Whitefaces To Meet Snyder in Play-offs Feb. 28

HERD DUMPS DUMAS, 74-63, FOR DISTRICT

Conquering Dumas, 74-63, here Tuesday night to win the District 1-AAA basketball championship, the Hereford Whitefaces now move into the Region I play-offs against Snyder of District 3-AAA at Lubbock Friday, Feb. 28.

HEREFORD WILL meet Snyder 8:30 p.m., after Kermit and Gram play at 7 p.m. Consolation game for the losers will be played 2:30 p.m. Saturday and-finals 4 p.m. The regional champ will enter the Class AAA state championship tournament at Austin, March 6, 7 and 8.

FINAL 1-AAA STANDINGS table with columns: Team, Won, Lost. Lists Hereford, Phillips, Dumas, Littlefield, Welland.

Results Hereford 74, Dumas 63 Littlefield 65, Littlefield 64

Admission for both games each will be \$1 for adults and 50 cents for students.

Supt. of Schools Fred Cunningham, Athletic Director Jack Harris and coach Cuby Kitchens represented Hereford at a Region I meeting in Lubbock Wednesday morning to work out the play-off schedule.

Snyder also won its district Tuesday night, beating Lake View, 61. The Tigers had seven wins and one loss in district competition to stand 15-12 for the season.

HEREFORD ALSO has a 7-1 district record and won 15 while losing six over the season.

Tuesday night's win was a must for the Whitefaces. A loss would have thrown them into a tie with tough Phillips and a sudden-death play-off would have been necessary this week to determine the championship.

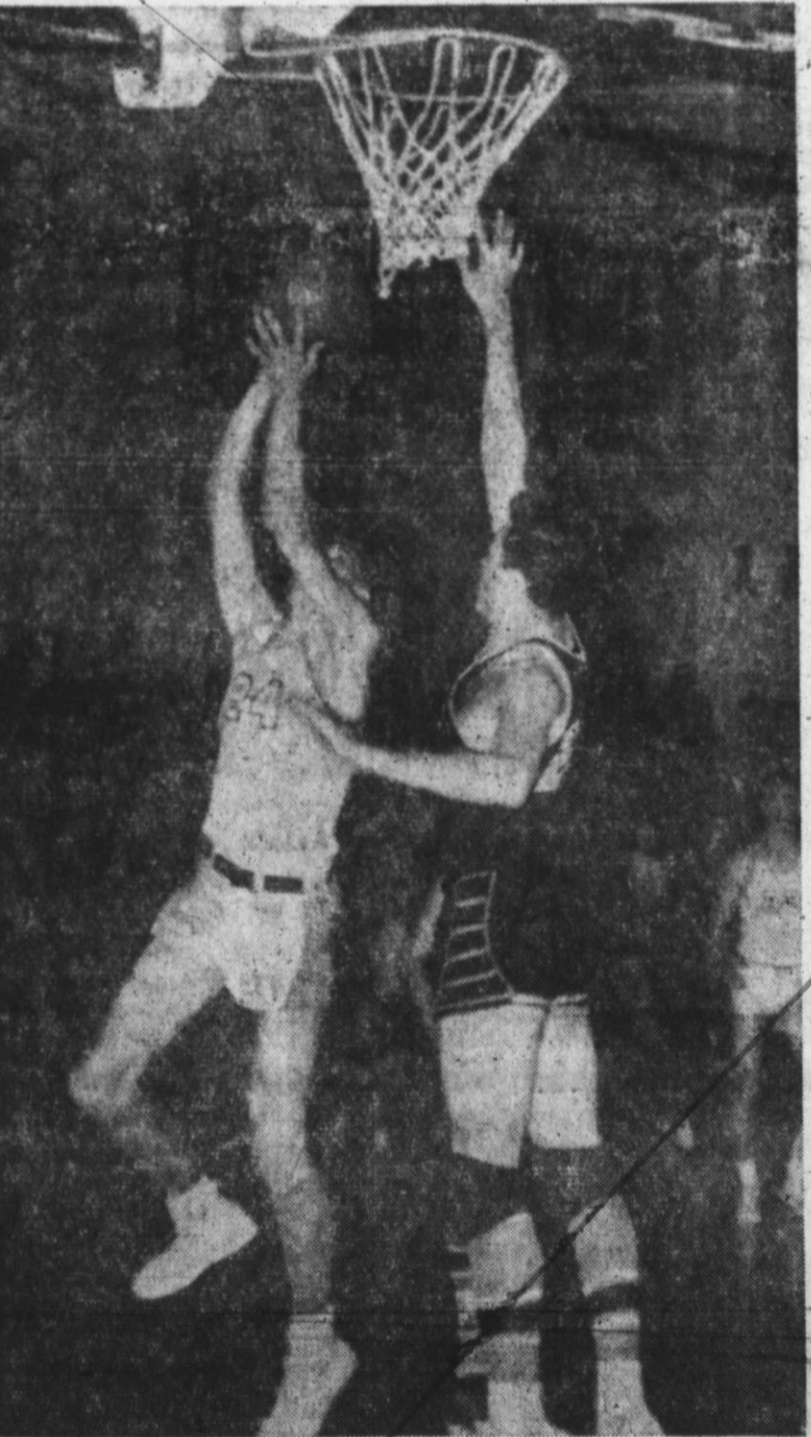

A standing-room-only crowd of about 1,100 shouting fans saw the Whitefaces overcome the third-place Dumas with a hard-driving attack and a hard-to-break defense.

THE WHITEFACES led most of the way and overcame a Dumas rally in the third quarter and pull-away in that period to take a 16 lead going into the final quarter.

Hereford had lead, 36-30, at the end of the game but Johnny Cleveland and (Continued On Page 2)

VICTORY—Hereford High's basketball coach Cuby Kitchens is hoisted to the shoulders of fans and players after the Whitefaces defeated the Dumas Demons, 74-63, here Tuesday night to win the District 1-AAA championship. (Staff Photo)

TWO POINTS—Hereford forward Steve Slagle breaks past Dumas Demon Gary Haseloff to drop in a field goal in the second quarter of the game here Tuesday night. Slagle scored 16 points in the game and was an aggressive defensive man. Hereford player in background at right is Jim Cutsinger. (Staff Photo)

Tickets Issued for Minor Accidents Monday, Tuesday

City police investigated two minor traffic accidents in Hereford, one Monday and one Tuesday, and issued tickets in both cases.

Monday at 7:15 p.m. cars driven by Thomas W. Roberson, 66, Rt. 4, and Tommie Kay Robinson, 14, 234 Ave. B, collided at the intersection of Fourth and Sampson. Roberson was cited for running a stop sign. Total damage was estimated at \$337.

Tuesday at 9:28 p.m. cars driven by Gary Lee Miner, 15, Rt. 4, and Gwendolyn Wilson, 17, of Hereford, collided at the intersection of N. Main and Seventh with \$200 damage. Miss Wilson was given a ticket for failure to grant right-of-way and Miner was cited for speeding.

City Engineer in Auto Turnover

Bill Ray McMorries, 31, of Amarillo received a cut hand when his car overturned on U. S. Highway 60 seven miles east of Hereford about 10:45 a.m. Monday.

Highway Patrolman Tom Heatherly said McMorries, consulting engineer for Hereford, was passing a truck driven by Nives Rodriguez when the accident occurred. Heatherly said Rodriguez had started to turn left onto a county road when McMorries started to pass. McMorries missed the truck and overturned his car.

Rodriguez was given a ticket for making an improper left turn and McMorries was cited for passing within 100 feet of an intersection. Damage to McMorries' car was estimated at \$900.

County ASC Committee Makes Wind Erosion Program Changes

A CHANGE in the wind erosion prevention practices and financing has been made by the Deaf Smith County ASC Committee, according to ASC office manager Faust Collier. This year, since there is sufficient moisture in the top soil, the committee has amended the specifications of the practice as to depth, from six to five inches and the payment rate from 65 to 50 cents per acre.

Commissioners Approve \$404,485 City Budget

\$100,000 Bond Election To Be Called Soon

Hereford city commissioners Monday night approved a proposed \$404,485 budget for the coming fiscal year, which is an increase of \$48,355 over last year's \$355,950. However, no mention of tax increase was made, as City Manager Dudley Bayne declared the budget would balance with the total anticipated receipts.

Most of the increased revenue, Bayne said, was to come from the city water department income. "No particular department will receive more funds this year than last. It's just a general overall increase in expenditures for each," he commented.

Nineteen people were present, other than the commissioners and city attorney, to hear the budget reading by Bayne. Last year only one person not directly connected with the city government showed up. Fourteen of those attending Monday night were from St. Anthony's elementary school.

The commissioners voted to have the highway expansion program joined with a rather large street improvement plan, and to have it all voted on by the people on a bond issue which will total \$100,000. No time for the bond election has been set as yet. The information will have to be sent to a Dallas bonding attorney, where the call for election will be written and returned, at which time the election will be called.

Bonding companies will have nothing to do with this type of a program, Bayne said, unless an authorized bonding attorney does the preliminary work.

SCHEDULED TO be voted on under the single program are a storm drainage on Highway 60, \$48,000; seal coating of various city streets, \$10,000; new traffic control signals, \$11,500; street paving, \$21,000; and street drainage, \$9,500. The total figure, \$100,000, is too large for the general operating budget to absorb, declared Bayne. "Without the bond issuing, the city will be in the red for about five months during the coming year."

On the matter of widening the highway through Hereford's city limits, Mayor Ray Godwin said, "If we don't do this now, it will be only a matter of a few years before the highway will be taken a (Continued On Page 2)

Nuge Rose Medical Research Fund Is Established Here

The Nuge Rose Memorial Medical Research Fund has been established by an anonymous friend of Mr. Rose, who died Saturday in a Lubbock hospital.

The fund, which will provide approximately \$200 per month for the next 20 years, is to be used jointly by the surgery department of the University of Texas Medical School and the Deaf Smith Research Foundation to conduct research on disease of the central nervous system in children. Mr. and Mrs. Austin Rose, parents of Nuge, received a letter dated Feb. 17 establishing the fund with income from oil production. The letter was signed "A Friend."

The Deaf Smith Research Foundation and the University of Texas Medical School will start a 10-year, four-point research program about April 1. One phase of the program, which was planned last fall, includes study on the effects of bodily chemicals on the central nervous system.

Three Entered in City Commission Race First Day

Three names have already been entered in the race for two positions on the city commission, as of yesterday morning. All three registered Monday, the first day.

Two are incumbents, Dr. R. R. Wills, for place four, and Troy Moore, place three. Dr. H. A. Cavness is the third to file. He registered for place three.

ALL APPLICATIONS for the commission election must be filed 30 days prior to the election, which is to be held April 1. Candidates must have been a resident of the state at least one year and of the city at least six months.

Incumbents Moore and Wills were elected to serve a short term, after the city charter was amended in 1956. Actually, they will lack (Continued On Page 2)

We Got Kids! Services Held for Hereford Resident

Hereford's public school enrollment is increasing faster than both the state and national rates, according to figures released by the Bureau of the Census and local school officials.

Nationally, enrollment jumped to 41.2 million in October, 1957, 27 per cent higher than in October, 1952. In Texas, the number enrolled in the present school year is 24 per cent higher than five years ago.

Hereford's enrollment has increased 30 per cent since October, 1952, with 2,506 enrolled this year as compared to 1,928 in 1952. The Bureau of the Census estimates that three-fourths of the national increase results from population growth and the other one-fourth comes from the higher proportion of students enrolled in school.

Funeral services for Nuge Johnson Rose, 37, of Rt. 5, were held in the First Baptist Church Monday afternoon with the Rev. Howard Scott, pastor, officiating.

Mr. Rose died in West Texas Hospital at Lubbock Saturday at 4:30 p.m. after a long illness. He was born Jan. 29, 1921, in McAdoo and came to Deaf Smith County in 1949.

He was a farmer, a member of the First Baptist Church here and a veteran of World War II. Survivors include his parents, Mr. and Mrs. Austin Rose Sr. of Hereford; a brother, Austin Rose Jr., of Hereford; six sisters, Mrs. Katherine Spratt, Mrs. Lucile Macker and Mrs. Joyce Johnson, all of Lubbock; Mrs. Ibez Harman (Continued On Page 2)

Around Town

Records from the second annual "Project Christmas Card" were turned over to Deaf Smith County Hospital Tuesday. The \$348.85 will be used to furnish the maternity ward, waiting room and supply additional furniture for the children's wing. The Hereford Medical Auxiliary sponsored the project.

Representative from the Texas athletic department will be F. M. Cox's office in the Hotel Hill at 5 p.m. Friday to sell seats at the Lubbock pool's new stadium. Prices for seat options are \$100, \$200, and \$300, depending on the seat's location.

Earl Springer, Hereford High School nurse, has announced there will be a Future Nurses Club meeting in the high school play hall Saturday beginning at 8 a.m. Future nurses from Lubbock, Borger, Friona and Palo Duro Amarillo high schools will present for the all-day meeting.

An area Future Nurses Club will be organized at the meeting. Joe Miller, local attorney, was elected chairman of the grievance committee of the 18th District. (Continued On Page 2)

Day of Prayer Here Friday

World Day of Prayer, sponsored by the local unit of the United Council of Church Women, will be observed at 3 p.m. Friday in the First Presbyterian Church.

Mrs. H. D. Boardman, president, has announced the theme for the program "The Bread of Life" with Mrs. Jim Loving serving as program chairman.

The offering this year will go to inter-denominational Home Missions including the American Indian ministry, and to low income farm families in Puerto Rico and the United States. Also to support of educational centers in Asia and Africa.

Mrs. Boardman extends a special invitation to people of all churches to attend.

Pair Arrested on Hot Check Charges

Two Hereford residents were arrested by sheriff's officer on charges of passing felony worthless checks this week. Joe Wright, 39, Negro, was arrested Monday. He is in jail in lieu of \$1,000 bond. Felipe Padilla, 43, was arrested Tuesday. His bond has been set at \$500.

FFA SMILES—Joan Brown, Hereford High FFA Sweetheart, and Layton Sawyer beam proudly as they look over first place awards won by the livestock and dairy cattle judging teams Saturday. The dairy judging team won over 24 other teams at Floyd, N. Mex. and the livestock judging team won over 17 teams competing at Olton. Gary Kreighauser was the high point individual of the dairy event. David Brumley and Don Walser made up the rest of the three-man team. Jody Bezner led in individual points for livestock judging and Pete Plank came in second. Joe Reinauer was the third man on the team. Both teams will compete Mar. 4 at Pampa and again at the area contest at Texas Tech April 26. (Photo by Bill Johnson)

State Bar of Texas, at a district meeting in Amarillo Tuesday.

A meeting will be held in Plainview Feb. 27 to establish new sugar beet grower acreage allotments. No information has reached the county ASC office yet on 1958 old grower allocations, according to manager Faust Collier.

Hereford Jaycees will have a Ladies' Night in their clubhouse Tuesday, at 8 p.m. It was announced at the regular meeting this week.

The annual Westway pie supper will be held Friday at 7:30 p.m. in the Community House. Proceeds will go to the community building fund.

Walt Disney's "Secret of Life" was shown to Hereford students at a reduced price during the day-time Tuesday, Wednesday and today. School officials consider the film very educational.

Jane B. Elliston was listed as a patient in Amarillo's Northwest Texas Hospital this week.

Mr. and Mrs. Warner White of Springfield have been visiting Mrs. White's mother, Mrs. Rosa Speer, and her sister, Mrs. Frank Marrs and family, for the past two weeks.

Feb. 21 is the deadline for requesting a new grower cotton allotment at the county ASC office. Feb. 28 is the last day for securing a Grain Sorghum Loan or Pur-

chase Agreement at the same office.

An open meeting for all parents and other citizens interested in Little League will be held in the Hotel Jim Hill ballroom Thursday evening, Feb. 27, according to Joel Hodges, league president. Election of new officers will be included in the meeting, along with completion of plans for the 1958 season.

"Pioneer Towns" was the topic of Robert L. Thompson, who spoke Wednesday at Hereford Lions Club. He reviewed the growth and decline of Tascosa, and discussed other "ghost towns" of the Panhandle.

The Rev. Alby Cockrell, First Methodist Church pastor, was guest speaker at the Hereford Rotary Club's regular meeting Monday.

ASC...

(Continued From Page 1)

will be approved only on those areas where it is impracticable to list or chisel the land on the contour, according to the ASC office manager. Contour listing or chiseling must follow the level guide lines at not to exceed twice the terrace interval or must follow terraces.

Cross-slope chiseling must be performed as nearly on the contour as is practicable. Operations which are a part of normal farming operations will not qualify. Evidence of overgrazing or burning of residues will disqualify farmers for payment.

The committee made it clear that it is not anticipated that a large acreage will require this practice, and it is their intention that it be used only on that land which is in danger of wind erosion.

CONVENTION CITY

ATLANTIC CITY, N. J. (AP) — An estimated 319,484 persons attended 399 conventions and trade shows in Atlantic City during 1957.

McGees To Build Furniture Store

Work began this week to move the former First Christian parsonage on the southwest corner of Main and Sixth Street, where Earnest and Lloyd McGees are to have a \$50,000 furniture building constructed.

The brothers anticipated completion of the building, which is to be 75 x 140 feet, about the first of May. It is also to have an 18-foot ceiling for a balcony.

Earnest has been a resident of Hereford since 1945. Lloyd has been manager of McGees Furniture in Portales for the past 11 years.

"We will have parking space on the north and east sides of the building 15 feet deep for plenty of cars," said the brothers. They estimate foundation laying early next week.

IN THE ACT

DANVILLE, Va. (AP) — Frank Allen Goff, 24, of Lynchburg got too excited at the wrestling matches here — and it cost him \$10. Officers testified in Municipal Court Goff climbed to the apron of the ring and started a wrestling match of his own with one of the performers.

Herd...

(Continued From Page 1)

Quinton Eppinette hit 11 quick points between them to push the Demons into a 40-39 lead. The Herd retaliated with a scoring burst of its own and lead 49-41 before Dumas could hit another field goal.

Big Jim Curtinsinger dunked 25 points for high point honors, but three other Whiteface starters also hit the double digit column with Steve Slagle getting 16, Fred Lookingbill, 15, and Bobby Shelton, 12. Terry Higgins had six points to round out the scoring.

