TUESDAYS—TWICE-A-WEEK—FRIDAYS

HEREFORD, DEAF SMITH COUNTY, TEXAS, FRIDAY, MAY 5, 1922

## THOMAS HIT CONDITIONS OF PRESENT

## NATORIAL ASPIRANT ATTACKS RAILROADS AND PACKERS

## AS NO REMEDY

## ers Inheritance, Income And Excess Profits Taxes

Hon. Cullen F. Thomas of Dallas, candidate for the United States Senate to succeed Senator Culberson, addressed a fair sized crowd in the Lywick Theatre on Wednesday afternoon. Mr. Thomas reached here at 11 o'clock and was introduced to the audience by Mayor Knight, a boy friend.

The candidate was hoarse from his previous campaign and was in poor condition, oratorically. Billed down, Mr. Thomas's address was a recital of present unsatisfactory national financial conditions, a bitter attack on the Mexican administration, Secretary of the Treasury department, on railroads, packers, corporate and state wealth. He eulogized Woodrow Wilson and the League of Nations and declared his unalterable opposition to any attempt to loosen up the prohibition laws. He gave a history of his political affiliations, that he had been an active supporter of Governor Hogg, William J. Bryan and Woodrow Wilson. He attacked the abolishment of tariffs and a proposed tax-raising schedule proposed by the Republicans, and raised revenue from the tax through income, inheritance, excess profits taxes, etc. He advocated a small army and navy and expressed the wish that Uncle Sam should be represented at Genoa as well as at the League of Nations.

Mr. Thomas offered no remedy for the conditions which he so bitterly assailed and said if elected he would do what he could to remedy them.

## ern Williams Calls Auctioneers To Meeting

S. Williams, president of the Texas Auctioneers' Association, called a convention of the auctioneers within a radius of at least 200 miles of Amarillo will be held at the Amarillo Hotel, on May 10 and 11th, the Slaton Gun Club will hold their first registered shoot of the year and very liberal merchandise and cash prizes have been offered and gunners from all over the Panhandle are expected to attend this shoot. Hereford and Amarillo have already made arrangements to attend with at least five or six shooters and other towns are urgently requested to be represented at this shoot. Slaton promises to have royal entertainment and its up to the trapshooters of the Panhandle to make this shoot a success.

## MS SCHWARTZ IS TO OPEN A SUMMER SCHOOL ON MAY 29

Information has been received here that Miss Pauline Schwartz will conduct a Summer School at the Central school building this year. Miss Schwartz will be here to interview parents and pupils during Chautauqua week, and enrollment will take place at the Central school.

## Wrong Again! -- But We "Pass The Buck," Too

In bad again—'scuse, please. But we claim to be innocent bystanders, and here's the way it happened.

The Mothers' Club announced a program for Mothers' Day. A calendar on the wall at The Brand office stated plainly that Mothers' Day was May 7. About the same time The Brand received some advertisements for sale to merchants calling attention to Mothers' Day, and they were dated May 7! Assuming that national calendar makers and national advertising agents ought to know what they were shouting about from our walls and ads, The Brand confidently announced Mothers' Day as May 7. Whereupon the Mothers' Club immediately announced that we were wrong and the date was May 14.

The Mayor of Hereford has settled the confusion by reference to an act of Congress, adopted May 5, 1914, wherein the "second Sunday in May" of each year is officially designated as Mothers' Day in these United States, hereafter, and forever, etc., etc.

Therefore we announce that Mothers' Day officially is May 14 in 1922. We apologize to the Mothers' Club, but claim a reasonable alibi under the circumstances.

The Mothers' Club will render a program on May 14, details to be announced later.

## Hereford Heads Gunners Panhandle Trap Shooters

A score of 112 out of a possible 125 was rung up by the Hereford Gun Club in Wednesday's shoot. The individual records follow:

Rockwell	23
McDonald	23
Bell	22
Gabbert	22
Thurman	22
Total	112

A summary of the activities of the Panhandle Trapshooting Association was given by the Amarillo News as follows:

