Hereford is the only city in the Panhandle that has a State Park at its doorsteps. In the words of Pat Neff, chairman of the State Parks Board, it has greater possibilities than any of the newly opened playgrounds in the state.

It does not equal the Palo Duro Canyon, the Big Bend country or any of those expansive, awe inspiring works of nature, but with its favorable location, water, prospeets for trees and its level terrain that could be made into playgrounds, it offers more possibilities in giving the people of the area and visitors a greater and more constant source of pleasure.

more economically and at less original expense because it has the power and endurance of a large tractor embodied in a smaller, more compact machine. That is sufficient endorsement needed to recommend the

-to every farmer who is seriously concerned with his operating expense. It is new, and it is an advanced step toward eliminating the use of large, costly machinery in which much of the power is wasted.

Where the 18-28 Has the Advantage

Although considerably smaller than other farm tractors, the 18-28 Hart-Parr has the power to perform every regular farm task. Its more compact and simpler construction reduces friction and wear to a minimum. It utilizes more of the power generated.

For The "Capture" of Mr. DEEDS-

Can You Identify This Man?

A mysterious man for whom a \$10.00 "reward" in merchandise will be paid will make his appearance Saturday at the stores whose advertisements appear on this page.

He is "Mr. Deeds" from "Mr. Deeds Goes to Town," the new Frank Capra production, which comes to the Star Theatre starting midnight Prevue Saturday and continues Sunday and Monday.

All you have to do is to find him. There are only a few simple rules and here they are:

1. No one connected with the firms whose advertisements appear on this page, the Star Theatre or the Hereford Brand or members of their families will be eligible to make a "capture".

You must have a copy of this page in your hand, in plain view when you approach "Mr. Deeds," or the man you believe to be "Mr. Deeds".

Do not grab "Mr. Deeds," but simply sax: "YOU ARE MR. DEEDS FOR WHOSE CAPTURE THIS STORE OFFERS A REWARD OF \$10.00 IN MERCHANDISE."

This contest open to adults only.

Just that and nothing more. If you comply with the rules and have addressed the right man in exactly the words above, he will acknowledge his identity and take you to the office, where you will receive a due bill which will entitle you to \$10.00 in merchandise at any time or in any amount desired. Anything more simple?

Mr. Deeds will be ready to meet you Saturday between the hours of 10 A. M. and 5 P. M. During that time he will be continuously going from one store to another as long as he remains "at liberty". The moment he is captured a bulletin will be placed in the window of the Hereford Brand, the box office of the Star Theatre and in the window of the store to which he was caught:

So we were told by several readers of The Brand after Western National Band, and Bank. our editorial appeared discussing summer pests. We discussed the need of preventing the breeding of flies, stating, however, W. Bishop, of Belton, a broth- (From The Hereford Brand, that their number had not become alarming.

We were informed that in certain sections of the city the fly population is unusually large. Two reasons were give en: unclean barnyards and unprotected garbage cans. There is a law demanding that the former be kept sanitary, and there should be one, perhaps, requiring that the latter at least be by A. R. It was also suggested that many of them probably are the absence of sanitary conditions is making the park almost Seven Golfers unbearable as a picnic ground. That is exceedingly unfortunate, that we should have such a fine place for playing and picnicking and wilfully spoil it by leaving garbage about. The state parks board does not have money enough to provide one caretaker and the county has not yet agreed to take over the responsibility of caring for the park. We have been told that unless something is done to make the picnic grounds more sanitary, the county health officer may step in and take charge, probably closing the grounds for medical reasons.

If we are that neglectful the grounds should be closed against us.