Dumas' Johnny Cleveland notched 20 points for the losers. The jump shot artist was held to only two points in the crucial fourth quarter.

The first quarter was frantic with the lead changing hands 21 times before Hereford took a 12-15 lead at the quarter. The scoring was even in the second period with both teams getting 15 points.

AFTER QUELLING the third-quarter uprising by the Demons, Hereford pressed the attack, taking a 57-46 lead as the fourth quarter opened. Dumas closed the distance to 63-58 with 4:10 left on the clock but Shelton hit two free shots and Curtinsinger made one more free shot and Higgins and Shelton each hit from the field to close Hereford's scoring, and wrap up the district championship.

In 1954 Hereford took the District 1-AA title and then dropped Tulia in bi-district play. The Whitefaces then won one game in the regional play-off before being beaten by Childress.

As the game ended, the players and coach Cuby Kitchens were swarmed by fans and students. Kitchens was twice hoisted to the shoulders of the players.

In the coaches' office, Kitchens sat mopping his head with a white towel, still shaken by the tense contest. "Boy, these kids deserved it," he said.

The Whitefaces bounced back after being beaten by Phillips, 49-43, in the opening district game. They crushed Littlefield, 84-47; Dumas, 54-50; Levelland, 61-48; Phillips, 68-61; Littlefield, 76-51; Levelland, 90-61, and then Dumas, 74-63, to take seven straight conference wins. They also nudged Dimmitt, 53-51, to win eight straight games from Jan. 21 through Tuesday.

IN NON-CONFERENCE games, Muleshoe, 55-44; Dalhart, 62-41;

H&H To Construct Furniture Store

Otis Hall, owner of H & H Furniture, announced Tuesday he would have construction start in the very near future on a new 75 x 100 foot building just west of the Red Barn on west Highway 60.

Some ground work has already been done, but no construction has gotten underway as yet.

Hall opened first in Hereford Jan. 1, 1949 in the building where Montgomery Ward is now located. In Nov. of 1950 he moved across from the Post Office and stayed there until last month, when he temporarily set up in the Red Barn.

His new building is to have 100 feet facing the highway. It is to have 88 feet of window display space.

STRONG THIEVES

JOHNSON CITY, Tenn. (AP) — Police had one clue to the burglars who broke into O. G. Kelly Co. here — they had muscles. The loot consisted of 7½ tons of lead, in 100-pound bars.

ADDED INCOME

NORTH VANCOUVER, B. C. (AP) — Five exchange teachers from Britain each were given a \$250 bonus by the school board, because their salaries from England were not quite up to the cost of living here.

Canyon, 60-33; Levelland, 71-46; Littlefield, 70-60, and Tulia, 55-53. They lost to Plainview three times, 61-57, 61-56 and 64-52; and to Tulia, 59-58, and Palo Duro of Amarillo, 67-64.

Dumas won the B game, 96-40, Tuesday night. Clyde Whitaker was high man for Hereford with 19 points.

Levelland and Littlefield closed out their district play Tuesday with Levelland winning, 38-64, for its only district victory of the season.

(Continued From Page 1)

round town, and Hereford is not large enough to withstand such a happening.

"During their explanation to those attending of the reason for storm drainage on the highway, the commission brought up the fact that a drainage of water from an estimated 58 acres runs rapidly onto the highway from the north, and from there on the downfall of the earth was so slight the water stood on the thoroughfare far longer than safety and health reasons would allow.

Bayne estimated that if the city streets which are needing seal coating now were left as they are, it would cost in excess of \$50,000 to repair them in two years.

City departments and their budgets for the 1958-59 fiscal year are: Administration, \$39,568; Fire Dept., \$30,322 (which includes a \$20,000 fire truck); City Health Dept., \$51,150; Park Fund, \$29,695 (approximately \$4,000 to be spent at the swimming pool);

Police Dept., \$55,595; Street Dept., \$48,520; Engineering Dept., \$1,140; Water and Sewer Dept., \$113,325 (\$47,000 bond principle retirement); Airport Fund, \$2,920; Contingency Reserve, \$32,250.

THE APPROXIMATE \$4,000 to be spent on Hereford municipal swimming pool is to include a water heating unit, concrete fence on the south and west sides and cementing sunbathing areas on the south side of the pool.

Several complaints were brought up by commissioners they had received from parents and children about the coldness of the swimming unit will have to be purchased on a bid basis, but thought it could be obtained for about \$14,000.

The solid wall will be constructed to protect the water from debris blown by the southwest winds during swimming season. It will also serve as a wind break for swimmers.

WHERE GRASS is now planted on the south side of the west pool property, but still inclosed by the fence, concrete is to be laid, affording more room which is not being used by sunbathers.

The same is to be done on the southeast part of the pool area. The fence will be moved southward until even with the corner of the bath house, which have become delinquent, the commissioners said they would like

Mother of Local Woman Succumb

Funeral services for Mrs. J. Myrick, mother of Mrs. Earl I. abee of Hereford, were held Tuesday afternoon in Floydada.

Mrs. Myrick, 65, died Monday morning in a Plainview hospital. Survivors include her husband and four daughters.

SALE FIND BARABOO, Wis. (AP) — A woman received a pleasant prize after paying 10 cents for a pendant at a sale of costume jewelry donated to Trinity Episcopal Church.

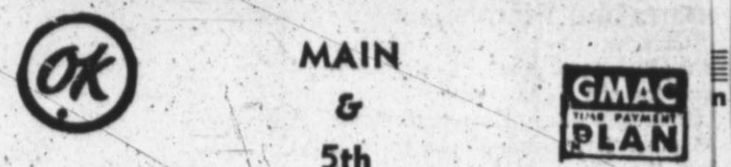

She took the pendant to a dealer who told her it was made of garnets and diamonds valued more than \$200.

SMALL DEMAND HARRISBURG, Pa. (AP) — Officials of the Pennsylvania Show notified Lock Haven restaurateur Jacob Kohlberger that would have no place for his tries at the 1958 show because there just wasn't enough interest in his class. Kohlberger owns a buffalo.

The recent inventors Fa Paris revealed that the FA have built a helicopter on skis.

Bright yellow is the safest protective color to wear in the woods during hunting season, according to tests recently made in California and Washington forests.

Activities Vary For Residents

By VIRGINIA COX

Mr. and Mrs. Glen Andrews from White Sands, N. M., came to visit with relatives last Thursday. They stayed until Sunday night.

Mr. and Mrs. Paul Brooks, Naoma Ruhl, Sharon and Linda Davis from Hart visited with Mr. and Mrs. K. H. Cox, Lynn, Virginia and Larry Sunday evening.

Mr. and Mrs. Glen Andrews, Mr. and Mrs. George Zetsche and Ann, Mr. and Mrs. Owen Andrews, Veradelle and Joe were Sunday dinner guests of Mr. and Mrs. Clark Andrews, Rocky and Kirk.

Mr. and Mrs. Edgar Vinson had a birthday dinner for their daughter, Ediana, Sunday. Those present to celebrate this occasion were Mr. and Mrs. Weldon Stephan, Mr. and Mrs. Doc Miller, Carol Robbins and Darlene Sparkman.

Mr. and Mrs. Spicer Gripp, Nancy and Kim were supper guests of Mr. and Mrs. Floyd Cole, Jana, Bill, Cheryl and Beverly Tuesday night.

The Rev. and Mrs. Baldwin, Godfrey, Eugene, Mrs. Viola King and Jimmy Cassels were Sunday dinner guests of Mr. and Mrs. Henry Dobbs, James and Larry.

Mr. and Mrs. Doc Miller ate supper with Mr. and Mrs. Floyd Cole Wednesday night. Mr. and Mrs. Weldon Stephan called later in the evening.

Baptismal services were held Sunday night at the Frio Baptist Church. Mrs. Shipley and Mr. and Mrs. Arthur Betts were baptized.

Mr. and Mrs. Dave Yandell, Mr. and Mrs. G. W. Parker, Mrs. Bob Doughman and Kathie ate Valentine dinner with Mr. and Mrs. Johnny Robinson Sunday.

Jam and Bill Cole stayed Thursday night with their grandparents. Mr. and Mrs. Earl Cole of Hereford.

Mr. and Mrs. Floyd Cole, Beverly and Cheryl, Mr. and Mrs. Doc Miller and Mr. and Mrs. Don Mobley celebrated Mrs. H. M. Mobley's birthday with her Thursday evening by having a birthday supper together.

Mr. and Mrs. J. E. Andrews and Alma visited Sunday evening with Mr. and Mrs. Bill Benson in Hereford.

Some of those from Frio who attended the Church of Christ dedication were the Rev. and Mrs. B.

H. Baldwin, Mr. and Mrs. Henry Dobbs, Mrs. Viola King, Mr. and Mrs. Herb Schmidt, Mr. and Mrs. Olin Parris and Mr. and Mrs. B. M. Sudduth.

Mr. and Mrs. L. D. Taylor, L. Dee, Larry, Kenny Wade, Robin Kaye from Frio spent Sunday with Mr. and Mrs. Jim Brooks. Kenny Wade came Friday and stayed until Sunday with his grandparents.

Mr. and Mrs. Harold Shearhart, Jim and Jane, Mr. and Mrs. Earl Cole were supper guests of Mr. and Mrs. Floyd Cole Friday night.

T. L. Sparkman Sr. was taken to the hospital last Friday. The doctors aren't certain of the cause of illness at present.

Bob Doughman is going to school in Bryon.

The Rev. B. H. Baldwin is teaching the juniors in the Sunday School study course at the First Baptist Church this week.

Miss Doris Jean Andrews served at the Temple Baptist Church's banquet Saturday night.

Miss Beverly Cole was a year old Sunday. She celebrated this occasion by having dinner with her grandparents, Mr. and Mrs. Earl Cole. Others present were her mother and father, Mr. and Mrs. Floyd Cole.

Mr. and Mrs. K. H. Cox and Larry visited Friday evening with Mr. and Mrs. Jim Brooks.

Mr. and Mrs. Clark Dobbs and Dusty ate dinner Sunday with Mr. and Mrs. Frank Robbins, Stevie, Genie, Gerry and Pattie. Genie went to see Dusty's puppy dog after dinner.

Mr. and Mrs. Tom Ledbetter, Mrs. Herb Schmidt's uncle and aunt, from Forest, N. M., spent Sunday night with Mr. and Mrs. Herb Schmidt, Tommy and Dale.

Mr. and Mrs. W. O. Markley ate Sunday dinner with Mr. and Mrs. H. O. Markley Sunday evening. Mr. W. O. Markley and Mrs. H. O. Markley visited with Mrs. Anderson.

Norman Dean Harder went home with Tommy Schmidt for dinner Sunday.

The Rev. and Mrs. B. H. Baldwin, Mr. and Mrs. Carlton Dobbs, Mr. and Mrs. Olin Parris and Walker, Eugene and Godfrey attended the Texas Tech-Aransas basketball game Saturday night.

Mrs. Murrey Hall, daughter of Mr. and Mrs. H. O. Markley, went to Amarillo on business Tuesday.

GOING IN—Captain Jim Cursinger of the Hereford Whitespaces fires a 25-foot jump shot in the first half of Hereford's game with Dumas Tuesday night. Cursinger made this shot as he did several others, totaling 25 points for the night. Hereford won, 74-63, to take the District 1-AAA championship. (Staff Photo)

Death of Three Local People Dies

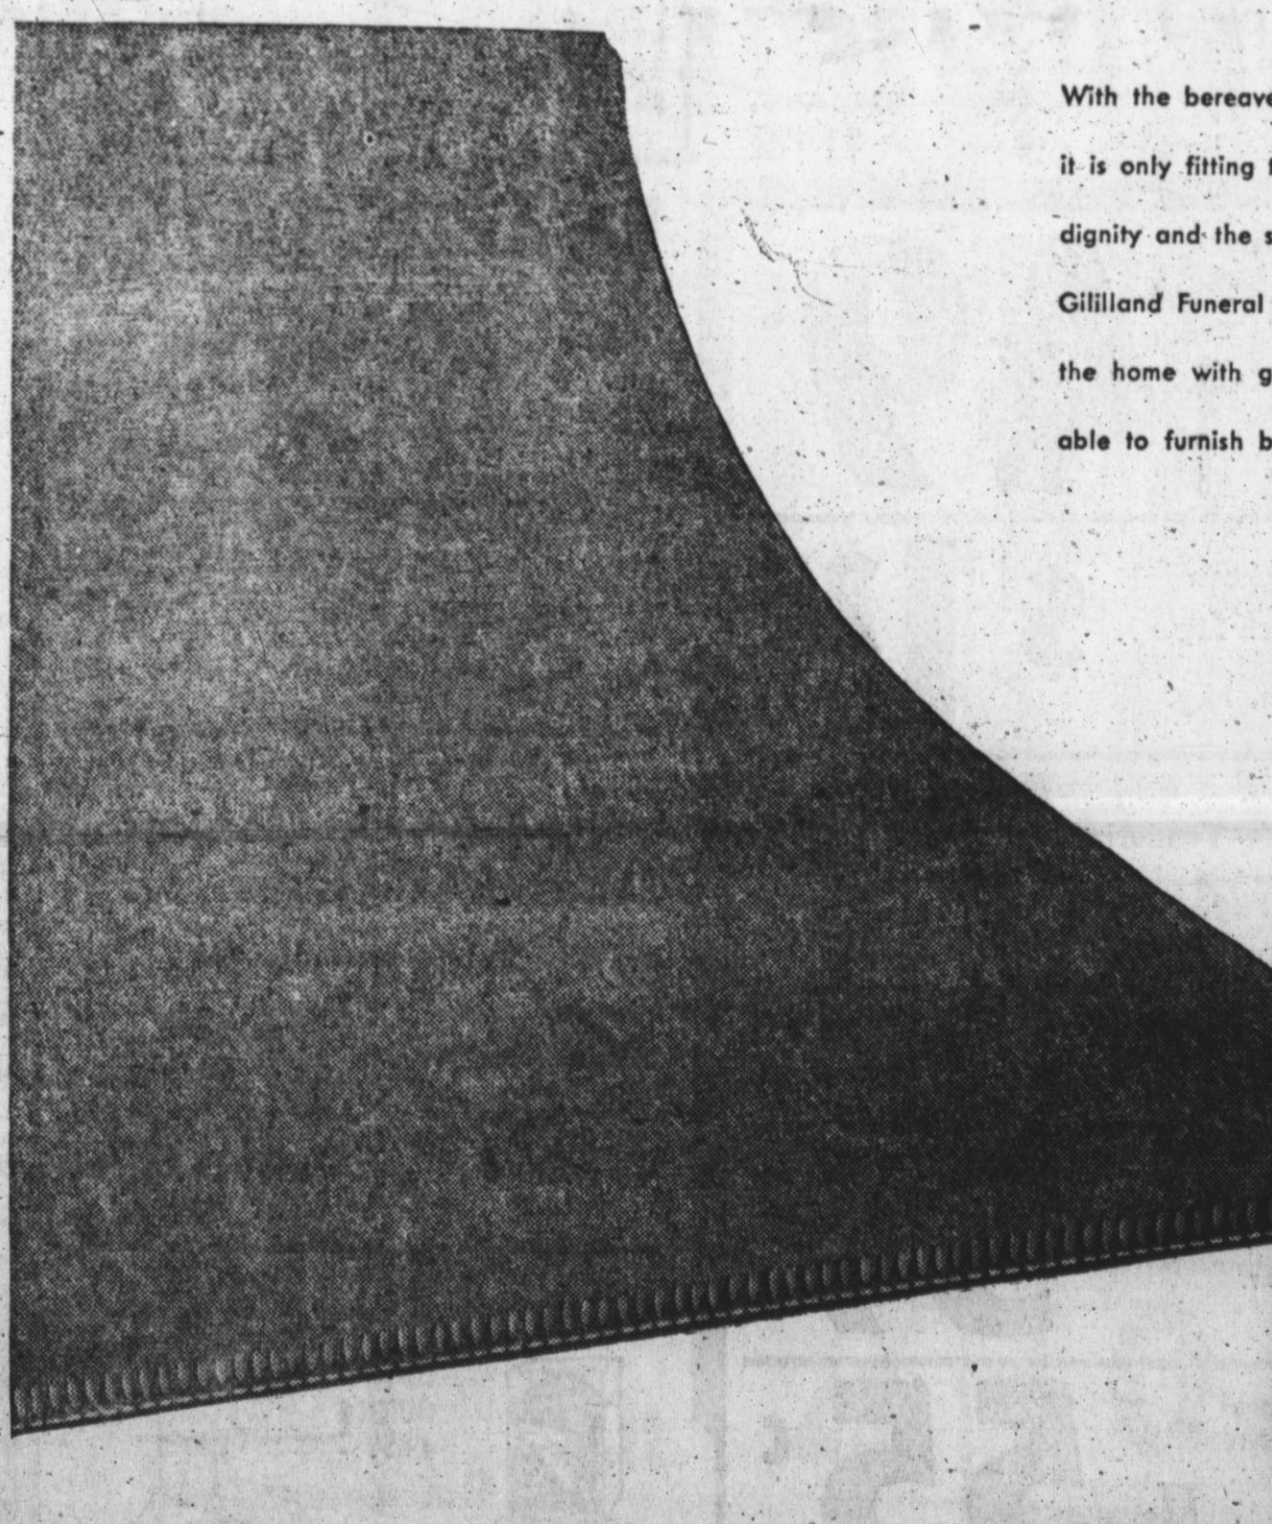

Funeral rites for William Cantley, father of three Hereford residents, were held Tuesday morning at Trinity Baptist Church in Lubbock.

Neill, 78, died Monday in Methodist Hospital at Lubbock. He was a retired farmer.

Survivors include his wife; six children: Pat of Hereford, Kenneth of Merfield, L. O. of Lubbock, Sam of Abilene, T. O. of Sweetwater and George of Waterville; daughters, Mrs. B. E. Robert of Hereford, Mrs. Herbert Ray of Elland and Mrs. John Gray of Lubbock; 20 grandchildren and six great-grandchildren.

WATER COURSE

A. L. Manjeot will teach a course in flower arranging to the Beautiful Club at a meeting at the home of Mrs. J. L. Ford, 118 Ave. B, Friday afternoon. The meeting was at first scheduled for Friday afternoon but was changed to Friday morning.