"The Panhandle Trapshooting Association has just finished its fifth week of competitive shooting and a glance at the percentage column will show that Hereford is leading the league by a little better than 10 percent. Perryton brought their percentage up yesterday by breaking 119 out of 125. Post has missed two shots, which takes 250 shots off their number shot at. Amarillo dropped down in her percentage by turning in a score of 100 last Sunday due to extremely high wind and low skies and very few shooters taking part, while the other clubs in the league shot on Wednesday, May 3rd, having an ideal day for shooting. "On next Wednesday and Thursday, May 10th and 11th, the Slaton Gun Club will hold their first registered shoot of the year and very liberal merchandise and cash prizes have been offered and gunners from all over the Panhandle are expected to attend this shoot. Hereford and Amarillo have already made arrangements to attend with at least five or six shooters and other towns are urgently requested to be represented at this shoot. Slaton promises to have royal entertainment and its up to the trapshooters of the Panhandle to make this shoot a success. "The official standing of the various teams in the league to date is as follows:

City	Shot	Broke	Pct.
Hereford	625	576	91.16
Amarillo	625	571	91.32
Perryton	625	504	80.24
Post City	375	317	84.53
Slaton	625	509	81.44

## TOWN IS OVERRUN WITH SOLICITORS AND UNFORTUNATES

Another overflow of beggars and solicitors has appeared on the scene this week. Reports from all over the country indicate that the grafters, the solicitors and the unfortunate are everywhere. Hereford is being "worked" by a bunch of these people at this time and if the invasion grows much larger in numbers will present another serious problem to be solved.

## JOE KELLEHOR HAS 2,200 ACRES VERY PROMISING WHEAT

C. J. Kellehor, of Sherman, Texas, and Joe Kellehor, of Malinview, brothers of W. D. Kellehor, of Hereford, have been in the city this week investigating land interests near here. Joe Kellehor said that he has 2,200 acres of fine wheat on his place near Plainview and it looks like he ought to make a killing on it from its present condition.

## PORTIA WITH A RECORD

Miss Pauline F. M. Floyd of Washington, D. C., the youngest lawyer ever admitted to the bar, now has the distinction of being the youngest lawyer to argue a case before the Supreme Court. Twenty-four years old, she has practiced law three years, being graduated before she was twenty-one. The young woman has never lost a case.

## Poultry Association Calls Meeting For May 13

President E. W. Kinney of the Hereford Poultry Association, authorized The Brand to announce a call for a meeting of all members of the Association, to be held in the county court room on Saturday, May 13, at 2:00 p. m.

Two subjects will be discussed at this meeting: (1) proper raising of the growing chicks, including feeds, housing, insects, marketing, etc.; (2) the possibilities of the capon business by members of the association. Secretary Vogels will mail notices of this meeting to all members, and anyone, anywhere, interested in poultry, has a cordial invitation to participate in the discussions.

## MISS WEAR WINS HONORS IN CLASS WORK OF PUPILS

Miss Bertha Wear, daughter of Mr. and Mrs. J. A. Wear, is about to finish her third year in the Joplin, Mo. public schools. Miss Wear states in a letter that she has been re-elected teacher of the typewriting department of this school for the coming school year, and that in competition with two other schools in the state her class won the highest honors. Miss Wear is contemplating spending her summer vacation in this city.

## JUDGE TATUM HAS GONE HOME UNTIL MONDAY, MAY 8TH

Judge Reese Tatum and Miss Elva Shackelford, court stenographer, went home to Dalhart Friday to spend the remainder of the week. They will return and resume the grand jury Monday morning. The grand jury remains in session.

## BUSINESS MEN TO EAT AT CITY CAFE ON NEXT MONDAY

The weekly luncheon of the Chamber of Commerce will be held next Monday at the City Cafe. A program has been prepared and every citizen with an interest of the community at heart is urged to be present.

## Music Study Club In a Brilliant May Day Closing

As a fitting close to the year's work, the Music Study Club enjoyed a well appointed May-Day Luncheon of four courses at the home of Mrs. C. C. Ferguson, Monday, May 1. The spacious dining room was beautifully decorated in keeping with the day. Lovely May baskets of lilac graced each table and diminutive baskets with tiny "blossoms of every hue" served as favors.

The president of the club, Mrs. Ferguson, acted as toastmistress. The helpful and inspiring talks of Mrs. A. O. Thompson and Mrs. Homer Wilkinson were enjoyed by all. They told of the District Club meeting at Plainview, making each one feel as if she had been there, and that club work is really worth while.

Mrs. Guthrie touched a tender chord in her beautiful and earnest talk on "The Ideals of the Music Study Club," telling what the club had meant to her, personally, and what it should mean to each member, and to the community. Each one caught a note of inspiration, and a hope for greater achievements in the future.

