## ANXIETY 4TH SALE NETS \$305.30 AVERAGE. IS CONSIDERED VERY GOOD

SALE TOPPED BY COW AT \$1,125; HIGHEST BULL \$1,050; GOOD ATTENDANCE AND VERY MUCH INTEREST SHOWN

### ROYAL SHOW WAS TURNING POINT

Auctioneer Reppert Advises Cattlemen to Forget the Dark Hours of 1921 and to Purchase Good Seed Stock For Another Start in the Year 1922

Jones & Dameron's annual sale of Anxiety 4th registered Herefords, always a high water mark in local cattle circles, maintained its leadership in Wednesday's sale when forty-nine splendid animals brought their owners an average of \$305.30 per head. While not as high an average as last year, still this is representative of registered sale averages the country over at this time and is said to have been satisfactory to owners and purchasers alike.

The magnificent cow, Donna Anna 52nd, topped the sale with \$1,125, given by Barney Conner of Claude, Texas. The highest price paid for a bull was \$1,050, given by the T. P. Ranch of Raton, N. M., for Beau Randolph 3rd. The sale was conducted by Col. Fred Reppert, famous Hereford cryer, assisted by Ralph Dawson of the Drovers Journal, County Agent Walker of Canyon, and others. Colonel Reppert opened with the remark that it was inspiring to face this audience, because he saw men in it from Kansas, New Mexico and other states, and from many parts of Texas who traveled long distances at heavy expense to come here. And the reason why they came, he said, was revealed by the catalogue because

a discriminating buyer could shut his eyes, pay the price and make money on any animal purchased in this sale, so uniform was the breeding throughout. He expressed the opinion that the corner for the cattlemen had turned with the late Royal Show, advised forgetting the dark hours of 1921, and said now was the time to buy good seed stock and settle down to a prosperous breeding season.

The sale pavilion was filled to overflowing with interested buyers and while the bidding started slowly it settled into a steady demand quickly. Hines & O'Brien of Amarillo and C. O. Keiser of Canyon, were perhaps the largest purchasers.

The ladies of the Music Study Club furnished lunch to the crowd, many of whom were invited guests of Jones & Dameron. Several private deals were made during the day, among them being the purchase of a baby calf of the cow that topped the sale by D. L. McDonald for \$295, the purchase of a 4-year-old cow by Foster Farms of Kansas from John Purcell, and the acquisition of a yearling male from D. L. McDonald by Dow Woods of Lovington, N. M., for \$500. Sale details:

## HAYS AND HIS \$150,000 MOVIE SMILE

Postmaster General Will Hays has announced his resignation from the cabinet to take a position as director general of all national moving picture productions at a salary of \$150,000 a year. He posed, as shown here, after a conference, in which President Harding gave his consent to his leaving the cabinet.

## Poultry Men to Hold Conference To Plan Future

Lee Biggs, E. W. Kinney, and Roy Stocking of the Poultry Committee of the Chamber of Commerce, went to Amarillo Wednesday in Mr. Biggs' car to attend the Denver A. & M. Poultry course and to view the exhibit car of poultry appliances. While there they interviewed F. W. Kasmier, poultry specialist of the A. & M., in an effort to secure his services for the Short Course here soon. He cannot come here until March 17, but will give a poultry lecture at Hereford on that date.

On Saturday night, February 4, those poultry fanciers who live in Hereford or close in will hold a round table discussion at the Chamber of Commerce, in The Brand building, and lay plans for the organization meeting to be held at the courthouse on Saturday afternoon, February 11. Any lover of poultry will be welcome at the meeting February 4, which will be strictly informal and designed to work out a plan or suggestion for the organization meeting the following Saturday.

Secretary Vogels of the poultry committee has finished the work of checking up the prizes and ribbons won at the Show and has mailed them out.

## Baptist Tierra Blanca Association Convention

The Fifth Sunday meeting of the Tierra Blanca Association of the Baptist church opened Friday morning and will continue through Sunday. Organization was perfected quickly and energetically early Friday morning. Rev. B. F. Fronbarger leading the devotional and Rev. J. M. Hall preaching an excellent sermon. Friday afternoon was given over to the Woman's Missionary Union program. Missions will occupy Saturday morning, while The Local Church, The Summer Assembly, and Infidelity in our Schools are the three subjects for the afternoon. Rev. E. E. Dawson is scheduled to preach Sunday morning and Rev. Fronbarger Sunday night.

Many delegates from Tulsa, Canyon and other towns in the association boundaries were arriving during Friday and the meeting promises to be one of the best in the history of the movement.

