FORMER RESIDENT OF HEREFORD ON TRIP THRU HERE

George Dale, formerly of Hereford, and his partner, W. E. Cox of Childress, passed through Hereford Tuesday morning. Messrs. Dale and Cox are in the grocery business in Childress and have been over in New Mexico near Clovis inspecting some land holdings of Mr. Dale.

Mr. Dale had the misfortune to lose his left thumb above the knee last summer blood poisoning having developed from an injury.

GREGORY HOME IS DESTROYED WHEN FIRE BREAKS OUT

The home of Luther Gregory in the east part of Hereford was partly destroyed by fire of unknown origin in the early morning hours of Tuesday. The house was not entirely destroyed, some of the walls and a portion of the roof remaining. The fire department was on the job as usual and did good work.

It is understood that Mr. Gregory carried a total of \$3,000 insurance on the house and furnishings.

REAL X-RAY MACHINE IS INSTALLED

DR. GABBERT READY TO EXAMINE ANATOMIES SCIENTIFICALLY

USED IN FRANCE

Developed From Experiences Behind Trenches On Battle Field

H. R. McAlmon, of the Southwestern Surgical Supply Co. of El Paso, left Hereford Tuesday, after spending several days here installing the modern X-Ray equipment recently ordered by Dr. W. F. Gabbert for a stock company the Doctor promoted.

The outfit consists of the X-Ray machine itself a Fluoroscope, and a Buckey-Potter Diaphragm. The Fluoroscope is the device they stand you up against when they take a snapshot of your stomach, and the diaphragm is the rotating settee upon which you lie while they pick out the outlines of your ribs and other solid portions of your anatomy.

The set has been installed in the offices next to Dr. Gabbert and is now in full operation. Several patients have already been received and examined. The machine was purchased from the Thompson-Plaster X-Ray Company of Leesburg, Va. Mr. McAlmon stated that it is the modern outgrowth of the Army Bed-side Portable X-Ray used by Uncle Sam under the front line trenches in France.

The local outfit is the last word in modern equipment and the expert stated that it was amply able to care for anything that might arise locally. Such an apparatus has been badly needed here for years and will save many people the heavy expense of making long trips to other points for examination.

A. W. GREGG HAS CIVIC SPIRIT IN RICH ABUNDANCE

One hot day last week a Brand reporter ran across A. W. Gregg, one block away from his own home, wielding a pick and shovel and pushing a wheelbarrow, carefully filling up a bad rut in a street crossing.

"Haven't you enough work on your own place to keep you busy without taking in so much territory?" he was asked.

"Well, I'll tell you the situation," said Mr. Gregg. "I have noticed that this street is much used by tourists and that this rut has caused them a lot of grief. A guy or ago I saw one tourist break a spring here that took him three-quarters of an hour to fix. I just figured it out that it wouldn't hurt me any to fix this hole myself and thereby make back a lot of out-of-town visitors from cussin' Hereford!"

Hats off to Mr. Gregg for real civic pride. If more Hereford people would take the same viewpoint of their community debt what a whale of a town we would have! "Flowers For The Living."

LOCKNEY EDITOR IS WOOLING COY BASS AT SULPHUR PARK

Ben F. Smith, publisher of the Lockney Beacon, accompanied by his family, arrived here on Monday for a camping and fishing vacation on the Tierra Blanca. Mr. Smith was accompanied by two other cars full of his Floyd county friends. They went to Sulphur Park, where they are comfortably situated.

Mr. Smith is much interested in the Sulphur Park club proposition and may perhaps become financially interested.

