TUESDAYS—TWICE-A-WEEK—FRIDAYS

21st YEAR, NO. 88.

HEREFORD, DEAF SMITH COUNTY, TEXAS, TUESDAY, JAN. 3, 1922.

## PREMIUMS ON POULTRY ARE FIGURED OUT

LIBERAL SUPPORT OF MERCHANTS IS NOTICED

## PARMER'S STORE

Has Been Secured for Show. Entries Continue to Arrive Daily

It has been decided to hold the Hereford Poultry Show in the Parmer building, just vacated by Geo. A. Stambaugh. This has been made possible through the courtesy of W. B. Parmer, owner of the building. There could not be a better location found in the town and the committee is congratulating itself upon its good luck.

Entries continue to come in and it now begins to look like a 100 pen show. Among entries received since last report are the following:

Light Brahmas—A. E. Conaway, Black; Single Combed Reds—Mrs. C. G. Ball, 10 miles east; R. T. Nunn; J. D. Merrell; Rose Combed Reds—Geo. W. Smith, two pens; Brown Leghorns—Leo Wolf; Buff Orpingtons—E. S. Ireland, A. S. Morrison; Black Sumatra Games—Maud Rippey, Dimmitt; Barred Rocks—Mrs. Arch Collins; one Bantam Hen, fourteen years old, T. F. Bishop.

The business men have been generous in donations of cash and merchandise prizes, and lists of these are given below. Owing to the fact that additional breeds of chickens may come in before opening day the committee is holding several prizes to cover such possibilities and these will be announced from time to time. An earnest effort has been made to distribute the prizes with justice to all, based upon the popularity and demand for the breed and always looking toward the basic reason for the show, which is the encouragement of commercial poultry rather than of ornamental breeds. Premiums arranged to date, subject to minor changes for errors and additions, follow:

## Boy Babies Gain On the Girls in Stork's Contest

The stork's job in Deaf Smith county is becoming heavier and heavier year by year, and, incidentally, the girls are rapidly being overhauled in numbers by the boys, according to the vital statistics for 1921 just being forwarded to state authorities by county clerk Lee Biggs.

Mr. Biggs' figures for the past twelve months show that a total of 57 babies arrived in this county during that time, of whom 30 were boys. This is a gain of eight over 1920, when a total of 49 births were recorded. There were 25 boys in this consignment. Only one more boy than girls in 1920, and three more boys than girls in 1921. At this rate a mathematician might figure how long it would be before there would be enough surplus boys in the United States to match the oversupply of girls in England that has been causing so much comment of late.

## UNCLE SAM'S RAILROAD NEARLY DONE

Uncle Sam's own railroad, 471 miles in length, which he has been building in Alaska for about eight years, is nearly completed. It is a monumental work, with numbers of great bridges over torrents, long tunnels, deep "fills" and many snowsheds. Above is a photograph of the interior of one long snowshed. The picture is one of a large number just obtained from Alaska by the "Scientific American" and is printed herewith simultaneously with that journal, by special arrangement.

## Railroad Meeting At Plainview is Set for Tuesday

A meeting of all interested towns in this section of the Panhandle has been called by the Plainview Chamber of Commerce for Tuesday, at which concrete plans will be laid down for securing the proposed railroad from Fort Worth into this section. A similar meeting was held at Ralls, Texas last week. Everybody on the Plains is planning to annex the line, apparently, and of course, everybody wants it to come their way. Hereford would like to see it come through Dimmitt, Hereford, Grady and on to Tucumcari.

A local delegation composed of E. W. Harrison, D. L. McDonald, Captain John Estes and S. J. Weaver left Tuesday morning to represent Hereford and keep in touch with the project.

## MISS GRIFFITH IS ANXIOUS FOR SUPPORT OF PARENTS

Now, that the Christmas holidays are over, and the fifth month of school has begun, we are making a special effort to make the last half of our school much better in every way than was the first half. To do this, we are asking the support of the patrons and friends of the school. Parents, we cannot hope to give very much service to your boys and girls who do not attend school regularly. Not only do we consider it important that your child be in school each day, but more, we believe that it will be absolutely impossible for children above the lower grades, especially those in the seventh grade—and High School grade—to accomplish very much unless they stay in their rooms each night during the week and either Friday, or Saturday night, preparing their lessons.

