Re-Elect Click Scout Chairman

At a meeting in the First Methodist Church here Tuesday night, Orpha Click was re-elected district chairman of the Tierra Blanca Boy Scout District. Bill Phillips was elected district committeeman, and Mark Woodall, Hereford, and Dan Ethridge, Friona, district chairman.

QUEEN CANDIDATES of the Hereford High School band this year are, from left: Kay Cole, Cherry Holt and Carole Snead. They were nominated this week by members of the band, with the queen to be announced during halftime ceremonies of the Hereford-Dumas football game at Whiteface Field Friday night.

Around Town

All members to the Deaf Smith County Chamber of Commerce are reminded that ballots for Chamber directors must be postmarked by Friday, Nov. 4, according to manager Bill Thompson.

Second annual Stanton Junior High girls' football game will be held at 7 p. m. Tuesday, Nov. 8, at Whiteface Field. The eighth grade Doggets will be pitted against the ninth grade Freshman Fillies.

It's probably due to faster transportation, but never before have so many political candidates hit Texas so hard and so often in a presidential election year.

Pickens Wins Grid Contest

Buddy Pickens nosed out Jim Bookout for first place in the Hereford Brand's seventh weekly football contest this week on the basis of the second tie-breaker.

350 Youngsters Collect For CROP, Set A New Record

Collecting the largest total for a city this size in the United States during the past two years, Hereford teenagers taking part in the house-to-house Halloween Night drive for donations to Christian Rural Overseas Program topped their previous records when they collected more than \$1,450 for needy children overseas Monday night.

Frost Speeds Grain Harvest But Slows Down Vegetables

Freezing temperatures at night and warm weather in the daytime this week staged an attack on grain sorghum fields in Deaf Smith County. From noon through much of the night, combines are cutting maize in every section of this county.

A low of 27 degrees was recorded in this area Sunday night and Monday morning. Lows recorded Monday and Tuesday nights were 28 and 29 degrees, respectively. Highs this week ranged from 52 to 75 degrees.

From 40 to 50 per cent of the maize in this county has already been harvested, maize growers generally agreed Wednesday. The three hard freezes dried out the grain at a fast pace.

"If the weather stays nice, we will not be worried about wet milo the rest of the harvest period," a grain elevator manager said Wednesday morning.

Another elevator manager said: "In the next week to 10 days, the bulk of the harvest will be finished."

Another elevator manager predicted that in another two weeks "the milo growers will clean their fields up."

About 80 bales of cotton have been ginned in this county. Harvest of the 1960 crop should be in full swing in about 10 days.

Most of the cotton in this area is being harvested by the stripping method. Few fields will be hand-picked.

Harvesting of lettuce slowed this week, a vegetable shed manager said Wednesday.

Boy Scouts Plan Get-Out-the-Vote Drive Saturday

Nearly 400 Cub Scouts, Boy Scouts and Explorers will turn out Saturday for their third national "Get-Out-the-Vote" campaign.

They are members of the Tierra Blanca District, which includes Hereford, Dawn, Adrian, Vega, Black and Willadora.

Residents will be asked to display the reminder on their front windows until Election Day, Nov. 8.

Buddy Hutson of Hereford is in charge of the effort in this district, assisted by Larry Summers and Paul Conway.

The Get-Out-the-Vote campaign is strictly non-partisan in its concept and execution, and all participants must abide by regulations to keep the project removed from the political arena.

As with all national Good Turn projects undertaken by the Boy Scouts, the development of character and good citizenship is the prime motive behind the actual job.

Hutson said that Hereford has been broken down into areas. Cub Scouts, boys from 8 through 10 years of age, will deliver

VOTING REMINDERS will be hung on all front doors in the county Saturday by Cub Scout Jimmy Cooper, 12-year-old son of Mr. and Mrs. Neil Cooper, and Dan Bell Hair, 10-year-old son of Mr. and Mrs. W. R. Hair.

Deadline Friday For Early Votes

Hereford and Deaf Smith County residents who plan to be out of town on the Nov. 8 General Election day have only two days to vote absentee in the County Clerk's office.

Absentee balloting will continue through Friday, Nov. 4, at 5 p. m. Absentee votes will be accepted through mail or at the County Clerk's office.

At 9:30 a. m. Wednesday, 100 absentee votes were recorded in the office. The county record is 108 votes, cast in the primary here last May.

Applications for absentee ballots by mail will be accepted through 5 p. m. Friday, and mail-in ballots will be accepted through noon on Tuesday, Nov. 8.

Count Clerk's office personnel will take absentee ballots to eligible voters confined in the Deaf Smith County Hospital through Friday. Application can be made to the office by phone.

Voters who are confined to their homes by illness and will be unable to go to the polls on Nov. 8 may make application for ballot to be voted at home.

Ballots mailed out by application on final day of absentee voting will be included in the absentee box if returned by mail to the clerk's office, by noon on election day.

On the basis of absentee ballots already filed, a record turnout is expected at the polls Nov. 8.

Local races which will hold

interest to most county voters are for County Clerk and County Tax Assessor-Collector, both with Democratic and G. O. P. candidates. There are no incumbents for either race.

Unopposed Democratic candidates are on the ballot for election to five posts, including County Attorney, County Sheriff, County Judge, and County Commissioners of Precinct One and Three.

Of national interest is the race for United States President and Vice President.

Open Republican Headquarters

Nixon-Lodge campaign headquarters opened in Hereford at 9 a. m. Wednesday, at 219 Main St.

Through General Election day, Nov. 8, the campaign headquarters for the Republican candidates for President and Vice President will be open from 1 p. m. to 6 p. m. daily.

Bumper stickers, campaign buttons and other material will be available at the campaign center, according to Kenneth Rudd, chairman of the Deaf Smith County Republican Party. It was opened by County Nixon-Lodge supporters, and will be manned by volunteer ladies.

County Demos Form Caravan To See Hopefuls

A car caravan will leave Hereford shortly after noon Thursday for Amarillo, where Democratic candidates for President and Vice President will visit.

Sen. John F. Kennedy of Massachusetts, presidential candidate, and Sen. Lyndon B. Johnson of Texas, candidate for the vice presidency of the United States and candidate for re-election as senior senator from Texas, will make a one-hour stop at Amarillo Air Terminal at 3:30 p. m. Thursday.

Hereford and Deaf Smith County residents who would like to make the trip in the car caravan should meet on the courthouse square not later than 12:30 p. m., said Louis Woodford, chairman of the county Democratic organization.

"It will be a free Democrat rally, and everybody is invited," Woodford said.

Kennedy and Johnson will spend about an hour making campaign speeches from a platform to be erected at the air terminal. Kennedy will go to Amarillo from Albuquerque on a leg of a Western trip and Johnson will fly in from upper New York State.

Charge 3 Men On Disturbance

Three Hereford men were arrested Sunday evening after city police officers investigated a disturbance in the 200 block of Lee St.

Charged with disturbance, a misdemeanor, were Trinidad Gomez, 42, who lives a half-mile west of Hereford on Highway 60; Armando Botillo Perez, 26, Route 3; and Jeff H. Gomez, 44, 219 Lee St.

All three were released on \$25 cash bond after arrest. Making the arrests were Hereford Police Chief Henry Aycock and Capt. L. B. Bartlett.

The arrests were made at 7:53 p. m. Sunday in a yard in the 200 block of Lee St.

Speedy Dumas Demons Visit Hereford For Crucial Game

An explosively-fast Dumas Demon football team will come sailing into Whiteface Field on Friday night in a crucial 1-AAA game.

Hereford, filled with new fire after a win over highly-touted Phillips, will be seeking to remain in conference contention. The Whitefaces have a 1-1 record, while Dumas is 0-1 after a late start.

Coach Burl Bartlett has one of the smallest teams Dumas has fielded in many years, and less experience than previously. But the Demons have fashioned a respectable 4-3 record so far this season.

After dropping a pair of games to rugged AAAA foes, the Demons put together a string of four victories before being overhauled by Littlefield last week.

Dumas lost its opener to Palo Duro, 18-6; and was beaten 34-0 by Borger in a rough

start. Canyon fell before the Demons, 42-0; followed by wins over Clovis, 42-6; Perryton, 31-7; and Dalhart, 31-19.

After leading 16-15 at halftime last Friday, the Demons lost to the powerful ground attack launched by Littlefield, as the Wildcats earned a 29-16 decision.

Bartlett has his choice of six outstanding players in the backfield, forming the speediest secondary in the conference this year. But his line is light and relatively inexperienced, with three seniors, two juniors, and

a pair of sophomores on the starting roster.

High-scoring Mike Boxwell, a 180-pound junior leads the Dumas attack from the quarterback spot. When he is unable to pass, he runs hard and well to keep the opposition honest.

Russell, Stark To Coach Clubs In Grid Clash

Two former Hereford High School football coaches will direct Hereford Optimist and Hereford Junior Chamber of Commerce squads in a gridiron clash here Nov. 12.

L. B. "Scat" Russell, former head coach at Hereford High, will coach the Jaycees, and Wayne Stark, former football and basketball coach at Hereford High, will coach the Optimists.

The two organizations are still recruiting players for the game, which will be played at 7:30 p. m. Saturday, Nov. 12, at Whiteface Field.

Proceeds of the game will go toward the Little League, Pony League and Optimist Club's boys work program.

The tackle style game will be played by members and non-members of the two clubs. Players must be 22 years or older, and the game will be played according to high school rules.

Tentative plans are to have the Stanton Junior High School band, under direction of Ben R. Gollehon, play at half-time ceremonies.

Winning team will receive 60 per cent of the game proceeds, and the losing club will receive 40 per cent. The Jaycees will donate their proceeds into the Little League and Pony League allotments of the United Fund, and the Optimists will use their proceeds to carry out their boys work program.

Louis Machuca Scout Executive Louis Machuca Assumes Duties

Louis Machuca this week arrived in Hereford to take over as district Scout Executive.

He will supervise Scouting activities in the Randall and Tierra Blanca Districts. The Randall District includes Randall County, plus Happy, encompasses 266 boys. The Tierra Blanca District takes in Hereford, Adrian, Vega, Black and Friona, with 490 boys registered.

A 28-year-old native of El Paso, he was graduated from Texas Western University at El Paso in June, 1960, with a BA degree in government.

He served in Pacific theatre with the United States Navy for four years, from 1951 through 1955.

Machuca was a Scout for six years, completing his requirements for the Eagle award, highest in Scouting, just before joining the Navy.

UF Plans Final Campaign Effort

Heads of the 1960 Deaf Smith County United Fund laid the groundwork Tuesday night for a "clean sweep" canvass of the area.

With just \$15,190 turned in to date, officials of the UF admit some worry about reaching their goal of \$23,632.50. Their plans for a complete one-day drive were stymied by rain and bad roads.

Campaign chairman Lloyd Pool Wednesday urged all workers to turn in reports on all their calls, whether contributions were received or not. Several areas have not made reports, he said.