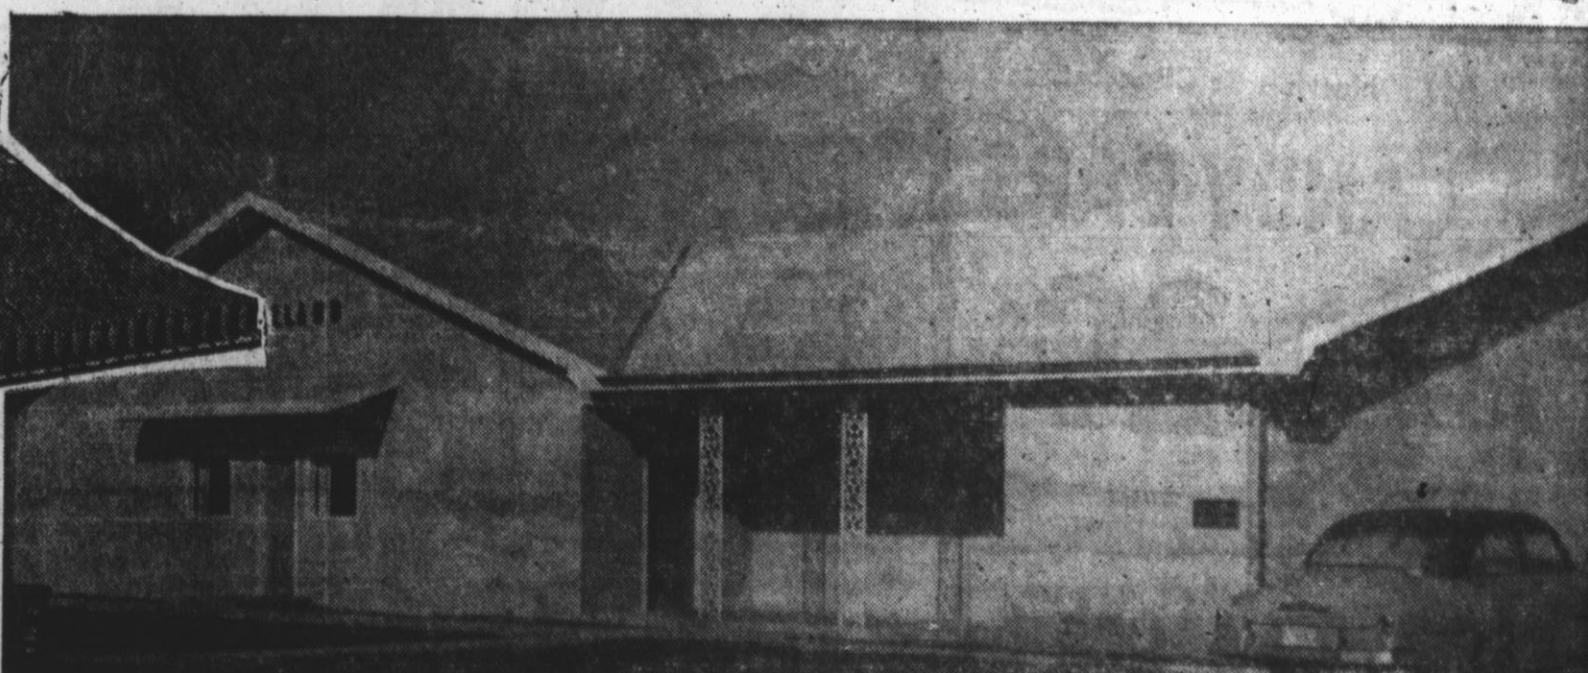

With the bereaved family in mind, and in order to give a perfect final tribute, it is only fitting that the surroundings in a funeral home should reflect the quiet dignity and the sincerity of the occasion. With this thought in mind, the folks at Gililand Funeral Home selected the fine carpeting and beautiful furnishings for the home with great care and diligence. We are indeed happy to have been able to furnish both furniture and carpet.

CONGRATULATIONS & BEST WISHES

to Matt and Marlin Gililand Upon the Completion of Your New Funeral Home!

Be Sure to Attend the
OPEN HOUSE & DEDICATION
 Saturday, Feb. 22nd
 2 'til 9 P.M.

411 East Sixth St.

We hope you'll take time out from your busy endeavors Saturday to drop by the new Gililand Funeral Home during the dedication and open house... and while you're there, we invite you to inspect the beautiful furnishings throughout. We think you'll agree... quality is outstanding.

Beauty at Home
 By Lynn Carter

Q. How can I counteract the appearance of a forehead that slopes backward?
 A. One good way is to bring a mass of curls forward at the top of the head and arrange them to fall in a row or double row just below the hairline. This is particularly good when the nose is large and curved; as it helps to break up the hawklike look of the profile.
 Q. What "homemade" beauty mask is especially beneficial to the oily type of skin?
 A. Mix some fuller's earth to a smooth paste with witch hazel, and apply in the usual manner.
 Q. How can I make my foundation cream spread more easily over my face?
 A. Try dipping your fingertips into water, scattering a few drops over your face, and patting lightly. This should insure a more even distribution of your cream.
 Q. What kind of exercise will help to reduce my very fleshy thighs?
 A. Sit on floor, leaning back on the hands which are placed on the floor slightly in back of you. Bend left knee, bring left foot close to your hips. As you straighten left leg, bend right knee and bring right foot close to hips. Keep alternating in this fashion, and be sure to slap your legs down hard against the floor.
 Q. Can a girl with a long, thin face wear a center-part in her hair?
 A. Usually, not too well. I should think bangs would be more becoming. The hair should be softly fluffed at the sides, come down below the ears, and not too long.
 Q. What is a good lubricating remedy for dry or weather-toughened skin?
 A. Any one of the following is very good for this purpose — olive oil, oil of sweet almonds, cucumber oil, or odorless castor oil.
 Q. Will you please suggest a rinse good for softening the hair?
 A. You might try a vinegar rinse. Three ounces of vinegar to one and a half pints of warm water should prove a good mixture.
 Q. How can I remove lipstick stains from an unwashable garment?
 A. First work some petroleum jelly or lard into the stain, then sponge with carbon tetrachloride. Should a trace of the color remain, sponge with denatured alcohol, diluted with two parts of water for stains on acetate rayon

or colored materials. Test your colors first.
 Q. What rouge placement is best for the type of face that is narrow at the top and wide at the bottom?
 A. Don't put your rouge in a circle above the upper lip, which will only make the lower part of the face look wider, and don't use heavy rouge. Apply rouge in a modified triangle, shading it up to the temple and just under the center of the eye, then down faintly over the jawline. The rouge should cover the outer half of the cheek.

FISH FILLET CASSEROLE
LOOK likes this succulent fish dish—fish fillets baked in a sauce made of mushrooms, spinach, and Cheddar cheese.
Cook 2/3 cups white rice; spread in greased shallow 1 1/2-quart casserole. Sprinkle with 1/8 teaspoon pepper. Combine 1 can (10 1/2 oz. size) condensed cream of mushroom soup, 1/2 cup milk; pour half of sauce over rice. Spread 1 1/2 cups chopped cooked spinach (may use fresh or frozen) over rice. Cut 1 pound thawed frozen fish fillets into bite-size pieces (may use sole, haddock, halibut or whiting); arrange over spinach. Sprinkle all with 2 tablespoons lemon juice, 1/2 teaspoon salt, 1/8 teaspoon more pepper; pour remaining sauce over all. Sprinkle 1 cup grated Cheddar cheese over top. Bake at 375 degrees F. for 25 minutes or until fish is flaky. Serves 6. For news in food and meal planning, see the current issue of LOOK Magazine.

FIVE GENERATIONS—These five people represent five generations of one family. Mrs. Perry Grogan, left, is the mother of Mrs. Leon Coffin, who is the mother of Bert Coffin, who is the father of Mrs. Myrna Phifer, who is the mother of Kimberly Phifer, three months old. Mrs. Grogan came to the Panhandle in 1900 and now lives in Albuquerque, N. M. All the others live in and around Hereford. (Staff Photo)

Alternate Method Of Figuring Farm Taxes Explained

Self-employed farmers may use an alternate method for figuring earnings from their farm John R. Sanderson, district manager of the local Social Security Administration Office, and Jim Pierce, group supervisor of Internal Revenue, Amarillo Office reminded farm operators today.

Pierce said self-employed farmers may figure their earnings for social security in several ways.

(1) If your gross income from agricultural self-employment is not more than \$1,800, you may count as your net farm earnings either your actual net or two-thirds of your farm gross income;

(2) If your gross farm income is more than \$1,800, and your net farm earnings are less than \$1,200, you may use either your actual net or \$1,200;

(3) If your gross farm income is more than \$1,800 and your net farm earnings are \$1,200 or more, you must use the actual amount of your net earnings.

Pierce added that use of the option will enable farmers with gross income as low as \$500 to obtain social security protection for themselves in their old-age and for their survivors in case of death. However, he emphasized that regardless of the way in which you figure your net earnings, you must have net earnings of at least \$400 (from farming alone, or in combination with other SE earnings) in order to get social security credit for the year.

In addition to the revised optional method, the 1956 amendments extended social security coverage to some farm owners who receive cash or crop shares from tenant farmers. If the farm-landlord under his agreement with his tenant, materially participates in the production or management of production of the farm crops raised on his land, this income, formerly excluded as rental income, may be reported for social security purposes. This provision is effective for taxable years ending after 1955.

Requests for information regarding taxes due and tax return forms should be directed to the Internal Revenue Office at Dallas. Questions concerning the old-age, survivors, and disability insurance program will be answered by your social security office at Amarillo.

FUNK RETURNS TO RING HERE SATURDAY

Dory Funk will return to Hereford's wrestling ring at the Bull Barn Saturday after an absence of several weeks. Funk will be paired with Rip Rogers in a tag team match against the Great Bolo and Iron Mike DiBlase.

Funk has been out with an injured leg suffered in a match with Nature Boy Buddy Rogers. The main event will go two out of three falls or one hour. In the preliminary events, Rogers will take on Bolo for one fall or 20 minutes and Funk and DiBlase will meet in a similar affair.

Big Train Clements will be the referee.

Last week Bolo and DiBlase defeated Rogers and Leo Garibaldi in the main event. The winners took the first and third falls. They were awarded the third fall when Garibaldi missed DiBlase with a dropkick and knocked himself out. Garibaldi won the first preliminary when Bolo was disqualified for throwing Garibaldi out of the ring.

Doll Paige defeated Gypsy Rose in a one-fall event between the two biggest girl wrestlers.

About Our Schools Director of Athletics Makes Annual Report

(EDITOR'S NOTE: This is the second in a series of reports by school administrators to superintending schools Fred Cunningham.

By JACK HARRIS

THE PROGRESS made during the 1957-58 season in the athletic department has been encouraging. We feel that a lot more progress can be expected during the next year. The greatest challenge facing the department this year was overcoming the feeling of inferiority and the lack of confidence in the minds of the players. There was a minor problem of getting the boys regimented to the idea of strict discipline in the classrooms, dressing rooms, and on the field. The players have been taught that athletics are a lot of fun and that they can gain a lot more from the program than they can ever hope to put into it. We lost some likely prospects along the way because they did not want to conform to the plan of organization that is so necessary for a good athletic program. It is the belief of each coach that athletes must grow mentally, spiritually, and physically in order to receive the full benefits of any athletic event.

Financially the department has done almost as well as expected, and we expect better things in the future. There were some outstanding bills that were not provided for in the 1957-58 athletic budget and could not be absorbed this year without an additional supplement. There were three items that were not provided for in this year's budget: laundry and dry cleaning, telephone bills, and insurance. These three items cannot be covered in the budget this year.

The student insurance plan that has been in force this year has done a good job in providing coverage in comparison to the cost of the plan, but I think we should investigate some other type of coverage that would offer a catastrophe clause for injuries that might cause some hardship for the parents of our athletes. The athletic department should pay a part of this coverage and the boys pay a part.

THE FOOTBALL FIELD needs to be worked over in order to get it in shape for this fall. I would recommend that additional dirt be put on the field after spring training and then leveled to proper pitch. The practice area is not adequate for a school the size of Hereford High School and some planning should be done on trying to utilize some area behind the central store room. The dressing room is too small and not adequate for the type program we would like to have and some thought should be given to a method of correcting this item.

Our junior high program is not as well organized as it should be in order to train young prospects to take their place in the high school program when they leave the 8th grade. I believe this is primarily due to the fact that one coach has been trying to handle a large number of boys and does not have the time to devote to each individual player. I would recommend that we have at least two full time coaches in junior high and plans should be made for the addition of a third coach in the very near future. I would like to see a young ambitious coach hired to work with the junior high boys. In order to get the type man that would do the type job we need, then it would require that some additional money be provided for this purpose. We need to build a spirit in the younger boys that would cause them to look forward to making the high school teams

and coming into high school with that thought in mind. These things seem to be necessary if we ever hope to compete on the same level with the other teams in this district. We realize that some of the other teams in this district have had a well organized junior high program for a number of years and that is probably one of the reasons that their high school teams have been able to defeat Hereford High School in most of the sports for a long time. We think that we owe it to our players to have them prepared in such a way that they can feel equal to any team in the district and never enter a contest with the idea of a defeatist attitude. Pride is fostered through knowledge and confidence. The junior high football teams should have a schedule of 9-10 games each year. I believe that they have a well-rounded schedule in basketball this year.

A lot of emphasis is being put on track this year and will be for years to come. It is a known fact that any athlete must be able to run correctly and with the least possible effort in order to perform efficiently. Boys are taught to run and jump by being taught properly just as they are taught to acquire knowledge in the classrooms by good instruction. Every sport requires that a boy must move his body from one spot to another, and by know-how to move will enable him to perform these movements more perfectly. We hope to have every boy out for track that plans to play on any of the teams in high school. The coaching staff is going to work on some type of dirt track around the outside of the football field and have it ready to use in the near future. This will not be an ideal situation; but we must have some semblance of a track in order to get our boys ready to compete in the district meet. This can be accomplished at very little expense to the school because the coaching staff is ready to do most of the work on this project.

ANOTHER FIELD of training has been started for the athletes of Hereford High School that should prove very worthwhile in the future. This is a program in weight lifting. Our boys have not been as physically strong as they should be and it has been proven by many schools that weight lifting will remedy this handicap.

We feel that we should have student trainers in the high school. At the present time the coaches have to do the training work and as a result they are taking time

(Continued on Page 2)

Nancy Crawford On McMurry Tour

ABILENE — Nancy Crawford, a senior from Hereford at McMurry College, will accompany the college's Chanters choral group on its annual spring tour, which begins March 1.

The Chanters, a mixed voice choir under the direction of Dr. Richard C. von Ende, head of the music and fine arts department at McMurry, will tour the Panhandle and parts of New Mexico.

Their schedule includes appearances in the Central Methodist Church, Dalhart; Polk Street Methodist Church, Amarillo, March 2, followed by performances in Hereford High School and the First Methodist Church in Hereford March 3.

The following day, they will perform in Fort Sumner High School, Fort Sumner, N. M., and the First Methodist Church in Santa Rosa, N. M., which precedes a Wednesday schedule in the First Methodist Church in Albuquerque, N. M.

They also will journey to Las Vegas, N. M., where they will perform in the First Methodist Church March 6, and in Tucuman, N. M., March 7. Their appearances in Tucuman include the high school and the Center Street Methodist Church.

Tentative plans also call for performances in Tulla High School, Clovis High School, Clovis, N. M., Albuquerque High School and Las Vegas High School. The group will return to Abilene March 8.

Miss Crawford is a 1954 graduate of Hereford High School.

Annuals are plants which germinate, grow, reproduce and die within a single growing season.

Future Farmers Week Scheduled

Thirty years of outstanding progress by Future Farmers of Texas were acknowledged by Gov. Price Daniel recently as he designated Feb. 22 — March 1 as official FFA Week.

In presenting the proclamation to Billy Penn, State FFA President and George Hurt, State Director of Vocational Agriculture, the Governor praised the work of the Future Farmers who are studying the science of agriculture and who are striving to continuously improve the agricultural economy of the State.

The Texas Future Farmers have been extremely successful in developing leadership, promoting good citizenship, and inspir-

30 St. Anthony Students To Be In School Meet

A choral group of 30 students will represent St. Anthony's School of Hereford in a Catholic School Festival to be held at Amarillo, Little Theater Sunday, March 16. Fourteen schools in the Diocese of Amarillo have already signed in.

The festival, the first attempt of its kind in the diocese to assemble groups from all the Catholic schools, will feature as guest speakers Auxiliary Bishop John L. Morkovsky; Dale Francis of Austin, prominent Catholic journalist; and Sister Nellie of the St. Francis Convent Aspirant School, Amarillo.

The latest in Catholic books for all Catholic school grades will be on display in the foyer of the theater. Adult books and lenten reading will also be featured. Sister Nellie, chairman of the Book Fair, is in charge and Brown's House of Books of Amarillo is furnishing the displays.

Awards for the best readings in 20 schools of the diocese will be presented by Bishop Morkovsky. A total of 430 students are already enrolled.

Monsignor L. T. Matthiesen, editor of The West Texas Register, will be master of ceremonies. He is pastor of St. Laurence parish, and the P-TA of St. Laurence School is host for the occasion. W. E. Hoverter, president of the St. Laurence P-TA, will open the festival with a welcome address to the guests.

Paul R. Melvyn, business manager of The West Texas Register, is general chairman for the festival and ways and means chairman of the St. Laurence P-TA. Melvyn reported that of the 14 schools that have selected their songs for the festival no duplications were found. Songs selected by the various schools were about equally divided between religious numbers and general themes.

Other schools that will be present with choral groups and the number of students participating are Amarillo: St. Mary's grade and high school, 100; Price College high school, 36; St. Joseph's, 25; Our Lady of Guadalupe, 20; Blessed Martin, 32; St. Laurence, 30; outside of Amarillo: St. Francis, St. Francis, 16; St. John's, Borger, 30; St. Peter and Paul, Dumas, 20; St. Anthony's, Dalhart, 35; St. Mary's, Groom, 38, and St. Ann's, Midland, will travel 240 miles and bring a choral group of 18 under the direction of Miss Rebecca Stilwell.