Parents, you are the ones to finally decide this question. We recognize that this appeal we are making to you is a weighty one and we are doing this in the interest of your child. May we suggest that unless your boy or girl is giving his or her time at night to his school work—not just a few minutes, but really studying from one to two or three hours each night, then you may be sure that your child has not enough to do, or that he is not making passing grades.

Again, we want to appeal to the different organizations of our town to arrange their programs, if possible, where our school children are supposed to attend, to come on Friday, Saturday or Sunday night. You may not have thought about it, but anything that takes your child's mind away from his studies, is very hurtful to his school work, and often results in future disaster.

We want to assure you that many of the boys and girls are doing good work in school, but we also believe that there are too many who are irregular in attendance and are not doing anything like what they should do in school.

Parents, in making this appeal to you, we have only one thought in mind, and that is, as teachers, to render your boy and girl the very best service possible, and we know we cannot do this to the fullest extent unless we have your support and cooperation.

We are working, and working hard, for your children. In helping us, you are not only helping your child now, but adding him to live all the years of his life to come.

We shall be glad to have you visit the school at any time, and talk over with us anything pertaining to your child and his school work.

Your Superintendent,  
Millicent Griffith.

## County Bureau is Organized Here By the Farmers

Deaf Smith county farmers to the number of over fifty, met in the county court room Saturday afternoon and perfected a county organization of the Texas Farm Bureau and the Texas Wheat growers Association. Hon. Lee Satterwhite made the principal address, outlining the plans of the organizations and requirements and prerequisites of membership. Troy Womble presided as chairman. Judge L. Gough followed Mr. Satterwhite and handled the movement for membership. Nearly twenty members were secured, most of whom took membership in both the wheat and Farm Bureau organizations. Officers elected were Troy Womble, president, A. Lawther, vice president, George W. Smith, treasurer, J. C. Miller and C. P. Galley will serve with these officers as the executive committee. Troy Womble was elected to represent the county at the state meeting of the Farm Bureau at Dallas January 4-5-6, with Judge Gough as alternate.

## NEW YEAR'S CELEBRATED WITH ANVILS AND PARTIES

New Years was celebrated Saturday night by the shooting of anvils, guns and revolvers and the ringing of bells everywhere. Some of the shots from the anvils were extra heavy and as a result some glass was shattered, including the front transom of The Brand office. Many Watch Parties were in progress also, and the young folks took advantage of the occasion to celebrate in a number of ways.

## A PRE-COMMUNION WEEK ANNOUNCED BY PRESBYTERIANS

Rev. J. R. Sharp announces pre-communion services at the Presbyterian church Wednesday, Thursday and Friday evenings of this week, beginning at 7:15 p. m. Song service will start at 7:00 o'clock. On Sunday, January 8, at 6:00 p. m. a program by adults will be given in the main auditorium, the subject being "Blood of the Conquerors," followed by stereopticon slides at 7:00 p. m.

## Did You Crawl Out at 12:01 To Answer Phone?

Did you go to bed Saturday night at 10 o'clock, like all staid citizens are supposed to do?

And at 12:01 a. m. did the jangling phone bell wake you up out of a sound sleep? And did you finally crawl out in the cold, swearing under your breath, and step on your garter buckle first thing, and feel your way over a chair or two for the light switch, and then hurry out into the blizzard in the hallway, and growl "hello."

And did a pleasing feminine voice, with a hint of laughter in it, sweetly inquire: "Is this 1-9-2-2?" And did you snap: "No!—this is—"

And then did the laughing voice say: "But it IS 1922!"

And then did you stammer and splutter and say lamely: "Thanks for the information." And then did you hurry back to bed, mad as a wet hen, and your good wife opened one eye and chuckled at you?

And then did you grin in spite of yourself—and crawl in, and hunt around for that warm spot you left, to stick those cold feet into?

Did'ja?—we did.