## WATER AND LIGHT RATE QUESTIONS

MASS MEETING SOON TO INVESTIGATE SITUATION

### FACTS ON WATER

City Office Furnishes Statistics Showing Others' Charges

(A mass meeting of all citizens to talk over present light and water rates will probably grow out of recent complaints made to both City and the Light Company. Manager Oberthier says that he welcomes such a meeting and so states in an advertisement in this issue of The Brand. The City Commission is considering a call for a meeting for the near future. Meanwhile The Brand asked the City for a statement on present water rates and secured the following from the City Office:)

A good many complaints have been made recently at the Hereford water rates. The University of Texas in December, 1919, issued a bulletin giving the rates charged for public services in a great many different cities of Texas. In looking over this bulletin, it appears that there are very few cities in Texas whose water rates are as low as are the rates in Hereford.

In Amarillo, the rates are 50c to 40c per one thousand gallons. Plainview charges \$1.00 for the first 3,000 gallons; 15c per thousand for the next 7,000 gallons, and 10c per thousand for all over 7,000 gallons. In addition to this, Plainview charges 50c per month for each residence connected with the sewer.

Dalhart charges 50c per thousand gallons for the first 3,000 gallons; 35c per thousand for the next 7,000 gallons, and 25c per thousand for all over 10,000 gallons, while the Hereford consumer using over 20,000 gallons pays only 8c per thousand gallons for the excess over 20,000 gallons. In addition, Dalhart charges \$3.50 per annum for a sewer connection.

Sweetwater charges \$1.40 for the first 3,000 gallons and 20c per thousand for all over 3,000 gallons. In addition, Sweetwater charges 50c per month for each residence connected with the sewer.

Childress charges \$1.00 for the first 2,000 gallons and 35c per thousand for all over 2,000 gallons. In addition, Childress charges \$6.00 per year for each residence connected with the sewer.

Denison, a city of over 17,000 people, charges 50c for the first 1,000 gallons. (Continued on Last Page)

## LOCAL MEN ATTEND WATER CONFERENCE AMARILLO FOLKS

Mayor Knight and D. L. McDonald attended a meeting embracing representatives local civic clubs, city officials and individuals interested in the water supply, at Amarillo Thursday afternoon. H. B. Jones, city engineer of Amarillo, presented a report of his recent investigations concerning possible sources of water supply for Amarillo and covering local deep wells, the Palo Duro canyon and the Hereford Irrigation field. The discussion was entered into by engineers representing the Santa Fe and Amarillo light and water company, as well as by Mr. McDonald and others. Mayor Knight made a speech which Mr. McDonald declares was the "peppiest" and most forceful one His Honor has delivered in ages.

Amarillo is facing a serious matter in her limited water supply and there is strong probability that she may eventually come into the Hereford field and pump her supplies from this territory.

## HIGH SCHOOL HAS VERY BUSY WEEK FOR BASKET BALL

The local high school basket ball teams have been busy this week and are still at it. On Wednesday night the boys five went to Canyon and defeated the Training School five 42 to 19. At the same time the Hereford girls lost to the Training School girls 22 to 28. After the scheduled games were played an exhibition was given between Hereford and the second Normal team boys, the Normal winning 41 to 19. The Normal second team will play Hereford here on the high school court next Monday afternoon at 3:30. Both teams of the Training School will play here Saturday week in the afternoon on the Boy Scouts grounds.

Friday the Hereford boys went to Texico-Farwell, where they will tangle with the Texico bunch in the afternoon and the Farwell boys of whom

## Friona's "Live Ones" Organize Commercial Club

The enterprising little city of Friona now boasts a real, live Commercial Club, an organization composed of the forward-looking citizens of the community banded together for the general good of the community. Organization was effected January 10 and T. J. Crawford was named president and John White secretary.

Both of these officers are well known in Hereford and bear the reputation of "live ones" and community builders. Secretary White has ordered stationery for the Friona Commercial Club and a plan of work is now in contemplation.

## APPENDICITIS IS CAUSE OPERATION MISS ANNIE PRICE

Her family here has been advised that Miss Annie Price was operated upon for appendicitis at Seattle, Washington, several days ago, and is doing very well, all things considered.

Miss Annie spent the holidays at home and only returned to Seattle a short time ago. She was not well while here, but the news that an operation was necessary was a surprise to her friends.

## MRS. A. L. GIBSON GOES TO BEDSIDE HER GRANDMOTHER

Mrs. A. L. Gibson, who has been here with her parents, Mr. and Mrs. T. M. Palmer, since before the holidays, was suddenly called to Wichita Falls Friday afternoon by the serious illness of her grandmother, Mrs. C. C. White. Mrs. Gibson drove through to Amarillo overnight.