A music memory contest, under the direction of Mrs. Williams and Mrs. Parker, proved interesting and exciting—Mrs. H. L. Broadwell making a perfect score.

In the business session which followed, Mrs. W. E. Dameron voiced the sentiment of the club in expressing to the retiring president, Mrs. Ferguson, the love of the club for her, and the appreciation of the work she had done the past two years.

Reports of the year's work were read and approved, and interesting plans for the future discussed.

The following officers for the next year were elected: President—Mrs. C. H. Dyar. First Vice-Pres.—Miss Ina Gregg. Second Vice-Pres.—Mrs. W. E. Dameron.

Recording Sec.—Mrs. B. F. Guthrie. Correspond. Sec.—Mrs. G. A. F. Parker. Treasurer—Mrs. A. O. Thompson. Three Directors—Mrs. C. C. Ferguson, Mrs. Jno. Williams, Mrs. H. H. Hawkins. Chairman Program Committee—Mrs. H. L. Broadwell.

## Toiling Farmers Cause Business To Take a Slump

The streets of Hereford present a rather deserted appearance this week, following the generous rains of recent days. Every farmer in the section is as busy as can be in the field, making hay while the sun shines. And, literally the sun is shining, too. Friday was warm and sultry, almost hot for this altitude. Anxious gardeners, while rejoicing in the astonishing growth of edible things, were almost dismayed at the way the weeds were jumping out of the ground. Now's the time to get those pests, the weeds. The man who allows them to get the jump on him in the next two weeks is "a goner" for the rest of the summer. Sharpen up that old hoe.

## EARL W. WILSON IS RAPIDLY RECOVERING AT MAYO BROS.

Letters from Earl W. Wilson to his home folks this week indicate that he is doing splendidly after his operation at Mayo Bros. Hospital, which occurred on April 21.

## COP BROTHER OF GREAT IRISH LEADER

Michael Collins, the great leader of the Irish Free State who has become internationally known, has a brother on the Chicago police force, Sergeant Patrick Collins. Pat is now regarded as an influential factor through his unofficial connection with the Irish Free State.

## Many Recruits in Drive Made Here By Dr. McKissick

The revival which had been in progress at the Christian Church for two weeks previous closed Wednesday night. Dr. McKissick, the evangelist, was called to Cisco in connection with business interests of Midland College, of institution he is President.

Large crowds greeted the evangelist throughout the meeting, except on the stormy nights, and even on these nights many braved the rain and hail to hear him. Much interest was manifested in the meetings, and as a result, twenty-nine members were added to the church. Dr. McKissick's preaching was of a high order, fundamentally scriptural and positive in its nature. It is felt that even greater good might have been accomplished had the weather been more favorable and Dr. McKissick could have remained longer.

The congregation hopes to have him return for another meeting at some future date.

## MRS. COX WANTS TO HAVE SUGGESTIONS TO HELP SERVICE

Postal improvement week cannot be observed in this office as I should like to have it observed, for we have not the room to allow our patrons to come "behind the scenes" and watch our work, and offer suggestions. Someone would be stepped on.

But I wish to say that any suggestion will be kindly received, whether or not we are able to act upon it. If there is any one thing that you believe may be improved upon, in the service you get at this office, let us have the idea. We are all willing to learn, and anxious to please.

Yours for Good Service,  
Mrs. D. N. Cox, Postmaster.

## W. D. KELLEHOR IS POSSESSOR OF AN OVERSIZED EGG

W. D. Kellehor brought The Brand a double-yolked Brahma egg Friday that measured three inches in length and two inches in diameter. This is the third egg of this monstrous size laid by this particular hen. Just as an experiment the egg will be set under a hen to see what comes out of it, if anything.

## THE CHILD'S CHAUTAUQUA TICKET RATE

IS PUT AT VERY LOW FIGURE FOR A SALE THIS MONTH

## 14 GOOD BILLS

Cost Less Than Eight Cents Each. 200 Tickets Only Allowed

Prices for children's tickets to the Chautauqua this year are unusually low and offer a rare opportunity to youngsters to witness high class performances at ridiculous figures. The tickets, only 300 of which are here for sale, will sell for \$1.00 each, plus 10¢ war tax. There will be fourteen performances which makes the rate for the children less than eight cents per performance.