All the people of the diocese are invited to attend. There will be no charge for admission.

IN CLASS STUDENTS

Patricia Howell, Route 2, Hereford, and Joyrene Morton, 109 Pearl, Hereford, will participate in the annual "Class Stunts" presented by Texas Women's University, Denton. Students write, produce and take the parts in four musicals. They are to be presented Friday and Saturday, Feb. 21 and 22, in the University Auditorium.

ing patriotism among its members, the Governor said. Billy Penn, State FFA President from Lufkin, received the proclamation in behalf of the 36,000 active members in 904 FFA chapters in the State.

George Hurt pointed out that the Future Farmer organization is composed of boys who are studying vocational agriculture in the public high schools as preparation for careers in farming, ranching and related occupations. Hurt credited the teachers of vocational agriculture, the school administration, and the lay people where vocational agriculture is taught, for the success of the FFA program in the State.

ALL STATERS—These six Hereford High choir members left for Galveston Tuesday to sing with the all-state choir at the Texas Music Educators Assn. convention. From left to right are Sharon Owen Slaughter, Leon Coffin, Patricia Caywood, Gwinn Morris and Carroll Willoughby and Linda Noland at the piano. The group was accompanied by choir director Don Moore and band director Charles Bell Willoughby, Morris and Mrs. Slaughter are members of the all-state choir and the other three are alternates. (Staff Photo)

REP. WALTER ROGERS WRITES.

Gas Bill, Investigation Now Making Headlines

To the people of the 18th District:

Two matters of controversy in the National Capital fought for the headlines last week. On one day both seemed to win in one of the Washington papers, as both appeared in equal headings on the front page. One of these matters involved Texas, while the other was concerned with the investigating Subcommittee in the House of Representatives digging into the Federal Communication Commission's activities.

The item involving Texas was the letter written by the Republican Chairman of Texas in connection with soliciting funds for a \$100 plate dinner to be addressed by Honorable Joseph Martin, the top leader of the Republican Party in the House of Representatives. Texas is always fair game for headlines in this part of the country.

This letter, which appeared to be soliciting funds for political activities and talking about the Natural Gas Bill, was just too much for the commentators and columnists back here in the consumer areas. They hopped onto it like the proverbial duck hopped on the June bug. The opponents of the Natural Gas Bill were in high glee over the whole affair. It furnished them new ammunition with which to carry on their continuing fight to centralize in Washington the powers now enjoyed by many of the states.

The entire transaction was a tragic setback to the proponents of the Natural Gas Bill, provisions in which are for the purpose of relieving independent producers of gas from domination by Washington bureaucracy. It might also be said that it was a setback to the forces that are continually striving to prevent further encroachment upon the rights of the individual, as well as the states.

If the trend continues in the future as it has in the past, it would seem that the near future would bring control, either direct or indirect, of the rates on all utility matters into the hands of federal agencies.

The other headline item to which I referred also had to do with federal bureaus. The investigation of these boards and bureaus will furnish a great deal

of news material in the future. Just about two weeks ago I predicted in a radio broadcast that this Subcommittee would be in front page news during this session of the Congress. I did not know at that time that it would land on the front page so quickly. All of the present headlines have to do with only one of the several agencies that were intended to be investigated. If the headlines that came out of this agency can be used as a yard-

THE HEREFORD BRAND
Hereford, Texas, Thursday, February 20, 1958 Section Two

Farm Chemicals To Be Subject of Study

LUBBOCK — The effective use of agricultural chemicals will be the theme of the fifth annual Agricultural Chemicals Conference to be held at Texas Technological College Feb. 25, 26 and 27, officials of the West Texas Chamber of Commerce said today.

J. C. Porter of Wichita Falls, chairman of the WTCC's agriculture and livestock committee, said the program for the conference features addresses by seven experts on agricultural chemicals, forum discussions and exhibits of equipment used in chemical application.

The conference, sponsored jointly by the WTCC, the Lubbock Chamber of Commerce, Texas Tech and the A & M College System, is expected to attract some 350 agricultural chemical dealers, distributors, processors and manufacturers.

Registration for the conference will begin at 5 p.m. Feb. 25 on the mezzanine floor of the Caprock Hotel in Lubbock. A hospitality hour, sponsored by the agricultural chemicals industry, will begin at 6:30 p.m.

Porter said registration would resume at 8:30 a.m. Feb. 26 in the Student Union building on the Tech campus. The first business session will begin at 9:15 a.m. Loyal Walker of Abilene, manager of the WTCC agriculture and livestock department, will make the welcoming address.

At 9:45, Dr. R. E. Lewis, director of the Texas agriculture experiment station at College Station, will discuss "The Interdependency of Agriculture and Industry." At 10:30 the effective use of fertilizers on field crops will be the topic of an address by Dr. Clark Harvey, associate professor of agronomy at Tech.

"Dealers' Problems and Responsibilities" is to be the subject of a discussion by J. A. Potts of Taylor Evans Farms Store, Inc., in Amarillo. Potts will appear on the program at 11 a.m. The afternoon sessions will include demonstrations of equipment used in the application of

chemicals and a tour of the Tec agronomy farm.

The annual banquet of the conference will be held at 7 p.m. in the ballroom of the Caprock Hotel. Feb. 27 sessions will be presided over by J. C. Porter. First subject to be discussed, scheduled for 9:30 a.m., will be an effective weed control on local crops and range lands. Dr. Alan Weise, of the Southwestern Great Plains Field Station at Bushland, will be the speaker.

At 10 a.m., Howard Ganik of Hereford will talk on the effective use of chemicals in vegetable production. At 11:15, Dr. H. G. Johnson, research director for the American Cotton Council at Memphis, Tenn., will discuss "An Effective Cotton Insect Pest Control Program."

Forums scheduled for the afternoon include one on effective insecticide usage and another on effective fertilizer usage. Dr. Donald Ashdown, Tech entomologist, and Dr. A. W. Young, head of the Tech department of agronomy, will moderate.

Registration fee for the two-day meeting is \$2. Tickets for the three meals to be served during the conference are optional. Total cost for registration and meals will be \$7, officials stated.

Howard Rocky Ends NCO School

I CORPS, Korea (AHTNC) — Army Pvt. Howard V. Rocky, son of R. V. Rocky, Route 3, Friena, recently was graduated from the I Corps Non-Commissioned Officer Academy in Korea.

Rocky, regularly assigned as a radio operator in the 1st Cavalry Division's 13th Signal Battalion, received instruction in leadership, map reading and other military subjects. He entered the Army last March and completed basic training at Fort Carson, Colo.

The 22-year-old soldier was graduated from Friena High School in 1953. He attended Texas Christian University, Fort Worth.

FORMAL DEDICATION SET—Gililand Funeral Home will formally dedicate its new building at 411 E. Sixth at 2 p.m. Saturday. The Rev. Gilbert Davis Jr., First Christian Church pastor, will make the dedicatory address. Matt Gililand, co-owner, with his son, Marlin, has been in business here since 1907. He was a partner with E. B. Black from 1914 to 1950. Following the dedication, open house will be held until 9 p.m. (Staff Photo)

Before Trying the Newest Diet, Find Out Why You're Overweight

By CYNTHIA LOWRY
AP Newsfeatures Writer

Before starting a diet to take off those extra pounds, try to find out why you are them on in the first place. Maybe you shouldn't even try to reduce.

Specialists in obesity — physicians, psychologists and nutritionists — are increasingly convinced that in many cases we overeat to satisfy emotional rather than physical needs.

"Before going on a diet," says nutritionist Charlotte M. Young, "you should learn why you should try to lose weight. A lot of people go on — or are put on — reducing regimens without concern for the reason the weight is there."

Food serves many purposes in life besides the basic one of stoking the body's fires. Hospitality, for instance, is closely associated with food. Unplanned leisure, with resulting boredom, frequently leads to the refrigerator. We eat during baseball and football games; while watching television.

"We live in anxious times without much physical outlet for our anxieties," says Dr. Young. "Too many, food becomes a solace."

"I FEEL CERTAIN that many people have adjusted to their problems, emotional in nature, by over-eating. And that may be a satisfactory adjustment — and if so, what is so dreadful about being a bit overweight?"

Despite the spate of surefire reducing diets and the popularity of weight-reduction articles and books, repeated experiments show many people have comparatively little success peeling off pounds, even when their programs are highly controlled and well disciplined.

Typical was a recent clinic for the overweight headed by Dr. Young, who is professor of medical nutrition in Cornell University's Graduate School of Nutrition, and by Dr. Norman S. Moore, the school's professor of clinical medicine.

In 28 months, 168 overweight persons were treated.

Only a quarter of the patients were successful. Another quarter lost some pounds; another quarter took off a few pounds and the rest accomplished nothing.

"It was our impression that success was largely related to the patient's emotional stability," the researchers said in a report published in the Journal of the American Dietetic Assn. "... the 'reasonably stable' patients were largely quite successful, while those who appeared to have 'deeper emotional problems' were largely unsuccessful."

Dr. Young says flatly that people get fat simply by eating more food than they need. We are an overweight nation because, among other things, we have plenty of food, expend little energy in our small, well-heated houses, go in for watching sports instead of participating in them.

THE EXPERTS — even the housewife — know HOW to take off pounds. It is simply a matter of eating fewer calories than we burn up. The problem is to DO it.

Obviously, points out Dr. Young, the best way to handle obesity is by not putting on weight in the first place. Next best, she feels, is keeping the pounds under control.

"It is much, much easier to reduce a small amount," she says. "People with a few pounds to lose can be most hopeful about taking them off. Pay attention when you put on an extra 15, or 10 or even 5 pounds."

Experiments have found two most important factors in losing weight successfully. The first is motivation — a real and abiding desire to reduce. The second is to have someone to whom the patient reports regularly. The average successful dieter is not a do-it-yourself type.

Assuming an overweight person has been able to figure out why he is overeating (a project which may require help from a physician, a psychiatrist or psychologist) and also has strong motives to slim down, there are good times and bad times to launch the diet.

"BEST RESULTS come when life circumstances are best," she says. "It's no time to start reducing when one is emotionally disturbed — when a woman is newly widowed or when a man is starting a new job."

All things being perfect, is rolling off pounds as easy as rolling off that log, as the articles and books imply?

"Reducing," said Dr. Young with a certain grimness of tone,

"is one of the hardest things in the world to do. Everyone is looking for an easy way to do it, but I don't think there is one. The more we know about the problem, the more I lean to the view that so long as we continue to lead such physically inactive lives, we will just have to settle for one of two things: being overweight, or being a little bit hungry all of the time."

Rogers...

(Continued From Page 1)

been wrongdoing on the part of the accusers, proper action should be taken in that respect. But, in any event, the whole story is due the people of this country, and I have full confidence that it will be forthcoming. Certainly my efforts will be directed to that end.

THE RECESSION? The question of whether or not there is a recession could be argued for a long time. The answer to the argument would be of little consequence. The real issue should concern what we are going to do about our economic situation to cure whatever recession might be present or to avoid whatever recession, if any, might be developing.

It is my opinion that the entire difficulty can be cured through one segment of our economy. That is, the segment of the economy in which it began, to wit, the agricultural economy. The last depression that this country suffered began in the agricultural part of our economy and continued because that situation was not corrected. Our present difficulties can be traced directly to agriculture, and the quicker these are corrected the quicker we will stop the trend toward economic difficulty.

A serious recession or depression in this country would be of more propaganda value to Russia than 10 sputniks. Some people may ask what we will do with surpluses. The real question is, what will we do with the surpluses of individuals who are without work and hungry if we have a serious recession. In my opinion, surpluses of foodstuffs that God created for the preservation of man are a great benefit. Surpluses of individuals who cannot find work to feed themselves and their loved ones are a plague.

TROUGHTS TO DISAPPEAR

MONTREAL — Frank Dowd, city waterworks superintendent, says Montreal's remaining water troughs for horses will be removed as they fall into disrepair. "They serve no useful purpose now and are a nuisance to pedestrians, motorists and snow removal crews," he said.

CHOSEN QUEEN—Miss Louise Shortt, Gallatin, center, was chosen "Campus Beauty Queen" at Wayland Baptist College, adding one more "queen" title to her already long string. She is the first Wayland student to win both "Homecoming Queen" and "Campus Beauty Queen" titles. With her are the runners-up Miss Carla Lyons, left, El Paso, third place winner and Mrs. Beverly Edwards Blake of Big Spring, second place winner. (AP Photo)

About Our...

(Continued From Page 1)

away from the team that is very valuable for success. If things work out as planned, then we plan to send two boys to Texas Tech this summer for a one-week course in training under the direction of Delmar Brown, the head trainer at Tech. The only expense involved in this school would be meals for the boys for one week. We would like to make this an annual affair in order to keep well-trained boys to fill this very important position.

The awards for the high school athletes have been standardized this year. In order to keep the proper meaning of awards before the students and citizens of Hereford. There are so many different types of award jackets and sweaters being worn by students that the honor of having an award has lost its true meaning. We feel that the ultimate goal in any competitive athletic program should be to make the varsity squad before graduation; so in order to give more meaning to this thought, we have decided to give awards only to members of the varsity squads. Awards should be difficult to acquire in order for the word "award" to have meaning.

In order to add emphasis to the junior high school football program we plan to send three of the high school coaches down to junior high and help with a two-week spring training program. This will take place after the Junior High School has completed its track season. This training should reflect in the type of ball the junior high school will play next fall. The workouts will consist of one and one-half hours of work and each boy will receive good fundamental training during this two week period. We would like to have an inter-squad game at the end of this period and possibly shoot some film of the game so that the boys can see themselves in action for the first time.

Provisions should be made so that "flu" shots can be given to the athletes in August of this year in order to avoid the possibility of another season of sickness like we had this past year. Plans have been made and we have received some encouraging promises that vitamins for daily consumption might be provided by one of the local drug stores with the help of some pharmaceutical house. We feel that vitamins will build up resistance to certain sickness and will help eliminate certain injuries.

OUR BASKETBALL TEAM has done a wonderful job and I feel that Coach Kitchens should be congratulated on his job. Our 1958-59 basketball schedule will be

arranged early enough so as to get better teams and will be played strictly on a home and home basis in order that local fans will have the opportunity to see more games and also this will bring in more revenue.

Some type of banner for advertising our football and basketball games should be devised so that on the day of the game it could be stretched across the main street. This would be a good reminder for the fans that we are going to have a game in town on that night. This idea has proven very worthwhile in many cities of Texas. This might be a good advertising scheme for a couple or so of the merchants in town.

We have an excellent report as to equipment being stolen or lost. We have lost one pair of socks this year and the boy that was responsible has since paid for them. Each boy that is issued any type of athletic equipment is instructed that he is responsible for that equipment and he will have to pay for any articles lost or misplaced. This is just another part of the training and discipline that we feel is necessary in order to train a boy to take his place in the community after graduation.

In closing this report I would like to leave one thought in your mind that we try to instill in each boy that makes up a part of our athletic program. "In order to be an athlete requires a lot of effort and sacrifices on your part; if this were not true, then every student in school would be an athlete."

Sunshine Club Holds a Party

A meeting in the form of a Valentine party was held by the Sunshine Club in the home of Mrs. Joyce Bryant last Thursday. As the guests arrived each was given a Valentine hearts corsage. A Valentine box was at the door for each member to put a Valentine card and handkerchief in it for her secret pal.

Mrs. K. C. Bryant, a new member, was admitted to the club. Penny ante was won by Mrs. Earl Smith. The hostess gift was won by Mrs. Edith Sheppard.

Mrs. Sheppard gave the program on the origin of Valentine.

One guest was present and she was Mrs. Earl Smith.

Members present were Mesdames Rhoda Mays, Dorothy Laundry, Lois McDermitt, Elsie Miner, Edith Sheppard and K. C. Bryant, hostess.

Lyla Fagan Has Serious Operation

By MRS. R. L. PINNELL

The Oscar Brannaman family received word this week that their daughter, Lyla Mae, now Mrs. Gayle Fagan, had undergone brain surgery on Feb. 13 in Landstuhl, Germany. Fagan has been in Germany for 15 months with the armed forces and has already been notified that he would leave for the states on March 26.

The parents called the son-in-law and he told them that Lyla was in extremely critical condition. The doctors had told the husband if she withstood the operation she stood a chance for full recovery. She will be in the hospital from 30 to 60 days. Her address is Sp3 Gayle A. Fagan US54172835 Hq. Co. 2nd Bat. 10th Inf. APO 36, New York, N. Y.

Valentine's Day brought out lots of red and white Valentines, cakes and pops for the grade school children. Room mothers in Mrs. Kromer's first and second grades were Mesdames Alfred Jobe, Joe Cullender and Winfred Perry. Valentines were distributed from a decorated box and refreshments served. In Mrs. Jones third and fourth grades Mesdames Manuel Lovelless, Marion Ferguson, Dean Whaley and Leland Burns were responsible for candy, cup-cakes and a Bugs' Bunny cartoon.

In Mrs. Cullender's fifth and sixth grades Mesdames Bob Gruhke, John Horton, R. L. Pinnell and Albert Glass presented cup cakes, pop and games to the students. Mrs. Chilton's seventh and eighth grades staged a "do-it-yourself" party with games, pop, ice cream, cake and candy.

Mr. and Mrs. Bob Caldwell and Mr. and Mrs. Horace Betts at-

tended the producers Grain Banquet and meeting at the Baker Hotel in Dallas from Sunday evening until Wednesday morning. The Betts left Saturday and spent Saturday night at Wichita Falls with Mrs. Betts' parents, Mr. and Mrs. C. E. Gills. They returned by Lockney and were overnight guests of their daughter, Mr. and Mrs. Gene Hemmets.

Mr. and Mrs. Fred Schuyler of Woodward, Okla., arrived Saturday, en route to California, to spend several days with their daughter and her family, Mr. and Mrs. Wilbur Harris.

Mr. and Mrs. Tommy Spieker and Sharon of Amarillo were Saturday guests of the Earl Brown family. Thursday afternoon, Club Scout moms met with the Den mothers at Mrs. Moean Williams home to make further plans for the blue and gold banquet. Attending were Mesdames Earl Brown, R. M. Gruhke, Carroll Gruhke, Fred Harwood, John Horton, Manuel Loveles and Williams and Wilbur Harris, Den mothers.