## Volunteers Clean Up City Cemetery Burn Off Grass

F. H. Britain and about twenty volunteers went out to the city cemetery Friday morning and proceeded to burn off the grass and give the burying ground a general cleaning up. Among those who made up the party were: F. H. Britain, Geo. E. Burns, Robert Burns, P. Wood, Mat Gilliland, Jim Black, Albert Fallwell, Earl Springer, Silver Shore, John Thomas, Guy E. Weaver, Dr. F. E. Bowe, W. M. and Dick Megert, Roy Stocking, W. A. and Ira Ricketts, Allen Hughes and others.

## Jim Smith

Jim Smith dropped in on old Doc Brown and said that "Things in this here town 'Are 'bout the worst they've been in years 'And for the future I've been fears, 'Wheat is down to fifty cents 'And folks can hardly pay their rents; 'The price of cows and hogs and sheep 'Are low enough to make you weep. 'I don't know what we're goin' to do— 'I tell you, Doc, I'm feelin' blue." But Doc was busy drivin' nails And couldn't listen to Jim's wails; So Jim put off to call on Jones And entertain him with his groans. But Jones was busy grinding corn And couldn't take the time to mourn; But Jim kept on around the town With head bent low and spirits down. He said "that he was out of cash And soon the world would go to smash." "Mebby so," said Henry Moore, "But I've seen times like these before. 'Why, back in eighteen ninety-three 'I couldn't buy a pound of tea, 'But I kept pluggin' just the same 'Cause that's the way to play the game. 'If every soul in this here place 'Went on the street with your long face 'Who'd grind the corn and drive the nails 'And milk the cows and fill the pails? 'I know that things don't break just right. 'But now's the time a man should fight. 'Go home, Jim Smith, and feed your shoat. 'This is no time to rock the boat."—Swiped.

## County's School Fair Discussion At Monday Lunch

One vital subject to be discussed at the luncheon of the business men next Monday at noon, at the Stockmen's Cafe, is the forthcoming County School Fair, to be held some time in the spring. This movement was inaugurated here last year, mainly through the efforts of County Judge Megert and Superintendent Fertsch and proved to be a winner, although the idea was new and those responsible for the movement were feeling their way. The exhibits from the schools were splendid and the results have been apparent ever since in the work of the different rural schools of the county. Monday, Judge Megert and Miss Griffith will probably meet with the business men and discuss the details of the second Fair. This Fair can be a medium of great good for the country schools and the city.

the cooperation of everyone concerned could mean a Fair this year, with little expense, that would be an eye-opener along educational lines.

## HUNTERS OUT OF LUCK; NOT MUCH GAME AT HIGGINS

J. J. Clark, Albert Herbst and Dr. W. F. Gabbert reached home Thursday night from a hunting trip near Higgins, Texas. They report a rather slow time while away as game was scarce and they killed more time than anything else.

## NEW FAMILY HERE FROM CHILICOTHE MOVES TO RANCH

J. E. Gold and family, of Chillicothe, Texas, arrived in Hereford Wednesday morning and are shipping here a car of household goods, farm machinery and stock. They have arranged to locate on a farm about fifteen miles southeast.

**Methodist Missionary Society**  
 The Methodist Missionary Society met at the church Wednesday afternoon at 2:30 for the "Voice" lesson. Meeting was called to order by the president and a song was sung, led by Mrs. Wel-  
 lver. Sentence prayers by Mrs. Beaver, Mrs. Hodge and Mrs. Potts. In order to present our work in Africa, a little play under the direction of Mrs. John McLean was given. Cast of characters as follows:

Mrs. Leader—Mrs. McLean.  
 Mrs. Go-Tell—Miss Lula Edwards.  
 Mrs. Doubtful—Mrs. D. W. Hawkins.  
 Mrs. Faithful—Mrs. Homer Bryant.  
 Mrs. Tenderheart—Mrs. H. L. Rice.  
 Mrs. Earnest—Mrs. F. T. Rolson.  
 Mrs. Duty-Dare—Mrs. J. E. Ward.  
 This little play was made more effective, by display of an old witch doctor's picture, an African dagger and a grass rug woven by the natives, these articles having been sent to Mrs. Ward by Miss Flora Foreman, our missionary to Wembo-Nyambo. Mrs. Ward also read a recent letter from Miss Foreman telling of her great work there.

Mrs. G. W. Heard then gave us our devotional. As we are to study Mark this year, in connection with our "Voice" lesson, she pictured Mark as a man and finally as a disciple of Christ, thus preparing the way for the study of the gospel of Mark.