It is believed that this record price will induce scores of children to attend the Chautauqua this year that would not otherwise do so. As there are only 300 of these tickets it will be a case of "first come first served."

Adult tickets will be \$2.75, plus war tax, 28¢, total \$3.03. The local committee is now organizing for the ticket drive, as Chautauqua is only seventeen days away.

## Lutheran Church Calls Nebraska Man for Pastor

Announcement is made that the Rev. Theo. H. Evers, of Uteka, Nebraska, has accepted a call as pastor of the Lutheran Church of Hereford.

Rev. Evers' household goods arrived here on May 1 and he is expected to reach here in person soon. It is understood that he is a married man, but has no children.

## ALVARADO MAN IS IMPROVING RANCH HE JUST ACQUIRED

J. O. Robinson and family, of Alvarado, Texas, arrived in this city about two weeks ago. Mr. Robinson is improving the Prestridge ranch, which contains two sections, about eleven miles west on the Harrison H.Way. He will build a house, barn and other buildings necessary to begin farming on a large scale. Mr. Robinson will break out 600 acres for row crops at once.

## A. & M. COLLEGE REPORT SHOWS GREAT SCHOOL'S GROWTH

The greatest era of progression in the history of the A. and M. College of Texas, is revealed in its annual report. The net enrollment for the twelve months period was 3,588 students, an increase of 941 over the preceding year. Of this number 1,977 were enrolled in the summer school and 1,641 in the regular nine months session. The number of teachers has increased from 133 to 150. Growth in the physical plant was reflected in the beginning of an agricultural building to cost \$250,000, and a mechanical engineering laboratory building to cost \$150,000. Both figures are exclusive of equipment; a number of minor improvements include the erection of a 150,000 gallon steam water tank.

## WITHOUT FAITH—WHAT?

This business of doubting everything and everybody doesn't get the world very far. We've got to have faith and we've got to have trust, or the wheels stop turning. Fancy a fellow starting to himself how many miles the sun is from the earth. If his business depended on the certainty of this knowledge, he'd be dead before he started if he had to gather it himself. But we take the mileage on faith—in some things we rely on what all the other fellows have found out in the years gone by. A young chap starts out today with the asset of a thousand puzzling problems solved by billions of people we never heard of. Just the same, big as the store is, it will be exhausted unless we put something into the world as well as take something out of it.

### Wedding Party

The country home of J. M. Robertson was thronged Monday evening, when his neighbors and friends formed themselves into a receiving body to welcome Mrs. Robertson. After congratulations had so heartily expressed, a short impromptu program, consisting of piano music by Mesdames Dr. Kibbe and Thompson, and a reading by Miss Lora Kibbe, was rendered. This served as only a part of the evening's entertainment and the rooms were continually filled with merry laughter. At a late hour delicious vanilla and lemon ice-cream and angel food cake were served to the following who enjoyed the occasion: Mr. and Mrs. Arthur Holberg, Mr. and Mrs. Fred Saltzman, Mr. and Mrs. A. O. Thompson, Mr. and Mrs. C. E. Wilson, Rev. and Mrs. J. R. Sharp, Mr. and Mrs. Geo. Brumley, Dr. and Mrs. C. T. Kibbe, Mr. and Mrs. Otto Olson, Miss Lora Kibbe, Mr. and Mrs. Ed Devick, Mr. and Mrs. Tillman Olson, Mr. and Mrs. Jake Kvlnlaugh, Hazel and Carl, Dr. and Mrs. G. W. Heard, George Gordon, Mr. and Mrs. R. J. Kibbe, Harry, Mrs. D. L. McDonald, Mr. and Mrs. Jasper Cockrell and children, Louie and Omar Olson, Mr. and Mrs. Oliver Christy and sons. Later another group entertained the bride and groom for some time. These young people were also served ice cream and cake.

### Birthday Celebration

On Tuesday, May 2, a number of friends and relatives of Mrs. M. B. Daniel gathered at her home in celebration of her sixty-sixth birthday. This celebration has become an annual affair, looked forward to with a great deal of interest and pleasure. Approximately 100 partook of the bountiful feast, served cafeteria style, gathered together by each of the participants. Much pleasure was had in the association of friends, together with readings and music. Many were the kind felicitations offered Mrs. Daniel, wishing her many more happy occasions such as this one proved to be.