After going through a list of contributors, Pool has delegated several persons to make calls to those persons who were missed on the drive in order that no one will be omitted from the drive.

Goal for this year's United Fund is slightly less than last year. United Fund budgets for

activities of eight local organizations. Pool urges everyone to contribute as they would if approached individually by each of the organizations.

"We can't ask these eight organizations to curtail their activities just because they are willing to participate in a United Fund drive. Our budget committee has investigated the request of each group and determined the final allocation." Pool pointed out.

Included in this year's United Fund, with budget allocations, are: Little League and Pee wee league baseball, \$1050; Pony League baseball, \$1050; Hereford Council on Alcoholism, \$400; Salvation Army, \$2600; Boy Scout, \$3780; Red Cross, \$8380; Campfire Girls, \$3002.50; and Youth Employment Service, \$150.

Pool asked that solicitors, and individuals, turn in their pledges and donations to Mark Woodall at the First National Bank as soon as possible.

Homer Wests Feted At Housewarming Saturday

BY MRS. OWEN ANDREWS

Mr. and Mrs. Homer West and Linda were surprised on Saturday night, when a group of friends arrived bringing gifts and refreshments for a housewarming at the newly-purchased home of the Wests. The location is 119 Avenue K, and the Wests moved last week.

The guests were entertained with games of "42." Those who attended were Mr. and Mrs. Weldon Stephan, Rhonda and Jill, Mrs. T. L. Sparkman Jr. and Darlene, Mr. and Mrs. James Dobbs, Mr. and Mrs. Charles Self, Misses Veradelle Andrews, Loreta Fowler and Alma Andrews, Mr. and Mrs. Frank Robbins and children, Mr. and Mrs. D. C. Miller, Mrs. B. H. Baldwin, Mr. and Mrs. Owen Andrews, Mr. and Mrs. George Zetsche, Mr. and Mrs. Clark Dobbs and the hosts.

The Chester Minyen family were honored with a fellowship at the Frio Baptist Church on Wednesday evening after the close of the mid-week prayer service. A bedspread was presented to them from the church, and refreshments were served in the dining room. The Minyens are moving to Pauls Valley, Okla., this week. They have lived in this area several years, but both Mr. and Mrs. Minyen grew up in the Pauls Valley area.

The Frank Robbins home was the scene of two Halloween Parties Friday evening. At 5 p. m. the 4-H girls were entertained with a party. Those attending were Jana Cole, Carlene Richardson, Edlana Vinson, Carol Robbins and two guests, Linda Rickman and Karen Cox.

At 6 p. m. the Junior Sunday School Class had a party. Attending were Edlana Vinson, Darlene Sparkman, Reba Hall, Kita Struve, Bill Cole, J. D. Harder and Stevie Robbins. Refreshments of sandwiches and cookies decorated to suit the occasion, and cocoa were served to the young people.

Carol Robbins attended a Halloween party at the Garrisons on Friday night.

Glenn Gripp was visiting his parents the A. G. Gripps, at Conway, on Thursday, and brought Gail home. She had been visiting her grandparents for several days, having stay-

ed for a longer visit when the Gripps were visiting their parents recently.

Lloyd Shultz and Floyd Cole returned Thursday from a trip in Colorado and so far as Wheatland, Wyo. They hunted deer and were also looking for cattle to buy. They each killed a deer. Also, they visited a friend of Cole, Joe Johnson, at Wheatland. The two were high school friends at Duncan High, Okla.

Mr. and Mrs. Frank Robbins and children were visiting her parents, the F. Y. Moremans, east of Hereford Sunday.

Mrs. R. V. McMahon and her sister, a Mrs. Borden, both of Dimmitt, visited Mrs. H. M. Mobley Tuesday.

Mr. and Mrs. Olin Parris ate Sunday dinner with the Bob Doughmans. In the afternoon they and Mr. and Mrs. David Yandell and Mr. and Mrs. T. L. Sparkman visited Mr. and Mrs. G. W. Parker, the occasion being the celebration of Mrs. Parkers' birthday.

Mrs. H. M. Mobley visited Mrs. Don Adams Sunday afternoon.

Shopping in Amarillo Saturday were Mrs. H. M. Mobley, Mrs. D. C. Miller, Mrs. Floyd Cole, Jana Beverley and Cheryl. The group also visited the "Elsie Show," at Borden. Mr. and Mrs. Clark Andrews took their children to see the Borden show on Saturday evening.

Mrs. Arthur Betts entertained a group of the Girls Auxiliary at her home with a slumber party on Saturday night. They visited several people in Hereford, and attended the midnight movie. Those attending the occasion were Carol Robbins, Jana Cole, Ramona Hall, Judy Glenn, Edlana Vinson, Vickie Axe and Nancy Axe.

Mr. and Mrs. Arthur Betts and Jimmy ate dinner Sunday at the home of Mrs. Betts' grandparents, Mr. and Mrs. J. J. Culp, in Hereford. Mr. and Mrs. A. L. Logan of Roswell, parents of Mrs. Betts, were spending the week end in Hereford, and also ate Sunday dinner at the Culp home.

The Primary Sunday School class was entertained with a Halloween party in the dining room at the Frio Baptist Church on Friday evening. Mrs. Leo Hall, Mrs. Don Adams, Mrs. Bob Doughman and Mrs. Steve Glenn were hostesses. Games followed by refreshments provided the evenings' entertainment.

Children attending were Marvin Smith, Barry Muller and Dana and Kim Glenn, Raymond and Eugene Warrick, Ronnie Hall, Kathy Doughman, Kathy and Billy Panther, Andrea Axe, Cheryl Cole, Jeanie Robbins, Diana and Kenneth Adams, Sammie Vinson and two children who were visiting the Glens.

Mrs. Bill Struve and Kerry went to Amherst Sunday to visit Mrs. Struve's mother, a Mrs. Whitford, who was ill in the hospital. Mrs. Whitford lives at Earth.

The Beginner Sunday School Class was entertained with a party on Monday night. They visited several homes for treats and then went to the home of Mr. and Mrs. Clark Andrews for the remainder of the party. T. L. Sparkman Jr. returned

home Monday night from a trip to Austin to attend a meeting in the interest of the Water Conservation Program of Texas.

Visiting the Eldon Stephens Monday night were Mr. and Mrs. Robert Dobbins and Carl Sue, Mrs. T. L. Sparkman Jr., Miss Alma Andrews and Mr. and Mrs. D. C. Miller. They played "42" during the evening.

Frio Home Makers Club met Tuesday, Oct. 25, in the home of Mrs. Harlan Barber. The program featured "Pie Making in Quantity," a demonstration by Mrs. T. L. Sparkman Jr. She gave recipes for making 17 pie crusts and gave tips for preparing the pies for freezing, after baking slightly. She made a pineapple pie for her demonstration.

Members present were Mesdames Carlton Dobbins, E. F. Vogler, Henry Dobbs, Owen Andrews, Edgar Winson, Glenn Andrews, James Dobbs, Weldon Stephan, Glenn Gripp, Clark Robbins, Earnest Harder, Annie Soringer, T. L. Sparkman Jr. Miss Alma Andrews and the hostess.

VISITS SISTER
Mrs. O. R. Roberts and family of Littlefield were Sunday visitors in the home of her sister, Mrs. R. D. Lance and family. They were joined by another sister, Mrs. Mable Timmons.

ATTEND CONVENTION
Mrs. J. D. Greeson and Mrs. Sully Gleaton are in Dallas this week, where they are attending a convention of the Eastern Star.

We join others in congratulating Eddie Skypala and Edwin Thomas for their selection as players of the week by Lubbock and Amarillo papers. It's a shame, however, that the entire Hereford team couldn't have received the honors. They all deserved it.

On Thursday night, Nov. 3, the Hereford freshmen and B team will play at Dumas.

Again may we point out that Hereford will face a real dangerous team Friday night at Whiteface Field when the speedy Dumas Demons come to town. Dumas has a good record and tremendous speed. If the Demon defense can hold, Hereford will have a battle on its hands all night. Game time is 3 p. m. Better get your tickets early.

We managed to attend the second meeting of the Wildorado Sugar Beet Growers Association Tuesday night. morning. By next week, practically all the lettuce will be cut from the fields, he said. Harvest of cabbage will continue until "real low temperatures" hit the county, another shed manager said. Cabbage, he said, is frost-resistant. Carrots are still being processed in local sheds at a steady pace. Harvesting of carrots will continue into next month. Moisture content of grain sorghum has dropped to an average of between 13 and 14 percent.

One elevator manager said some truckloads this week showed sorghum has reached a low of 10 percent and a high of 15 percent. Grain sorghum going over the scales this week has had an average test weight of about 56 pounds. Test weight is slightly low this year due to excessive rainfall.

An elevator manager said before recent rains, hybrid grain sorghum ranged from 57 to 61 pounds. Last week maize was harvested at a relatively slow pace as sun dried out muddy fields. This week harvest is being carried out after dark in many fields.

Lettuce this year was damaged badly by hail in many areas of the county. One shed operator estimated about 40 percent of the 1960 crop was ruined by wind-driven hailstones.

A gin operator Wednesday predicted about 9,000 bales of cotton would be ginned in Deaf Smith County from now until Dec. 10. About 9,000 acres were planted this year, and about a bale per acre yield is expected. Cotton harvest is quite late this year due to heavy rainfall. Quality may be under last year because of heavy rains, a ginner pointed out.

And the Dumas power attack is fashioned around junior fullback Dale Vick, 172. Vick was a starter last year.

But it is at halfback that Bartlett really breaks into a grin. He has four of the fastest backs in the conference and has gone along with a pre-season statement that his hardest job in the backfield would be picking the two starting halfbacks.

Although Charles Dean, 152, and Gale French, 145, are seniors, they have been pushed for honors by Teddy Pistole, a 170-pound senior, and hard-running Ray Casas, 160-pound junior.

On the line, starters probably will include: Tommy Boulware, senior, center, 145; David Baldwin, tackle, senior, 156; Mike Milligan, senior, end, 165; Pete Carter, junior, guard, 160; Charles Stewart, junior, tackle, 165; Kurt Pieratt, sophomore, guard, 198; and Kelly Baker, sophomore, end, 178.

The Demons operate primarily from the straight T formation with Boxwell using his option to keep, pass or run quite often. Boxwell also uses quick pitch-outs to spring his mercury-heeled halfbacks around end. And Vick's charges in to the line are designed to pull in the defense and gain short yardage.

Bartlett substitutes sparingly on defense, mostly sending in line-backers and defensive backs.

Dean, who sped to a 9.8 timing in the 100-yard dash when in the eighth grade, is one of the best sprinters in the dis-

trict and has been proving it for two years in conference track competition.