On Wednesday, following, we started our new study book, "The Kingdom and the Nations," by Eric M. North, Mrs. D. W. Hawkins, as Leader, discussed the part each follower of Christ has to the building of His Kingdom on earth. Mrs. G. A. F. Parker compared "Old Japan with New Japan." In order to better illustrate Japan's burdened condition of today, Mrs. J. B. Jones, in Japanese custom, bearing many burdens on her back, was then brought to the front and introduced to the Society. Mrs. Jno. McLean, costumed as "Christian America," removed the burdens of superstition, ignorance, idol and ancestral worship, child marriages, industrial evils and militarism. Little Ruth Houston and Mary Luellen Parker, as little Japanese girls, came to Japan's side and taking her by the hand, sang the following verses as composed by one of our members, to the tune of

"Bringing in the Sheaves."  
 "Far across the ocean  
 There lies a wondrous land,  
 Small but rich and fertile,  
 That we call Japan.  
 The people always busy,  
 Intelligent and brave;  
 But many know not Jesus,  
 So Americans say.  
 Chorus—Dum, yum, ting, wachee,  
 Dum, yum, ting, wachee,  
 Washo, wing, um, flo,  
 Dum, yum, ting, wachee,  
 Some have heavy burdens  
 That are hard to bear,  
 That, as Bible teachers,  
 We should with them share.  
 Will we answer Jesus,  
 "Here am I, send me,"  
 Or with prayers and money,  
 Answer now the plea.  
 Chorus—  
 Brothers, sisters, neighbors,  
 These yellow skinned people are;  
 Let's win them for Jesus,  
 And for our crowns a star.  
 Pleasant, helpful neighbors,  
 The Japanese can be  
 But, unless they are Christians,  
 A dangerous enemy.  
 Chorus—  
 This, with an assignment on Japan's  
 struggle for democracy and Japan's  
 great need of Christ, completed our  
 program.

## From the People

Why are public offices filled with incompetents? Don't get the impression from this question that we think that none of our officers are competent. We believe that some of them are—about as many as chance would select, in the usual and ordinary way it does things. This question is easily answered, and the answer suggests the remedy. It is because of the way the ballot is too often used by the people. A majority, who vote consider the ballot, the manner of its use, and the purposes and motives for casting it to be their inherent right rather than a trust and duty to the public, and they cast it accordingly. The privilege of casting the ballot belongs to each voter, but a majority of the voters disregard the very duty imposed on them by the privilege itself. This privilege is encumbered with a solemn duty directing that it be cast in discharge of a sacred trust in which society and government alone are beneficiaries; and a ballot used for a selfish or sinister purpose, or in careless ignorance, is treason to this trust and crucifixion of the sole safeguard of democracy. If a majority of the voters would disregard every selfish and sinister purpose, discard prejudice and bias, and turn the deaf ear to candidates who claim right of election for any reason other than qualification; give the matter their best thought and consideration, and then vote for the candidate best qualified, the evil would be cured. There are only three things necessary to qualify a candidate for an office: Integrity, ability to perform the duties of the office, and willingness and disposition to perform them. No candidate merits a single vote who lacks either of these qualities. Elections will be held throughout the State this year, to fill offices, from "cellar to garret." Prospective candidates are grooming themselves for the races, and arming themselves with the usual campaign weapons, and soon they will all "sally forth," in full armor, completely equipped with all the weapons, accoutrements, and paraphernalia, both offensive and defensive, known to the modern "office seeker." The "pore man with a big family and probably a weakly woman"; the halt with his crutch or stick; the man who has failed in his own affairs, and wants to handle the public's a while "just to get a start" will be there. The "second term man," and the opponent of

his supporters? We said we had forgotten him—why shouldn't we still have done so?—that is what will probably happen to him on election day. Carl Gilliland.

And he, who never asked "the peepul fer anything before" will be there in full force, and along with him the "hand shaker," "baby-kisser," "boot-licker," and "story-teller," that "funny feller, you can't beat him." And an election would be like a Christmas without fire-crackers, without the fellow whom God, in his creation, left a speck of protoplasm, and who, just to furnish a little rivalry in the creation business, performed the miraculous feat of self construction—the "self-made man," must be there, if he didn't do a good job in his own creation. Yes, they will all be there. Already they are beginning to attend the lodges, churches, Sunday Schools and the meetings in which the public is interested (to all of which they have long been truant) and by the time the campaign is in full swing some of them may become convinced that it is their duty to the voters, to lead in in the prayer-meetings. Sure, they will all be there, and with them their voters, and supporters, proclaiming to the people their above mentioned qualifications. We have forgotten to mention another, who may be there—the man who has succeeded with his own affairs, has too much pride to boot-lick, grovel and beg for votes, can't adjust himself to agree with each of the voters (confidentially) on public questions, on which they disagree among themselves, is too frank to be popular, though lame and not possessed of many of the world's goods, and don't give a "D——" whether he is elected or not, if he can't be, on the flimsy reason that he is qualified to fill the office he seeks—who will be his champion and

Mr. and Mrs. J. A. Bagwell and son, George, who have been visiting in the Jim Bagwell home, have returned to their home near Floydada.