## Flames Destroy Tom Wood's Barn And Garage Bldg.

An early morning blaze Tuesday, about 7:00 o'clock, destroyed the combination barn, garage and chicken house belonging to Tom Wood, in west Hereford. The automobile and chickens were saved. Total loss was reported to be about \$1,000. \$375 of which being Watkins Remedies, for which Mr. Wood is agent. Insurance was carried to the amount of \$500.

An attempt was made some weeks ago to set fire to the same building, but the flames were discovered in time to avoid loss.

Last Saturday night the fire company was called out when some tourists discovered grass ash near the A. W. Chandler home east of the Hereford Nursery. No loss resulted.

## MISS PEARL HYER WELL KNOWN NURSE IS NOW A BRIDE

On Saturday, Nov. 5, occurred the marriage of Miss Pegri N. Hyer, Children's Secretary, Texas Public Health Association, to Mr. Lamar L. Hazel. The ceremony was performed in San Antonio, Texas. Mrs. Hazel has been with the Texas Public Health Association for the past three years. During the past year, she has had charge of the Modern Health Crusade, and has perfected a wonderful organization among the school children of Texas.

Mr. Hazel sailed Nov. 19 for Tampa, Florida, where he is interested in the growing of citrus fruits. Mrs. Hazel will remain with the Association through this school year.

Mrs. Hazel was with us for a month last year, and about two weeks the present school year in work with the children.

## ADKISSON PLANS TO IMPROVE RANCH AND MOVE ON IT

Will Adkisson, formerly proprietor of the Cordova Hotel, is improving his half section fifteen miles northeast of Hereford. Mr. Adkisson is building a new house and making other substantial improvements and expects to move his family to the ranch this week.

## IRISH ARMY

President De Valera reviews the Irish army at Six-Mile-Bridge, County Clare.

## Gun Club Wipes Out Pigeons at Farmers Request

Residents of Hereford were startled Monday afternoon by a shotgun bombardment in the heart of town that sounded like a pitched battle was in progress. Investigation developed the fact that the Hereford Gun Club was intent upon exterminating the plague of pigeons which infest the public buildings and big barns about town.

Farmers have complained to the city administration that these pigeons carry hog cholera from infected pens to clean pens and cause heavy loss, and the club was allowed to solve the matter by the city authorities. All afternoon the hunters picked them off and it is estimated that 500 pigeons bit the dust during the afternoon. However, there appears to be more pigeons than were killed, and no doubt the hunting will be allowed to continue until the pigeons are all wiped out.

## HARLEY T. GREEN WEDS MISS EDITH TAFT OF WISCONSIN

Harley T. Green and Miss Edith Taft, of Bell Center, Wisconsin, were married Saturday, December 31, at the home of Mr. and Mrs. Lee Conklin. Mrs. Green will leave for her home Wednesday and Mr. Green will follow as soon as he gets his business shaped up here.

## DR. PRICE BEGINS IMPROVEMENT; TO GO HOME SHORTLY

Dr. W. A. Price was reported to be out of bed Monday at the Sanitarium and will probably go home the first of the week. Dr. Price has been very ill and has had an up-hill battle, and his legion of friends will be delighted to hear of his improvement.

## Garrett Goes Home

M. F. Garrett of Corsicana, Texas, left Hereford Tuesday morning for his home. Mr. Garrett owns land fourteen miles north of Hereford and contemplates some improvements the coming spring. He is dealing in live stock at present and is especially interested in the mule industry.

## LUNCHEON IS SNAPPY AND FULL OF PEP

BUSINESS MEN BEGIN NEW YEAR RIGHT AT MEETING

## A COUNTY AGENT

Body Resolves to Endeavor To Secure Man to Aid Farmers in 1922

Twenty-two busy men met at luncheon last Monday and started off the New Year right by a rousing, busy session. It was the snappiest and most optimistic meeting that has been held in weeks and argues well for the fighting spirit of all Herefordites for the coming year.