To those of my friends who have expressed a desire to have me continue as post master, for another term and to those who have the impression that this office has "passed out" from under the Civil Service, I am giving the following information: The office remains under the Civil Service, and the new Post Master General has announced his intention of observing the regulations of same, with one change as to the appointment of a post master; heretofore, the one making the highest grade received the appointment, but now, one of the highest three will be the lucky man.

An examination will be announced, which anyone may take, regardless of political affiliation. The papers are sent to the Civil Service Commission at Washington, D. C., who grade them. I expect to make application for the office, believing I have an equal chance with anyone else to get the appointment. If any of you believe in a little friendly boosting, don't be stingy with

it. If it's good for a man, why not for a woman? Your good will might be expressed in your signature to a paper found in Clark's Drug Store. I assure you of my deepest appreciation.  
Very sincerely,  
27-29 Mrs. Delphia Cox.

Plans are under way to develop more irrigation in the Wagon Mound section of New Mexico.

Sugar beets will be grown around Springer, N. M., this season. The beets from New Mexico are shipped to Colorado sugar factories.

In a recent number of The Earth, the statement was made that 70,000 colonies of Colorado bees produced 6 million tons of honey in 1921. That item brought a considerable inquiry about the size of Colorado bees, and it has been necessary to advise readers that 6 million pounds were meant, not tons.

#### BETHEL

Mrs. H. F. Lambert and children are visiting friends and relatives in Hereford this week.

Reverend G. W. Fort preached at Bethel Sunday night at 8:00 o'clock.

This was not his regular appointment but owing to his absence at his last appointment he gave Bethel this open hour.

On account of the announcement of the cancellation of Governor Pat Neff's lecture date in Friday's Brand, several Bethel people were deprived of hearing our leading executive's speech. Mr.

I. S. Hamilton was our only auditor.

H. F. Lambert is in Tucumcari this week where he will receive a shipment of steers. He will ship them to Frio and drive them across country to the Lambert ranch near Bethel.

This section of Castro County has had abundant rain within the last few days. The community is thankful for the absence of hail. The weather has been rather cold, but stock has borne it favorably.

Mr. and Mrs. I. S. Hamilton spent Saturday before last near Lubbock, visiting Mrs. Hamilton's parents. Mr. and Mrs. Goodpasture.

#### SUMMERFIELD

Well, guess folks think the Summerfield writer drowned, but maybe they'll think different when this gets in as this is the time of year for may-be's to fly. Now we have had the rain, plenty of it, quite a lot of water in lakes and wheat

and oats are looking good, stock is doing fine on grass with very little feed. Bro. Morris, of Frio, came in Friday morning, expecting to accompany B. A. Atchley and W. J. Melms to the 5th Sunday meeting which convened at (Continued on Page Five)

## Consul- tation

Part of our service to you as a depositor in this bank is consultation on your difficult business problems.

It is a real pleasure to have you come to us. We may not always be able to assist—but be your problem large or small—it will always have the same careful consideration.

Our interests are mutual, and our policy is to be of practical help to our depositors.

## CITIZENSHIP

The country is not suffering from bad citizens. No country ever suffered from such. Our country is suffering from the bad citizenship of good citizens. Communities, states, and nations have no better government than the negligent citizen produces. The responsibility for bad government rests upon the negligent citizen, the absentee from the ballot box, and the man who is dodging his civic duty.

The business man and the banker use every possible means to escape jury duty. They are tailors to good government. You hear business and professional men say that they are not interested in politics; that they are not politicians. Then, they are undesirable citizens. They are responsible for all the errors in government and corruption in office. It is impossible for a taxpayer, a home owner, an honest man to stay out of politics. If he stays out of politics, he is a traitor to government, an enemy to his home, and he is a burden to all the other taxpayers.

and child ought to be forced to study the science of government. And every man ought to be a practical, common sense, persistent, courageous, everlasting politician. When men get so pious, so good, and so busy that they cannot afford to perform their plain political and civic duties they become a curse to society, a menace to government, a burden to the taxpayer, a blight on citizenship, and a stench in the nostrils of God.

The average business man is a consummate coward, and it is his infamous cowardice that has plunged this country into innumerable errors. Out of the cowardice of business men we have filled the legislatures and the Congress of the United States with spineless men; consequently, we legislate under the whip lash of a party master or we fall to legislate because of timidity and cowardice. The common public is unrepresented and suffers because of the bad citizenship of good citizens.