Mr. and Mrs. Bill Brown and Dennis and Mrs. Floyd Brown drove to Carlsbad, N. M., Saturday evening to take Mrs. Lillie Horton to the home of Mr. and Mrs. Floyd Brown. Mrs. Horton has been with another daughter, Mrs. Jim Jones, for several weeks.

Jimmie and Maxine Brown of Amarillo spent the weekend with Mr. and Mrs. Floyd Brown.

Mr. and Mrs. Joe Ostrander and family were Sunday guests of the James Cavin family.

Mr. and Mrs. R. L. Pinnell and Linda spent Saturday in Pampa.

with the G. Pinnells and Mrs. M. E. Wells. Mrs. Arthur Jewett registered at San Jacinto Beauty School in Amarillo Thursday. She plans to stay with the Johnnie Ferguson family during the week but will be home on weekends. June Leslie of Amarillo and Joe Wetzel of Big Spring were Sunday dinner guests of her parents, Mr. and Mrs. Bill Leslie.

Adrian's basketball teams go into District play Thursday and Friday of this week at Lazbuddie. The boys won the round-robin but must win the district tournament to win the championship.

Mrs. Fred Taylor was taken to Northwest Texas Hospital Thursday night. No report on her condition at present.

Farmer's Change To Irrigation Takes Planning

COLLEGE STATION — Efficient irrigation systems just don't happen, says R. V. Thurmond, extension agricultural engineer. They are the result of study, planning and engineering.

Thurmond advises that now is an excellent time to plan for the dry summer months ahead. Don't wait, he says, until the situation is acute before seeking assistance or irrigation problems. An adequate irrigation plan should include an evaluation of the farm's soil and water

resources; an evaluation of the present cropping system and the possibilities for growing new crops under irrigation; a thorough study of the costs involved, including capital investment and the annual costs of depreciation, fuel, labor and other expense items.

Also, under irrigation he points out that more machinery is usually required; more fertilizer is needed for maximum production; insect problems are often multiplied; harvesting costs are upped and the increased production could bring on additional marketing problems.

After a decision has been made to make the change to irrigation, Thurmond emphasizes that the switch from dryland to irrigation farming is probably the most important change a farmer will make during his farming career.

a well designed system should be planned before any money is spent for equipment. The plan on paper should show how the plan will operate. It will require a lot of engineering and this should come from a reliable source. County agents and S. C. S. personnel can advise and assist with the planning.

In the high rainfall areas, Thurmond says a drainage system must be a part of the irrigation plan for the farm. It is just as important to get surplus water off of cropland as it is to supplement rainfall with irrigation, says the engineer.

Anise seeds, taken from a plant native to the Mediterranean, are used extensively for seasonings and medicines.

FRIENDLY TRIP — An to Garcia, 18, of Mexico City, velle by bus from his home visit Tom Richardson of Merritt. They met two years ago during Roy Scott Jamhoree at near Niagara-On-The-Lake.

BAD NIGHT — Milwaukee firemen gathered for an award program sponsored by the fire department for 275 civil officials community leaders. But they immediately ran into these difficulties.

Twelve key fire officials were called away to a fire. A movie projector which was shown a special film on the effects of worst fires of the year would work.

All this took place in the Bull Barn Monday on the opening day of a five-day school for home demonstration agents from Districts I and II. (Staff Photo)

Baby Needs Shots

By DOROTHY V. WHIPPLE, M.D.

Your baby needs lots of tender loving care, but he also needs the protection of modern medicine. We know; these days, now to prevent many diseases which in times past cost the lives of thousands of babies. Some diseases we prevent by the way we feed babies, some we prevent by clean and sanitary water and milk supplies, some we prevent by draining swamps or spraying with DDT to destroy insects. But some we can prevent only by giving "shots" to the babies themselves. You owe it to your child to see to it that he lives free from the shadow of past evils.

Routine immunizations for every child in this big country of ours should include protection against smallpox, diphtheria, tetanus, whooping cough and infantile paralysis. Depending upon where you live and what the risks are, your baby may need additional immunizations against such things as typhoid fever, Rocky Mountain spotted fever and mumps.

SMALLPOX

Smallpox is really a solved problem, medically speaking. Time was when widespread epidemics of this disease snuffed out the lives of many children, and left those who survived scarred for life. Vaccination against smallpox is one of the most perfect immunizations we have. In fact we just don't have this disease any more, except in a few states in which vaccination is not required by law. But the only way we can keep smallpox from cropping up is to have everyone protected. Smallpox vaccination should be given anytime during the first year of life and then repeated about seven years later. There is no need to repeat it again unless we go somewhere where there is a greater risk of the disease than in this country.

DIPHTHERIA

Immunization against diphtheria, tetanus and whooping cough can all be given together. It takes three "shots" given a month apart. Each shot contains protection against all three diseases. These shots should be given when the baby is approximately 4, 5 and 6 months of age. He should then be given a booster injection when he is 18 months of age. The effectiveness of these immunizations wears off in time, so booster injections should be given every two years until adolescence. After that tetanus alone should be given every two years. The protection against diphtheria is as good as that against small-

pox. Protected children just don't get this serious disease. The protection against whooping cough is not so perfect. It is good but not perfect. Some children even though protected by immunization will come down with the disease. However the case will probably be mild and no serious consequences need be feared.

POLIO

Shots against polio or infantile paralysis everyone knows about these days. This is a disease which can go in the class of solved medical problems, like smallpox and diphtheria. We can free this land of ours of this dread disease as soon as everyone, children and adults alike, receive their three polio shots.

Different doctors administer routine immunizations on slightly different schedules. It doesn't matter exactly what the schedule is, so long as all are done.

Be sure to see to it that all your children are protected against these diseases we know how to prevent.

FRANTIC FOXES

QUINCY, Ill. (AP) — The Sunday fox hunt in Melrose township by 125 hunters netted 13 foxes.

Meeting at the Melrose Chapel the hunters divided into groups of 30 or more and trucks took the groups to the first section, a mile square, to be hunted. Lining up on the four sides of the section, the hunters walked toward the center. Shotguns were permitted. In trying to break through the lines, the foxes would get within shot-gun range and often a half dozen guns would explode at one time.

SLIPPERY EEL

PINE BLUFF, Ark. (AP) — A prowler, who now is a slippery character if he wasn't before, seized Mrs. R. M. Knox as she walked across her back yard to dispose of some used cooking grease. She answered his demand for valuables by giving him what she had with her — right in the face. He fled.

NEW CENTRE

GLACE BAY, N. S. (AP) — A citizen's committee here collected \$4,000 to establish a pensioners' recreation centre. They plan to raise another \$1,000 for equipment for the centre, which is scheduled for completion next summer.

The number of students enrolled in higher education in the United States has increased from 50,000 in 1870 to more than 3 million in 1935.

H. D. SCHOOL—Mrs. Dorotha Prowell, assistant Deaf Smith home demonstration agent, is in the process of reupholstering a chair during the first day of a five-day school for H. D. agents of Districts I and II here this week. (Staff Photo)

H. D. Agents Are Studying Upholstery

County home demonstration agents from Districts I and II of Texas are attending a five-day upholstery school at the Bull Barn here this week.

Miss Charlott Thompkins of College Station, Texas A&M specialist in home management, is conducting the school which opened Monday.

Classes are being held in the kitchen area of the Bull Barn.

Attending the meeting are Knox Parr and Miss Edith Wilson of Amarillo, district agents; 10 agents from District I, including Mrs. Mildred Pugh of Lipscomb County; Mrs. Dyora Jones of Moore County; Miss Kathryn Potter of Collingsworth County; Miss Geraldine Mayes of Hutchinson County; Miss Virginia Hill of Armstrong County; Miss Barbara Fain of Hansford County; Mrs. Jane Fletcher of Carson County; Miss Margaret Lill of Oldham county; Mrs. Prowell and Mrs. Argen Draper of Deaf Smith County; and two agents from District II, Miss Myrna Marshall of Yoakum County, and Miss Mildred Cox of Hale County.

GARCIA NEWS

E. M. Jacks Visiting in Floydada

By MRS. S. N. THWEATT

Mr. and Mrs. E. M. Jack spent several days in Floydada this week visiting their daughter and family, Mr. and Mrs. Arlon Miller.

Mr. and Mrs. Dub Howard and Mr. and Mrs. Bob Howard and daughter, Dona, had Sunday dinner with Mr. and Mrs. W. D. Howard. The Dub Howard family was from Texico, N. M.

Mr. and Mrs. N. A. Brown, Mr. and Mrs. Floyd Brown, Wayne and Roger visited Sunday evening with Mr. and Mrs. Howard Duncan and

children. Mrs. Howard Duncan was the former Anne Adams of Garcia Community.

Mr. and Mrs. Jerome Nogler and son, Neil, of Hereford spent Sunday in the home of Mr. and Mrs. Bruce Coleman. Mrs. Nogler is the former Nancy Messenger.

Mrs. J. E. Rouse visited Mrs. Ruth Coleman recently.

Mr. and Mrs. S. N. Thweatt were in Amarillo on business Tuesday.

Mr. and Mrs. Bruce Coleman and children ate dinner with Mr. and Mrs. Bill Case and children in Hereford Sunday.

Mr. and Mrs. Ernest Brown and family visited in the home of Mrs. S. B. Pulliam of Rosedale, N. M., Sunday. Mrs. Pulliam is recovering from an operation.

Mr. and Mrs. Eldred Brown and son, Tommy, visited in the home of Mr. and Mrs. S. N. Thweatt Thursday night.

The Messenger Home Demonstration Club had its annual Valentine party in connection with its

club meeting Friday in the home of Mrs. Bob Howard. Each member received a Valentine from the other members. Present were Mesdames N. A. Brown, S. N. Thweatt, W. D. Howard, J. E. Rouse, Helen Turner, Elmer Northcutt, Floyd Brown, Bruce Coleman, Ruth Coleman, E. M. Jack and Ernest Brown.

Mrs. Bob Wily, Mrs. S. N. Thweatt, Mrs. Bruce Coleman and Mrs. Ruth Coleman visited with Mrs. Jack Bruse Friday afternoon.

The snowy weather has been the talk of the community people this past week.

Mr. and Mrs. S. N. Thweatt received a card from Mr. and Mrs. J. R. Coleman of Crest Butte, Colo. They had eight inches of snow Thursday night.

Mrs. Floyd Brown and sons, Wayne and Roger, Mrs. Eldred Brown and son, Tommy and Mrs. C. W. King and daughter, Geneva King, attended the ball game at Friona Friday night. Geneva play-

RISE TO JAIL

CLIFTON FORGE, Va. — Marion D. Shaw was successful when he hitchhiked a ride — but it turned out to be a one-way ride back to jail. Shaw slipped out of the jail while it was being cleaned. The next day he was hitchhiking a ride when Game Warden Forest Hanks drove by. Hanks recognized Shaw, picked him up and drove him back to jail.

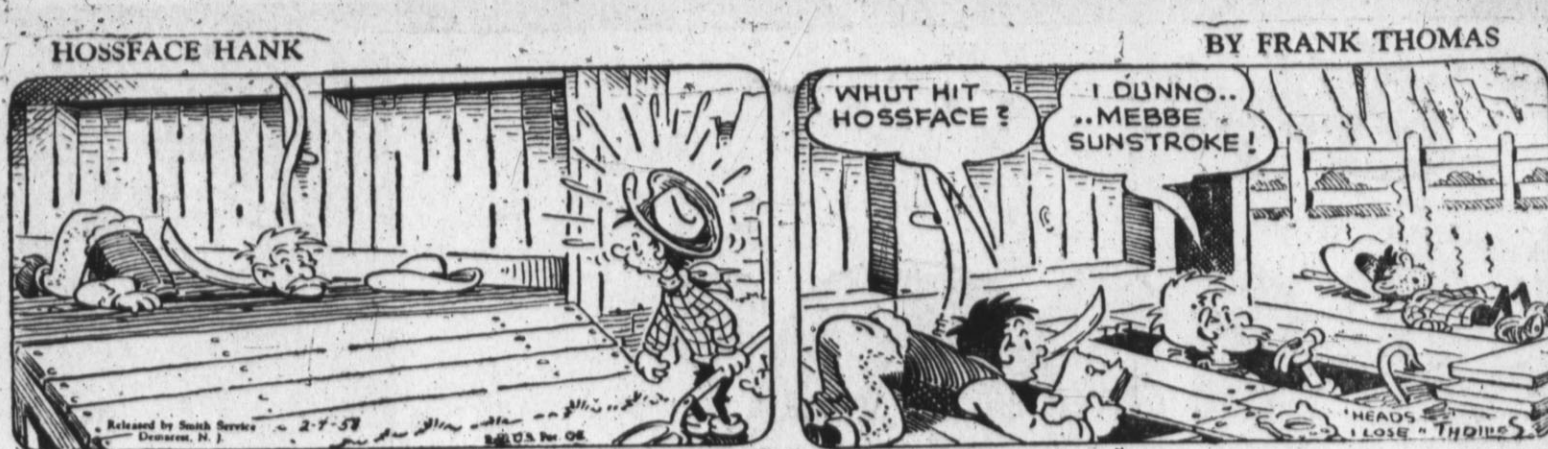

GONE GROCERIES

SUFFOLK, Va. — When Willie White's grocery bag ripped, he wasn't left holding anything.

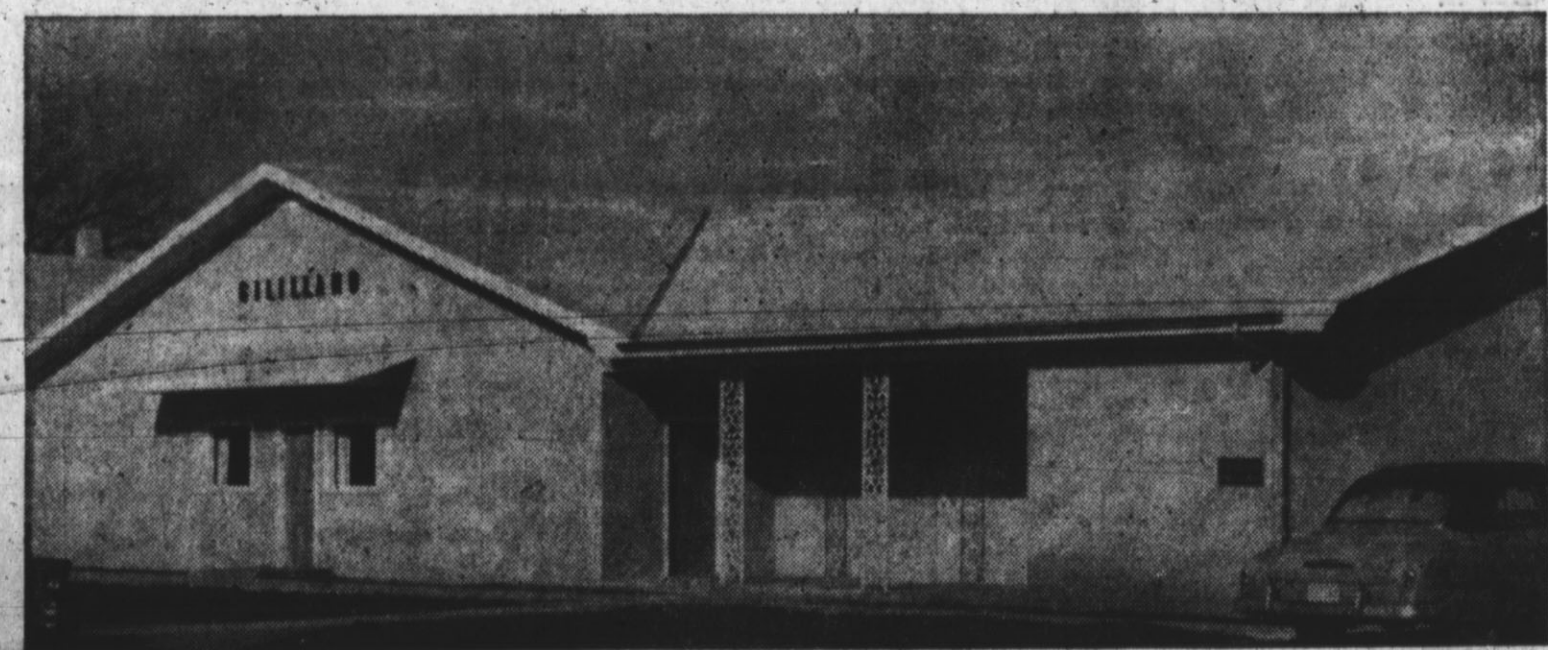

White told police he left a grocery store with two bags of groceries when one of them started to rip. He set the bags down and went back into the store for a new bag.

When he returned the groceries were gone — ripped bag and all.

ed on the Grady, N. M., team. Friona won the games. Frank Ford was in Amarillo Monday to do some business. Mrs. L. W. Potts of Rosedale, N. M., is showing improvement from the heart attack which she suffered just before Christmas. Mr. and Mrs. Potts were guests in the N. A. Brown home recently.

Good Year for Eggs Predicted

COLLEGE STATION — This year, 1958, will likely be more profitable for egg producers than 1957, according to F. Z. Beanblossom, extension poultry marketing specialist.

On Oct. 1, 1957, the number of potential layers was five per cent smaller than a year earlier, he adds. During the first half of 1958, this number will probably continue below a year earlier, but in the last quarter, the size of the laying flock will be increased by the addition of pullets.

It appears that there will be a slight increase in the demand for chicks for egg production in the United States, says the specialist. Flock-replacement chicks produced in December, 1957, were 12 per cent larger than in Dec., 1956. But Texas hatcheries produced only 838,000 egg-type chicks compared to 1,067,000 for the same month in 1956. However, egg-type chick production in Texas will probably pick up during the next three months.

It seems reasonable to expect that the total number of chickens raised in the United States in 1958 will be from four to six per cent larger than in 1957, but there will be three or four per cent fewer layers on farms. However, increased production per bird will partly offset the decline in layers, and though egg output in the first six or eight months will be slightly below a year earlier, by late 1958, total production will be about equal or slightly above late 1957 levels.

With continued large consumer incomes and about a five per cent reduction in per capita egg supplies, prices to farmers in 1958 are likely to increase, says Beanblossom. The rise will be most pronounced in the first eight months. Little change is likely the last three or four months.