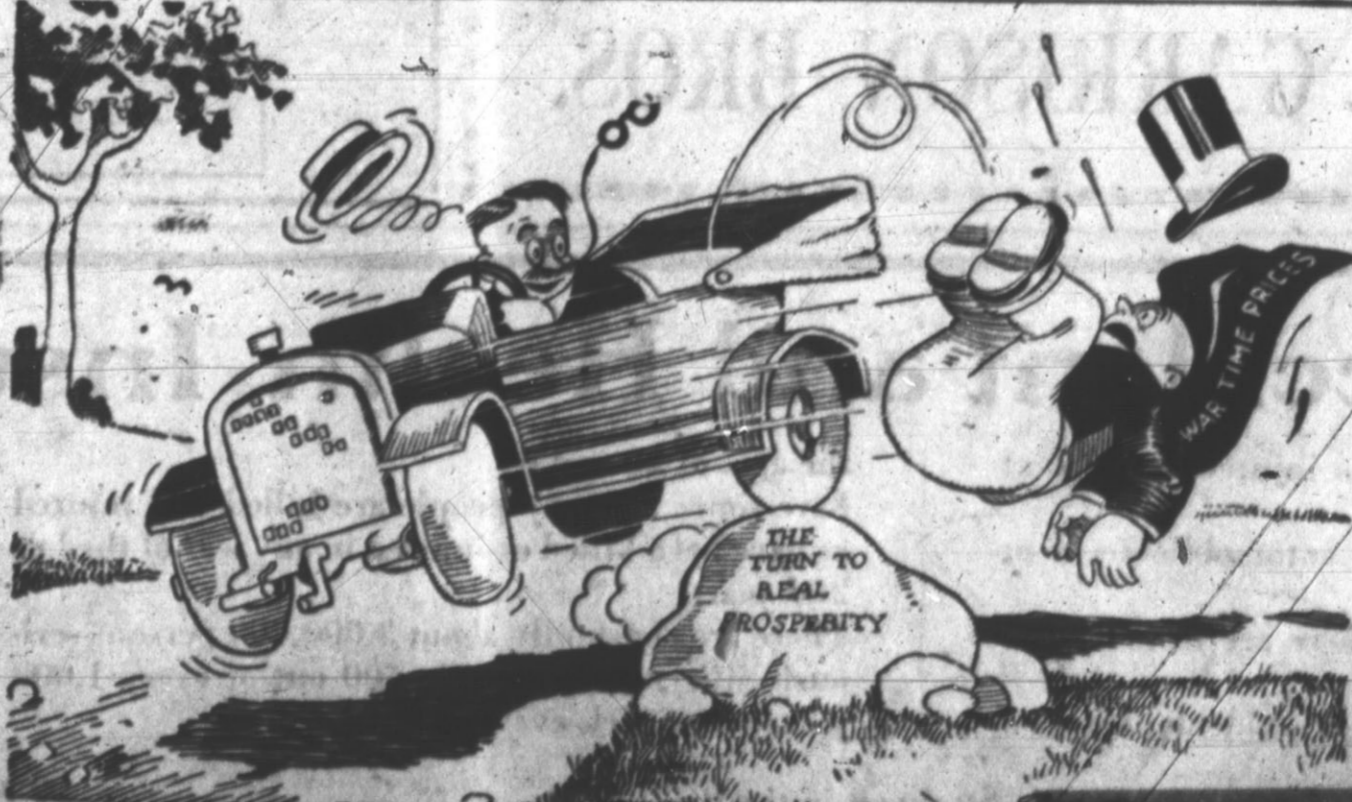

KANRED WHEAT OF FINE QUALITY IS RAISED BY RICE

The Chamber of Commerce is indebted to S. J. Rice, five miles southwest, for a splendid sample of Kanred Wheat, raised on his farm this year. Mr. Rice states that the wheat averaged twenty two and a half bushels to the acre and tested out a little over sixty pounds.

APPENDICITIS IS CAUSE OPERATION UPON MISS COMBS

Miss Jeanette Combs, niece of W. T. Womble of this county, was operated on at the Sanitarium Monday for appendicitis. At last accounts, Miss Combs was holding her own nicely.

HAMMERS

Ever notice how the best of people occasionally get off on the wrong foot and say and do things that "don't mean anything" and for which they are sorry on sober second thought?

Take our good friend, J. M. Adams, editor of the Plainview News, for instance. This week Adams romps all over Ben Smith of the Lockney Beacon, for losing his temper and equilibrium and jumping on Plainview's publicity methods. Adam winds up with the admonition: "For goodness sake, Ben, throw away your hammer and grab a horn and get to tooting."

An yet, in the next breath, Adams says:

"The Panhandle-Plains Chamber of Commerce, at a meeting of its secretaries held in Amarillo this week, went on record as being opposed to a division of the state, which proves that the secretaries of this organization, like the erstwhile ill-smelling Texas Commercial Secretaries Association, does not represent the views of the people it pretends to represent. It is a case like the famous three tallors, who met and adopted a set of resolutions which began with the words, 'We, the people of England.'"