## When We Promise

If we say your battery is going to be ready for you at ten a. m. Saturday, you can depend on having it then; or of getting a phone call from us in advance explaining why it won't be ready.  
And it doesn't make a bit of difference whether it happens to be a Willard Battery or some other make—you get the same consideration, the same courtesy, the same skilled workmanship.  
Bring your battery to Battery Headquarters! You may be sure we won't try to sell you a battery if repair of your present one is going to save you money.

At about this time of the year, when your lawn sheds its winter coat of hardness, and the first blades of grass spring up, you're going to start thinking of a lawn-mower.  
That is, if you want a neat, even growth, and know its advantages. An unkempt, shaggy lawn detracts from the appearance, and so indirectly from the value of the house.

## THE COUNTY AGENT IS THE BUSIEST MAN IN ANY COMMUNITY

The question is frequently asked, "What does a county agent do?" This is difficult to answer, because their duties are as manifold as the rural problems of the county and state. However, the report of Dor W. Brown, county agent in Tom Green county, for the month of March, furnishes a slight idea of some of the many activities, although many of these activities are of such nature as to make it impossible to render an intelligent report in written form.

Mr. Brown spent eight days in his office during the month and nineteen days in the field. During the eight days in the office 184 calls were made by rural people seeking information regarding the solution of the various problems, while forty-six letters were written, ten articles were written for the press giving information about farm problems and ten circular letters were prepared and sent out to farmers, also a number of phone calls were answered, while the various records were brought up to date so as to be able to make the monthly and annual reports required.

During the nineteen days in the field twenty-one visits were made to farms and homes in response to requests for assistance and advice on rural problems. Three meetings of extension committees or project and local leaders with a total attendance of thirty were held. Three farm and home demonstrations were visited, seven meetings were held at demonstrations with a total attendance of 484 for the purpose of discussing and inspecting the methods and results of the demonstrators, while two other meetings were held in relation to project work with an attendance of eleven people. Under the head of miscellaneous work eighteen farm and home visits were made, three miscellaneous demonstrations were visited and eight miscellaneous meetings were held with an attendance of 195 people. Total miles traveled 760.

The nature and place of the meetings were as follows: A club meeting was held at Christoval on the 4th with an attendance of 60; a community meeting at Mullin on the 5th, attendance 40; a field-terracing meet at Mullin on the 7th, attendance 20; a meeting for the discussion of fertilizer at Christoval on the 8th, attendance 6; club meetings were held at Wall, Tankersley and Knickerbocker on the 8th and 9th, attendance 110, and a community meeting at Wall on the 22nd, attendance 5; livestock judging meetings were held at Wall 22, Christoval 2, Lake View 24, Carlsbad 24 and San Angelo 25, attendance 450. C. M. Evans and W. T. Magee, Livestock Judging Specialists of the Extension Service A. and M. College of Texas attended these meetings to give instructions in livestock judging. A meeting of dairymen to discuss

feeds and feeding was held at San Angelo on the 23th attendance 50; a field-terracing meeting at Wall on the 27th, attendance 10; a terracing meeting at Tankersley on the 29th, attendance 4; a meeting regarding commercial fertilizer at Lake View on the 2nd, attendance 5, and a meeting about poultry club members receiving eggs was held in San Angelo on the 18th, attendance 15.

These items are only a few of the manifold duties of a county agent, but they are sufficient to show that he is kept on the jump during the entire month. It is doubtful whether any other man in Texas works as many hours a day as does a county agent. His hours are from sun rise to sun rise and not from sun rise to sunset.

## LAURANT AGAIN Great Magician to Delight Premier Fairgoers Once More

Eugene Laurant, the idol of the kids and one of the most popular of all entertainers in America today is coming to Chautauqua.

Do you remember the clock that thinks?

Do you remember that remarkable ring trick and the feeling you had when Gene Laurant rammed your ring down the throat of the big horse pistol?

Laurant has a lot of new tricks on which he has spent years of work. He is always working like a beaver. When you see him this time you will meet some of your old friends, but there will be a lot of new ones that you have never seen before.

Laurant's show is always a thing of beauty. There is never a tiresome moment.

The stage will be full of kids and not a one of them will be embarrassed or afraid. Gene Laurant has more young friends over the country than any entertainer in the business.

This show is worth twice the price of