Messrs. Ott Roberts and "Bud" McQuerry, of Goodlet, visited Mr. and Mrs. K. Roberts this week-end. They were making a business trip to Tucuman, New Mexico, Dalhart, Texas, and other points.

We are glad to note that the sick of our community are improving.

Rev. Fort, Mr. and Mrs. E. R. Bagwell and children, made a business trip to Floydada Tuesday.

H. F. Lambert was a Hereford visitor of the preceding week.

Mr. and Mrs. J. T. Smith were in Hereford last Wednesday. Mrs. Smith exhibited a fair representation of her flock of White Leghorn chickens.

Among the other spectators and buyers at the Hereford Show and Sale, were Messrs. and Mesdames I. S. Hamilton, J. E. Smith, A. M. Brownlee, Vernie Lust and Mr. Loyal Last.

Messrs. Jim Bagwell, E. K. Rothwell, and J. Z. Smith marketed grain in Hereford last week.

## SPRING LAKE

Sam Jones went to Hale Center Thursday to spend a few days with homefolks.

Several from this community attended the Poultry show, stayed over for the banquet at night, and the hog sale next day. All are loud in their praise of how royally Hereford entertained us "out of town folks." At the banquet we certainly felt that we had "a balanced ration" and the Poultry show was far beyond anything we ever anticipated. We were delighted with our prizes.

We are glad to learn that O. B. Hankins' children are recovering from the scarlet fever. Also that Mr. Hankins is improving.

Sunnyside young folks enjoyed the day Saturday on the lake south of Spring Lake skating. They had a camp fire and cooked their dinner.

Bro. Lemons filled his regular appointment Saturday night and Sunday at the Baptist church at Sunnyside.

Mr. Packard, of Lamb Co., took a load of hogs to Hereford Tuesday.

Dady Mahr, of Hereford, is spending a few days out at his ranch near Spring Lake. Chas. Troxell is moving on Dad's place.

Miss Mabel and Mary Kiser, the Sunnyside school teachers, have been quarantined away from their home on account of diphtheria.

Mr. Buttolph, our new telephone man, spent the night in the home of J. I. Phipps Monday.

We hope no one has suffered from the cold wave we are having.

James Reddington is repairing a well for J. I. Phipps.

John Harris is moving to the Great-house farm this week. We understand

## New Light on Batteries

"Since all batteries look so much alike on the outside, how am I going to tell which one has the most value inside?"

That is a practical every-day question—and it has a simple every-day answer.

What greater assurance could I possibly have than the following combination of facts:

- 1—Extraordinary quality in the battery itself, as shown by the choice of the Willard Thru-rod Rubber Battery as standard equipment by the manufacturers of 172 makes of cars and trucks.
- 2—A nation-wide organization to serve you and—
- 3—A record for quality and service dating back nearly to the beginning of the automobile.

You don't need a formal invitation. Come in any old time and get some new light on this battery question.

The C. O. Lee Hardware

## Easy to Operate Easy to Clean

The De Laval bowl can be completely taken apart for washing. The discs, bowl parts, and tinware have no tubes, crevices, holes or corrugated surfaces which are hard to clean.

The De Laval discs are washed as a single piece and the whole machine can be thoroughly cleaned in five minutes.

There is no part of the De Laval bowl which cannot be easily reached and seen, so that the operator can always tell whether or not every part has been properly cleaned.

The ease with which the De Laval can be thoroughly washed and kept in a sanitary condition is one reason why practically all creamery-men prefer De Laval, and is also one of the reasons why butter made from De Laval cream scores highest at the National Dairy Show.

Algie and Nannie Bell Robinson spent the week end with their friend, Katherine Hershey.

Marvin Sharp, of Vernon, came up for the hog convention and stayed over night with his parents, Mr. and Mrs. O. L. Sharp.

This neighborhood was well represented at the banquet given by the Chamber of Commerce Tuesday night to the hog raisers. All report a fine supper and time.

LBB LIVE STOCK COM. CO.  
January 25, 1922.

Every twenty minutes of last year an accident occurred on the streets of New York City.

A man was arrested recently at Longview, Texas, and when searched, found to have a quantity of narcotics concealed in his cork leg.

Near Reddington, Arizona, rains uncovered the burying ground of a race of people who are believed to have lived thousands of years ago. A miner discovered the skeletons amid pieces of pottery, earrings and remains of char-

coal fires. The skeletons are much larger than the average man's skeleton and one skull showed a thickness of nearly an inch.

# Sensation's Type

## Grand Champion, Texas and Oklahoma

Is being mated to the best lot of sows and gilts that we have ever owned. He is in fine condition after his return from the Fairs, where he was undefeated. He never looked better, nor worked better, than he is now. "TYPE" is a general favorite and is the kind that we all want more of.