There's really nothing RIGHT about anything in that squib, Brother Adams. It's wrong in every respect and a thrust at a bunch of boys who certainly do represent their people, and are unselfish in it, too. Incidentally, your own Secretary, Adams, is the executive officer of these Secretaries. You call them the Panhandle-Plains Chamber of Commerce Secretaries. Wrong. They have an entirely separate organization and are in no way affiliated with the organization referred to, except in sympathy and good will. You state they "went on record as being opposed to a division of the state." Wrong again. The writer never missed a minute of their sessions held and such a question was never even broached during the convention. You continue: "which proves that the secretaries of this or-

THE ABANDONED SHRINE

There's a little old church at the forks of the road,—a landmark, dismantled and grey. . . . where once the warm fires of humanity glowed, there's a column of ashes—today. Yes, an old country church, where the ravage of Time its plan of destruction pursues. . . . Where the pulpit, deserted, pathetic sublime, looks down on the worm-eaten pews.

And, the old congregation lies, sleeping, serene, where the spread of "God's Acre" enthalls. They hear not the roar of Humanity's tide, nor the plaint when the whippoorwill calls. Thus, the little old church, at the forks of the road, divinely yet aptly holds away,—till Time with his sickle, and Tide with his goad, shall have swept her last fragment away.

This house was the Mecca of sinner and saint, in the halcyon days of her youth. From her Holy of Holies to vestibule quaint, they quaffed at the Fountain of Truth,—but the spire in the City hath crowned in its might, a great and grander abode—till, only the Angels may pause in their flight, o'er the church at the forks of the road.

For Uncle John's

ganization, like the erstwhile ill-smelling Texas Commercial Secretaries Association, does not represent the views of the people it pretends to represent." Wrong again. The writer happened to be a charter member of the Texas body to which you refer. It was organized for professional clearing-house purposes, nothing else. Someone "put over" an alteration in the constitution which permitted business men to join. The business men ruined the organization. Meanwhile the Secretaries withdrew from the body and organized their own Commercial Executives Association, which flourishes today and is doing much for Texas.

'Surprised at you Jess, for using your hammer on a bunch of men who are out there all the time working for their communities, without knowing your facts. "Throw away the hammer, Jess, and grab a horn." Or, better still,

come' to the Tulla meeting, November 8, with Boswell, and get this thing straight.

SPEAKING OF FAMILIARITY

Buck Stanhope is a friendly sort of fellow and at times grows quite familiar with everybody and everything. On Tuesday at noon he arrived from somewhere horseback, dismounted at the rear of the Reporter office, hitched his horse to the door knob and stepped into the barber shop. Buck had hardly disappeared when the horse stuck his head inside the door and rank up our lee water.—Spearman Reporter.

Keep Whistling

An elevator boy was whistling in the early morning hours—whistling as though it was his regular business and running an elevator a side line.

"Does me good to hear you whistle

Home building is coming back to a price at which no family can afford to pay rent. Prices are down as low as actual cost production, based upon the readjusted wage scale, will permit.

like that, Sam," said a passenger, "feel extra good this morning?"

"Not yet, sir; but if I keep on whistling I'll feel like a twelve cylinder motor by noon."

Business is a bit sick, it's true; a little wobbly on its feet after the long hysteria it has been through—simply lost its whistle for a brief spell.

But the man who goes around with the story that business has one foot in the grave and the other on a banana skin either has the wrong end of the telescope to his eye or he is the type of business man who lacks sufficient backbone to stand up and do a little real sparring with a pugnacious business condition.

What makes business, anyhow? Doesn't living, eating, wearing things, making things, needing things, and buying and selling things make business? And aren't we doing these things, and has there ever been a time when we didn't, and will there ever be a time when we won't? Everything's all right and you will understand more clearly just how right it is if you will whistle a merry lay.—Exchange.

The pre-war normal production of wheat in the United States was 720 million bushels annually. In 1920 the production was 787 million bushels. The government's June report estimates 1921 at 829 million bushels.

Secretary of Commerce Hoover estimates that the carry over of the wheat in this country for the current year will be more than 35 million bushels, but that the corn carry over will be 500 million bushels.