The railroad meeting at Plainview Tuesday, when towns of the Panhandle will meet and consider concrete plans for the proposed line from Ft. Worth, was taken up and talked over. It was announced that E. W. Harrison, D. L. McDonald, Captain John Estes and S. J. Weaver were ready to go, and an invitation was extended to anyone to join the party Tuesday morning.

The hog convention details were gone into. E. W. Harrison stated that the plans for the show of the National Hog meeting had arrived and that the Star Theatre had invited the convention to hold their sessions in that building. On motion this invitation was accepted. The Sale will be held in the Sales Pavilion on Wednesday, January 18. A sub-committee consisting of J. E. Hill and Edgar Ireland, have in charge the arrangements for the banquet.

Chairman Lee Biggs of the Poultry Show reported tremendous interest in the coming show and stated that the show would be held in the Parmer building.

W. E. Dameron then talked interestingly of the need for a County Agricultural Agent for Deaf Smith county. Mr. Dameron stated that the day of depending upon the big things to the neglect of the little things in this county had passed, and that "what is everybody's business is nobody's business" and therefore we need a trained man to push the advancement of the chickens, and turkeys, and hogs, and cows and better feed crops.—G. A. F. Parker, Homer Wilkinson, E. B. Black and Carl Gilliland all seconded the motion in supporting talks. County Commissioner Farmer, who was present, stated that if the people wanted an Agent and the Court could be shown how the movement could be financed, he would favor it. The chair appointed a committee to bring the movement to a head and to present it to the court. The committee consists of the Secretary, as chairman, Ralph Barnett, F. H. Oberhieser, J. E. Hill, T. K. Wilson, W. E. Dameron and C. H. Dyar.

G. A. F. Parker called attention to the fact that under the new state laws the county is now enabled to take over library activities and also establish a County Park and maintain both by small tax assessments. He suggested that the present City Library be turned over to the county.

## Swine Convention Is Not Hog Show As Some Supposed

The coming convention and sale of the Panhandle Swine Breeders association at Hereford January 17-18 is not a hog show. Some misunderstanding has arisen over this point, and several local breeders have been preparing to bring in their hogs for exhibition.

