Canadian Water Rates Shocking

28.35c Quoted At Meet Here

By H. A. TUCK
BRAND NEWS EDITOR
Hereford residents got a shock Friday as they were told that they would have to pay one of the highest rates for water from a proposed Canadian River dam.

A. A. Meredith, executive secretary of the Canadian River Municipal and Industrial Water Authority, revealed the figures during a special meeting Friday in the Jim Hill Hotel ballroom.

Cost for untreated water delivered to Hereford would be 28.35 cents per thousand gallons. The city would be expected to take or pay for about five per cent of the total amount of water which is to be sold.

This cost would be higher than nine of the eleven cities now included in the authority. Only Brownfield and Lamesa, with rates of 28.01 and 32.40 cents per thousand, would be higher. Rates for the others would range from a low of 12.79 for Borger to 27.26 cents for Leveland.

Meredith said this rate would be necessary because of a separate pipeline from Canyon to Hereford. Other cities would be on a main line from the river southward to Lubbock, where it would branch off to Slaton, Lamesa, Leveland and Brown-

field. Hereford city manager Dudley Bayne said present water rates amount to 13 cents per thousand gallons for treated water. Treatment of water from the Canadian would add another 3 to 5 cents per thousand, Meredith estimated.

The meeting was held for information only and no decision was made or expected locally. The luncheon was sponsored by the Water Resources Committee of the Deaf

CROP Seeking Wheat Donations

The Deaf Smith County Christian Rural Overseas Program, through local cooperating grain elevators, is accepting contributions of wheat as harvest gets underway, according to Virgil Dodson of Hereford, CROP board chairman.

"All wheat growers may leave their CROP wheat at their local elevator," Dodson said. "If the elevator manager has not received CROP forms for receipts and transfers, they may receive them by calling Hugh Clearman, program commodity chairman, or me."

Clearman said the local elevators stand ready to accept all wheat designated for CROP. "Persons who do not have wheat but wish to participate in the Christian program to help overseas refugees, Dodson said, can do so by leaving cash contributions with their minister or by sending it to Dodson. Contributions also are used for storm victims and other needy groups.

"At the present time," Dodson pointed out, "every dollar received by CROP is capable of

A. A. Meredith

sending about 440 pounds of surplus foods to those in need overseas. Government regulations here and in receiving countries are such that not all can receive surplus foods.

"For instance," Dodson went on, "some are not classified as refugees but their status is quite the same. Some 100,000 people in Jordan and bordering areas are not officially classified as refugees for various reasons. They, therefore, cannot receive surplus foods but are destitute. The only food they receive is from voluntary agencies such as CROP. This is an indication why CROP cannot do all its work through surpluses."

Dodson pointed out that local youth headed one of the best "trick or treat" Halloween collection programs for CROP in the nation last fall.

"This year," he said, "the adults have voted to assist the young people by developing a strong commodity program. Assistance from all residents of the county will be gladly welcomed."

Wheat Cutting At Half-Way Mark As Rain Slows Work

Attractions For Tourists Topic For Hiway Meet

Need for more members and ways to stop tourists longer were primary topics when a handful of the Deaf Smith County Highway Development Association met Thursday morning.

Present membership is 73, while there were about 140 last year, explained chairman Sam Bell. A drive was organized to pick up more members for the group, which operates through the Deaf Smith County Chamber of Commerce but on a separate budget.

Bell and Chamber manager Bill Thompson told where the money was used last year. It went for national and state highway association dues, advertising to divert Rose Bowl traffic to Hereford, highway signs in cooperation with local civic clubs and pro rata cost of national highway brochures.

"We came out real well on the U. S. 385 convention here earlier this year," Bell said. He told the group that expenses over income on the convention were only about \$150, which was much less than is usually spent to host such a gathering.

Various methods of advertising and attracting a larger share of the nation's \$2 billion annual tourist business also came in for a lot of discussion. Such "stoppers" as advertising, highway signs, souvenirs and brochures all were proposed.

The group also decided to make a change in expense payments for delegates to highway

"AND WHAT'S THE STORY behind the button?" asks Tracy Chaplin, 8, who is perched on the lap of her great-uncle Norman E. Moore. His collection of buttons goes back

to the turn of the century, but just recently gained a new look after reposing in a yellowed box for years. (Staff Photo)

Anxious wheat farmers in Deaf Smith County watched overcast skies after scattered showers fell in the area Thursday night. Varied amounts of moisture soaked into the soil beginning at about 8 p. m. Thursday. The following morning, combines were parked beside fields of unharvested wheat and barley.

Harvest of wheat, showing better than expected yields, got into full swing Monday. While the sun shone, combines were in operation from sunrise to dawn in this county.

About half the estimated 155,000 acres of wheat have already been harvested, county grain elevator officials agreed Friday. Most of the uncut acreage is irrigated.

Rains earlier this month postponed the start of harvesting operations. Farmers were granted ideal weather for harvesting from Sunday to Thursday this week. In most areas they resumed harvesting Saturday.

Moisture reports ranged from .20 to 1.20 inches, with no hail. Carl Wimberley of Dawn reported .26 of an inch. Edgar Lemons, who lives northwest of Dawn, reported 1.20 in his fields but only a half inch in the vicinity of his home.

Mrs. R. L. Johnson of Joel Switch reported a quarter inch. Community Grain Inc., Frio, said moisture ranged from .79 to an inch.

Pitman Grain Co. in Summerfield, reported only .20. Dawn Co. - op Grain Elevator reported a half inch.

Mrs. J. C. Clearman of Summerfield said about a half inch fell in most parts of that area.

H. L. Hershey, who lives eight miles northeast of Hereford, reported moisture at .30. Westway Fertilizer Co., eight miles west of Hereford, reported a half inch.

The official rain gauge at City Hall showed that .26 of an

The Chuck Koelsers at 424 Avenue J had a sequel to our item in the Thursday Brand about the broken bones Monday. Their five-year-old daughter fell from a swing and broke her arm. But they didn't go to the Hereford Clinic, where the other five went. It was too late, so they went to the hospital.

Referring to the 12 years that the Canadian River dam has been seriously contemplated, Chamber of Commerce manager Bill Thompson Friday introduced the executive secretary of the project by saying, "At one time we hear that A. A. Meredith had Cochise, Geronimo, Chief Quannah Parker and Sitting Bull almost agreed to build a dam on the Canadian

Group Attends State Meeting On Alcoholism

Fifteen residents representing the Deaf Smith County Council on Alcoholism left Saturday morning for Austin to attend the Third Annual Institute on Alcohol Studies.

The local representatives will constitute the largest county delegation to attend the statewide four-day institute, which will be held on the campus of the University of Texas.

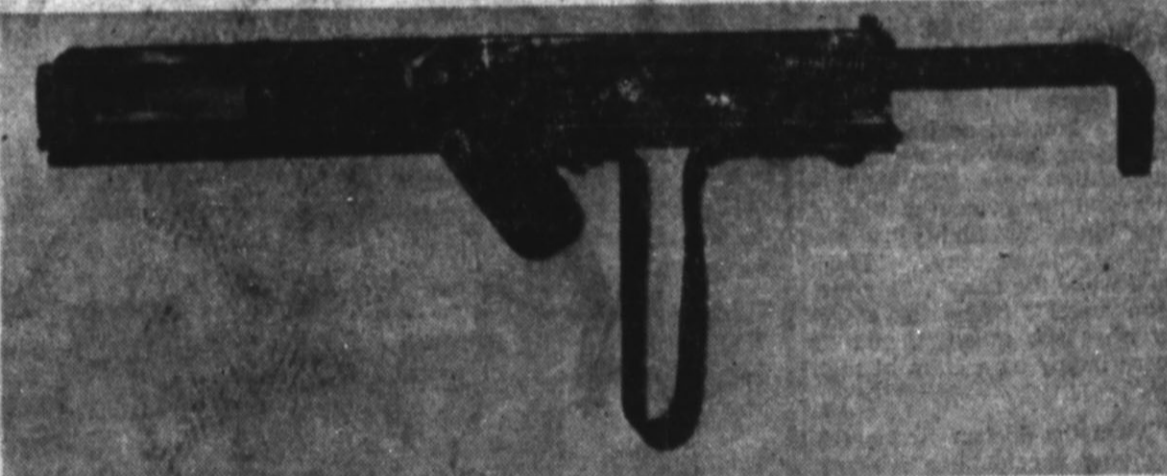

The county Council was organized only a year ago, and local representatives will attend each workshop offered at the annual meet.

The meeting will begin with registration at 2 p. m. Sunday and will close with the final session at 4 p. m. Wednesday. The group will return to Hereford Thursday.

Planning to attend from Hereford were Lowell Sharp, Herb Boardman, Lois Rutter, Jewel Smith, Henry Aycock, the Rev. Gilbert Davis, J. C. Reese, Bill Stanford, Tom L. Collins, Mr. and Mrs. Bill Hardwick, Virgil Young, Ella Mae Childers, W. W. Buck and a local physician.

The group represents law enforcement, county welfare, clergy, and the district probation office.

Schools at the Institute will

Gun in cocked position . . .

Police Find 'Zip Gun', Seek Others

Hereford police this week confiscated an ingenious "zip-gun" from a Hereford boy, about 15, and are investigating the possibility that similar home-manufactured pistols may have been made by the youth or other youngsters in this city. No charges were filed.

Unlike zip guns found in possession of youth in many metropolitan cities, the pistol was made of 1/4-inch angle iron housing and spring device which, when released, propels a .22 calibre bullet through a hole drilled the length of a half-inch bolt.

The 10-inch length of the firearm indicated there was no attempt to conceal it for purpose of "zip gun" that weapon. No charges were filed against the youth.

"We do not feel the youth had any malicious intent when he made the pistol," said Hereford Police Chief Henry Aycock.

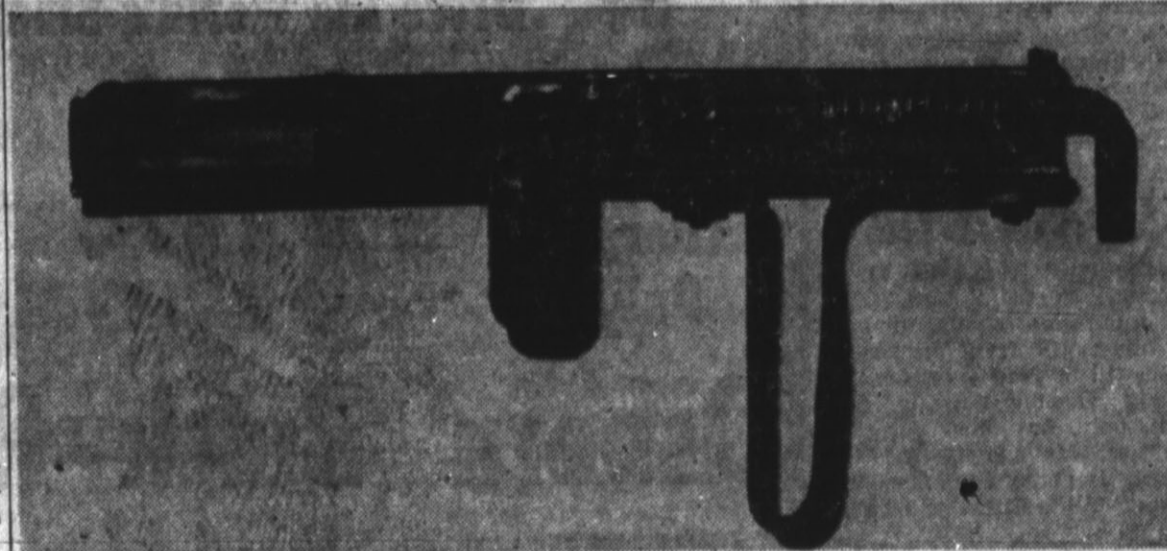

"We were, however, concerned of the dangers of firing such a pistol," he added. "For his own safety, nobody, youth or adult, should attempt to make and fire a home-manufactured firearm."

Powder burns on the head

of the three-inch bolt, through which a chamber was bored by an electric drill, showed that the pistol had been fired several times.

The trigger was shaped from a strip of one-inch strap iron and was riveted to pivot near the center of the pistol. When pushed forward from the cocked position, the trigger releases a spring-powered quarter-inch rod to the cap of the .22 bullet shell.

Police Thursday evening also confiscated from the youth other angle iron and bolts similar to that used in making the pistol.

. . . and after being fired.

45 TO 60 YEARS OLD

Buttons! Buttons! Norman Moore Has Plenty Of 'Em

By SUE MUECK
BRAND STAFF REPORTER

Buttons! Buttons! Who has the Buttons?

Norman E. Moore of Hereford has the answer to that question with a collection of buttons that are from 45 to 60 years old.

The buttons are not ordinary sew-on buttons, but campaign buttons, buttons advertising products, buttons with pictures of famous actresses and buttons with clever sayings.

Moore's 73 buttons are from nickel size to silver dollar size and are bright colors of red, blue, yellow and green. He recently had the collection framed after having saved the buttons since childhood in a yellow, age-worn box stuck away in an old trunk.

"During grade school recess, a bunch of us boys used to throw buttons at a crack in the side-

walk. The boy hitting nearest to the crack would get all the buttons thrown," said Moore, who

Youth Guilty Of Theft Under \$50

Buddy Darwin Emert, 17, of Hereford, Saturday morning was sentenced to one day in Deaf Smith County Jail plus \$25 and court costs in County Court after entering a guilty plea to charge of theft under \$50.

The youth was arrested by Hereford Patrolman Edd Robertson and Capt. L. B. Bartlett Friday at 11:45 p. m.

The arrest was made in connection with the theft of a \$20 electric razor taken from the home of Monte Vaughn, 328 Ave. J.

County Judge Homer Henslee presided in court.

was a resident of western New York before moving to Hereford in 1943.

The buttons came in cigarette packages, and the boys would gather the buttons from parents and give them to play with during recess.

Probably one of the oldest of the buttons is the one in memoriam to President McKinley in 1901. McKinley (1843 - 1901), the 25th president of the United States, was elected the first time in 1896 and re-elected in 1900 but was assassinated by Leon F. Czolgosz, an anarchist, during a public reception on September 6, 1901. He died at Buffalo, N. Y., eight days later.

The Theodore Roosevelt button reminds Moore of the speech he heard Teddy make in Batavia, N. Y., and also the house in Buffalo, N. Y., where Teddy

Big Enrollment Causes Changes In Swim Classes

Due to the large number of persons enrolled in the first session of classes, a few changes have been announced for the second session of the annual Deaf Smith County Red Cross summer water safety program.

"These changes are part of an effort to make the swimming and water safety program as effective as possible, and to still accommodate the large number of persons taking classes," Dr. H. A. Cavness, chairman of the water safety committee, explained.

During the second session, there will be a class for pre-school age children, but mothers will need to be present with their children during classes. This will enable a

Extra Values In Church Homes For Numerous Senior Citizens

(Editor's Note: This is the fourth in a series of articles exploring problems of aging citizens and what should be done to care for them. The author is Executive Director of Homes for Older Adults for the Northwest Texas Conference of the Methodist Church. It was announced this week that the first of four homes in the conference will be located in Hereford, if site and a goodwill gift are offered.)

By Rev. Don R. Davidson
Why is the American Christian Church in the hospital business and so prominent in this business of homes for the aging?

The Roman Catholic Church has a long history of welfare

care institution-wise. The Seventh Day Adventists bow to no peer in the field of health care in institutions. The Baptist Church has a great hospital history.

The Methodists own 76 hospitals, 96 homes for aging with an additional five homes for retired Church workers and eight nursing-care homes for aging, 44 homes for orphan children and five special agency homes, such as founding homes. Their operating cost was more than \$164,000,000 last year. Why all this business in welfare?

The first hospital in history was the project of Christian desire to render help. Hospitals,

colleges and homes for unfortunate in all fields have been placed in society by the church. The first reason is the old story of the Good Samaritan. Just because Christ taught his followers to go and love humanity into the Kingdom, these institutions have been Good Samaritans along the highway of misfortune to both bodies and souls.

The second reason for the church function in this field is the fact that the most dependable standards of top quality humanitarian service do not abide in the atmosphere of competitive commercial enterprise, as well as we are sold on American free enterprise. Selfish prejudice, especially in

areas where the need forces society to accept organized monopoly, keeps commercial standards from being as trustworthy as are those set by non-profit and Christian-dedicated institutional experiences. There are many who scream out at this charge but history writes it on the pages of every single generation to this day.

That is why churches are in the college business seeking utmost truth, and that is why they are in the hospital business even when a welfare state seeks to come into its own and the commercial medical world talks much but actually changes few of its fundamentals to keep back

GRADUATES of an action course in politics received their diplomas Friday during a luncheon. The course was sponsored last winter by the Deaf Smith County Chamber of Commerce, through its legislative affairs committee. From left are Mayor Woody Wilson, Dr. Wesley B. Owens, Rev. E. L. Naugle and Kenneth Rudd. Six others were not present for the ceremony. (Staff Photo)

(Continued from page 1) was sworn in as president after McKinley's death in 1901. Roosevelt was re-elected in 1904 and ran on the Progressive Party ticket in 1912 but was defeated. The house was later made into a restaurant.

Moore has a button picturing Charles Evans Hughes, American lawyer and statesman, when he was running for governor of New York State in 1906. Moore said he talked to Hughes later when he was campaigning for the presidency against Woodrow Wilson in 1916 and also when he was Chief Justice of Supreme Court between 1931 and 1940.

William Jennings Bryant, famous for his "Cross of Gold" speech narrating the history of the silver movement which he made during the 1896 presidential election against McKinley, was escorted from the railroad station to a meeting by Moore during a much later presidential campaign.

The button which tells a story interesting to most Texans is the one of Lily Langtry, the English actress, better known as "Jersey Lily" and famous for her beauty and social graces.

Judge Roy Bean, Justice of the Peace who was known as the "Law West of the Pecos", was a permanent resident of Langtry, a town on the Rio Grande in Western Val Verde County. He took credit for naming the town after Lily for whom he cherished a deep admiration.

Judge Bean made his headquarters at his sloop, the "Jersey Lily". Tradition says that Bean wrote to Miss Langtry asking her to visit the town. The actress did visit it, holding the train that bore her special car until she had seen the barroom - courtroom named in her honor, although this was after the judge had died and been buried at Del Rio.