CAPITAL AND SURPLUS OVER \$100,000

Why Accident and Health Insurance

One person in seven is killed or injured by accident each year.

One person is killed in an automobile accident every 35 minutes.

For every accidental death there are from 120 to 140 disabling injuries.

One out of every eight deaths is accidental between

the ages of 20 and 60.

Five times as many people are killed and injured as have been killed or injured in any war of the last 200 years.

There are constantly about 3,000,000 persons seriously ill. Approximately 400 out of every 1,000 persons are sick every year.

More Americans died from influenza and pneumonia during the epidemics of 1918, 1919 and 1920 than were killed in the European War. Fifty-six thousand people were killed during 1919 as a result of automobile accidents—an average of more than 4,000 a month, or more than 1,000 a week.

Always a Satisfying Service.

Strongest in the Panhandle.

Entertained at Palo Duro Stock Farm
Miss Lois Jones, of Santa Rosa, New Mexico, who has been the guest of Hereford friends for several weeks, was a charming hostess Saturday evening when a number of young people, including several from out of town, moved to the Palo Duro Stock Farm and spent a most delightful evening.

Gold and white were the prevailing colors of an attractive decorative scheme used in the dining room where a three-course supper was served immediately upon the arrival of the guests.

Games and dancing were the amusements provided, punch being served throughout the evening and an ice house at the close of the festivities.

Guests of the occasion were Misses Hazel and Peg Rambo, Mabel Williams of Plainview, Edith Farwell of Amarillo, Lois Jones; Messrs. Lloyd Williams and Carroll Young, Maxwell Jones, Frost and Joe Turner.

Birthday Celebration

The home of G. W. Brumley, near town, was the occasion, Saturday, of an enjoyable celebration of the nineteenth birthday of Mr. Bonnie Brumley and also honored Miss Georgia Bonner of Missouri, a cousin and guest in the Brumley home.

A program of games entertained most pleasantly and at their close a refreshment course of cocoa and cake was served to the following guests:

Misses Maude Dalton, Audrey Carroll, Irma Barnes, Georgia Barnes, Laura May, Mabel Parks, Edith Parks, Geneva, Goldie, Lucille, Lorena and Grace Brumley; Messrs. Elza Keeta, Claude Forson, Ernest and Elfred May, Howard Hershey, Oren Sharp, Charley Carroll, Elmer Sharp, Louis Oleson, Virgil, John, Clem and Bonnie Brumley.

Mrs. James Rutherford, Honored

An afternoon sewing party, with bridge for the devotees of that pleasurable pastime was a pretty social courtesy extended by Mrs. John Williams Thursday in honor of Mrs. James Rutherford.

The pretty rooms of the Williams home were charming in their festive adornment of sweet peas and white nimble fingers busied themselves with daily needlework and cheery voices mingled in conversation, other hands and minds were pleasantly engaged at the bridge tables. The serving of an ice course marked the close of the very pleasant occasion which was enjoyed by perhaps thirty guests.

Presbyterian Endeavor Social

The Endeavor Society of the Presbyterian Church held an enjoyable social and box supper at the church on Friday evening, its name of "tacky" social in no sense applying to the wonderful good time which made it a record.

MORNING CAPS

Every woman loves a morning cap and such dainty ones, as shown in the Bush Terminal Sales Building in New York, makes rising a pleasure. At the top is an exquisite cap of fine lace with rosebud trimmings and silk band and streamers. The cream colored lace and style of the cap in the center makes it quite charming. The Pullman cap at the bottom combines a thing of dainty beauty with real service to the woman who is traveling by train or automobile.

breaker, even among that jolly bunch which is noted for its good times.

Instead of the usual dainty and be-ribboned boxes, there appeared such an array of battered and torn odds and ends as to give no hint of the perfectly delicious supper they contained.

The program was made up of stunts ranging from the sublime to the ridiculous most delightfully, and furnishing a jolly evening's entertainment with the box supper as a fitting finale.

The evening was enjoyed by about twenty-five young people.