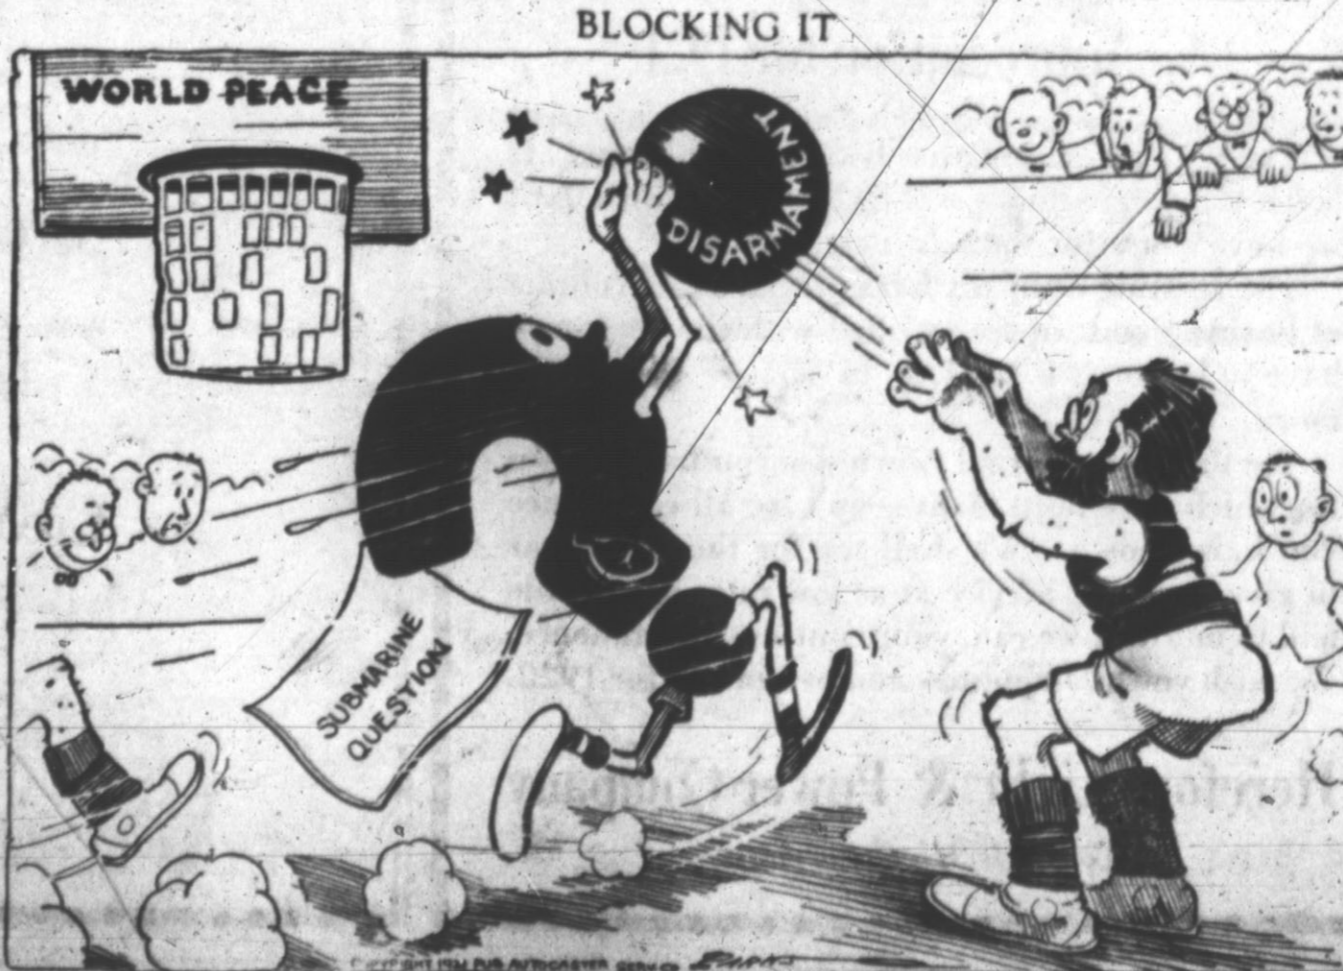

The first day will be a meeting of the members of the association, at which a regular program, previously published, will be carried through. On the second day members of the association only will offer at auction registered bred sows which they have previously entered with the association. No other hogs will be sold, and none will be offered for exhibition.

Every hog man, and every farmer in the Panhandle is most cordially invited to attend the sessions of the convention and the following sale, but it has been thought best to correct the impression that this meeting was a hog show.

## IOWA MAN COMES HERE TO INSPECT RANCH HOLDINGS

Mr. and Mrs. H. P. Seeman of Boston, Iowa, arrived in Hereford Monday morning from Las Vegas, N. M., where they have been visiting friends over the holidays.

Mr. Seeman owns property in this county, near Kolsa. They will probably remain here for several weeks.

## HONEY PHILOSOPHY FOR 1922

Comrade Debs is out of jail, pardoned, but Comrade Bill Smith—many Comrade Bill Smiths—who went to France to defend America and her honor, is still in jail somewhere or other for an infraction of an army rule. Comrade Debs advised American disgrace; advised soldiers to be Benedict Arnolds, but he is free. Comrade Bill Smith offered his life to his country and took the supreme risk of humanity, but he is still in prison. This may not be very "honey philosophy" but it certainly is honey indignation. We wonder how long this indiscriminate against patriotic heroes and in favor of traitors will last.

## NEW YORK NOT AN AMERICAN CITY

To many of us living west of the Hudson river—westward to the Pacific—the city of New York has loomed up as a place of wonders, as a city of divers immensities and mysteries. All this has been impressed on our minds by plays, movie show and stories, when, as a matter of fact, the thrills and cleverness of New York were almost entirely imaginative.

There used to be a popular song on the Bowery, once a filthy "joint" district in New York where everything went. It ran like this:

"The Bowery! The Bowery!  
They say such things and they do strange things

On the Bowery! The Bowery!  
I'll never go there any more."