Another button with a story is one featuring "The Yellow Kid character originated by Richard Outcault who inaugurated the funny paper, The "Yellow Kid" was a highly popular bad-boy character and later provoked the term "Yellow Journalism".

Along with the "Yellow Kid" comic, Outcault gave birth to Buster Brown and his dog Tige in 1902.

Moore's silver dollar-size button of the "Yellow Kid" pictures a little yellow boy

Enrollment Extra...

(Continued from page 1) qualified instructor to aid the mother in teaching her own child, Dr. Cavness said.

"No swimming experience is required of the mother," Dr. Cavness said. "In chapters all over the country, this has proven to be the most effective method of teaching pre-schoolers."

He said there will be four classes for beginner swimmers, - Beginners I, II, III and IV. Each child will be grouped according to his ability and prepared for the next class accordingly.

Three classes for intermediates will be handled on the same basis. After graduating from Intermediate III class, the student will be placed in the swimmers classification.

Swimmers aged 12 through 15 will be offered a course in junior lifesaving. Graduate junior lifeguards will become members of the Junior Guard Corps, in which they will learn through experience the volunteer duties and responsibilities of a lifeguard.

For swimmers 16 and older, there will be a senior lifesaving class and instructors training for advanced swimmers.

For swimmers 15, 16 and 17 who meet requirements, there will be instructor's aide training.

Starting at 6 p. m. Monday, a class in senior lifesaving will be held at Hereford Municipal Pool. Barbara Damron Kendrick will be instructor.

Persons taking senior lifesaving classes will go through part one of water safety instructors training.

Plans are currently being made for a water safety instructors course to be held at the municipal pool sometime during August. The graduates of the course will be certified instructors capable of teaching any of the preceding classes they have completed. Persons who would like to enroll for the training should contact Dr. Cavness.

All changes will become effective with the second session of the water safety program, which begins July 11. Registration is open from 9 to 11 a. m. at the pool, and will close July 9.

Due to lack of aquatic school-trained instructors in the past, the number of certificates issued in proportion to total enrollment has been lower than expected, Dr. Cavness said. This year, however, five completed the aquatic school training prior to the first session of classes here.

Wheat...

(Continued from page 1)

Harvest of barley has been estimated at about three-fourths completed.

Farmers Friday felt that a full day of sunshine would get harvest of wheat back into full gear. Dark skies all day Friday provided a stalemate to harvesting operations.

Green loads were reported at a bare minimum at elevators Thursday afternoon. Moisture ranged from 10 to 12 per cent.

A boost in harvesting was provided Tuesday, when temperatures soared to 103. Sunday and Monday temperatures ranged in the high 90's.

By Wednesday morning, harvesting was reported about 40 per cent complete. Ideal harvesting weather prevailed through Thursday, when the untimely rain fell during the evening.

Test weight of irrigated wheat has averaged between 60 and 64 pounds, according to Friday afternoon reports. Dryland wheat averaged from 59 to 60 pounds.

Dryland wheat has exceeded expectations of most farmers. Many of them felt that a

they were cheated because they could not be among those who

How much do we care? In Hereford, citizens who are

not in the Methodist Church can get \$100,000 as a goodwill gift without any requirements to control the home, but with the understanding that such a home would be worth untold values to the community over the next 10 years. Then the Methodists of America, if the board of Trustees of the proposed home accept the site and offer, would move in the next few years to build a home here with provisions for 150 older citizens at a capital cost of probably a million dollars and finally an annual operating budget over more than \$175,000.

You can change all those figures ten per cent in either direction and probably be as near correct as the first guess. You can have part by calling Mrs. A. Petersen of the B&PW Club, or Henry Sears of the Hereford Area Foundation, Inc., or many other who serve on the committees at work on the project in Hereford.

Next week we will write you from Ann Arbor, Mich., from a national workshop on homes for older adults.

(To Be Continued)

drought that hung over the county in May had stunted much of the growth.

However, rains early this month cast a magic spell over the dying crop. Some have reported their dryland crops are producing better yields than in past years.

One farmer reported he cut 15 bushels to the acre on volunteer wheat on his dryland farm. Yields on planted wheat have ranged from 10 to 20 bushels or more to the acre. Barley also is bringing in good yields. Some farmers are having to utilize pickup reels in their fields for topped stalks.

Hail damage has been relatively light this year. Moisture for June in Hereford is 6.05 inches, and for the year, 10.80.

Moisture last June was only 3.83, and in 1957 and 1958, slightly more than 2.50.

Hoeing of cotton began this week, as recent heavy rains left fields with more weeds than normal. Standing water has caused no root rot, however, it was reported.

Harvest of onions and potatoes, also unharmed by standing water in the fields, should begin in two or three weeks. Some early potatoes may be brought in Monday or Tuesday.

Planting of an estimated 175,000 acres of grain sorghum will continue after the saturated soil dries out. Some maize has already broken through the ground.

State Employment representative Pat Patterson Friday said he anticipates no problem of field hands when harvesting resumes. So far this season, he said, the supply has met demands of the farmers.

RECORDS

Spin A Record, Learn Language

By HUGH MULLIGAN
AS MAN SPEEDS faster and faster into the jet age, and the world grows smaller and smaller, the language barriers that divide nations come every day under heavier assault.

For a long time, almost from the start of the industry, records have played a large part in bulldozing down the language barrier. Even in the heyday of the old 78 - speed record, language discs enjoyed a wide popularity, although the amount of material that could be contained on a set of records was necessarily limited.

Now, with long playing records outselling all other kinds for the first time in the history of the recording business, the language business is definitely on the boom.

Companies like Berlitz, Living Languages, Dover and Cortina have taught thousands of tourists, businessmen, diplomats and housewives to converse in a variety of foreign languages without venturing out of their living rooms.

Language records have an immense advantage over college courses for the simple reason that the student can go back to the original material as often as he desires or requires.

The main disadvantage of any language record, of course, is that material is necessarily limited to what is contained on the record and in the accompanying manual. In addition, language records concentrate heavily on conversational words and phrases and seldom go very deeply into grammar, the real foundation of any language.

But a newcomer in the field called "Instant Languages" makes a brave attempt at changing the whole system.

The "Instant Language" series, put out under the Pickwick label, is the brain child of 27-year-old Lewis Robbins of New York City, a former Navy en-

listed man who taught the Navy new ways of teaching Morse Code and typing and now has applied the same system to foreign languages.

Robbins is not a linguist or, for that matter, even a teacher. He is, for want of a better title, a deep thinker about learning processes. His system, called Reinforced Learning, is based on psychological principles

laid down by Professors Fred Keller of Columbia University and B. F. Skinner of Harvard. In brief, the system employs the principle that responses to stimuli which receive reinforcement are strengthened; those that don't are weakened and eventually extinguished.

Robbins gives the example of a man confronted with two vending machines, one red, the other green. When a coin is inserted in the red machine, nothing happens (absence of reinforcement). When a coin is put in the green machine, a candy bar drops out (reinforcement). The next time the man sees the same two machines he will automatically choose the green one because his response (putting in the coin) to the stimulus (presence of the machine) has been strengthened (by the candy bar).

Carrying his principle into his language records, Robbins minimizes memory work in favor of a happy psychological reaction. The instructor's voice (stimulus) calls out a foreign word or phrase. There is a pause while the student tries to guess at the meaning and jots his answer down on a piece of paper (response). Then the instructor gives the answer. If the student is correct in his guess, his response is reinforced immediately by hearing the answer and he remembers it. If not, he goes on to the next word or phrase.

In a list of 10 words or phrases, he may get only one or two correct - perhaps none - but when he tries a second time, he finds himself getting six or seven, and, on the third try, probably all correct.

Robbins' reinforced learning system taught Navy yeomen to type after only 10 hours of instruction, compared with 30 hours under the standard system, and cut the Morse Code course from several weeks to five hours.

THEY KNOW THEIR CHICKS
KNOXVILLE, Tenn. (AP) At Oklahoma State University, the students almost can count their chickens before they hatch.

In a recent Southern poultry judging contest, OSU students racked up 4,092 of a possible 4,500 points to take them honors over teams from eight other colleges and universities. The OSU judges won six of eight individual and team classifications.

River."

Folks around here are speculating about the future of getting more sugar beet acreage after Wednesday's announcement that President Eisenhower had been granted broad authority to cut Cuba's sugar sales in the United States.

There will be a go-cart trophy race Sunday, June 26, at the track in Veterans Memorial Park. Carts from Canyon, Dimmitt and Friona are expected to challenge the lead, footed Hereford drivers for honors.

A senior lifesaving course will start Monday, June 27, in the city pool. Classes will be held from 8:15 to 9:30 p. m. and those interested may register at the start of the class Monday. Barbara Damon Kendrick will be instructor.

Steve McKee and Jack Allmon of Hereford left Saturday afternoon for two weeks of training with the Texas National Guard at scenic North Fort Hood, near Temple. They are members of Combat Support Company, 142 IBG, which has headquarters in Canyon.

Hereford Art Guild is to meet Monday at 7:30 p. m. in the Hereford Community Center club room.

Deaf Smith County Commission meeting is slated for 10 a. m. Monday. At 1 p. m. they will convene as the county Board of Equalization.

Classes in beginning French and self-improvement will start Monday. Instruction will be in the Youth building of the First Methodist Church with Madame All Ghto of Amarillo instructing. The French class will be from 9:30 - 11 a. m. and the self-improvement class from 11 a. m. until noon. The classes will be held Monday and Friday for five weeks.

Jeanette Rayburn, secretary at the Youth Employment Service, says she has a great demand for boys to drive trucks and tractors and other farm work. But she needs jobs for girls. Call EM4-2622.

Rain slowed down baseball as well as combines Thursday night. The Cardinals were leading the Giants 10 - 4 in the last of the third when the Little League game was called. In a make-up game postponed earlier by rain, the White Sox had a 10 - 0 lead over the Red Sox in the third when that game was wiped out.

Friday night, it was the Yankees over the Dodgers, 16 - 4. In a well-played game the Indians beat the Tigers 7 - 5. The winners made two double-plays, including one that ended the game.

And Hereford has a Latin American men's team that has a 1 - 1 record. They beat Friona here Sunday 15 - 13 after losing the previous Sunday at Clovis, 3 - 1. They are playing their home games on Whiteface field near Northwest Elementary.

How Can I?

Q. What is a good "home-made" polish for linoleum?

A. A mixture of equal parts of thick, boiled starch and thick, warm soapsuds is a fine polish for linoleum. It preserves the finish of the linoleum and makes it resistant to soiling.

Q. How can I make a substitute for whipped cream?

A. Grate one apple, add two or three tablespoons of sugar and one egg white. Beat until light.

Q. What is the best way of keeping moth balls in a drawer or trunk?

A. Instead of putting them in loosely with the clothing and other articles, make up a few sleeves or tubes from mesh cloth, such as cheesecloth, slip the balls inside, and tie the cloth between each one. This makes for easier and less messy handling.

Q. How can I remove rust stains from kitchen sink?

A. Pour a few drops of vinegar on the stains; leave there for about fifteen minutes, and then scour the sink in the usual manner.

Q. How can I treat fingernails that break easily?

A. Massage them every night with olive oil before retiring.

Q. Should dates or other dried fruits be washed before using?

A. Yes. Germs collect on them from exposure and handling. Place them in a colander and pour boiling water over them.

Relief pitchers Gery Staley and Turk Lown each finished 17 games for the Chicago White Sox last season.

Letter To The Editor

Dear Editor:
So the people of Hereford and Deaf Smith County may know the facts about and surrounding Moreman Street:

This is the street running from Northwest Elementary School to highway 385 east.

Mr. Bayne, the city manager, reported in an account of a city commission meeting that Moreman Street is county property.

And yet the City of Hereford has one sewer line, one water line and gave a gas company permission to put their line in Moreman Street.

I wonder who gave Mr. Bayne the authority to take any property he wants.

Otto L. Massie
Commissioner,
Precinct No. 2
Deaf Smith Co.

John Crummette led jockeys in stakes victories at Chicago's major tracks last season. He won five stakes races. Willie Shoemaker won four.

Have you read the classifieds?

Canadian...

(Continued from page 1)
Smith County Chamber of Commerce. Chairman Les Combs presided at the meeting.

Associated with the CRMWA since its inception, Meredith explained the \$100-million project would be a private affair, with each participating city sharing cost of the dam and transportation of water. Cities would be required to take a minimum contract amount of water each year in order to pay the cost of the project.

In the movie he showed, Meredith stressed the recreational value of the lake which would be created by the dam north-east of Amarillo.

He explained that water, our most precious asset, now was irrigating 5 million acres of land in the Panhandle and South Plains and that underground water was rapidly being depleted.

About 580,000 acre - feet of water would be available for sale, Meredith said a line to Hereford would be capable of carrying 2 1/2 million gallons per day. Bayne said Hereford now is using about 4 million gallons per day, with a year-

ly average of about 2 millions. Meredith told the group he first became interested in surface water in 1926 when the Amarillo Rotary Club worked on a plan to dam up the Canadian and build a canal across the Plains. Although they were told the plan was not sound, they later got the Conchas Dam project started near Tucumcari, N. M.

For comparison with the 28.35 cents rate quoted for Hereford, the 11 cities now in the authority would pay the following amounts:

Lubbock, 17.03; Amarillo, 12.79; Plainview, 13.85; Borger, 12.79; Pampa, 13.30; Levelland, 27.26; Brownfield, 38.01; Slaton, 20.19; Tahoka, there would be water available; O'Donnell, 24.81; and Lamesa, 32.40. In addition, trial use. This is figured at a rate of 5.94 cents.

Mark Twain: Sage Of The Gilded Age

By JAMES SAFFORD

In the evening death came to Mark Twain. He had collapsed the day before he awoke this morning. He asked for his "French Revolution," which he had kept close for a year, reading it, rereading, brooding over it.

He read a little, then laid his head aside with a weary sigh and closed his eyes. His beating heart kept time down to afternoon, but at last it stopped and Twain the mortal welcomed the silence he had awaited impatiently for six years.

It was April 21, 1910.

Today, a half-century later, immortal Twain is as lively as ever.

And his immortality, long expected, is now verified; the millions claim him as their hero. His works, they say, "defeat the undanted criticism of our society and his common interest with the masses." What an indictment for a man to be so mightily to be immortal.

Mark Twain: rare is the genius who doesn't know his own name. Samuel Langhorne Clemens, or that he grew up in Hannibal, Mo., on the banks of the river he later immortalized, the Mississippi, in an itinerant career that included typesetting, riverboat piloting, prospecting, and newspapering. Or that he wrote "The Adventures of Tom Sawyer" and "Huckleberry Finn."

Mark Twain: a riverboat man rearing two fathoms deep. But there was nothing so exact about Mark Twain. He lived a life of contradictions — despising greed but seeking wealth, laughing at life, through

Mark Twain: How can you measure his immortality? He was a great humorist, some say. Others call him a perceptive critic of human weakness. A clergyman who eulogized him labeled Twain a seer who "saw into the very depths of things, beneath the forms of things, deep into the soul."

"Clemens was sole, incomparable, the Lincoln of our literature," said William Dean Howells, Twain's beloved Susy, in her biography of her father, said, "He is as much a philosopher as anything, I think."

And they were all right. And so was Charles Major who said: "All that he wrote was half fun and whole earnest."

And enduring. For Twain's humor was based on human nature, a remarkably unchanging foil.

More than 80 years after it was written, Twain's humor still sells. In recent months film makers have again produced "The Adventures of Tom Sawyer" and are working on "Huckleberry Finn." A young actor, Hal Holbrook, has made a notable success with his portrayal of Mark Twain on the lecture platform.

Humor, which Twain defined as "the good-natured side of any truth," was the ball of snow in which he encased his rock-like opinions.

"If you pick up a starving dog and make him prosperous, he will not bite you," said Twain. "This is the principal difference between a dog and a man." So much for his opinion of man.

Of politicians: "I think I can say, and say with pride," said Twain, "that we have some legislators that bring higher prices than any in the world."

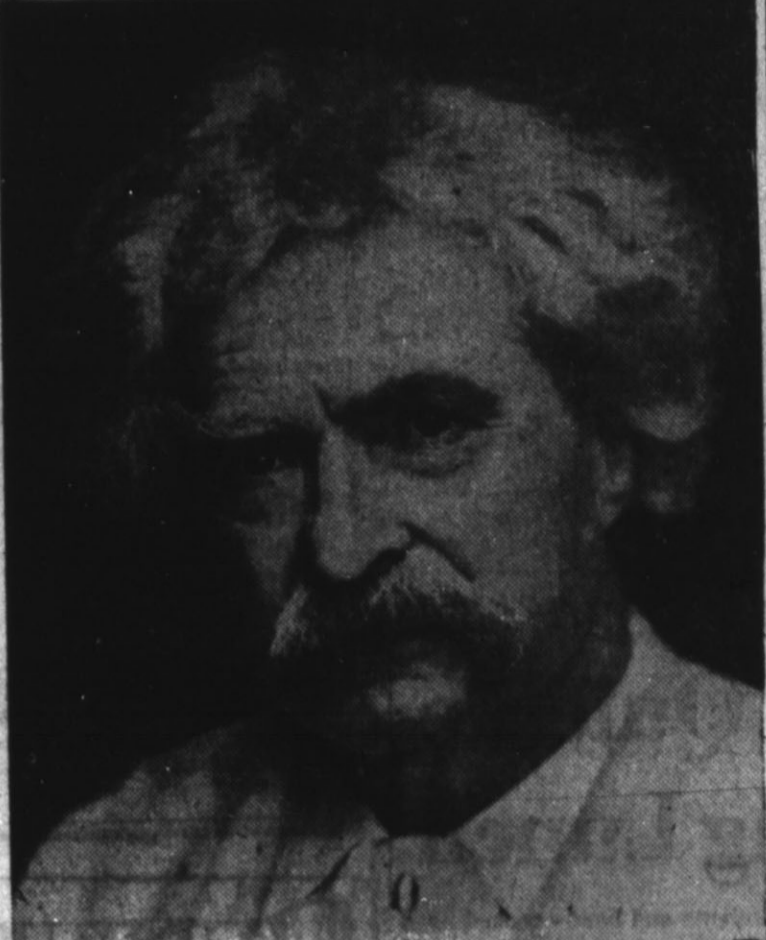

With all this sermonizing, Twain was agnostic. He could not understand a God, whom he said made people "prize their bitter life, yet stingily cut it short. . . . Who mouths justice and invented hell — mouths mercy and invented hell. . . . Who created man without invitation, then tries to shuffle the responsibility for man's act upon himself, and finally, with altogether divine obtuseness, invites this poor, abused slave to worship him!"