Out-of-Town Guests Entertained

A number of charming out-of-town guests were the inspiration, this week, of two of the most truly delightful affairs that have brightened Hereford's social world for many a day. Seldom has such a galaxy of charming women visited Hereford at one time and more seldom has a social function been graced by such a number of gracious, courtly, "old fashioned girls." The number included Mesdames G. B. Hill of Houston, A. W. McLean of Clarendon, M. Benson of McDade, Joiner of Fort Worth, J. H. Donald of Fort Worth, L. E. Smith of Cleburne, and W. L. Wilson, E. J. Hobannacher and Sherman, all of whom have only recently made their homes in Hereford.

On Friday, Mrs. John McLean opened her home in honor of the visitors. Guests were asked to bring their needle work and, after greeting informally the honorees, were seated in rooms gay with bright-hued garden flowers where they plied their needles as a pleasant accompaniment to the delights of congenial social intermingling.

An especially enjoyable feature of the afternoon was the very pleasing rendering of several piano numbers, by Mrs. Joiner, who is a guest of the family of her son, Mr. D. C. Laird. Responding to the eager solicitation of the company this skillful pianist gave a number of old time melodies so charmingly and graciously as to delight her hearers.

An ice course with sweet peas as favors was served to the honorees and the following other guests: Mesdames Charles Donald, E. B. Black, George Garrison, A. Herbst, Ed Shore, D. L. McDonald, G. A. F. Parker, J. E. Ferguson, D. C. Laird, Seth B. Holman, Eli Dunlap and B. F. Guthrie. Again on Saturday afternoon the same group of out of town visitors were honored in a Delightful Afternoon Given by Mrs. Holman.

Here, tastefully arranged rooms, featuring a profusion of mid-summer blossoms, added their welcome to that of the hostess and again, needlework proved a pleasant occupation.

The afternoon, devoid of formality—just a pleasant mingling of friend with friend in an ideal environment—was an occasion of genuine delight.

A refreshment course consisted of an ice with angel food cake.

To Friday's guest list was added the names of Mrs. E. M. Vanderburg, Mrs. P. W. Price and Mrs. Roberts.

Miss Boydston Entertains

Miss Zella Boydston pleasantly entertained a party of friends at her country home south of town on Sunday.

A beautifully appointed dinner served at twelve o'clock was the feature of the occasion which celebrated the birthday of the hostess and which gave pleasure to Misses Lois Brazil, Zephia Valentine, Ruth Casebolt, Zella Boydston; Messrs. Dutch Brazil and George McMahon.

Entertains With Forty-Two

Miss Maurine Hughes was hostess Saturday evening at a charmingly appointed forty-two party given on the lawn at the home of her parents, Mr. and Mrs. J. M. Hughes.

The lawn was prettily lighted and furnished an attractive setting for the interesting games following which an ice course was served.

Miss Mabel McQueen was honor guest of the occasion, other guests being Misses Frances Wilson, Elizabeth Stegall, Mary McDonald, Grace Ferguson, Kathleen Hawkins, Eloise Pitman; Messrs. Roger Corbett, William Black, Bernard Hicks, Egbert Bradley, Milton Beavers, Roger Wilkinson, J. M. Posey and Gwynne Guthrie.

Tri-C Class Gives Picnic

The popular summer time diversion, a picnic and swimming party, gave to the Tri-C Class of the Presbyterian

Sunday School an evening of much pleasure, Tuesday.

The merry-makers met at the church annex and, taking with them that fundamental essential of a successful outing—a substantial luncheon—motored to the Boardman ranch, whose natural natorium is the delight of so many picnickers and which provided ideal sport for a sultry summer day.

About thirty members of the class including their teacher, Mrs. C. C. Ferguson, enjoyed the pleasant occasion.

Society Personals

Mr. and Mrs. J. H. Donald are leaving today, after a pleasant ten days' visit in the home of their son, Charles Donald.

Miss Zephia Valentine is spending the week in the country with her friend, Miss Zella Boydston.

Miss Zena Owen is the guest of friends in Hagerman, New Mexico this week.

HELPS ATTENDANCE AT SUNDAY SCHOOL BY LOW CAR FARES

Sunday School attendance in Amarillo is to be encouraged by the City Commission, according to the announcement made by that body Wednesday reducing the street car fare for children under twenty years of age who are bound for the various churches on Sunday. The special rate applies only between the hours of 8:00 a. m. and 1:00 p. m. Books containing twenty tickets will be sold for fifty cents. Tickets may be purchased from Sunday School superintendents and the City Secretary.