### Master Sensation

Junior Champion of Texas, is being mated to some of the best Sensation's Type gilts that we have ever bred, and we are expecting some good results from this line of breeding. Never before has the public had the opportunity of buying Grand-Champion-bred gilts mated to the Junior Champion of the same Fairs.

We bred our show herd and showed in only three boar classes and won three firsts at Dallas, in one of the greatest hog shows that has ever been held in Texas.

## BRED SOW SALE

### Monday, Feb. 6

Master Sensation, junior champion Duroc-Jersey boar of the Texas State Fair this year, is the best boar that Alexander, Michie & Jones ever raised. He has grown much since the fair. The fact that these breeders are able to offer gilts sired by the grand champion of Texas and Oklahoma, Sensation's Type, Duroc Jersey breeders who have requested this show record. Type is now at his best. Seven sows from East Texas, Central Texas, one from the Texas A. & M. were at the farm while I visited it, to be bred to Sensation's Type. The five tried sows, twenty fall gilts and fifteen spring gilts they will sell in February compose the best offering this farm has ever made.—H. S. HILBURN.

You know the Philosophy of CHIROPRACTIC? It is simple, yet it means much to sick people, simply this: NERVE is being pinched at the spine, and the mental impulses cannot reach the tissue. Dis-ease is the result. Why not come to me and let us analyze your case? Consultation free. Calls made at night.

**RATES**  
The question is, are Electric rates in Herford too high? If they are they should be lowered in keeping with the cost of producing same, if not, then the agitation should stop and we will be entitled to your confidence.  
We are willing to meet the citizens of Herford in an investigation of the costs of Electric service here and we have asked the City Commission to call a mass meeting for that purpose some time in the near future. We shall be supplied with all the data necessary and ask that the entire citizenship of Herford attend that meeting which will be very interesting, as it affects you all.

**Let's Follow it Up!**  
A great lesson learned like that taught us by the recent Hog Convention and Sale and Poultry Show is splendid from the education viewpoint, but not effective unless the lessons are practically applied thereafter.  
We have some more and better brood sows now in the country; we have a startling number of standard chickens and turkeys, as the display attested.  
To get the most out of last week's effort we should now begin the detailed study of the care, selection, feeding and marketing of hogs and poultry.  
LET'S KEEP THE LESSON BEFORE US EVERY DAY—AND APPLY IT!  
We are in the market for some well secured cattle loans on the basis of bank balances.

# GREAT K-RANGER BRED SOW SALE

## FRIDAY, FEBRUARY 3

40 Head—All Sired by or Bred to K-Ranger

11 OUTSTANDING GILTS BY BUSTER AVALANCHE,  
the great breeding and show boar owned by Cox Bros. of Childress, Texas. 4 out of Charler Oak Queen. 2 out of Standard Millie. 2 out of Miss Lady Erie. 2 out of Bob's Model, one of the great brood sows of the breed and the dam of the famous Ranger litter sired by Cox Bros. 1 by Yankee Timm out of Gladiator's Maid by Orange Gladiator. 2 full yearlings by Yankee Timm out of Lady Melba. 2 granddaughters of Mow's King. 3 Yankee Timm spring gilts. 1 by McGee's Big Orange. 2 spring yearlings by Lou's Victory Road. 1 fall two-year-old sow by Bob Giant. 1 spring yearling by McGee's Big Orange. 1 fall gilt by Feary's Big Jones. All the above are bred to K-RANGER, the great breeding boar, a littermate to The Ranger.  
12 fall gilts by K-Ranger and out of dams by some of the great boars of the breed. 3 spring gilts by K-Ranger. All the K-Ranger gilts are bred to THE PLAINSMAN and by Lou's Victory Road, who traces back on his sire's side to Orange Boy and on his dam's side to Big Orange. One outstanding fall boar by K-RANGER and Miss Orange Fair. This boar should head any good herd. One spring boar by K-RANGER. One good fall boar by Long Orange. One spring boar by Yankee Timm, the great C. E. Alexander boar.

**SALE WILL BE HELD IN HEATED PAVILION IN TULIA, TEXAS, FRIDAY, FEBRUARY 3RD, 1 P. M., RAIN OR SHINE.**

Claude and John Adams were fortunate in the selection of a herd boar, K-RANGER, a littermate of The Ranger, of S. E. Lewis whose get made such a phenomenal showing at the fairs of the Southwest, particularly the Oklahoma State, Texas State, and Kansas State Fairs. K-Ranger is breeding good pigs, as the record of his get at the Swisher County Fair and elsewhere shows. All the offspring of Adams Bros. is sired by or bred to this great breeding boar, and the sows and gilts offered are of individuality and blood that will attract. The Buster Avalanche gilts are probably the top of the lot.—H. S. HILBURN.