The "Bowery" has gradually been lost, lost in the immensity of a new Bowery, which new Bowery is practically the whole city.

New York is no longer an American community. It has been flooded for a quarter of a century by certain elements from eastern and southern Europe; people who have no desire at all to learn American manners or American customs. Indeed, their set intention is to retain their own customs and manners. And inasmuch as there are millions of them in New York and vicinity they are steadily, irresistibly, forcing their ways, their customs and their ideas of morality and living on the people around them.

The only restraining influence is the large Irish population of New York. Say what you will of Tammany Hall and its galaxy of bold Irish politicians the absolute fact is that it is they who

**Notice of Sale of an Estray**  
Notice is hereby given that I, B. A. Witherspoon, City Marshal of the City of Hereford, Texas, did take up and impound on the thirty-first day of Dec., 1921, three head of cattle described as follows: One dark red dehorned or muly cow, about 8 years old, branded (A I, connected) on left hip, marked under bit and two splits in right ear, no other visible marks or brands. One light red cow, dehorned or muly, about 8 years old, branded T anchor on right side, marked underbit in right ear, no other visible marks or brands. One red and white spotted cow, about four years old, dehorned or muly, branded 6 on left hip, no other visible marks or brands.

Notice is hereby given that I will, on the seventh day of Jan., 1922, at my place on Twenty-five Mile Ave., in the city of Hereford, between the hours of one and four o'clock, p. m., of said date, proceed to sell the above described stock at public sale, unless redeemed by the owner prior to said date. The owner may redeem the above described stock at any time before date of sale by paying fees for taking up and advertising.

This the second day of January, 1922.

over to the Court as a starter. Mayor Knight said the city would be glad to do so and spoke in favor of the project. Mayor Knight, Mr. Parker and Carl Gilliland were appointed a committee to handle the project.

Chairman McDonald and Mayor Knight reported that farmers outside the city limits had complained about the city pigeons, which spread hog cholera from infected pens to clean pens and were causing great loss to the hog men. Mr. McDonald said it had been suggested that the Hereford Gun Club take some needed practice in cleaning out the pigeons. After discussion of property rights respecting pigeons, etc., it was discovered that E. W. Harrison and H. L. Broadwell were supposed to own most of the pigeons in Hereford. Both men laughingly denied ownership and agreed to surrender all claims to the birds. No action was taken, but it was generally agreed that the Gun Club could use its discretion about the complaints.

Next Monday the Club will meet at the City Cafe and it is hoped that the splendid example in attendance and interest set on January 2 will be maintained. Those present Monday were: D. L. McDonald, W. E. Dameron, Wm. M. Knight, Homer Wilkinson, E. W. Harrison, Directors; and W. T. Womble, H. L. Broadwell, C. H. Dyar, W. R. Steckman, T. K. Wilson, G. A. F.

## FT. WORTH WANTS AMARILLO'S GAS

News comes from Fort Worth that a twenty million dollar syndicate is being formed to pipe gas from Amarillo to Fort Worth and Dallas, and that committees will be sent out to interview the various towns along the road as to what they are willing to do.

Amarillo has admittedly the greatest gas field in the world, and the field is only partially developed, geologists are free in predicting that the life of this field will be over fifty years.

What this will mean to the towns along the Denver when they will be supplied with cheap fuel can only be conjectured, but it spells a grand future to the industries of those live burghs that will be up and doing.—Quannah Tribune Chief.

The seven creamery plants of Kings County, Calif., last month paid \$401,150 to farmers of the county for milk and cream. The average price per pound paid for butter fat was 52 cents.

## An Appreciation for 1921

The year just closing has been a notable one. It has had its vicissitudes and its losses, but with it all we have cause for thankfulness.

The lighting company has enjoyed a fair volume of business and we are satisfied with the year—we have to be for it is too late to change conditions now.

We thank you for all courtesies you have shown us, which have been many—and for all confidence you have shown. We shall try for the New Year to give you good service at as low rates as possible and to merit, if we can, your continued confidence. We wish you all happiness and prosperity for 1922.

**Educational Column**

"Be not ashamed to own thy follies, but be ashamed not to end them."