Anne May Stewart

Anne May Stewart, aged six years, daughter of Mr. and Mrs. W. Stewart, who live twelve miles southeast of Dimmitt, passed away, from a complication of diseases last Saturday night about 8:30 o'clock.

Funeral services and interment were held in Dimmitt Sunday afternoon at 4:00 p. m.

Don't be afraid to soil your hands,
Don't wear a lazy frown;
You can't make footprints in the sand
Of time by sitting down.

ATTEMPT BURGLARY GROCERY COMPANY

An attempt to open the safe of the Nobles Bros. Wholesale Grocery Company was made sometime Saturday night. The burglar entered through a basement window, sawing away the bars with a hack saw, which he left near the window, then breaking the glass. A 16 pound sledge hammer was used to batter through the outer shell of the safe. Then taking a punch he attempted to drive the pin, which controls the bolts, back into the safe. His punch, being just a little large, could not be forced through the inner shell. The safe shows marks where the sledge hammer was used in attempting to make the bolts give away by jarring. Evidently the burglar or burglars were frightened away, as nothing else in the store was found to be missing. Besides the sledge and saw, Mr. Bratton found two punches and a pair of pliers.

Should the attempt be successful, the intruder would have gotten nothing for his pains. J. D. Bratton, manager, states that they keep but very little cash in the safe.

Nobles Bros. have authorized a reward of \$50.00 for the conviction of the guilty parties.—Dalhart Texan.

Texas will be able to participate in the good roads fund of the Federal Government up to 1926, but after that date must amend the constitution to secure further aid, if the highway bill which passed the House recently becomes a law.

POSTMASTER IN PIKE COUNTY HAS POEM OF PASSION

Washington, D. C.—Here is a new "Pike County Tale" written in rhyme by an Illinois postmaster inspired by Postmaster General Hays' recent direction to postal employees to put politeness and humanity into their work.

Dr. C. J. Gose, postmaster at Kinderhook, Pike county, Ill., expressed his appreciation of the suggestion as follows:

A Fourth-Class Postmaster
I do wish that Misteck Hays
Could see my sweet and charming ways
And how polite and nice I am
When some guy comes to mail a ham.
How sweetly to those nuts I smile
When they are asking all the while
For stuff they've bought from Sears—
Roebuck,
To whom they sent one lonesome buck.
They're looking for a bale of tripe,
A Kiddy-Kar or meerschaum pipe;
And round the office they will stick
Till I get peeved and dern near sick.
But yet I have to smile and say:
"Your package did not come today."
And then they draw an ugly sigh,
As if to say: "I think you lie."
I spread them on elastic grin
And say: "Twill soon be coming in."
If Mr. Hays would come and see

The way some folks are treating me
I know full well that he would sob
And he would let me keep the job.
He'd say: "Dear Doc, if you'll stay here
I'll boost your pay two beans a year."
After getting these lines out of his system, Dr. Gose let it be known that he classes himself as a "first class fourth class postmaster."

Some go to the movies to see a show;
Some go to church to make a show.

A. E. F. CHAMP WANTS CARPENTIER BOUT

Bob Martin, of Akron, O., did not quit fighting when the war was over. Having won the A. E. F. heavyweight championship, he kept right on going and his knockout of the veteran Frank Moran in New York the other night stamped him as a championship contender. Critics think he should be given the next chance at Carpenter, and Martin is willing.

CLOVIS BANKER IS INJURED SWIMMING

C. W. Harrison was painfully injured Monday afternoon when he dived into the swimming pool from the second elevation, striking his head against the cement bottom of the pool.
 The accident is accounted for by the fact that the water in the pool was somewhat lower than usual.
 Mr. Harrison received a wound on the head besides painfully injuring his neck and shoulders, however, his many friends are pleased that the injury is not serious and that he will be able to get back at the bank again in a few days.—Clovis News.