**BRONC BUSTER IS KILLED IN FIGHT**

Tucumcari had another shooting fray in which one man was killed and the other wounded, when J. W. Dickey, a local shoemaker, and his son-in-law, Jim Wilkes, a famous cowboy, participated in a gun battle in Dickey's shop on West Main Street, Wednesday morning. Wilkes received two shots through the body, one on the left side near the heart, the other on the right side in line with the other. Another shot entered the right arm below the elbow coming out at the wrist and severing the end of the thumb. One of the balls which passed through Wilkes' body lodged in his left wrist. He ran into the back room of Dickey's shop where he was found dead.

The killing was the termination of trouble over a horse. Jim Wilkes married Ruby Dickey, famous bronc buster, and both have traveled over the country winning many contests in the various roundups. They were spending the winter on the Dickey ranch where a little child was born to them a few months ago. Tucumcari News.

**WANTED**—Good, clean rags, at The Brand Office.

**POLITICAL ANNOUNCEMENTS**

The following candidates authorize us to announce them for the office under which they are listed, subject to the action of the Democratic Primary:

**For County Judge:** W. M. Megert

**For Sheriff and Tax Collector:** Omer Baker, C. R. Smith, C. S. Purcell

**For Tax Assessor:** W. W. Bennett, Ira Ricketts, C. I. Slaton

**For District and County Clerk:** A. L. (Lee) Biggs

**For County Treasurer:** J. J. (or Uncle Joe) Ward

**W. M. MEGERT OUT FOR COUNTY JUDGE**

The Brand is authorized to announce the candidacy of W. M. Megert to succeed himself as County Judge and ex-officio county school superintendent of Deaf Smith county.

Judge Megert has served but one term in this office and is now asking for a second. He feels that it is unnecessary to go into details as to his fitness for the office and offers his record of the past two years as a basis for the support of the people at the coming primaries in July. He states that he will greatly appreciate careful consideration of his candidacy at the hands of the voters of the county.

**MOONSHINERS ARE CAUGHT IN RAID**

Sheriff John Cone and Deputy Bill Williams made a flying trip to White Deer Tuesday morning and about noon had taken possession of a still that was being operated on what is known as the old Edwards place, about eight miles south of White Deer.

Sheriff Cone went to the door of the house and asked the two men who were there if they had any booze. The men replied that they had just finished running off a batch, and then proceeded to lead the sheriff and deputy inside to where the juice was on display. The sheriff forthwith confiscated the five quarts that had just been run off, and reports that the still was in operation when he went into the room.

The two men, Jack Lawrence, age 38, and a fellow named Wright, age 19, were employed by W. A. Powers to feed cattle, and evidently thought that

the booze game would prove more profitable. It is believed that the still had been in operation for about two months. The men claimed this to be the third batch they had run.

Both prisoners have waived preliminary hearing, bonds for Lawrence being fixed in the amount of \$1,000, and Wright at \$750, which have not been made at this time.—Panhandle Herald.

**MARRYING PARSON IN JAZZ WEDDING**

Jazz is the order of the day. And now comes the jazz wedding ceremony, all revised to fit conditions of the twentieth century modernity.

Rev. G. W. Hatcher, Columbia Missouri's "marrying parson," who has tied four hundred and forty-seven knots of wedlock, is the provider of the new ceremony. Made public last week it provides that the groom shall reply to the following questions:

"Will thou take her for thy pard, for better or for worse; to have to hold, to fondly guard, till hauled off in the hearse?"

"Will thou let her have her way, consult her many wishes, make the fire every day and help her with the dishes?"

"Will thou sooth her, in her woes; keep her spirit bright and say? Will thou turn the wringer, hang the clothes and trust her for the pay?"

"Will thou give her all the stuff her little purse will pack, buy a monkey board, a muff, a little seal skin sack?"

"Will thou comfort and support her father and mother, Aunt Jemima, Uncle John, thirteen sisters and a brother?"

"Will thou tell her to her face that she is sweet and kind; that the like of her in all the race would be difficult to find?"

"Will thou be to her the same and never shirk nor falter, as she shall wear thy name and thou shall wear the halter?"

To break the monotony of this questionnaire on matrimonial promises, Rev. Dr. Hatcher supplies the result on the groom: "His face grows pale and blinks; it is too late to jilt. As to the floor he sadly sinks, he quickly says: 'I will.'"

**Bride Has Questionnaire, Too**  
Oh, yes! The bride must have her set of questions. They're supplied by the genial "marrying parson," who admits that Walt Mason hasn't a thing on him:

"Will thou take him for thy pard for better or for worse; to have, to hold, to fondly guard his person and his purse?"