Twain's pessimism, noticeable in his youth, was strengthened by the buffeting he took from life in later years. The business ventures which he hoped would make him rich — a publishing house and a typesetting machine — were failures. Only one of his four children survived him.

The joy went out of Twain's life in August 1896 — his 60th year — when Susy died, and the will to live eight years later with the death of his wife, Olivia.

He wrote Howells, "I am tired and old; and I wish I were with Livy."

Twain often vented his pessimism. "Everything human is pathetic," he once wrote. "The secret source of humor itself is not joy but sorrow. There is no humor in heaven."

MARK TWAIN, who died 50 years ago April 21.

Of reform: "To tell the truth, I don't believe this reforming sticks very well anyway. I've always clung to the theory that you can straighten a worm out, but the crook is still in him, and only waiting."

Of conformity: "A new style in women's dress, appears, and the passers-by are shocked and the irreverent are laugh. Six months later — nobody laughs. Why, if Eve should come again, and her ripe renown, and reintroduce her quaint styles — well, we know what would happen. And we should be embarrassed, along at first."

Though Twain came from a slave-owning family, he grew up to be a paragon of tolerance. "I am quite sure that I have no color prejudices nor caste prejudices nor creed prejudices," he wrote. "Indeed I know it. I can stand any society. All that I care to know is that a man is a human being — that is good enough for me; he can't be any worse."

And again, "Whoever has lived long enough to find out what life is, knows how deep a debt of gratitude we owe to Adam, the first great benefactor of our race. He brought death into the world."

How can you measure Twain's immortality? Huck Finn probably did it best. Early in his narrative Huck refers to "The Adventures of Tom Sawyer" and explains that it was written by "Mister Mark Twain."

"There was things which he stretched," says Huck, "but mainly he told the truth."

Relative Of Local Resident Receives Lane Bryant Award

Emma Long, of Austin, sister of Mrs. Walter Seed of Hereford, recently came out of semi-retirement to take a lead position in the national Lane Bryant Annual Awards contest. The awards, "for voluntary participation in efforts designed to benefit American home and community life," are worth \$1,000. One is given each year to an individual, another to a group.

Mrs. Long has reached the semi-finals. She was nominated for the awards by Miss Anna Mae Ford, incoming president of the Federated Business and Professional Women's Club of Austin. Mrs. Long is membership chairman of the FBPC.

A 1936 graduate of the University of Texas, the same year she married Stuart Long, Mrs. Long "got the feel" of politics as a newspaper reporter in the Capitol. Later she won a seat on the city council from Place 1, and she held that position for five terms. Only once did she try for an office and fail. That was when she tried to shoulder Johnnie B. Rogers out of his Senate seat in 1956.

She was frequently a sharp critic of the city government and she ran against Councilman Ted Thompson in 1953-54.

Her decade of work for the city will be reviewed by the Lane Bryant judges.

For winning her way to the semi-finals Mrs. Long has already received a citation for her community service. Money awards will be made in November.

Can You Bake An Apple Dumpling?

By CECILY BROWNSTONE

COOKS TASTE and want recipes! A reader writes and asks us to "please print directions for four apple dumplings for a small family. These were served to me at a luncheon and were delicious."

So here's our recipe for four apple dumplings of old-fashioned goodness, but these made a quick way.

The pastry? Our method is to add heavy cream, instead of water, to pie crust mix. Our tasters applaud this pastry because it is deliciously short.

The apples? We tested this recipe with Northern Spy and McIntosh varieties. The first are tops in flavor so if they are available, by all means use them. When you bite into a Northern Spy, you find it has a wonderful quality — it bakes soft but still holds its firm shape. The McIntosh bakes very soft — a feature many people enjoy.

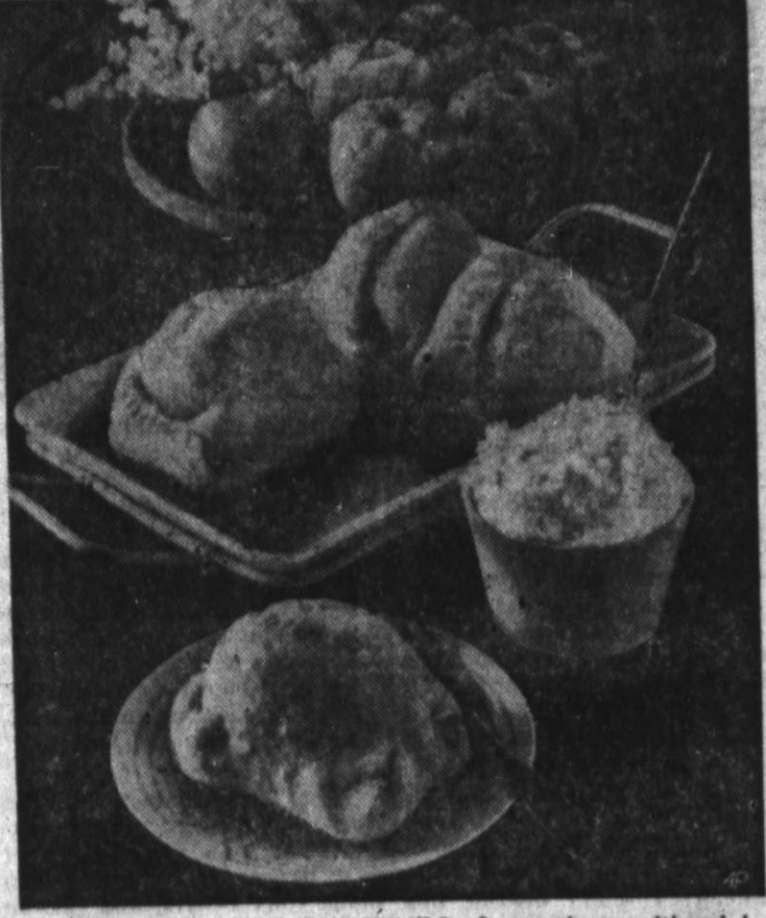

Some old-time recipes for apple dumplings call for baking them in a sugar syrup, but we add the syrup after the dumplings are baked along with a

topping of whipped cream. If you prefer, you may serve hard sauce with the dumplings. With either accompaniment this is a hearty dessert — perfect after a soup- and -salad lunch or supper.

OLD TIME APPLE DUMPLINGS

Ingredients: 1 package (10 ounces) pie crust mix (not sticks), 5 tablespoons heavy cream, 4 medium-sized red-skinned baking apples, 1/3 cup sugar, 3/4 teaspoon cinnamon, 4 teaspoons butter or margarine, extra heavy cream, extra sugar.

Method: Follow package directions for making pie crust mix, but use the 5 tablespoons cream instead of water. Roll out on prepared pastry cloth with stockinet-covered rolling pin into a 14-inch square; with pastry wheel cut into 4 seven-inch squares. Pare apples, saving peel, and core; place an apple in the center of each pastry square. Mix together the 1/3 cup sugar and cinnamon; spoon into apple cavities adding bits of butter. Bring corners of pastry over apples; press down;

FOUR PERFECT APPLE DUMPLINGS: Serve them with pink apple syrup or hard sauce and they'll be just right for a small family after a light meal.

pinch edges together; cut a small gash in each of the 4 sides of each dumpling. Place several inches apart on foil lined

cookie sheet; turn up edges of foil about 1 inch in case juices run a bit. Brush dumplings with extra cream; sprinkle with extra sugar. Bake in moderate (375 degrees) oven 40 minutes or until apples are tender when pierced with a fork; pastry will not be brown. Serve warm with Pink Apple Syrup and shipped cream; or with hard sauce. Makes 4 servings.

PINK APPLE SYRUP
Ingredients: Peels from 4 red-skinned apples used for dumplings, 1 cup boiling water, 1/2 cup sugar, 1 tablespoon lemon juice.
Method: In a small saucepan simmer peels and boiling water for 20 minutes; drain, pressing out liquid from peel. Measure hot apple liquid; if there is not 3/4 cup add water to make that amount; return to saucepan with sugar. Stir over low heat until sugar dissolves. Add lemon juice; boil gently 5 minutes; skim. Pour hot syrup over warm apple dumplings as they are served.

WOULD SOLVE EVERYTHING
MIAMI, Fla. (AP) — A little girl was seen trying to coax her small puppy to cross a puddle which resulted from heavy rains.

The puppy waded into shoulder depth and balked. In disgust the girl waded back across, picked up the pup and muttered, "I wish you were a duck."

Summer Best Season For Festive Showers

By VIVIAN BROWN

America is noted for its showers. There are the traditional engagement showers, bridal showers, baby showers. Each year we try to find new ideas for the shower at hand, with some surprises. Perish the thought that one party shower should resemble another in the same social set.

One idea is obvious in 1960 shower circles. There is more emphasis on formality, without dampening the spirit of the occasion. Time was when the hostess was put to the task of achieving the utmost in conviviality by employing the least stress on formal accoutrements such as silver, damask and lace.

Roses and lace can set the theme for today's bridal shower — an elegant idea that could have been "old hat" a few years ago, but is just right for now.

At one such shower, a bright crimson umbrella was covered with a large round white lace table cloth which fell in little swags around the umbrella, looking for the all the world like a bridal headdress. Roses were placed at each spoke of the umbrella, the charming idea carried out with roses on the palette — shaped milk glass snack sets used for buffet food and on the table silver.

All the shower gifts were put under the umbrella. Lace scarfs were used to border the table and carry out the theme of the shower, roses and lace.

Whenever possible plan a shower with a theme to achieve the coordinated look that ties a party idea together. If you don't want to decorate an umbrella, make an enormous rose out of pink material and a round lace cloth, just gather up the lace

wide enough to extend beyond the face, at least as far as the frame of the glasses, are easiest for her to wear.

Beauty At Home

Q. How can I remove some mustard stains from one of my washable dresses?
A. Sponge with cool water, rub with warm glycerin, then wash out in hot suds.

Q. Do you have some dressing hints for the girl who wears eyeglasses?
A. For the girl who wears glasses, there should be a curtailment of jewelry. Earrings and showy necklaces are usually much too much when glasses are worn. The necklines of her dresses and blouses must be chosen with more care, also. A high neckline tight around the throat is usually not so becoming — and if a high neckline is worn, it should be softened with a scarf or jabot arrangement. Hats with soft, uneven brims and

PROTECT THIS INCOME WITH HAIL INSURANCE

During 1959 in Texas alone, more than five and one-half million dollars in crop hail damage claims were paid by insurance companies. Statistics show that equally that amount of loss was suffered on crops that were not insured. Your Texas Farm Bureau agent can give you complete details of the hail insurance policy that allows you to insure your crop for less than any other policy. Texas Farm Bureau insures their own crop of advisors so you are assured of fast, equitable payment on all your claims. See your Texas Farm Bureau agent NOW — he can give you adequate insurance coverage for your crop.

 - 1958 FORD V8 1/2 ton pickup. Radio, heater, wrap around hitch. Extra good tires and mud and snow on rear. Fully Guaranteed.
- Let Us Make a Cash Offer for Your Car

By JIMMIE GILLENTE
Like the man who watched his mother - in - law drive over a cliff in his new Cadillac, farmers in the Hereford territory view the moisture which fell this week with mixed emotions. Coming as it did, probably no other single factor could have contributed so much to 1960 grain sorghum prospects, but to the fellow with a good stand of 40 - bushel wheat waiting to be cut, it provides another reason his ulcers to grow larger.

Florence Traweck says I am slipping: I didn't predict this rain. What's more, I am glad. All of the people with wheat would be mad at me - and those with grain sorghum wouldn't give me credit, anyway. This is one of the few times I was smart enough to keep my mouth shut.

Earl Phillips and Dub Reeves are just back from the State Firemen's convention in Galveston, and are firmly convinced regarding the old adage that it's a small world. The two families pulled out of Galveston and drove into Bryan, where they checked on fire department methods and spent the night. At the motel they were unable to get adjoining rooms, but did get located with only one unit between their two rooms. Next morning they walked out to get into their automobiles for departure to discover a car with an "AT" license plate parked between them. The car belonged to another Hereford man, Bill Davis.

Jim Wood, former accountant, insurance man and Hereford Kiwanian, has recently moved to Clovis, N. M., where he purchased the franchise on a taxi, ambulance and car rental service. Clayton Jay, former KPAN employee who deserted the radio business to help control bindweeds, is another citizen lost this week. Clayton is now de-

serting the weed killing business to return to the air waves, having accepted a position with the TV station in Abilene.

T. L. Collins, known to his friends as "Tom", will attend the third annual Institute on Alcoholism Studies in Austin June 26 - 29. Furthermore, I'll bet he is the only "Tom Collins" to show up in the auditorium.

Last Wednesday night The Brand had a major press breakdown and those of you who got your papers on schedule can thank Hoot Poarch and George Loerwald, who worked right on through until 8 p. m. to turn out one of those next to impossible welding jobs; also the post office carriers who held up schedules on their personal time to sack up The Brands Thursday morning. Those who missed their papers can blame me personally. I hate to admit it, but I goofed. I told the mailing room to hold the mail papers - thinking of out - of - town copies only - until we got squared away and, naturally, they held up all of the mail: rural routes, city delivery and boxes. Was my face ever red?

We do have replacement parts flown out of Chicago, but if it hadn't been for all of the nice people we wouldn't have made it Thursday. Last time we broke down, December 23, 1959, it took 24 hours to get the papers printed out of town and back to the post office. When I run across a cynic who considers everyone a sharpie, until proven otherwise, it makes my blood boil. Most people really are nice, and even the few who are not may have an excellent reason for their disposition.

Dan Mudd, who is a fairly adept boy when it comes to slinging adjectives, says it is impossible to describe how to milk a cow without using your hands. Is he right? Just for fun, The Brand will give a \$10

bill to the first person who sends in an adequate description of the process using 150 words, or less. I will be the sole judge.

Colorado is already attracting area trout fishermen, and most of them have the same report: "Plenty of fish to eat, and that's it." Mr. and Mrs. Charley Roberson, Mr. and Mrs. Gene Roberson and Mr. and Mrs. J. E. Turner are just back from Creede.

"I don't know much about fishing, but I do know the weather wasn't hot," avowed Mr. Turner.

Dr. R. R. Wills and Marlin Gilliland returned last week from Lake City. Doc gave much the same report, and I know better than to even ask Marlin. The thing that puzzles me about this particular trip was not fish, but who in the heck washed the dishes?

Several protests have been filed against a recent Brand editorial concerning tax equalization, all based on the statement:

"When they equalize taxes, they always raise them."

This could be true, but not necessarily. Equalized taxes should raise some, lower others. The only just way to pay taxes is on an equalized basis. The fact is so fundamental that it should not require a second thought. There may be valid arguments about how taxes should be equalized, but to argue against equalized evaluations is only to argue against justice, equality and American democracy.

Seldom can you beat the luck of the Irish. Take the case of Jerry Murphy, 133 Avenue G. Both Mr. and Mrs. Murphy are teachers in the Hereford School system and, in the course of human events, a group of spontaneous students drove past their home this spring and splattered the house with tomatoes. The Murphys, being a couple of good Joes, shrugged off the incident with "kids will be kids", and raised no particular howl. Things are different now, however, because the seed produced some of the finest tomato vines you ever saw.

The Murphys are literally drooling these days as they carefully water the plants in anticipation of summer produce from the "volunteer" tomato crop.

Meanwhile, it looks to me as if the Amarillo TV channels are

Hearty But Quick: This chowder made from and other flavorsome additions, condensed tomato-rice soup plus crabmeat

This Soup Quickie Fine Spring Lunch

By CECILY BROWNSTONE
WITH SPRINGTIME you may find some soup - and - salad lunches a boon. They're easy on the cook and nutritious for the family.

The soup can be a hearty one with home - brewed flavor, even if it's not made from scratch. This recipe we concocted fills that bill. We used a new condensed canned soup, tomato - rice, as the base and added crabmeat for substance along with other flavorsome additions.

Asparagus - whether it's fresh, frozen or canned - makes a fine salad after the soup. To our way of thinking, the perfect way to treat asparagus is to be served cold is to marinate it. For the marinade we like to use olive oil, vinegar, salt, pepper, prepared mustard, a suspension of sugar, salt and pepper. The asparagus ought to stay in the marinade for at least an hour.

If you want to add to the salad, tomato, cucumber, canned

having a dog fight over the weather casting situation. Dan True is moving to Channel 10 and Channel 4, who had Dan all of the time, says not to throw out the window such reliable findings as available from the U. S. Weather department. No one has made me any offers as yet - which indicates that things can still get worse.

pimiento and hard - cooked eggs are all compatible flavors. If eggs are used they may be forced through a fine strainer over the asparagus to give a charming mimosa effect.

TOMATO CRABMEAT CHOWDER

Ingredients: 2 tablespoons butter or margarine, 2 medium-sized onions cut in thin strips, 1/2 of a large green pepper (diced), 2 cans (10-3/4 ounces each) condensed tomato - rice soup, 2 cups water, 1/2 teaspoon garlic powder, 1 can (6 1/2 ounces) king crabmeat.

Method: Melt the butter in a medium - sized saucepan; add the onion and green pepper and cook gently until wilted and onion is yellowed. Add undiluted soup; stir in water gradually; add garlic powder. Heat slowly. Remove cartilage from crabmeat, keeping large pieces as intact as possible. Add to soup and reheat. Serve some of the large pieces of crab in each bowl. This makes a richly flavored thick soup: more water may be added if desired. Makes 4 servings.

Norm Siebern, who played left field for the Yankees, is playing first base for Kansas City.

Frank Thomas, Cincinnati third baseman of a year ago, is playing left field for the Chicago Cubs.