Cocher Bobby Williams probably will have his team at full strength for Friday night's game. All the players injured earlier in the season are back in action except reserve quarterback Walker Parris. Parris is to have an operation on his neck soon. Jerry Clark, senior guard and fullback, is working out again

after receiving a knee injury and possibly will play Friday night. No injuries were reported following Friday's game. With Levelland standing 1-0 in the district, the Lobos' tilt with Phillips in Levelland Friday may determine the district champion. Phillips, Hereford and Littlefield are 1-1, while Dumas is 0-1.

Hereford could share in the district title only if Levelland is beaten once and the Herd

wins its next two. In the event Hereford, Levelland and Phillips end up with identical 3-1 records, the district representative would be decided by a coin flip.

If Levelland and Hereford should tie for the title, Levelland would go into bi-district play by virtue of its 14-6 victory over Hereford. If Hereford and Phillips should tie for the title, Hereford would go into post-season play.

MR. FARMER:

Do you realize that Mr. Kennedy's Farm Program would do this to you!

Hog farmers would have to cut their marketings by about 25%. Cattle farmers would have to cut theirs by about 15%. Each farmer would have to get a marketing quota based on his past history of marketings and it would be illegal for him to sell any hogs or cattle when he had no marketing certificate to cover the quantity involved.

Henry A. Wallace, who served as Secretary of Agriculture and later as Vice President in the Roosevelt Administration, says that the farm program proposed by Senator Kennedy would impose stricter controls than they have in most Communist countries.

Dyalthia Benson Speaker At Meet

BY ARGEN DRAPER

The State Conference for Extension Agents last week was one of the best that we've ever attended. The Federal Extension Service has made a survey and the report from this survey showed work areas that Extension need to be concerned about. The Agents were divided into groups that had workshop type programs. The Agent made recommendations for Extension policies that would carry out better programs for groups.

The Federal Administration of Extension Service said that there would be more Committee meetings in the future than in

the present. Deaf Smith County has gotten very favorable news coverage on the County Program Building Committee. The Agents heard comments about the Family Economics Committee and the Hereford Tour.

Mrs. Dyalthia Benson, chairman of the Family Economics Committee, made a big hit at the state meeting of the Texas Home Demonstration Association. The Home Demonstration Agents who attended and the Specialists who attended, commented on Mrs. Benson's speech. They thought the subject, Family Finance and Family Relations, is exactly what folks need in managing family finances. Also said the talk was well-organized and well-delivered. Of course, homefolks have appreciated Dy's enthusiasm for a long time. Consumer Credit was mentioned in three of the talks at the Conference. One of the speakers said there are fifteen million credit cards in the United States. I still think most of us would rather have some folding money. Over the United States as a whole, about six families out of ten are making installment payments on debts created in order to buy consumer goods or services. Mrs. Earl Plank is serving on the Recreation Committee.

for the Texas Home Demonstration Association. She helped with the workshop at the state meeting. Miss Lucille Moore, Extension Recreation Specialist, told me that Mrs. Plank had the most original ideas and was so clever in presenting materials and ideas. She commented that Deaf Smith County is fortunate to have Mrs. Plank for a leader. Mrs. Plank, you know, is active in 4-H and is the new chairman of the Deaf Smith County Program Building Committee.

list flexible enough so that you can take advantage of food bargains.

Farmers have produced another record harvest, filling Texas food stores with a bounty of good things to eat.

Turkeys and cranberries will be particularly abundant.

These festive items, traditional for Thanksgiving Day dinners, head the November list of plentiful foods, as determined by the U. S. Department of Agriculture.

Also available in heavy supply throughout the month will be onions, cabbage, dates, pork, beef, potatoes, sweet potatoes, and vegetable fats and oils.

These items have been given

ATTEND CONVENTION

Mrs. Larry Summers, Mrs. Bill Kendall, Mrs. John Schneider and Mrs. Bob Brotherton of Canyon attended the Beta Sigma Phi Area Convention in Pampa Sunday. The local organization entered the yearbook and scrapbook competition and won first place on their scrapbook competition and won first place on their scrapbook entry.

This year's turkey crop is estimated at 82.3 million birds, a new record. Heavy-breed birds are especially abundant. Texas \$15 million turkey industry. New-crop cranberries also are from a record-large harvest.

Both beef and pork are on the November list to provide meat variety for hearty meals. Total meat production has been running considerable higher than a year ago.

Around three hundred delegates attended the convention, which was held at the Coronado Inn in Pampa.

The Rev. Gene Moore will be in a series of revival meetings at Snyder this week at Trinity Methodist Church.

Mrs. Ethel Crouch, cousin of Mrs. Jeanette Vanderwork, visited her from Thursday to Monday from Colorado Springs, Colo. The Rev. and Mrs. J. R. Manning attended the Baptist General Convention of Texas at Lubbock from Oct. 31 through Nov. 2. Rory is in White Deer with his grandparents.

The new home economics department is having a formal open house Tuesday from 2 to 5 p. m.

Ackworth, Iowa, is the home of Mr. and Mrs. Abel Moffitt who visited cousins in Adrian last week. They visited Mrs. B. E. Witt, Mr. and Mrs. E. N. Jacobson and Mr. and Mrs. J. L. Jacobson and their families before leaving Thursday afternoon.

Joe Speed and Bobby Speed were in Roswell and Lovington Sunday attending to business.

Mrs. Lillie Reynolds was in Amarillo Friday and Saturday to see a doctor about her hearing aid.

Mrs. James Morgan and child-

ren of Huntsville, Ala., are visiting Mrs. Nell Morgarr and the D. W. Morgans this week. On Sunday her sister, Mr. and Mrs. Moran Pounds of Amarillo, were out to see them.

Mr. and Mrs. James Sessions and family were called to Youkum Wednesday where his grandfather Mitchell passed away. They returned Friday night by way of Austin where they saw Pat's parents, the H. C. Bylers.

Mrs. Claribell Wykoff visited in the Westway Community this weekend with her brother, Mr. and Mrs. Joe Severance.

Mrs. Cal Jackson and her sister Mrs. Jeff Fields and children were in Tulsa, Okla., this week to see Dorothy's doctor.

They returned on Saturday. Debbie Fields stayed with her aunt, Mrs. Albert Glass, to attend school.

Bobby Speed and Jimmy Zaring completed defolating cotton and moved home this weekend from Muleshoe.

The high winds that came on Saturday night did some damage to the new elevator being constructed at the Adrian Wheat Growers. Several pieces of sheet metal were bent and blown off the sides of the building.

"Harvest is very slow" reports manager Caldwell. "This freeze should dry out much that is to come."

Mr. and Mrs. G. S. Elliott of Sayoy, parents, and Mrs. F. W. Waldrep and Eva of Dennison, sister of Mrs. Lorin Creitz, were visitors from Thursday to Sunday in the Creitz home.

Mrs. Gene Moore and Susan and Mrs. R. L. Pinnell Grulhkey to Amarillo Thursday to return grandson Lee Banks to his home after a week's visit. Mrs. Moore visit an old school friend, Mrs. Wilson Lane and sons, the former Shirley Aten.

about people and events around Hereford High School

Well the Whitefaces finally did it! They plucked the Black-hawks to the tune of 25-14. The people from up around Phillips were seen wandering around with looks of shock and dismay on their sad faces after Friday night's so-called upset.

Now all Hereford has to do is hope Phillips wins the rest of their games, including the one with Levelland, and pray for Littlefield or Dumas to down the Lobos, while the Herd wins the rest of their games. That's all the Whitefaces need to win district.

Glad to see Eddie Skypala back in action again.

We noticed some mighty happy football players and coaches around H. H. S. Monday morning.

The Hi-Y boys look real cute in their suits and ties, don't they? The only trouble is, they just don't seem to be able to find matching shoes and socks in the mornings.

Curtis Crowell, Charles Mims, and Austin Hodges seem to be getting pretty good at counting bricks and reciting verses. They sure are getting religious all of a sudden.

Heard lots of complaining during the late dinner hour Monday because the Cafeteria ran out of pizza. You've all heard the saying, "First come, first served," but then, some people can't help it because they run out of food before the band gets there.

Girls, I've got a beauty hint for you! Kathy Knox always dries her hair in the oven. Works out real nice, provided you don't melt your rubber hair curlers like she did. It does two things at once - dries your hair, and it's a good cure for chill bumps.

Congratulations to the ones who came out to help during the CROP drive Monday night on their successful campaign.

I guess you heard about the fat girl who couldn't get through the classroom door, mainly because it was locked.

How about coming out and watching the Whitefaces demolish the Demons here tomorrow night.

HILL'S DRIVE-IN

500 West First St.

BY JIMMIE GILLENTE
More and more people are saying they will be glad when the election is over next Tuesday, and I think every single one means what he says. Farmers are the most independent people I know, but even a lot of them are getting fed up.

Hereford's youngsters who collected for CROP deserve more than a pat on the back. They raised more than \$1,450 in their drive Halloween night - and the man on TV was marveling at a "little town like Pampa" raising something over \$1,300. On a similar type drive, Amarillo managed to pick up more than \$1,200 the same night. Some of the youngsters who called on the Latin American and Negro homes were quite surprised at the willingness and generosity of the people. They said that \$2.50, \$2.00 and \$1.50 donations were common, while people in the so-called better residential areas pretty well handed out a \$1 frogskin and called it even.

Maybe these folks know what a helping hand means more than most of us. Maybe they more fully realize some of the hardships faced by people overseas. Regardless of which, they definitely do have the American spirit of helping a fellowman in need.

I went down Tuesday morning expecting to see that huge glass section of the First National Bank soaped beyond recognition, but it wasn't bad at all. A few soap marks here and there, but not many any where in town. Roy Phillips and I were talking about the apparent transition. A few years back things would have been different. Halloween truly has not been the same since the extensive use of indoor plumbing. Furthermore, it's a good sign, I figure the youngsters are too busy these days. No one can deny, it is much better

to collect \$1,450 for CROP than to inflict \$1,450 worth of damage on one's friends and fellow citizens.

Dick Ross says most of the lettuce folks have moved out. This week we got a frost that "went through seven leaves," and they say this just about winds things up. The crop was no bonanza, but it did net some people \$100 an acre, depending upon yield and price. Most of the stands were beautiful and a few of the yields went over 850 cartons to the acre. Quality seems excellent, the only complaint I have heard has been at recent weeks, and centers around the fact that some of the heads were too big.

Gayle Neel, out Dawn way, says I am right. Sometimes, you just wan't win.

"Several weeks ago," Gayle confides with a grin, "you were writing up a storm about Hereford stores selling San Antonio carrots," when Hereford carrots were going begging. Well, I've got news for you, Buster. Those were Dawn carrots. Those were Dawn carrots. We packed in the San Antonio bags this year. You were away off base on that one!"

Life is like that. Some people call it getting out on a limb, then having it sawed off; others liken it to painting yourself into a corner. Either way, I am an expert.

I don't see so many pheasant hunters this year. Jim Clark and Earl Springer were the biggest boosters in 1959, but I haven't heard a peep from them in 1960. Perhaps the time just isn't right, but it seems to me that more people are concentrating on other things. Could also be I don't get around as much as I once did.