"Will thou make him mind and show him every fault, and then, in spite of groan or whines, make him walk the chalk?"

"Will thou make him eat the scraps that belong to days of yore, so you'll get your midday naps and over novels pour?"

"Will thou be quick to take control of all that's on the place, and say to

him in language bold: 'You're not my boss in any case?'

"Will thou make him sweep the floor, fetch the wood and water; pick up things—or whatever else you order?"

"Will thou make him darn his socks, sew buttons on his britches, and get your fingers in his locks every time he missees?"

"Will thou make of him a carryall for handbox, grip and bundle; make him take the parasol and to the racket tumble?"

"Will thou be to him his dear beyond all conjecture and when you get upon your ear give him a certain lecture?"

The bride is supposed to smile. In the rhyme of the minister: "Her face is all aglow, her eyes as black as jet, as she queenly stands upon the floor and loudly says: 'You bet!'"—Exchange.

Eleven thousand American soldiers on the Rhine ate 13,000 pounds of turkey on Thanksgiving Day. Cranberries, raisin and pumpkin pie and hot plum pudding also adorned the board. The pudding and pies were brought from the United States, but the turkeys were purchased from German farmers at 11 cents a pound, as compared with 80 cents paid last year for the turkeys shipped from America.

Diplomatic relations with Germany church five consecutive Sundays, have been resumed.

A San Antonio judge sentenced a man charged with drunkenness to go to Denton, Texas, recently sold for 30 cent and 45 cents respectively.

**To the Public**

We want to thank you for the liberal patronage given us thru the two months of special prices made by us. These special prices will be withdrawn after this month. But you will still find us at the same old stand, ready and anxious to serve you and always glad to see you. We feel we are in position to give you as good service and make you as close prices as any grocery firm in town, quality of merchandise considered. We handle nationally advertised brands—Brands that are well known to you, that you have tried and found satisfactory. In a great many instances, off brands, as you well know, are not satisfactory. Our terms thru this year will be strictly 30 days. Any account not paid on the first of each month will be discontinued until settled. To those wishing to pay cash at time of purchase, we will allow 5 per cent off. Remember, we want your business and extend to you a special invitation, when in town, come in and see us, with the assurance that you are always welcome.

Respectfully,

**WATER AND LIGHT RATE QUESTIONS**

(Continued from page 1.)

35c per thousand for the next 4,000 gallons, and 20c per thousand for the next 100,000 gallons, and for all in excess of 100,000 gallons 12 1/2c per thousand gallons.

Denton, a city of nearly 5,000 people, charges 40c per thousand for the first 10,000 gallons, 35c per thousand for the next 10,000 gallons, and 25c per thousand for the next 20,000 gallons, and 20c per thousand for all over 50,000 gallons.

Dublin, a city of 2,000 people, charges \$1.00 for the first 1,500 gallons; and 50c per thousand for all over 1,500 gallons. In addition, Dublin charges \$3.00 per year for every residence connected with the sewer.

Abilene, a city of over 10,000 people, charges 25c per thousand gallons and in addition, charges for sewer privileges, 75c per month for the first fixture, and 25c per month for each additional fixture.

Comanche, a city of about 2,000 people, charges 50c per thousand for the first 5,000 gallons and 35c per thousand for all over 5,000 gallons. In addition Comanche charges 50c per month for each residence connected with the sewer and \$1.00 per month for each business house.

Big Springs, a city of 4,500 people, charges \$1.50 per month for 1,500 gallons (minimum); from 1,500 to 13,500 gallons, 62 1/2c per thousand; from 13,500 to 38,500 gallons, 50c per thousand; from 38,500 to 78,500 gallons, 37 1/2c per thousand gallons. All above 78,500 gallons, 25c per thousand gallons.

A great many other instances could be cited of Texas cities whose water rates are much higher than those of Hereford, and some of them have gravity systems.

While the rates charged by one city are not an accurate guide for any other city to be governed by in fixing its rates, on account of different local conditions, yet it is true that there are very few cities in Texas which have lower rates than has the city of Hereford. Very many of them have higher rates.

It is the intention of the City Commission to publish within a short time the receipts and expenditures from the

operation of the water works for the year 1921.

The City Commission would be glad to reduce the water rates, and in fact very much regretted the necessity of being obliged to raise them on the first of October, but conditions were such that a raise in the rates was necessary. Otherwise the expense of maintaining and operating the waterworks would have had to have been paid out of funds raised by general taxation, from those who do not use water as well as from those who do.

It is obvious that the rates ought to be high enough so that the income from the water sold will pay the operating expenses of the plant and furnish some surplus for improvements and extensions that must be made from time to time.