Mrs. John McLean, Society Editor

Couple Married In Double-Ring Rites

The Reverend H. L. Thurston read the double-ring service which united Miss Margaret Ellen Stallings and Jackie Rhodes on June 16 in the First Methodist Church. Mrs. Rhodes is the daughter of Mrs. Jack Stallings, 409 Ave. J, and the bridegroom's parents are Mr. and Mrs. W.A. Rhodes of Shamrock.

Altar decorations consisted of baskets of white gladioli with greenery and seven branched candelabra holding tall white wedding tapers.

Miss Nancy Parsons, pianist, played a medley of nuptial selections preceding the ceremony and accompanied Miss Sue Nell Messenger, who sang "Always" and "Bless This House".

Mrs. Ralph Packard served the bride as matron of honor and Mrs. Lonnie Cardinal was bridesmaid. Mrs. Packard wore an orchid lace sheath over taffeta and carried a hand bouquet of white carnations. Mrs. Cardinal wore a yellow nylon dress and carried a hand bouquet of white carnations.

The bride wore a white nylon organdy dress fashioned with full skirt and fitted sleeveless waist topped with a white lace jacket. Her shoulder length veil of illusion was caught to a beaded crown and she carried white rosebuds on a white Bible. Her something borrowed was an orchid and white lace handkerchief belonging to a friend.

She was escorted and given in marriage by her brother, A2C Vernon D. Stallings, stationed at Clinton Sherman Air Force Base, Okla.

Assisting the bridegroom as best man was Charlie Parker, and groomsmen were the bride's brother, Jackie Ray Stallings. Ushers were Bobby Ramey and Garry McQuigg. Candles were lighted by the bride's brother, Johnnie Stallings, and Larry Duncan.

The couple's mothers wore dark suit dresses in blue and white with small white hats and white carnation corsages.

The bride's table for the reception which followed the ceremony in Ward Hall was laid with a white cutwork cloth over orchid and centered with the bouquets of the bride and her attendants, Paula Wright and Jo Ivey, assisted with the serving.

When the couple left on a honeymoon trip to Houston and other Texas points, the bride was wearing a pink and white cotton satin dress and the rosebud corsage from the wedding bouquet. They are now residing in the Oberthier Apartments.

The bride attended Muleshoe schools and is presently employed at the Beauty Mart. Her husband attended Hereford and Alameda schools and serves in the Marine Reserves. He is employed with Miller Seed Company.

Mr. and Mrs. Jackie Rhodes (Angel Photo)

Mrs. Jack Rogers, formerly Miss Nelda Barnett (Angel Photo)

Nelda Barnett, Jack Rogers Wed In Baptist Church Rites

Miss Nelda Barnett, daughter of Mr. and Mrs. A. E. Barnett, 612 Austin Ave., and Jack Rogers, son of Mr. and Mrs. Joe P. Rogers, 311 Irving St., were united in a double-ring ceremony in the Avenue Baptist Church at 3 p.m. Saturday afternoon.

The Reverend Woody Northcutt of Abilene performed the ceremony in the presence of close friends and relatives.

Six tall white wedding tapers were placed on the choir rail with seven branched candelabra entwined with greenery flanking a fan-shaped arrangement of majestic daisies and delphinium in the center nuptial space.

Mrs. Eva Miller of Friona, organist, and Miss Donna Rogers, vocalist, presented the wedding music. Mrs. Miller accompanied the vocalist, who sang "Whither Goest Thou," "The Lord's Prayer" and "Bless This House".

Miss Bille Jean Barnett served her sister as matron of honor. Her dress was white eyelet over blue made with fitted bodice and flared skirt.

Bridesmaids were the bridegroom's sister, Joan Rogers, and Ruth Powell. Their dresses were of blue eyelet fashioned identical to that worn by the honor maid. They wore corsages of white feathered carnations.

Bruce Terry assisted the bridegroom as best man. Groomsmen and ushers were James Dolbs and Ken DeHart.

The bride wore a traditional

wedding gown of white Chantilly lace and tulle over satin. The lace bodice was finished with an upstanding collar and long petal point sleeves. The full floor-length tulle skirt featured a handkerchief tunic of lace attached to deep points of the bodice in the front and back. The lace edged veil of illusion was attached from a regal crown encrusted with seed pearls, and she carried a cluster of white feathered carnations cascaded

with white satin streamers on a white Bible.

The bride's mother wore a light blue cotton dress with black accessories and the bridegroom's mother chose a navy silk suit with white accessories. Their corsages were of white feathered carnations.

The bride's table was laid with a white Italian cutwork cloth at the reception following the wedding in the home of Mr. and Mrs. Jack Renfro. Candelabra holding wedding tapers entwined with flowers centered the table.

Assisting with the serving were Janet Roe, Donna Rogers and Doris Barnett.

For the wedding trip to points in Colorado, the bride chose a pale grey silk suit trimmed in black and featuring black patent accessories.

Both Mr. and Mrs. Rogers are graduates of Hereford High School. She is presently employed in Jack Renfro's offices. Her husband is employed at Joe's Auto Clinic.

Shower Honors Barbara Jacobs

Miss Barbara Jacobs was complimented at a shower courtesy given in the home of Mrs. Bert Boomer Saturday afternoon. Miss Jacobs will become the bride of Roger Shipley today.

Assisting Mrs. Boomer as hostesses were Mesdames Baker Womble, Ted Royal, Wayne Edwards, Earl Nipper, Joe Kendall, Jeff Roberson, Delmar Sigle, Byrdie Fellers, Roy Calvert, W. H. Goettseh, Jimmie Allred, C. R. Lady, W. A. Shelton, H.E. Miller, Horace Schloss and Kenneth Cowan.

In the receiving line were Mrs. Charlie Shipley, mother of the prospective bridegroom, the honoree and her sister, Mrs. Jim Lady.

The refreshment table was laid with a white linen drawwork cloth over pink, the bride's chosen colors, and a large white styrofoam wedding ring arranged with pink sweetheart roses formed the centerpiece. Appointments were in crystal and silver, and Miss Marilyn Sigle, Miss Gina Gwinn and Mrs. Don Shipley presided.

Approximately 50 guests attended.

Plans Midsummer Wedding Ceremony

Mr. and Mrs. Joe G. Story, Harrison Highway, are announcing the engagement and forthcoming marriage of their daughter, Sandra, to Ronald Downing, son of Mr. and Mrs. Gordon L. Downing of Canyon.

The wedding is scheduled to take place in midsummer.

The bride-elect is a graduate of Hereford High School and will be a junior at West Texas State College this fall. Her fiancé, a graduate of Floydada High School, is also a junior at West Texas State. Both plan to continue their schooling at the Canyon College.

Miss Sandra Story (Angel Photo)

Repeat Vows Wednesday

In a gown of imported Rosette lace, Miss Bette Jean Noland became the bride of Vincent Gallagher Wednesday at 2 p.m. in St. Anthony's Catholic Church. Father James Salvi performed the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. Charlie Noland, 204 N. Texas Avenue, and the bridegroom's parents are Mr. and Mrs. John Gallagher, Route 1.

The church was decorated with tall baskets of gladioli and white tapers in seven branched candelabra at the altar, centered by an arch of greenery entwined with white chrysanthemums.

Miss Carol Ann Newell, organist, and Gwin Morris, vocalist, gave the wedding music. Miss Newell played a medley of nuptial music preceding the ceremony, and the vocalist's offerings were "Ave Maria" and "On This Day O Beautiful Mother". Rossini's wedding march was used.

Mrs. Fred Gallagher was matron of honor, and bridesmaids were Jan Hampton of Littlefield and Sarah Pratt of Lorraine.

They wore sea foam green organza dresses fashioned over taffeta with full skirts and sleeveless bodices having scoop necklines. Wide cummerbunds

were used at the waistline and each carried an old fashioned nosegay of white rosebuds.

Brendan Gallagher was his brother's best man, and ushers were Pat Gallagher, his brother, and Fred Gallagher, a cousin, and Eddie Gallagher. Altar boys were Timmy Gallagher and Weldon Brinkman.

The bride, escorted and given in marriage by her father, wore a traditional gown of white Rosette lace styled with long sleeved figurine bodice. The Sabrina neckline was formed by scallops of lace matching the ballerina skirt of tiered lace. Her fingertip veil of imported illusion was held by a tiara of satin leaves

embellished with tiny seed pearls. The bridal bouquet was of white bridal roses arranged with satin leaves and streamers.

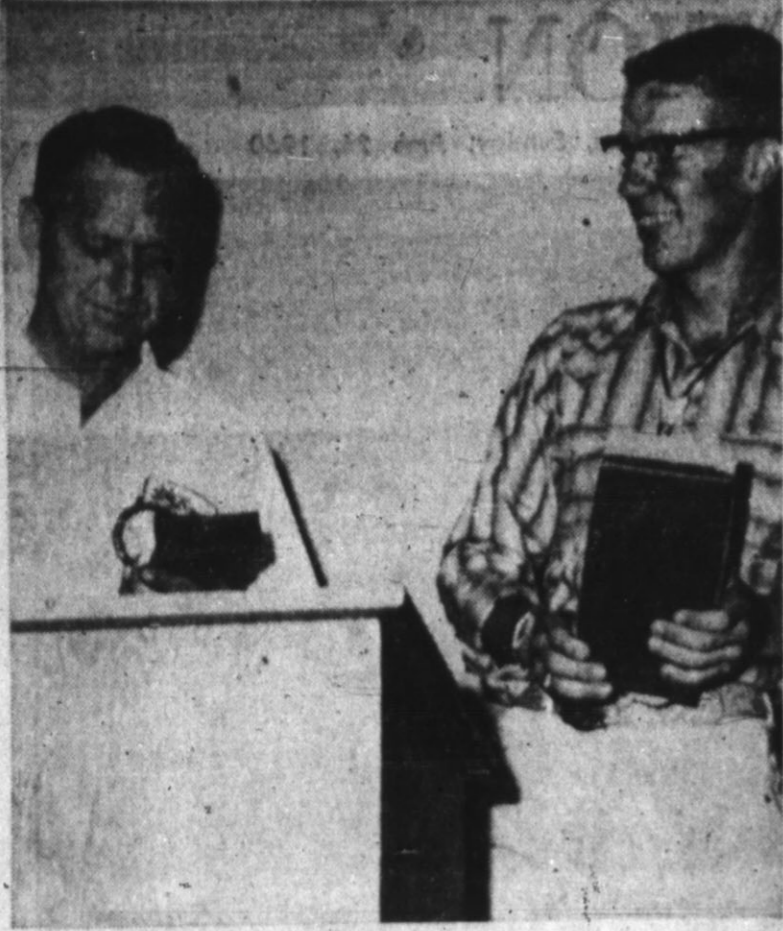

Mrs. Noland chose a beige lace dress with matching accessories for her daughter's wedding. The bridegroom's mother wore a green silk shantung dress with short jacket and beige accessories. Each wore a corsage of white rosebuds.

The Community Room at the First National Bank was the scene of the reception following the ceremony, with the bride's table laid with a French lace cloth in white over sea foam

(Continued on page 2)

FLEMMING HANSEN, right, exchange student from Copenhagen, Denmark, presented Ed Skypala with a barometer Wednesday during the noon meeting of Lions Club. His gift was in appreciation to the Skypalas, where he made his American home this year. (Staff Photo)

Dick Plank

Jimmy Higgins

Higgins, Plank Speak To Lions

Jimmy Higgins, 14, and Dick Plank, 15, provided the program for Hereford Lions Club Wednesday.

Jimmy Higgins has had the grand champion Hereford for the past two years, and he had the reserve champion of the junior show in San Antonio. He also had the first place middle class Hereford in the Houston show. "Just as we need a road map when we are traveling, we need a road map on the road of life", said Jimmy. "Youths are in desperate need for interested people who will lead them where they need to go."

"We depend on men in the profession we choose to guide us in that profession. We depend on people in school to lead us, in the home and in church to guide us in the right direction." Dick Plank last year won the District Electric Award and this year he won first place in the soil and water demonstration in District competition and fourth place in the state competition at the A&M 4-H Round-Up.

Dick presented the demonstration, "Fertilizer Facts", which he gave at the Round-Up. "Fertilizer can reduce the farmer's problem of low yield," said Dick.

"A farmer can use commercial fertilizer or barn yard manure. Nitrogen in the solid, liquid or gas state can be used as a fertilizer."

"Nitrogen stimulates plant growth, causes the dark green color, increases the yield, encourages root growth and hastens maturity."

"Phosphorus and potassium can also be used as fertilizers. Phosphorus increases flowering, increases fruit growth, increasing seed production."

"Potassium increases plant growth, root growth, is disease

Repeat....

(Continued from page 1) green. The center attraction was a silver candelabra arranged with white roses, snapdragons and carnations. Appointments were in crystal and silver. Mrs. Pat Gallagher, sister in law of the bridegroom, and Mrs. Bob Noland, sister in law of the bride, presided.

Others assisting with the reception were Mesdames J. M. Wright, Robert Wagoner, Joe Story, J. B. Noland, Steve Clements, Mack Noland, L.B. Lookingbill, Virgil Keith and D. C. Waiser.

After a honeymoon trip the couple will be at home in Crystal City, where he is engaged in farming.

For traveling the bride donned a blue silk shantung suit and a small white hat. Her accessories were in black patent.

Mrs. Gallagher graduated from Hereford High School and attended Hardin - Simmons Un-

iversity at Abilene for the past year. While in high school she was named Annual Queen her senior year and was worthy advisor of the Order of Rainbow For Girls. She was also the Hereford Lion's Club Sweetheart.

Gallagher is also a graduate of Hereford High School and is engaged in farming.

Out-of-town wedding guests included: Mr. and Mrs. Virgil Keith of Kerrville, Karen Campbell, Romelle Addison and Donna Lee of Lamesa, Sarah Pratt of Lorraine and Mrs. C. C. Waiser of Amarillo.

The bride's parents were hosts at the AJ-fresco dinner party Tuesday evening. Relatives, members of the bridal party and college classmates attended. Several pre-nuptial courtesies were given to honor the bride preceding the wedding.

Bill Hartack, in riding 58 winners during the Gulfstream Park meeting, tied the record set by Joe Culmone in 1950.

How Can I?

By ANNE ASHLEY

Q. How can I wash a girdle properly?

A. Use mild soapsuds and lukewarm water. Do not wring or twist if it contains elastic. Roll in a turkish towel to remove moisture, then dry flat on a dry towel away from artificial heat and sunlight. Wash latex rubber girdles after each wearing; dry and dust generously with talcum powder. Fabric panels of girdles may be ironed with a warm iron, but don't press the elastic portion.

Q. How can I improvise a substitute rouge?

A. You can either use beet juice or just rub the raw beet itself on your cheeks. This is harmless to the complexion, and produces a nice color.

Q. How can I clean artificial flowers without resorting to water?

A. Try placing them in a paper bag with a handful of salt,

and then shaking well. Q. How can I make a good outside scraper for removing mud and dirt from the shoes before entering the house?

A. Here's a simple, but effective one: Just nail a number of discarded bottle caps, bottoms up, to a board about one by two feet in measurement. Use a ball-peen hammer for this, the rounded end coming in handy for the final pounding to avoid flattening the edges of the bottle caps.

FRIO NEWS

Wheat Harvest Gets Underway In Vicinity

BY MRS. OWEN ANDREWS

Wheat cutting is underway, although some are cutting barley while the wheat is ripening. The yield is reported to be better than usual with some instances of extremely high yield. There are reports of wheat that is yielding from 70 to more than 90 bushels to the acre.

Rain fell in the Frio community on Thursday night. A total of .90 was reported at the W. H. Andrews farm, one-half at the Olin Parris farm, three-fourths at the Clark Andrews farm, on the west side of the community, and one-half inch at the Frio Baptist Church.

It also appears that irrigated wheat is making phenomenal turns.

The WBU of Frio Baptist Church met Tuesday afternoon in the home of Mrs. Earnest Harder for a Bible study.

Those present were Mesdames H. M. Mobley, Floyd Cole, D. P. Schmidt, Owen Andrews, T. L. Sparkman Jr., James Dobbs and the hostess.

Mrs. B. M. Sudduth underwent an emergency appendectomy at the Deaf Smith County Hospital on Wednesday night. She is reported to be improving and should be home in about four days.

Clark Andrews was ill with a throat infection Thursday and Friday.

B.M.Sudduth and Henry Dobbs were honorees at a birthday supper in the James Dobbs home Saturday night. Members of their families were also present.

Linda West is visiting with her grandparents, the B. H. Baldwins, each day this week, while her baby sitter is on vacation. Her mother, Mrs. Homer West, works as secretary at Associated Growers.

Herbert Haseloff of Abilene is attending the harvesting of his wheat and barley about fifteen miles northeast of Hereford. He visited this week in the home of his daughter, Mrs. Joe Andrews.

Visiting the sons recently were Mrs. Benson's uncle and aunt, Mr. and Mrs. E. O. Johnson of Dallas.

Mrs. Laura Littrell of Orange, Calif. came this week to visit several weeks with her relatives the Andrews families here and other relatives in Clovis, Mel-

Hereford Young Farmers Meet

The Hereford Chapter of Young Farmers held their regular monthly meeting Tuesday night. Thirteen members and guests were present.

During the business session the tentative program of work for the coming year was read. This program will be approved at the next meeting. The chapter was informed that H&W Implement Company had donated them a booth for the Harvest Festival. A committee headed by Joe Henry will work out a theme for the booth.

An ice cream social for members and their families will be held July 8.

Bob Doughman of B&O Spraying Company and Charles Holt of American Dusting Company conducted a question-and-answer program on insect problems in vegetable and row crops.

The next meeting will be July 19 when the program will be on "Water Conservation."

rose and Oklahoma. She and the W. H. Andrews family left Friday to spend the weekend visiting their relatives in Oklahoma.