More and more, it takes an epoch-making achievement to arouse public interest. Around

20 years ago there was a crowd of something like 1,500 people out to watch the first diesel drawn train through Hereford. Compared with outer space rockets, moon missiles, and other present day feats, this would be indeed tame. I doubt if you could get 200 people out for such an event. The only thing that still seems to draw a crowd is a free feed. Out in this country, it is usually a free barbecue. Strangely enough, you seldom see them anymore - and if you did, folks would probably want trading stamps if they attended.

The Hereford Booster Club, beyond any question, has contributed a lot to athletics so far this season. Almost all of the boys will tell you that the interest of these fans provides something they have never before had. It's like the old saying, "Point a youngster in the right direction and give him a pat on the back." The sort of cooperation we have seen from the Boosters honestly and truly makes the existence of high school athletics worthwhile so far as many taxpayers are concerned.

Hereford Coeds Elect Pledge Class Officers

Two Hereford coeds have been elected pledge class officers of the Oklahoma State University Chapter of Alpha Delta Pi Social sorority.

Margaret Boomer, a freshman majoring in education, was elected pledge class vice-president, and Dee Buck, a sophomore majoring in arts and sciences, was elected pledge class Junior Panhellenic delegate.

Miss Boomer is the daughter of Mr. and Mrs. Bert Boomer of Hereford, and Miss Buck is the daughter of Mr. and Mrs. Maynard Buck, Hereford. Both are graduates of Hereford High School.

KEEP THE VOICE OF TEXAS STRONG

Texas' dominant position in the Democratic Party has been a major factor in the amazing growth and prosperity of our State during the past 50 years.

Count our blessings that have come because TEXANS were in the RIGHT party at the RIGHT time.

Count the jobs... educational opportunities... military installations... defense projects... water and soil projects... rural electricity and telephone systems. Count our ultimate potentials for development.

Now the Democratic Party has selected a TEXAN for one of the two top offices our Nation has to offer. As Vice President, Lyndon B. Johnson will be in a position to render the greatest service any Texan has ever been able to give his State, his Party, his Nation.

Our Nation needs the dynamic leadership of John F. Kennedy and Lyndon B. Johnson. And Texas needs to be counted in the Democratic column November 8 to keep its voice STRONG in the party that has honored its sons and nurtured its growth. Texas has no such stake in any other party or any other candidate.

Texas' future - and America's - lies in your response November 8.

BATHING THE BABY is one of the most important, essential points covered in the Mother-Baby Course at Hereford High School. Shown here are some of the girls taking this

course. They include, Patsy Loerwald, Elizabeth Brorman and Suzanne Langley. (Brand Staff Photo)

High School Girls Study Mother And Baby Care

The Homemaking III girls at Hereford High are now taking the Mother and Baby Course which is offered by the American National Red Cross. The course is being taught by Mrs. Ester Springer, school nurse. The course is proving to be quite interesting to the

girls. They are learning a lot about caring for the babies, such as how to feed the baby properly,

how to bathe it safely and all the general care of small infants. This course is in its 50th year

of existence and is educational to everyone who takes it. This course will be offered to all senior boys who are interested in it in the spring.

After the students finish this course and have gained a sufficient amount of information, they will then receive a card certifying that they have completed the Red Cross Home Nursing course on Mother and Baby care at Hereford High School.

Senior Class Personalities

Tommy Kay Robinson says her favorite pastime is playing the piano and organ and listening to records. When asked why she chose this, she replied, "Because I like music." Tommy Kay was born on February 21, 1943, in Hereford. Her favorite food is steak, blue is her favorite color, and her favorite book is *Psycho*. Her favorite movie is "Gone With the Wind," and she likes "The Theme From the Apartment" best of the songs.

Tommy Kay plans to be a secondary school teacher and teach music, because she thinks music is vital to man and she likes people. When asked what she does when she gets mad, she replied, "I get a lot of wild, unusual ideas, but I usually get put back in my place."

Kay Cole was born in Duncan, Okla., Feb. 15, 1941. Some of her favorites are: movie, "Summer Place;" food, all kinds of Mexican food; song, "Theme From the Unforgiven." Her hobby is playing the clarinet.

She advises all underclassmen, "Do your best in your sophomore and junior years; then live it up your senior year." Kay plans to attend college for two years and then get married.

Norma Jean Warrick was born in Kilgore, Tex. Her favorite book is *Seventeen*. Some of her other favorites are: movie, "A Man Called Peter;" food, shrimp; song, "My Heart Has a Mind of Its Own." Her hobbies are riding around and loafing.

Her advice to lower classmen is, "Enjoy school as much as you can." She plans to attend college at Lubbock.

Audrie Self was born in Tuttle, Okla. Her favorite book is *Blue Denim*. Some of her other favorites are: movie, "Pillow Talk;" song, "Theme from a Summer Place;" food, Mexican. Her hobbies are running around and reading.

She advises all lower classmen to do their very best at everything and study hard. Her plans are to attend business school at Fort Worth and get married.

Lu Anne Higgins was born in Hereford on Nov. 2, 1942. Her favorite book is *Beyond This Place* and some of her other favorites are: movie, "Ben Hur;" food, peach ice cream; song, "The Sound of Music." Her hobbies are playing the piano and oil painting. Lu Anne advises all lower classmen to always try their best in everything they attempt and respect other's rights. She plans to go to college and become a laboratory technician.

Whiteface Whims

Ode to Upper Classmen
You can tell a freshman
By his silly, eager look.
You can tell a sophomore
Cause he carries one less book.

You can tell a junior
By his dashing air and such.
You can tell a senior
But, boy, you can't tell him much.

Owlsh Adage
Early to bed;
Early to rise;
And your girl
Goes out with other guys

Small Comfort
I admit with regret
That the girls that I get
Do not shine as a Hollywood star.
But, I am not sad,
For I'm not doing bad,
For a guy with a '42 car.

Sign in an ice cream parlor: "Teenage spoken here."

A woman and her small son drove into a large filling station and asked for five gallons of gas. She also asked that her tires be checked but before the pump jockey could get around to checking the air in the tire, her son jumped out of the car and announced he would check the tires.

Current Generation's Version Of King's Jive

It is a law of social behavior that every generation has its own language and customs. Below are listed some of these definitions from the current generation.

Go Ape—fall in love
Cruise—go somewhere fast, live it up
Prehistorics, ancients, medievals—parents
Sell Blood—what you have to do to go to swank places
Bread—money
Abstract—lovely

Dumas High School was presented with an Indian dancing assembly recently in the D. H. auditorium. The realistic dances are the only ones of their kind performed today and they are danced just as they were when the Red Skins roamed the lands.

Carol Barnes, a Midland senior, decided a parachute jump would be fun. After parachuting from a plane in Amarillo, she was believed to be the first woman to parachute in Amarillo.

Dumas High has organized a Key Club which is in charge of printing a student directory with the name of every student in High School in it. It is somewhat similar to a telephone directory.

Some Food For More Thought

If you want to test your memory, try to remember what you were worrying about one year ago today.

There's one thing to be said for free advice - it's worth it! Did you ever have anyone tell you to do something, and then turn around and tell you how to do it?

One good thing about telling the truth is that you don't have to remember what you said.

It is wise to let the cat out of the bag yourself. Otherwise the neighbors will do it for you, and by that time the cat may have kittens.

Vote for the man who promises least: he'll be the least disappointing.

There's one good thing about an election year. For the first time in four years, the summer's best television show was not a re-run.

When it comes to doing for others, some stop at nothing.

'The Shadow' Strikes Again

The shadow was busy last week following a good-looking sophomore boy. He's 5' 10 1/2" tall, has black hair, and blue eyes.

On Monday the shadow watched him come to school at 12:20, his lunch time, to eat with that certain someone. He didn't come at 9:00 because of weekend delays (such as a dentist appointment at Lubbock).

In the afternoon all he did was go to football practice and make a call to a certain girl. He makes calls to her every afternoon after practice and also at 8:30. He also managed to go to church with his father and his little sister.

On Tuesday he wore clothes that a wet seal couldn't get into. After practice and his calls he actually studied for nine-week tests.

On Wednesday he did his usual studying and football practice and then he and a girl (that girl he always calls) saw part of the 7th grade game. Then he went home and of all things called that same girl.

On Thursday he took his tests and failed you know what. Then he went to practice, and after practice he rode around with J. B. D. Then he did his usual calling after chopping wood all afternoon.

On Friday, he left with the football team at 2:30 to win that Phillips game.

The boy who was the victim of the shadow this last week was none other than **BILLY DON STEELE**.

Harvey Penner, teacher of the week, was born in Oacena, Okla. He graduated from Corn Bible Academy in Corn, Okla. and from Southwestern State College in Weatherford, Okla.

Art Students Making Mosaic Tile Projects

Art students in H. H. S. have been working for several weeks on mosaic tile projects. Coffee tables, trivets, ash trays, flower pots, wall plaques, waste baskets, trays, and letter baskets are some of the projects being made. The girls especially enjoy this phase of art. Mosaic tile is made by cutting and fitting various shapes and sizes of ceramic, glass, or plas-

tic tile pieces together to form objects and designs. Also other materials such as stone or glass may be used. After the pieces have been put into place and glued securely down to the wood, the cracks are filled in with a kind of plaster. This is worked down in between the cracks and is left to dry for several minutes. The project is then wiped with a damp cloth to get the excess plaster off.

Most people probably think that mosaic tile is just a modern day hobby, but centuries ago it was used in churches in Europe and Asia. Then it was used for the decoration of the walls, domes, and floors of the cathedrals. It took years to complete the pictures on the walls showing scenes from Bible stories, angels and saints. Most of these pictures are still well-preserved and beautiful.

ENTHUSIASTIC students at Hereford High School left the gymnasium vibrating after a giant pep rally Friday morning, prior to the Whiteface-Phillips game at Blackhawk Field that evening. Eight members of the 1950

Hereford High team which defeated Phillips that year were special guests at the rally. The Whitefaces repeated the feat that evening by upsetting Phillips, 25-14. (Brand Staff Photo)

HHS Students Have Hobbies

(By Whiteface Staff)
Hobbies, once very popular with people of all ages, have declined somewhat during the last few years; at least it would seem so as indicated by the response given in a recent canvass of the Hereford High campus.

However, some of the students were very enthusiastic about their interesting and informative hobbies.

Lu Anne Higgins said she enjoyed painting. Several of her very fine drawings have been placed on exhibit during the recent year.

Sharon Farmer has quite a collection of stereo records. She spends many enjoyable hours listening to them.

Gary Tannahill spends hours

on hours looking for rare coins. At least that is what he said he was looking for, anyway.

Several students indicated that they enjoyed such things as dancing, painting, collecting bracelets, and listening to popular music.