Remember, the Texas Egg Law became effective Aug. 22, 1957, reminds Beanblossom. All licenses should have been obtained before Oct. 20, 1957, and the enforcement began Feb. 17, 1958.

How Can I?

By Anne Ashley

Q. Should the electric light globes be cleaned often?

A. Yes. It is surprising how much light dirty bulbs and soiled glass globes prevent throwing out. If they are neglected, the housewife will be paying for illumination that she is not receiving.

Q. How can I make an ash stain?

A. Mix 1 quart of boiled linseed oil, 1 quart of turpentine, 1 pint of whiting, and 1 level tablespoonful of raw sienna.

Q. How can I keep the crust of rolls and bread smooth and tender when baking?

A. Place a saucpan of boiling water in the oven when baking. The steam will keep the crust smooth and tender.

Q. How can I avoid accidents caused by a stepladder slipping on wet floors?

A. Find an old wornout rubber overshoe, cut out a few small rectangular pieces to fit the bottoms of the stepladder legs, and tack or glue a piece to the bottom of each leg.

Q. How can I melt ice on cement steps?

A. Sprinkle several handfuls of saltpeter on cement steps or walks that have ice on them. To keep ice from forming, wash with hot water in which a handful of salt is dissolved. This is better than sprinkling with salt.

Q. How can I relieve a nervous headache?

A. A nervous headache can frequently be relieved if one will drink a cup of strong black coffee, to which the juice of half a lemon has been added.

Q. How can I whiten and purify sponges?

A. Soak in milk, then rinse thoroughly in warm water with a little carbolic acid.

Q. How can I remove oil stains from leather?

A. By dabbing the spots carefully with spirits of sal ammoniac. After allowing it to remain awhile, wash with clean water. If necessary, repeat the treatment, but be careful not to injure the color of the leather.

Q. How can I measure molasses accurately?

A. Molasses can be measured accurately if the cup or spoon is dipped in scalding water before measuring. The syrup will not stick to the sides.

Q. How can I avoid removing a gilt when washing gilt china?

A. By not using too much soap, soap will eventually remove the gilt.

Q. How can I use less sugar for sweetening any sour fruit when cooking?

A. By adding a half teaspoonful baking soda when the cooking is nearly finished.

Beauty At Home

Q. What sort of makeup technique will help to camouflage an acne-pitted skin?
 A. Fill in the pits with a cream base that is lighter than skin-tone. The cream base can be pressed in and set by using a puff lightly dusted with talcum powder. For the makeup, use a liquid foundation cream of skin-matching tone, smoothed on evenly and carefully so as not to disturb the first cream base. Then comes the rouge, and powder.
 Q. How can I exercise to help develop and firm my bustline?
 A. Stand with feet together and arms straight down and slightly forward. Grasp firmly the ends of a 36-inch ruler or a bath towel. Still grasping firmly, raise your arms straight-out and up over your head and down in back. Now bring them back, stretching up as far as you can. Give them a good stretch. Return to starting position. Repeat at least ten times.
 Q. How can I make up to counteract a rather small and weak-looking chin?
 A. Use a lighter foundation on the chin than on the rest of the face — just a small amount. Blend both foundation tones together so there is no sharp line of demarcation.
 Q. What can I do to make my rather large ears seem less conspicuous?
 A. A touch of rouge on their lobes, and a bit of powder, will make them blend in with your face. Instead of stand out. Use only small earrings, and choose a hairdo that will cover the tops of your ears.
 Q. The heels and toes of my nylon hose are always wearing out very quickly. Is there anything I can do about this?
 A. Try rubbing the heels and toes of your hose with paraffin or candlewax before putting them on.
 Q. How can I add a delicate fragrance to my handkerchiefs?
 A. When laundering them, put a small piece of orris root in a muslin bag and boil this with the hankies. This will add a faint aroma of violets to these articles.
 Q. What are some makeup hints for the girl with a thin, oval face?
 A. Since she needs width, she should fluff her hair out below the ears. Chokers, dog collars, and

round collars will help to broaden the face; button earrings will give more roundness. Dark foundation will make the chin appear pointed. Always remember that cream foundation catches light and brings out a certain part of the face, whereas dark foundation minimizes.
 Q. How can I mix myself a good effective mouth astringent?
 A. Some unsweetened lemon juice mixed with a little water is very good.
 Q. Please suggest an after-shampoo rinse that will help bring out the highlights in my hair.
 A. One good rinse consists merely of some parsley boiled in water. You use a handful of clean, chopped parsley and two quarts of water. Boil for about six minutes.
 Q. What type of beauty mas or packs are especially beneficial to oily skins?
 A. Mud or clay packs. The consist largely of fuller's earth, kaolin, mixed to a smooth paste with witch hazel. Use about two tablespoons of the clay. Equal parts of witch hazel and peroxide can be used if bleaching is needed or desired.

You are Cordially Invited to attend the

OPEN HOUSE

and

DEDICATION

of our new home

at

411 East Sixth St.

SATURDAY,

FEB. 22, 1958

DEDICATION 2 P.M. - OPEN HOUSE until 9 P.M.

May we take this opportunity to extend to each of you, our personal invitation to attend the formal opening and dedication of the new Gililland Funeral Home, located at 411 East Sixth.

We are indeed proud of our new home, just as we are proud of our long years of devoted service to the people of this area. Of course, we are particularly happy about our new chapel with a seating capacity of over 350. We feel that our new building, our new chapel, and the central location of the home, will enable us to give you even better service in the days to come, whether it is directing the funeral of a loved one, or just a routine ambulance call. We believe our new home is second to none in this area.

But, don't take our word for it. Come on out Saturday, February 22nd, 2 to 9 p.m. and see for yourself.

—Matt and Marlin Gililland

Complete Ambulance Service

Prompt and Safe

GILLILLAND FUNERAL HOME

411 East Sixth - Phone EM 4-2211

Household Scrapbook

By Robert Lee

Hand Lotion

A quart of excellent hand lotion can be made as follows: Soak 1 ounce of quince seed for a day in 1½ pints of warm water. Then strain and add 2 ounces glycerine, 2 ounces tincture of benzoin, 3 ounces of alcohol, and 10 drops of rose essence. Mix thoroughly and put in a bottle, securely corked.

Ice Cubes

When entertaining guests, and an extra number of ice cubes are desired, empty the cubes from the electric refrigerator into a vacuum jug, and fill the drawers again with water for more cubes.

Mustard Plaster

Use the white of an egg instead of water to mix a mustard plaster, and it will not blister.

Avoid Steaming

Steaming up the bathroom when you draw your bath can be avoided by running cold water first and then adding hot water until you get the desired temperature. After a shower, run the cold water for a few minutes to clear up the steam.

Buttonholes

When making buttonholes in thin material, try rubbing a little library paste on the wrong side of the material. Allow it to dry, and it will give a better surface for working.

Cabbage

Place a piece of bread in the pot in which cabbage or cauliflower is cooking and it will eliminate much of the unpleasant odor.

Chocolate Stains

The stain left by spilling chocolate or cocoa on the tablecloth can be removed if it is immediately washed with cold water. If left awhile, use a solution of cold water and borax and allow to stand for a few hours in this solution before laundering.

late or cocoa on the tablecloth can be removed if it is immediately washed with cold water. If left awhile, use a solution of cold water and borax and allow to stand for a few hours in this solution before laundering.

Cleaning Leather

The shabby leather brief-case or other such article, will take on a rejuvenated appearance if it is rubbed thoroughly with a well-beaten white of an egg.

Suede Shoes

Try cleaning the suede shoes with a steel brush, but be careful to rub gently and not injure the surface.

Packing the Trunk

The tighter a trunk is packed, the better the contents will be in upon arrival at one's destination. If there are not enough clothes to fill the trunk, it is better then to fill the open spaces with crumpled paper. It is the half-filled trunk that causes the contents to toss around during transit.

Tired Eyes

Both warm and cold water are soothing to the eyes. Warm water dilates the blood vessels and relieves tension; cold water will take the fire out of overworked muscles. Use whichever makes you feel better.

Water Spots

If there are spots of water on a garment that is not washable, place a damp cloth over the spot and press it. Sometimes water spots are not removable from silks and satins.

Cranberry Relish

To make a raw cranberry relish just run the raw berries through the meat grinder along with a few raw oranges, using the peels too. Add sugar and allow to stand for a few hours before serving.

Avoiding Colds

Many colds could be avoided if one would pay more attention to a balanced diet, including leafy vegetables and fruits. Also sleep eight hours every night, take a bath every day, dress according to the weather, and breathe through the nose instead of the mouth.

Ironing Shirts

Time can be saved when ironing a man's shirt if it is spread over the wide end of the board, instead of the narrow end. A larger surface of shirt can be worked on at one time.

Shoe Polish

Shoe polish that has become hard and dry, from failing to fasten the container securely, can be softened by pouring a few drops of turpentine in it.

The Hanging Basket

A novel way to water the hanging-basket without spilling water on the floor, is to insert a small funnel in the dirt, about the center of the basket and hidden by the foliage. Fill this funnel with water every day, and it will soak into the soil gradually.

Raisins

The raisins will not stick to a food chopper if the chopper is heated in a hot oven for a few minutes.

Gordon Shaffer on Training Exercise

BREMERTON, Wash. (FHTNC) — Gordon N. Shaffer, electronics technician third class, USN, son of Mr. and Mrs. James A. Shaffer of 206 Grand Ave., Hereford, is taking part in special training exercises in the Pacific Ocean aboard the attack aircraft carrier USS Midway.

The exercises, aimed at bringing the ship to peak performance levels, will last throughout February and for three weeks of March.

One of the final phases of the underway training will be flight operations in mid-March. This will be the first time the ship has launched and recovered planes from her flight deck since her recommissioning last September.

The huge ship is scheduled to return to the Bremerton Naval Shipyard at the end of March to undergo a six-week post shakedown yard period. She is scheduled to go to the Far East in August.

BLIND FARMER

PETERBOROUGH, Ont. (P) — Bill Robson, 34, with the help of a hired man and his sons aged 8 and 4, operates a 110-acre farm and a herd of 40 holsteins. He has been blind since an accident in 1954.

tes and boiling water is poured over the raisins before chopping them.

Clocks

If the ticking of the clock annoys you or the alarm bell is too loud, set the clock on a blotter or piece of felt to absorb some of the sound.

Cream Soup

Quite often one will have some leftover vegetables, but not sufficient for regular soup. Then a delicious cream soup can be made by melting the butter, blending in the flour and seasonings, followed by adding the vegetables very gradually, stirring and cooking until the mixture is thick. Last, add hot or cold milk as desired.

MORTON'S HONEY

Better than ^{even} the Bees can make it!

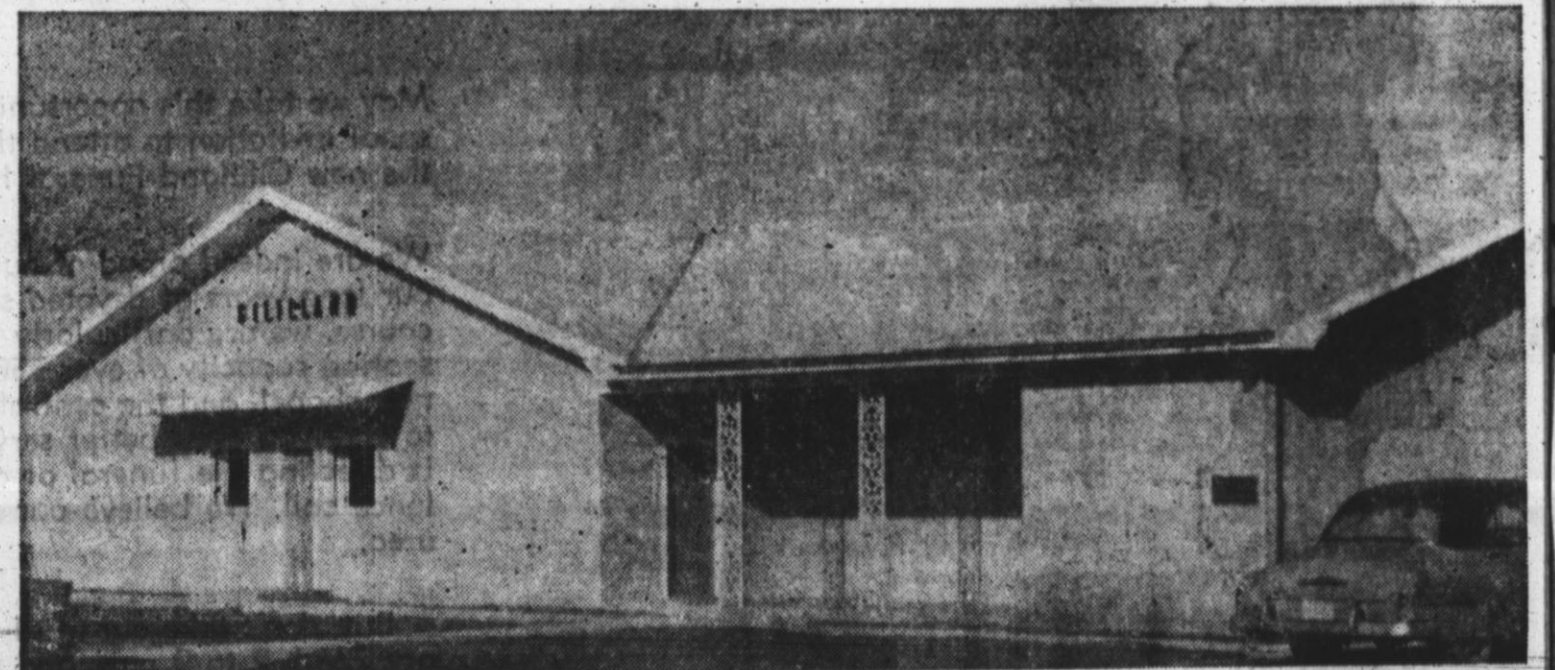

Now, bees make fine honey... but in different places and from different flowers. Only Morton's Pure Honey combines the delicate flavor of choice Colorado Mountain Clover honey with select Texas honey derived from prairie Vetch blossoms. The finest food in nature, made BETTER as only Morton's can. Strained Pure Honey, with Comb if preferred, or Creamed in Morton's little Honeycups... "no drip, no sticky paws."

and just as good as MORTON'S POTATO CHIPS

SOPHIA LOREN strikes a moody pose in tune with the tragic role she will portray in the film adaptation of Eugene O'Neill's play, "Desire Under the Elms."

Man Named O'Neill First Offered 'Desire Under the Elms' to Hollywood

NEW YORK (P) — Sophia Loren is making her American film debut in a drama first offered Hollywood for another glamor star, Marlene Dietrich, 25 years ago.

The man who submitted the script and suggested Dietrich for the lead was Nobel Prize-winner Eugene O'Neill, America's most famous playwright.

"Until now," says Don Hartman, producer of the film version of "Desire Under the Elms," "no one ever knew that O'Neill was ever personally interested in having one of his plays made into a movie."

The episode also shows, Hartman adds, that film makers aren't the only people who sometimes drastically revise plays or novels.

"The treatment O'Neill submitted in 1932 and altered almost the entire story and changed its main elements," the producer explains.

"The current version is a lot more faithful to the original."

Liberalization in the past several years of the production code, filmland's own censorship, is the chief reason why Hartman's treatment of O'Neill is possible.

"Desire Under the Elms" is a story of tragic passion and emotional conflict, set in the New England of 1848. Portraying principal roles opposite Italian star Loren are Tony Perkins and Burl Ives.

It was the O'Neill movie outline which gives the current versions authority for changing the feminine lead from a native New Englander to a lass with foreign accent.

"O'Neill made her into a Hungarian," says Hartman, "and thought that Miss Dietrich should play the part."

Hartman found the forgotten and rejected manuscript after he bought the movie rights from the late author's estate in 1954. He asked the studio librarian to find out whether anyone had ever attempted to render the lusty drama into

acceptable film form.

"They called back and said it had been done once, by a man named O'Neill," chuckles Hartman.

During his lifetime, O'Neill was known as a sharp critic of the movies, and had rejected several offers that he prepare scripts or assist in production of some of his plays.

Films previously have been based on O'Neill's cycle of sea plays, as well as "The Emperor Jones," "Strange Interlude" and "Mourning Becomes Electra," which was the last to appear, in 1948.

There is just one ironic touch to Hartman's production of "Desire Under the Elms."

"I wish I could say that back in 1954 I had a feeling that there was going to be a big revival of interest in O'Neill," he says referring to the fact that in the past two seasons four O'Neill works have appeared in major stage production.

"But I have to admit that I had only one reason for obtaining the property. I just thought it was a fine drama."

Miss Loren had a special reason for wanting the part.

"She wouldn't sign a contract to make four films in Hollywood until she knew what the first one would be," says Hartman. "She was determined not to just be a glamor star, but to prove she can act. 'Desire' sold her."

Hale Center, Tex., Man Reports—

"A \$5.60 Investment Netted Me \$54.85 In Cotton."

Jack Shelley, Hale Center, Tex., says: "I put down Phillips 66 Agricultural Ammonia on my irrigated cotton and got an average of 847 pounds of lint per acre. This compared to a yield of 633 pounds on a check plot. My increase netted me \$54.85 an acre. I got more well matured, five-lock cotton bolls, too."

Other Southwestern farmers have discovered that the 82% nitrogen in top quality Phillips 66 Agricultural Ammonia helps them to get more profit per acre, through higher yields and lower production costs.

They have found that, by using Phillips 66 Agricultural Ammonia, they get more cotton that grades out higher at the gin; yields of sorghum grain and ensilage are increased; more marketable vegetables are harvested, and profits on wheat are increased through better forage, and higher yields of grain.

See your Phillips 66 Agricultural Ammonia distributor about profitable Phillips 66 Agricultural Ammonia, the 82% nitrogen fertilizer.

Call your nearest Phillips 66 Agricultural Ammonia Distributor

Skinny Pants Star in Italy

IAN GIRLS WEAR THE PANTS—Here are latest versions of skinny pants as shown recent Italian fashion shows. At left is a ch outfit consisting of black and white linen skirt and tight white linen pants. Right, models Marzia Becchio and Isabella

Conte wear printed linen pants and shirts at the Pitti Palace in Florence. Marzia wears an outfit printed in black, yellow and gray polka dots. Isabella's suit is white with black anchors. All are designed by Baldini, of Santa Margherita Ligure, Italy.