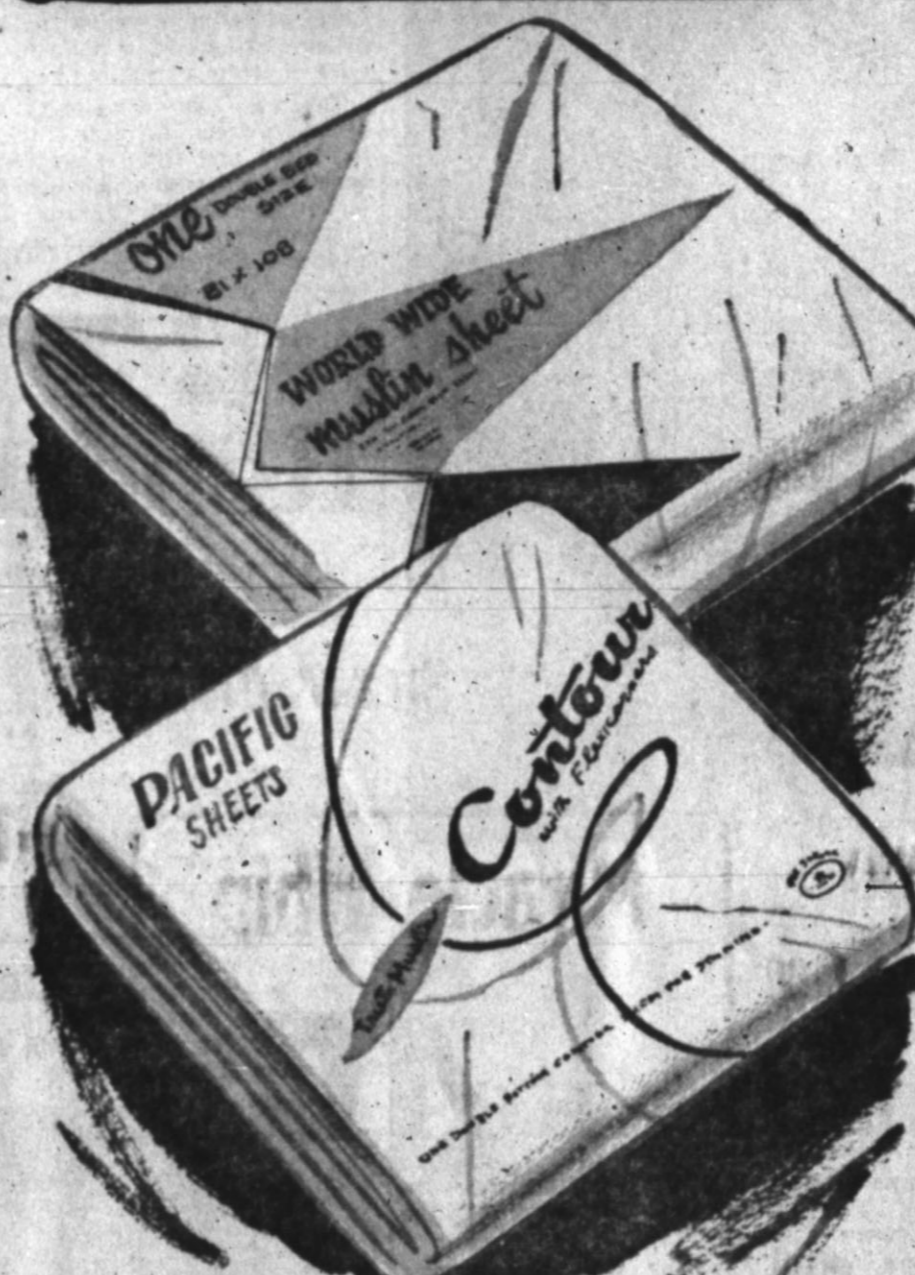

Miss Hare Is Honored

Miss Naomi Hare, who is doing missionary work in Old Mexico, was favored at a coffee given in the home of Mrs. Bert Boomer Tuesday morning. Members of the Children's Division of the First Methodist Church were hostesses.

Miss Hare, the daughter of Mr. and Mrs. A. A. Hare, is home for a 30 day vacation from Monterey, Mexico, where she is a teacher in the Methodist Schools.

THERE'S A CATCH

BALTIMORE — The West End African Violet Club intended to get the money, no doubt, but you wouldn't have known it from the official notice of its annual show. "Admission is free," it said, "and proceeds will be donated to charity."

DAWN NEWS

Rains Bring Harvest To Temporary Halt

By MRS. CARL WIMBERLEY
Showers Thursday evening brought to a temporary halt the wheat and barley harvest. From one-fourth to one-half inch was received over most of the Dawn Community. Edgar Lemons reported 1.20 in his field although only one-half inch was received at his home. No hail was reported.

Wheat harvest is beginning to get started while barley harvest is estimated at the half-way mark. Orval Galley last week received his first group of nutria animals which were comprised of a trio of large nutria and a small litter of six, six months of age. Galley expects to eventually build up the business to one hundred producing female animals. Nutria fur has become one of the popular kinds in the

past few years. Mrs. J. B. Caraway was hostess to the Dawn Home Demonstration Club meeting Friday afternoon. Mrs. R. T. Stewart and baby Betty Carol came home Monday from the Nebitt Hospital in Canyon. The baby arrived June 18. Mr. and Mrs. J. R. Oglesby of Mobeetle spent the week end with relatives and visited Mrs. Stewart and their new granddaughter at the hospital.

Robert Caraway, who spent last week at Mobeetle, came home with the Oglesbys. E. A. Oberst of Canyon visited Tuesday in the home of Mr. and Mrs. William Wimberley. Mr. and Mrs. Marvin Sloan of New Mexico and Mrs. Troy Newmah of Hereford visited Thursday afternoon with Mr. and Mrs. L. L. Airhart. Mr. and Mrs. R. L. Johnson and children went to Excel Thursday to visit his brother, Mr. and Mrs. Webb Johnson.

Janice Galley recently spent the week end in the home of Mr. and Mrs. Edile Layman at Dimmitt. Several local 4-H girls took part in the bake show in Hereford Saturday. Linda Lemons won a blue ribbon in the sponge cake and a red ribbon in batter rolls in Division III. Peggy Jean Lemons received a blue ribbon for sponge cake and a white one in batter rolls in Division II.

Beverly Lemons took three purple ribbons in Division I and received a purple ribbon for most points in Division B. Joyce Beizer placed first in the record book in Division I. The day before the American League season opened, Yankees first baseman Bill Skowron was reinstated from the disabled list. He fractured his left wrist last season.

James Chandonnet To Speak Sunday

Armand James Chandonnet, former private investigator in Amarillo and one of the chief witnesses in the recent house committee hearings in Amarillo into the affairs of former Randall County Judge Roy Joe Stevens of Canyon, will speak in the Assembly of God Church of Hereford Sunday at 7:45 p.m. Reared in a French speaking home in New Hampshire, Chandonnet studied for the Roman Catholic Priesthood in Boston for three and one-half years before becoming a private investigator, according to the Rev. V. W. Marcotell, pastor of the local Assembly of God Church. Chandonnet speaks French, German and English and also reads and writes Latin. Several attempts have been made on Chandonnet's life because of the investigations. Most of the attempts were not publicized for fear that it would "scare off" many of the other witnesses. "During his undercover work in Amarillo," the Reverend Marcotell continued, "he once was put in jail and while there was contacted by an Assembly of God Church group that regularly visited prisoners. He was converted and became interested in Christian work. He and his family joined the church and he is now a minister, speaking wherever he is invited." Interested persons who witnessed the recent televised investigations held in Amarillo are urged to attend.

Dawn HD Club Holds Meeting

The home of Mrs. J. B. Caraway was the meeting place of the Dawn Home Demonstration Club recently. "Foods" was the program subject, given by Mrs. R. T. Stewart, Mrs. Caraway and Mrs. H. S. Fuller. Mrs. Stewart and Mrs. Caraway prepared a flaming pear salad and Mrs. Fuller made a white cabbage salad, topped with cooked dressing. Both salads were served with other refreshments at the close of the meeting. During the business session, presided over by president, Mrs. Caraway, the group voted to have the summer get-together sometime during the latter two weeks in July, leaving the rest of the plans to the recreation committee. Members present were Mesdames J. B. Caraway, H. S. Fuller, R. T. Stewart, J. E. McCabe, H. E. Hooten and Miss Lula Botsford. Visitors who attended were Mrs. Argen Draper, Mrs. Kate Wilson, Mrs. H.R. Stewart, Mrs. W. T. Beavers and Mrs. Zed Stewart.

Six Hereford Students Return From Music Camp

Six Hereford school students returned last week from Portales, where they attended the two-week session of the Sunshine Music Camp on the campus of Eastern New Mexico University. Attending band sessions were Merle Carmichael, Judy Crume, Betty Sue and Shirley Curtis, and Beverly Roberts, Jeanette Rayburn, along with Miss Carmichael and Miss Roberts was enrolled in twirling classes. George Hill, director of Hereford bands the past year, was one of the instructors at the school, which drew approximately 400 band and twirling students from over a large portion of New Mexico and Texas. Mrs. Vance Crume and daughter, Prissy, along with Miss Sharon Tinnin and Linda London were in Portales for the final concerts of the camp held on Friday evening, June 17.

FOLLOW THE LEADER
MILWAUKEE (AP) — Mrs. Rose Marie Sabo's pet cockatoo flew out of a window and into a tree. She climbed after it. The cockatoo climbed higher. So did Mrs. Sabo. Finally she found herself stranded above the reach of neighbors' ladders and someone called the fire department. Firemen removed Mrs. Sabo and the bird.

Farmers In Area Report Good Yields From Crops

By Mrs. MERLIN KAUL with the harvest a week to ten days earlier than last year, Bill Carter and his brothers Roy and Tom find themselves working about 18 hours a day. Bill reports that the yield of wheat and barley is exceptionally good - above last year.

His busiest day was Monday when he had 105 loads of grain. Last year's high was 86 loads on July 4. Dryland yields average 20 bushels - one farmer reported 27 bushels, and irrigated yields are running around 50 bushels.

T. D. Alston's barley averaged almost 100 bushels per acre. Showers Thursday night brought around one-half inch of moisture - no hail was reported. Wheat harvest will continue for another week or more as some fields are still not ripe enough for cutting.

Along with the grain harvest, farmers have just this week been able to get into the fields since the heavy rains of two weeks ago. They have had to plow to remove the weeds and have followed with maize planting.

Mrs. R. L. Wilson and Mrs. Buren Sowell are conducting a sewing workshop for the Sadie Lee Oliver 4-H girls. The workshop started Monday afternoon at the Community House. The leaders told the girls what tools they would need for sewing, how to start and stop a machine, how to sew a straight seam, and measured them for the skirts and dresses they will make.

At the close of the meeting, Mrs. R. L. Wilson and Mrs. Buren Sowell are conducting a sewing workshop for the Sadie Lee Oliver 4-H girls. The workshop started Monday afternoon at the Community House. The leaders told the girls what tools they would need for sewing, how to start and stop a machine, how to sew a straight seam, and measured them for the skirts and dresses they will make.

Mrs. Bill Stengel served iced tea and cookies to the group. The 4-H girls present were Janice Turrentine, Carla Stengel, Anna Johnson, Camille Pavlicek and Dorothy Marnell.

The next meeting will be held on Monday, June 27, in the home of Mrs. Buren Sowell. Because of the harvest, a small group was present at the Community Meeting in the Community House last Friday night.

The president, Charles Owens, made an announcement of the 10 Bushels Project of the finance committee. The committee asks that all who would participate to give 10 bushels of wheat to be used on improvements on the building and grounds for a Community Center. This may be left at the elevator or the money may be turned in to J. C. Morrison or Mrs. Merlin Kaul.

Herbert Owens was appointed chairman of the auction project.

A tentative date for the Westway Reunion was set for July 24 and a committee for invitations was appointed to notify people outside the Hereford area. To serve on this committee are Mrs. Joe Landers, Mrs. P. B. Sowell, Mrs. Paul Rudd and Mrs. Clarence Morrison. Other committees are to be announced later.

Serving as hostesses for the meeting were Mesdames Joe Landers, H. R. Green, Charles Owens and Merlin Kaul.

The next meeting will be the annual picnic on July 4 in the Merlin Kaul home.

A wheat fire Wednesday afternoon at the Roy Lee Wilson farm called for fast work from neighbors and all hands at the Wilson home before it was brought under control. The exhaust from a truck driving through the field caused the blaze. Neighbors working adjacent to the Wilson farm rushed in with wet sacks, shovels and tractors and in a short time the fire was extinguished. It was started on the south side of the field instead of the north side; thus only two acres of wheat and three acres of barley was lost. Otherwise, with the wind direction, the entire crop would have been lost.

The annual Fourth of July picnic will be held in the Merlin Kaul home on Monday, July 4. Fried chicken and homemade ice cream are to be featured on the menu. Small children bring sparklers which will be lit inside the yard. Other fireworks brought must be lit outside the yard and will be supervised by Charles Owens, president of the Westway Community Organization.

The Rev. Orville Atkinson, and Jimmy were here from Plainview for services Sunday. Mr. and Mrs. Herb Schmidt and Tommy, and Mr. and Mrs. George Zetsche transferred their membership from Frio to the Baptist Church here. After the service, Mr. and Mrs. Schmidt, Tommy and Dale, Mr. and Mrs. Zetsche and Ann, Mr. and Mrs. Merlin Kaul and the Rev. and Mrs. Atkinson and Jimmy had a picnic dinner in the Dameron Park at Hereford. Mr. and Mrs. Henry Dobbs and Mr. and Mrs. Leonard Schmidt and children of Frio visited with the group in the afternoon.

Mr. and Mrs. Art Schmidt, Brenda, Marsha and Bobby and a nephew of Mrs. Schmidt's were visitors Saturday in the home of Art's brother Herb Schmidt. They had been on a trip to California and were en route to their home at Weatherford, Okla.

Mrs. Dorothy Hairgrove of Amarillo is spending a few days with her sister, Mrs. Alice Cooper.

Mrs. Grady Cates of Hereford was a visitor Thursday in the home of her daughter, Mrs. Cliff Combs, Herbert Owens Jr. of Olton

was here Wednesday afternoon to see his parents, Mr. and Mrs. Herbert Owens Sr.

Mr. and Mrs. Cliff Combs accompanied by Shirley June Cates of Hereford, spent Sunday in Plainview with Mr. and Mrs. W. E. Combs.

Tom Carter of Sayre, Okla. is helping his brother Bill Carter at the elevator this summer.

A new board fence has just been completed to enclose the yard at the Cliff Combs home.

Mr. and Mrs. Pat Merritt, brother of Preach Merritt, and Mrs. W. W. Merritt, his mother, all of Midland, came last Friday and spent the week end here. They celebrated Father's Day in the home of G. C. Merritt Jr. in Hereford. The fathers could not be present because of having to be in the harvest field.

Mrs. Rob Groves and Jo Anabela and Mrs. G. C. Merritt Jr. and Michelle of Hereford visited Friday afternoon with Mrs. G. C. Merritt Sr.

Mrs. Elmer Combs visited her sister Mr. and Mrs. Finis Wright in Amarillo Sunday and attended church with them at the Pleasant Valley Baptist Church. Sanda Townsend of Hereford was a guest of Mrs. Elmer Combs last Friday afternoon.

Mr. and Mrs. Grady Wilson Jr. and daughters JaLynn and Maverly of Faith, S. D. have been visiting in the Jerry Landers home. They have been calling on friends in this community. They report a new son in the Bud Hopson home at Sturgis, S. D. who has been given the name of Grady Lee. Mrs. Wilson and JaLynn visited the Westway Home Demonstration Club meeting in the home of Mrs. Homer Rudd Thursday afternoon.

The Westway Home Demonstration Club met Thursday afternoon in the home of Mrs. Homer Rudd. Mrs. Argen Draper, CHDA, gave the program on "Family Credit." Mrs. Grady Wilson and JaLynn of Faith, S. D. were visitors. Another visitor was Mrs. Jerry Landers. The club will recess until September. Twelve members were present at Thursday's meeting.

Mrs. Emmett Johnson, Billy, Donna and Anna spent last week on vacation. They visited Mrs. Johnson's mother, Mrs. W. B. Mitchell, at a convalescent home in McKinney, her sister, Mrs. Lloyd Fellers at Lewisville, and a brother in Fort Worth.

Mrs. Bill Stengel, Carla, Richard, Donna and Babette attended a birthday party for Sammie Mazurek at Hereford Thursday

afternoon.

Donna Johnson is baby sitting for Mr. and Mrs. Carl Johnson in Hereford this summer.

Mrs. Jimmy O'Dell of Amarillo spent Saturday with her mother, Mrs. C. A. Sauley. She left the children Larry, Mona and Mike to spend this week with their grandmother.

Mr. and Mrs. Carl Johnson, Cecelia, Janey and Butch of Hereford were visitors in the Emmett Johnson Home Sunday night.

Alice Cooper has returned home after a visit in Muskogee, Okla. with her father, S. L. Dodson, and brother, N. W. Dodson. Joyce accompanied her to Oklahoma, but en route home stopped in Hedley where she is visiting in the home of her aunt, Mrs. Paul Stewart, this week.

Mr. and Mrs. Daniel Turentine, Sherry and Billy of Pacific Grove, Calif. are visiting here in the home of his mother, Mrs. Bess Werner and his brother, George Turentine, and family. They went to Hereford Wednesday where they were guests of Daniel's aunt, Mrs. Pearl Harrison.

Mr. and Mrs. Edgar Sowell of Olton and Dr. and Mrs. M.O. Sowell and family of Coleman were visitors the first of the week in the P. B. Sowell home. On Monday night the six Sowell brothers - Buren, Edgar, Morris, Jim, Barrett and Charles all attended IOOF Lodge together. All have been members of the Odd Fellows for many years.

Mrs. Chester Minyén was a patient in Deaf Smith County Hospital again last week.

Mrs. Buren Sowell's cousin, Terry Fisher, and his bride were guests last week in the Sowell home. Terry was married Sunday in Brazil, Ind. and the visit to the Sowells was their honeymoon trip. They were guests from Tuesday until Sunday in the Sowell home, then went to Amarillo to visit with the David Sowell family and then back to Indiana. Terry worked at the Sowell farm three years ago but for his wife this was her first trip "West."

Mr. and Mrs. Hugh Clearman and daughters, Carol, Kay and Lynette, of Hereford were visitors in their Merlin Kaul home Saturday night.

Mrs. Guy Lawrence and R. M. Gunn of Hereford visited in the Joe Landers home Sunday afternoon.