W. W. A. CLUB MEETS
The WWA Club met in the home of Mrs. Jim Thompson Thursday, Oct. 27. Mrs. J. A. Crofford, Mrs. Gaylon Bryan and Mrs. Thompson were present, as was a new member, Mrs. Harley Davis. One visitor, Betty Dameron from Lubbock, was also present for the meeting. The members discussed rules and plans for the coming year.

Mystery Couple

(By Whiteface Staff)
Mystery girl this time is a 17-year-old junior. She is 5'5" tall and weighs 108. Her hair and eyes are both brown. The subject she likes best is P. E. and her favorite teacher is Miss Wall. Her hobby is number painting and dancing. The song she likes is "You Mean Everything to Me." Her favorite pastime is being with Bill.

Mystery boy this time is a 17-year-old sophomore. He weighs 185 pounds and is 5'10 1/2" tall. His eyes are blue and the color of his hair is black. This subject he enjoys most is football. His favorite teacher is Mr. Stone. His song is "You Mean everything to Me." His hobby is dancing. His pastime is being with Nicky.

Clubicity

(By Whiteface Staff)
New members of N.H.S. attended their first meeting on Oct. 25. Most of the new members paid their dues and money was collected for a flower fund. Programs and projects for the coming year were discussed.

James Gentry, Ken Walser, Clint Conway, Troy Don Moore, LuAnne Higgins, and Lynn Thompson were appointed to plan a program for the annual D. E. club radio program.

Chapter I and the Royal Rost Chapter of FHA installed the Junior High officers and new members at a formal initiation on Oct. 24. Afterwards a surprise birthday party was held for Heidi Rutishauser, the exchange student. She was presented a matching blue skirt and sweater, a white blouse, and several pair of bobby socks.

Those assisting with serving and taking part were Sharon Bezner, Helen Hoffman, Phyllis Betzen, Terry Anderson, Carolyn Diller, and Joyce West.

The Thespians met on Thursday, Oct. 27. In their meeting they figured up all of the member's points.

The Junior Red Cross held a meeting Oct. 27, and has kept everyone busy this week trying to guess Mr. and Miss Junior Red Cross.

DEFERRED CREDIT FINANCING

Study Now... And Pay Later

(By Whiteface Staff)
Attention all seniors who are interested in attending college but are wondering where the finances will come from!

"Deferred credit financing" helps pay for college and the student pays the bill himself after graduation.

Credit financing was set up by the student loan program of the National Defense Education

Act of 1958.

Under this program students apply to the college they are attending or where they have been officially accepted for a tuition loan. The loan may be up to \$1,000 a year or \$5,000 over five years. The student doesn't have to begin repaying the loan until graduation and can spread payments over ten years, paying only three per cent interest on the declining balance.

Highlights Of Grid Season Shown At Lions Club Meet

Highlights of the 1959 Southwest Conference football season were shown in color movie at the noon meeting of the Hereford Lions Club Wednesday in the ballroom of the Jim Hill Hotel.

The movie was narrated by Kern Tipps, and showed some of the crucial games played during the season.

Guests at the regular meeting included Gordon Smith, Jerome Erdman and Jesse Click.

IN NEW YORK
Miss Stella Jo Wiseman, daughter of Mr. and Mrs. Truett Wiseman, and recent graduate of Central Airlines School in Kansas City, Mo., has accepted a position with National Airlines in New York City, N.Y.

IN AMARILLO
A. H. Brown spent the first part of this week in Amarillo, where he was attending to business.

Sibyl is a girl's Greek name for a prophetess.

Things To Do For Cool Date

- (By Whiteface Staff)**
Seventeen cool things to do on a date:
1. Talk. In fact, talk, talk, talk. Make it an interesting talk.
 2. Be dramatic. Choose a play from the theater section of the library and set up a reading.
 3. Bicker.
 4. Play games. No, not those kind. Exerting kinds.
 5. Eat. Keep candy handy and whenever the going gets sticky, just pop a gum drop into his mouth — or yours. It's fattening, but safe.
 6. Quarrel.
 7. Picnic on wheels. Not a car — use those pre-Detroit vehicles of torture, called bicycles.
 8. Double date with a brother or sister.
 9. Study. Keep his mind on the next day's chem assignment. (You'll not only have a pleasant time, but you'll also have your assignment for the next day.)
 10. Practice judo.
 11. Make it a "Show - Me" date. Chances are he is interested in something you aren't and vice-versa. So let him take you to a drag race and explain the parts of a car to you; then next time, you take him to a drag race and explain the parts of a car to you; then next time, you take him to a drag race and explain the parts of a car to you.
 12. Skate. Rollerskate we mean. And on the street, not at the rink. Borrow your kid brother's skates and skate down the old road.
 13. Do push-ups.
 14. Knit.
 15. Laugh it up. Put on a Shelley Berman album and turn on the turntable and chuckle a little. Don't count on it for very long, but it was fun while it lasted.

16. Read palms. Get a good grip on his hands and read like crazy.
17. Skip rope. The joint will really be jumping and you will be able to tell by the jangle in his jeans whether he has the money to take you out on the town.

Question Of The Week

(By Whiteface Staff)
This week HHS students were asked their opinion of Krushchey. Some came up with some very interesting answers.

Joe Mack Hale — I think he's a ding.

Stan Kropffovitch — I think he's a good guy, comrades.

Mickey Stevens — He's a pretty good guy, as far as slobbs go.

Suzanne Langley — I think anyone who acts like he does must be mentally off.

Mar-Gwen Lackey — I think he should be put in a mental home and taught that the "party" isn't supreme.

David Sellers — I think he's a communist and Kropffovitch's stooge.

Linda Reed — Krushchey believes he is like Christ, except that he would not turn the other cheek and slap their head off. I believe anyone that believes as he does really needs to be pitied, although I don't pity him. He should just be wiped out.

Barbara Pulliam — I think he is two-faced.

Mrs. Neill — For all of his tantrums and tirades he is a shrewd, dangerous man.

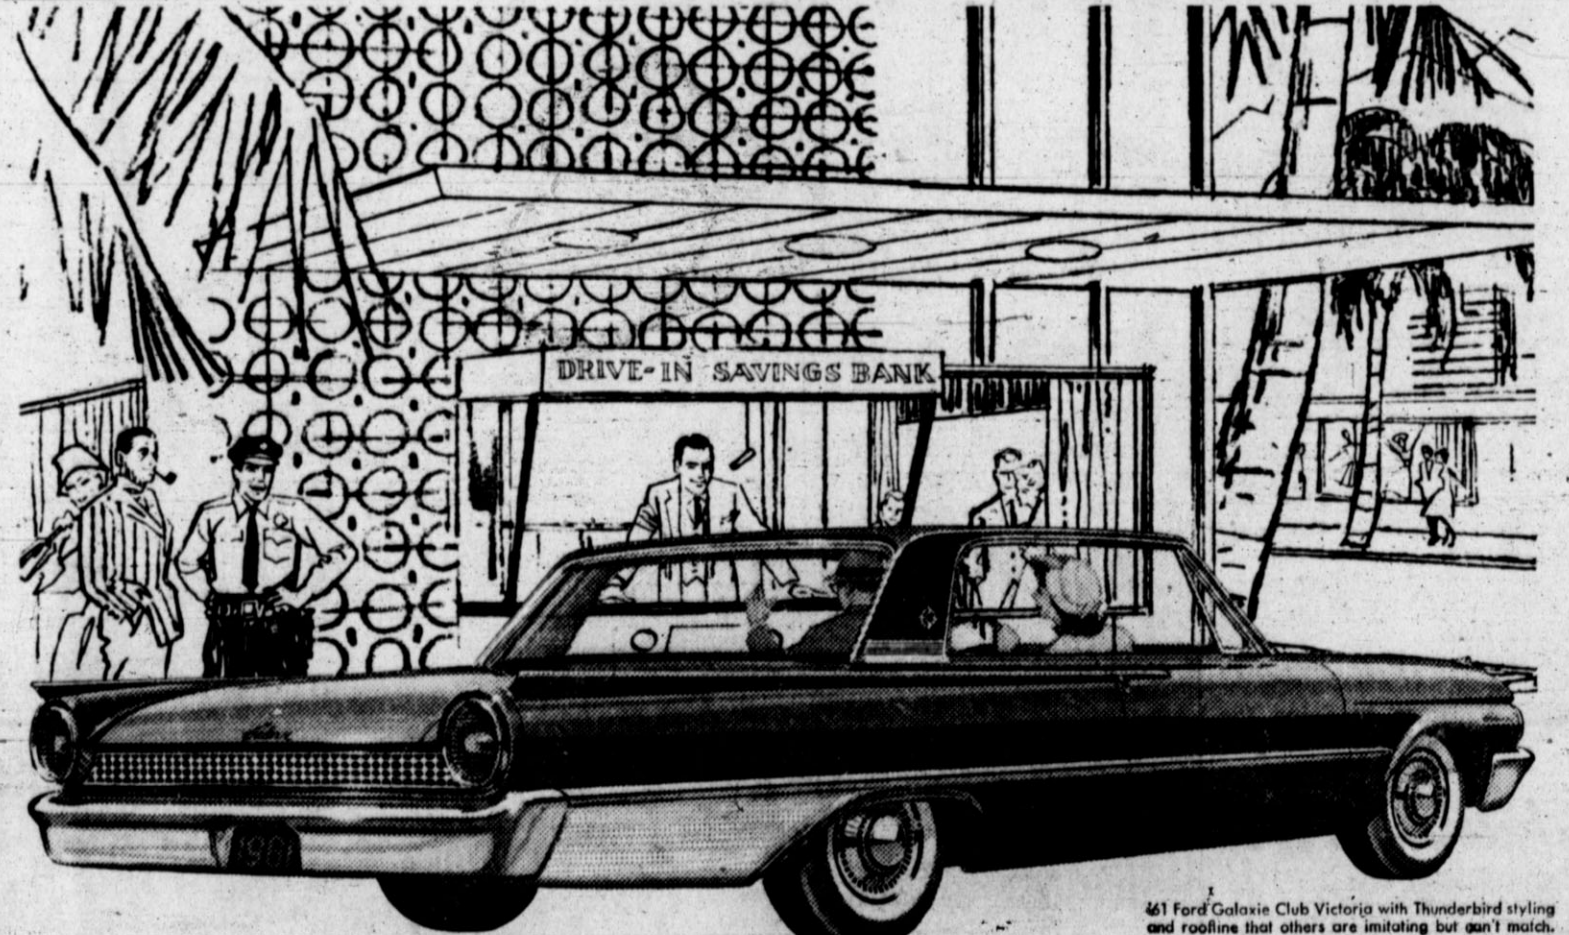

Mrs. Leggett — I think he's a demon!

Judy Smith — He stinks.

The one '61 car built to back up a long-term warranty

Ford led the way with the one car beautifully built to take care of itself . . . and you

On September 29, Ford Dealers set an industry trend — were first to extend their 1961 car warranty from the conventional 4,000 miles or 3 months to 12,000 miles or one full year, whichever comes first.