After a very pleasant vacation on the part of both teachers and pupils, we are down at hard work again.

We have now passed over the Seven hundredth mark of enrollment.

Wilbur Slaton spent a part of his vacation with his parents, Judge and Mrs. Slaton, at Channing.

Miss Mary Lou Roberson, who has been ill the past five weeks, is able to take her place as teacher in the 3th grade again.

Miss Mattie Swisher spent part of her vacation in Clovis with old-time friends.

Annie Fitzhugh Parker of the class of "1921", who is now a student in Kid-Key College, returned to her work on last Friday.

We are told that the smallest denominations of paper money ever issued by the United States was 3, 5, 10, 15, 25 and 50 cents, during the Civil War, owing to the scarcity of minor coinage.

The notes were popularly known as "shin plasters."

This may be of interest to the Bible students of our Public School: When Absalom's long hair became entangled in the thicket after he was escaping from the battle of Gilead, he was slain by his cousin, Joab.

Eugene V. Debs believes in the "open door."—Exchange.

Some one has asked the question—If education makes a person refined, why is a college course?

Miss Read, in her Chemistry Class: "Why didn't you filter this?"

Student: "I didn't think it would stand the strain."

History tells us that the largest animal alive today, and, perhaps the largest living thing the world has ever known, is the blue whale. This whale reaches a length of ninety feet, and weighs more than seventy-five tons.

Ten or twelve men can stand upright in the mouth of a blue whale, although its throat is only nine inches in diameter. It lives almost entirely on little red crustaceans, and from a party filled stomach of a blue whale more than one thousand pounds of shrimps have been taken. Its strength is enormous, and time and time again, after it has been

harpooned, it has dragged a fair sized ship, with the latter's engines racing at full speed astern, through the water for many rods, as if it were a row boat. It is one of the so-called "whale bone" whales, and yields flesh to eat, sperm oil, and bone, so that a single large whale will almost pay for a ship's voyage. It is a vigorous fighter when protecting its young.

Push is the word that explains all the wonderful achievements and triumphant progress of this 20th Century.

When a stranger calls at our home we instinctively inquire of ourselves, who is he? And then later, what is he? Books are men and women transferred by their thoughts to paper, and if we are wise before we admit one to the sanctities of our homes we will ask who wrote it, and what is it?

In the spelling contest of one hundred words just before the Xmas holidays, in the High School, Elmer Patterson, of the 9th Grade, made 100 per cent.

**RUBBER OVERSHOES SCARE OFF RAIN; WINDY AND DUSTY**

It's all Nestor Gass's fault. You see, it happened this way:

Early Tuesday morning heavy rain clouds were hanging all around, promising like, and the breeze was WET, and then it actually drizzled ever so slightly. And everybody was perking up and preparing to have their clothes pressed Wednesday, and put out tubs in which to catch water with which to wash their hair.

About that time Nestor started for the country, and to everybody's horror he was observed to throw a pair of RUBBER OVERSHOES into the back of the car. Friends argued and pleaded with him, but Nestor believes in preparedness.

Of course that spilled all the beans. In fifteen minutes the clouds cleared away, a high wind from the west took charge, and by eleven o'clock a man had to wish his neighbor's face to name him.

They say they are considering a COURT MARRIAGE for Nestor.

We like the people of Hereford and Deaf Smith Co., among whom we have cast our lot and especially do I, as owner of the Halsell Grocery Store, thank my customers for their patronage and the great pleasure derived from their association. I wish them a prosperous and Happy New Year.

The World War and the credit system have almost made the nation bankrupt, but we have learned some useful lessons from our financial difficulties. To my mind the only way to pull thru is to economize, deal on a cash basis as far as possible and be sure to keep up our faith and courage.

In my opinion, prices will be downward, we will sell as cheap as possible, giving our customers fresh goods at satisfactory prices for the cash.

All our meats and lard will be cash and in no event can we offer to make a ticket unless we feel practically certain purchaser can meet his obligation on the first of the month.

We have to pay cash to the jobber.

and in order to sell at a close margin, we must have the cash.