Mr. and Mrs. Lewis Etheredge of Lamesa were visitors Friday and Saturday in the

(Continued on page 6)

Mrs. Travis Shields, formerly Miss Elvis Marie Cross (Angel Photo)

Elvis Cross, Travis Shields Repeat Vows In New Mexico

Miss Elvis Marie Cross daughter of Mr. and Mrs. A. L. Cross of Belview, N. M. and Travis Shields of Hereford exchanged wedding vows in the Broadview, N. M. Church of Christ on June 19 at 3 p. m. The bridegroom's parents are Mr. and Mrs. Bob Shields of this city.

Minister Loy Burch performed the double-ring ceremony before the altar backed by an arch of candelabra holding white wedding tapers. Fan-shaped palms and large arrangements of white gladioli and orchid asters completed the setting.

Wedding music was provided by Mr. and Mrs. Cecil Burch of the Portales Children's Home, who sang "Whither Goest Thou".

The bride's attendants were Mrs. Tommie Stout of Broadview, "matron" of honor, and bridesmaids; Novita Pulliam of Belview and Alice Mosier of Clovis, N. M. Their gowns were of orchid nylon over taffeta fashioned with fitted bodices having short puffed sleeves and cummerbund attached to full skirts. They carried single stem white roses.

Judy Kay Northcutt, niece of the bridegroom, served as flower girl wearing a dress identical to the other attendants and Noel Cross, brother of the bride, carried the rings.

Cecil Morrison of Hereford assisted the bridegroom as best man. Groomsmen were Wayne Johnson and Bob Northcutt. Ushers were Arnold Cross Jr. and Don Cross, brothers of the bride.

The bride, given in marriage by her father, wore a formal gown of Chantilly lace over satin. The fitted bodice featured a Sabrina neckline and short sleeves with long tapered mitts. The full length skirt fell in tiers to form a chapel train in the back. Her shoulder length veil was attached to a pearlized para and she carried a Bible arrangement of two cymbidium orchids with cascade of feathered carnations and adiantum leaves. She also carried the traditional custom of wearing something old, new, borrowed and blue.

The bride's mother wore an off white frock of satin brocade with an orchid carnation corsage, and the bridegroom's

Beauty At Home

By LYNN CARTER

Q. Do you have any words of advice on the proper penciling of very sparse eyebrows?

A. You must, of course, exercise the utmost caution to avoid drawing a distinct line that will give you a too-artificial look and harden your general appearance. Best procedure is little backward strokes against the "grain of the hair", then brushing the hairs down.

mother wore a navy crepe with white carnations.

Following the wedding a reception was held in the 4-H Club building in Broadview. Miss Bobbie Harding of Clovis, N. M. and Mrs. Jeannette Cross, sister in law of the bride, presided.

For her going-away ensemble the bride chose a white lace sheath and she wore the orchids from the wedding bouquet as a corsage. Upon the return from a short wedding trip the couple will reside in Hereford.

The bride is a graduate of Grady, N. M. High School. Her husband graduated from Hereford High School and from the Albuquerque School of Television. He is presently employed at Buy-Rite Furniture Store.

Those from Hereford attending the wedding were Mr. and Mrs. W. E. Brown, Mrs. Claude McDougal, Betty Mae Scott, Mr. and Mrs. Porter Johnson, Donna Sue Guseman, Bill Johnson, Joe and George Wilhelm, Mrs. Cecil Morrison and sons, Mr. and Mrs. J. H. Fish, Mr. and Mrs. C. W. Johnson and Mr. and Mrs. Jim Cross.

Q. What technique of makeup will seem to round out the thinness and hollowness of my cheeks?

A. A lighter shade of foundation than you use on the rest of your face will highlight the concave areas into greater prominence.

Q. How can I mix a facial beauty mask especially good for a skin that has pimples?

A. One very good one consists of a paste made of milk and one yeast cake spread over the face and allowed to remain on for about 30 minutes. Then remove this with warm water, and sponge the face with a warm boracic acid solution.

Q. How can I exercise to help reduce my hips?

A. Here's a rather difficult one to master - but very good: Lie flat on a hard-mattress or sturdy bench, the sides of which you hold onto. Bend your knees to your chest and then, keeping your legs together, push them out to the left, down, and around to your right in a complete circle. Do not rest at any time. Keep them circling until they tire. Relax, and then push them around in the opposite direction.

Q. What is a good rule to follow in the selection of one's correct shade of mascara?

A. Many of our famous beauties like to wear their mascara a shade darker than the color of their hair - and this seems to work out real well for most of us.

Q. Just what is the "taper system" of cutting the hair?

A. Taper-cutting is accomplished by running the scissors in quick, light, scraping motions toward the scalp, starting at the point where your fingers are holding the hair. The result is a tapered end, which is softer, curlier, and more manageable.

DOUBLE PARKING — Cameraman Jim got Nickless' vehicle off the street. Nickless, of El Paso, with no parking space in sight used this novel way of finishing a quick assignment. Permission from a trucker at a roadside lunch stand had no comment when asked what he might have done if the trucker had left in a hurry. (AP Wirephoto)

Westway...

(Continued from page 4)
home of their son, Waymon Etheredge. When they returned home Cynthia and Jerry Etheredge went with them to spend the week.
Mrs. Raymond Fletcher and Butch of Hereford were supper guests Tuesday night in the Waymon Etheredge home.
Mr. and Mrs. Charles Owens and sons Dennis, David and Stanford were guests last week end in the Fred Barrett Jr. home near Seminole. Mrs. Barrett was formerly Mary Ruth Russell of Hereford.
The Barretts are busy farmers where they are raising potatoes and cotton. They have 200 acres of early potatoes and that

many acres of late potatoes. The late potatoes will go into cellars to be sold during the winter. Sprinkler system irrigation is used in that area and the Owens' report that the crops there look good.

Mrs. C. A. Sauley, Larry, Mona and Mike O'Dell spent Wednesday with Mrs. Carl Smythe at Wyche.

Mr. and Mrs. G. L. Shirley of Hereford were supper guests Friday night of Mr. and Mrs. C. A. Sauley.

Chris and Tommy Marnell have the mumps this week. Their brother Davis is just recovering from them.

Jimmy Harris of Amarillo is spending the week with his grandparents, Mr. and Mrs. Everett McIntosh.

Mr. and Mrs. Jimmy Lassiter of Hereford were visitors in the home of her parents, Mr. and Mrs. Pat Ransport Sunday night.

Tona Kester of Hereford spent Monday and Tuesday with Mona O'Dell in the C. A. Sauley

home.
The new addition to the W. W. Thomas home (Westway Farm) has been bricked and is nearing completion. The carpeting has been laid and most of the interior decorating has been completed.

Mr. and Mrs. T. B. Odom of Halfway were guests in the home of their son, Jessie Odom, Tuesday night.

Mr. and Mrs. Carl Patterson and son Gary of Lubbock were week end guests in the home of his parents, Mr. and Mrs. Deal Patterson.

Mr. and Mrs. Robert Zetsche, Bobby and Robin of Friona were visitors in the George Zetsche home last Saturday.

Mrs. Merlin Kaul attended a coffee Wednesday morning in the home of Mrs. Byron Durham in Hereford. The occasion honored Miss Velma Cook and her mother, Mrs. Virgie Cook, of Spokane, Wash. Miss Cook is a former first grade teacher at Shirley School in Hereford.

REMEMBER WHEN?

By CHARLIE SEEDS

Americans did a lot of traveling that year. One reason was the fact they had a choice of two great spectacles to see, one on each coast. In New York, a World's Fair opened, featuring a host of scientific exhibits that envisioned the push-button world to come and a time of great technological advances. The theme of the Fair was the World of Tomorrow. But there was plenty of fun, too, in New York that year at the Fair.

At the same time, clear across the country, a whole manmade island has been prepared just to house the Golden Gate International Exposition. Called Treasure Island, it was set in the beautiful bay off San Francisco. And thousands of tourists from all over the country visited the city of the Golden Gate that summer... to drive up its famous hills, to tour through its Chinatown, and to visit its colorful Exposition.

Remember the Year? America was beginning to fight its way back to real prosperity that year... and a lot of people bought new cars. But they were careful bargainers... and they shopped around for a deal that meant real savings.

The year was 1939. If you're looking for legitimate savings on a new or used car... and what buy isn't?... be sure to come in and talk to us about our deal, whether on a new FORD or on one of our dependable, clean used cars. See us, too, for the finest in auto service, at CHARLIE SEEDS' MOTOR CO., INC., HIGHWAY 60... AT MILES and LEE, PHONE EM4-2727.

MISS TEXAS AND RUNNER UP — Pat Cloud, 20, right was named "Miss Texas for 1960" at the 6th annual Miss Universe contest held at Lake Whitney. Runner-up is Miss Sue Morris of Irving. Miss Cloud, a Baylor University student, represented Lake Whitney in the contest. Twelve beauties competed in the contest. Miss Morris was also named as the "Friendliest" contestant. (AP Wirephoto)

Why Worry With...

- Old-Type Conventional Lawn Sprinklers
- Out Moded Sprinkler Systems?

No Fuss - No Muss - No Bother With

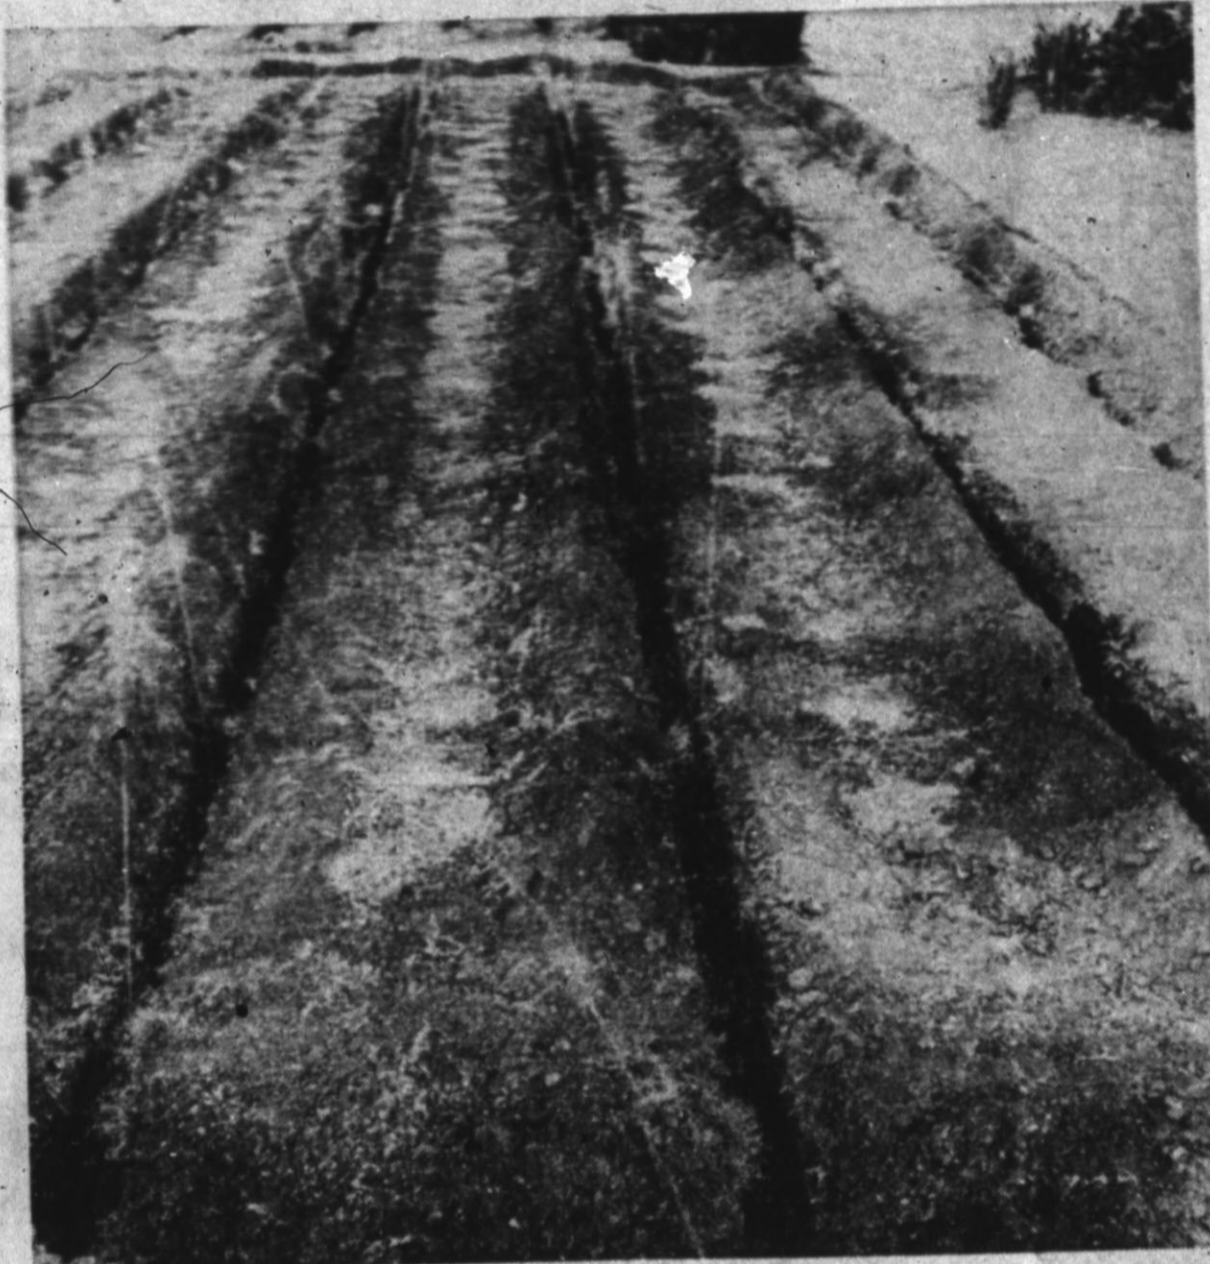

SUB-IRRIGATING LAWN WATERING SYSTEMS

Hereford Lawn Watering Service, Incorporated

Now offers Hereford Residents The Convenience of Sprinkler System Watering Without...

- Excessive Evaporation
- Loss from Run-off
- Messy Sprinkling
- Sprinkler Heads that Protrude and get in your way.

- Less Expensive to Install
- Less Expensive to Operate

Let Us Give You An Actual Demonstration!

Hereford Lawn Watering Service
Incorporated

Phone EM 4-1393 122 Beach St.

GEORGE SPRINGER is shown above operating the ditching machine during the installation of an underground system on a Hereford lawn. We invite you to Phone George at EM 4-1393 or one of the Bryant Bros. and let them give you an actual demonstration of the effectiveness of this new system.

THE BEST BARGAIN

when you buy your new car is a LOW COST BANK AUTO LOAN.

Strictly For Parents Of Non-Juvenile Delinquent

Appearing in this issue of The Brand is a picture and an article concerning "zip" guns, a lethal apparatus confiscated from local boys by Hereford police.

No one, of course, is very happy with the situation of placing such a weapon in the hands of youthful teenagers, and this is especially true of parents and of our police department personnel. However, we did notice one distinctive feature of the Hereford zip gun. It had a character all of its own.

Unlike the big city "zips," the Hereford production had an appearance of craftsmanship, ingenious application of engineering ability, and a solid, farm machinery type construction. No rubber bands, flimsy pipe or makeshift gadgets!

At the same time, we remember a recent editorial complaint due to the lack of interest among Hereford youth at the Science Fair in Amarillo; we even inquired, "Do we have no creative genius among our boys and girls?" The recent zip gun, beyond doubt, answers that question.

Like other people of all ages, our No. 1 problem lies not in lack of ability among our youth, but in channeling of this ability and initiative in the right direction. The schools, churches, Little League, Camp Fire, Boy Scouts and other community organizations can and do help but, mostly, this channeling is a job which must be done in the average American home. The more brilliant the youngsters, the more difficult becomes the task; sometimes despite our best efforts, it fails.

The confidence and respect of our children are difficult to gain, possibly even more difficult to retain. Most of us, though, find ourselves too busy for the little things which youngsters most appreciate; we allow

important meetings to upset plans for family picnics, we can't get away for camping trips or ball games. How long has it been since you went with (not sent) your son or daughter to the picture show or circus?

All of us are lax, indeed, and can likely point out dozens of other shortcomings on our own behalf. Fortunate are those whose children get this channeling or who, in spite of its lack, follow a true course toward ultimate good citizenship. All of us make mistakes and we will probably make many others in days to come, but those who recognize, analyze and do our best to adapt these experiences, will have the greatest chance to avoid the same pitfall twice.

There are many things we can do for our children. Some are good, some will be bad, but, it seems to us that the boys and girls of today can benefit most of all by being pointed in the right direction, and given a pat on the back.

Golf Course Comes Of Age

Hereford is fast becoming a golf center on the High Plains.

We do not expect to draw top names in the sport, and probably never will, but we do have a course and a planned program which are providing entertainment and competition for scores of visitors, along with the hundreds of enthusiasts in our own area. President Eisenhower, probably the world's most famous golfer, likely shoots an even higher score than most area fans, but enjoys every divot he digs. This type of recreation, no doubt, accounts for the intense interest generated by millions of Americans.

Very few non-golfers appreciate this fact, or realize how much the municipal golf course today contributes to Hereford. During recent years the course, under city direction, has come to be an area drawing card. The course, under management of Bud Posey, has sponsored a series of tournaments which have attracted an array of amateurs and professionals, not surpassed in such centers as Lubbock, Amarillo or Plainview.

The automobile age, plus the 40-hour week, have elevated golf to a place of necessity, instead of a pastime, for many Americans. It is safe to predict that interest and prestige of the sport will continue to grow in future years. A good golf course is unquestionably a community asset and a drawing card for new citizens, as well as visitors.

Most of us accept the municipal course without a second thought or word of thanks to the few enthusiasts who organized the original golf club many years ago and kept it going, or to an interested city administration under which it has developed and advanced so far. It remains a community asset, however, which we could find it most difficult to do without.

Hats Off To Highway Boys

From time to time Hereford residents, including The Brand, have expressed disapproval of State Highway operations which were felt to hamper area safety, economy or convenience. On the current subject of the huge lake, four miles north on Highway 385, we are doing an about face.

The lake came into existence because of extensive rainfall and certainly through no fault or failure on part of the Texas Highway Department. Roughly, the lake which covered the highway was one mile long, one and one-half miles wide and four feet deep. Traffic was immediately detoured south to hit U.S. 60 near Dawn, and estimates on future use of Highway 385 ranged from there to six months. Wheat farmers, eager to haul over the road, began making other plans. No one single person could conscientiously criticize the highway department.