Why? Because Ford built the one car to support such confidence. Ford for 1961 is the one car beautifully built to take care of itself!

The '61 Ford was designed and built to the more exacting standards necessary to offer an extended warranty. Ask to see this warranty at your dealer's.

It is significant that Ford has so many take-care-of-itself features not found in other cars, regardless of price. These new Ford features are a triumph of exhaustive research, fine engineering, and quality construction that give you the most reliable Ford ever built. Drive a '61 Ford soon.

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF

Lubricates itself—You'll normally go 30,000 miles between chassis lubrications. Then a quick, inexpensive Ford Dealer lube job (which costs about \$4.00*) will get you set for another 30,000 miles.

Cleans its own oil—You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter.

Adjusts its own brakes—New Tack Size brakes adjust themselves automatically for the life of the lining.

Guards its own muffler—Ford mufflers are double-wrapped and aluminized—normally will last three times as long as ordinary mufflers.

Protects its own body—All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing the body panels beneath the doors.

Takes care of its own finish—New Diamond Lustre Finish never needs wax.

day party was held for Heidi Rutishauser, the exchange student. She was presented a matching blue skirt and sweater, a white blouse, and several pair of bobby socks.

Those assisting with serving and taking part were Sharon Bezner, Helen Hoffman, Phyllis Betzen, Terry Anderson, Carolyn Diller, and Joyce West.

The Thespians met on Thursday, Oct. 27. In their meeting they figured up all of the member's points.

The Junior Red Cross held a meeting Oct. 27, and has kept everyone busy this week trying to guess Mr. and Miss Junior Red Cross.

GOSPEL of HEALTH

Christ cleansed the Leper and hope, instead of death, brought relief. Through the grace of God, Leprosy has been conquered. One by one the curses of disease and pestilence give way before the Christian Gospel of love and healing. *Every good physician, every ministering nurse, every great hospital is a product of the healing ministry of Jesus... the Great Physician.* Is your touch always a healing touch? Have you today tried to heal a hurt, to mend a heart, to lead a friend to church? Everyone of us ought to be some sort of missionary, or nurse, or healer of the hurts of those who cry for help. Oh, God, never let us add to the total of human misery and pain.

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

REP. WALTER ROGERS WRITES:

Main Duties Of Federal Power Commission Listed

TO THE PEOPLE OF THE 18TH DISTRICT:

The American Constitution, for all its blessings, presents two persistent and troublesome problems which almost seem to be inherent within the system it establishes.

The first of these problems concerns the coordination of certain overlapping activities within the central government itself. The second involves that much-debated matter of protecting a State's proper position within the Federal structure operated in Washington.

The most crucial domestic questions ever faced by the people of the United States have revolved about these two central issues.

One of the less sensational aspects of this pair of problems involved the development and use of the nation's power sources. Three executive departments of the Federal government -- War, Interior, and Agriculture --

were concerned with the effective use of water power.

Also, a dispute concerning jurisdiction over rivers and power lines had simmered for some time between the States and the central government. Then, soon after the country lurched into World War I, a serious coal shortage arose which hydroelectric resources could not meet because of the inefficient administration of water power grants.

In the early summer of 1920, Congress established the Water Power Commission, an agency composed of the Secretaries from the three executive departments involved. Supporters of this curious scheme believed that it would solve the regulatory problems without creating another agency. Alas, the business of government, even then, was not so easily disposed of.

Aside from the serious question of delegating legislative powers to the executive branch, the three Departments were overwhelmed with the task and quickly lost enthusiasm upon discovering there would be no increase of appropriations to cover their new responsibilities.

The Secretaries, it is said, found about five hours a year to devote to Commission meetings and soon gained a reputation for failure to protect the government from power interests.

Almost ten years to the day after formation of the Water

Power Commission, Herbert Hoover signed the act of June 23, 1930, which created the Federal Power Commission. This act retained the regulatory duties of the old commission, but revolutionized its membership. Members would now be appointed by the President with consent of the Senate, and would supposedly provide the nation with a bipartisan and full-time agency. The era of experimentation with cabinet rank members was over.

The Commission soon was exerting full regulatory power over electric and natural gas companies which operated in interstate commerce. These two broad areas of interest are still the Commission's major concerns. As was, and still is, the case with most independent agencies, the FPC supporters believed that: (1) the nation's power resources in large measure belonged to the people and must not be abused for private gain; (2) efficiency would have been impaired by an unlimited number of companies operating in a single community; and (3) only a central body would effectively determine what constituted the best private use of a public resource. Time and again this line of reasoning has led directly to a Federal interest in various activities which is crossing State boundaries more and more. This is not good.

In the realm of electric power, the FPC is charged

with protecting the consumer from any unfair charges, and seeks to ensure that each utility under its jurisdiction will be capable of meeting the needs of those customers involved. What is perhaps more important in the long run is that the Commission conducts broad surveys of the nation's electric potential in an effort to steer private and public companies toward the most farsighted development programs. The FPC's licensing powers enable it to establish standards for power projects and installations. The same activities, more or less, are conducted with respect to natural gas.

Could the power problems of the nation have been solved in some other way than the establishment of another agency? Apparently, sincere efforts were made in this direction during the 1920s, but today the question is largely moot. Since the Federal government has in fact entered this field, it is fairly safe to assume that it will not withdraw. The important question facing us today is simply whether the FPC is doing its job. This can only be determined by the people, through their elected representatives in Congress, and any action which would impair the hand of the legislative branch is the major threat to be guarded against today. Federal interest should be confined to interstate oper-

Self Improvement Subject Of Meet

The West Home Demonstration Club met in the home of Mrs. Mable Vaughn at 2:30 p.m. Tuesday. The president, Evelyn Bell, opened the meeting. She read a poem, and Alice Cox had the program for the evening.

ations, closely defined. It should not be allowed to violate State jurisdictions.

WALTER ROGERS
MEMBER OF CONGRESS
18TH DISTRICT OF TEXAS

Subject of the program was a daily practice for self improvement. She gave a demonstration on cosmetic care for the young and old. Mrs. Jewel Awtrey served as her model. Mrs. Minnie Vaughn served as the model for a demonstration on how to put long hair in a "French roll."

The club will have its Thanksgiving supper at the Bull Barn on Thursday, Nov. 17, at 6:30 p.m.

The gift of the evening was won by Mrs. Awtrey.

Refreshments were served to the following: Mesdames N. E. Gass, Vern Witherspoon, Ida

Mae Vaughn, Mary King, Jewel Awtrey, Blanch Mosley, Minnie Vaughn, Evelyn Bell, N. E. Jacobsen, Alice Bradley, Alice Cox, Artie Frost and the hostess, Mable Vaughn, and Grace Witherspoon.

Two visitors, Mrs. A. C. Pierce and Mrs. Elie Pierce, were also present.

The next meeting is set for Nov. 8 in the home of Minnie Vaughn.

Mr. and Mrs. V. R. Wilcox of Friona were guests in the home of Mr. and Mrs. E. F. Turner of Black Sunday.

HHS Band Gets Superior Rating

HHS Band Gets Superior Rating

(By Whiteface Staff)

Hereford High School's Big Domino Band received a II division rating at the University Interscholastic League contests held at Amarillo Tuesday, Oct. 24.

Band director, Mrs. Ben R. Gollehon, said the band looked "sharp" as they marched at Dick Bivins Stadium Tuesday afternoon. The three contest judges agreed that the band's general appearance and marching ability was superior.

The judges said that the musical sound of the band suffered in some places, but other than that, the band was outstanding.

The Domino band competed in class AA with larger bands from Phillips and Dumas, which have approximately 80 members while the Hereford High band has only 54 members.

Earlier Tuesday, the Stanton Junior High Band also scored a II division in class C, competing with bands from Amarillo, Pampa, and Phillips.

HORSEPOWER THAT MAKES SENSE FOUR CYLINDERS TO SAVE GAS! THE NEW SWEET RUNNING TROPHY 4 ENGINE FROM PONTIAC PERFORMANCE SPECIALISTS!

The new Trophy 4 engine puts real performance in the Tempest and cuts gasoline bills to boot. This new baby is *eager to move out* for safe passing. Holds the going pace on any expressway. Breezes up steep hills in high gear. This new 195 cubic inch displacement, 45° inclined, short stroke, 4 cylinder engine has a wide range of h.p. ratings. With single-barrel carburetor and stick shift: 110 h.p. (regular gas) or 120 h.p. (premium gas). With the same carburetor and extra cost automatic shift: 130 h.p. (regular gas) or 140 h.p. (premium gas). Want still more? Order the 4-barrel carburetor with the automatic and jump the output to 155 h.p. (Or buy the 155 h.p. aluminum V-8 option.)

Rear axle drive and transmission are combined (a trans-axle). Flexible shaft from front engine delivers smooth, quiet power. Perfect 50-50 balance gives a flat, level ride that no other new-size car can touch. *Rides like the big ones!* An equal load on every wheel. Steering is light and easy! Better braking and improved traction in snow, sand or mud! *Independent suspension at all wheels.* Swing axles keep Tempest on an even keel over bumps, ruts, dips and holes! *112" wheelbase.* Long enough for a cradled ride—short enough to handle like a sports car. *Big 15" wheels.* Good road clearance. Long tire life. (13" compact tires turn at least 4900 more times to go 100 miles.) *Seats six men.* The big transmission hump is gone. The middle man can stretch out size 12 brogans! *Wide-Track, too!* The track is up to 3 inches wider than most compacts. Less lean. Less sway. Better cornering. *Pontiac dealers have it—and they have it now!* A four-door sedan... a station wagon... a full line-up of accessories. Try the Tempest out for an hour—you'll want in for keeps! It's priced with the compacts!

Five Deer Brought Home By Hunters

by MRS. DELTON LEWELLEN
Several from the Black Community recently have gone hunting and brought back game. Pete Braxton, Bill Cartel, Gene Welch, Les Gidson, Travis Stone and Charles Meyers hunted in the Pagosa Springs, Colo., area and came home with five deer.

Tom Lewellen, Joe Lewellen, Delton Lewellen, Coy Patton, Cecil Jack, and R. C. Porter, hunted around Creede and brought back five elk and one buck deer.

The Black Home Demonstration Club met Thursday in the community house. Refreshment of cake, nuts, cheese crackers and coffee were served to

Mesdames T. J. Presley, H. H. Elmore, Helen Fangman, Fern Barnett, Ralph Price, Bill Cartel, Rosco Ivie, J. R. Braxton, Clyde Hays, Dick Rockey and the hostess, Mrs. Ellis Tatum.