PASTOR HELPS OWN WIFE ELOPE AND TAKE CHILDREN BUT SHE RETURNS

For a year and a half Earl Vernoy, a married man of Monticello, N. Y., showered attention upon Mrs. Duryea, wife of the pastor of the Church of Holiness there. So when they decided to elope the other day, it was the pastor himself who helped his wife to Vernoy's waiting automobile, and permitted her to take their two children, 9 and 12, with her. When she hinted she wanted the furniture too—he was willing. Pastor Duryea said he thought it better for her to go away with another man than "to live in sin." But kindness had its reward. After seven days of absence the repentant elopers returned—each being received into their respective household.

TIERRA BLANCO IS BEST FOR FISHING AND CAMPING, TOO

Mr. and Mrs. Homer Fox, and Miss Mary Fox, returned Monday afternoon from a short automobile trip to Santa Fe and Las Vegas, N. M. They report consistent bad weather, lots of rain and little opportunity to fish.

A few hours after his return, Homer was observed headed down the Tierra Blanco, straight for a favorite hole frequented by Panhandle bass. Practically all the local people going away on fishing trips come home enthusiastic over the Tierra Blanco as the best fishing and camping ground in the world and asking the puzzled question: "Why leave home if you want camping and fishing?"

HEREFORD BOYS TO ATTEND TRAINING CAMP IN COLORADO

Lester Ramsey Landrum, son of Mr. and Mrs. L. P. Landrum, and Buster Lewis, son of Mr. and Mrs. Geo. A. Lewis, will leave Thursday for the Citizen's Military Training Camp, Fort Logan, Colo. The boys will take advantage of the offer of Uncle Sam for a free thirty days course in military training.

MR. AND MRS. F. T. ROLOSON BACK FROM CALIFORNIA

Mr. and Mrs. F. T. Roloson are back home after spending several weeks vacation in Southern California. They report a delightful trip.

TWO AMENDMENTS HAD SLIM CHANCE ON EARLY RETURNS

Local returns on the election held last Saturday on the five state amendments are not obtainable at this time, owing to the fact that county clerk Biggs is away and the returns are still sealed. State reports indicate that the vote was exceedingly light all over Texas.

Hurley Soap

We have it in stock.

Hereford Light & Power Co.

Methodist Missionary Society
 Last Wednesday our lesson was a study of the Parables and it proved both interesting and profitable.
 These parables of our Saviour may well be likened to an inexhaustible gold mine. There is in each of them a central vein of golden truth, while many smaller veins branch out in every direction, affecting every phase of human life.

Mrs. Potts recounted the woes pronounced against the Pharisees. It has been said by one of our greatest linguists that there is not in any language a more scathing denunciation than this which our Lord pronounced against the hypocritical Pharisees.
 Mrs. Price showed us how a study of Peter's life may be to us both an encouragement and a warning, in that we may see mirrored there our own unsuspected weaknesses and unconsidered impulses which may lead us into rash acts and humiliating failures and yet there is encouragement in the knowledge that the all-seeing eye of our Lord takes into account only the real desire and intent of our heart and Mrs. Heard, following, brought home to us, that, as in this instance, genuine repentance always brings to us as it did to Peter not only forgiveness, but renewed trust from our Lord.

In discussing the parable of the tares,

Mrs. Bryant reminded us that, "The enemy sowed his evil seed while the sower slept," and the Christian life is a business in which we cannot afford to take a vacation—either summer or winter.

Mrs. Beavers brought us some good thoughts on the prophetic parable of the Leaven and the Mustard Seed. In that beautiful parable, "In the Springtime by the sea," discussed by Mrs. Rockwell, we learn, among many other truths, something of the nature of seed—typical of the word of God, they contain life, force and power of propagation—that the seed is always good and that we are responsible for the soil—

our hearts—into which the seed fall.
 Next Wednesday the Juniors will entertain us with their annual public program. Come and enjoy it and encourage them.

Notice
 The Star Theatre will be open every Friday and Saturday with a guaranteed program each night.

AUTO THIEF SAWS WAY OUT OF JAIL

S. N. Thweatt, who was arrested Wednesday morning on warrants from Dallas county, charging theft of automobiles, escaped from the Hale county jail some time during that night. He sawed the bars across a window, and crawled through same. It is evident, so officers tell us, that somebody furnished him with the saws. It is reported that somebody was seen leaving the jail during the night with a woman's dress on, but the way she or he walked left the impression that it was a man. Thweatt has not been recaptured.