Resident District Engineer C. W. "Chili" Smith of Amarillo came down and checked the project personally, then joined other personnel of the department in an effort to do the impossible: A few days later five miles of ditch had been excavated and water was moving away under gravity flow. Already, the lake has dropped sufficiently to cover two months' evaporation, and the highway boys hope to start moving traffic over the road next week, perhaps even today.

Naturally, we hope, they make it. We need the road, besides we admire people who can do the impossible. However, if they do not, no one can say they didn't make a sincere, honest effort. The gesture will long be remembered in this community. It was one of the finest examples we have seen of "Government for the People" in a long, long time.

The POWER of FAITH by Howard Bradie

Some 30 years ago Ettie Lee of Los Angeles, then a \$200-a-month school teacher, realized that wayward boys need security, guidance, and love. She resolved to establish homes for them. She had ample faith, but little money. Living on less than half her salary, she bought a small home, painted it herself. She sold at a profit, bought a larger one, and so on until she had enough money for her first ranch home for boys—with a Quiet Room where they could pray according to their faith. "I never did anything except on my knees in prayer first," Miss Lee says. As her real estate dealings grew, she established five more ranches—and she also became wealthy. Troublesome boys became responsible young men in Miss Lee's ranches, and now, at 73, she is planning four more of them. "Faith has led us all the way," she says, "but we have put some good honest work with our faith."

—AP Wirephotos—

Red Cross Group Here Renders Many Services

By MRS. E. L. CRISWELL
The Deaf Smith County Red Cross Chapter held its annual directors meeting in the First National Bank Community Room on June 21.

How many of us really know just what we have and who is serving in our local Red Cross Chapter?

I was so proud of all its accomplishments, I want to tell you about it and let you know that it is really on its toes in rendering more services than most of us know about.

There are two things that the Red Cross must promise to do if it can get a charter to be or-

ganized. (1) It must work in all disasters and (2) It must help any man in any branch of the U. S. Service when he is in need of help of any kind.

Service work of this type is almost an everyday occurrence but the disasters are few and far apart—for this we are thankful. Most of this service is done by volunteer workers who are happy to give of their time and money to help in any way possible.

We have about fourteen committee chairmen and each has a special group to help in special work. Bill Hardwick is chairman of the Board of Directors and has certainly done a won-

derful job in the three years he has been in this work.

He has won a citation for Community Service and the American Home and is now in the semifinals for the \$1,000 Lane Bryant Award which will be given in November. This nomination was submitted through our chapter by Mrs. Corinne Neely. Bill is a worker and in a very modest way said that the workers of the chapter were the winners, not he. But here are some of the things he has done in Community Service.

Did you know that the Water Safety Program has doubled each year he has been chairman? That we have only had trained high school swimming instructors that could serve only until they received their diploma, then others had to be trained as they went away to complete their education. This has been planning and work by our chairman and the safety chairman, Dr. Cavness.

Bill is a faithful worker in his church and has served on the maintenance committee for some time and has done much of the repair work himself. For the American Home, we would say that he is doing alright there; for his children he has built a tree house and converted the garage into a lovely room for his daughter, Marsha.

He helps his father, Francis Hardwick, in running the three theaters of Hereford and pinches on the farm and ranch when needed. Frankly, I am sure that his wife would say that she does not see too much of him, even though he is interested in his home and family enough to do some very hard physical work at home as well as all the other interests he has in the community.

Mrs. Earl Springer last year won the National Red Cross Award of achievement. Congratulations to our executive secretary, Mrs. Corinne Neely, and to the chairman of each committee and to those just coming in to volunteer their services.

We will probably have other awards to make at the end of the Water Safety Program. We now have five swimming instructors who completed courses in water safety and instruction in the school in Ardmore, Okla. In the National Aquatic School. They are Donna Smith, Nickie Dameron, Ann Smith, (Continued on page 2)

Panhandle Paragraphs

HARVEST BEGINS

Harvesting of the 1960 wheat crop moved into full swing at mid-week in Moore County after late spring rains finally halted long enough to allow farmers to begin their annual attack on the golden-ripe grain. First load of the county crop was reported Sunday afternoon at the Elter Grain Elevator and more heavily loaded trucks went to the elevators Monday afternoon in Sunray and Dumas. County Agricultural Agent Martin Gossett said that dryland cutting was well underway and that some irrigated fields would be cut by the weekend. "This harvest should be strung out for several days because of the variance in the crops stages across the county. Some irrigated fields are still green while most dryland acreages are in the cutting stage," Gossett noted. Meanwhile, farmers were noting a severe shortage of combines and requests for aid were going out across the area. The office of the Moore County Farm Bureau will serve as the information center for persons needing labor information. The Texas Employment Commission will not open a local office here during the harvest, officials announced. Expectations of the yields were somewhat higher than originally noted, after a hot, dry spring. —MOORE COUNTY NEWS (DUMAS)

MOSQUITO HUNT UNDERWAY

Health officials on the South Plains are on the lookout for mosquitoes. The reason: the female mosquito of a particular type is a carrier of encephalitis—sleeping sickness—and the Plains in which we live is one of two hot spots for the disease in the nation. Particular watchfulness is being exercised this year because of the possibility of a four-year cycle of the disease reaching major proportions. And 1960 is a fourth year. In 1952 there was a sharp increase in the usual number of cases and four years later, 1956, more than 300 cases were reported in our area. Thirteen of those struck down that year died. And now, 1960, the possibility of a four-year cycle is being watched for. The bulk of those afflicted lived in Hale, Lubbock, Lamb and Floyd counties. So far this year, no cases have been reported to the Bailey County health unit, according to Dr. B. O. McDaniel, county health officer. Moisture control is the key to control of sleeping sickness as well as to control the spread of mosquitoes. A Lubbock health official has said that if such moisture control should be exercised to a sufficient extent sleeping sickness and mosquito annoyance would be at an end. —THE MULESHOE JOURNAL

AGENTS URGE WAR ON THRIP

Farm officials this week urged Lamb County cotton growers to wage all-out war on Thrip, a tiny pest that waylays young cotton. Bill Kimbrough, county agent, and Herb Helbig, assistant agent, pointed out that the bugs are in cotton throughout the county and can cut both quality and yield sharply unless steps are taken early. Application of poison against the pest can turn a withering cotton plant into new health in less than two weeks, the agents pointed out. Helbig, who has checked many fields in the county, says he has found as many as 25 of the bugs on a single plant. He also occasionally finds plant lice. The agent listed three methods of controlling the Thrip: DDT and toxaphene, two parts toxaphene and one DDT; Malathion and toxaphene, pint of each per acre; Toxaphene and Parathion. Two applications of the poison, any method, should be made five days apart, the extension agents pointed out. —COUNTY WIDE NEWS (LITTLEFIELD)

The BOOTLEG Philosopher

Editor's note: The Bootleg Philosopher on his blindweed farm makes a discovery about Russian farming, his letter this week indicates.

Dear editor:

As I understand it, the Russians are experts when it comes to propaganda, they let the outside world know only exactly what it wants it to know about what's going on behind the Iron Curtain, no more and no less, everything thought out years in advance, and everything runs like clockwork.

Well, I have always felt that regardless of what information the Russians put out, they must be human beings the same as the rest of us, their tractors must get flats and bust gaskets the same as ours, and this opinion has now been confirmed again.

Last night I read in a newspaper which I found alongside my road out here yesterday morning, I guess somebody had run out of beer cans to throw out and had to resort to a newspaper to keep his arm in practice, that the weather in Russia has cut the crop prospects over there.

Obviously, the Russian propaganda system is breaking down. You mean to say Russian agriculture is subject to the whims of nature the same as my farm out here?

According to this article, Spring in Russia this year was cold, dry and windy, and the autumn before was extremely dry, with the results that dust storms have been blowing, grain crops are light, and distress slaughtering of livestock has been necessary.

I don't say this gloatingly, I don't like to see anybody, even a Russian, try to farm in a drouth, but what I can't understand is how the Russian leaders with all their propaganda expertness slipped up and allowed this news to get out. What they ought to have been saying was that Russian agriculture is booming, they've got so much grain they're figuring on shipping a lot of it by rocket to the moon as a stockpile for the colonists they expect to have there as soon as they push the right button.

I'm afraid though that Communist farming, like any other kind, still depends on the weather. It's not always a satisfactory arrangement, but hasn't anybody invented a substitute yet.

Yours faithfully,
J. A.

Lorraine Fowlkes and Ramona Noel.
Nickie and Donna reported that they had fun at the school in spite of walking five miles each day to and from classes along with two hours on the water and four in it. That they learned to tread water for two hours. Two hours? They thought they would never make it.
The Motor Corps has worked on several occasions in emergencies, such as serving almost 2,000 cups of coffee to the men dragging the lake in the tragedy near Friona.

The Deaf Smith County Chapter worked with other

chapters in the Sunnyside disaster and were congratulated by the area Field Representative Robert Blackburn of Amarillo, not only in the work they did but in their cooperation in every way.
The Junior Red Cross has not been idle as they won five awards, sent two delegates to the training center at Camp Fellowship, Goddard, Kans. Fifty girls and 13 boys completed a home nursing course which was offered for the first time this year.
The Gray Ladies have earned their uniforms and have placed book carts on both floors of the hospital. They plan to be busy with other volunteer work.
Mrs. Earl Plank is teaching a class of golden age citizens in art. Bill Decker, Kenneth Coker and Lloyd Sharp were elected to the advisory group.

DAWN NEWS

Leon Vintons Celebrate 25th Anniversary Sunday

By MRS. CARL WIMBERLEY

Mr. and Mrs. Leon Vinton were honored with a surprise 25th wedding anniversary celebration Sunday by close relatives in the Vinton home in Dawn.
Those attending the celebration were Mr. and Mrs. Emil Husmann and family, Mr. and Mrs. John Litsch, Rudolph Husmann of Nazareth, Mr. and Mrs. John Henderson of Sumnerfield, Mrs. Hall, Miss Edna Mathes, Mr. and Mrs. Herman Hollenstein and family, Miss Mary Ann Durbin, Mr. and Mrs. Robert Morgan, Mr. and Mrs. Bobby Vinton and daughter Carol of Hereford, Anton Thier of Spokane, Wash. and Donald Vinton.

Mr. and Mrs. R. T. Stewart are the parents of a baby girl born Saturday morning in the Neblitt Hospital in Canyon. The baby has been named Betty Carol.

R. L. Johnson, Miss Jean Johnson of Plainview and their father, J. A. Johnson of Muleshoe went to Wheeler Sunday to attend a reunion of the Johnson relatives.

Mrs. Edgar Lemons and children made a trip to Earth Friday to visit her mother, Mrs. J. J. Barlow. Mrs. Lemons' niece and nephew, Alicia and Donnie Galloway of Earth, came home with her for an extended visit.

Bruce Wimberley has been named on the Dean's Honor Roll for the spring semester at West Texas State College Students for 1959-60. He received this honor in mathematics.

He left Friday for Fort Hood where he will receive six weeks training. Charles Dixon of Wichita Falls is staying with Mrs. Wimberley, who is his sister.

Audni Miller visited Wednesday night with Sandra Vaught in Hereford.

Mr. and Mrs. Tony Benson and children of Lubbock visited from Monday until Wednesday in the home of Mr. and Mrs. Alfred Smith.

Mr. and Mrs. A. T. Frye moved the latter part of last week to their new home in Hereford.

Mr. and Mrs. Steve Bavousett and daughter Carol of Friona

moved into the Frye home in Dawn. Mrs. Bavousett is the daughter of Mr. and Mrs. Frye and grew up in the Dawn community.

She has taught several years in Friona school. Bavousett has been operating a fertilizer business there. He will be associated in the farm and ranching business in Dawn with Frye.

Mr. and Mrs. Paul Frye and family of Amarillo visited E. M. McDill Friday evening.

Mrs. Martha Sullivan, Harry Sullivan and Mrs. J. J. Durham of Hereford visited Wednesday in the home of Mr. and Mrs. H. H. Miller.

Commencement exercises for vacation Bible school in the Dawn Baptist Church were held Sunday evening. The program was delayed two weeks because of weather.

Workers in the school were Mrs. Reece Stewart, Mrs. Walter Lemons, Mrs. Barbara Smith and Mrs. Jack Ward Jr. in the nursery department; Mrs. Charles Davenport, Mrs. Tony Burrus and Dorothy Stewart, beginning department; Mrs. Edgar Lemons and Dorothy in the primary group.

Junior workers were Mrs. C. C. Stewart and Mrs. W. H. Gentry. Mrs. William Wimberley and the Rev. Charles Davenport directed the intermediate group.

Mrs. Wimberley was principal of the school. Mrs. Carl Wimberley was pianist for the

school and helped with the music in all groups except the nursery.

Those who served refreshments were Mrs. R. L. Johnson, Mrs. Leonard Schmidt, Mrs. Rea Cox, Mrs. H. S. Fuller, Mrs. Ray Polan, Mrs. W. T. Beavers, Mrs. Ted Richardson, Mrs. Melvin May, Mrs. Clois Kemp, Mrs. N. R. Miller, Mrs. H. H. Miller and Mrs. R. T. Stewart.

Sixty-nine persons were enrolled in the Bible school with an average attendance of 62. Mr. and Mrs. C. E. Watts of Hereford, Mrs. Washington and Mrs. Kiker of Umbarger were visitors at the vacation Bible school program.

Dorothy Stewart is working at an elevator in Wayside during harvest. She is staying in the home of Mr. and Mrs. Harry Hamblen.

Charles Waller of Memphis is working for Walter Lemons during harvest. He is Mrs. Lemons' nephew.

Ann and Bobby Gentry came home by train Friday from Dallas where they have been visiting. It was Bobby's first train ride.

Ann and Bobby spent one week with Mr. and Mrs. R. A. Lechner at Greenville. In Dallas Ann visited Mrs. Mary Poston and Bobby visited Mr. and Mrs. R. L. Williams.

The young people attended vacation Bible schools at the Park Street Baptist Church in Greenville and Prairie Creek Baptist Church in Dallas. They attended the Dawn Bible school before going downstate.

Tommy Betzen, Robert Galley and Jon David Miller attended a 4-H tractor school last Monday in Hereford. Carl Kropff is conducting the course which will include several sessions.

Dawn boys met Saturday morning at Dawn to play baseball. The Rev. Charles Davenport is meeting with the group. They plan to meet at 9 a. m. each Saturday for two hours practice. Reverend Davenport reports that the group hopes to play several games this summer with independ-

ent teams in Hereford. Boys present for the workout

Saturday were Louis Schenk, Rahdy Tooley, Buddie Stewart, Robert Galley, Tommy Betzen, Glenn Polan, Jon David Miller, Gary Richardson and Ted Richardson Jr.
Temperatures soared above "century" mark Monday afternoon. Wheat is drying out rapidly and all farmers are expected to be combining by the last of the week.

Jody Miller of Ogeesa came two weeks ago to work for Hershel Miller Jr. this summer. He

is 15 years old. His parents, Mr. and Mrs. Jed Miller, and other children, Jennifer, Bonnie and Douglas, visited Sunday with Mr. and Mrs. Hershel Miller and family.
Audni Miller is attending the Play School being sponsored this week at Hereford High School by the homemaking department.

Iva Jean Hill of Canyon is staying this week in the H. H. Miller home and attending the school with Audni.

Clean car...
healthy body

No self-respecting car washer would touch your car for less than \$1.50... and more if it happens to have white sidewalls. But even at \$1.50, it costs better than a hundred a year to keep it clean and shiny. And a hundred a year is far more than you pay your doctor... almost three times what you spend for medicines.

Indians Rally To Knock Off Red Sox 15-10 In Pony Game

Indians came from behind midway through Tuesday night's Pony League game to drop the Red Sox 15-10. Heavy-hitting Indian pitchers Ronnie Duncan and Gayland Otis sparked the win with three home runs. Duncan hit two of them.

In the first, the Indians raced to a three run lead. Duncan got on by error, Gary Stagner beat out his sacrifice that advanced Duncan. Lynn Warren singled, stole second and came in on Wayne Edwards' single.

The Red Sox closed the gap in the last of the first with two runs. Barry Gabbert started with a double but was erased. Jack Andrews walked and Robert Strange was hit by the pitcher. Walks given to Steve Coneway, Eddie Thompson and Jerry McCaslin pushed in the runners.

Gary Stagner scored for the Indians in the second after walking ahead of singles by Gary Royal and Otis.

The Tribe made it 6-2 in the third stanza with two unearned

runs. Edwards and Larry Minks walked and David Kendall beat out the sacrifice. Then Duncan and Royal walked to force in the runs.

Joe Childers scored a single run for the Reds in the bottom of the third. He got on by fielder's choice went to second on Thompson's walk and came in on a single by Jerry McCaslin.

The Indians were shut out in the fourth and the Red Sox staged a four run rally in the last of the inning to go in front 7-6. Johnny Northcutt walked and Gabbert got on by error. With one out Strange doubled and Coneway walked. That was all for Ronnie Duncan on the hill. He was relieved by Gayland Otis who struck out the next two men to end the inning.

Losing no time, the Indians hopped back in the lead 10-7 with four runs in the fifth inning. John Kovacs walked and Duncan homered. Stagner walked. Otis got on by error. Lynn Warren singled and Billy Hill and David Stevens walked be-

fore the side was retired.

The Indians racked up five more runs in the sixth. Duncan hit his second homer to start things off. With two out, Otis homered. Then Warren singled. Hill and Edwards walked and Stevens singled in two runs.

Trying to get back in the game, the Reds tallied one run in the sixth as Gabbert singled and Steve Coneway drove him in with a single. In the seventh, they added another pair of runs. Thompson got on by catcher's interference. With a pair out, Danny Loerwald was safe on an error, Gabbert walked and Andrews and Strange singled.

Otis was the winning pitcher. He relieved Duncan in the fourth inning. Duncan gave up seven runs on three hits while walking eight. He struck out six and hit one batter. Otis gave up three runs on four hits, walked two, and struck out six.

Northcutt was the losing pitcher of record. He was the starter. Northcutt pitched 2 and one-third innings, giving up six runs

on four hits. He struck out two, hit one batter and walked six.