The community was well-represented Friday night at the Tulla ball game. Among those attending were Mr. and Mrs. J. R. Braxton and sons, Mrs. Jim Buckley and Janet, Larry and Darrell, Mrs. Coy Patton and Virginia, Mrs. Tom Lewellen and Tommy Lou, Mrs. Delton Lewellen and daughters, Mr. and Mrs. Les Gibson, Mr. and Mrs. O. L. Rankin, Mr. and Mrs. Fern Barnett and Mrs. Mrs. Rapoh Price and son.

to hunt with. Fern Barnett, Dick Rockey and Ellis Tatum were in Plainview on Thursday on business. Dinner guests in the T. J. Presley home on Sunday last week were Mr. and Mrs. Woodrow Whitaker and family.

Mr. and Mrs. H. H. Elmore were in Clovis on Wednesday of last week on business.

Mr. and Mrs. Neil Dean and family of Rockey, Okla., spent Tuesday night in the home of Mr. and Mrs. H. H. Elmore. Dunn is the nephew of Mr. and Mrs. Elmore.

Waco.

Mrs. Jerry Houlette and Dobbie of Borger are visiting in the home of her parents, Mr. and Mrs. Ellis Tatum this week.

Mr. and Mrs. Clyde Hays were in Austin over the weekend visiting their son, Clyde Hays, Jr., who is attending college there.

Mr. and Mrs. Gene Welch and family received an emergency call from Amarillo recently concerning his mother, Mrs. W. H. Welch, who is in Northwest Texas Hospital. They report that she has improved.

Dwight Whitaker has been ill again with the flu.

Mr. and Mrs. Jim Buckley moved recently, and are now living in Black in the house by J. R. Braxton.

Mrs. Coy Patton and Virginia spent last week with Mr. Tom Lewellen and Mrs. Delton Lewellen and daughters while the men were hunting.

Mr. and Mrs. R. E. Barnett enjoyed Friday dinner in the home of Mr. and Mrs. Rosco Ivie.

Mr. and Mrs. Rosco Ivie were in Amarillo on Monday on business.

Local Gridder Set For Nov. 10 Game

Terry Hodges, 200-pound center, will be one of 23 West Texas State College B Team members who will be taking on the Texas Tech freshmen in a contest at Plainview Thursday, Nov. 10.

Hodges, a 1959 star for the Hereford Whitefaces, is one of a number of area players who will be meeting in the contest, being played in Plainview under the sponsorship of the Plainview Kiwanis Club.

Others come from Lockney, Floydada, Levelland, Littlefield, Brownfield and Petersburg.

The game will start at 7:30 p. m. in Plainview's Bulldog Stadium.

The game will possibly match two undefeated teams. West Texas has won victories over Hardin-Simmons and McMurry while Tech has earned wins from Arkansas and the Air Force.

AUSTIN HIGHLIGHTS

Treat Firearms With Respect

BY VERN SANFORD
AUSTIN. — Many a deer may survive the Texas hunting season because the hunter died first.

According to the State Health Department, there were 181 accidental deaths in Texas, attributed to firearms, in 1958. Last year the number increased to 198.

November is the month when hunting starts in earnest. Normally sane men will start blasting away at one another, on deer leases, or contrive intricate methods of suicide such as climbing over barbed-wire fences with their rifles off safety.

Firearms are not the only threat. Health officials point out that a good many hunters slip and fall over precipices, while gazing off into with a fast drive through the pre-dawn chill. The distance. Others never get to the lease because they combine a few warming drinks

Texas Game and Fish Commission offers these rules for hunting safety:

1. Treat every gun with the respect due a loaded gun.
2. Always unload and take down guns carried into home or camp.
3. Keep guns clean and be sure to have the right size ammunition.
4. Carry gun so you can control the muzzle, even if you fall.
5. Be sure of your target before you fire.
6. Avoid all horseplay.
7. Keep guns out of reach of children.
8. Never climb a tree or jump a ditch while carrying a gun.
9. Never shoot at a flat surface.
10. Take no alcoholic drinks before or during shooting.

A 2.6 per cent increase in workmen's compensation insurance rates has been recommended to the State Board of Insurance.

State Insurance Department statisticians said that the rate increase was needed because of the increased cost of individual claims, rather than an increase in the number of claims. It would up by \$3,000,000 a year the \$112,000,000 a year paid by Texas employers for on-the-job insurance of workers.

A landowner is liable for damages caused neighboring farms by crop dusting activities, the State Supreme Court ruled.

Defendant in the case was the Pitchfork Land and Cattle Company which was sued by a group of King County landowners. Suit also was brought against the aerial spraying firm hired by the land company.

Pitchfork Company contended that the spraying firm was solely responsible for any damages, but the high court held the land company responsible too.

In another case involving landowner rights, the Austin Court of Civil Appeals upheld a lower court decision awarding damages from salt water pollution.

A Runnels County woman, owner of a 150-acre farm, claimed her fresh water supply had been polluted by salt water discarded by a drilling firm negligent in not having sealed the pits in which it discarded the salt water. It awarded the landowner \$9,000 in damages.

J. J. (Jake) Pickle, Austin public relations man, has been appointed by Gov. Price Daniel to succeed Maurice Acers as employer representative on

the Texas Employment Commission.

Acers' term expires Nov. 21, but he will remain in office, at the governor's request, until Jan. 9.

Pickle has had a significant background role in many of Texas' major political events in the past decade. He was director of the State Democratic Executive Committee for four years and has worked at one time or another in the political campaigns of Governor Daniel, former Gov. Allan Shivers and Sen. Lyndon Johnson.

Acers, an attorney and former FBI agent, was appointed to TEC by Governor Shivers. He served as Shivers' executive assistant in the governor's office.

After listening to a round of protests at a hearing on proposed new regulations of private clubs, the State Liquor Control Board plans to re-study the rules and possibly make some changes.

Administrator Coke E. Stevenson Jr. indicated, however, that the rules would probably be basically the same.

Primarily, says Stevenson, the rules are designed to give the Board a means of preventing the operation of open saloons under the guise of private clubs. They would provide for the licensing of clubs and forbid liquor dealers to deliver liquor to those that did not meet licensing standards.

Representatives of private clubs called some phases of the rules unreasonable, such as requiring a club to be in existence three years before receiving a liquor selling permit. They declared they would welcome some workable guidelines for operation.

SHORT SNORTS — Austin Court of Civil Appeals ruled that state hospitals have the right to retain social security payments made for the benefit of patients. . . . State Securities Board announced that state permits for 56 firms to offer \$21,621,541 in securities were issued in September. Forming Of Key Club Discussed

The possibility of forming a Key Club at Hereford High was discussed at the regular noon meeting of Hereford Kiwanis Club Thursday in L.O.O.F. Hall.

Melvin Munn of Pampa, Past I. I. Gov. of Division 1, Texas Oklahoma District, Kiwanis International, talked on purpose and organization of Key Club, which is basically a service organization made up of high school students.

Munn is Key Club chairman of the Pampa Kiwanis Club. Munn pointed out that about 49,000 high school boys in the nation belong to Key Clubs. In this division, there is no Key Club.

Key Clubs in the United States started with the formation of a club in Sacramento, Cal., in 1925. At the present time, Key Clubs have been organized in Pampa and Borger. . . . Representing the school body

versed a decision in which the defendant was fined \$300 for sale of liquor in a dry area because in the trial of the case the state had neglected to prove that Morris County — scene of the event — was a dry county. . . . Deficit in the state's general revenue fund jumped \$6,500,000 in two weeks, making the latest in-the-red figure \$58,416,716, according to State Treasurer Jesse James. . . . State Highway Department will open sealed bids Nov. 9 and 10 on 143 miles of construction work on state roadways. Low bids are expected to total about \$12,300,000.

Up In the Air

BY BENNY WOMBLE
The crowd that watched the parachuting recently was treated to a fine exhibition of target jumping.

About a year ago, we had some jumpers here from Mexico. I was impressed more by the local boys. For one thing, they are more safety conscious and seemed to have more training. The idea of jumping out of an airplane when one doesn't need to sure doesn't appeal to be, but for those who would like it, they can contact Leland Shelton about organizing a local club.

We understand these fellows will come back if invited. I think they will jump all day if someone with an airplane will carry them up. Those boys tell me that renting an airplane costs more than the rest of their equipment combined. I just wonder if some local-business could sponsor them to help defray their expenses?

I guess the big news around the airport was the blood donors' flight to Dallas recently. Using airplanes was about the only way these men could go, as most of them are very busy right now. There were several more planes and pilots available that were not used.

The Blue-Air Service planes have been flown quite a bit recently. Those recently checked out in the Skyline were Curtis Traweck and Leslie Sharp. Jerry Cady is installing some more radio equipment in the Wiggins-Axe 175 Cessna. He is also

doing some maintenance on a Luscombe from Dimmitt. Mutt Wheeler is private pilot. Congratulations, Mutt. Dr. Adams is doing some work on his private license in his 120 and the Tri-Pacer.

There will be an all-day event at Fairview, Okla., Nov. 11 for all pilots. There will be a free breakfast, followed by an aircraft aviation sale, an aerobatic show and maybe some more attractions. Also scheduled is an aircraft show. I think Fairview is about 235 miles from Hereford and is on the Wichita Kan., chart. If anyone wants to go, it is about 35 miles west and slightly south of Enid.

From past reports (they seem to have this year) you can see a lot of aviation by going. I understand that Leslie Sharp went to Plainview and returned Sunday. His passenger was Carl Covington. Ron Steel took a charter trip to Childress recently in the Blue-Air Service Skyline.

Jerry Cady has recently run an annual on the Hillary Avenue. Jerry Cady tells me that someone on the Dallas blood donor trip left a sweater in an airplane. If someone is a little chatty these days he can pick up his sweater.

This is about all for now. For those of you who have not been up recently, the country is real pretty from the air now. There is about every color in the rainbow.

Questions, Answers On Golden Age Home

(Editor's Note: Although a great deal of information has been presented about a Golden Age home which is to be located in Hereford, the following facts present detailed answers to the questions being asked most frequently.)

1. What is this home in Hereford?
It is a congregational retirement home for adults over 65 who want to add "life to years" rather than "years to life" and will be owned and operated by "Northwest Texas Methodist Homes for Older Adults, Incorporated," a church non-profit charitable corporation of Methodism.

2. Why is it to be in Hereford?
Because Hereford is being developed with a good will gift of \$100,000 and more; because most older adults live in smaller towns and many prefer retirement away from cities; and yet Hereford for years has shown national research possibilities with special figures on bone-healing powers of elderly who have lived there; and because trends indicate that the population there will be troubled in ten years with provisions for staff employment in health and other areas of care.

3. What is the purpose of this home?
Its purpose is to provide comfortable but stimulating climate for growing older with the blessing of permanent residence regardless of need, of Christian

care by both neighbors and staff, freedom from regimentation, but privilege of association when wanted -- in short, a Climate of Health, Happiness and Hope.

4. Who may be a resident of this home?
People of all faiths who need the home. Men and women who are 65 and have reasonably good health. Single people, widows and widowers will have preference but a few apartments for married couples will be provided.