Economist Says Cattle Prices To Rise in '58

COLLEGE STATION — Prices of cattle should rise some further in 1958, according to John McHaney, extension economist. However, he adds that prices after 1958 will depend to a great extent on the general level of business activity.

The inventory of cattle and calves on Jan. 1, 1957, showed a decrease in numbers for the first time since 1949, says McHaney. There was a further reduction in 1957 and on Jan. 1, 1958, numbers were probably down to about two million head from the 95.2 million head on Jan. 1, 1957.

Less cows will probably be slaughtered in 1958, says the economist. Cattle producers did not withhold many cows from slaughter until the last part of 1957, but more are likely to be withheld in 1958. However, this may not reverse the cattle cycle in 1958, because last year's reduction will mean a smaller 1958 calf crop. But it will reduce total cattle slaughter and total beef output in 1958.

Ranges and pastures over much of Texas have a good growth of winter grass and weeds. This feed, plus small grains, stubble fields, cured grass, and ample hay reserves should carry stock through the winter in good condition, points out McHaney. All range feed in the state was reported at 80 per cent condition on Jan. 1, 1958. This compares with 51 per cent on Jan. 1, 1957, and 69 per cent for the ten-year average to this date. The improved range conditions have created a good demand for range cattle which should continue in 1958 assuming favorable moisture conditions.

McHaney says that little change is likely in the total meat output in 1958. There will probably be a reduction in the slaughter of cattle and calves, but there will likely be an increase in the slaughter of hogs. Heavy carcass weights for cattle will also help maintain the output. Lower pork prices during the latter part of 1957 will certainly make pork more competitive with beef.

JUNIOR EDITORS

MILFORD, Mass. — An idea spawned on a rainy day more than a year ago has sprouted into a weekly newspaper — a two-page mimeographed sheet with some 100 subscribers.

"The Crockett" is the brainchild of Charles W. Calcagni II, the 11-year-old editor, and his brothers, Paul, 9, and David, 6. Three other local youngsters also pitch in on the project.

The weekly contains local items, poetry and editorial comments on the weather, recipes and breezy neighborhood items. The boys' mother helps with the typing and supervises the final layout of the pages, including its advertising.

The editor, who doubles as subscription manager, reports the paper's income at about \$5 a week. The "payroll" is non-existent after the expenses are totaled.

themselves faced with the problem of having deserving needy people but no money with which to give them employment.

Husbands Feted By Sunshine Club

Members of the Sunshine Club entertained their husbands at a Valentine party Friday in the Friendship Room of the Hereford State Bank.

Games were played and the 25 cent slice of cake was won by Mrs. Lois McDermitt.

Those present were Messers. and Mesdames Woodie McDermitt, Clois Kemp, Clint Laundry, J. C. Mays, George Miner, C. E. Watts and Bob Davis.

DIAMOND HUNTER

PESHITGO, Wis. — Finding a diamond in deep snow may seem next to impossible, but Stewart Jarvis, a Peshitgo police, was equal to the task.

Miss Evelyn Brown reported that a 3/4 carat stone had fallen out of her ring into the snow as she stepped out of a car.

Jarvis shoveled the snow into a tub and melted it. He found the diamond in the second tubful.

SETTLEMENT

KNOXVILLE, Tenn. — The Police Department mail included a \$2 check marked "for tags by cops" — mailed without an envelope with a 3-cent stamp on the check itself.

'69-er' Sees Her Idea Reborn in Each Congress

MRS. ALBERT CARTER, founder and guiding light of clubs for congressional wives, poses with her painting of Mrs. Eisenhower.

By JANE EADS

WASHINGTON — When Mrs. Albert E. Carter came to Washington in 1925 with her husband, a newly elected Republican congressman from California to the 69th Congress, she didn't know a soul.

"I found other wives of new members in the same boat — some so lonesome they were even talking of going home," she recalls.

"There were 69 of us. We formed a club, met once a month, shared our problems, went sightseeing together and became good friends. We were called the 69-ers."

So successful was this venture, Mrs. Carter helped form new clubs with each new Congress. The latest is the 85th, headed by young Mrs. Frank Church, wife of the Democratic senator from Idaho.

When some of the earlier clubs began dwindling in size with the passing years, Mrs. Carter, whose husband now practices law here, was urged to consolidate the remaining members in a new group, the "Senior Congress Club." Some of the 69-ers helped. They included Mrs. Fred Vinson, widow of the late chief justice and long-time Democratic member of Congress from Kentucky, and Mrs. Walter George, widow of the late Democratic senator from Georgia.

Recently Mrs. Carter was honored by the Congressional Club which is made up of wives of all the lawmakers, many of whom belong to individual clubs organized by her. Mrs. Nobel Johnson, wife of the chief justice of the Custom and Patent Appeals Court and former congressman from Indiana and herself one of the 69-ers, was chairman of the gala event.

Headed by the very active Senior Congress Club whose president now is Mrs. Everett Dirksen, wife of the Republican senator from Illinois, each Congress Club presented a skit depicting an era of Mrs. Carter's life.

"I guess I've been here longer than most," Mrs. Carter told me. "Though I did most of my work in California, I've found many opportunities to keep myself busy here. Organizing the clubs, meeting all the new women, has been a very warming experience."

Mrs. Carter says in recent years new congressional wives coming to Washington are more familiar with what goes on here.

"They are much better informed about things outside their homes, are more politically aware and

more concerned with national and international affairs than wives used to be," she explains.

Before coming to Washington, Mrs. Carter served as state president of the Legislative Council of Women in California which worked to get changes in the state community property laws, to get women on juries, and to raise teacher salaries. She has served on the state board of education and holds life diplomas for teaching in Oregon, California and the State of Washington.

Not long ago she took up painting and has won a number of prizes in local shows for her oils, one of which is a portrait of President Eisenhower.

RETURN OF THE RABBIT

ENID, Okla. — Glenn Oakley found a baby cottontail rabbit one day and fixed it a home in his basement.

For a year, the Oakley family fed it well but one day the rabbit escaped.

However, it didn't take long for the rabbit to find out which side his carrot was buttered on. The rabbit hopped back home for his regular feedings.

GRANDMOTHER BUILDS

GRANVILLE, Ohio — If any of her five grandchildren need a home, Mrs. Rachel Ramsay should be able to help. The spry 66-year-old has built two houses herself and a third with help since 1950. She's now remodeling her garage into an addition to her house.

Pole Station Post Office Doing Roaring Business

AT THE SOUTH POLE — A corner of the mess hall at this IGY station contains the post office with a magic name for millions of people around the world. It has the coveted postmark "Pole Station, Antarctica."

It is the target of stamp collectors everywhere. People stirred by curiosity write to the station to find out how its 18 men live in the world's most hostile climate. Lonely women write in the hope of striking up "pen pal" friendships. And the station always gets its full share of official mail and packages from home.

Occupying a space less than 10 feet square, this post office probably is the most elemental of all operated by Uncle Sam. Its equipment consists of a handoperated stamp cancelling machine, a bathroom-scale, a letter box, a cabinet containing about 50 pigeonholes and a few rubber stamps.

The pigeonholes are for outgoing, not incoming mail, because the Pole station sends back more letters than it receives. Stamp collectors send their covers to the station in packages. The covers, stamped and addressed by the sender, have to be sorted into bundles according to the states or countries of their destination.

This means more work than the postmaster, Louis B. deWit, Navy commissary steward from Ogden, Utah, can do. So other men of the station take turns helping him.

The stamp collecting part of the operation has become so heavy that the Navy has imposed a limit. Individuals are held to no more than five covers in each consignment. However, some of them have circumvented this by sending packages of five to several of the men here.

But the abuses are being overcome gradually. When deWit gets a package obviously containing large numbers of covers, he stamps it for return to the sender and it goes back unopened. Sometimes the scattered consignments from one person are collected, repackaged and returned to the sender without benefit of the magic postmark.

From the financial standpoint, deWit says, the government is doing well on its polar post office. This is mainly because it has no scales that will weigh ounces or fractions of an ounce. A man who mails a letter hefts it and guesses its weight.

Deaf Smith County may well be proud of the administration of Reconstruction Finance Corporation funds to give work to local unemployed, as it is being effected by the Welfare Assn. So well was planned the distribution of the \$3,000 given here to be used in January and February, that sufficient funds were kept available to pay for needy laborers through this month. Word has been received from other counties that have exhausted their funds and now find

For Your Convenience!

Your City Has Installed The CURB-COP . . .

To save you time, trouble and inconvenience in paying overparking tickets, your city has some new members on the police force! They're the smiling, friendly Curb Cops—aluminum collection boxes attached to the parking meters to make fine payment a quick and easy affair.

Yes, now you can pay overparking fines on the spot! You no longer have to bother with stamps, money orders, or tiresome trips to the police station—you simply walk a few steps to the nearest meter with a Curb Cop attached, deposit your fine, and forget it!

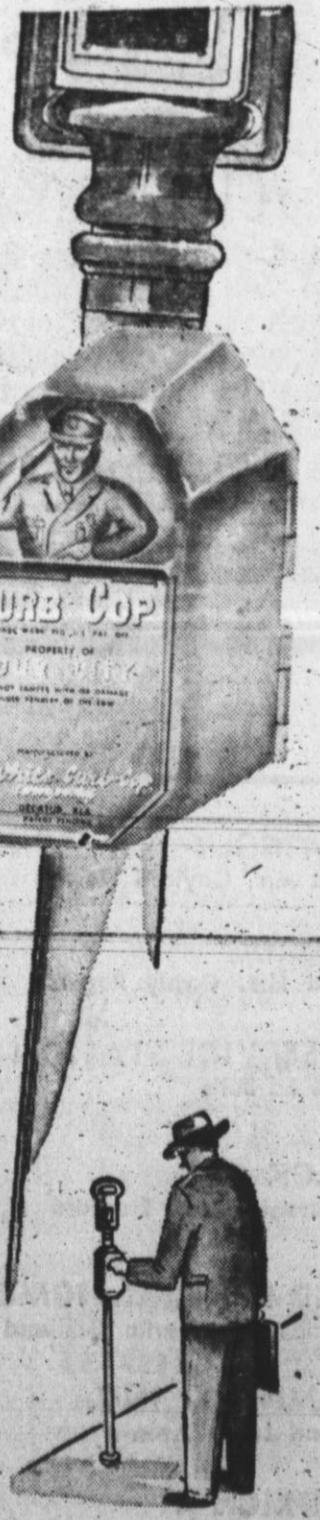

This progressive and forward-looking step by your city is designed to make it as easy and convenient as possible for you to comply with the law.

Here's How It Works!

Tickets will be in the form of an envelope. The officer keeps a stub with corresponding information to be checked against the envelopes containing the fines. Payment may be placed in the envelope and deposited with the nearest Curb Cop, which is never more than a few steps away. That's all there is to it!

PAY TODAY THE CURB-COP WAY

CURB COP SERVICE WILL BEGIN FRIDAY

How's your "pick-up"?

If you've not been getting the results you've been hoping for (with your car, that is) may be it's time to change.

(Change your gasoline, that is.)

We'd like to suggest that a tankful of today's Phillips 66 FLITE-FUEL can do wonders for your car's pick-up. And give you easier starting and smoother anti-knock quality in the bargain.

Test Drive today's FLITE-FUEL. You can get it at your nearby Phillips 66 Service Station.

Come in and take our "STOP AND GO TEST!"

World's most complete truck line—1/2-ton to 96,000 lbs., GVW. New Golden Anniversary models up to 33,000 lbs.

It's simple, takes just a little time, and it's a real convincer!

Take out an INTERNATIONAL Truck with METRO® body and drive it exactly as if you were making your own deliveries. Notice the loading and unloading convenience, driving comfort and easy handling (even easier with optional METRO-Matic Transmission!)

Multi-stop models include METRO, METROETTE, METRO-LITE, METRO-Van, and new Golden Anniversary Action-Styled 3-door Panel models.

Come on in! "Stop and Go Test" an INTERNATIONAL—the truck that has been multi-stop leader 19 straight years! And INTERNATIONAL Trucks cost least to own—records prove it!

INTERNATIONAL TRUCKS cost least to own!

 Topic for Wednesday, Feb. 26: "The Sorry end of Judas." Text: Matt: 27:3-10.
 Let's We Forget: All Christian preaching, including Lenten preaching, is primarily Gospel, proclamation of the grace of God. The Word concerning the suffering and dying of Jesus Christ is the most glorious message of faith, the most certain absolution. Therefore we sing: Lord Jesus, we give thanks to Thee that Thou hast died to set us free; Made righteous through Thy precious blood. We now are reconciled to God.
 A most cordial welcome to you.

What's your station? What is your destination? "There is a way that seemeth right unto a man, but the ends thereof are the ways of death." We are all aboard the train of life. Around the next curve may be your station. This is the road which leads to life eternal. You may travel in this way if you will. Are you ready, prepared? Are your plans made? "The path of the just is as a drawing light that shineth more and more unto the perfect day." The 'Great Conductor' counsels: "Strive to enter in by the narrow gate!" To those who follow His counsel he says: "Ye shall find rest unto your souls." What is your station?

Bien venidos. Cuidada en la Calle 128 E. 5th.

Las servicios durante la semana y el Domingo. Como siguen: 8 de la noche Martes, Jueves, Sabado y Domingo.

Bible Words for Today

HEBREWS 12:1 — "Let us run the race." (RSV)

We should look upon success in our daily vocation as a duty which we owe to God and to man. We have no right to be content with anything less than our best. The biggest temptation that all of us face is to stop where we can get by. The author of our text calls on us to run the race. The words are active. Put in it the best you have. This is the only possibility of winning, for, if we take our course indifferently, we may not expect to rise above the difficulties and obstacles or have any marked degree of success.

I remember the obstacle race of high school field days when various barriers were placed in the way of the runners. It was not a smooth and easy course and the man who won, was the man who persistently ran the clear distances and mounted the obstacles as they came. Life is a good deal like that obstacle race. There are times when the going is smooth. Then there are barriers in the way and they are calculated to discourage and retard. But whatever the conditions, run the race, for that is what God and men expect of you.

BARGAIN BURGLER

HONOLULU (AP) — Honolulu police are trying to track down the city's "key burglar" — a daring individual who commits two crimes for the price of one.

On four occasions recently, the burglar first went to the homes of cafe proprietors, stole their keys and then went to the cafes and burglarized them.

SCHOOL BUILDERS

DAYTON, Ohio (AP) — Jefferson Elementary School pupils have reconstructed the Eiffel Tower and TV station antennae — with toothpicks.

AUSTIN HIGHLIGHTS

Money Is Biggest Topic in Capital

By VERN SANFORD
Texas Press Association

AUSTIN — Money is making the biggest news in Austin at the moment.

Discussion swirls around such topics as campaign funds, unemployment, recession, taxation, receiverships and credit insurance rates — all pocket-prodding issues.

Gov. Price Daniel publicly deplored the money-raising efforts of Texas Republican National Committeeman H. J. (Jack) Porter. Porter staged a \$100-a-plate dinner in Houston to raise money for Republican congressional campaigns. His widely publicized letter asking contributions pointed out the need to gain support for the natural gas bill now before Congress.

A hard-fought issue for many years, the bill is generally favored in Texas and other gas-producing states, but bitterly opposed in gas-consuming Eastern and Northern cities. Opponents were quick to label Porter's approach as "mass bribery" and "selling legislation for campaign contributions." Proponents of the bill groaned. They contended that Porter had heaved a huge monkey wrench into plans for passage this session.

Governor Daniel said the incident "should convince all Texans that the Republican leadership in this state has nothing to offer but embarrassment, discord and division."

WHY NO JOBS — Viewing the soaring unemployment figures, Governor Daniel took more jabs at the GOP.

Loss of jobs reportedly increased more in the past month than

at any time since World War II.

As far as Texas is concerned, said the governor, much of the blame can be laid to the Republican administration's ineffectiveness in controlling oil imports. Competition of foreign oil, he asserted, has caused Texas production to slip steadily, bringing loss of jobs and revenue to the state. National farm policies also were criticized by the governor.

Texas Employment Commission says its January unemployment compensation payments hit \$337,800, an increase of almost 70 per cent from last September.

MORE TAXES? — Governor Daniel has slightly and very cautiously amended his determinedly cheerful stand about possible need for new state taxes.

He still doesn't agree with Comptroller Robert S. Calvert's chilly predictions. These are for a \$12,000,000 deficit by the end of this biennium (in 1959) and need for the next Legislature to scratch up \$100,000,000 in new revenue.

Governor Daniel said he felt the state would just about break even by 1959. But he conceded that needs of a growing state might call for more money by then. He still favors a gas gathering tax, which he proposed last year, but emphasized he isn't recommending that or any other new tax for the time being.

LET'S FACE IT — It's a recession, all right, but a minor one.

This is the answer Dr. John R. Stockton, one of the state's top business analysts, is giving many groups these days. Dr. Stockton is director of the University of Texas Bureau of Business Research.

Ebbing of prosperity and fear of another Depression have put the spotlight on BBR's studies. Dr. Stockton mines no words about there being a recession, but contends that the cures for this one are in plain sight. He cites increased federal spending and easier credit regulations.

A "minor" recession, says the BBR director, usually lasts about six to eight months.

RATE ORDER DELAYED — State Board of Insurance is re-studying an order that would cut in half the rate for insurance on people who get small loans.

Order brought a storm of protest from credit insurers who said the regulation would put them out of business. After a hearing, the Board postponed effective date of the order from March 1 to April 1.

Atty. Gen. Will Wilson has said he would head a drive to crack down on "loan sharks" if the Insurance Board would tighten up credit insurance regulations.

US TRUST PAYMENT FORESEEN — Partial repayment to investors in the bankrupt US Trust and Guaranty Co. may be possible within a couple of months. Texas Supreme Court rules that all creditors must share alike in the distribution. Payment has been held up by a suit in which holders of "trust certificates" sought preference.

Depositors can make one last move by asking the court for a rehearing. But unless the court completely reverses its view, this will be denied, making it possible for the state liquidator to begin paying out some \$4,000,000 in recovered funds.