Loerwald pitched three and a third innings. He was charged with nine runs on six hits. He walked six and struck out two. Strange worked the last one and one-third innings. He was tagged for no runs, 1 hit, walked one and struck out three.

Democrats In State Start A Fresh Page In History

By VERN SANFORD

AUSTIN — Texas Democrats are starting a fresh page in their history. The era when the party could be split on the basis of who voted for Eisenhower in 1952 is ended.

Only thing which could revive that long - cherished bone of contention would be for the Party to nominate a ticket so distasteful to Texans that the state would again go Republican.

At the state convention Democrats of widely varying views united behind the Lyndon Johnson banner to bury the extreme loyalists of the DOTC in the most overwhelmingly lopsided vote in party history.

Even seasoned political reporters were caught off balance by the 2,252 - to - 40 vote by which the DOT proposal was defeated. They used such unaccustomed adjectives as "astounding" to describe the victory.

State Executive Committee proposed a loyalty pledge binding on state party officials, delegates to Los Angeles and presidential electors.

DOT insisted that in addition, a loyalty pledge should be circulated among the county delegations and that no one should be allowed to stay in the state convention hall unless he signed it.

DOT did everything possible to fan the issue. Blurred, hastily printed flyers headed "Who Says Party Loyalty Is a False Issue?" were scattered outside the convention hall. Flyers showed a picture of Gov. Price Daniel introducing Eisenhower at 1952 campaign rally and reproduced a copy of the ballot by which a majority of Texans split their tickets in '52 and '56 by voting Democratic on the state level and Republican on the national level.

Alex Dickey of Denton, one of the DOT spokesmen given equal time to debate the issue before the delegates, proclaimed heatedly that "party loyalty is the issue before this convention."

But his weapon had lost its edge. After the vote, Governor Daniel declared that any group that tries to send a rival delegation to Los Angeles on the basis of 40 votes out of 2,292 "must be out of their minds."

Even drooping DOTers agreed, Dickey refused to bolt, told sympathizers waiting outside they had been beaten fairly.

Reporters, who had tried to beat deadlines by writing "hold for release" stories describing the expected "rump" convention, hastily filed mandatory kill orders.

Events at the State Democratic convention, though it was frequently referred to as the most united, most harmonious in history, demonstrated clearly that it is, as it always has been, only as united as strong personal leadership can keep it.

By its very make - up the Texas Democratic Party is like six tomatoes in a tow sack. Gulf between the very conservative delegation sent to Austin by Harris County and the very liberal delegation from Bexar County is greater than the gulf between Republican and Democrat in many parts of the country.

Convention keynoter, Rep. Jim Wright of Fort Worth, took note of this. "Out of our disorganization, our diversity . . . and even our disagreements," said Wright, "comes our strength. We are the party of no one because we are the party of everyone."

Test of this came after Senator Johnson made his triumphal entry to the accompaniment of marching placard - carriers, music and cheers. When the tumult ended and Johnson began to speak, the Harris County delegation, which had voted not to support Johnson, boomed at the end of each statement. It was an awkward moment.

Senator Johnson, who was discussing his experiences in the U. S. Senate in working with men of such contrary views as Senator Byrd of Virginia and Senator Morse of Oregon, departed from the text of his speech.

Despite their differences, said Johnson, these senators "always behave in a courteous and gentlemanly manner."

Harris County was heard from no more, and Texas Democrats proceeded with, for Texas, first class harmony.

Mrs. H. H. Weinert of Seguin will return next month to the post as national Democratic committeewoman from Texas. Mrs. Weinert was national

committeewoman for eight years and was replaced by Mrs. R. D. Randolph of Houston in 1956.

Mrs. Weinert will be officially elected at the national convention beginning July 11 in Los Angeles. But for all practical purposes, Mrs. Randolph already is deposed.

By resolution, the state convention took away from her all authority and privilege she might have between now and retiring. It was retaliation for the war which Mrs. Randolph, as head of the DOT, has waged on Senator Johnson, Governor Daniel, National Committeeman Byron Skelton and almost all other party officials for four years.

As national committeewoman, Mrs. Randolph is entitled to be a delegate to the national convention and cast one - half delegate vote. Convention declared she must be bound by the unit rule and vote with the rest of the delegation. In short, "all the way with LBJ." Also, the convention asked that she have no control over credentials and tickets to the national convention.

Texas Republican leaders are saying, in effect, that they won't fight among themselves but will save their strength to fight Democrats in the general election next fall.

Texas' GOP traditionally has been very harmonious, except in 1952 when newcomers supporting Eisenhower wrested control from the Old Guard.

Texas' delegation to the GOP-Chicago convention are pledged to support Vice President Nixon for president; Sen. Barry Goldwater of Arizona for vice president. Early talk of supporting Senator Goldwater or New York Gov. Nelson Rockefeller for president ended short of a floor battle.

Most Republican energy at their state convention was used to lure Independent and Conservative Democrats to their fold by criticizing Democrats as the party of "give - away - programs" and "federal intervention."

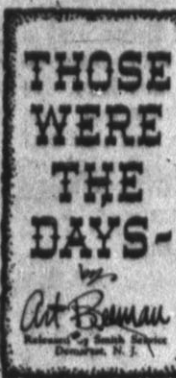

Preliminary 1960 census figures show Texas, with a population of 9,493,859, ranking sixth among the 50 states -- behind New York, California, Illinois, Pennsylvania and Ohio.

Houston apparently will be moved up from 14th largest to sixth largest city in the nation, following New York, Chicago, Philadelphia, Los Angeles and Detroit.

Governor Daniel and the State Water Board have approved plans to enlarge a proposed salt-water barrier and reservoir on the Trinity River near Wallisville to four feet, instead of two feet, above water level.

Applications to build the new Trinity reservoirs were granted last spring after one of the longest, most heated hearings ever held before the Water Board.

WALCOTT NEWS

Welcome Rain Falls Sunday

By MRS. T. L. COLLINS

A brief but welcome shower of rain fell in Walcott late Sunday afternoon to cool and refresh the atmosphere. The temperatures rose Saturday, Sunday and Monday.

Farmers in the community are busy harvesting wheat and barley and seem to be thankful for the good yield and high quality of the grain.

Travis Shields and Elvis Cross were married Sunday afternoon, June 19, at 3 p. m. in the Broadview, N.M. Church of Christ. Many friends and relatives were present for the wedding and the reception which followed. His parents, Mr. and Mrs. Bob Shields, were also present. The newlyweds left soon after the wedding for Carlsbad, N. M.

Mr. and Mrs. Miller and Mr. and Mrs. Parker from Fargo, Okla. came to buy bulls from the Dameron Ranch on Sunday, June 12. They visited with the Bob Shields while in the Walcott community.

Mr. and Mrs. Joe Radar and Mr. and Mrs. Marvin Payne, Darla and Larry of Hereford drove to Littlefield on Sunday afternoon to be with her mother, Mrs. J. M. Thomas, who had her 81st birthday on Saturday, June 18.

Other members of the family were present at the home of Mr. and Mrs. Ernie Gertz, Donna and Buzz, Mr. and Mrs. Grover Durham, Mrs. M. C. Davis, Pat and Margaret. Birthday cake and punch were served to the group.

The Raders and Paynes attended evening church services at Spade before returning home. Mr. and Mrs. Jim Adkins made a business trip Sunday to the Happy and Tulla area.

Mr. and Mrs. Thomas L. Collins ate Father's Day dinner in the home of Mr. and Mrs. T. D. Alston at Westway. Alston had just completed barley harvest and reported that yields were good.

Cherry, Jenny Holt Attend TCU Workshop

Two Hereford students, Cherry and Jenny Holt, are attending the annual High School Summer Workshop sponsored by the School of Fine Arts at Texas Christian University in Fort Worth.

The sisters, enrolled in twirling classes, are the daughters of Mr. and Mrs. Earl Holt. Nearly 300 high school students from Texas, New Mexico and Mississippi are attending the workshop.

The program is conducted each year to encourage high school musicians and speech students to continue participation in these areas during the summer.

Classes are scheduled in band, orchestra, ballet, speech and theatre June 12-24. Two workshops are being conducted in twirling and drum majoring - June 12-24 and July 15-19.

1 000,000 SOUND WAVES PER SECOND

We use the McKenna Ultrasonic watch cleaner. One million vibrations of sound per second removes even microscopic particles of dirt and old oil actually from within the wind holes and crevices of the watch.

Let us show you this new Ultrasonic watch cleaner and explain its operation.

Kenneth (Doc) Cowan Hereford's Sick Watch Hospital Phone EM 4-3821 COWAN JEWELRY

Mr. and Mrs. Cecil Morrison, Mike and Danny gave a surprise birthday party for his mother, Mrs. Bob Shields, on Wednesday night. Her birthday was on Friday. Homemade ice cream and cake were served to those present: Travis Shields and Elvis Cross, Mr. and Mrs. Cliff Johnson, Spike and Wes Crumes, Mr. and Mrs. Porter Johnson from Black.

Mrs. Jack Weaver and Janell left Sunday afternoon for Abilene where Janell took entrance examinations for Hendrick Memorial Hospital. She plans to start nursing training this fall. They returned home on Tuesday.

Charlene, Mary Ruth and Joe Don Weaver stayed with Mr. and Mrs. Charlie Burk and Mrs. Florence Miles during their mother's absence.

Mr. and Mrs. Phillip Miller had Sunday dinner guests in their home. They were Mr. and Mrs. Joe Hamilton, Paul, Joellen and John David of Hereford, Miss Dixie Coffman and Miss Wiletta Neilsen, both of Dallas, Miss Coffman and Mrs. Hamilton were roommates while in College at TWU in Denton.

Mr. and Mrs. Thomas L. Collins left Thursday morning for the Austin area. They were accompanied by Miss Sue Mueck of Lockhart, now working at the Hereford Brand.

They drove to Corpus Christi to visit their son and wife, Mr. and Mrs. Raymond L. Collins. On Sunday, June 26, through 29, Collins plan to attend the third annual Institute on Alcohol Studies, held in the Kinsolving Dormitory on the campus of Texas University in Austin.

On the program are speakers John Park Lee, executive secretary, board of National Presbyterian Health and Welfare Association, New York

City, N. Y.; Carl Anderson, Ph. D., Alcoholism Program Services, National Institute on Mental Health, Bethesda, Md.; C. Stanley Clifton, director school of social work, University of Oklahoma, Norman, Okla.; George Moon, Texas company, Port Arthur; Earl M. Marsh, M. D., San Francisco, Calif.; Jessie Helen Haag, Ed. D., associate professor of Health and Physical Education, University

of Texas, Austin; Francis Robertson, executive director of Houston Council on Alcoholism. Workshops for ministers, social workers, educators and families will also be held. Mr. and Mrs. Phillip Miller made a business trip to Amarillo on Monday. Mrs. J. A. Adkins took three baby skunks to the veterinarian on Wednesday morning. She also visited Mrs. J. L. Horton in Hereford.

HEREFORD COUNTRY CLUB started taking shape this month as work continues at a rapid pace. Rafter and interior framework give a hint of how the construction will look upon completion. (Staff Photo)

Lyle Blanton To Attend Convention

Lyle Blanton, of the Blanton Butane Company in Hereford, revealed his plans to attend the Texas Butane Dealers Association's 15th annual convention and Southwestern LP - Gas Market in Dallas June 29, 30 and July 1.

Blanton will be accompanied to Dallas by his wife. During his absence, Darrell Blanton will be in charge of activities of the

Blanton Butane, Inc. The convention and market which are sponsored each year by the Association will be held simultaneously and will use the facilities of both the Adolphus and Baker hotels. More than 600 dealers from all-over the Southwest are expected to attend. The combination event is the largest meeting of the LP - Gas Industry in state and regional levels in the nation.

Former Texas Governor Alan Shivers will keynote the meeting as it gets underway Wednesday, June 29. During the following three days dealers will have the opportunity to hear from the nation's experts on trends and new developments affecting their industry, as well as to see the latest in LP - Gas merchandise displayed by suppliers from all over the United States at the Southwestern LP - Gas Market.

Dr. Thomas Longacker, director of the High Plains Research Foundation, will appear on the convention program to make a report to the Texas LP - Gas Industry on his last year's experiments in flame cultivation. It is a new method being developed to control the farmer's biggest enemy - weeds - through the application of heat produced by a propane flame. Dealers will also have the opportunity to hear Texas A&M Economist, Robert Cherry, tell of population trends and the effects of these trends on their business.

"With a family of three, I shop for a family of twelve!"

says Mrs. Harlan F. Gibbs, OF ROSWELL, NEW MEXICO

"Cheaper by the dozen," says Mrs. Gibbs. To explain her statement, she continues, "By buying in large quantities, I am able to save considerably on our food budget. In addition to dollar savings, I practically have a super market in my freezer, open 24 hours a day. And that means wholesome and delicious food because we have garden-fresh fruits and vegetables all year 'round."

WATCH and WIN!

Be sure to get your demonstration of an electric home freezer, electric dishwasher, electric range or electric clothes dryer (or, all four) at your Reddy Kilowatt dealer and then register for each demonstration. You may win one of the major appliances to be given away.

SEE YOUR PARTICIPATING REDDY KILOWATT ELECTRIC APPLIANCE DEALER

Mrs. Gibbs is a four-appliance owner and so, finds time that she can devote to her family. Reddy can help you save time in the same way, working dependably 24 hours a day to freeze your food, wash your dishes, cook your meals and dry your clothes. Give him the chance, he'll not let you down.

Dodgers Break Tie And Win Over Giants, 8-1

Breaking loose from a 1-1 tie in the first inning, the Dodgers scored in the last three innings to whip the Giants 8-1 Tuesday night in Little League competition.

Dodger Bill Watts scored in the top of the first after a single and two stolen bases.

Andy Channer evened it up in the last of the first for the Giants. He walked and stole second, coming home on Gene Drummond's single.

The Dodgers were closed out during the next two innings. The Giants got a hit in each of the innings but were unable to score.

In the fourth, the Dodgers went in front 3-1, as they racked up two runs on three hits. Doug Watson, Gary Story and Greg Johnson singled in succession and Brad Johnson pushed in the second run on a sacrifice fly.

Watts scored again in the fifth on a double, an error and a passed ball.

The Dodgers finished off the victory with four more runs in the sixth stanza. Greg Johnson started with a double. Jim Marcum added another two-bagger. Roger Owen singled. Watts was safe on an error and John Gilbert singled.

The Giants failed to get a hit

in the last three innings. Gary Story got credit for the victory, allowing just one run and four hits. He walked five and struck out five.

Starter Gene Drummond was notched for the loss. He worked

the first four innings. He gave up three runs on four hits, while walking none and striking out two.

Channer pitched the fifth inning. He allowed one run and one hit, struck out one and walked one. Alex Guerrero finished up for the Giants in the sixth. He allowed four runs on four hits, struck out none and walked none.

Willing Workers 4-H Entertains Progressive HD

The Progressive Home Demonstration Club met Tuesday in the community room of the First National Bank. The Willing Workers 4-H Club provided entertainment for the HD Club.

Mrs. P. L. Carmichael presided over the ladies' meeting and Caroline Brumley presided over the girls' meeting. Mrs. E. C. Hammett was program chairman.

Mrs. Harold Beauchamp gave the demonstration on making cabbage slaw and Mrs. Lester English demonstrated Crunchy Tuna Fish Salad. Mrs. P. L. Carmichael gave a demonstration on Flaming Half Pears.

A dressing for fruit salad was pointed out during the meeting. It is as follows: one-half teaspoon salt, one teaspoon sugar, dash pepper, dash paprika, one-fifth cup salad oil, 2 tablespoons vinegar, two tablespoons honey, two tablespoons lemon juice, one-fourth grated lemon rind.

Recreation was conducted by Mrs. Alvis Jolly and LuAnne Higgins. Games played were "Packing A Suitcase for a Trip," "Ring Toothpick Relay" and "20 Questions."

The straw bag demonstration was postponed until later. The date of the club's picnic will also be announced in the future.

The next meeting will be Sept. 6 with Mrs. Tom DeShazo. Girls from the 4-H club present were Linda Brooks, LuAnne Higgins, Janis Higgins, Caroline Brumley, Margaret Brogdon, Randy Hopson, Nancy Smith, Cynthia Ann Knox, Toni Beauchamp, Donna Rea Nivens, Connie Bryant, Cynthia Hanna and Joette Hanna.

HD club members present were Mesdames Darrell Thomson, Fred Autry, Floyd McGee, Earl Plank, P. L. Carmichael, Lester English, H. L. Hershey, Harold Beauchamp and Alvis Jolly.

Visitors present were Mrs. Grant Hanna and Mrs. Homer Brumley.

St. Anthony's Guild Meets

St. Anthony's Guild met in the home of Mrs. William Betzen Thursday at 2 p. m. Assisting Mrs. Betzen as hostess were Mrs. Joe Brorman, Mrs. Joe Paetz and Mrs. C. Drerup.

Mrs. Ed Dziuk Sr. presided over the meeting and members told of a city they would like to visit. It was decided to purchase a flag for St. Anthony's rectory.

Mrs. Gene Loerwald conducted a recipe exchange in which members made a free will offering for each recipe they chose.

Mrs. Mable Wagner won the gift raffle. Refreshments were served to the following: a visitor, Father Hubert and Mesdames Mable Wagner, Frank Annen, Steve Meiwes Sr., Agnes Hellman, Joe Paetzold, Gene Loerwald, Mary Hellman, John Henderson, Ed Jesko, Ed Dziuk, Arhart Reinhart and Ray Wilhelm.

In their first 13 games this season, Milwaukee stole nine bases. In 1959 they had only two steals for the same number of league games.

NEW YORK — The current production of "Tobacco Road" at the off-Broadway Cricket Theater marks the fifth time that New York audiences are seeing productions of Jack Kirland's stage adaptation of the famed Erskine Caldwell novel.

The original, with Henry Hull as Jeeter Lester, opened on Broadway in 1933 and 3,182 performances. In revivals James Barton, nephew, John Barton, succeeded to the role of Jeeter each had long runs. There also a production with an Negro cast in 1950 in which well Lindsay played Jeeter. The current revival has Skedd Miller in the role of Jeeter.