5. What is the difference in a congregational home for retirement living and a home for aging?
About the only difference is that homes for retirement living talk about sunrise and keep people who are never "too old to live" while homes for aging talk about sunset and major in rocking chairs.

6. What will be the resident capacity of the home in Hereford?
Plans are just getting underway with professional architects, but they will call for central services for 150 residents with probably living apartments for only 90 at first with additional infirmary room.

7. What will the home cost?
Estimates based on national studies and FHA experience would indicate a cost for the first 90 capacity to be near \$750,000 and final cost for the other 60 to make a total of

\$1,200,000.

8. Why such an expensive home?
That many people, if average persons today, would likely spend two million for private homes and the Church Home must add health care at every level with congregational care of social and religious life as well as private creative activity. Communities spend far more per capita to do the same thing for their private citizens.

9. What advantage does this plan offer over the average nursing home?
The sparkle of more active retirees, much more freedom to choose a variety of activity for creative hours, mixing more often with groups out in the community, more variety in staff help, and a life more like younger people enjoy.

10. Where will the money to build come from?
From the Founders for the first 60 per cent, with a loan to provide the other 40 per cent until other Memorial Founders can be located to retire the indebtedness. Even small gifts will help in many cases to provide apartments for people who cannot be Founders.

11. What is a Founder?
A Founder is a person who gives the home the Founder's gift, either in order to live in the home or to provide a Memorial for a loved or honored one, or to provide a deferred membership in the home for either

member of a family who might need it several years later in life.

12. What is a Memorial Founder?
A person or group who gives the cost of one or more apartments in the home dwelling in memory of a friend or a person whose life deserves remembrance by the public.

13. What is a Deferred Member Founder?
One who does not now need the home but gives the cost of an apartment for the privilege of using it for any member of the family in later years. Such apartments are assigned to people who cannot be Founders until 90 days notice that the Founder is ready to apply for membership in the home.

14. What is the amount of the Founder's gift?
Until contract is let, we must base our figure on national experience. FHA loans \$3000 to \$9400 per unit on homes like ours, but we are allowing Founder's gifts to go at \$8000 or \$8400 depending upon the choice of appliances. If we can cut that figure after contract, we shall make refunds to our donors.

15. Must Founder's gifts be in one payment?
For sound finance most of them must be; however, we can make exceptions up to a fixed percentage and will be glad to do so.

16. Must one surrender all private resources to become a resident or member?
No. People who need the home are glad to do all they can for it. We only ask for fair play on both sides.

17. Must one surrender all personal routine and follow the crowd -- for instance in the time of going to bed or arising?
No. Members are independent people and are bound only by courtesy and Christian consideration. You get up when you want to and go to bed at your pleasure, so long as you don't disturb others doing it.

18. What will be the monthly cost to those who cannot be Founders as well as the Founders, too?
It will be the actual cost per member per month on the previous year. Of course, the first year we must guess and we are not able yet to be firm on the contract. It is our purpose to start at \$145 per month with the cut or raise in the amount \$10 either way after four months if the necessity is indicated. If we can open near capacity there will be no need for the raise in costs.

19. How many apartments are planned for those who cannot be Founders?
Forty per cent of them, which means 36 when the first dwelling opens and 60 after these cond construction.

20. Is there an admission fee for those who cannot be Founders?
Yes, the tentative figure is \$200 but each applicant comes on a confidential contract and each of the entire membership may be different from all others.

21. Can people who are without any resources become residents?
One-fifth of our residents may be people who have little or no resources. The percentage will increase after all dwelling costs have been paid off.

22. Can people not able to make Founders gifts make smaller gifts, memorial or just free-will?
Every small gift is appreciated and needed.

23. Why do we need so many gifts, large and small, if the Founders can be secured?
Because after the dwelling is built, then many people will need help for their monthly care costs.

24. Will gifts be needed after the dwelling is finished?
Yes, improvement will be in order all the time.

25. May church groups make Founders' gifts?
Yes. So may professional, civic and industrial groups.

26. Could a church name the person to live in the apartment they give as a Founder?
Only if the person had been accepted by the Admissions Committee on that agreement. It could be done.

27. Does a Founder's gift guarantee admittance to the home?
Founders must clear the admissions requirements just as all members do.

28. If a donor becomes ineligible after making a Founder's gift, does he then receive his gift back?
No.

Texas Highway Department Issues Travel Brochure
Austin -- The release of a full-color, 32-page travel brochure in the State of Texas was announced Monday by the Texas Highway Department.

D. C. Greer, State Highway Engineer, said the new brochure is specifically designed for free distribution to attract out-of-state tourists. First of its kind ever published in Texas, it is intended to serve as a showcase of Texas' scenic, historic, recreational, and cultural attractions.

Greer described the colorful brochure, which covers the entire state geographically, as "another milestone in the travel promotion program conducted by the Highway Department."

He said the next step in this program is the submission of a media advertising budget to the Texas Legislature, which meets in January. The Highway Department Board of the Texas Development Board, for an appropriation of \$300,000 a year for the next two years to advertise the tourist attractions of Texas.

"The media advertising program," Greer said, "is a necessity to halt the appalling downward trend of the Texas tourist industry. The amount we will ask for media advertising (\$300,000 a year) is the minimum required to shore up the rapid decline in tourist revenue which Texas now faces."

Greer reviewed the progress made in establishing a tourist promotion program in Texas. He noted that in the past Texas has been unable to compete for tourists by advertising because it was prohibited by the State Constitution. A constitution amendment was approved by popular vote in 1958 allowing the advertisement of the state's tourist resources.

The Texas Legislature in 1959 set up the legal machinery authorizing state media advertising and delegating the responsibility for this program to the Texas Highway Department. Senate Bill 152 stated that funds for media advertising must come from the General Fund, but no money was made available in 1959 for this purpose (Highway Department funds were used to pay publishing costs of the new travel brochure and for other collateral phases of the travel promotion program including publication of the Texas Official Highway Travel Map and operation of

If that is his wish and it was understood when given.

29. Does the home need an endowment?
Yes. We hope some day to be able to keep all members through life. If some lost estates we would like to be able to keep them just the same.

30. Will hospital care be provided?
By arrangements made by the member upon admission and outside the home, except for infirmary care.

31. Will care in the home's infirmary cost extra?
Only after one week in the infirmary and then only the actual extra cost to the home, probably \$30 per month.

32. Can persons in or out of the home who need investment returns purchase annuity contracts of the home?
Yes. In the home at age 65. Others must be 68 years old.

33. What activities will the program of the home include?
Worship, education, crafts, hobbies, private parties with personal groups of relatives and friends, directed work, designed to stimulate incentive in older adults out in the Community as well as in the home. For example, perhaps a "rhythm band" for those over 80 only.

34. Should application for residence in the home be made prior to age 65?
If a waiting list develops, that will be an advantage.

35. Do gifts to the home receive tax consideration?
Yes.

(The Highway Tourist Bureau) Greer expressed confidence that funds for state advertising would be made available by the coming session of the Legislature. "I feel that since the people of Texas made their wishes known by voting favorably on the constitutional amendment authorizing state advertising, the Legislature will follow this mandate from the people by providing adequate funds for an effective media advertising program," Greer said.

Texas has fallen "twenty years behind the times" in advertising its tourist attractions, said Tom H. Taylor, Director of the Travel and Information Division of the Highway Department. He pointed out that revenue from the tourist trade had fallen to a low of \$431 million in 1959, a drop of \$100 million in only two years. This rapid drop, he said, is attributable to the advertising campaigns of tourists.

Noting that tourists currently pay some \$17 million annually in direct state taxes, Taylor said an effective media advertising program could increase tourist revenue brought to Texas and lighten to some extent the state's heavy tax load.

"The tourist in Texas is good for everybody," Taylor declared. "The money he brings into our state is new income, earned elsewhere but left here in our communities to be passed around among all regardless of trade or profession."

Explaining the contents of the new travel brochure, he said it depicts all parts of the state in illustrations and color pictures. Topics covered include: Texas' romantic and tumultuous history and examples of Texas folklore and legend.

Recreational opportunities for the vacationer, ranging from hunting and fishing to water sports on Texas lakes and on the Gulf Coast, camping, picnicking, and horseback riding in State Parks.

Safety information including highway speed limits and explanation of highway regulatory signs, information on fishing and hunting license requirements for vacationers, and an outline of house-trailer regulations.

The back cover shows an example of the free travel information services offered to travelers by the seven Tourist Bureaus operated by the Highway Department at key entry points scattered around the state's borders.

Taylor said that due to the anticipated large demand for the new travel brochure, the Highway Department will be unable to furnish it in quantity. However, requests for quantities of the brochure can be referred to the publisher and purchases made at the same price at which the brochures are available to the Highway Department, he added.

Have you read the classifieds?

36. Will my church receive credit for my gift on its benevolent giving?
Yes, if it is a Methodist Church.

37. How can I apply for membership in the home?
Write Rev. Don Davidson, 33-01 South 5th, Abilene, Tex., or phone him in Abilene, ORchard 3-2774. He will come to you for a personal interview after your preliminary application.

38. How can I make a gift to the home?
Mail it direct to Rev. Davidson at the above address or give it to your pastor. A Founder's gift would require a interview with Rev. Davidson after inquiry on your part.

39. Where can I secure other information?
From Rev. Davidson, the executive director, at the above address.

40. When will construction on the home begin and when will residents move in?
Preliminary drawings, interest finance, FHA loans, processing memberships, securing Founders--all these take time. We might start construction in 1961. If so, the doors should open in 1962.

41. Where can I find counsel for placing this home in my will?
Your own banker or attorney can give excellent help in that direction. Or you may contact Rev. Davidson.

42. Will there be other similar homes in the Northwest Texas Conference of the Methodist Church?
We certainly think so. None will begin until this one is secure. National economy could determine the answer.

43. Can I make gifts now to support Methodist home at another location?
That would be most welcome and basic to our program. When such gifts accumulate, other homes will be announced.

Vote as a Free American!

Vote the Ticket that is BEST FOR TEXAS
HERE'S HOW TO DO IT

1. Find the names of RICHARD M. NIXON and HENRY CABOT LODGE at the top of your ballot.
2. Leave the names NIXON and LODGE unmarked on the ballot; scratch all other names for President and Vice President.
3. To complete your ballot, leave the name of the candidate for whom you wish to vote for each office and scratch the rest.

WARNING!
You may be told that you cannot vote for Nixon and Lodge if (1) you voted in the Democratic Primary or (2) your poll tax receipt or exemption certificate is stamped "Democrat." THIS IS NOT TRUE. You CAN vote for any candidate you wish, no matter how you have voted, or not voted, in any previous primary or election. THIS IS YOUR RIGHT AS A FREE AMERICAN.

Vote November 8 for NIXON and LODGE
Texas Democrats for NIXON & LODGE, Allan Shivers, Chairman (Pd. Pol. Adv.)