ANTI-GIFT LAW TOPPLES — The Attorney General has declared invalid a section of a new law prohibiting insurance company officials from making gifts to State Insurance Department employees.

His reason: the bill's caption or title did not mention the subject. Texas constitution requires that a bill's caption must state specifically what is in the bill. In this case, the caption did mention that Insurance Department employees could not accept gifts from industry people. But it did not say that industry people could not give them.

Each year a number of newly-passed laws are thrown out by the attorney general, or by courts, as being improperly written. Governor Daniel has suggested a bill-drafting division in the attorney general's department to help legislators avoid such errors.

HOUSE CLEANING — "I can't help but think that just about all of those rotten apples are out of the barrel," said State Insurance

Liquidator J. D. Wheeler, in predicting that the period of insurance company failures might be over.

Our job with the insurance industry is like that of a traffic policeman, said State Insurance Board Chairman Penn Jackson. "If directors and stockholders will discharge their responsibilities, we will have less tickets to issue."

SHORT SNORTS — Robert E. Wallace has been appointed superintendent of the Abilene State School (for mentally retarded children) by the State Board for Hospitals and Special Schools. Wallace, currently heading a similar institution in Illinois, will begin his new duties April 1.

Atty. Gen. Will Wilson has announced the annual conference on law enforcement to be held March 9-11 in Austin. Meeting of the District and County Attorneys Association of Texas has been set to coincide with the conference.

Prices paid for Texas farm products were relatively steady during the past month, reports the U. S. Dept. of Agriculture. Most marked change was in meat prices — up 42 per cent from a year ago, seven per cent from December.

More than 6,000 men of draft age registered last month, according to State Selective Service Headquarters. Law requires 18-year-old boys to register on their birthdays or five days thereafter.

All the various gimmicks and gadgets used in a radio, television or hi-fi set, if bought separately and assembled on a do-it-yourself basis, are not subject to the state sales tax on radio and television

sets, ruled Atty. Gen. Will Wilson. Single exception is a "tuner" regarded as a radio set and, hence, taxable.

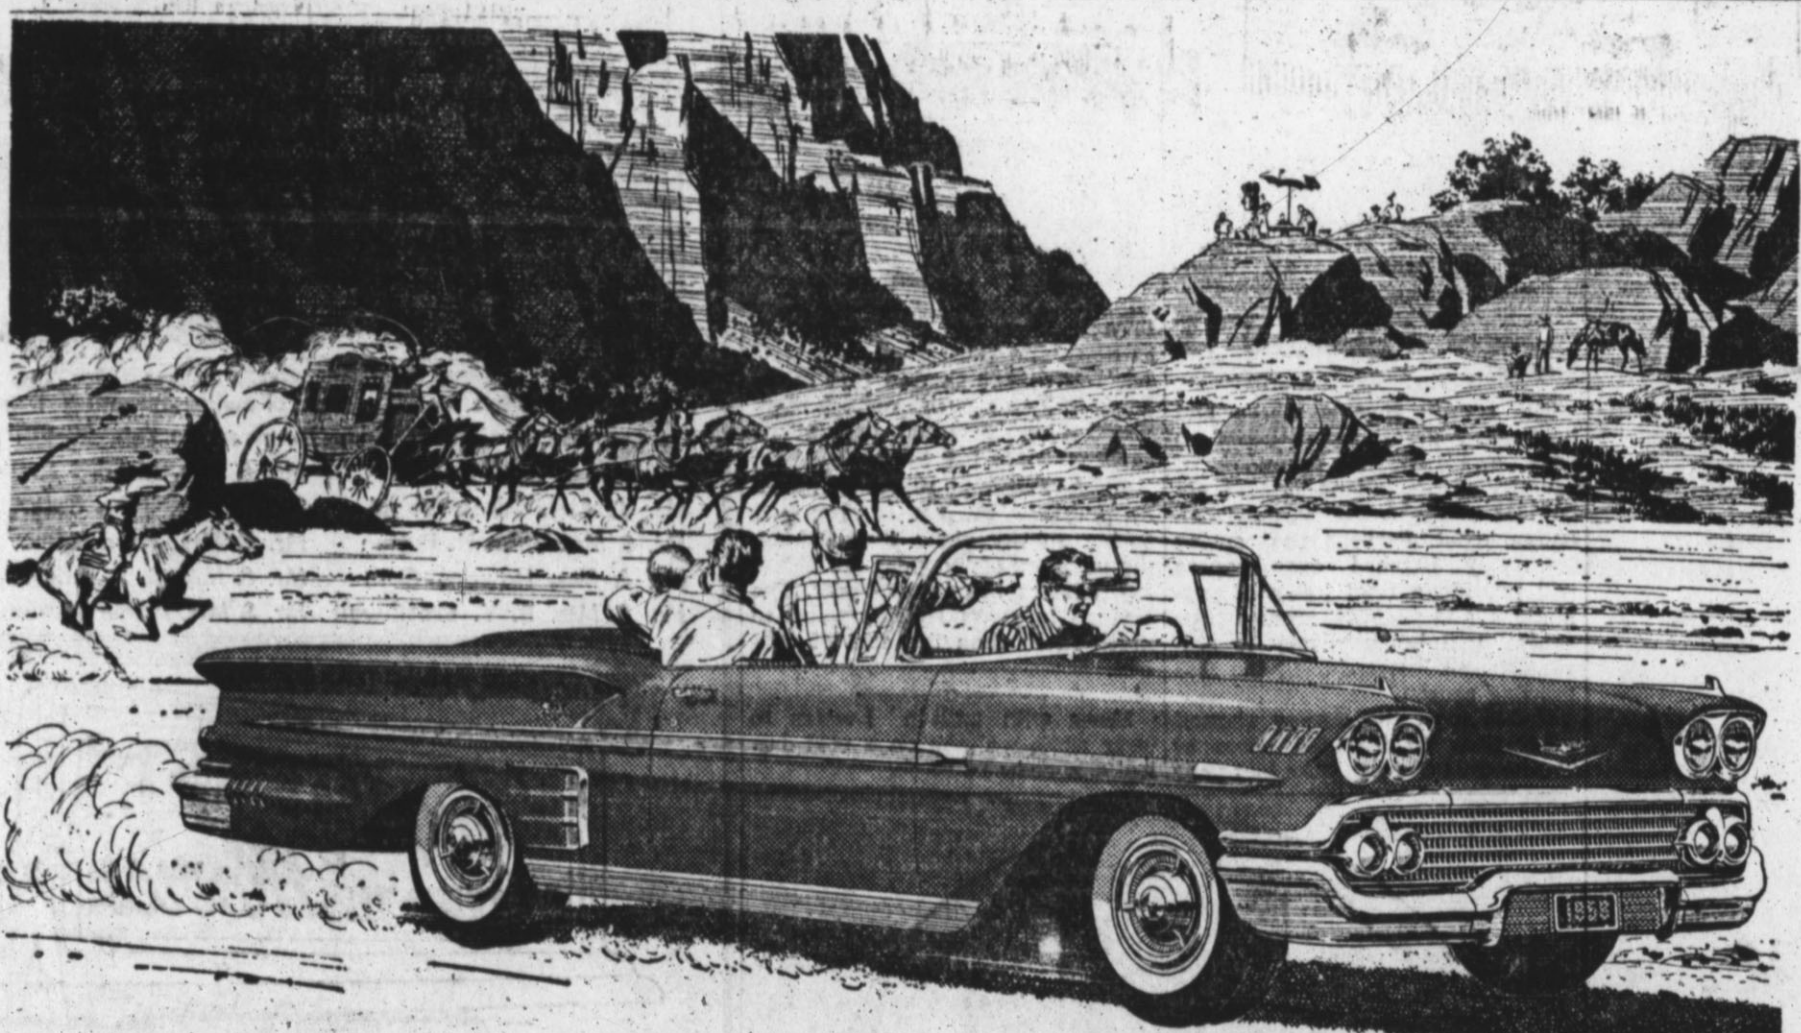

SCHOOL MAZE — The Rev. and Mrs. Jack Block have a hard time keeping up with Parent-Teacher Assn. and studies of their children. One is in college, one in high school, one in junior high, one in grade school — and there is a youngster still at home.

OFFICIAL HIDEOUT — PETERSBURG, Va. (AP) — Petersburg police were able to write one missing persons report of their records — Roderic Rieux was found in jail.

Rieux was arrested on a driving charge and fined \$50. Unable to pay, he was returned to jail.

His wife, who hadn't heard from him for several days, reported him missing. When he was found, the fine was paid and Rieux was released.

WHEAT AND SMALL GRAINS NEED NITROGEN!

For the nitrogen your crops need, apply Phillips 66 Ammonium Nitrate. The nitrogen and other plant foods removed by last year's crops must be replenished to maintain higher yields and profits per acre. Wheat and other small grains respond quickly to nitrogen to help stimulate early growth... produce and support bigger heads per plant and more plants per acre.

For fall-seeded small grains, apply nitrogen this spring before plants reach the jointing stage. For spring-seeded small grains, apply nitrogen before seeding or as a top dressing early in the season.

ORDER YOUR PHILLIPS 66 AMMONIUM NITRATE TODAY!

Legal Notice

ORDER FOR CITY OFFICERS' ELECTION THE STATE OF TEXAS CITY OF HEREFORD

I, Raymond C. Godwin, in my capacity as Mayor of the City of Hereford, Texas, do hereby order that an election be held in said City on the 1st day of April, 1958, for the purpose of electing the following officials for said City:

Two Commissioners Places No. 3 & 4

Whereas the laws of the State of Texas further provide that the Election Code of the State of Texas is applicable to said election, and in order to comply with said Code, an order should be passed establishing the procedure to be followed in said election, and designating the voting place for said election.

THEREFORE BE IT ORDERED That all independent candidates at the election to be held on the first Tuesday in April, 1958, for the above mentioned offices file their applications to become candidates with the Mayor of this City at City Hall, Hereford, Texas on or before 30 days from the date of said election;

That all of said applications shall be substantially in the following form:

To the Mayor of the City of Hereford, Texas: I hereby request that my name be placed upon the official ballot for the election to be held on the 1st day of April, 1958 as a candidate for (naming office) of said City. I hereby certify that I am eligible to hold office under the Constitution of this State and have resided in this state for a period of twelve months and six months in this City in which I offer my-

self as a candidate, and have been an actual bona fide citizen of said City for more than six months. Dated this the — day of —, 1958.

Name of Candidate: Received the — day of —, 1958. Mayor

That the Secretary of this City shall, in accordance with the terms and provisions of Election Code, Chapter 13, Sec. 210, post in her office the names of all candidates who have been certified to her by the Chairman of the Executive Committee of any party holding a primary election for said above mentioned offices, and the names of all independent candidates who have filed their applications in accordance with the terms and provisions of this order, and said names shall be posted at a conspicuous place in said office for at least 10 days before said Secretary orders the same to be printed on the ballot for said election.

This City, having one election precinct, said election shall be held at the following place in said City:

In Election Precinct No. One at City Hall Building.

The City Secretary is hereby authorized and instructed to provide and furnish all necessary election supplies to conduct such election. The Mayor shall issue all necessary orders, writs and notices for said election and returns of said election shall be made to this Commission immediately after closing of polls.

ORDERED this the 15th day of February, 1958.

s/ Raymond C. Godwin Raymond C. Godwin, Mayor SEAL ATTEST:

s/ Thelma Jersig Thelma Jersig, City Secretary B-34-2c

At The Movies

STAR THEATER

Beginning of the End: This movie has to do with an attack on American cities, mainly Chicago, by thousands of Grasshoppers, and the efforts of the United States Army and Air Force — and a brilliant young scientist — to conquer them. What makes this such a desperate situation is the fact that these grasshoppers are 10 to 12 feet long, man-eaters, and starved. They have attained such giant size through contact with radio-active materials and have grown so fast that their appetites are insatiable. After a horde of them has attacked a town there is nothing left, not a bone, not a sliver of wood. The Army and the Air Force are helpless against them; it takes the genius of a young scientist, Peter Graves, to finally save his country from total destruction. Peggie Castle, and Peter Graves.

The Unearthly: That splendid actor, John Carradine, stars as the added scientist. He has a fine idea — a 17th gland to add to the human body's normal 16 glands — which he figures will give the recipient eternal youth and life-everlasting. But he doesn't know when to quit; from scores of such gland transplants, he and his lovely assistant, played by Marilyn Buford, have produced only monsters. In to his "rest home" — a gloomy old structure miles from anywhere — come Allison Hayes, Sally Todd, Myron Healy and Arthur Batanids, all except Healy provided by a physician confederate. Romance enters among these participants and by the time a man is buried alive and Miss Todd has been inadvertently aged a hundred years there develops a ghastly race between Carradine's surgical knife and exposure.

This double feature is booked for Friday and Saturday. Watch for these coming attractions: Day of the Badman, Fred McMurray and Joan Weldon; Restless Breed, Scott Brady and Anne Bancroft; The Sad Sack, Jerry Lewis and Phyllis Kirk; Invisible Boy, Richard Byer and Diana Brewster; Eighteen and Anxious, Mary Webster and William Campbell.

Policemen in Sweden carry sabres. But, Swedish policemen carry only nightsticks.

Quail Hatchery Ready To Pay Off

MEXIA, Tex. — A couple of years ago, the State Game and Fish Commission invested \$200,000 in a quail hatchery near Tyler, hoping to do something about the sad plight of the bobwhite sportsmen in this state.

Now, enough time has passed to suggest that the hatchery has done a job. There are signs of progress.

J. W. Elliott, the popular Mexia man recently re-appointed to a new 6-year term on the Game and Fish Commission, thinks there is no question about the rewards of the program.

"We maintain 12 fish hatcheries, and ever year, give fish to landowners, free, who write in and ask for them. Quail men are due some consideration."

Secondly, pen-raised quail apparently manage to survive in the wild in spite of warnings to the contrary issued by opponents of the hatchery plan when it was first pushed.

"We band our pen-raised birds at the hatchery," Elliott says, "and this year, 20 per cent of the bands returned to us by hunters were from birds released in 1956... meaning these birds made it through one season and into another... and they lived through the worst drouth the state has known in 1956."

The Tyler hatchery is equipped to turn out 50,000 birds, annually. During the past year, 27,000 birds were purchased by Texans at the rate of 50 cents per bird, returning about \$13,000 to the commission. Cost of producing each bird is about 97 cents.

There is some feeling among individual commissioners that the quail should be provided free of charge to landowners who provide necessary cover, feed and water to take care of them.

They feel that the hatchery could then operate to its full capacity and wildlife could get a bigger boost.

Also, the hatchery is experimenting with the prolific Cortunix quail, sometimes called the Japanese quail. Some have been released in West Texas, but just how they'll fare remains to be seen.

Umbrellas, Pears Inspite Paris Hats

PARRIS, Tex. — Paris hats take many shapes for spring but they have one thing in common — all are worn off-the-face, and all are dramatic enough to provide a balance for the drooping sack silhouettes of the season.

The umbrella line and the pear shaped toque are among headlines in the millinery lineup. The big-brimmed cartwheels, form a decorative frame for the face, and often are built on bandeaux, so that the brim will not hide the wearer's features.

There are many versions of the beret, some in straw or printed silk fabric, usually worn back on the head. Veils are in favor with many of the smaller hats, while others employ long streamers or cut-out crowns which show the hair.

PEAR SHAPE—This pert hat is in pale green shiny straw, by Achille of Paris.

UMBRELLA LINE—White straw cartwheel, designed by Jean Barthele, is trimmed with tri-color ribbons, frames face.

Grasshoppers May Cause Trouble in Area This Spring

COLLEGE STATION — Cooperative grasshopper adult surveys made during the late summer and fall of 1957 revealed that the Panhandle and upper South Plains counties may undergo widespread and damaging infestations of grasshoppers this spring.

The survey reveals where and how many grasshoppers infest an area, and indicate the potential severity of infestations for 1958, according to F. M. Fuller, extension entomologist. Surveys next spring for newly hatched grasshoppers will provide a final index of populations and identify areas where control will be necessary to prevent severe losses during the 1958 growing season.

Fuller says the survey showed infestations in 5,972,000 acres of Texas. This is more than last year

when approximately five million acres were infested with the pests. Control was administered to about 50,000 acres in the Panhandle.

He points out that predators and weather conditions can have a pronounced effect on the infestations. Cool, wet weather with heavy rains during the hatching season can greatly reduce hopper population.

Fuller points out that six or seven grasshoppers per square yard in a pasture can consume grass at about the same rate as a cow. The fall survey showed that many acres in Texas in the regions mentioned have potential populations of 28 or more per yard.

So, farmer and ranchers should be prepared to act promptly if spring survey show that damaging numbers of hoppers are hatching, advises the entomologist. The savings in grass could amount to much more than the cost of control.

Shoes with built-in heaters to wear while walking on a cold day are a novelty in Paris.

High School Press Group Sets Meeting

CANYON (Special) — Program for the 24th annual convention of the Panhandle High School Press Association, slated March 25 at West Texas State College, will feature two of Texas' outstanding newspaper figures as speakers.

Margaret Mayer, Austin correspondent for the Dallas Times-Herald, Amarillo Daily News, and other Texas papers, will be speaker for the morning session. Ernest Joiner, fiery editor of the Ralls-Banner, known as Texas' most quoted editor, will speak at the association's luncheon.

Staffs of Pampa High School's prize-winning newspaper and Amarillo High School's blue ribbon yearbook will conduct section meetings on newspaper and yearbook production.

Staff of the Denver Post will be judges for the association's 1958 contests. Entries are due at the West Texas State College headquarters Feb. 26. The contests cover individual entries in writing, as news stories, features, editorial, sports, etc., in a yearbook division, and a newspaper division. Trophies for first place winners are awarded by such newspapers as the Borger News-Herald, Ochiltree County Herald, Tulia Herald, Hereford Brand, Canyon News, and Amarillo Globe-News.

Membership is drawn from some 40 high schools from Tanoka and

Paducah, on the south to Perryton and Stratford and Canadian in the northern Panhandle.

Glen Castleberry, Perryton senior, is president of PHSPA, and John Hanst of Lockney is vice president. Secretary is Karla Co of Pampa, and treasurer is Joe Menke of Canyon.

Angora, now Ankara, was the ancient capital city of Turkey.