Thweatt came to Plainview last year and rented a farm from R. S. Scoggins, two and a half miles south of town, and put in 500 acres of wheat. He sold a Chandler car to Mr. Scoggins and also one to M. J. Berry, and it alleged that these cars were stolen. He also mortgaged to the Guaranty State Bank two cars, a Buick roadster and Studebaker, for money to make his wheat crop, and these cars were also stolen, and will have to be returned to the right owners by the bank.

Thweatt is also under bond jointly with Jeff Gibson for theft of auto tires at Silverton some time ago, and two well known citizens of Plainview are sureties on his bond.

Thweatt was arrested on warrants brought by C. E. DeWitt, chief special agent of the Automobile Anti-Theft Bureau of Dallas, and he was being held pending his removal to Dallas.

It is said he is also wanted in Sherman and San Antonio and possibly other places for auto thefts.

He is single and about twenty-six years of age. He formerly lived in Sherman.—Plainview, Texas.

FIRST ASPARAGUS CLUB IN UNITED STATES ORGANIZED

An asparagus club has been organized among the boys of Monmouth County, N. J., under the leadership of the county club agent. This is the first of its kind to be started in New Jersey and, as far as the United States Department of Agriculture is informed, in the United States. The enterprise is the outgrowth of cooperation between the market gardening specialist and the county club agent. The object is to demonstrate in the Hazlet community the growing of a large type rust-resistant variety of asparagus.

Some time will have to elapse before the boys realize any profit from their asparagus. In order to sustain this interest and give them some money return for their labor, intercropping will be practiced until such time as the main crop yields returns. This year carrot will be grown.

A Mysterious Find

Last Friday a Mexican laborer who was grubbing on the Oscar Knox farm in the Ogden settlement, dug into an old trunk and found therein three old-time six shooters, an old hat, a pair of shoes and a cartridge belt full of cartridges. The trunk, guns and its contents were of a make of twenty-five years ago.

The Mexican had started to grub up a mesquite tree. There was a big pile of rocks around the tree, which he removed. He had not dug very deep until he struck something that sounded like a box. He at once began to dig it out and found that it was an old trunk,

MILWAUKEE CHILD OF THREE DRIVES MOTORCYCLE

Bobby Scherer, of Milwaukee, three years old, makes the claim of being the youngest motorcycle rider in the world. In a recent 1,500-mile tour with his mother, he drove the machine a majority of the time, while his mother directed the operation from the side car. He displays rare judgment in driving for one so young, it is said.

containing the above mentioned contents.

The hat had a hole through it, which in every way resembled a bullet hole. Also one of the shoes had a hole in it that looked like it had been shot in there. The whole affair is a mystery to everyone and the sheriff's force. The trunk is not over thirty inches long, and it is evident that no one was buried in the trunk, otherwise there would have been a skeleton in it. The three six-shooters were of the old style of thirty years ago, with very long barrels, and broke as did the side arms of that day. Every indication also showed that the trunk had been there for years, as it was metal lined and the old rawhide covered type.—Paducah Post.

Do You Know

That half of the world's supply of sugar comes from that little island of Cuba.

That practically the world's supply of salmon comes from the Northwest Coast of North America.

That the world's supply of queen olives is grown in a small area of about twenty miles square in Spain.

That most of the world's supply of Pineapple comes from the small group of Hawaiian Islands.

That the finest prunes in the world are grown in the small valley of Santa Clara, California.

That the opportunity offered in a job is worth more to a young man than the contents of the pay envelope.

That the labor of a man is worth little unless Thought is its ally.

That all progress of the word is due to Thinkers.

LITTLE UNEXPECTED HELPS CARRY BROADER MESSAGE

afternoon at 3 p. m. at the Girl Scout Headquarters, Courthouse.
 Miss Jessie Nisk, Scout Master.
 Notice
 As it is the time of the year for sickness and slow fevers, I ask the people of Hereford to be very careful to keep their premises cleaned up and not to put rubbish out in the tubs and cans that breed germs and flies. It has been called to my attention that there are some who are putting whole fish and fish and chicken offals in cans to decay

and create a horrible stench.
 J. W. Hicks, M. D.
 City Health Officer.
Notice
 The Star Theatre will be open every Friday and Saturday with a guaranteed program each night.
